

RECALL ELECTION IN NORTH DAKOTA; INVOLVE GOVERNOR

FIRST EVER ATTEMPTED IN THE U. S. AGAINST STATE OFFICIALS.

NON-PARTISAN LEAGUE FEATURES IN ATTACK

Men Involved Were Elected Last Fall With Support Of Organization.

FARGO, N. D., Oct. 28.—The first recall election against state officials ever attempted in the United States is being held today in North Dakota with the independent voters' association faction seeking to have its candidates oust three officials who were elected last fall with endorsement of the non-partisan league.

Governor Lynn J. Frazier, William L. Lemke, attorney general, and J. N. Hagen, commissioner of agriculture and labor, are the officials the independents are attempting to replace with R. A. Notess of Minot, for governor; Sveinbjorn Johnson, Grand Forks, for attorney general, and Joseph A. Kitchin, secretary of the independent voters' association.

"We will swing the election to the league by a majority in excess of that last November when Governor Frazier was re-elected," said Frank Ostman, state publicity director for the league. Governor Frazier won by more than 4,000 votes last year.

At the general election last November Frazier carried 30 of the 53 counties by majorities ranging from 99 to 1,776, the latter in Mountrail county. The majorities for the independent candidates ranged from 24 to 3,192, the latter in Cass county in which Fargo, the independent stronghold, is situated.

A group of proposed laws are being submitted to the voters today as initiated measures, one of which would in the future give away with party designations in the election of all state officials.

Another would change the membership of the industrial commission, which supervises state-owned industries, so that the control of the commission would pass out of the hands of the non-partisan regardless of the outcome of future elections. The governor, attorney general and commissioner of agriculture and labor constitute the commission. Other measures would provide means to liquidate the Bank of North Dakota, a state institution. Revoke the debt limit of the state. Provide for a rural credits act patterned after the South Dakota law.

Today's election was brought under the recall provisions of an amendment to the state constitution which was adopted in 1919. Petitions demanding the recall of the three state officials were signed by some 80,000 voters. Under the law the names of all the candidates go on the ballot without party designation. There is one ballot for the candidates and one for the proposed laws.

CLASS DONKEY COUNTY AS AMONG THE BEST

CLARENDON, TEXAS, Oct. 28.—The United States chamber of commerce in the report of A. W. Douglas, noted authority on the general conditions of this country reports Donkey county to be in the center of a good section of the United States. Mr. Douglas says only five others have that honor, one each in the following states: Illinois, Missouri, California, Colorado and New Mexico, but the Panhandle has a larger section than any of the above mentioned.

FINANCIAL CONDITIONS IN SOUTH IMPROVED

ST. LOUIS, Oct. 28.—Financial conditions have improved in the south as a result of the sustained advance in cotton prices, according to the October report for the eighth federal reserve bank district, made public here today.

Medicated Smoke Drives Out Catarrh

Dr. Blosser's Cigarettes Give Out a Healing and Soothing Smoke-Vapor that Clears the Head, Nose and Throat.

Dr. Blosser is the originator of a certain combination of medicinal herbs, essences and berries to be smoked in a pipe or ready prepared cigarettes which is meeting with unusual success in catarrhal troubles. As this disease is carried into the head, nose and throat with the air you breathe, so the antiseptic healing vapor of this remedy is carried with the breath directly to the affected parts.

This simple, practical method applies the medicine where sprays, douches, ointments, etc., cannot possibly go. Its effect is soothing and healing and is entirely harmless, containing no cubebs, tobacco or habit-forming drugs. It is pleasant to use, and not sickening to those who have never smoked and may be used by women and children as well as men. If you suffer from catarrh, asthma, nasal discharge, or if subject to frequent colds, you should try this remedy. Satisfactory results guaranteed. Any well stocked drug store can supply Dr. Blosser's Remedy. A trial package will be mailed to any sufferer for ten cents (coin or stamps) by The Blosser Co., 28 DL, Atlanta, Ga., to prove its beneficial and pleasant effect.

DR. BLOSSER'S Medicated Cigarettes For colds and catarrh may be had at any drug store in a convenient pocket size package.

WHY CARL TRIED SECOND COMEBACK

Ex-King Carl tried the second time to regain the Hungarian throne because he thought the people of Hungary were unanimous in demanding his return. Ambitious advisors did all they could to strengthen this belief. This picture of General Hagedorn was taken while the Carlism camp was being hatched. Royalist sympathizers hoisted him to their shoulders, like a hero, when he shouted that the restoration was at hand.

SON OF MISSIONARY AT WACO DISAPPEARS

WACO, TEXAS, Oct. 28.—Dick Deter, fourteen years old, the son of Rev. A. B. Deter, a Baptist missionary, disappeared yesterday and his parents fear foul play. The boy looks older than fourteen and weighs 165 pounds. He speaks Spanish. His father is well known in missionary circles.

TO ATTEND RECEPTION IN HONOR OF MARSHAL FOCH

ST. LOUIS, Oct. 28.—Knights of Columbus delegates from Missouri, Arkansas, Oklahoma and Texas will leave here Saturday night on a special train for Chicago, where they will attend a reception given in honor of Marshal Foch to be held Sunday, November 6.

At the reception the fourth degree of the order will be conferred upon the marshal according to an announcement by local delegates.

GET SHAKING UP IN TRAIN WRECK

Postmaster General Hays Among Those Slightly Injured When Train Crashed.

NEW YORK, Oct. 28.—Postmaster General Hays and a score of passengers on the midnight express of the Pennsylvania lines for Washington, were badly shaken up early this morning when the express crashed, in a heavy fog, into the rear of a local train at the Manhattan transfer in New Jersey. Pennsylvania officials declared there had been no serious injuries, although Mr. Hays expressed fear that Russ Simmons, chief inspector of the postoffice department, who had been here with Mr. Hays investigating the \$1,500,000 mail robbery, had been more seriously hurt than this report indicated. He said he saw Mr. Simmons being treated at Manhattan transfer and that he appeared to be severely hurt. Mr. Hays and a number of other passengers on the express were

brought back to New York on an inbound train.

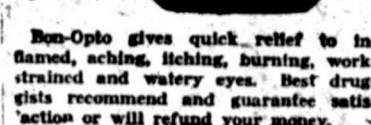

A physician who examined the postmaster general said that aside from strained muscles and a general shaking up, he had suffered no harm. Describing the crash, Mr. Hays said he was just dozing off in his berth when he felt a shock which hurled him to the floor. Several others in his car also were pitched from their berths, he added. Mr. Simmons, whose injuries were found on examination to be slight, took a morning train for Washington.

Yield of Goat Is Milk.

BLAYLEIGH, WYO.—A record yield of milk was reported taken from a goat belonging to Mrs. Mary Pottin. The goat weighed 180 pounds and furnished more than 20 pounds of milk.

PREACHES GOSPEL OF UNDERSTANDING AND "GOOD WILL"

PRESIDENT OUTLINES CONCEPTION OF ARMAMENT CONFERENCE

SPEAKS AT THE STATUE OF HENRY W. GRADY

United States Will Plead That Nations Turn Into Paths Of Peace.

ATLANTA, GA., Oct. 28.—A gospel of understanding and good will, not only binding north and south in closer union, but bringing all the nations of the world into co-operation and enduring amity, was preached by President Harding late Thursday in an address outlining some of his conceptions of the coming conference.

Manifestly, the status of Henry W. Grady, southern apostle of national reunion, the president declared yesterday America would enter the conference with the desire for international friendship that the blame must rest elsewhere should the negotiations for reduction of armament result in failure.

As Grady counseled reconciliation for a war-torn nation, said Mr. Harding, so would the United States plead that a disrupted world turn into the paths of peace to seek salvation. Such a leadership, he added, was possible without jeopardy to national safety or reversal of the established traditions of the republic.

"I believe it wholly consistent," the president said, "to preach peace and its triumphs in that convincing sincerity which an unselfish nation commands, and yet make sure about our proper defense."

Manifestly, mankind is disposed to try that experiment, if trying it, nations shall fail, it will be no fault of the United States of America. We are ready to offer a helping hand in the new path. We have tendered our invitation and the comital acceptance which has come from every quarter leads to earnest hope of good results. We Americans have learned the lesson on both the national and world scale. We fought our war of sections and systems and decided in favor of peace and unity. Our own experience has taught us that we may hope that a like decision will be reached by a world reasoning amid the convictions which follow in the wake of a tragedy supreme.

With his praise of Grady the president coupled a tribute to Theodore Roosevelt of whose Georgia lineage he declared the whole south should be proud. The text of the address follows:

Text of Address.
Fellow Americans: I can not tell you how glad I am to be here, to greet you men and women of Atlanta, of Georgia and the south, and to receive this testimony of devotion to our common country. Be assured that, much as I crave and wish to decrease the burden of war, I shall not mistakenly assume that such a greeting as this is for me or ever could be for any one man. I recognize it as the tribute which a great people pays to a constituted authority in its public life. It is the reflection of the spirit which makes our popularly governed institutions secure. But you will permit me to say from my heart that nowhere else do they do these things with quite the same zest and flavor and convincing enthusiasm which inspire the hospitality of your wonderful south. As private citizen or public official, it has always been to me an especial pleasure to come to the south. As a young man, I was very near indeed to becoming a resident of the south and a citizen of your neighboring state, Tennessee. Even for the sake of paying a compliment, I shall not tell you I am entirely sorry I didn't come; it might imply a lack of appreciation for the kindnesses that have been extended to me by the people of my own state, operating in conjunction with a very impressive company of friends in other parts.

To come to Georgia is to come to

the heart of the south. To come to Georgia on this, of all days of the year, the birthday of Roosevelt, is to realize that the heart of the south throbs for all the nation. To the making of that typical American of the new era went equally the warmer strains of the old south and the sturdy stock that gave the nation its empire state.

Tribute to Grady

So it is good in greeting you men and women of Georgia to recall the career of that outstanding American who in his life, as in his lineage, taught us how much we are prospered and excited because of being united. And, coming thus among you, it is peculiarly a satisfaction to speak from the shadow of the shaft which you have reared to the memory of one who taught the reunited nation its duties, its obligations, its possibilities. For I recall the thrill with which I read, as a young man, the address of Henry W. Grady to the New England club; that most famous oration, I think, of his generation; and the voice of a great people, awoken to itself to understand that its yesterday was dead, its tomorrow pregnant with magnificent opportunity.

If every one man was ordained to speak with the tongue of conviction and the voice of a great people, that man was Grady. Gifted with the poet's imagery, the seer's wisdom, the plain man's humor, the statesman's vision, he pretended to be neither poet, seer nor statesman; he sought no public place, but preferred the private post close to his people. But somehow it was his to understand and interpret the longing of the nation for a true and perfect reunion. He appraised the difficulty of fashioning a new temple of concord and hope out of disappointment and sorrow incident to conflict, but he saw beneath the surface, the hungering to develop a common inheritance; he caught the aspirations for a common glory, he touched the chords of sympathy which echoed the note of common rejoicing.

With heart aglow and tongue inspired, he felt it his duty to preach the gospel of new understanding, and having uttered his new gospel at home, he came north the evangelist of a new day, and made his New England speech. Since that night he has belonged not to you of Georgia, but to the nation, to the truly reunited nation, of which in his day, he was the foremost apostle and spokesman. The south never had a more loyal son; but he saw with an eye for wider scopes, that this people was not to be divided. And he preached that gospel north and south; the gospel of unity and common destiny; and when he died untimely at 35 years of age, the nation which so soon had learned to love him, bowed its head in a universal sorrow. Reading his passionate pleadings for a nation-wide understanding, I can not but feel that he would have been content to go as he did if he could have known how close that tie of common sorrow would bring the people for whom his life had been the labor of a supreme love.

Roosevelt is Praised

How strangely has destiny interwoven the parts in this drama of a nation's restoration! The same year of 189 that saw Grady bin away with love's laurels on his proud and noble brow, saw another son of a mother of Georgia and the south entered in the career of national service.

In that year Theodore Roosevelt, following his impetuous appeals for better political morals at the Baltimore civil service conference, was appointed by President Harrison to the civil service commission and his national career began. A son of the east and the

west, he had become a devout admirer of that son of the south whom all the nation had taken to its heart. Think of them, you Georgians, you men and women of the whole south—think of their services and careers—and tell me for such sons as these would you wish to provide a lesser stage than that of the united country on which they played their parts? I know you would not and never will. For you must at least let us afford a fitting scene. No "pent-up Utica" for such as these!

The other day there came into my hands a volume of the letters of a group of eminent Georgians of the Civil War and reconstruction period. In the main they represented the correspondence of Alexander H. Stephens, Howell Cobb, Robert Tombs and Governor Joe Brown. Only recently published, they proved fascinating reading as I turned the pages and felt myself

admitted to the very inner thoughts which these leaders of the confederacy were thinking in the years immediately following the war. Especially was I interested in the extensive correspondence between these southern leaders and prominent men of the north which was carried on at that period. It was nothing less than astonishing to note how little of bitterness, of resentment, of hatred and recalcitrance was manifested on either side. With almost no exception they breathed the fine spirit of chivalry; of readiness to accept in whole heart and good nature the arbitrament of the war. They held a flavor of something more than resignation, as if already the writers were realizing how fortunate it was that union should have been preserved. They were all back in the harness, working for the restoration of their state, their people, their preserved country. They wrote thoughtful, earnest counsels as to the wiser policies in state and

nations, seeking always to make their friends in the north understand how complete and sincere was the south's acceptance of its place in the restored union, how determined it was to contribute its utmost to a perfect national accord. At times they sounded the note of disappointment that the north seemed slow to accept their protestations as in complete good faith, and be assured that they could be dealt with in complete confidence. But they were seldom impatient; they held their heads high, had no apologies to make for the past, but were looking clear-eyed to the future of indissoluble union.

That was the spirit which made reconstruction despite bungling and some exceptional manifestations of acerbity on the whole so rapid and effective a process when measured by like incidents in human history. They wanted to be taken back into full fellowship.

THE WOMAN'S PAGE

FLOWER BIBLE CLASS PRESENT ITS TEACHER WITH BEAUTIFUL GIFT

The Flower Bible class of the First Presbyterian church presented its teacher, Mrs. E. A. Fowler, with a beautiful cameo brooch Thursday afternoon at the social meeting of the class held at the Fowler home. The pin was presented by Mrs. L. M. Boyd as a token of the love and appreciation for her and her work for the past ten years felt by the members of the class. There were about sixty of the members present, and the occasion was one of the most enjoyable they have ever taken part in, with the exception of the general feeling of regret over Mrs. Fowler's recent resignation as teacher.

The class also reported the Flower Bible Class Rotary fund of \$100, established to honor the former teacher, complete, and that the first loan had been made with it for social service.

During a brief business meeting the class elected Mrs. L. M. Boyd teacher and selected the following officers: Mrs. G. D. Anderson, president; Mrs. E. T. Duff, vice-president; Mrs. A. E. Hull, secretary; Mrs. C. W. Harris, Sunshine secretary.

CULTURE CLUB COSTUMES ORGANIZATION MEETINGS

The Culture club held a second organization meeting Thursday afternoon at the home of Mrs. W. J. Gisham, with Mrs. S. H. Burnside presiding, by request of Mrs. D. O. Long, the president.

The club discussed topics for study for the year, and Mrs. Bleakley and Mrs. Long were asked to arrange a program for the next week's meeting. Mrs. L. W. Parham was elected parliamentarian and Mrs. J. A. Gardner, corresponding secretary, with Mrs. J. W. Stone treasurer. Guests to club meetings were limited to out of town visitors, and the club voted to affiliate itself with the State Federation of Women's clubs. Fourteen members answered roll call.

Mrs. Gisham served a dainty ice course late in the afternoon, and Mrs. Long invited the club to hold its next meeting with her Thursday afternoon, November 1.

Miss Margaret Montgomery of New Orleans is a guest at the Misses Cummings at the home of Mrs. and Mrs. R. V. Cummings.

Rev. M. Dutton returned Thursday night from St. Louis, where he attended provincial synod of the southwest the past ten days.

Mrs. Charley Morgan of Duncan, Okla. is in the city visiting Mrs. and Mrs. R. P. Williams and other relatives.

By Way of the Transom

NEW THINGS FOR OLD.
Over there across the street—'twas only yesterday,
A trailing arm of balm high reached half across the way,
And nearly spanned a vacant lot where dogs napped in the sun;
Today a brick wall blocks the way; a building is begun.
Yet in my heart I wish the arm of balm still were there;
Its clinging, frail green fingers waving softly in the air;
I wish the lot were vacant still; I wish that life could keep
Inviolate the places poor, stray dogs slip in to sleep.
And I wish Life could keep for us the things we love and know
Unchanged at all. The paths where wandering footsteps come and go
Not turned to desert sidewalks with tomorrow's heartless sun;
The folks we meet along the way not find their journey done
Before our own. I wish that Life could be the same today
In vacant lots and dogs and folks as it was yesterday;
It makes a dull pain in my heart, and yet, it is not strange—
It's human heads, not human hearts, that build and shift and change.

INFORMAL DRESS

FASHIONS BY LENORE

Two important features indicate the extreme newness of this blue serge dress. The draped waistline drawn into the figure by the jet cabochon at the side, where the curves of the bodice are brought around to the side front for fastening. And the transparent sleeves, colorful and delicate embroidery tracings in soft rose and silver. Note, too, the cut of the sleeves, which, though fitted at the armhole, flare out gradually into quite a circular shape at the wrist, which is emphasized by the deep band of rose chiffon. The hem is fashionably irregular, broken by the funnel-shaped panel effect at the side.

How Fast Can You Use the Typewriter? These Three Folks Comprise International Championship Group

Miss Pittman at the Typewriter; hosts of Miss Wauer and George L. Hoesfeld.

NEW YORK, Oct. 28.—I neither smoke nor drink nor dissipate in any way. I am 22 years old and have been married since I was 19. The first time I won the international championship was two months after I married. Yes, of course, a man works better if he has a home interest.

So says George L. Hoesfeld, international professional typewriting champion.

"Concentration—that is my keynote. Frivolity doesn't get you anywhere," says Miss Wauer, "but to be typewriting champion or a winner in any other profession." So says Miss Marian Wauer, amateur champion.

"Practical makes perfect. That's my motto. I practice all the time and I'm working toward one goal. I'm going to be an international professional champion. I believe in being the best in whatever work you undertake."

So says 15-year-old Josephine Pittman, winner of the novice championship.

Highest Record.
"In 1918 I made the highest record ever achieved," said Hoesfeld, "that of 142 words per minute, for one hour. The reason my record is lower this year is because of the difference in the material. It was more difficult this year. But last year's record was beaten five words a minute. The conditions were the same, one hour's writing from unfamiliar copy, ten words deducted for each error. I did 843 words in one hour this year with 25 errors, which, deducting 250 words in penalties, left a net of 134 words per minute. I also won the one-minute championship of 144 words without error."

Her Goal.
"Girls who really succeed in this business are not the sort you see caricatured in comic, nor on the stage," said Miss Wauer. "You have to be serious-minded and have your thoughts on your advancement as well as your heart in your work." said Miss Wauer. "I have to be serious-minded and have your thoughts on your advancement as well as your heart in your work. I am 21 years old, born in New York and have been in this business for five years."

"My fingers—well, my middle finger is three and a half inches long. Of course, my ambition is to win an international professional championship. My record was 127 words a minute after deducting for errors. The amateur class has a 10-minute contest. I did 4247 words with 45 errors."

Fifteen-year-old Josephine Pittman did 122 words in 15 minutes—the latter being the length of content for novices. Five errors made her net average 89 words a minute.

paper on "Witchcraft in the Times of James I." and Mrs. Harry Baum discussed "When Did Macbeth First Plan the Murder of Duncan?"

Mrs. Harold Murph discussed a character sketch of Macbeth and Hamlet.

During a brief business session Mrs. O. E. Nichols was elected to membership in the club. Those present Wednesday included: Mesdames C. N. Alexander, Harry Baum, Bert Bean, J. C. Bernay, T. R. Boone, Nat Chensault, F. R. Collard, W. W. Cook, Leonard Grayson, J. C. Humphrey, O. E. Maer, Abe Marcus, Strib Moore, Mark Moore, Harold Murph, F. S. Robertson, Marvin Smith, C. F. Spencer, C. W. Wallace and B. L. Fahn.

the afternoon and discussed "Mrs. Peabody and the Poetical Drama," which was followed by a round-table discussion. Mrs. T. P. Keim compared the two poems, and Mrs. C. W. Staley discussed the poetical drama. Miss Margaret Watson gave a comparison of the "Piper" with the "Witching Hour," and Mrs. T. M. Conroy discussed the chief qualities of Mrs. Peabody's poetry.

Mrs. C. E. Bailey closed the study by reading attractive passages from the "Piper."

Members present included: Mesdames E. E. Fisher, C. W. Staley, O. P. Maricle, R. D. Ford, J. E. Shipley, T. M. Conroy, A. C. Price, J. L. Downing, H. D. Lewis, J. M. Iabell, T. P. Keim and C. E. Bailey, and Misses Chella Hendrick, Henrietta Pyle and Margaret Watson.

STANDARD CLUB STUDIES "PIPER" AND "PIED PIPER"

The Standard club met this week at Kemp Library and had a thoroughly interesting study and contrast lesson on Mrs. Peabody's "The Piper" and Browning's "Pied Piper of Hamelin."

Mrs. O. P. Maricle was leader for the evening.

YOU CAN HAVE BEAUTY
by taking proper care of your complexion. Mrs. McCormick's Beauty Cream gives the skin a smooth, white effect so much desired. Exposed to winds and suns will in no way affect your appearance. Only apply once a day. In each and every bottle, 25c and 50c. The Baboona Co., Waco, Texas.

NEWS REEL PHOTOGRAPHER IS AN UNRECOGNIZED HERO

By JAMES W. DEAN
 NEW YORK Oct. 26.—All of the romance and adventure of the movie does not fall to the lot of the star players of featured films. Probably the most intrepid heroes of the screen are those whose brains are seldom sung, whose faces seldom are seen on the silver sheet—the news reel photographers.

They face fire, food and famine to get their story in pictures as the news reporters face those dangers to get their story in print.

George Ercole is in the spotlight now. He brought the first news reel of the conditions in famine-stricken Russia. And as a result of the hardships he endured to get those pictures he is now in a hospital at Riga suffering with a fever.

He covered 3300 miles to get those pictures and penetrated into the Volga and Samara territories before the American relief commission.

He is probably the best known cameraman in Europe. He bears the distinction of having his by-line on his pictures for Pathe like star reporters have on their stories.

He was under fire on several battle fronts during the war. He was on a Russian battleship which was bombarded by the Turks in the Bosphorus.

Ercole has been with both the Russian and the bolshevik armies and during the siege of Warsaw lived on horseback four days.

He was with the Polish army in its short-lived expedition into Russia. He was with the French troops who first marched into the Ruhr district.

He flew over the Hindenburg line with French army fliers to obtain pictures of the German forces. For this he was decorated and made a member of the French Legion of Honor.

Yes, there are heroes behind the silver screen as well as on it.

The apple tree in "Peter Ibbetson" is the most prolific in blossoms I have ever seen. This "exterior" scene was made in a studio. The blossoms, of course, were artificial. And, if I am not mistaken, those blossoms were grafted on an elder tree. At any rate, I have never seen an apple tree like the one in "Peter Ibbetson."

The finest line of poetry I know is that of the late Joyce Kilmer which runs, "Poems are made by fools like me, but only God can make a tree." In that respect film producers are not unlike poets.

Prince Zerdechano, son of the ruler of a small principality in Kurdistan, Asia Minor, has written a scenario based on the traditions of the Mohammedan people. He told about it the other day when he visited Norma Talmadge's studio to study picture technique. His ancestors ruled in Egypt 5000 years ago. "I began my story in the days when the people of the Nile sought a philosopher as leader," says the

The Spanish government is making official movies of the war operations in Morocco. William Christy Cabanne is directing "Women of Conquest." He is the author of the story. Has written more than 900 screen stories.

prince. "They decided to let the white owl, bird of good omen, fly in the palace where the royal people lived. The man on whom the bird first lighted would be recognized as the ruler."

"But the owl flew around and around and did not light. The palace doors were opened and the white owl flew on Yussuf, a boy of 17. Thus he became the emperor, my great ancestor."

The prince has a charming scenario, but it gives rise to several questions. Where will the white owl be procured? How will it be trained to alight on the hero of the story when other shoulders will offer as secure a perch?

However, 'tis said nothing is impossible in the film.

The Projector
 Ora Carewa is to play opposite Charles Ray in "Smudge."
 Fred Niblo is to direct Anita Stewart in "The Woman He Married."
 "Fate," Clara Smith Hamon's film, has been banned by New York state censors.
 Tom Sentaichi is supporting Pauline Frederick in "Judith of Blue Lake Ranch."

Cold Gray Dawn Of Morning After A Business Spree

ATLANTIC CITY, N. J., Oct. 28.—Charles M. Schwab, addressing the annual banquet of the National Paint, Oil and Varnish association last night, said he was not alarmed about business depression.

"We have been on a great business spree and we are now in the cold, cold gray dawn of the morning after," he said. "The business depression will place us in a firm, surer position for the future."

"As long as I can borrow money I am going to bet every dollar of which I have control on American industry. I believe that this great nation of ours is going to be the workshop of the world."

"We are on the eve of the greatest development in our history if I had my life to live over again, I would choose the present day for beginning a career. We have all learned to live extravagantly, but it doesn't mean anything. I don't give a rap for money except in so far as I can use it to circulate it

through my plants and develop them."

Discussing industrial conditions, Mr. Schwab said:

"Wherever I go, I hear the theme that labor and capital should cooperate, but I have yet to find a man who can tell me how it is to be done."

McFARI AND FUNERAL HELD AT SEYMOUR ON FRIDAY

SEYMOUR, TEXAS, Oct. 28.—The funeral of B. J. McFarland was held at the First Methodist church here by Rev. W. C. Hinds at 2 o'clock this afternoon. He was 39 years of age and lived in the Cache Creek community. He was stricken with appendicitis a few days ago and was carried to Abilene, where he underwent an operation, but died at 6 o'clock a. m. Thursday.

PLACE SPECIAL GUARDS AT AMERICAN LEGATION

MONTEVIDEO, URUGUAY, Oct. 28.—Special guards were placed around the United States legation and consulate here today in anticipation of possible disorders during a general strike this afternoon in protest against the conviction for murder in Massachusetts of Nicolo Sacco and Bartolomeo Vanzetti. The strike was to begin at noon.

Is a play that will make you a better man or woman. You owe it to yourself to see this great play.

CHILDREN'S MATINEE TOMORROW

SEVEN DEMANDS ARE TO BE MADE BY THE CHINESE

SIMMS GIVES MAIN POINTS IN THE CASE TO BE PRESENTED.

FOREIGN MINISTER TELLS OF ATTITUDE OF NATION

Seeks To Safeguard Her Political And Territorial Integrity At Conference.

By WM. PHILIP SIMMS.

Written expressly for NEA Service.

WASHINGTON, Oct. 27.—The Chinese delegation will not come to the Pacific conference with portfolios packed with expensive demands, Dr. W. Y. Yan, foreign minister, told me in an interview just before I left Peking.

China will not insist upon specific, but will endeavor to have laid down certain broad principles safeguarding her political and territorial integrity.

Shantung, Manchuria, Mongolia and kindred territories will not be used by her as direct questions to be settled at the conference, but rather as illustrations proving what must inevitably happen if the old order of things is perpetuated.

It is Dr. Yen's idea that if the Pacific powers can agree on the guiding principles he expects to submit to them, injustices like Shantung will rectify themselves.

What China Will Ask.

The main points in China's case at the conference will be:

1.—Insistence on the open door, America's policy with regard to the far east since 1900.

2.—The abolition of "special spheres" of influence claimed by different nations.

3.—Control of her own resources, natural and artificial, including railways operating within her own borders.

4.—Non-recognition of any treaty between foreign powers which infringes on her sovereignty.

5.—Equal treatment before the law of Chinese citizens.

6.—A scheme for the gradual abolition of extra-territoriality.

7.—A "Pacific Court of Arbitration" or kindred plan for settling such disputes as may arise between the powers interested in the far east in the future.

China's Argument.

Dr. Yen considers it a waste of time pounding away on a detail when a question of principle is involved.

"Obviously," he told me, "if the policy of the open door, as propounded by the American Secretary of State John Hay, is really put into effect in China, there can be no 'special privileges' in Manchuria or anywhere else for any particular nation.

"If no nation is to have a 'special sphere of influence' on Chinese soil, there is no need to argue the Shantung matter, Shantung automatically returns to China unconditionally.

"If it is agreed that China should have control of her resources and that no foreign government should be in a position to refuse China the use of a railway through Chinese territory, questions like the South Manchurian railway, owned by Japan, disappear.

The Pacific Court.

"And so it goes.

"As to consular jurisdiction in China, we will not ask its immediate abolition. Nor will we endeavor to fix precisely the term of years it is to continue in effect.

"Still China wishes to retain her sovereignty and so will suggest the eventual removal of extra-territoriality—at some time in the future when China shall have perfected her judicial system. I don't say 10 years, 15 years, 20 years hence—it all depends.

"Another thing I am preparing for presentation at the conference

is a plan for a Pacific Court of Arbitration, to sit, say at Shanghai. This special court would handle only such disputes as might arise between Pacific powers and would not conflict in any way with the world court, but rather supplement it and lessen its labors."

A Time-Saver.

It is Dr. Yen's idea that the Pacific conference should be a sort of meeting, come to some agreement, then adjourn sine die. Some kind of machinery, he thinks, should be devised, while the conference is still in session, to carry out, and perhaps interpret, its decisions and, if needs be, settle any disputes which might ensue.

In a way the special court of arbitration suggested by the Chinese foreign minister would be a sort of continuation of the Pacific conference itself and would, he believes, prove a great time-saver.

Supposing a dispute arose between China and Japan, he said, illustrating. First the two countries would attempt to reach an agreement through their own diplomatic channels. If this failed, or if on one side or the other so desired, the matter would be referred to the special court sitting at Shanghai.

It is not Dr. Yen's idea, however, that the Shanghai court's decision should necessarily be final. Should

a disputant so desire, he could carry his case to the international court.

BOWIE MAKING EFFORT FOR FEDERAL BUILDING

BOWIE, TEXAS, Oct. 28.—The directors of the Bowie chamber of commerce have voted to endeavor to secure from the federal government a postoffice building for this city. The matter has been placed

before Senator Morris Sheppard and Congressman Lucian Parrish, and the aid of the West Texas chamber of commerce has been sought.

Briefs showing the details of the various postal business at Bowie have been made up and forwarded to Washington. It is being shown that a city doing the business that Bowie does and serving such a large trade territory is entitled to a federal building.

Window Glass at Decorators Co. 166-71c

PESKY BED BUGS

Bedbugs lay an average of seven eggs per day. Under favorable conditions they hatch in five days of which two-thirds are females. They mature to adult size and are capable of laying in four weeks. How many bedbugs would you have in a year if you left one female or egg unattended for one year?

To rid the pesky bedbug you readily see how necessary it is to use a preparation that will kill the eggs as well as the live ones.

P. D. Q. has been demonstrated by the leading Hotels and Railroad Companies that the safest and most economical way to stop future generations of bedbugs,

reachers, fleas and ants is to use the new discovery Pesky Devil Quinine "P. D. Q." A six package of P. D. Q. makes a quart, enough to kill a million bedbugs, roaches, fleas and cockroaches and at the same time destroy their eggs.

Impossible for them to exist when P. D. Q. is present. From a patent spot in every package to get the pesky devil in the hands of all-places and save the jail.

P. D. Q. is not an insect powder, no mouse or rat, does not rot or burn the bedding.

P. D. Q. for family use. Six, Hospital use, \$2.50 makes five gallons. — Your druggist has it or he can get it for you.

Quinine P. D. Q. is never peddled.

Palace Drug Store and other leading druggists.

Is your appetite uncertain—your digestion impaired?

Why the food we eat may fail to keep us fit

ONE single food element essential to health! We now know that many of our inefficiencies and failures are really due to lack of a health-maintaining element in food—the water-soluble vitamin. Scientists are agreed that without this one food factor we lose appetite and weight and fall off in health.

This is why thousands of men and women who are eating otherwise good and wholesome meals find their energy and vigor slipping. And this is also why many have little appetite and remain in a state of lowered vitality.

Today Fleischmann's Yeast is recommended as a corrective food for overcoming these difficulties, for Fleischmann's Yeast has been discovered to be a rich source of the essential vitamin we need throughout life.

Fleischmann's Yeast is a wholesome, fresh food, assimilated like any other food. Eat it at any

time, 2 to 3 cakes a day. You will like its fresh, distinctive flavor and the clean taste it leaves in your mouth.

Have it on the table at home and try it as a sandwich filler or spread on crackers. Have it at your office and eat it at your desk. It is good in milk, and many like it just plain. If troubled with gas dissolve it first in very hot water. This does not affect the efficacy of the yeast. Place a standing order with your grocer for Fleischmann's Yeast and get it fresh daily.

Send 4c in stamps for the booklet, "The New Importance of Yeast in Diet." So many inquiries are coming in daily for this booklet that it is necessary to make this nominal charge to cover cost of handling and mailing. Address THE FLEISCHMANN COMPANY, 701 Washington Street, New York, N. Y.

The need for scientifically tested yeast

Fresh yeast has been proved by recent scientific tests to be a valuable food for correcting run-down condition, constipation, indigestion and certain skin disorders. These original tests were all made with Fleischmann's Yeast. Beware of untested yeast-vitamin preparations that contain drugs or other mixtures. Fleischmann's Yeast (fresh) is a pure food, rich in vitamins, in which it measures up to the high standards set by laboratories and hospitals. The familiar tin-foil package with the yellow label is the only form in which Fleischmann's Yeast for health is sold.

ORDER SURVEY OF THE PECOS RIVER

Will Determine Whether Irrigation Dam is Feasible at Red Bluff.

WASHINGTON, Oct. 28.—A survey to determine whether an irrigation dam can be successfully built at Red Bluff, on the Pecos river, two miles over the New Mexico line, but designed to irrigate 200,000 acres in Texas has been ordered by the reclamation service and N. H. Darton, engineer at Denver, already has been sent to make this survey.

Former Emperor Charles issued these statements: BUDAPEST, Oct. 28.—Immaculately clad in the uniform of a Hungarian general, former Emperor Charles, a prisoner in the hands of the people over whom he made an abortive attempt to reestablish sovereignty, today issued the following terse message through the Associated Press correspondent:

IMPOSSIBLE TO PREDICT THE WINNERS IN NORWAY

By Associated Press. CHRISTIANIA, NORWAY, Oct. 28.—The general elections on Monday gave no party a clear majority and it is impossible to predict which party or bloc will form the new cabinet for the new storting which meets in February.

LINN A. E. GALE GETS SEVEN YEARS IN PRISON

NEW YORK, Oct. 28.—Linn A. E. Gale, former Albany, N. Y., newspaperman and one-time state employe, was convicted today by a court-martial of desertion from the army as well as on two charges of seditious publication.

DUNN IS CONSECRATED BISHOP OF CAMULIANA

NEW YORK, Oct. 28.—Thousands attended the consecration today in St. Patrick's cathedral of the Right Rev. John Joseph Dunn, O. D., as titular bishop of Camuliana.

Boils and Pimples Are Danger Signals

They Denote with Unfailing Certainty a Weakened and Impure State of the Blood

For Absolute Relief You Must Clear Your Blood of Waste Products

Modern life, with its rich foods and lack of exercise, often advertises its effects by disfiguring the skin. Acne, small abscesses and boils are all too common.

ALL THE NEWS OF ALL THE SPORTS ALL THE TIME

INTRAMURAL GAMES CARDED AT TEXAS U.

Keen Interest Manifested in Contests by Students in Different Departments.

AUSTIN, TEXAS, Oct. 22.—Intramural football in the University of Texas will begin November 4, when the representative of the department of business administration will meet the football squad of the law school. Other departments scheduled to wage football contests during the fall season are the engineering, the pre-medical, and the freshmen, sophomores, juniors and seniors of the academic department.

Practice has already been started by the various teams, and it is thought that intramural football will hold a higher position as a sport this year than ever before, as a result of the keen interest being manifested by the departments and classes with teams in the field.

Billie to Coach Business Team. Joe Billie, three-letter man and star backfield player on the varsity team last season, will coach the business administration eleven.

More than twenty men from this department have reported for preliminary practice, and are working to excel their last year's record. They were also close second to the engineers last year in the final award of the D. A. Frank trophy for number of points.

The Engineers have won the Frank trophy for two consecutive years, and have been holding daily practice to build up their football team for this season. They have secured as coach the services of Dr. E. J. Ettlinger, formerly Varsity and Shorthorn coach.

With the close of the intramural football contests the basketball season will begin and this branch of the sport. Last year the business administration department won the basketball title among the local contestants.

TEXAS AGGIES MEET OKLAHOMA A. & M.

Bible's Crew Confident of Avenging Last Year's Defeat Today.

COLLEGE STATION, TEXAS, Oct. 22.—Texas A. & M. will for the second time this season throw her hat in the ring and risk her chances for the Southwestern conference football pennant when she meets the Oklahoma A. & M. eleven on the local gridiron today, and will count the race up to the final championship game half through when it is over.

Having defeated the Arizona Wildcats in a fast offensive game here last Friday, outplaying them in every part of the game except at a couple of intervals when the Arizonians resorted to the forward pass, there is more confidence in team and among the players generally, in the team that Bible is playing this season to continue successfully through the conference games with Oklahoma A. & M. Baylor University and Rice Institute. Of course the outcome of the Turkey day game with the University of Texas which will be played on the local field this year, will depend very much on things that develop between now and that time.

These are the technical and unathletic psychology that surrounds this annual game and that never comes upon the technical and comparative dope that the writers of the sport disseminate previous to the contest.

The 35 to 0 victory that was the outcome of the game between Texas A. & M. and Oklahoma A. & M. at Stillwater last year is not taken as an index of the probable outcome of the game here today. Things have changed considerably since then in both camps.

At Oklahoma the greatest change has been in the coaching staff. Maubatch, former All-American halfback at the University, of Michigan, will bring to College Station a team coached according to his ideas of defense and offense, formed while playing the big games of the north and east.

All of these, in the most trying moments, played worse games than they ever have while dubbing around on the courts and greens. In their practice matches they are care-free and loose. They take chances that often bring startling results. In championship matches they play tight and safe.

He stood upon the brink of fame. The stands resounding with his name— And then— There came the quarter's barking call And he knew HE would get the ball. And then— The ball snapped back. A mighty cheer

Rang in the hero's windward ear And then— With gritted teeth he vowed he'd make A touchdown, for his rep's at stake. And then— He charged ahead, into the brawl! But missed the pass, and—well, that's all!

There are a lot of players in the winter who are going to freeze up this summer. One more cheer and Penn State would have won.

ELECTRA, BOWIE AND THE NORTH SIDE HIGH STILL IN RUNNING

Many Intercollegiate Grid Teams Eliminated During The Past Week.

By ROY B. HENDERSON. AUSTIN, TEXAS, Oct. 22.—The first trial in the intercollegiate league state football championship plan is the securing of twelve sectional champions, and that goal is already having in sight. One section champion has already been determined, in another section only three teams have survived the elimination process, while in another, but two teams remain with twelve distinct sectional champions.

During the past week the elimination machine has been working smoothly, and the hopes of many schools in which figured the shining silver trophy-cup have gone aglimmering. Austin's victory over San Antonio Main Avenue High was quite a surprise. If the protest is sustained which Austin has submitted, alleging San Antonio Brackenridge High used an ineligible man against them, they will again take their place among the leaders of section No. 19. The matter has not been settled, however, which accounts for the fact that in the list below Brackenridge is mentioned and Austin is not.

Leading Teams Showed Clash. In many instances undefeated teams have met since the last report, but some have maintained their standing by playing weak teams. These leading teams should make every effort to get together so that eliminations may be carried out without extending the season too far.

It will be noted that Waco is not included among the teams of section No. 7, included in section No. 5. Neither of these teams accepted the football plan of the league, and games which they play are not considered in official summaries.

The teams eligible to play for various sectional championships follow: Section 1. Amarillo, Canyon, Childress, Shamrock, Tulla. Section 2. Abilene, Brackenridge, Brownwood, Clarks, Comanche. Section 3. Big Spring. Section 4. Bowie, Electra, Fort Worth (North Side High).

Section 5. Dallas (Forest Avenue), Greenville, Honey Grove, Sulphur Springs, Sherman. Section 6. Lufkin, Marshall, Mineola, Nacogdoches. Section 7. Bigton, Calvert, Corsicana, Hillaboro, Temple. Section 8. Beaumont. Orange, Pottsboro, Texarkana. Section 9. Bryan, Conroe. Section 10. Georgetown, Granger, Llano, San Antonio (Brackenridge).

Section 11. Eagle Lake, Floresville, La Grange, Yorktown. Section 12. Brownsville, Corpus Christi, Del Rio, Hondo, Kingsville.

Section 13. Dallas (Forest Avenue), Greenville, Honey Grove, Sulphur Springs, Sherman. Section 14. Lufkin, Marshall, Mineola, Nacogdoches. Section 15. Bigton, Calvert, Corsicana, Hillaboro, Temple. Section 16. Beaumont. Orange, Pottsboro, Texarkana. Section 17. Bryan, Conroe. Section 18. Georgetown, Granger, Llano, San Antonio (Brackenridge).

Section 19. Eagle Lake, Floresville, La Grange, Yorktown. Section 20. Brownsville, Corpus Christi, Del Rio, Hondo, Kingsville.

Section 21. Amarillo, Canyon, Childress, Shamrock, Tulla. Section 22. Abilene, Brackenridge, Brownwood, Clarks, Comanche. Section 23. Big Spring. Section 24. Bowie, Electra, Fort Worth (North Side High).

Section 25. Dallas (Forest Avenue), Greenville, Honey Grove, Sulphur Springs, Sherman. Section 26. Lufkin, Marshall, Mineola, Nacogdoches. Section 27. Bigton, Calvert, Corsicana, Hillaboro, Temple. Section 28. Beaumont. Orange, Pottsboro, Texarkana. Section 29. Bryan, Conroe. Section 30. Georgetown, Granger, Llano, San Antonio (Brackenridge).

Section 31. Eagle Lake, Floresville, La Grange, Yorktown. Section 32. Brownsville, Corpus Christi, Del Rio, Hondo, Kingsville.

Section 33. Amarillo, Canyon, Childress, Shamrock, Tulla. Section 34. Abilene, Brackenridge, Brownwood, Clarks, Comanche. Section 35. Big Spring. Section 36. Bowie, Electra, Fort Worth (North Side High).

Section 37. Dallas (Forest Avenue), Greenville, Honey Grove, Sulphur Springs, Sherman. Section 38. Lufkin, Marshall, Mineola, Nacogdoches. Section 39. Bigton, Calvert, Corsicana, Hillaboro, Temple. Section 40. Beaumont. Orange, Pottsboro, Texarkana. Section 41. Bryan, Conroe. Section 42. Georgetown, Granger, Llano, San Antonio (Brackenridge).

Section 43. Eagle Lake, Floresville, La Grange, Yorktown. Section 44. Brownsville, Corpus Christi, Del Rio, Hondo, Kingsville.

Section 55. Eagle Lake, Floresville, La Grange, Yorktown. Section 56. Brownsville, Corpus Christi, Del Rio, Hondo, Kingsville.

TWIN ENDS, EXACTLY A LIKE, KEEP BOWDIN'S OPPONENTS GUESSING

Charles and Horace Hildreth, Twin Brothers, Playing Left and Right Field for Bowdoin.

BY NEA Service. BRUNSWICK, ME., Oct. 22.—The Bowdoin college football team has found a synonym for confusion. It is Hildreth.

In the ordinary course of events confusion is to be avoided, but in the case of the said Bowdoin football team it is a thing to be courted and prized. For to confuse the enemy on the gridiron is the surest way to victory.

The Hildreth brothers, Charles and Horace being twins—and very unusual twins, at that—confuse the enemy. Therefore, they are to be courted and prized as aforesaid—and they are.

The boys in question play the end positions on the Bowdoin eleven. They are identical in appearance and baffle their closest friends in the letters' efforts to tell them apart. Therefore, it is not unusual that they should baffle the opposing team.

A series of brilliant end plays with their accompanying shifts, feints and deceptions with the Hildreth boys playing the major roles is destined to bamboozle the craftiest of opponents.

In the Williams game which ended in a scoreless tie, this fact was amply demonstrated. In that game, one of the boys who was shifting, and where he was shifting, to the Bowdoin football team has begun what gives promise of becoming a successful play in the future. Whether or not it succeeds thus far is due purely to the legerdemain

ALDRICH, WHO BEAT ARMY

Capt. Malcolm Aldrich of Yale.

BY BOB DORMAN. NEW HAVEN, CONN., Oct. 22.—It was "Big Bertha" Capt. Malcolm Aldrich who dropped a bomb shell into the Army's camp at the Yale-Army game. It came at a time when the Ells had their backs to the goal and it seemed there was nothing left to do but for French, the Yale halfback, to throw one of his truly famous forward passes which had been such a worry to the Jones proteges, and tie the score. That is exactly what happened, but—there was Captain Aldrich. He had sprouted over near the side lines and, plucking the ball from the hands of an Army end, kept a straight course down the side, covering 70 yards for a down on the 16-yard line. The rest was easy.

Thereby satisfying the walls of all in the bowl that Capt. Malcolm Aldrich of Yale is the ideal type of football halfback.

Tall and rangy built, he stands 5 feet 11 inches, weighing only 165 pounds. But it is 165 pounds of fire and determination, of wiry muscles, of speed, courage and grit.

With it all, he is of the quiet type that lets its actions speak for them. "I play football because it is the most glorious game in the world."

"I have played it ever since I was a youngster in knee pants, and my greatest regret on leaving college will be that it will mean that my football days are over."

There is a thrill in football that you can't get in any other game. "Perhaps it's because of the physical contest, the pitting of your strength and speed against your opponent's."

"And then it's great, the matching of your wits against the other fellows."

Ball isn't in it and that's another game I like."

The last was spoken over his shoulder as he hurried away to answer the call of Head Coach Jones for the afternoon's daily grid.

by Paul W. Barkin

Bowie Won Last Electra Game. The last time that Electra and Bowie met on the grid was several years ago in Bowie, and according to the Electra fans who witnessed the contest it was one of the most bitterly fought battles ever waged by two teams.

Electra was on the short end of a 35 to 0 count and the only thing that was barred was the toe-hold. The pigskin wasn't the only thing that was kicked while all other sorts of rough tactics were introduced. While tomorrow's contest between the two eleven will be bitterly fought, the same methods to gain a victory will not be used.

Both Teams Undefeated. It will be the most important high school contest in this section of the country that has been waged thus far. Neither team has tasted defeat yet and each is expected to be forced to bow tomorrow will be eliminated from the championship race while the winner will play for the title.

Looks for Electra Victory. Coaches of Electra and Demaree are not greatly worried over the outcome of tomorrow's game and have sent the boys through light drilling in the gymnasium. Electra is favored to win while the boys aren't over-confident of victory tomorrow they are preparing more for the Fort Worth game than the Bowie mixup.

Wichita Goes to Heartsetta. Coach Harry Viner of the local team will take his outfit to Heartsetta tomorrow for the annual clash and many rooters will accompany the team. The team will be minus the services of Cliff Waggoner while "Shorty" Chapman will undoubtedly be forced to stand the gaff at quarter during the four periods. Miller was injured earlier in the week and will probably be out all season. Despite these losses, however, Harry feels sure that his outfit will be a good account of themselves and will return on the desirable end of the score.

Galloway Wants to Come Here. Jim Galloway expressed himself several times in our presence last year as being anxious to play ball in Wichita. As long as he is a free agent now, there is nothing to hinder his coming here unless it be the figures in the contract offer he has by Salem. He is interested in a conversation in Dallas with a local fan that everything was satisfactory, so the chances are that "Bad News" will be among those present next spring. However, his coming would not necessarily mean that "Caddy" Works will not be back. Jim is a good all-around infielder as well as a first baseman. With the chances of Clark's returning none too bright, it is an object to be plugged, Jim may be used at one of these positions.

Has Has Great Year. Jewel Has, who rounded out a great season in Syracuse this year, will be given every opportunity in the world to hold down the berth at the hot corner for the Cardinals next year. Rickey's club is in a bad way for a third baseman and Jewel has been his property ever since leaving Houston. He walked the pill for an average of

Vanderbilt-Texas Game Made Plenty of Money. AUSTIN, TEXAS, Oct. 22.—The cost of playing the Vanderbilt-Texas football game at the Texas state fair in Dallas was \$7,944.24 according to figures compiled by L. Theo Belmont, athletic director of the University of Texas. However, of this sum \$5,566.55 was the 25 per cent of the gross receipts charged by the fair association for use of the stadium and playing the game during the fair. This sum does not include expenses of the Texas team from Austin to the game, nor the Vanderbilt team from Nashville, Tenn., those expenses being paid out of the division of proceeds of the game.

The gross receipts of the game amounted to \$22,256.26. The two teams received a 25 per cent split of the net balance of \$18,321.86, giving each institution \$9,160.93. The expenses of taking the Longhorns to Dallas and other expenses connected with the trip leave the net proceeds of the Longhorns at approximately \$7,569. Mr. Belmont said.

SABOLOSKY TRYING TO ENFORCE SALE

Suit Filed Against Patterson and Hassell To Close Deal.

DALLAS, Oct. 22.—The Sabolosky of Mineral Wells, claiming to possess acceptance of an offer for the Dallas baseball club franchise, filed suit against Jesse Hassell, and Hamilton Patterson and their wives in the 44th District court Thursday morning to force the closing of the deal for the purchase and also seeking injunction to prevent Hassell and Patterson from changing the lease terms on the baseball park.

Specific performance of contract is demanded in the petition. Mr. Sabolosky asserts that he had tendered \$50,000 as first payment for the purchase of the franchise, taking up an option held for purchase of the franchise for the sum of \$100,000.

The injunction seeks to hold in status quo all leases and other matters in connection with the operation of the ball park. The plaintiff contends that he contracted for Hassell and Patterson to furnish the lease to the park of the same terms as now paid.

The petition mentions the purported sale of the ball park and stands to Hassell and Patterson by Joe Gardner, who Sabolosky contends that he is entitled to a lease, under his option, on the same terms as Hassell has been getting from Gardner.

The injunction feature of the suit will be heard before Judge E. B. Muse Nov. 2.

SPORTS SHOTS

by Paul W. Barkin

Don't Worry About Speaker. The rumors that are going around in baseball circles that Speaker will not pilot the Indians next year must be taken with a fairly large grain of salt. Tris made the crack himself shortly after the season closed that he would probably resign but the chief had a good dose of blues at the time on account of his failure to land the rag. He was down in the mouth and apt to say anything. The owners, critics and fans don't want him to quit so you can look for Tris at the helm again next season.

Gotham Writes on Ruth. The attitude of the New York scribbles in the Ruth-Landis imbroglio is interesting. To a man, the Bambino's country-wide popularity, their decisive stand was hardly looked for. They feel that the rule should be eliminated or changed, but as long as the rule is in effect they can't see any loop hole for the slugger.

Looks for Electra Victory. Coaches of Electra and Demaree are not greatly worried over the outcome of tomorrow's game and have sent the boys through light drilling in the gymnasium. Electra is favored to win while the boys aren't over-confident of victory tomorrow they are preparing more for the Fort Worth game than the Bowie mixup.

STATE COMMISSION TO DECIDE WHEN AN OIL WELL IS AN OIL WELL AND NOT A GAS WELL

The question of when a well is an oil well and when it is a gas well, when it is producing both gas and oil, is to be determined next week at a hearing before the Texas railroad commission, and the outcome is awaited with considerable interest by the oil fraternity.

A statement of the controversy has been furnished The Times, as follows:

Some days ago Judge Hassel, chief oil and gas supervisor for the railroad commission, ordered the Humble Oil and Refining company to lubricate their Keokuh No. 1, located about two and one-half miles southeast of Breckenridge, Texas. The well at the time was making approximately 200 barrels of oil and a large volume of gas and was classed by the supervisor as a gas well.

Conference between Judge Hassel and a representative of the Humble Oil and Refining company having failed to reach an agreement, the matter was brought before the railroad commission upon application of Judge Hassel, and a hearing commencing October 25 was the result. Numerous contentions were made by both parties. The principal one by Judge Hassel being that the well was a gas well because the gas was being produced in excess of 10,000,000 feet of gas and is allowing to flow into the open about 13,000,000 feet of gas. The reason for this waste of gas is that it has tried to sell and give away this gas that is now going into the air, but there being plenty of gas in Stephens county, there is no market for same; further, that the casing in the well originally was properly set, and that if any string is now unseated, this is due to the terrific blowout which occurred unexpectedly, and was of such force that it blew a string of tools that was caught in the well a distance of over a quarter of a mile.

The oil and gas struck in this well was unexpected and this is a fresh sand, about 90 feet above the usual depth of the Breckenridge line; that if the lower string of casing is unseated, such conditions resulted in no damage on account of the fact that no oil and gas stratum is exposed; that with the gas pressure coming with the oil and water from the bottom of that hole, it would be impossible for any other water that may be above the bottom of the hole to get down into the stratum from which the oil and gas is being produced; that therefore no damage could result from the unseating of the casing if such, in fact, is the condition. The company also contends that any attempt to lubricate the well with the present gas pressure might result in loss of oil and destruction of the well and flooding of the oil and gas stratum.

The general opinion seems to be that if this hearing should result

TRANSFER WOMEN TO COUNTY FARM FROM JAIL CELLS

Two women who have been held in confinement in cells in the jail on the third floor of the courthouse, following a conviction on a charge of lunacy, were transferred Friday afternoon to the county farm.

They will be kept there until the institution located at the lake is opened. These two patients have been forced to remain in the cells in jail due to the crowded conditions existing in all the insane asylums of the state.

Both of the women have been in confinement for practically two months. The best care possible under the conditions has been afforded the patients by county officials.

REV. J. T. M'KISSICK I'S SPEAKER FRIDAY AT LION'S LUNCHEON

A short address by Rev. James T. McKissick, president of Midland college, featured the entertainment program of the Lions club when that organization met in the Kemp hotel for its weekly luncheon Friday noon. Rev. Mr. McKissick, who is conducting a series of revival services in the First Christian church, rounded out a full week of after dinner speaking when he took the floor for, as he announced, today's talk was the fifth which he has delivered in as many days to luncheon clubs of the city.

His speech was essentially the same that has been given the various other organizations, namely that optimism and the need of mak-

ing the best of a situation was of vital importance in the creed of a successful man. He radiated optimism and humor throughout all of his talk and succeeded in convincing his hearers that he practiced what he preached.

Rev. J. Leon Keevil, pastor of the Christian church, followed McKissick with a very brief announce-

ment of the program that are to be given at future meetings of the club. Dr. L. D. Farnell also spoke briefly on the policy of the program committee and outlined a few of the things that will be brought before the Lions club members by future speakers.

The business session resulted in the club voting a \$50 cash contri-

bution to the Travis school, the money to be expended as the school authorities saw fit for playground apparatus. It was also intimated that one of the other schools might be given aid of a similar nature after the Travis grounds had been cared for.

MUCH INTEREST IN WILBARGER COUNTY ELECTION SATURDAY

VERNON, TEXAS, Oct. 23.—Interest in Wilbarger county is at the highest pitch over the good roads bond election which will be held Saturday. An issue of \$600,000 is proposed, practically \$300,000 of which will go into permanent concrete roads. Two hundred thousand dollars will be devoted to the dirt roads of the county and the remainder of the issue will go to take up road bonds in one of the districts.

Sentiment during the last week has swung rapidly and it might almost be said overwhelmingly in favor of the bonds in comparison with the feeling previous to that time. Those most bitterly opposed to the project have just as ardently taken up the fight in favor and optimism is felt by many concerning the outcome.

Catarrhal Deafness and Head Noises
TELLS SAFE, SIMPLE WAY TO TREAT AND RELIEVE AT HOME.

If you have catarrh, catarrhal deafness or head noises caused by catarrh, or if you have in your throat and has caused catarrh of the stomach or bowels you will be glad to know that these distressing symptoms may be entirely overcome in many instances by the following treatment which you can easily prepare in your own home at little cost. Secure from your druggist 1 ounce of Parmit (Double Strength). Take this home and add to it 1 pint of hot water and a little glycerine. Stir air until dissolved. Take one tablespoonful four times a day. An improvement is sometimes noted after the first day's treatment. Breathing should become easier while the distressing head noises, headaches, dullness, cloudy thinking, etc., should gradually disappear under the tonic action of the treatment. Loss of smell, taste, defective hearing and mucus drooping in the back of the throat are other symptoms which suggest the presence of catarrh and which may often be overcome by this efficacious treatment. It is said that nearly ninety per cent. of all ear troubles are caused by catarrh and there must, therefore, be many people whose hearing may be restored by this simple, harmless, home treatment.—adv.

TRADE SCHOOL TO START HERE SOON, CLASSES PLANNED

LOCAL FACTORIES TO CO-OPERATE IN GIVING VOCATIONAL INSTRUCTION.

The establishment of trade and vocational educational classes in various business enterprises of the city will be consummated in the near future, according to an announcement from the public school office Friday. A movement preparatory to the organization of such classes was started last spring when Scott J. McGinnis, representing the state board of vocational training, spent several weeks in Wichita Falls conducting classes designed to train future teachers for the vocational schools.

The movement is a nation-wide one and came into existence with the passage of the Smith-Hughes bill by congress, the bill providing that the federal government make a large appropriation for the use of vocational training among the working class of the country. The expense of all such work is divided between the federal, state and local authorities, the former bearing one-half of the whole, and each of the latter caring for one-fourth. The work is promoted by the state educational boards of the various states.

In Wichita Falls classes will be organized at various factories, these to be in charge of the men trained last year by Mr. McGinnis. Special instruction in many branches of work will be given without cost to factory employees desirous of making further study of their particular vocations.

A number of different methods may be used in forming such classes, according to the provisions of the bill, the final decision of this being left to the local authorities. In this city Mr. Clark believes, classes will only be held for an hour or so during the day, although night classes may be organized in the future.

Considerable enthusiasm has been aroused among commercial leaders of the city and the idea has met with hearty approval by several of the larger employers, all of whom have volunteered their support. When in active operation the "school" will offer competent instruction to laboring men who find it impossible to make a further study of their trades, all of which, it is thought, will redound to the betterment of the men themselves and the company employing them.

The Wichita Falls school board has joined heartily in the idea and has already voted a substantial appropriation to be used for the work. Assurance has also been given that the state and federal aid will be available as soon as needed.

Just how soon the work will be started is problematical, but a representative of the state vocational board was expected in the city Friday and with his arrival it is thought that active organization of the training schools would commence.

THIS CITY TO HAVE PROMINENT PART IN SCHOOL CONVENTION

Announcement that Miss Dixie C. Crabtree, penmanship supervisor of the local schools, had been invited by officials of the State Teachers' association to deliver an address to all writing supervisors of the state when the yearly teachers' convention meets in Dallas Nov. 24, 25 and 26, was made Friday by Superintendent of Schools Lee Clark. Together with her address Miss Crabtree will give an exhibit of penmanship work of Wichita Falls school children.

School officials here regard the invitation extended Miss Crabtree as a signal honor for the supervisor or herself and as a distinct compliment to the Wichita Falls schools. The State Teachers' association is composed of public school instructors from all sections of Texas and the advertising given by the local writing exhibits will go a long way toward exploiting the accomplishments of Wichita Falls students.

Miss Crabtree will begin work immediately on selecting and arranging her display. An exhibit of art work to be under the supervision of Miss Jennie Roberson, art supervisor here, will also be taken to the Dallas meeting, Mr. Clark announced.

It is hoped that a large number of teachers from this city will attend the association meeting. Superintendent Clark stated Friday, and advance indications point to a representative delegation being sent to the convention from this city.

Several of the local schools have a 100 per cent membership record in the organization and a like record for the entire city is being aimed at by school officials.

J. WILKIE TALBERT CHOSEN PRESIDENT BY REALTY BOARD

The election of J. Wilkie Talbert as president and the completion of its organization was effected by the Wichita Falls Realty Board when the new club met Friday noon for its first official luncheon. Walter S. Curlee was named as vice-president and Nat L. Ings as secretary-treasurer to serve with Talbert as the officers of the board. Th. Stevens, H. G. Halgeron and L. E. Cowling were elected to serve with the three officers as an executive board.

Aside from the selecting of the official family little was done at the first meeting, although a spirit of optimism that augurs well for the future success of the organization pervaded the entire session. The board, which will, it is thought eventually be composed of all real estate dealers of the city, will concern itself with the studying of de-

tails peculiar to the real estate business and to an organized campaign to promote a better spirit of

understanding between the dealers and the public. A membership committee is to be

appointed by the president some time this week, this body to devote itself to the task of recruiting new

members from the realty dealers in Wichita Falls. Meetings will be held weekly.

H. C. Hamler, C. Meuhberger, M. M. Pauls and Ross Corlett of the Texas Company engineering depart-

ment, will leave Saturday for a week's hunt in Clay county.

THREATENED RAIL STRIKE CALLED OFF

(Continued from Page 1.)

1884 for the injunction issued in July of that year restraining Eugene V. Debs and other officers of the American Railway union from interfering with transportation of the United States mail, Mr. Clynne said.

The government program included two sections to prevent a tie-up in transportation and a third looking to the punishment of strike leaders through indictments for conspiracy against the public.

These were to be presented to the court 24 hours before the time the strike was scheduled to begin.

TELEGRAPHERS NOTIFIED STRIKE IS CALLED OFF

ST. LOUIS, Oct. 28.—E. J. Manion, president of the Order of Railroad Telegraphers, at 9:30 a. m. today sent coded telegrams to general chairmen of the order on the various railroads informing the officials daily that the strike scheduled for October 30 had been called off.

In a formal statement to the Associated Press, Mr. Manion said in part:

"Our action in surrendering to the dictates of the United States railroad labor board in no wise concedes that our cause is unjust. We bowed to the will of the board because it is a tribunal of our government and the railroad men have always been law-abiding and ever ready to defend rather than offend the government of the United States."

"By our action we have permitted \$400,000,000 per year of our wages to be transferred to the coffers of the United States government and we sincerely hope the public will receive its just proportion of this donation from the railroad employees of America in the way of reduced freight and passenger rates."

SECRET CODE MESSAGES SENT LOCAL CHAIRMEN

CLEVELAND, Oct. 28.—Secret code messages to general chairmen by which they are directed to notify all local chairmen that the proposed railroad strike has been called off were sent out early today from the general offices here of the brotherhoods of trainmen, engineers and firemen.

"Art is long; life is short," read one of the messages.

Some of the others read: "Pretty heavy for such light work."

"Where there are bees there is honey."

"Smith is a mighty man."

"Your accounts have been audited and found correct."

"More enduring than bronze."

The messages were dispatched by the chief clerks of President W. G. Lee of the Brotherhood of Railroad Trainmen; Grand Chief James S. Stone of the Brotherhood of Locomotive Engineers, and W. S. Carter, president of the Brotherhood of Locomotive Firemen and Enginemen, to general chairmen of their respective organizations.

On receipt of the messages the general chairmen will open sealed letters sent to them with the strike orders, and if the code corresponds will relay the messages to the local chairmen who in turn will notify the membership.

Lee, Stone and Carter are expected to return tomorrow morning from Chicago where today they are said to be drafting a circular letter to the membership giving their reasons for calling off the strike.

HUNDREDS OF TELEGRAMS RECEIVED BY THE BOARD

CHICAGO, Oct. 28.—Smiles of relief illuminated the faces of members of the United States railroad labor board when they met today to clean up the many details of the cancelled rail strike. Hundreds of congratulatory telegrams began to pour into the board's office. John Higgins, chairman of the Western Association of Railway Executives, called in person to congratulate the board members on their success in averting the strike.

B. A. Worthington, president of the Cincinnati, Indianapolis and Western railroad, wrote a letter to Ben W. Hooper, member of the public group of the board, advising that the road would pay time and a half for overtime dating back from August 1, at which time it was eliminated, until the question is definitely decided by the board. This has been mentioned by brotherhood leaders as one of several things said violated labor board rulings.

FARMERS NOW LOOK FOR FREIGHT REDUCTIONS

CHICAGO, Oct. 28.—Farmers of the nation received the calling off of the railroad strike with gratification and now look to a cut in freight rates, said J. R. Howard, president of the American farm bureau federation, in a statement today.

"The farmer who pays the largest share of the freight bills of the nation," President Howard said, "does not want any interference

with the unrestricted flow of his products to market."

EMPHASIZE TWO POINTS AS EVIDENCE OF VICTORY

CHICAGO, Oct. 28.—Railroad brotherhood officials said their resolution adopted last night calling off the strike emphasized two points as evidence of victory for the men.

These points were: First, that action of the railroad labor board on further wage cuts that the railroads may ask will receive consideration after pending questions before the board are cleared, thereby deferring immediate action on further reductions and possibly postponing the question of a new wage revision for nearly a year. The second point was that action on the rules which the men's organizations wish to maintain will likewise take its place on the regular calendar of the board so that it will not be likely to become an immediate issue.

HOOPER CREDITED WITH AVERTING RAIL STRIKE

CHICAGO, Oct. 28.—Declaring that the whole country owed a debt of gratitude to Ben W. Hooper, a public group member of the railroad labor board, G. W. Hanger, also of the public group, said today:

"I feel much gratification that the strike has been averted. When I learned yesterday that the brotherhoods had not seen our announcement until it was brought to their attention yesterday by Governor Hooper, I felt that it offered a way out and that there was at least a possibility that the suggestions were accepted as a basis of settlement."

"I think the whole country owes a debt of gratitude to Governor Hooper for his effective work in bringing about the settlement."

"The board was fortunate also in having as a member Mr. McMenamin, who through his former connections, was able at the critical time to arrange a meeting of the unions and Governor Hooper which resulted in averting a country-wide calamity."

SAYS UNIONS WILL ACCEPT DECISION OF THE OFFICERS

CHICAGO, Oct. 28.—The men of the unions who willingly accepted the decision of their officers in recalling the strike order, W. G. Lee, president of the Brotherhood of Railroad Trainmen, said in a statement today:

"I expect the unions to follow the counsel of the committees to see that there will be no sporadic outbreaks in any quarters," said Mr. Lee.

"I am very happy that this has been settled. But so far as I am concerned, all credit for settlement is due to Governor Hooper for the manner in which he conferred with us."

Ben W. Hooper, public member of the board, said: "There are some people who hold the idea that the brotherhoods had no real intention of striking. This is a mistake. If conciliatory methods had not been used, there would undoubtedly have been a most disastrous strike."

FOCH IS ACCORDED NOTABLE WELCOME

(Continued from Page 1.)

had preached so many years in the French war college.

The morning of November 11, 1918, found him, a marshal of France, sitting in his private car behind the lines, smoking his pipe and waiting in the unquiet calm that followed the hushing of the big guns, the coming of the German envoys to ask for peace at the little price of the armistice.

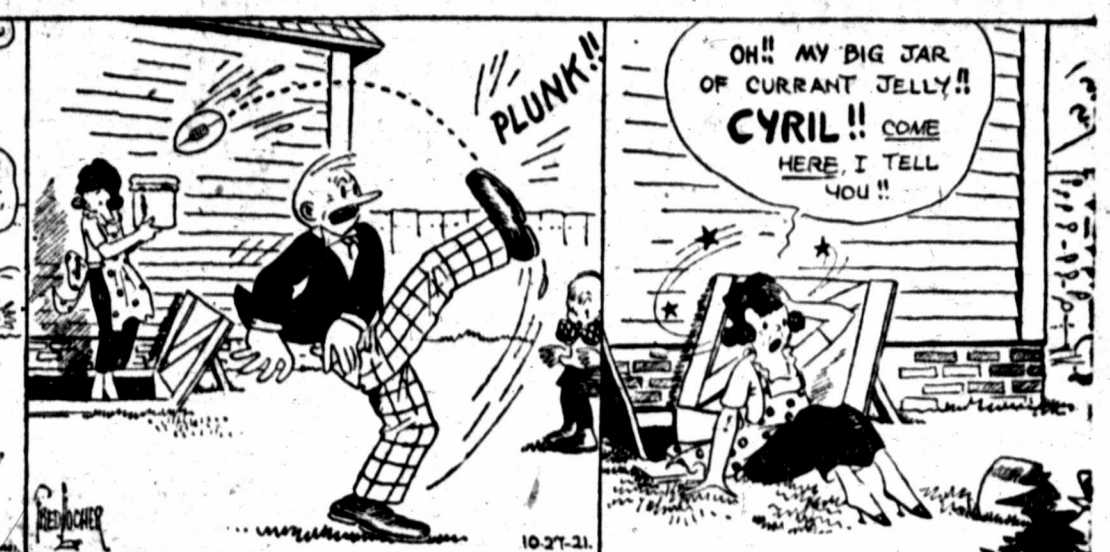

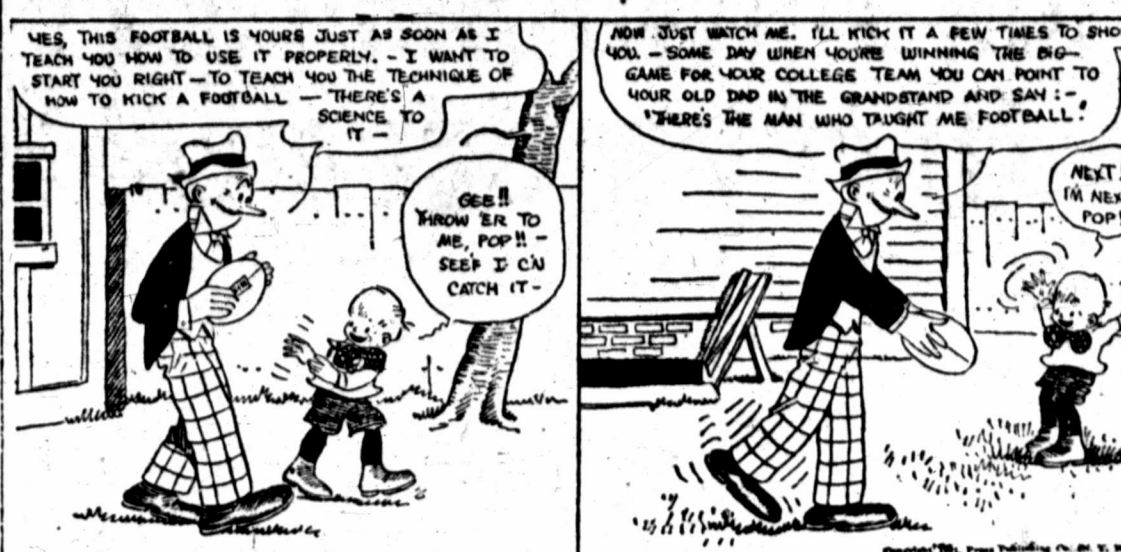

Foch fought in the Franco-Prussian war as a second lieutenant, as did Joffre. They were both born in the south of France. Foch worked for the rest of his life with the shame and humiliation of that debacle in his mind. He studied the battlefields of that war until he knew them as well as his own backyard. He studied the German war machine, the psychology of its leaders, the reasons for their mistakes and their successes.

Later, as a professor in the war college, he wrote text books on the conduct of war and the principles of war. He worked with enthusiasm and patriotic fervor to indoctrinate the young French officers with the principle of the offensive at all costs. Battles are won morally, as well as materially, he said, and he stressed the moral element in modern warfare.

As a general commanding a force of 120,000 men, Foch found himself opposed by a German army of 200,000 men at the first battle of the Marne in 1914. As the battle progressed allies rushed in to warn him both his wings were being pushed back. "We must attack in the center," said Foch. "Order up the Moroccans."

The German center, composed of Prussian Guards, the flower of their army, gave way under this unexpected onslaught and later airplane observation brought news to Foch of a gap in the German line.

WARNING AGAINST ANY VANDALISM AT HALLOWE'EN ISSUED

A request that the parents of Wichita Falls keep a watchful eye on their young hopefuls next Monday night was made Friday by Chief of Police R. W. Morgan in the form of a statement that his officers would not molest anyone involved in harmless Halloween fun making but that vandalism in any form would not be tolerated.

JUDGE MARTIN IS CHOSEN DELEGATE TO M. E. MEETING

Judge P. A. Martin of this city will be one of the six laymen to represent the North Texas conference of the M. E. church, south, at the general conference of the church at Hot Springs next May. He was chosen Thursday on the first ballot taken at Dallas. Others elected Thursday were M. B. Sherwood, Sulphur Springs banker, and John Wesley Barton of Dallas. The remaining three were to be chosen Friday.

TO SEE WAGGONER ON POSSIBLE TRADE FOR DAMSITE LAND

A committee of directors of the water improvement district will go to Fort Worth Friday night to meet W. T. Waggoner, owner of the Baylor county land covered by the two lakes, in an effort to effect a trade. The committee, which consists of T. B. Noble, J. S. Bridwell and P. N. Lawton, has been authorized to close a deal if possible.

RESIDENCE THEFTS TO AMOUNT OF \$200 ARE RECORDED DURING WEEK

Residence thieves who have been active all this week and who have caused loss approximating \$200 to local families during the last three nights, kept under cover Thursday night, police officials reported Friday. No thefts of any kind were reported during the night.

HER LONG SEARCH IS NOW REWARDED

Mrs. Ida Pickett was Twenty-Five Years Trying To Find Relief—At Last Succeeded. Mrs. Ida Pickett, 274 South Division street, Buffalo, N. Y., says: "Twenty-five years is a long time to keep looking for something without finding it, and it's no wonder I almost lost hope. But I finally found what I was hunting—a medicine to relieve me of an awful case of Indigestion."

JURY RULES \$200 IS REASONABLE FEE FOR LEGAL SERVICE

A jury in the 74th district court Friday morning, after deliberation of 20 minutes, returned a verdict in favor of Judge Guy Rogers against C. R. Parquharson, in which it ruled that \$200 was a reasonable and just fee for legal services performed and granted Judge Rogers a judgment of \$200 on this account.

REORGANIZATION OF THE FIRST FULL BATTALION OF THE NATIONAL GUARD

AUSTIN, TEXAS, Oct. 25.—Texas will complete the reorganization of its first full battalion of national guardsmen in the 14th infantry, with the muster of the headquarters company at Crowell, and Company M at Chillicothe, evening Friday morning, 14th infantry being organized at Dallas, probably will be completed soon, according to Adjutant General Barlow.

COTTON PICKING SEASON ABOUT OVER AT MUNDAY

MUNDAY, TEXAS, Oct. 25.—The cotton picking season for 1921 is almost over in this section, although the gins are still running full time. The best grade of cotton has been marketed here this season by most Texas farmers have sold in many years and a good price has been paid for cotton here throughout the season.

343,900 SACKS OF CEMENT ARE USED SINCE MARCH 1

Since March 1, 1921, 343,900 sacks of cement have been placed in the paved roads of the county, according to a report made by County Auditor Murphy Friday morning. This amount of cement represents a total tonnage of approximately 17,195 or 14,390,000 pounds. The total cost of this amount of material exclusive of freight is \$312,500.

CALOMEL SALIVATES AND LOOSENS TEETH

The Very Next Dose Of This Treacherous Drug May Start Trouble. You know what calomel is. It's mercury, quicksilver. Calomel is dangerous. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system. If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tonic for a few cents which is harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money. Don't take calomel! It makes you sick the next day. It loses you a day's work. Dodson's Liver Tonic straightens you right up and you feel great. No salts necessary. Give it to the children because it is perfectly harmless and can not sicken—adv.
