

The FRIONA STAR

Volume 46, Number 46

Thursday, August 19, 1971

Friona, Texas 79035

12 Pages

A few weeks ago we wrote a column concerning the problems facing small towns, and what town leaders can do to keep the small town from slipping "into oblivion."

So far, no group has come forward willing to make this their number one objective, although admittedly, this is always the "unwritten" motto for the Chamber of Commerce.

However, we feel that the problems we mentioned in the previous article need to be mentioned again (and again). Such as tearing down vacated or deteriorating buildings; modernizing present business facilities; improvement of selection of merchandise; and a push to capture sales of big-ticket items, often lost to metropolitan centers.

We went on a weekend trip last week, and along the way we passed through several communities that are dead or dying--and others which are going downhill. You recognize the symptoms--empty buildings on Main Street--more empty ones than full ones; deserted school facilities, etc.

Such sights as these cause a "pang" in our stomach. Having grown up and spent our lifetime in Rural America, it distresses us to see small towns dying--especially when our metropolitan cities can't cope with the population explosion.

Friona is right on the dividing line for towns that need to be concerned about their future. Actually, one prognosticator has said that a good percentage of towns under 5,000 population will be ghost towns by the year 2000.

However, Friona has more going for it than the average town its size, and even many towns somewhat larger. Our crop diversification, water and more particularly, the cattle industry and its many facets from feedlots to packing plant, give us more reason to expect continued growth than many towns the size of Friona.

In spite of all this, we occasionally hear someone say "Don't those feed yards (or packing plant) smell terrible?"

Maybe so, but we submit that they smell a lot better than the smell of a decaying town, which for all practical purposes has received news of its terminal condition, and is just living out its existence on "borrowed time."

The present generation (bless 'em) blames the older generation for pollution, and upsetting the balance of nature and ecology.

However, we'd hasten to point out that this problem has been going on for some time, and it has only been made a matter of national attention in recent years, through the mass media, especially television.

As a matter of fact, we submit that littering has been going on since the beginning of time. Did you ever wonder what Adam did with the apple core after he polished off the apple? Remember, no one was manufacturing trash cans, and there was no city trash pickup.

This may be a far-fetched idea, but maybe it'll help get the monkey off the older generation's back for having "started" the pollution business.

Someone once compared a weekly newspaper with a large metropolitan daily in the following manner:

"Reading a metropolitan newspaper is like eating a meal at a big restaurant--you pick and choose from what's offered. But reading the hometown weekly is like eating a good old home-cooked meal. A fellow doesn't want to miss a thing."

Temperatures

(Readings made at 8 a.m. daily for the preceding 24 hours.)

PARMER LAKE. . . Shown is an idea of how much water there has been in Friona the past week, as indicated by the intersection of Austin Avenue and Highway 60 at the Parmer House Restaurant. Tuesday morning's steady rain left the inter-

section and a good part of the parking lot flooded, as the water would not drain properly. The owner of the motorboat was not known.

TOTALS MOUNT

Raindrops Keep Falling Locally

Yes, Virginia, it can still rain in Friona!

But residents of the area were trying to recall the last time they had received so much rain during August--or so much good rain in a short period, for that matter.

The City of Friona measured another 2.12 inches during the past week. This brought the month's official total in Friona to 4.54 inches for August, and the year's total to more respectable 11.4 inches.

The first six months of 1971 measured only 4.86 inches locally, with 2.06 of that total coming in June. Now, July and 17 days of August have accounted for 6.60 inches. And it has been good rain, with hardly any hail at all.

Adjacent farmland was again treated to a good rain during the week, in a more or less "general" pattern once again.

At Black, for example, Woodrow Whitaker reported he had received 4.5 inches since Sunday, and over eight inches for the month. The Black area had a shower last Thursday that did not cover the entire area.

At Hub, the report was 3.3 inches for the week, with 2.7 inches coming since Sunday. The total at Hub since the rains started, stands at 8.3 inches.

The fall was somewhat heavier to the east of Hub, and again in the Lazbuddie area, parts of which are becoming waterlogged from the heavy rains of this month. It was reported that water covered part of Highway 86 near Tam-Ann following the most recent rain Tuesday morning.

To the northwest, however, the Rhee community didn't get much moisture from the past week's offerings, and some farming operations have resumed in that section.

Cordie Potts said he had had only small showers at his place, none measuring over .2 inch.

The official measurement in Friona showed that .83 inch fell Sunday afternoon and Sunday night. In the early morning hours on Tuesday, another 1.29 inches fell, this coming in a good steady rain, which left some low-lying areas in the city in a flooded state.

Parking lots at Parmer Co-

unity Implement Co., and the Parmer House Restaurant, for example, were at least partially covered with water. The point where Austin Avenue intersects with Highway 60 (Parmer House corner) was covered in water over knee deep for the better part of Tuesday morning. Some automobiles flooded out in the deep water.

Some farmers, especially with

cotton crops, were beginning to get a bit edgy because of the prolonged wet spell, with its accompanying unseasonable cool weather, pointing out that they need lots more good, hot weather to mature their crops.

However, as long as it's been since the area's farmland has been this soaked, most were admitting that it was hard to be dissatisfied.

Pit Bar-B-Q Now Open For Business

Vernell Campbell and Doris Lyday opened the Pit Bar-B-Q establishment on Tuesday at 303 E. 11th in Friona (East Highway 60).

The new Friona eating establishment features barbecue plates and sandwiches. They also will make custom barbecue orders by the pound, all pit cooked.

Another feature will be fried turnovers, in apple, cherry or

apricot flavors. Pit Bar-B-Q has a dining room which seats up to 24 at one time, or orders may be taken home if the customer desires.

The specialty of the house is the barbecue plate, featuring beef, ham or ribs, and served with pinto beans, potato salad and cole slaw.

Pit Bar-B-Q is in a new building which has been constructed by Ray Campbell at the old Don's Drive-In location on East Highway 60.

For further information on prices, etc., see the establishment's advertisement inside this issue of the Star. The owners also state that they will hold a grand opening sometime in the near future.

Deadline Announced For Queen Entrants

Deadline for entries in the 15th annual Maize Queen contest has been set as Monday, August 30 by the co-chairmen, Mrs. Charles Sanders and Mrs. Ray D. Fleming.

Entries must be given or mailed to either Mrs. Sanders or Mrs. Fleming by the above date along with \$10.00 check for the entry fee, made payable to the Friona Chamber of Commerce.

In addition to the entry fee, a hillfold-size picture of the contestant should accompany all entries.

To be eligible to enter, girls must be either a junior or a senior in Friona High School this year. Businesses, clubs or organizations may sponsor entrants.

The reigning queen is Ann

MAIZE DAYS

Chairmen Named For City Celebration

Mrs. Charles Sanders and Mrs. Ray D. Fleming were named this week as co-chairmen of the 1971 Maize Queen contest, which will be a highlight of the 15th annual Maize Days festivities in Friona.

Billy Jones, Chamber of Commerce manager and general chairman of the 1971 celebration, announced the appointment.

Porter Roberts, a past general chairman, once again will serve as chairman of the parade committee. A.L. Black and the Friona Volunteer Fire Department will again head up the barbecue committee.

Another chairman returning is Hollis Horton, in charge of the finance committee. Wesley Foster is in charge of concessions. Leland Hutson and Baker Duggins are co-chairmen of the shave permit sales, and

Mrs. Bill Ellis is in charge of the pet show.

Jones said that in addition to the regular events indicated by the committee chairmen already mentioned, events planned include a pancake breakfast a fine arts display, a luncheon sponsored by the Chamber of Commerce, a 4-H County Fair, and an air show, plans for which are in the tentative stage.

The general chairman said he was urging all antique car owners to enter their cars in the big Maize Days parade.

The Chamber of Commerce is to contact KGNC-TV (Channel 4) concerning the annual

appearance of the Maize Queen entrants on the station's Farm & Home show. It is believed the Friona delegation will be on television on September 11.

Appearance on the other channels will also be sought. Recent Maize Days celebrations have drawn exposure from all three Amarillo television stations, as well as both the Amarillo and Lubbock newspapers.

Jones said that other events are in the offing. The Maize Days schedule is just beginning to shape up, and Jones asks that anyone with an idea or suggestion for a suitable activity contact him at the Chamber of Commerce office, or call 247-3491.

Summer Ends For 1500 Friona Kids

Next Monday and Tuesday mark the end of summer for an estimated 1500 Friona area school children when the 1971-72 school term officially begins.

All high school students are to report at 9 a.m. on Monday at the High School Auditorium, for enrollment procedures.

Seventh and eighth grade students report at the same time at the Junior High Auditorium.

All other pupils (kindergarten through fifth grade) will enroll on Tuesday, which is the first regular day of school. Buses will run for the first time on Tuesday.

Last year, a total of around 1400 students were enrolled at the first of school, and Superintendent of Schools Alton Farr says he is expecting an increase, possibly to around 1500 students.

Students who are new to the system are asked to register prior to Monday if possible, with the principal in their respective division.

Bill Myers

Church Gets Music Dir.

William H. (Bill) Myers will become the Minister of Music, Education and Youth at Friona's First Baptist Church, it was announced this week.

Myers will assume his duties immediately. He comes to Friona from Dimmitt, where he held a similar position at the First Baptist Church there.

The new church official is a native of Big Spring. He is a graduate of Hardin Simmons University, with a B.S. in music education, and also holds a Master Religious Education degree from the Southwestern Baptist Theological Seminary of Fort Worth.

Myers is married to the former Jan Richey of Chico, Texas, and the couple has two daughters, Melissa Jan, 10, and Becky Lynn, six.

Other positions Myers has held have been at Belton, Wharton, Denton and Big Spring.

While in college, Myers sang with the A Capella choir. He is a Rotarian.

The church has been without the services of a full-time educational director since Bob Watkins left over a year ago. Since that time, Charles Allen has been in charge of the music program at the church.

BIKE WINNERS. . . Two more bicycle winners were added to the list on the final day of the Friona Star's free bicycle subscription contest drive. At the top is Lessa Bernes. At the bottom is Christy Cunningham.

REDDY'S BIRTHDAY. . . Mayor R.L. Fleming is shown cutting the birthday cake which was served up by Southwestern Public Service Company on Tuesday on the occasion of the company's 50th anniversary. The electric company's Friona manager, H.L. Outland, holds the cake.

Friona Flashbacks

...from the files of the Friona Star

35 YEARS AGO--AUGUST 21, 1936
Work on the Friona Draw WPA project at the south side of town has been at a standstill for the past two or three weeks and without any assurance that the work will be resumed at an early date.

Miss Floy Goodwine, who has been attending college at Lubbock, returned home last weekend.

30 YEARS AGO--AUGUST 22, 1941
Charlie Gibson, field supervisor for the Emergency Crop Loan Office, has announced that loans are now available to farmers of Farmer County for the planting of wheat, barley and other small grains.

The third consecutive summer band school, conducted by Prof. Harley Bulls, came to a close on Friday.

25 YEARS AGO--AUGUST 16, 1946
The Texas Highway Department this week issued invitations for bids on hard-surfacing of a little more than five miles of Highway 51 between Hereford and Vega. Construction will be from Vega south.

Lt. Jim Roy Roden stopped by the Star office last week with a box filled with war pictures that were taken by himself during his period of service in the Pacific war area.

20 YEARS AGO--AUGUST 16, 1951
Seven Farmer County men have just completed a four-day tour of Colorado agriculture areas observing the feeding practices and crop experiments underway in those high altitudes. Attending were Joe Jones, Agriculture Agent, Alan Romich, Chamber of Commerce manager from Friona, Hadley Reeve, Bruce Parr, Carl Schlenker, Walter Kaltwasser and Charles Allen.

Archie Sims, superintendent of the Lazbuddie schools for the past two years, has resigned to accept a position at Tahoka.

15 YEARS AGO--AUGUST 16, 1956
Dr. Loyd Shackelford, Friona dentist, and Nelson Welch, farmer-businessman, have entered into a partnership which will spawn the community's first effort at an independent shopping district. Under construction now are a new and modern Humble service station, and a restaurant building. The construction is in the Lakeside Addition, on Highways 60 and 214.

10 YEARS AGO--AUGUST 17, 1961
Sixty entries have been received for the first annual Friona City Swimming meet, scheduled Saturday at Dixie-Inn Swimming Pool.

Kenneth Miller, Friona's new head football coach, greeted only 13 boys Monday morning at the first practice session for 1961.

In order to meet the needs of a waiting list, 90 new boxes were installed at the Friona Post Office last week.

5 YEARS AGO--AUGUST 18, 1966
A total of 51 prospects reported for pre-season football workouts at Friona High School on Monday of this week. The number was about 10 short of that expected by Coach Don Light and his assistants, but a few more boys were expected to join the team.
Jan Shirley, 16, daughter of Mr. and Mrs. Ralph Shirley, was dead on arrival at Crosbyton Memorial Hospital just before noon last Saturday. Miss Shirley collapsed while participating in a senior life saving course at Camp Rio Blanco.

ALONG A BROAD FRONT

Economic Policy Moves Impressive

IN HIS "revitalization of the economy" moves, President Nixon wisely went well beyond action on a few fronts.

He could have imposed a wage, price and rent freeze, adding a few tax breaks, and let it go at that. He chose, instead, to move pretty well across the board.

Thus, Mr. Nixon's response to heavy pressure from many sources to "do something" about inflation, and an economy which has been running on too few cylinders, ranks as the most significant shift in economic policy in recent decades.

Many of its effects may not be clear for days, or even months. However, several of the steps can be approved unreservedly by most citizens. Especially pleasing is Mr. Nixon's promise to reduce Federal spending by about \$4.7 billion.

In the process, he intends to trim Federal employment by 5 per cent -- a good start -- and to postpone for at least six months Federal pay increases scheduled for January 1. This is an anti-inflation move worthy of a round of enthusiastic cheers.

There need be no crying of doom over dropping his insistence that Congress pass his revenue sharing and welfare reform proposals. The Government simply does not have the necessary money and cannot raise it without adding to already monstrous deficits.

On the other aspects, Congress will be called upon to act responsibly. It will be up to the lawmakers to approve the proposed income tax breaks, incentives for business expansion and dropping of the Federal excise tax on auto sales. Beyond that, it will be most helpful if the seeking of political advantage can be held to a minimum.

Political damage, certainly, can be done to Mr. Nixon. In addition to the Federal bureaucracy, labor union members whose upcoming pay hikes are being set aside are going to express themselves in unhappy terms.

THERE ARE, of course, charges, made correctly, that wage and price controls have been too long delayed. Now that the freeze is on, all elements in the nation will do well to recognize the necessity and to do their part in making it work. Hopefully, it will not happen, as some gloomy economists think, that the U.S. will have to resort to an ever-increasingly controlled economy.

As for Japan and other countries which have prospered so tremendously through U.S. benevolence, worry can be kept at a minimum. The new 10 per cent import charge and "floating" of the dollar abroad make the best of sense.

It is time, now, for the U.S. to "look after its own." U.S. citizens can look after their own by realizing that the new policies are not a "magic formula" to cure all the country's economic ills. How it all works will depend, more than anything else, upon cooperative public reaction.

--Lubbock Avalanche-Journal

From Around The Country

CASSVILLE, MO., REPUBLICAN: "Charges that the nation's welfare program is a monumental failure is an overstatement. Never in the history of this nation has there been a scheme that has succeeded so well in making paupers out of those who would otherwise be doing well."

UPSALA, MINN., NEWS-TRIBUNE: "What the country needs most is for everyone to pick up their shovel and start producing an honest days work. Just maybe, the protesters who are feeding on past generations and the rest of us, may take the hint. A good soaking sweat will make them realize there is a joy in a day's accomplishments without being critical of the other fellow."

NEZPERCE, IDAHO, HERALD: "... you pay a dingle tax every time you decide to go fishing and dangle a worm in your favorite stream in the pursuit of recreation. How come you have to pay a dingle tax. Well it all came about back in 1950 when a couple of individuals in the United States Congress by the names of Dingell and Johnson introduced a bill which enacted a tax on all fishing tackle, and the darned thing passed, so consequently you have to pay a dingle tax every time you want to dangle a worm. As a result of the legislation the citizens of this nation have paid over \$100 million in dangling taxes. . . . Yes, it's a great old world when you can't even dingle or dangle without paying some sort of federal excise tax."

Letter To The Editor

Dear Mr. Ellis:
I have enjoyed your fine newspaper so much in the past year that I am enclosing a check for next year's subscription.

You can be very proud of your newspaper. My whole family reads it and we all enjoy it very much.

Thank you,
Jim R. Walker
Plainview

Local Woman Has Surgery

Mrs. W.B. Fulgham, 503 Arab Avenue, is a surgical patient at Scott and White Clinic, Temple.

Mrs. Fulgham had surgery Thursday morning and was reported to be in satisfactory condition Monday afternoon by one of her daughters, Mrs. Bill Kent, Dimmitt.

The Fulghams were accompanied to Temple by their son and daughter-in-law, Mr. and Mrs. Jack Fulgham of the Walcott Community. Mrs. Kent said, "She would appreciate hearing from friends and mail addressed to the clinic will be delivered to her. She expects to be there about three weeks."

WELCOME TO FRIONA

Mr. and Mrs. Cecil Vandiver are our Friona newcomers this week. The Vandivers are natives of Dimmitt, but are moving here from Shamrock. He is manager of Friona Parts and Service. The Vandivers have a daughter, Cecilia, a student at Texas A&M, and a son Jerry who lives in Wichita Falls. They are Methodists, and will live at 1401 West Sixth in Friona.

Pause and Reflect

By Nelson Lewis

As long as the nation's politicians confine their efforts to re-election, luring industry into their respective bivouacs, building roads and fighting economic battles; then we are able to cope with their actions.

But when they begin to use our schools and children as pawns in their game, then it is high time we citizen parents call a halt and demand a more sensible approach to the problems of assuring every child a fair chance at public education.

The new school year is upon us and everyone realizes the difficulties attendant in keeping young folks interested in learning.

Bussing merely for the sake of racial balance not only places a further tax burden on the tax payer but is also a sure way to inconvenience and discourage the student.

Perhaps that's the whole idea behind "forced bussing"—perhaps the background of those advocating such disruption should be investigated.

Are they anxious to bring about the downfall of our educational system, or are they so stupid as to be sincere in their efforts?

In either case we don't need them in places of responsibility!

To surrender to the whims of bureaucracy is to forsake any semblance of democratic self government.

We are fortunate in having some governors and state-men who are bold enough to take a firm stand against such tyranny.

They deserve our undivided support.

We returned recently from a trip through parts of Colorado, Arizona, and New Mexico.

Evidence of how one may live on government dole—complete 100% communist type welfare—may be observed first hand.

The Indians we saw in several reservations live in such a manner as to arouse humiliation in the touring citizen; however the great shame lies in foreign visitors witnessing our treatment of these once proud aboriginal Americans.

The utterly astonishing facts of our moon trips do not square with our treatment of each other—we do not lack for brains—we do lack "heart".

The Indians are a good example of government control in everyday living.

School bussing, without reason, is another step in State Control.

Some people may care to ignore Freedom and Self-respect and look forward to Uncle Sam being all things to all people—they had better start wondering about "who will pull the wagon when everybody wants to ride".

HERE THURSDAY

Funeral Services Set For Horace B. Cole

Funeral services for Horace Benjamin Cole, 60, 1305 Jackson Avenue, who died at Parker County Community Hospital at 6:50 a.m. Tuesday, will be conducted from Sixth Street Church of Christ at 2:00 p.m. Thursday with Bill Gipson officiating.

Cole, who moved to Friona from Fort Worth in 1955, was born May 13, 1911. He was a farmer.

Survivors, besides his wife, include two daughters, Mrs. Judy Harris, Lubbock and Mrs. June Taylor, Denver City; four brothers, Lester Cole, Friona, Odell Cole and Gerald Cole, both of Plainview, and Curtis Cole of Oklahoma City; three sisters, Mrs. Leona Trammell, Melburne, Arkansas; Mrs. Wayne Evans and Mrs. Beatrice Vinson, both of Corpus Christi; and four grandchildren.

Pallbearers will be Bill Ashton, Leo Ruzicka, Gene Brito, Clyde Woodard, David Carson and Bill Wooley.

Graveside rites and burial will be at 10:00 a.m. Friday at Olney Cemetery, Olney, Texas, under direction of Claborn Funeral Home.

George Washington's second inaugural address of 134 words was the shortest in the history of America.

Legal tender is money which may be legally used in the payment of a debt and which the creditor must accept.

NEW DISTRICT... Shown above is the way the 62nd Congress finally re-mapped the congressional districts for the Panhandle and High Plains. Farmer County, which has for many years been aligned with the Panhandle, moves into Congressman George Mahon's district, the 19th, along with other counties, formerly in the 18th district. The 13th and 18th districts are to be combined, with Congressman Bob Price and Graham Purcell obliged to run against each other in 1972 to regain their seat in Congress.

City Building Slows During Month Of July

Only four building permits were issued during the month of July, according to official records released this week by City Manager A.L. (Jake) Outland.

The largest permit was for a new residence, totalling \$12,500. The other sizeable permit was for a drive-in restaurant building, at \$4,000. Two carports brought the month's total up to \$16,500.

Other figures on the monthly report prepared by the city manager showed that a total of three new water taps were made during the month, bringing the total number of active taps to 1262 on July 31.

A total of 55,414,000 gallons of water were pumped by city wells during July, an average of 1,847,140 gallons per day and once again a high point for the year.

Rainfall for the month tallied 2.06 inches, and while not sufficient to "break the drought," was of considerable help for lawn keepers and gardeners.

The potato shed began processing on July 6, accounting for a good portion of the additional water used.

Three new sewer taps were also added, bringing this statistic to 1225 at the end of the month.

Fire Department records showed three alarms for the

month. All three were outside the city. Two had no damage, but an estimated \$3,500 was suffered at the old S.H. Osborn farm on July 11.

Police Department records indicated 46 arrests during the month: 35 of which were for traffic violations.

Fourteen complaints were investigated—four thefts, three for vandalism, two for hit and run and one each for attempted murder, prowler, destruction of property and runaway.

Numerous complaints were received on unduly noisy, bothersome motorcycles from all parts of the city.

The marsh marigold is really a member of the crowfoot family (note it's a flower)

Phosphates are one of 15 to 20 different nutrient elements needed by algae for growth. So would 100% elimination of phosphate input into Lake Erie stop the algae from growing there? No! The phosphates already in the lake are enough to support algal growth for the next 100 years (a good thing for the fish, since they would die if there were no algae to eat).

FEEDLOT STUDIES. . . Area feedlots are cooperating with the Soil Conservation Service in infiltration tests involving the yards' drainage. From the left in the above photo are Herb Evans, District Conservationist, Bill Teel, manager of Paco Feed Yard, Nolan Clark and Dr. Bob Stewart of the Bushland Experiment Station.

Holly Striving For Better Quality Beets

Holly Sugar Corporation agronomists are now engaged daily on step two of the four point sugar beet quality improvement program, Bob Ginn, agricultural manager for the Hereford factory district announced today.

Holly agronomists are collecting petioles, which are the stems of the sugarbeet leaf, from all sugarbeet fields in the Hereford district area. These petioles are sent to Holly's testing laboratory at the Hereford factory where they are analyzed for nitrogen content.

This information tells Holly and its growers how well the sugarbeet plants are supplied with nitrogen.

"To produce high quality beets, the nitrogen in the petioles should be down to at least one thousand parts per million four to six weeks before harvest," Ginn explained.

Ginn said that this approach helps Holly's agronomists to advise growers on the amounts and kinds of fertilizers to use for the production of high quality beets.

"Prior to growers planting sugarbeets this spring, Holly agronomists measured the amount of nitrogen in the soil, which was the first step in the beet quality improvement program, Ginn explained.

He said that two more petiole tests will be made this summer on the growing beets. In addition, when the sugarbeets are delivered to the factory this fall, the briel, or pulp, will be analyzed for nitrogen as well as for sugar.

According to Ginn, every sugar sample going through Holly's tare laboratory this fall will be tested for nitrates.

"High sugar content is associated with low nitrogen content and conversely low sugar is associated with high nitrogen," Ginn explained.

Following the 1971 crop harvest, agronomists will collect soil samples to the four foot depth from all fields which produced sugarbeets this year.

"This will give us a measure of the amount of nitrogen and other elements required for the production of sugarbeets which the 1971 crop removed from the soil. Knowing this, more accurate nitrogen fertilization can be made for a high quality crop in 1972," Ginn said.

"We will also collect soil samples to the four foot depth from all fields which are to be planted to sugarbeets in 1972," Ginn explained.

He added that higher sugar content improves the income from sugarbeets for Holly's growers.

Earlier in the year, Holly had announced that its agronomists would take on the additional duties of detectives in an effort to stem the loss of sugar in beets.

Ginn said that in recent years, Holly has noted the decline in sugar content in beets grown over its far-flung districts in the west—from Texas to California—and a rise in impurities, especially of nitrates.

Applications of nitrogen-rich fertilizer by growers may be a reason, but other factors, such as leaf spot, might also be culprits, Ginn said.

As a result, a program of quality control, which actually is improving sugar content, was instituted throughout the Rocky Mountain area.

"We recommend that all Texas and New Mexico sugarbeet growers immediately spray to control leafspot. Your Holly agronomist can provide full details covering the leafspot control program," Ginn said.

mer on the growing beets. In addition, when the sugarbeets are delivered to the factory this fall, the briel, or pulp, will be analyzed for nitrogen as well as for sugar.

According to Ginn, every sugar sample going through Holly's tare laboratory this fall will be tested for nitrates.

"High sugar content is associated with low nitrogen content and conversely low sugar is associated with high nitrogen," Ginn explained.

"We recommend that all Texas and New Mexico sugarbeet growers immediately spray to control leafspot. Your Holly agronomist can provide full details covering the leafspot control program," Ginn said.

What Does The Bible Say?

"Now faith is the substance of things hoped for, the evidence of things not seen" (Heb. 11:1).

The following verses in Hebrews 11 show clearly what this verse means. By faith Abel "offered", Enoch "pleased", Noah "prepared", Abraham "obeyed", and Moses "refused" and "chose". The whole chapter is a demonstration of works that come under the heading of faith.

Faith not only requires us to believe that "God is" but it also requires us to believe that He is the "rewarder of them that diligently seek Him" (Heb. 11:6). But how does one seek God, and what is the reward?

Both questions are answered in Romans 2:6-9, "God will render to every man according to his deeds. To them who by patient continuance in well doing seek for glory and honor and immortality, eternal life, but unto them that are contentious, and do not obey the truth, but obey unrighteousness, indignation and wrath, tribulation and anguish upon every soul of man that doeth evil."

Thus the scriptures logically lead to the conclusion that saving faith must include all the works of obedience and that faith is of no value until it does include such works.

Questions invited. Address, Box 515, Friona, Texas.

At Home In Parmer County

Jana Pronger

A joint meeting of the Parmer County 4-H Council and the Adult Leaders Association was held Tuesday night the 10th. Plans were made at this time for the County Bake Show, the County 4-H Fair and the County Achievement Banquet.

The bake show will be held in Bovina in the community room of the bank Saturday, September 11 at 2 p.m. The county winner's baked goods and records will be taken to Amarillo the following Saturday for judging in the District 1 Better Bake Show and the baked goods will be on display at the Tri-State Fair the following week.

The County 4-H Fair will be Saturday, September 18th during Maize Days in Friona. Any 4-H member in the county may display their work and awards will be made. The location will be announced later.

Divisions in which the 4-H'ers may exhibit are: 1. Crops (grain, hay, etc.), 2. Gardening (vegetables, fruit and fresh flowers), 3. Canned Goods, 4. Baked Goods, 5. Clothing, 6. Arts and Crafts and 7. Poultry and Rabbits. The Baked Goods will be sold to the public following the Fair to raise funds for County 4-H Activities.

Any 4-H member who would like to enter either of these events or any young person wishing to join 4-H should contact the County Agent's office in Farwell 481-3619 or their local 4-H leaders for more information.

Organizational Leaders for our local clubs are: Bovina-Mrs. Wayne Magness; Farwell-Mrs.

Hurshel Harding; Friona-Mr. and Mrs. Dale Hart; Lazbuddie-Mrs. Wayne Clark; Oklahoma Lane-Mrs. Walter Kaltwasser and Rhea-Mr. and Mrs. Walter Schueler.

Preliminary plans were also made for the 4-H Achievement Banquet, the awards program for county 4-H members. A tentative date was set for early October. A speaker and special awards were discussed.

Boaters on rivers, lakes and the open sea should save their soft drink cans for proper land disposal, urge the people at Pepsi-Cola.

Adults between the ages of 21 and 35 litter three times as much as people over 50 nearly twice as much as those in the 35-39 age bracket.

SPRING STARTS NOW!
Spring flowering bulbs must be planted in the Fall. Larger bulbs such as tulips, daffodils and hyacinths should be planted 6 inches deep and 6 inches apart.

The smaller Species tulips should be planted 4 inches deep, while minor bulbs such as crocus, hyacinths and muscar, etc., are planted 3 inches deep and 3 inches apart.

Only use bulbs that are plump and free from blemishes.

Friona Fishermen Set Ute Record

Three Friona fishermen set a new record for a three day catch at Ute Lake, which is near Logan, New Mexico, last week.

Larry Moyer, Billy Sifford and Sonny Pipes caught 109 pounds in three days. The previous record for a three day catch was 101 pounds. The local fishermen caught 18 fish weighing from 2 to 15 pounds to break the previous high for any three days.

Mrs. Eula Coker Visits Relatives

Mrs. Eula Coker of Arcadia, Florida, spent several days last week visiting in the home of Mr. and Mrs. E.S. White Sr. and with other relatives here. She is White's sister.

She left Wednesday morning for a visit in the home of her sister, Mrs. J.C. Cox in Eureka, California, before returning home.

ALL THESE AND ELEVEN MORE.....Larry Moyer, Billy Sifford and Sonny Pipes are pictured holding seven of the eighteen fish they caught to set a new record for a three day catch at Ute Lake. From left to right the fish weigh 12 1/4, 8, 15, 10 1/2, 3, 2 and 3 pounds. They are all channel cat fish. Other local fishermen reported good catches at Ute last week. This group returned home late Thursday.

On The Farm In Parmer County
MACK HEALD
County Agent

A stocker-feeder cattle meeting is scheduled for Monday, August 23, 1971, at the Hub Community Center. Starting time will be 8:00 p.m. This meeting will involve most aspects of the feeder-cattle business.

Dr. Gary Cash of the Friona Veterinary Clinic, will give some views on treating incoming cattle that are placed on stalk fields.

Dr. Cal Parrott, Extension Livestock Specialist, will show examples of nutrition requirements and types of nutrition requirements and types of supplement that grazing cattle need.

Mr. Ed Garnett, Extension Farm Management Specialist, will show the advantages of using cattle on stalk fields and the dollar returns that can be expected.

This meeting should be an informative one on the stocker-feeder cattle business, which keeps growing every year in

Parmer County. Remember, the date is August 23, 1971, at 8:00 p.m. in the Hub Community Center.

Insect activity has decreased in some area during the past two weeks. Fall army worms are giving more trouble than anything else in milo. They seem to be widespread over the county, and are damaging in many fields. A great deal of spraying has been done for these worms, however, and good control has been obtained.

Greenbug and bank grass mite populations are down considerably in most milo fields. The cool, cloudy weather we have been experiencing has reduced the mite population and allowed the grain sorghum to grow further toward the mature stage.

Much of the corn is also maturing well enough to be out of danger from the mites. Cotton aphids have been observed in several fields. Many benefi-

MBP's Quarterly Report Reflects Profit Growth

Missouri Beef Packers reported an increase of 30 cents per share in the company's net income for the 13 weeks ending July 24.

Net income for the company came to \$397,326 for the period, or 35 cents per share. The comparable figures for the same period a year ago were \$66,096, or five cents per share.

Net sales for the 13-week period in 1971 totaled \$83,040,

160, compared to \$62,175,565 for the same period in 1970.

Dave LaFleur, Missouri Beef's new president, stated that the improved statement was achieved despite a "depressed" economy and adverse market conditions in the meat industry. He further stated that he was expecting this year's fourth quarter earnings to likewise show a marked improvement over last year.

Relatives Visit In Truitt Home

Recent visitors in the home of Mr. and Mrs. Frank Truitt, 1407 Columbia Avenue, have been Mrs. Maggie Tims, Claude, Mr. and Mrs. Ralph Hundley and children, Fort Lauderdale, Florida; Mr. and Mrs. H.C. Tims and children, Calgary, Alberta, Canada, and Mr. and Mrs. Larry Truitt, Houston.

France's "Legion of Honor" was instituted in 1802.

Mrs. Tims is Mrs. Truitt's mother, Mrs. Hundley is her sister and H. C. Tims is her brother. This was the first time in ten years that all members of the Tims family had been together.

Mr. and Mrs. Larry Truitt also visited in the home of her parents, Mr. and Mrs. Ray White.

45 REPORT

Rain Drives Chief Workouts Indoors

Candidates for the 1971 Friona Chieftain football team worked out around the rain drops early this week, as practice got underway for the fall season. Coach Bob Owen and his staff were greeted on Monday by 45 candidates for the varsity team. This was a few short of the number that had indicated last spring they would be out for the sport, but was three more than reported on last year's first day.

Owen said that there was a possibility that three or four more players might be added as the week progressed. All of the players counted upon for possible starting duty were among those reporting.

Fill your spring grazing gap with amazing new DEKALB Wintergraze Brand 9290

Been taking livestock off small grain pasture in March? Move to new 9290, the palatable wheat-by-wheatgrass hybrid. Puts abundant growth in spring grazing — right up to June.

Plant 9290 early. Properly managed, it can be grazed in the fall. In March, move your cattle back from wheat to 9290, and watch them thrive on this abundant, seed-sterile forage. See me now.

Marvin Mimms
Ph. 965-2142
Rt. 1, Box 102
Friona

The Chieftain Coach indicated that most of the players reported in pretty good shape. He said the squad displayed a lot of enthusiasm, in spite of the fact that wet weather drove the boys indoors for two workouts early in the week.

Monday afternoon and Tuesday morning's workouts were conducted in the gymnasium. A steady rain fell during the Tuesday workout. "This is the wettest I've ever seen it at practice time—but we're not complaining," Owen said.

Two workouts were slated for the squad for Thursday and Friday, with a single workout on Saturday. With school beginning the first of next week, single (afternoon) workouts will become the order of the day.

Owen and his staff are switching the team to a "Wishbone T" offense this year, and he was taking some dressing room kidding about being the "Darrell Royal of the Panhandle." Owen said he appreciated the comparison, and hoped that the team would also compare to the success which has become associated with the great University of Texas coach.

Friona's main problem appeared prior to the beginning of workouts to be depth. However, if some of the young aspiring players come around, this could be helped somewhat.

Grid Tickets Go On Sale

Season tickets for Friona's six home football games will go on sale Friday at Bi-Wize Drug in Friona.

Tickets are \$9.00 for the six-game season. Holders of last year's seats will be given first opportunity to renew those seats.

Friona's first four games are at home this season, opening September 10 with Farwell. The traditional opener is followed by games here against Bovina, Muleshoe and Olton, the later game being the district opener.

Other home games are scheduled October 22 against Abernathy, and November 5 against Morton.

PRACTICE PLANS... Friona High School's coaches go over a workout schedule as fall football practice got underway this week. Kneeling are Larry Oyess, head coach Bob Owen and Dub Cleveland. Ray DeBord, standing, makes an observation that he thinks his mates might have missed.

Merritt Attends State CTA Meeting

Harley Merritt, biology teacher at Friona High School, was among some 350 local, and state leaders of the Texas State Teachers Association who held their 1971 Local Association Presidents Conference here at the Villa Capri Convention Center in Austin.

Participants included TSTA state officers, committeemen and staff members, presidents from many of the 20 district

and more than 400 local associations of TSTA, and representatives of affiliate organizations.

Chief order of business at the conference was planning for the 1971-72 organization, activities and objectives of the 139,000 member association of Texas teachers, particularly as related to the local groups. TSTA has set a membership goal of 142,000 for 1971-72.

Directing the conference were TSTA state officers: Mrs. Patsey Duncan of Amarillo, president elect; Mrs. Jewell Harris of Abilene, immediate past-president; and L.P. Sturgeon of Austin, executive secretary-treasurer.

Merritt is president of Parmer County Teachers Association.

Turtle Derby

Riding turtles, feeding seals and playing with porpoises are all in the days fun at Marine Life on the Mississippi Gulf Coast. Marine Life is the world's largest covered oceanarium with six exciting shows each day to delight kids and grownups alike. Hundreds of different forms of exotic sea life can be viewed through picture windows of the vast tanker.

Other family attractions on "America's Riviera" include a Deer Ranch, animal shows, Old West "Shoot outs," tour trains, amusement park plus all the usual fun of a seashore resort.

GREYHOUND CENTER... One of the young men who should see action at center this season for the Eastern New Mexico University Greyhounds is Don Carthel, a 210-pound sophomore from Friona. Head coach Jack Scott expects Carthel and Elias Quintana to press one another hard for the starting nod. Ninety-five players are to report for fall drills on Aug. 15 to begin preparing for the season opener on Sept. 11 in Goodwell, Okla. After meeting Panhandle State and Sul Ross State, the Hounds come home to meet Texas Lutheran College on Oct. 2.

HUNTING EXOTIC GAME

Exotic game hunting is increasing in the United States. There are at least five areas in this country where native game of Africa, India, Germany and even Russia can be hunted on private property for a fee.

Woody-Tedford Vows Read In Local Church

In a candlelight service at United Pentecostal Church at 8:00 p.m. Saturday, July 31, Billie Sue Woody exchanged wedding vows with Richard Lynn Tedford.

Parents of the couple are Bill Woody, Carrollton, Missouri, Mrs. Ruth Woody, Friona, and Rev. and Mrs. Jack Tedford, Clovis.

The double ring ceremony was read by the father of the groom before an archway of greenery topped with white wedding bells and centered with a kneeling bench. A seven branched candelabra holding white tapers and basket of white gladioli and pom pom mums tied with blue satin bows at either side completed the setting.

Kay Woody of Friona was her sister's maid of honor. Bridesmaids were Jerri Tedford, Clovis, sister of the groom; Pauletta Hughes, Friona; and Jacquelyn Gaines, Bovina, cousin of the bride.

They wore identical formal of blue polyester crepe accented with darker blue satin ribbon sashes and carried long stemmed white carnations.

Donna Sudderth was the flower girl and Jeff Adams was the ring bearer. Candlelighters were Terry Woody, Friona, sister of the bride, and Sharon Sudderth.

Guests were registered by Linda Watts, Pam Sudderth and Rhonda Sudderth.

Jim Jones of Las Cruces, New Mexico, a cousin of the groom, was the best man. Grooms-

men were David Tedford, Clovis, Dick DeLozier, Clovis, and Eddie Adkins, Carrollton, Missouri. Guests were seated by Luther Laster and Bud Thompson.

As the bride was escorted to the altar and presented in marriage by her father, she wore a formal wedding gown of angel skin satin and peau de soie with overlays of Alencon lace. It was designed with an empire waistline, Sabrina neckline, long fitted sleeves and a detachable chapel train. Her veil of imported silk illusion was held in place by a tiara of flower petals and seed pearls. She carried a bouquet of white carnations tied with picot and satin ribbon love knots atop a white lace covered Bible.

Vicki Smart, Farwell, organist, presented traditional wedding selections and accompanied Mrs. Don Sudderth, soloist, as she sang several numbers.

The bride's table at the reception, which was held in Fellowship Hall of the church, was covered with a white lace cloth over blue satin. It was centered with a blue and white floral arrangement.

A tiered cake decorated with blue flowerettes was served with nuts, mints and punch by Mrs. A.W. Adams, Bovina, and Mrs. Ewell Watts, Dalhart, both sons of the bride; and Mrs. Luther Laster, Amarillo, a cousin of the bride.

Special guests were Mr. and Mrs. A.E. Gaines, Bovina, maternal grandparents of the bride, and Mrs. Leslie Hassell Clovis, maternal grandmother of the groom.

Following a wedding trip to Arkansas, Mr. and Mrs. Tedford are at home at 805 Hull Street, Clovis.

Milton sold the copyright to Paradise Lost in 1667.

MRS. RICHARD LYNN TEDFORD

The chief coffee cup conversation up and down the street early this week was the wet weather. One farmer made the following remark, "It isn't often that we have a monsoon season in West Texas, but I think we are in one now."

A local cattleman was having trouble getting a load of cattle unloaded in the right spot and the weatherman wasn't promising any immediate relief. Then, a cowboy needed to pen some cattle and was thinking in terms of getting a boat since his horse had not had any swimming experience.

Visited briefly with Martha Clements late last week and learned that Jim Roy, Mary Jane and the children, Joanie, Wade and David, have moved from Amarillo to Dalhart. She gave us an address change for them and at the time I told her the post office there would encounter some difficulty in getting the mail properly sorted.

Jokingly I told her that my kin folks might get the Star which should go to her children. Since she is a post office employee, she could appreciate the possibility of confusion.

I have a nephew there, whose name is Roy Clements. He has an uncle whose name is Jim Clements and to further complicate matters my sister's name is Mary Bell. My Clements kinfolks have box number 736 and the one assigned to Jim Roy and Mary Jane is 546.

Sure enough when I met Martha early this week, she said, "My kids didn't get their Star. Where did it go?"

Of course, I couldn't answer her question, but suggested that she might address her letters to Jim Roy and Mary Jane Clements to assist Dalhart postal employees with their task.

Incidentally, Jim Roy is operating his alfalfa cubing machines and Mary Jane is working with Doris Hall, another former Frionan, who has a fabric and sewing shop there.

If former Frionans there ever decide to have a picnic, they will have a crowd without even inviting those from Stratford, Dumas and other nearby towns. And, if they invite all of them, there will really be a conglomeration of folks.

This is "new teacher time." Let's all remember to make new residents of our town feel welcome. If each of us will extend our hospitality to those living in our neighborhood, we can maintain our "friendly" town status.

Several of our number are "new teachers" elsewhere and maybe we can keep in mind how much we are hoping residents of other towns will be neighborly to them and make better neighbors.

Tannahills

Have Guests

Dr. and Mrs. R.V. Allen, Tucson, Arizona, visited in the home of Mr. and Mrs. C.W. Tannahill, 1608 West Tenth Street, last week. Dr. Allen is Mrs. Tannahill's brother.

Then on Friday Mrs. Tannahill and her daughter, Mrs. John Taylor, and grandsons, David Tannahill of Seymour and Jimmy Tannahill of Friona, visited in the home of Mrs. J.B. Allen.

Other visitors in the Allen home were Dr. and Mrs. Allen of Tucson and Mr. and Mrs. W. B. Allen and daughter Susan, Crosbyton, Texas.

Chitwood Family Has Get Together Here

A large number of the family of E.C. Chitwood, 92 year old resident of Friona, were here recently for a family get together at Federated Club House. Festivities began with a basket lunch at noon and the afternoon was spent visiting.

Out-of-town persons attending were Mr. and Mrs. Earl Chitwood, Amarillo; Mr. and Mrs. Frank Snyder, Mrs. Dee Chitwood, Mr. and Mrs. Vernice Snyder and Mr. and Mrs. J.B. Young, all of Muleshoe.

Also L.D. Chitwood, Dallas;

Mrs. Kenneth Young, Danny, Greg, Jeanne and Linda of Tucumcari, New Mexico; Mr. and Mrs. Robert Trapp and sons, Darrell and Carroll of Perryton; Mr. and Mrs. Joe Schimpf, Joe, Jeff, John and Jack, Colorado Springs; Mrs. Foster Barnes and Lanette, Amarillo; and Mr. and Mrs. Cooper Young and Joe, Muleshoe.

Frionans attending were Mrs. Lucy Jones, Mr. and Mrs. Wayne Mills and Mike, and Mr. and Mrs. Charley Snyder, Randy, Bryan and Delia.

Relatives Visit Medlin Walkers

Weekend visitors in the home of Mr. and Mrs. Medlin Walker and daughters, Becky and Mary, were Mrs. Sharon Anthony of Amarillo and Mrs. Sherry Robinson of Levelland. Mrs. Anthony and Mrs. Robinson are daughters of the Walkers.

Other relatives visiting in the Walker home were C.B. Boyce and Mr. and Mrs. Dwayne Mitchell and children, Benny and Cathy, of Booneville, Arkansas; Mr. and Mrs. L.L. Walker, Wolfe City, Texas; and

Lynn Carpenter and Mr. and Mrs. Hutch Mitchell and Janet of Portales, New Mexico.

Also Mr. and Mrs. Joe Duncan, Karen and James of Dallas; Mr. and Mrs. E.J. Boyce and Johnny of Maple, Texas; Mr. and Mrs. Louis Kessley, Louis John, Gloria, Joseph and Charles of Sudan, Texas; Jackie and Joy Dupler of Denton, Texas; and Mrs. Louis Wakefield, Connie, Cindy and Steve, of Hammit.

Local Families

Return Home Monday

The Lewellen cabin near South Fork, Colorado, was the scene of a summer vacation for twenty-nine persons last week. Special guests were Mrs. Alvah Lynch of Hotchkiss, Colorado, mother of Mrs. Joe Lewellen; Dale Schueler and Jeannie and Terry Thompson also visited in Denver.

wellen, Dale Schueler and Jeannie and Terry Thompson also visited in Denver.

Study Group

Signs Charter

The Laws of Life study group met at 8:00 p.m. Saturday in the Community Room of Friona State Bank. Eleven charter members were present to sign the charter.

Chapters were read from "Rays of The Dawn," by Dr. Truman Fleet and a discussion followed. A study of hope was moderated by Jerry Wikle.

The next regular meeting of the group will be a study of natural laws and their relation to health and disease from the concept therapy text at 3:00 p.m. Sunday, August 29.

MAIZE DAYS

**Fine Arts Council To Sponsor
Second Annual Arts, Craft Show**

This year's competition in the local arts and crafts division of the Maize Days Celebration will feature ribbon awards in approximately 25 categories, according to Mrs. Steve Messenger, Chairman of the Friona Fine Arts Council.

The Council will be sponsoring the show for the benefit of local and area artisans again for the second year. The old bank building which now houses the City and Chamber of Commerce offices will be the site of the exhibition. Some exhibits will also be in the Department of Public Safety Building. Both sites were chosen to be within easy walking distance from the city park.

Entries in all classes will be judged as professional, amateur or teen.

Categories in painting include oil, water base, pastel and drawing; landscape, still life, contemporary and "Friona then and now".

For further information on entering art in any of these classes artists are asked to contact Mrs. Messenger or Mrs. Pudge Kendrick.

Categories planned for craft entries are to include needlecraft, crewel embroidery, needlepoint, afghans, knitting, crocheting, quilting, Christmas crafts, beadwork, macramé, decoupage, tole painting, folk art, woodcraft, trunks, nurses, wood carving and tin craft. Also to be included will be a class for table arrangements, and pictures made of natural dried materials such as flowers, weeds, seeds, maize, cottonburrs, etc. from the local area.

For further information on entering any of these crafts divisions persons are asked to contact Mrs. Ralph Wilson.

A flower show is also planned if enough interest is shown. Mrs. Dan Ethridge and Mrs. Dick Rocky are in charge of this division.

Of special interest to the men will be a gun and coin display.

**Dr. Paul Spring
Attends Seminars**

Dr. and Mrs. Paul Spring returned home late Friday from Mexico City, where they had been for several days while Dr. Spring attended seminars on heart diseases and pediatrics.

Monday, Tuesday and Wednesday of last week the sessions were held in Mexico City and lectures were presented by heads of the departments of the Superior School of Medicine of the National Polytechnical Institute of Mexico City.

Wednesday afternoon those attending the seminars went to Guanajuato, Mexico by bus for a continuation of the lectures. At Guanajuato the doctors and their wives stayed at the Cas-

tillo de Santo Cecilia Hotel, which is an ancient Mexican Palace.

A number of sightseeing trips were included in outside activities planned for those attending the meeting.

The group returned to Mexico City on Friday and from there the Springs flew home.

Categories in painting include oil, water base, pastel and drawing; landscape, still life, contemporary and "Friona then and now".

For further information on entering art in any of these classes artists are asked to contact Mrs. Messenger or Mrs. Pudge Kendrick.

Categories planned for craft entries are to include needlecraft, crewel embroidery, needlepoint, afghans, knitting, crocheting, quilting, Christmas crafts, beadwork, macramé, decoupage, tole painting, folk art, woodcraft, trunks, nurses, wood carving and tin craft. Also to be included will be a class for table arrangements, and pictures made of natural dried materials such as flowers, weeds, seeds, maize, cottonburrs, etc. from the local area.

TERRI LYNN WILSON

**Terri Lynn Wilson
Receives Masters**

Terri Lynn Wilson, daughter of Mr. and Mrs. E. Roy Wilson, 707 Prospect Avenue, and a 1967 graduate of Friona High School, graduated from Eastern New Mexico University, Portales, with a master's degree in English Thursday, August 6.

Miss Wilson has maintained a 4.0 grade point average during her college career. She has been employed by the Amarillo Public School System and will be teaching English in Caprock High School.

**James Perkins
Receives Masters**

James Perkins, who has been teaching math in Matthews Junior High, Lubbock, for the past three years, received his master's degree with a major in math from Texas Tech University recently.

Perkins, who is the son of Mr. and Mrs. Richard Perkins, 910 Columbia Avenue, is a 1962 graduate of Friona High School and a graduate of Texas Tech with a major in math.

He received a grade of 4.0 on his master's course work. He and his wife, the former Dianne Jack, daughter of Mr. and Mrs. Bertram Jack, Route 2, Friona, have a son, Alan Brooke, who is one.

**Karen Ann Agee
Is WT Graduate**

Karen Ann Agee was among the 401 students who received degrees from West Texas State University, Canyon, this summer.

She received a bachelor of science degree with a major in special education and a minor in English at the Summer Convocation at 8:00 p.m. Thursday, August 12, in Amarillo Civic Center Coliseum.

Miss Agee, who is the daughter of Mr. and Mrs. Maynard Agee of the Hub Community, is a 1967 graduate of Friona High School.

She has been employed as a special education teacher in Morton Public Schools.

KAREN ANN AGEE

**Former Residents
Visit Local Kin**

Mr. and Mrs. Miles Robbins, Blunt, South Dakota, are visiting in the homes of Mr. and Mrs. Calvin Martin, Mr. and Mrs. Larry Martin and family, Mr. and Mrs. Clarence Martin and family and other local relatives and friends.

Mrs. Robbins, who is the former Nora Baxter, and Mrs. Calvin Martin are sisters.

Mr. and Mrs. Robbins lived here before moving to South Dakota about eighteen years ago.

**Leroy Johnsons
Return Sunday**

Mr. and Mrs. Leroy Johnson and daughters, Cinda and Julie, of the Hub Community returned home Sunday after a brief vacation which included a two day tour of Denver and the surrounding area and a flight to the Pacific Northwest.

The family flew from Denver to Seattle. In Washington they went sightseeing. One of the highlights of the tour was Mount Rainier, which is the highest peak in the state.

The Johnsons then went by ferry across Puget Sound to Victoria, the capital of British Columbia. A tour of Dutchman Gardens was the highlight of their trip to Victoria.

After flying from Seattle to Denver Saturday, they drove home Sunday.

**Elmer Eulers
Have Visitors**

Guests in the home of Mr. and Mrs. Elmer Euler, 1203 Columbia Avenue, have been Dr. and Mrs. Ralph Bigelow and children of Placentia, California.

Mrs. Bigelow is a daughter of the Eulers and Dr. Bigelow is an associate dean of Fullerton State College.

The Bigelows also visited in the home of Mr. and Mrs. Raymond Euler and children, Lorri and Bron.

**Wedding
Reminder**

Friends and relatives of Karl Patterson and Fred Rutherford are being reminded that wedding vows for the couple will be read at 7:00 p.m. Friday, August 20, at West Texas Chapel, Canyon.

Parents of the couple are Mr. and Mrs. George Russell Patterson, 1000 West Fifth Street, Friona, and Mr. and Mrs. Charles Rutherford, Bristol, Virginia.

Wedding invitations were not mailed locally, but friends and relatives are invited to attend the ceremony and reception, which will follow.

**ELECTRONIC RANGE PREPARES
MEALS IN RECORD TIME**

There's a whole new world of cooking convenience with an electronic oven range. Meals can be prepared in minutes and food taken from the freezer is ready in 1/2 to 1/8 of the time required by a conventional range. This Versatronic® Range is considered the most advanced and fastest cooking center ever developed. The homemaker can cook the fast electronic way, the conventional way or both ways at once in the large master oven. Meal planning is easy. A six-pound rib roast will cook electronically in 30 to 35 minutes. A potato bakes in about 6 minutes.

Here, hearty breakfast for the school-going child or the commuter can be prepared in 4 to 5 minutes. Everything can be cooked at once in the electronic oven—instant oatmeal in a bowl, frozen doughnuts on a paper napkin, hot chocolate in a paper cup for the youngster or coffee for the adults.

Simple directions for setting the electronic controls appear on the front panel. A special User's Manual-Cookbook filled with information and a variety of tested recipes accompanies each General Electric Versatronic Range. The range is available in white, avocado, copper-tone and harvest.

It's A Girl For Craig Tannahills

Mr. and Mrs. Craig Tannahill of Seymour became parents of a baby girl at 1:30 p.m. Thursday, August 5 at a Seymour hospital.

She was named Jennifer Genelle and weighed 7 lbs. 11 1/2 ozs.

Jennifer has one brother, David, who is three. Her paternal grandparents are Mr. and Mrs. C.W. Tannahill, 1505 West Tenth Street, Friona.

Maternal grandparents are Sgt. and Mrs. Louise Brannon, Rantoul, Illinois. Mrs. J.B. Allen, Lockney, is the maternal great grandmother.

Mr. and Mrs. C.W. Tannahill visited in Seymour last weekend and David returned home with them for a visit.

Miss Cotton Visits

Elda Cruce of Tahoka, who is the reigning "Miss Cotton of Texas," spent last weekend visiting in Friona.

She is a 1971 graduate of Tahoka High School and attended Texas Tech University, Lubbock, the first session of summer school.

Miss Cruce was a guest in the home of Mrs. Joyce Hill, Glenn and Davey.

Sincerely Yours

By Rev. Albert Lindley

I sure hope that last week wasn't one of those weeks when you had called some far off friend and told them to be sure and run down to their local news shoppe and purchase a copy of the Friona Star, in order to read this great article—it wasn't there.

I'll not go into all of the excuses for "why not". Rather, just let me tell you what happened.

This paragon family was privileged to attend a couple of days of the Bloys Camp Meeting at Fort Davis, Texas.

The excitement of it all came with the out-standing preachers representing four different denominations and all four preaching daily. (Could you take four sermons a day? You could these... and probably should... Oh, that wasn't so nice of me...)

Back to my story! That was the first time that I had ever been in an environment where everyone present was there for the purpose of hearing some good preaching (ever wonder how far you would have to go to hear some...?) and to worship God. Of course, there have been events I have attended where that was the case (try out your local Holy Club on Sunday morning) and I have worked in youth camps where we were all present to study about God and his ways, but can you imagine the spirit of such a situation where families of people are all together in a camp for several days just for the purpose of being there for the next service... Great!

Part of the ground rules stated that no visiting preachers would be allowed to attend the daily prayer hour for men and boys, until Sunday. This was a laymen's hour and they didn't want any body else taking it over. (Are we preachers really like that? I'm sorry to admit it but I have noted many preachers who are like that, they sure cause the rest of us a bad time...)

I was also taken to "Bat Cave", a delightful little play thing for smaller anatomies...but I made it all the way through...squeezing at points of necessity, even enlarging one small portion where I happen to be trying to force my way beyond when some "very delightful light of some mother's eye" (girl) spoke up behind me and screamed, "I think I see a snake." Well, it just happened I was finished looking around at that time and left. I do think I moved that mountain. Talk about faith moving mountains, you should try it my way sometime...

There were six "camps" in the total camp and each one had its own set-up for cooking the meals. These were all prepared by cooks who came from surrounding ranches or elsewhere...Some of the camps did their cooking over wood fires and you should see the sour-dough biscuits come out of there...

Well, it was simply a great time and a wonderful experience.

Our preachers were from the First Baptist Church in El Paso, The Christian Church, in El Paso, the President of the Presbyterian Seminary in Austin, and the Pastor of the First United Methodist Church in Wichita Falls...I got some good texts and some good sermons (hoo-ray) that I may try out sometime.

I will share this text with you that I'm really going to build into some real earth shaking presentation when I find a good outline for it, maybe you could help me? Can you think of three points that I might build on with this text? Or maybe two?

You will have to look in your Moffatt Translation to find it worded just this way...but it comes from Proverbs 12:1... "He who cares to know cares to be set right, but he who hates to be admonished is a stupid creature."

Boy, you should be able to do something with that. Try it! Share it with me...

In spite of all of the credit pitched our way, I really don't think it was our visiting Indians who should get all of the rain-making credit—but just don't you ever laugh at another rain dance...

Also, I trust your summer has been rewarding and that you did get some time off to be with just your family... We need some more of that.

RECORD SQUASH. . . David Whitaker, son of Mr. and Mrs. Woodrow Whitaker of Black, holds a zucchini squash that measured 23 inches long, and 23 inches around, and weighed slightly over 12 pounds. The squash came from the Whitaker garden, and is submitted in competition with the squash pictured in the Sunday (Hereford) Brand of a 17-inch squash.

Majority Of "TEXAS" Visitors Travel Far

A survey of the people attending the "Texas" musical drama in Palo Duro Canyon reveals that 60 per cent of the guests are from outside the immediate area (beyond 100 miles), with 23 per cent of this total from out of state and foreign countries.

Fourteen per cent were from Amarillo and Canyon, compared to 17 per cent at the survey period a year ago. Twenty-six per cent came from a 100-mile radius of Canyon (including Lubbock), compared to 29 per cent a year ago.

About one-third had seen the production before—and many from great distances were included in this number.

Over two-thirds of the people questioned said they had come because of a friend's recommendation.

According to the sampling, 27 per cent stayed overnight in motels, compared to 15 per cent a year ago.

There are so many reservations already made for the rest of the season that it is important to secure your seats in advance. Call the box office at 655-2182, or write "Texas," Box 258, Canyon, Texas, 79015 for reservations.

The production continues through August 28.

Tomorrow's Housekeeping

By Samantha of Lestol Housekeepers Service

Your secret cleaning agent will revive the most hardened old paintbrush when you soak it overnight. Suspend the brush in a solution of 2 parts hot water to 1 part Lestol. Next morning, rinse it in hot water, and it's ready to go to work on the screen door. (Note: just after painting, work the cleaner full-strength through the bristles of the brush; rinse with clean hot water.)

Put that nasty, encrusted barbecue grill into a tin tub. Pour over it enough hot water to cover and add 1 cup of Lestol. Let it sit for several hours, (the longer the better,) then lift it out on to the grass and run the hose on it full force. The gunk will just float away.
