MANFIELD KILLED IN FIGHT

LABOR IN FAVOR OF GOVERNMENT CONTROL ROADS

Resolution Passed Over
Objection of Samuel Gompers
After Hard Fight

GOVERNMENT EMPLOYEES ROBBED INDUSTRIAL RIGHTS

Vote Was 29,059 in Favor of
the Resolution, With
5,349 Against

MONTREAL, June 17.—President Samuel Gompers took the floor at the American Federation of Labor convention here today to warn against endorsement of government ownership and operation of railroads. Gompers cited the convention of Cleveland, Roosevelt and Taft to show that government employees are prohibited from exercising many political industrial rights.

"All railroad workers will become government employees," said Gompers, "if this convention endorses government ownership and government operation of the railroads and if the government is persuaded to follow the endorsement of this convention."

"No man is more loyal to the United States than I, and yet I would not give it more power over the citizenship of America than it now has."

Gompers took the floor only after it seemed certain the convention was willing to put the American Federation of Labor on record for government ownership and operation of the railroads provided in the Plumb plan.

Gompers received no applause at the conclusion of his speech. Cries for a vote filled the hall. Entertainers Cleveland, Roosevelt and Taft to show that government employees are prohibited from exercising many political industrial rights.

PROMINENT DEMOCRATIC PRESIDENTIAL TIMBER

PALMER EDWARDS BRYAN COX

POLICE RESUME SEARCH IN EFFORT LOCATE LOST BABY

Coughlin Duped Out of \$12,000
Ransome Money For Re-
turn of Baby

NORRISTOWN, PA., June 17.—The police again today took up the search for 13-month-old Blakely, Coughlin, stolen from his crib June 2. At the same time they were looking for a person known only as "the crank," who swindled George H. Coughlin, the baby's father, out of \$12,000, which was demanded for the return of the little fellow.

After receiving several letters and telephone calls from "the crank," Coughlin became convinced he was the abductor and asked the police to withdraw from the case so he personally could negotiate with the writer.

"The crank" at first demanded only \$6,000 ransom, but later doubled it. On Monday he called Mr. Coughlin on the telephone and gave him instructions where to leave the money.

Coughlin Agreed.

He acquiesced in a request of the father that another man not connected with the police department accompany him to the spot, but designated that they should not go to the place before midnight and that they must deposit the cash and drive away without making the slightest attempt to discover his identity. The child would be returned in a taxicab, "the crank" said, within 24 hours.

Mr. Coughlin said he complied with every demand of the "kidnap" and felt confident the baby would be returned Tuesday night. Both he and Mrs. Coughlin remained up all night. At 3 o'clock the next afternoon he drove to the spot where he left the money and found it gone.

Abandoned Hope.

He then gave up hope, he said, and realized that he had been defrauded. He placed the case in the hands of the authorities last night and announced he had abandoned all desire of dealing direct with the abductors, who had promised immunity if the child was returned.

With the latest developments in the case both the police and the Coughlins have abandoned the theory that the baby was kidnaped for ransom. They are inclined to believe that revenge was the motive. Charles Eller, chief of the Norristown police, said he had a definite clue and expected results within a day or two.

SHARP CRITICISM OF LEAGUE MADE BY LONDON PRESS, OVER FAILURE TO DEFEND PERSIA

LONDON, June 17.—Sharp criticism of the decision reached by the council of the League of Nations to postpone action on the plea of Persia for defense against the Bolsheviks is expressed in some quarters here and one section of the press only attacks the council for its action.

Some of those present at the meeting of the council, it is declared, were given a bad impression and it is understood Prince Mirza Firouz, Persian foreign minister, notwithstanding his outward acquiescence, was considerably disappointed, although he comforted himself in the confident hope that in the event that bolshevik troops did not withdraw from Persia, the league would take active steps to protect his country.

Pompous Parrot.

The Times captions its editorial on the subject "A Pompous Parrot," and calls yesterday's proceedings "humiliating." It says:

"Malice was the cause of discredit being brought upon the league."

"This body (council) was pledged to the furtherance of open diplomacy," complains the Daily News, "but threw no light on the text of the correspondence which passed between the soviet and Persian governments and certain conditions alleged to have been imposed. This is one way of killing a man."

The Herald, labor organ, declares:

"The league is already dead because it never lived, and this because the men who formed it were militarists and imperialists, greedy for power and territory."

A Copenhagen dispatch to the Herald refers to the unpublished correspondence between Persia and soviet Russia and championing the latter's claims. Persia has not answered the soviet government's protest against what it calls Persia's violations of international law.

Giving these violations, the dispatch declares a plenipotentiary sent from Moscow to Teheran last year with a note laying down the terms of a settlement, was "seized and shot by the British and the Russian anti-bolshevik forces."

It also complains that soviet consuls in Persia have been seized and deported.

ROBBERS TIE MAN RAILROAD TRACK, LOSES TWO LIMBS

No Motive Advanced for May-
hem Crime Committed in
Missouri

KANSAS CITY, June 17.—A motive aside from robbery was sought today by county authorities for the hold up of George W. Underwood of Carrollton, Mo., who was tied to a railroad track a mile south of Excelsior Springs last night. His left arm and leg were severed by a Wabash train five minutes after the bandits had left him.

Underwood's watch and his pocketbook, containing about \$2 in small change, were found today by a farmer on the railroad right of way a few yards from the scene of the crime. Physicians said today Underwood would recover.

MEXICAN DE FACTO REGIME COMMENDED BY TEXAS SENATE

Efforts to Establish Stable
Government Praised by
Law Making Body

AUSTIN, TEX., June 17.—Resolutions by Senators Strickland and Dudley commending the provisional government of Mexico "for its efforts to establish a stable government," and "its manifested desire to protect the lives and property of foreigners within its borders," were adopted by the senate today.

"We have further noted with much gratification the expressions of friendship for the United States by President de la Huerta, General Obregon and other prominent leaders of the new Mexican government," read the resolutions, and "we indulge in the hope that banditry along the border will be hencforth suppressed and that the lives and property of foreigners will be safe, and that the citizens of both countries along the border will feel toward each other as neighbors should."

Conference Committee.

Conference committees have been appointed to adjust differences between the bill passed by the senate and house making emergency appropriation for the University of Texas, A. and M. college and other institutions of higher learning and the bill increasing fees of sheriffs and other peace officers.

The senate passed finally the house bill increasing salaries of county school superintendents.

Congressman Tom Connally of Waco addressed the senate briefly today.

Pink Boll Bill.

An agreement has been reached by a conference committee on the pink boll worm bill and a new bill has been drawn which includes the following provisions:

Cotton may be destroyed in order to prevent the spread of the worm in zones after a hearing by a pink boll worm commission of five members representing the state, the federal government, and the local people.

Compensation is to be made for cotton destroyed, and in case of disagreement as to the value, suit may be brought in Travis county by the farmer. Appraisal of the value is to be made by a committee appointed by the county judge of the county where the infestation exists. Appropriation of \$50,000 is made to pay such damage claims, and \$50,000 to administer the law.

GERMAN SPY BEGINS SERVING LIFE SENTENCE

LEAVENWORTH, KANS., June 17.—Lotha Witsche, alias Pablo Waberke, the only spy sentenced to death by the United States during the war, has arrived from Fort San Houston and started serving a life term, the death penalty having been commuted.

Witsche, a lieutenant in the German navy, was cast adrift after a naval battle in the Atlantic. Arriving in Mexico after being picked up, he began operations against the United States. After making maps of the country, he returned to Mexico but was induced by a physician of German descent, but a loyal American, to return to Nogales, Arizona, where he was taken into custody by department of justice agents in 1918.

TREVINO CONFERS FOREIGN OIL MEN MEXICAN FIELDS

MEXICO CITY, June 17.—Representatives of more than 20 foreign oil companies conferred with General Jacinto Trevino, secretary of industry, commerce and labor, yesterday regarding the difficulties arising from executive decrees issued under article 27 of the constitution, which nationalizes petroleum territory, according to Excelsior.

It is understood General Trevino assured the oil men the government was not acting through prejudice and that it would treat all alike.

KANSAS WOMAN ROBBED WHILE SHE TAKES BATH

KANSAS CITY, MO., June 17.—It's getting dangerous to take a bath here these days. While Mrs. Fraima Mersch took a cooling plunge in her own home, a thief entered the house, gathered up her clothes and departed with \$130 in jewelry worth \$130. She admits the keeper took a novel method to keep her from rushing out for police.

FIGHT BETWEEN OFFICER AND EARLY MORNING JOY RIDERS ENDS IN SHOOTING TRAGEDY

LEGISLATURE BUSY AS SPECIAL TERM DRAWS NEAR END

Last Day Measure Can Be
Passed With Unanimous
Consent

AUSTIN, TEX., June 17.—This is the last day of the special session of the 36th legislature in which bills can be passed, except by unanimous consent. There are probably a dozen senate bills on the house calendar to be disposed of today, all of which measures have advanced to third reading.

These bills include two measures affecting the state fire insurance, one allowing the commission to increase its maximum expenditures annually from \$130,000 to \$212,500 out of the 1.4 per cent tax collected from the insurance companies and the other carries an appropriation of \$199,000 for salaries and other expenses of the commission. The two bills affecting the state railroad, one carrying an appropriation of \$50,000 and the other authorizing the prison commission to use its funds to the amount of \$50,000 to pay the debts of the road.

In the lower house of the legislature was finally passed today senate bill carrying an appropriation of approximately \$200,000 to cover estimated deficiencies in the state departments and eleemosynary institutions for the balance of the present and next fiscal years.

This is the bill which carries in item of \$100,000 for the enforcement of the present pink boll worm law to use its funds to the amount of \$50,000 for the new measure.

Senate Bills.

These senate bills were passed finally in the house today: Providing reasonable reciprocal arrangements by which school for drainage districts; per states may teach in Texas without taking an examination; reimbursing the board of regents of the University of Texas for expenses of Penn Field at Camp Mabry during the war, amounting to \$185,000; allowing commissioners courts to issue bonds for the redemption of the state of Texas; permitting the University of Texas to deposit the revenue from oil leases on its lands into a permanent building fund for the purpose of building a library at the regents of the University of Texas.

The house also passed finally house bill requiring applicants for state bank charters to pay the expenses of examinations.

The senate also passed finally the commission to expend \$50,000 of its funds to place the state of Texas in operation; appropriating \$70,000 to pay the debts of the state railroad; readjusting the salaries of the state reclamation department.

MANSFIELD SERVED IN RAINBOW DIVISION.

Allen Mansfield was a line officer in the Rainbow division of the city police department for 22 months. He was in the battle zone for 90 days serving with a combat unit. His father held the rank of major and saw service in France. He was a nephew of Congressman Mansfield of Houston.

Allen Mansfield, aged 27, was killed at 6 o'clock Thursday morning on the Seymour road, a short distance beyond the end of Tenth street by Mounted Patrolman C. C. Spence of the city police department. Mansfield was the son of Major H. P. Mansfield, an oil operator who came here recently from Houston and is residing at room 717 Westland Hotel. Patrolman Spence is being held at police headquarters pending further investigation. The killing is to be probed today by the grand jury. Assistant County Attorney Wayne Summerville said:

In a statement made to Assistant County Attorney Wayne Summerville, Capt. J. D. Jones of Brookfield, head of an air service recruiting mission visiting this city, declared that Mounted Patrolmen Spence and Ford created a party of four men and four women on the Seymour road shortly before 2:00 o'clock on a charge of disturbing the peace. Captain Jones, who was near the party, said that he called Patrolman Spence aside from the remainder of the party and agreed to go to police headquarters and make a statement. Spence said that while he and the officer were talking two men approached from the rear pushing the captain and Jones. A general fight followed in which Patrolman Spence's revolver was knocked from his hand by his assailant, falling to the ground about two feet away. The air officer said: "A general fight followed in which Patrolman Spence sustained several blows in the face and was killed by his assailant, the other continuing to attack him."

Captain Jones declared that Patrolman Spence evidently possessed a second revolver due to the fact that the fatal shot was fired from a revolver. Patrolman Spence's assailant was beating him and after the officer's gun had been knocked from his hand, Captain Jones ordered the combat to cease. He heard the sharp report of a revolver and that Allen Mansfield staggered backward, falling upon the ground. Meanwhile Patrolman Spence, according to Spence's wife, rushed to Spence's assistance, both being armed with revolvers. Captain Jones said. It is reported that the assailant fired a shot but the bullet went into the ground doing no harm.

Died on Road to Hospital.

The shooting at the scene of the shooting at Mansfield to the Wichita General hospital, but that the victim of the shooting died in the ambulance. A remnant of the bullet reached the undertaker said that but one bullet pierced Mansfield's body, and that death must have followed within 15 minutes after the infliction of the wound. The bullet entered Mansfield's abdomen ranging upward and coming out near the left shoulder of the undertaker said.

The shooting cost the life of Mansfield was the climax of a long night in which dancing at Lake Wichita and motor riding over county roads played an important part, according to information received at the county attorney's office. A statement made by Captain Jones to Summerville discloses that four men and four women were dancing at Lake Wichita and returning to the city obtained a small amount of liquor, according to the army officer, and had left again on a motor ride over county roads. A remnant of the bullet directed at Captain Jones by an ex-sergeant man at Lake Wichita is said to have started the trouble. This ex-sergeant man, now a service car driver according to the captain's story, called out as the captain's party passed, "who won the war?" and another service car driver answered "the air service."

A friend of Captain Jones immediately sprang at the service car driver who had made the remark and a fight followed. Members of the party say that the fight was started by the ex-sergeant man and his friends on the Westland hotel and later passed them on the Seymour road calling them "names," as they went by. Captain Jones and his party jumped from the car, but too late to catch the men who passed them. Abusive language was used, Captain Jones said, and Patrolman Spence was killed.

PROHIBITION PARTY PLANS PUT STRAIGHT DRY TICKET UP IN NOVEMBER ELECTION

By DON CHAMBERLAIN.
(United Press Staff Correspondent.)

CHICAGO, June 17.—The prohibition party, disappointed at the nomination of Senator Warren G. Harding by the republicans and at alleged rebuffs given representatives at the G. O. P. national convention, are planning a presidential ticket. Virgil G. Hinshaw, chairman of the prohibition national committee, declared here today.

Little hope is held that the democrats will put up a 100 per cent prohibition ticket, said Hinshaw.

Dry Platform.

"We want something more than a candidate," he said. "We want a platform and a dry ticket."

The republicans, dry leaders charged, "ducked the issue." A telegram was dispatched today to Senator Watson, chairman of the republican

NO ESTIMATE OF PROPORTION OF MARINE OPERATORS STRIKE

LONDON, June 16.—While it is too soon for the strike of marine wireless operators to make itself felt owing to the fact that most of them are at sea, under the provision of the transportation of 1920 neglects all these questions and makes their solution impossible, and further provides for a subsidy and the utilization of public

(Continued on Page 12 Column 5.)

TULSA, OKLA., JAIL REPUTED TO BE FULL OF 'ANIMALS'

TULSA, OKLA., June 17.—The Tulsa county jail may be closed. With more than 200 prisoners housed in the institution and Mrs. T. H. Sturgeon, state health inspector, threatening to condemn the "hold-over" Sheriff James Woolley is in a quandary as to the disposal of his wards.

"Fifth, bugs, itch, everything," Mrs. Sturgeon yelled in horror after an inspection. Absolutely the worst place ever inspected.

"Pretty bad," the high sheriff admitted, "but what are you going to do? The old county has been crowded to capacity from the first day it was built and the guests have never been accused of being consistent apostles of the bath."

BAKERS CO-OPERATING STANDARDIZING LOAF

AUSTIN, June 17.—Bakers of Texas are co-operating heartily in the enforcement of the standard sized loaf, according to Commissioner F. C. Wetts of the state bureau of markets and warehouses, who said that in only 40 cases have charges been filed and convictions for selling unstandardized loaves of bread been secured.

OPTIMISTIC THIRD PARTY HAS HOPES SCORING BIG COUP IN RANKS SOUTHERN STATES

By United Press.

CHICAGO, June 17.—Leaders of the proposed third party plan their hopes of capturing the fall elections by a large addition of democratic strength to their rank, according to A. W. Ricker, a member of the executive committee of the "committee of 48" here today.

According to Ricker, liberals expect to cut into the strength of the democrats more than into the republicans. Of more than a score of states picked out for a concentrated campaign, back are democratic. The others are normally republican but several went democratic at the last presidential election.

With the hopes for amalgamation of liberal organizations at convention of the labor party, the "committee of 48" and the single taxers here early next month, and the expected assurances of the support of the non-partisan

LIBERAL STATES HOPE TO CAPTURE SOUTHERN STATES

League and the triple alliance, liberals will launch a vigorous campaign in many states.

Liberal States.

Three states are now listed by the liberals as prospects for them. They are Wisconsin, Washington and North Dakota.

States like Minnesota, Montana and Idaho are expected to be captured, but no definite claim is made by progressives. In Colorado, South Dakota and Nevada, supporters of a third party believe they have a fighting chance.

State organizations have been completed in more than 30 states, and considerable support is expected from New York, Maryland, Florida, North Carolina, Kentucky, Oklahoma, Texas, Arkansas, Nebraska and Illinois.

"Committee of 48" state conventions will be held at Mitchell, S. D., Saturday.

ATTEMPT MADE TO SINK SAN MARCOS AT PORT ARTHUR

Effort to Place Responsibility Has Proven Unsuccessful It Is Said

PORT ARTHUR, TEX., June 17.—That an attempt was made to sink or damage the Mallory Line steamship San Marcos by opening a sea cock four weeks ago was revealed here today when an insurance adjuster offered for sale 75 tons of newspaper, hundreds of bags of coffee and a large quantity of other school books, which was damaged by water.

The damage was caused from the opening of a great sea cock on the San Marcos when it was at Port Arthur from Galveston on its first trip to this port after the Mallory Line had diverted its traffic from Galveston owing to the longshoremen's strike.

ROOSTERS CROW CAN'T BE RESTRAINED BY COURT

MINNEAPOLIS, MINN., June 17.—The rooster's early morning crow cannot be restrained by a court order.

Such was the decision of Judge W. W. Bardwell, in district court here, after hearing a petition from Dr. C. F. Dight, a former alderman of this city, seeking an injunction to restrain sheep barking and roosters crowing in his neighborhood.

The court, in an opinion from the bench, said it would issue a temporary restraining order requiring that the rooster not make unnecessary noises at unseasonable hours, but that it was beyond the power of the court to direct the rooster to refrain from crowing.

DROPPED FROM UNION ACCOUNT SUPPORT 'OUTLAW' STRIKE
OKLAHOMA CITY, Okla., June 17.—Forty-seven switchmen today were dropped from membership in the local Brotherhood of Railway Trainmen for their activity in supporting the recent outlaw strike.

WOODMEN FIGHT INCREASED INSURANCE RATES
NEBRASKA CITY, Neb., June 17.—Taking of testimony was continued today in the district court in the suit brought to prevent an increase in insurance rates by the Woodmen of the World.

COMMITTEE OF FORTY-EIGHT TO SELECT PARTY NAME
CHICAGO, June 17.—The committee of 48, it was reported today, will present two names from which to select a man for the proposed third party when it meets here July 16 to nominate a presidential candidate.

"HEINES" AND HENRY WILL HAVE LITTLE CONFERENCE
DETROIT, MICH., June 17.—Representatives of German manufacturing interests have arrived in Detroit and will meet Henry Ford in conference at noon today, it was learned here.

MEADS HELD ON MURDER CHARGE WITHOUT BAIL
HANOVER, N. H., June 17.—Robert T. Meads, junior in Dartmouth College, from La Grange, Ill., was held here today without bail, charged with first degree murder in connection with the fatal shooting of Henry E. Maroney, a senior, from Medford, Mass.

GALVESTON TAKES ACTION AGAINST BUBONIC PLAGUE
GALVESTON, TEX., June 17.—All vessels arriving from Mexican ports will be fumigated as a precaution against bubonic plague, it was announced today by Dr. R. L. Wilson, in charge of the federal quarantine station here.

AMERICAN BORDER TOWNS ARE MAKING WAR ON RATS
American border towns are making war on rats, dispatches said. Five deaths occurred in Tampico, the district of Mexico, in one day, according to officers and passengers of a steamer. Additional deaths were also reported from Vera Cruz.

"MISS WYOMING" TO INVADE EAST IN REAL WILD WEST STYLE

Miss Helen Bonham, the famous Wyoming cowgirl, picked as the best "remington type of the plains and as the poster girl to advertise the State's Annual Frontier Days Round-Up July 27-30, receiving instructions from Gov. Robert Carey for her ride to the principal cities of the East with a message about the "Frontier Days Round-Up." She starts from Cheyenne June 15 and will visit most of the big Eastern cities and will call on President Wilson for whom she has a message.

OUSTED CHICAGO DELEGATE LAMBASTS SEN. HARDING

PORT WORTH, TEX., June 17.—William "Goose-neck" McDonald, leader of the contesting delegation which was not seated at the Chicago republican convention, announced at a mass meeting of negroes here last night that lawyers are seeking a way for the "black and tan" electors to get on the ticket in Texas in November.

McDonald, negro leader in the south for years, and a prominent figure at the recent contests in Chicago, arraigned Harding and warned his negro followers not to vote for him.

MILLIONAIRE IS TIRED OF WORLD'S TURBULENT "STRIFE"

CHICAGO, June 17.—James M. Patton, millionaire benefactor of Northwestern university, has tired of the world's strife and intends seeking seclusion, friends declared today, following retirement of Patton as president of the board of trustees of Northwestern university.

EMERICH AND DANCIGER START TESTS IN BLOCK 832

Emerich and Danciger, the leaders in the "reclamation" development in the western edge of the Waggoner pool, which had added thousands of barrels per day to the production of that pool from land which was formerly considered condemned, have started two tests in the close vicinity of the Bowers well in Block 832, one of them being a northern offset and the other about 1,000 feet to the west.

DRUGGISTS ELECT OFFICERS FOR COMING YEAR

DALLAS, June 17.—Election of officers as the principal business before the Texas Pharmaceutical association in annual convention here today. W. C. Burns of San Antonio was said to be slated for president.

ST. LOUIS, MO., June 17.—Here's a tip: Buy your fall shoes now. You'll get 'em cheaper if you do.

This is hot from shoe manufacturers in this, the world's greatest shoe market.

Prices are lower now than they have been for many months because of a failure on the part of retail shoe dealers to buy. But in a month or two or three, dealers will begin to enter the market again. They will be glad to want shoes all at once and then up will go the prices again.

Retailers are not buying now because they can't get the money from the banks to buy with. Banks have stopped loans for speculative purposes. Instead of buying, they are liquidating, selling their stock at less than they would have to replace at present prices.

Just one thing is causing the present low price in shoes, lack of money," said George A. Ball, vice president of the Brown Shoe Co., which is shipping out daily approximately 200,000 pairs of shoes.

COOK FACES TRIAL FOR ASSAULTING YOUNG GIRL

DALLAS, TEX., June 17.—Leon Cook, charged with assault upon a girl under 15 years of age, went to trial in criminal district court No. 2 today for the second time. He was tried two weeks ago, but the jury failed to agree. Cook is a street car motorman.

DONOHOO RAYZOR READY TO DRILL ON WOODALL FARM

Drilling will be started the first of next week on the test of the Donohoo-Rayzor Oil company on the B. B. Woodall tract, northwest of the city, about three miles, according to reports from officers of the company. The rotary has been rigged up, and all preparations made to start drilling. This test is of much interest because of its nearness to Wichita Falls. It will be drilled to 2,000 feet unless oil is found at less depth.

MICHIGAN DELEGATION WILL VOTE FOR HERBERT HOOVER

DETROIT, MICH., June 17.—Herbert Hoover, defeated candidate for the republican presidential nomination, will receive the support of the entire Michigan delegation on the first ballot at the democratic national convention, leaders here declared.

Part of the delegation have announced their intention of standing by Hoover as long as he has a chance for the nomination.

MEXICAN RAILROAD WILL BE RETURNED TO OWNERS

MEXICO CITY, June 17.—Orders that the Mexican railroad will be turned over to its owner, a London corporation, tomorrow, were issued today by Provisional President Adolfo de la Huerta. He commissioned Francisco Perez, director general of railways, to arrange the transfer.

TROOPS WILL REMAIN AT GALVESTON FOR PRESENT

AUSTIN, TEX., June 17.—Troops on water front strike duty in Galveston will not be withdrawn until "safety of non-union workers and continued commerce through the port is guaranteed," was Governor Hobby's stand today.

The governor stated he would be sole judge of the situation and "pressure from any sources" would not influence him.

Word from Galveston declared union dock workers and leaders have reiterated their determination to remain idle until steamship companies consider their demands.

IF YOU BELIEVE IN TIPS HERE IS ONE. IT MAY BE WORTH YOUR ATTENTION

ST. LOUIS, MO., June 17.—Here's a tip: Buy your fall shoes now. You'll get 'em cheaper if you do.

This is hot from shoe manufacturers in this, the world's greatest shoe market.

Prices are lower now than they have been for many months because of a failure on the part of retail shoe dealers to buy. But in a month or two or three, dealers will begin to enter the market again. They will be glad to want shoes all at once and then up will go the prices again.

Retailers are not buying now because they can't get the money from the banks to buy with. Banks have stopped loans for speculative purposes. Instead of buying, they are liquidating, selling their stock at less than they would have to replace at present prices.

Just one thing is causing the present low price in shoes, lack of money," said George A. Ball, vice president of the Brown Shoe Co., which is shipping out daily approximately 200,000 pairs of shoes.

A MAN IS JUST AS YOUNG AND STRONG AS HIS BLOOD

No man can fight the battles of life and hold his own if his blood is not pure, for rich red blood is what strength is based upon. When you see a strong, vigorous man, who never knows when he is licked, you may wonder that such a man has coursing through his veins rich, red blood. Many people have thin, pale blood. They are weak, tire easily, become discouraged quickly, and sometimes feel like giving up the struggle. Such folks need Dr. Pierce's Golden Medical Discovery, which is sold by druggists in liquid or tablet form.

It adds vigor to the heart beats and tones up the nerves in a wonderful way. This "Medical Discovery" of Dr. Pierce's is made from Blood root, Oregon Grape root, Stone root, contains no alcohol—yet tones up the stomach, stimulates the liver and puts the blood making glands in the best of condition. Many people write Dr. Pierce at the Invalide's Hotel in Buffalo, N. Y., as follows:

SAN ANGELO, TEXAS.—"Doctor Pierce's proprietary remedies have been entirely satisfactory to me in the truest sense of the word. I consider them as being very high-class remedies and the safest that I know of on the market. During the last score of years when we needed a tonic we have used the 'Golden Medical Discovery' always with satisfactory results, also the 'Pleasant Pellets.' My thanks to Dr. Pierce's prompts me to write my truthful sentiments."—O. R. WILSON.

PURITAN Oil Cook Stoves

Fast Cooking

THE early-morning rush to get the family breakfasted and off on time—that's when you most appreciate your Puritan Oil Cook Stove.
Simply light the burner and set the utensil in the clean, hot, fast-cooking flame. No fire to build—no coal or wood to carry—any heat you need at a turn of the indicator, like gas.

5 YEAR GUARANTEE
The Puritan Cook topped inner combustion tube "A" will be replaced free of charge if it burns out within 5 years from date of purchase.

WICHITA FALLS QUALITY STORE

PANTAGES BILL OPENS AT WICHITA THURSDAY NIGHT

Pantages vaudeville will open at the Wichita Thursday night with an excellent five-act bill in which "The Weasel," a one-act musical comedy and Charles Olcott are featured.

"The Weasel," a musical comedy produced by Emil Derezak of Chicago, a bunch of pretty girls and a couple of fun makers make up the cast of this snappy production. The young ladies wear some very beautiful costumes, the settings are very attractive and the entire act should more than please everyone as it has the dash and life of the famous eastern cabarets.

Charles Olcott presents 10 minutes of comic opera. Mr. Olcott in his own inimitable way plays and sings a whole comic opera. When he sings and describes it and singing the different parts. He also introduces a recitation and some clever imitations. Mary Ann, a very pretty girl and late star of "Not Yet Marie," will be seen in a program of popular and character songs. Ed Blondell, assisted by Miss Lela, will present a comedy sketch. And the Act Beautiful is a beautiful animal act reproducing a number of spectacular hunting scenes.

At the Majestic. Not a little has been written of the care with which modern photoplay productions are made. When a scene is reproduced before him a series of incidents which combine to tell a dramatic story it is easy enough to forget the myriads of little things which the producer, his staff and the star have had to think about in order that the representation may be true to life. This is especially true of Miss Brady's latest photodrama, "The Fear Market."

"The Fear Market" will be easily identified as the screen adaptation of the powerful story by the same name written by Princess Troubetzkoy, which created such a furore when it was published some time ago.

Frank Losee, known everywhere for his delineation of villainous types, has a good opportunity to display his talents in the part of Major Stone, the scheming newspaper owner in Alice Brady's Resear Picture, "The Fear Market," at the Majestic today only. For five years, Mr. Losee has appeared in pictures, among which have been William Faversham in "The Hawk" and Marguerite Clark in "Helene of the North." He has supported Mme. Kalich, John Drew, and others on the stage.

At the Plaza. One of the most daring feats ever performed in screen work takes place in "The Shark," a William Fox production starring George Walsh, which will be shown at the Plaza theater tonight. In an effort to escape the violence of a "boat in human form," the heroine climbs to the rigging of a ship on which she is being held prisoner, and leads to the water fully 75 feet below. This is only one of many great scenes in a thrilling photodrama.

In the east are Mary Hall, Robert Dwyer, William O. Nally, James Mack and Henry Pemberton.

Shirley Mason as the heroine in "Love's Harvest," the picture now playing at the Empress theater, displays what is probably the most skillful emotional acting of her career, sur-

passing even her efforts in "My Elephant Man," which won universal praise. The story is of the light, romantic type and is full of smiles and good cheer, with a touch of pathos running through that wins one's heart from the very first. One smiles as June, the little orphan, romps and plays on the seashore with her boon companion, Buddy, the dog—and forces back a tear as she sets out alone for the city, preferring that to a home with a rich relative or her stepfather, to whom she had been willed. From start to finish one's interest never lags, and as a whole the picture provides exceptionally good entertainment.

TENTH AND INDIANA

PREPARATION FOR LIVING AND DYING TO BE SERMON THEME

The special subject announced for this evening by Rev. J. W. Fort of the Floral Heights tabernacle revival is "Preparation for Living and Dying." The subject last evening was "The Home-sickness of the Soul." There were two conversations in the service.

While the revival meeting is to continue until Sunday night Rev. W. L. Tittle, pastor of the church, announces that Rev. Mr. Fort will conclude his preaching at tomorrow evening's service. Large attendance is expected this evening to hear the special sermon announced. This is said to be one of the strongest sermons of the series.

Rev. Mr. Tittle and the Floral Heights Methodist church are de-

lighted with the success of the revival. About 35 members have already been received. Many more are expected to join the church in the services that follow. The pastor urges that the people attend every service during the remaining days of the revival, and that those who are expecting to join the church do so at the first opportunity.

J. L. JESSIE DEAD AFTER SWALLOWING CARBOLIC ACID

Mystery surrounds the cause that led late yesterday to J. L. Jessie drinking the contents of a bottle of carbolic acid at the Marion hotel, Jessie, a traveling salesman of Lawton, arrived in Wichita Falls in the late afternoon and immediately went to the Marion hotel. He was followed by two men who Sheriff Bob McFall Thursday morning said were Oklahoma officials. Shortly after Jessie entered his room the Oklahoma officials asked the hotel clerk to direct to the traveling salesman's room. Jessie drank the poison just as the Oklahoma men entered his door, officials say. Ed Mays, city marshal of Frederick, Okla., was one of the officers here in quest of Jessie. While Sheriff McFall was informed that Oklahoma officials wanted Jessie, the nature of the complaint is unknown to the sheriff's department here.

Jessie died instantly. He left no letter or other communication to give reasons for his deed, but a divorce proceeding before district judge at Lawton, Okla., is believed to solve the cause of the suicide. Jessie was named as defendant in this petition, but the wife was robbed of the decree when the judge there was informed of the suicide here, for Jessie's deed ending his life frees the wife of matrimonial relations.

But there is another side to the story. And this side is overflowing with the tragedy of life. On a train rushing toward Wichita Falls from Frederick traveled a woman, young and pretty, and the sweetheart of J.

She was coming here to marry Jessie in case divorce proceedings at Lawton were carried out, it is said. The little woman was informed of Jessie's death as she walked through the doorway of a local hotel. Jessie's body is being prepared for burial by Undertaker Hines. Burial will take place at Rosemont cemetery at 5 o'clock this afternoon. A brother, Henry Jessie, came here from Lawton upon hearing of Jessie's death and will attend the burial.

Justice C. J. Arrington, who held the inquest, said that death was due to poison self-inflicted.

MUSKOGEE HAS PLACED O. K. ON PARK SPOONING

MUSKOGEE, OKLA., June 17.—Muskogee has released. There was a time when the police department of this place arrested the lovers with a reckless abandon. But it is different now. Said the chief of police: "Spoonings are not unlawful and is not offensive. Out in Honor Heights park, erected to the memory of the soldier dead, there is a winding roadway with benches and benches built especially for lovers. Can You Beat It. "Here they will be allowed to spoon unmolested while gentle zephyrs, made pleasant by the sweet perfume of growing things caress their brows. We may send a policeman out to act as chaperon," the chief said, "but he will be hard of hearing, a little shy on eyesight and may be minus a couple of legs. The bathing beaches are becoming liberal in their costume views—we are going to aid Cupid all possible."

COVARRUBIAS TAKES OATH OF OFFICE FOREIGN AFFAIRS

MEXICO CITY, June 17.—Michael Covarrubias today took the oath of office as minister for foreign affairs. Announcement was made that the new foreign policy comprehended promotion of amicable relations with all nations.

OIL SAND AT 2,570 FOUND IN HAZEL BURK TEST IN BLOCK 832

Picking up of the deepest oil sand in Wichita county, at 2570 feet, is reported from the Hazel Burk test in block 832, west up the Red River valley from the present Red River pool. The fact that the test was on the sand, however, could not be confirmed from the owners. Operators who declare they have seen samples of the sand pronounce it one of the best looking sands picked up in the entire district, resembling very much the Burkburnett sand. They declare that the depth of the sand gives pretty much the right dip west from Burkburnett should the sand run that far west. Operations in the test are being watched with a great deal of interest by local operators, as the striking of production at this depth in this direction would renew operations in vast territory west from Burkburnett which has been considered condemned by operations carried to a much lesser depth than in this test. According to reports the sand has as yet been barely scratched by the drill, 5-3-16 casing being now set in the hole to shut off a water sand found several feet above the oil sand.

GOOD WHEAT YIELD EXPECTED IN WILBARGER

VERNON, TEX., June 17.—Wilbarger's wheat harvest is in full blast, and thrashing will begin in about 10 days. The yield is said to be greater than last year, with a reduced acreage. The corn crop is suffering from want of rain.

WILL SUBDIVIDE 5,000 ACRES OF WHARTON RANCH

VERNON, TEX., June 17.—The Waggoner Ranch Oil, which owns a vast acreage in the Wharton ranch, has sold a lease on 5,000 acres out of the Wharton ranch tract, reports of Vernon to O. K. Herndon of Wichita Falls and T. W. McCarley and Lee Sinn of Clarksdale, Miss. The amount involved has not been disclosed. The new purchasers will resubdivide the acreage and sell it in small blocks as drilling sites, and it is said a great number of wells will soon be in course of drilling in this area. The acreage is on the same lease as the big Sigler well. The Brewer well has resumed operations again after being shut down on account of a fishing job. This well is attracting much attention.

LESS THAN \$5,000 RECEIVED FROM SCHOOL PATRONS

Less than \$5,000 has been received by the citizens school committee in the campaign under way for the raising of funds to meet the deficit in the operation of the city schools, and permit salary raises to the teachers sufficient to hold them in Wichita Falls, it is announced from the office of C. H. Clark, chairman of the committee. The committee addressed communications to the patrons of the schools, asking them for contributions of \$10 for each child attending school. \$50,000 is required to meet the needs of the schools at the close of this term and the beginning of the next. The response to the appeal in behalf of the schools has been particularly slow, as the small amount raised in several weeks' time conclusively shows.

WILL W. JAMES, ONE OF LAST QUANTRELL QUERRILLAS, DIES

FORT WORTH, June 17.—Will W. James, one of the last of the survivors of the Quantrell guerrillas, died at a local hospital this morning. He was born in 1848 at Grand Gulf, Miss., and after the breaking up of the famous raiders served for a long time in the British army.

SCULPTURE

**Here's Relief
From Skin Diseases**

The Blood Must be Purged of all Germs

Usually those who continue to suffer from stubborn ailments are those who refuse absolutely to heed the teachings of medical science.

+++++

The fiery itching of burning skin diseases comes from far beneath the surface of the skin, and cannot be reached by local remedies.

+++++

Then throw aside at once whatever on your trouble, other than to afford some temporary relief.

But why be content with mere temporary relief? Are you not desirous of being permanently rid of this annoying trouble that is a source of such constant torture? Wouldn't you give almost anything to be once more free from the itching and burning that makes your skin seem like it was on fire?

Then throw aside at once such makeshift treatment that can only reach the surface, and begin taking a remedy that goes direct to the source of your trouble. Go to your drug store, get a bottle of S. S. S. and begin a thorough course of this fine old blood medicine that kills the germs that creep into the blood and cause all of your skin discomfort. S. S. S. is a purely vegetable compound, made from roots and herbs of recognized medicinal value. It so thoroughly cleanses and purifies the blood that the germs of disease are eliminated, and then real relief comes.

+++++

New discoveries are being constantly made, and those who fail to take advantage of the wonderful accomplishments of men of science will continue under the handicap of disease. Your eczema, tetter, boils, pimples, acne, scaly skin eruptions, and burning fiery irritations that cause so much discomfort by their terrifying itching, come from a tiny disease germ in your blood, which multiplies by the millions. These germs find some weak spot where they can break through the skin and set up their attack, and if you have ever had any form of these skin disorders, you know what real torture is.

+++++

The reason these disorders appear so stubborn and hard to get rid of, is because they are not given the proper sort of treatment. In other words, the irritation and itching becomes so intense that the patient thinks only of relieving this discomfort, instead of directing his efforts toward getting rid of the cause of it all. Hence the constant use of lotions, salves, soaps and ointments can make no impression

+++++

INDIANA AT SEVENTH

WICHITA COUNTY PRODUCING MORE THAN 97,000 BARRELS OIL DAILY PIPE LINE RUNS SHOW

The Wichita Falls district gained a new center of oil operations this week with the crediting of the runs of the Young county producers to the production of the district. The runs from this county, which are a mere speck at present, amounting to only 400 barrels per day, are confidently expected to mount rapidly with the considerable amount of development going on throughout this section. The producers in the district, being yet few in number, show a fairly high average with the daily runs shown on the report.

The Texas company has from the first carried on the most extensive developments in Young county, where they have vast acreage holdings, and where they are carrying on an extensive drilling campaign. These and the other major operations in the district are practically all carried on from the Wichita Falls offices of the various companies, the Young county fields being directly accessible from this point.

Production in the Wichita Falls district was again around 100,000 barrels per day during the week. Of this amount, less than 2,500 barrels per day are produced outside the county, this production being distributed in the small section of the Electra pool lying in Wilbarger county in the Permian pool in Custer, in the Houston pool in Archer, and in the Young county district. Runs from Wichita county pools remained practically stationary.

Completion of three new wells in Block 41, effecting a mile extension to the south in the Kemp-Munger-Allen pool, featured the completions of the week of the entire district. The Bass and Dillard No. 1, Keny and Kemner, flowing and swabbing around 500 barrels, the Boger-Ard-Maer No. 2, which swabbed 700 barrels and is now being rigged up to pump, although flowing intermittently, and the Ed Harrison, in Block 21, which has made several flows, are the three tests responsible for the definite opening up of this territory.

Three other completions are reported from the proved area in the Kemp-Munger-Allen in Block 25, the 3 and 4 of the Manhattan production company (Crude Oil Marketing) and the No. 1 "straight" Munger of the Bill Rowe Oil company (second hole, first was junked) which are making respectively 300 barrels, 323 and 350 barrels.

The Danciger Oil and Refining company's No. 1 John Siber in Block 69, west and south of the producers recently completed in this section, is the most interesting completion of the section for the week.

The well is making better than 200 barrels. Still further to the south, and in a direction where the prospects for production had been considered poor, this company's No. 2 is on the sand with a very good showing. Completion of this test will be rushed.

The Gulf Production company and Bailey et al. have completions on their

Michna leases, the No. 2 for the Small and the No. 1 for the Gulf, rates as 900 and 500 barrels respectively. The Sioux Oil and Refining company is credited with two good completions on the George, the No. 3 Lease A being a 300-barrel producer and the No. 3 on the "straight" lease being good for 160 barrels.

In the Allen tract in Block 221, Red River pool, where there are few producing tracts located outside the re-levated territory, the Gypsy Burk have a 75-barrel completion.

Several completions are reported from the Texhoma pool in the South of the Wichita Falls district. The old Burk Burnett district; Two Panhandle Refining company's No. 15 Heiserman, 68 barrels; Pioneer Production company's No. 3 J. E. Roller, 100 barrels; Aggers Oil company No. 4 R. M. Daniels, 125 barrels; and Magnolia Petroleum No. 14 Lawler, 25 barrels.

A 50-barrel completion is reported from the Electra pool, the No. 4 Waggoner Brothers ranch of the McMan Oil company.

FEW FOLKS HAVE GRAY HAIR NOW

Druggist Says Ladies Are Using Recipe of Sage Tea and Sulphur.

Hair that loses its color and luster, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a bottle of "Wreth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears, but what delights the ladies with Wreth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and luster and gives it an appearance of abundance.

Burkburnett News

Special to The Times. June 14.—The Iowa drug store in this city was bought today by private negotiation by O. H. Heiber, a former stockholder or Judge W. D. Cardwell, and a third party whose name is not given. This business has been in the hands of a receiver for some time, and was previously owned by Dr. L. E. Faimly and O. H. Heiber.

Campaign was opened this morning among the members and friends of the Baptist church to raise funds for extensive improvement of the building, including new paper, paint and general repair. The plan for the building of a new house completely was cancelled for the present on account of the unusual difficulties to obtain material and the high price of labor at this time.

The news of the death of Mrs. Albert Barker, whose husband built and operated the Barker bakery in this city, came as a great shock to their many friends here, who extend sympathy to the bereaved family.

"SYRUP OF FIGS" IS LAXATIVE FOR CHILD

Look at tongue! Remove poisons from stomach, liver and bowels

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless laxative or physic for the little stomach, liver and bowels. Children love its delicious fruit taste. Full directions for child's dose on each bottle. Give it without fear. Mother! You must say "California."

SAUL'S

DODSON WARNS CALOMEL USERS

You Cannot Gripe, Sicken, or Salivate Yourself If You Take "Dodson's Liver Tone" Instead

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crumbles into it, causing cramping and nausea.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tone for a few cents, which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your

liver and straighten you up better and quicker than nasty calomel and without making you sick, you may go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides it may salivate you, while if you take Dodson's Liver Tone you will wake up feeling great, full of ambition, and ready for work or play. It's harmless, pleasant and safe to give to children; they like it.

ALL PROPERTIES ARE ASSESSED TOO HIGH PRIDDY SAYS

A disposition to assess all properties and leases for taxes at rates which are out of reason is being shown by the county tax assessors office, W. M. Priddy told Rotarians at their Thursday luncheon. As an instance, Mr. Priddy declared that on one small lease of his the tax assessor wished to put a valuation of \$114,000. Mr. Priddy stated that in arriving at this decision the office took the acreage of this particular lease, 22 acres, and valued it at \$5,000 per acre—stating that all properties in the producing area were all valued at this figure, regardless of the state of development. The number of wells were then taken, Mr. Priddy stated, seven, each being valued at \$2,000. The production of 400 barrels per day, was valued at \$200 per barrel. All three items were then added to get the value for taxation. Mr. Priddy stated, bringing the total value to \$114,000. "He had used three factors, any one of which could have been used to get a fair valuation of this small lease, and had added them together to secure his total," he continued. Mr. Priddy urged the members of the club individually to talk the matter over with the county commissioners, expressing confidence that the commissioners wished to see the properties assessed at a fair valuation.

The progress of the open shop movement was discussed by H. L. Bowman and T. B. Smock. Mr. Bowman declared that the situation with the open shop restaurants was much improved, and that the help situation had been solved. He declared that he had on file applications for work from members of the union who had gone out on strike and who were now willing to go back to work under open shop conditions, but that so far he had not employed any of them.

Mr. Smock called attention to the fact that the Open Shop association was 60 days old today. More has been accomplished in this time, than in the five years preceding," he declared. "During that time the individual production of workmen in the building crafts has increased 50 per cent."

Mr. Smock also declared that the recent action of the Building Trades council in reversing their endorsement of the plumbers' strike and outlawing the strike was pure camouflage, and was taken in an effort to get the contractors to employ their non-union workmen and not bring in other returning city to its status of a closed shop town as before the Open Shop association was formed. "In other words, an effort to get us back to all-union conditions and pay us up as tight as before."

"The action was taken, I believe, on account of the rapidly growing fear of the progress of the open shop. It came the very next morning after a meeting of 75 contractors, where all but one endorsed the open shop association, and the association of master painters joined the association in a body."

He declared that many union men belonging to the building crafts were returning to work under open shop conditions.

"In this connection I would like to call your attention to another fact. The Open Shop association has brought in no workmen of any craft which has stayed on the job and has not gone out, either as the plumbers did, on an illegal strike, or gone out in sympathy with such a strike. Additional members were added to the campaign committee soliciting funds for the Wichita Falls quota to-

WARD THE TEXAS CHILDREN'S HOME AND AID SOCIETY. THE COMMITTEE HAS NOW RAISED ABOUT \$4,000 OF THE WICHITA FALLS \$5,000 QUOTA.

Mr. Bowman also flatly contradicted published statements to the effect that the party of cooks and waiters from Kansas City were not apprised of conditions in Wichita Falls. He declared that they were fully cognizant of the strike conditions here, and of the fact that Wichita Falls is an open shop place. "Furthermore, they misrepresented themselves as experienced people to Rev. Mr. Bingman, when, as a matter of fact almost all of them are without experience," he declared.

LETTER REVEALS NEED OF EDUCATION HERE

Daily Times: The citizens school committee working for the benefit of the schools in Wichita Falls received the following letter signed "A True American":

Wichita Falls, Texas, June 9, 1920.

Sirs: Received your letter today. Will say that it is impossible to give you \$10 toward your schools, or even a dollar. Remember Wichita Falls is for open shop, so have killed the town. How can you all expect the poor people of this town to give any money when they have none to give. I suggest that the city raise the rendition on these property owners, who have robbed and profiteered for the last three years. The open shop members are the ones to ask for money.

I don't consider the schools worth \$10 for the teachers do not try to learn the children anything, so I don't care whether you have any schools ever in Wichita Falls.

So please raise the money by raising the rendition on the property holders of this town. I am a renter, I am paying big rent; they & the open shop have all my money.

I hope to see the day when the weeds cover the houses & the only inhabitants will be bats & Dear Sirs, that day is fast coming.

—A True American.

I submit this letter, believing that it is the greatest argument I have yet seen for the absolute necessity of good schools in Wichita Falls, Texas. Respectfully,

C. H. CLARK, Chairman, Citizens School Committee.

LOONEY ARRIVES WILL SPEAK TONIGHT AT COURT HOUSE

Hon. B. F. Looney, candidate for governor, arrived at noon today from Nocona, where he spoke to a good sized audience last night. Mr. Looney will address the voters of Wichita Falls in the 7th district court room at 8:30 tonight.

He will discuss proposed changes in the state taxing system, economy in the state government and improvement of the educational system of the state on all of which he has specific recommendations.

The reception committee for Mr. Looney includes the following: Dr. and Mrs. J. C. A. Guest, Mr. and Mrs. W. J. Grisham, Mr. and Mrs. Ed Howard, Judge and Mrs. W. E. Chasney, Judge and Mrs. R. E. Huff, Mr. and Mrs. Mack Thomas, Mr. and Mrs. J. M. Bland, Mr. and Mrs. T. J. Taylor, Mr. and Mrs. J. E. Sharpe, Mr. and Mrs. T. L. Caplin, Judge Edgar Scurry, Judge and Mrs. P. A. Martin, Mr. and Mrs. A. F. Kerr, Mr. and Mrs. M. L. Tittle, Mr. T. Harris and Mr. and Mrs. M. H. Barwise.

Hon. B. F. Looney speaks tonight at the courthouse. He is a pleasing and entertaining speaker. Come out and hear him. (Political Advertisement).

You Can Make \$500 to \$1000 a Month Milling "Flavo" Flour

In your community on the New Wonderful Mill—no previous milling experience necessary.

Be a Miller

and have a dignified, permanent business that will earn a steady profit the entire year.

Grind your own best grown wheat, supply your community with flour and feed. You save the freight on the wheat going out, and the flour and feed coming in.

Business earning the regular milling profits, you get the extra profit of making a BETTER BARREL OF FLOUR CHEAPER on the famous "MIDGET MARVEL". The new process, self-contained, one-man, roller flour mill that is revolutionizing the milling industry. It requires less than half the power and labor of the usual roller mill and makes a creamy white, better flavored flour that retains the health building vitamins and the natural sweet flavor of the wheat.

Our customers are given the privilege of using our nationally selected brand.

"Flavo" Flour "Famous for its Flavor"

We furnish the sacks with your name printed on them. OUR SERVICE DEPARTMENT examines samples of your flour every thirty days and keeps your products up to our high "Flavo" standard. We start you in business with our "Confidential Selling Plans" and teach you the business of milling and selling flour. You can start in this most delightfully profitable business, with our 12 barrels per day, mill with a little at \$2.50 cash or on terms. Other sizes up to 100 barrels.

Over 2000 communities already have "Midget Marvel" Mills. Start now, mill your own flour, and take advantage of this wonderful opportunity.

Write today for our Free Book, "The Story of a Wonderful Flour Mill."

The Anglo-American Mill Co., 337-341 Trent Bldg., Owensboro, Ky.

THURSDAY, JUNE 17, 1920.

REPUBLICANS IMPROVE DEMOCRATIC CHANCES.

David Lawrence, who seems as well informed on political conditions as most Washington political correspondents, sent to his papers immediately after Senator Harding's nomination this dispatch:

"It opinion among the several hundred correspondents here counts for much, the expressions of doubt concerning Harding's opportunity to win are indicative of a belief that the republicans by no means nominated their strongest man. Hughes, Hoover, Sproul and Johnson were regarded as sure winners. But Harding is looked upon as far from a certainty. Possibly this will change when the democrats have nominated their man, but the editors, correspondents and indeed many of the managers who worked so hard for Leonard Wood and Hiram Johnson were obviously doubtful about the outcome."

The truth is that where a year ago one found few well-informed persons courageous enough to predict anything but a republican landslide for 1920, today there are many thousands who believe that the democrats at San Francisco need only to use ordinary common-sense and judgment to insure a democratic victory, and their number has been materially increased since the nomination of Harding. The republican congress has contributed largely to the possibility of democratic success; the republican convention has made it a probability.

The 1920 Red Cross membership drive starts Armistice Day, November 11, and continues through Thanksgiving Day, November 25. The purpose of the drive is to maintain the membership of the organization at as nearly the high level set during the war as possible. The aim is to provide the means for carrying on the peace-time responsibilities of the Red Cross through renewal of popular allegiance to the Red Cross of the dollar memberships. The Red Cross obligations include continuation of measures in behalf of American war veterans, particularly of the disabled; service for the peace-time army and navy; development of stouter national resistance to disease through health centers; increase of the country's nursing resources and Red Cross co-operation with official health agencies; continued preparedness for disaster relief; home service and community work; and completion of relief work among the war-exhausted and disease-ridden peoples overseas. No organization excepting the army and navy alone had greater achievements during the war than the Red Cross; none contributed more to the upholding of morale at home and abroad; none attained a higher reputation for unselfish and efficient service. It will get a welcome in its roll call next fall that will be the result of the reputation for efficiency and unselfishness it made during and since the war.

The home ownership amendment, which came so near to being adopted when the "vote agin 'em all" movement defeated all except the prohibition amendment, may be submitted to the voters again next fall and will be carried if it is. The amendment purposes to make it easier for the homeless man to buy a home, in town or country, and there was never a time when such aid was more needed than now when land values are high and construction prices virtually at their maximum. The plan is for the state to use its credit for the benefit of the individual who wants a home, and the state is doubly secured in that it has the home for security and more important, in that it is making a homeowner of a citizen who, left homeless, cannot be as good a citizen as the man who knows he has a home of his own. The plan has been found to work very satisfactorily and beneficially in other states where it has been tried, and it will work so in Texas if it is submitted and adopted, as it should be.

Third party talk apparently is strong here among the progressive republicans and radical elements, and it would not be surprising if the conventions called for July 10 in Chicago—the Pinchot bunch, the committee of 48, the world war veterans—really got together and, possibly aided by the proposed labor party, put out a ticket for the November election. There is real dissatisfaction among progressive republicans over the nomination of Harding on a platform that is pretty much of a straddle on all major questions and unequivocal only on those which amount to little or nothing. The trouble with the third party as proposed is that the really radical elements are apt to control and their nominations and platform utterances might be as distasteful as the standard elements are.

One may decry our own congress action in interfering in the British-Irish fight, but one must admit that the Sinn Fein element is decidedly in the majority in Ireland. The Sinn Feiners in a recent election of county councillors won 695 out of 699, through coalition with the nationalists on a "self-determination" ticket, and they will dominate the municipal and county machinery in all of Southwest Ireland, the unionist forces being hopelessly in the minority. The Irish question gets to be a more difficult question, the longer it is permitted to run; and the longer it goes, the stronger the Sinn Fein element becomes.

San Antonio is crowing and Dallas folks are correspondingly disappointed over the former's census report, which shows that the "tamale city" is still the metropolis of Texas, as much as it will hurt Dallas to admit it. Houston and Fort Worth are wondering now which will be in third place when their enumerations are announced. When is Wichita's total to be announced? A lot of us are getting interested to know if it is the unexpectedly large number of citizens here that is responsible for the delay.

Chairman Cummings will be temporary chairman and key-note at San Francisco; Bainbridge Colby will be permanent chairman; and Carter Glass will be chairman of the resolutions committee. In other words there will be a "fat chance" for anti-administrationists in the 1920 democratic national convention!

HOROSCOPE

"The stars incline, but do not compel." (Copyright, 1920, by the Western Newspaper Syndicate.)

THURSDAY, JUNE 17, 1920. This should be a fortunate day, for Uranus and Saturn are in strongly benefic aspect. Neptune, also, is friendly.

During this way the mind is supposed to be keenly alert and the imaginative powers active. It is a time for planning and working out problems for future use. This government of the stars gives promise of many new inventions or novel applications of old devices. A fusing of progressive ideals with conservative traditions is indicated as probable political results which will be fortunate.

There is a promising sign for agriculture. While certain fruits of the field may be less prolific than usual, crops will be in the main good. Again extraordinary ocean travel is predicted and journeys begun today should be fairly lucky.

Uranus and Saturn are in aspect that seems to presage troubles among theatrical managers, but public interest in the drama will be keener than ever before. Neptune today gives great promise to all who are interested in oil production. New fields will be discovered.

Again many changes in the personnel of legislative bodies are prophesied and these will cause seasons of unusual bitterness in debate and long drawn out contests.

Growth of radicalism among persons of education, writers and progressive women again is prognosticated. In England conditions will be similar to those in this country, but the British are ahead of Americans in the development of labor interests and history here can be read in what has happened in Great Britain, the seers declare. Danger of infectious epidemics again is foretold. Cities should be kept clean at any cost, astrologers declare.

LITTLE BENNY'S NOTE BOOK

By LEE PAPE. "Us fellows started to form a old clothes club to bring down the high cost of living this afternoon, write me was setting on my front steps, Skinny Martin saying, 'I tell you lets wade do, fellows, lets all wear our coats inside out to show we're members of the club. That would be a heck of a way, people mite think we belonged to a minstrel show, sed Leroy Shooter, how about if we all have our mother out a patch in our pants to show how old they are, and I sed, 'Thats a good idee, lets all cut the same shape hole in our pants so we'll all have the same shape patch. Ill go in and get a pair of sizers. With I went up to ma's room, and ma was sewing and using the sizers herself, and I sed, 'Are you using the sizers much, ma? Yes, sed ma. Well can I borrow them for about 5 minnts, maybe only 4? I sed, and ma sed, 'What do you want to cut? Only cloth, I wont hurt them, I sed, and ma sed, 'Well be sure to bring them riss back. And I took them and started to go out of the room, and jest wen I was almost out ma sed, 'Wat cloth? Mam? I sed, and ma sed, 'Wat cloth, you herd me. Fants! I sed. 'Wat? sed ma, wat pants, whose pants? we're going to start a old clothes club agens the high cost of living and we got to have patches in our pants to show we belong. Give me back those sizers, sed ma. With did, ma saying, 'Sippose you walk till your pants wear out in the natural way, and I sed, 'Well the high cost of living may be down allready by that time, and ma sed, 'I hope so. And I went back to tell the fellows and they had all changed their minds agen enway on account of being afraid their own mothers mite object. When you need a plumber call 1712 Geo. W. Just Folks

By EDGAR A. GUEST

The Call. I must get out on the woods again, to the whispering trees and the birds awing. Away from the haunts of pale-faced men to the spaces wide where strength is king; I must get out where the skies are blue and the air is clean and the rest is sweet. Out where there never a task to do or a goal to reach or a foe to meet. I must get out on the trails once more that wind through shadowy haunts and cool. Away from the presence of wall and door, and see myself in a crystal pool. I must get out with the silent things, where neither laughter nor hate is heard. Where malice never the humblest stings and no one is hurt by a spoken word. Oh, I've heard the call of the tall white pine, and heard the call of the running brook; I'm tired of the tasks which each day I must do. I'm weary of reading a printed book; I want to get out of the din and strife, the clang and clamor of turning wheels. And walk for a day where life is life, and the joys are true and the pictures real.

Side Talks

By RUTH CAMERON

WHETHER ONE WANTS TO OR NOT. The other morning I had for a chance vis-a-vis at my restaurant breakfast, a friend who works in an office. She ordered omelet rolls and coffee, but after a bite of a roll and a few mouthfuls of omelet, she pushed her plate distastefully away, drank the coffee and said, "Wasn't your breakfast good?" I asked, "All right enough," she said. "But I never can eat when I get excited, and you know we are moving at the office and everything is in a mess, and I'm all keyed up. She laughed. That Picture of Meseif. "I should think that would be the time you would need your food the most." "Oh, I get along all right," she laughed. "I do it on my nerve I guess. By-by, I must skip." She called forth, still smiling. I think she rather feared the idea of doing things on her nerve instead of on a basis of solid physical strength. There is something about that that does appeal to us tense Americans. A Few Years Later. But it is a very dangerous appeal. For people who do things on their nerves, the nerves are likely to be the people who can't do things because of their nerves a few years later. It may be the sign of the high strung temperament to stop wanting to eat and sleep when one is under nervous tension, but it is the sign of a far finer temperament to go on eating or sleeping whether one wants to or not. "But how can I, when I don't want it?" she says the man or woman who has always pushed away his breakfast at such times. "How can you do any hard thing?" By will power! "But the food won't do me any good if I don't want it," someone protests. Not so much good perhaps, but much more than if you ate nothing. Eat it slowly. Don't let yourself think of anything about it. Talk or read. Take your time—but eat. And every time you get down a decent meal this way, the will will go away. Will Don't Put You to Sleep But...

WHY?

Did Rock Candy Get Its Name?

(Copyright, 1920, by Wheeler Speed.)

Originally what is now known as "rock" candy was called by the confectionery trade "Gibraltar rock." Nathaniel Hawthorne, in his "House of the Seven Gables," described a small store and said: "For instance, there was a glass pickle jar filled with fragments of Gibraltar rock; not, indeed, splinters of the veritable fortress, but bits of white marble candy. Other writers of even earlier dates refer to the crystallized-sugar confection by the same name, given it on account of its quartz-like appearance and extreme hardness. Wholesale candy price lists, issued in 1848, quote "Gibraltar rock," though those of the following year speak of it simply as "rock candy," the name by which it is generally known today, though the stores in the rural sections of England still feature their jars of "Gibraltar" as prominently as in the old days. Tomorrow — Why do we say "Bless you!" when a person sneezes? Sleeping is harder. But even here force of will, though it will not put you to sleep, will keep out of your mind the plans and swift flying thoughts that sleep far away. Physical strength is the basis of all one's value to oneself and society. Did you chance to read the article on Roosevelt which tells how his father had a gymnasium fitted up for the sickly child and said to him, "Theodore, you have the brains, but brains are of comparatively little use without a healthy body, and it lies with you to make it. It's dull, hard work, but you can do it." Suppose he had tried to live on his nerves? He would unquestionably have been dead or an invalid before long, and at which he became great. No finer instance of the force and courage we love so in Roosevelt was ever so shown by him than in this "making" his body. The opportunity to emulate it is daily ours.

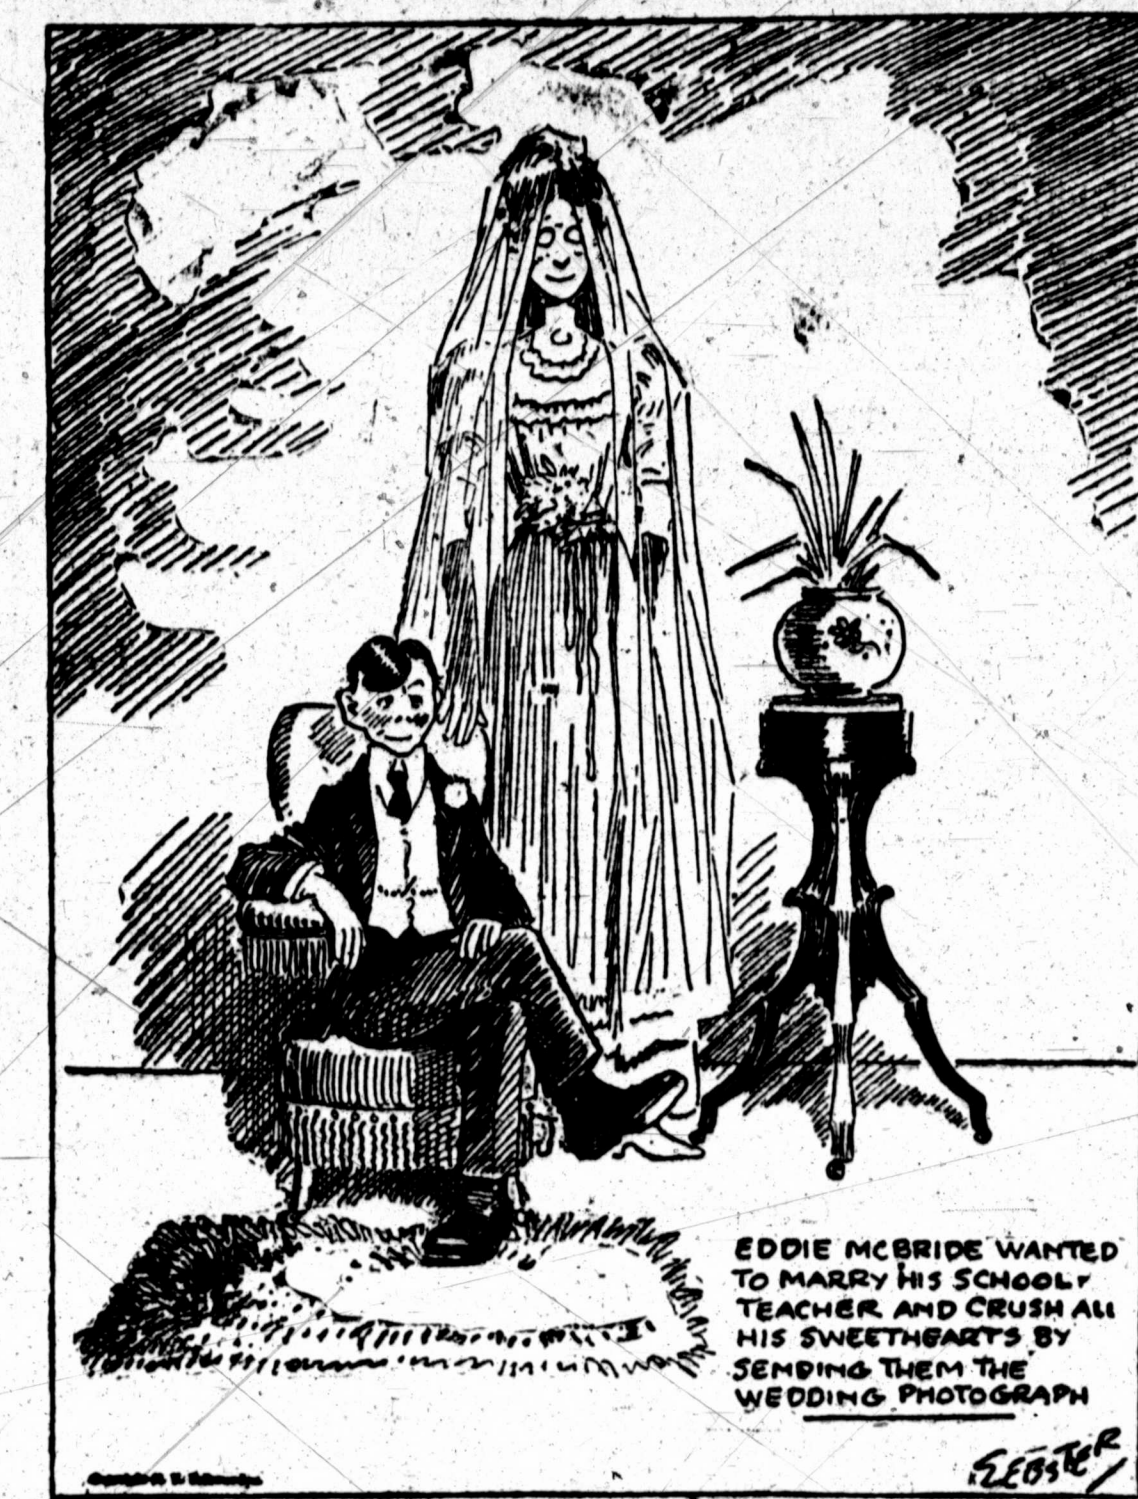

RIPPLING RHYMES.

By WALT MASON.

THE ROAD HOG. I wonder what the road hog thinks, as he goes on his way, detested by all mortal ginks, and cursed by night and day. He surely hates the human race, as down he leads his heavy, laden pack. In his heart there is no place for kindly, friendly things. We have our little punter carts, and we would sing and dance to their music, but the road hog bears each quarter of a mile. The road hog loafs along, alas, and when we honk our horn, beseeching room enough to pass, he grins with maudlin scorn. Around the risky curves he flies, and think he's in the swim; the rules that govern decent guys have little weight with him. Some day the food will break his neck, but ere that day arrives, a dozen autos he may wreck, or spoil a dozen lives. And as I watch him drive his barge, and weave an spur and snarl, I wonder why he is at large, where there are jails to burn. I wonder why a man is fined ten dollars or ten days, for shooting hogs and their kind, along the public ways. Smoke Peters' "Experience." For saut at all cigar stands. Steinhilf Baber, distributors. HOW COLOR SAVED FINANCIAL DAY FOR YOUTHFUL MERCHANTS ON 'MANCIPATION DAY

By J. G. The negro celebration June 19, 'Manicipation Day or "Juneteenth," without in most cases, fully understanding what it is all about, but not letting such lack of understanding interfere with his enjoyment of the one day which is his own particular holiday. Which is just as well, for no doubt if Abraham Lincoln could have foreseen the evil which would befall the race had fallen, he would have proceeded differently. It is fortunate that state wisely, as if with an eye to future celebrations. Watermelons are just beginning to be plentiful, on June 19, the weather is usually at the stage of torridity that suits the negro best, and the colorful suits or belle can bedeck him or herself out in appropriate raiment at a little better, perhaps, to have Juneteenth come in the midst of cotton-picking season, when any negro is without funds, he only himself to blame, but the time is good enough for the occasion. When the writer was a small boy, the Emancipation Day celebrations took place in a grove near his home, in a south Texas town, and they were affairs not to be forgotten. The crowd of white folks did not go near, contenting themselves with watching the parade which preceded the festivities; but small boys, such as myself, drew the color line less strictly. There was always much to be amused at, even for one to whom the negro per se, is no longer amusing, and besides there was an excellent chance that a shooting, or at least a cutting affray, would serve to enliven the occasion. Realizing that Emancipation Day is one time when the negro will limit his spending only by the utter contents of his purse, supplemented by such funds as he may be able to beg, borrow or otherwise obtain, the boy and myself decided to improve our own finances at the approaching celebration in the year 1906. I think it was the Emancipation Day when the institution by which the darkies were to be separated from their shackles. A neighborhood grocer agreed to back us, furnishing the ingredients of the lemonade, soda pop, a quantity of unsalable cakes and candy, and a supply of sardines, sardines and other edibles. Lumber, obtained I don't recall just where, was used for the booth, and we had a home-made sign, "Lemonade and Cold Drinks." That sign came near proving fatal. It was on canvas, and in order to keep it from flapping, as it hung just over our counter, we weighted it at the lower corners, with bottles of soda water. They were the old-fashioned pop bottles, the kind with a stopper composed of rubber and wire; when full, the pressure of the gas pushed this stopper up into the neck of the bottle, sealing it tightly, and you

EDDIE MCBRIDE WANTED TO MARRY HIS SCHOOL TEACHER AND CRUSH ALL HIS SWEETHEARTS BY SENDING THEM THE WEDDING PHOTOGRAPH

which had been proven. So we kept the crowd supplied with drink. Eventually, after midnight, the celebration ended. Our profit was \$1.30, my share being 50 cents. But long after the episode of the dishwater lemonade shall have faded from my tottering and senile memory, I shall, I am sure, be able to recall the another Juneteenth. For June 19, 1919, was the date on which I sailed home-ward from France.

Sherwin-Williams Inside Floor Paint. Will brighten up wonderfully those old run down floors which are so cheerless and hard to keep clean. It gives many attractive colors, dries with an extremely tough surface and a rich gloss. Ordinary paint isn't tough enough, but S-W Inside Floor Paint stands the hardest kind of wear and stands the incessant scrubbing which industrious housewives give their inside floors. It is especially fine for badly worn or soft wood floors which need the best protection. We All Know That the Porch and Steps Sherwin-Williams Metal Protective Paints embody the results of long scientific study and practical tests. They protect against air, water and abrasion. Elastic and durable and possess greatest covering capacity. Dry quickly and hard. Wall Paper and Decoration Wall paper is a completely stocked department here in charge of an expert who will advise you freely on decorative color schemes. Our large stock shows all the latest distinctive patterns and novelties. Hire a Skilled Painter Have your painter carefully examine your property. If it needs painting, it needs Sherwin-Williams paint, for fifty years the standard of quality. SHERWIN-WILLIAMS PRODUCTS Sold by THE SHERWIN-WILLIAMS CO. RETAIL STORE 818 Ohio Ave. Phone 24.

LABOR COUNCIL DENIES THAT IT HAS DEMANDED PLUMBERS GO BACK TO WORK AT \$12.00

The following statement was made today by chairman of the press committee of the Trades and Labor Council:

"It would require too much space to answer in detail the various misrepresentations contained in the daily press of the past two days and, anyway, we feel that this is entirely unnecessary as the public already understands that but little dependence can be placed in the propaganda that comes from the open shop association; they have been discredited so often, in fact, in every charge or claim that they have made."

"They attempted to convince the public that the laboring men were criminals and were responsible for crimes being committed in the city, in every instance the insinuations have been proven false."

"They professed to make no distinction between union and nonunion men, yet they provide that only one-third of the men on the job shall be union workmen. They probably would have barred union men entirely only if they must have a few skilled workmen to take the lead on their contracts. They realize that a full non-union crew could not deliver the goods."

"Now they come out in bold type and charge that the Central Trades Council has backed up and demanded that the plumbers go to work at \$12 a day. This statement is absolutely false and in line with their usual tactics. The Central Trades Council some time ago endorsed the action of the plumbers and this action has not been rescinded."

"They try to leave the impression that the cooks and waiters from Kansas City are seeking work under open shop conditions, when in the same issue of the paper, and in an article known to the writer of the misrepresentation, there was a statement emphatically contrary to this claim."

"Organized labor is perfecting willing for open shop leaders to tease themselves into believing that they can secure workmen to take the place of union men, and we do not object to their consuming columns of space in an effort to make the public believe that this can be accomplished, but the fact remains that it cannot be done, and the open shop crowd know it and have so admitted with reference to some of the crafts; some of their members admitted as much at the open shop meeting at the Masonic Temple a few evenings ago."

"Union men are not going to work with non-union men, regardless of what the open shop may say or do. Some card men may pursue this course, but it will be only a small percent of the total number and will avail the open shop leaders but little in their fight on organized labor in general."

"Organized labor has no fear of the result of the war on trades unions, and all the misrepresentations of the open shop association will not accomplish their purpose. The people are not being deceived."

"In this connection we might ask why \$ is if non-union men are so easily secured they have not been placed on the several buildings on which construction work has been delayed. They have scoured the country and spent a large sum of money in fruitless search. This fact is known, then why not publish the truth. Results count, not a lot of belabored newspaper effort to mislead the public."

"The suggested action of the build-

ing trades is by no means a victory for the open shop, as Col. Kelly would have you believe. It is a conscientious effort on the part of the building crafts to settle the labor trouble in Wichita Falls, and regardless of the result the fight on the open shop will continue with increasing energy. Of course, the open shop leaders are waiting with breathless interest, trusting that something will happen to aid their losing cause. But it is not going to happen."

"Organized labor is not dealing with Col. Kelly and his remarks as to what organized labor will do or not do has little bearing on the subject. The building trades will take such action as they may decide is for the best interests of the working men and Col. Kelly will not be consulted in making the decision. Certainly organized labor is not going to cater to a mad organization that is but a disturbing element in the community, an organization that we are quite sure a large majority of the citizenship would very gladly dispense with at this time for the sake of harmony and the upbuilding of the city."

FEDERATED MISSIONARY SOCIETY MET WEDNESDAY

The Federated Missionary Society's first meeting of the second year of the organization, held Wednesday afternoon in the First M. E. Church South with the ladies of the First Baptist church as hostesses, was devoted practically entirely to social enjoyment, there being little business to attend to and the program being unusually interesting. The Baptist ladies had provided a real southern summer dinner, with every adjunct from baked ham and all sorts of fresh vegetables, to ice cream and cake, and the luncheon was particularly enjoyable.

The morning session was opened

with Mrs. J. A. Kemp, president, in the chair. Mrs. J. L. Kemp led the opening devotionals, taking for her subject "She Hath Done What She Could." This congregational song was led by Mrs. P. C. Barron, both morning and afternoon.

An interesting and clever description, all in rhyme of the work done by the Council of Jewish Women of Wichita Falls was given by Mrs. Ben Kaufman, the secretary; Mrs. J. L. Art gave a piano number that was very pleasing. An interesting paper on "Stewardship" by Mrs. W. H. Davis completed the morning's program.

The afternoon session was opened by devotionals led by Mrs. E. S. Goodner, with the subject "God's Power in Our Lives." Mrs. J. C. A. Guest led the round table discussion, "Can a Woman Be Truly Missionary Without Reading Missionary Literature?" and many interesting points were brought out, with regard to both foreign and home missions in the discussion, in which many participated.

The society heard a plea for volunteers for the school of instruction for play ground supervisors, which will be held shortly in connection with the community work. Mrs. W. P. Danforth making this appeal, and telling of the need for the work.

The afternoon's musical program included a vocal solo by Mrs. N. M. Clifford, with piano accompaniment by Mrs. Ben Bell, vocal selection by Mrs. W. M. Priddy, with violin obligato by Mrs. Bruce Greenwood and piano accompaniment by Miss Annette Walsh, and a violin number by Mrs. Greenwood, accompanied by Miss Walsh at the piano.

The meeting was adjourned by a rising vote of thanks to the Baptist ladies for their splendid hospitality.

PROVOST GUARD SEIZES WHISKEY ABOARD STEAMER ELISIMORE, AT GALVESTON

GALVESTON, TEX., June 17.—Troops of the downtown provost guard, under orders of Brigadier General Wolters, last night raided the steamship *Elisimore* from Porto Rico and confiscated 113 quarts of Canadian Club whiskey and four quarts of Jamaica rum.

W. D. Coffey, first assistant engineer, and C. W. Caalison, second mate, were taken into custody and turned over to the internal revenue authorities. A military guard was still stationed on the ship today.

General Wolters said today that he has given strict orders to patrols along the waterfront to keep a sharp lookout for violations of liquor laws. Under present conditions a man under the influence of liquor might become the cause of a disturbance, the general said.

The *Elisimore* is a vessel of the United States shipping board and is being operated by a Baltimore concern.

IMPROVEMENTS WILL BE MADE ON VERNON ICE PLANT

VERNON, TEX., June 17.—Between \$100,000 and \$150,000 will be spent on the Vernon plant of the Texas Public Service Company under reasonable conditions, according to a statement

PIPE FOR SALE

One string of new four-inch 15-lb. drill pipe on car here now. Call Mr. Love at William-Mary Hotel.

United Pipe and Supply Co.

made by President A. W. Foster of this company to R. H. Coffey, president of the Chamber of Commerce. Mr. Coffey announced at the directors' luncheon-meeting last night.

All of the ice now made by the Texas Public Service Co. in Vernon will be reserved for the use of Vernon people, Mr. Foster states in a letter, adding that "we have made arrangements to supply ice from other sources for people living outside of Vernon including oil operators, county stores, farmers, etc. and we feel sure that this plan will care for all the requirements of your city and the adjacent territory this summer."

The Wichita Falls Ice Co. will ship as high as two carloads of ice a day to Vernon and sell it from the docks at 70 cents 100 pounds, according to information received by the Chamber of Commerce from G. E. Flesner, who is here representing this company.

The ice situation in Vernon has been under consideration by the Chamber of Commerce for several weeks. In reply to a letter sent him by the chamber, Mr. Foster states in part: "As to increasing the capacity of our ice plant this year, would say

that on account of the shortage of material and the great difficulties in railroad transportation it is impossible for us to increase our ice capacity in sufficient time for it to be available during the hot period of this season."

MOVE ON WARNING GIVEN VAGRANTS AT VERNON

VERNON, TEX., June 17.—Local police force is working in an effort to clean-up the city and has notified the floating elements that they must find employment or make a hasty exit from our city. Seven crap shooters were arrested by the police one night this week and fined \$20 each. They were both white and black. The move on warning has been sounded to the many lewd women that have been infesting the city since the oil boom and they, too, are making a hasty retreat to more favorable fields.

PARIS, June 17.—Final official statistics of the ministry of war fixes the total number of French soldiers killed during the great war at 1,342,472. Of this number the details of the fate of 361,584 are unknown, according to the Matin.

SPUDDERS KNOCKED OUT OF SECOND PLACE BY PEARSON'S AIRTIGHT TWIRLING; TAILENDERS WIN 3 TO 0

The Spudders went down to third place in the Texas league standing yesterday afternoon as a result of a 3 to 0 defeat administered by the lowly (7) Buffs. Pearson won the honors in a pitching duel with Jimmy Zinn by a wide margin. Pearson's home runs, five in all, and his airtight twirling, which was the downfall of the Buffs, were the factors that secured for him the victory. Pearson, who is still whaling the ball in great style, and the other two, which were of the scratch variety, were made by Kitchens and Josephson.

The Spudder Ace was not as wild as he was in his two previous starts, but he was in his groove for nine safeites. Four of them came in the third canto when the Buffs registered their three counts. A poor throw by Josephson to third helped matters in this regard. Siderby, but the damage would have been done regardless of the heave. Outside of this frame, Jimmy pitched good ball, but the three failures were more than enough for the Buffs and the pardon came too late.

After going scoreless for two frames, the onrushing Buffs broke out in a rash in the third. Menz was an easy out, Tanner to Snedecor. Snedecor dumped a safety in left and went to third when Pearson poled one to right. Baggan and Snedecor attempted to work a squeeze, but Zinn was on his toes and threw Noyes out on the plate on the bunt. Pearson went to second on the play and moved to third when Ena whalloped one into Josephson's pasture. Jo made a poor return to the infield and Pearson, who had already baited at third, sauntered home, Ena taking second. Baggan attempted to open the frame with his second safe awat, a clean blow to right. Mokane pushed him along with a neat sacrifice, though by sacrifice should be laid down with the Spudders three runs behind is more than can be fathomed. Miller was an easy out, McDonald to Leslie, while Benny popped a measly foul fly to Noy.

The Spudders got a ray of hope in the ninth when Jo opened by scratching a single through the box. He was forced at second, however, and Snedecor and Mokane hit weak flies to the infield. Score:

HANSON IN LIMELIGHT AS PRESBYTERIANS SLIP ONE OVER ON CITY NATIONALS

If you want to start a riot in the City National Bank of Commerce just mention the name "Hanson" here's what that boy did yesterday while the Presbyterian Bible class was handing the bank boys on 11 to 3 defeat. He pitched. He hit safely. He applied for three triples and a double out of four trips to the plate. He struck out three men on 11 pitched balls in the sixth inning when the bases were jammed to overflowing by three representatives of the bank outfit. Not such a poor day's work for one man.

Shady Hale's work was the bright spot in the bank's play. He hit safely three times and fielded in faultless style. Score:

Presbyterians .. 122 005 4-11 19 5
City Nationals .. 121 152 0-12 4
Batteries: Hanson and Shankle; Sellers and McAbee.

THE ONLY ONES WHO HAVE LICKED JACK DEMPSEY

Jack Dempsey, heavyweight champion, with his mother and father at the home of Jack Kearns' mother in Oakland, Cal. His parents recently arrived from their home in Salt Lake to testify in his behalf.

The Sportlight by Grantland Rice

COMPETITIVE TYPES

Our Uncle Samuel is extremely fortunate in at least one respect. In the forthcoming international tests with Great Britain at tennis and golf the sportingly old gentleman has two fine competitive types to look after in the persons of William M. Johnston and Walter C. Hagen.

They are not alone entries who possess unusual skill. They are something more. They are also entries who have competitive souls, who are usually at their best under the strain of championship play—types that can be depended upon to be at their best when the strains grow heaviest.

TWO HARD FIGHTERS

Johnston at tennis and Hagen at golf have always been hard fighters, men who refused to be discouraged when the game broke badly.

Yet they are not alike. Johnston is more of the grim, earnest breed that enters a championship test with the seriousness of the occasion stamped upon his face. You can see that he means business. There is nothing sour or sullen about him, but a certain set concentration upon his task.

THE TWO JOBS

Of the two jobs Johnston has the easier one. He will have to beat only a certain limited number to win. Hagen, on the other hand, will have to beat the entire field.

And Johnston, with some fine tennis players to overthrow, has no such combination as Vardon, Taylor, Mitchell, Duncan, Ray, Herd and others in his path.

ON THIS SIDE

The entire spread of international debate will not be cast for English soil. While our golfers, our tennis players and the Princeton track team are attacking Albion redoubts there will be considerable action on this side of the water.

In the first place, the Cup Race will be under local auspices so far as location goes.

About the same time Vardon, Ray and possibly Abe Mitchell will be touring the golfing landscapes of America preparatory to going back after our open championship.

And then again there is the matter of Mons. Carpenter and his affair with Battling Levinsky for the light heavyweight championship. Later there will undoubtedly be visiting tennis players for the national championship at Forest Hills.

OUTFIELD VALUES

If any one had to name in advance the two best outfielders in baseball the main awards would have gone to Detroit in the American League with Cobb, Veach, Flagstead and Shorten and to New York in the National League with Burns, Young, Kauff and Stutz.

Yet the two clubs with all this outfield talent have been hovering between seventh and eighth places since the middle of April.

Neither club could get any pitching to speak of. Which is generally the answer to a seventh or eighth place outfit.

When a good outfield is only used in chasing long hits to the fence its value wanes perceptibly.

PIRATES WIN OPENER FROM LEAGUE LEADERS 4 TO 3

GALVESTON, June 16.—Timely hitting coupled with Fort Worth errors gave Galveston the opening game, 4 to 3. Captain Gray of Galveston was fined \$20 and banished from the game by Umpire Sentell for disputing a decision.

THE NEWS IN RHYME

By C. F. C.

When news is scarce, the days are warm,
And sidewalks burn our aching feet,
We write these rhymes for the Wichita Times,
Our favorite evening sheet.

For we find it is simpler far
To comment in verse that is quaint
On things we have read, than to go
out instead.

In search of news items that ain't
For instance, the news of the day
Tells how "wireless singing" the
rage;
But we like to see him sing "Moth-
er Machree."
When we pay to get John on the
stage.

New York is all stirred to its depths—
A whist aspir's gone from the race,
He was murdered. The reason, we
judge,
He thoughtlessly trumped partner's
ace.

The Texas League moguls today
Are discussing a split in the sea-
son,
Fort Worth is agin it, says no money
in it—
That's prob'ly not her REAL reason.

The Wichita insane asylum
The solons at Austin declare
Will be finished right soon; what a
heavenly boon—
We will find us a resting place
there!

The plumbers now wish to go back
to labor at 12 bucks a day;
And the average guy heaves long-
winded sigh,
And wishes that that was HIS pay!

Potatoes, it seems, have gone down,
And this is an injustice rank;
For no longer can YOU, renew notes
when they're due
By putting up "spuds" at the bank!

Tom Taylor rises to remark,
Commenting on the city's needs,
That he's so sore, he'll war'n no more
Watch out! You'd better clip those
weeds!

There are no weeds in our back
yard,
Our pride in this is very great.
Weeds minus are, because, Ha! Ha!
We own, as yet, no real estate!

And so we'll cease those warblings
sweet,
These idiotic, foolish strains,
Because the time we spend on rhyme
We might spend adding to our
brains.

OKLAHOMA CITY TEAMS HIT SAWDUST TRAIL

OKLAHOMA CITY, OKLA., June 17.—Seven members of the Oklahoma City baseball team of the Western League, led by Manager Jack Holland, last night "hit the trail" at the re-

by the Rev. Billy Sunday. The night before, a delegation of the Des Moines, Iowa, club, which is playing here, also walked the sawdust trail.

Sport Comment

By Paul W. Larkin

Seven hits is the sum total garnered off Pearson's delivery by the Spudder in his last two starts against them.

Jimmy Zinn had better hurry up and get going again or he will be termed the Spudder "Deuce" instead of "Ace."

Jimmy was woefully weak with the stick yesterday, too. He toed the dish three times and whiffed the ozone the same number of times.

Jimmy came near crabbing the last called strike, but got onto himself in time. President Morris was in the grandstand and the game was one of the most peaceful staged in the league this year.

It's getting so they look alike to "Pete." Just to show his versatility he pulled his hits to left, center and right yesterday.

It looks as if the split season was a sure thing now. Three club representatives were among the missing yesterday morning at the roll call, but all hands were on deck except a Gasser in the afternoon. Two of the clubs were opposed to a split season so no final decision was reached; but the indications are that the split will come. The matter is now in the hands of the board of directors and a decision will be rendered at a later date.

They say Babe Ruth cost 150,000 iron men. Here's this one! Just a short time before Man o' War stepped out on the track at Belmont Park last Saturday what if the world's best colt for a mile and three furlongs, his owner, Samuel D. Riddle, of Philadelphia, refused an offer of \$200,000 for this great colt. The Quaker City apartment claims no amount of money could buy his prize racer.

While speaking of large sums, glance at this one. Benny Leonard has been offered \$1000,000 for three bouts in the Jersey City arena. His opponents will probably be selected from the following: Ted Lewis, Mike O'Dowd, Johnny Wilson and Jack Britton. One hundred thousand is rather poor pay for three bouts.

Just a few more statistics regarding the ever increasing record of the one and only "Babe." He has only to make a home run off some member of Connie Mack's pitching staff and his tour through the American League clubs will be complete. Up to last Sunday he had not manufactured a circuit-clout against Cleveland, but he added Speaker's team to his list in the 14 to 0 rout in Cleveland. His 13th excursion wallop in the White Sox park yesterday was the first he has made there this year, owing to the fact, we suppose, that the Yankees are now in Chicago for the first time this year. To date Ruth has hit five home runs against Boston pitchers, four against Washington, four against Chicago, three against Detroit, one against St. Louis and one against Cleveland. He failed to do so at Washington and Philadelphia and he has yet to visit St. Louis. On this date a year ago he had only four home runs to his credit. He got his 13th wallop last season in the latter part of August, so he is now two months ahead of his 1919 record. Go to it, "Babe."

PRATHER IN STATEMENT CORRECTS IMPRESSION AS TO HIS ATTITUDE

To the Local Press:

I noticed a statement in Wednesday's papers which leaves the impression that it was largely through my efforts that the local building Trades Council has instructed the local plumbers who are now out on strike for \$14 per day, to return to work for their old scale of \$12. Such an impression, if created, is erroneous, as those participating in the last meeting of the building trades will testify. My position in this matter has been very clear to all parties at all times. The local labor movement should have instructed the local plumbers to return to work at the time their demands were first made, rather than wasting two months time in squabbling over the proposition and then finally handing down their last decision. If the plumbers were wrong yesterday, they evidently were wrong at the beginning of their strike and should not have been supported at all.

The point I wish to make clear is that the local plumbers were not ordered to return to work for the \$12 scale by my vote or through my influence. Quite the contrary was the case! I realize that the Open Shop Association is now attempting to destroy the very foundation of organized labor, and I believe it to be the duty of all union people of this city to stand loyally together and combat the efforts of the Open Shop Association instead of now deserting the local plumbers who we have been supporting the past several weeks. As I see it the union plumbers of Wichita Falls deserve the credit for waging the gamest fight against the open shop employers of any other local in the state of Texas.

JACK PRATHER.

They'll pass you a new deal in cigarette enjoyment!

YOU get out of every Camel you smoke everything you ever wanted in a cigarette! They are a delight! Never has such a cigarette been offered smokers! We ask you to compare Camels with any cigarette in the world at any price!

Camels are unusual not only in their quality but in their expert blend of choice Turkish and choice Domestic tobaccos. You will prefer Camels blend to either kind of tobacco smoked straight.

You can smoke Camels liberally without tiring your taste; besides, Camels leave no unpleasant cigaretty aftertaste nor unpleasant cigaretty odor. Camels answer every cigarette question as it has never been answered before!

To Our Friends and Patrons

The lease on our present building expires August 1 and we have as yet been unable to obtain suitable quarters to continue our business after that date. It being necessary for us to have all our accounts closed at that time in the event we are unable to continue our business in a desirable location we have decided to place our business on a strictly CASH BASIS AFTER JULY 1.

We regret the situation that has made this step necessary at this time and we assure our patrons that the change in no way will affect the service and satisfaction that has been our aim in the past.

Our present stock of FEDERAL TIRES and TUBES with a complete line of AUTOMOBILE ACCESSORIES assures an adequate supply to meet the demands of all until August 1.

TIMES DAILY MARKETS

New York Stocks, Grain and Provisions, Cotton and Livestock.

COTTON MARKET.

New York Cotton Market.
 NEW YORK, June 17.—Continued good weather and unfavorable news from the textile trade led to further selling in the cotton market at the opening today. First prices were 3 points higher on July, but generally 2 to 14 points net lower and active months sold 1/2 to 20 points below last night's closing figures right after the call with July touching 37.50 and October 33.50. There was local and southern pressure, but houses with Liverpool and other foreign trade connections brought on the decline and while there was some change in the news, prices rallied several points on covering before the end of the first hour. Cable advices from Paris say that the Marcellus sewing cotton spinners are about to close their plants two days a week owing to the fall in prices and short time among the mills in this country is increasing. The early break extended to 37.40 for July and 34.20 for October, and 29 to 30 points below last night's close and about 20 points below the high level of yesterday morning. Recent reports showed a disposition to take profits on this decline and there were rather sharp rallies later in the morning on prospects for unsettled weather in the southwest, although some thought shows there were not altogether unfavorable after the past two days of dry weather in most sections. July sold up to 37.50 and October to 34.50, or back to about last night's closing quotations on new crop contracts.

The detailed weather reports showing maximum temperatures ranging from 70 to 100 degrees at many eastern belt points led to more general covering during the afternoon and with October touching 34.50. The market closed steady.

GRAIN AND PRODUCE

Chicago Grain Market.
 CHICAGO, June 17.—Corn prices weakened today as a result of large receipts here. Some bearish sentiment was due also to the belief that chances of a squeeze in the July delivery had been lessened, board of trade directors having issued a call for a statement of all open contracts on June 20.

Open quotations, 1/2 to 1c lower, with July 17.75 to 17.75 and September 16.50 to 16.50, were followed by moderate further declines and then something of a reaction. Cool weather with rains gave a downturn to the oats market. After opening 1/2 to 1c lower, including September, at 8 1/2 to 8 1/2, the market underwent an additional 1/2 to 1c decline.

Provisions reflected the weakness of grain and hogs.

Withdrawal of shippers led subsequently to a decided setback in values. The close was unsettled, 1/4 to 3/4 c lower, with July 17.75 to 17.75 and September 16.50 to 16.50.

Chicago Produce Market.
 CHICAGO, June 17.—Butter lower; creamery 42c; eggs lower; receipts, 40,175 cases. First 37c; ordinary first 35c; at mark, cases included, 36c; storage packed, extra, 41c; storage packed first, 40c. Poultry unchanged.

"CASEY" SMITH AGAIN IN TROUBLE--ATLANTA HAS REFUSED TO PLAY

ATLANTA, GA., June 17.—"Casey" Smith, Indian pitcher, banished by the Coast league for alleged gambling, bobbed up today as a serious trouble maker in the Southern Association when Charley Frank, president of the Atlanta club, served an ultimatum on Kid Elberfeld, manager of Little Rock, that the gates at Atlanta field would remain closed this afternoon if Elberfeld attempted to play Smith.

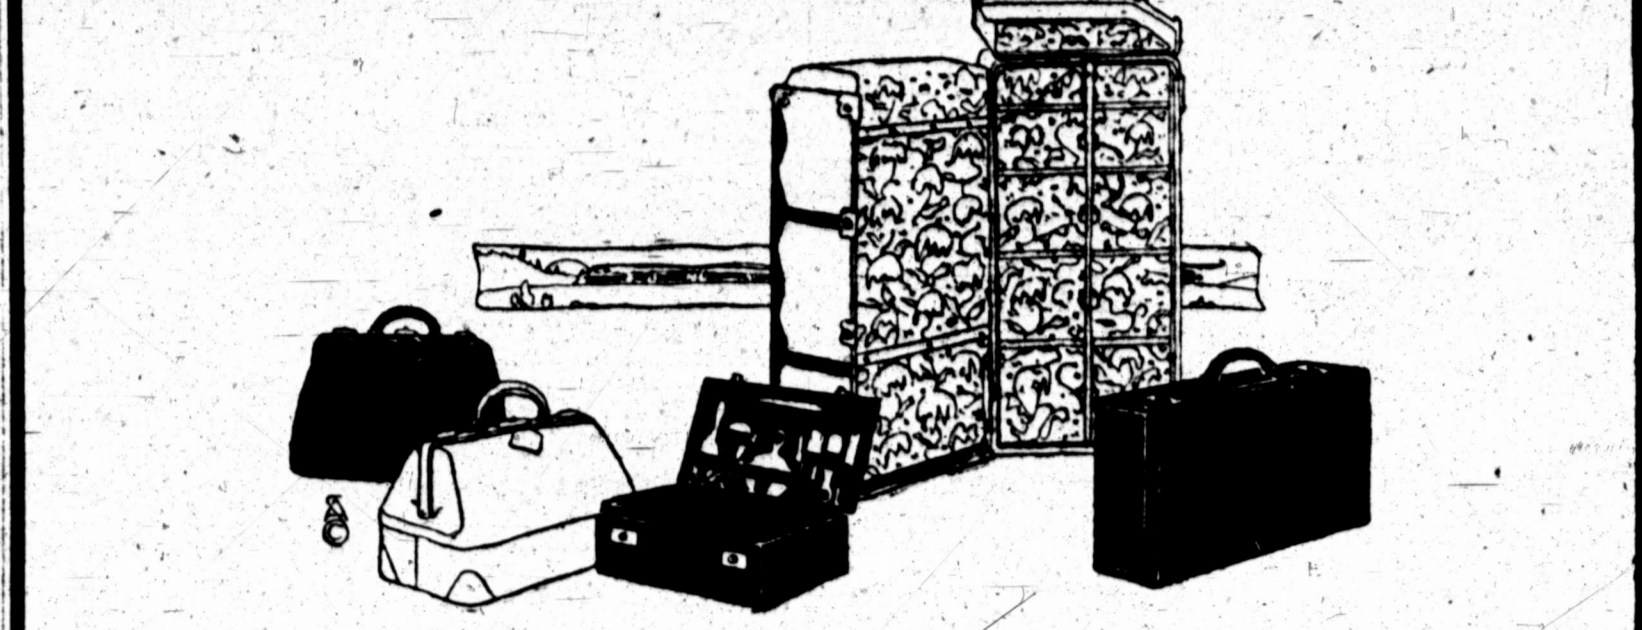

President Frank later announced there would be no game here this afternoon between Atlanta and Little Rock teams as a result of the refusal of Manager Elberfeld to agree not to play Pitcher "Casey" Smith.

OHIO MINERS SUFFER FROM HUNGER IS REPORT

COLUMBUS, O., June 17.—Though miners are receiving the highest wages ever paid them and the demand for coal is far in excess of the supply, many Ohio miners are actually suffering from hunger, according to George

NEW PARTY FORMED IN CHAMBER OF DEPUTIES

PARIS, June 17.—A new party recently formed in the chamber of deputies comprising 230 votes is one which it is expected any future premier will have to take into account in preserving his majority in the chamber. Charles C. A. Jonaert, speaker from Pas de Calais, has been elected president. The party represents remnants of the radical party and elements of the national bloc holding seats in the center and right center of the chamber.

TRUNKS, BAGS And Traveling Accessories

For the Honeymoon or Vacation Trip

A wardrobe trunk is the only thing to buy for general use. Money put into a large or small one will serve you for a lifetime, earning interest in the form of satisfaction at being ready to travel at any time and any place in proper style.

Just received a large shipment of INDESTRUCTO TRUNKS in the very latest models, and all ranges of prices.

Bags and suitcases, large heavy leather bags for the men or the lighter ones for the women, are equally necessary for the summer trip.

SEE WINDOW DISPLAY

P.B.M.C.
DEPARTMENT STORE.

NEW ORLEANS COTTON MARKET.

NEW ORLEANS, June 17.—Continued highly favorable weather conditions over the belt and poor cables caused a drop of 20 to 25 points in the price of cotton during the first hour of trading today. July declined to 37.40 and October to 34.17. The weather was generally clear and dry with temperatures rather high but the trade took the position that high temperatures were beneficial.

Covering of the short interest became quite general after the posting of the weather forecast which naturally took the view that not altogether realizing the predictions of showers for the eastern half of the belt and for portions of the western half late in the morning the trading months were 2 to 17 points higher than the close of yesterday, July rising 37.50 and October 34.27.

The upward trend continued until prices were 7 to 17 points over yesterday's first but late in the day the market lost headway and the demand was better supplied by traders who naturally took the view that the crop was doing well under present weather conditions. Toward the close the active months were at net decline of 1 to 12 points.

The cotton market closed steady at net unchanged to 15 points lower.

KANSAS CITY CASH GRAIN.

KANSAS CITY, June 17.—Cash wheat unchanged to 2c up; red steady to up. No. 1 hard \$2.50; No. 2 hard \$2.45; No. 1 red \$2.81; No. 2 red \$2.76; No. 1 corn 5c up on early sales; later steady with yesterday. No. 2 mixed \$1.76; No. 2 white \$1.90; No. 2 yellow \$1.85; No. 1 mixed \$1.50; No. 2 red \$1.11; No. 1.12; Rye \$2.20.

NEW YORK STOCKS.

NEW YORK, June 17.—An extreme decline of 5 1/2 points in Crucible Steel to 28 1/2 was the feature of the day in the stock market. Changes otherwise were generally toward higher levels, with chemicals, steels and equipments again in the lead. Stalls were irregular, Canadian Pacific low and a decline, preliminary quotation in the foreign exchange were noteworthy for the marked strength of remittances to London, some bills approximating \$4 to the pound.

Several of the inactive specialties stood out in higher values, of the most prominent an advance of nine points in Virginia Iron being the chief feature. Oil and food shares also improved but standard industrials and rails were only occasionally quoted at nominal changes.

Stagnation was most pronounced in the final hour, a few leaders, including United States Steel and Baldwin, reacting moderately. The closing was heavy.

CAMPING SITE FOUND MAN WITH MONEY NOW WANTED

Wanted: A Wichita Falls citizen with \$11,400, a goodly amount of civic pride and a desire to be of service to other citizens who possess an equal amount of civic pride but are unable to display it through the medium of money.

The Chamber of Commerce is seeking such a man as is described above; the park committee recently appointed by the chamber to seek a site for a camping ground and picnic park has succeeded—the site has been found, and now the committee is seeking the public-spirited citizen who will purchase the site and thereby make the creation of the park possible.

The site chosen by the committee includes 38 acres lying just across Holiday creek, on the Holiday road, south of the Wichita Falls Golf club. It is heavily timbered, a part of the creek runs through the tract and in many other ways the land could be made into a most attractive camping ground—and later into a city park with driveways and walks, fountains and flowers and all else that contributes toward a pleasing municipal playground.

It is the hope of the committee that someone will be found who will be glad to pay the purchase price of the tract, \$300 an acre, and donate the tract to the city. In turn, the city would name the new park as a memorial to the generosity and thoughtfulness of the donor.

The site for the park has been found—now, is there any one in Wichita Falls who wants to write the check? Please don't crowd.

BETTER SYSTEM FARM CREDITED TO BE FOSTERED TEXAS CHAMBER COMMERCE

DALLAS, TEX., June 17.—The Texas Chamber of Commerce is planning to mobilize public sentiment for a better system of farm credit in Texas and has announced the following rural credit committee, which will formulate policies along this line: J. D. Stephenson, farmer, Dallas; S. A. Lindsey, Federal Land Bank, Houston; Joe Hirsch, chairman agricultural commission of American Bankers Association, Corpus Christi; Clarence Gaudy, Fort Worth; W. M. Splawn, professor of economics of University of Texas, Austin; F. M. Law, Texas Bankers Association, Houston; B. F. Brown, A. & M. College, College Station.

Decreasing man power on the farms must be supplanted with horse and motor power and with improved labor-saving implements and devices, according to the policy of the Texas Chamber of Commerce. The purchase of these implements will mean credit for a longer period than one year and to this end a special effort will be made to interest bankers and other business men in providing this credit and also to the working out of a permanent system of "middle-term" credit based on personal security.

Dental Notices.
My offices will be open on Saturday afternoons. Dr. J. S. Nelson, dentist. 34-tfc

Safety From Sunburn

Your outdoor pleasures will be marred if you worry about freckles, tan and sunburn which so often come to the skin that is not properly protected.

Garden Court Benzoin and Almond Lotion insures a soft, clear, velvety skin in all sorts of weather. It is healing and soothing and is neither greasy nor sticky. Apply a little of this delightful lotion before exposure and you can forget your skin and complexion and put all your energy and enthusiasm into your play.

MEARS GASOLINE COMPANY FORMED \$50,000 CAPITAL

Merging of the gasoline and lubricating oil jobbing business of J. L. Mears into the Mears Gasoline company, a joint stock association, unincorporated, with \$50,000 capital was announced Tuesday. The officers are J. L. Mears, president and G. G. Lamme, secretary and treasurer. The company continues the operation of the business which Mr. Mears has been engaged in since 1917, now supplying more than 30 filling stations in Wichita Falls with gasoline and lubricating oil. The distributing plant, which has been recently enlarged to care for the expansion of the business, is at 1501 Scott, with truckage on the

Fort Worth and Denver, and a fleet of tank trucks, and lubricating delivery trucks is maintained.

The company contemplates expansion in the city of Wichita Falls, and also branching out into other cities. A large part of the stock has been placed with interests that control an entirely adequate gasoline supply, it is stated, and the company will thus be in position to expand rapidly.

O. P. MARICLE RETURNS FROM CHICAGO CONVENTION

O. P. Maricle and bride returned yesterday from Chicago where Mr. Maricle attended the republican national convention. Mr. Maricle attended all the sessions of the convention and was one of the first Texas delegates to vote for Harding.

"I believe the nomination of Harding was satisfactory to practically everybody. I think he is the strongest candidate the party could have nominated," said Mr. Maricle.

NEW PLAIN CLOTHES MAN ADDED TO FORCE

W. E. Powers, a former Texas ranger, was added to the local police force Wednesday as a plain clothes man. Powers served on the force for a short time several months ago, and it is believed by Chief Goodfellow that he will prove a useful man to the department.

Have You Ever Owned a Good Fountain Pen?

Avoid writing troubles with the always dependable CONKLIN. Its superiority is proven by the following facts:

- It's the original self-filler and still the leader with 2,000,000 satisfied users.
- It is the only pen having the famous "Crescent-Filler."
- It has the strongest and simplest filling device.
- It will not leak, blot nor drop ink.
- It will not "balk"—writes at the first stroke.
- It will not scratch—pen action is smooth and easy.
- It will not roll off the desk—"Crescent-Filler" prevents it.
- It's backed by the strongest and broadest guarantee in the fountain pen field.
- There's a Conklin point to suit every style of handwriting.

Try one today—and you'll never be without your CONKLIN.
