Frionans Hail Moon Mission

Fantastic! That's the best word we can come up with to describe our nation's successful moon voyage of the past week.

Although the landing had been programmed for several months, and we, like most Americans probably were not as shocked as were residents of other places on the globe, it was still almost unbelievable.

The fact that you could sit at home and watch a television picture of the first step ever taken onto the moon was in itself quite a technological accomplishment.

In fact, as we have heard other people comment, we were about as impressed with the fact that they could send television pictures and instant radio communication back to earth from the moon's surface as we were with the tremendous accomplishment of landing on the moon, making the maneuvers and blasting off again.

And yet, we were not surprised that it would happen, either. From our early years in school when we studied about the moon and planets, we've thought it was a foregone conclusion that man would explore space.

Undoubtedly, Russia's launching of the first Sputnik in 1957 hastened the events of the past week to a great extent. Had that not happened, the first moon landing probably would not have happened until the 1970s.

It is a big prestige booster for the United States, and proves that if the country had lagged behind Russia at all in regard to science, that the situation has been reversed, and that the USA is once again the world's peer.

We disagree with those who sought to minimize the nationalistic viewpoint of the historic occasion. We don't see for certain why the United States needs to say that the accomplishment was one "for all nations," or "made possible through unified efforts," etc.

Truth is, it was Yankee ingenuity that accomplished the feat, and American tax dollars that paid for the program. We believe in taking the full and proper credit.

Had Russia succeeded in being first to the moon, we can't picture the Soviets graciously stating that it was a "unified effort." It would have been all hail to the USSR, and no doubt further statements to the effect that "We will bury you," etc.

One thing we appreciated was the fact that it was the American flag that was erected by the Astronauts, in spite of the suggestion at one time that the United Nations flag be used.

As a friend of ours remarked, the only improvement on the telecast from the moon would have been for it to have been in color, so that the moon colors, and the red, white and blue of the flag would have shown up.

A new use for newspapers: For years people have been using newspapers to line trash cans, to help start fires, to wrap fish, and even in emergency for the birth of babies (newspaper ink is supposed to be one of the most sterile materials readily available).

Recently Glenn Floyd came up with a new use for old newspapers . . . stopping up gopher holes in irrigation ditches. Glenn says he wets down the paper and stuffs it in the holes with a hoe handle, then the water will run on down the row over the hole.

We're happy that the Friona Star is such a useful and versatile item to have around . . . and only hope that all of our subscribers read it from front to back before using it for any of the above-mentioned purposes.

Parmerton, where? Did you know that beef shipped by Santa Fe Railway from Friona's Missouri Beef Packers is billed out from Parmerton? It's a fact, and this has caused more than a little bit of confusion. A few weeks ago a railroad representative was in town, asking the directions to "Parmerton."

Then this week, the plant had "lost" a car of beef. Up-

The reaction by Friona residents to the historic landing of men on the moon this week was one generally of excitement, admiration and praise.

Few of the persons interviewed by the Friona Star doubted that the mission would be a success, although some had fears for specific parts of the mission.

It was an exciting adventure, one which many of those interviewed were happy to have happen in their lifetime, and one which some would not have dreamed of in their wildest dreams.

Here are some of the random comments:

Frank A. Spring, banker: "It's Great! This is quite a step forward for the country. I look for a lot of scientific achievements and living improvements to come from this. Many new fields may develop as a result of the program."

Jake Outland, City Manager: "I feel this is an epoch-making adventure; as important or more so than Columbus discovering America. Because of all the

publicity, I had no doubts that it would succeed. After the lunar module set down on the moon's surface, I felt it had passed the most dangerous test, as I could envision the possibility of explosion. I feel that the landing will be an equal success."

Alton Farr, school superintendent: "It's the most outstanding feat that has happened in my lifetime. It shows what science can do. The feat is a tribute to our people and their desire to expand upon their knowledge. I never had any doubt in my mind that it would be a success. With all the previous work that had been done, it couldn't have turned out any other way."

T.E. Lovett, farmer: "It looks kind of foolish to me. Naturally, we don't know right now what the outcome will be, but there are many needy people here on earth who could have been aided by some of the money spent on the moon shot. But most of the well-educated people seem to think it's the thing to do."

Doyle Elliott, attorney, Chamber of Commerce president: "Oh, brother!" Asked if thought the mission would succeed: "I'm always a pessimist by nature, expecting the worst, but I'm real glad things went all right this time."

Rev. Bill Foll, Baptist minister: "I thought it was great. The cooperation needed to make such an accomplishment possible was tremendous. I think this part of man's commission to have dominion over the earth. I feel it's all in God's plan, and gives greater honor to His creation. It's all a rather trivial matter compared to the power and glory of God."

Ralph Roden, druggist: "It's the best thing that ever happened to us! I'm in favor of continuing the space program. I think something good will come from it. We may need this space exploration to take care of our over-populated world."

E.S. White, groceryman: "I never dreamed I'd

see anything such as this, even 25 years ago. I still don't know how they did it, nor for that matter what good it will do, though."

Mrs. H.K. Kendrick, housewife: "I was fascinated by the whole thing. I thought it was one of the few times in man's history that you could see the end of one era and the beginning of another. It marked a complete change of environment. I think this is a wonderful time in which to be living, and I can't wait until the next adventure. It's just too bad Jules Verne didn't live to see this."

Rev. Paul Mohr, Congregational minister: "I think it was a very historic moment. It presents new vistas for man's intellectual and spiritual capacity. This can go a long way toward creating a greater idea of God than we've had before. It presents a way for man to expand his idea of God, rather than limit it. It also shows what our nation can do when it puts its mind to it. I would hope we could put our mind to solving some of our domestic problems."

Clayton Will Speak At Black Fete

Bill Clayton, state representative and executive director of Water, Inc., will speak Friday night at the Black Community House, in a meeting sponsored by the Black Community Association. The meeting will begin at 8:30 p.m.

Clayton, who authored much water legislation in the state legislature this year, is vitally interested in a water plan for West Texas.

He will talk about the amendments to be voted upon by Texas voters on August 1, especially proposed amendment number 2, concerning the water legislation.

The meeting will be followed by an old fashioned ice cream supper, and each family attending is asked to bring a freezer of ice cream, or a cake.

Absentee Voting Now Underway

Absentee voting on the Constitutional Amendments is underway in the County Clerk's office in Farwell, and will continue until Friday, August 1.

Voting has been very light so far, and those who think they may be on vacation or out of town the week of August 5, election day, are reminded that they may request an absentee ballot.

CONCLUDES SEASON

All-Star Games Set For Saturday

Two all-star games Saturday will climax Friona's summer baseball program for 1969.

The Pee-Wee and Intermediate all-star games will get underway beginning at 6 p.m. at the Little League Park. The Pee-Wees will play a six-inning game first on the program, followed by an eight-inning Intermediate League Contest.

Between games, summer baseball director Ronald Smiley will present the sportsmanship trophies to one player from each league.

Also, members of first and second-place teams in each league will receive trophies, and members of the all-star teams will get awards.

Four players from each team were chosen in the Pee-Wee League for the contest. Six players were named from each Intermediate League team. Making up the teams are the following players:

PEE-WEE LEAGUE
South: Continental Grain - Jerry Martini, Mark Neill, Keith Martin, Cliff McLellan, Tasty Cream-Joe LaFuenta, Eddie Bermea, John Carson, John Jarreckl.

Monsanto--Mitchell Smiley, Mike Blackburn, Cris Beck, Jeff Porter, Ethridge-Spring, Edward Castillo, Park Weatherly.

North: B-J Bees--Don Maynard, Jody Menefee, Wade Jamison, Randy Waggoner. Parmer County Implement Co. - Charles Fleming, Glenn Adkins, Sammy Felder, Phillip Hand. South--Larry Broyles, Terry Wilcox, Chris Ingram, Bryan Snyder, Ethridge-Spring -- Clint Mears, Jeff Peak.

INTERMEDIATE LEAGUE

South: Star-Hurst - Danny Waggoner, Eddie Waggoner, Joe Rando, Benny Hamilton, Adrian Foll, Blayne Baxter. Friona Feed Yards - Charles Wilkins, John Seright, Kevin Welch, Coy Jameson, Kent Miller and Durward Looper.

North: Friona State Bank - David Blackburn, Davey Carthel, David Hutson, Robin Balize, Terry Thompson, Rusty Redfean. Reeve Chevrolet -

Clay Bandy, Randall Snyder, Trip Horton, Kenneth Jordan, Don Spears, David Barnett.

Coaches for the Pee-Wee League "South" squad are Ted Tucker, Ken Brooker, Cliff Porter and Dale Carey. Coaches of the "North" team are Dale Houlette, Scott Woolley and Ted Procter.

The "South" coaches in the Intermediate League are Charles Waggoner and Jim Johnston. "North" coaches are Jerry Loflin and Claude Spears.

BASEBALL HARDWARE . . . Ronald Smiley poses with a portion of the trophies which will be given away during Saturday night's all-star program, for members of the all-star teams, first and second place teams and sportsmanship winners.

FRIDAY MORNING

Maize Days Planning Committee To Meet

Baker Diggins and Cecil Maddox have called a planning meeting for all Maize Days committee chairmen for Friday morning at 7 a.m. at the Parmer House Restaurant.

Purpose of the meeting will be to make plans for the city's annual celebration.

"We're also inviting anyone who has suggestions for improving or adding to our Maize Days celebration," Diggins stated. He added that those chairmen who have held their jobs for several years might not feel the need to attend, but those who were fairly new or had any questions should try to be there.

Chairmen who have been named thus far to committees include the following:

Parade - Porter Roberts
barbecue - A.L. Black; Queen's contest - Mrs. Andy Hurst and Mrs. Pudge Kendrick; Motorcycle events - Friona Young Farmers; commercial exhibits - New Horizons Junior Study

Club; beard contest - Friona Noon Lions.

Carnival - Friona Lions Club; decoration - Volunteer Fire Department; finance - Hollis Horton; publicity - Bill Ellis and Ted Lamora; shave permits - Friona Lions Club; concessions - Wesley Foster; antiques - Dick Habbingas and Pete Zachary.

Kids contest - Jackie Morgan; luncheon - Alton Farr and Jake Outland; talent show - Friona Jaycees.

Other events will include a football game, Friona vs Farwell, at Chieftain Field on Friday night. Plans are being discussed for some type of Saturday night program.

Members of Black's barbecue committee include Porter Roberts, Ralph Taylor and Earl Chester. On Horton's finance committee are Pudge Kendrick, Jerry Hinkle, Larry O'Connor, Bob Neelley and Ron Davenport.

The annual celebration will be held in Friona the week of September 8-13.

SEING DOUBLE . . . Sharon and Karen Crofford, twin daughters of Mr. and Mrs. F.G. Crofford of Friona, strike a pretty pose while taking a sunbath in their back yard during one of our many recent hot days. That's Sharon on the left - or is it Karen? Oh, well, one is Sharon and the other is Karen.

BUYING SERVICE

New Cattle Business Announced Locally

A new business connected with the cattle industry was announced for Friona this week.

"Pioneer Cattle Order Buyers, Inc. has been organized by some of the top cattle buyers, to offer a bigger and better service to people interested in the cattle industry.

G.B. (Pete) Buske is president of the corporation. Doug Stephenson is vice president. Don Foster of Hereford is executive vice president and Mary Bingham is secretary-treasurer.

"We are ready to take anyone's order for cattle, whether they want stocker, feeder, or fat cattle," Buske stated.

The company's office is located in the Bingham Building at the intersection of U.S. Highway 60 and Main Street in Friona.

The three principal individuals in the company have a combined total of 84 years experience in cattle buying.

Buske has a history in the cattle business dating back to 1928, when he shipped his first car-

load of cattle from Abernathy. He moved to Friona shortly after that, and fed cattle for ten years, just east of the city.

Prior to and during World War II, Buske served as a cattle buyer for major packing plants. Following the war, he bought and sold stockers and feeders, shipping them all over the Midwest and Southwest.

In recent years, he has continued to buy cattle, for individuals and major packers.

Stephenson, who moved to

THE MOON LANDING AND AMERICAN BUSINESS

Our landing of astronauts on the moon represents the fulfillment of one of man's oldest dreams and a truly remarkable technological achievement.

For centuries man has wanted to explore the moon and discover its secrets. And for centuries he has left his dream unfulfilled—for lack of technological knowledge.

When we witness this supreme achievement, we see the lift-off, the live television broadcasts and the glamorous equipment that makes the flight spectacular.

Yet, we often fail to realize that each section of the space vehicle is composed of hundreds of thousands of parts which, in themselves, are seemingly unexciting but which perform functions vital to the success of the mission.

Take, for example, an extremely accurate long-duration timer used in the Early Apollo Scientific Experiments Payload (EASEP) package in the recent moon shot.

Using the same basic movement that is found in the Bulova Watch Company's Accutron timepiece, the sophisticated timer performs an essential function in the EASEP package.

In the recent moon shot, literally thousands of mechanisms like Bulova's Accutron timer performed perfectly after the charring heat of take-off, and in the extreme cold of the moon's surface.

Our moon landing is not only a tribute to the courage of the Astronauts, but to the scientists working on the project. It is also a tribute to the technological knowledge and precision manufacturing capabilities of American business.

NFO Opens Office Here

Parmer County NFO has moved its office to Friona, and is open in the Mabry Building at 108 W. Ninth. The office will be kept open each day from 9 a.m. until 5 p.m., Mondays through Fridays, and from 9 a.m. until 12 noon on Saturdays.

Mrs. Mickey Wilson is the office secretary, and will be in the office whenever anyone needs to visit the office, which is to serve as county NFO headquarters. Telephone number for the new office is 247-3572.

The office is at the former location of Modern Beauty Shop.

Friona Flashbacks

...from the files of the Friona Star

40 YEARS AGO—JULY 19, 1929

Gene Howe of the Amarillo Globe-News has launched an editorial campaign to save the name of our neighboring city of Muleshoe, some of whose citizens wish to change the city's name to Roseborough, because it "sounds prettier."

Editor Howe believes in preserving "local color," and since Muleshoe is named for the Muleshoe ranch, famous in the days when cattle was king in Texas, he urges the citizens to keep the name. "There is only one Muleshoe in the world," Howe says.

35 YEARS AGO—JULY 27, 1934

Most Friona citizens were awakened at 3:30 o'clock last Friday morning by the report of pistol shots and the wailing of the siren on the city fire truck, as a most disastrous fire had broken out in the Capitol Theatre.

Damage to the theatre building has been estimated at \$30,000.

30 YEARS AGO—JULY 21, 1939

Under the direction of Mr. Harley Bulls, band director of Friona Schools, a three-day band clinic will be sponsored in Friona next week.

25 YEARS AGO—JULY 28, 1944

One of the highlights of the year for the Hereford Brand office force is the annual chicken-fry given by John White, editor of the Friona Star, with the Brand force as honor guests. Sunday evening the group was entertained by Mr. White with his daughters, Mrs. Bill Flippin and Mrs. Fred White assisting. Fried chicken, home-made ice cream and all the other "fixins" for a picnic were served.

20 YEARS AGO—JULY 22, 1949

County Judge A.D. Smith has received a letter from the State Highway Department relative to the paving of FM Highway 299 from its southern limit about four miles south of Hub, to the Bailey County line.

15 YEARS AGO—JULY 22, 1954

The Parmer County Farm Bureau will join other Texas counties in Texas by staging an annual queen contest this year. Cotton John, farm editor of Station KGNC, will act as the master of ceremonies. The event will be held on August 27.

10 YEARS AGO—JULY 23, 1959

Baker Duggins and Tom Bob Jarboe will be the high school counselor and junior high principal respectively beginning this fall. Jarboe had been the Friona elementary school principal the past three years. Duggins has been the high school girls basketball coach the past four years, and will continue in that capacity. He has acted as junior high school principal the past two years.

5 YEARS AGO—JULY 23, 1964

Garland Freeman, a native of Muleshoe, is the new deputy for the Friona area, replacing Rex Cowart, who resigned recently and moved to Dimmitt. Freeman served 14 years as sheriff's deputy in Bailey County.

Wish We'd Said That: Little Abner's boss, Al Capp, during a question-and-answer period following a speech on a college campus was faced by an unkempt student. The hippie type began his query of the cartoonist with a foul word. Mr. Capp quickly replied: "Now that we know your name, what is your question?"

Friendly Nations: In his June, 1969 report to his constituents, Virginia Senator Harry Byrd noted that in the first three months of 1969, 25 ships flying the flags of free world nations carried cargo to North Vietnam. Twenty of the ships were British. "And they want us to 'Buy British'."

THAT'S OUR TEAM !

... Texas water plan a "must"

TEXANS ON AUGUST 5 will determine the course our state will take into the next century. One course, begun nearly two decades ago and ready for action now, will provide adequate water resources to keep Texas moving ahead with vision and determination. The other leads to stagnation and decline because of an inadequate water supply.

WHAT IS AMENDMENT NUMBER TWO?

Amendment No. 2 authorizes the Texas Water Development Board to issue \$3.5 billion in bonds to finance Texas' share of the cost of the Texas Water Plan. This money is not to be used to provide gifts or grants, but will provide temporary financing which will be repaid by water users. The Amendment also removes the 4 per cent ceiling on Water Development Bonds.

WHAT IS THE TEXAS WATER PLAN?

The objective of the Texas Water Plan is to provide adequate water to maintain the growth and prosperity of Texas into the next century when it is estimated that we will have a population of 30.5 million people. The Plan provides for the full development of our water resources and the importation of surplus water from the lower Mississippi River for distribution to areas with declining water resources.

WHO IS TO PAY FOR THE PLAN?

Cost of the \$9 billion Texas Water Plan — Texas' share is estimated at \$3.5 billion — will be shared by local, state and federal governments, with those who ultimately use the water paying much of the costs of the Plan.

WHY DOES TEXAS NEED A WATER RESOURCE PLAN?

By the end of this century — in just 31 years — Texas will not have enough water to supply its growing cities, its expanding industry, and its irrigated agriculture. To assure an adequate water supply, the state has prepared a plan for the full development, management and use of its water resources — and an imported water supply — to serve Texas to the year 2020 and to assure all Texans water to meet their needs.

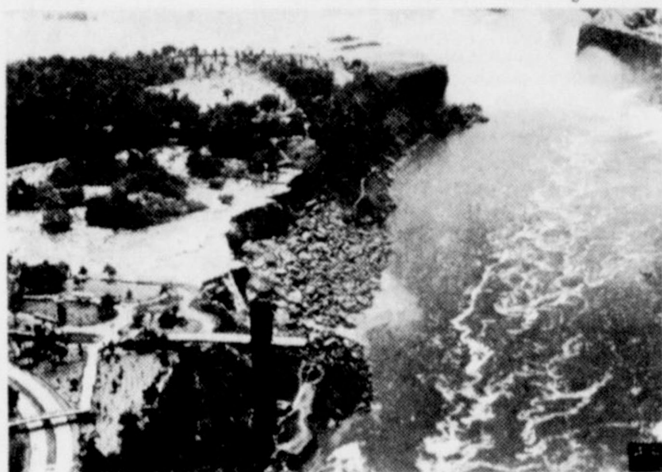

WILL THE PLAN PROVIDE ADEQUATE WATER FOR TEXAS?

Yes. With our current major reservoirs (157), the proposed full development of our water resources (67 dams and reservoirs) and an imported supply of water, Texas can meet its water demands to the year 2020.

WHO WILL BENEFIT FROM THE PLAN?

The people of Texas will benefit from the Texas Water Plan. The plan provides for meeting all essential and beneficial water requirements throughout the state. The Plan will provide water for domestic and municipal uses, for industry, for agriculture, for recreation, for our bays and estuaries, and for other beneficial purposes. The Texas Water Plan will provide Water for Texas!

- - The Arlington Citizen-Journal

STRIKING CONTRAST — The natural splendor of the Horseshoe Falls at Niagara Falls stands in dramatic contrast to the craggy precipice of the American Falls, which was stilled temporarily on June 12. The dewatering will permit a six-month study by the U.S. Army Corps of Engineers in an effort to halt the erosion that has allowed the rocks to pile up at the base of the cataract. (International News Bureau photo, courtesy Power Authority of the State of New York.)

Let's Go Car Camping...

Car camping has been popular for a long time. It flourished with the Model T, survived the depression, was held in check during World War II, and then took off down the highway like Bonnie and Clyde.

Freedom and economy are the two most potent selling points for car camping. Freedom reigns because you can go anywhere a set of tires will take you. If you don't like one campsite, you're free to pack up and drive to another. If you don't care for the ocean, you can head for the mountains. As for economy, the whole family can enjoy a car camping vacation for far less money.

Freedom and economy also enter into the purchase of a

tent, which remains the traditional camping shelter. To be sure, tents like cars have become more sophisticated and few modern families camp out in the woods like Davy Crockett. Nevertheless, the tent is still the fundamental item and, whatever its design, cotton canvas is still the favorite tenting material.

Canvas permits air to circulate freely, and this keeps you comfortable and prevents moisture from forming and dripping down inside. New chemical finishes give canvas even greater resistance to wind, rain, and mildew.

There are all sorts of shelters for on-the-move car campers. And for the fashion-minded, these are available in vivid or pastel colors like glacier blue, bright orange, greys, and yellows.

Perhaps the most popular type is the tent trailer. This unit comes in styles to meet every budget. It has a dining area that converts into double sleeping room and is equipped with pump faucet, cooler, and stove.

Then there's a tent with a boot which attaches to the rear of a station wagon. It adds the wagon's load space to the tent interior, providing a second room.

The pop tent also is an excellent choice. Compact and shaped like an igloo, it pops into position in less than two minutes. Completely portable, it can be moved from sun to shade even when it's up. For road travel, it fits neatly into a corner of the car trunk.

HOME AWAY FROM HOME—Ample living and sleeping space is provided by a tent trailer with an "extra room" pop tent. The sturdy canvas pop tent makes an ideal shelter for youngsters who enjoy a tent of their own. A 10-year old can set up this tent by himself. By Thermos.

Mr. and Mrs. Jim Bridges and daughters, Karla and Laurie, of Dallas were visitors in the home of Mrs. Ethel Bengler last week. Bridges is Mrs. Bengler's nephew.

Cotton textiles play a vital role in operation of dairies, fisheries, and packing houses.

TENT VILLAGE—This shows how much fun car camping can be for the whole family. Modern vacationers like lots of room, plenty of ventilation, and protection from the elements. Cotton canvas is the material most relied on for outdoor shelter. It's treated to be water-repellent and mildew-resistant. Tents by Hettrick.

Mrs. Southward Services Conducted Here Tuesday

Funeral services for Mrs. Melvin Southward of Route 1, Friona, were conducted from Calvary Baptist Church at 2 p.m. Tuesday. Rev. Bill Foll, pastor of First Baptist Church, was the officiating minister. He was assisted by Rev. R.C. Hester, pastor of Calvary Baptist Church.

Billie Louise Clark was born July 22, 1932 near Hollene, New Mexico, and had lived in this area all her life. She died at 12:15 a.m. Saturday in M.D.

Anderson Hospital, Houston, following a long illness.

Survivors include her husband and two sons, Mike and Todd; her mother, Mrs. Lillian Clark, Friona; two brothers, Joe Clark, Texico and Marion Clark, Grants, New Mexico. Pallbearers were Paul Harrison, Elmer Fryer, Buddy Lloyd, D.B. Ivy, Ken Harrison, L.J. Jones, Lloyd Rector and Pearl Duncan.

Burial was in Friona Cemetery under direction of Claborn Funeral Home.

Mary Rando To Appear On TFB's State Seminar

Two high school students from Farmer County will travel by chartered bus Tuesday, July 29, to Baylor University in Waco where they will attend a Citizenship Seminar July 29 - August 2, conducted by the Texas Farm Bureau.

They are Shiela Garner, Farwell High School student, daughter of Mr. and Mrs. Delbert Garner of Route 1, Farwell - and John Jones of Lazbuddie High School, son of Mr. and Mrs. R.L. Jones, Route 3, Muleshoe.

The Farmer County Farm Bureau is sponsoring the local students at the four-day training school. Some 390 students from 140 counties across the state will be attending the session.

Four outstanding, nationally-known lecturers will address the Waco training school, according to Harry Hamilton of Friona, president of the Farmer County Farm Bureau. In addition, Friona's Mary Rando will appear on the program. On the program are Dr. C.

L. Ganus, president of Harding College, Searcy, Ark.; Dr. C. L. Kay, assistant president of Lubbock Christian College, John Noble, Muncy, Pa., author of "I Was A Slave in Russia;" and W. Cleon Skousen, Salt Lake City, author, lawyer, educator and former FBI agent.

In addition, a young former narcotics addict and ex-convict from Dallas will relate the tragic story of his life as an addict and criminal. At the conclusion of the seminar on August 1, 18-year-old Miss Mary Rando of Friona will give her rendition of "I Am The Nation," a patriotic recitation that helped her win the Freedom Foundation's George Washington Honor Medal.

Purpose of the seminar is to give the student a better understanding of the American system and way of life. Emphasis will be placed on the economic, moral, and social aspects of the American society. Instruction will consist of lectures, films and panel discussions.

Mrs. J.E. McFarland returned home Tuesday after spending several days visiting in the home of Mr. and Mrs. Roy Lee Jones and children, Lovington, New Mexico. Mrs. Jones is the former Charlene McFarland.

The Texas Water Plan, which is subject to approval by voters August 5, is based upon the concept that all costs of the water developments proposed would be repaid by the persons who benefit most -- the users of the water.

No-Hitters Feature Final Week Of Summer Loop Play

Two no-hitters featured the final week of play in the Friona summer baseball program. John Carson hurled one for Tasty Cream, as his team downed Parmer County Implement Co., 10-0. He allowed only two base runners, on walks. Curt Miller and Jody Menefee combined for a no-hitter, although it wasn't a shutout, 11-3 over Parmer County Implement in a makeup game on Monday.

New Business . . .
(Continued from Page 1)

Friona in 1963, got started in the cattle business in 1945, following four years in the Air Force. A native of Sweetwater, he was first affiliated with a livestock selling agency, in Billings, Montana. He was employed for 10 years with Swift and Company, in Billings and San Francisco. He came to Friona with the opening of Friona Feed Yards, and has operated as an independent buyer for the past year. Foster has been a buyer of fat cattle for Wilson and Company for the past 19 years. He spent some time with Wilson in Kansas City, Phoenix, Greeley, Colo., Dodge City and Western Kansas, and is well-known in those areas. Foster has been in the Clovis and Hereford areas for the past three years, and in the Southwest for the past 10 years. "We are in contact daily with buyers in a wide area of the cattle industry. We are pooling our experience in the business, and feel that in so doing we will be able to offer quite a service to people of the Panhandle area," Buske said. Buske cited the rapidly-expanding cattle industry as the reason for the formation of the new company.

The Texas Water Development Board would be authorized to spend \$65 million for water storage in reservoirs not associated with the Texas Water System if the proposed Texas Water Plan is adopted by voters on August 5.

The league champs jumped ahead with 11 runs in the first inning. Friona State Bank, the only team to defeat Intermediate League champion Star-Hurst Department Store, handed Star-Hurst its second loss in the last game of the Intermediate League. The Bank batted around in a big five-run second inning against Star-Hurst ace Johnny Rando, and then held off a late charge for an 8-6 win.

Services Pending For Henry G. White

Funeral services for Henry G. White, 70, a resident of Friona since 1926, were pending at press time. White was dead on arrival at Parmer County Community Hospital Tuesday at 8:30 a.m. White moved to Friona from Stephenville. He was a carpenter and building contractor. He is survived by his wife, Laura, four sons, Charles A. White of Ashland, Ore.; James L. White, Ignacio, Colo.; J.G. White of Stephenville, and Herald White, with the Navy at Moffet Field, Calif. Also surviving is a daughter, Mrs. Wvonne Baxter of Ignacio, Colo., a brother, J.L. White of Stephenville, 16 grandchildren and three great-grandchildren.

Renner Assigned

Fireman 3/c Ted Renner has been assigned to the U.S.S. Juncau, which was commissioned July 13 in Seattle, Washington. Renner, son of Mr. and Mrs. John Renner, recently completed basic training at the United States Naval Training Center, San Diego. He is a 1967 graduate of Friona High School and attended Eastern New Mexico University, Portales, and West Texas State University, Canyon, before enlisting in the U.S. Navy.

FHA Loans Available

For Recreation Areas

The Farmers Home Administration can now make loans to farm and ranch owners or tenants for outdoor income-producing recreational enterprises according to Billy R. Boling, County Supervisor.

Loans to individuals can be made to convert all or a portion of their farms to recreational facilities. The recreational enterprise may supplement regular farm income or, in some cases, replace farm income by converting the entire farm to recreation.

Public recreational areas are increasing in number each year; however, the demand for such facilities still exceeds what is available. The purpose of this loan program is two-fold in that it will provide more recreational areas and help farmers and ranchers to increase their income stated Billy R. Boling. Loans may be made for camp-

ing, picnicking, and fishing facilities, swimming, boating, skiing and fishing facilities, golf courses, riding stables or many other forms of outdoor recreation. Funds can be used to purchase necessary materials, supplies and animals, acquire and develop land and water resources, construct or improve modest essential buildings, and to purchase and install needed equipment and fixtures.

Each loan will be scheduled for repayment over a period not to exceed 40 years at 5 per cent interest. Interested individuals should contact Billy R. Boling at 703 Avenue A, Farwell, Texas for further details.

Doctors often recommend cotton clothing for relief from skin irritation.

The Library Corner

by Mrs. John F. White

The Library Board met this past week for their regular monthly meeting. The annual report for the library was given and the figures showed that more people than ever are using the library. During the library year which ran from July 1, 1968 to June 30, 1969 the Friona Library checked out 10,291 books to 4,470 patrons. During this year 285 books were donated, 507 books were purchased and 21 books donated as memorials. We have 988 registered readers. Seven new patrons began using the library during the month of June.

The Library Board elected officers during their meeting. Mrs. Bill Brandt is the new chairman, Charles Allen is the vice-chairman and Mrs. Von Edelman is the new treasurer. The librarian serves as secretary to the Board. Three members are leaving the board as their terms have expired. They are Mrs. Don Spring, Steve Messenger and Mrs. John F. White.

Fifty children have read 12 or more books during the Summer Reading Program. Twenty boys and girls attended the film shown last Saturday. This

coming Saturday morning we will show two films in the library beginning at 10:00. We will see "Yosemite National Park", and "Alaska, Its People and Progress". We begin promptly so be sure to get there by 10:00.

We are requesting that all children who have completed the required twelve books please return the blue sheets of paper that they received from the librarian that lists the books they have read. These must be returned to the State Library Association so that they will receive a certificate. The sheets may be returned at any time. The librarian will keep them until we send them in.

This week is the last week that I will be writing this column. I appreciate the comments from our readers, both pro and con, about this column. I also appreciate the cooperation from our librarian and other board members in assisting me in so many ways. My special appreciation goes to Bill and Carol Ellis for the great amount of publicity they have given library programs and their extra effort spent to promote Library growth.

BED-PLAYROOM FOR SISTERS—The refreshing, airy look of this attractive room depends a lot on the major decorating fabric—a handsome poppyprinted cotton in tones of blue and white. A matching panel of wallpaper is used as flat headboard-canopies. The deep delphinium blue in the fabric is repeated in a room-darkening window shade. Tangy lime green serves as accent color on the shade hem, toss pillows, and painted cabinet.

FRIONA FEED YARDS' Intermediate League team is shown here. Back row, left to right—Jim Johnston, coach, Darrell Mason, Kent Miller, Hal Blackburn, John Seright, Jimmy Murphee, Don Fortenberry, assistant coach. Front—Johnny Jones, Coy Jameson, James Howell, Darward Looper, Kevin Welch, Charles Wilkins and Randy Melton. Not shown—Joe Cunningham, Joe Odum and Waymon Lee.

These Fine Youngsters Have Proven Themselves To Be Great Little Sportsmen In Winning The League Championship. We Are Proud To Have Them Representing Our Firm.

On The Farm In Parmer County

RONNIE McNUTT
County Agent

Just recently several people have inquired about the safety of using vegetables from home gardens. Their concern has developed as a result of the spraying necessary this year to control the insects in sorghum, particularly the greenbug and corn leaf aphid.

Many home gardens are located adjacent or relatively close to many fields that are being treated for these two insects. In the above situation some of these gardens may have received an application of the insecticides. This could be the result of insecticide drifting or as a result of the garden being at the end or side of the field being treated.

The two primary insecticides being used are parathion and Di System.

In an effort to present some useful information concerning this situation, suggestions from U.S.D.A. Agriculture handbook No. 331 "Guide for the Use of Insecticides" will be presented below.

The restrictions in this handbook state "Do not use parathion operator." The restrictions below on "minimum days from last application to harvest or feeding" apply only to vegetables grown for commercial use.

MINIMUM DAYS FROM LAST APPLICATION TO HARVEST OR FEEDING

Vegetables	Parathion	Di System
Beans	7 to 15 days	not known
Cantaloupe	7	not recommended for use
Carrots	7	not recommended for use
Cucumber	15	not recommended for use
Lettuce	15 to 21	not known
Mustard greens	10	not recommended for use
Okra	21	not recommended for use
Onion	15	not recommended for use
Peas	15	not recommended for use
Potatoes	5	75 days
Squash	15	not recommended for use
Sweet Corn	not recommended	not recommended for use
Tomato	10	not recommended for use
Watermelon	7	not recommended for use

As indicated above Di System is not recommended for use on most vegetables. Di System is recommended for use on beans, lettuce and peas to control certain insects. However, it is not known what the minimum days from last application is until these vegetables can be eaten.

As mentioned before the safety of eating home garden vegetables that are grown close to fields treated with parathion or Di System depends very much on (1) whether the insecticide drifted on the vegetables or (2) if the garden was located where it received direct application of the insecticide.

The Texas Water Plan presents for the first time in the history of the state a long-range water program to meet the requirements of the 21st Century.

SPRAY DAMAGE . . . Junior Renner is one of a group of farmers northwest of Friona who experienced bad damage to their cotton from 2,4-D weed spray. Renner is shown in a patch of cotton which an official of the state department of agriculture estimated was damaged 80 per cent. Origin of the spray has not been determined.

PRESENTING---

PEE WEE KINGS . . . The champions of the Pee Wee League are shown above. In the back are Dale Houlette, coach, Phillip Maxwell, Nathan Kretzman, Tony Johnson, Sam Akers, Don Maynard and Curt Miller. In the front are Bron Euler, Jim Fallwell, Wade Jameson, Randy Waggoner, Jody Menefee, Randy Stevens and Hollis Horton, sponsor.

Once Again We're Proud To Have Been A Part Of The Summer Baseball Program. Hats Off To Our Players And Coach.

You parents of teen-age drivers - especially boys - should be prepared to pay as much as three times your regular rates for car insurance. The cost of an under 20-year-old boy who is the principal driver of a second or third family car runs about triple the adult rate. This holds true even though the car is registered in the parent's name. But, the rate is about double the adult cost if he merely drives the family car "with permission." Records also show that youthful drivers are more careful of the family car than their own.

Lettuce if stored with other fruits and vegetables is more likely to develop russeting. This is a type of browning on the inside leaves. To prevent this always store lettuce separately.

Did you know that a cup of two percent milk contains 10 fewer calories than whole milk? But, it has more protein, calcium and B vitamins. Why?

Two percent also means that two percent milk solids have been added.

Books for your child's bookshelf should be chosen carefully. His books are important to him. Some children are more sensitive than others to the beauty of a book or its illustrations. So, whether to choose a beautiful and expensive book or to spread the budget over a larger number of less-handsome books, depends on each individual child. Some children like the feel of a book; while to others the story is all that's important. Each child is different in his reading needs and interests.

If you are selecting books for your children, these Fact sheets may be of interest. The first is entitled "Books for Children Under Six" and then "Selecting Books for School-Age Children." If you would like either of these, please call or come by the Extension office in the courthouse.

Water Plan Is Termed Sound By Engineer

The Texas Water Plan is the first major water plan in the United States where substantial provision is made for maintaining the ecological balance, declared a 45-year veteran of water engineering in Texas.

S.W. Freese of Freese, Nichols and Endress, Fort Worth based consulting engineering firm, said the plan is essential to the welfare of the state and added "The framework of the plan is sound."

"The passage of Constitutional Amendment No. 2 on August 5 is a first step toward carrying out the plan," he said.

The noted water engineer and his associate R.S. Gooch in a prepared statement dealt specifically with comments made by University of Texas Professor Daniel E. Willard criticizing the plan. The biology professor's main field of research is in the metabolic processes in cold-blooded animals, according to his own testimony before a state agency recently.

Professor Willard reasons that providing more water will cause a substantial growth in population and he does not consider this a worthwhile objective of the plan.

Freese said the growth in population will take place with or without the water plan. "All that the Texas Water Plan does is to help insure that the water will be provided in a timely, economical and equitable manner," he added.

"The Texas Water plan deals specifically with the maintenance of desirable salinity gradients in Galveston Bay," said Freese. About 1.5 million acre-feet of additional fresh water will be provided the bay annually from the Texas Water System. "The plan attempts to maintain and enhance the ecological balance and appears to be an improvement over continuation of the past unplanned policy in this respect," he added.

Freese said one of the main purposes of the Texas Water Plan is to maintain the High Plains irrigation economy by use of imported water. Professor Willard contends the moving of more water in this

region would simply aggravate the ecological imbalance that exists.

Professor Willard also charged the system of reservoirs in East Texas would cause atmospheric imbalance and actually result in West Texas getting less rain than now is received.

"I am not a weather expert, but it is likely that the evaporation from planned reservoirs in East Texas would be about the same as present transpiration from the moist, lush forests in the reservoir sites," said Freese.

Gooch contended in his statement that the crux of the argument over the water plan is whether it is better to have a plan for the future or to operate without any plan whatsoever. "The choice is not between having the Water Plan or turning the Panhandle back to grass and buffalo," he said. "It is one of trying to be prepared for future events on a statewide basis versus confronting the same future requirements piecemeal," he added.

"It won't make life in Texas better to deliberately fail to provide the water needed to sustain our economy," Gooch concluded.

MBP Files For Stock Listing

Robert E. Frye, President of Missouri Beef Packers, Incorporated, announced today the filing of an application to list Missouri Beef Packers, Incorporated, common stock on the American Stock Exchange.

In making the announcement, Mr. Frye noted that for the first six months of fiscal 1969, the Company reported net sales of \$102,897,643, up 140 percent; net earnings of \$803,943, up 56 percent and earnings per share of \$.71, up 42 percent over the six months comparable period for 1968.

Congratulations!

REEVE CHEVROLET . . . Back row, left to right--Bobby Zetzache, Benito Castillo, Kenneth Jordan, John White, Loren Martin and coach Claude Spears. Front row--Trip Horton, Clay Bandy, Greg Martin, David Barnett, Randall Snyder and Don Spears. Not shown--Mitchell Wiseman, Alfred Pedroza and Sylvester Lee.

We Are Proud To Take Part In Friona's Summer Baseball Program. Our Special Thanks To These Young Men Who Represented Us So Well This Year.

Fifteen Rural Wrecks On County Record; One Death

The Texas Highway Patrol investigated 15 accidents on rural highways in Parmer County during the month of June, according to Sergeant W.E. Wells, Highway Patrol supervisor of this area.

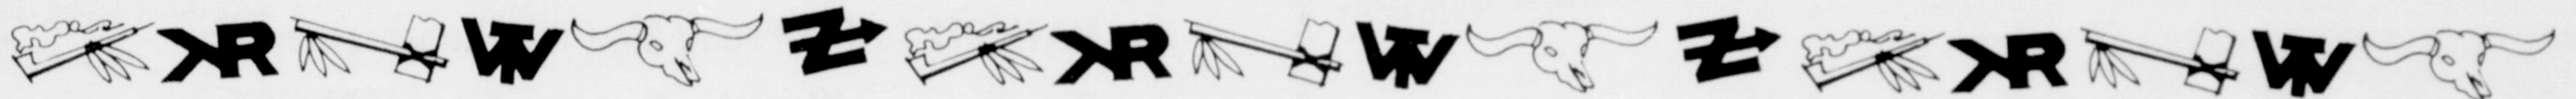

These crashes resulted in one person killed, nine persons injured, and an estimated property damage of \$11,410.

The rural traffic accident summary for this county during the first six months of 1969 shows a total of 63 accidents resulting in two persons killed, 39 persons injured, and an estimated property damage of \$46,180.

During the first six months

of 1969 in Texas there were 1,470 traffic deaths, or two less as compared to the 1,472 traffic deaths for the same period of 1968. However, if past trends continue the last six months will probably far exceed the first six months; as a matter of fact, the last six months of 1968 there were 2,009 traffic deaths.

The Sergeant stated, "With an all time record of 49 traffic deaths over the 4th of July weekend, we are not only well ahead in comparison to the beginning of the second six months in 1968, but well on our way to establishing a record year in 1969."

MAKES VISIT . . . Claude Morris, Sr., Grand Master of the Grand Lodge, Independent Order of Odd Fellows, made his official visit to Friona for a district IOOF meeting. On the left is Billy G. Zachary, Grand Master of the Friona Lodge. Some 33 Oddfellows were in attendance.

Girl Scout Troop Returns From Sipapu

Sixteen members of Girl Scout Troop 211, one camp aide and five adults returned Friday after spending three days in the mountains of Northern New Mexico. They were guests at Sipapu Lodge, which is located near Tres Ritas.

The following report was written by one of the participants in the camping trip.

"The first day we hiked to a meadow upon a mountain and sat down to eat lunch. Hail began to fall and soon the ground was covered with pea sized hail. We scrambled to the trees for shelter and finished our lunch. Girl Scouts can have some of the most surprising experiences!"

"Then it rained for about two hours, but in the true Girl Scout spirit, we came down the mountain singing in the rain. We had to peel off our wet clothes before we could get into the cars for the drive back to the lodge and were thankful we were the only occupants of Sipapu at the time."

"We also visited with a forest ranger at Penasco and asked questions pertaining to the conservation of natural resources and safety badges. Then the next day we visited the Pueblo Indian Village and the arts and crafts centers in Taos."

"After the trip to Taos, we decided that the hippies are stealing the show from the Indians."

"One night we put on skits and the next night the leaders presented skits. The last night we were there, we enjoyed singing songs on a small bridge over a stream."

Girl Scouts making the trip were Jeannie and Janice Bandy, Beverly Bailey, Kay Cochran, Glenda Reeve, Carolyn Gore, Annette Reznik, Linda Martin, Jana Sue Robertson, Dorothy Johnston, Lisa Taylor, Vicki Pryor, Laquite Graham, Karen Hart, Joy Mann and Jan Young.

Also Carla Sue Mann, program aide, and Mesdames Bill Bandy, Meryle Massie, Al Reznik and George Taylor.

BERUFFLED—Snowy white cotton plisse is the inspiration for this '69 resort design by Arpeja. Flounced tiers gracefully descend from an empire bodice accentuated with deep V neck and underscored with a ribbon bow.

Friona Girls Win Ribbons In County Dress Revue

Deborah Harding was named high point girl in the Farmer County 4-H Dress Revue, Thursday, July 17. She will represent the County at the district revue in the 12-13 year age division according to Janice Miller, County Home Demonstration Agent.

Other girls who were named to participate in the District Contest were Cheryl Gohlke in the 9-11 age division and Carrie Haseloff in the 14-19 senior division. Deborah is a member of the Farwell 4-H Club and

Carrie and Cheryl of the Oklahoma Lane Club.

Red ribbon winners named were Arlene Magness, Bovina; Audrey Magness, Bovina and Gail Graham, Friona. Blue ribbon winners were Gayla Self, Friona; Holly Hart, Friona; Cheryl Gohlke, Oklahoma Lane; and Deborah Harding, Farwell.

The district dress revue will be held August 1 in Amarillo. Girls from the 22 counties in Extension District 1 will participate in the district contest.

Church Women

Plan Meeting

The July meeting of Interdenominational Church Women of Friona will be held at Friona United Methodist Church Friday, July 25, beginning at 2:30 p.m.

The speaker will be from Calvary Baptist Church. A representative of First Baptist Church will present the devotional and members of Union Congregational Church will lead the prayers.

Julie Ann Grant

Born In Andrews

Mr. and Mrs. George Grant Jr. of Andrews became parents of a baby girl at 6:37 a.m. Sunday, June 13, at Permian General Hospital, Andrews.

She was named Julie Ann and weighed 7 lbs. 10 ozs. Paternal grandparents are Mr. and Mrs. George Grant Sr., Friona. Mr. and Mrs. D. P. Thomas, Andrews are the maternal grandparents.

Hospital Report

Mrs. Robert Mayfield and baby boy, Hereford, Claude McDowell, Friona, Melinda Miller, Friona, Elzy Clifton, Texico, Royce Lorenz, Farwell, Stella Shirley, Friona, Nora Fuentes, Friona, Joe Bryant, Friona, Margaret Powell, Grady, N.M., Teresa Maurer, Friona, J.C. Stowers, Bovina, Mrs. Robert Bone, Hereford, Mrs. Sidney Epperson, Friona, Justina Uriegas, Bovina, Nellie Ramon, Hereford, John Price, Friona, Mrs. Tony Smith, Friona, Wendol Christian, Farwell and Salomon Flores, Friona.

Elzy Clifton, Nellie Ramon, Mrs. Robert Bone, John Price, Pearl Johnson and Justina Uriegas.

PATIENTS IN HOSP. 7/22/69: Dorothy Hough, Mrs. Sidney Epperson and baby girl, Mrs. Tony Smith and baby boy, Butch Watkins, Agnes Fulks, Salomon Flores, Giles Williams, J.C. Stowers and Wendol Christian.

DISMISALS:

Lee Blevins, Amy Blankenship, Maggie Barron, C.A. Paul, Melinda Miller, Stella Shirley, Nora Fuentes, Claude McDowell, Betty Cunningham, Joe Bryant, Teresa Maurer, Mrs. Robert Mayfield and baby boy, Juanita Foreman, Royce Lorenz, Margaret Powell, Ruth Brown.

Chris and Laura Lee Clarke of Palmdale, California, spent several days visiting in the home of their aunt, Mrs. Ethel Bengler, recently.

Brother Of Frionan

Buried In Clovis

Funeral services for Ray Leslie Singleterry, 64, of Clovis were conducted from Sixteenth and Pile Church of Christ Tuesday of last week.

Bob Hawkins, minister, was the officiant. Burial was in Lawnhaven Memorial Gardens. Singleterry died the previous Sunday evening in Clovis Memorial Hospital. He was a retired hardware store operator and had lived in Amarillo and Hereford before moving to Clovis a few years ago.

Survivors, besides his wife, Bennie and one son, Joe of Borger, include five sisters, Mrs. Faye Wilson, Friona, Mrs. Evelyn Tuckness, Amarillo, Mrs. Velma Billingsley, Yucapa, California and Mrs. Gladys McDonald, Texico; and brother, Pearl Singleterry of Texico; and one grandchild.

Local Couples

Visit Relatives

Mr. and Mrs. Ted Lamora and Mr. and Mrs. Fred Jackson returned home recently after a nine day trip which took them as far as Newport, Rhode Island, where they were guests in the home of Mrs. Connie Lamora, who is Ted's mother.

At Boston they visited in the home of Mr. and Mrs. Ronnie Cedrone and sons. Mrs. Cedrone is the former Frieda Jackson.

Enroute to and from the East Coast they visited points of interest in St. Louis, Washington, D.C. and Nashville, Tennessee.

More than half of the present \$2.5 billion income from Texas farm marketings come from irrigated farmlands.

...this seal

means a great deal!

■ This hallmark on homes means clean electric living from cooking to heating to air conditioning . . . all year electric convenience and comfort. It means the new home you buy, bearing this seal - or the conversion of your older home satisfies your desire for a modern home that will stay modern for years to come. Reddy's electric climate engineers will gladly show you why.

Girl Scouts Receive Camp Awards

Jayn Massie and Susie Spring recently spent two weeks at Rocky River Ranch, a girls camp near Wimberly, Texas. They entered the camp as counselors in training and were promoted to junior counselors at the end of the two weeks.

Both girls are members of the local Senior Scout Troop. At the end of the camping session they were presented several awards in various fields of camping including archery, canoeing, handicrafts, camp crafts, diving and citizenship.

Rocky River Ranch is owned and operated by Mary (Skeet) Anderson and Sandy Dateman, who were formerly associated with Caprock Girl Scout Council with headquarters in Lubbock.

Muleshoe Sets Youth Revival

The youth division of the First Baptist Church in Muleshoe is sponsoring a youth-led revival July 27 through August 3 at the church.

The youth minister for the week will be Rev. Dean Allen, a graduate of Hardin-Simmons University, Abilene, currently enrolled in his second year at the Southwestern Baptist Theological Seminary in Fort Worth.

Services begin nightly at 8 p.m., with the youth choir rehearsing each evening at 7:15. Visiting youths are encouraged to rehearse and sing with the choir.

Theme of the week will be "Ya' Gotta Wanna!"

Everyone who missed the swimming party sponsored by Friona Maize Tops Monday evening at the Dive In Swimming Pool missed two hours of fun. Several club members were out of town, so there were not very many present, but those of us who were there had a lot of fun.

On Thursday of this week the pool will be open for ladies only from 8 to 10 p.m. If sufficient interest is shown, the pool will be open each Thursday evening during the rest of the season. This is not a club sponsored event.

Each person will pay the regular admission charge.

Mr. and Mrs. J.T. Guinn have a new mailing address. It is 203-21851 Newland Avenue, Huntington Beach, California 92646. They recently moved from a farm northwest of Friona in Deaf Smith County to the West Coast.

Can you imagine how difficult it would be to become accustomed to having a new address after having had the same one for more than 30 years? Guinn, who had lived in the Hereford area since 1901, had been living on the same farm nearly 48 years.

I'm not sure how mail was addressed when the Guinn family first moved to the farm, but they had been patrons of Route 2, Friona, since it first began about 35 years ago.

Guinn, who moved to Hereford as a boy, married Florence Daily of Higgins, Texas in 1917 at Lipscomb, Texas. The couple moved to the farm in September of 1921. They had three daughters, Carmel Lee, June and Dorothy Nell; and one son, J.T. Jr.

When the children were growing up, they attended school at Messenger, where Guinn served on the school board ten years, Hereford and Friona.

The Guinns raised cattle, turkeys, chickens, hogs, wheat and grain sorghum. They originally bought 1/2 section of land and during the years have added five quarters, some of which is irrigated.

Florence Guinn, who died in 1966, was very active in Eastern Star work and had held all the offices including Worthy Matron. Guinn later married Lucille Givens. Recently the couple had a farm sale, leased the farm land and moved to California. Before they left, he said, "Of course, we will be coming back from time to time. The children all live in Texas."

J.T. lives at White Deer, June, who is Mrs. Benny Skidmore, lives in Shamrock. Carmel Lee, who is Mrs. Bryan Morgan, and Dorothy Nell, whose husband, Robert Blackwell, is also a former Frionan, both live in Houston.

We hope the Guinns like living in California, but where will we be able to find a turkey "on the hoof" to photograph at Thanksgiving time. Maybe Owen and Melody Drake, who will be living on the Guinn farm will remember to raise at least one gobbler just for this purpose.

How long has it been since you have driven around Friona just to see how many flower and vegetable gardens are producing profusely? You really don't know what is going on until you take time to drive up and down the streets and alleys just looking for flowers and vegetables.

One of our not too far distant neighbors has one of the best kept lawns in town. She also has a small vegetable garden in the backyard. Think she has two rows of beans about 20 ft. long. The last report I had was that she had canned nearly 50 pints off these two rows in addition to eating a lot of them and sharing them with others.

Another bean grower lives over on Summitt next to Ray Murphree's Texaco Station. He has beans growing on two short rows and has probably lost track of the number of beans he has harvested. He also grows a large variety of flowers.

At the corner of Highway 60 and Summitt you can see Jack Brown's garden and Ray Murphree's beautifully colored zinnias. The Roy Beardains, who live on Washington Street, also have a lot of different kinds and colors of flowers blooming in their yard.

Then you wouldn't want to miss Mrs. Edith Lillard's array of color across the street from the Star office.

We all know that it takes a lot of time, effort, water and care to produce these spots of beauty and vegetables for good eating, which probably makes us appreciate them more.

Worry is interest paid on trouble before it is due.

August Bride-Elect Honored With Showers

Frieda Floyd, bride-elect of Richard Dickson of El Paso, has been honored on three occasions recently. She was guest of honor at a personal shower in the home of Mrs. Forrest Lane, 2433 Church Street, Abilene, late in May.

Hostesses were Mary Shewmaker, Dawn Trammell, Penny Shipp, Ramona Butler; Donna Summers, Karen Kainer and Sue Welch.

The serving table, from which green and yellow cookies, nuts, and mint green punch were served, was centered with a daisy floral arrangement. Twenty-five persons attended.

Miss Floyd and her fiancé were honored guests at a combination miscellaneous shower and ice cream supper in the home of Mr. and Mrs. David Mickey, 10117 Monaco, El Paso, Thursday, July 10.

Co-hosts were Mr. and Mrs. Fred Harvey and Mary Lou, Mr. and Mrs. Bill Hughes, Mr. and Mrs. C.W. Fitzgerald, Mr. and Mrs. C.W. Jennings, Mr. and Mrs. Ken Baggett, Mr. and Mrs. Kenneth Rushing, Mr. and Mrs. Bruce Evans, Mrs. D.L. Allen and Mrs. C.J. Hicks.

The serving table was covered with a white linen cloth. Home made ice cream, cake, cookies and coffee were served.

The couple was assisted in gift opening by Susan Floyd, Friona, sister of the bride-elect, and Emily Potts, Post.

About 65 persons attended. A bridal shower at Sixth Street Church of Christ from 3 to 5 p.m. Saturday was also a courtesy for Miss Floyd.

Guests were registered by Cathy Cunningham. Fresh peace roses decorated the registration table and serving table, from which cookies, mints and punch were served.

Hostesses were Mesdames Eric Rushing, Rene Snead, Herschel Johnson, Louis Welch, Glen Stevick, Elvin Wilson, Grover Goggans, Walter Cunningham and Roscoe Ivie.

Out-of-town guests signing the register were Mrs. Jack E. Dickson, mother of the prospective bridegroom, and Mrs. Ed Fine, both of El Paso; Mrs. E.V. Rushing and Mrs. Gerald Wright and daughter, Marsha, Clovis; Mrs. Wayne Holland, Houston; Mrs. Ross Goodwin, Muleshoe; Mrs. James Mabry, Lubbock; and Mrs. L.P. Holland, Washington, D.C.

Mrs. Bob Tague Feted With Bridal Shower

A miscellaneous bridal shower in the home of Mrs. John R. Cook from 3 to 5 p.m. Saturday was a courtesy for Mrs. Bob Tague, Dalhart, who was Carolyn Menefee before her recent marriage.

Refreshments of cookies, punch, nuts and mints were served. The table was covered with a white lace cloth over blue and centered with a floral arrangement.

Co-hostesses were Mesdames Earl Drake, E.O. Elder, Leonard Coffey, Arthur Drake, O.B. Moyer, Elvin Wilson, Bill Stephens, Vernon Roberts, Spencer Hough, Ray Murphree, C.W. Tannahill, L.R. White, James Boyle, Joe Talley and Douglas Frye.

Lonnie McFarlands Visit Relatives

Mr. and Mrs. Lonnie McFarland, Pierre, South Dakota, and Mr. and Mrs. Don Campbell and son, Ken, Columbus, Ohio, visited local relatives here last week.

Friday evening they were guests in the home of Mr. and Mrs. Claude Osborn. Others present included Mr. and Mrs. Doug Whatley and children, David and Holly, El Paso and Mrs. Roy Clements.

Also Mr. and Mrs. Sloan Osborn, Mr. and Mrs. J.G. McFarland and John Bill, and Mr. and Mrs. M.C. Osborn and daughters.

The Lonnie McFarlands are former Friona residents. Mrs. Campbell is their daughter, Yvonne.

WEDDING PLANS ANNOUNCED . . . Mr. and Mrs. Elvin Wilson announce the engagement of their daughter, Diana Kay, to William Michael Frank, son of Mr. and Mrs. Bill Frank of Hereford. The bride-elect is a 1968 graduate of Friona High School and has attended Abilene Christian College and West Texas State University, Canyon. The prospective bridegroom is a 1967 graduate of Hereford High School and a 1969 graduate of Amarillo College School of Vocational Art. A September 6 wedding in Friona United Methodist Church has been planned by the couple.

Mr. and Mrs. James Waites and daughters, Felecia and Robin, of Fort Arthur, Texas spent several days last week visiting in the home of Mr. and Mrs. R. E. Snead. Mrs. Waites, who is Mrs. Snead's sister, is a former Friona resident. Litchfield Park, Arizona is a complete new town for 75,000 being built on 12,000 acres of open farmland. It's designed to give residents the best possible environment, free of smog, noise, traffic congestion, dirt, and other urban problems.

Rev. Ott Robertson, pastor of the Assembly of God Church, 11th and Ashland in Friona, invites everyone to attend services Sunday morning. The church was established in 1953. Rev. Robertson has been pastor of the church since 1965.

FIGHT BACK!

Fight the price/cost squeeze on your wheat with NITROMITE. Shamrock's fine brand of anhydrous ammonia. NITROMITE speeds early growth, producing lush, high-quality forage (and plenty of it!)—an important factor if you plan to graze cattle this winter.

And the cash crop? NITROMITE delivers the most usable nitrogen per dollar to help increase yields without increasing cost appreciably. So come harvest, even if prices are low, you make out. If they're good, you'll be the big winner.

Put down NITROMITE now. It'll give you a fighting chance in the marketplace.
