GUARDS PREVENT MOB ATTEMPT TO GET BURNSIDES

Sheriff Puts Strong Guard at Jail on Information Mob Gathering

SENTENCE IS PRONOUNCED UPON TWO DEFENDANTS

Both Men Assert Innocence When Judge Pronounced 99-Year Sentence

The lynching of John and Charlie Burnsides, convicted highwaymen and murderers held in the Wichita county jail, planned for 11:00 o'clock Thursday night was prevented by the prompt action of Sheriff Bob McFall and his deputies. The sheriff's department received a "tip" that a mob of angry oil field workers was forming and guards were promptly thrown around the jail to prevent any act of violence.

It was reported at the sheriff's office Friday that a mob composed of fully 50 oil field and refinery workers was organized late Thursday and planned to attack the jail at 11:00 Thursday. It is understood that the mob leaders had made arrangements to secure ammunition and it is certain that the lives of the two convicted murderers was saved through the prompt action of the sheriff's department who immediately threw a guard around the county jail. The guard composed of deputy sheriffs remained on duty throughout the night. The mob was reported gathering at 10:00 o'clock Thursday night. Small groups of men had gathered at several places in the business section of the city and the proposed "rush" on the county jail was set for 11:00 o'clock. It is reported that the mob had planned to take the Burnsides cousins from the jail and hang them to a telephone pole in the outskirts of the county city. The sheriff's office received a "tip" that the sheriff's office was on the alert for the proposed lynching and the mob dispersed without making the attempt. Definite information received at the sheriff's office is to the effect that the major portion of the mob were friends of Kenneth Goodwin, the murderer of the two Burnsides cousins, that the mob of last night is the result of several days deliberate planning of the part of oil field and refinery workers of this vicinity who planned the attack. The Burnsides cousins were sentenced Monday and which Goodwin's friends declare is entirely too "mild" for a crime of the nature for which the Burnsides cousins were assessed a prison sentence of 99 years.

The two Burnsides were sentenced Friday afternoon at 1:30 o'clock by Judge Edgar Scurry of the 75th district court. The Burnsides vigorously asserted their innocence when sentence was passed upon them by Judge Scurry.

The only crime of which I am guilty is carrying a pistol," Charlie Burnsides told Judge Scurry. He asked the court if he would be permitted to appeal his case to the higher court. Judge Scurry informed the Burnsides that a request for an appeal would have to be made by counsel for the defense. The request had not been made prior to passing the sentence.

John Burnsides also asserted his innocence. He told Judge Scurry that he was not a party to the killing of Kenneth Goodwin and was guilty of a crime other than the carrying of a pistol.

The two cousins were brought into the court room handcuffed and closely guarded by two deputy sheriffs. After passing out of the court room Charlie Burnsides turned to Charlie Biebout and said:

"I am sure was railroaded in this trial. The deputy sheriff made no reply. John and Charlie Burnsides were convicted by a jury before Judge Edgar Scurry in the 75th district court early in the week on a charge of murder and robbery by fire arms. Kenneth Goodwin, refinery worker, which occurred in North Wichita on the night of February 20.

POINDEXTER TO BE CANDIDATE OF THE BAILEY FACTION

DALLAS, March 12.—Judge William PoinDEXTER, of Cleburne, former democratic national committeeman, late today was advanced by the Bailey faction of Texas democrats as a candidate opposed to Governor W. P. Hobby for delegate-at-large to the democratic national convention.

In a letter to Thomas H. Ball of Houston, chairman of the state democratic administration central committee, it was proposed by Luther Nickels, campaign manager of former Senator Joseph W. Bailey, that the Hobby-PoinDEXTER contest be presented to qualified democratic voters of Texas in a statewide primary election May 1, to supplant the precinct conventions.

Judge PoinDEXTER, the letter said, would represent the Bailey principles in such a primary, and Hobby the principles of the Woodrow Wilson administration. If this proposal was not satisfactory to Governor Hobby, Mr. Nickels proposed to place the principles of Bailey on a ballot with the resolutions adopted by the administration democratic conference here last Saturday, endorsing the Wilson administration, and let the voters of the state express their preference in a May 1 statewide primary.

SIMS DECLARES DANIELS TAKEN IN BY PROPAGANDA

Admiral Asserts Navy Department Misconceived Problem of Defense of Coast

SUBMARINE RAIDS SERVED THEIR PURPOSE

Sims Continues Criticism of Navy Department Before Senate Committee

WASHINGTON, March 12.—A misconception of the problem of defending the American coast from submarine raids was partially responsible for failure of the navy department to act on repeated recommendations as to operations abroad during the early months of the war, the senate investigating committee was told today by Rear Admiral Sims.

The officer said that during the first six months of the war he was told repeatedly that operations abroad would be dependent upon what could be spared from the adequate defense of home waters. This policy was adhered to, he said, despite his efforts to convince officials in Washington of the value of the consensus of allied naval opinion as well as his own, that the best defense for the American coast lay in offensive operations against submarines in the eastern Atlantic.

As early as April 19, 1917, he said, and several times thereafter, he had informed the department of the likelihood that the navy department would attempt raids in American waters, "to divert attention and keep our forces off the critical area in the eastern Atlantic" through effect on public opinion.

Admiral Sims insisted that he had at no time overlooked or minimized "the importance of the defense of home waters," and read a letter written in June, 1917, in which he said "it would seem that the maximum protection we can give our own coast should be concentrated in the area in which the enemy is operating or must continue to operate or fail."

The correspondence read by the admiral disclosed the high degree of activity in the navy department in the matter of discovering the movement of enemy submarines. His messages to the department founded on this information gave warnings in advance of the arrival of the two U. boats which did harass shipping in American waters, of their probable mission and of the points at which they could be expected to strike.

WASHINGTON, March 12.—Disregard by the navy department of his recommendation with regard to adoption of a convoy system, as recommended by Admiral Sims today as "being utterly serious" in his bearing on the war than other cases of alleged inefficiency cited in previous testimony before the senate investigating committee.

Admiral Sims said that early in 1917 the Allies were compelled by the submarine to adopt the convoy plan for protecting shipping and that on May 1 he "urgently recommended" that the United States give its cooperation but was not until June 20 that Secretary Daniels "advised he considered American vessels having armed guards were safer when sailing independently."

The admiral said he again urged the immediate adoption of the convoy system and stated his belief that arming merchantment did not offer sufficient safeguard against submarine attack.

On July 1, he received a cable outlining an entirely new plan for protecting merchant ships, formulated in the department, which he said was widely at variance with the British cable system and which he believed the department would be a "fundamental military error" resulting in "direct assistance to the enemy."

In answering the navy department submitted another plan, he said, and asked that he present it to the British admiralty. He did so and was told by the allies early in the war without success and that the admiral desired assurance of American co-operation in the convoy plan at the first opportunity might sail from New York July 8.

MR. BALFOUR SPEAKING AT THE LEAGUE OF NATIONS CONFERENCE

This is a very recent picture of the great British statesman. It shows Mr. Balfour speaking at a conference of the League of Nations, which was held at St. James' Palace, London.

City National Bank and National Bank of Commerce To Be Merged In City National Bank of Commerce

Consolidation of the City National Bank and the National Bank of Commerce has been agreed upon, contingent on the consent of the controller of the currency, it was jointly announced by the officers of the banks Friday. The new institution will be known as the City National Bank of Commerce. J. A. Kemp will be president, and the organizations of both banks will be taken into the new bank, the announcement stated. The consolidation will give the new bank a capital and surplus of around \$2,000,000, and deposits of approximately \$20,000,000, making it one of the largest and strongest financial institutions in the state, or the entire southwest.

The bank will have its quarters in the new City National bank building. Definite arrangements as to what will be done with the banking rooms of the National Bank of Commerce in the Commerce building have not yet been made, but the property will be administered by the stockholders of the new bank.

J. A. Kemp, president of the City National bank; C. W. Snide, vice president of the City National, and C. W. Reid, president of the National Bank of Commerce, will leave Saturday for Washington to lay the matter before the controller of the currency and obtain the necessary permit.

The statement of President Wilson under question is said to be the following paragraph in his letter to Senator Hitchcock:

"Throughout the sessions in Paris it was evident that a militaristic leadership was seeking to gain ascendancy in the councils of France. They were defeated then but are in control now."

OPEN SHOP ENDORSED BY ROTARY CLUB AND WILL BE LAID BEFORE OTHER BODIES

That the time for a movement such as this had not yet come. Several of the speakers emphasized the fact that they felt no hostility toward labor unions, or of union men, but declared that the radical elements in the various unions had secured control and that the tactics which were being pursued in consequence constituted a grave menace to the country.

Reported Ranger Captain Refused to Accept Service From Okla. U. S. Marshal

Texas rangers on litigated oil territory in Wichita county refused to accept service for an Oklahoma deputy United States marshal when that officer visited the ranger headquarters near Wagoner City early Friday, it was announced by federal officials here at 3:00 o'clock Friday afternoon. It was further announced that Deputy Marshal Frank Morgan of this city failed to serve the injunction papers upon the rangers. United States Marshal Baggett announced Friday afternoon that federal officials would again visit the ranger headquarters Saturday and that it is probable that the process of Federal Judge Youmans would be served.

OPPOSITION DEVELOPS AND RESULT UNCERTAIN

WASHINGTON, MARCH 12.—A substitute for the republican article ten reservation to the peace treaty was introduced in the senate today by the republican leader, Senator Lodge of Massachusetts. In general it follows the form of the draft agreed on several days ago in bi-partisan compromise negotiations.

When the reservation was offered, it was declared among the republicans that the negotiations had lined up almost enough votes to ratify the treaty on that basis but that final agreement had not been reached. The republican leaders planned a vote late today.

It was apparent that the republican leaders had failed to unite their colleagues behind the new reservation. Senator Frelinghuysen, republican, New Jersey, who voted for ratification last November, told the senate the modification had a weakening effect and that he would not support any reservation which did not go as far as the original. He offered a substitute.

The preconciliable opponents of ratification also indicated they would not vote to substitute the new drafts for the one done, but the leaders insisted they would hold close to 30 votes. Compromise advocates among the democrats predicted that about the same number on their side would vote for the substitute. It takes 64 to ratify, however.

Senator McCormick, republican, Illinois, opening the irreconcilable attack on the substitute, declared there had "just been read the terms of a republican capitulation and it only remains to learn if they are acceptable to the white House."

The senator declared that before the treaty could be ratified President Wilson, Senator Hitchcock, the democratic leader; Senator Lodge, the republican leader, or Senator Lenroot, a leader of the republican mild reservationists, "must eat their words."

WILSON AGAIN TO TAKE HAND IN GOAL WAGE

President Will Make Effort to Compose Differences in Wage Commission CLAIM \$300,000,00 WILL BE ADDED TO COSTS

Disagreement of Commissions May Plunge Controversy Back Into Chaos Feared

WASHINGTON, March 12.—An effort to compose the differences between the majority and minority of the bituminous coal strike commission will be made by President Wilson, it was said today at the White House.

John P. White's minority report in the bituminous coal strike settlement was to be submitted today to President Wilson. Meantime the president was studying the majority report, completed yesterday.

Mr. White, the miners' representative on the commission, refused to discuss his recommendations, but it was understood that he had held for an increase in wages of approximately 35 per cent and for a seven-hour day. The majority report, however, recommended a wage advance of approximately 25 per cent and no changes in hours and conditions of work.

John L. Lewis, president of the United Mine Workers of America, who hurried here last night from New York, where he had been attending the anthracite wage conference, conferred today with Mr. White and William Green, secretary of the miners union, familiarizing himself with the facts. He still declined to make any statements, but it was expected that the full executive committee of the miners would be summoned to consider the future action of the workers.

Secretary Green said the majority and Mr. White were not far apart in the matter of wages and he was hopeful that the differences could be smoothed out in direct conferences. The failure of the national commission to recommend improved working conditions proved a disappointment to the miners, it was said, as this had been one of the chief demands of the men.

HIGHER PRICES FORESEEN BY COAL OPERATORS

By RALPH F. COUCH (United Press Staff Correspondent.) WASHINGTON, March 12.—Approximately \$300,000,000 will be added yearly to the cost of the national coal bill, according to coal operators who claim to know the contents of the majority report of the national commission forwarded to President Wilson yesterday.

According to the operators the coal commission recommended an increase of 11 per cent in the wages of the miners.

CROESUS' DAUGHTER

Helen Frick, daughter of the late steelmaster, received approximately \$20,000,000 under her father's will, making her one of the wealthiest bachelor girls in the world. This became known when those parts of the Frick will which at the time she public bequest was made known were made public.

BODIES OF 50,000 AMERICAN DEAD TO BE RETURNED

WASHINGTON, March 12.—The bodies of about 50,000 of the American dead in France will be returned to the United States, while between 20,000 and 25,000 will remain permanently interred overseas, Secretary Baker today informed Chairman Wadsworth of the senate military committee.

ADMIRAL SIMS

GERMANY SENDS NOTE REGARDING LIST FOR EXTRADITION

BERLIN, March 11.—The German charge d'affaires in London has handed to Premier Lloyd George a note regarding the contents of a list of names, it was said today.

After asserting that the imperial court will be guided only by considerations of justice and will conduct an impartial inquiry, the note demands that the arrest of Germans in the occupied territories on charges similar to those enumerated in the extradition list shall cease, and that those arrested shall be delivered to German courts.

The release of the Germans who for similar reasons have been detained in war prison camps also was asked for. The note finally demands that the allies abandon the reservation regarding their right to try for crimes committed during the war any Germans not mentioned in the list if encountered on allied territory, saying that incidents arising out of the war should be assigned to oblivion with the advent of peace.

Otherwise, the note says, restoration of normal relations between the different nationalities is hardly conceivable and that the German government on its part will be obliged to take measures with a view to the expiation of punishable acts committed during the war by Germans against allied subjects.

ANTHRACITE MINERS MAY QUIT APRIL 1

NEW YORK, March 12.—Anthracite coal miners will cease work beginning April 1 if their negotiations with operators to conclude a new contract covering wages and working conditions are not concluded by that time. Philip Murray, international vice president of the United Mine Workers of America, said here today.

Murray said that negotiations are proceeding smoothly and that he is convinced "an amicable settlement of demands of the men will be reached." Yesterday's negotiations between the miners and operators' representatives here took up general consideration of the men's demands and the operators' counter proposals, Murray said.

LODGE PRESENTS A SUBSTITUTE ART. 10

(Continued from Page 1)

any article of the treaty for any purpose unless in any particular case the congress which under the constitution, has the sole power to declare war or to authorize the use of military and naval forces, shall in the exercise of full power of action by act or joint resolution so provide.

In offering the proposal, Lodge said: "I do this in conscience with what I have many times repeated to the senate—that I didn't feel justified in insisting on the defeat of the treaty on a mere question of wording. I thought what I have offered affected in any way the principle of substance of the original reservation, I not only would not have offered it, but I would vote against the ratification of the treaty."

The original Watson-Simmons compromise provided that the United States "assume no obligation to employ military, naval and economic force or its resources in preserving other nations against aggression."

The amended form provides that the United States "assume no obligation to preserve" the territory and independence of other nations against aggression.

The first draft, some republicans thought, left the obligation "proserve" which was very thing they objected to. It provided only refusal of an obligation "to employ" certain means in fulfilling the obligation "to preserve," they said.

The amended draft leaves no doubt, the senators think, about the intent of the United States to keep from pledging itself beforehand to engage in European wars.

But while this change may have gained some republican votes, it is considered likely to lose some democratic ones. Hence the situation is still crowded and uncertain.

Immediately after Lodge offered the compromise, Senator Frelinghuysen, New Jersey, began a speech opposing it. Frelinghuysen is one who told Lodge some days ago that he would accept any modification of the original reservation.

Mr. Wilson's slight to France, the newspaper continues, "is particularly disturbing when one remembers the saving passages in which he recorded America's appreciation of what France suffered in the cause of human freedom. Americans and Englishmen will understand the feeling of France that the same voice which described her as the sentinel of liberty should now accuse her of being gaddled with the same kind of obnoxious government to overthrow which she sacrificed a million of her sons."

Containing there are many indications of the "imperialism" against France, contained in his letter to Senator Hitchcock early this week, has moved the Morning Post to take up the cudgels in favor of France. The newspaper cites Mr. Wilson's present criticisms and his appeal to Italians over the head of Premier Orlando last summer of his lofty ideals as the American president is almost as impatient of the constituents of modern European democracies as he is impatient of his own senate.

The American nation, a chivalrous comrade in arms and president will realize that France, which in Mr. Wilson's admirable phrase formed the dividing line between democracy and tyranny, cannot afford to take risks."

ONE OF ROBBERS IN KANSAS CITY CASE CONFESSES

KANSAS CITY, March 12.—The death of James E. Morgan, held in connection with the attempted holdup of the South Side bank here last Tuesday, the confession of Edmund J. Hart, arrested by the police last night, an additional arrest today and an announcement that the grand jury would be asked to indict several persons believed by the police to be connected with the crime, were developments today in the bank robbery case.

Hart, who has bullet wounds in the back, neck and arm, dictated a signed statement at police headquarters early this morning in which he declared he was the driver of the motor car in which the bandits rode to the bank. He received his injuries, the statement says, while assisting one of the wounded bandits into the car during the exchange of shots which followed discovery of the men's purpose at the bank. The statement denies he knew any of the other men involved in the affair and asserts he was not aware a holdup was contemplated.

Following the failure of the holdup, according to the statement, the party drove to the home of George and James Evans, brothers, in the southeastern part of the city, where Hart says he was put to bed. Later, Hart's statement asserts, he was taken from the house to a rooming house, where he was arrested last night.

The Evans brothers named in Hart's statement are being detained by the authorities in connection with the attempted robbery. They surrendered following the arrest at their home Tuesday night of four men, two women and a boy. One of the men, James E. Morgan, was wounded and it was said early today that Morgan's death was expected momentarily at the hospital, where he is confined under police guard. Morgan, according to the authorities, asserts he was wounded in a fight in a gambling house. Hart's statement says he became involved in the affair through whom he knew as "Cord" and whom he met last Sunday in a restaurant.

POPULATIONS CHATTANOOGA AND MACON ANNOUNCED

WASHINGTON, March 12.—Population statistics for 1930 announced today by the census bureau included: Macon, Ga., 53,525, an increase of 11,669, or 22.3 per cent over 1910. Chattanooga, Tenn., 57,585, an increase of 13,291, or 23.8 per cent. Coates, Pa., 14,515, an increase of 7,431, or 31 per cent.

RICHEST INDIAN GIVES LAVISHLY TO CHARITIES

Among the future and better days of Henryetta, Okla., there will be probably one known as "Jackson Barnett Day," and right well should this generous full-blooded Creek Indian be memorialized for his gifts to churches and for the benefit of Henryetta generally, for Jackson Barnett, uneducated and untutored ward of the government, has again loosed his purse strings to the extent of giving \$25,000 to each of the seven local churches, irrespective of creed or tenet, and \$1,000,000 for an endowed Indian hospital to be located at Henryetta, besides incidentally contributing \$400,000 additional to outside missionary funds, aggregating nearly \$1,500,000, given at one time to the cause of religion of the white brother and the care of the sick of his own race.

Barnett, though a judged incompetent in the eyes of the law, is probably the wealthiest Indian in the world, having near \$4,000,000 to his credit in Washington, to which he is adding a royalty income from his vast oil well leases at the rate of \$150,000 annually, an infinitesimal part of which is used to care for his necessities and simple wants. He does not know, nor could many of his white brothers realize, the immensity of these millions. But he does comprehend that he owns a great amount of money which is growing every day, and, realizing that he can never use such vast wealth for personal needs, he has asked and received permission from the Indian Department to give millions to the cause of Christianity and charity.

In looking about for worthy institutions that he might assist in his home town of Henryetta, Barnett saw the need of better church buildings, and he forthwith proposed, with the consent of Washington, to aid in financing new edifices. At that time the summer of 1918, the First Baptist needed funds for its new structure, and a gift of \$25,000 from Barnett materially assisted in completing the house of worship, which cost in all \$65,000. Other churches, among them the First Methodist, Presbyterian, Episcopal, Christian, Catholic and Nazarene, received similar donations from Barnett. The matter of permitting these gifts was brought then to the attention of the Indian Department.

But while this change may have gained some republican votes, it is considered likely to lose some democratic ones. Hence the situation is still crowded and uncertain. Immediately after Lodge offered the compromise, Senator Frelinghuysen, New Jersey, began a speech opposing it. Frelinghuysen is one who told Lodge some days ago that he would accept any modification of the original reservation.

JACKSON BARNETT, THE RICHEST INDIAN

Tornadoes Take Lives in Southwest Missouri Thursday

SPRINGFIELD, MO., March 12.—Tornadoes in the last 24 hours took a toll of at least 14 lives in southwest Missouri. Many persons were injured. A few are missing.

The death, dealing wind struck four different places with this result: At Nevada, Vernon county, three dead. Branson, Taney county, one dead. At Osage, Taney county, two missing.

Torrential rains accompanied the storm at Melva. The storm area seemed to center there and extend for a radius of 15 miles on all sides. Water and wind swept 11 persons to their death there. Seven of the victims were school children in the families of William and Rand Box, brothers. Dismissed from school they were playing on the banks of Turkey creek when engulfed suddenly in the rush of storm waters.

Sideway Mankie was hurled about 1,000 feet through the air. When he opened his eyes he saw his brother, William, struggling in the flood waters but was too weak to save him. Other dead at Melva, which was almost wiped out, were: Mrs. Alva Howard and small child, nearby on a farm at Branson. William Jackson lost his life. John Gross and his wife were carried away with their home north of Branson and no trace has been found of man, woman or house.

Both mothers of the Box children suffered serious injuries and may die. Those who were killed in the Nevada tornado are: Rex Piersall, Harry Brewer and William Rothwell. Property damage there was heavy. Much property also was damaged in these Taney county towns: Forsythe, Taneyville, Kirbyville and Mildred—all tourist camping grounds in the White River country, made famous by Harold Bell Wright's story, "Shepherd of the Hills."

Rising waters in Lake Taneycomo threaten the power dam at Powersite which develops electric current for southwest Missouri.

A special train took the Melva dead and seriously injured to Branson.

HIGH WATER LOOMS AS FURTHER MENACE BRANSON, MO., March 12.—High water loomed today as a further menace to life and property in Taney county heart of the "Shepherd of the Hills" country, where a tornado late yesterday took at least 11 lives, brought injury to numerous persons and caused property damage, the extent of which cannot be estimated until complete reports are received from the localities visited by the storm.

Incessant rains which preceded and followed the tornado have sent every stream in the Ozark bank full and if the precipitation should continue, it was declared today, the danger from floods will become serious. Especial anxiety was felt today by residents of Powersite, on the White River, where is located large hydro-electrical plants which furnish current for many south Missouri towns, including Joplin and Springfield. The stream at that point contains a dam 90 feet high and 600 feet long. The river, which is one of the largest in south Missouri, is reported bankfull and rising rapidly. However, reports today were that the dam was holding back the flood waters.

RED CROSS DIRECTOR LEAVES FOR TORNADO DISTRICT ST. LOUIS, March 12.—Edward B. Orr, director of disaster relief of the southwestern division of the American Red Cross, today departed for Branson, Mo., to direct relief work in tornado stricken southern Missouri.

32,000 PINTS WHISKEY PER DAY IS LIMIT PRESCRIBED FOR CHICAGO CHICAGO, March 12.—Consumption of whiskey in Chicago will be limited to 32,000 pints a day, Capt. H. E. Howard, state prohibition director, announced today. He told the Retail Druggists' association that druggists may sell 100 gallons of whiskey, wine or gin each month. There are 1,200 druggists.

Emigration Exceeds Immigration Now Prohibition Cause

NEW YORK, March 12.—Prohibition is causing so many foreign-born to leave the United States that emigration is exceeding immigration, according to Congressman Isaac Siegel, a member of the house immigration committee.

Ellis island records today showed that immigration since January 1 totaled 53,000, while 61,000 persons left the country. Most of the latter have gone back to Poland and Czechoslovakia to stay.

From the signing of the armistice until January 1, immigration and emigration were about equal, approximately 275,000 in January, 25,000 persons landed here from abroad and 24,000 left the country. In February 22,000 arrived and 25,000 left. This month the excess of emigration is on the increase, 12,000 having left the country and 8,000 having arrived. It is estimated that the figures for the whole month will be 25,000 departures and 24,000 arrivals.

While a desire to live in rejuvenated homelands is a factor in emigration, Mr. Siegel believes that prohibition is the principal reason. Inability to buy beer or wine, he says, has created considerable ill feeling among foreign born residents, particularly in mining districts.

DENTON WOMAN REGAINS ADOPTED CHILD AFTER VERY SPIRITED FIGHT CHICAGO, March 12.—Mrs. Mayme Bradley of Denton, Tex., today had possession of her 2-year-old adopted daughter after she and two men had fought for 30 minutes with 14 persons at Rockford, Ill., and had evaded 10 policemen who pursued her to the Rockford city limits. Otto Gnewuch, a deputy sheriff, and Martin C. Koebel, an attorney, accompanied Mrs. Bradley to Rockford and participated in the fight. The child had been placed in the home of Atford G. Bacheider, brother-in-law of Mrs. Bradley, during the latter's illness. The Bacheiders refused to give up the child, according to Koebel, and neighbors rallied to their assistance.

WILSON AGAIN TAKE HAND IN COAL WAGE (Continued from Page 1) miners over the 14 per cent increase recommended by former Fuel Administrator Garfield at the close of nation-wide strike in December. This would necessitate adding from 50 to 60 cents per ton to the price of bituminous coal at the mines, operators say.

The report of the majority of the commission is expected to be made public today at the White House.

John P. White, labor member of the commission, is planning to forward a majority report to the White House, recommending a wage increase of approximately 18 per cent over the 14 recommended by Garfield.

The disagreement of the commissioners may plunge the entire coal controversy back into the chaos it was in when the commission was appointed, it was feared.

MORTUARY

Sam R. Eders, 31, old field worker, who was injured at Parkville about 10 days ago, died at the Methodist hospital Friday morning. The body was shipped to Joplin, Mo., by Merkle & Lunn, undertakers, Friday afternoon for burial. He is survived by a wife and two brothers who were with him during his last hours.

FEDERAL AGENTS STILL AT HOUSTON HOUSTON, TEX., March 12.—Federal agents today raided and destroyed the first wharves still found in Houston since the prohibition law went into effect. The still had a daily capacity of 30 gallons. A warrant has been issued for the arrest of the man who operated it, who escaped when agents raided the place.

Young Men Don't Get Bald Cuticura Does Much To Prevent It

Dandruff, itching, scalp irritation, etc., point to an unhealthy condition of the scalp, which leads to thinning hair and premature baldness. Frequent shampoos with Cuticura Soap and hot water do much to prevent such a condition, especially if preceded by a gentle anointing with Cuticura Ointment to spots of dandruff and itching.

Tasty

Do you consider fashionable foot wear a necessary part of a smartly dressed Lady's costume?

Every costume demands a particular styled shoe if the smartest effect is desired

In buying your new spring Suit, Coat or Dress you need not worry about shoes to match for our stock in its completeness of sizes and variety of styles and colors makes selecting the proper shade a pleasure.

BAILEY STATES OPPONENTS MAY PRAISE WILSON

Declares Issue is Sharply Drawn And That There is No Means of Escape

DESCRIBES CONFERENCE IS WITHOUT "PARALLEL"

Says That He Will Not Engage in a "Barking Match" With His Opponents

DALLAS, March 12.—Former Senator Joseph W. Bailey in an address here last night declared his political opponents could not follow the Wilson as he and his friends were concerned, if they will "pledge themselves to adopt and carry out the Fort Worth declaration."

The issue is not whether Texas shall repudiate President Wilson and his administration, Mr. Bailey said, but whether the democratic party of the state shall abandon its "ancient and fundamental principles and commit itself to a new kind of democracy which its advocates call 'progressive.'"

Describing the recent statewide conference of "Wilson" democrats as without "parallel" in political history of the United States because the speeches and resolutions were "all directed at a single man," the former senator said he would give no heed to personal attacks; he would not indulge in a "barking match" with his opponents, and would not descend to "coarse personalities."

Resolutions Adopted.

"Our adversaries have stated their position in a series of resolutions which they adopted at a mass meeting in this city last Saturday and we have stated our position in a series of resolutions adopted by the democratic mass meeting in Fort Worth last August," Senator Bailey said. "Thus the issue is sharply drawn and it cannot be escaped."

"Their resolution contains no word against onerous taxation and no word of approval of the resolutions which demand a return to a simple, honest and economical administration."

"Their resolutions applaud the federal amendment which stripped the states of their power to permit or prohibit the manufacture or sale of liquor, each according to its own sovereign will; our resolutions declare that every citizen has the right to determine for itself the habits and occupations of its people."

"Their resolutions enumerate as one of the great achievements of the Democratic administration that it had deprived these states of the power to provide the qualifications of their voters; our resolutions declare that the right to vote is a right who may and who may not vote in every state should belong exclusively to that state, and we refuse to divide with Massachusetts the power to say who is a qualified voter in Texas."

BEDS OF RIVERS 30 FEET WIDE ARE STATE LANDS

AUSTIN, March 12.—The legal method of filing applications for permits to exploit beds of navigable rivers in Texas for oil and gas was made plain by the recent decision of the supreme court in the case of Clara Landry vs. J. T. Robinson, said Land Commissioner J. T. Robinson today. In this case the court held that beds of rivers 30 feet wide and over are state lands, even though the stream runs through school lands. Mr. Robinson said that applications for permits on unsurveyed river beds should be filed with the county surveyor, while applications for permits on surveyed river beds should be filed with the county clerk.

He added that a large oil company had recently signified its intention of filing upon river beds in south Texas and had asked him to submit to the attorney general the question as to how they should proceed, as there is a distinction between state lands and school lands.

BIG ICE GORGE BREAKS LOOSE ON ALLEGHENY

PITTSBURGH, Pa., March 12.—An ice gorge 20 feet high and stretching eight miles up the river, broke loose at Freeport last night, started with a rush down the Allegheny, ran into the county bridge, moving it 10 inches out of line, tore a number of flat boats, large barges and houseboats from their moorings, washing them down the river into the Ohio and ponding most of them into splinters on the way.

According to reports, ice in the upper Allegheny is level with the bridges and the tracks of the Allegheny Valley railroad and much damage is expected when it begins moving down stream.

Night News Briefs

WASHINGTON.—Chairman Payne of the shipping board told the senate commerce committee congress should include in merchant marine legislation a specific direction to the shipping board to sell the present government-owned fleet but should give the board full discretion as to how and when sales should be made.

WASHINGTON.—The house without a record vote refused to amend the army reorganization bill so as to make General Pershing the permanent chief of staff.

SPRINGFIELD, MO.—Eleven persons were killed, several others are missing or injured, and heavy property damage caused by a tornado which struck Taney county in the Ozarks.

WASHINGTON.—Secretary Daniels announced the navy was prepared to commandeer fuel oil necessary for fighting ships if its requirements are not covered at reasonable prices, in the bids for the fiscal year to be opened Tuesday.

WASHINGTON.—It became known that recommendations that the United States accept a mandate over Armenia are expected to be included in the report of the American mission which recently made a tour of the country to obtain facts as to Turkish rule.

VIENNA.—Bela Kun, the former Hungarian communist dictator, has been removed from Steinhof asylum and turned with his associates.

LONDON.—Beirut advices stated Prince Faisal, son of the late King of Syria, has been proclaimed king of Syria.

KANSAS CITY.—One man was killed and 14 persons injured, several probably fatally, when an interurban car bound for Lawrence, Kan., collided with another car near Kansas City, Kan.

NO MORE DEATHS FROM DALLAS ACCIDENT

DALLAS, March 12.—Three of four men severely injured in the nine story fall of scaffolding from the insurance building were alive today, Benjamin T. Jones, carpenter, who with the scaffolding was hurled through the metal roof of the White Engraving Company's plant, died last Tuesday. James Butcher, his negro helper, who lost an eye and suffered serious injuries, was expected to recover.

Hospital authorities, early today, still unable to determine the extent of injuries suffered by George O. Wall, it was reported. Wall was busy about his etching in the second story of the insurance building when the death laden missile crumpled the roof above him. Several remarkable escapes were recounted today by workmen on the 11 story tower. The gust of wind that tore the scaffold from its fastenings blew Joe Jenkins, construction foreman, from the runway to safety on top of the insurance building. S. G. Shaffer, masonry superintendent, was blown and ran to safety. Henry Tatum, negro carpenter's helper fell three stories with the falling scaffolding and then leaped to an elevator shaft where he clung several minutes until rescued.

TABLOIDS

Some Flower Service. BAKER, Ore.—George Thompson, local florist employe, was fined \$25 for stealing flowers from a grave and re-selling them for a bridal bouquet.

Kidd Was a Piker. SAN FRANCISCO.—Captain Kidd was a "piker." Workmen digging in a foundation for a skyscraper in the heart of San Francisco, unearthed a case of Scotch whiskey.

Steal the Fence. DALLAS.—J. A. Burkman today sought protection for the fence that protected his home. Thieves in the night carried away the fence.

High Up High-Jacking. DALLAS.—A high handed highwayman climbed after J. B. Blackman, white man, to the top of the Trinity Cotton Oil Mill and "high-jacked" him of \$227.50.

Didn't Like Name. OKLAHOMA CITY, OKLA.—L. Howell Lewis, filed suit against the Oklahoma News for \$25,000 damages alleged caused by a libelous article published in the newspaper in a recent contest which he alleges referred to him as a "Howling Loose."

DEATH OF WOMAN NEAR MILES BEING INVESTIGATED. FORT WORTH, March 12.—The burning to death of Mrs. Emma Coffey in a farm home near Miles, Texas, will be investigated by a special session of a grand jury in Runnels county, according to word received here today. The woman is known to have had \$500 in the house at the time of the fire. Two small children escaped.

Call Ehlert before you sell your old furniture and stoves, Ehlert Furniture Co., Phone 314.

SEPARATE REPORTS FOR COMMUNITY PROPERTY NOT TO BE RECEIVED

AUSTIN, March 12.—Separate reports of income by husband and wife covering the income received from community property will not be accepted as correct according to an announcement today by A. S. Walker, collector of internal revenue for the district of Texas.

Collector Walker said: "I am refusing to accept separate reports of income by husband and wife where each one reports a portion of the income derived from community property. In several localities I am informed that accountants or attorneys are advising tax payers that the high rates of the surtax may be avoided through double rates of husband and wife. This practice is not authorized by the law and regulations and persons following it run the risk of incurring penalties. It is conceded of course that where either husband or wife received an income from separate property it may be reported separately."

'BLACKIE' HARRIS BEGINS 20-YEAR PRISON TERM

"Blackie" Harris, convicted here two weeks ago and given 20 years in the state penitentiary, is now at Huntsville. State Penitentiary Agent Bud Russell was in Wichita Falls Thursday and escorted Harris and four other state prisoners to Huntsville. Other prisoners to go from here were Howard Miller and Joe Brashear, both given five years on charges of highway robbery, and T. J. Vance and Earnest Woods, both given two years on charges of forgery.

Among other prisoners in custody of the state penitentiary agent was Will Milburn, formerly of Wichita Falls, who was recently sentenced to serve four years in the state penitentiary following his conviction at Vernon on a charge of theft over \$50. Milburn was tried here last summer and given a two year suspended sentence on a charge of theft over \$50. There are 10 other prisoners either in the county jail or at liberty on appeal bond awaiting final disposition of their cases. These cases have been carried up and the prisoners will not be taken to the state penitentiary until their cases are finally decided.

WINDS OF VELOCITY OF 100 TO 300 MILES AT ALTITUDE 30,000 FEET

NEW YORK, March 12.—Trade winds, sweeping from west to east at 100 to 300 miles an hour, were discovered at 30,000 feet by Maj. Rudolph W. Schroeder, army test pilot at Dayton, O., before he fell approximately five miles and landed without crashing after establishing an altitude record of 34,000 feet in a recent flight. He reported this discovery on his arrival here today to attend the national aircraft show.

YOUNG WOMAN CHARGED RECEIVING STOLEN PROPERTY

Lenore Stanton, a young woman less than 20 years old, is charged by complaint with receiving and concealing stolen property. The complaint was filed in Justice R. V. O'Connell's court Friday and is said to be in connection with the alleged burglary of a tailor shop at Iowa Park several days ago. The young woman is being held in jail in default of bond. Cecil James and Al Fulcher are held in jail charged by complaint with burglary. They are alleged to have been implicated in the Iowa Park tailor shop burglary and also in the attempted burglary of a local bank. Lenore Stanton is alleged to have received stolen clothing taken from the Iowa Park tailor shop, by James and Fulcher.

GREAT INCREASE EXPECTED IN IRRIGATED ACREAGE

STAMFORD, March 12.—Figures compiled by the West Texas chamber of commerce indicate that not less than 185,000 acres in West Texas are now under irrigation and 350,000 will be within the next two years.

The report shows that most of the irrigation in this region is in the extreme western portion of the state, where the annual precipitation is too insignificant to make practicable the growing of crops without artificial assistance.

In compiling the figures it was not always possible to secure the latest figures. Some information on county irrigation follows:

Andrews: 50 acres with inexhaustible supply of water at 20-foot depth. Bailey: immense shallow water makes for great future irrigation projects. Brewster: Miniature projects under way. Brown: 3,500 acres under ditch. Castro: Abundance of shallow water. Coleman: 1,500 acres. Conch: 700 acres irrigated from Colorado. Crane: Preparation being made to irrigate 7,500 acres. Culberson: Several storage reservoirs pronounced feasible. Deaf Smith: 5,000 acres irrigated from wells. Donley: Lolla Lake territory in future to make record. El Paso: 65,000 acres under ditch. Gaines: 200 acres. Garza: 2,500 acres sub-irrigated. Hale: 6,000 acres under ditch, and 38 per cent of county susceptible to irrigation. Hansford: 1,500 acres sub-irrigated. Jack: 600 to 700 acres. Jeff Davis: 3,000 acres. Kimble: 4,500 acres and unusual opportunities. Loving: 1,500 acres, irrigated from Pecos. Lubbock: figures not available, but acreage increasing. Marsland: 10,000 acres. Pecos: 32,800 acres. Presidio: 13,000 acres. Runnels: 3,000 acres. San Saba: 4,000 acres, with 200,000 proposed. Schleicher: 1,000 acres. Stephens: 1,000 acres. Sterling: 300 acres. Taylor: 20,000 proposed. Tom Green: 5,000 acres. Uvalde: 4,000 acres. Val Verde: 10,000 acres, with 27,000 proposed. Wichita: 2,500 acres with 200,000 acres proposed. Young: 2,000 acres.

SHOULD HAVE KNOWN IT WAS DANGEROUS

KANSAS CITY, March 12.—A. F. Andrews should have known a red lantern meant danger. He broke into a caboose and stole one and got two years in the penitentiary for it.

WELFARE COUNCIL DRIVE FOR FUNDS CLOSES SATURDAY

Saturday, March 13, the welfare council drive for funds for operation this year will be closed. It was announced Thursday. With the report of a few committees which have as yet turned in no subscriptions, a sufficient amount is expected. W. W. Still, the chairman, states, to take care of the year's work, approximately \$13,000 being expected. All committee captains and members who have not made their reports, or who have additional subscriptions are expected to make their reports Saturday, and those who have not been solicited for subscriptions are urged to make voluntary subscriptions to this fund, which will care for all the local charities. As the welfare council centralizes all the calls that will be made on Wichita Falls citizens for aid, so all are urged to make contributions.

Next week the boards of the Red Cross and the welfare council will meet in joint session to discuss a coordination of forces, and map out their work. Establishment of a day nursery will be one of the first matters attended to by the welfare council as soon as the funds are available. This coming week is expected to see some definite plans outlined.

YOUTH'S OPINION OF COPS DRAWS ANOTHER FINE

A young man who had been fined for speeding in police court Friday morning, and who thought he had been discriminated against and who, it was alleged, referred to the motorcycle cops as a "dirty bunch of crooks" as he was leaving the city hall was brought back and fined for disturbing the peace. He didn't seem to be satisfied and immediately gave notice of appeal.

TREES BROUGHT IN BY CIVIC LEAGUE ALL SOLD

"Sold Out" signs were hung out at the Civic League's place of business, on the Moore & Nichol corner, Ninth and Indiana, early Thursday afternoon, and today there are only a few trees, tagged and waiting to be called for, that remain of the gallant 600 which the league of the Chamber of Commerce offered to the people of Wichita Falls as a part of the city beautification campaign. The sale was just as successful from every standpoint, for which the Civic League members are rejoicing, as an indication of the interest of the people in making their homes attractive, and thus make Wichita Falls as a whole attractive.

Society and Clubs

DINNER PARTY FOR CLINTON VISITOR WEDNESDAY

Numbered among the pleasant hostesses which have marked the visit of Mrs. A. P. Barnett of Clinton, Mo., is the home of Mr. and Mrs. C. W. Spitzer. A delightful dinner party given Wednesday by Mr. and Mrs. H. Hunter at their home on Ninth street. The guests included: Dr. and Mrs. J. C. A. Guest, Mr. and Mrs. P. Langford, Mr. and Mrs. N. H. Martin, Mrs. W. L. Rush of Decatur, Mr. and Mrs. C. W. Snider, Mr. and Mrs. F. P. Timberlake and the honoree, Mrs. Barnett.

SOCIAL MEETING OF U. D. C. SATURDAY

Saturday, March 13, the W. R. Scary chapter of the United Daughters of the Confederacy will entertain its social session at the new home of Mrs. V. H. Shepherd, 1101 Alma. To this meeting all the present members, and all women eligible for membership are cordially invited, and the event promises to be an unusual and delightful social occasion. Mrs. J. W. Lee and Mrs. C. B. Felder to be hostesses jointly with Mrs. Shepherd.

An interesting program has been arranged, two numbers being contributed by pupils of Miss Knickerbocker.

Chorus, "Dixie," led by Mrs. F. C. Barron.
Roll call, "Items of Interest About Texas"
Dialogue, the Little Misses Lea.
Solo, "Bonnie Blue Flag," Mrs. Walter S. Robertson.
Playlet, "In Grandmother's Chest," Little Misses Adams, Reid and Green.
"Richard Coke, the Man," Mrs. E. W. Carter.

Amusements

At the Empress.
Charles Ray is a youthful salesman of motor trucks in his latest picture, "Alarm Clock Andy," which will occupy the screen at the Empress theater for 2 days commencing Friday. Charlie's motto is "He Who Hesitates is Lost," and he keeps the cracked mirror in his cheap boarding house room pasted with such guideposts to success as "Do It Now," and "Don't Be in Doubt." But he is bashful and he stutters and somehow he doesn't seem to be getting there, even though he patterns after the firm's Beau Brunel and crack salesman, William Blinker. Then a pretty girl injects herself into Charles' life and by chance he meets a big business man who is favorably impressed with his ambitions.

"Alarm Clock Andy" was directed by Jerome Storm and was produced by Thomas H. Ince for Paramount Artcraft release.

At the Majestic.
Attired in chaps, checkered skirt and boots with impressive-looking spurs, and wearing a big sombrero at a business-like angle, Mable Normand struts through her latest Goldwyn picture, "Pinto," with all the joy that her dynamic little personality can summon up.

Miss Normand is absolutely at home in the part of a ranch girl. Her serious moments are as convincing as her comic antics. As the outgated owner of a pony stolen by Mexicans, Pinto becomes positively ferocious when she captures the thieves and demands that the cowboys beat them up. Her versatility is given a fresh field to plow in "Pinto," and she stimulates laughter, stirs sympathies and generally holds the attention in a tense grip by the sheer power of her acting.

Victor L. Schertzinger wrote the story and directed its production. His strong grasp of plot and the ability to inject human touches and light comedy into situations are noticeable in the handling of "Pinto." Every scene gives evidence of Mr. Schertzinger's directorial influence.

The picture is the current attraction at the Majestic.

NO MATTER WHAT IT WAS IT MAY MAKE PRETTY FROCK

By MARGARET ROHE
(Written for the United Press.)
Jill's lovely in velvet
In lace she's a queen
But Oh, she's a knockout
In simple satine.

NEW YORK, March 12.—We've taken the oilcloth from the kitchen table to turn into a nifty chapeau so no one need be surprised when we go forth in appropriating the house furnishings to our sartorial needs. Some genius has discovered that the lovely lustrous satine which we use to line our bedspreads and our cretonne window draperies is "just too sweet for words" when done into a chic but simple frock.

The satine frock then is the pet of the mode for spring and early summer wear. Touched up with a bit of bright embroidery in colored crewels it is effective indeed, and so elegant and expensive looking that one would never suspect it of having a lining. It comes in as many extravagant shades of old blue, rose, lavender, Nile green, old gold and French gray that it is hard to pass them by for the more sombre charms of black and yet the black satine frock is perhaps the very smartest of all. It is more elaborately yarn embroidered than the colored satines and often shows a motif of appliqued fruit outlined in the yarn as a distinctive detail.

For the young of the species the little dresses of satine are adorable. From eight years up one may be correctly smart in satine. For the youngsters the little black satine dresses are gay with crepe yarn cherries and stitchings in red and green wool, while some stunning old gold models are done in old blue, mauve and black with little frills and bestees of sheer white net and sashes with embroidered ends.

From the simple charms of satine it would seem to be a far cry to the iridescent glories of the peacock and yet to emulate Juno's favorite fowl is the aim of every chic chicken. Calling it by its French name of Paon that peculiar shade of greenish blue found only in the peacock's resplendent tail is the favored color of the spring. In the use of changeable blue and green satine against the fashion's fixation on the peacock and the use of its feathers in reality and in embroidered replicas knows no end. A stunning evening gown of black is absolutely plain save for one straggling peacock feather starting at the waist line and embroidered down the front of the skirt. A gown of peacock blue satin has a train which is a mass of embroidered peon feathers and dazzling evening turbans of gold tissue sprouting a half dozen peacock feathers at the right rear go head and hand with a huge unfurled fan of the same tall plumage.

Wearing a bright blue gown with a chiffon, Georgette or net in vivid green or a bright green one in the blue is nothing if not a veiled illusion to the peacock's pride and the wearing of two lengths of maline one blue, one green is just another of those popular peacock effects. For the modern maid is bent on borrowing plumage from Juno's bird and do it she will by fair means or foul.

The Ladies' Aid of the First M. E. church will have a food market all day Saturday at the Wichita Electric company, 311 Indiana. Good things to eat are ready to serve. These sales will continue during the month of March. 28-1tp.

Women who use Resinol do not fear the effects of weather on the skin

Brisk winds and chill rains have no terrors for the woman who uses RESINOL OINTMENT and knows that its bland, healing qualities will take the sting and smart from chapped skin, and help to clear away redness and roughness.

It is also excellent for the treatment of eczema and other severe skin troubles. At all druggists.

LOUISA BUTLER, FORMER SLAVE, DIES AT 108
HOUSTON, TEX., March 12.—Louisa Butler, a former slave, who was brought to Texas from Alabama 69 years ago died here today in what is believed to be her 108th year. Those interested in her welfare estimated her age on the basis of her statement that she was a grown woman "when the stars fell." That event was in 1832.

Has Raised a New Standard for Baking Powder

Because it is made in the most careful and scientific manner from absolutely pure materials that remain pure in the baking and insure wholesome, healthful foods.

Because it possesses the greatest leavening power.

Because it is not affected by time or weather—it never loses its strength and never fails.

Because it is most economical—you save when you buy it and you save when you use it.

These are the reasons why Calumet is the standard baking powder—the choice of millions—more being sold than of any other brand.

Try it—always buy it. Your grocer can supply you.

Calumet contains only such ingredients as have been approved officially by the U. S. Food Authorities.

ROBBERS PLANNED TO BURN ROLE INTO VAULT OF BANK

An acetone burner and a gas container were found in the basement of the Burk Burnett First National bank after the attempted bank robbery Thursday morning. Sheriff Bob McFall and District Attorney Fletcher Jones went to the bank upon receiving reports of the attempted robbery and made an investigation. County officials say that the attempted robbery was evidently the work of amateurs.

GEN. WOOD ADDRESSES INDIANA REPUBLICANS

INDIANAPOLIS, IND., March 12.—The fostered domestic business and world commerce was advanced by Maj. Gen. Leonard Wood, candidate for the republican nomination for president, as one of the paramount obligations of the American people and government, in an address before the republican club leaders at a luncheon at the Columbia club here today.

MEXICO REFUSES REQUEST FOR USE OF AIRPLANES

WASHINGTON, March 12.—A request by the state department that American oil companies in the Tampico district be permitted to use airplanes to transport money has been refused by the Mexican government. The Mexican foreign office, it was learned today, stated that the Mexican government is studying a plan to establish this service with government owned and operated planes.

SUNDAY AMUSEMENT WILL BE DISCUSSED BY REV. KEEVIL

"Shall We Have a Continental Sabbath?" will be the Sunday morning subject of Rev. J. Lam Keevil, at the First Christian church. Mr. Keevil expects to discuss the question of Sunday amusements, recently reopened here, and it is his purpose to handle the matter without gloves. He will discuss what the Sabbath means, and what it ought to mean, particularly with reference to the amusement question.

BROTHER ISAIAH'S 'CURES' ATTRACTING HUNDREDS

NEW ORLEANS, March 12.—Superintendent of Police Mooney has been asked by the Orleans Parish Medical Society to investigate reports of John Cudney, aged Canadian, known as "Brother Isaiah," whose home here on the Mississippi river has attracted hundreds of persons being drawn daily by reports of alleged "cures" of various ailments by the "laying on of hands" by the aged man.

ANOTHER SLUMP IN FOREIGN EXCHANGE FRIDAY

NEW YORK, March 12.—A sharp slump in foreign exchange occurred at the opening of the market here today, as on demand sterling being quoted at 84.55, or 2 1/2 cents below yesterday's closing figure.

EVIDENCE OF AN AGREEMENT BETWEEN LEADING REPUBLICAN CANDIDATES FOR PRESIDENCY

WASHINGTON, March 12.—Evidence is being observed here of an approaching agreement between the four principal candidates for the republican presidential nomination at Chicago. Lowden, Harding, Wood and Johnson may make a combination among themselves, and the struggle for the nomination narrow down to a fight between these combinations. According to the scheme as reported, Johnson will agree to become the vice-presidential candidate, with Wood as the presidential candidate, and similarly Harding would head a ticket upon which Lowden would be the tall end candidate for vice president.

WOOD AND HIS FRIENDS BELIEVE IT WOULD BE BETTER FOR HIS POLITICAL FUTURE TO AGREE TO RUN WITH WOOD AS HIS CHIEF

Both Johnson and Wood are progressive. The progressive elements in the republican party would be well pleased with such a ticket. But how about the remainder of the party? Would the conservative elements, represented by Harding and Lowden, allow a ticket headed by Wood and Johnson? It is entirely likely they would not. If such a combination was made and Wood and Johnson were the nominees at Chicago it would spell defeat for the republicans in November, according to the political experts here.

WILSON SAYS HE WOULD NOT SIGN A PEACE TREATY THAT COULD BE DENIED THAT MILLIONS OF AMERICANS FAVOR THE PEACE TREATY

Home Baked Sale. Something good to eat such as salads, home baked cakes and pies and fruit, made by First M. E. church ladies at 811 Indiana, Electric Light Company office, every Saturday until after Easter.

SAM SPARKS CONFERS WITH STATE OFFICIALS

AUSTIN, TEX., March 12.—The recent Oklahoma decision in the Red river boundary case is declared by Sam Sparks, leading litigant in the case, to have been a judgment by default, for no one on his side of the case entered an appearance, nor did the attorney general of Texas file an answer, said Sparks, who arrived in Austin today from Wichita Falls. Sparks was in conference with Governor Hobby, Adjutant General Cope and Attorney General Curdson, with reference to steps to be taken to preserve Texas sovereignty from the decision of Federal Judge Youngs at Enid, Okla., which was adverse to Texas claims.

To make only one cupful of the usual table drink would cause considerable waste, but you can make one cup or ten cups of

INSTANT POSTUM

without a bit of waste

This drink of gratifying flavor is made instantly — a teaspoonful in a cup — with hot water added. And you can suit any taste by varying amount used.

Made by Postum Cereal Company, Battle Creek, Michigan.

Easter Footwear

Lovely--Yet Practical

LATE SPORT NEWS

Contest is On In Annual Ante-Season Interleague Games

NEW YORK, March 12.—The opening contest in the annual ante-season interleague games between the baseball teams of the major circuits will be played in Jacksonville, Fla., today, weather permitting, when the New York Americans and the Brooklyn Nationals meet in the first match of a long series. Other combinations will quickly follow suit and by the middle of the month more than half of the teams composing the National and American leagues will be engaged in these pre-season games.

Fully twice as many contests of this type have been scheduled than was the case a year ago and it is probable that close to a hundred such exhibition games will be played before the clubs line up for their initial pennant battles April 14. The site of contest stretches throughout the south and southwest while the homeward trip at the close of southern training will be sprinkled with similar games.

In these games the modern baseball manager and club secretary have found a way in which to partially cut down the heavy "cost" incidental to training trips in which parties of more than 40 bulky athletes have to be transported and quartered at the expense of the club. While the average gate receipts do not compare with those of major league pennant games, the income from the contests is not so small as to be ignored and in addition the games give baseball fans of the far south their only opportunity to see famous diamond stars in action.

A list of some of the more important games follows, the first named team being the American, the last the National league:

- March 12—Jacksonville, Fla., New York vs. Brooklyn.
- March 13—Miami, Fla., New York vs. Cincinnati.
- March 14—Tampa, Fla., Washington vs. Brooklyn.
- March 15—Miami, Fla., New York vs. Cincinnati.
- March 16—Tampa, Fla., Washington vs. Brooklyn.
- March 17—Jacksonville, Fla., New York vs. Brooklyn.
- March 18—Jacksonville, Fla., New York vs. Brooklyn.
- March 19—Fort Worth, Boston vs. New York.
- March 20—Dallas, Boston vs. New York.
- March 21—Wichita Falls, Boston vs. New York.
- March 22—Tampa, Fla., Washington vs. Cincinnati.
- March 23—Columbus, Ga., Detroit vs. Boston.
- March 24—Austin, Boston vs. New York.
- March 25—Tampa, Washington vs. Cincinnati.
- March 26—Montrie, Ga., Detroit vs. Boston.
- March 27—Jacksonville, New York vs. Brooklyn.
- March 28—Houston, Tex., Boston vs. New York.
- March 29—Orlando, Fla., Washington vs. Cincinnati.
- March 30—Valdosta, Ga., Detroit vs. Boston.
- March 31—Houston, Tex., Boston vs. New York.
- March 32—Miami, Fla., Washington vs. Cincinnati.
- March 33—Eastman, Ga., Detroit vs. Boston.
- March 34—Jacksonville, New York vs. Brooklyn.
- March 35—New Orleans, Boston vs. New York.
- March 36—Miami, Fla., Washington vs. Cincinnati.
- March 37—Macon, Ga., Detroit vs. Boston.
- March 38—New Orleans, La., Boston vs. New York.
- March 39—Atlanta, Ga., Detroit vs. Boston.
- March 40—Jacksonville, New York vs. Cincinnati.
- March 41—Jacksonville, Washington vs. Brooklyn.
- March 42—Mobile, Ala., Boston vs. New York.
- March 43—Asheville, N. C., Detroit vs. Boston.
- March 44—Greenville, Miss., Boston vs. New York.
- March 45—Charleston, S. C., Washington vs. Cincinnati.
- March 46—Spartanburg, Ga., Detroit vs. Boston.
- March 47—Memphis, Boston vs. New York.
- March 48—Columbia, S. C., Washington vs. Cincinnati.
- March 49—Greensboro, Detroit vs. Boston.
- April 1—Jacksonville, New York vs. Brooklyn.
- April 2—Jackson, Tenn., Boston vs. New York.
- April 3—Greenville, S. C., Washington vs. Cincinnati.
- April 4—Goldsboro, Detroit vs. Boston.
- April 5—Nashville, Boston vs. New York.
- April 6—Raleigh, N. C., Washington vs. Cincinnati.
- April 7—Durham, Detroit vs. Boston.
- April 8—Jacksonville, New York vs. Brooklyn.
- April 9—Knoxville, Boston vs. New York.
- April 10—Washington, D. C., Washington vs. Cincinnati.
- April 11—Bluefield, W. Va., Detroit vs. Boston.
- April 12—Chattanooga, Boston vs. New York.
- April 13—Washington, D. C., Washington vs. Cincinnati.
- April 14—Charleston, Detroit vs. Boston.
- April 15—Columbia, S. C., New York vs. Brooklyn.

- April 21—Fayetteville, Va., Washington vs. Cincinnati.
- April 22—Parkersburg, Detroit vs. Boston.
- April 23—Chester, S. C., New York vs. Brooklyn.

BOBBY WAUGH EASY FOR OTTO WALLACE

SAN ANTONIO, TEX., March 12.—Otto Wallace of Milwaukee, easily out-punched Bobby Waugh, Fort Worth, in a fast and furious 10-round bout last night, in the opinion of ringside newspaper critics. The men are lightweights. Wallace was the aggressor throughout and the issue was never in doubt.

DECKER VS. FITZSIMMONS IS CAMEL ATHLETIC CLUB ATTRACTION MONDAY NIGHT

Bob Decker of Ardmore, Oklahoma, will go 12 rounds with "Young" Fitzsimmons of Oklahoma City, in the main event at the Camel Athletic Club next Monday night. The main attraction will be between "Soldier Boy" Kleek, the legitimate waterweight champ of the A. E. F., and "Soldier Graham," another overseas scrapper.

The main event boys are slightly over the middleweight class and might come under the head of light heavyweights. Young Fitz is a very fast, crafty boxer, while Decker is more of the baling type and relies more on his ability to take punishment until he can put over a sleep maker. This will undoubtedly be the greatest drawing card of the evening with the fighters are of "big league" class.

YOUNG FITZSIMMONS WINS DECISION OVER JACK DILLON

HOT SPRINGS, ARK., March 12.—Young Fitzsimmons of Oklahoma, won a referee's decision over Jack Dillon of Indianapolis at the end of 12 fast rounds. Fitzsimmons fought Dillon at long range and constantly jabbed his left in Dillon's face. In the eighth round Fitzsimmons landed a left to Dillon's stomach that nearly lifted him off his feet. Matt Hinkle of Toledo refereed the bout. The men are middleweights.

JIMMY WILDE TO MEET FRANKIE MASON TONIGHT

TOLEDO, O., March 12.—With both contestants down to the stipulated weight of 108 pounds at 3:00 o'clock this afternoon, Jimmie Wilde, flyweight champion of Great Britain, and Frankie Mason, who will be the third man in the fight, are ready for their 12 round bout at the Coliseum here tonight. Ad Q. Thacher, the promoter, sought to have the bout made a decision after the first round, but Frankie Mason, who has been training faithfully here for the bout and both are pronounced in first class condition. Last night Mason weighed 107 pounds and Wilde, Bettini, has been running along about even but this morning it was announced by the Toledo Athletic Club that Wilde rules a slight favorite. Wilde will draw \$10,000 for his end of the bout, while Mason accepted \$5,000. Mason is Wilde's senior by two years, the Fort Wayne boy being 30 years old. The height of each is the same, five feet two and one-half inches. Wilde has it over his opponent in reach, measuring 68 inches while that of Mason's is 65½ inches. One thing noticeable in the measurement comparison is that Wilde's chest expansion is only two inches while that of Mason measures 5½ inches.

INTER-COLLEGIATE ASSOCIATION TO DISCUSS FOOTBALL

NEW YORK, March 12.—Football will go on the operating table for the first time since 1917 here tonight when the rules committee of the National Inter-Collegiate Athletic Association gathers for a clinic. J. E. Hall of Dartmouth is to preside, and representatives of the 14 association members are expected.

If you wish to exchange your old furniture or stoves for new, we have the goods. Ehlers Furniture Co. Phone 314. 279-307c.

WILL CHALLENGE GEORGES CARPENTIER

Mike O'Dowd, world's middleweight champion, who is ready to take on the noted French heavyweight as soon as the latter is ready to fight in this country.

ECHOES FROM TRAINING CAMPS

Rookies and Regulars Limbering Up For the Big Show.

Cup Series Begins. PASADENA, CALIF.—Bob O'Farrell's home run with the bases full in the sixth from the opening battle of the practice series for the Cubs, 7 to 4, from the Pasadena Merchants here yesterday. Turner and Flack also got homers off the local twirlers. The Wrigley cup-series begin today with a game between the Cubs and Vernon at Los Angeles.

Leave for Waco. CHICAGO.—Thirty five members of the Chicago White Sox under Manager Gleason will leave tonight for Waco, Texas, for their spring training. Eddie Cicotte, holdout, wired Gleason he will be on hand today to talk salary. The Sox will be the last major league team to get into camp. Work will be started Monday on arrival at Waco.

Cardinals Plan Series. BROWNVILLE, TEX.—Manager Rickwood of the St. Louis Cardinals was "talking" San Bruno, Mercedes Pharr, McAllen and Donna today making preparations for a series with the Philadelphia Athletics beginning Tuesday.

BEAT THE OLD HIGH COST OF SMOKING That's what thousands of men are doing these days by smoking El Toros—the mild, full-flavored cigars that give you ten cents' worth of smoke satisfaction for 8 cents.

No skimping in quality or size. Carefully hand-made from the same highly cultivated leaf that has brought delight to an army of smokers for years.

Boren-Stewart Company, Distributors—Dallas, Texas.

EL TORO PORTORICAN CIGARS

Grimes the only missing member of the Dodger family. Umpire O'Day arrived yesterday to train a little on the new rules and umpired a seven inning game.

Use Four Twirlers. SAN ANTONIO.—Jeff Barnes, Art Mahr, Toney and Benton took turns on the hill yesterday in the game which the regulars of the Giants won from the recruits 5 to 1. Of the four twirlers, Benton was the least effective.

Maya Wins His Game. JACKSONVILLE, FLA.—Carl Maya pitched the first victory which the Yank regulars have been able to get over the recruits. It was a 5 to 3 count in six innings. Babe Ruth did not get a hit although the fence was painted green to relieve the strain on his eyes.

Reds Stage First Contest. MIAMI, FLA.—The world championship Reds staged their first club contest of the season yesterday, the veterans beating the coeds, 5 to 1, in a 10 inning game. Ruether and Ring each pitched five innings. Catcher Altep ripped off three doubles for the veterans.

Lefthander Goes Good. COLUMBUS, GA.—Once more the Boston Braves regulars pinned a 4 to 2 defeat on the "protenders" in the sixth inning contest here yesterday. Brown, a lefthander from Atlanta, held the regulars scoreless for three innings when he was taken out to give another rookie named Morgan a chance.

Hooper is Expected. HOT SPRINGS, ARK.—Manager Barrow of the Red Sox has received word from Harry Hooper that he will arrive at the Sox camp probably Sunday. Hooper, in his message, declared he was well and ready for work.

SEVEN TEAMS TIED FOR LEAD IN BIKE RACE NEW YORK, March 12.—With HHL leading, seven teams were tied for the lead at the 104th hour of the six-day bike race. The leaders had covered 1,794 miles 4 laps, far behind the record of 2,051 miles 5 laps made in 1914 by Fogler and Hall.

JACK LAWLER WINS BOUT AT ST. LOUIS ST. LOUIS, March 12.—Jack Lawler, Omaha, defeated Frankie Tucker, Tulsa, in an eight-round lightweight go here last night.

DALLAS ALL-STARS WILL BE FIRST TO MEET THE SPODDERS

Local baseball fans will have the first opportunity to see the "Spudders" in action next Saturday and Sunday when Moliney's "Dallas All Stars" will attempt to encompass the local stronghold. This unofficial opening of the local baseball season will be a great drawing card as the bunch manager Sam has together are getting in first class shape.

So far it has not been decided who will start the game on the mound for the locals but the following supply of flingers will be drawn upon: Ed Smith, Ruth, Hunt and Johna. Brown and Heron will officiate with the pretor and mask behind the Lomo plate; Sneed will hold down the initial sack; Bauer and Grubb, in the infield; Tenner, short; Johnny Mekan, the empire state wonder; Trasi and Delis will be stationed in the outer garden; and Brown and Storey will be the utility men.

The All Stars' line-up has been announced as follows: Lewis, catcher; V. Cheover, Taylor, Harrison and Hard, pitchers; Heritage, first base; Standifer, second base, Ballfont, third base; Gross, shortstop; Payne, left field; Savonne, center field, and C. Cheover, right field.

Secretary J. Will Gray has received a letter from Josephson, who has been under the weather with the flu in Pennsylvania, that he will report in the next few days.

Material Shortage Will Delay Paving Work Sixty Days

Wichita Falls must necessarily delay its proposed big paving program for at least 60 days on account of the serious shortage of materials, principally cement. This period of enforced waiting should be utilized by the authorities in this city in making vitally necessary improvements and extensions in the underground systems, including sewage, water and conduits for ornamental lighting. This in a nut shell, is the situation in the opinion of S. L. Johnson, of Worth, representing the Texas Bitulithic company, who is here today calling on Secretary Harrison of the chamber of commerce.

"No paving contractor, whether he be connected with a big organization or little organization can get a large amount of paving material at the right now under present conditions," said Mr. Johnson. "We are interested in your new paving provisions under the proposed charter, and believe they will facilitate paving on a big scale. The provisions are attractive to a big paving organization, as well as bringing paving within the grasp of practically every property owner on the partial payment plan. Under the old charter Wichita Falls was not an attractive field for a big paving organization to operate in, because of the manner of financing and the lack of proper safe guards for the collection of paving bills. This seems to be well taken care of in the new charter.

"I believe by April 15 or May 1 much crushed stone will be available from the plant at Chico, and later the Ranger plant. I believe that within 60 days the cement situation will be relieved. The city of Wichita Falls must make up its mind to an enforced waiting period of about 60 days before any big paving program can be started.

"However, you need every bit of this time and perhaps more, too, for letting the entire sewer system. I understand your city is in need of it. It also is very necessary to make what provisions you intend to make for enlarged water mains and conduits for street lighting, and to get all of this underground work out of the way before you start your paving program. The very first step that I would suggest that Wichita Falls should take is its program of civic improvements for the year 1920, is to obtain the services immediately of a competent hydraulic and sanitary engineer to come here for a diagnosis and survey. Our company is in no way connected with such service, but from my experience in many cities, you will have to pay such a man, what seems to be at the time a handsome fee, it will be insignificant, however, in proportion to the benefit and lasting value to you for all time. Your situation here goes much further than a paving proposition; your drainage, I understand needs correcting, your sewage and water mains, lighting facilities, and your curbs and gutters need correcting and improvement. In other words, you need a competent "physician" to diagnose the case. The first need to call in the various contractors to follow his plan and make the various improvements needed, according to the plan suggested by the sanitary engineer.

"Wichita Falls is growing so rapidly it seems to me it would be foolish to try to make temporary and local attempts at improvement. You should plan now what your city is to be 10 or 15 years from now; you should build from the ground up, or to be exact, from below the ground up.

"I am making these suggestions not as a representative of our company, because we have no work here, or may never have any here, but I am offering them only as a result of my experiences for what it may be worth to the wonderful rapidly expanding metropolises of Wichita Falls."

While the line-ups of either team are only tentative, Manager Decker announced the "Red Sox" array would consist of the following: Hoyt, Pennock, Joe Bush, Harper, Jones, Russell and Fortune, pitchers; Devine and Al Walters, catchers; McNally, Foster, Scott and Hillar, infield; Masnoikie, Hendrix, Harry Hooper, captain, and Marsana, outfield. For "Giants" he was not in a position to announce the exact list but he certifies Jawn J. McGraw, Christy Mathew son, who is coaching the young pitchers this year, and a first string team will be here. Bill Brennan, the official arbiter, will handle the indicator for the game, which will be called at 4:00 o'clock.

The representatives of the New York and Boston newspapers, who will accompany the teams here consist of the "first string" baseball writers of the leading metropolitan dailies and consist of the following: Sam Crane, New York Journal; Frank Graham, Evening Sun; Harry Cross, New York Times; James Sinnott, New York Mail; Bill McGeehan, New York Tribune; Hy Dabb, New York Telegram; Daniel, New York Sun and Herald; Gus Daley, New York World; "Bugs" Baer, New York American; Harry Schmoker, New York Globe; Paul Shannon, Boston Post; Bert Whitman, Herald; Eddy Hurley, Boston Record; Jack Conway, New York American; Gus Rooney, Boston

BIG STRINGS OF PLAYERS WILL BE BROUGHT BY RED SOX AND GIANTS WHEN THEY PLAY HERE MARCH 22

"More interest will be taken in baseball this year than in any previous season," declared advance man, Wally Decker, of the Boston Red Sox, who was in the city today arranging the details for the exhibition game between the Red Sox and the New York Giants to be played here March 22. "Everywhere I go," he continued, "all I hear is baseball, baseball, and it looks like the biggest year in history from the eagerness we can see on every hand awaiting the opening of the season."

There will also be more youngsters making good in the majors this year, Mr. Decker prophesied, on account of the lack of any opportunity to show their "stuff" during the war. Now that all of the ex-soldiers are back and can turn their attention to sports again, Mr. Decker thinks, those who would have been picked up by scouts if they hadn't been testing horsehide will now have the chance of a tryout in the big leagues.

When asked about the loss of "Babe" Ruth to the New York "Yankees," Mr. Decker smiled and declared that although the big fence buster was a good box office attraction, he supposed the "Fleeting Horse" could manage to worry along without him. "Babe is undoubtedly the greatest hitting card the baseball world has ever known," Mr. Decker admits, "but one man does not make a team, you know."

The game which the Red Sox and the Giants play here the 22nd, should prove a great magnet to the baseball enthusiasts of this city and surrounding territory because of the opportunity to see the first string of both of these nines in action. Between 75 and 85 men, including ball players, leading sport writers of the big papers in New York and Boston, camera men, executives of both teams and general crowd that follow the big leagues in training, will arrive in three special cars the 22nd.

NATIONAL GUARD OFFICERS WILL BE HERE NEXT WEEK

Brigadier Generals Robert E. McDill of Dallas and Jake Walters of Houston and Colonel A. W. Bloor and C. W. Culbertson, Texas national guard officers, will be in Wichita Falls the latter part of next week in connection with the organization of a new cavalry regiment in Northwest Texas which will become a part of the Texas cavalry division now in process of formation. It was announced at Fourth Texas Cavalry headquarters on Friday. It is understood that a recruiting campaign is shortly to be inaugurated to enlist men for the Texas national guard and it is rumored that several additional troops are shortly to be created in towns and cities of Northwest Texas.

The gathering of national guard officers here next week is taken as an indication that Wichita Falls will perhaps become headquarters for an extensive recruiting campaign.

ANOTHER SUIT TO TEST VALIDITY OF ANTI-POOL HALL LAW

AUSTIN, March 12.—The validity of the Texas anti-pool hall law which was passed by the legislature in 1917 is being tested in the case of J. A. Davis of Bell county, which was filed in the court of criminal appeals late yesterday.

The constitutionality of the law is also involved in a case which is pending in the United States supreme court. Davis, who was fined \$25 for alleged violation of this law, contends that it is so vague and indefinite in that it attempts to cover more than one offense and because the caption is insufficient that it violates the state constitution. He alleges that the law attempts to prevent the playing of any game in which balls or pins are used, that it attempts to invade the rights of citizens, and that it was changed without authority during its passage by the legislature, and therefore, was not legally enacted.

350 WILL TAKE RELIGIOUS CENSUS STARTING MONDAY

The drive for taking the religious census of Wichita Falls as outlined at meeting held last Monday morning at 8:00 o'clock Monday morning, March 22. The campaign will be known as the Wichita Falls Church Enlightenment Campaign and the following slogan has been adopted, "Invest your life where you make your living."

Three hundred and fifty persons will be enlisted from the various denominations for the purpose of taking the census. These workers will be pledged next Sunday morning in the various churches at the morning services. Sunday, March 22, has been designated as "go to church Sunday." An extensive advertising campaign will be conducted in connection with the census drive and it is contemplated that extensive concrete results will be in evidence at all churches on "go to church Sunday."

A training school for the census takers will be conducted at the First Baptist church of Sunday, March 21.

ALABAMA MOB SHOOT NEGRO NEAR LEGRAND

MONTGOMERY, ALA., March 12.—Wilbur Smith, a former soldier, who was charged with having attacked the six year old daughter of a white farmer, was shot to death late yesterday by six masked men near Legrand, Montgomery county.

After the alleged attack, Smith was arrested by a citizen and preparations were being made to bring him to jail here when a party of six men appeared and, it was stated, forced the man who had the negro in custody to turn him over to them. Smith then was taken into a wood and shot to death.

Meeting at Our Fountain

is a common occurrence among friends. Our hot soda is so widely known and so universally liked that one is sure to meet an acquaintance or friend here sooner or later. If you once try our hot soda, you'll get the habit of coming here often for a mug of it. It is a wonderful restorer and energy restorer.

OPEN SHOP ASSOCIATION GIVEN CHARTER FRIDAY

AUSTIN, March 12.—The Southwestern Open Shop Association was chartered here today.

The organization sets out its purpose as "showing to the public the advantages of open shops conditions in the manufacture, sale and distribution of goods, wares and merchandise, and in the construction of buildings and other improvements."

Five Texas cities and Little Rock, Ark., are represented on the board of directors. The Texas cities are Dallas, San Antonio, Beaumont, El Paso and Austin.

Headquarters of the association will be in Dallas.

NAVY RECRUITING OFFICER COMING NEXT WEEK

Chief Yeoman A. F. Wilson, will be in Wichita Falls from March 15 to March 21 to receive enlistments for the United States navy. He will maintain an office at the postoffice and will be on duty there throughout the day.

Five nice rooms, and breakfast room all hard wood floor, built in features nicely finished and well arranged. Handy garage and servant house with drive and walk. An east front less than three blocks from tenth street on Filmore at \$11,500.

Kemp Boulevard, a six room house furnished complete with swell furniture. Also has screened in sleeping porch, offered for \$14,000. Garage, chicken lot and 30 chickens. Less than two blocks from tenth st.

Don't wait until Brook street pavement is completed to make your investment or buy you a building lot. We have a number of lots within two or three blocks of lots now on the market for \$10,000 which we offer at prices from \$1500 to \$2500. Phone 87 and take a look at these lots.

AUCTION SALE

Call Field, Wednesday, March 17th., at 1:30 p. m.

The rain interfered with our sale March 3rd. We have decided to offer at public auction on the above date and hour, the remaining buildings which are unoccupied at Call Field.

Many of these buildings are of such dimensions that they can easily be converted into five and six-room residences. Others which are larger can be cut into a number of buildings suitable for residence purposes. There are also a number of buildings suitable for warehouses and store rooms.

"Guard House"

Dimensions 20x30 feet, which can be easily moved, as construction of this building is strong and durable.

"Dope House"

Dimensions 35x45 feet; this building can be converted into either a residence or store room.

"Blacksmith Shop"

Dimensions 28x60 feet; this building would make an excellent garage for suburban district or can be made into a nice residence.

"Machine Shop"

Dimensions 66x125 feet; this building is one of the strongest and best constructed buildings on the field. It would be suitable for a warehouse and many other purposes.

"Officers' Club"

Dimensions 40x105 feet; this building is constructed of the very best material and well finished on the inside. Has marble floors, etc. Could be made into three nice residences.

"Aero Repair"

Dimensions 66x20 1/2 feet; we ask that you investigate this building and see for yourself the quality and amount of material in this building.

"Mess Halls"

Dimensions 20x120 feet. We have ten of these buildings; they are well constructed and can easily be converted into two or three residences each.

"Hangars"

Dimensions 66x120 feet. We have 12 of these buildings which will be sold at this sale. It would probably cost \$30,000 or \$30,000 to construct these buildings and you can well afford to look them over if you need a warehouse or a store room.

"Barracks"

These buildings are 30 feet wide and 225 feet long. They have an L built in the center 36x45. From 20 to 25 small residences can be made out of one of these barracks. You can buy them right.

"School Building"

Dimensions 96x200 feet. This building is well constructed and has a number of partitions made of good material. We ask that you look this over if you are contemplating building a home or a number of residences.

"Aero Supply and Quartermaster's"

Dimensions 166x125 feet, in the construction of these buildings the government put the strongest and best material they could buy into them. Look them over and make a bid on the 17th.

"Mattress"

We have 600 mattresses for single beds. If you can use them come to see us.

"Refrigerators and Cooking Stoves"

We have a number of large hotel ranges and refrigerators that we will sell you at a bargain. Also window shades, large heating stoves and many other things you will probably be interested in.

All plumbing and electrical equipment will be reserved in the sale of these buildings.

The field is open for inspection and you will find the manager's office in the school building in the center of the field.

LOUIS A. ROBINSON & CO.

Alma Street

Two-story, 9-room house, large screened-in back porch, hardwood floors throughout, servant house, garage, driveway. This place is modern in every way; don't forget that Alma street is paved also. Price \$20,500; about \$7,500 cash, balance semi-annually.

Tenth Street

Five-room modern home, garage, driveway and servant house. This is an exceptionally good buy and will probably sell this week. Price \$12,500, half cash, balance one, two and three years.

Collins Street

Seven-room modern bungalow, all built-in features one would want, garage and servant house. This place is located upon a corner lot. Pavement on this street will start in about ten days; this place will easily sell for \$15,000 dollars in 60 days from now. We now have a \$12,500 price on it; \$5,000 cash, balance to please buyer.

Thirteenth Street

Just off of Holliday on Thirteenth, a strictly modern 3-room dwelling, has a garage and servant house, one block of High school, two blocks of Austin school; this place is yours for only \$9,000, with \$4,700 cash, balance monthly installments.

Taylor Street

Three blocks off of pavement sets a dandy 5-room modern home, with a nice large sleeping porch, concrete sidewalks, case front. This is the best buy in that addition at this price; \$8,000 with half cash, balance to please buyer.

Elizabeth Street

A 5-room modern home with a nice garage and servant house, one block of pavement. This party is anxious to sell as his business calls him to another town; this place will only be on the market for a few days at this price; \$8,500; \$2,500 cash, balance less than \$100 monthly installments. Why pay rent when you can buy a home at this price and terms.

Southland Addition

Five-room bungalow, breakfast room, French doors, built-in features, garage, servant room and driveway. This place can be bought for \$6500 with \$3500 cash balance very easy.

Filmore Street

Five rooms, modern, new place, only \$6000 furnished; \$2500 cash balance one year.

Monroe Street

Five rooms, bath, all modern built-in features. This place is not yet complete, but can be bought for \$4000 cash.

Kemp Boulevard

Four-room servant house, gas, water, lights and sewerage; a good location for a nice home, \$2550, with \$1,000 cash; balance \$50.00 monthly.

Business Lot

Close-in on Ninth street 50x150 feet, \$25,000; half cash, balance one, two, three and four years.

Taylor Street

Vacant lots, full size prices, range from \$700 to \$2,000, with small cash payments.

Thirteenth Street

Vacant lot 50x165 feet, a nice location for a home, \$8500 with \$2000 cash.

Pearl Street

Vacant lot, full size, north front, cheap with small cash payment.

REAL ESTATE

On Taylor, just off of Tenth, we offer a bungalow of five rooms, breakfast room, also a sure enough garage and servant house. This place is an east front in a very good neighborhood. It is built and finished throughout like a first class house should be. A critical inspection will convince you that this is a high class house. It is just about ready to move. Sit on and sell on its merits. The price is \$14,500.00, with about 1 1/2 cash.

We have a list of lots scattered all over town, priced from \$500 to \$10,000. A corner on Taylor for \$1800, several corners in Highland Addition \$1500, and others for \$1050. Also in Highland, on Monroe two extra nice triangles or \$2200 and \$2500, these are ideal building sites. A sure enough bargain on Buchanan, in second block from Tenth, a pair of lots for \$4250. We can deliver you at a very reasonable price the corner on Seventh and Austin and Travis; also inside lot on Austin, next to corner of Seventh and Tenth.

JURORS QUESTIONED CONCERNING VIEWS ON PRO QUESTION

A lengthy discussion of the eighteenth amendment, the Reed amendment and various other phases of federal prohibition occurred Thursday afternoon in federal court when the government began the examination of prospective jurors called to try a Montague county citizen charged by indictment with violating the federal liquor laws.

One prospective juror informed Judge Wilson that he was disqualified to sit in the panel due to the fact that he was opposed to prohibition in any form. Judge Wilson questioned the juror at length and finally excused him after the juror had declared that he had "extreme views" on the prohibition question.

BEGIN CONSTRUCTION OF TELEPHONE LINE ALONG NEW OIL BELT RAILWAY

RANGER, TEX., March 12.—Construction of the local and long distance telephone line along the Wichita Falls, Ranger & Fort Worth railroad between Ranger and Dublin began this week. Local exchanges will be installed at Jakehamon and Edohoby and long distance service will be established at all stations on the line. The work is proceeding rapidly and completion of the line between Ranger and Jakehamon is expected to be accomplished in 30 days. Operation of trains on this division of the line is handicapped by want of the telephone service that is being provided.

To sell your house or buy a bungalow, call 529, J. Wilkie Talbert, Second floor Commerce Bldg., City property "Since 1914." 253-tfc. When you want tanks phone 2437.—Alston-Story Tank Co. 270-tfc

LABOR CRYING NEED OF CENTRAL TEXAS FIELD

RANGER, TEX., March 12.—Labor is the crying need of the oil fields at this time. Not only in the oil fields work but in the railroad construction that is now under way in all the oil fields territory and in the great building program of the oil fields cities and towns there is shortage of men. The Ranger Chamber of Commerce this week adopted a resolution favoring modification of the emigration laws so that it will be easier for Mexican laborers to get into the United States. The Mexicans are the best chance for adequate labor in the oil fields and under present conditions and laws it is impossible for many men to get into the United States on account of the heavy head tax and otherwise.

The railroads out of Ranger, Eastland and Cisco alone are in position to employ several hundred men for several months and the supply is far short of that number.

When you need a plumber phone 1712, G. W. Winburne Jr., 2490 Eighth street. 252-7tp.

BRECKENRIDGE TAKES ON APPEARANCE OF BOOM

RANGER, TEX., March 12.—With the tracks of the Wichita Falls, Ranger & Fort Worth railroad rapidly approaching Breckenridge, the county seat of Stephens county, that has become a center for drilling that promises to make it a big pool, that oil town is taking on all the appearance of a boom. In addition to the Wichita Falls, Ranger & Fort Worth railroad, the Cisco & North-eastern railroad is also preparing to build tracks into Breckenridge and the people of that city think they are also in line for an interurban line from Dallas and Fort Worth via Mineral Wells.

Between Ranger and Breckenridge along the line of the Wichita Falls, Ranger & Fort Worth railroad, the new town of Frankell, to which the tracks are to be laid this month, is also becoming a considerable center for an oil field that at this time is showing the biggest wells in Stephens county. Frankell is to be the railroad town for all the development that is central about the town of Necessity and its facilities will decrease the

wagon haul to that part of the Stephens county oil field by 12 miles at the least. It will take the place of Ranger and Strawn as points from which to haul freight to the entire Caddo pool.

TRACK COMPLETED INTO JAKEHAMON AND RANGER

RANGER, TEX., March 12.—The track of the Wichita Falls, Ranger & Fort Worth railroad has been completed into Jakehamon and Ranger. Operation of trains on this part of the line will begin March 15, tariffs having been filed with the railroad commissions at Austin and Washington to that effect. The movement of materials to the oil fields in the vicinity of Edohoby and Jakehamon over the new line is already assured to be as much as the capacity of the new track will stand.

Church of the Nazarene, Corner of Bluff avenue and Fifth street.—There will be the following services at the Church of the Nazarene next Sunday. Sunday school 10 a. m., come rain or shine, calm or windy. Preaching at 11 a. m., Orphan's lecture at 7:30 p. m. by Mrs. Nettie Hudson of the Orphan home, Poniel, Tex. Come and hear her on the orphan work. Come and worship with us. You are welcome. REV. DR. W. T. GIVENS, Pastor. When you want tanks phone 2437.—Alston-Story Tank Co. 270-tfc
