

ALL LABOR BOARD FOR RAILROA STRIKE

COMMUNISTS HAVE COME TO AMERICA TO CAUSE TROUBLE

MORE THAN A HUNDRED HAVE SLIPPED THROUGH IMMIGRATION LINES TO SEEK REVENGE IF TWO ITALIANS HANG

Mass Meeting of Protest is Scheduled to Be Held in Paris Tonight.

By Associated Press. PARIS, Oct. 21.—French police officials asserted today that more than one hundred members of the young communist organization in Europe had slipped through the immigration lines and reached the United States within the last two months for the purpose of "causing trouble" if the two Italians, Sacco and Vanzetti, were executed for the murder of which they were convicted in Massachusetts last summer.

IRISH AND BRITISH PEACE NEGOTIATIONS AT BREAKING POINT

LONDON, Oct. 21.—The negotiations between British officials and Irish leaders today here came to a breaking point for the first time since the session scheduled for next Monday might be the last.

WILL BE NO ROWDYISM SAYS GENERAL CHAIRMAN

SAN ANTONIO, Oct. 21.—R. D. Frame, general chairman of the Brotherhood of Railroad Trainmen, declared today that there will be no rowdyism in the coming strike, as characterized strikes in bygone days.

UNIONISTS TO ASK A VOTE OF CENSURE FOR LLOYD GEORGE

LONDON, Oct. 21.—Unionist members of parliament have given notice they will move what is equivalent to a vote of censure of the Lloyd George government on the day appointed for a discussion of Irish matters in the house of commons. It is expected that Irish affairs will be considered early in the week but the date has as yet not been fixed officially.

I. & G. N. STRIKE IS SCHEDULED TO START SATURDAY

APPROXIMATELY SIX HUNDRED EMPLOYEES WILL BE AFFECTED.

TRAINMEN ALONE ARE INVOLVED IN THE ORDER

Members of Other Organizations Will Continue to Work Until October 30.

SAN ANTONIO, Oct. 21.—On being advised of the United States labor board's declaration today that there would be no strike of trainmen unless it was done in open defiance of the government, E. H. Thompson, general chairman of conductors of the International and Great Northern railroad, declared: "It won't make any difference; the order to strike has been issued and we are prepared to strike."

SAN ANTONIO, Oct. 21.—Approximately 600 members of the Brotherhood of Railroad Trainmen employed by the International and Great Northern railroad today completed final arrangements for the strike scheduled to begin at noon tomorrow, an advance of the date set for the general walkout of railroad men.

HOUSTON, Oct. 21.—"We will run trains on the International and Great Northern if given the necessary protection," declared Thompson, executive officer of the Brotherhood of Railroad Trainmen, commenting on the announcement that the Brotherhood of Railroad Trainmen, embracing the order of the switchmen of the system, would walk out at noon Saturday.

Notice of the intention of the trainmen to strike Saturday afternoon was received at Mr. Fay's office Thursday afternoon. It was signed by the general chairman and local chairmen and read as follows: "This is to advise that the members of the Brotherhood of Railroad Trainmen, with the Brotherhood of Switchmen on the International and Great Northern at 12 o'clock noon, Saturday, October 22, 1921, unless rates of pay are restored to the level of July 1, 1921, will be on strike."

The following reply was made: "Present rates of pay are those established by the United States labor board, decision No. 147, effective July 1, 1921, and the management cannot change these rates without violating the order of the labor board. We regret your contemplated action in calling a strike in defiance of the labor board's decision."

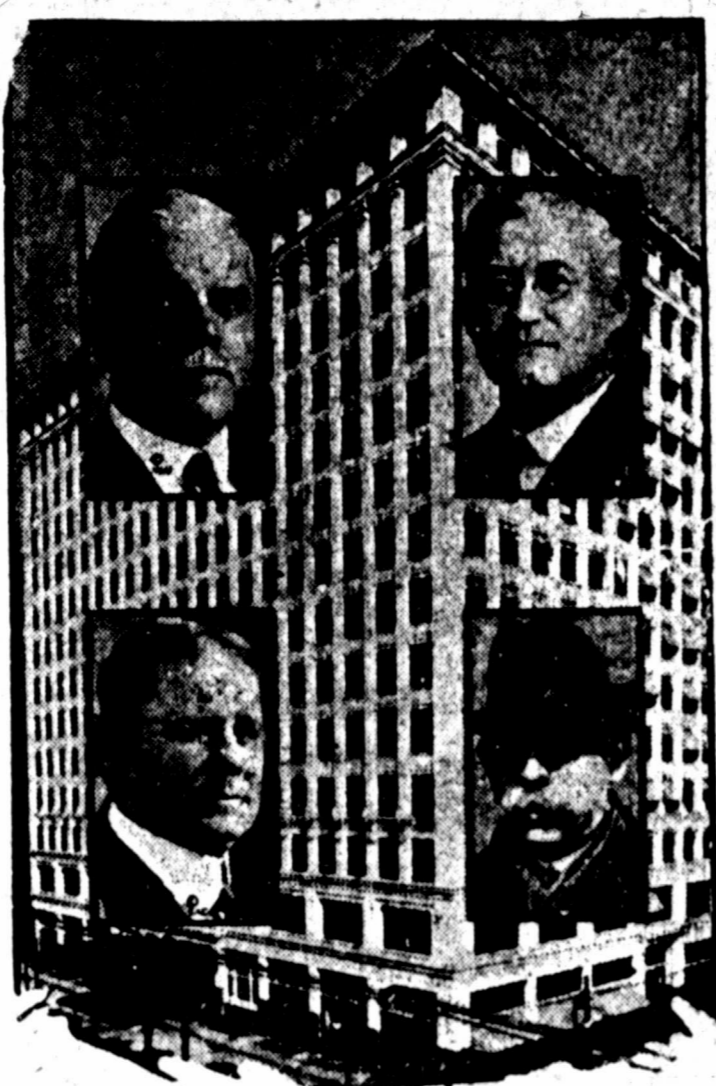

Members of the other brotherhoods which plan to strike October 30 will remain on duty with the day appointed for a discussion of Irish matters in the house of commons. It is expected that Irish affairs will be considered early in the week but the date has as yet not been fixed officially.

Those involved in this move are the extreme unionists who all have opposed a conference with the representatives of the Dublin government. They do not exceed more than thirty or forty and it would appear the motion they will introduce has little chance of passing. It is regarded as symptomatic, however, of the anti-conference attitude said to have developed in unionist constituencies while parliament was in recess.

FOUR HUNDRED MEN TO PROTECT I. & G. N. PROPERTY

WACO, Oct. 2.—Special Agents Hunt, C. Mart and Ed Williamson and C. E. Stanford of Waco, under direction of Chief Special Agent Fuller Williamson of Palestine, are mustering in about 400 men to be distributed along the northern division of the International and Great Northern.

THE RAIL STRIKE CAPITOL

Here is the 11-story Brotherhood of Railroad Trainmen building in Cleveland, which will house the headquarters of all the railroad brotherhoods and be the "national capitol" of the railroad strike.

BRITISH ADMIRAL WILL BE GUEST OF AMERICAN LEGION

NEW YORK, Oct. 21.—Admiral Earl Beatty of the British navy, the gallant sea fighter who led the Nelsons—labeled today in New York from the liner Aquitania on his way to Kansas City for the American legion convention.

Thousands of persons were massed at Manhattan's top to greet the admiral as he stepped ashore at the American press. I took on the admiral's motorcade to the home of Marshall Field, whose guest he will be.

The admiral was taking leave of Captain Charles of the Aquitania at quarantine another demonstration was going on in honor of former Premier Venizelos of Greece, also a passenger on the liner. Half a dozen craft bearing Greek flags were seen to the cry of "Zeto Venizelos."

To newspaper men, Admiral Beatty said he had not seen the United States for more than 15 years. "It is a great pleasure to revisit this great country, to which we are indebted for the civilization we enjoy today."

NEW YORK, Oct. 21.—Escorted by a squadron of American destroyers, the liner Aquitania left New York today for the American legion convention at Hot Springs, Ark. The admiral will board the navy cutter Vigilant.

From Washington, Admiral and Lady Beatty will return to New York on October 24. They will start for Chicago October 28, going thence to Kansas City for the American legion convention which the admiral is to address. After the convention Admiral Beatty will go to Washington, where he is to serve in an advisory capacity to the British delegation at the armament conference.

POLICE PROTECTING HOMES OF CITIZENS OF U. S. IN FRANCE

PARIS, Oct. 21.—Police authorities throughout France were today carefully guarding American consulates and other buildings occupied by citizens of the United States as a result of a flood of threatening letters received by M. Herriot, the American ambassador, and Alexander M. Thacker, American consul here.

There was widespread concern over the explosion of an internal machine in the home of Ambassador Herriot on Wednesday and were believed to point to widespread plot to attack Americans in this country.

All the letters protested against the sentence of death of Nicola Sacco and Bartolomeo Vanzetti, two Italian convicts last summer for first degree murder in a Massachusetts court, approximately 45 miles along the base line and about 24 miles deep at the widest part.

AUSTIN, Oct. 21.—The open port bill, which has been brought into prominence by the threatened railroad strike, does not prevent strikes or intimidation. It gives the governor power to use all forces of the state in quelling outbreaks or strikes or where there are attempts to obstruct the channels of commerce.

REARRANGEMENT OF THE REPUBLICAN PLACES ON COMMITTEES OF THE SENATE.

WASHINGTON, Oct. 21.—Senator Curtis of Kansas was chosen chairman of the senate rules committee and Senator Wadsworth of New York, given a place on the foreign relations committee under a rearrangement of republican places on the senate committees made today by the republican committee on committees.

WANT WAR POWERS INVOKED TO PREVENT THE RAILROAD STRIKE

GERMANS RECEIVE TEXT OF DECISION ON UPPER SILESIA

BERLIN, Oct. 21.—Publication of the text of the decision of the council of the league of nations relative to Upper Silesia was expected here today. It reached the German foreign office last night and was being busy until a late hour in the work of translation.

Neither the chancellor nor the foreign minister declined last night to indulge in a preliminary discussion of the treaty. The government will officially inform the cabinet of the decision on Saturday.

PARIS, Oct. 21.—Dispatches from Germany and Poland relative to the partition of Upper Silesia, details of which were announced here yesterday, were being awaited by French officials today.

There was widespread concern over the explosion of an internal machine in the home of Ambassador Herriot on Wednesday and were believed to point to widespread plot to attack Americans in this country.

EXECUTIVES AND UNION LEADERS CITED TO APPEAR WEDNESDAY AND DISCUSS THEIR GRIEVANCES

Today's developments in the strike situation are: Railroad executives and union leaders are cited to appear before the U. S. railroad labor board on Wednesday, October 26, and union leaders are warned not to strike in the meantime.

WASHINGTON, Oct. 21.—The government will not exercise its war powers to avert the threatened nationwide railroad strike, a plan suggested to some quarters. It was stated late today in high administration circles.

WASHINGTON, Oct. 21.—Plans to resort to the war powers of the federal government to maintain railway transportation in event of a threatened nationwide railroad strike were under consideration today by the administration.

WASHINGTON, Oct. 21.—The United States railroad labor board today, backed by all the authority which the government can place at its disposal, called the railroads of the country and the five big unions to appear here next week and solemnly warned the unions not to strike until the board has heard their grievances and rendered a decision.

WASHINGTON, Oct. 21.—The United States railroad labor board today, backed by all the authority which the government can place at its disposal, called the railroads of the country and the five big unions to appear here next week and solemnly warned the unions not to strike until the board has heard their grievances and rendered a decision.

LAW AND ORDER OR CHAOS IS SEEN AS RAIL STRIKE ISSUE

LABOR BOARD'S AUTHORITY FLOUTED BY UNION, SAYS SULLIVAN.

DECLARES QUESTION IS WHO IS THE MASTER

Whether Brotherhoods Or The Government Shall Control The Situation.

By MARK SULLIVAN, National Political Correspondent of the New York Evening Post and the Wichita Daily Times. Copyright, 1921, by the New York Evening Post.

WASHINGTON, D. C., Oct. 21.—The crux of this railroad situation is so clear that one strong note should be sounded loud enough to be heard above all the clatter of controversy. There was never a situation easier to analyze. It all began last Friday, "until that day," says the labor board, "there was little if any danger of a railroad strike."

Now what was it that happened between noon of Friday and the sudden wild alarm in the Sunday morning papers? As to this, too, there fortunately is indisputable evidence. The union chiefs heard that the railroad owners were going to apply to the labor board to authorize a new 10 per cent reduction in wages. President Stone of the Brotherhood of Locomotive Engineers admits in so many words that this was the occasion of the strike order. They took advantage of an authorization for a strike that the workers had voted them previously but it was only on Saturday's developments that they suddenly decided to use it. They acted within 24 hours on the very first intimation that a wage cut was to be asked. They did not even wait for the railroads to make the application. They acted on what was not much more than mere gossip.

The very sudden loss of the act is a sufficient indictment of it. The mere abruptness of the strike order is evidence of the rash and impetuous state of mind of those who issued it. The violent haste was inconsistent with wisdom. And the thing goes deeper than that. The union chiefs had a clear alternative provided by law. They had a right to appeal to the labor board and proceed through the orderly processes of law to a judgment which would not have been handed down for many weeks during which the public could have followed the rights and wrongs of the case. This alternative was not merely the right of the unions, but was their statutory duty. The labor board is a court set up by act of congress to hear and decide just such disputes. The union leaders not only ignored this court but flouted it. This is the heart of their offending. This is the thing the public cannot afford to tolerate.

Unhappily at this point a certain amount of blame passed to the labor board itself. What did it do when its judicial dignity was treated with contempt and its statutory power ignored? Instead of acting as a court should act, it issued a set of recommendations that im-

plied not the faintest rebuke to the offenders against its authority but actually went far towards surrendering to the union's demands. If the labor court had had a stronger personnel, there might have been a different story. Courts acquire influence and the authority of public support through the wisdom and courage of their members in times of crisis. H. G. Wells of the Hague Tribunal said, when the great war broke out, the tribunal "emitted a faint squeak and expired." That is close to what the labor board did on Sunday.

Since then apparently, President Harding has given them an injection of a better quality of spinal fluid, and they are now going to assert the authority and dignity so expensively surrendered. Apparently, the labor board will now do belatedly what they ought to have done instantly as an automatic reaction of industrial courage. They are going to order both the railroad managers and the union chiefs back to their kennels and insist that this controversy is to be considered and settled through the judicial machinery which the people of the United States have set up for that purpose.

President Stone of the engineers' brotherhood says the issue is between a strike and the government taking over the railroads. That statement under the proper purpose that is in the back of the heads of a good many of the union leaders. They want to bring about nationalization of the railroads. But Mr. Stone is wrong. The real issue is whether labor disputes shall be settled by judicial bodies under the orderly process of law, in accordance with American traditions, or by a return to the crude working of supply and demand in the relations between employers and employees. If the labor board breaks down, the next step will not be the nationalization of the railroads, which Mr. Stone hopefully predicts, but it will be the withdrawal of many of those protections and immunities which the government has set up to aid organized labor in its relations with employers.

While this is the heart of the story, it is, of course, not the whole of it. It is a fact that several weeks ago, the Pennsylvania and some other railroads treating certain judgments of the labor board with-

out the respect they ought to have paid to such an institution. But in ways too complex to be told here the refusal of the railroad managers to obey judgments handed down by the labor board was not only less offensive than what the unions did on Saturday. The thing for the public to do now is to insist against both the managers and the unions upon a strict regard for the authority of the court that the people have set up, and to visit public condemnation on whichever party refuses to accept that authority.

For the moment the question is whether a labor court set up by the United States government has or has not any standing and authority. After that is answered, and depending on how it is answered, there will be further developments from Washington.

DISCOVERS THE GERM OF PERNICIOUS ANEMIA
PARADENA, CAL., Oct. 21.—Discovery of the germ of pernicious anemia by Dr. Philip Rantzen, former professor of bacteriology at the University of California, was announced here today in a word from Washington that the American Association for the Advancement of Science had honored him for the discovery by selecting him to membership. Dr. Rantzen is credited with isolating the anemia germ and developing an antitoxin and serum.

homestead" in Springfield was established here when County Clerk D. S. Mowery uncovered in the basement of the Logan county court house a musty tax collector's book of the vintage of 1855 containing Lincoln's signature on a tax receipt for \$2.40 on property in Lincoln, Illinois.

Dr. Rantzen is credited with isolating the anemia germ and developing an antitoxin and serum.

LINCOLN OWNED PROPERTY OTHER THAN HOMESTEAD
SPRINGFIELD, ILL., Oct. 21.—Proof that Abraham Lincoln owned property other than the "Lincoln

homestead" in Springfield was established here when County Clerk D. S. Mowery uncovered in the basement of the Logan county court house a musty tax collector's book of the vintage of 1855 containing Lincoln's signature on a tax receipt for \$2.40 on property in Lincoln, Illinois.

Memorial craftsmenship is our hobby. Fourteen years in Wichita Falls. A. G. Deatherage, 406 Seventh street. Phone 5440. 155-71c

CATARRHAL DEAFNESS MAY BE OVERCOME
If you have Catarrhal Deafness or are even just a little hard of hearing or have head noises go to your druggist and get 1 ounce of Parment (double strength), and add to it a pint of hot water, and a little granulated sugar. Take 1 tablespoonful four times a day.

This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone losing hearing or who has Catarrhal Deafness or head noises should give this prescription a trial. (Adv.)

LEGION AGAIN GOES ON RECORD AGAINST CASH BONUS IDEA

A vote of approximately two to one against the cash bonus idea for ex-service men was recorded by Pat Carrigan Post of the American Legion Thursday night. The Post went on record as opposing any measure that includes the bonus. Although the question of adjusted compensation, without any bonus feature, was not voted upon separately, there is little doubt that sentiment in the post is decisively for it.

The vote followed a debate which began at the meeting two weeks ago and which was spiritedly resumed Thursday night.

A request that the public show more respect to the flag when it passes them in parades, reports on the coming Kansas City convention and the Armistice day observance, and an announcement of a special meeting next Wednesday night to hear Alvin Owsley of Denton, the Legion's national committeeman from Texas, were other features of the meeting.

A. L. Taylor, manager of the Marion hotel, was extended the hearty thanks of the post for offering to provide sleeping quarters for any ex-service man who is unable to provide for himself.

About a dozen members of the local post announced their intention of going to the national convention at Kansas City, and it was stated that Burkhardt would help to fill up the special car from here. If enough go to obtain use of the Pullman for sleeping quarters while in Kansas City, the total cost for fare both ways and use of the berths during the convention will be about \$24.

Commenter Hoffman reported upon plans for the Armistice day celebration, and the report was endorsed by the post.

The debate on the bonus plan was lengthy and lively, about a dozen members taking part in the discussion. The result was in line with the action of the post nearly two years ago, when it took a stand against the cash bonus.

BUSINESS MEN PLANNING NEW HOTEL FOR SEYMOUR

SEYMOUR, TEXAS, Oct. 21.—The Fine Art Quartette of the Dixie Lyceum course will entertain the people of Seymour at the Criterion theater Tuesday evening, Oct. 23. This number is under the auspices of the chamber of commerce and the Elks club.

An open house 7 o'clock dinner will be held at Young's cafe in Seymour Wednesday evening, October 25, by the chamber of commerce and a splendid program will be given on the occasion.

A meeting was held yesterday by the business men of Seymour relative to building a new \$50,000 hotel on the site of the McLain hotel that was destroyed by fire about a year ago. J. A. Wheat was elected temporary chairman, and R. E. Baskin temporary secretary, and a board of trustees was also appointed to await the action of a committee on the plans. It is expected to be a 60-room fire proof structure and modern throughout.

Mrs. W. R. Hilliard and Mrs. R. R. Kellum will leave tonight for Fort Worth to attend the regional conference of the Red Cross to be held there tomorrow. They are representatives of the Baylor county chapter.

DIRECTORS OF THE SEYMOUR FAIR TO MEET NOVEMBER 7

Staff Special to The Times.

SEYMOUR, TEXAS, Oct. 21.—The annual stockholders' meeting of the Baylor County Fair association has been called for Monday, Nov. 7, for the purpose of electing officers and directors for the ensuing year, and for the disposal of any other business which may come before the body.

The dates for the next year's fair will be decided and plans of the program discussed. It is now under advisement to reproduce all the big features of the cowboys' reunion of 1896 and plans are already set forth to have 300 full blood Indians in attendance. Extensive improvements will be made at the fair grounds, including administration and agricultural buildings, more room will be provided in the grand stand and a race track of three quarters of a mile will be built.

Larger prizes will be paid in the bucking bronco contests and it will be one of the big features of the fair. More than 25,000 people attended the fair here for three days this season and with 91 entries in the bronco contest it was a decided success in every particular.

The citizens of Seymour are to be congratulated on their enterprise and hard work in maintaining a county fair which they have made a success in every detail.

The British Museum, largest in the world, contains 5,000,000 books. Vanadium was discovered by a Swedish chemist in 1850.

BAYLOR COUNTY FARMER RECENTLY DEVELOPS A NEW VARIETY COTTON

SEYMOUR, TEXAS, Oct. 21.—George W. Bowman, a progressive farmer of Baylor county, has propagated a new variety of cotton which from specimens shown promises to be one of the best cottons for west Texas in staple and production that has ever been grown here. A stalk of this cotton was sent to the Dallas fair last night by the chamber of commerce to be placed on exhibition in the Baylor county booth.

The cotton will be called by Mr. Bowman "The Bowman Cluster." It is claimed by him that the variety requires less moisture than the average plant and compares with other improved grades in time of maturing. He reports stalks with more than fifty bolls and the clusters have from two to four bolls, and the locks in the bolls run from four to fifteen. The staple is from one and a half to two inches in length. The fibre seems to be much stronger than other long staple cotton.

There were 1170 fatal industrial accidents in Canada in 1920. Queen Maud of Norway is an expert bookbinder.

SEYMOUR MAKING IMPROVEMENTS ON STREETS OF CITY

SEYMOUR, TEXAS, Oct. 21.—More than \$150,000 is now being expended on street paving and graveling in this city. Eight blocks of the twelve are now finished. Other additional contracts will be let by the citizens of Seymour and the work will continue until all is completed.

The city is installing an elaborate conduit street lighting system; ornamental steel poles are being placed on the corners of each block which will be equipped with 500 candle power lamps.

Graveling streets through the residence section of the city is progressing satisfactorily. One street in the west part of the city is completed its entire length, and Mayor in the west part of the city is contracting several more miles of this character of street work in the near future.

COFFEE

111 One eleven Cigarettes

The Three Inseparables
One for mildness, VIRGINIA
One for mellowness, BURLEY
One for aroma, TURKISH
The finest tobaccos perfectly aged and blended.

20 for 15¢

Did you ever—

ride in a street car with someone near by carrying coffee in a paper bag? Of course, the appetizing aroma made you hungry for a cup of it, too.

When the person carrying that coffee reached home, the package was intact, but a large percentage of the flavor, the real life of the article, had disappeared into the atmosphere with the result, of a sure loss of many cents per pound. Think of it—paying a good price to get a quality coffee and then losing much of what you pay for—flavor—simply because its not packed right.

When you buy Hills Bros. "RED CAN" you get all the aroma and strength that you pay for. The vacuum tin keeps the flavor in.

Remember the MAN and you will remember the CAN

Hills Bros.
the vacuum tin keeps the flavor in

"Without the treacherous help of cathartics"

A simple food which gradually replaces laxatives

"HE who can control chronic constipation without the treacherous help of cathartics makes a 'booster' of his patient."

This quotation from a doctor's essay on constipation carries a message of great significance to thousands of men and women.

It is now recognized that cathartics never remove the causes of constipation. Indeed, one physician states that the indiscriminate use of cathartics is probably one of the most frequent causes of constipation.

For many years there has been pressing need for some simple food that would help restore normal conditions. And now scientists have discovered it in the familiar little cake of Fleischmann's Yeast.

First came the startling discovery that Fleischmann's Yeast in itself is a wonderful food, rich in the mysterious water-soluble vitamin. Then it was found that Fleischmann's Yeast builds up the body tissues, keeps the body resistant to disease.

In addition, because of its freshness (you get it fresh daily) Fleischmann's Yeast helps the intestines in their elimination of waste matter. Fleischmann's Yeast was tested for this purpose in leading medical institutions. Chronic cases of constipation, some even of years' duration, responded.

Fleischmann's Yeast is by its very nature better suited to the stomach and intestines than the ordinary laxatives, and being a food it cannot form a habit.

Eat 2 to 3 cakes of Fleischmann's Yeast a day. Have it on the table at home and on your desk at the office. Eat it plain, spread on bread, or dissolved in milk or fruit juices. You will like its fresh, distinctive flavor and the clean wholesome taste it leaves in your mouth. It is assimilated just like any other food. Only one precaution: if troubled with gas, dissolve yeast first in boiling water. This does not affect the efficacy of the yeast. Place a standing order with your grocer for Fleischmann's Yeast and get it fresh daily.

Send 4 cents in stamps for the interesting booklet, "The New Importance of Yeast in Diet." Address THE FLEISCHMANN COMPANY, 701 Washington St., New York, N. Y.

The need for scientifically tested yeast

Fresh yeast has been proved by recent scientific tests to be a valuable food for correcting run-down condition, constipation, indigestion and certain skin disorders. These original tests are all made with Fleischmann's Yeast. Beware of untested yeast-vitamins preparations that contain drugs or other mixtures. Fleischmann's Yeast (fresh) is a pure food, rich in vitamins, in which it measures up to the high standards set by laboratories and hospitals. The familiar tin-foil package with the yellow label is the only form in which Fleischmann's Yeast for Health is sold.

Mission Federation Attends To a Little of Everything; Good Attendance at Meeting

With about 100 workers present came to "do business" at the quarterly meeting of the Federated Missions Thursday afternoon, one of the best meetings the Federation has ever held was got under way at 2 o'clock at Floral Heights Methodist church.

Mrs. Wiley Robertson presided over the business session in the absence of Mrs. W. S. Sides, and in accepting Mrs. Sides' resignation the federation also expressed their sympathy and condolence with her in her recent bereavement, the death of her mother.

The most interesting business before the federation was consideration of the nursery, which is a social and physical. Miss Decatur gave the report of the conduct of the nursery at the building, and Mrs. H. Goodale, financial chairman, gave the financial report. Mrs. Goodale's report covered the past eight months, with the principal figures as follows: Receipts, \$1,173.84; disbursements, \$1,105.32; cash in hand, \$68.52. The federation discussed the various methods that have been employed to raise the necessary annual \$2,000 for the nursery maintenance, and expressed sincere appreciation of the patronage of the penny boxes which were placed in downtown stores this summer. The income from the penny boxes has netted something near \$100 monthly for the nursery.

An excellent program was carried out under Mrs. E. S. Goodner's direction, opening with a devotional service led by Mrs. E. C. Huchabee, after which the business session, featured by a talk from Professor Clark, was held. During the business meeting the picture which was promised the room with the best representation for the month, was awarded to Miss Florence Davis' room of low seventh pupils.

Mrs. H. F. Weldon, president of the club, presided, and a number of matters of importance were discussed and attended to.

Following the business and program meeting, during which various reports were given, other meetings were held at the home of Mrs. John Bender. The meeting is postponed on account of the meeting of the Parent-Teacher Federation on Tuesday.

School children can see "Springtime" at the Wichita theatre, 2:20 o'clock, adults, 75c. 161-17c for children.

"Springtime" will be presented at a matinee Saturday afternoon, 2:20, Wichita theatre. Prices 75c for adults, 50c for children. 161-17c

JOHN COVAVES JR. HAS FIRST BIRTHDAY PARTY

Master John Covaves Jr. celebrated the reaching of his first birthday Wednesday afternoon at the home of his parents at 1210 Ninth street, when a dozen little friends gathered to help him make the day a happy one.

Miss Gladys Nelson entertained the little ones at indoor games and by taking kodak pictures for an hour or two, after which they were invited to the dining room where the beautiful birthday cake with its one tiny taper formed the attractive centerpiece of a decorated table. Each little guest helped blow out the candle with a good wish for John Jr., and the cake was cut and lucky charms discovered with much laughter. Ice cream was served with the cake to each little guest, and each presented with a miniature jack-o'-lantern filled with yellow and white mints.

John Jr. was remembered with many pretty little gifts by the following: Mrs. E. C. Huchabee, Hendricks, R. V., Charlie and Virginia Const, Billy McMakin, Wanda May Humphrey, Charlton Vernon Jr., Forrest and Charlie Robertson, and Raymond and Gwendolyn Robertson.

AUSTIN MOTHERS COUNCIL HAS RECORD ATTENDANCE

The Austin Mothers' club featured attendance at their Wednesday afternoon meeting, with a good deal accomplished as well. Over one hundred mothers and teachers, all deeply interested in plans for the year's work outlined at a former meeting, were present.

An excellent program was carried out under Mrs. E. S. Goodner's direction, opening with a devotional service led by Mrs. E. C. Huchabee, after which the business session, featured by a talk from Professor Clark, was held. During the business meeting the picture which was promised the room with the best representation for the month, was awarded to Miss Florence Davis' room of low seventh pupils.

Mrs. H. F. Weldon, president of the club, presided, and a number of matters of importance were discussed and attended to.

THE MARKS WHICH MAR

By MME. MOREAU.

PARIS, Oct. 21.—You could be such a really pretty somebody. Your nose is a nice shape and your mouth isn't too large and your eyes—they're nice bright eyes which look as though they were dashed with cold water every morning. But your skin! Something's wrong with it, little black specks all over and the powder won't go on well at all.

And finally you discover that they're really and truly little black-heads in the making.

Can't begin too early to do away with them! Because the sooner you begin treatment the easier it'll be. The most simple and most effective way to treat a light case of blackheads is to wash the face well with a solution of hot water and green soap, then rinse thoroughly and pat on considerable cold cream.

And there are two washes which have been invaluable for clearing the skin. One is a mixture of one dram of powdered sulphur, one dram glycerine, half pint rose-water, two drams spirit of camphor.

This should be put on the face at night and then washed off in the morning with the green soap solution and water.

Another good remedy is a mixture of four ounces of alcohol, two ounces of rosewater, two teaspoons of boracic acid. This should be wiped over the face on a piece of cotton after the green soap and water bath.

And remember, most of all, while giving these treatments, not to scrub your face—deal gently, always!

NEW WISDOM OF WOMEN

By WINONA WILCOX.

A charming and very youthful movie star was listening while her mother spoke plainly of the misfortunes of another film beauty, who had loved a married man more well than wisely.

The mother spoke cynically of the polygamist nature of some men and averred that the notion that a man must be recognized and tolerated as becoming too popular.

The daughter is an exquisite creature of the utmost refinement. I was amazed by the mother's darning. I cried out:

"But you are robbing this child of her dreams! Haven't she a right to her illusions about love?"

"The little girl smiled; the mother replied: 'Haven't she a right to her illusions about love?'"

"My daughter expects less from life than we older women did. She doesn't believe that a man, when she says he loves her, expects or intends to love her forever; or that he is not probably making love to some other girl at the same time."

"But by telling her the truth about certain phases of life, are you not destroying all romance for her? Isn't her belief in ideal love essential to her art?"

"She will get less out of love for herself—and she will put more into her art. She will act her dreams! A curious experiment, thought I."

League Reception Will Honor Past President Monday

The Civic League of Wichita Falls, comprising the largest local organization of women, will entertain Monday evening at the home of Mrs. J. A. Kemp in special compliment to Mrs. T. B. Snook, former president of the league.

A general invitation to the entertainment, which constitutes also the annual fall get-together meeting of the league, is issued to the members of their husbands and others interested in the league. A musical program is being arranged under Mrs. E. L. Fulton's direction.

By Way of the Transo...

SUPPER THE LITTLE CHILDREN—TO LIVE.

"Say, what's become of that 'Daisy Chain' you had there at the Times? Aren't you doing anything this fall?"

A man classed among the "hard-headed" successful business men of Wichita Falls asked the woman's page editor the question. She explained that the Daisy Chain had been completed when the last little tot sent the last dollar for the European Children's Relief fund, which campaign closed some months ago.

"Well, you needn't have stopped on my little girl's account. I wish you'd keep the good work up," he said. "She learned a lot when she gave that dollar out of her own money, and I guess she could give another in a good cause. We weren't sorry to have her feeling sort of responsible for other little children, even at her age."

Tuesday afternoon a high school girl was talking about her work at school, and where she expected to go to college.

"Just think of it," she said. "I'll be twenty years old when I get through school. Doesn't it seem funny to take that long just—just learning things to start living?"

It's too many years to spend just learning to start living. Too many by at least seventeen or eighteen. A year should be just as full of real living—the living which means acceptance of life's responsibilities—in the first decade as in the last. Naturally, the responsibilities of the first decade are of an entirely different order from those of the last, but they should not be too much tampered with by grown-ups. One mother whose little girl asked to join the Daisy Chain during its forming last spring said that while she was glad for her to give her dollar, since she wished, that she did not care to have her know any more than could be helped about the human tragedy involved; that she wanted her childhood to be as free as possible from such things.

There is no need for childhood to become clouded of the natural, human responsibility of life or knowledge of its gifts and needs. To the contrary, that very knowledge and responsibility during the plastic years would surely tend to make for greater thoughtfulness and contentment in the adult years. The child who learns life naturally and freely, and is encouraged to make reasonable investigation into it, isn't going to feel at thirty or thirty-five that all it has had to do for a good part of it has been to unlearn, revise, and suffer disillusionment.

In other words, we should have as much right to live all of life that is within normal sight at ten as we will have at fifty, without any artificial restrictions and with every true encouragement.

One of the foremost creators of fashions in America has forgotten the favor accorded last spring to the three-piece suit, and presents this good-looking model which consists of a simple, slim-line dress with short length sleeves, and square neck, the normal waist line indicated by the gathered fullness at the sides, drawn in to the figure with a narrow, gilt buckled belt. The material used is black duvetyne, with a cut work applique of gray duvetyne to match the squirrel trimmings of the sweater and coat. A harmonious touch is added to the costume by the charming gray felt hat with fringed sides and galanth ornaments.

PATTERN NO. 250. A pattern for the above model (No. 250) can be obtained in sizes 14, 16 or 18, by sending to Lenore, 1 West Fortieth street, New York City, your name and address and 50 cents in postage stamps. Be sure to keep this newspaper clipping of the sketch and description of the garment to use as a working model when the pattern reaches you, which will be within two weeks.—The Editor.

FIRST SOCIAL OF JEWISH COUNCIL MONDAY AFTERNOON

The Council of Jewish Women will hold its first social meeting Monday afternoon at the temple, in the form of a birthday party. The party will open at 3:30 o'clock and the hostesses will include Messdames A. Marks, M. Dretler and Wineburg.

STUDY OF SOCIAL PROBLEMS

The study of social problems which was taken up at its first study meeting by the Sorosis club, was continued with splendid interest and some exceptionally able papers and discussions Wednesday afternoon when the club held its regular weekly meeting with Mrs. M. Glover at 1825 Howe.

Mrs. Burke Taylor was leader for the afternoon, and gave the first discussion on the theme of "Population in Relation to Natural Resources" in her paper on disappearing natural resources and increasing population. Mrs. Harrison Beckman discussed "Industry in Relation to Our Fuel Supply," both of which were followed by a general discussion.

At the conclusion of the study program the hostess served refreshments to Messdames Harrison Beckman, Joe B. Harris, E. E. Hubbard, Stanley McCropper, W. P. Lewis, Burke Taylor and Ernest Archambeau.

PRODUCERS TRY FOR NEW EFFECTS BY CHANGING CAST

By JAMES W. DEAN. NEW YORK, Oct. 21.—An insight into the present situation in the film industry is afforded by the recent announcement that more than 20 new faces appear in leading roles in coming Goldwyn pictures.

Carmel Myers. She starred for Universal, but is now featured in a Vitagraph serial, "Breaking Through."

Ben Turpin. He and his eyes are having a great time on a personal appearance tour. Ben knocked 'em dizz, as the saying is.

Griffith will soon have "The Two Orphans" ready for release.

The Heppelwhite is superior to any and all talking-machines at any and all prices.

Think of it!—this real Edison \$167.50

Many people believe they must buy the \$295 Official Laboratory Model,—in order to enjoy the pleasures and benefits of Mr. Edison's marvelous new reproducing instrument, perfected at a cost of three million dollars in research work.

Here, then, is welcome news. For \$167.50, you can buy a skillful adaptation of the Official Laboratory Model,—the charming Heppelwhite.

The Heppelwhite is superior to any and all talking-machines at any and all prices. We are willing to submit it to scientific comparison, for proof,—you and your friends to be the judges.

For a limited time, we offer the Heppelwhite on the most satisfactory plan you have yet heard.

Your Opportunity—Our Gentleman's Agreement

Take a beautiful Heppelwhite on our Gentleman's Agreement Plan. You pay only what you wish—28 little as \$12.50. The balance you budget according to your convenience. We ask no security except your word of honor.

We are able to make this special offer because there will be no reduction in the prices of Edison instruments. Edison prices increased less than 15 per cent since 1914.

Payments \$12.50 Down, \$12.50 Per Month

"TURN TO THE RIGHT" TO BE FIRST OFFERING OF LEWIS STOCK COMPANY

A wire received here late Thursday night from Gene Lewis, head of the stock company which opens an eight-week engagement at the Wichita theatre next Monday, stated that "Turn to the Right" had been decided upon as the first play to be given.

"Civilian Clothes" had previously been announced as the opening engagement, but it is the belief of Mr. Lewis that "Turn to the Right" will prove a more popular number for the first week.

There are no villains or blazes in "Turn to the Right" for it's a comedy of village belles and city slickers, with humor the predominant factor throughout.

MAJESTIC Today and Saturday HARRY CAREY —IN— "DESPERATE TRAILS" 10c and 30c

See "Springtime" at Saturday afternoon matinee. Seats anywhere in the house, 75c for adults, 50c for children.

Griffith will soon have "The Two Orphans" ready for release.

Allen Forrest and Philo McCullough support Viola Dana in "Seeing's Believing."

Ruth Roland's next serial will be called "The Timber Queen."

W. J. Ferguson, who appears in "Kindred of the Dust," acted on the stage 55 years before going into the movies.

SNEED AND POSEY RELEASED ON BOND

Are Charged With Obstructing And Impeding Administration Of Justice.

FORT WORTH, TEXAS, Oct. 21.—John Beal Sneed and W. R. Posey, for whom complaints charging obstructing and impeding the administration of justice in a trial case had been filed in connection with the sentencing of a juror to thirty days in jail in Taylor county by Judge James C. Wilson for contempt of court October 13, were released on bond of \$3,000 each when arraigned before George W. Mitchell, United States commissioner, Wednesday afternoon.

WILL HARRIS BARN DESTROYED BY FIRE

Thousand Bushels of Wheat, \$600 Worth of Feed Was Burned—No Insurance.

BOMARTON, TEXAS, Oct. 21.—News reached here today that Will Harris' big barn, five miles east of Bomarton, burned last Saturday night. Mr. Harris lives in Seymour. His tenant, A. L. Conner, lives on the farm. Mr. Harris had 1,000 bushels of wheat in the barn and A. L. Conner had 1500 worth of feed, 400 bushels of cotton seed, 500 chickens, \$200 worth of harness and a new car shed. It was a total loss with no insurance.

CHIEF DEPUTY DAKAN IN PITTSBURGH AFTER PRISONER

Chief Deputy H. C. Dakan of the sheriff's office arrived in Pittsburgh, Pa., Thursday evening, according to word received here. Mr. Dakan went to Pittsburgh to bring back T. R. Richards, who is wanted here on a charge of swindling. Mr. Dakan went equipped with extradition papers.

MAN ARRESTED ON CHARGE INVOLVING LITTLE GIRL

W. W. Thompson was arrested Friday morning by a deputy sheriff on charges of aggravated assault, it being alleged by the complainant that she assaulted a small school girl in a local rooming house. It is contended that he picked up the little girl and kissed her. He made bond and was released. The bond was fixed at \$200.

See "Springtime" at Saturday afternoon matinee. Seats anywhere in the house, 75c for adults, 50c for children. Price includes war tax.

Two-twenty o'clock at Wichita theatre. Generally the halls of the right hand are broader than those of the left.

There will be services at Temple Israel Friday night, speaking at 8 o'clock. Rabbi Goldberg will lecture on "Transition Faith." This is to be a special service and the choir will be completely reorganized, with special music Friday night. Every one is invited to attend.

Mr. and Mrs. M. G. Catter left today for Rochester, Minn., where Mrs. Catter will enter 31-70 Bronx nitarium for treatment.

O. W. SMITH says—

You may send your child to his store and the same courteous treatment that the grown-ups know will be shown them. He offers for Saturday the following specials:

BONDSMEN PLACE DR. W. D. YEARY IN COUNTY JAIL

Dr. W. D. Yeary of Burkburnett, who was out under bond on a federal charge of having issued prescriptions for morphine indiscriminately, was turned over to the sheriff late Thursday evening by his bondsmen.

Dr. Yeary was arrested three weeks ago by special agents of the government and following a hearing, bond was set and he was released after perfecting the instrument.

The bondsmen asked the United States commissioner to release them from the bond. The physician was then later arrested by the sheriff's department and placed in the county jail as a federal prisoner.

The orange was originally a pear-shaped fruit about the size of the common wild cherry.

Brazilian coconut palms live from 600 to 700 years, and the date palm from 200 to 400 years.

Eczeema and Tetter Due To Impurities In The Blood

To Get Absolute Relief You Must Clear Your Blood of Waste Products

The blood is the means by which all the tissues of the body are directly or indirectly nourished. You will at once realize that unless the blood is pure, some part of the body will become diseased.

Fleary skin diseases denote with unfailing certainty a weakened and impure state of the blood.

To correct the basic trouble—waste products—the blood must be purified. Don't clog your blood. Just clean it out. Nature will do the rest. Pure, rich, red blood nourishes the body and fights off disease.

S. S. S., the standard blood purifier, is the ideal remedy for skin eruptions. The effect of S. S. S. is to rid the system of the waste products which are causing the trouble. For over 20 years S. S. S. has proven to be of unusual merit. Begin taking S. S. S. today and write for 26 page illustrated booklet, "Facts About the Blood"—free.

Personal medical advice, without charge, may also be had by sending a complete description of your case. Address: Chief Medical Director, Swift Specific Co., 742 S. S. S. Laboratory, Atlanta, Ga. All drug stores sell S. S. S.—adv.

THINKS FINANCE CORPORATION WOULD PAY 30 PER CENT ON INVESTMENT FOR FIRST YEAR

That the agricultural live stock finance corporation now being formed in Fort Worth to bring financial relief to farmers and cattlemen of the southwest will probably pay 30 per cent of its investment, the first year, was the belief expressed Friday by Frank Kell, representing a group of John N. Sparks, chairman of the organization committee, for an expression on the proposition. Mr. Kell's reply follows:

"The Kellogg bill which is now one of our congressional acts, provides the machinery for the finance corporation, working through the agricultural live stock trust company and other banking institutions, offers the greatest relief to the agricultural and live stock interests of our country, of any statute that has ever been passed since we had a constitution."

"The agricultural live stock trust company now being organized at Fort Worth as well as trust companies of like character all over the United States, are quite essential and necessary to aid the live stock finance corporation to administer the law in its widest scope so as to reach every agriculture and live stock interest in our country, of whatever nature, including the live stock interests, not only in our largest centers and densely populated sections, but in our sparsely settled range country in the western part of our state and the western part of New Mexico and Arizona, where banking facilities are meager and inadequate to take care of the excessive demand now being made for immediate financial assistance by our agricultural and live stock interests."

"An investment in the agricultural live stock trust company which you are now organizing at Fort Worth will not only be a patriotic investment but will be a highly profitable investment to anyone taking any of this stock. It appears to me that the agricultural live stock trust company which you are now organizing will be able to pay its stockholders at the end of the first year not less than 30 per cent on the investment and might pay even better than this."

"As loyal American citizens it is our duty to take our share of the stock in your organization just the same as it was our duty to take our share of the liberty bonds which were offered from time to time during the period of the war, as the condition in which we now find the agricultural and live stock interests of this country was brought about by a condition of the war. All of the banks in the western part of Texas, all of New Mexico and all of Arizona and all of our citizenship engaged in livestock activities can well afford to underwrite every dollar of the stock of your agricultural live stock corporation if necessary, because in doing so they help themselves and help a national situation and will make a perfectly safe and highly profitable investment."

"I am sure that you will find it to your advantage to take our share of the stock of your organization just the same as it was our duty to take our share of the liberty bonds which were offered from time to time during the period of the war, as the condition in which we now find the agricultural and live stock interests of this country was brought about by a condition of the war. All of the banks in the western part of Texas, all of New Mexico and all of Arizona and all of our citizenship engaged in livestock activities can well afford to underwrite every dollar of the stock of your agricultural live stock corporation if necessary, because in doing so they help themselves and help a national situation and will make a perfectly safe and highly profitable investment."

EARL MATHIESON THEFT CASE GOES INTO JURY'S HAND

At a late hour Friday the jury in the case against Earl Mathieson charged with theft of over \$50, was still deliberating. The jury retired at 2:45 Friday afternoon after County Attorney E. L. Fulton had closed the argument for the state. The defendant was alleged to have stolen a fur cape valued at \$250 from the Mack Taylor store some time last fall. Police Officer Hunter testified that he arrested the defendant within 15 feet of the store with the fur cape wrapped up in his coat under his arm.

In argument to the jury the defense dwelt on the reasonable doubt assertion in the charge and asked whether it was possible that some party had handed the coat to the defendant and that he knew nothing of the theft.

Two watches, a pistol and other small articles have also been identified by their owners. First word of the operations of the black was received by the police Thursday from the A. L. Kirkland home, 1811 Bluff street, where a negro entered the house and walked out with two small children's banks. Later a negro raided the home of C. L. Priebe, 1901 Seventeenth, and escaped with \$10 in cash, two gold watches and a pistol, and Friday morning he visited the Keys house.

About \$20 in cash, three watches and three guns were obtained by Bruce during his thieving spell, the entire value of the loot amounting to well over \$100.

School children can see "Springtime" for 30c Saturday afternoon. Wichita theatre, 2:30 o'clock. Adults 75c. 161-110c

BLACK ARRESTED; STOLEN PROPERTY IS IDENTIFIED

A steady search by City Detectives Hembree and Humphries for the negro who during the last two days has entered several residences and looted them of whatever valuables might be at hand, was rewarded late Friday morning when Thomas Bruce, aged about 25, was arrested at his home on Cooke street and all the stolen property recovered. Cooke was identified at the police station as the negro seen to leave the home of Mrs. Keys, 1513 Twelfth street, earlier in the morning.

Two watches, a pistol and other small articles have also been identified by their owners. First word of the operations of the black was received by the police Thursday from the A. L. Kirkland home, 1811 Bluff street, where a negro entered the house and walked out with two small children's banks. Later a negro raided the home of C. L. STEWARDS REPLY TO STATEMENT IN THURSDAY'S TIMES

At a meeting Friday of the board of stewards of the Floral Heights Methodist church a statement was issued characterizing as misleading and unauthorized the article appearing in The Times of Thursday and unauthorizing the coming meeting of the North Texas Methodist conference. The statement follows:

"In view of the fact that the Wichita Daily Times published yesterday a statement which was unauthorized and highly calculated to mislead the public and cause wrong conclusions in regard to the probable appointment of our pastor, Rev. I. L. Tittle, we, the board of stewards of the Floral Heights Methodist church, wish to make the following statement to the public:

"I. Since the article might leave the impression that the work of our pastor had been unauthorized to the church and that we, the board of stewards, had asked for his removal, we wish to state that no such action had been taken and that we do not intend to take such action. On the contrary, we will say that the only official action taken was to pass a resolution strongly endorsing Rev. Tittle's work in every particular and to state that if the bishop and his cabinet should appoint him to this charge for the third year, that we would gladly receive him and give him our cordial support in his continued labor with us."

"II. In full justice to our pastor we will state that he has indicated to us that for good and sufficient reasons and under certain conditions he might desire to be appointed elsewhere for another year, and that this accounts for the wording of the resolution above referred to."

"III. We state further that the party furnishing the information to the Wichita Daily Times upon which the said article was based was wholly unauthorized to speak for us and that it is our conviction that the said Wichita Daily Times should not have published the article."

The Times has also received the following telegram from Henrietta: "Your paper of yesterday carried report predicting the appointments of M. E. church, South, relating to churches in Wichita Falls. Wish to say said report is unauthorized. (Signed) 'S. M. Black, presiding elder.'"

John Kell, representative of the department of justice with headquarters in Fort Worth, was in the city Friday on business.

Gene Leopold has returned from Rochester, Minnesota, accompanied by his wife who had undergone an operation at Mayo Brothers' sanitarium. Mrs. Leopold returns much improved in health.

COAL MINERS OF KANSAS URGED TO RETURN TO WORK

CALL IS ISSUED BY PRESIDENT LEWIS OF UNITED MINE WORKERS.

CALLS FOR UNANIMITY AMONG ALL MINERS

Declares Welfare of Members Depends Upon Observance of Contracts.

INDIANAPOLIS, Oct. 21.—A call for the immediate resumption of work by Kansas coal miners who have been idle since their deposed leader, Alexander Howat, was sent to jail under the Kansas industrial court law, was issued today by President John L. Lewis of the United Mine Workers of America in a letter sent to every union miner in Kansas.

"Those who urged the Kansas mine workers to continue idle in violation of the joint agreement are but false leaders pointing the road to inevitable disaster," said Mr. Lewis' letter, which also referred to approaching wage negotiations affecting the entire coal industry of the United States, as "the battle which is to come," calling for unanimity among all miners.

In his letter Mr. Lewis referred to his suspension of Howat and others as officials of the Kansas district, declaring this action followed the decision of the international union's recent convention directing that strikers at two mines be ordered back to work.

"The welfare of the United Mine Workers of America," the letter continued, "depends upon its observance of the contracts which it negotiates and the honorable liquidation of the obligations thereunder assumed. It is not possible for the international union to countenance or permit the continuance of a condition in any district wherein the joint wage agreement is violated with impunity and the organic laws of the organization transgressed and ignored. Such as the condition in district 14 (Kansas) and by the same token the international union has interfered to bring order out of chaos and compel obedience to its laws."

Further, the letter asserted it was a "deliberate falsehood" to say the international union would permit changed working conditions at the two mines or that the union was acting in sympathy with the Kansas industrial court law. Legal attacks on the law by Howat and other deposed Kansas union officials were said "not to strike at the heart of the measure" and the letter added that the international union would soon institute legal proceedings to challenge all the law's provisions which labor regards as unconstitutional.

"The mine workers of Kansas are only doing themselves an injury by refraining from work under present circumstances," continued the letter.

ON INSPECTION TOUR

Maj. Gen. Leonard Wood, new governor general of the Philippines, on an inspection tour of Indang, a Philippine province.

"It is futile to believe that a stoppage of work will change the law. Laws are only changed in America by the force of public opinion manifested through the state legislatures and the federal congress. Those who urge the Kansas mine workers to continue idle in violation of the joint agreement are but false leaders pointing the road to inevitable disaster. It is the duty of every member of the United Mine Workers of America who took the obligation to abide by its laws, to now conform by the action of the international union and render every support to the officers of the provisional district organization. All mines should be immediately placed in operation without further delay."

The famous Krupp works at Essen now produce one locomotive and eight freight cars daily, besides many machines and devices.

BON-OPTO Sharpens Vision

Soothes and heals the eyes and strengthens eyesight quickly, relieves inflammation in eyes and lids, sharpens vision and makes eyes unnecessary in many instances, says Doctor. Druggists refund your money if it fails.

BRITISH WARSHIP IS SENT TO LISBON

Apprehensive Over Result of Recent Political Developments There.

LONDON, Oct. 21.—The admiralty, it was announced today, is sending the warship Calypso from the Mediterranean to Lisbon in consequence of the representations of British firms and British residents of the Portuguese capital. They express apprehension over the result of the recent political developments there. News received in official quarters reports quiet prevailing in Lisbon today. Looting, however, had occurred on a large scale previously, causing the British interests to request the presence of a warship.

Spaniards at Lisbon also are apprehensive and have requested the Spanish charge d'affaires to afford naval protection.

The new foreign minister at Lisbon when approached with regard to possible disturbances replied reassuringly to the effect that the government had adequate forces to maintain order, the services state, and that special attention would be given the protection of the lives and property of foreigners.

The streets of Lisbon were well policed today by the republican guards.

OFFICIALS ASSASSINATED IN OUBERTAN WEDNESDAY

LISBON, Oct. 21.—Antonio Granjo, premier and minister of the interior, and Jones Carlos Maia, former minister of marine and colonies, were assassinated during the military outbreak against the government on Wednesday, which resulted in the setting up of a new administration. Newspapers here print an

How to Get Rid of Colds and Catarrh

A Simple, Safe, Inexpensive Method that Clear Out the Head, Nose and Throat.

There must be readers suffering from chronic catarrh who would like to know how they can stop catching cold after cold, for they must realize that sooner or later this may lead to deafness and other serious troubles.

Dr. Blosser, a respected physician, and for years a specialist in catarrh, is the discoverer of a pleasant, direct method that can be used by man, woman and child. His remedy is made from medicinal herbs, flowers and berries which you smoke in a dainty pipe or cigarette, and inhale the vapor into all the air passages. It contains no cubes, tobacco or habit-forming drugs, and is not sickening to those who have never smoked.

Dr. Blosser's Remedy is effective in all forms of colds, catarrh, asthma, catarrhal headache and ear troubles that may lead to deafness. You will breathe better and feel better after using it. Satisfactory results guaranteed. Any well stocked drug store can supply Dr. Blosser's Remedy. A trial package will be mailed to any sufferer for ten cents (coin or stamps) by The Blosser Co., 40 D.T., Atlanta, Ga., to prove its beneficial and pleasant effect. (Adv.)

official note from the junta directing the national movement which placed the new government in power, vehemently protesting

against the assassination of these two public officials and other devoted republicans. It is asserted that such acts of

violence must be considered due to the enemies of the "generous nationalist movement" which is declared otherwise to have estab-

lished its government without bloodshed. The note adds that those guilty should be delivered to jus-

Tipton's Drug Store No. 2

INDIANA AT SEVENTH

Announcement

We will open our second Drug Store in Wichita Falls Saturday, October 22nd, in the building formerly occupied by the Exchange National Bank, at the corner of Indiana Avenue and Seventh Street, and we cordially invite the public to visit us.

Our stock of drugs and sundries is extensive, and we have installed an up-to-date Soda Fountain from which we will have a choice assortment of drinks and ices.

Our store at Eighth and Scott has met with a very gratifying success and we believe that Tipton's No. 2 will be able to serve the public just as efficiently and as successfully. Our organization includes expert registered pharmacists, experienced salesmen and clever fountain attendants, and it is our purpose to make the new store of real service to the community.

COME IN SATURDAY AND LOOK US OVER

Tipton's Drug Store No. 2

INDIANA AT SEVENTH

ALL THE NEWS OF ALL THE SPORTS ALL THE TIME

ON THE OTHER HAND

BY GROVE

If Georges the Carn can put it over on the Gibbons brothers, he ought to be stacked against the Three Fighting Shades. Or Eddie Foy and his flock might give him a song and dance.

BRAINS VS. FEET.

In football, a fellow has a greater chance to use his own noodle than in any other branch of sport. There are some instances, during the game, where he finds himself left entirely to his own initiative, as is the case when he is about to execute a forward pass and finds there is no one to pass to. After juggling the ball and ducking all the interference the opposing team has thrown his way, the rest depends on the working of his brain.

A rare example of this was seen the other day while watching the great Thorpe tackled by three men after a long end run. The tacklers stopped him in such a position that it seemed certain he would be thrown back for a loss while only a man's length from the goal line. To the surprise of all on the sidelines, instead of being thrown back onto the field, the Indian squirmed and twisted half way around in the men's arms and fell a foot over the goal line. Thorpe is noted for his great kicking and running, but it was neither of these that made this goal.

Walter Hoot is going on the stage to tell how it feels to be a world series pitcher at twenty-two. Now, if we can only get some boxing fan up there and tell how it feels to get pipped at sixteen-fifty.

We see the new world champions, the Giants, were all at the Winter Garden the other night. That's the idea, bring 'em out a dozen at a time and get it over with.

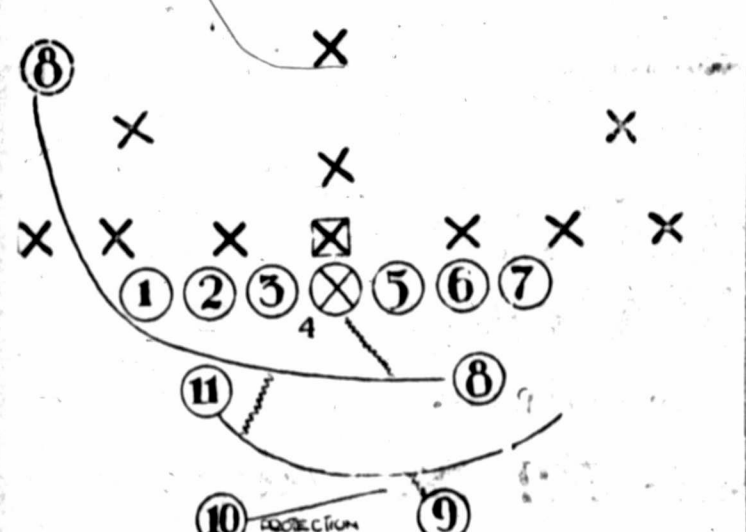

If anybody goes into vaudeville, let it be the Athletics. We'll bet Jimmy Kelly, the pugilistic college student at Notre Dame, gets a hundred in arithmetic.

He knew his stuff, this bird in blue. When he ran he nearly flew. We'll have to credit his training, too. The place where all the credits due—HER OLD MAN.

A curse recited through the cool night air, the two-gun man, with glassy stare. Stood primed to shoot in forty different courses. 'I'm lookin' for the guy who names race horses.' 'I'm lookin' for the guy who names race horses.'

Lotta major league ball players are spending the winter managing teams in the California winter league. Others have gone to work.

Play for Use in Tight Pinch

By S. S. WILLIAMS
Coach, East Tech High School, Cleveland

This is not a fundamental formation, but may be used when a team finds itself in a bind.

The first play to be run is No. 8, circling the end. Taking the ball from the center and following his interference. The second play starts just like the first, only No. 11 delays and No. 8 passes back to No. 11, who carries the ball around the right end. Of course, in this second play the backfield men and some of the linemen reverse their direction and get into the interference.

The third play is supposed to take your opponent completely by surprise. No. 8 receives the ball and starts as if to circle the end. He passes back to No. 11, who starts as if to circle the opposite side. No. 11 then passes back to No. 8, who forward passes to No. 8, coming down the field. Numbers 8 and 11 act as protection and the entire line blocks.

This play won at least one big high school game that I recall.

By NEA Service.
COLLEGE PARK, MD., Oct. 21.—The University of Maryland has not the greatest football team in the country but it boasts the best punter in our fair land in Brooke Brewer, its crack right halfback.

That Brewer is able to kick farther than any other punter in the United States is the opinion of all coaches who have seen this great punter in action. In all the games of last season and this year his kicks have averaged better than 60 yards and some of his spirals have floated a distance of over 70 yards.

Brewer, who is champion sprinter of the south and who once a record of 9.4 seconds for the century dash, is not a big fellow as many would think from his great looking

BELGIAN BILLIARD SHARK WILL MAKE HOPPE STEP NEXT MONTH

HE SPARES NO COMFORT TO REACH A SHOT

WHEN THE LAMPS GET IN HIS WAY HE ASKS THE REFEREE TO HOLD THEM BACK

BEFORE EACH SHOT HE SHINES THE BALLS WITH HIS OWN HAND—KEECHIEF AND BREATH

By ROY GROVE.

Eight years ago a young shirt salesman in Antwerp was introduced into a church billiard club, and was taught the rudiments of the game by club members. He was fascinated by it. After the store closed, he would spend long evenings by himself, studying new ways of making a cue ball answer his whims.

Soon he was startling other members of his church club by his almost wizard-like control of the balls.

"You're much too good for us," they told him. "You ought to be playing with the experts."

The young shirt salesman took his friends at their word. He left the church club for keener competition, rising gradually until he became the foremost cueist of Europe.

And now he is in America, playing a round of exhibition matches preparatory to the championship tourney at Chicago in November, when he hopes to get a crack at Champion Willie Hoppe.

The shoe salesman is Edouard Horemans, the Belgian wizard.

Hoppe is the world champion at the 151 game and holder of the American title at 152.

It is a certainty that he and Horemans will get together in the near future for the title. It is down that the title holder must defend his title at least once a year.

The Belgian is fast setting a record for himself. Since his arrival in this country, he has defeated every American contender that he has taken on. Not only does he defeat them, but almost every time he steps to a table he shatters a record.

tion for the next shot. It is the hardest way to play the game and he has taken the thing backwards to bring it out.

He never hesitates, for he knows just how he is going to play. Many of the boys saw back and forth with the cue before shooting. Edouard just hauls back and lets 'em have it. His game is steadiness and rapidity.

Horemans' self-teaching has been fortunate to him in so doing he has developed the mastery of the masses.

The Belgian wizard's style is to get the balls in the middle of the table and play them back and forth. Seldom does he get his balls in the corner of the table as Hoppe does. He prefers them in the open and by massing back and forth accounts for his high runs.

He plays the corners well, but by playing the upper or the lower head of the table he is in a position to drive from three sides and corner back.

He is equally as good at round the table play, but seldom resorts to it. His highest run of balk line ever made, 701, had but one long drive in it. He made the first three hundred in the head section, playing the short table, and then he moved to the middle of the table where he made 200 more and then brought the balls back to the end of the table and finished.

He ignores the cushion and depends entirely on the draw.

Horemans is not temperamental although very fussy about his cue. He wants every thing to be the best—but when they are not up to a standard he never complains.

He is not flashy nor does he carry a million sticks around with him. He puts a few in a little cloth bag and tucks them away under his arm.

He has defeated such experts as George Slosson, Joe Mayer, Gallagher and Cutler. During these games he has made runs of 701, 618, 542 and 325.

The world's record run of 308 was made by Hoppe in a championship match with Welker Cochran seven years ago.

In 151 balk line during a match with Gallagher, Horemans ran 207 and 142. The world record of 149 runs by Frank Ives was made in 1920.

In the game with George Slosson at Boston the Belgian made a high run of 225. This is 17 more than Hoppe's high competition record. But that's a mere trifle. For he picked off 701 buttons without a miss while playing with Tom Gallagher a short time later.

Horemans is a real genius and is the first billiard player to develop anything in the last 20 years that is worth considering.

He is self taught billiardist, which accounts for his peculiar style of play.

The most wonderful part of his game is his mass shots which he always plays with a view of poi-

Hindu Mat Artist Throws Scare Into Grapplers of U. S.

WICHITA, KANSAS, Oct. 21.—The age-old fear of the wrestling world that the championship of the world will pass from the race and repose permanently with the Hindu in southern Asia has been brought up again.

The bringer-up of the fear is Jatinra Charan Gobo Gobar, the gigantic Indian who has just shown wrestling fans and Ed (Strangler) Lewis a thing or two in their match here.

When the huge Hindu, who says he has come to this country in the interests of his own land and his education and has taken up wrestling as a side issue, clapped a terrific toe-hold upon Lewis, the champion, and twisted his shoulders fully up to Lewis, whose physical appearance is said to present great symmetry and whose sheer strength probably far surpasses that of the American, will have an eventual career in the next few years, should he follow the steps of av-

India with all the handicaps of religious fanaticism and century-old preparation was one of the results of the match.

To Be Feared. Gobar incidentally placed himself in the ranks of the topnotchers and made himself a man to be feared by the best grapplers in the world. He showed himself to be a man of terrible strength, extreme caution, wily generalship and a skillful science.

The foreigner had been the aggressor all the way. He slipped the toe-hold upon Lewis and enforced it to a fall probably more easily than has been done in any big match since Zhyaszo surprised the sporting world several months ago in his freak meeting with Lewis. It was the first fall anyone had obtained from him since that time.

That the "Hindu menace" should have entered the American wrestling circles—which is to say the interests of his own land and his education and has taken up wrestling as a side issue, clapped a terrific toe-hold upon Lewis, the champion, and twisted his shoulders fully up to Lewis, whose physical appearance is said to present great symmetry and whose sheer strength probably far surpasses that of the American, will have an eventual career in the next few years, should he follow the steps of av-

The springing into being of this fear of the eventual grappling supremacy of the Buddhists, and missionary is protected in Asiatic

eral Indian wrestlers who have invaded the country. Gobar adheres strictly to his religion, holding that his beliefs, charms and signs give him strength. He is a college graduate, and came to America mainly, he said, to study economics, his father being one of the largest export and import dealers in India.

Here's Health to You!

You'll begin to appreciate what good health really is when you have taken FORCE for a while. Its wonderful revitalizing and reconstructive qualities will prove a positive revelation to you.

Men and women who know FORCE, who have tried it in their individual cases of debility, cannot express themselves too strongly in its favor. Their praise is due not only to its invigorating properties but to its general beneficial effects in increasing the functional activity of the principal organs of the body.

To all who are pale, weak and weary, fatigued in mind and body, languid and nervous, this and emaciated, nervous and irritable, lacking in appetite, troubled with indigestion, and devoid of interest, we recommend FORCE. It is equally good for men, women and children.

TWISTING THE TIGER'S TAIL

Scene at the Princeton-Navy game at Annapolis when the Navy upset the dope and beat the Tigers, 13 to 0. The Navy's varied attack and the great work of the backfield men caused Princeton's defeat.

performances but weighs 154 pounds and is only 5 feet 8 inches tall. However, he has the knack of getting the ball off for great distances just as some light men have the knack of putting the 16-pound shot or throwing the hammer can toss those spheres for great distance.

Not only do Brewer's great spirals carry far but they are so high in the air that his ends always have time to get down the lefts and run-backs of any great distance are seldom made.

John H. "Heavy" Van Arnam, veteran scout of the Syracuse University football eleven declares that Ted Coy and "Lefty" Flynn of Yale were not in the same class of kickers as this great Brewer. If Brewer

were on Harvard, Yale or Princeton instead of the little Maryland team we would hear more about him.

OTHER RAIL STRIKES

By N. E. A. Service.
NEW YORK, Oct. 21.—Five times before has this country faced a real or threatened railroad strike. These were:
 1. Strike of 1877.
 2. Pullman strike of 1894.
 3. Threatened strike for eight-hour day, 1916 and 1917.
 4. Strike of railroad shopmen and general demand for increased wages, 1919.
 5. "Outlaw" strike of railroad switchmen, 1920.
 6. Strike in 1921.

But on promise of President Wilson of a slight increase in pay and his request for delay until the country could come back to normal, the men gradually returned to work.
 But on promise of President Wilson of a slight increase in pay and his request for delay until the country could come back to normal, the men gradually returned to work.
 On April 2, 1920, against the orders of the brotherhood officials, 6,000 switchmen in the Chicago yards walked out. They were dissatisfied with the way the government delayed fulfilling its promise to help the men by reducing the cost of living or bringing about some sort of relief. They wanted a higher wage. The brotherhood officials immediately "outlawed" these strikers. But the strike spread throughout the country.
 The strike caused a temporary partial stop in transportation, but the railroad brotherhoods were soon able to get the trains running regularly through the aid of their loyal employees. The brotherhood sought reinstatement, but this was refused at the convention of the brotherhoods in May of this year.

ENGINEERS HAVE OWN BANK; HAS PROVEN A BIG SUCCESS

By N. E. A. Service.
CLEVELAND, Oct. 20.—Most of the 89,000 members of the Brotherhood of Locomotive Engineers have healthy savings accounts in the brotherhood's own co-operative national bank that was organized here in November, 1920.
 The primary purpose of the bank was to care for the funds of the organization and to handle the money of widows and orphans of dead brotherhood members.
 Original deposits were \$451,000. Today the institution has drawn in deposits, from coast to coast, more than \$10,000,000 and is gaining at the rate of \$1,000,000 a month.
 Stone President.
 The president of the bank is Warren B. Stone, who also is chief of the brotherhood and who once ran a locomotive on a single track division of the Rock Island.
 "We'll pay at least six per cent dividend on stock in the first year of our existence," says Stone. He is now creating savings clubs among the 878 lodges of the brotherhood.
 "Our main object is to inoculate thrift among the men," he says. "When they accumulate savings, we'll recommend good investments."
 "Our brotherhood pays out \$2,000,000 a year to widows and orphans of deceased members. In the past 75 per cent of this money disappeared in a year, for the inexperienced folk got into the hands of sharpers. Now our trust department takes care of the funds of these people."
 Stone is a firm believer in the future of the co-operative movement and in the power of labor.
 "If labor would only conserve its resources and put it in the banks, it would be able to dictate the financial policy of the country in 10 years," he says.

The main counter in the B. of L. E. bank, that once was used as a bar, and Warren B. Stone, president of the institution.
 "Labor's income is \$23,000,000,000 a year. The whole problem is one of education and co-operation, a problem that we have tackled in real earnest."
 The brotherhood bank is now located in an unpretentious building formerly occupied by a saloon. The main banking counter once served as a bar.
 But the brotherhood owns sufficient land adjoining to accommodate a 21-story bank building, for which plans already have been drawn, and which is to be built within two years.

CONSTITUTION IS ADOPTED FRIDAY AT REALTY MEETING

A constitution and by-laws for the Wichita Falls realty board were adopted at a luncheon held at the Kemp hotel Friday and the board voted to apply for affiliation with the state and national realty boards.
 At a meeting to be held next Friday permanent officers for the board will be elected and the organization of the board completed.
 At Friday's meeting J. Wilkie Talbert gave a report of the meeting of the state board at Dallas last week. Mr. Talbert gave an enthusiastic report concerning the state organization and the benefits of organization.
 Dealers attending the meeting Friday included:
 Ben Neal, Helgeson, L. E. Cowling, Jno. Robinson, E. F. Johnson, M. E. Stevens, E. P. Haney, Wm. Baldridge, W. S. Curlee, J. W. Talbert, D. O. Johnson, C. Winfrey, O. L. Bain, Miss Jackson, Miss Kerr.

RAIL LABOR BOARD FORBIDS A STRIKE

(Continued from Page 1.)

Leaders have maintained must involve more than the question of the July wage reduction on which the strike was technically called. The board, it was said, presented three proposals to the presidents of the big four brotherhoods and the switchmen's union. They were: 1. The railroads to make a reduction in freight rates corresponding to the wage reduction of July 1. Less such reductions as have already been made since that date. 2. The roads to refrain from asking the United States railroad labor board for a further wage reduction until the last cut has been translated into rate reductions. 3. The unions to suspend or withdraw their strike order. These proposals made no mention of overtime and other rules promulgated under federal control, which the employees seek to retain in toto and which the board has been revising. The brotherhood chiefs declare their strongest fight in any strike settlement will be made on these rules. The five union presidents were willing to accept the first two, but declared they had made no arrangements for suspending their strike and any settlement must be made before Oct. 30, or the walkout would automatically become effective. The board, it was reported today, assured the union leaders that the railroads could not get a decision for months even if they filed their proposed request for a 10 per cent wage reduction immediately. The board is understood to have pointed out the cases now on the docket could prevent taking up the railroads' application before next March, and that the bulk of testimony naturally expected in a case of such importance probably would be submitted in the next six months, making it highly improbable that the roads could get an answer before next August or September. The proposals submitted by the board followed closely the advance predictions of the plan they would offer, and the railroad brotherhood leaders, who already had declared the plan impossible, made no effort to conceal their disappointment that the board had nothing else to offer. Yesterday's optimism was noticeably absent in union circles today and in its place was a seeming resignation to the belief that the strike was now inevitable unless President Harding assumes the initiative with some drastic step. The western managers' association will not follow the example and advertise in the newspapers men to replace strikers, Samuel Pelton, president of the Chicago and Great Western, said today. "We have received so many applications already that we don't need to advertise," Mr. Pelton said. The western managers will meet this afternoon to complete their plan of action.

RAIL LABOR BOARD AND CHIEFS CANNOT AGREE

By Associated Press. CHICAGO, Oct. 21.—The United States railroad labor board admittedly failed in its attempt to prevent a rail strike through conference with heads of the big five labor union, rail chiefs today were pushing plans for a general walkout beginning October 30, and officials of the carriers were moving at double time in their preparations to combat the proposed strike. The conferences yesterday between the railroad labor board and the five union heads—Warren Stone of the engineers, L. E. Sheppard of the conductors, T. C. Cashen of the switchmen, W. G. Lee of the trainmen and W. R. Carter of the firemen—brought no results except an admission from the board that the first effort of a governmental agency to avert a strike had failed completely, and statements from the union chiefs that the meeting resulted only in "the labor board being convinced that the unions really mean to strike." A report of the conference was telegraphed to President Harding at Washington and both the labor leaders and board members seemed inclined to feel that the next step toward alleviating the crisis would be taken there. Several railroad union men said that "if the board failed only if the government itself could prevent a walkout."

Mr. Stone, Mr. Lee and Mr. Carter were in Cleveland today meeting formally with their executive committees to complete strike plans, while Mr. Cashen was directing activities in the switchmen's union from Buffalo and Mr. Sheppard in Cedar Rapids was rounding out the final details for his organization. The executive committee of the five unions will meet in Cleveland Monday.

Executives Meet. On the carriers' side, heads of western roads met in Chicago in a conference announced for the purpose of forming plans to combat a strike, while a similar meeting of southwestern roads was held in St. Louis. At each meeting road presidents were quoted as saying that their plans would be rushed at the utmost speed as a result of the failure of the labor board conference to brighten the admittedly grave situation. The union head, before their departure for the organization headquarters expressed resentment over the meeting with the board, "coming here in the belief that the board would present a concrete plan of settlement, they claimed that the board members had presented nothing but words" in trying to avert a walkout, merely trying to dissuade them from carrying out the strike and presenting nothing which they considered a concrete plan. A tangible working basis toward clearing up the situation, "the union chiefs steadfastly maintained, it was said, that they could not postpone the scheduled walkout."

While adjournment at last night's conference was termed by Judge R. M. Barton, chairman of the board, as "final adjournment" with no plans for the immediate future, board members said the way still was open to again call the union presidents in a settlement conference. Members of the board said that they "now fully understood labor's views in the matter" and that the board of the board frankly admitted, were of the opinion that something might yet be done by the board. To that end, they said, they are holding a meeting today at which the board will go over thoroughly. Members said they hoped to have some word from Washington before the day closed. Any plans which the board might have had to call in heads of the railroads have been abandoned, it was said.

Develops One Point. The conference, it was said, developed only one point on which the

conferences were in entire unanimity. This point was that both groups in the meeting are convinced that they are "fighting for their lives." The labor chiefs told the board that the lives of the unions depended on the handling of this crisis, while members of the board frankly admitted, it was said, that the future of the board also may be at stake.

With what was considered by many as the government's first effort to prevent the strike a failure, attention today again turned to the eleven "standard" unions which still are a strike force with no definite indication as to which way they will jump.

The organizations, holding the balance of man power, through having more than three-fourths of the country's rail employees in their membership, have voted for a strike in protest against the recent 12 per cent wage cut, but had deferred final action as to ordering a walkout pending the labor board conference.

Their final meetings began today and it was expected that a few days would find a definite decision from them. While many leaders of these groups said at the time of the announcement of the "big five" strike call that their unions were certain to join the others in a walkout, considerable missionary work against a strike has been carried on by some of the chiefs and virtually all of them today admitted that they could not forecast the final decision.

All Not Street Strikers. A high official of the maintenance of way organization, which numbers 250,000 men, declared that "his organization would not start the ball rolling" and if it went on strike "the others will have to go first to convince us they are sincere." Executives of the shop crafts—six unions, 45,000 members—today met with B. M. Jewell, their head, urging the men not to strike, but admitting that he might not be able to prevent a walkout.

The telegraphers, clerks and sign men were other organizations

which were holding conferences today, but virtually the only information that could be obtained about their possible course of procedure was that they were somewhat divided, with some of the chiefs counseling a strike and others opposing one. Local railroad presidents expressed great surprise when informed of the failure of the labor board conference to bring any definite results so far as a settlement was concerned, several of them doubting the report at first.

Many said they had deferred their anti-strike plans pending the conference but declared that they would lose no time now in plans to operate their lines during a strike.

OFFICIAL STRIKE ORDERS PASSED ALONG THE LINE

NEW YORK, Oct. 21.—Official strike orders from officers of the big four railroad brotherhoods and the Switchmen's Union of North America were being communicated today to railway employes in the New York district. The orders, which were passed along last night, were promptly passed along down the line, local union officials said, in order to forestall possible injunction proceedings by the government.

KANSAS TO OPERATE ROADS IN THE EVENT OF STRIKE

TOPEKA, KAN., Oct. 21.—In event a railroad strike becomes effective, the state government in Kansas will operate the lines within the state, if it becomes necessary, under the Kansas industrial court law, Governor H. J. Allen announced today.

MAINTENANCE OF WAY MEN VOTE TO JOIN STRIKE

CHICAGO, Oct. 21.—The United Brotherhood of Maintenance of Way Employees and Railroad Shop Laborers issued an official statement this afternoon saying 365,000 of their men, 88 per cent of the total membership, had voted to suspend work in concert with the other unions "as a protest against the re-

cent wage reduction and working conditions. While making no positive announcement as to whether the men would be ordered out, the executive officers said that much of the meeting "has been taken up in preparing strike plans so that the walkout would be carried out in an orderly and law-abiding manner."

ORDER ROAD TO SUSPEND PLANS FOR WALKOUT

CHICAGO, Oct. 21.—The labor board ordered the Tremont and Winfield, La., to suspend operation of an order establishing open shop conditions today and appear at a later date for a hearing to show cause why it should not be held to have violated the board's orders.

SOUTHWESTERN EXECUTIVES MEET IN EXECUTIVE SESSION

ST. LOUIS, Oct. 21.—Executives of the southwestern railroads went into executive session here shortly after 2 p. m. and announced they will consider the railroad strike situation as now presented to them. They were informed by the Associated Press of the action taken by the labor board of calling together representatives of the brotherhoods and railroads for a meeting in Chicago yesterday. This also was to be considered in the deliberations.

Jackson Hardy, chief clerk of the Denver, and his wife left Friday on a two weeks' vacation. In addition to visiting several cities in south Texas they will take in the Cotton Palace at Waco and the state fair at Dallas.

R. J. Topliffe, general superintendent of the warehouse department for the Texas company, is here from Houston.

School children can see "Springtime" for 20c Saturday afternoon. Wichita theatres, 2:30 o'clock. Adults 15c.

I. & G. N. STRIKE STARTS SATURDAY

(Continued from Page 1.)

Great Northern railroad to guard the company's property. Forty of these men were at the station at 11 o'clock today to take the train south. The men will have nothing to do with running of trains.

I. & G. N. OPERATES WHOLLY WITHIN STATE

DALLAS, Oct. 21.—The International and Great Northern railroad, whose 600 trainmen are scheduled to go on strike at noon Saturday, operates wholly within the state of Texas. Its main line, starting at Longview, here it connects with the Texas & Pacific, extends southward 204 miles to Laredo, passing through Palestine where its headquarters are located, Austin and San Antonio. At Laredo it connects with the National lines of Mexico.

It has a number of branches, the most important of which extend from Palestine, via Houston, to Galveston, 119 miles; and from Valley Junction through Waco to Fort Worth, 176 miles. James A. Baker is receiver for the property. His headquarters are at Houston.

BELIEVES NEARLY NORMAL SERVICE WILL BE MAINTAINED

PALESTINE, TEXAS, Oct. 21.—Belief that the International and Great Northern will be able to maintain nearly normal service should the trainmen strike tomorrow was expressed today by E. G. Goforth, general manager of the road. The service may be abbreviated a few days, he said, but the road "has enough men who will re-

main loyal to the company and their jobs to run trains."

Mr. Goforth said his road was not employing strikebreakers.

WIFE OF BUFFALO BILL DIES OF HEART DISEASE

CODY, WYO., Oct. 21.—Mrs. Louisa Frederici Cody, widow of the late Colonel William F. Cody ("Buffalo Bill"), died of heart disease at her home here last night. She was 78 years old. Relatives said they expected to bury Mrs. Cody beside her husband on Lookout mountain, overlooking Denver.

A. E. Lloyd of the Manhattan Re-

friding company has returned fresh

after a three weeks' trip to New York.
