

GIANTS ARE THE 1921 CHAMPIONS

ELLASVILLE IS SCENE OF BIG FIRE

NEHF HURLS MCGRAW MEN TO FIFTH AND FINAL VICTORY DEFEATING THE YANKEE ACE

SENATOR KNOX DIES SUDDENLY FROM A PARALYTIC STROKE

STRICKEN AS HE WAS ABOUT TO ENTER DINING ROOM LATE TUESDAY.

HAD JUST RETURNED FROM TRIP TO EUROPE

Expressions of Regret Voiced by Men in All the Walks of Life.

WASHINGTON, Oct. 12.—Official Washington mourned today the death of Philander C. Knox, senator from Pennsylvania, who died last night suddenly from a stroke of paralysis. From all quarters, executive, legislative, judicial and diplomatic, came expressions of regret at the passing of a notable figure in domestic and world affairs.

Funeral arrangements, completed today, provided for services here at the late senator's home at Valley Forge, Pa. Services will be held here at 11 o'clock tomorrow at St. John's Episcopal church, with President Harding, cabinet members, senators and representatives, members of the diplomatic corps and others prominent in political, professional and social life in attendance.

After tomorrow's services the body will be taken to Valley Forge to rest Friday night in the book room of the senator's country home there. Services will be held in Valley Forge memorial chapel Saturday at 2:30 p. m.

At a mark of respect capitol flags were at half mast today and will remain so for three days, the official mourning period.

Senator Knox was stricken suddenly last evening as he was about to enter the dining room of his residence on K street for dinner. He suffered a paralytic stroke and died within 15 minutes without regaining consciousness. He was 61 years old and his secretary, W. F. Martin, was with him at the time.

PENNSYLVANIA SENATOR DEAD

Philander C. Knox

IMPERIAL WIZARD AGAIN LAUNCHES AN ATTACK ON WRIGHT

WASHINGTON, Oct. 12.—William J. Simmons, imperial wizard of the Ku Klux Klan, collapsed today at the close of a five-hour defense of the order before a house committee and while Chairman Campbell was trying to suppress applause which greeted the conclusion of his statement. The committee ordered a brief recess after friends of the imperial wizard announced that his condition was not serious but later adjourned until tomorrow.

WASHINGTON, Oct. 12.—Resuming his testimony before the House rules committee, William J. Simmons, imperial wizard of the Ku Klux Klan, again launched an attack today against Senator Anderson Wright, a former klanman, who recently published what purported to be an expose of the order.

Subsequently, Senator Knox was the author of a resolution adopted by the senate in May, 1920, declaring peace with Germany. This also was voted by President Wilson.

Senator Knox first came into national prominence when in 1914 he was appointed by President Roosevelt as an attorney general. He retained that office under President Roosevelt until 1919, when he resigned to accept an appointment as United States senator from Pennsylvania to succeed the late Senator Quay.

LEWIS SUSPENDS KANSAS DISTRICT OF MINERS UNION

HOWAT AND OTHER DISTRICT OFFICERS SUMMARILY REMOVED.

IDLE FOR TWO WEEKS RESULT HOWAT ORDER

Had Refused to Put Men Back to Work As Instructed From Headquarters.

PITTSBURG, KAN., Oct. 12.—The Kansas district of the United Mine Workers of America, district No. 14, has been suspended by John L. Lewis, international president. Alexander Howat and all other district officers are summarily removed and George L. Peck, until the district's suspension, the international board member, has been appointed acting president of a provisional district.

All loyal miners of the district will recognize the provisional district officials, Lewis declares in a message announcing the suspension.

Peck in a statement this morning declares that the miners must be back to work now. He announced that he would take charge of the district headquarters this morning.

With Peck named Thomas Harvey, suspended secretary-treasurer of the Kansas district, as provisional secretary-treasurer. Harvey has been opposed to Howat in the Kansas union affairs. Peck and Harvey are ordered to take charge of the headquarters, all records and all money of the Kansas organization.

The Kansas miners have been idle for two weeks, or since Howat and August Dorchy, the district vice-president, went to jail at Columbus to serve six-month sentence for violation of the Kansas industrial court law.

The cause of Lewis' action, however, in suspending the district is based upon the refusal of Howat and his miners' called out on strike at the Deans and Reliance mines. The international organization holds that the strikes were in violation of agreements with the operators and that institutions ordered Howat to order the men back to work. Howat refused international convention at Indianapolis sustained the action of the international officers. Howat still refused to order the men back to work.

There are approximately 12,000 miners paying union dues in district 14. Practically all of them have been idle since Howat went to jail.

"I haven't received a telegram from Lewis and the situation will not be clarified until the international president of the Kansas district, said this morning. Fleming, acting president of the district, prepared to order the men back to work.

When Peck entered the headquarters of the district union and asked him, Fleming told him to go home. "I won't pay any more attention to you than I would to a snow ball," Fleming told Peck.

Legal proceedings to obtain possession of the offices are expected today.

GERMAN CABINET IS FACING CRISIS AND MAY RESIGN

ACTION EXPECTED IF PRESS REPORTS OF DECISION ARE CORRECT.

RESULT SETTLEMENT OF UPPER SILESIAN ISSUE

Text of Recommendation Withheld Until All Countries Are Notified.

BERLIN, Oct. 12.—Resignation of the German cabinet was believed today to be impending if press reports of the decision of the council of the league of nations relating to the apportionment of Upper Silesia were confirmed by the official text of the decision expected here this afternoon. There has been little effort on the part of government officials to conceal the fact that the cabinet would face a crisis if German terms should be separated from the country by action of the league council, and there are indications that apprehension over possible disorders has been felt in government circles.

Couriers carrying official texts of the decision are believed to have left Geneva last night for Berlin, Warsaw, Paris, London and Rome, and the council's solution of the vexing Silesian problem will be made public as soon as it has been formally communicated to the German and Polish cabinets.

DIRIGIBLE IS WRECKED BUT THE CREW ESCAPES

NEWPORT NEWS, VA., Oct. 12.—A big dirigible from Lakeside Field was wrecked in Hampton Roads today and probably will be a total loss. Three men were aboard the airship when she left the flying station.

Spectators reported that two men jumped as the craft descended almost to the earth before leaving the water. The dirigible was seen about the wind caught the log and dashed it along the surface of the water.

Marine men at Old Point lighthouse reported that the log man on the craft was taken off by Captain Watson and the crew of a harbor tug. The bag, still partly filled with gas, was whipped overboard by a strong wind.

LLOYD GEORGE HAS DECIDED TO ATTEND ARMS CONFERENCE

LONDON, Oct. 12.—Prime Minister Lloyd George is preparing to go to Washington to attend the impending conference on limitation of armaments and Far Eastern questions and it is understood that unless unforeseen difficulties arise, he will be there for the opening session.

ARBUCKLE CASE SET FOR NOVEMBER 7TH

SAN FRANCISCO, Oct. 12.—Fatty Arbuckle entered a plea here today not guilty to the charge of manslaughter at the San Francisco court.

To be held in jail until the trial against the death of Miss Virginia Rapp. Arbuckle's trial was set for November 7.

NATIONALS DEFEATING THE YANKEE ACE

Nationals	100 000 000	—1 6 0
Yankees	000 000 000	—0 4 1

POLO GROUNDS, NEW YORK, Oct. 12.—The Giants attained the pinnacle of baseball honors for 1921 this afternoon when they whitewashed the Yankees by a score of 1 to 0 in the deciding game of the world's series.

Nehf pitched unbeatable ball for the Giants and held the American leaguers helpless. Hoyt pitched for the Yankees and his lack of control in the first inning, followed by an error by Peckinpaugh, resulted in the lone Giant run that won the series. The series closed: Giants 5, Yankees 3. You can read the story how the Giants reached the top in the figures in the following official box score:

PRECAUTIONS ARE TAKEN ON ACCOUNT OF DEMONSTRATION

THOUSANDS OF POLICE ARE STATIONED EARLY

Entrances to Thoroughfare Were Barred and Under a Heavy Guard.

LONDON, Oct. 12.—Thousands of England's unemployed assembled in the morning for the demonstration of the unemployed in Downing street to demand work or maintenance and uniform scales of relief. The demonstration was allowed to proceed to its destination and was admitted to the premier's residence.

LONDON, Oct. 12.—Elaborate police precautions were taken by the authorities of London today to cope with a monster demonstration by unemployed persons who planned an attempt to force their way into Downing street to interview Prime Minister Lloyd George.

The thousands of police were stationed early this morning within a radius of a mile from Downing street. The entrances to that thoroughfare were barred and a heavy guard of white mounted and foot police occupied the Mall approach to Buckingham palace, various points of vantage in Trafalgar square and the embankment of the river and the vicinity of the houses of parliament.

There was no attempt on the part of the demonstrators to enter Downing street. They were gathered in Whitehall awaiting the arrival of the anti-union delegates on their way to the conference with Irish cabinet ministers. They were today wearing the plain felt caps as usual and were carrying placards and banners. They were largely in the majority and owing to the delay in the approach of the Irish representatives they remained standing along the sidewalks and they were the object of curious observation from those who had come to that part of the city in anticipation of a clash between the police and the demonstrators.

BRITISH CABINET AND SIMON FEINMAN A SHORT SESSION

LONDON, Oct. 12.—The members of the British cabinet and the anti-union leaders conferred here today at 12:30 o'clock this afternoon, after having been in session only an hour and a half.

Arthur Griffith, Sinn Fein foreign minister and commander-in-chief of the Irish republican army, today visited the cabinet. He was accompanied by Mr. Griffith's secretary, Mr. Griffith was not coming back to the cabinet today.

West Texas—Tonight, fair, warmer Friday, fair, warmer Saturday, fair, warmer, warmer in northwest portion.

MANY WITNESSES READY TO TESTIFY AT WACO HEARING

WACO, Oct. 12.—Forty-six witnesses, subpoenaed to appear before the grand jury investigating the Lorena tragedy, had registered with the doorkeeper this morning and most of them were waiting about the courtroom for their turn to enter for examination. Only 12 witnesses were examined yesterday, but it was said that better speed would be made today.

The court was opened by Judge Monroe, upon all those officiating in the investigation, information is difficult to obtain. It is known that more than 100 persons are expected to appear before the inquisitorial body during the session, which may continue into next week, and possibly longer.

The determination of the county attorney to personally conduct the investigation in the Lorena case has been generally approved so far as can be ascertained. General approval is also given his attitude in the matter of declining to prosecute the state authorities, the general opinion being that the local authorities are capable of thoroughly probing the tragedy to its bottom. While no intimation has been given out to that effect, it is believed that the grand jury will not bill anybody this week. It is assumed that the investigation will run into next week before definite action will be taken on any of the parties alleged to have been concerned in the tragedy.

LOWEST QUOTATION GERMAN EXCHANGE

Decline Attributed to Acute Political Situation Over Upper Silesia.

NEW YORK, Oct. 12.—German exchange today dropped to the lowest quotation in its history, 74 cents for one hundred marks. The previous low record, made last week, was 78 cents, after which the price fell to more than 85 cents.

Today's demoralization which extended to other foreign exchanges involving British and French remittances was attributed to more acute political conditions in Germany growing out of the Upper Silesian situation.

POSTPONE DINNER TO THE MEMBERS OF WICHITA CLUB

On account of conflicts with a number of other meetings, the dinner planned by a number of officers of the Wichita club to members for Friday evening has been postponed until Monday night. The dinner will be given at 7 o'clock Monday evening.

TESTIFIES HE SAW THE DRILL MASTER CHOKE THAMES BOY

GATSBYVILLE, TEXAS, Oct. 12.—J. J. Johnson, guard at the state juvenile training school, testifies before the board of control's inquiry into affairs of that institution, today repeated in substance the testimony he gave at the preliminary hearing of H. G. Teyman, to the effect that he saw Teyman, then drill master, choke Thelma Thelma, 14-year-old boy, for whose death, September 25, Teyman is charged with murder. Teyman had taken Thelma back of the belfry to punish him, the witness said. The choking, Johnson declared, should not have caused death.

RAGGED WANDERER IS QUESTIONED REGARDING DEATH OF YOUNG GIRL

MORRISTOWN, N. J., Oct. 12.—Efforts to extract from Frank Ruk, ragged wanderer, a confession that he murdered eleven-year-old Janet Lawrence last Thursday, were continued today by detectives prepared to obtain possession of the offices are expected today.

TOPEKA, Kan., Oct. 12.—The action of President Lewis of the U. M. W. in suspending the Kansas district was generally concurred in by state officials to have promptly and entirely clearing up the situation in the field, following the cessation of work in the Kansas field, following the jailing of Howat and Dorchy.

PLANS SUIT TO RECOVER THE MONEY ALLEGED DUE THE STATE OF ILLINOIS

CHICAGO, Oct. 12.—Suits to recover sums of money alleged to be due the state of Illinois will be filed at Springfield within the coming week against state treasurers for several years back. Attorney General Edward J. Brundage, announced today.

The suits will charge that interest on public funds has been withheld, and the defendants will include Governor Len Small, Lieutenant Governor Sterling and Andrew Russell, auditor of public accounts, all former treasurers.

PROMISES TO CLEAR UP A PUZZLING SITUATION

TOPEKA, Kan., Oct. 12.—The action of President Lewis of the U. M. W. in suspending the Kansas district was generally concurred in by state officials to have promptly and entirely clearing up the situation in the field, following the cessation of work in the Kansas field, following the jailing of Howat and Dorchy.

ALEXANDER HOWAT IN JAIL SERVING SIX MONTHS' TERM

PITTSBURG, KAN., Oct. 12.—Alexander Howat, storm center of the coal strike controversy, is in the Cherokee county jail at Columbus serving a six months' sentence for violating the coal strike law of 1919 during which the state of Kansas took over the coal mines and operated some of them. Howat has been leading a fight against the law. He refused to recognize it in any way.

Strangely enough, however, the action of Howat which has led to his being ousted today has led to the national industrial court fight. Emphatic refusal to put the men of the Deans and Reliance mines back to work when ordered by the international organization to do so after the industrial court had held the strike was unlawful and in violation of agreement, led to the suspension. Howat has been an official of the Kansas miners' union, for twenty years, most of the time as president.

INTENDED AS DISCIPLINE FOR HOWAT AND OTHERS

INDIANAPOLIS, Oct. 12.—Suspension of the Kansas mine union officials was declared by officials at the headquarters of the United Mine Workers of America here today. It is intended to discipline Alexander Howat and other Kansas officers for failing to carry out the recent order of the union's convention requiring them to direct strikers to return to work at the Deans and Reliance mines.

SUSPEND BUSINESS IN CITY OF PUEBLA PROTESTING TAXES

DISPATCHES INDICATE ECONOMIC SITUATION THERE IS SERIOUS.

FOOD SUPPLY OF CITY BECOMES REAL PROBLEM

Governor and Committee Expected To Confer With President Obregon Today.

MEXICO CITY, Oct. 12.—Wholesale suspension of business by stores and factories in the city of Puebla was expected today, it was asserted in dispatches received here from that city. This would be in protest against alleged excessive taxation by the state government.

Advices from Puebla indicate the economic situation there is serious. A few textile plants are still in operation today, but were said to have sufficient coal for only three days more.

The food supply has also become a real problem for the residents of Puebla, who continue their street demonstrations.

Governor Sanchez and a citizens' committee were expected to confer with President Obregon today. Governor Sanchez has declared in dispatches received here that he would immediately resign the office of governor if the United States government would not order the release of the arrested Mexican newspaper men who he said were being held in Puebla "starting with the arrest of the editor of the 'Excelsior'."

Puebla state authorities instead of modifying the revenue law have increased the taxes on the city. It is reported to have made a new law on moving picture houses and theaters, which, it is said, may close immediately. The two railroads running through Puebla continue to unload goods destined to that city and warehouses are overflowing, as teamsters refuse to move any of the accumulated merchandise.

Tampico again appears in press reports as another scene of unrest due to unemployment. The Tampico correspondent of the Excelsior says more than 4,000 oil field workers are idle and that a bread line existed in Tampico yesterday was heavily patronized. Arrangements have been made by the correspondent to send idle men to any part of the republic they wish to go and the first train load may start tomorrow. These reports, however, are at variance with statements issued at night by various federal officials who declared there was no serious labor problem in Tampico.

TEXAS INDUSTRIAL CONGRESS HELD MEETING IN DALLAS

DALLAS, Oct. 12.—The Texas industrial congress opened a three-day session here today with the representative of every part of the state in attendance.

The program for the sessions includes a review of the corresponding reports throughout the state; textile manufacturing; Texas - Mexican trade and the principles of cooperative marketing; Herbert Hoover, formerly a member of the federal land bank commission, will address the delegates. The congress will close here on Saturday at 10 a. m. J. W. Kirkpatrick of Dallas.

LOYD-GEORGE MAY BE A DELEGATE TO ARMS CONFERENCE

LONDON, Oct. 12.—Great Britain's reputation for sending Lloyd George to the Washington conference was given considerable prominence by this evening's newspapers here, some of whom expressed the belief that Prime Minister Lloyd George after all might go to the meeting. One newspaper went so far as to say it was possible he would sail on Nov. 2 and would be absent from England six weeks.

The majority of the British delegation will leave for America on Nov. 2. It was declared by the news, which said that well informed quarters were apprehensive of the choice of such a late day sailing would prevent the British representatives from attending the opening sitting of the conference.

A review of misunderstandings in a belated arrival might cause," a newspaper continued, "it is highly probable that arrangements will be made to insure the arrival in good time for the meeting."

It is understood that Admiral Sir John Jellicoe will sail Saturday to attend the convention of the American Legion to be held in Kansas City, while Marshal Foch, attending the opening of the Washington conference, although not in an official capacity.

FLAT BRITISH PLANS FOR TRADE WITH RUSSIA

GLASGOW, SCOT., Oct. 12.—British plans for trading with Russia have been defeated. It was declared by Robert Stevenson Horn, editor of the exchange, in an issue published last night. He said this was partly the result of the Russian famine and could be avoided in some measure to the disadvantage of the British. It has been "more anxious to spend gold in propaganda than in the goods."

DEATH OF NATIONAL PROMINENCE IS DEAD

WELLESLEY, PA., Oct. 12.—Dr. W. W. Richards, professor of surgery at Lehigh university and engineer of national prominence, here yesterday.

SENATOR KNOX DEAD PARALYTIC STROKE

(Continued from Page 1)

lished a record for prosecutions of trusts and combinations and in actions against railroads to prevent rebates and discrimination in rates.

Notable among his achievements while in this office was his suit against the Northern Securities company, a corporation organized for the purpose of combining the Northern Pacific and Great Northern railroads. He brought the merger and after a long legal fight he obtained in 1902 the case in the United States circuit court.

Mr. Knox also waged a notable fight against the combination of seven large corporations against whom he brought action in that year (1902), charging them with being in conspiracy in restraint of trade to obtain public funds as against the defendants which were made permanent on appeal to the United States supreme court and finally dissolved.

Soon after Mr. Knox instituted proceedings against railroad corporations charging them with being in combination in restraint of trade and finally won all the suits. His friends declare that he was a pioneer in the movement to control corporations. It was upon his recommendation that congress amended its service to obtain public funds so as to punish them for granting rebates, extend the authority of courts to enjoin the carriers against making discriminatory rates and permit the federal courts to give precedence to cases of great importance to the public. These actions made him a powerful factor in the war against unfair practices by corporations which was the outstanding feature of that period of President Roosevelt's administration.

His own views on these powerful combinations were expressed in an address at that time in which he declared that over-capitalization was the most conspicuously evil feature of the trusts, but that other factors which contributed to their ill effect upon the public were lack of publicity of operation, discrimination in prices designed to eliminate competition, a tendency to monopolize trade in their lines and failure to appreciate that they owed any service to the public.

"My purpose," he declared, "is to show that we are not helplessly helpless to deal with serious problems which confront us."

Mr. Knox has been credited by some with having "actually carried through" the purchase of the Panama canal for \$40,000,000, which was an achievement of the Roosevelt administration. An attorney general, Mr. Knox, in 1901, ascertained that the new Panama Canal company held a clear title to convey the canal. This enabled the United States to proceed with the purchase.

Mr. Knox was appointed United States senator in 1904. A secretary of state in President Taft's cabinet, he inaugurated an active policy of aiding the extension of American trade with foreign countries, which was characterized as "dollar diplomacy," a designation intended in derision, but of which Secretary Knox afterward declared he was proud. He proposed that an arbitral court be established at the Hague and that the Manchurian railway be nationalized and "improved the plan for the Central American court of justice for maintaining peace in Central America. He negotiated arbitration treaties with France and Great Britain and made a notable trip to Central American countries, Columbia and Venezuela. In 1912 he was assigned to attend the funeral of Emperor Mutsuhito of Japan, as representative of the United States government. One of the features of his secretaryship was the dispute with Great Britain over the proposal to exempt American coastwise ship-

ment from payment of tolls for use of the Panama canal.

Mr. Knox was born at Brownsville, Pa., on May 6, 1852, and was named after a noted Episcopal bishop, Philander Chase. He was graduated from Mt. Union college, Alliance, O., in 1872, admitted to the bar in 1875, appointed by President Grant as assistant United States attorney for the western district of Pennsylvania, but resigned in 1877 and formed a law partnership with James H. Reed, under the name of Knox and Reed, in which he is said to have enjoyed a very lucrative practice. Many stories are told to illustrate his skill as a lawyer, which he afterward placed at the service of the United States in his capacity as attorney general.

His home is at Pittsburgh and he has a farm at Valley Forge, Pa. He has been a trustee of Mt. Union college and a member of numerous clubs in Pittsburgh and New York. In 1876 he married Lillie, daughter of Andrew D. Smith of Pittsburgh, by whom he had one daughter, Eleanor, wife of J. R. Tinkle, and three sons, Reed Knox, Hugh S. Knox and Philander C. Knox Jr.

He died at Pittsburgh on Oct. 12, 1921, after a long illness. He was 69 years of age.

NEWS OF DEATH CAUSES REGRET IN PITTSBURGH

PITTSBURGH, Oct. 12.—News of the death of Senator Knox last night was received with profound regret in Pittsburgh. The announcement of the death of one of the city's most noted citizens brought many expressions of sorrow.

Justice of the supreme court of Pennsylvania were guests of honor at a dinner at the Pittsburgh club, which was attended by Judge James H. Reed, for 24 years a law partner of Senator Knox, when the word was received. Gloom was cast over the affair as practically every man present had known the senator.

United States Senator David I. Walsh of Massachusetts, principal speaker at the Columbus day banquet of the Knights of Columbus, made the announcement to a large assemblage. He said of Senator Knox, in part:

"Senator Knox was a national figure and was a great secretary of state. He was a senator that any state could be proud of. He was unassuming and spoke seldom in the senate, but when he did speak he uttered opinions of unquestionable value. He was a man of remarkable good judgment and whose Americanism and patriotism always was unswerving."

HASKELL MAN PATENT AN OIL WELL PACKER

HASKELL, TEXAS, Oct. 12.—O. A. Payne, a citizen of Haskell county who is now engaged in the commercial activity.

tionary business in the city, received a model of an oil well packer that he has recently patented which he claims will solve the problem of shutting the salt water from oil wells in the future. Oil men and drillers who have examined the device have expressed their belief that the packer is all right and will do the work. Mr. Payne is "state" over the success of his efforts.

GERMAN MARKS DROP AT THE LONDON EXCHANGE TO LOW PRICE RECORD

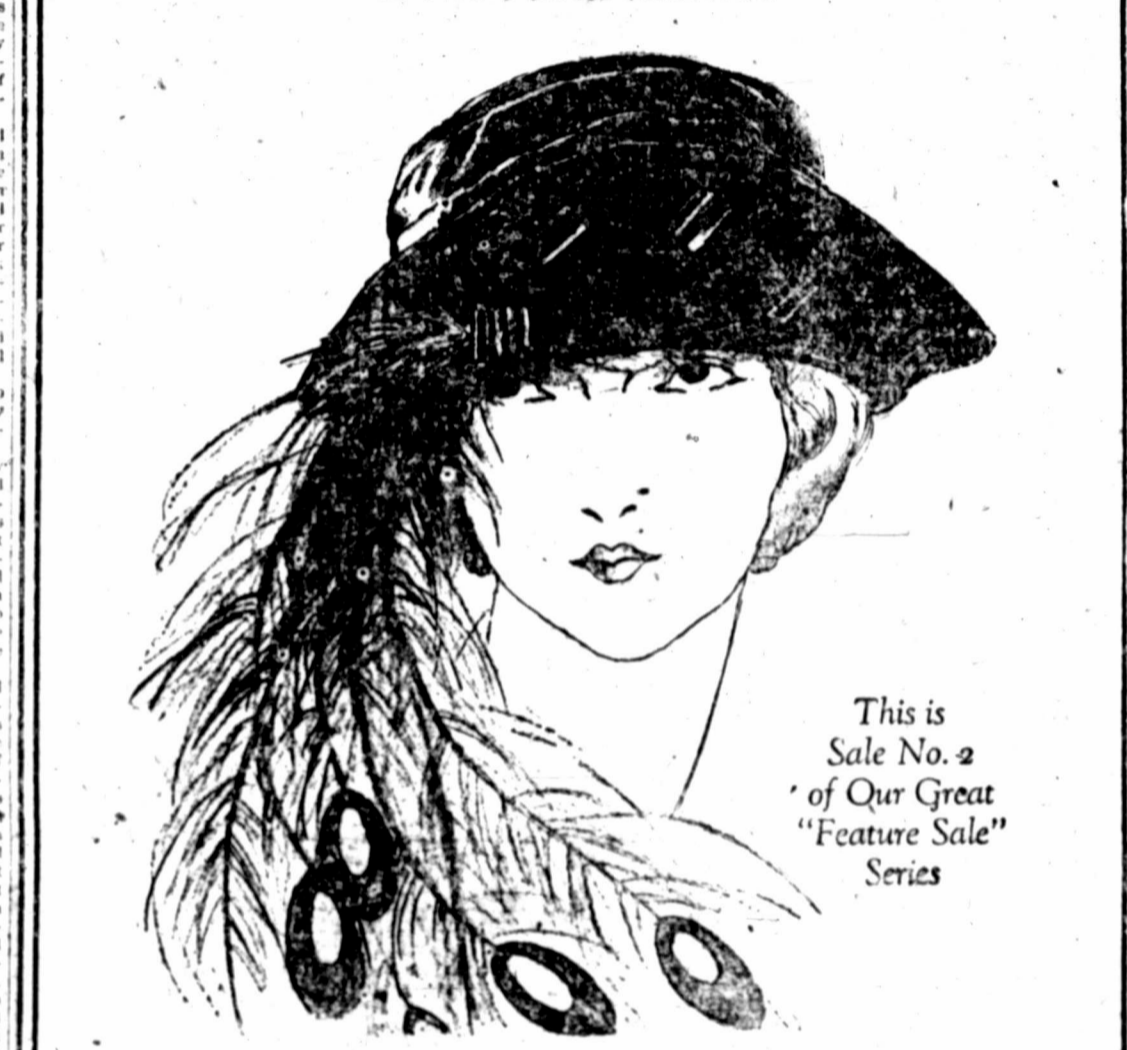

LONDON, Oct. 12.—German marks fell heavily on the stock exchange here this morning, dropping to 449 to the pound sterling. This was the lowest price on record. The fall in the value of the mark was attributed to the report relative to the decision of the council of the League of Nations regarding Silesia.

TEXAS CHAMBER OF COMMERCE IN SESSION

DALLAS, Oct. 12.—With President J. S. Cullinan of Houston, presiding, the Texas chamber of commerce opened its annual convention here today. The program includes several widely known speakers on commercial activity.

HENRY WATT CANNOT ATTEND REUNION

CHATTANOOGA, Tenn., Oct. 12.—Col. Henry W. Ewing, distinguished editor who will be 81 years today, replying to a letter from the Confederate Veterans Association here October 25 to Chattanooga, Tenn., upon his affectionate bearing because it found his wife, "with devotion still between whom and in whom then established broken and unchanging Mrs. Waterson bridge, December 20, 1862, the daughter of the Ewing of Nashville, Tenn., fifty-sixth, and Mrs. Waterson's now his fifty-ninth, 1862 that he edited Chattanooga Rebel" and finally served notice of the "Rebel" which would have to be "Rebel" would not be circulated within the Union army had been around Chattanooga "Rebel" outfit had packed into cars at Marietta, a hundred Georgia way. When the "Rebel" solved General Bragg there was but one they hoped to contain that was to discharge editor, for they realized the necessity of attempting him from writing regardless of consequences. He immediately himself to General Bragg. The distinguished J. L. Under a New where Mr. and Mrs. Ewing were quietly in the hotel. The letter was written by W. N. Heidburg, general of the Confederate re-tee. The letter told "I wish it were possible to attend the coming reunion. It is not possible for me to do so. I must take the will for Chattanooga my post-claims upon a year there that I found who after 55 years of

HENRY WATTERSON CANNOT ATTEND THE REUNION THIS YEAR

CHATTANOOGA, TENN., Oct. 13.—Col. Henry W. Waterson, the distinguished editor and journalist, who will be 81 years old next February, replying to an invitation to attend the Confederate reunion here October 25 to 27, says that Chattanooga possesses many claims upon his affections, the most endearing because it was here he found his wife, who after 39 years of devotion still abides, and between whom and myself the relations then established remain unbroken and unchanged.

Mrs. Waterson before her marriage, December 20, 1865, was Miss Rebecca Ewing, the beautiful daughter of the Hon. Andrew Ewing of Nashville. Their next wedding anniversary will be the fifty-sixth, but the anniversary of Colonel Waterson's courtship is now his fifty-ninth, for it was in 1852-3 that he edited the "Chattanooga Rebel" and first met his wife who was here with relatives. Even in those early days of the famed editor's writing his trenchant style was in evidence. So trenchant was he in criticism of General Bragg he incurred the wrath of that high-ranking Confederate officer, who finally served notice on the publisher of the "Rebel" that the criticisms would have to cease or the "Rebel" would not be permitted to circulate within the lines over which he exercised command. The Union army had by then sorely pressed the Confederates in and around Chattanooga, and the "Rebel" outfit had been hurriedly packed into cars and shipped to Marietta, a hundred miles down Georgia way.

When the "Rebel" publishers received General Bragg's ultimatum there was but one course open if they hoped to continue the paper. That was to discharge the principal editor, for they realized the hopelessness of attempting to dissuade him from writing what he pleased, regardless of consequences. So he "quit" and immediately attached himself to General Polk's staff.

The distinguished journalist's letter is under a New York date, where Mr. and Mrs. Waterson are living quietly in the Prince George hotel. The letter was addressed to W. N. Heidelberg, general chairman of the Confederate reunion committee. The letter follows: "I wish it were possible for me to attend the coming Confederate reunion. It is not possible, so you must take the will for the deed. Chattanooga possesses many claims upon my affections. It was there that I found my dear wife, who after 39 years of devotion, still

abides, and between whom and myself the relations then established remain unbroken and unchanged. She joins me in the regret that we cannot together revisit the scenes of our early love-making. But at four score and upward, functions of every sort are beyond me.

"Perhaps it is as well that I may not look again upon that thin, gray line, soon to disappear forever from the scenes of this world, for it might put too great a strain upon an old man's tenderest sensibilities.

"My love to the old boys. It cannot be long when we shall meet on the beautiful shore, and when we meet, be sure the 'Bonnie Blue Flag' will be flying at the fore and the bands will be playing 'Dixie' on parade, while the pretty girls will be distributing the 'Chattanooga Rebel' to the ragged red-nosed angels who have not forgotten the rebel yell."

Next Sunday Is "Rally Day" at Heights Church

The Floral Heights Methodist church and Sunday school are planning great rally day services for next Sunday. The regular Sunday service will be held at 10 o'clock, and will be a very interesting one, with a number of the officers and teachers of the Sunday school at the church last evening and plans were made for this very interesting service. The different classes and departments are putting forth special effort for full attendance and the ingathering of new members.

As there is to be only one preaching service, a special effort is being made to make this a largely attended and highly interesting service. It is to be a "church rally" service and will be at 7:30 p. m. A number of people are expected to unite with the church at this time, and the entire membership is urged to be present to give the new members a cordial welcome. Rev. W. L. Tittle, pastor of the church, announces as the special sermon subject for the evening hour: "The Call of the Christ." It is expected that a number of people who have neglected to place their membership in the church will take advantage of this special occasion and unite with the church. Mr. Tittle is now closing his second year's work with this new congregation and has only two Sundays in which to receive members before this conference year comes to a close. He is naturally anxious to swell the roll of membership and to make a good report to the annual conference which meets in Dallas October 26.

LEADERS OF STRIKE ASK STATE TROOPS

Ask That They Be Sent into the Oil Fields at Bakerfield, California.

BAKERSFIELD, CAL., Oct. 13.—Leaders of striking oil workers will ask Governor Stephens today to send state troops into the regions affected by their walkout, they announced early today, as a result of an affair between members of the strikers' "law and order" committee and armed men they charge were brought into the district by the Associated Oil company.

The affair was an altercation between T. W. Powell, leader of the "law and order" committee, and several of the men said to have been brought in at the office of the Associated Oil company on a lease in the Kern river fields, about three miles north of here as a result of which, strikers declare, bloodshed was averted only narrowly.

The Papuan use the spine of the sting ray for arrow points for shooting fish.

WEALTHY INDIAN FINED THOUSAND DOLLARS ON A CHARGE OF WIFE MURDER

PONCA CITY, OKLA., Oct. 13.—Legal procedure, said by local attorneys to set a precedent, was recorded here last night when a jury in district court which had heard the evidence against Napoleon Buffalo-Head, wealthy Indian, charged with killing his wife, returned a verdict of guilty of manslaughter and assessed a fine against him of \$1,000.

The jury is understood to have been divided 10 to 2, the majority favoring acquittal. Unable after several votes to reach an agreement, the fine was finally accepted as a compromise, according to members of the jury.

MOTHER, QUICK! YOUR CHILD'S BOWELS NEED "CALIFORNIA FIG SYRUP"

Even a sick child loves the "fruity" taste of "California Fig Syrup." If the little tongue is coated, or if your child is listless, cross, feverish, full of cold, or has colic, a teaspoonful will never fail to open the bowels. In a few hours you can see for yourself how thoroughly it works all the constipation poison, sour bile and waste from the tender, little bowels and gives you a well-playful child.

Millions of mothers keep "California Fig Syrup" handy. They know a teaspoonful today saves a sick child tomorrow. Ask your druggist for genuine "California Fig Syrup," which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup.

How to Make Child-birth Easier!

Do you wish to know how thousands and thousands of women have gone thru motherhood without knowing some of the pains and discomforts incident to childbirth? Listen to this:

Motherhood creates almost a new state of being for a woman.

As a result, new nerves, there heretofore restful and quiescent, spring into activity, they cry out, they tingl...

The network of nerves across the abdomen, the loins, the back and other parts now become super-sensitive. All these nerves are being called on to perform unusual duties.

These nerves must be pacified and comforted; must be put in condition for the crisis that is pending.

If these nerves are not soothed and quieted, they may set up aggravated nerve tension, increasing in severity from month to month, sometimes even culminating in a nervous paralysis of the back and limbs. This leaves the mother-to-be in a condition where she is unable, fully, to meet the test when the climax of maternity arrives.

WARNING: Avoid using plain oils, greases and substitutes—they act only on the skin and may cause harm without doing good.

ARMS CONFERENCE ALONE CAN DECIDE ON OPEN SESSION

QUESTION OF PUBLICITY IS ONE FOR THE DELEGATES TO SETTLE.

CANNOT BE DETERMINED BY THE UNITED STATES

Must Be Chanced For Confidential Negotiations On Part of Conferees.

By MARK SULLIVAN
National Political Correspondent of the New York Evening Post and The Wichita Daily Times.
(Copyright 1921 by the New York Evening Post.)

WASHINGTON, Oct. 13.—In discussing the degree of openness which shall attend the sessions of the coming Washington conference, the underlying fact is that this cannot be determined by the United States alone. It can only be determined by the conference itself. It is not even practicable to determine it by an interchange of views at the conference itself. It does not properly belong in the agenda. It is a part of the rules of procedure, which, as a practical matter and as a matter of custom, must be settled after the conference comes together.

It is entirely proper and also desirable for the people of the United States to express their strong belief in the largest reasonable amount of openness, the more of this kind of public pressure there is the better it will be. But the United States officially cannot be expected to take any position at the present time. Every rule of propriety demands that the representatives of the United States take no public position and not even close their own minds on this point until after the conference comes into session.

When the conference considers this point two considerations will have weight. One is that there must be abundant opportunity for private and confidential negotiations on the part of the conference as a whole and also on the part of the various national groups in the conference. The "100 per cent publicity" that some extremists clamor for is both impossible and undesirable. You might make a rule that the delegates must sit together in the sight of the public for six or eight hours a day. But if you did, they would find some means of robbing an hour from sleep for confidential negotiation. Any person who has ever had the faintest responsibility knows that in every gathering of the kind there must be and there will be a considerable amount of informal confidential negotiation. Whatever rules the conference adopts will undoubtedly give this opportunity. And no reasonable person will criticize them.

The other consideration is that the public should be provided with a more or less continuous flow of authentic official information about what the conference is doing. It would be the rankest folly for the conference to expect to sit for two months or more without making any official report of progress, and then at the end of the period give the public a statement of completed work. Such a course would be neglectful of the responsibility which the conferees have to their various publics. It would excite suspicion and derision.

May Initiate Move.
While it is true that the government of the United States cannot alone determine what degree of publicity shall attend the sessions, and cannot even with propriety take a formal public attitude on this point, several other things are also true. One is that the American delegation to the conference, like the other national delegations, is giving attention to this subject and is arriving at the point of view

which it will advance when the conference as a rule comes to decide the matter.

Unhappily, it is a fact that any person attempting to express what seems to be the prevailing atmosphere in official quarters in Washington would be compelled to say that most of our officials seem unsympathetic to publicity. Those who believe in reasonable access on the part of the public to the official proceedings of the conference and those who leading the demand for reasonable publicity will need to be more energetic than ever if they are to accomplish anything during the brief four weeks now intervening before the conference meets.

SAYS "SPRINGTIME" SCENE IS PRETTIEST THING HE EVER SAW

"You'd have to hire me to stay away when you put this thing on, young lady. That's one of the prettiest things I ever saw."

The comment was made on a scenic rehearsal of "Springtime," which the Business Women's club will present Friday and Saturday evenings of next week at the Wichita theatre. The commenter was a prominent local business man who happens also to be the husband of a member of the Y. W. C. A. executive board who had stopped at the theatre a few minutes after supper on business. The scene was one from the third act of "Springtime," one of the prettiest musical numbers in the play.

There are four beautiful song and dance numbers done by the principals—Charles Angle and Miss Ruth Chandler—in "Springtime," and each one is a winner. There are eight or ten choruses, all in costume, and some of the prettiest song hits ever written put them over. The dancers are more complicated than the usual amateur cast attempts, but most of the participants are already letter perfect, due to daily practice under the coaching of one of the strongest directors who has ever put on a show in this city.

There are something near 250 local people in the big musical comedy, including more than a hundred children—who, by the way, stage one of the "hits" of the show themselves in the "Springtime" song lead.

HOWAT WAS FURIOUS WHEN TOLD THE NEWS

COLUMBUE KAN., Oct. 12.—Alexander Howat received the news of the action of President John L. Lewis in suspending the Kansas districts in the jail early today. According to jail officials, the disunion leader was furious. He demanded the right to send out telegrams and use the telephone and to make a statement for the press. He was refused and was compelled to remain silent so far as the outside was concerned.

U. S. CONFERENCE ON UNEMPLOYMENT TAKES A RECESS

WASHINGTON, Oct. 13.—The national conference on unemployment, after creating a standing committee with authority to reconvene the full conference at any time, concluded its deliberations today and adjourned sine die.

FEELING RUNS HIGH AGAINST NEGRO HELD ON ASSAULT CHARGE

GEORGETOWN, TEXAS, Oct. 13.—Intense feeling against a negro arrested yesterday for an alleged assault on a farmer's wife continued today at Liberty Hill, 15 miles west of Georgetown, according to reports here. Sheriff Lee Allen, who was called to the Liberty Hill community late yesterday, arrested the negro and hurried away to avoid possible violence because of high feeling. The sheriff said today the suspect was in "jail," but it was not known whether he was held here or in the jail of an adjoining county. It became known today that 100 men called at the county jail here last night demanding that the negro be turned over to them. County Judge F. D. Love was called upon at 1 o'clock and after making an appeal that the law take its course.

WHEN TRUCK OVERTURNS MEXIA, TEXAS, Oct. 12.—D. W. Vannoy was instantly killed today when a motor truck in which he and three companions were traveling here from Alvarado, overturned. His father, W. R. Vannoy, Miles, N. C., was notified.

MANY AMERICAN CITIES INVITE MARSHAL FOCH

PARIS, Oct. 12.—Marshal Foch would be compelled to travel more than 20,000 miles and visit nearly every state in the American union if he should accept all the invitations he has received from the United States since it was announced that he would cross the Atlantic this fall. Friends who call upon the marshal are shown a stack of invitations more than a foot thick which he has received. There are hundreds of them, including greetings from governors of various states, mayors of many cities, public bodies of every sort and private messages from prominent residents of the United States. "Which of them will you accept?" an American visitor asked the marshal recently. "All of them," he replied. "I would like to visit every state in the Union."

It has been impossible to fix the marshal's itinerary, which thus far includes a trip across the continent to San Francisco, and each one is a winner. The marshal's only apprehension as to the hospitality of the American people is the possible effect it may have on his digestion.

FUNERAL SERVICE FOR MRS. STANLEY ANDERSON ON FRIDAY AFTERNOON

The funeral service for Mrs. Stanley Anderson, who died Thursday morning at 2 o'clock at the General hospital, will be held Friday afternoon at 3:30 o'clock at the family home, 411 Fourth street. Rev. Dr. Nathan Gratton officiating.

Mrs. Anderson has been ill from pneumonia only two or three days, and her death was very much of a shock to a large circle of relatives and friends. She is survived by her husband, Stanley Anderson, and two small children, Stanley Jr. and Billy, a ten-months old baby. Mrs. Anderson is the daughter of Mr. and Mrs. Cowen of 911 Fourth street. The funeral services will be in charge of the Yeomen and members of that body are asked to meet at the hall in time to attend in a body. The pall bearers will include W. F. Wallace, Rex Robinson, R. H. Ramsey, E. D. Trevathan, J. M. Chandler and R. T. Walsh, with Messrs. R. H. Ramsey, W. W. Shuler, R. H. Wallace, W. F. Wallace, Rex Robinson and C. S. Taylor honorary pall bearers.

GREEK CHIEF OF STAFF SUDDENLY DISMISSED

ATHENS, Oct. 12.—General Doumanis, who resumed the office of chief of staff of the Greek army Tuesday following his return from the war zone in Asia Minor, was

peremptorily dismissed Wednesday and was placed on the retired list. The reason for his dismissal is said to have been displeasure on the part of the government with an order of the day that he issued, it being considered subversive of discipline. The government's action has caused a deep impression on the general's unflinching devotion to the cause of King Constantine. A Monastir temple, second in size to that of Salt Lake City, is being planned for Meen, Asia.

Certain species of ants kill those that refuse to share their food.

MONKEY'S INVENTION

A highly intelligent orang-utan—possible the long-sought missing link between monkey and man—creates a sensation in the New York zoological gardens.
The orang-utan is an anthropoid ape, the kind fold about in the Tarzan stories. It has small ears, very little hair, and is about two-thirds as big as a gorilla.

DARKNESS OR LIGHT?

There is some local discussion as to whether or not a demonstration should be held in Wichita Falls on November 11th. The purpose of the proposed parade would be the stimulation of our delegates to the disarmament conference to work for open sessions. As with all public questions there are two sides to this one.

JUST FOLKS

By Edgar A. Guest
BULB PLANTING TIME
Last night he said the dead were dead
And scuffed my faith to scorn,
I found him at a tulip bed
When I passed by at morn.

man and child of them. This is the biggest business before the world today and it is the business of all the people in the world. Mankind is sick, tired and worn out of horse trading and bickerings behind closed doors.

FREE TOLLS AND THE DISARMAMENT CONFERENCE

There are conflicting views as to the effect that senate's action in voting for free tolls through the Panama Canal for American shipping will have on the approaching disarmament conference.

The melancholy days are here, the saddest of the year; the heavies are too heavy, the light too light, we fear.

'France Outstripping America'—headline. It will be a cold winter for the French.

A circus is where a small boy takes his dad to see him have a good time.

Perhaps a lightning calculator is one who calculates where it will hit.

Congress is having many walty arguments.

TODAY'S TALK

By GEORGE MATTHEW ADAMS
BURDENS
It is an inspiring thing to see a boy giving a "lift" to an elderly man or woman. And the writer is one who likes to see the father carry the boy.

WOOD

Maj. Gen. Leonard Wood, retired from the army to become governor general of the Philippines. Government wouldn't let him hold two jobs at once.

DOBBIN

Even in far-off Hawaii, the motor car is taking the place of the horse. Tractors appear on sugar and pineapple plantations where, for generations, plows and cultivators were pulled by horses and mules.

JOBS

Since July 1, 41,000 workers have gotten their jobs back on four big railroads—Pennsylvania, Erie, New

COMMON SENSE WAYS TO KEEP WELL PERFECT FOOD

Milk has been called by many scientists the perfect food for man. It is an excellent food for infants, children and some old. No matter how we try, some of these germs may possibly get into the milk before it reaches the consumer.

YOU AND I

One of the world's greatest astronomers, Prof. William Henry Pickering, after many years' study, announces there is life on the moon. Human life? He doesn't say.

BASEBALL

World series bulletins had to be discontinued in Times Square, New York. Crowds that gathered were so dense that traffic cops had to send for reserves.

LIBERTIES

Rise in Liberty bonds makes their value gain \$1,250,000,000 from the "year's low." That is sad news for foolish investors who sold their Liberties to buy speculative stocks.

NEVER

Much debate! Who will be Caruso's successor in the opera world? The honor probably will fall to no one in this generation, or for many to come.

CANADA

Canada will hold a general election Dec. 6. Up there, they don't have set dates for voting. When their chief executives cannot agree with legislative bodies, or when parties become deadlocked, a general election is held, automatically.

MID-CONTINENT OIL MEN MAY ACT UPON PLAN FOR UNIVERSITY

FRIDAY'S MEETING AT DALLAS TO CONSIDER EFFECTS RECENT ADVANCES.

CLINE'S SUGGESTION FOR STUDENTS STILL PENDING

Would Provide Means For Acquainting Future Citizens With Oil Industry.

Several Wichita Falls oil men will leave Thursday night for Dallas to attend the annual meeting of the Texas-Louisiana division of the Mid-Continent Oil and Gas association.

W. D. Cline, president of the division, thought Thursday afternoon that he would be unable to make the trip, although he hoped to do so.

The meeting is expected to give attention to one of Mr. Cline's own ideas, in connection with the future of the oil industry, that of getting the students of the university and A. and M. students interested in and informed about the oil business.

Mr. Cline's plan includes the delivering of a series of lectures at the university and A. and M. by men prominent in the oil industry, to acquaint the students with the breadth and importance of the oil business, and also to have the practical demonstrations of the oil field work by building a rig on the campus of each school.

In this plan Mr. Cline has two aids in view. One is that by becoming familiar with the oil game, the students will, when they leave school, be better equipped to understand the oil industry's needs.

The plan has been approved by the association, but has never been put into effect, and it is probable that some action looking to its consummation will be taken Friday.

It is expected that Friday's meeting will also seek to discourage, in a proper way, any extensive resumption of drilling activities as a result of the oil price advance. There is considerable sentiment

among members of the association in favor of holding off until oil reaches at least \$2.50 a barrel, the belief being expressed that to inaugurate any campaign for increased production now would be to halt the upward trend of the market.

NORTHWESTERN TO TRY FOR PERFECT SCORE IN "DRIVE"

The Wichita Falls and Northwestern railway is all set to try for a 100 per cent score during the "no accident drive" which will be observed by every railroad in the United States from October 13 to 31. Every employee of the company is urged up to the proper pitch in an effort to make this contemplated perfect score. Not only will every human precaution be exercised in the prevention of injuries but the company hopes to go through this period without the derailing of an empty box car.

In 1918, the Northwestern had seven accidents during this period; in 1919 it was cut down to four, and last year the total number of accidents were but two. It is hoped that a zero will be the score for this year.

COUNTY COURT AT LAW ADJOURNS AT NOON THURSDAY

Judge Guy Rogers of the county court at law adjourned court at noon Thursday in respect to the memory of Mrs. Lee Prescott, whose funeral was held Thursday afternoon. Mrs. Prescott was the wife of Commissioner Prescott of District No. 3.

GOVERNOR NEFF ATTENDS A MEETING AT DALLAS

AUSTIN, Oct. 13.—Governor Neff left today for Dallas to attend the semi-annual meeting of the board of trustees of Baylor university, the medical department being located there. The governor is president of the board. He said he will return to Austin tomorrow night.

Picture frames at Decorator's company. Windshields at Decorator's company.

COMPLETE CHANGE IN WIND BRINGS WARMER WEATHER

A complete change in wind direction during the night brought with it warmer weather Thursday. The mild norther that struck this district Wednesday morning was supplanted by a wind from the south and the lowest temperature Thursday morning was 59 degrees.

At Woodward a strong south wind was blowing with the lowest temperature for the night being 53 degrees. The agent at that place stated it was partly cloudy but that there was no indication of rain.

At Texline the thermometer fell as low as 42 during the night but no frost was reported. At Amarillo 50 was the lowest and at Childress 52 degrees.

AUSTIN DISPATCH ON IRRIGATION BOND SALE DENIED HERE

Everybody wishes it were true, but it isn't—yet. A dispatch from Austin, published in the Dallas News of Thursday, quotes R. A. Thompson, chief engineer of the project, as saying that the irrigation bonds have been sold.

It is believed here that Mr. Thompson was misquoted in the interview, as no trade for the bonds has been closed. There are mighty good reasons for thinking they will be sold soon, and no doubt some optimistic utterances by Mr. Thompson led the Austin correspondent to believe the sale had been consummated.

There is every reasonable basis for the hope that the sale will be effected shortly, it is said here, but no trade has yet been made.

ARRESTED ON CHARGE OF AGGRAVATED ASSAULT

Theodore Marken, proprietor of a waffle shop on Seventh street, was arrested Thursday morning by the sheriff's department on a charge of aggravated assault. The complaint was sworn out by a woman who alleges that the man assaulted her in his place of business. He was released on a \$250 bond.

DECLARE JAPANESE ARE VERY ANXIOUS TO SETTLE THE SHANTUNG PROBLEM

TOKIO, Oct. 12.—Japan is disposed to seek all possible means of solving the Shantung problem, it is indicated here. The main difficulty seems to be the absolute divergence of the views of China and Japan, China holding that the leased territory of Kiaochow should be restored to her because of her entrance into the war, while Japan is insisting that she must retain the legally acquired German rights in that territory.

Newspapers here reflect the idea that the question can be settled only by the friendly mediation of a third party. Some recommend that President Harding be asked to act in this capacity.

NO "HALF AND HALF" SCHOOL SESSIONS FOR LOCAL PUPILS

The "half-and-half" school day has been entirely eliminated from the public school system here, and all pupils are now attending regular school hours, starting at 9 o'clock.

In spite of the fact that there are 500 more pupils in the schools than at the same time last year, additional rooms make it possible for regular schedules to be maintained, and the plan that was necessary for several sessions, of having part of the pupils attend in the morning and part in the afternoon, has been discontinued, and school authorities hope it will never be necessary to start it again.

weather, with supplies of coal and oil for the heating systems, in case there isn't enough gas. The heating system at the new negro school was tested out Wednesday and worked to entire satisfaction.

TONIGHT AT 8:00 P. M.

Exide BATTERIES

More Coal at Less Cost

The old blind mule that hauls coal cars in a mine is being replaced by the mine locomotive. More coal we must have, and mine locomotives propelled by Exide-Ironciad Batteries have proved that they can handle more coal, save labor, and cut costs.

Not only beneath the surface of the earth, but beneath the sea in the submarines of various nations, Exide Batteries lend the magic of their stored-up power.

Above the earth, in airplane ignition, Exide Batteries play their unflinching part. In wireless plants, in telephone systems, in scores of industries, Exides prove their dependable power.

Exide was the first automobile battery and is recognized as the battery of long life and dependable power. You will find that Exide quality is an economy and an added satisfaction in motoring.

When you need a new Exide or responsible repair work on any make of battery, the nearest service station will give you expert attention.

EXIDE BATTERY STATION, 1108 Ninth Street
The Electric Storage Battery Company, Philadelphia

Wherever you see this sign you can be confident of ability; Exide works on every make of battery; and, when you need a new battery, the sign is made for your car.

Studebaker

This is a Studebaker Year

We have been asked the question how we account for the tide of Studebaker popularity which has swept the country.

Among others, two fundamental causes explain it:

1. The outstanding cause is the value of Studebaker Cars, in quality, style, performance, durability, and price, demonstrated by the complete satisfaction and enthusiasm of nearly one-half million owners who know values.
2. The universal respect for and confidence in the integrity of the name STUDEBAKER which for seventy years has been the symbol of quality and fair dealing.

Crowning proof of the dependability of Studebaker cars is reflected in our diminishing business in service parts.

With approximately 116,000 more Studebaker cars in operation on September 1st, 1921, our parts business the first eight months of this year was 3% less than in the same period two years ago.

While our car manufacturing plants operated this year 41% ahead of last year, our service parts manufacturing plant has operated at from one-half to two-thirds of last year.

Studebaker Cars are standing up in service and staying out of repair shops, to a degree unexcelled, we believe, by any cars of whatever price.

The Studebaker Corporation of America.
A. R. ERSKINE, President

ROTARIANS VOTE TO TAKE NO ACTION UPON PARADE HERE

DISARMAMENT PLANS ARE DISCUSSED AT MEETING WITH SPIRITED DEBATE.

A. E. MURDOCK SPEAKS ON COTTON AND EXCHANGE

Movement to Provide for "Knot-Hole Gang" at 1922 Games is Inaugurated Thursday.

A meeting brimful of interest was held by the Rotary club at the weekly luncheon at the Keaney Thursday.

A. E. Murdock, cotton exporter, whose farewell meeting it was, as he is to move shortly to San Antonio, gave a very instructive talk on his business and on the foreign situation generally.

Overshadowing these features completely, from the standpoint of the youth of Wichita Falls, was the starting of a movement to see that the "knot-hole gang" gets to see next year's ball games under more favorable conditions than in the past.

Jack Barnard was the star performer in a stunt that will challenge duplication for some time. He called the name and business of each member present, thereby taking a list away from it.

Mayor Cline brought up the disarmament parade question, saying he wanted to ascertain the sentiment of this and other clubs.

America want disarmament there is no reason why they should not express that desire.

A. E. Murdock said that he perused the English newspaper regularly and saw no evidence of any desire to come to the conference with any idea of "trading."

Mr. Murdock indulged in an interesting discussion of foreign exchange matters and their effect on the cotton business, and took issue with "abstract economists like Theodore Price," as the speaker expressed it.

Mr. Murdock said that while the United States now supplies two-thirds of the world's cotton, there is plenty of room in the rest of the world to meet all needs.

L. Creecy seeks damages in the amount of \$7,536.30 from H. L. Lewis in a case which is on trial in the 39th District court, as the result of a collision that occurred at Tenth and Burnett streets on the evening of March 5, 1921.

PRAYER MEETINGS IN HOMES OF CITY ON FRIDAY NIGHT

The effort that the First Christian church is putting forth to hold home prayer meetings during this week met with marked success on Monday night.

Mr. R. A. Lincoln, 1401 Twelfth street, Prof. Les Clark, 1113 Polk street, Mr. F. B. Curd, 1005 Burnett street, Dan Oster, 1418 Fourteenth street, Mr. R. E. Shepard, 1721 Huff street, Dr. A. O. Scharf, 2210 Tenth street, Mr. J. W. Pond, 16 Tenth street, Mr. F. B. Mashburn, 1809 Eleventh street, Mr. E. Van Deventer, 1809 Lucile street, The Day Nursery, 704 Lamar street, Mr. J. W. Bradley, 1822 Eleventh street, Mr. L. A. Robinson, 1401 Hayes street, Dr. A. R. Prothro, 2903 Ninth street, Mr. P. H. Leath, 1801 Ninth street, Mr. F. B. Griggs, 701 Holliday street, Mrs. Judge W. M. Moore, 1707 Tenth street, Mr. J. N. Prothro, 1010 Bluff street, Mrs. J. W. Kinsey, 1445 Lucile street.

On Friday night at 7:30 the second and last meetings of the week, prior to the revival meeting, which will begin at First Christian church on Sunday, October 17, will be held at the following homes:

Mrs. M. L. Reid, 908 Burnett street, Mr. F. L. Adair, 1213 Britain street, Mrs. J. E. Liggett, 2111 Eighth street, Mr. S. P. Wilson, 1105 Austin street, Mr. J. A. Patton, 1210 Eighth street.

DENVER RAILROAD SUED BY PARENTS OF ELECTRA YOUTH

The Fort Worth Denver Railroad company was named defendant in a damage suit for \$3,500, filed Thursday in the 30th district court by Mr. and Mrs. M. H. Black of Electra, stepfather and mother of Henry Newton Fulton.

The petition alleges that on August 24, 1921, the boy, who is 12 years of age, bought a ticket from Leflore, Okla., to Electra, Texas, and that at the time he was in ill health suffering from a spider bite.

The plaintiff alleges that the boy changed trains in Wichita Falls and boarded the Denver train for Electra but that due to the carelessness of the employes and agents of the defendant the boy was carried on to Oklaunion, Texas, 12 miles on the other side of Electra.

Fans Here Know Result of Series in Few Seconds

"Baker crumpled out and Ward was caught trying to take third on the play."

Within considerably fewer seconds than it takes for you to read that line, the climax of the 1921 world's series had been flashed from the Polo Grounds in New York City to The Times office, repeated by the operator to Jimmy Maxwell and megaphoned in Jimmy's resonant Irish tones to the crowd in front of The Times office.

Wichita Falls and some hundreds of other stations throughout the western hemisphere were provided with service of such a nature that the play on each ball pitched was known before the dust of the fielder's feet had settled on the diamond. One telegraph operator clicked out the words dictated to him in the press box, all the stations receiving it simultaneously, without relay.

IT'S HARD ON THE DUCKS But it's pie for the hunter—the open season for ducks begins next Sunday, October 16, and the lake and streams around Wichita Falls are reported to be alive with ducks.

You Can't Kill Ducks With a Bean Shooter

A gun is necessary, and the better the gun and ammunition the better your chance for a well filled game bag.

We are fixed for you on the gun and ammunition question—the very best makes at fair prices—and we have everything you will need to go with it—Shells, Belts, Game Bags, etc.

Western "Field" shells led all other makes in the Grand Handicap Tournament at Oklaunion.

Ball two. Strike one. Strike two. Foul. Neft fouled out to Baker. No runs, two hits, no errors.

MARKETS COTTON MARKET.

NEW YORK Cotton. NEW YORK, Oct. 13.—The cotton market opened with a rise of 1/16 to 17 points higher owing to the relatively steady ruling of Liverpool over the local holiday and rumors that the census bureau would issue a supplemental report which would tend to offset the constructive large ginning figures of October 1. December sold at 19.35 and January at 19.15 right after the call or 15 points net higher, but there was a good deal of southern selling and prices soon turned easier. December eased off to 19.35 and January to 19.15, or about 1/16 net lower before the end of the first hour. Private cables reported a continued good tone in Manchester, but held that spot demand was becoming less active in Liverpool. The southern selling here was large in the near months, which was regarded as suggesting liquidation of speculative long accounts rather than hedging. Light frosts were reported in the belt over Columbus Miss. but had little or no influence. The market showed continued nervousness and irregularity later. Southern spot prices indicated firmness but the south continued to sell here and there was further weakening. Liquidation which sent prices about 1/16 to 1/8 net lower around midday with December selling at 19.25 and January at 19.05.

NEW ORLEANS COTTON.

NEW ORLEANS, Oct. 13.—Better than this district, a rise of 1/16 to 16 points on the opening of the cotton market today, but offerings increased after the call and at the end of the first half hour of trading the list showed losses of 5 to 10 points compared with the previous close. December traded to 19.10 and fell back to 18.75. Some of the selling appeared to be for speculation, but continued dry weather over the belt.

NEW YORK STOCKS

NEW YORK, Oct. 13.—Resumption of trading in the stock market after the holiday showed no material alteration in the general tendencies. Domestic oils of the several speculative varieties, continued to feature the constructive side at fractional gains, but Mexican and European oils were depressed. Royal Dutch, Standard Oil and South Porto Rico sugar, showed further weakness. Unsettled in the foreign exchange market, which was precipitated by the extreme weakness of German marks, which fell to a new low record.

GRAIN AND PRODUCE

CHICAGO, Oct. 13.—Material declines took place in the wheat market today, largely as a consequence of price breaks in Chicago, which were made when the Chicago exchange was closed. A heavy construction that in some quarters is being remarked by speculative buyers, however, tended also to depress values. Furthermore, a heavy price advance for German marks was generally regarded as a handicap on grain and other commodities. Wheat closed lower, with December 1.13 to 1.13 1/2 and May 1.17 1/2 to 1.18, scored a moderate rally and then sagged again. Prices closed steady, 2c to 2 1/2 net lower, at \$1.12 to \$1.12 1/2 for December and \$1.17 to \$1.17 1/2 for May. Corn and oats weakened with wheat. Corn, best, closed 41c to 42c lower, with December 42 1/2 to 43c, underwent a slight additional sag. The market closed 1/2 to 1 1/2 to 2 1/2 net lower with December 46 1/2 to 47c. Initial price for oats were 41c to 42c down, December 41 1/2 to 42c, and there were other losses later in the day. With hog values on the downgrade, options lacked support.

WHEAT

Table with columns for Dec, May, and other months, listing prices for wheat.

LIVESTOCK

KANSAS CITY Livestock. KANSAS CITY, Oct. 13.—Hogs, 4,000; opening, 19 to 15; heavy, bulk, 19.25; light, 19.50; steady. Cattle, 7,000; beef steers, steady to 5c higher; feeders, steady to 5c lower; stockers, \$1.00 to \$1.25; feeders, \$1.00 to \$1.25; other, \$1.00 to \$1.25; choice yearling heifers, \$1.00 to \$1.25.

MARKETS COTTON MARKET.

NEW YORK Cotton. NEW YORK, Oct. 13.—The cotton market opened with a rise of 1/16 to 17 points higher owing to the relatively steady ruling of Liverpool over the local holiday and rumors that the census bureau would issue a supplemental report which would tend to offset the constructive large ginning figures of October 1. December sold at 19.35 and January at 19.15 right after the call or 15 points net higher, but there was a good deal of southern selling and prices soon turned easier. December eased off to 19.35 and January to 19.15, or about 1/16 net lower before the end of the first hour. Private cables reported a continued good tone in Manchester, but held that spot demand was becoming less active in Liverpool. The southern selling here was large in the near months, which was regarded as suggesting liquidation of speculative long accounts rather than hedging. Light frosts were reported in the belt over Columbus Miss. but had little or no influence. The market showed continued nervousness and irregularity later. Southern spot prices indicated firmness but the south continued to sell here and there was further weakening. Liquidation which sent prices about 1/16 to 1/8 net lower around midday with December selling at 19.25 and January at 19.05.

NEW ORLEANS COTTON.

NEW ORLEANS, Oct. 13.—Better than this district, a rise of 1/16 to 16 points on the opening of the cotton market today, but offerings increased after the call and at the end of the first half hour of trading the list showed losses of 5 to 10 points compared with the previous close. December traded to 19.10 and fell back to 18.75. Some of the selling appeared to be for speculation, but continued dry weather over the belt.

NEW YORK STOCKS

NEW YORK, Oct. 13.—Resumption of trading in the stock market after the holiday showed no material alteration in the general tendencies. Domestic oils of the several speculative varieties, continued to feature the constructive side at fractional gains, but Mexican and European oils were depressed. Royal Dutch, Standard Oil and South Porto Rico sugar, showed further weakness. Unsettled in the foreign exchange market, which was precipitated by the extreme weakness of German marks, which fell to a new low record.

MRS. HOOPLE COMES IN TO RESTORE LAW AND ORDER—

THE OLD HOME TOWN

BY STANLEY

FIRE OF UNKNOWN ORIGIN DESTROYS SIX ROOM HOUSE

Fire of unknown origin completely destroyed a 6-room house owned by T. E. Williams and located at 1704 Magnolia street at 11:30 o'clock Thursday morning. None of the furniture or clothing was saved. One side of the house was occupied by Mr. Williams and his family and the other side by Deputy Sheriff O. M. Tanner and his family. According to one of the occupants of the house there was no fire in any of the stoves in the house when she went into the garden. When she looked back she saw the flames striking out through the roof. Mr. Tanner carried no insurance, he said, but it was believed that Mr. Williams carried insurance on the house and furniture. The loss amounts to over \$5,000.

DR. H. D. KNICKERBOCKER HAS A WORD OF PRAISE FOR THE FOUR HORSEMEN

The management of the Strand theater has received the following letter from the Rev. Dr. H. D. Knickerbocker, pastor of the First Methodist church, South, who witnessed the Tuesday night performance of the "Four Horsemen of the Apocalypse": "A description of the picture is impossible but in two words: It is superlatively great. The most delicate touches of exquisite artistry are shown both in the acting and the stage setting, and my unqualified advice to the Wichita Falls public is, sell your shirt if need be, or mortgage your half interest in your mother-in-law or proceed to any other desperate measure to get the Tuesday night performance of the "Four Horsemen of the Apocalypse" from the famous novel of Vicente Blasco Ibañez, is being shown all this week at the Strand theater, together with special music score, and an eleven-piece orchestra under the direction of Mr. L. V. Lawler.

SOUTHERN TO RUN AFTERNOON TRAIN STARTING SUNDAY

An important change in schedule effective next Sunday, is announced by the Wichita Falls & Southern. The daily passenger train, which now leaves here in the morning and returns late in the day, will reverse its schedule, leaving here at 2 p. m. and returning next morning, reaching here at 1:05 p. m. The old schedule afforded little opportunity for residents of the community to see the southern to come to this city without staying over night. Under the new schedule they can reach here shortly after 1 o'clock, have two hours for their business and leave at 2 p. m., reaching home the same day. The new schedule also affords good connections here and at Graham with the other roads out of both places. The passenger train will leave here at 2 p. m. reach Graham at 6:45 and Breckenridge at 9. The return train will leave Breckenridge at 7:30 a. m., Graham at 8:45 a. m. and Wichita Falls at 1:05 p. m.

LONGVIEW NEGRO IS SEVERELY FLOGGED BY PARTY OF MASKED MEN

LONGVIEW, TEXAS, Oct. 13.—Charles Hagler, negro, employe of a local hotel, was seized by masked men last night, taken to the country and so severely flogged he was unable to return to work today. It was understood the masked band charged Hagler with having "peeped" into the homes of citizens here.

REFER RESOLUTION TO CONDEMN KLAN

DALLAS, Oct. 13.—A resolution condemning the Ku Klux Klan submitted to the Texas chamber of commerce at the initial session of its annual convention here today, was referred to the resolutions committee. It was introduced by J. N. Cullinan of Houston, president of the chamber, and referred on motion of J. E. Farnsworth, Dallas business man. Mr. Cullinan bitterly denounced the Klan's activities in Texas and called upon business men to see that the law is enforced and "this reign of anarchy" ended. Mr. Farnsworth said he was "absolutely opposed" to the Klan, but objected to the resolution because it would ask the governor of Texas to call upon the president of the United States, if necessary, for protection against the Klan. "Texas is strong enough" to enforce its own laws, he declared. The roots of a young oak tree have been known to lift a six-ton block of granite.

HASKELL IS MAKING SPLENDID PROGRESS

Many Improvements, Public And Private, Are Reported to be Under Way.

HASKELL, TEXAS, Oct. 12.—Dirt was broken on the east side of the public square Wednesday afternoon for the installing of the new water main by City Water Superintendent Elyne Hambleton. The city of Haskell expects to lengthen and enlarge all the water mains of the city before the water of the public square which is soon to take place. The actual date of the commencement of work will be given out after the next council meeting, which will be next Tuesday, Oct. 19.

Haskell has made many improvements in the last few years and is planning still greater improvements. More than four miles of water main has been built in the last two years, and the water plant has been recently overhauled and a new filtering plant installed, which gives Haskell one of the best water systems of any city in west Texas.

A new high school building is now under construction and the new Christian church is nearing completion and many substantial and beautiful residences have been recently built, which shows the spirit of progress that Haskell citizens possess.

There has been more than 5,000 bales of cotton weighed at the local cotton yard by Public Weigher Jess Edwards and the cotton is pouring in daily. It is realized by the farmers and business men that Haskell county will far excel the first estimate of the crop.

The country has more hogs and cattle and other livestock than ever before in its history and the feed crop of the county is large. Melons of the finest variety are still coming into town and are selling for a good price.

Haskell county has also placed an exhibit at the Dallas state fair and those who have seen the exhibit shown there in charge of B. M. Whitaker, say that the showing will be in line with the best west Texas counties.

BUREAU MEMBERS GET \$40 ADVANCE ON THEIR COTTON

Number of Attractive Features Have Been Arranged For The Occasion.

VERNON, TEXAS, Oct. 12.—Farm bureau members in Wilbarger county will receive \$40 a bale advance on their cotton in place of \$25, according to a telegram received by the county agent. The new ruling is one which is most gratifying to farmers and townspeople alike, as it furnishes the grower with more funds when he needs them most, right at the start.

As soon as the cotton is sent to Dallas and a middling grade determined for it, \$10 more will be forthcoming as an advance. Local banks express themselves as well pleased with the new ruling. Arrangements have been made here for a local classing of cotton when it is brought in. A farm bureau agent is expected in Vernon this week end to work out permanent details concerning the advances on cotton.

WITNESSES TELL OF BOUNDARY AT VERNON HEARING

VERNON, TEXAS, Oct. 12.—C. M. Cureton, state attorney general, in company with John A. Fain, representing the state of Oklahoma, examined sixteen witnesses in Vernon Wednesday in connection with the Red river boundary dispute. The hearing commenced at 9 o'clock in the morning and continued until well into the evening.

There was much close questioning concerning the errand of the section of Wilbarger county that lies along Red river, and the subject of shifting sands received considerable attention. Statistics submitted dealt mostly with the Doans valley about 14 miles north of Vernon, and Captain C. F. Doans, the first settler in his community, figured prominently in giving an early history of the place.

Proceedings dragged somewhat, due to the introduction of lengthy written testimony, but there were no marked clashes between the opposing attorneys.

IOWA PARK PLANS FOR TRADES DAY

Number of Attractive Features Have Been Arranged For The Occasion.

IOWA PARK, TEXAS, Oct. 12.—The big trades day celebration for October is to have many splendid features. Horse races will take up much of the time Saturday afternoon, including a two and one-half mile race. There will be a mother Hubbard race, and a number of free for all races. Athletics feature up considerable attention on the program and a number of prizes are offered to the schools contesting.

The auction sale, in which many of the merchants as well as farmers and others are placing merchandise and chattels on the block to realize ready cash, is expected to draw a large crowd.

ONLY ONE COMPANY FOR CATTLE LOANS WILL BE ORGANIZED

Only one trust company to handle loans to cattlemen will be formed, and it will be located at Fort Worth. It was decided Wednesday at the meeting in Fort Worth. Had the plan of forming a number of smaller trust companies been adopted, Wichita Falls would undoubtedly have been chosen as the site for one of them.

Under the agreement reached Wednesday, Fort Worth is to raise half of the \$1,500,000 capital for the institution. Frank Nell, who represented this city, good naturedly said that if Fort Worth did not make good on this promise, Wichita Falls would. However, it is considered that the nine or ten trust companies, instead of a number of lesser ones, will be followed.

The meeting was attended by about 120 cattlemen and bankers from throughout the southwest, and the Fort Worth plan for one big trust company was agreed upon, by a small majority, after the alternative plan had been discussed. Marion Sanson, Fort Worth banker who will be in charge of the cattlemen, and W. J. Ramsey, clerk of the federal reserve bank at Dallas, will attend the meeting.

WOMAN IS ARRESTED IN CONNECTION WITH SCOTT - FIELDS CASE

A third arrest was made late Wednesday in the robbery case in which "Scotty" and Sewell Fields are under charges at Henrietta. Mrs. Ann Lemons being charged with complicity in the affair. She was arrested in connection with charges that her automobile was used for the trip to Peain, where the alleged robbery took place, and that she was in the car at the time that the store was entered and the robbery committed. Mrs. Lemons was taken to Hen-

DERRELL HANSARD DIES SUDDENLY ON TUESDAY

CHILLICOTHE, TEXAS, Oct. 12.—Derrell Hansard, son of T. M. Hansard, prominent cattle buyer of this city, died Tuesday night of rheumatism of the heart. Young Hansard was 21 years old and was very prominent socially and with school friends. He attended Simmons college at Abilene last year. Funeral will be held at 2:00 p. m. Thursday. Interment in the local cemetery.

German parents sometimes change the name of their baby if it is seriously ill.

There are 15,000 sewer postoffices in the United States today than there were 20 years ago.

Do You Look Forward To a Good Night's Rest?

Do you regularly anticipate a refreshing sleep? Or do you dread going to bed, only to stare, sleepless, at the walls? The difference between sleeping and staring is simply a matter of nerves.

When your nervous system is in a sound condition, you are certain to sleep well. But when your nerves are worn out and beyond your control, your rest is broken and your awakening leaves you languid and irritable.

Doctors know that much of the nerve disorders result from tea and coffee drinking. The drugs in these drinks over-stimulate, often causing the serious ills which result from disturbing the regular bodily functions. It is for your health's sake that many doctors now say you should quit
