## VIRTUAL COLLAPSE OF NEGOTIATIONS FOR IRISH PEACE

### DR. SANDEFER IS BAPTIST PRESIDENT FOR ANOTHER YEAR

### ELECTED BY A UNANIMOUS VOTE AT BAPTIST CONVENTION

### DR. BROOKS DISCUSSES CHARACTER OF TEACHING

### Committee Is Named On Request To Investigate School of the State

DALLAS, Dec. 1.—The Baptist general convention of 1924 in seventy-third annual session was called to order here at 10 o'clock today by Dr. J. D. Sandefer, president of the conference. The session will continue through Monday.

Following the opening devotional services, Dr. Sandefer announced that first business would be election for the executive.

Dr. E. F. Lyon of Hangeo area, paid a glowing tribute to Dr. Sandefer and moved his nomination as president. Nominations were closed immediately by Dr. H. H. Coleman, instructed to cast the vote of the convention.

Dr. A. E. Booth of Bent, Dr. Wallace Bassett of Dallas and J. E. Tidwell were named and elected vice-presidents.

The most business done of the character of teaching the various studies in the various departments of the church.

There have been such reports regarding the character of teaching at Baylor university, that a committee from this convention is appointed to investigate.

On motion of Dr. J. E. Tidwell, the committee is appointed to investigate the character of teaching at Baylor university.

## A BLUNDER NOW

## CONTROVERSY OVER NAVAL RATIO IS IN A DELICATE STAGE

HAVE NOT ABANDONED HOPE THAT JAPANESE WILL YIELD

MATTER FOR SETTLEMENT BY THE FULL DELEGATION

Is Now Entirely Removed from the Stage of Technical Discussion

WASHINGTON, Dec. 1.—The situation resulting from the Japanese proposal that the 60 per cent ratio allotted her under the American limitation plan be increased to 70 per cent was regarded by American officials today as a delicate one, but not without hope that her spokesmen ultimately would accept the original plan.

Entirely removed from the stage of technical discussion as to the basis of calculating the naval ratios on present fleet strength, the question today, through the formal request of Baron Admiral Kato, senior Japanese delegate, that the increased ratio be recognized as necessary to Japan's security, had become a matter of policy for settlement by the plenipotentiary delegates and not by their technical advisers.

Dividing attention with naval situation today was the first meeting of the representatives of China and Japan with Secretary Hughes and Arthur J. Hays Sulzberger, heads of the American and British groups, to lay a basis for negotiations looking to a settlement of the long outstanding controversy.

The Chinese delegates announced after accepting the American and British offer of "good offices" in the controversy that they expected to accept nothing less than unconditional withdrawal of Japanese claims in Manchuria.

The Japanese spokesmen would contend for the reservation in the light of the exchange between Tokyo and Peking.

Large numbers of delegates are expected to result from revision of the classification rules, which were made more elastic, and heretofore will permit members of certain groups to do minor jobs previously done by members of other crafts.

Provision for the representation of minorities was made in the new rules. Under the national agreement, negotiations for employment were placed almost wholly in the hands of labor organizations.

Large Majority Unfettered  
"The principle of the open shop established by the new rules," a statement by the union leaders "will, in fact, be more theoretical than practical at the present time, since a large majority of the railroads have not yet agreed to the existing unions are recognized by the board and by the transportation act as representative of the majority."

Most of the older working rules, sanctioned by the experience of years, are preserved in full effect. Many of the more rigid rules, however, are to be modified.

WASHINGTON, Dec. 1.—The justice department was understood today to have asked the navy department to conduct an investigation into the French liner Paris and bring back Charles W. Morse of New York, who is reported to have left the country in the face of the investigation of his ship contract.

It was understood that a naval destroyer would put to sea from Paris to intercept the liner before it could reach the coast of New York last Friday.

While neither Attorney General Daugherty or any department official would discuss the reported departure, it was learned that every agency of the government was used in effecting his return to this country.

Immediately upon receipt of the report that Morse had left the country the department was understood to have wired the liner Paris to hold Morse for return to America.

The justice department's request for assistance from the navy department was understood to be based on the theory that the legal questions involved in the return of Morse would be thrashed out when he was brought back.

Convoys of the government showed that several had been aroused by the reports that Morse had left the country.

## SWEEPING CHANGES ARE MADE BY THE U. S. RAIL LABOR BOARD; RECOGNIZE "OPEN SHOP" POLICY

CHICAGO, Dec. 1.—Action on the acceptance of the 1923 revised shop rules promulgated by the United States labor board will not be taken until after the first of the year, according to announcement today by B. M. Fox, president of the railway employees department, American Federation of Labor, with which the six railroad shop crafts are affiliated.

CHICAGO, Dec. 1.—New working rules for the 400,000 railroad shopmen, including at least two important changes, were handed down today by the United States labor board. This decision supplanted the agreement entered into by the employees and the United States railroad administration September 20, 1918.

The decision will result in an estimated annual payroll saving of \$50,000,000 to the railroads and form the basis upon which adjustment of all future wage disputes between railroads and their employees will be based.

The rules were passed unanimously by the board, which was presided over by A. O. Wharton of the labor group, who cast a dissenting vote upon the last wage cut.

One of the most important changes was the permitting of apprentices to do certain repair work formerly restricted to journeymen in that craft. Another change provided for the recognition of minorities in the presentation of grievances to meet the contention of the railroads that old national agreements practically forced a closed shop on the railroads.

Far-reaching changes in the rules, which supplant the national agreement made during federal control, were designed to afford a basis for permanent stability in the railroad shops of the country and were declared by members of the labor board to be the most important work yet done by the board.

The Chinese delegates announced after accepting the American and British offer of "good offices" in the controversy that they expected to accept nothing less than unconditional withdrawal of Japanese claims in Manchuria.

The Japanese spokesmen would contend for the reservation in the light of the exchange between Tokyo and Peking.

Large numbers of delegates are expected to result from revision of the classification rules, which were made more elastic, and heretofore will permit members of certain groups to do minor jobs previously done by members of other crafts.

## SPECIAL MEDICAL REPORT FAVORS THE ARBUCKLE DEFENSE

SAYS BLADDER OF WOMAN SHOWED EVIDENCE OF INFLAMMATION

PROSECUTION ALLOWED TO EXAMINE REPORT

Expected That Case Will Go to the Jury During the Day Friday

SAN FRANCISCO, Dec. 1.—A special medical commission report that the bladder of Miss Virginia Rappe showed evidence of chronic inflammation and the presence of rupture, was submitted today in the Arbuckle manslaughter trial.

The defense contended that the bladder rupture which caused Miss Rappe's death was the climax of a chronic condition and not caused by external force applied by Arbuckle as the prosecution alleged. The prosecution was granted the privilege of examining the report.

The commission was named by the court and counsel for both sides. The report was made by Dr. William H. Harrison, who examined the commission by the court and counsel for both sides.

The report "showed" that the bladder of Miss Rappe showed evidence of chronic inflammation and the presence of rupture, was submitted today in the Arbuckle manslaughter trial.

## GOV. SMALL DENIES ATTEMPT TO BRIBE

Says Member of Grand Jury Starts Report on Failure to Get Money or Job

SPRINGFIELD, Ill., Dec. 1.—Charges in circulation here for several days that the state was investigating alleged attempts to bribe grand jurors who indicted Governor Len Small, Lieutenant Governor Fred Sterling and Vernon Curtis for embezzlement, conspiracy and confidence game, culminated today in a statement from Governor Small.

Small stated that he had no knowledge of any such attempt, and that he had no conversation with any grand juror on the subject.

The sensational charge was made through a statement in which the governor made public a letter received by him from C. H. Jenkins, director of public welfare, dealing with alleged grand jury corruption.

Small and some of his colleagues, including William D. (Buck) Evans, a member of the grand jury, circulated the story after failing to obtain money or a job from the administration.

The sensational charge was made through a statement in which the governor made public a letter received by him from C. H. Jenkins, director of public welfare, dealing with alleged grand jury corruption.

Small and some of his colleagues, including William D. (Buck) Evans, a member of the grand jury, circulated the story after failing to obtain money or a job from the administration.

## Storm Warning For Gulf Coast

NEW ORLEANS, Dec. 1.—Heavy storm warnings on the Texas coast from Fort Arthur to Velasco were issued today by the New Orleans weather bureau.

Small craft were warned of winds from Velasco to Brownsville. A disturbance over the Texas Panhandle will cause fresh to strong southerly winds today and tonight, the bureau adds.

## SIX ARE KILLED IN HEAD-ON COLLISION

Twenty-Two Others Injured in Wreck on the Portland-Spokane Limited

PORTLAND, OREGON, Dec. 1.—Six persons were killed in a head-on collision early today between the eastbound Portland-Spokane limited and westbound Oregon-Washington limited trains of the Oregon-Washington Railroad and Navigation company two miles east of Celilo.

Twenty-two persons were injured. Among the dead was A. H. McBride, a man who was guarding the mail on one of the trains. The others who were killed included two trainmen and three Oregon passengers.

## NEAR COMPLETION OF BILTMORE MURDER CASE

ORLANDO, FLA., Dec. 1.—The case of Lena M. T. Clark, former postmistress at West Palm Beach, and Baxter Patterson, a chauffeur, jointly charged with the murder of Fred M. Milmore, former employer in Mil Clark's office, who was shot to death in her hotel room here Aug. 1, was expected to go to the jury late today or tomorrow morning.

The defense closed its case yesterday and the state is offering rebuttal testimony announced just before court adjourned that it has only one witness, to introduce at the forenoon session today and expected to conclude within a short time.

Miss Clark in her testimony said Patterson had nothing to do with the killing of Milmore and that he had been employed only to drive her from West Palm Beach to Orlando.

## CATHOLIC PRIEST IS TO TAKE THE STAND

Charged With Assault on a Fifteen Year Old Student of School

LEMARS, IOWA, Dec. 1.—The Rev. Father Wrenn, Catholic priest, who is charged with assault on Ethel Bray, 15, a student in the parochial school in Wrenn's parish at Akron, Iowa, will take the stand in his own defense today. It is understood that Father Wrenn will endeavor to prove an alibi.

The prosecution completed its case against Father Wrenn yesterday, the first day of the trial. Miss Bray gave a detailed account of the alleged visit to her room on the night of September 12 of a man she says was Father Wrenn.

Miss Dora Derossen, a roommate of Miss Bray, told of seeing a man she says was the priest in their room and gave some of the whispered conversation she says she heard.

Sister Mary Raymond, a teacher in the school, told of hearing the whispering of a man in the room after she had seen one of the fire escape leading to the room. She also testified that she found a man's hat in the hallway of the room.

Efforts to identify the man as one of Father Wrenn's were unsuccessful. Father Wrenn is about 50 years old.

## KANSAS CITY PLANS TO ENFORCE VACCINATION TO PUT END TO SMALL POX

KANSAS CITY, Mo., Dec. 1.—The Jackson county medical association today started a campaign to make vaccination against smallpox universal in Kansas City. A committee has been appointed to formulate some sort of standard as to just what constitutes immunity from disease.

At least a hundred persons have died since September 1 of smallpox out of about 25 cases, according to health officials.

The marshal has expressed regret that the literary makes it impossible to visit the border since he has wished to see the famous Texas rangers at work.

The American Legion's special train, en route from the Grand Canyon to Santa Fe, will arrive in Texas on Tuesday, December 4, and will arrive at Houston at 5:30 p. m. on the following day. The party will remain in Houston until that evening, when the legion's train will pull out over the Southern Pacific for New Orleans.

Representatives of the Pennsylvania Southern and Mobile and Ohio railroads at a hearing today before a shipping board expressed a willingness to terminate preferential contracts with foreign shipping lines.

According to figures compiled by the interstate commerce commission, 2,500,000 tons of freight was interchanged between American railroads and foreign shipping firms both for inward and outward bound traffic and cargoes in 1923. The shipping board feels that this business should be diverted to the American merchant marine and allied the conference for the purpose of reaching an amicable agreement with the railroad.

## WANT EDDIE STOKES AND JOE THOMAS PARDONED AS A CHRISTMAS DAY GIFT

AUSTIN, Dec. 1.—Pardons as Christmas day gifts to Eddie Stokes and Joe Thomas, inmates of the juvenile training school at Gatesville to mark the end of the year, was assumed that the Japanese spokesmen would contend for the reservation in the light of the exchange between Tokyo and Peking.

Large numbers of delegates are expected to result from revision of the classification rules, which were made more elastic, and heretofore will permit members of certain groups to do minor jobs previously done by members of other crafts.

Provision for the representation of minorities was made in the new rules. Under the national agreement, negotiations for employment were placed almost wholly in the hands of labor organizations.

Large Majority Unfettered  
"The principle of the open shop established by the new rules," a statement by the union leaders "will, in fact, be more theoretical than practical at the present time, since a large majority of the railroads have not yet agreed to the existing unions are recognized by the board and by the transportation act as representative of the majority."

Most of the older working rules, sanctioned by the experience of years, are preserved in full effect. Many of the more rigid rules, however, are to be modified.

WASHINGTON, Dec. 1.—The justice department was understood today to have asked the navy department to conduct an investigation into the French liner Paris and bring back Charles W. Morse of New York, who is reported to have left the country in the face of the investigation of his ship contract.

It was understood that a naval destroyer would put to sea from Paris to intercept the liner before it could reach the coast of New York last Friday.

While neither Attorney General Daugherty or any department official would discuss the reported departure, it was learned that every agency of the government was used in effecting his return to this country.

Immediately upon receipt of the report that Morse had left the country the department was understood to have wired the liner Paris to hold Morse for return to America.

The justice department's request for assistance from the navy department was understood to be based on the theory that the legal questions involved in the return of Morse would be thrashed out when he was brought back.

## FOCHS ANXIOUS TO SEE PANHANDLE AND TEXAS OIL DISTRICT

AMERICAN LEGION SPECIAL FOR MARSHAL FOCH, en route, Dec. 1.—Ferdinand Foch, marshal of France and guest of the American Legion on a 25,000-mile tour through the home of the doughboy, gob and marine, today told Alton T. Roberts, chairman of the legion's reception committee, that two of the sights he is most anxious to see are the panhandle and the oil fields of Texas, known in France as the major scenes of the romance of the west's development.

Foch was interested in seeing the great industrial centers of the east, where munitions were made, but said that he is most interested in sights that are distinctly American specialties and are not to be duplicated in Europe.

The marshal has expressed regret that the literary makes it impossible to visit the border since he has wished to see the famous Texas rangers at work.

The American Legion's special train, en route from the Grand Canyon to Santa Fe, will arrive in Texas on Tuesday, December 4, and will arrive at Houston at 5:30 p. m. on the following day. The party will remain in Houston until that evening, when the legion's train will pull out over the Southern Pacific for New Orleans.

Convoys of the government showed that several had been aroused by the reports that Morse had left the country.

## ENDING THE HOLDING OF 64 PRISONERS

Nov. 22.—Testimony in the circumstances surrounding the holding of 64 prisoners while being taken to the Texas coast by a railway wagon was taken during the jury trial today.

The policeman in charge of the wagon was charged with the holding of the prisoners during the journey. He refused to heed the demands of the grand jury.

The scene in the front compartment of the wagon was described by the grand juror in a statement from Governor Small.

Small stated that he had no knowledge of any such attempt, and that he had no conversation with any grand juror on the subject.

The sensational charge was made through a statement in which the governor made public a letter received by him from C. H. Jenkins, director of public welfare, dealing with alleged grand jury corruption.

Small and some of his colleagues, including William D. (Buck) Evans, a member of the grand jury, circulated the story after failing to obtain money or a job from the administration.

**EXPECTED TO REVEAL MOTIVE OF COL. WHITTLESEY**

NUMBER OF MESSAGES FOUND IN HIS BERTH TO BE FORWARDED

**WILL BE MAILED BY CAPTAIN OF THE SHIP**

Leaped Overboard Just Before of Just After Midnight Saturday

By Associated Press  
HAWAII, Dec. 1.—What compelling motive sent Lieut. Col. Charles W. Whittlesey, commander of the "lost battalion" overboard into the sea only a few hours out from New York last Saturday night may be revealed in letters to members of his family and business associates which he left for Captain Grant of the steamer Toloa to deliver.

Nine of these letters were in the captain's possession when the Toloa docked last night. Captain Grant also received a note from Colonel Whittlesey, which he declared he regarded as confidential.

I can say, however, that from all appearances the act was premeditated," Captain Grant declared, "and that Colonel Whittlesey leaped overboard either just before or just after midnight Saturday."

Various wireless messages were left by Colonel Whittlesey for transmission but these were not forwarded, and except in the case of one of these messages, their nature was not disclosed.

This particular message said that he would be missing.

None of the letters which Colonel Whittlesey left on his berth were on the writing paper of the steamship company, nor were any of them dated, which led to the belief that they were written before embarking on the Toloa.

After experiencing heavy weather nearly all the way from New York, the Toloa docked this evening nearly 19 hours late and it was only after two hours of conference with representatives of the American and British consulates and the acting first secretary of the American legation, Cord Meyer Jr., that Captain Grant would give out any statement.

It was just before we sailed this morning that Colonel Whittlesey was aboard," said Captain Grant, "and he sat at the head of the berth at night. He sat at the head of the berth at night.

My Maloret inquired about the man who was ill, as he was meeting heavy weather. On Monday morning, when it was found that his berth was undisturbed, an investigation was made and since letters to members of his family, several wireless messages and a note to me were discovered in his berth. The state room was then looked at and the papers delivered to me.

"I did not forward the messages, but sent two of my own—one to his executor, John B. Fryer, and another to the company office. The letters entrusted to me I shall mail as soon as possible."

**TEACHERS HAVE HOLIDAY FOR OBSERVATION WORK**

VERNON, TEXAS, Dec. 1.—Every teacher in the grades of Vernon schools has been granted a holiday for the purpose of observation work, many taking advantage of their allotted periods to visit schools in other towns. This course of improvement for local instructors was instituted by E. L. Dehonay, city superintendent of schools, for the purpose of bettering local institutions by the adoption of any practical ideas gained by the teachers in their visits elsewhere. Fort Worth, Wichita Falls and Amarillo schools were among the nearest inspected from the Vernon teachers.

The teachers have left here with books in hand and lot of ideas to meet their approval. Conferences for teachers in the same cities are then conducted by the superintendent upon their return.

In addition to our thoroughly equipped dyeing and cleaning plant, we clean rugs, curtains, do accordion plaiting, make any size or kind of buttons, and in fact do everything that a dyer and cleaner should do. De Luxe Dry Cleaners, 183-141c

**MRS. E. A. BROOK ELECTED**

DALLAS, TEXAS, Dec. 1.—The teaching of Darwinian doctrine, the substitution of "social regeneration" for "regeneration," and the destructive criticisms of the Bible, the inspiration and integrity of the scriptures" were declared the unanimous adoption of a report presented to the pastors and laymen conference of Texas Baptist churches here yesterday. The report was prepared by a committee of ministers, laymen and educators and will be presented at the annual Texas Baptist convention which opens here today.

The thirty-fifth annual meeting of the Baptist women's missionary union closed with the election of officers and executive board members. Officers for 1922 follow: President, Mrs. F. E. Davis, Dallas; Vice-presidents include Mrs. Alma Lile, Fort Worth; Mrs. J. E. Williamson, Austin; Mrs. W. A. Wood, Waco; Mrs. E. Johnson, Amarillo; Mrs. B. A. Owen, San Antonio; Mrs. E. A. Kerr, Houston; Mrs. E. M. Francis, Wichita Falls; Mrs. G. J. Rousseau, Marshall; Mrs. J. L. Barbee, Corpus Christi; Mrs. A. E. Booth, Beaumont.

Mrs. J. M. Dawson of Waco addressed the union in the interest of the \$75,000,000 campaign. She described the custom of "many mothers leaving their children to jazz all night and ride around all day," calling upon them to take a better hold upon their households and unite the whole family in carrying out the program of the campaign.

**HUTCHINSON COUNTY IS WORKING FOR RAILROAD**

STAMFORD, TEXAS, Dec. 1.—The citizens of Hutchinson county in the north plains have presented a proposition to the North Texas & Santa Fe railway, which now operates between Shattuck, Okla. and Spearman, Texas, to extend this line from Spearman westward through Hutchinson county.

The survey of territory in west Texas needing additional railroads which was made last fall by the west Texas chamber of commerce showed that this part of the north plains region was one of the territories in west Texas particularly needing new railroad construction.

The survey of territory in west Texas showing the need of additional railroads in the different regions in west Texas which should have additional railroads. The territory between Fort Worth and Lubbock is placed first, and the territory between Midland and Farwell is placed second.

**MRS. S. A. BROOK DIES AT FAMILY HOME NEAR HASKELL**

HASKELL, TEXAS, Dec. 1.—Mrs. S. A. Brook, living five miles south of Haskell, died at her home Wednesday afternoon at 2 o'clock from an acute illness. She was about 45 years old and has lived in the county for several years. She is a daughter of E. A. Lackey, an aged veteran living in the same community. Mrs. Brook has been a member of the Baptist church since childhood and her life has ever been that of a true Christian.

Funeral services will be conducted by Rev. McHenry Seal, pastor of the First Baptist church here, Thursday at 10 o'clock after which her remains will be laid to rest in the Haskell cemetery. She is survived by several children, her youngest child being about 13 years of age. Her husband died about three years ago.

A monument, your last act of love. Let us place it. A. G. Deatherage, 406 Seventh street. Phone 185-141c

Pathe phonographs for a Christmas present on easy terms. The Decorators Co. 197-211c

**OFF APPOINTMENT ASSISTANCE FORCING THE LAW**

AS, Dec. 1.—Governor Pat speaking at a Baptist church service here last night, urged citizens to support him in upholding the laws of Texas. "Many Texas leads the country in many particulars of lawlessness," he declared.

"There were more people lynched in Texas in 1920 than in any other state in this Union or any other civilized country," the governor said. "There were more persons murdered in Texas last year than in all the British empire. Human life is the cheapest commodity in this state."

Mr. Neff declared crime is organized in this state, citing 900 automobile thefts last year without a single conviction. Bootlegging across the Rio Grande also is organized and six officers have been murdered while attempting to enforce the prohibition law, he said.

"It is time that a cry should go out from the editorial columns of newspapers and from the voices of the people for the supremacy of the law in Texas," the governor concluded.

**BAPTISTS AT CLARENDON ARE BUILDING A CHURCH**

CLARENDON, TEXAS, Dec. 1.—Rev. J. A. Smith and members of the Baptist church of this city are demonstrating what co-operation can do. A few days ago, 60 members met and put in the cement of the basement of their new building to be a brick veneer and cement 30x30. All the work is being done at intervals by the members of the church.

**MOTHER!**

Move Child's Bowels with "California Fig Syrup"

Even a sick child loves the "fruity" taste of "California Fig Syrup." If the little tongue is coated, or if your child is listless, cross, feverish, full of cold, or has colic, give a teaspoonful to cleanse the liver and bowels. In a few hours you can see for yourself how thoroughly it works all the constipation, sour bile and waste out of the bowels, and you have a well, playful child again.

Millions of mothers keep "California Fig Syrup" handy. They know a teaspoonful today saves a sick child tomorrow. Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup. (adv.)

**Why Your Tiny Wrist Watch Refuses to Keep Time?**

A TINY wrist watch that will not keep time is an expensive piece of jewelry. It soon doubles its cost in repairs. It vexes you every time you look at it.

It probably was built abroad—for show, not for service. It was much cheaper than a Waltham. You didn't know that the smaller a watch, the more it costs to make. Greater skill, greater care, if it was made to keep time.

How should you know? You're not a watch-maker. But no watch is better than its "works." And fine feathers do not always make fine birds—at least, not in watches.

You can buy exquisite Waltham Wrist Watches, the works of which are smaller than a dime. They are built to keep time, as long as you live. Of course, they cost more. We've told you why. But they soon save the extra cost in repair bills wasted on watches made for show.

Ask your jeweler. He knows Waltham Watches. Write for a valuable booklet that is a liberal "Watch" education. Sent free upon request. The Waltham Watch Company, Crescent Street, Waltham, Mass.

FOUR AIRMEN ARE KILLED IN FLIGHT NEAR POST FIELD

LAWTON, OKLA., Dec. 1.—An investigation will be conducted into the airplane crash at Post Field here late yesterday which resulted in the death of four army aviators.

As the plane struck the earth, her gasoline tanks exploded, enveloping the wreckage in flames. Trucks and ambulances were rushed to the scene, but attendants were unable to reach the bodies of the men until after they had been shrouded beyond recognition.

According to officers who were witnessing the practice, the two machines had been in the air for some time when they attempted to execute a difficult maneuver. As they swooped toward each other, their wings met and both planes fell to earth in a helpless tangle.

The charred bodies were taken in charge by army authorities and carried to Post Field.

LAWTON, OKLA., Dec. 1.—Four army aviators, two officers and two privates were killed yesterday afternoon when the two airplanes in which they were practicing combat duty collided while at an altitude of 2,000 feet and crashed to earth a half mile east of Post Field, Fort Hill, Oklahoma.

As the planes struck the earth, their gasoline tanks exploded, enveloping the wreckage in flames. Trucks and ambulances were rushed to the scene, but attendants were unable to reach the bodies of the men until after they had been shrouded beyond recognition.

LIGHT RAINS IN DISTRICT DURING NIGHT WEDNESDAY

Light rains fell in practically the entire district east and south of Wichita Wednesday night and Thursday morning.

The rain extended from this city to Fort Worth and at points rain fell in torrents for a short while. No point reported rain for an longer period than 20 minutes.

Southeasterly winds prevailed throughout the district Thursday morning and the rain brought slightly cooler temperatures.

The temperatures Thursday morning ranged from 40 degrees in the district east and south of the city reported clouded skies, while at the extreme north and west portions clear skies were in evidence.

SHOP CRAFT RULES ARE MADE PUBLIC

over, were considerably relaxed in favor of the roads. Although the rights of the men are fully protected and the principle of collective bargaining and union recognition is retained, as contemplated by the transportation act.

The rules controversy dates back to May 1, 1920, when the railroad emergency government control was assumed. Strenuous negotiations followed and the national agreement was made in a hearing which began Jan. 10, 1921.

After several months of testimony, the rules were referred back to the individual roads with instructions to negotiate such new rules as they could with their employees to replace the federal government rules.

Numerous rules were thus agreed upon on individual roads, but on no road was it possible to draft an entire new set. The rules disagreed upon were sent back to the labor board and the rules promulgated today will replace any rules not agreed upon by the employer and employee.

The classification of work is entirely different. Classification of work is in the classification of the work to be performed by the various crafts. Almost without exception, these classifications are made more elastic. Under previous agreements with the shop crafts, including the railroad mechanics, the custom to define in detail the various types of work belonging to each craft.

The carriers have complained that the national agreement set up in such minute detail the classification of duties that work not required by the agreement could be done by the carrier and an employee, thus making efficient and economical operation impossible, according to the railroads.

The rules effective today broaden the scope of each craft's work. The machinist working on running repairs may connect or disconnect any wiring, coupling or pipe connections necessary to repair machinery or equipment. This work was previously assigned to electricians and sheet metal workers only.

Under the new rules, engineers, firemen and cranesmen are not prohibited from making such repairs to equipment on the lines of the road as they are qualified to perform. The new rules thus allow train operatives to perform repair work even though it is ordinarily considered shop mechanic's work.

Boilermakers' helpers under the new rules are given the job of removing rivets and gaskets. Under the national agreement all grate rigging work was assigned to journeymen boilermakers.

The classification of the work of the sheet metal workers, electrical workers and car men has been changed to allow some of the work previously performed by them exclusively to be done by their helpers and to mechanics in other crafts, where the needs of the service require it. Under the national agreement car men were exclusively assigned to wrecking crews.

Under the new rules, wrecking crews, exclusive of engineers, will be composed of carmen, where sufficient men are available, but when needed, men of any class may be

taken as additional members of wrecking crews.

Common Laborers Included. Another important change affecting car men is that which allows common laborers to dismantle wooden freight cars hereafter. Under the national agreement, only qualified carpenters were allowed to do this work. About 68 per cent of the country's freight cars are built of wood. The new rules will permit employes getting \$3.32 to \$5.00 a day to do work previously required to be done by car men receiving \$5.84 a day.

An entirely new rule promulgated by the board, for the first time, creates a new type of apprentice to be known as "special apprentice." Previously there have been only two kinds of apprentices in the skilled shop crafts, regular and helpers' apprentices. Regular apprentices are youths entering the service between the ages of 16 and 21 years and serving four years apprenticeship, and helper apprentices are those represented at the ranks of the helpers. Special apprentices are to be selected from young men between the ages of 18 and 24, who have had a technical school education, and they will be required to serve only three years' apprenticeship before becoming journeymen mechanics.

Rules which required certain standards of force and equipment to be maintained for doing certain kinds of work have been modified and some discontinued, thus eliminating the expense of maintaining unnecessary men on the rolls. Other rules have been modified to allow the use of forces assigned to particular classes of work on other work, when there is no work of their particular class to be performed.

Rules Highly Technical. Many of the rules are highly technical in character. Much time was spent on the rules regarding electrical railroads, which at present apply only to a few roads like the Pennsylvania and New York Central, but of increasing importance as the electrification of the steam line proceeds.

The six shop crafts' employes involved are the carmen, sheet metal workers, machinists, blacksmiths, boilermakers and electrical workers. They were represented at the rules hearings by the following organizations: Brotherhood of Railroad Carmen of America, International

MEMORIAL SERVICE PLANNED FOR HERO OF LOST BATTALION

NEW YORK, Dec. 1.—Memorial services for Lieutenant Colonel Charles W. Whittlesey, hero of the "lost battalion," who leaped to death from a Havana-bound steamer Sunday night, will be held here next Sunday. It was announced last night.

The association of the Seventy-seventh division, of which General Whittlesey was a member, was arranging the program assisted by the American Red Cross and the training camps association of America.

Silk Hat Bandits Stage Cafe Holdup And Get \$10,000

NEW YORK, Dec. 1.—Silk hatted bandits made their appearance last night in New York's society of crime. Four of them walked into a Suffolk street cafe, held up Max Schnur at the point of revolvers and robbed him of \$10,000. Then covering the other patrons of the place with their guns and threatening to shoot any who followed, they backed out of the door. Before an alarm could be given, the bandits climbed into an automobile and made their escape.

Schnur received the money which was taken from him a few days ago in payment for a cafe that he had sold.

METHODIST BISHOPS ARE GATHERING FOR MEETING

PHILADELPHIA, Dec. 1.—Bishops of the Methodist Episcopal church from all sections of the United States were gathered here today for the annual meeting of the board of home missions.

DRASTIC RULES TO STOP PROFITEERING AND USURY

BERLIN, Dec. 1.—The cabinet has approved drastic rules, including imprisonment or fine, to prohibit profiteering and usury during the war.

In the previous decisions the board dispensed of twenty-four ship craft rules mainly concerning over-rules have been practically completed the rules for these crafts, with the exception of a few minor matters on which an agreement is probable. These the board has referred back to the roads and the employes for settlement by them.

### TALK ON CONCRETE FEATURES ROTARY LUNCHEON THURSDAY

An instructive talk by L. H. Roberts on the uses of concrete was the feature of the weekly luncheon of the Rotary club at the Kemp Thursday.

Mr. Roberts discussed a number of phases of the concrete business, talking particularly of the new uses to which this material is being put.

Until comparatively recently, Mr. Roberts said, American builders imported their concrete from Belgium, England or Germany. Now practically all of the country's supply is obtained from domestic sources. Mr. Roberts recalled when he first came to this city, about 17 years ago, there were no cement sidewalks at all, and he spoke of the present extensive use of concrete for this purpose as indicating its part in development.

Mr. Roberts told of new uses in the use of concrete where it is made far more attractive and desirable for building houses.

F. N. Lawton related his recent embarrassing experience on his St. Louis trip, when he unwillingly posed as a bootlegger. Rotarian Roy Miller related his "dredging" experience, also spoke briefly.

President Robbins announced the appointment of L. H. Roberts, A. E. Myers, P. A. Martin and R. E. Eberold as the committee to visit the Vernon Rotary club next week.

### ASKS FOR \$5,000 DAMAGES FAILURE TO MAKE DELIVERY

Charles F. Noble, as plaintiff in a suit against Our Coal company which went to trial in the 18th district court Thursday, is asking for \$5,000 damages for alleged failure on the part of the defendant to deliver to him standard ties on a contract.

The plaintiff contends that he made a contract with the defendant through its president for the purchase of six car loads of standard ties to be used in building a spur at the refineries in Burkburnett. He contends further that he paid the freight on five car loads, amounting for \$5,000, but that upon inspection he found that the ties were not standard ties. He also asks judgment for the money paid on the ties.

He further alleges that by reason of the fact that the ties were not of the standard type that it was necessary for him to order them elsewhere which caused a delay of 60 days.

The defendant contends that the party with whom the plaintiff made the contract was not president of Our Coal company.

### DRILLING IS RESUMED ON GRAYSON COUNTY TESTS, ACREAGE BEING SECURED

According to reports from Denison, that city may soon be taking its place among the oil producing centers of the state. During the past few months some of the larger companies have been securing blocks of acreage in Grayson county and several locations have been made. North of Denison about three miles, the test of the Preston anticline company has been shut down, but has resumed drilling and is down around 1700 feet in a favorable formation. The company is financed by Denison capitalists. A little water trouble has occurred and a string of eight-inch casing will be run in an effort to shut it off.

The Lee McClurg Drilling company No. 1 Peters, three miles east of Denison, stopped in some time last week and is drilling around 650 feet. The company has made preparations for a deep test by setting 15 1/2-inch casing.

### CHANCES BELIEVED GOOD FOR BAPTIST CONVENTION

Wichita Falls has a good chance to get the 1922 convention of Texas Baptists, according to information received by local members of that church, at whose instance the invitation to hold the next convention here was sent.

Additional messages urging the convention to come here next year were sent Thursday, and every possible means will be used by the chamber of commerce and other organizations to bring the meeting to this city.

# Never Before in the History

of the jewelry business at this time of the year, when a jeweler makes profits on everything he sells, was such offer made to the public.

## My \$200,000 Jewelry Stock Is at Your Mercy

My dear people, it's the prevailing general condition that brings such temptation, to buy Diamonds, Jewelry, Silverware and cut glass at

### Bargain Counter Prices

My holiday stock is complete, it consists of the best made jewelry that the human hand can mould. My diamonds are as fine a gems that have been mined. I have a large stock in my store room, I must get rid of it. I have discovered the secret that will make it sell. I must pass this stock to the public, before it will benefit me. Now before I can induce you to make an investment, I must show you real bargains. My prices during this month will turn the trick for me. Dave Paul is going to make the American Bank Bldg. famous this month. I am going to make it a landmark as long as it will stand. You will be able to recall in later years that Dave Paul made this corner famous by his jewelry sale during the holiday season.

I am going to make the very top of the building talk, my bargains are going to shout aloud.

### Dare Not Ye Kind Folks Spend One Dime for Christmas Gifts Until Ye Enter My Door.

Folks it is up to you to make your dollars go as far as they can. I know that you have dear mothers, sweet-hearts, brothers, sisters, cousins, friends, and your dear better halves, that need Christmas joy put in their hearts and souls. Friends I know it will take money to bring this joy to them.

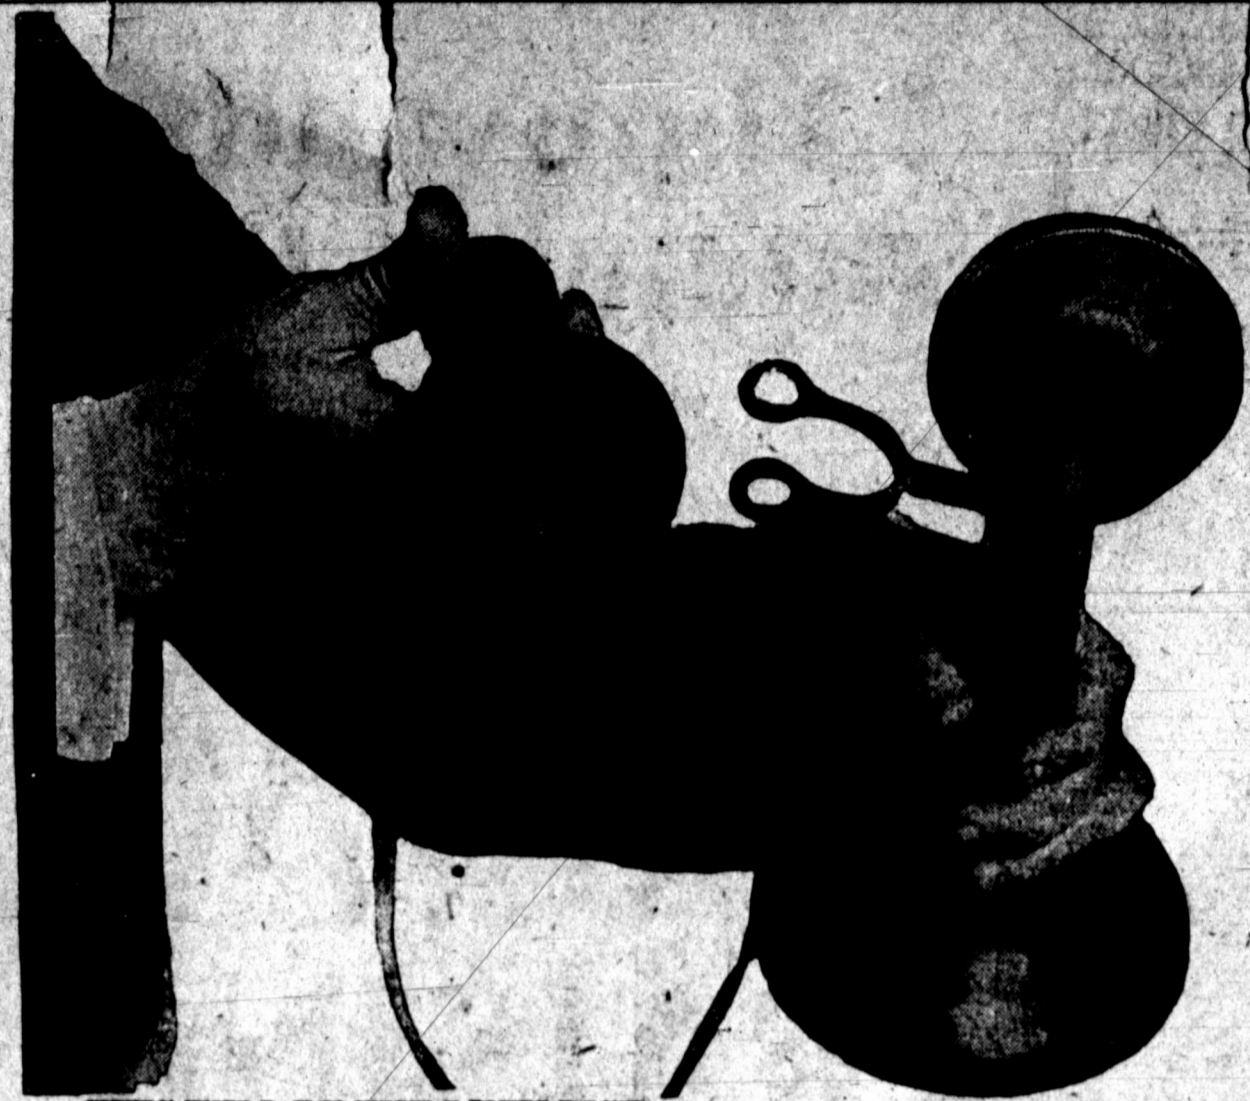

I know that your bank accounts are not flushed. Let me turn the trick in making your loved ones happy this Christmas.

### NOW FRIENDS THIS, Sale Starts Friday Morning

I want you to make your selections as early as possible. We will lay aside for you any article in our store on a small deposit.

# ALL THE NEWS OF ALL THESE SCORES ALL THE TIME

## Fur Bound To Fly When Wildcats and All-Stars Wage Battle Here Sunday

When the Wichita Wildcats and Burk Burnett All-Stars clash Sunday afternoon at Athletic park the game is apt to develop into something more than a friendly contest. Abe Breman was in Wichita Falls yesterday closing up the details of the contest and he has taken it upon himself to organize the local eleven, and he left the city apparently satisfied. The date was agreeable to him as it was a method of splitting the purse—40 per cent for the winner and 40 for the loser. But Abe ran into a snag when he returned to the city.

While here he discussed the respective merits of the two teams with Salm and Van Boyd, who has been doing a lot of visiting at Athletic park this year. Abe felt that his aggregation would have little difficulty in mopping up on the local eleven until he heard some of the names of those who had been practicing daily at the Junior High grounds. He then realized that his club might not have the best of what was thought at first, but said nothing.

There is a certain sameness to all good courses; that is, they have an approximate length of 3,600 yards in order to make up this distance the holes are divided very similarly. On any championship course for instance, measuring between 3,600 and 4,000 yards, we find three or four long holes of over 400 yards and three or four short holes of 200 yards or less. The rest of the holes are from 100 yards to 400 yards. There are no courses which have 15 hard holes, the holes usually graduate from 200 to 400 yards. There are some holes on which very ordinary playing will give the golfer a par, while others are difficult to the most expert player.

Now in playing a difficult course for the first time one should not aim for birds or severity. There is a certain sameness to all good courses; that is, they have an approximate length of 3,600 yards in order to make up this distance the holes are divided very similarly. On any championship course for instance, measuring between 3,600 and 4,000 yards, we find three or four long holes of over 400 yards and three or four short holes of 200 yards or less. The rest of the holes are from 100 yards to 400 yards. There are no courses which have 15 hard holes, the holes usually graduate from 200 to 400 yards. There are some holes on which very ordinary playing will give the golfer a par, while others are difficult to the most expert player.

After all, sportsmanship is the thing. Referee Bob Maxwell, in charge of the Yale-Harvard game, tells this very interesting story: "Early in the first period, Clark, the Harvard center, was badly cut one eye. The Harvard trainer was working hard to patch up the injury within the given two minutes, so as to avoid the penalty described by the rules."

"Captain Aldrich of Yale, realizing it would take more than two minutes to properly attend to the injury, said: 'Please tell the Harvard trainer to take as much time as is needed. Yale will not accept the penalty.'"

"If your suit or coat needs retinning, remodeling, dyeing or cleaning, send it to the De Luxe Dry Cleaners, 112-114

## RECORD OF McINNIS GREATEST FEAT OF 1921 BASEBALL SEASON

STUFFY McINNIS  
FIRST BASEMAN OF THE BOSTON RED SOX WHO MADE ONLY ONE ERROR LAST SEASON

By BILLY EVANS  
"Stuffy" McInnis, the brilliant first baseman of the Boston Red Sox, made a most remarkable record last season.

Usually when a player performs some unheard of feat it is heralded all over the states in big headlines. In many ways the record of McInnis was one of the most extraordinary feats ever made in the major leagues, yet it has been given only slight consideration.

Think over all those things and remember that during the entire season McInnis made only one error. Consider all the play that a center around first base. Recall the many things that the first sacker has to handle. Don't forget the many plays the first baseman must make on ground balls of the major league.

Important Season at Buffalo. When the minor leagues get together in their annual conference next week in Buffalo, it is predicted that one of the most important sessions of the National association will be the question of a draft rule which will include every minor league club.

Major Dismissed Last Year. When the association met last year in Kansas City the question was left up to the individual leagues, and five circuits—the American association, International, Pacific coast, Western and Three Eggs—refused to recognize the right of the majors to crash down upon them every fall and pick off what appeared to be excellent diamond talents.

Players Better Also. The majors contend that without the draft the clubs are prevented from improving and the players themselves are the sufferers. The latter realize this and many are said to have written Judge Landis for relief, asserting that they do not receive a fair chance without the draft. Without the draft, a minor league club can neither hold nor sell him, but usually the price is so high that the majors refuse to buy for fear they will have a lemon on their hands with no chance of getting their money back.

San Johnson Speaks. San Johnson, American league executive, declared a couple of days ago that there was a possibility of the big leagues terminating their present working agreement with the minors. It is all due to the draft question. There is plenty of opinion at the time the majors went on record as saying they didn't like it. They like it less now that it has been in operation a year. Many want to draw up a new agreement or let the smaller fellows look out for themselves. It would seem that the only peaceful solution is for the majors to buy minor league players "farm out" to the majors.

## BELIEVE HUGGINS WILL BE RETAINED

Yankee Manager Conferring With Two Colonels in New York

NEW YORK, Dec. 1.—Miller Huggins, manager of the New York Yankees, is here from Cincinnati to confer with Colonels Ruppert and Houston regarding plans for 1922. Huggins has not signed for the coming season as yet. He expects to attend the minor league meeting in company with the Yankee colonels who will go to Buffalo next week.

Whether or not Huggins will continue as manager of the American league champions is a matter of speculation here now. It is believed, however, he will be retained. Huggins has had a tough row to hoe in New York all of this season. One of the owners of his club has been openly aggressive in the history of the sport, has been continually subjected to bitter and unfair attack.

Big Series Stopped Critics. The midget manager stood up bravely against abuse such as has never in any other city been visited upon a second division manager. But he handled his team so skillfully in the series that the voice of criticism was absolutely stifled. He made it clear to the entire pitching staff, with every game and even the least observing of the experts could not help but see that it was through no fault of his that his team lost out.

There was not a single instance of inferior judgment on Huggins' part. The team was simply not there in the pinches. Everyone could see this and the result was that Huggins emerged from the series more honored and respected than when he entered it. It was evident that he had pulled and pushed an inferior team to victory in the American league race by strict managerial genius.

RED FABER RECOVERING FROM SLIGHT OPERATION  
CHICAGO, Dec. 1.—Urban "Red" Faber, premier pitcher of the Chicago Americans, is convalescing in a hospital here today after an operation for the removal of a fragment of semi-lunar cartilage from the right knee.

ILLINOIS LEADER HAS HARD TIME AT QUARTER  
There is one player in the Western Conference who thinks the job of playing quarterback and running the football team is just about the toughest job in the game.

That player is Walquist of Illinois. Lack of a seasoned quarterback caused Coach Zupke to shift Walquist from half to quarter, a position he has never played. It might be added that he accepted the job against his wishes.

Just before the Chicago game, Zupke decided he would give a youngster by the name of Sternman a chance. His brother, Dutch Sternman, had been a star a few years back.

The first week after Walquist had been removed from quarter he pitched seven good games. The explanation is found in Walquist's own words: "The moment I was removed as quarter I began to eat and sleep regularly. I got more energy than that first week than I had during the entire season."

LOS ANGELES FAVORED FOR TRAINING SITE  
NEW YORK, Dec. 1.—Bob Connery, scout for the New York American baseball club, today reported to his employers that he favored Los Angeles as a training camp for next spring. The club owners have not yet reached a decision, although they have several sites under consideration, most of them in Texas.

## CALLING 'EM RIGHT

BY GROVE

Gather together all the disgruntled players who expected to be picked for the mythical "All-American" eleven, and didn't, and you will have enough "Bolsheviks" to overthrow the present Russian government.

Why shouldn't the Navy have won over the Army? Everything was in their favor. Rain-water and all that.

If it was possible to talk a team into winning a pennant, Branch Rickey would have it clinched for the St. Louis Cardinals by the first of July.

A fellow pays a war tax on a prize fight ticket but he doesn't get any WAR.

There's many a slip 'twixt the hip and the lip.

President Heydler of the National league says the ball used in the two major leagues was not lively. Which is sure to make a lot of pitchers say lively things about Mr. Heydler.

And the guy who never takes a caddy around with him generally comes in with the same ball.

He shot o'er hill and valley, o'er bogs and swamp and nooks. He shot the pigs and chickens and the cows that waded in brooks. He shot the birds and all the beasts, she shot 'em west and shot 'em east. His shootin' was the shootin' that you read about in books.

He shot the towns and villages, the trees fell limb from limb. The population dodged about to duck the bullet's whim. He shot the landscape upside down and now to do the thing up brown. We'll have to get somebody else to take a shot at him.

From our observations, we feel safe in saying that a lot of prize fighters who depend largely on foot work, would have been far more successful had they taken up track athletics.

Eddie Collins says he has no desire to manage a major league ball club. We are now convinced that no mistake was made when we declared Collins was a brainy ball player.

Fifteen bottles on a dead man's chest, Yo, Ho, and a prohibition officer. Throw a little coal in, pop, pop, pop. Steam is in the radiator, pop, pop, pop.

Charley Ebbehts of Brooklyn says there is room for 150 promising players in the two major leagues. Frankly there is room for that many on the Brooklyn club, judging from the way it played last year.

At a wrestling match in New York the other evening, the principals did everything but bite. Why so polite? There is nothing in the rules of wrestling which forbids it.

What's the matter with the New York Boxing Comish? They didn't have anything to say about the world's champion billiard tournament at Chicago.

SPORT SPLINTERS  
If Connie Mack puts Joe Dugan on the market, the New York Americans will make a strong bid for him. It is figured Frank Baker hasn't many more years to go.

The fall meeting of the American League will be held in Chicago December 14. President Johnson has just so announced.

Contrary to the general belief, Kid Gleason has not yet signed a contract with the Chicago White Sox. Chicago wants Gleason, but the Kid wants more money than Comiskey has offered him.

Ty Cobb's team in the Winter League on the coast is in last place. Cobb is said to be seeking some big league stars who winter on the coast. Not many good players have joined the Winter League, because Cobb, Sieler, Hellman and Hornsby, the four managers, are getting all the money.

It is said that at least 20 ball players, who quit the majors for the outlaw, have petitioned Judge Landis for reinstatement.

Eddie Collins would much prefer to play in the east than west, and it is said he has made a request that a trade be made with some club in the eastern end of the American League circuit. Eddie's value to the White Sox is so great, however, that Owner Comiskey probably won't pay much attention to it.

CINCINNATI REDS SIGN ANOTHER T.C.U. PLAYER  
PORT WORTH, Dec. 1.—Chester Fowler, shortstop for Texas Christian university, has been signed by the Cincinnati Reds of the National league. He is a classmate of Pitcher Donahue and Catcher Douglas of the Reds. He will report in the spring. Fowler is also a football star.

McTigue vs. Smith.  
NEW YORK, Dec. 1.—Mike McTigue, claimant of the Canadian middleweight boxing championship, will meet Jeff Smith, middleweight of New Jersey, in a scheduled 15-round bout in Madison Square Garden tonight.

SEVEN DIRECTORS OF TRANSIT CO. REFUSE TO WAIVE IMMUNITY

NEW YORK, Dec. 1.—Refusal of seven directors of the Interborough Rapid Transit company to waive immunity in the determination of the state transit commission led to their dismissal today on motion of Clarence J. Shears, commission counsel.

August Belmont, chairman of the Interborough board, said he was conscious of the directors' action would be construed by newspapers as a half admission of criminal liability, but with them it was a matter of principle not to waive immunity.

Six of the seven directors for whom subpoenas had been issued to appear for questioning regarding dividend declarations of 1931-1932, appeared promptly at the hearing. Mr. Belmont was sworn in as the first witness. He declined to waive immunity.

Commission counsel stated that evidence previously presented had indicated that the subpoenaed directors by declaring dividends which were alleged to have been preceded or followed by loans had seriously impaired the capital of the company "which would carry with it a responsibility not only civil but criminal."

Mr. Belmont said his dealings were open books to the public. "Open books, except that we want to question you about them, without your signing a waiver of immunity," commented the commission counsel.

"That's your fault," retorted Mr. Belmont.

RESERVE BOARD TO SEND ADVISER TO CONFERENCE OF FOREIGN BANKERS

WASHINGTON, Dec. 1.—Decision has been reached by the federal reserve board to send an adviser to the forthcoming conference of foreign bankers called by the reparations commission to discuss exchange stabilization. It was said officially today at the treasury.

BURLINGTON ROAD DECLARES DIVIDEND

CHICAGO, Dec. 1.—Directors of the Burlington and Quincy railroad company today declared a semi-annual dividend of five per cent and a special cash dividend of 15 per cent, payable December 31 to stockholders of record December 15. The directors also announced inauguration of a pension plan January 1.

U. S. DESTROYER GOES AROUND NEAR ENTRANCE SAN FRANCISCO HARBOR

SAN FRANCISCO, Dec. 1.—The United States destroyer De Long, en route from San Diego to San Francisco, went around early today at a point about ten miles south of the entrance to San Francisco harbor, according to wireless messages received here. The vessel and crew were reported not to be in immediate danger. The destroyer Frederick was reported to have gone to the De Long's aid.

FIVE THOUSAND NEEDLE TRADES WORKERS STRIKE

CHICAGO, Nov. 1.—Five thousand needle trades workers employed in the shops of makers of the Chicago and Suit Manufacturers' association walked out this morning when a new system of piece work pay was to have gone into effect. Officers of the association said no attempt would be made to reopen the shops for the present.

EXPECT CALL FOR A STRIKE OF UNION PACKER EMPLOYEES

CHICAGO, Dec. 1.—A strike call, authorizing union packing house workers all over the country to quit work, was expected to issue from the meetings of the executive committee of the Amalgamated Meat Cutters and Butcher Workmen of North America today. Cornelius J. Hayes, president of the union, returned today from a tour of central west packing centers and declared the men "seemed to want to strike."

SEARS ROEBUCK & COMPANY MAY BE DIVIDEND

CHICAGO, Dec. 1.—Sears Roebuck & Co. today announced the declaration of a quarterly dividend of \$1.75 a share on the preferred stock payable January 1 to shareholders of record December 15.

Wed, in Love, But They Live Apart

MRS. HERMAN TAPPE.

By ALICE ROCHE. "Good night, Anna!" "They kiss. Then— "Isn't she the most beautiful thing?" From him. "It's a little bit of all right, isn't it?" From her.

The two are Mr. and Mrs. Herman Tappe, whose solution of how to be happy though married has electrified New York. "We really love each other devotedly," says Tappe. Aside from being a very original husband he's the most original and exclusive fashion designer in America.

"But I have my work—I love solitude. I'm always creating things— even outside of my hats and gowns." And he pointed to the walls of the artistically furnished Tappe vestibule. He painted them himself. "I adore music, literature. Anna likes jazz and modern stuff. I can't bear to see women smoke cigarettes. But Anna smokes. I've a leaning toward mid-Victorian ideas. Anna's the last word in up-to-date-ness."

And Anna says: "I recognize my husband's genius. I appreciate his necessity for solitude and artistic contemplation. But my temperament is different. I crave excitement and gaiety. I love to dance. He doesn't. But why shouldn't we be good friends though married?"

And that explains why— "We've given up our home and taken apartments," Tappe says. "Anna comes here every day and is just as enthusiastic as ever about our business. But we go our individual ways after business hours. That's after the manner of Fanny Hurst, writer, who first started New York with the plan of intermittent matrimony.

"When people with decided temperaments begin to get on each other's nerves it's best to separate," said Tappe. "Some day, perhaps— well, who knows— " Mrs. Tappe was Anna Helch, beautiful model.

ONE KILLED AND FOUR INJURED IN ACCIDENT IN ILLINOIS PENITENTIARY. JOLIET, ILL., Dec. 1.—Charles M. Nelson was killed and four men injured when a scaffolding broke in a cell which was being repaired at the new state penitentiary near here. The men fell sixty feet.

ANGLO-JAP PACT MAY BE EXTENDED

Parley Can't Kill It Unless Hughes Plays Strong Hand, Says Simms

By WILLIAM PHILIP SIMMS. Written Expressly for NIA Service. WASHINGTON, Dec. 1.—The spectacle of "Britain and Japan standing by one another in shining armor" as the former Kaiser described Anglo-Japanese alliance casts a shadow over the conference here and may end in bringing it to naught as it lately brought the imperial conference to a close.

That it creates distrust probably does not strike Arthur Balfour as any disadvantage. The Britisher continued, adding that in his opinion Britain's chief delegate would undoubtedly cling to the alliance until something better offered or until driven to abandon his position.

A showdown on the Anglo-Japanese alliance, however, is believed imminent, despite the fact that Balfour is known to be desirous of reserving it as a trump card as long as possible. That Secretary of State Hughes has been outpointed by the Balfour-Kato is beginning to be more than suspected here.

Hughes, it is observed, led the game brilliantly by playing his ace, his made a flat offer to limit the size of the world's navies. Balfour and Kato, with great flourish, followed suit—but played only a deuce and a tray. They accepted Hughes' offer "in principle."

Hughes' lesson Lord should have followed up his advantage by playing his next highest card, which was to do with the fact eastern question precisely what he had done with the armament problem. As he failed to do this, Balfour and Kato seem to have taken the lead. With Hughes' hand weakened and somewhat exposed, the third week of the conference finds Balfour and Kato still "in shining armor," side by side holding the "A-J" alliance as a club over the head of Uncle Sam.

Working from behind their alliance, Great Britain and Japan continue to quibble over details and the conference, as a result, is merely marking time. These lines of magnetism, of the earth, have lately been shown to explain many hitherto ill-understood terrestrial phenomena, such as the Aurora Borealis. The sun is constantly shooting-off into space millions of tiny particles, known as corpuscles.

ESTABLISH FACTS ABOUT AURORA BOREALIS

By HERWARD CARRINGTON, Scientist and Author

The U. S. "Carnegie" has just returned from a trip around the world which it has taken several years to complete, bringing with it valuable data as to the magnetism of the earth.

This little vessel was especially built, and not a single piece of iron was on board—not a knife, not a nail—which might influence the magnetic lines of the earth by its presence! This expedition was rendered possible by the Carnegie Institution Foundation; and several other parties have been exposed to a systematic study of the magnetic lines of force on our globe.

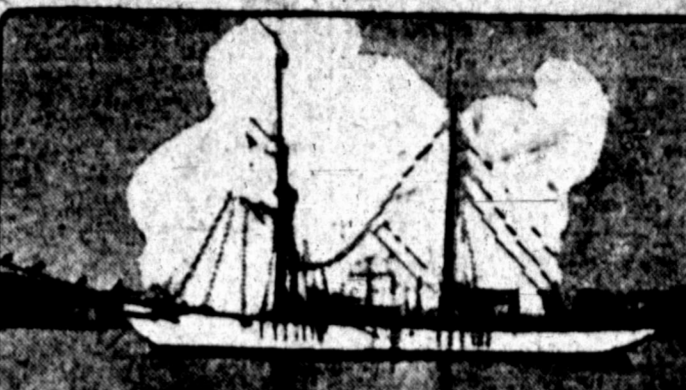

Much valuable material has thus been collected, which it will take a long time to work over and publish. A preliminary account of some of the simpler elements of the earth's magnetism may, however, render the full report, when issued, more intelligible to the average reader.

The "Magnetic Poles" We know that there are two "magnetic poles" in the world, a north pole and a south pole, which do not correspond with the true geographical poles. The north magnetic pole was discovered by Sir James C. Ross in 1831. It was then about 1,400 miles distant from the true north pole. The south magnetic pole is about 1,000 miles from the true south pole.

Lines of magnetic force, run across our earth, from the "magnetic equator" to the north and south magnetic poles. The magnetic equator lies near the true equator, but runs both north and south of it, and crosses the latter in at least four places.

Starting from this equator, lines of force run north and south, just as you can see them, by means of iron filings, issuing from a horse shoe magnet. The earth is thus a huge magnet. These lines of force influence magnetized steel, causing it to point due north and south; and this is the basis of the "compass" in common use.

At a certain distance from the poles, they find themselves in an atmosphere resembling that in high vacuum tubes (such as the X-ray tubes), and they then begin to give forth the shifting and darting lines of the so-called "Cathode rays."

The Non-Magnetic Ship "Carnegie" and Map of Two Hemispheres, Showing Magnetic Equator and Magnetic Poles.

It is these shifting and darting lines of the Cathode rays which account for the Aurora Borealis, as well as other phenomena which have long puzzled scientists; and the connection, now traced, between the sunspots and the Aurora can thus be shown also, since a connection naturally exists between these spots and the energy of the corpuscles emitted by the sun.

These investigations, therefore, may be said to have thrown a new light upon many old facts, and served to explain them in a satisfactory manner.

CHINESE CAN ONLY PARTLY NEGOTIATE SHANTUNG ISSUES

WASHINGTON, Dec. 1.—The Chinese arms conference delegation in the direct negotiations on the Shantung question, inaugurated today, will, according to Chinese spokesmen, proceed on the basis that there are only two points on which China is prepared to negotiate and that these are Japan's demand that Tsing-Tao be declared an open port and Japan's demand that vested interests be respected. The latter would be only partially susceptible to negotiation.

MARBLE INDUSTRY EMPLOYERS FINED

Penitentiary Sentences Imposed But Suspended If Law Is Not Violated. NEW YORK, Dec. 1.—Justice McAvoy in the criminal branch of the state supreme court today imposed penitentiary sentences and fines totaling \$4,750 on 19 individual members of the Marble Industry Employers' association, who recently pleaded guilty to violating the Donnelly state anti-trust act.

### EFFECTS OF HALF MILLION

#### ELIMINATION OF WAR TAX ON TICKETS AND FREIGHT IN EFFECT JANUARY 1

#### CONSIGNEES OF FREIGHT WILL SAVE \$350,000

Public After First of New Year Can Travel at Saving of Eight Per Cent

When President Warren G. Harding last Saturday signed the new internal revenue tax bill, eliminating the eight per cent war tax on passenger tickets and the three per cent war tax on freight shipments, he signed over half a million dollars into the pockets of Wichita Falls merchants, shippers and travelers.

### CALOMEL GOOD BUT AWFUL TREACHEROUS

Next Does May Salvate, Shock Liver or Attack Your Dons

You know what calomel is. It's mercury, quicksilver. Calomel is dangerous. It crashes into your bile like dynamite, cramping and choking you. Calomel attacks the bones and should never be put into your system. If you feel bilious, headachy, constipated and all knocked out, just go to your drug store and get a bottle of DODD'S LIVER TONIC for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

### EPISCOPAL CHURCH TO RESUME SUNDAY THEATER SERVICES

"Are you going to hold community services in one of the theaters this winter?" was asked of the Rev. W. F. Watson, rector of the Episcopal church of the Holy Trinity in the city.

### AUTO LICENSES BRING COUNTY OVER \$50,000

Money collected from automobile license holders for the county during the fiscal year ending November 30, 1931, according to a report made by County Treasurer Tom McLean, is \$50,000.

### NORTH SIDE M. E. CHURCH TO HAVE REVIVAL SERVICE

The Times has received the following: "Soul-winning services will be held in the North Side Methodist church every night during December at 7 o'clock. As the pastor will be his own evangelist, all the offerings at each service beyond incidental expenses will be devoted to repainting the house of worship with wall-papering, electric light globes, new doors, etc. Contributions also may be mailed to the pastor by rural delivery, box 49.
