ASSISTANT TO FRED W. UPHAM G. O. P. NATIONAL TREASURER ACKNOWLEDGES QUOTAS FIXED

CHICAGO, Sept. 9.—Charges by Governor Cox that the republicans had fixed quotas and planned extensive fund raising drives in at least 51 cities, and that the national committee had had a part in assessing the city quotas were admitted on the stand before the senate investigating committee today by Harry M. Blair, assistant to Fred W. Upham, republican national treasurer.

SAYS UNITED STATES IS LOOKED UPON AS NATION OF QUITTERS

Such view held by associates in war is opinion of Gov. Cox.

Because the senatorial oligarchy blocks league.

Cannot enjoy period of prosperity possible until doubt is removed.

By HERBERT W. WALKER. United Press Staff Correspondent.

HELENA, MONT., Sept. 9.—The United States is looked upon by its associates in the war as a nation of quitters, because the senatorial oligarchy blocks its entrance into the league of nations, Governor James M. Cox asserted in a speech here today, opening his second day's campaign in Montana.

"America can not enter into that period of prosperity to which we are entitled until the doubt and distrust and the growing hatred against us created by the apostles of hate in the senatorial oligarchy have been removed," he said.

"We are looked upon as a selfish nation, as a nation of quitters, self-prosperous and self-satisfied, while our associates, as well as our enemies among the nations of Europe are starving to death."

"They can not go to work. They cannot even pay their war debts of ten billion dollars to us until definite decisions as to the terms of peace and indemnity have been made and all distributed, each of the other, has been removed. This can only come when we join the 33 other nations of the world which have already affixed their signatures to the articles of peace agreed upon when our boys stood watch on the Rhine."

"Reconstruction can not be definitely undertaken until we know where we stand with the nations of the world," Cox declared, "that war taxes cannot be reduced if our existing building, battleships and equipping armies, year after year in competition with other nations."

"The main speeches at Helena and the mining sections of Anaconda and Butte were on Cox's schedule today, after which he will leave for a stump tour, which will include a stop at Butte and Butte at 6 o'clock tonight and Butte at 7:30."

OUTLINES THE PRACTICAL BENEFITS OF THE LEAGUE

HELENA, MONT., Sept. 9.—Arguments in behalf of the league of nations were presented here today by Governor Cox, democratic presidential candidate. He outlined what he declared were practical material benefits to flow from the league.

"It has recently been figured," said the governor, "that the cost of one battleship would reclaim two million acres of land."

"Multiply this by 48, the number of states, adopting the plan of one battleship for each state, and you have a staggering total, and, if properly applied, the answer to the problem of housing in our cities, the answer to the question of increased production and sustenance of human life. The expenditures required in this would reclaim 150,000 square miles of waste. It would build ten permanent paved arteries, entirely across the United States."

"Think of this in terms of reclamation of arid and waste lands, if you will, and think what it would mean to have one million men, exclusive of thousands required in shipyards and ammunition plants, turning their activities to the production of the necessities of life, rather than to employment in the creation of agencies for the destruction of life."

WRITING PRESCRIPTIONS NOT ALLOWED FOR THIS DOCTOR

CHICAGO, Sept. 9.—Writing prescriptions, even for whiskey, is no doctor's work, take it from Dr. M. H. Fash, called before a state prohibition director for Illinois, to show cause why his license to issue prescriptions for whiskey should not be revoked, told how he carried the pack to oblige several hundred customers a day.

"I started writing prescriptions at 7 a. m. and worked 12 hours without rest," he said. "My lunch was sent to my office and I ate it while I worked."

Fash said he wrote 700 prescriptions in four days.

Figure it out yourself at \$2 per prescription.

Harding Abandons Front Porch Plans Will Take Stump

NEW YORK, Sept. 9.—Considerable speculation was expressed at democratic national headquarters here today over the report that Senator Harding is to follow Governor Cox in a western tour. "A new plan of campaign is announced today for the republican candidate," said a statement issued by Charles George White of the democratic committee. "He is to leave his front porch, so it is reported, and make a speaking tour to the coast. It is his retreat, or an advance, Governor Cox's aggressive and hard hitting campaign is the case of course."

CHICAGO, Sept. 9.—A modification of the "front porch" campaign to include a number of speaking trips has been agreed to by Senator Warren G. Harding as a result of his cordial reception here today by the city.

CONTINUE EFFORTS FOR A SOLUTION OF TROUBLE IN ITALY

GOVERNMENT HAS ASSUMED A NEUTRAL ATTITUDE SAYS REPORT.

DECLARE METAL WORKERS CONTROLLED BY SOCIALISTS

Want To Convert Themselves Into Co-Operative Societies To Own And Control.

ROME, Sept. 8.—Efforts continue to bring about a solution of the situation which has arisen throughout Italy as a result of the movement among metal workers to occupy plants in many of the most important industrial centers. The government has been called upon to intervene, but so far has been neutral, and it is said by newspapers it will act only to insure maintenance of order. Reports received here indicate that quiet prevails at all affected centers and that engineers, foremen and clerical staffs employed at occupied plants still refuse to join the workers. The fact that delegates from workmen's and employers' organizations are in communication with each other is looked upon as being favorable to an adjustment of the situation.

It is declared the majority of the metal workers are controlled by extreme socialists who are desirous of giving the movement a political character, but responsible leaders of the party are said to discourage such a policy. At many places the workers have announced they are ready to convert themselves into co-operative societies, which would undertake the direct management of works that have been occupied, pay rent which would be fixed by arbitration and deposit the necessary guarantee.

When he returned from his conference with Premier Lloyd-George at Lucerne, Premier Giolitti issued a statement referring to "recent agreements between European socialists and Nikolai Lenin, Russian bolshevik premier," and forecast those agreements might be forerunners of active revolutionary attempts which would soon occur in Italy. There is every indication that the present movement was prepared deliberately and systematically and that efforts were made to involve other trades besides metal workers. The typical caution of the Italian peasants, however, made it difficult to set any extended revolt in motion, it is asserted.

At Nesto Giovanni, supposed machine guns, mounted at a plant, turned out to be wooden weapons which had been camouflaged.

FEDERATION OF LABOR WILL MEET ON FRIDAY

MILAN, Italy, Sept. 8.—One hundred labor chambers and fifty federations of trades, representing 2,500,000 workmen, will be represented at the meeting of the general confederation of labor, which will convene here Friday to decide on the policy to be pursued by the confederation relative to the labor situation in Italy. The notice calling for this conference declared that absence would mean desertion, adding that "in this moment desertion is equivalent to treason."

Many strange incidents have occurred here since the inception of the

movement by workmen to occupy factories. Signor Agnelli, known as the "king of automobile makers," has been compelled to go about the city on foot, as workers have attacked his motor whenever it has appeared. Signor Baulieri, who owns one of the largest factories in this city, found, on leaving his office yesterday, that two of his workmen were occupying his automobile.

Tenderly Ride.

"Shall we take you home?" they inquired, politely.

"No, thanks," replied Signor Baulieri, doffing his hat. "I am waiting for a street car and have motored so long that it is quite right you should take a turn."

The Milanese section of the reformist socialist party, while deploring the consequences to the economic condition of the nation, which is already in a very grave state, puts the blame for the metallurgical conflict on the state of mind produced by the "scandalous spectacle of the immoral and tragic extravagance of the war and the insupportable and continuous greed of speculators."

After referring to disastrous conditions in communist Russia, the statement concludes by expressing disbelief in state-owned industries, but says there is hope the present revolutionary movement of metal workers will result in victory over the "egotistic and exploiting spirit" and a proportional division of business between capital and labor.

CALL OF THE CINEMA TOO STRONG FOR GIRL

CHICAGO, Sept. 8.—The call of the cinema, because too strong for Annunziata Casar, 12-year-old daughter of Herbert Casar, who works in the Gary steel mills. She took \$240, her father's

savings, and headed for Los Angeles, but first decided to ride a limousine into Melrose Park, her birthplace. She sighted in front of the hotel there and registered as "Miss Eleanor Phillips, motion picture actress."

Her identity was discovered and Annunziata returned to Gary with 35 cents of her father's savings.

MAKES CONFESSION TO PART IN CHICAGO CRIME

CHICAGO, Sept. 8.—On August 23, three men forced Miss Sadie Thompson, age 17, a telephone operator, into an automobile, just as she was about to enter her home at 130 in the morning. They took her to a precinct and then brought her back to "within a block of her home, where they left her. She has been in a hospital since in a serious condition.

Yesterday George Brown, age 38, and father of a 5-year-old daughter, confessed to the police that he was one of the men who perpetrated the crime.

PREPARE ATTEMPT OF MOB TO SECURE NEGRO

PIKE BLUFF, ARK., Sept. 8.—Attempts of a small mob to secure a negro, accused of attacking a white man and his wife, was frustrated by officials at the state convict farm at Cummins, Ark. Tuesday night, where the negro had been taken for safe-keeping. It was learned here today.

NEWSPAPER WRITERS TO DO WORK FOR SCHOOLS

TOPEKA, KAN., Sept. 8.—Alfred G. Gill, newspaper man, has been appointed secretary of the K. U. alumni association at Lawrence, and Cliff S. Stratton, political writer for Senator Arthur Capper, has resigned his position to go

to Manhattan and become secretary of the Kansas State Agricultural College alumni association.

REPORT THE CONDITION OF OLIVE THOMAS UNIMPROVED

PARIS, Sept. 8.—The condition of Miss Olive Thomas, movie star, suffering from mercurial poisoning in the American hospital at Neuilly, was reported unimproved today.

Dr. Joseph Choate, Los Angeles, who is handling Miss Thomas' case, said that while her condition was extremely grave he had not abandoned hope.

Jack Pickford, film actor and husband of Miss Thomas, denied they had quarreled. He said his wife had got hold of the wrong bottle and had taken an overdose of medicine containing mercury.

EXPLOSION ON STEAMER KILLS THREE OF CREW

CLEVELAND, O., Sept. 8.—Federal officials started an investigation today of an explosion in the boiler room of the steamer Empire City, which caused the death of three men.

All were members of the engine room crew. The explosion occurred last night while the vessel was about 20 miles from Cleveland.

DEFENDANT IN SUIT FOR HALF A MILLION

INDIANAPOLIS, Sept. 8.—William F. Block, Jr., today was made defendant in a suit for divorce filed by Rose Hart Block, who asked \$500,000 alimony, custody of their 27-month-old child and \$100 weekly.

Block's father owns one of the largest department stores here.

FIX COST OF PRODUCING COTTON AT 46 CENTS

AUSTIN, Sept. 8.—The average cost of producing cotton in Texas during 1920 has been fixed at 46 cents per pound by a commission of the Texas Farmers' Institute in session here today in a report to the submitted to the institute. The committee is composed of members from 29 counties, and the production price is said to be based upon cost figures submitted by farmers. The committee report recommends a holding price of 48 cents per pound.

WOMAN DROWNS SELF AND 5-YEAR-OLD BABY

CLEVELAND, O., Sept. 8.—While temporarily unbalanced from worry over illness and financial difficulties, Mrs. Kate Michlovits, 34, drowned her five-year-old baby in the lake and attempted suicide in the same manner here today. Fishermen saved the woman.

Fishermen saw the woman carry the child into the lake and when waist deep place it in the water. They said the woman then walked out until the water was up to her neck.

FIFTY DEAD VICTIMS REMOVED FROM RUINS

LONDON, Sept. 8.—Fifty dead victims of the Italian earthquake have been taken from the ruins of the town of Barga, says a dispatch from Lucca, the message adding that many more are buried in the debris of their homes. The village of Griffagnana is a heap of ruins and the survivors have left. Vignat has been destroyed and thousands

are homeless at Tassalido, Cattelletto, Montecote and Ceseranò, the dispatches state.

AUTOMOBILE COLLIDES WITH A FARM WAGON

An accident which attracted considerable attention and which gave appearance as particularly serious occurred Wednesday evening at 7:30 o'clock at Eleventh and Brook street.

An automobile, driven by Miss E. Bunn, and a two horse wagon driven by a farmer collided, with the result that the man was thrown from the wagon to the pavement. It is said that a woman occupant of another machine which drove up shortly afterward nearly fell into a faint when she noticed that one of the man's legs was off but investigation showed that this had occurred several years ago and the man was no worse off for the fall than he had encountered.

The wagon was slightly damaged.

Parents of School Children—Share in Our Splendid Preparations for Every School Need

Readin', Ritin' and Rith-Me-Tic

After reading today's store news at P. B. M.'s you can multiply the happiness of your child by supplying neat, new apparel that will add to his or her comfort and welfare, without subtracting very much from your purse resources, in addition provide proper raiment for cold Fall days and early Winter to come. Many a boy and girl will need practically a new equipment of clothes to go to school.

Summer means romping and playing which do not leave clothes in very good condition for school wear, and the annual problem of school clothes is now coming to the front in nearly every household.

School Opens September 13th—Only Two More Days of Preparation

Extravagance in the clothing of children is as unnecessary as it is imprudent. Through careful buying we have effected savings in clothes for boys and girls, making correspondingly greater values possible.

The assembling of every kind of Children's Clothing in one store makes shopping easy and expedient. The busy mother can save valuable time here.

HIGH SCHOOL MISS OR JUNIOR GIRL WILL FIND THE FALL APPAREL SHE NEEDS IN OUR COMPLETE ASSORTMENTS

Everything is practical and well made. There is just enough and not too much trimming and there is the touch of individuality and refinement that every mother, to say nothing of the girl herself, appreciates.

Serge and Wool Dresses, \$9.50 to \$45.00, and very reasonable prices as today's prices go. They are cleverly made little Frocks, mostly with trimmings of handsome embroidery, fancy buttons, dangling ornaments and touches of contrasting colors. Draped and ruffled styles.

Middy Suits and Middy Dresses were never more attractive than now. The trimming of Silk braid and very large red, gold and white emblems. Materials in Serge and Flannel. Sizes 8 to 22. Price \$15.00 to \$49.50.

Separate Wool Middies of Flannel and Serge, in colors of red, green and navy, sizes 6 to 22, priced \$4.50 to \$14.50. Gingham Dresses in plain checks and plaids, all colors, 8 to 15 years, priced \$5.50 to \$14.50.

For the kiddie of kindergarten age Dresses of Gingham, Serge, Velvet and Silk. They could not be more attractive. Priced \$3.50 to \$25.00. Little Mary Mix-Up at \$5.50.

YOUR BOY MUST HAVE A NEW SUIT

Chances are he has just about "gone through" the one he has been wearing for best. Boys usually do before the Summer is quite gone. The only thing to do now is to fit him out with a nice new P. B. M. Suit.

Amusements TOTO IS HEADLINER IN GOOD VAUDEVILLE BILL

Packed houses greeted the performers at the Wichita theater Wednesday when the week's vaudeville bill was opened. The bill itself, while pleasing, was not as well balanced and did not draw the applause that was accorded last week's numbers.

Toto, the headliner, came up to expectations and his act was one long rout of laughter and fun. The famous clown displayed some feats of contortion, that were little short of phenomenal while his bagging costume and fiery wig alone were enough to inspire laughter.

TOO POOR A THING.

There is a theme on which I wished to touch. A theme of life. As one who draws the bow across his violin, and finds a youth in grateful harmony, so I would draw a bow of silver strings across my heart and play the theme.

But over there—beyond the tree tops where a wisp of fire, a golden cloud, and my window drifts a cool, sweet breath. It is blue and soft. And in the street below life is a mad race.

Alas! I must put my bow away; it were not fashioned for the harmony my heart hears.

Too poor a thing to play the theme upon.

"And sometimes we would feel better satisfied at a flashy hotel if we thought the clerk had to help wash the dishes."—Dallas News.

Kipling left State Press out, but we hasten to remedy the omission. "S. P." and Judy O'Grady and the Colonel's lady are all sisters under the skin; S. P. knows perfectly well that he plagiarizes a universal feminine sentiment when he pictures such desperate humiliation for the called-off-waiver personage of the spotted cravat and the diamond stud. We have wanted to muss him up ourselves. It is as natural to conjure up exile and tar pits for the Hotel Desk Highbrow, as it is for a baby to grab hair, than which nothing in the world is natural-er. But it takes a disposition like S. P.'s to think of making him help do the dishes. Only a well-trained masculine mind could grasp the superior and deplorable inequity of such a punishment, as compared to mere tar-pit amputation or thumb-screw torture. You take the Highbrow person, S. P., dear; we are the rankest sort of an amateur! The worst thing we had ever imagined ourselves doing to him—was flourishing a gold-studded scepter above our diamond studded crown and ordering him fed to the lions.

It is to be hoped that the growing practice of engaged-French husbands of throwing their wives out of windows will not become fashionable here. There are dangers enough to pedestrians as matters stand now.—Waco Times-Herald.

The practice could never become fashionable in America, pedestrians or no pedestrians. American wives are no diplomatic to allow their husbands to become engaged. They don't do a little honest difference of opinion, now and then, but enragingness is taboo. tout familia ensemble (the whole outfit of it, you understand) and if an American husband should go flooie long enough to have a window-exit thought for his more excellent half, only a third of the cruel and unusual treatment would be accomplished. And only two-thirds of it ever would be accomplished. He might have the thought, and he might start her on her aerial pilgrimage. But she wouldn't go. Not this season. Her ear lobes would stop her.

"No method has ever been discovered by which the housekeeper can tell good cantaloupes from the outside."—San Angelo Standard.

But she doesn't want to tell good cantaloupes from the outside. She wants to tell good cantaloupes from the inside. And then she doesn't want to tell it much, like a man would. Her gentle vocabulary would only permit the whispering of a soft rebuke and an admonishment to the embryo offspring, inside to cultivate a sweeter, more wholesome disposition than its parent did. Women are like that, even about cantaloupes.

REGULAR HOURS, 7:30 TO 7, BUT DAY NURSERY WORKING OVERTIME

Regular hours at the Day Nursery are from 7:30 a. m. to 7 p. m., which is only 11 and a half hours a day, or 69 hours a week for Miss Decatur. But there is overtime, which provides for an almost normal employment for that young woman.

"We are going to have to adjust the mothers to the hours, or the hours to the mothers, or something," Miss Decatur said Thursday, after another telephone request from one mother who wanted to know if she would keep two of the nursery babies overnight. The night just preceding she had stayed at the nursery until 8 o'clock with some of the children, whose mothers failed to call for them until after hours.

"We are glad to keep them for the 11 and a half hours a day, but we want the mothers to come for them more promptly. Every child should be called for promptly by 6:30, that leaves us half an hour in which to clear up the rooms and close up for the night.

"When do I eat dinner?" Oh, I eat sometimes between 7:30 and 8:30. My dinner hour is 7, of course, but I don't get away by that time."

There were 17 babies at the nursery Thursday, all of them "regulars." Two new girls had been received, an ironing table from the Episcopal Women's Auxiliary, which was very much needed, and another bed, also badly needed, from Mrs. E. L. Spikes.

VISIT MR. AND MRS. HEASOR, EN ROUTE TO WESTERN COAST

Mr. and Mrs. W. D. Heys of Medicine Park, en route to the western coast on their honeymoon, stopped over for a few days visit with Mr. and Mrs. J. W. Heasor, of 1707 Kemp Boulevard, this week. Mrs. Heys is Mr. Heasor's sister, and she and Mr. Heys were married recently in Medicine Park, where Mr. Heys is in charge of the filtration plant which furnishes the water supply for Lawton.

The honeymooners went by way of Kansas City, expecting to make several interesting stops on the way. They will return in a few weeks to make their home in Medicine Park.

MISS BESS TAYLOR-HONOREE DINNER PARTY WEDNESDAY

Miss Bess Taylor, daughter of Mr. and Mrs. J. W. Taylor, of 1717 Huff street, was the honoree at an unusually pretty dinner party at the home of Mr. and Mrs. G. T. Drinkard Wednesday evening, at which Miss Gail Gibbons was hostess.

The occasion was a farewell party for Miss Taylor, who left Thursday for New York city to enter Columbia University this fall, and one of the features of the hospitality was a surprise presentation of very lovely "parting gifts" from her friends. The guests, Miss Bess Maxwell, Catherine Raney, Ethel Raney, Bernice Taylor and the honoree, were seated in the living room, which was fragrant with American Beauty rosebuds, and dinner was served a little later in the dining room. After dinner the girls enjoyed music and dancing in the living room, being most interestingly entertained by little Miss Mabel Drinkard, a talented young girl, who gave a pretty Scotch dance, a Japanese fan dance, and an interpretation of the "Shimmy" which would never have been barred from any dance hall.

Little Miss Drinkard then proposed to "dress up" the honoree in her own school hat and school-book bag, to see how she looked. When this was done, Miss Taylor discovered that the school bag bulged and was suspiciously heavy, whereupon she was told to open it. The parting gifts were particularly dainty, and each carried an expression of the giver's affection and good wishes for her school year in Columbia.

FLORAL HEIGHTS WESLEY GIRLS WILL NOT MEET THIS WEEK

The Floral Heights Wesley Girls will not hold their regular meeting this week. It was stated Thursday morning the meeting was to have been held Friday.

BABY CLINIC, FRIDAY FROM 10 TO 12; BABIES INVITED

Babies are cordially invited to the clinic Friday, Dr. West stated Thursday that mothers wishing advice on infant feeding, etc., will be welcome, and help of any kind, in advice or examination of children, will be gladly extended.

Personal Mention

Mr. and Mrs. Ralph Dick of 1209 Tyler street, have for their guest his two sisters and their families, Mr. and Mrs. Lou Dickson and children of Opika, Texas, and Mr. and Mrs. E. M. Corley of Fort Arthur, Texas. Wichita Falls people will remember Mrs. Corley as Miss Wilma Dick, formerly of this city.

Miss Bess Taylor, daughter of Mr. and Mrs. J. W. Taylor, left today for New York city, where she will enter Columbia University this fall.

Mrs. W. E. Carter, Harold and Lucile Carter, returned Wednesday from Clovis, N. M., where they enjoyed a pleasant 10 days' visit with relatives.

Mrs. E. J. Fulton is in Ladonia, Texas, visiting Mr. Fulton's parents, Dr. and Mrs. S. H. Fulton. She is expected home in a week or 10 days.

Miss Ella Merle Mathis, daughter of Mrs. Dixie Mathis of the Boulevard street, and Miss Leona Marie, daughter of Mrs. P. C. Maricle of 1709 Collins street, left Thursday for Denton, Texas, to enter the State College of Industrial Arts this fall. Misses Mathis and Maricle were members of the 1920 graduating class of Wichita Falls high school.

SKIRTS MAY BE LONGER, BUT THEY DON'T WEAR 'EM THAT WAY

The advance fall style predictions in August from two of the biggest headquarters in Paris, including Harpers Bazaar, stated that skirts would be longer this fall. Style pictures in August showed some of the longer skirts

Folks are finding many reasons for drinking **INSTANT POSTUM** instead of coffee, one of them being economy. Sold by grocers

and the New York modistes seemed to back up the European suggestion. But either Paris and New York were recalcitrant, or the innocent bystanders didn't like it. There is nothing really graceful about a long skirt—fluffy, insubstantial and with perfectly useless length. Anyway, the longer skirt hasn't materialized and the new style pictures and forerunning style stories speak of the "tendency upward."

"If there is any difference," a local buyer said Thursday morning, "the skirts are shorter. I didn't think there was much difference in the models we saw and bought, but they are not longer, by any means, and the general feeling seems to be that they are getting shorter."

"The modistes and style arbiters have been trying for two years to know: to bring back the long skirts, but the public doesn't want it. I believe it's gone for good."

YOUNG WOMEN'S BUSINESS LEAGUE WILL OPEN YEAR WITH LUNCHEON FRIDAY

The Young Women's Business League of Wichita Falls will open the year with a luncheon Friday noon at Charlotte Kemp hall, 1209 Indiana street. The luncheon will be purely a social meeting, but the announcement of the first yearly regular business meeting of the league, to be held Tuesday evening, September 14, will be made.

Twenty-eight young business women of the city, including Mrs. C. J. Coyne, board advisor of the league, and Mrs. T. B. Smock, honorary member, will be present at the luncheon, and form a pretty full representation of the league membership. No discussion of the plans for the business league's coming year is expected, as this will be a part of Tuesday night's program. The club officers will all be present, including Miss Florence Jackson, president; Miss Virginia Lindsay, vice president; Miss Fay Garrison, treasurer, and Mrs. Beulah Stallcup, food secretary.

The luncheon will be served in three courses, from 12:15 to 1:15 o'clock.

Mexico and the beginning of a stable government. Developments since that time have almost uniformly borne out that "hunch" and we think there is real reason for hope that the improvement already shown in the rich republic south of us is going to continue and that the rule of petty bandits and cheap revolutionists is virtually at an end—a consummation devoutly to be wished for.

The Southern Protective Tariff Association is a new concern. It figures in the senate "slush fund" committee's hearings. That association has asked that \$20,000 be collected in Texas alone for the dissemination of protective tariff propaganda, according to testimony before the committee, and that "four democrats and eight republicans already" have given \$1,000 each toward financing the campaign which is intended to put the South into advocating a protective tariff. There are industries in the South which would profit from a protective tariff, but they are few and already big enough to escape inclusion in the "infant industry" which has been the camouflage behind which the protective tariff robbery has campaigned in the past; and while we have some protective tariff democrats, if there can be such, the rank and file of Southern democrats are opposed to the idea of a protective tariff simply because they know that through the "backs and bellies of the many" are made to pay heavy tribute to the few. "Big business" is largely behind the republican campaign this year, as is being conclusively shown by every day's testimony before the committee; but the rank and file are not.

Texas railroads' showing of operating income increase for the first five months of this year is indicative both of the great increase in Texas business and also of the improved situation in the way of the roads' handling the business tendered them. Operating income increased 30 percent over the same period in 1919, with total receipts from all sources put at \$86,218,055, freight, passenger and "other" business income contributing to the increase. The "fit in the outfit" however, is that where the increase in operating revenues was \$19,538,722 in the five-month period, the increase in operating expenses was \$22,779,118, with a total of \$86,083,258—which is too close to the total operating income for the payment of interest and other charges not carried as operating expenses. It seems, though, that the 25 per cent freight increase on interstate freight and passenger business and the 33 per cent increase on intrastate freight business ought to be sufficient to take care of the Texas roads' part of the recent wage increase and leave something over after all operating expenses, interest, taxes and other outgo are taken care of.

Wanamaker Self-Hater: John Wanamaker, millionaire dry goods merchant, uses high-priced display space in New York and Philadelphia newspapers to congratulate the women of America on final completion of ratification of the Nineteenth Amendment, and in it presents the matter from a somewhat new viewpoint. We deem it worthy of reproduction here. "Hearty congratulations," he writes, "to all the splendid women of America who stood the corner of opposition and succeeded in amending the Constitution of the United States to give women the right to vote." For many years past the old men, the rich men, the slackers, who never voted on a rainy day, have left the elections in the hands of the millions of young men in the cities, states and nations, the coming to the front—and staying there—of the noble women of each state has brought on this day of just and righteous freedom which has dawned upon the United States.—Wichita Times.

Mr. Wanamaker is one of the pioneers as he remains one of the greatest store advertisers in the United States, which in this connection means the world. And when he had a political message to send to his public he chose the same vehicle he used for his mercantile messages. That is to say, he bought space in the newspapers in which to air his views as to woman suffrage just as he buys space to make public the quality and prices of his merchandise. All of which means, certainly, that John Wanamaker believes in advertising and believes in the newspapers as the surest, promptest medium between the individual and the people. And what Mr. Wanamaker says about the lack of interest in politics which men display is true. There are literally millions of qualified masculine voters who fail to vote in the general elections purely for lack of interest in politics. They have the idea that politics is something for good men to avoid or for busy men to ignore. The fact that politics is in fact the palladium of our liberty does not occur to them. Maybe the women will have a more patriotic tendency and a more intelligent idea. If we are to remedy the ills of our free institutions, with representatives of our own choosing, we must not only be qualified to vote, but we must vote as a duty. Being more useful than men, perhaps women will be more dependable voters.—Dallas News.

RIPPLING RHYMES: In the Night, too fierce to print. In health I was met disaster, and here I have a strip of lint, and there a porous plaster. One recent eve I sought my couch as chipper as a bunny. I had no symptoms of a groch, and all my life seemed sunny. I thought, before I went to sleep, how much I should be grateful, that I had no disease, cheap no ailments, back and haifel. And gratitude was two feet wide in all my pleasant thinking. "The gods are good to me," I sighed, to slumber softly lying. And in the morning when I woke, I had some fine disease; catastrophe, at one fell stroke, had placed me with the cheeres. My legs were afit, as wooden timbers, my back seemed prone to breaking, and I had sore and swollen glims, and muscles shrewdly aching. When I get hurt try to smile, and frame a cheer as ditty, for I'll be better in a while—I ask no mortal's pity. I raise no wailings of despair, I spring no bitter weeping, but gentle reader, is it fair, to seek one when he's sleeping? Is it good form to swat a bard, and fill him with disease, when he is dreaming—off his guard—of sprightly campaign wheezes?

Just Folks

By EDGAR A. GUEST. Won't the Giant. There are no giants today," said he, "As big as the ones that used to be."

"And where did they go and why did they die? And if they existed in hidden times, To frighten the people with all their crimes, In spite of what somebody else may say, I am certain the giants still live today."

"You see, it's this way: Every girl and boy, This terrible giant can soon destroy, But men can't do it, and so today, You had a chance when I heard you say, 'I won't to your mother when she'd called you, Now if you had smiled when she called, and said, 'Why, sure I will!' you'd have killed him dead."

Side Talks

By RUTH CAMERON. When Not in Arizona. Isn't it extraordinary, a fit of anger and resentment can alter one's whole set of values, one's whole outlook on life?

Somehow we fell to talking of that immortally interesting subject "how to be happy though married." Said the not so very long married lady, "Henry and I have made up our minds to one thing and that is that we might just as well get a divorce now as try to thresh things out when we are angry. It's the hardest thing in the world to stop discussing things when you are red hot and put it off until you are cooler, but we realize that if we are going to get anywhere we are simply got to. Because when you're red hot you don't either of you try to get at the truth, you just try to find the strongest thing you can find and say it to each other."

What chance has justice under such conditions? None whatever, of course. The hurtinest thing relieves one's mind perhaps but it certainly doesn't get one anywhere. Of course, it's the hardest thing in the world to admit that it is the hurtinest thing. One probably would assure oneself then that it is the truth and that it is one's duty to speak it. But try an experiment I recommended some years ago. Go down to the bottom of your heart, and there command yourself to make public the things you feel impelled to say before you say them and see what your real motive is.

HAMBONE'S MEDITATIONS. PEAKS LAK PEY AINT NEVUH NOTHIN' JES' ZACLY RIGHT--NEW SHOES HURTS YO' FEET EN OLE SHOES HURTS YO' STANDIN'!!

WHY?

Do We Speak of "Uncle Sam." (Copyright, 1920, by Wheeler Syndicate, Inc.) During the War of 1812, there was located at Troy, N. Y., a government inspector named Samuel Wilson—a fairly old and extremely lovable character known to all of his associates as "Uncle Sam."

The use of the abbreviation "U. S." for the United States was then something of a novelty, and the workmen about the place figured that the letters referred to Uncle Sam Wilson, who had inspected and passed upon the shipments. Even after they discovered their mistake, they kept up the name as a joke. Later these men went to war, and while in the army, they repeated the story, as evidence of a perfectly legitimate mistake. The anecdote not only went the rounds of the American troops, but made its appearance in print upon several occasions—with the result that it was not long before every one thought of the name "Uncle Sam" as the name of the letters "U. S." and the name soon became famous as the "John Bull" of England.

LITTLE BENNY'S NOTE BOOK

By LEE PAPE. I went in the house this afternoon and some lady was in the parlor talking to me, she thinking, Heck darn it. And ma called me in, saying, Benny, this lady was your nurse when you were a little baby. Do you remember her, do you? No, ma, I sed. Wich I didn't. Being a fatter fat lady, saying, So this is your little Benny, my sweet little one, and what did she do but quick lean over and give me a fearsome kiss rite in the face before I could dodge. Me wiping it off with my hand, thinking, Heck, darn it. Well, well, my darling little baby, and how is the adorable little dimple rite in the middle of your cheek? I raise my hand to get any where, and the fat lady sed, O, I shall never die happy till I kiss that dimple once again.

Horoscope. The stars incline but do not compel. (Copyright, 1919, by The McClure Newspaper Syndicate.) Thursday, September 9, 1920. Venus and Mars rule strongly for good today, according to astrology. Women come under the most inspiring and helpful influences making for constructive and successful work. It is a promising away for weddings and love affairs. The girl who marries under this rule of the stars is likely to have a strong arm on which to lean. Theaters are well directed by the planets at this time, when there should be large profits based on artistic achievement. Actresses should benefit greatly while this rule continues, for it seems to presage power along mechanical lines should profit during this government of the stars. Engineers, contractors and men who have scientific training along mechanical lines should profit during this government of the stars. This is not a lucky rule for those who seek employment. The odds may be particularly unpropitious in efforts put forth today. There is a prophecy that an accident will cause drastic reforms in traffic laws controlling city streets. The kill

The Pictures on your Floors. ARE they pictures that reflect your wisdom in finishing them with a varnish made just for floors? Or are they unsightly pictures of worn spots, stains, and scratches illustrating thoughtlessness in varnish buying? Floors, furniture and outdoor surfaces differ radically in nature and use. They each require different protection—the protection afforded by a varnish made especially for the purpose which it is to serve. For these three special uses, Sherwin-Williams make three special varnishes, each scientifically prepared to best serve its particular purpose. They are:

S-W MAR-NOT Floor Varnish. gives floors a beautiful finish, water-proof, steamproof and practically waterproof. Can be used over the lightest colored hardwoods, linoleum, etc. Cleans splendidly with S-W Floorwax. S-W SCAR-NOT Interior Varnish. gives a fine brilliant finish which does not spot from steam, hot liquids or dishes. S-W Velvet Finish applied over Scar-Not produces a dull-rubbed effect, without the expense of rubbing. S-W REXPAR Exterior Varnish. weathers year round exposure on doors, porch ceilings, store fronts, boat, club houses, etc. It is water-proof, resists the severest wear and weather.

Beautiful Fall Wall Papers. This store carries a beautiful variety of the latest patterns in artistic, tasteful colors. At very small cost you can paper one or more rooms. SHERWIN-WILLIAMS PRODUCTS. GAS COMPANY GIVES ASSURANCE OF SUPPLY

New Rate Of 75 Cents Less 10 Per Cent Discount Is Now In Effect.

The new rates which for natural gas in Wichita Falls are now in effect and gas in the city mains will be paid for by the consumer on the basis of 47 1/2 cents for 1,000 cubic feet. The gross charge for this amount is 75 cents, but the 10 per cent discount allowed brings the net charge to 67 1/2 cents. Under the old sliding scale, which was discontinued on September 1, gas was charged for at the rate of 45 cents for the first 20,000 cubic feet, 43 cents for the second 20,000 and 35 cents for the next 60,000. These were the net charges. By means of this, heavy users of gas were benefited but the average consumer utilized far smaller amounts than 100,000 cubic feet and consequently did not gain to any great extent by the sliding scale. Under the new rate a flat charge will be made based on the 57 1/2 cent scale.

In connection with the announcement made in regard to the new charges, officials of the North Texas Gas Co., also made statements concerning the supply of gas which will be available this winter. Last year all of the gas used in this city was used from the Petrolia field and but a limited supply was available there. During the past three months, however, two new gasers have been brought in at the Petrolia tract, of the gas company and the supply field that source increased by several million feet. In addition to this, the company has acquired holdings in Magnolia field, Stephens county, Okla., and has piped a supply into Wichita Falls. The Magnolia line was also tapped by a new pipe from the Joco field in Oklahoma and a large supply of reserve gas may be obtained from that district if necessary.

The pressure in the local mains has remained unchanged, but with the great reserves which may be drawn upon from the three new sources it is thought that an ample supply of gas will be maintained in city mains during the coming winter and that the shortage and consequent suffering of last year will be eliminated. Officials of the gas company contend that the mains of the city are of sufficient size to carry the cities needed supply and that now that proper facilities have been provided for bringing the gas from the field there will be no cause for complaint because of a shortage.

LATEST HURLING RECRUIT OF SPUDDERS HOLDS CHAMPIONS BOTH SCORELESS AND HITLESS

PORT WORTH, Sept. 9.—Darrough, Salim's latest hurling recruit, held the league champions hitless and scoreless today in the first game of the double-header between the Spudders and the Panthers, while his mates pounded out two runs for victory.

Salim's charges got the jump on the Atmen in the opening canto when doubles by Grubb and Miller and Clark's single netted two runs. The game in detail:

First Inning.
Josefson fanned with his bat on his shoulder. Grubb doubled to center. Miller doubled to right. Grubb and Moken was thrown out by Stow. Miller taking third. Clark singled to right scoring Miller. Schleibner fanned. Clark at second for the third. Phelan to Hoffman. Two runs, three hits, no errors.

Second Inning.
Stow was thrown out by Darrough. Sears was thrown out by Grubb. Williams popped to McElwee. No runs, no hits, no errors.

Third Inning.
Josefson was thrown out by Phelan. Grubb fanned to Sears. Miller flew out to left. No runs, no hits, no errors. O'Brien was safe on Schleibner's error. Moore was safe on Grubb's error. Appleton forced O'Brien at third. Stow fouled out to McElwee. Sears fanned to Miller. No runs, no hits, one error.

Fourth Inning.
Mokan popped to Phelan. Clark flew out to Williams. Schleibner fouled to Williams. No runs, no hits, no errors. Williams attempted to hunt and was thrown out by Darrough. Kraft flew out to Miller. Hoffman hit weakly to Darrough and was an easy out. No runs, no hits, no errors.

Fifth Inning.
Williams was paroled by Empire McDonnell for protesting the decision on him at first and Robertson replaced him. McElwee lined to Sears. Kitchens flew out to Robertson. Darrough fanned. No runs, no hits, no errors. O'Brien flew out to Mokan. O'Brien was thrown out by Clark. Moore flew out to Mokan. No runs, no hits, no errors.

Sixth Inning.
Josefson singled through the box and went to second on Grubb's sacrifice. Miller was singled to center and Josefson was held at third. Sears was caught napping off first. Mokan lined to Hoffman. No runs, two hits, no errors. Appleton was thrown out by Grubb. Stow fanned. Sears walked. Robert grounded out. Clark to Schleibner. No runs, no hits, no errors.

Seventh Inning.
Clark was thrown out to Robertson. Schleibner flew out to Robertson. McElwee singled past Appleton. Kitchens slammed a hard one down the left field foul line and when Williams was coaching on first, maintained the ball was fair, he was benched by the umpire. McElwee died stealing. No runs, one hit, no errors. Grubb popped to Hoffman. Hoffman lined to Miller. Phelan grounded out. McElwee to Schleibner.

Eighth Inning.
Grubb was thrown out by Appleton. Moore threw Miller out. Mokan fanned. No runs, no hits, no errors. Stow was thrown out by Darrough. Sears flew out to Josephson. Robertson was thrown out by Grubb. No runs, no hits, no errors.

about the quotas in that state and referred the committee to John Kelly of Columbus, chairman of the state ways and means committee. Mr. Blair reported Columbus as remembering that its first quota was \$65,000, but that after it had raised \$35,000, the figure was placed at \$100,000.

"The figure Governor Cox gave, is it not?" asked Senator Reed. "Well, he ought to know," retorted Mr. Blair. "He is right here in Ohio and the city quotas are public property there. This campaign is not being kept under a bushel."

WEATHER PREVENTS BOTH OF CIRCUS PERFORMANCES

The elements conspired against the Robinson circus which was to show in Wichita Falls Wednesday and in spite of the best efforts of the circus company of men and horses it was impossible to get things in readiness for the performances. Consequently both afternoon and evening bills were called off.

The circus grounds, located south of the company on Elm street, resembled a desolate moraine. Anything else and even the elephants, which were pressed into service were unable to accomplish much in the transportation line. It had been planned to give the evening performance at the usual time and announcement to that effect was made by the circus officials, but the heavy rain which fell shortly before 6:00 o'clock halted all plans and the Robinson company gave it up as a bad job.

The circus trains left at 4:00 o'clock Thursday morning after the loading crews had worked all night in dragging what equipment they had unloaded back to the trains. The show went out over the Wichita Valley line and was scheduled to perform in Stamford Thursday afternoon and evening.

FROM OFFICE BOY TO RAILROAD PRESIDENT

A Mass-Hack Railroad. I propose to write a series of articles on the history of the railroad industry in this country, as well as to give territory to the poor service furnished by the Port and Denver city railroad and the Colorado Southern railway company. I will undertake to ask a sufficient public the following matters:

First—That this railway system has an enormous passenger traffic, which makes a heavy revenue and that this traffic and revenue is sufficient to justify a better service.

Second—That this railway system does not provide for the patronage of the public and that it looks upon a Pullman passenger as a nuisance, and a day passenger as a pest, and that its conduct is to "beat on the rough."

Third—That its passenger equipment is ten to fifteen years out of date, and highly inefficient.

Fourth—That its trains are so often late, and how little it is concerned as to whether they are late.

Fifth—How it handles a wreck on its line, and what it does to the victims.

Sixth—That the overworked colored porter is left in charge of passengers, and why, when he must load and unload through the cars.

Seventh—The tired mothers with infants in their arms have to stand up for long distances on their trains.

Eighth—That the railroad makes an enormous profit, and that it is important to the public to have a better service.

Ninth—That this railroad makes and loses money, and that it is important to the public to have a better service.

Tenth—That the railroad makes and loses money, and that it is important to the public to have a better service.

COX DECLARES HAYS SHOULD BE "FIRED" RESULT TESTIMONY

CHALLENGES THE COMMITTEE TO SUMMON CHICAGO REPUBLICANS

SAYS CITY WILL FURNISH ALL THAT IS NECESSARY

Charges Republican Workers Are Receiving Salaries From \$300 To \$500 A Week.

By HERBERT W. WALKER
United Press Staff Correspondent.
CHICAGO, Sept. 9.—Will Hays, chairman of the republican national committee, should be discharged as a result of testimony before the senate campaign expenditures committee, yesterday, Governor James M. Cox said here before leaving for Helena to open the second day's stump campaign in Montana.

Governor Cox referred to statements of Dudley Blossom, Cleveland, who admitted he had been asked to raise \$400,000 in Cuyahoga county, Ohio—the quota Cox gave in his Pittsburgh speech.

Cox challenged the committee to call Chicago republicans, who he said, have been raising the quota there.

"The testimony of Mr. Blossom," Cox said, "is just another evidence of the fact that the republican party ought to see the necessity of discharging Hays, because he has not only stood for unethical things in politics but he did not tell the truth under oath in Chicago.

"If the committee will just dig down in Chicago alone they will find enough to keep it busy for a week. I am sure other republican city chairmen who should be called also, would under oath substantiate my charges."

Referring to testimony of Blossom that paid agents of the republican national committee assisted in the Cuyahoga county, another charge that these workers were receiving salaries of from \$300 to \$500 a week.

ENTHUSIASTIC OVER THE RECEPTION HE RECEIVED

SEN ROUTE WITH SENATOR HARDING TO MARION, O., SEPT. 9.—Enthusiastic over the reception given him in the Twin Cities, Senator Warren G. Harding was on his way back to Marion today, but eager for another chance to get out in the country.

Harding's reception elated republican leaders as much that they are anxious to have the candidate take the stump regularly. Final decision as to future speeches, however, will be made after results of this initial trip are analyzed.

During their entire stay in the Twin Cities the Hardings were surrounded by cheering crowds. At the state house reception in St. Paul last night hundreds formed in lines that reached two blocks away to shake hands with the candidate.

He had several chances to display his ability as an extemporaneous speaker and received enthusiastic applause on each occasion. His appeal for the protective tariff as an aid to farmers brought applause and cheers, as did the plea for fewer "land hoags" and more fat hogs.

WOMAN DOCTOR SAYS MACSWINEY MAY LIVE THREE WEEKS OR MORE

By DON CHAMBERLAIN United Press Staff Correspondent. CHICAGO, Sept. 9.—Terrace-MacSwiney, lord mayor of Cork, may continue his hunger strike against imprisonment several weeks more without suffering any great pain or starving to death, Dr. Ruth Lighthall told the United Press today.

Dr. Lighthall, a graduate physician, spoke with authority on the subject of a voluntary fast, as she went on a five-day hunger strike during the war against imprisonment on charges of being a pacifist.

"MacSwiney may live three weeks or longer," she said.

Dr. Lighthall cited the experience of Dr. Tanner, an Eastern physician who fasted for a month and a half. She also told of her own fast and said the experiences of nearly all hunger strikers are identical. She went on her

RAILROAD STRIKE IN MEXICO IS SETTLED

Provisional President Grants Three Of The Four Demands Made By The Employees.

MEXICO CITY, Sept. 9.—A railroad strike which virtually stopped traffic on the national lines for eight hours yesterday, was settled last evening when Provisional President de la Huerta granted three of the four demands presented by the strikers. It is expected train operation throughout the republic will be normal today.

Not a single train moved during the period of the strike, with the exception of those over the British-owned route between this city and Vera Cruz. The strikers secured recognition of the engineers' and firemen's union with a 75 per cent wage increase and a promise that all pending wage disputes would be adjusted and an agreement that expenses of delegates to the recent railwaymen's convention here would be paid. The provisional president refused to accede to the demand for removal of Francisco Perez, who was recently named general manager of the national lines.

An announcement was likewise made that virtually all the demands of the strikers in cotton mills, tobacco factories, and shoe manufacturers in the federal district and Mexico City had been granted, and that the strikers had returned to work. The provisional president obtained an armistice in the strike a few days ago by undertaking to arbitrate the controversy between the workmen and their employers.

The announcement of the settlement of these strikes, however, was made by dispatches saying that all cotton mill workers in the state of Vera Cruz, Tlaxcala and Puebla had declared a strike. A widespread walkout of agricultural workers in the state of Michoacan also was reported.

TWO MEN WHO ESCAPED MEXICAN KIDNAPERS ARE ON WAY TO GUADALAJARA

MEXICO CITY, Sept. 9.—Bertram C. Johnson, a British subject who was kidnaped by Pedro Zamora, a bandit, at Axtlan on August 1, has escaped from the bandits and is on his way to Guadalajara, under escort of government troops. It was announced at the war department last night. The announcement followed a report from General Enrique Estrada, who is directing the pursuit of Zamora. It was said that Johnson had escaped during a fight near Guasacachi, a village in the state of Jalisco.

W. A. Gardiner, an American citizen, who also was a captive of Zamora, has arrived at Talpa, state of Jalisco, on his way to Guadalajara.

Announcement is made at the war department that the Mexican government is purchasing 40,000 rifles in England and Germany with which to equip the army, which is being reorganized. A campaign against outlaws, especially those who have been preying on paymasters in the petroleum region, is to be begun. It is announced.

M'ADOO TO SPEAK FOR GOVERNOR COX

Vigorously Opposed To Any Modification Of The Volstead Act.

NEW YORK, Sept. 9.—As William G. McAdoo has arranged to make an extensive stump tour on behalf of Governor Cox, unusual interest was aroused in political circles here today by a statement issued by the former secretary of the treasury in which he vigorously opposed any modification of the Volstead act.

"To permit the sale of light wines and beer is to open a crack in the door of prohibition and once the crack is open the door is wide," said McAdoo. "It would be impossible to prevent the greatest abuses. The breweries and the wineries know this. They know that prohibition will be a dead letter once a beer and light wine law is passed."

REPRESENTATIVES FROM WEST TEXAS WILL MEET TO TALK REDISTRICTING

A conference of West representatives and senators to agree upon a redistricting measure for West Texas will be called in the near future through the efforts of the chamber of commerce, according to E. F. Johnson, representative-elect, who returned Wednesday night from the democratic state convention. Mr. Johnson urged upon Porter Whaley, secretary of the West Texas organization, the desirability of such a conference to make sure a united stand by West Texas members of the legislature when that body takes up the redistricting question. The time and place of the conference have not yet been decided upon.

WILL BE JOBS FOR ALL STATES LABOR DIRECTOR

WASHINGTON, Sept. 9.—There will be jobs for all this winter, John B. Denmore, director of labor employment service, predicted today.

Based on his statements on reports of 226 field agents, Denmore said the "coming winter will be one of the best in years for employment, excepting the war years, when there was an absolute general shortage of labor."

Denmore's statements were made in face of reports to the federal reserve board that unemployment was "particularly severe" in the Cleveland district where 12,000 Akron workers were out of jobs and that in the Maine canning district 15,000 were unemployed.

Denmore's reports showed factories which shut down during the summer were gradually resuming operation, and that 12,000 men dismissed by the Pennsylvania railway are being absorbed by other lines.

"There has been a slight surplus in the building trades, but this is rapidly being reduced," Denmore said.

CENSUS REPORT SHOWS DECREASE FOR BAYLOR AND SCURRY COUNTIES

WASHINGTON, Sept. 9.—Census bureau reports today include: Baylor county, Texas, 7,027, decrease 1,284 or 15.5 per cent. Scurry county, Texas, 9,003, decrease 1,321 or 14.6 per cent.

Crockett county, Texas, 1,500, increase 294 or 19.7 per cent. Hall county, Texas, 11,137, increase 2,858 or 25.5 per cent.

CAPTAIN DONALD HUDSON HAS NOT BEEN ARRESTED

WASHINGTON, Sept. 9.—The state department has officially announced, that Capt. Donald Hudson of Topeka, Kan., has not been arrested in Bolivia as reported.

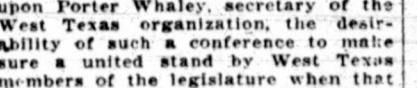

The department's announcement was based on advices from the American legation, which reported that Hudson is arranging relief from his contract with the Bolivian government as an aviation instructor and that he intends to leave the country.

The Bolivian authorities are investigating an accident to an expensive airplane which was wrecked while in charge of Hudson and an American mechanic.

Decided Style Changes in Men's Fall Clothes

The designing that marks this season's models embraces welcome changes—a shorter vent, a lower, less restricted waist, and a more graceful fullness to the entire coat. There's an easy smartness about these clothes that sharply distinguishes them from the styles of the past two or three seasons and from the models being shown elsewhere this fall.

Society Brand Clothes maintain their style leadership. They are first to break away from the influence that military uniforms have had upon clothes styles—styles of which men are becoming tired.

Come in and see the latest, the final in style, in the most approved of fabrics.

BRITISH NEGOTIATING FOR WAGGONER LAND

Party Will Sail For England To Further Discuss Details Of Transaction.

VERNON, TEX., Sept. 9.—R. L. Moore, Guy L. and Paul Waggoner of Vernon, with Mr. Curry of New York, will sail for London Sept. 15 on the steamship "Royal Imperator" to transact business with the Duke of Manchester on behalf of W. T. Waggoner, the millionaire cattleman, banker and oil man. More left this week to join his associates in New York. It is understood that the business to be transacted between the parties involves a large land deal in Wilbarger county. Some time ago Mr. Waggoner refused \$100,000 for his oil and oil holdings in Wilbarger, Wichita and adjoining counties. It is understood a large English syndicate is negotiating for land belonging to Mr. Waggoner to develop same for oil and open this vast empire of Mr. Waggoner's for settlement.

Many Divorce Suits.
VERNON, TEX., Sept. 9.—The September term of the 46th judicial court is in session in Vernon with Judge J. A. Nabers presiding. The session will be a busy one as the docket is the heaviest known in history. Divorce suits outnumber every kind of litigation as shown by the appearance docket. It is stated by attorneys that much of the oil litigation is being settled out of court. The criminal docket is short, but the grand jury has lots of work to do and it is expected that they will find a great number of bills. There are so many cases on the docket that it will no doubt make the continuance of a great many a necessity through the want of time to try them during September.

More Rain Wednesday.
VERNON, TEX., Sept. 9.—Another heavy rain fell here Wednesday morning. It has been raining constantly for two weeks and the heavy rains are causing boll worms to flourish to an extent seldom before known, and the cotton situation is being perplexed, and according to farmers, without immediate warm sunshine weather the situation will be serious. The crop is becoming rank and cotton men say it will not be ready for picking until October. Maize and other crops are also suffering, farmers say.

County Roads are in a deplorable condition and considerable expense and labor will be entailed in repairing the damage wrought by the heavy rains. Road programs are being held up, as well as paving.

Farmers Have Meeting.
VERNON, TEX., Sept. 9.—At a meeting of the farmers of Wilbarger county initiative steps were taken to remedy the price of cotton and cotton seed and ginning prices to be charged this season. It is estimated

that cotton will not be ready to be picked until October. A resolution was adopted to use the compress for storage purposes this year, the management offering its sheds for storage. The local oil mill, which owns a number of gins in this county, offered to maintain their last year's ginning charges to help the situation. Local bankers present at the meeting stated that they stand ready to do everything possible to help the farmers in the present complex situation. Community meetings are being held over Wilbarger county and delegates selected to a convention of farmers and business men to be held at Vernon next Saturday afternoon to organize a unit of the American Cotton Association.

Woman Is Delegate.
VERNON, TEX., Sept. 9.—Mrs. E. L. McHugh has been appointed one of the six delegates from Texas to attend the International Congress Against Alcoholism at Washington Sept. 21-27. Her appointment was certified to Secretary of State Colby by Governor Hobby.

Compiling Data on Wells.
VERNON, TEX., Sept. 9.—Data on wells drilled for oil in Wilbarger county in order that a study of the situation be made by the United States Bureau of Mines is being requested of oil companies by the Vernon Chamber of Commerce. Realizing the dangers of infiltrating water due to haphazard depths of shut-off and drilling campaigns in general, the Vernon Chamber of Commerce is endeavoring to secure all available data on wells in order that a study of the situation may be made, reads a letter from L. K. Johnson, chairman of committee which

TAKE PHOSPHATE WITH MEALS IN SUMMER-TIME

Your Nerves Demand It. Your Blood Needs It, Say Physicians.

There's not enough phosphorus in modern foods to benefit nearly one-half of the men and women of America, scientists declare.

To overcome this lack of an element of your body that is necessary to your health, your happiness and even your success in life, weak, anaemic, nervous, run-down people are advised to take Bitro-Phosphate as dispensed by Miller Drug Co., and all leading drug stores in the original package.

Speaking of people who are easily fatigued, who lack ambition, nerve and are oftentimes thin, weak and easily lacking in firm, healthy flesh, Joseph D. Harrington, formerly Visiting Specialist North Eastern Dispensary, N. Y., says: "Patients who are apparently physically wrecked, who foolishly thought they needed only a blood tonic to enrich the blood, have come for treatment trembling and shaking, their nerve force almost exhausted and in many such cases the administering of Bitro-Phosphate has produced seemingly magical results."

People who feel the heat of Summer tire easily and often become irritable and depressed, will find Bitro-Phosphate an inexpensive and helpful friend. Druggists report a wonderful increase in the demand from men and women who are anxious to renew old-time ambition and who are making an honest effort to become vigorous and keener-minded with a power of endurance that makes them perfect health.

They ask for Bitro-Phosphate because they know they need an inexpensive organic phosphatic aid.

has been appointed by the Chamber of Commerce to secure data.

The United States Bureau of Mines has offered to render any assistance and advise possible. Will you, therefore, send in complete logs of your wells, showing all formations penetrated and state whether they contain water, oil or gas. Also give record of all casing and in case of water strings give results of test for water shut-off. Give any information possible on shut-off, bottom plugs, side tracked casing, etc. It is essential also that the location and elevation of each well be given. Figures for these which are accurate within a few feet will be sufficient for the present."

Teachers Hold Institute.
VERNON, TEX., Sept. 9.—The Wilbarger County Teachers Institute is in session in Vernon, convening Monday and continuing to Friday. The sessions are largely attended by both city and county teachers, as well as trustees and others interested in school work. A very interesting program is being rendered. The institute is divided into two sections—the city teachers being under the direction of Superintendent Sisk and the rural teachers under the direction of W. J. Swain.

Arrest Alleged Moonshiners.
VERNON, TEX., Sept. 9.—Three alleged moonshiners were arrested at a local garage at Vernon this week by local officers and are being held for federal authorities at Wichita Falls, on alleged charges of violation of the

Volstead act. The parties were driving through Vernon and spent the night here. Two are from Marietta, Okla., and the other says he is from Tucumcari, N. M., and is an uncle of the Oklahoma man. A copper still, coils, a 30-20 Winchester repeating rifle, an automatic Colts .45 revolver, and a .38 Colts revolver comprised the evidence found in the car.

Many Colorado Tourists.
VERNON, TEX., Sept. 9.—According to E. D. Spillers, formerly manager of the Elkins Automobile Club, more than 50,000 tourists traveled the Colorado-to-Gulf Highway during 1919. Mr. Spillers reports that more than 20,000 tourists reported at his office from Colorado. These tourists passed through Vernon, and the Vernon Chamber of Commerce, working on the theory that a camping site would be advantageous to the city, is taking steps to establish camping sites at Vernon for automobile tourists.

AT LAST, RELIEF FROM RHEUMATISM

New Is An Excellent Time to Get Rid of Its Tortures.

Rheumatism is more than a mere local disorder confined to the locality of the painful parts. It cannot be rubbed away, because it is a deep-seated disease that has its source in the blood supply. The millions of little disease germs that cause the disease must be reached and eliminated from the blood before real relief can be had.

S. S. S. has been successfully used for Rheumatism for more than fifty years. It is the most thorough and reliable blood remedy because it searches out and eliminates the disease germs which infect the blood.

COTTON MARKET.

New York Cotton. NEW YORK, Sept. 9.—The cotton market showed the influence of an earlier technical position during today's early trading. There was no improvement in the weather news and Liverpool made a steady showing, but after opening two points lower to 25 points higher, the local market sold off to 27.50 for October and 28.85 for December, or 15 to 20 points below yesterday's closing. There was a selling by Liverpool, the south and local traders, with realising a feature after the sharp advance of the past two or three days. The decline was held in check by covering, however, which caused a rally before noon.

GRAIN AND PRODUCE.

CHICAGO, Sept. 9.—Wheat ran up swiftly in price today, owing largely to bullish constructions put on the government crop report. Opening figures, which showed a 1/4c gain with December at \$2.47 and March at \$2.42 to \$2.43, were followed by a big further jump and then something of a reaction. Corn, after opening unchanged to 1/4c lower, including December at \$1.22 to \$1.23, scored a moderate general advance, but then was inclined to sag. Oats started unchanged to 1/4c down, December 62 1/2 to 63c and later advanced well above yesterday's finish. Higher quotations on hogs and cereals gave firmness to provisions. The wheat close was unsettled, 1/4 to 1/2c net higher, with December at \$2.47 and March at \$2.43. The corn close was nervous, 1/4 to 1/2c net lower, with December at \$1.20.

**SERIES OF MEETINGS
BY CITY COUNCIL TO
DISCUSS BOND ISSUE**

EXPECT EARLY FORMAL ACTION
CALLING AN ELECTION ON
PROPOSITION.

**TAX RATE ORDINANCE
WILL ALSO BE PASSED**

Plan To Issue Bonds Aggregating \$1,400,000 For Municipal Improvements.

- Proposed Bond Issues:
- \$700,000 sanitary sewers.
- \$250,000 storm sewers.
- \$140,000 street improvement.
- \$15,000 hospital.
- \$25,000 parks and cemetery.

A series of meetings of the city council will be held beginning Thursday night at which it is expected formal action will be taken to call an election for bond issues aggregating \$1,400,000 for sanitary and storm sewers, street improvement, hospital extension and improvement and for parks and cemetery improvements. These bond issues have been under discussion in the city council for some time and the amounts have been agreed upon and the appropriation bill for the ensuing 12 months containing provision for the interest and sinking fund for the proposed issues. At Wednesday night's meeting of the council the appropriation bill providing for expenditures for the ensuing 12 months was placed on its third reading and formally adopted. The appropriation ordinance carried an emergency clause making it immediately effective. In a series of three meetings on succeeding days, beginning tonight, the tax rate ordinance providing for a levy of 11.45 on the hundred dollars valuation will be adopted, the matter of the sale of \$250,000 warrants for sewer improvements to the C. Nichols company of Houston disposed of and the order for the bond election adopted.

A tentative contract for the purchase of the sewer warrants was offered by the Houston firm at Wednesday night's meeting of the council and several clauses of the contract were found unsatisfactory. Efforts will be made to draw up a contract that will be satisfactory to both parties. The warrants are to bear 7 per cent interest and are to be exchanged for sewer bonds later on.

**RECENTLY RESCUED BY
A LIGHTHOUSE TENDER
AFTER DRIFTING 8 DAYS**

HONOLULU, T. H., Sept. 9.—Captain Emil Pitts, 69-year-old skipper of Honolulu, with two boys, William Leithead and John Guin, recently were rescued by the lighthouse tender Kukul after they had drifted on their water-logged schooner, Annie E., for eight days, the last four of which were without food. To add to their mental anguish three large sharks followed the slowly-drifting schooner, with its decks awash, evidently waiting the moment when the craft would go to pieces and throw the survivors into the sea. The wreck of the Annie E., which was on her way from Honolulu to the Mehekona coast of the island of

Hawaii with lumber and gasoline, is Captain Pitts' third adventure in four years on water-logged craft. The schooner, according to her skipper, started leaking at midnight of August 9, the pumps refused to work and within a few hours her decks were awash. Twenty-four hours later she drifted opposite the entrance to Honolulu harbor, but it was night and her plight was not noticed. The ocean currents carried her westward and the captain sent three of his crew ashore in a small boat to seek help while he and the two boys stayed by the ship. When the small boat reached Honolulu, airplanes from Luke Field went in search of the schooner, while tugs from Honolulu scoured the ocean as far as the coast of Molokai without sighting the derelict. The search was practically abandoned when a wireless from the army transport Madawaska, en route to the Orient, said that a derelict had been sighted approximately 150 miles west

of Honolulu. The lighthouse tender Kukul steamed for the locality and found the castaways. As the Annie E. was going to pieces it was impossible to take her in tow and she was burned as a menace to navigation. Captain Pitts declared that two ships, including the Madawaska, sighted him without offering assistance. The name of the other vessel he did not know. He said the Madawaska saw signal fires he was burning shortly before dawn on August 15, hope to, approached within a mile of the schooner, circled about and then proceeded on her way. The marine committee of the Honolulu Chamber of Commerce has decided to investigate the action of Captain W. C. Johnson of the Madawaska in not going to the rescue of the Annie E. Honolulu legal authorities say, however, that while the master of a merchant craft may be prosecuted for not going to the aid of another vessel in distress, the law does not apply to captains of government ships.

EYE TALK

By Fred Goss

School Days

are trying days on eyes, and the present day school requirements are greater than ever before.

The higher standard of eye and nerve analysis of our system of neuro-Ophthalmology makes it preeminently best for children's eyes.

Any Good Cigar

is a comfort while you are smoking it; but the matter of its after-effect is also important. We take pleasure in presenting to the critical smokers of Wichita Falls the

Monte Cristo Cigar

one of the oldest brands in the world, having been sold continuously since 1865. In this cigar you will find a combination of mildness and full-flavor.

We carry Monte Cristo cigars in five sizes.
