ILLINOIS MINERS TAKE MONEY FROM HOWAT'S DISTRICT

CHARGES MADE AT CONVENTION THAT FUND WAS MISUSED.

ILLINOIS MINE OFFICIAL SAYS "ABSOLUTELY FALSE"

Says Money Transferred But Support of Organization Still With Kansas.

SPRINGFIELD, ILL., Oct. 20.—Further financial support from Illinois for Alexander Howat and his followers will be forthcoming if it is needed, Secretary Walter Nesbitt of the Illinois Miners' Union said this afternoon in denying that the removal of funds from the Illinois meant withdrawal of support.

PITTSBURG, KAN., Oct. 20.—Return to the treasury of the Illinois miners of the balance of the \$100,000 fund sent to the Kansas miners to fight the industrial court law was asked by Walter Nesbitt, secretary-treasurer of the Illinois district.

In a letter to Thomas Harvey, provisional secretary-treasurer of the Kansas district, Nesbitt asked that the \$100,000 fund be returned for deposit in the treasury of the Illinois district.

Nesbitt and other officials of the Illinois district recently were in the Kansas field, returning to Illinois about a week ago. It is understood that the officials thought the return of the balance of the fund.

Much of the fund sent by the Illinois miners was used in the political campaign held last year in which Howat and his followers sought to defeat Governor Allen for re-election as governor and to elect legislators opposed to the court law.

Charges were made in the recent industrial convention at Indianapolis, Ind., that Howat had misused the money which was returned to the Illinois miners immediately.

The report of the district auditors, available today, shows that the Kansas district donated \$20,000 of the Illinois fund for the establishment of "The Golden Rule Messenger," a newspaper published by the State Federation of Labor, for use in fighting the industrial court law.

The late J. E. Sheppard of Fort Scott, attorney, is promoter of the "Golden Rule Messenger" plan. The paper never has been started.

The auditors' report also shows that \$15,000 was spent for the services of lawyers in the Columbus trial of Howat. R. S. Brennan of Kansas City received \$10,000 for services at the trial. Sheppard and C. A. McNeill and Charles Stephens of Columbus received \$10,000. The sum of \$1,252 was spent procuring transportation for Howat supporters to attend the trial.

ILLINOIS MINE OFFICIAL SAYS "ABSOLUTELY FALSE"

SPRINGFIELD, ILL., Oct. 20.—"Absolutely false," says the words of Walter Nesbitt, secretary-treasurer of the Illinois United Mine Workers greeted the report from Kansas that financial support had been withdrawn from the fight against the Kansas industrial court law.

"No support has been withdrawn from the Kansas miners," Mr. Nesbitt said. "The only thing we have done to transfer the physical cash from the state of Kansas to Illinois is to have it carried to the Illinois district by the express."

Asked the reason for the transfer, Mr. Nesbitt said it was because Thomas Harvey, provisional secretary-treasurer of the Kansas district, is opposed to Howat and his fight against Governor Allen.

"We didn't want our money in the hands of a man of the other camp. We prefer to have charge of it ourselves," he said.

FARMERS TO BEAT RAILROAD STRIKE SAYS WASHINGTON

SMARTING UNDER LOSSES THEY HAVE NO SYMPATHY WITH LABOR DEMAND

REPUBLICANS AGAINST A FURTHER 'SURRENDER'

Understood That Party Leaders Are in Favor of a Fight to the Finish

By MARK SULLIVAN, National Correspondent of the New York Evening Post and Wichita Daily Times

WASHINGTON, D. C., Oct. 20.—The most dependable judgment in Washington is that if the railroad labor leaders continue in their desire for what one of them termed a "life-and-death" struggle they will get it and will be beaten. The feeling is universal among those who judge such things in the relation to current public opinion that the labor leaders have chosen the wrong possible time to take such a step.

Those who consider the situation in relation to major political currents turn instantly to the thought of what the farmers will think. The farmer is at all times the largest single group in the American electorate, and at the present time happens to hold the balance of power to a peculiar degree. It is true that with the farmer one of the principal issues at the moment is the high freight rates exacted by the railroad workers, but it is also true that, however the farmer may feel about the railroad manager, he has less love for the railroad worker.

Assurances were given by Representative Mondell that he would call the conference report at an early date and be explained that the delay was due to a parliamentary tangle.

8 Arrests Follow Free-for-All Row, One Pistol Used

ADOPTE RESOLUTION THAT HAWES IS ENTITLED TO RETAIN SEAT IN HOUSE

THROW OUT CLAIM OF BRACKEN OF PITTSBURGH

WASHINGTON, Oct. 20.—Without a dissenting vote today the House threw out the claim of John Bracken of Pittsburgh that he was elected representative at large from Pennsylvania to the sixty-seventh Congress.

WASHINGTON, Oct. 20.—Although illiteracy in Texas, according to a report from the census bureau today, shows a decline of from 2.9 in 1910 to 2.2 in 1920, it is still relatively high, the most marked improvement having been shown by negroes with a percentage reduction from 24.5 to 17.8.

PLOT AGAINST U.S. OFFICIALS NOW IN CITIES OF FRANCE

PARIS Oct. 20.—Retaliatory measures in the event of the execution of the two Italians, Sacco and Vanzetti, convicted of murder in Massachusetts, are threatened against American consulates in Paris, Bordeaux, Lyons and Marseilles in letters received at those consulates today, signed by communist organizations.

Similar threats were made against the office of the American representative commission and the American passport bureau in Paris in letters sent to those offices.

Stipulations were placed around the American consulate and the reparations and passport bureau office here this evening.

Alexander M. Thacker, the American consul general, received a letter tonight from a communist organization in a small town near Lille declaring that Americans in France would be the object of retaliatory measures if the executions took place.

It is believed by the authorities that there is a general plot against all American officials in France.

Forty-six additional letters of protest in connection with the convicted men were received by Ambassador Herrick this afternoon.

The entire detective force of Paris and all available policemen, under the personal direction of the prefect of police, worked throughout the night in efforts to trace the makers of the bomb. No arrests had been announced by the police up to noon today, but it is said two clues formed the basis for further investigation.

POLICE AUTHORITIES ARE INVESTIGATING EXPLOSION

PARIS, Oct. 20.—Police authorities investigating the explosion of an infernal machine in the residence of Myron T. Herrick, American ambassador to France, yesterday, are reported to have found a deadly package in the package which was concealed in the package sent to the ambassador.

It will be recalled that Mrs. Herrick's sister recognized the sound given out by the package when it was opened as being that of a bomb and that he had formed the suspicion that a British agent was in the room.

Paris newspapers today voiced their indignation over the outrage and long accounts and photographs showing the wrecked room in the Herrick residence.

Small Orleans Package Wrapped in Plain Paper

PARIS, Oct. 20.—A small Orleans package wrapped in plain paper, tied with a strong cord and marked "perfume," lay on a table in the American embassy yesterday. It was addressed personally to the American ambassador, Myron T. Herrick, and had been delivered to the embassy yesterday.

Thinking it was a gift, the ambassador's secretary, Lawrence Norton, carried it to the ambassador's study, where it was opened by a French valet.

General Pershing Leaves Paris on Return Home

PARIS, Oct. 20.—Gen. John J. Pershing, who came to Europe to direct the operations of the American Expeditionary Force in France, left Paris for Cherbourg, this morning on his way to the United States.

PARIS, Oct. 20.—Gen. John J. Pershing, who came to Europe to direct the operations of the American Expeditionary Force in France, left Paris for Cherbourg, this morning on his way to the United States.

BOMB EXPLOSION IN PARIS HOME OF U. S. AMBASSADOR

MYRON T. HERRICK AND FAMILY HAVE NARROW ESCAPE

APPARENTLY BRITISH BOMB USED IN WAR

Was Concealed in Package and Mailed to the Ambassador's Office.

By Associated Press.

PARIS, Oct. 20.—Myron T. Herrick, the American ambassador, went to his office in the American embassy as usual this morning, little affected by his narrow escape yesterday afternoon when a bomb exploded in a room at his home in Avenue de Messine.

Mr. Herrick found several telegrams and letters of congratulation from officials and friends all over Europe.

He was told that a British agent had been in the room when the package was opened.

Police were searching Thursday afternoon for a negro who shortly after the dinner hour walked into the A. L. Kirkland home, 1411 Buff street, and apparently a small savings bank belonging to the small Kirkland children.

Mrs. Kirkland was in the back yard when she saw a man in a dark suit and a woman in a dark dress.

She called the youngsters to go tell their mother that a man in a dark suit and a woman in a dark dress were in the back yard.

### NAME STOCKYARDS UNDER GOVERNMENT SUPERVISION NOV. 1

FIFTY-FOUR ARE SCATTERED THROUGHOUT THE COUNTRY.

### YARDS AT FORT WORTH IN LIST MADE PUBLIC

Department of Agriculture Will Place Supervisors at Each Location.

WASHINGTON, Oct. 20.—A list of the stockyards, which, under the packers and stockyards act, will come under the supervision of the secretary of agriculture Nov. 1, was made public here today. Fifty-four yards in almost as many cities are included in today's list, and, it was announced, at least 16 others will be added as their status under the bill is confirmed officially.

Tentative regulations for the control of the yards as well as commission men and other market agencies will be published soon, the department announcing, however, that these are "open to modification upon suggestion or criticism from interested firms and persons."

The yards "listed" today include: The Union Stockyards and Transit company of Chicago, Ill.; St. Louis National stockyards, East St. Louis, Ill.; Independent Union stockyards, El Paso, Texas; Fort Worth Stockyards company, Fort Worth, Texas; Kansas City Stockyards company, Kansas City, Mo.; Dixie National stockyards, Memphis, Tenn.; Joseph A. Maxwell & Sons Commission company, Memphis, Tenn.; New Orleans Stockyards, Inc., Arabi, La.; New York Stockyards company, New York, N. Y.; Oklahoma National Stockyards, Oklahoma City, Okla.; Union Stockyards A. S. San Antonio, Texas, and the Wichita Union Stockyards company, Wichita, Kan.

The department will place supervisors in each stockyard, to be designated livestock market supervisors, whose duty it will be to observe conditions and methods of doing business in the stockyards, report the observations to the department and to iron out any difficulties on the ground as far as possible.

### LLOYD GEORGE SETTLES RELIGIOUS CONTROVERSY

SPRINGFIELD, Ill., Oct. 20.—Controversy over the religious affiliation of David Lloyd George, who has been claimed here by both Disciples of Christ and Baptists, was settled today by Mr. Lloyd George himself after the manner of Solomon, choosing neither the one nor the other, but claiming them both.

In a letter responding to a query, the British prime minister wrote that he is a member of the "Disciples of Christ, but attends the Baptist chapel."

The controversy was occasioned several months ago when local Baptists denounced at what they called a presumption of the congress of the Disciples of Christ in claiming Mr. Lloyd George as all theirs.

### MRS. STILLMAN BACK

This is how Mrs. James A. Stillman looked when she returned to New York after a summer rest, to resume her fight against her banker husband's divorce suit. Her vacation and her reconciliation with her daughter, Anne, have greatly benefited her.

### VERA CRUZ OFFICIALS ARE PREVENTED FROM CARRYING OUT PLANS

MEXICO CITY, Oct. 20.—Officials of the state of Vera Cruz were enjoined from interfering with the operations of the Agulla Oil company, a British concern yesterday, by the Mexican supreme court. The injunction stopped the officials from carrying out the provisions of recent acts of the state legislature and declared that these acts were not retroactive in that they had no effect upon titles or transactions on record before the passage of the legislation.

This decision by the supreme court was considered here as a mere formality, following its action last week in granting a temporary respite to the Agulla company. Efforts by the corporation to have lifted the embargo which was recently imposed by Vera Cruz authorities to insure the payment of back taxes were sustained by the court.

### RECRUITING OF THE NATIONAL GUARD TO BE PUSHED FORWARD

COLONEL RAINS TO DEVOTE HIS WHOLE TIME TO THE WORK.

### 142D INFANTRY HAS LEAD IN THE STATE

Full Quota Of Troops Allotted To Texas Is Sixteen Thousand Men.

AUSTIN, TEXAS, Oct. 20.—Recruiting of national guard organizations in north-east Texas will be pressed forward during the next few months, according to Adjutant General Thomas D. Barton, who has just returned from Dallas, where he conferred with Colonel George P. Rains of Marshall and others interested in the development of the national guard in this section.

Colonel Rains, who has been selected to command the 142d infantry when its reorganization is completed, has arranged to devote his whole time during the next two or three months to organization work and will travel throughout the area allotted to the 142d infantry, which includes the whole northeastern section of the state, from Dallas to Texarkana, extending as far south as Shelby county on the east and Ellis county on the west. The 142d infantry in northwest Texas has led the state, to date, in the number of new organizations formed, but with Colonel Rains actively at work, it is expected that organization in north-east Texas will be greatly stimulated, according to the adjutant general.

According to General Barton, plans are being made for greatly increased activity in the organization of national guard companies throughout the state.

"Our national defense policy," said General Barton, "has been reduced to the regular army and placed the burden of preparedness more largely upon the national guard."

"The success of this policy depends upon each state doing her part by raising the number of national guard troops allotted her on the basis of population. Texas at this time is one of the lowest states on the basis of the percentage of her national guard quota that she has organized, but Texas will do her part."

The full quota of national guard troops, allotted to Texas, based on an allotment of 800 men for each senator and representative in congress, as provided by law, is 16,000 men and will include the 26th division, complete, organized at peace strength, besides certain other troops, including cavalry, field and coast artillery, auxiliary engineers and air service, which will be assigned to the Eighth corps and Third army, as contemplated by the national defense system. During the present fiscal year, however, all attention will be concentrated upon the organization of the four infantry regiments of the 26th division, the 141st, 142nd and 143rd infantry, and no effort will be made to organize any other units until these have been completed.

### ONE MAN IS KILLED AND THREE WOUNDED

Shooting Follows An Attempt To Search An Automobile For Liquor.

KNARAS CITY, Oct. 20.—One man was killed and three others dangerously wounded near Osceola, Iowa, last night, when E. J. West, Osceola sheriff, attempted to search an automobile for liquor.

In a message to the Kansas City police, Sheriff West said the four men were camped by the side of the road when he approached with his party. He said that believing that they were liquor "runners" he ordered them to hold up their hands and submit to search and that they responded by opening fire. The shooting occurred nine miles south of Osceola, the sheriff said. Charles Jones, a farmer living near the scene of the shooting, was killed in the firing and Dr. William Fuller, a veterinary surgeon of south of Osceola, the sheriff said, was slightly wounded.

Loading his injured companions into his touring car, the sheriff pursued the supposed liquor runners 20 miles south to beyond Ayr, Iowa, where he lost their trail.

### FIFTY THOUSAND JOBS WOULD BE AFFECTED

WASHINGTON, Oct. 20.—Fifty thousand civilian munitions workers will find themselves without jobs if the November conference on limitation of armaments succeeds in halting battleship and ordnance construction in the United States.

The American Federation of Labor is considering plans to effect their re-employment in peaceful industry.

Between 10,000 and 15,000 men are employed continually by the navy ordnance department in making naval guns and ammunition, manufacturing torpedoes and filling shells.

The army ordnance department employs 21st civilians in making coast and field artillery and ammunition and accessories, as gun carriages and ammunition tampers.

But the government manufactures only a small part of its arms and ammunition. The greater part of this work is done under contract by big private corporations.

Most important among private arms purveyors are the Bethlehem, Carnegie and Midvale Steel corporations.

No accurate figures are available on the number of men employed solely in munition manufacture by these corporations, but estimates place it well over 25,000.

The American Federation of Labor has pledged full support to President Harding's conference. Now the munitions workers are re-proaching the federal government.

No the federation is trying to work out a program that will conciliate the munitions workers and at the same time hold to labor's traditional stand on disarmament.

For Rent Rooms to permanent guests at \$10.00 per week. The Westland. 156-7th

### THURBER MINES TO BE REOPENED NEXT MONDAY ON AN OPEN SHOP BASIS

THURBER, TEXAS, Oct. 20.—Mines here of the Texas and Pacific company, closed since last spring, when miners refused to accept a reduction in wages, will be opened Monday on the open shop basis, according to announcement by E. C. Britton, general manager. One shaft will be operated first with a small number of men, the force to be increased from time to time, the announcement said.

### GUARDS KILL PRISONER WHO ATTEMPTS ESCAPE

HUNTSVILLE, TEXAS, Oct. 20.—Penitentiary officials today were awaiting word from relatives at Commerce concerning their wishes in the disposition of the body of R. B. Welch, serving a five-year sentence for highway robbery at Dallas, and who was killed yesterday by guards when he attempted to escape from a prison camp near here. Welch had served less than a month of his term.

### TWO LOSE THEIR LIVES WHEN A VESSEL BURNS

MARINE CITY, MICH., Oct. 20.—Two members of the crew of the steamer William H. Wolf lost their lives when the vessel burned opposite here this morning and Captain J. E. Hanson of Detroit, who escaped by jumping from the deck of his ship into a small boat, suffered fractures of both legs.

### VERDICT IN GUILTY OF MURDER IN FIRST DEGREE

ROSBURG, ORE., Oct. 20.—Dr. R. M. Brunfield was found guilty of murder in the first degree here last night in connection with the death of Dennis Russell. In Oregon the penalty for murder in the first degree is death by hanging.

### THEFTS OF RUSSIAN FOOD SUPPLY SMALL

European Director States That Amount Does Not Justify Charge of Looting.

LONDON, Oct. 20.—Thefts of food supplies sent to Russia by the American relief administration have been very small, said a letter from Walter Lyman Brown, European director of the administration which is quoted by today's London Times. The letter concerns primarily reports that the Russians took large quantities of supplies sent to Portland on board the Danish steamship Phoenix and Mr. Brown declares the loss occasioned by the action of longshoremen there was only slightly more than one-half of 1 per cent. He declares that this loss should not by any stretch of the imagination be called looting.

### SHERMAN LADIES' SHOP IS LOOTED BY BURGLARS

SHERMAN, TEXAS, Oct. 20.—Burglars last night forced their way through a skylight into the New York Ladies Sample shop here and carried away ladies' coats valued at about \$4,000. The robbers escaped with their loot in an automobile.

### VERDICT NOT GUILTY IN BERT DAVIS CASE

PONCA CITY, OKLA., Oct. 20.—A jury in district court early today returned a verdict of not guilty in the case of Bert Davis, who had been tried on a charge of murder in connection with the death of "Fony" Church here Feb. 23. Last Davis pleaded self defense, claiming

Church had broken in a door of his home and was advancing on him with a gun in his hand. Mrs. Davis corroborated the testimony of her husband, as did the widow of the slain man. Church and Davis were cousins by blood, and brothers-in-law by marriage.

### SAYS HIGH WAGES WITH NO WORK NO BENEFIT TO MINER

KANSAS CITY OPERATOR DISCUSSES SITUATION IN CHICAGO SPEECH.

### HIGH REGARD FOR UNIONS IF "FAIRLY CONDUCTED"

Calls Attention to Objectionable Provisions of the Miner's Contract.

CHICAGO, Oct. 20.—A paper high wage scale with no work will not help the miner, but a fair wage scale with regular work will build his yearly earnings to a basis of American living and allow the coal operator to offer cheap fuel to the consumer and reduce the producing cost of all commodities, Harry M. Taylor of Kansas City, vice president of the Central Coke and Coal Company, told delegates to the American Mining congress here today.

Declaring he personally had the highest regard for labor unions, "fairly conducted," as he termed it, Mr. Taylor said the unions had an opportunity to play a leading part in the national readjustment and urged that they take advantage of it.

"If, however," he said, "the miners continue their refusal to make a readjustment of an abnormal wage scale and on April 1 call a nation-wide strike, the operators must assume a public duty of standing for the good of American industry and American freedom against a labor autocracy."

Have Aided Wage Earner Mr. Taylor declared that he had learned from personal observation that the labor union had done much for the wage earner and had in many instances brought him comfort and contentment, that otherwise could not have been procured.

"But the miners' organization must be purged," he said, of the radical and revolutionary leadership that has sprung up in the districts before it can hope to regain its standing in public esteem.

"The leaders, especially those of national authority, among the United Mine Workers, must refrain from giving their support to lawless characters who happen temporarily to be in office in several of the districts.

"Had the United Mine Workers been content to confine their effort to procuring proper working conditions and the payment of reasonable wages and the encouragement of efficiency and individual effort on the part of the membership, they would have maintained the good will of the public which they had a few years ago. Many of the leaders, in their greed for power, have become more and more unscrupulous until they are making it impossible for many mines to operate.

Perhaps only when they have driven the mining industry to the open shop will they learn that through their greed they have lost all that the conservative leaders of former years had gained for them."

Contract is Criticized Mr. Taylor criticized adversely that part of the contract between the operators and miners known as the check-off system. Originally, he said, it was designed to check off nominal dues and sick benefits.

Today, he asserted, its purpose is abused until it has become a menace to public welfare and is used to check off a large percentage of the men's wages.

"The vast sums obtained," he said, "are used for purposes far remote from that intended in the original contract. The money sums have been expended to carry on a lawless war condition in more than one non-union coal producing state. These funds have been diverted in another state and used for the defense of the I. W. W. under arrest for offenses against the laws of the nation. It was the vast sum created by the check-off which made conceivable the nation-wide strike of November, 1919, when people were threatened with freezing in an effort on the part of the miners to enforce their demands.

"The check-off enslaves the rank and file of the miners' organization. The individual miner's earnings are taken from his pay envelope in the proportion levied upon him and the funds are often used for radical propaganda in which he is not personally interested and to which he is frequently opposed.

"Although the contract distinctly provides that all men should remain at work while disputes are being adjusted, that clause in the contract is almost universally disregarded."

In our gardens of sleep there remain many an unmarked grave. Now is the time to remember them. A. G. Deatherage, 406 Seventh Street. Phone 5440. 155-7c

### Better Films to Come

Movies and their effects on public morals are discussed in these articles written by Rev. Billy Sunday, the famous evangelist. This is the third and last.

By REV. BILLY SUNDAY Famous American Evangelist

The movie has almost unlimited possibilities for education and entertainment and general good. In the world of literature there are hundreds of thousands of good stories and the skill and the genius of great directors has proved that almost any story can be told on the screen. Nor need there be any lessening of the dramatic and the sensational and the spectacular.

Because of the movies many boys and girls who never have been a mile from home know more about the geography of their country than their elders did after spending fortunes in travel. Think how many folks know what Niagara Falls really looks like and the Grand Canyon. And yet this field has hardly been touched. I've often wondered if Mammoth cave had been filmed a party on a possum-hunt in the southland.

Many Varieties of Clean Comedy There are thousands of varieties of good comedy films. It's a fine thing to make folks laugh and nothing is more popular than genuine humor. If any country on the face of the earth loves clean fun it is ours.

I believe the movement to bring pictures into the schools is an admirable one. A child absorbs information through the eyes far quicker than any other sense. Lack of complete understanding is most often the cause of strife between the various social scales, and the movies, quicker and better than any other agency, can tell one-half the world how the other half lives. It can help us get acquainted with our neighbor and share his joys and sorrows as he shares ours.

Progress of the stage and screen I keep in close touch with the

BILLY SUNDAY

### WAR DEPARTMENT WILL DISPOSE OF USELESS PROPERTY

WASHINGTON, Oct. 20.—The war department is preparing to sell at auction more than 70 real estate tracts over the country, regarded as useless for present or future army purposes. Among the tracts to be sold as soon as authorization can be obtained from congress are many obtained during the war for special purposes, but the list also includes a number of old time fort and military post sites. Among the latter is all of the Fort McHenry, Mary-

land, reservation, with the exception of a plot to be retained as the site for a monument to Francis Scott Key, author of "The Star Spangled Banner."

The real estate holdings to be sold include: Texas—Love field septic tank. New Mexico—Fort Hayard. Oklahoma—Lincoln county range.

### MOTHER, QUICK! CLEAN CHILD'S BOWELS WITH "CALIFORNIA FIG SYRUP"

Even a sick child loves the "fruity" taste of "California Fig Syrup." If the little tongue is coated, or if your child is listless, cross, feverish, full of cold, or has colic, give a teaspoonful to cleanse the liver and bowels. In a few hours you can see for yourself how thoroughly it works all the constipation, sour bile and waste out of the bowels, and you have a well, playful child again.

Millions of mothers keep "California Fig Syrup" handy. They know a teaspoonful today saves a sick child tomorrow. Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup. (adv.)

### GERMAN EXPORTS AND IMPORTS ON INCREASE

BERLIN, Oct. 20.—Figures showing exports from Germany during July, which have been issued here, show an increase for that month of complete understanding is most increased. The value of exports of July was fixed at 6,295,000,000 marks against 5,432,000,000 in June, while in July the imports were valued at 7,585,000,000 against 6,409,000,000 in the previous month.

### THE SCIENTIFICALLY BUILT WATCH

Waltham Equity Watch Nickel Screw Back and Bezel Case 16 size 2 Jewels \$12

**Twelve Dollars**

THIS watch is called the Waltham "Equity." And it is positively the greatest watch value ever presented for twelve dollars. We are speaking of watches, not pocket clocks.

It is a seven jewel time-piece. Every "part" made under the roof of the great factory at Waltham. And accurately made, for accurate telling of time. Every part of Waltham standardized quality.

This is the watch that makes the foreign maker wonder how we do it. It is a mighty fine time-keeper. Dependable, long-lived. An ideal watch for rough service. Yet good looking and friendly, year in and year out.

The Waltham "Equity" costs little, but gives much. It is quickly and economically repaired. A watch value that is unequalled anywhere.

Ask your jeweler. He knows all about it.

Write for a valuable booklet that is a liberal "Watch" education. Sent free upon request. The Waltham Watch Company Crescent Street, Waltham, Mass.

**LAND FIELDS MUST BE ALLOWED TO RAIL, COURT HOLDS**

**TRIBUNAL RULES THAT OFFENSE IS ONE PERMITTING BOND.**

**REAL TAKEN FROM DECISION AT HENRIETTA**

**Amount of Bond To Be Fixed in Case Expected To Be Determined Friday.**

Word was received here Thursday morning that the court of criminal appeals has held that the offense with which H. T. (Scotty) Scott and well known stand charged in Clay county is a bailable one.

The case was brought before the court Wednesday by Attorney R. E. Taylor when the habeas corpus proceeding was brought before it after Judge H. F. Weldon had refused to allow bail bond. The transcript of the case will arrive before the court on some time Friday.

Two men were remanded to the county jail without bond last Saturday following a preliminary hearing before Justice of the Peace Coleman. The two men stand charged with robbery with firearms.

**FUNERAL SERVICES TO BE HELD FRIDAY FOR VICTIM OF GUN WOUND**

Raymond Sachse, youthful dairy employe who was found in his room at the Guernsey garage Wednesday afternoon with a bullet wound in his forehead, died at 3:15 as he was being moved from his bed to an ambulance. No hope was held for his recovery from the time he was found, his brain having been shattered by the shot from a .33 caliber rifle.

That the boy shot himself while in a despondent mood seems to be a established fact, police officials and others who visited the scene Wednesday afternoon declare. No investigation of the affair has been made by officers.

Sachse is survived by his parents, Mr. and Mrs. R. L. Sachse of 1805 Austin street; three brothers, Clifford, Ernest and Raymond, of Charleston, S. C., and John of Texas, and one sister of Red Bank, Mo.

Funeral services will be held at 2 o'clock Friday afternoon from the family residence and will be in charge of Rev. O. L. Powers, pastor of the First Baptist church.

Burial will be in Rosemont burial park.

**IMPROPER TURNING OF CAR RESULTS IN NEGRO'S MACHINE BEING WRECKED**

An alleged attempt to turn his car around in the middle of a block resulted disastrously Thursday morning for Hudson Dorsey, a negro employe of the Wilcox-Massey automobile company, whose machine was wrecked when struck by a automobile driven by L. A. Wilson of the Wichita Produce company.

The accident took place at 7:30 in front of the Sunnyside company, 400 Scott street, and was due, it is thought to City Policeman Johnson to the negro's violation of the traffic laws.

Wilson's car was badly damaged and the Wilson machine came out of the wreck considerably the worse for wear. Neither of the two drivers were injured.

**WOMAN RESISTS OFFICER AFTER BEING ARRESTED IN HOTEL WEDNESDAY**

An unruly feminine guest at the Empress hotel furnished a large number of headaches a brief list of excitement Wednesday afternoon when she fought off a policeman who had arrested her on a vagrancy charge. She was reported to have been under the influence of liquor.

The house detective at the hotel made an effort to get her to the street, and once there aid from city police was necessary to get her into the patrol.

She was held in jail Wednesday and later released under \$50 bond.

**GASOLINE BURNS MAY CAUSE DEATH OF MOTORCYCLIST**

Burns sustained when he was involved by flaming gasoline from the explosion of his motorcycle Wednesday night will probably prove fatal for Robert McConnell, aged 18, an employe of the Motor-cycle Supply company.

The boy is in the Wichita General hospital with but a slight chance for his life, according to statements from attending physicians. Reports from the hospital Thursday morning gave his condition as "extremely critical."

McConnell was burned at 9:15 Wednesday night when fumes from the gasoline tank of his machine, which was being replenished with gas, were ignited by a burning oil lantern. He was terribly burned about the body, his chest especially being seared by fire.

First aid treatment was rendered by employes at the garage, and by several men who happened to be passing when the accident took place, following which the boy was hurried to the hospital and given attention by Dr. L. D. Barnell and Dr. L. P. Amason, who happened to be at the institution.

McConnell lived at 1647 Collins street.

**MANY HEAR HIBLE LECTURES AT PRESBYTERIAN CHURCH**

The special Bible study lectures which are being given by Dr. George Gullie, representative of the Moody Bible Institute extension work, at the Central Presbyterian church, still continue with good interest, says an announcement, which adds:

"Dr. Gullie gave a Bible study lesson yesterday morning at 10 o'clock, on the Book of the Hebrews, the subject for the evening service being 'The Standing and State of the Believer.' These were both very helpful and instructive lectures. Dr. Gullie, in this series of lectures is presenting the Bible in a very attractive and helpful way. His knowledge and exposition of the scriptures is really marvelous, and should be heard by every citizen of Wichita Falls."

These services will continue up to and including Friday night. The remaining services of this series will be held tonight, 10 o'clock tomorrow morning and 7:46 tomorrow night at the Central Presbyterian church, corner Eleventh and Bluff streets, city.

Funeral services will be held at 2 o'clock Friday afternoon from the family residence and will be in charge of Rev. O. L. Powers, pastor of the First Baptist church.

Burial will be in Rosemont burial park.

**USE SLOAN'S TO WARD OFF PAIN**

At all druggists—35c, 70c, \$1.40.

**Sloan's Liniment**

**REAL ESTATE MEN WILL MEET FRIDAY, TALBERT TO REPORT**

J. Wilkie Talbert has returned from Fort Worth where he attended a state meeting of the Texas realty board composed of recognized realty dealers throughout the state, as representative of the Wichita Falls realty board. He will make a report of this meeting at a luncheon of the Wichita Falls realty board at the Kemp hotel at noon Friday, to which an invitation is extended to all the realty dealers of the county, including those at Wichita Falls, Burkburnett, Iowa Park and Electric.

Mr. Talbert was honored by being elected a member of the executive committee of the state board. He also attended a meeting for the organization of the Texas League of Building and Loan associations, being elected a member of the executive committee of that organization also.

Mr. Talbert brings back a very encouraging report from these meetings. He says that there is a general belief that real estate values have now stabilized. This belief was strengthened at the meeting by telegrams from different sections of the country reporting that leases were being renewed at the same or higher prices and that the buying of real estate had once more begun.

The Royal Neighbors' box social will be held at their hall this evening, beginning promptly at 8 o'clock; black face comedy included in the program. Intermission for supper about 9 o'clock. 160-110

**HINES PROVES FATAL TO MRS. J. O. SHEAD WEDNESDAY**

Mrs. J. O. Shead, aged 28, died in the Wichita General hospital at 3 o'clock Wednesday night following an illness of about a month's duration. She was taken to the institution from her home, 1814 Fillmore street.

She leaves as survivors her husband and two children, one an infant a few days old.

The body was taken to the Hines undertaking parlors and prepared for burial and was later sent to Norman, Okla., where funeral services will be conducted.

**COURT DISSOLVES INJUNCTION SUIT AGAINST COUNCIL**

Judge F. A. Martin of the 89th District court dissolved the temporary injunction suit against the city council of Burkburnett restraining them from purchasing a piece of property from the Burkburnett Ice company.

B. F. George brought the proceedings against the city council alleging that they were purchasing this property with bond money voted for street and city improvements and further contended that the property involved was not worth the amount the city intended to pay for it and that the council was acting illegally.

The temporary injunction was granted by Judge Martin two weeks ago, but on final hearing, the judge stated that the attorney for the plaintiff did not appear, and he was further shown that the council did not intend carrying out the proposed deal. On these facts the temporary order was set aside.

It was also stated by the defendant in the case that the member of the council referred to did not have any interest in the property included in the proposed deal.

The Royal Neighbors' box social will be held at their hall this evening, beginning promptly at 8 o'clock; black face comedy included in the program. Intermission for supper about 9 o'clock. 160-110

THURSDAY, OCTOBER 20, 1921.

FOR THE COMMON GOOD.

Despite the fact that brotherhood members have voted overwhelmingly for a strike and that the railroad appears entirely willing for the issue to go to a strike and that the public is anxious for a settlement and is willing even to go through the suffering and inconvenience that a strike would bring to see the dispute settled, there is a common ground undoubtedly on which all sides could stand, if they would.

The Waco Times Herald says:  
"Here's hoping that both sides to the railroad controversy will eat their ultimatums. It is a situation that can be and should be compromised without loss of dignity or hurt to purse. Neither side should be stubborn to the breaking point. The public has a direct interest in this matter, which fact should make its appeal to the contestants. Whatever is fair and just should be accomplished. To get efficient operatives, good wages must be paid. On the other hand, the properties must have adequate compensation to make required betterments. But the tax on freight must not be too high, lest there be such a perceptible falling off as to reduce revenues to where neither the operators nor the roads will get suitable compensation. It is the everlasting triangle, the operators at one end, the roads at the other, and the public at the other. Now these three diverse interests must be brought into harmony or all concerned will be made to suffer. Therefore, it is a time for wisdom, for confidence, for conciliation, that no one group shall be injured and that all shall work together for the common good."

CONGRESSIONAL REPORTEER.

It's a pretty thin veneer that civilization lays over many of us and when this veneer is broken we get down to the raw animal in us.  
The other day in replying to an attack made on the floor of the House by Representative Blanton of Texas, Representative Burke of Pennsylvania, said that the gentleman from Texas knew that he was making a false statement.  
"You are a liar," shouted Mr. Blanton, rising from his seat.  
"You are a d—d liar," retorted Mr. Burke.  
Both men started toward each other but other congressmen prevented them from meeting. As Blanton struggled to break through those who held him back Burke exclaimed: "Let the dirty dog go."  
This is printed merely to show that being a congressman doesn't change the nature of the animal in us that barks and snarls.

EXTENDING THE EMERGENCY TARIFF.

The house of representatives voted a few days ago to extend the emergency tariff until February 1, 1922.

The bill was passed at the beginning of the new administration as an emergency measure to prevent the dumping of agricultural products into the United States. There may have been some reason in its adoption at that time, but these reasons certainly do not apply now. The bill does not raise revenue, so far as it has any effect whatever it is only a barrier to trade and an aggravation to those countries whose trade and friendship we need.

What the agricultural interests of this country need is help in selling their surplus products abroad. The reopening of the foreign markets alone will restore prosperity to the farmer. Far from helping in this, the emergency tariff is likely to be a hindrance.

## SMILE a WHILE

Women cry for "bush money."  
The world turns on its taxes.  
In these days the best slogan is "Dirty Threat."  
Are you broke, or did you have your winter coat charged?  
If the early bird stayed in bed he wouldn't get hungry.  
"Tax Measure Held Up"—headline. Teaching it how to act.  
Darwin be honored! The closest animal to man is the bed bug.  
"No Corsets This Winter"—headline. Now they breathe easier.  
"Reformers Try to Stop Smoking"—headline. Makes will power.  
Russia started out to lick capitalism but got no farther than its boots.  
A burglar has been sentenced for robbing a baby's bank. Read this to father.  
Another sure sign of winter is Emma Goldman wants to return from Russia.  
Girls looking for a husband had better be careful whose husband they get.  
Warrior history students are singing their lesson. One way to get even with the teacher.  
A Chicago man has taught two dogs to chew tobacco. When he runs out he goes to the dogs.  
One difference between Halloween and Thanksgiving is Halloween doesn't fall on a holiday.  
Manuel Herrick wants to make it a crime to impersonate a dog. Being jobless is impersonating

## TODAY'S TALK

By GEORGE MATTHEW ADAMS

### ILLUSIONS

In the skies of our experiences there are innumerable clouds, illusions—beautiful, changing, colorful affairs, but so soon swept by some unseen wind to—where? We know not!

What are illusions for then? I have wondered this many a time. And this is what I have decided. Illusions come that we may recognize the real—and be able to handle it with honor when it does come. The crowd is always attracted by the glitter and the smooth tongue. I often stand and watch the street corner vendor of some article as he paints his pictured bargains in the air. I have smiled at the disappointment of those who bought the pictured articles in their soft nostrils, and have offered my advice to stick to the tried and true.

But cautious as some of us may be, we cannot help but run occasionally into illusions that take us by the arm and lead us their way. And then the thought to bear in mind, is that—only as we pass through illusions are we able to find the actual and living thing.

Our tendencies are like the roots of a tree—ever reaching out for more room and better nourishment that we may grow stronger and reach higher. Often we deliberately walk into pleasures and deceptions that we know have no lasting benefits within them—but in our pursuit for happiness and a certain sort of contentment, we forget that we must back our desires by worthy and definite aims.

Take it in the field of our affections, must we not keep them as undimmed and pure as possible so that through the maze of darkness we may come out on the other side surely and safely?

In diversity of interest and the forming of new tendencies each day are we able to combat the fighting forces of our nature and thus fortify our lives against every dangerous illusion that may seek to undermine the walls of our desired character.

Illusions! Why not? If we understand what they mean in our development, what can come but better strength and a more rounded character?  
(Copyright, 1921, by George Matthew Adams.)

A company is known by the man it keeps.

## JUST FOLKS

By—Edgar A. Guest

### THE DIFFERENCE IN MEN.

There is a difference in men—  
One spreads flattery on so thick.  
You know it isn't meant to stick.  
And all the praise he utters then  
Is lost the minute it is heard.  
You can't recall a single word.

Another takes your hand and sets  
Your blood a-tingle, through and through  
His friendliness is all for you  
He never, when you're down, forgets  
To speak the words you long to hear.  
Somehow you feel he's always near.

One flatters and his speech is sweet,  
But little sugar friendship needs.  
His charm is found in kindly deeds.  
And not by words which all repeat.  
Do men their inmost thoughts reveal,  
But something which the heart can feel.

I've known the silent man to stand  
Beside me when my heart was numb  
And I rejoiced that he had come.  
For from the pleasure of his hand  
I knew unto the bitter end  
In him I had a constant friend.  
(Copyright, 1921 by Edgar A. Guest.)

## Current Comment

AMUSEMENTS VERSUS AMUSEMENTS

(Boston Record-Crier)  
We are not of those who believe the nation is decadent or headed for the demagogue bow-wow; to the contrary, we believe the world, with lapses now and then, steadily is getting to be a better place to live in. But when we discern the difference in rewards of different classes of men, we begin to believe in some of these things there should be a change if this country is to continue to go forward.

The spectacle of a custard-pie comedian, for instance, getting in material reward a dozen times as much as the president of the United States, for example, is calculated to disgust those of us who believe that the rewards of men in places of exalted dignity and grave responsibilities should accord those which we give to those whose places in history are ephemeral and whose contributions to the real advancement of the world are infinitesimal if at all. The comedian caters only to the desire for amusement and, since amusement is a desideratum, he is entitled to a reasonable compensation for what he does on the principle that the laborer is worthy of his hire. But, under any condition, his reward should be proportionate to his work and not wholly disproportionate, as it is under conditions as they are.

Baseball is a good game; it also serves to interest and amuse a considerable part of the population. But when one sees baseball players, even though they be at the "top of the heap," so to speak, drawing down \$5,000 for seven days' work on top of salaries that range all the way from \$10,000 to \$100,000 for the six months' season; and on the other hand, college professors, initiators, lawyers, business men, and other citizens whose efforts really amount to something in the betterment and advancement of the world drawing less for a year's work than a professional baseball player gets for a week's, it not only is preposterous, but in the eyes of many gives the wrong perspective in the material rewards of those who achieve and those who merely amuse.

And if it is urged that those "at the top" in any vocation are they who get the big rewards, one may truthfully answer that, even under that condition, the \$100,000 a year that Babe Ruth gets for his batting prowess is disproportionate to the \$10,000 or \$20,000 that represents the merit of university presidents' stipends in the whole United States; and that the tutelage and direction of 2,000, 4,000, 10,000 university students, who in time to come will be the directing influences of their communities, is vastly more important in the scheme of things than batting out 50 home runs in one baseball season.

It is true, of course, that material rewards are not the only, not even the chief aim, of life among those who would be useful citizens first of all. The achievement of having wrought great good, such as comes to the educator and the other leaders of public thought; of having helped to make the world a little better place to live in; of having eased the way for future generations—these are satisfactions that are tremendously more gratifying toward the end of one's life than the mere ability to sell at an exorbitant price one's physical pulchritude, animal activity and strength or ability temporarily to create a niche in the world's eye through powers of amusement. But the point is that there should not be the existing disparity in financial remuneration of the men who do and those who merely amuse, because the young man is prone to consider the immediate achieving of personal desires possible through money rather than in the reward of future philosophical gratification through the achievement of things worth while, but ill-paid.

## LARGEST TREE IN AMERICA HAS ODD INDIAN WORSHIP HISTORY

The trunk of the Santa Maria de Tula, the largest tree in America. Connected with this is the curious belief that if you place your ear to the roots of the Santa Maria de Tula you will hear distinctly the murmurings of the subterranean waters.

The "old water-tree," in an age of nature worship, was dedicated to one of the oldest of the Aztec deities, the goddess of the waters, who was believed to inhabit, at times, the underground waters, from which she came, occasionally, in the form of a beautiful woman.

After the conquest of the Aztec empire, the Indians continued to worship the old water-tree. But after the practice of idolatry was broken up by the adoption of Christianity, they began to call the big tree Santa Maria (after the Virgin Mary).

## COMMON SENSE WAYS TO KEEP WELL

### NATURE'S REMEDY

By DR. R. H. BISHOP  
Most people who call in a physician for their ills expect him to prescribe some long-named medicine, and many are surprised when told that the best remedy is nature's remedy, fresh air.

Many foolish people have been known to call in other physicians when one has prescribed such a treatment, and they usually find one sooner or later that will also prescribe the same medicine, which will do no harm, but also will do no good. There are many cases that can be cured just by living in the outdoors as much as possible.

It is well known that air is life, for without it man cannot live. So living in impure air or stale air gradually depresses his health, makes him a dyspeptic, predisposed to tuberculosis, pneumonia and other diseases.

The person who does not concern himself with the question of whether he is taking enough of the outdoor cure—all is liable to miss a good many of the enjoyable things of life and will probably die suddenly before his time.

And now if you will take an ordinary, if you know what that is—and if once I get the word said I never make a second attempt—if you take the fresh air, you will find that the system, with the sun at the center, and the planets in place and this great earth's a child's marble—will be in London. And I have thought of it many times since as a lesson which Americans need not lose to the people of England.

Perhaps there is no nation that has need of more frequent warning about to confuse bigness with greatness.

And thing is not necessarily great because it is big, nor big because it is near.

## EATING AND DIGESTING MACHINE DETERMINES THE VALUE OF FOOD

Ever hear of an eating machine? The U. S. department of agriculture has one in its chemical laboratories in Washington. Experts making digestion of food value experiments used to try food out on animals. Now they feed it to the machine.

And the machine not only eats it but digests it, just like the organs of a man or animal. And it performs all its operations in plain sight where the experts can observe it.

The eating machine looks like an incubator. Experimental food is placed on small beakers. Compounds containing the same chemical elements found in stomach juices are added.

Then the beakers are placed in a box. Temperature is kept at all times the same as the temperature of your stomach.

Food is left in the box the same length of time it would stay in a stomach. Then it is placed in another box and chemical elements are added to reproduce the action of the digestive food in a complicated device that breaks it up into the elements that make blood, muscle and nerve tissue.

Dr. Breece Jones, of Henry C. Watterman of the protein investigation laboratory devised this eating machine. With it they can accomplish the same results in a few hours that could otherwise only be accomplished in months with the aid of several animals.

They tell, for instance, just how digestible any food element is.

### STATE LEAGUE OF WOMEN VOTERS TO CONVENE OCT. 25

LARGE ATTENDANCE EXPECTED AT MEETING IN FORT WORTH.

#### PROMINENT LEADERS FROM OTHER STATES

Nine States Are Included in Those Expected to Send Delegates.

FORT WORTH, TEXAS, Oct. 23.—The program for the state convention of the Texas League of Women Voters, which opens in Fort Worth Tuesday, October 25, will close with a regional conference on the National League of Women Voters on Friday and Saturday, October 28 and 29.

In addition to the several hundred women who are expected to come as delegates from over Texas to the state convention, a number of prominent women from other states will attend the meetings. Among these will be Mrs. Maud Wood Park of Washington, D. C., national president of the league; Mrs. Richard Edwards of Peru, Indiana; and Mrs. Charles Dietrich of Hastings, Nebraska, director of the sixth region, which will hold its conference at the close of the state meeting. Among the states that will be represented are Nebraska, Colorado, Kansas, Missouri, Arkansas, Oklahoma, Mississippi and Louisiana, as well as Texas. There is a membership of about 25,000 women in the nine states, according to Mrs. Dietrich.

The prison reform discussion will start on the opening day. The speakers and their addresses include Governor Pat M. Neff of Texas, "Future Plans of the Texas Penitentiary," Dr. Curtis Weaver Smith, head of the girls' training school at Gainesville, and Mrs. H. F. King, chairman of the prison reform committee of the league. Other speakers will be State Senator Harry E. Hertzberg of San Antonio, "The Present Prison System in Texas," Miss Julia K. Jaffrey of New York, secretary of the national committee on prisons and prison labor; Dr. V. V. Anderson, director of the delinquent department of the National Mental Hygiene committee, New York; Mrs. Beatrice Plumb Munaker, girls' training school, Gainesville; Calvin Derrick, director of parole and education in New Jersey state institutions, and Tom Finley Jr., of Dallas. The program for the remainder of the convention and conference has not been completed, but probably will be announced within a few days, according to Mrs. Bacon. The convention of the Texas League of Women Voters was called

For the better understanding of the huge task that lies before us, to study the failures and successes of the past year and to confer with each other and the national officers regarding the responsibilities during the coming year to the state and nation," the state headquarters announced.

"The greatest problem still facing us as women is how best we may provide proper living conditions for our families on the amount of money at our disposal," the announcement said. "In the past the congress and legislature did not concern us, or so we thought. But with the coming of the world war and the ballot, we have changed. We are now thinking. We have learned the prices of groceries and dry goods is clearly affected by the cost of national armament and a profligate state prison management; we are questioning the wisdom of the saving of a few thousand dollars on public education with a future loss in intelligent citizenship incalculable in dollars and cents; we are wondering whether the protection of women both as mothers and economic producers is not a greater safeguard to the state than paternalism and class legislation are perils."

#### NOTED LOVE TRIANGLE ENDS IN MARRIAGE IN MEXICO CITY RECENTLY

SAN ANTONIO, Oct. 20.—Lee Shippey, Los Angeles newspaper man, and Miss Madeline Babine of Paris, France, were married in Mexico City a few days ago, according to a special dispatch to the San Antonio light today. The wedding was the end of a triangle which received much publicity throughout the United States, involving a divorce action in Kansas City by Mrs. Mary Blake Woodson Shippey, wife of Lee Shippey, following the return from France. Mrs. Babine later came to the United States. The Kansas City court granted Mrs. Shippey a divorce and the marriage at Mexico City followed.

#### HILL OR CORNING FOR AMBASSADOR TO GERMANY

WASHINGTON, Oct. 20.—President Harding's choice for American ambassador to Germany, a post expected to be held soon after expiration of ratifications of the treaty of Berlin was understood today to have narrowed down virtually to David Jayne Hill, former American ambassador to that country, and Representative A. B. Houghton of Corning, N. Y.

#### GOVERNOR NEFF INVITES MARSHAL FOCH TO TEXAS

AUSTIN, Oct. 20.—Governor Neff today sent an invitation to Marshal Foch to visit Texas and the Texas cotton palace exhibition on his trip to the United States. "By coming to our state you will honor and greatly add to the patriotic impulses of 2,500,000 Texans," he said.

### TESTIMONY ABOUT COMPLETED IN THE STEPHENSON TRIAL

GUGGAMAN IS REQUESTED TO WALK BEFORE THE JURY IN CASE.

#### DEFENDANT CONCLUDES HIS STORY OF KILLING

Accused Priest With Having Married His Daughter To a Negro.

BIRMINGHAM, ALA., Oct. 23.—Taking of testimony was expected to be completed today in the trial of Edwin R. Stephenson, a preacher, charged with second degree murder in connection with the shooting of Father James E. Coyle, Catholic priest, August 11.

The fourth day of the trial found another great crowd packed about the county building, literally fighting to gain admission. Yesterday's session marked by many tense situations, was brought to a dramatic close by the appearance before the jury of Pedro Guggaman, who as a communicant of Father Coyle's church, was married to Stephenson's daughter by the priest. Stephenson had concluded his narrative of events which led up to the shooting and had described the manner in which he slew the priest when he was interrupted by Judge Hugo D. Black, chief counsel for the defense. "Mr. Sheriff, call Pedro Guggaman," Guggaman was called. "Walk before the jury," Judge Black commanded. Guggaman without show of emotion stood before the twelve men in whose hands rests the fate of his father-in-law. "That will do," said Judge Black. "Bring him closer," broke in a juror in the back row. The sheriff instructed Guggaman to return. He walked within a few feet of the jury box. Not another word was spoken. He stood for a moment, turned on his heel, and left the room. Mrs. Guggaman testified at the preliminary trial that he was a native of Porto Rico. It was the first time in the history of Alabama criminal procedure, legal observers said, that a witness had actually been called before a jury without speaking a word.

### GENERAL ARMANDO DIAZ PLACES WREATH ON GRAVE OF LATE COL. ROOSEVELT

NEW YORK, Oct. 20.—Gen. Armando Diaz, Italy's victorious war chieftain, who arrived here yesterday, arose early today for a motor trip to Oyster Bay, where he planned to lay a wreath on the grave of the late Colonel Roosevelt. His visit to Roosevelt's grave was the only formally listed event of the day's program. Upon his return to New York General Diaz and his staff intended to spend several hours sight seeing. General Diaz will remain in New York until Sunday, when he will go to Washington to pay his respects to President Harding. A tour of the country will follow.

### GENERAL ARMANDO DIAZ PLACES WREATH ON GRAVE OF LATE COL. ROOSEVELT

## Think of it!—this real Edison \$167.50

Many people believe they must buy the \$225 Official Laboratory Model,—in order to enjoy the pleasures and benefits of Mr. Edison's marvelous new reproducing instrument, perfected at a cost of three million dollars in research work. Here, then, is welcome news. For \$167.50, you can buy a skillful adaptation of the Official Laboratory Model,—the charming Heppelwhite. The Heppelwhite is superior to any and all talking-machines at any and all prices. We are willing to submit it to scientific comparison, for proof,—you and your friends to be the judges. For a limited time, we offer the Heppelwhite on the most satisfactory plan you have yet heard.

### Your Opportunity—Our Gentleman's Agreement

Take a beautiful Heppelwhite on our Gentleman's Agreement Plan. You pay only what you wish,—as little as \$12.50. The balance you budget according to your convenience. We ask no security except your word of honor. If, at any time within one year, you desire to do so, you may return the Heppelwhite and receive credit toward an Official Laboratory Model for the full amount you paid on the Heppelwhite. We are able to make this special offer because there will be no reduction in the prices of Edison instruments. Edison prices increased less than 15% since 1914. So don't wait. Don't deny yourself the benefits of Mr. Edison's Research work. Get in on the Gentleman's Agreement Plan. Come before this special allotment of Heppelwhites is gone.

Payments \$12.50 Down, \$12.50 Per Month  
THE EDISON PLAYS ALL MAKES OF RECORDS BETTER  
**THE PHONOGRAPH SHOP**  
803 Indiana Phone 3761

### WICHITAN NAMED AS K. C. C. H. BY MASONIC BODIES

James D. Avis, old-time resident of this city, and prominent in Masonic circles here for many years, has been accorded an honor which comes to very few of the many who enter Masonry. He has been appointed a Knight Commander of the Court of Honor, the highest degree in Masonry with the exception of the thirty-third degree which is conferred upon members of the Order of the Eastern Star. This honor is extended by invitation only to those who have rendered exceptional service to the order. It is a step between the 22nd degree in one hand, to the 23rd honorary in the other.

### CONFERENCE MAY MAKE CHANGES IN LOCAL M. E. PULPITS

Word that Rev. T. S. Pittenger has been appointed for another year as pastor of the First M. E. church has been received here. Dr. Pittenger's reappointment was made at the Oklahoma conference of the M. E. church early this week. He has served one year as pastor here. Appointments for the M. E. south churches here will be made about November 1 at the North Texas conference at Dallas, and will be attended by a number of local Methodists.

### LESS ILLITERACY HERE THAN IN ANY OTHER TEXAS CITY, CENSUS BUREAU'S FIGURES INDICATE

Children, what city in Texas has the largest percentage of residents who can read and write? In other words, what Texas city has the smallest percentage of illiteracy? Correct, Rupert, step to the head of the class. Said city is none other than us in Wichita Falls. The census bureau declares that out of every 1,000 people in Wichita Falls, over 70 years of age, only 16 are unable to read and write. In San Antonio there are 114 in every thousand. Must be tough to live in an ignorant community like that, but of course no one but an ignorant person would want to. The more they know, the quicker they are to recognize a good town, and to want to live there.

### NEGRO ON TRIAL IN DISTRICT COURT ON MURDER CHARGE

Earl Jones, negro, went on trial Thursday morning for the murder of Henry Amison, a member of a colored baseball team of Fort Worth in the 89th District court. He filed an application for a suspended sentence in case the jury found him guilty of manslaughter or negligent homicide. The defendant is alleged to have shot and killed Amison on the night of May 21, 1921, in this city. Amison was wounded and died several days later in the hospital. The jury was selected early in the morning and it was believed all the testimony would be before the jury early in the afternoon. Jones pleaded not guilty to the charge of murder.

### VERNON MAN MAKES \$10,000 BOND HERE IN ACCIDENT CASE

Joe Pierce, who is wanted at Vernon, alleged to have been the driver of the automobile that ran over and killed a boy there last Monday, was arrested in this city by the sheriff's department Wednesday evening. He was later released after performing a \$10,000 bond.

### NEW FORD TOURING CAR DISCOVERED AT BURKBURNETT

Deputy Constable Bean late Wednesday evening found a practically new Ford touring car at Burkburnett which it is believed is a stolen car. The license number and the engine number have been changed, according to the officer, but the seal number which is 270-198 was taken out in Hopkins county. Each one of the four coils has been marked, probably for identification with a five and a ten cent piece. The car was found at Burkburnett Wednesday evening. He was later released after performing a \$10,000 bond.

### SOUTHERN CHAMP WINS WAY TO SEMI-FINALS

ATLANTA, GA., Oct. 20.—Mrs. David Gault of Memphis, present Southern champion of the Southern Women's Golf Association tournament here today, defeating Miss Rosalia Meyer of Atlanta 7 and 6.

### WILL FILED FOR PROBATE COMPOSED OF ONLY 9 WORDS

A will was filed for probate yesterday morning that contains only nine words and has not witnesses. It is the opinion of court judges and members of the bar at the will is absolutely legal in every respect. The will was made by Frank J. men, an ex-serviceman and oil field worker who came to his death in the Wichita county oil fields several months ago.

### FUNERAL SERVICE FOR HUGH C. WHARTON IN ARLINGTON CEMETERY

WASHINGTON, Oct. 20.—Funeral services for Hugh C. Wharton, Company F, 25th Infantry, who was killed in France on Armistice day just before the order was received to stop firing, will be held in Arlington National cemetery today. Private Wharton's home was in Wichita Falls, his nearest relative being Mrs. Dora Wharton.

### ANOTHER PACKED HOUSE SEES FINAL PERFORMANCE OF SHRINE "OH JOY" SHOW

"Oh, Joy" and the Maskat Temple Shrine patrol and band parted company Wednesday night after the musical revue had handed over a stock of round trip tickets to Honolulu.

### KING GEORGE CANNOT AFFORD TO FIT YACHT FOR RACE

LONDON, Oct. 20.—King George has announced that, owing to the great need of economy His Majesty cannot afford to fit out the royal yacht Britannia for the yacht race next year.

### AR THIEVES NO LONGER CARE IF SWITCH IS LOCKED

Officers who devote their time to a running down of automobile thieves have discovered that the leaves no longer care if the ignition switch on a car they wish to steal is locked.

# BOMB EXPLOSION IN HERRICK HOME

(Continued from Page 1.)

ador on his escape. He sent his personal representative to convey congratulations in the name of the people of France that the ambassador had not been hurt and to assure Mr. Herrick that the outrage was deeply resented by every Frenchman worthy of the name, and that the greatest efforts would be made to apprehend the guilty.

Premier Briand, Leon Bourgeois and many members of the diplomatic corps sent similar messages, and throughout Paris the most intense indignation is expressed at the attack on the ambassador.

Mr. Herrick had refused to take seriously scores of letters he received protesting against the conviction of the two alleged communists in the United States for murder. Some of these were politely phrased, but others made open threats to "get the ambassador" and blow up the embassy.

"This is the work of cowards who are afraid to come out in the open," Mr. Herrick declared, "and I hope it may mark the end of such outrages against my daughter, an absolutely innocent thing of which they are accused. These outrages should cease immediately."

The thing which immediately concerned the ambassador most was the fact that the bomb had smashed several gifts and party invitations sent to him on his birthday, October 9.

**Embassies Notified.**

Mr. Herrick was anxious that all other American embassies be informed as soon as possible of the tragedy so as to prevent the possibility of similar outrages in case the explosion was part of a concerted plot against American officials in Europe, as was suggested in one quarter this evening. The embassies in London, Brussels, Madrid and Rome were immediately informed by telegraph.

As typical of the campaign the communist press has been conducting for the last fortnight in connection with the conviction of Sacco and Vanzetti, the two communists, the following appears in the Journal de Peuple:

"A machine as powerful as America cannot be fought with wandering words and party manifestos—we need something else. What must be done? Here is an idea:

"Let every reader write to Ambassador Herrick. We protest against the judicial error which is about to kill two innocents, Sacco and Vanzetti. Your letters will bring unbearable remorse to Americans. The lives of Sacco and Vanzetti are no longer in the hands of American justice, but in yours."

M. Cachin, editor of L'Humanite, the Communist official organ, concludes his editorial: "In reply to the multiple revolutions passed and the letters and telegrams which the French workers' organizations have sent to the American embassy in Paris has up to the present answered nothing. Such silence implies that the official world of the United States is powerless before the universal conscience to justify the execution of two innocent men. Let us therefore raise our protest more and more vigorously and unanimously in favor of the unhappy men who have only a few days to live unless the proletariat of the whole world come to their help."

## LETTER MAY TURN UP CLUE

By Associated Press.

PARIS, Oct. 19.—French experts examining several hundred letters sent recently to Myron T. Herrick, the American ambassador, today discovered one which they believe may furnish a strong clue in tracing the maker of the bomb, which exploded in Mr. Herrick's home here yesterday evening.

The letter was addressed to the ambassador personally and was received by him at the American embassy Oct. 14. It is said to have contained a threat to kill him "by scientific means," which the writ-

## THE \$600 CROWN

Though the Yankees lost the world series, Ruth remains the King of the Klondike. Yankee fans made up a purse, and the \$600 sterling silver crown, shown above, was presented to the home run king. The crown bears 50 miniature baseballs, one for each of Ruth's 1921 home runs.

er declared he had in his possession.

These experts today believed they saw a striking similarity between the handwriting of the letter and that of the address on the box which contained the bomb.

The letter was written in French and in small, uneven letters, indicating that the author was an uneducated Frenchman.

Walter Blanchard, Mr. Herrick's valet, who was hit by fragments of the bomb, probably will leave the American hospital tomorrow, as his injuries have proved to be slight.

Final decision regarding the communist manifestation announced for this morning evening remains to be taken. Police officials said today that whatever the decision, there would be sufficient forces on hand to prevent crowds from approaching the American embassy or indulging in violence anywhere.

The attention of the police has been directed toward a certain number of American citizens, who although banished from France, are known still to be in the country. The first searcher, however, it was said today, probably will be in anarchist and communist circles, as the crime is regarded by the police as a result of a communist campaign against the conviction for murder of Nicola Sacco and Bartolomeo Vanzetti two Italians, by a Massachusetts court last summer.

## STAGE A DEMONSTRATION AT AMERICAN CONSULATE

PARIS, Oct. 19.—After a protest meeting at hotel last night against the action of a Massachusetts court in convicting Nicola Sacco and Bartolomeo Vanzetti of first degree murder, a demonstration was organized today under the windows of the American consulate there, according to a dispatch today to the Petit Parisien. The demonstrators later broke up the dispatch said, and some of them went to the subprefecture of police, where they sang the Internationale and the Red Flag. The crowd disbanded at 11 o'clock, the dispatch added.

They may have made an apology to Temple B. Forbes, the American consul.

## "CIVILIAN CLOTHES" TO BE STOCK COMPANY'S FIRST OFFERING HERE

One of the outstanding stage successes of the year will be the vehicle, with which the Gene Lewis-Cigna Worth stock company open their eight-week engagement at the Wichita theatre next Monday night, "Civilian Clothes," which established itself along Broadway as one of the biggest war plays ever written, has been chosen by Mr. Lewis as his opening attraction.

The play abounds in fast and sparkling humor and it is presented by a company of stage artists second to none in the country. The Lewis-Worth aggregation boasts of some of America's premier footlight stars, this being evinced by the fact that the troupe has drawn capacity crowds to the Civic park theatre, Dallas, on each of its appearances there during the past six years.

## SHOW THE STRICKLANDS A HORSE THEY CAN'T RIDE

The riding Stricklands, Hugh and Mabel, in action.

By NEA Service.

PENDLETON, ORE., Oct. 19.—"Eee-ooey! Ride 'em cowboy!"

It's the call of the western round-up that always has a thrill-in it for Hugh Strickland, Arizona cowboy, and his wife, Mabel DeLong Strickland, cowgirl.

For the Stricklands usually "ride 'em" to victory.

Was the time when Strickland made the round-up rounds in single harness. He bulldozed steers, yoked wild horses, and rode bucking broncos for the sport of it.

And was the time when Mabel

## SHOW THE STRICKLANDS A HORSE THEY CAN'T RIDE

DeLong rode in the relay races, raced in the pony express and roped steers for the thrill of it.

Then they made a round-up.

Since then the Stricklands have won double-harness fame in almost every line of rodeo sport.

At the Pendleton round-up this year Strickland copped the bucking championship and his wife raced in second in the girls' relay bronco race.

Wild horses? Bucking horses? "Trot 'em out," says Mrs. Strickland. "If I can't ride 'em, my husband can."

"Eee-ooey! Ride 'em cowboy!"

# ALL THE NEWS OF ALL THE SPORTS ALL THE TIME

## WATSON WILL BE MISSED SATURDAY

Longhorn Veteran Will Be Out of Vandy Game And May Be All Season.

AUSTIN, TEXAS, Oct. 20.—When the University of Texas Longhorns play the Vanderbilt eleven at the Dallas fair next Saturday they will go into the conflict minus the services of Gray (Red) Watson, veteran of many years and star quarterback of the Longhorns last year.

Watson is in a Houston hospital. He will be out of the game practically all season and it is doubtful if he will return in time to participate in the Thanksgiving tilt with A. and M. college.

Watson's backwork will be missed in a pinch. Rated as the weakest player in the southwest and selected by Joe Uay as last year's all-southwestern, he has few equals in calling signals and leading his team. He seems to do best when in a tight place.

Then it is also doubtful if Tom Dennis, hereon captain and tackle, will be in the Vanderbilt game. He is nursing a slight injury received in the Howard Payne game, and Coach Whitaker expressed doubt at the first of the week as to his playing.

Although the other forty-odd men of the Texas league squad are in the best of condition, when Coach Whitaker needs Watson or Dennis that a forward man into the hands horns are crippled.

From his "dope" on the Vanderbilt team Coach Whitaker estimated that the Howard Payne Longhorns about ten pounds to the man. He figures that the Vanderbilt men will average about 130 pounds, while the Longhorns will round out about 165.

Whether Whitaker will resort to aerial and forward passing games is yet undetermined. So far the Longhorns have been weak at this kind of playing, quite unlike last year's team. It will be remembered that a forward pass into the hands of Captain Dennis spelled defeat for the A. and M. Farmers, while George McCulloch's sensational leap hit the air for a pass in Dallas last year was the play that started one of the Texas touchdowns on Oklahoma A. and M.

Texas is long on punters. There is Dominguez from last year and Robertson and Townsend from the freshmen. Then Frank Stacy from the Shortorns is a drop-kicker of no little ability. Stacy can also be relied upon to punt.

Texas has not been scored on this year. Vanderbilt could not hold the University of Kentucky scoreless last Saturday, the colonels putting over one touchdown.

This intercollegiate clash at the fair looks like an even match. With Watson and Dennis available, Texas would be stronger. But as it is, the Longhorns have a fight and a hard one. Coach Whitaker is authority for this statement.

Officials for the game are: Quigley (National league baseball umpire), referee; Sprull (Kansas), umpire; Joe Uay (Texas A. & M.), head linesman.

## ALL KINDS OF RUMORS AFLOAT ABOUT HUGGINS

NEW YORK, Oct. 20.—Manager Miller Huggins of the New York Yankees yesterday returned to his Cincinnati home to remain for most of the winter. The great rumors trailed in his wake. One said he may leave the Yanks to manage another major league club next season. Another rumor has it he is always dickering with other clubs for playing talent to bolster the New York team in case Babe Ruth is suspended for a long period.

Checks for the losers' share in the world's series were mailed to the members of the Yanks. The World's champion giants will get theirs before the end of the week.

## Texas Games Tomorrow

At Waco—Arkansas vs. Baylor. At College Station—Arizona vs. Texas Aggies. At Fort Worth—Tulsa University vs. T. C. U.

## How to Execute Delayed Buck

By S. S. WILLAMAN

In the formation shown above (a regular formation) we have a series of plays that have been found very hard to stop, especially in high schools.

In this diagram numbered circles represent the offensive players while the defensive players are marked by crosses. Arrows show the directions taken by the players.

The progress of the play. No. 10 bucks his way through the right side of your opponent's line. The quarterback, No. 8, fakes the ball to No. 11, who starts through the hole made by No. 10, as if the play was a line buck through tackle. Turning suddenly when No. 8 passes the ball to No. 5, who crosses behind him over No. 10 and 11 are well on the way, and No. 9 goes through a hole in right tackle prepared for him by Nos. 6 and 7. This is a delayed buck.

A very deceptive play that can be used with this formation is a forward pass. The men make their charge as in the delayed buck play, but the eligible back, No. 5, who has delayed, and then comes back to protect him while he passes.

WILLAMAN back to No. 5, who has delayed, and then comes back to protect him while he passes.

## STILL WAITING FOR JACK'S SIGNATURE

Rickard Trying To Complete The Champion's End For Bout With Willard.

CHICAGO, Oct. 20.—Tex Rickard was still working on plans today for a return match between Jack Dempsey, world's heavyweight champion, and Jess Willard, former title holder, following a conference yesterday with Dempsey and Jack Keenan, Dempsey's manager. Rickard is said to be trying to complete Dempsey's end of the arrangement by a brief stay in Chicago.

Rickard refused to divulge what went on in the meeting except to state that Dempsey's signature had not yet been received for the bout. Meanwhile, Dempsey yesterday wrote his daily grind of training because of a cold. Physicians have ordered him to remain indoors the remainder of the week.

## BURK STUDENT ELECTED MANAGER AT S. M. U.

At a meeting of the Southern Methodist University student body this week, Snipe Cason of Burkhamstead was elected manager of the 1922 baseball team. He beat out his nearest opponent for the office by one vote.

## YANKEES WOULD LIKE TO LAND HARRY HOOPER

NEW YORK, Oct. 20.—Efforts to obtain Harry Hooper, former star outfielder of the Boston Red Sox, now with the Chicago White Sox, are being made by the New York Yankees. It has been learned.

Left Earful. He dressed himself in football boots. But not to win a game. He played the sidelines, up and down. And won himself a dame.

He went a tearing down the field. And landed with a thud. They used to call him "Sweet Pat" too. Now they call him mud.

## THIS VERNON YOUNGSTER PLEASUED WITH HIS \$60 RANGER "MOTORBIKE"

We have with us today Master Alton Gaddie, age 12, who was the first boy in Vernon to win a brand new \$60 Ranger bicycle offered by The Times for securing thirty-five new subscribers. There are several boys in other towns outside of Wichita Falls who can do as well as this hustling youngster. If they will apply themselves and devote an hour each evening after school or on Saturday mornings. There is still plenty of time even for those who have not as yet entered to win one of these valuable bicycles before the offer is withdrawn. The Times wants at least one boy or girl in every town in which The Times is circulated to have one of these wheels and will send one of our representatives out to help any of those who have already entered or to explain and assist any child who may wish to start.

COMPTROLLER OF CURRENCY ANNOUNCES LIQUIDATION

WASHINGTON, Oct. 20.—The voluntary liquidation of the American National bank, absorbed by the First National Bank of Wichita Falls, was announced last night by the comptroller of currency.

## WILL WEST DEFEAT EAST AGAIN?

Upper left, Bents, center right, Captains Snell, fullback; lower left, Coach Hugo Beadek, and Tiny McMahon, the six-foot seven-inch tackle, of the Penn State team.

By ROY GROVE

Can the west again put the damper on the east in collegiate football as they did last year when California kicked Ohio State from the Sun-kist plant back to the land of the buckeyes?

Coach Beadek's band of Penn State warriors will furnish the answer on December 8, when they journey to Seattle to play Washington University, a team that under Enoch Bagshaw is coming rapidly to the front on the coast.

All the Pacific coast teams are stronger this season than they were last, and Pacific coast conference games are no exhibition matches.

Pera Primed. But Beadek's men will be primed for the Tagshaw post-season battle by the experience of a season, the

schedule of which calls for games with Lehigh, Harvard, Georgia Tech, Navy, Carnegie Tech and Pitt, all formidable opponents.

There are only three of the old variety of last season back with Penn State. Bents, at center, Quarterback Killinger, and Captain George Snell, at full. All three are playing their final year.

Two freshmen of full fall are in the variety line-up. Madera, at left tackle, and Cornwall, at right half. Cornwall starred with the Freshies last year and his place kicking is scoring for Penn crew this season. He registered five perfect boots over the bar in the game with North Carolina.

Redinger at left half and McCollum at left end, were both left out of the game last year on account of

injuries. They are playing their last year.

Two Heavies. Bodek, right guard, and Baer, left guard, have both played before. Baer on the freshman team in 1919, and Bodek substituting for two years. Jay McMahon, the giant right tackle, weighs 216 pounds and stands six feet seven inches. He is a heavyweight wrestler and subbed last season.

Along with McMahon Penn State has a 200-pounder in Baer. The lightest man and greatest ground gainer is Killinger, who weighs 160 pounds. The team averages around 180 pounds. All the men are close to six footers.

## Sec. Denby Describes His Troubles When Persuaded To Take Up Grid Game

The secretary of the navy is a former football player. Now that he is the head of the country's first line of defense his alma mater has called upon him to say something about the days when he defended the name of the University of Michigan by doing this. Denby says they also thrust upon him the penalties of authorship, for he was called upon to write the feature football story for the autumn number of the college paper. Denby's response to the request follows:

When I went to the University of Michigan after nine years in China I was so raw (the fact-bearers will tell you—blither 'em) that I didn't know a fraternity house from any less expensive boarding place, and in the early stages of a most flattering "rush" I announced that I liked the house and the roomers and sent for my suitcase and settled down. That story is a gross fabrication, conceived in the minds and uttered by the tongues of evil-minded students of the law, and you know who they are!

But I settled in that house, whether with or without invitation, and in due course became a Phi Delta Phi. My only a tendency memory clings around the long porch and many a dear friend dwell beneath the roof of the old house while we cried the game's the thing, and the opulent but bad-hearted alumni, to help us built a fitting temple for our fraternal gods. Years later the tears of pleading meted the hearts of steel and the house was built.

Plea Irresistible. I settled with my brethren and dwelt peacefully in the atmosphere of scholarship, and might have become a great and learned man. But one day the football scouts discovered that there was "beak" in his mind and sought it out. Alas! It was I. I didn't want to play football. They all knew that. They cared nothing for my yearnings for knowledge. They cared only for football. They wanted weight in the line. They cared not whether I could really play or not. I need be only my sweet, overburdened self, like poor Mercutio's wound, "neither so deep as a well nor so wide as a church door, but 'twill suffice." I waited that I did not want to play football or mar-

bles or tiddledewinks. I wanted to loaf and learn. But why continue the sad narrative? You know the rest. How resist the irresistible? Don't you love your college? I didn't know—hadn't been there long enough. At last it came. "Michigan counts on you." I surrendered. They got me a suit, made to order. I scorned a headgear.

Who was I, to combat nature? She scored it for me first. Became a Player. I became a football player.

I have my picture in togs to prove I played football. I became glad of it and then I have been glad ever since.

I went forth and grappled with the enemies of my university. Mostly, however, they grappled with me.

Myriads have trampled on me. They came down like a wolf on the fold, and danced rigadoons on my back. I lay down to meet the revolving wedge on frozen ground, and the enemy came and kicked me and fell upon me.

That was all my masters wanted of me. They wanted my weight to begin with, and then the cowardly courage that inspired me to suffer indignities and agonies rather than face the withering scorn of undergraduates—who didn't play.

I had many wounds. But I lived. I had no desire to hurt the other man. I never hurt one much except one, and that was an accident though I used sometimes to get quite cross. I never got seriously hurt myself. I remember being annoyed, however, when the opposing center made the gleesome discovery that I had a bolt on my neck and dug it out for me. Bols will be bolts and they are quite irritable at times, and it is best to leave them alone. The other center entertained a different view. Perhaps it helped me, after all—it hurt enough.

Gentleman's Sport. One thing I never did, and that was to try deliberately to put out a man, regardless of the perhaps permanent injury he might receive, simply because he was a good man, a ground gainer.

Football is a game, a gentleman's sport, not a battle between enemies. It must be fair and sportsmanlike, or it ought to be abolished and that the teaching could have been tol-

## MIDDLEWEST GOVERNORS OPPOSE FIXED GUARANTEE

DES MOINES, IA., Oct. 20.—Repeal of the clauses in the Cummins-Each transportation bill directing the interstate commerce commission to fix rates on a basis that will give the railroads a six per cent return on their valuations, was urged in a resolution adopted by the conference of middle west governors at its closing session here. Guaranteeing the railroads a fixed return is unwise and uneconomic, it was declared.

Resolutions were adopted asking a "substantial reduction" in present freight rates, advocating congressional action to remove doubt as to state jurisdiction over state railroad rates, and urging the reduction of federal reserve bank discount rates in agricultural districts, endorsing the movement for setting that the government of the United States should collect the interests on its foreign loans annually.

## QUIT TOBACCO

So easy to drop Cigarette, Cigar or Chewing habit

No-To-Bac has helped thousands to break the costly, nerve-shattering tobacco habit. Whenever you have a longing for a smoke or chew, just place a harmless No-To-Bac tablet in your mouth instead. All desire vanishes. Shortly the habit is completely broken, and you are better off mentally, physically, financially. It's so easy, so simple. Get a box of No-To-Bac and if it doesn't release you from all craving for tobacco in any form, your druggist will refund your money without question.

## SPORTS SHOTS by Paul W. Barkin

L. O. Lamson, proprietor of London's sporting goods store, dropped in to see us today to find out in what manner he could assist in the high school eleven. He is willing to go the limit to help the boys out in the matter of equipment and will even throw in a financial way to aid in putting the team on its feet. We referred him to those in charge of the team and needless to say, his generous offer will undoubtedly be accepted. Though the owner of a sporting goods store, there was absolutely nothing derogatory about his offer. He is a lover of sport and anxious to see the boys get ahead. He did not realize the true condition of the team until reading this column yesterday. We hope more like him will turn up.

Babe Ruth's rebellion may result disastrously for him as well as for the others who have seen fit to buck Judge Leland. It looks like the beginning of the end of the rule forbidding world's series participants to take part in exhibition games after the season. When the players don't want the rule and many of the magnates have gone on record as stating that they would be perfectly satisfied if it were done away with. What sound reason can be offered why a baseball player should not use his talents to the best advantage if possible, just the same as any other person? Ruth and his fellow players, however, should not be excused on this plea. The rule was in effect when they broke it and they should pay the penalty. Moreover, they will unless the commissioner fails to run true to form.

The Bambino does not seem to be worrying much about a year's suspension, if he should be barred for that length of time he threatens to organize an independent team of his own and play exhibition games throughout the country. Should he do that it's a lead pipe cinch that he wouldn't miss his salary much, but there's little chance of his being suspended for that length of time. He's too big an asset to organized ball.

Though the Western conference title is by no means decided yet, Iowa's strong eleven has the pole and it is hard to see how the Hawkeyes can suffer worse than a tie for the top rung. Her defeat of Zappa's warriors last week made her the favorite of the Big Ten. The Hawkeyes must still meet Minnesota, Northwestern, Purdue and Iowa, but some of these are expected to furnish much opposition. Wisconsin, Michigan and Ohio State, on the other hand, must still play one another, which will result in the elimination of two and possibly all three. If Iowa does win, it will be her first in many seasons.

It's a bit early in the season to predict the downfall of the three college eleven, but never in the history of the game have they appeared so weak or their opponents so strong (probably the latter at this stage of the game). The Princeton Tiger has already been licked by the Navy and Johns Hopkins after the season. Scott, who suffered defeat. The Crimson won out by the narrowest of margins last Saturday over Georgia, and a hearing at the hands of Penn State next Saturday would not elicit much surprise. Yale still has a clean slate, but showed a weak defense against Williams last week and it is not over-optimistic of her victory. The time when these eleven dominated the gridiron has passed.

Chicago Hopeful En Route To Meet Princeton Tiger

CHICAGO, Oct. 20.—Hopeful rather than confident, the University of Chicago football team departed to meet Princeton Saturday with a squad of thirty-six players and coaches, headed by Captain McGuire and Coach Stargis.

SET SAYS—Chesterfields, three packages for 25c, a quarter of a dollar, at 515 S. 6th St. 618 Eighth Street Next Door to Wright's Clothes Shop.

NEW YORK, Oct. 20.—Lew Tendler, Philadelphia lightweight, and Rocky Kansas of Buffalo, were expected to arrive here today to put finishing touches on training for 15-round bout tomorrow night at Madison Square Garden.

Both fighters were reported to be in excellent condition and down to the 125-pound weight at which they were contracted to weigh in this afternoon.

Tendler has been established a 2 to 1 favorite and is quoted as predicting victory by a knockout within half the scheduled length of the fight. Although Tendler has had little experience in bouts of more than ten rounds, he was declared to be confident he could travel to the full fifteen without discomfort. It was found it necessary. Kansas' supporters declared emphatically it would be necessary—but asserted Tendler couldn't do it.

LEW AND ROCKY ARE READY FOR GONG Tendler, 2 to 1 Favorite Over Kansas in 15-Round Bout At Garden.

# Exide BATTERIES

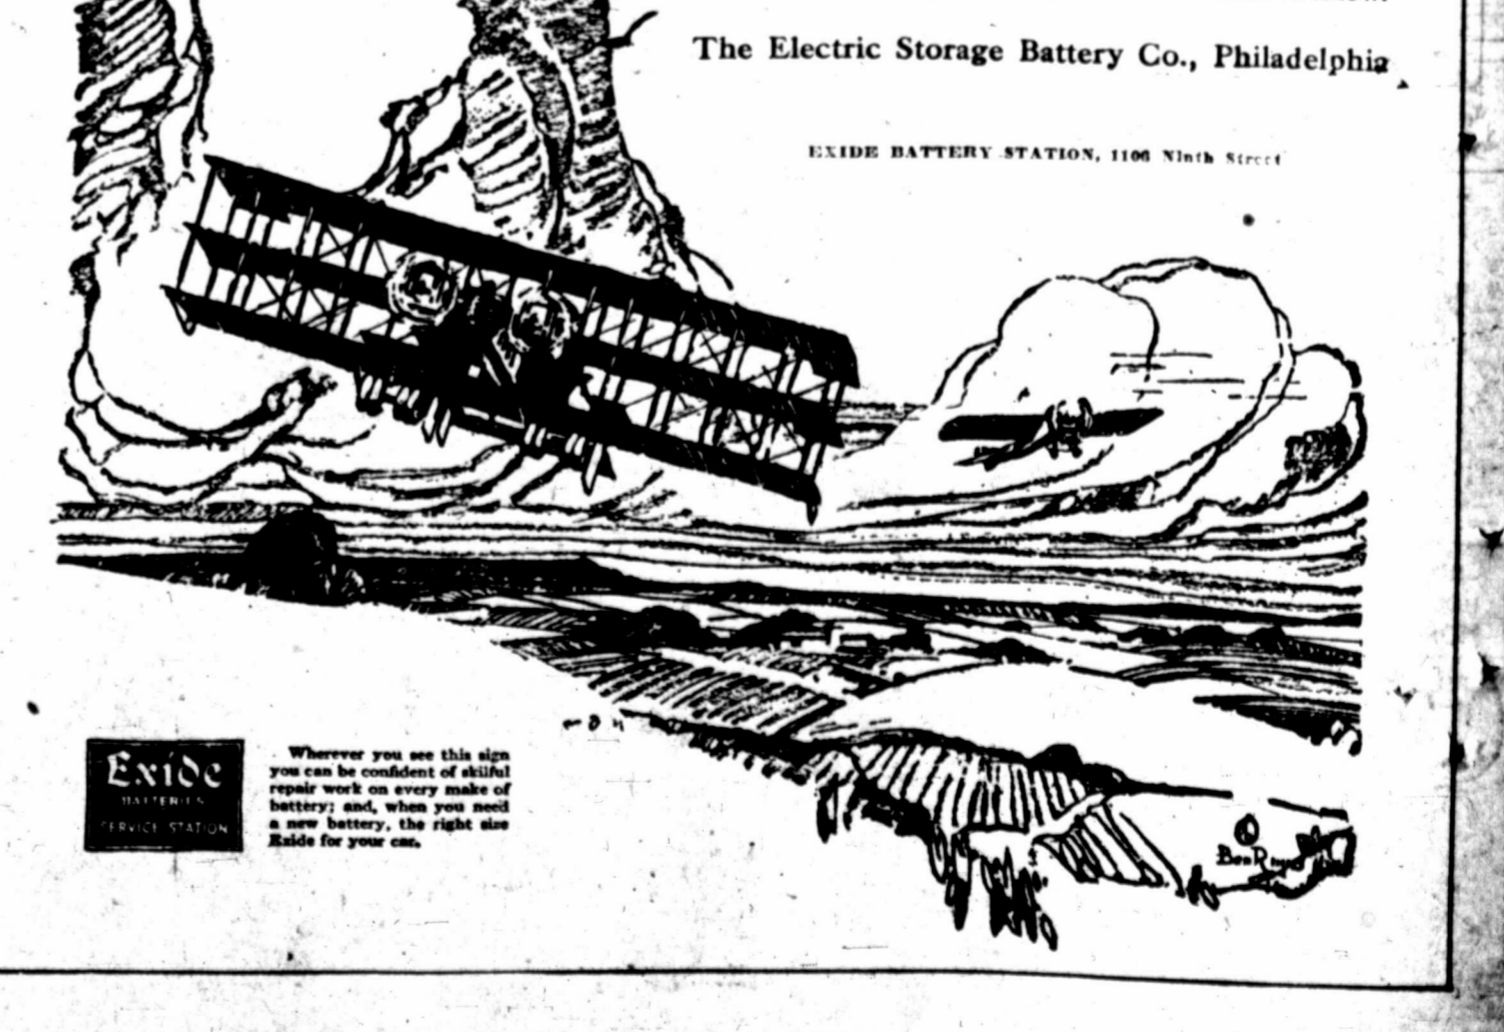

## The Impulse to Fly

The propeller revolves and, like a liberated bird, an airplane soars into space. The spark of ignition comes from an Exide Battery used in so many of our airplanes.

Not only in the air, but on land and sea and under the land and sea, Exide Batteries play an active part in the affairs of men. They propel submarines when beneath the surface; they run the locomotives used in mines; they furnish current for lighting farms

and country homes; and on the land, Exide Batteries propel street vehicles, supply the current for the telephone system, and in a score of ways assist in America's commercial supremacy.

The Exide made for your automobile is the result of the longest and widest experience; and it will give you exceptionally long and reliable service. You should find the nearest Exide representative a useful man to know.

The Electric Storage Battery Co., Philadelphia EXIDE BATTERY STATION, 1106 Ninth Street
