

LEAGUE OPENS WAY TO IRISH FREEDOM GOV. COX DECLARES

CANDIDATE INVADERS NEW ENGLAND AND DISCUSSES OBJECTIONS TO LEAGUE NATIONALS

LEAGUE SWEEPS AWAY BRITISH ARGUMENT

Cox Points To League As Offering Only Hope For Freedom Of Irish People

By HERBERT W. WALKER. WORCHESTER, MASS., Oct. 18.—The way to Irish freedom is opened by Article 19 of the League of Nations covenant, and not blocked by it as opponents of the league have contended, Governor James M. Cox declared here today in opening his campaign in New England.

To support his statement Cox said the provisions of Article 19 against external aggression by one nation against another wipe out an obstacle that has stood in the way of Irish independence for hundreds of years—the contention that a free Ireland, because of its geographical relation to England might menace that country.

Cox's stop here was the first in the home state of Sen. or Henry Cabot Lodge, whom he has been attacking during the day he was to invade New Hampshire, the home state of Senator Moses, treaty irrevocable. A night meeting was held in Boston, Lodge's home city. In all his New England addresses Cox expected to stress the Irish issue.

"Let me remind you of this very significant thing," the governor said. "Many statesmen have contended throughout the years that Ireland would have given her freedom long ago had she been free to do so. The statesmen said, could not afford to establish a governmental entity so near her own gateway. But under the auspices of the League of Nations covenant, England need have no fear whatever."

"Nothing in the League can be so construed as to be held to be under obligations to interfere in any fight for freedom that Ireland may make."

My sympathies are aroused by the Irish cause and I believe the League of Nations has swept away England's main argument for not granting Ireland freedom.

"Senator Harding says this is a domestic question that concerns Great Britain only," the governor said. "My judgment is that it becomes a world issue. I call your attention to the fact that the British have been predicting Harding's election and that three days after he expected himself against the interests of the Irish people, Baldrigan, Ireland, was burned by British soldiers. Can it be possible the senator's views are being accepted as American in the American mind? It is becoming a war of extermination."

COX APPEARS IN PAJAMAS AT SPRINGFIELD STATION

SPRINGFIELD, MASS., Oct. 18.—The entry of Governor Cox of Ohio in New England was marked by his appearance in pajamas before a crowd at the railroad station in this city early today.

The candidate had not been expected to speak here and was making leisurely morning preparations in his pajamas when he was met by the address of the day at Worcester, fifty miles away, when he heard the call of the crowd that had gathered to see him.

The governor, who had been wearing his bath slippers, stepped to the rear platform. He smiled appreciatively in response to the shouts of "America, America, America." He spoke for only five minutes and then his train pulled out while he was still talking.

GOVERNOR COX RIDICULES HARDING'S EXPLANATION

WORCHESTER, MASS., Oct. 18.—Senator Harding's explanation of his remarks regarding the alleged French overtures for a "new association of nations" was ridiculed here today by Governor Cox of Ohio in an address to a large station crowd.

"Senator Harding is having a lot of trouble, occasioned by his own words," said Governor Cox. "I think the gentleman consulted was not a diplomat nor a statesman. Here we have a great international question and the gentleman says it is a domestic question. It is the funniest man, the humorist of France."

Governor Cox apparently referred to Maurice DeKobay, the French minister in Massachusetts, who had been mentioned in his Buffalo address last night. Referring to Senator Harding's statement in today's papers, he said:

REPORTS 3500 NATIVES WERE KILLED WHILE U. S. MARINES WERE IN HAITI

GREENVILLE, S. C., Oct. 18.—Despite reports, there has been no curtailment of the amount of bank credit outstanding, but on the contrary, there has been a continuous expansion, not only of commercial loans among the banks of the federal reserve system, but loans for agricultural purposes.

IRISH SITUATION AND GOAL STRIKE BEFORE PARLIAMENT

LONDON, Oct. 18.—The government intends to proceed with the government of Ireland bill, it was declared by Andrew Bonar Law, the government leader, in the house of commons today.

GOVERNMENT'S STATEMENT ON IRELAND CHEERED

Lloyd George Expected To Issue Statement On Government's Plan In Strife.

LONDON, Oct. 18.—The government intends to proceed with the government of Ireland bill, it was declared by Andrew Bonar Law, the government leader, in the house of commons today. The announcement was greeted with cheers from the coalition benches.

Colwyn Malone, liberal member for the Colwyn division, inquired whether the government intended meantime to continue the "police reprisals." This brought cries of "shame" from the government benches. Mr. Law replied: "It is the intention of the government meantime to put down the policy of murder."

Mr. Hamar Greenwood, chief secretary for Ireland, stated that since January 1, 1920, 100 policemen and 13 of the military had been killed in Ireland, and 66 of the police and 74 of the military had been wounded. Police barracks to the number of 467 had been attacked and most of them destroyed. There had also been an attempt to burn down the police and their relatives.

Home Secretary Short, when questioned with regard to the possible re-election of the government, declared the government had not altered its policy that convicted men, or those awaiting trial for serious offenses, would not be released because of hunger strikes. All the men now striking came within this category, the home secretary said.

WASHINGTON, Oct. 18.—Details of the killing of two native Haitians on orders of an insane non-commissioned officer of the American marines were learned here today.

This incident caused General Barnett to make his charge of indiscriminate killings by the American forces occupying Haiti. Barnett will be the first witness before the board of naval inquiry which is to start an investigation Friday.

The details of killing of two natives without trial, came out in the court martial of a sergeant and two men who acted on his orders.

The two Haitians were Leonard Placide and Destine Jean. They were shot at Croix De Bouquets the night of May 25, 1919. One had been arrested for "working magic" and the other for theft. They were taken from jail by the sergeant and ordered to dig their own graves. The evidence in the court martial was that the sergeant is said to have been poured over Placide's head, only a high wind blowing out matches preventing him from being tortured by fire. Kerouard then said to have assembled his firing squad and ordered the prisoners shot. When the Haitians failed to fall at the first shot, Kerouard was charged with finishing them off with his revolver.

HOWATT'S FOLLOWERS ARE GOING OUT ON "VACATIONS"

PITTSBURGH, KAN., Oct. 18.—With five hundred miners from two southern Kansas mines exercising the "vacation" plan of strike yesterday, they were expected to join the movement today.

General belief in mining circles here was that the men were going out on "vacations" and that the followers of Alexander Howatt, president of district fourteen of the United Mine Workers, would be out on "vacations" by the end of the week. Mine diggers are reported to feel that it is an injustice to leave their jobs at the old rate while day men enjoy the benefits of the new rate of \$1.50. Howatt said that men entering the district in strong to refuse to work until there is some adjustment of tonnage rates.

TOO MANY PLACARDS FOR CERTAIN DUTCH ENGINEER

BUTTE, MONT., Oct. 18.—It is not likely that friends back home of a certain Dutch engineer, a member of Holland's recent engineering corps, will be able to find him. He is reported to be driving over it in an automobile today. For, if said engineer told him his name was busy, he was busy driving over it in an automobile today. They will believe Butte infested with contagion. And all because his knowledge of English was hazy. At other times during the tour other placards were pointed out.

FRANCE HAS GIVEN NO AUTHORITY TO SEE HARDING

WASHINGTON, Oct. 18.—Assurances have been given the state department by Count Debaran, French charge here, that the French government has not given authority to anyone to approach Senator Harding with suggestions that the republican presidential nominee take the lead in forming a new world association.

ONLY PRICES WILL INFLUENCE CONSUMERS CLOTHING MAN DECLARES

CHICAGO, Oct. 18.—Retail clothes throughout the country have determined to sell at cost, according to Andrew Burkhardt, president of the National Association of Retail Clothiers.

"Continual increase in cost during recent years have brought consumers to a state where they no longer can be appealed to by sheer reason," Burkhardt declared.

SPEAKER WILL BECOME MEMBER HIAWATHA TRIBE

PETERBORO, ONT., Oct. 18.—The speaker of the house of commons, the Indians he will be made a chief of the Hiawatha tribe and for a week or ten days will join them in hunting big game near Robins. He is after deer.

GOOD RAIN ASSURES LARGE WHEAT AGRICULTURE

SEYMOUR, TEXAS, Oct. 18.—A good rain fell over Baylor county early Monday morning, resulting in sufficient moisture in the ground to insure planting of a large acreage of wheat. Cotton picking has been in full blast for about thirty days and probably 7,000 bales of cotton has been picked to date. It is expected that the cotton yield will run to 25,000 to 26,000 bales, probably the largest in the history of the county.

YEGGINS CARRIED SAFE TO WOODS AND CRACKED IT

PORT WORTH, Oct. 18.—Officers today were searching for the bandits who stole the safe of the Bowman Lumber company at Arlington, carried it several miles from town and cracked it. The safe was discovered by woodchoppers. The amount of cash secured was small.

WRANGLER EFFORTS CAPTURE BRIDGEHEAD RESULT IN FAILURE

SEBASTOPOLE, Oct. 17.—The efforts of General Wrangel's anti-Bolshevik leader in South Russia, to take the Kakhovka bridgehead, have resulted in failure, with heavy losses to his forces in killed and wounded and in material captured by the Bolsheviks. The killed included the general commanding the Barjovitch cavalry corps.

WHITE SAYS TIDAL WAVE FOR COX AND ROOSEVELT

NEW YORK, Oct. 18.—The following telegram from George White, chairman of the democratic national committee, took place in the city here today by national headquarters:

"If they will just keep Senator Harding on the stump, our presidential majority will be in the hands of the democratic party. Instead of a small majority in the senate, we will have fifteen."

Mr. White, who conferred with Ohio democratic leaders in Columbus, Ohio, added:

"Ohio is assured for Cox and Roosevelt. The same is true of Indiana and the southern border states as an assurance for democracy as Texas. Western Chairman Doremus turned over his report to me today and they revealed a west and northwest burning like a flame for the League of Nations."

"Anxiety has followed confidence among the republican leaders. Their next state of mind will be desperate for the League of Nations. Republican victories will have begun to accumulate until those who are in close touch with the democratic campaign await with perfect confidence the halting two weeks from today."

"During the last two weeks this change has been apparent. It started with the League of Nations. Senator Harding in which he broke away from his board of strategy and revealed himself as an irreconcilable on the League of Nations, joining company openly with Senator Johnson and Borah for rejection of the League."

"Until Senator Harding did that, republicans and independents who are for the League accepted democratic assurances from inspired sources that Senator Harding was at heart a pro-League."

"At national headquarters in New York from the moment that DeLoines speech appeared in the press, it was like watching a tidal wave. First came the League of Nations, then republicans and independents announced their support of Cox. Then came the real barometric test."

"Lateral attacks, letters containing small contributions began to pour in from republicans and independents, a high proportion of them from dinner quarters, hotels and larger sums in current checks, postal money orders and drafts, piled upon the desk of Treasurer Marsh."

"In total, they represented no large sum, but as an evidence of the turning tide in America they were most significant. The ascendancy of the democratic cause began then."

"PLAYING HANGING" FATAL TO 11-YEAR-OLD BOY

MEMPHIS, TENN., Oct. 18.—"Playing hanging" proved fatal yesterday to Charles Weiss, 11-year-old son of Sam Weiss of Eudora, Ark., when the rope placed on his neck in a game of "cowboy and highwayman" slipped, caught under his chin and he was strangled to death.

"Now you've got to hang me," young Weiss, who had the role of "highwayman" is quoted as having told his playmates when a game of "cowboy and highwayman" slipped, caught under his chin and he was strangled to death.

Entering as an independent, Senator Charles S. Thomas has complicated the democratic situation in Colorado. Because of his stand against the League of Nations Thomas refused to try for the democratic nomination and Judge Tully Scott was entered to oppose Samuel D. Nicholson, republican.

163,738 DRAFT EVADERS HAVE BEEN APPREHENDED

WASHINGTON, Oct. 18.—Draft evaders who have been apprehended up to July 15 and their names reported to the military authorities number 163,738. It was announced today at the war department.

The total number of draft evaders which has been reported to the provost marshal general was 498,032. An examination of government records showed that 163,738 men claimed as deserters had been in the army, postal or marine corps or in the armed forces of the allies, so that the total number of desertions still listed now numbers 163,738.

12,000 MINERS ON STRIKE IN STATE OF COAHUILA

MEXICO CITY, Oct. 18.—A strike of 12,000 coal miners in the state of Coahuila is making determined efforts to effect a speedy compromise.

Unless an agreement is reached by Wednesday, it is reported many smelters and other industries will close down because of lack of coal. This would throw more than 100,000 men out of work. The strikers demand a large wage increase and better working conditions.

ADVANCE OF CENT POUND PRICE OF REFINED SUGAR

NEW YORK, Oct. 18.—Announcement that New York banking interests would help in financing Cuba sugar caused a further improvement in the tone of the market today and recent gains in raw sugar were followed by the first advance in refined sugar in many months.

So far, only one refiner has issued a new price. This was an advance of 1 cent a pound to the base of 12 cents.

SWANSON RECOVERS FROM HEART ATTACK

ROANOKE, VA., Oct. 18.—United States Senator Claude Swanson of Virginia, who last night suffered a heart attack while speaking here before a democratic rally, had sufficient recovery this morning to be able to leave on the 11 o'clock train for Washington.

BOTH PARTIES WILL PUBLISH RECORDS OF CAMPAIGN FUNDS

CHAIRMEN AGREE TO MAKE PUBLIC RECORDS FIVE DAYS BEFORE ELECTION.

SENATE PROBES ADJOURN UNTIL AFTER ELECTION

Further Investigation Of League To Enforce Peace May Be Made After The Election.

ST. LOUIS, Oct. 18.—Five days before the coming election, on Thursday, October 22, complete records of the collections and disbursements of the republican and democratic parties will be submitted to the public.

The senate committee appointed to investigate campaign expenditures meeting here yesterday declared the chairman of the national senatorial majority committee, in an effort to force the republican party to file such reports at Chicago on that date. The reports are to cover all activities since the party chairman testified at the committee hearing in Chicago several weeks ago.

In telegrams addressed to Will H. Hays, republican chairman, George White, republican chairman of the national committee, and the heads of the other party organizations, the committee asked for complete lists of all subscriptions in excess of \$100, detailed figures on expenditures and also a list of all pledges, promises or underwriting. Senator Reed specifically asked for the latter in an effort to learn whether any arrangements had been made to meet the deficit which it had reported both parties will face after the election.

The senatorial committee recessed after yesterday's session and does not expect to meet again until after November 2, provided the party chairman agree to file the information requested. In event they refuse or fail, the senators decided to meet in Chicago prior to the election and subpoena the chairman of the committee.

Investigation of all senatorial campaigns was deferred by the committee until after the election. Breckinridge, who had been named as a nominee in Missouri, who had been subpoenaed, was dismissed without being heard.

The committee report on the activities of the League to Enforce Peace, of which William Howard Taft is president, introduced into the record before the senators left for the election. It was followed by further investigation of the league and examination of its officers. Members of the committee indicated they would like to see some members of the league, had in opinion, violated the Logan act, passed in 1919, to prohibit private citizens negotiating with foreign governments in matters of international policy in which the United States is interested.

Mr. Hunt cites a supreme court decision, but as an evidence of the Civil War when American citizens were tried for proposing to English officials that Great Britain recognize the Confederacy.

His report contains copies of scores of letters and papers taken from the files of the league, many of the letters being confidential in nature. He also reported on the activities of the league in Missouri, who had been subpoenaed, was dismissed without being heard.

SEARCH FOR KIDNAPERS OF SHERIFF'S DAUGHTER

PORT WORTH, TEXAS, Oct. 18.—Police and sheriffs forces today were attempting to run down the "kidnapers" of Miss Mabel Clark, 20, daughter of Sheriff Clark of Tarrant county.

Miss Clark, in statement said she was forced her into an automobile yesterday and made her ride with them while she made threats against her father for prosecuting illegal liquor traffic. They made no attempt to harm her, she said, and after making the threats put her out of the car telling her, "You go south; we are going north."

DELIVER COLLEGE STUDENT WAS SHOT ACCIDENTALLY

PHILADELPHIA, Oct. 18.—The authorities, as well as the relatives of Elmer C. Drewes, the Danmorth college senior whose body, with a bullet wound in the forehead, was found Sunday morning on the outskirts of this city, expressed the belief today that the young man was shot accidentally, probably by a friend or acquaintance.

No money for the staying of Drewes has been discovered. Robbery, the police say, did not enter into the case, because nearly \$1000 in cash and liberty bonds which were carried in a pocket was found untouched.

Report from a detective sent to New York to interview Charles Schless, a friend of Drewes, was awaited by the police today. Before leaving his home here Saturday, Drewes told his father that he had spent part of the day with Schless in Atlantic City and the authorities hope that he may be able to give them some information regarding Drewes plans Saturday night.

STRONG LIVERPOOL SHOWING ADVANCES PRICE OF COTTON

NEW YORK, Oct. 18.—Recovery of more than a cent a pound in the cotton market was shown during early trading hours here today.

December contracts, which sold off to 17.85 yesterday, advanced to 18.05 today, the unexpectedly strong showing of Liverpool and less active selling by southern interests. Unofficial reports from the southwest said holding of spot cotton was more determined.

### LUXURY PRODUCERS GIVEN CREDIT WHEN FARMERS ARE DENIED

SECRETARY MEREDITH CHARGES SOME BANKERS PURSUED SHORT-SIGHTED POLICY.

AVERAGE PRICE ALL CROPS ARE 14 PERCENT LOWER

Meredith Urges Local Banks To Give Farmers Aid In Orderly Marketing Of Crops.

By RALPH F. COUCH. WASHINGTON, Oct. 19.—Secretary of Agriculture Meredith today charged farmers are being denied needed credit by bankers in favor of luxury producers. He made the charge in a speech at the opening session of the annual convention of the American Bankers association. More than 3,000 bankers from all sections of the United States heard Meredith. "Farmers of the country will lose \$2,500,000,000 if forced to market their crops at present prices, Meredith warned. "The only point at issue," he said, "is this: Shall the farmer whose primary interests are involved be afforded such credit by local banks as will enable him to market his crop in an orderly fashion?" Meredith declared the average price of all crops on October 1 was 14 percent lower than the same day in 1919. "In the spring of 1920, when they were planning their operation for the present season, the farmers were confronted with a very difficult situation," he said. "There was a shortage of farm labor estimated at 33 per cent. The cost of everything the farmer had to buy was exceedingly high and there was uncertainty as to the future price of farm products. All these things added to the hazard of the undertaking but the farmers did not hesitate. They realized the responsibilities resting on them to meet the future food requirements of the nation and in spite of difficulties they succeeded in producing one of the largest crops in history."

High production cost. High prices ruled while farmers were planting and cultivating the bumper crops they were asked to produce. Meredith recalled that the average price of corn in 1919 was 1.15 cents a bushel. "At present prices they would receive for their crop approximately one-half billion dollars less than it would bring on the basis of prices prevailing on October 1, 1919. The cotton crop this year totals 12,000,000 bales. At existing prices it would lack more than one-third of a billion dollars of bringing as much as it would have brought a year ago. "Cottonseed which sold a year ago for \$60 a ton, on September 1 sold for \$39 a ton. "The wool clip this year aggregated 213,307,000 pounds. At prices prevailing in September last year it would have brought \$133,000,000 but this year it would bring only \$74,000,000. "Apparently well founded complaints have reached the agricultural department from farmers who have been denied credit of essential productive purposes while the producers of expensive luxuries and the dealers in them have been accommodated. I do not intend to imply that these bankers have maliciously chosen to handicap agriculture by the refusal of credit which they might have extended, but rather that they yielded to the temptation of a larger immediate income from loans for less fundamental purposes. It is more than probable that the bankers who followed a shortsighted policy will in the long run be the losers."

TWO MONTHS DROUGHT BROKEN BY HEAVY RAIN DENNISON, TEXAS, Oct. 19.—The drought that has prevailed in north Texas for two months was broken last night when a 7.15 inch rain fell throughout this district.

### GEN. VAN ZANDT TERMED CONNECTING LINK BETWEEN TEXAS PAST AND PRESENT

FORT WORTH, Oct. 19.—Gen. K. M. Van Zandt of Fort Worth, who has been re-elected commander-in-chief of the United Confederate Veterans for the third successive time, is perhaps the last great connecting link between the Texas of independence days and the Texas of the present. His election to head the fast dwindling ranks of the Confederate veterans at Houston last week was brought about by his friends over his protest that the "honor should be passed around." He was elected unanimously. General Van Zandt's father, Isaac Van Zandt, negotiated the treaty under which Texas as a republic ceased to exist and its annexation to the United States was effected. The son, although born in Tennessee, spent many years under the Texas flag and recalls acquaintance with such distinguished pioneers and soldiers as General Bunk, General Houston, General Johnson and others well known in the state's history. General Van Zandt is 84 years old. He still is active president of the Fort Worth National band, is prominent in local civic movements and an ardent Sunday school worker. His years of service with the Confederate armies included campaigns in Tennessee and Mississippi with such distinguished leaders and other noted battles of the war between the states. Toward the close of the war he was ordered by army surgeons to return to his home in Texas because of ill health and was recuperating at the time of the surrender at Appomattox. "The Van Zandt family history is entwined with that of Texas since 1825, when the members first came to Texas from Tennessee and settled near Marshall. They moved to Fort Worth some years later and have taken part in practically all activities of consequence in the city ever since."

THREE BANDITS HOLD UP CHICAGO BANK MESSENGER CHICAGO, Oct. 19.—Three bandits held up a messenger for the State Commercial and Savings bank of Chicago today, snatched a grip containing \$1,000 and escaped in a waiting automobile. The hold up was staged at a busy street intersection and in view of scores of persons.

RENDERS OPINION ON NEW POLL TAX LAW FOR MEN AND WOMEN AUSTIN, Oct. 19.—An opinion on the new poll tax law for men and women, passed at the special session of the legislature recently, has been rendered by W. W. Cave, assistant attorney of state. The opinion is confined to administrative provisions of the act and does not attempt to pass upon the validity of the law. A summary of the opinion, also prepared by Mr. Cave, follows: "Nothing is required of either men or women who have paid their poll tax or possessed certificates of exemption prior to February 1, 1920. Those who failed to do so, if otherwise qualified to vote, are allowed until midnight, October 31, 1920 to pay the poll tax and obtain a receipt, or, to obtain certificates of exemption, without paying penalty, interests or costs. "The poll tax receipts and certificates are authorized to be issued under the law before October 22, 1920, but relate only to the 1921 poll tax and the right to vote at elections held prior to February 1, 1921. All persons, both men and women, who desire to vote at elections after February 1, 1921, will be required to pay the poll tax and get their receipts for that year not later than February 1, 1921. This also is true as to those required to have certificates of exemption for 1921. "Beginning with January 1, 1921, women and men alike are subject to assessment for poll tax and will be required the same as a tax regardless of whether they may desire to vote. "No changes were made in the qualifications of voters such as age, residence in county and state or other general requirements."

### SEVEN RANGERS NOW ON DUTY IN WICHITA COUNTY OIL FIELDS

Capt. R. W. Aldrich, in charge of the Rangers in Wichita county, placed five additional men in the oil fields Monday night and he stated that the sixth additional man, making a total of eight, will be on duty soon.

This action followed an appeal made by county and district authorities that more men with authority would be needed in the oil field districts of the county as an investigation Sunday showed that conditions were in a deplorable shape.

It was announced Tuesday morning that three of the Texas Rangers stationed at Bridgetown would be stationed so that better service could be given in cash help should be needed at once in any part of the field.

It is understood that the men who were placed in the field Monday evening as well as the two already there are men of exceptional ability and that a thorough watch will be held at all times and all cases investigated.

Reports that there is a holdup men and law violators of different natures in existence in the fields is undergoing a thorough surveillance.

Expression of the part of officials Tuesday was to the effect that it was their belief that the force of Texas Rangers now on duty would be able to cope with the conditions now in existence there and that there would not be need of further help.

### DON'T SWEEP DIRT INTO STREET-GUTTERS CITY ENGINEER REQUESTS

Wichita Falls citizens are urged by Julian Montgomery, city engineer, not to sweep dirt and trash into the street gutters in the residence sections of the city.

"In many parts of the city trash, weeds and dirt of all kinds have been cleaned from residence premises," Montgomery said today, "swept into the gutters and left there with the result that the streets are injured and additional work is forced upon the city. Storm waters back up in this trash, pools of water stand in one spot for days at a stretch, and in many cases having to be removed to require special repair work."

### GOOD PROGRESS MADE ON SANITARY SEWERS

Work on the new sanitary sewer system on the south side of the Wichita river will be started within ten days, it was stated this morning by City Engineer Julian Montgomery. Contractors' crews are ready to begin at any time, and the work would have been started before now save for the delay in receiving materials.

On the north side of the river approximately 2,500 feet of 24-inch mains have been completed. The city has obtained easements over the ground near the river and crews have started laying mains near the outfall point.

About one-third of the 24-inch pipe has been completed on the north side. The system provided for 1,500 feet of 12, 18 and 24-inch mains, 5,000 feet of 12, 18 and 24-inch, and some 25,000 feet of 6-inch laterals.

### SEEK \$1,000 FOR SALVATION ARMY FROM BURKHURNETT

B. F. Johnson and "Ma" Burdick left the city this afternoon for Burkurnett, where they will launch a Salvation Army campaign for \$1,000. The fund is a part of the \$10,000 quota assigned by the state advisory board to Wichita county. Electra and Iowa Park already have raised their allotments, and little difficulty is expected in successfully putting over the campaign in Burkurnett.

### RALPH DUNBAR ARTISTS DELIGHT CAPACITY HOUSE AT WICHITA THEATER ON MONDAY NIGHT

Lively choruses, catchy melodies, pleasing solos, humor and real acting are all woven into a complete and delightful opera by the Ralph Dunbar artists who are presenting De Koven's "Robin Hood" at the Wichita theatre.

A packed house greeted the initial presentation Monday night and seat sale indications are that another capacity crowd will be on hand when the curtain rises on the opening scenes Tuesday night.

The story of Robin Hood and his Merry Men is a standard classic, and single De Koven has clothed parts of the story in melody it has become as well known in musical realms. Both story and music were displaced to their greatest advantage by the Dunbar artists Monday night.

All of the leading characters came in for their share of popular favor, but to Arthur Sherman in the role of Robert of Huntington and to Edward Beck as the belligerent sheriff of Nottingham go the lion's share of glory. Sherman sang with the clarity of his clear tenor voice and not only in his solos but in the many quartets and choruses he never failed to please. Beck put himself solid with the audience on his first appearance by his rousing solo, "I Am the Sheriff of Nottingham Town." From then until the end of the opera he was always prominent, either in musical selections or in the role of an inebriated rascal in disguise. Maid Marian, the leading feminine character of the play was admirably handled by Clara Campbell. The many soprano solos interspersed throughout the three acts all called for talent and ability of the highest order and all were carefully done. One solo in particular, which was sung in the Forest of Sherwood and terminated in a duet with a flute called for hearty encores. Stella Thomas DeShone as Allan-a-Dale balanced the choruses and quartets with her rich contralto voice.

All of the remaining members of the cast were easily up to the high standard set by the leaders, but did not have as important roles. Friar Tuck, Little John, Will Scarlet, Sir Guy of Gisborne, Dame Durden and Annabelle all lent excellent support in both musical and theatrical lines.

"O' Frontle Tinker Chorus," "And It Will Ye Quaff With Me My Lad," and "Let Hammer On Anvil Ring," proved to be the most popular numbers, while the quartet composed of Maid Marian, Allan-a-Dale, Robin Hood and Little John received their share of applause.

The opera is to be presented again Tuesday evening beginning at 8 o'clock.

feature film which is being offered at the Empress Tuesday. The picture shows Miss Clayton as a cabaret dancer whose sense of propriety has been dimmed and blinded by the bright lights under which she has performed for so long, but who is awakened to the really worth-while things in life by a big-hearted countryman with whom she becomes acquainted. The story of the play was written by Kate Jordan and the film is released by Paramount. Clyde Filmore and Walter Hiers head the supporting cast which appears with Miss Clayton.

Majestic. That hard work, common sense and a strict foundation of approved business principles will win over genius, temperament and idealism is shown in "The Point of View" featuring Elaine Hammerstein and which is being offered by the Majestic as their attraction for Monday and Tuesday of this week. The play deals with the old story of class distinction and of the so-called supremacy of blue blood over red. The fact that a red-blooded humor who is willing to work will surpass in the end the blue-blooded genius who has opposite views is graphically shown by means of an interesting story and capable cast.

## CLEMENTS-LYON WEDDING AT 12 O'CLOCK TUESDAY

J. S. Clements and Miss Florence Lyon, daughter of Mr. and Mrs. J. H. Lyons of 1007 Tenth street, were married Tuesday noon at the First Methodist church, south, Rev. H. D. Knickerbocker officiating.

Miss Lyon was attended by Miss Floy Porter of Colina, Kan., who has been her guest the past several days, and Carrol Bowles as groomsmen. Following the ceremony, which was witnessed by the families and a few intimate friends of bride and groom, an informal wedding dinner was served at the home of the bride, those present including Mr. and Mrs. Lyon, Mr. and Mrs. Clements, Misses Porter and Esther Lyon and Morrison Haley and Carrol Bowles. Mr. and Mrs. Clements left on an early afternoon train for Fort Worth, where they will attend the Caruso concert tonight, and go from there to Dallas and other north Texas cities. They expect to be gone a week or ten days and will return to Wichita Falls to make their home at 1007 Tenth street. For her wedding and trip Miss Lyon wore a dark blue tulle suit with harem blouse and hat, with a corsage of roses.

Mr. Clements is in charge of the gentleman's furnishings at Perkins-Timberlake.

**TWO WOMEN ON GRAND JURY IN CINCINNATI BASEBALL PROBE**

Two women have been empaneled on the Cincinnati grand jury which is to inquire into the Ohio end of the great 1919 world's series throwdown, according to an announcement this week.

"Sporting News," a St. Louis publication, welcomes the women into the investigation. The women, whose avowed mission is to save us from a lot of things, can do nothing more commendable than save our precious baseball, their baseball, the game of their sons now and to come. All hail them on the job.

"Women, as a general proposition, either cheating and graft, and we believe that the woman fan has fine, high ideals about baseball and that if she is given evidence that those ideals have been violated and dragged in the mire she will cry out for vengeance and make use of the proper procedure to get what she cries out for.

"We hope that the court authorities will continue the procedure and draw the trial cases. We want to hear the word 'guilty' sung out before every jury in the state where baseball cheats can be prosecuted and nothing would be finer or more telling than to have it sung in the clear soprano or the mellow alto of a jury forewoman."

### Ingrown Tempers

Our souls may be as temples are. That take an age to grow; Where, "every careful, careless touch" is either help or blow; Where pillars may be raised, to hold The mighty structure steady; Where maps and charts and plans may be Before us stationed, ready; And little faults in brick and stone Corrected, ere we attack; Another dozen yards or so Of temple on a crack.

Oh, souls may be as temples are— But TEMPERS grow like weeds; They wait not contemplation or Performance of fair deeds; They spring up, Asiatic like, when we have tossed them on the ground; They're like the scrawny, lanky cat That off we throw when we're drowned; They wait not for experience; They wait not just decision; We fold our hands in confidence— They wind and grin derision; There's but one blemish in the world That has their fair fame dimmed— They're like ingrown toe-nails, that Grow more, the more they're trimmed.

### "MUCH ENTHUSIASM AMONG LOCAL REPUBLICANS"

"J. H. SOUTHER CONTRIBUTES TO DEMOCRATIC FUND"—state-wide headlines in the Grandfield Enterprise this week. Without referring the matter to the Times Managing Editor, who has been wearing his palms upward the past three weeks on democratic campaign fund duty, we should say that as long as the grand old Grandfield supporters of the democratic party dig in with contributions, the democrats over there won't give a pink tea party how much enthusiasm the republicans manage to generate.

### "Sweethearts of Thirty Years Married Last Week"

Reprinted for the benefit of some witty paragon who will want to head his comment: "Another Good Record Gone Flown."

"The whole Irish question seems to be muddled with pig-headedness. It is absurd to expect England to allow Ireland complete separation from the empire, and nothing short of this, it seems, will satisfy the radical Irish home rulers."—Amarillo Tribune.

Yet a radical name: George Washington, with the support of a lot of other numskull members of the Whig party in America, got the very same idea in his pig head back in 1776. And we put his statue in the Hall of Fame—which goes to prove further the truth of the saying that nothing is as successful as success, and nothing as inexcusable as failure.

"We expect to see all husbands uniting in an effort to have a law enacted forbidding the betting of hats on election, now that women are in the game."—Cincinnati Enquirer.

The husbands needn't worry. Women will never carry voting that far.

### How Bodies of the Soldier Dead Are Returned to Home

WASHINGTON, Oct. 18.—Out in the great administration building at Arlington National Cemetery, any day now one sees rows of coffins of our soldier dead come home at last from France. There are bodies of soldiers from Texas, from Oklahoma, from Louisiana—from every state in the Union.

And almost any afternoon visitors to the beautiful national burying ground stop at the section of the cemetery allotted to American heroes dead of the world war while the bodies are lowered to their final resting place.

Always the bodies are buried with full military honors. Always Protestant and Catholic clergymen participate and always the last volley is fired across the new-made grave. To date there have been approximately 50 Texas, 50 Oklahoma and 31 Louisiana heroes buried at Arlington.

Maybe it was a Texan or an Oklahoman of the Thirty-sixth Division, who fell in the hell of St. Etienne. Maybe he was of the Ninetieth Division, whose body has rested in the cemetery at Beaumont or at St. Emilion or at Romagne.

Each coffin is very heavy, in its wooden box that covers and protects the metal casket within—300 pounds each weighs. But the men who handle them do it as if they had known and the chap inside. Perhaps they did, too, for they are soldiers, all of them.

Nothing but essentials. What is finest about it—that there is no tinsel, no crepe, no immortelles—just the essential things—the man who died, the flag he died for. The living soldiers are there to pay the last honor to the dead.

Every few days a ship comes into New York with its cargo of the dead. It is met at the pier by Brigadier General John J. Bradley, commander of the port, and his staff. Up to now approximately 4000 bodies have arrived and have been passed on to their final resting place in American soil. There are 43,000 to come and it will be well into next year before the last body has arrived. The rate of arrival is 2000 per week.

As soon as the bodies arrive telegrams are sent to the next of kin of each deceased soldier and final instructions requested. Frequently the family has moved since the original was filed with the war department. In a number of instances after the body has been exhumed in France and brought all the way to Hoboken, the family of the dead soldier has requested for the shipment of the body altered its plans and requested that the body be permitted to remain in France.

This, of course, would involve a re-shipment of the corpse to France and endless complications with the French authorities. When this happens General Bradley orders it shipped to Washington, where burial takes place in the United States cemetery at Arlington with full military honors.

Sent to Corps Headquarters. The procedure where the family still wants the body brought to a native plot in Texas or Oklahoma, or wherever they may live, is slightly different. When the bodies first began to arrive each was sent directly to the home town of the dead soldier. This was found not only enormously expensive, but with the limited force of which the general of the port of debarkation disposes, materially impossible without long delays between shipments and the immense accumulation of dead on the army piers at Hoboken, waiting the return of orders to take out each arriving body. It was decided, therefore, to send the bodies in separate cars to central distributing points of the army corps area, where the commanding general of the corps area sends each body to its particular destination with a military escort from his command.

The cost of bringing home the 54,000 bodies of soldiers whose families have asked the return is a heavy one. In addition to the expenses in France and the cost of transportation, the rent of the pier where the caskets are kept in Hoboken until instructions can be received from the family is \$15,000 per month. It costs something like \$10 to send a coffin from New York to San Antonio, the corps area headquarters of the southwest. There is no extravagance in the ceremony, which is rather a simple and dignified, in keeping with the soldier's life and his death.

No appropriate expense, however, spared that is fitting for the last journey of a man who has died for his country. All bodies are shipped only on passenger trains.

### RAINS WILL INCREASE WHEAT ACREAGE IN WICHITA FALLS DISTRICT

Reports from the Wichita Mill & Elevator company indicate that the heavy rainfall which this section Monday would cause an increase of from 10 to 20 per cent in the wheat acreage of the Wichita Falls trade territory. Farmers are reporting that wheat fields which would have yielded doubtful quantities of grain before the rain were now in a fair way to give a big increase over what was expected.

The rainfall during the past year has been the most favorable to the farmers of this section of any that has been recorded for many years. An abundance of moisture has fallen and has come at opportune times with the result that wheat production within a radius of 100 miles of Wichita Falls is expected to reach a high water mark.

George Hodgins, who was formerly connected with the Wichita Mill & Elevator company, but who left the employ of that institution some time ago has returned to fill the capacity of operative elevator superintendent. Mr. Hodgins will have charge of the mechanical end of the mill's operation.

### LEAVE FOR AUSTIN WITH \$800,000 WATER BONDS

City Attorney E. M. Mann and P. E. Rogers, manager of the Wichita Falls Water company, will leave Austin today with the \$800,000 in bonds voted for the purchase by the city of the water plant. The bonds have been approved and signed by the attorney general.

Mann and Rogers will meet C. E. Calder, Dallas representative of the water company, in Fort Worth tomorrow and the three will return to Wichita Falls Thursday. It is so unexpected eleventh hour obstacle intruded, the final papers in the deal will be signed at Thursday's city council meeting, the bonds will be turned over to the company and Wichita Falls will assume ownership of the water works system.

### TEXAS FIRE MARSHALS HOLDING CONVENTION

FORT WORTH, Oct. 19.—Wily J. J. Daglish of Tyler, presiding, the Texas fire marshals began their annual convention here this morning. Fire prevention was the chief topic of discussion today. Cotton gin fires will be given some attention.

### FIRST-HAND REPORT ON CONDITIONS THAT OBTAIN IN POLAND

(Editor's Note.—The following letter is given textually as received from Warsaw as the simple but graphic report of an American eye-witness sent to the editorial staff and his statement as to extreme cruelties against Polish troops. The letter is accompanied by a number of photographs showing the Polish victims of these atrocities. The letter is written on the letter-head of the Polish Mechanics Co., Inc., having branches in New York, Chicago and Detroit, and was signed by the president of that company.)

WARSAW, Sept. 23.—We left good United States under the impression that most of what has been written about bolshevism was full of lies. Stories of Polish soldiers, describing cases of the most refined cruelties practiced upon captured Polish commissioned and non-commissioned officers and soldiers, could not change our point of view.

On August 26 we had an opportunity to be convinced by "seeing and touching" the deeds of red knights. Our Ford truck, loaded with bread, underwear, sweets, cigarettes and soap left Warsaw with decision to reach fighting columns. We passed through fabulous and Serock and stopped in Pultusk, where a crowd of women surrounded policeman and spy, disguised as a woman. In the middle of market we found grave of a bolshevik chief, who captured Pultusk, but was killed at the end of battle.

Approach Battle Line. Next day we approached battle line in Chorzow. We met the first killed man by the road, red army soldier, lying on his back with eye looking towards Warsaw. He was next of Polish soldier, but was robbed of everything else by his own comrades.

A few yards further we found four Polish soldiers, captured by red army, undressed and then murdered in the most heathen manner. One thousand Polish infantrymen were fighting for fourteen hours against Russians. When finally the Polish line was broken, Russians began to yell: "Comrades stop fighting, you are surrounded." A group of 48 Polish soldiers were captured, undressed and every one was murdered in the most horrible way with sabres.

In Chorzow we met a group of bolshevik prisoners; fifteen per cent of them were barefooted, poorly dressed, many of them in Polish uniforms and sick of fighting. Every one of them claimed that they were forced to fight by communists and there was one among them, who brought with him 50 Polish prisoners.

Freedom Is Promised. Large groups of Russians, usually commanded by commissaries, fight very well, but small bands and single soldiers throw their arms and surrender. They were brought into Poland under promises that there will be universal uprising of workers and peasants and easy capture of Warsaw. Bolsheviki commanders promised their men seven days of freedom in Warsaw, so that everybody would have a chance to rob and plunder "unlimited treasures" stored in Polish capital.

The attack upon Warsaw cost bolsheviks 10,000 men in killed and wounded, 100,000 captured, many disarmed by Poles. The war is not over. Siberian army was rushed against tired, but enthusiastic and victorious Polish legions and another supreme effort of heroic nation will be needed to protect democracy and liberty.

Polish citizens condemned Jewish attitude, but have shown no desire to do them any harm. From our point of view the population and the government are too cautious and too lenient with criminals acting against the government, and country, which give them shelter and unlimited privileges.

### WHITLEY LEAVES FOR AUSTRALIA TO REPRESENT OIL WELL SUPPLY CO.

J. G. Whitley, well-known oil driller and contractor, left yesterday for San Francisco on the first leg of his journey to Australia and New Guinea where he will represent the interests of the Wichita Oil Well Supply company. He will join the forces of the Whitley-Perada company upon arrival.

Mr. Whitley has been in the Electric and Burkburnett oil fields for the past seven years and has been a resident of Wichita Falls for the past year.

### AUDIT CITY'S AFFAIRS WILL BE REPORTED TO CITY COUNCIL SOON

A complete audit of the city's affairs, including in detail the work of every city department throughout the fiscal year of 1919, will be reported to the city council within a few days. Robert Thomas, who has been working on the audit for several months, returned this morning from Dallas, where his findings are being transcribed and prepared for report.

Thomas today accepted a position as office manager for Mayor W. D. Cline, and will have charge of the details of the mayor's private business affairs.

### BISHOP HEMMILLERS WILL PREACH TONIGHT

Bishop H. G. Hemmiller will preach Tuesday night at the Evangelical church, corner of Broad and Fifteenth streets. Bishop Hemmiller is a capable minister and has a helpful word for all. The public is invited to attend the services.

### BALL BROS. WILL RESUME OPERATIONS IN NOVEMBER

The Ball Brothers glass jar factory will resume operations about the middle of November, according to a statement made today by T. B. Smock, general manager. The plant has been shut down since August for repairs to the furnaces. The shut-down was a seasonal occurrence, caused by the excessive heat used in manufacture and the friction of the molten metal against the side walls of the furnaces.

### WINDOW GLASS PLANT IS TAKING NO CHANCES

A fuel oil furnace is being installed at the plant of the Wichita Falls Window Glass company. It was loaned today, to guard against the possibility of any shut-down this winter due to lack of gas. With the Texoma company preparing to furnish gas from the new field southwest of Burkburnett, it is believed all local industrial plants will have sufficient gas for their operations this winter. The management of the window glass factory is "playing safe," however, as the company has enough advance orders to keep the plant running at capacity through the winter season.

### EMPLOYEES AMERICAN NATIONAL ORGANIZE AN EFFICIENCY CLUB

Recently the employees of the American National bank formed an efficiency club, known as the "Bank of Service" club. This club was formed for the purpose of studying and advising banking business and perfecting the service of the bank. L. G. Wright was elected president; Ben McAdams, vice-president, and Miss Pat Murphy, secretary.

The first business meeting of the club was devoted to the advertising department. There were talks on the kind of advertising to be used by a bank, co-operation of the employees with the advertising department, the value of good will advertising. The speakers at this meeting included Misses Anderson and Murphy; Messrs. McCoy, Cheatham, Bonner, Bass and Herndon.

The first social of the club was given Monday night by Mr. and Mrs. F. L. McCoy at their home, 1716 Grant street. The home was beautifully decorated in chrysanthemums and pink Killarney rose buds. Through the evening music was furnished by Kats' orchestra and delicious refreshments were served.

### MURDER INDICTMENTS AGAINST NEGROES FOR WATCHMAN'S DEATH

Charged with murder, the special grand jury returned an indictment against Raymond Fleming and Roy Shelton, negroes, accused of the murder of the night watchman in the Bob Waggoner building several weeks ago. Both of the men are under arrest but have been removed to some other county jail.

Rex Candler, F. D. Kayser and another whose name is to the grand jurors unknown, were jointly indicted on the charge of assault with intent to rob. Rex Candler is separately charged with the same offense and also with the offense of assault with intent to murder.

Two more indictments were returned against Doc Show, who was last week indicted for murder. On the last two bills he is charged with keeping a gambling house and with keeping gambling tables and bank and exhibiting the same.

### MORTUARY

**Lola Charlott Dodson.**  
Lola Charlott Dodson, 17-year-old daughter of Mr. and Mrs. W. N. Dodson, residing at Burk Burnett, died at a local hospital at 9 o'clock Sunday evening. Miss Dodson was brought to this city on October 12, suffering from blood poisoning and grew steadily worse until her death.

The body was removed to the Merkle & Lunn Undertaking parlors and prepared for burial, later being taken to Burk Burnett. The funeral services will be conducted at that place today.

**James Clyde Smith.**  
James Clyde Smith, aged 5 years, died at a local hospital at 5 o'clock Monday afternoon. The boy was brought here some time ago from the home of his parents, Mr. and Mrs. W. B. Smith of Burk Burnett and has been confined to the hospital for several days.

No funeral arrangements have been completed as yet. The body being held at the Merkle & Lunn Undertaking parlors, pending the completion of the plans.

### 4TH QUARTERLY CONFERENCE AT FLORAL HEIGHTS CHURCH

The fourth quarterly conference of the Floral Heights Methodist church will be held Wednesday evening in the tabernacle at Tenth and Denver. It was announced Tuesday morning. Presiding Elder Rev. S. M. Black will be in charge of the conference and reports from every department of the church will be heard and conference officers elected for the coming year.

The present is the first year of the Floral Heights church's history and there is much interest in the progress made in the various departments. A good attendance is expected at conference to hear the reports. A short devotional talk by Rev. Mr. Black will open the meeting at 7:45 p. m. and at the conclusion of the business hour a social session is to be held.

### SOUTHWESTERN REFINERS WILL BEGIN FIGHT TO SECURE LOWER RATES

OKLAHOMA CITY, Oct. 19.—With a view to waging a bitter fight against increased oil, freight rates, presidents of the Western Petroleum Refiners association and the Texas Refiners association, meeting jointly here yesterday, were instructed to same committees to amalgamate the two associations and to lower rates.

Decision was reached to devise plans for co-operative marketing of oil by independent refiners.

William Pennington of Dallas will be in the city Wednesday making his regular annual piano-tuning. He is a school mate of Katherine Cook and needs no introduction as tuner. He will be glad to hear from all his old customers as well as new and will be located at 1610 Lucile-ave. Phone 6322 or 6323. 159-219

### NUMBER OF LOCATIONS MADE IN NORTHWEST ARCHER COUNTY NEAR BISSONNET-CEZEAUX WELL

Although the transportation of water to the new and promising field in the northwest section of Archer county was hampered to some extent yesterday's rain, it is not at all unlikely that eight or ten new tests will be started in the vicinity of the Bissonnet and Cezaux test within the next few weeks. Several heretofore deals have transpired in the last few days, and the new fifty-fifty propositions are being talked over.

### W. O. W. OFFICERS WILL BOX INSTALLED HERE ON WEDNESDAY NIGHT

Installation of officers of the Wichita Falls Homestead, Woodman of the World, will be made at the Homestead rooms in the Swartz-Wood building at 7:30 Wednesday night. The officials to be installed will have charge of the local unit for the ensuing year.

### ARMY RECRUITERS RECEIVE MANY APPLICANTS HERE

Some interesting figures have been made public by the army recruiting officers stationed in Wichita Falls in regard to the enlistment of local men for service in the various branches of the army. A tabulation of the records shows that since its establishment the first of last August the station has received applications from an even 100 men. Of this number 21 have been rejected either because of physical disability or have declined to enter the service after having filled out application blanks.

### SPECIAL MEETING OF EASTERN STAR TUESDAY

Wichita Falls chapter, Order of the Eastern Star, will hold a special meeting Tuesday evening, October 26, 1920, at Masonic hall for the purpose of initiation work. No business will be transacted at this meeting. Social hour will follow initiation work. Members urged to be present and all visiting members of other chapters are cordially invited.

### MID-CONTINENT ASSOCIATION OFFICIAL HERE TODAY

E. D. Collett, manager of O'Keefe & Collett of Fort Worth, was in Wichita Falls this morning on business, and later had luncheon at the Wichita club as guest of W. D. Cline. Collett is a director of the Mid-Continent Oil & Gas Association, Texas-Louisiana Division, and will return to this city on Saturday next to attend the annual membership meeting of that organization.

### URGE RECOGNITION OF MEXICAN GOVERNMENT

BROWNVILLE, TEXAS, Oct. 19.—Directors of the Brownville chamber of commerce today adopted a resolution addressed to President Wilson, asking that recognition be extended the Mexican government.

### DRILLER REPORTS WELL IN BLOCK 834

According to a report received from C. A. Redmond, who is drilling the Spur Oil company well in block 834, the well blew in a head of 100 barrels Monday morning. They had a swab hung about 100 feet from the surface Sunday afternoon. As a head of about 100 barrels was going through this swab, although Mr. Redmond does not think this swab trouble is of a serious nature, he thinks he will be able to loosen it without much difficulty.

### EARL BACHMAN FUNERAL AT 3 P. M. WEDNESDAY

The body of Earl Bachman, son of Mr. and Mrs. W. H. Bachman, arrived in Wichita Falls at 7 o'clock Tuesday morning from New York. Bachman, who died in Angers, France, October 1918, while in service and his body was recently returned to the United States, together with several hundred other American soldiers who died while in service in France. Sergeant Scott accompanied the body from New York to Wichita Falls.

### MACK NOT CLEAR AS TO MEANING OF WARNING

PHILADELPHIA, Oct. 19.—Connie Mack, half-owner of the Philadelphia American league club, said today he was not clear as to what the meeting of baseball men in Chicago was driving at. The five clubs not represented at the meeting constitute a majority of the American league, he said. "We are the American league," he added, "and when the time comes the American league will meet at the call of its president and so doubt will take action that will help baseball; that will help raise its standard and prevent scandals in the future."

### MOTHER OF CONFEDERATE SOLDIER WINS PRIZE

SENATOBIA, MISS., Oct. 19.—Mrs. Mary C. Solomon, 85 years old, the only living mother of a Confederate soldier in Mississippi, won the first prize at the De Soto county fair yesterday for being the most accomplished old woman.

### SHOULD THIS WELL CONTINUE TO INCREASE IN ITS FLOW OF OIL BY HEADS UNDER ITS PRESENT CONDITION, IT WILL UNDOUBTEDLY OPEN UP A GOOD PRODUCING FIELD FOR THE NORTHWEST. THE WELL HAS NOT BEEN THOROUGHLY CLEANED YET AND IS ONLY 18 INCHES IN THE SAND, ACCORDING TO THE REPORT.

It has been rumored that several 50-60 contracts have been let as well as others who are going to start drilling immediately in this territory. The well was brought in in wildcat territory and is a mile from production.

### INGED TO MAKE PAYMENTS ON LIGHTING SYSTEM

The chamber of commerce committee in charge of the installation of the new street lighting system met this morning to discuss engineering plans in connection with the work. The meeting was attended by Julian Montgomery, city engineer; Hubert Harrison, secretary of the chamber; J. L. McClure, representing the Martin Wright Electric company of Dallas; John Donald of the city engineer's office; T. B. Smock and Herbert Voelcker. The committee agreed to call on the press of the city to urge property owners in the district to be benefited by the new lighting system to mail their checks to the chamber of commerce to cover 50 per cent of the cost.

## Be Young In Body, Mind and Looks Despite Your Years

How often you have wished that you could indulge in the strenuous exercise of outdoor sports with the vigor and enthusiasm of youth! But the end of the week finds you all in—you are tired, listless and lack the energy to go out for a vigorous walk or a round of the links—or any other exercise that requires much physical exertion. Many a man, even in his middle forties, has a vague feeling that he is "getting old"—and right at a time when he should be at his very best physically.

Thousands—yes millions—of people find themselves in this condition early in life. And there is no excuse for it. You can check that tendency to grow old. You can carry your youth with its joys and enthusiasm into your 70's and 80's. But you must give Nature all the help you can. The best assistance you can find—assistance of a sound, constructive character is in the use of

### The Great General Tonic

It enriches the blood—gently stimulates heart, liver and kidneys to normal activity—brings back your pep, punch and mental vigor—chases away that tired, worn-out feeling and replaces it with a spirit of buoyancy. LYKO is a distinctive preparation, scientifically correct in its combination of medicinal ingredients, and there is nothing more invigorating, more strengthening or more rebuilding. Specially beneficial for invalids, convalescents and run-down people of all conditions. Get a bottle from your druggist today—tomorrow you will feel better for it.

## WILBARGER GINNERS REDUCE THEIR CHARGE

Cotton Pickers Also Agree To Reduction Of Rate To Give Relief To Distressed Farmers.

VERNON, TEXAS, Oct. 19.—At a meeting yesterday of representative farmers, bankers, and business men of the county at the court house, ginners present pledged themselves to reduce the charge of ginning 25 per cent. This action was taken in view of the fact that the farmers are making a pitifully small margin on cotton put on the market at this time. Several of the ginners pointed out that they have made a scant three per cent profit on the investment here during the past three years, but unanimously agreed that the farmers' predicament is a serious one. It was declared that the merchants and the banks should also share with the farmers.

Several farmers reported that efforts to reduce the cost of cotton picking in various localities had met with success, in every case the work was agreeing on \$1.50 instead of \$2.00 per hundred pounds.

Many merchants have agreed on a general price reduction in an effort to start effective relief all along. Several thousand dollars were pledged at the meeting yesterday for the building of a bonded warehouse.

### WICHITANS VISIT VERNON MONDAY

VERNON, TEXAS, Oct. 19.—Visitors from Wichita Falls in Vernon Saturday were Harry Viner, Mr. and Mrs. W. G. Robran, and Mr. and Mrs. H. A. Guy, Jr. Those from Wichita Falls who were here Monday were M. P. Blackhall, Mr. and Mrs. H. W. Lee, R. C. Pyeatt, F. H. Ewalt, and Mr. Cooper.

### VERNON KEY RATE HAS BEEN REDUCED

VERNON, TEXAS, Oct. 19.—Fire insurance agencies in Vernon have been notified that the addition of the new chemical truck and 1,000 feet of hose to the equipment of the local fire department has reduced the key rate in the city one cent. The arrival of the new \$15,500 truck the first of the year, it is said, will cause another cent to be taken off.

### MAJESTIC VAUDEVILLE FOR VERNON THEATRE

### FEWER FARMS REPORTED IN WILBARGER COUNTY

VERNON, TEXAS, Oct. 19.—Wilbarger county has eighty-six fewer farms than in 1910, according to information given out from the Census Bureau in Washington Saturday. Ten years ago there were 1,435 farms in the county. According to the 1920 count there are 1,349. Twenty years ago there were only 616 farms in this county.

This temporary loss may be accounted for by the severe dry years from 1916 to 1919, and to the lure of the oil fields and fabulous wages paid workers around Burkburnett, the Northwest Extension, and elsewhere. Despite the fact that there are fewer farms the rural population increased 1,168 during the past decade. Census figures just announced give Wilbarger county a population of 13,112. In 1920 it was 12,000, and 5,759 in 1900. Vernon had an increase of 1,947.

### J. A. KEMP AND PARTY LEAVE SUNDAY TO VISIT BIG IRRIGATION DISTRICT

The "off-again, on-again, gone-again Finnegans" special train to El Paso for a tour of inspection of the irrigated lands lying around the Elephant Butte dam will leave here next Sunday afternoon—only it will not be a special train.

J. A. Kemp, father of the Wichita

valley irrigation project, will make the El Paso trip, and it is expected between fifteen and forty of his friends will accompany him. As it was impossible to get enough local men to leave their businesses long enough to make the trip as originally proposed, the special train was cancelled. Since then, however, it has been learned that there are a number of prominent citizens who are anxious to see the Elephant Butte project and an arrangement has been completed to obtain one or two Pullman cars for the purpose.

### Just What Is Banking Service?

It begins with the facilities which a bank offers its customers for keeping their funds in safety and for transferring them by means of the convenient check. But that is only the beginning.

The ideal banking relation is one in which the depositor becomes acquainted with the bank's officers, takes his financial problems to them, and judiciously cultivates and uses his credit as a means of legitimate business profit.

By discussing his business plans with the bank's officers his own viewpoint becomes broadened, for it is part of the bank's service to co-operate with customers and help them succeed.
