### DISCLOSE A PLOT TO OVERTHROW THE IRISH GOVERNMENT

FRONTIER NOT FAR REMOVED FROM A STATE OF CIVIL WAR.

### AVAILABLE POLICE ARE MOVED TO THE BORDER

Boundary Will Soon Be Lined With 10,000 Armed and Disciplined Men.

BELFAST, Feb. 14.—A large body of troops appeared on the streets of Belfast late this afternoon. They were the first to be sent here since the renewed outbreak of disorders began.

By Associated Press

BELFAST, Feb. 14.—Sliders continue their grim work in the disturbed sections of Belfast today and by midday the death roll since Saturday had been increased by the deaths of two men who were victims of flying bullets in the streets during the noon hour. The number of wounded at the same hour had reached the total of approximately 56.

In the main thoroughfares of the city business proceeded apparently as usual, but in the storm centers the sniping was frequent and dangerous.

Shortly before 2:00 o'clock this afternoon heavy firing was heard again in the Falls Road district, the shots coming from the unionist section in Northumberland street in the same falls quarter. Gunmen in the latter quarter immediately retaliated and a fierce fire fight continued for a considerable period.

Shots were fired into Royal Avenue, the main thoroughfare of Belfast, then crowded with shoppers. One man was wounded and the driver of an ambulance which was rushed up to carry him off reported the ambulance had been fired upon.

Previously a man had been found dead in Little York street—the 19th victim of the fighting.

By Associated Press

LONDON, Feb. 14.—Michael Collins' dramatic disclosure of a plan to overthrow the provisional government, the sudden and unexplained suspension of the British military evacuation and the dangerous tension between the north and south have combined to produce a serious situation in Ireland.

The outcome no one here ventures to forecast more definitely than by speculating on the dreaded possibilities, but dispatches show that the position of the frontier is not far removed from a state of war. Indeed, the prospect of civil war is being seriously discussed in Belfast and elsewhere in the north.

Dispatches from Belfast correspondents of the London newspapers represent the speaker of Ulster as being such that unless the kidnappers are speedily released there will certainly follow an explosion which may lead to war.

The plan which the attorney general had been approved by the state bank commission and the banking board was to be presented to representative bankers and business men of Okmulgee, together with stockholders and depositors of the defense bank at a meeting this morning.

Coming along the supposed plot against the provisional government, nothing is known here beyond what Mr. Collins revealed in his cable correspondence with Thomas Lyons, secretary of the American Association for Recognition of the Irish Republic and the Public Correspondents refrain from even speculating on it.

Of the suspension of the troop movement also little more is known here than the fact, but it is generally believed this development is due to the dangerous state of affairs on the northern border of the free state.

It is obvious, from Mr. Collins' statements to the reporters in Dublin last night, that he strongly disapproves of any military action holding up the evacuation, and it will insist that "the contracts shall be carried through." Last reports were that he was coming to London today to seek an explanation.

On the other hand the Dublin correspondents of the Times believe the suspension will not be unwelcome to the large majority of the peaceful Irishmen because "Collins has no military forces at his disposal and cannot claim the direct allegiance of the republican army."

A small number of soldiers, being moved to the frontier from the quiet areas, according to the Daily Mail's Belfast correspondent, and the boundary will soon be lined with 10,000 armed and disciplined men.

The British government is vitally concerned over the latest developments and their possible effect on the house of commons. Many conservatives who hitherto have supported the government's Irish policy are now in a state of alarm, and it is to be hoped that in the prospect of a settlement and may withhold support of the bill establishing the free state when it comes to the second reading on Thursday.

PRESIDENT OF ASSOCIATION FAVERS IRISH FREE STATE

NEW YORK, Feb. 14.—The reasons for the formation of the American Association for the Recognition of the Irish Republic no longer exist, in the opinion of Edward L. Doheny, president of the association, who announces he favors the Irish-free state.

Kathy Car Inspector AT WACO DROPS DEAD

WACO, TEXAS, Feb. 14.—Dewitt Wilson, car inspector for the Kathy railroad, dropped dead this morning while performing his duty. He was 55 years old and had been in the employ of the railroad eight years. He is survived by his widow and three sons, all residing here.

PLAN ESTABLISHMENT OF CO-OPERATIVE HOUSES

CHICAGO, Feb. 14.—Establishment of farmer-owned and controlled co-operative commission houses at the stockyards in Chicago, Indianapolis and Buffalo was to be considered today at the meeting of the board of directors of the national association of the co-operatives' committee of the association in adopting a resolution supporting De Valera's fight for absolute freedom. Mr. Doheny said in part:

"I am in favor of the treaty and I think the vast majority of Irishmen are."

### BEGIN EXAMINING BOOKS AND RECORDS OF OKMULGEE BANK

STATE OFFICIALS HAVE A PLAN TO REORGANIZE INSTITUTION.

### JUDGE CHRISTOPHER HAS TENDERED RESIGNATION

Action Is In Response to Petition Circulated by Committee.

OKMULGEE, OKLA., Feb. 14.—Eight Mexicans who were working at a camp near Concord, this state, were arrested yesterday as suspects. They are in jail. The officers think they may get some information from some of them about the murder of W. H. Barker, his wife and Homer Turk, the neighbor boy, killed Saturday night.

COMMITTEE SO ADVISED BY REPRESENTATIVE OF MANUFACTURER.

SAYS FORD HAS MADE BEST OFFER HE COULD

Investigation Continued With Chief Engineer as Principal Witness.

WASHINGTON, Feb. 14.—W. B. Mayo, chief engineer and personal spokesman for Henry Ford, today notified the house military committee investigating the Ford offer for purchase and lease of the Muscle Shoals government owned properties, "that Mr. Ford had made the best offer he could." The statement was accepted by the committee, as, reaffirming Mr. Mayo's declaration of yesterday that Mr. Ford would not accept any material alteration in provisions of his offer and that he would accept it as tendered or reject it without disappointing the Detroit manufacturer.

The investigation was continued today with Mr. Mayo as principal witness, facing a rapid fire from the committee's chairman, a member of the house republicans.

GEORGE F. SHORT, attorney general, and William H. Zwick, assistant attorney general, were from Omaha, Neb., today to continue efforts to settle the bank's business.

Resignation Received.

Superior Court Judge H. R. Christopher was awaiting today from Coyle, Okla., from where late yesterday he mailed his resignation to J. Dick, chairman of a citizens' committee which demanded the immediate action. Today in disposing of the superior court grand jury in the midst of its inquiry into the affairs of the defunct bank, Word of his resignation was received by Mr. Dick in a telegram from the judge. The committee had agreed to accept the judge's resignation.

George F. Short, attorney general, and William H. Zwick, assistant attorney general, were from Omaha, Neb., today to continue efforts to settle the bank's business.

Shots were fired into Royal Avenue, the main thoroughfare of Belfast, then crowded with shoppers. One man was wounded and the driver of an ambulance which was rushed up to carry him off reported the ambulance had been fired upon.

Previously a man had been found dead in Little York street—the 19th victim of the fighting.

The plan which the attorney general had been approved by the state bank commission and the banking board was to be presented to representative bankers and business men of Okmulgee, together with stockholders and depositors of the defense bank at a meeting this morning.

A grand jury in the district court has been ordered by Judge M. L. Bosworth to be drawn February 14. The jury is to report February 27 under the order of Judge Bosworth.

HAVE PLAN TO REORGANIZE DEFUNCT OKMULGEE BANK

By Associated Press

OKMULGEE, OKLA., Feb. 14.—Attorney General George F. Short with his assistant, Judge William H. Zwick, arrived here today with a plan which he says is a practical and feasible way of reorganizing the defunct Bank of Commerce here, the failure of which was made the subject of a superior court grand jury investigation which was terminated abruptly because it was unable to find a witness. Superior Judge H. R. Christopher dismissed the grand jury last Thursday morning, because he said it had not been selected according to law.

The plan which the attorney general had been approved by the state bank commission and the banking board was to be presented to representative bankers and business men of Okmulgee, together with stockholders and depositors of the defense bank at a meeting this morning.

Judge Christopher, who announced late yesterday in a telegram to a member of a committee of the local bar association that he would search for her husband when he failed to return home. Bement was dead, his body sliced in two.

The case was referred to Arthur C. Burch, codefendant in Chicago, who is charged with the kidnapping of Madeline O'Brien, urged Burnham to "hurry to Los Angeles."

BODIES OF TWO MEN ARE FOUND IN WOODS

LOS ANGELES, Feb. 14.—The trial of Madeline C. Obenchain, charged with the murder of J. Halton Kennedy, broker, near here, last August, was before the superior court today after a recess since Friday.

The case was referred to Arthur C. Burch, codefendant in Chicago, who is charged with the kidnapping of Madeline O'Brien, urged Burnham to "hurry to Los Angeles."

DR. STANTON DECLARES TELEPATHY THE COURT LANGUAGE OF HEAVEN

PHILADELPHIA, Feb. 14.—Angeles communicate with each other by telepathy and control their thoughts, Dr. Horace C. Stanton, secretary of the Presbyterian Ministers' Association and a student of psychic phenomena, declared last night in an address before the association.

Telepathy is the court language of heaven, he said, is used by the omnipotent omnipresence, the Father, the Holy Ghost and Christ. The Father and the Holy Ghost never had any physical organs of speech. Therefore, thought transmission must be the language used.

Other scientists have rejected the marvels of telepathy and clairvoyance. By telepathy all the details of a complex event are transmitted to a distant mind. By clairvoyance all the features of a scene would read from some far off mind. These occurrences are not uncommon and supernatural. Even within a complex organization of psychologists have proved that they are caused by certain higher powers in the human soul, usually dormant, but at times becoming active.

Dr. Stanton quoted many passages from scripture to show how the angels communicate with humans by means of telepathy.

ATTACKS STATE LAW AGAINST SPEEDING

Smith County Man Seeks Writ of Habeas Corpus at Austin.

AUSTIN, Feb. 14.—The state law regulating speeding of motor vehicles is attacked in an application for a writ of habeas corpus filed in the court of criminal appeals today. The case is that of L. L. Slaughter, fined one dollar in Tyler Smith county, for alleged violation of the law.

Mr. Slaughter contends that he is illegally restrained because the law is invalid, inoperative and void. He claims that it violates the constitution of Texas in that it is so indefinitely framed and of such doubtful construction that it cannot be understood either from the language in which it is written or from any interpretation of the law or the state.

President of the association who announces he favors the Irish-free state.

PLAN ESTABLISHMENT OF CO-OPERATIVE HOUSES

CHICAGO, Feb. 14.—Establishment of farmer-owned and controlled co-operative commission houses at the stockyards in Chicago, Indianapolis and Buffalo was to be considered today at the meeting of the board of directors of the national association of the co-operatives' committee of the association in adopting a resolution supporting De Valera's fight for absolute freedom. Mr. Doheny said in part:

"I am in favor of the treaty and I think the vast majority of Irishmen are."

### EIGHT MEXICANS HELD AS SUSPECTS

WACO, TEXAS, Feb. 14.—Eight Mexicans who were working at a camp near Concord, this state, were arrested yesterday as suspects. They are in jail. The officers think they may get some information from some of them about the murder of W. H. Barker, his wife and Homer Turk, the neighbor boy, killed Saturday night.

WORLD IS CONFRONTED BY A LIMITED SUPPLY

Dealers in Chicago take on large proportions when market opens.

CHICAGO, Feb. 14.—Wheat prices

FOLLOWS: SENSATIONAL ADVANCE IN LIVERPOOL OVER HOLIDAY.

TOO MANY WILD TIPS DECLARED THE OFFICERS

Sheriff's Department and Police Still Differ on Possible Connection of Bands.

INDIANAPOLIS, Feb. 14.—No official connection with the William Desmond Taylor murder mystery was brave enough to declare today that any actual progress had been made toward its solution.

The officers were at work and still expressing determination to do their best to find the slayer of the film director, but found themselves confronted with "too many wild tips," they said, and too few genuine clues.

Many of these "tips" live through

one edition of a newspaper and disappear. The detectives of the Indianapolis police still declared that hope for relief by early shipments of new winter wheat from the United States might prove disastrous owing to poor crop outlook.

Speculators who had sold wheat on the assumption that a normal yield of winter wheat in this country was to be expected found themselves this morning in a decidedly uncomfortable position and it was the market price recommended to them that the case could never be cleared up until Edward F. Bands, the missing former butler-secretary to Taylor, has been discovered.

And the sheriff's deputies were still firm in their contention that Bands had nothing to do with the case.

The air was filled with rumors of "mystery men" and "mystery women," "drug peddlers," "jealousy motives" and "revenge theories," but back of them all were the facts that had not been found, that the murderer had not been arrested, and that the case was unsolved.

A good deal of the selling on the initial advance in the wheat market here was said to come from interests that had bought at Winnipeg yesterday, while the advance there was in its early stages.

Speculators who had sold wheat on the assumption that a normal yield of winter wheat in this country was to be expected found themselves this morning in a decidedly uncomfortable position and it was the market price recommended to them that the case could never be cleared up until Edward F. Bands, the missing former butler-secretary to Taylor, has been discovered.

Great as was the soaring of wheat prices here, the rise was steeper at Liverpool, where the market was up \$1.14 per cent.

## FEDERAL TRIBUNAL NEW PROPOSAL FOR THE COAL INDUSTRY

BILL INTRODUCED IN THE  
SENATE BY KENYON  
OF IOWA.

### FOLLOWS THE LINE OF REPORT MADE RECENTLY

Provides for the Creation of a  
"National Coal Mining  
Board."

WASHINGTON, Feb. 14.—Establishment of a federal tribunal and code of laws for regulation of the coal industry was proposed in a bill introduced today by Senator Kenyon, republican, Iowa, chairman of the senate labor committee, which investigated the recent West Virginia coal field disorder.

The bill follows the line of Mr. Kenyon's recent report on the West Virginia situation and probably will be the last before he retires to go on the federal bench. It would create a national board which would have "adequate statutory rights for both labor and capital in the coal industry. Decrees of the board would be enforced by public opinion and their violation not made punishable.

The board would be composed of nine members three each representing labor, capital and the public. All would be appointed by the president, subject to senate confirmation. The labor group would be selected from six names presented by the United Min. Workers. The other four members would be made by the National Coal association, and the Anthracite operators association.

Under the bill employers and employees would be required to make available to the board to settle all disputes between them, but in event of failure would be required to submit the controversy to the board.

Decisions of the board would require assent of a majority. The annual salaries of \$16,600.

The coal mining "code" as detailed in the bill includes 11 "principles." The first would declare coal to be a public necessity and in its production and distribution in the public interest is predominant.

Others would declare for collective bargaining, human standards in fixing wages and working conditions, adequate return for invested capital, a six-hour standard working week on an eight-hour basis and would prohibit employment of women and children under 16 years of age. Other provisions would prohibit interference with non-union men or with union men seeking public employment.

The bill was referred to the senate labor committee.

One person in every seven lives

to be so.

**When Your  
Corns Hurt  
Use  
"Gets-It"**

**Ends Corns and Calluses Quick**

If so-called corn "cures" have only made your feet more sore and tender

Don't despair. For instant, complete permanent relief is guaranteed by the new method. A few drops of "Gets-It" removes any old or new, hard or soft corn from your feet. It is safe, painless, and costs but a trifle everywhere. Recommended by all druggists. E. Lawrence & Co., Mrs. Chicago.

Sold in Wichita Falls by Mack Taylor Drug Co. and Tipton's Drug Store.

### TALK OF SUCH MOVEMENT DE- CLINED BY POLITICAL LEADERS.

### WILL CONTINUE FIGHT THROUGH OLD PARTIES

Believe That Movement For New  
Organization Is Out of Place.

By MARY SULLIVAN  
Political Correspondent of  
the New York Evening Post  
and the Wichita Daily Times  
(Copyright, 1922, by the New York Evening Post Inc.)

WASHINGTON, D. C., Feb. 13.—Current rumor which increasingly finds its way into print pictures the republicans as being divided about movements to organize a third party this year; here isn't anything to that; that the republican party is in trouble and they tend to grow only, but a third party is not among them. The republicans are not in agreement on this point; some have a more or less time this all and they realize it more and more every day.

SULLIVAN  
In fact, if you were a very suspicious person, and if you felt that all politics are not exactly what they appear on the surface you might wonder whether the republicans were stimulating this talk of a third party. It would certainly be to their advantage. This year, as between the republicans and the democrats, it would be the democrats who will get all the votes of protest and discord. A third party would be an admirable institution from the republican point of view. If the republicans weren't still some three quarters of a million dollars in debt for the last campaign and the republican party managers were very smart and just a little unscrupulous, they might endow a third party.

There have been party managers in the past who would see that opportunity to do so. It would be the most direct way to avert whatever adverse fate may be in store for the republicans this year.

Much of this talk links the suggested third party up with the farm bloc. That sort of talk is particularly ill informed. The farm bloc is not a third party; does not want to be one and only regards third-party movement as the most suitable means to its purposes. The thing that wreaked most of the old farm movements was their disposition to be a political party all by itself. The farm bloc is carefully steering clear of that. It is intimately tied up with the American Farm Bureau federation, and this latter organization has it among the foundation stones of its policy to act through the two old parties and to discontinue the third-party movement.

Kenyon, Wm., Mass.  
The farm bloc incidentally will not be weakened by resignation of Senator Kenyon. Kenyon wasn't the leader of the farm bloc in the commonly accepted sense of what a political leader is. The farm bloc didn't in the least depend on his personality in the sense that an old progressive party depended on the personality of Roosevelt. Kenyon was merely the spokesman of the farm bloc on several occasions and used to speak at its meetings. The farm bloc won't be weaker with Kenyon out, except to the extent of one vote. And if the successor to be appointed in Kenyon's place reflects what seems to be the prevailing political sentiment of Iowa, presumably he will vote with the farm bloc as often as Kenyon did. The American Farm Bureau federation has 130,000 members in Iowa.

One variation of these printed rumors mentions Borah as the possible presidential nominee of this party. He is the most grotesque suggestion of all. Borah isn't a third party man. Borah is a party all himself. He is an institution outside of all parties. Borah won't join any third-party movement unless he has some kind of inclination he would join the progressives in 1912. In fact, a good many of the old progressives felt at that time, and still feel that Borah's capacity for resisting any temptation to get formally affiliated with the republican party was just a little excessive. Borah goes his own ways and does what he pleases on all occasions, but his power and position are individually wholly, and he's going to compromise it by merging with any organized form of government.

Still another variation of these printed rumors pictures the farmers and laborers uniting in a third party. There has been a long dream of some radicals for several years past. The chief basis of it is in the brains of ambitious theorists, who look up the occupation statistics in the census reports and find that the people who are those who are farmers with those who are laborers would make a very strong party. And so it goes on paper. But every person who has political eyes knows you can't unite labor and the farmer in one party. Their fundamental economic interests are too different. In recent farm congresses, which in a wide variety of interests outside of agriculture, the only time the farmers and the laborers got along all right with bankers and the packers and the railroad and the college professors and the agricultural implement makers. But when something was said to the effect that railroad wages ought to come down, bankers went up in the air. No, there won't ever be any effective third party made up of farmers and laborers.

MAXIMUM FIRE CREDIT  
IS ALLOWED SEYMOUR

SEYMORE, TEXAS, Feb. 11.—The state fire insurance commission at Austin has just announced a general fire rate reduction of 10 percent to be applied for the ensuing year, this being the maximum credit granted by the commission. The loss ratio for Seymour for the past three years was only .325.

# THE WOMAN'S PAGE

Miss Douglas of  
C. I. A. to Talk to  
High School Girls

Miss Ruth Douglas, director of the department of commercial arts at the College of Industrial Arts at Denton, will make a talk to girls and young women of the local high schools here Thursday afternoon at 3:30 at the high school auditorium.

All girls and young women in the city are invited to hear Miss Douglas speak on "Opportunities Open to Young Women." Miss Douglas whose personality is being felt in the business world of the whole southwest through the work of the various clubs and organizations from her business and professional classes at C. I. A. during the past several years is a well informed and very inspiring advisor, and is thoroughly conversant with the conditions which bode for success for the young woman at the portals of the business world.

Miss Douglas is being brought to Wichita Falls by the Young Women's Christian association, and will be the guest while here of Mrs. Livingston Fain.

MRS. J. M. KENNY HOSTESS  
TO BAPTIST CIRCLE TWO

Mrs. J. M. Kenny was hostess to circle two of the First Baptist Woman's Auxiliary Monday afternoon, in the regular monthly Bible study lesson. Mrs. L. A. Farley led the lesson, which was well attended, and 20 members answered roll call with many contributing to the discussions.

Those who were present included: Madames C. H. Smith, W. C. Carter, Jack C. Gandy, Mrs. J. D. Peeler, I. A. Farris, Fred Carter, Fred Morris, J. L. Maxwell, W. H. Davis, A. C. Bennett, Cockett, T. J. Taylor, Billard, Raney, W. W. Murphy, J. M. Kenny, Drake and S. W. Crouse.

TRUTH SEEKERS CLASS IS  
INCREASING IN NUMBERS

The Truth Seekers' Bible class, taught by Mrs. E. G. Goother, met at their new quarters in the basement of the First Baptist church Monday evening with between 40 and 50 old and new members present. The lesson on the first and second chapters of Genesis, was well received by Mrs. Goother and proved very interesting and thought-provoking to the class. Mrs. Goother announced that the third chapter of Genesis would be the subject of next week's study.

The class is open to anyone regardless of the courtesy of the First Baptist church members for providing new and comfortable quarters for the meetings, which have outgrown the Goodness home.

MRS. PARKER SIMON IS  
HOSTESS, CIRCLE THREE

Mrs. Parker Simon was hostess to an interesting meeting of Circle Three of the Baptist Mission society Monday afternoon, when 11 members of the circle answered roll call.

Devotionals were led by Mrs. Fine, a review of the first five chapters of Matthew, Mrs. C. C. Jones opening the program with prayer. Mrs. Jones gave a review of the chapters of Genesis studied.

Those who were present included: Madames Frank Hammon, W. R. Rector, Pink Hammon, H. H. Joyce, Titie, Finley, Wilson, J. H. Martin, Gohlik, Simson and C. C. Jones. Mrs. Martin closed the meeting with prayer.

QUEER FEELINGS  
AT MIDDLE AGE

Women Should Know how Lydia E. Pinkham's Vegetable Compound Helps at This Trying Period

Sheboygan, Wisconsin.—"I was run down, tired and nervous. I could not even do my own housework, could not sleep at night and all kinds of queer thoughts would come to me. Finally I gave up going to the doctor and a friend told me of Lydia E. Pinkham's Vegetable Compound. After the first bottle I could

sleep better and I have kept on improving ever since. I have taken seven bottles now and am so happy that I am all over these bad feelings."

—Mrs. E. LANSEN, 1639 N. 3rd St., Sheboygan, Wisconsin.

For the woman entering middle age Lydia E. Pinkham's Vegetable Compound can be of much benefit. During this time of life certain changes take place which sometimes develop into serious trouble.

Molehads, rheumatism, irritability, headache and dizziness are some of the symptoms. Lydia E. Pinkham's Vegetable Compound is a natural restorer, especially adapted to assist you in carrying you safely through this time. Why not give it a fair trial?

MRS. W. B. GLASIER

By NEA Service  
LONDON, Jan. 12.—Mrs. Bedford Glasier, wife of late London lawyer, is the perfect wife.

Bedford himself said so in bequeathing to her the fortune he made in the matrimonial trou-

bles of other couples.

And Bedford ought to know. He was married to her for 15 years and knew her 10 years before that.

Said Bedford: "We have never quarreled; unkind words have passed between us. No better woman ever lived."

Says Mrs. Bedford: "My husband—my greatest pal."

FOUNDER OF WAR MOTHERS FIRST TO GIVE TO WILSON FUND

By NEA Service

The founder of War Mothers first to give to Wilson Fund

At last Nancy and Nick Bushkin arrived at another part of the Land-of-Up-in-the-Air called the Land-of-Good-Smells. As Bushkin had explained, the good smells go up like smoke and I'm afraid we could tell the fairyman that unpleasant ones too well.

Now you must tell me, when the delicious smells go up to the sky they become fairies that look like the things they come from.

The smell of roast peanuts becomes a peanut, the steamy odor of pie crust becomes a fat plum puddings, the sweet fragrance of jelly cake a lovely red, and yellow jellies.

The smells from the garden become flower fairies, the smells from the woods become tree fairies, pine-cones or acorns become acorn fairies, and from the orchard come round jolly fruit fairies with rosy cheeks.

The lolly-pop introduced the Twins to them all.

## INDIAN MISSION LESSON IS BEAUTIFUL STUDY FOR PRESBYTERIAN CIRCLES

The two First Presbyterian mission circles enjoyed one of the prettiest and most interesting programs ever given for many months at their respective meetings Monday afternoon, when the North American Indian was the subject of study and discussion. Indian costumes, real Indian furnishings and Indian songs were the attractive features of the programs, with two or three of the numbers duplicated in person at both meetings.

Circle No. 1, with forty members present, held its meeting at the home of Mrs. Ed Howard, which was particularly appropriate for the occasion. Mrs. A. H. Carrigan was leader for the afternoon and introduced a number of brief, informal talks on the subject of Indians today and yesterday by different members of Mrs. Bushkin's group of Indians of today, while a thoroughly interesting personal reminiscence was given by Mrs. Ellis, who has kinship with the New Porce Indians, and another personal account by Mrs. George Fox, whose mother was one of the most noted Indian interpreters of this part of the country in the earlier days of Wichita Falls. An Indian tepee and Indian articles and trophies, gifts to Mrs. Bushkin when a little girl from the Indians, were arranged in one corner of the big living room and were inspected with the greatest interest.

Mrs. Will Gray in a beautiful Indian costume, "By the Land of Milk and Honey," accompanied at the piano by Miss Teresa Veale, and responded to the encore with a second Lleurance number, "Miss Elizabeth Carrigan, also in Indian costume, gave a sketch writing on an Indian scroll, written by Mrs. Carrigan years ago containing an interesting account of an Indian war dance, and Miss Bernice Martin, daughter of Mrs. Bernard Martin in Indian costume, gave the "Fanning curtain from India." Mrs. C. C. Grafton sang a beautiful solo, with Miss Veale accompanying. Mrs. Grafton led the devotional at the opening of the lesson.

Members of the circle were very happy to have with them Mrs. J. W. T. Fain, about from paralysis for more than a year.

Hostesses for the meeting, who served a dainty refreshment course, included Madames C. W. Beavers, W. E. Cobb, J. A. Kemp and Salmon.

With Mrs. Fred Cooper.

Circle No. 2 met with Mrs. Fred Cooper, with Madames R. J. Webb, Fred Goss, Ulrich and E. H. Gibson as hostesses, and thirty members present. Mrs. E. M. Goss and also contributed, later in the afternoon, a delightful reading to the program. Mrs. Will Gray and Miss Elizabeth Carrigan gave their Indian song and reading numbers by special request after which the study program on the North American Indian was conducted. Mrs. Curtis Atkinson discussed "The Indian Outlook Today." Mrs. J. L. Meares, "The Civilization and Industries of the American Indian," and Mrs. Minnie Jeffcoat, "What the Presbyterian church is doing for the Indians in the far northwest.

Dainty refreshments of ice cream and cake were served at the close of the program.

CHRISTIAN ENDEAVOR, VALENTINE SOCIAL

A very pretty Valentine social was given Friday evening by the First Presbyterian Senior Christian Endeavor at the home of Mrs. D. B. King. The rooms were very attractively decorated in red and white crepe paper and satin ribbon, appropriate to the Valentine season and Christian Endeavor colors; with many small hearts and twisted ribbons extending to the four corners of the room.

The "Christmas" tree caused much merriment, the young people claiming red tissue paper packages which disclosed hearts of their future lovers; some being rough but others smooth, some filled with lemon peel, chicken feathers, silver, etc. The feature attraction of the evening was a contest of futes of eight hearts each in which each learned some startling things about the other.

Other games of much interest were engaged in until late hour when refreshments of red heart-muffins and heart-centered brick-crumbs were served to the following:

Misses Gladys Coleman, Ursula Johnson, Jessie Mae Lawler, Celeste McNamee, Macie McCall, Helen Bauer, Hazel Chapman, Velma Johnson, Jessie Vaughn, Neill, Mae Mask, Blanche Berry, Thelma Fross, Ruth Giddings, Lena Andrews, Maxine Dooley, Margarette McHam, Alida King; Madames N. F. Grafton, C. C. Dooley, L. T. Cranberry, D. B. King, Mrs. V. V. Gandy, Mrs. Gandy, Hotchkiss, piano, "Homeeward Bound," March (Ber. Anthony), Yvonne Jeter, voice, "Sleep, Little Baby of Mine" (Chas. Denney), Anna Byman, piano, "Song of the Broken" (Lack), Mrs. Gandy, piano, "March of the Girls" (Arthur L. Brown), Lorraine Jones, piano, "Obereen" (Dorn), Miss Mary Geyer, voice, "Still as the Night" (Karl Bohm), Mrs. Virginia Hotchkiss, piano, "Polka Brillante" (Karl Bohm), Miss Tina May Ring, piano, "Miles" (Brown), C. F. Grafon, C. C. Dooley and D. B. King.

DR. LEDFORD ADDRESSES  
HEALTHY CLUB TUESDAY

Dr. Ledford addressed the Health and Efficiency club, which met at the First Heights Methodist church Monday afternoon in the parlors of the church, an interesting lesson was enjoyed on the book of Ecclesiastes and the Songs of Solomon. The meeting was held in the parlors of the church.

BIBLE STUDY OF FLORAL HEIGHTS

Eighteen members were present at the meeting, which was held at the First Heights Methodist church Monday afternoon in the parlors of the church. An interesting lesson was enjoyed on the book of Ecclesiastes and the Songs of Solomon. The meeting was held in the parlors of the church.

McCall's Improved Pattern  
Printed in Blue

New McCall Pattern 2508

Here's the new printed pattern. Different from any other pattern in blue with an outer white edge around the pieces. This margin of white is for accuracy—to protect your cutting line from varying like that of the old-style pattern.

By cutting within this "margin of accuracy," the seams measure exactly as the shoulder. This does away with "lapping up seams" on the shoulders and other slips of fitting that in the old-style pattern, give a home-made look.

If you expect to go to a lot of trouble, it's worth the cost. This doesn't mean that you can't use a pattern, but it does mean that you can't use a pattern that's too tight or too loose. It's a wild card, but it's a wild card that pays off.

It assures you the smart style that was intended to be in the garment originally.

PULLING THE SOUTH OUT OF THE MUD.

One of the big disadvantages of farm life in many  
communities in the south has been the lack of good  
roads. But a great and widespread movement is un-  
der way for better roads throughout the south. This  
section is now spending more money on highway-im-  
provements than any other.

Nineteen twenty-two promises to be a record year  
for the construction of highways in the south, says  
the Houston Post quoting statistics from the Manu-  
facturers' Record showing that the huge total of  
\$400,000,000 will be available for highway improve-  
ments in southern states this year.

"It is noteworthy," says the Post, "that Texas is  
leading the south by far in the amount of money be-  
ing expended on the building of roads. Projects now  
under construction in this state total \$27,000,000 and  
those pending amount to \$14,000,000. At the opening  
of 1922 there were 2400 miles of roads under con-  
struction in Texas, 1500 having been completed last  
year. Another 1000 miles of work have been ap-  
proved and are expected to be completed this year."

Missouri follows Texas with a \$15,000,000 road  
building program for 1922, under the new law which  
provides for improvement of 7700 miles in 114 coun-  
ties. A bond issue of \$60,000,000, together with other  
funds making a total of \$90,000,000 within the next  
ten years, is expected to complete the whole project.

Oklahoma is planning to spend \$12,000,000 on  
her roads this year; Arkansas, \$12,000,000; Georgia,  
\$10,000,000; Louisiana, \$8,000,000; Florida, \$5,000,-  
000; Kentucky, \$4,650,000; Mississippi, \$3,000,000;  
Maryland, \$5,000,000; South Carolina, \$5,000,000;  
Tennessee, \$12,000,000. Virginia is asking for a bond  
issue of \$6,000,000 per year. West Virginia has avail-  
able \$4,800,000 for 1922 work. North Carolina will  
let contracts for the improvement of 1,000 miles of  
roadway.

"It is a huge investment the states are making,  
which will bear fruit in the future in the way of  
cheaper and more adequate transportation. Such an  
expenditure will do much to bring the farmer closer  
to his markets and will knit the whole country closer  
together socially and commercially. Incidentally,  
these road projects will furnish employment to  
thousands of men this year, and will help to restore  
the economic equilibrium."

"They are being undertaken at an opportune time,  
and are one of the finest evidences of progress the  
country can show today."

### GOING AT IT IN THE WRONG WAY.

Those citizens out of employment, who sincerely  
want work on the irrigation project, would greatly  
improve their chances. The Times believes, by serv-  
ing connection with the radical forces that seem  
determined to cause dissension. It has been an-  
nounced by those in charge of the work that prefer-  
ence will be given to Wichita Falls men with fam-  
ilies, and that the Salvation Army and the municipal  
welfare board will be asked to select those who need  
work most.

With that promise made, it is not quite clear to  
The Times just what local "labor leaders" hope to  
gain by calling meetings in which to denounce every-  
thing and everybody from congress on down. By  
attacking the irrigation directors, who have the com-  
plete confidence of the general public, these radical  
elements deserve to lose whatever following they  
may have acquired in what was at one time thought  
to be a sincere effort to remedy the local employ-  
ment situation. The Times does not believe that the  
average jobless man will hesitate long in choosing  
between his duty to his family and his allegiance to  
such "leadership."

The one subcontractor who has done any employ-  
ing to speak of so far, has informed The Times that  
white men will not stand up to the very arduous work  
he is doing, and that such white men as he has em-  
ployed soon quit. There will, however, be a great  
deal of work in the next 30 or 45 days that white  
men can do. It is in this work that preference to  
home labor is promised. Until such work starts, in-  
direct and radical utterances and threats will cer-  
tainly do the jobless men no good; they may do him  
much harm.

### CHASING DARKNESS.

A sensational scientific event took place 36 years  
ago the 20th of this month, when electricity was  
first used for stage illumination.

This was at a production of "Iolanthe," in the old  
 Bijou theater, Boston. Thomas A. Edison ran the  
switchboard.

Twenty-seven years before that, Moses G. Farmer,  
at Newport, R. I., illuminated his house with 42 flat-  
num incandescent electric lights.

It took 27 years for the stage to try out electric  
illumination in place of the old-time "gas boards."

A similar revolutionary invention, created today,  
would be adopted overnight.

Our generation, compared with past ones, is amaz-  
ing for the speed with which it accepts and adopts  
new ideas. Each year the salesman with a new  
device has easier sledding.

Last year 1,007,000 American homes were wired  
for electricity.

In the whole country are 21,000,000 homes, 8,000,-  
000 using electric lights.

Ash grandma if she'd care to go back to the can-  
dies of pioneer days.

Abraham Lincoln worked out arithmetic prob-  
lems by light from an open fireplace, chalking sums  
on a shovel.

In George Washington's day, the night watchman  
who patrolled the black streets carried an iron lan-  
tern, candle high tooting through small holes.

We moderns do not appreciate the tremendous  
luxury we have in the simple matter of artificial  
light.

Times was, when man's only dispellers of darkness  
were the moon and the glare of the campfire.

Telling by day, man was unable to use his spare  
time for freedom of movement, recreation and  
study, until inventive genius began perfecting arti-  
ficial illumination.

We have many benefactors in history, but none

greater than Edison, Welsbach, Alfred the Great and  
the host of others who revealed to us how to turn  
night into day.

The speed of progress is enough to make one  
dizzy.

Next thing on the calendar may be canned sun-  
light.

### SUCCESS TO YOU, MR. DULIN.

The Times has received a copy of the first edition  
of the Corsicana Commercial, Corsican's new morn-  
ing daily. Vol. 1, No. 1 is comprised of twenty-four  
pages of sprightly news and advertising. C. S. Dulin,  
former advertising manager of this newspaper and a  
man of wide experience in the newspaper business,  
is general manager of the new paper. We know  
that the business men of Wichita Falls will join with  
The Times in wishing the new paper and its  
general manager much success. R. O. Zollinger is  
managing editor of the new paper. R. William Archer  
is city editor and Hastings Harrison business man-  
ager.

TUESDAY, FEBRUARY 14, 1922.

PULLING THE SOUTH OUT OF THE MUD.

The SNOW STORM.

God lifted my eyelids and told me that another  
day was around. I sat up in bed, looked out of my  
window, and saw nothing out of the ordinary, ex-  
cept that the sun was clothed in a deep gray gown.

But in an hour, I looked up from my work  
desk and saw an air so feathered that I could not  
leave its spectacle.

Waves upon waves of snow-flakes swept before  
my vision. Buildings became mere shadows nearby,  
and were entirely blotted out in the distance. I  
glanced to the wide street below. Cars could be seen  
creeping like huge beetles. Horns sounded. Collars  
and scarfs hugged the throats of the hurrying mul-  
titudes.

The whiz of the wind grew keener and its volume  
brodened.

In fifteen minutes that which was so business-  
like and unconcerned had taken on a new activity  
and a new dress—the day had completely changed  
its clothes.

Denser became the ermine coat—in the city re-  
lieved by canyons of buildings, and in the country  
waves together with a magnificent lace-work of  
naked trees, all whitened with crystal.

When the snow stopped. But the wind kept on  
with its music—like a distant orchestra, it heavy  
whispers intensified into the thousands.

Later in the day the sun came out from blue  
and white clouds—a ball of fire which added a new  
glow of beauty to the earth like fresh varnish.

Snow ploughs passed up and down the streets.  
Thousands of shovels scraped the pavements. Sleds  
shot down the hills and through the valleys. Snow-  
balls were born. Dogs romped and rubbed their  
noses in the frozen rain of the sky. And far from  
the city, sleigh bells jingled their jangling tunes,  
and railroad trains sped across this sheeted, pano-  
rama.

It is a huge investment the states are making,  
which will bear fruit in the future in the way of  
cheaper and more adequate transportation. Such an  
expenditure will do much to bring the farmer closer  
to his markets and will knit the whole country closer  
together socially and commercially. Incidentally,  
these road projects will furnish employment to  
thousands of men this year, and will help to restore  
the economic equilibrium.

"They are being undertaken at an opportune time,  
and are one of the finest evidences of progress the  
country can show today."

**TODAY'S TALK**

By GEORGE MATTHEW ADAMS

**THE SNOW STORM.**

God lifted my eyelids and told me that another  
day was around. I sat up in bed, looked out of my  
window, and saw nothing out of the ordinary, ex-  
cept that the sun was clothed in a deep gray gown.

But in an hour, I looked up from my work  
desk and saw an air so feathered that I could not  
leave its spectacle.

Waves upon waves of snow-flakes swept before  
my vision. Buildings became mere shadows nearby,  
and were entirely blotted out in the distance. I  
glanced to the wide street below. Cars could be seen  
creeping like huge beetles. Horns sounded. Collars  
and scarfs hugged the throats of the hurrying mul-  
titudes.

This is the cash feature of the  
so-called five-year plan. Any of  
the five plans may be selected by  
the veteran. The others are as  
follows:

1.—Adjusted service certificates,  
amounting to 40 per cent more than  
the veteran would receive under the  
cash plan. These run for 20 years  
with interest at 4 per cent, compu-  
cated annually, and paid quarterly.

2.—The "farm or home aid" pro-  
vision authorizes the veterans to re-  
ceive training at the expense of the  
government up to an amount 40 per  
cent greater than his cash pay  
would be.

3.—The "farm or home aid" pro-  
vision entitles the veteran to cash  
payments up to an amount 40 per  
cent greater than his cash pay  
would be.

4.—The "land settlement aid" fea-  
ture gives the veterans preferential  
rights on reclamation projects or on  
public or Indian lands when thrown  
open to the public.

The last-named provision is the  
McMuller (Senate) bill only. The  
Fordney (House) bill carries, as an  
alternative, a provision for the crea-  
tion of a veterans' settlement board,  
which shall establish projects for  
reclamation and settlement of  
lands.

What the Bill Will Cost.

The bill, if passed, will be in sub-  
stantially the form indicated.

Estimated prepared for the use of  
the Senate finance committee shows  
that 4,546,638 veterans will be en-  
titled to benefits as of January 1, 1923.

On the basis of the sever-

est options, the cost has been com-  
puted by an expert of this commit-  
tee as follows:

Cash plan, if accepted by every  
veteran, \$1,540,154,320.

Certificate plan, with no borrow-  
ings and making allowance for an-  
ual payments on account of deaths,  
total by 1943, \$3,273,345,563.

Adjusted service certificate plan  
and 40 per cent certificate plan,  
and one-third beyond the limit, total by  
1943, \$3,273,345,563.

If one-third accept cash and two-  
thirds certificate, with allowance  
plan, up to above \$3,273,345,563.

If half take cash and half take  
certificates, total by 1943, \$3,273,  
331,231.

The latest authoritative estimates  
are those of Secretary Mellon in his  
letter of January 24 in opposition to  
the bill. Mellon said that the cost  
of the bill would be \$3,273,345,563.

He also said that the bill would  
not be paid out in full for 20 years.

But he begrimed the extra turn, and when the task  
was through,

The man was back for more repairs in just a day or  
two.

Two men there are in every place, and one is only  
fair.

The other gives the extra turn to every bolt that's  
there;

One man is slip-shod in his work and eager to  
quit,

The other never leaves a task until he's sure of it.

The difference twixt good and bad is not so very  
much.

A few more minutes at the task, an extra turn or  
touch.

A final test that all is right—and yet the men are  
few.

Who seem to think it worth their while these extra  
things to do.

The poor man knows as well as does the good man  
how to work.

But one takes pride in every task, the other tries to  
shirk;

With just as little as he can, one seeks his pay to  
earn.

The good man always gives the bolt that clinching,  
extra turn.

The good man always gives the bolt that clinching,  
extra turn.

The good man always gives the bolt that clinching,

# ALL THE LATE NEWS OF ALL THE SPORTS

## ACK ATHLETICS AT TEXAS ARE BOOMING

**Jack Littlefield Finds Scarcity Of Field Men Among 100 Candidates.**

AUSTIN, Feb. 14.—Track and field athletics are the boom at University of Texas. Approximately 100 candidates for the varsity cinder path team of 1922 now working out daily on Clark Field. While a larger number of bouts than ever before will be available as potential Longhorn representatives, Jack Littlefield, Texas Longhorn track star varsity track coach, is not unduly optimistic as to the chances the team to win the most important meet scheduled for this spring.

Despite the five score of men turned out for places on the team there is a noticeable scarcity of real performers. There are numbers of promising sprinters, a half dozen capable middle distance runners, at least four crack distance men and two or three men who have won the high jump, long jump, etc., but, before the Longhorns may be to make a creditable showing, the coach will have to develop pole-vaulters, jumpers, both high and low, and weight men.

The most promising of the 100-and-a-half cinder specialists are

Ellis of Fort Worth, Beaumont

mett of Amarillo, letter men of

year, as well as V. S. Rabb of

Wichita, and H. C. Gilstrap of

Angier, graduates of last year.

Longhorns team in the 440-yard

dash should come very close to

the national record for this event.

Richard McNatt of San Saba, a

sophomore last year, covered the

quarter-mile in 49.2 seconds. He

is going better every year and is ex-

pected to set a record.

Southern conference awaiting to

put it for some time to come.

In the half-mile event, the best

man at the disposal of the varsity

is Hugh Tilsworth of Monroe.

He should go below the

one-minute mark. Other out-

standing abilities of the

team are Richard Hawley of Galveston, and Jim Vickery of Cleburne.

Jeff Neely of Amarillo, the crack

player of the Longhorns for two

years past, is no longer in the

team. Walter A. Coates, Littlefield, has all the while been devot-

ed to Neely's caliber, is pro-

matic. A. C. Grimes of New Mex-

ico, Tompkins Loop of Tampico, Mex.

H. Coale of Orange, E. Griffin of

Galveston and J. A. Trout of Jack-

sville are all being tried in this

event.

Loop a sensation.

In the two-mile event, the varsity

team has Tommy Loop, one of the

fast runners seen on the Longhorn

team in many days. Last year,

Loop was literally the sensation of

the conference, clipping most records

and breaking all conference records

in the two-mile run. Trout, eligi-

ble for the Longhorn team for the

first time, is expected to give Loop

a hard run for premier honors this

year.

In the weight events, Capt. Gra-

ham Hamilton of Cuero, is per-

haps the most dependable performer, al-

though several men of other teams

in the conference out-classed him

last year. Hamilton's best work has

been done in the discuss throw. F.

Leissner of Davy, letter man of

last year, should also be available for

the discuss throw.

Dave Hemmell of Greenville, mem-

ber of last year's freshman squad,

looks to be the best 'varsity bet' in

the javelin throw. While in High

School, Hemmell did better than 175

feet in this event. Other men with

the javelin are Hamilton and Leiss-

ner.

The Longhorns have no men in

the shot put who are in the class of

such men as Keen of Texas A. & M.

and Lindsay of Rice Institute. Coach

Littfield, however, has in Joe

W. Coale of Fort Worth, a 195-pounder,

man who may develop into a real

leader in this event.

In neither of the jumping events

nor in the pole vault does Texas

have performers of first rate abil-

ity. Coach Littlefield is concen-

trating on these events and

developing winners.

Meets with every other conference

team and a likely meet with the

University of Illinois combination

track and field stars make the

schedule for Longhorns the hardest

of the year. The prospects at

the present will have to brighten

very much if the Longhorns are to

win the Southwestern conference

championship, prompted last year

by the Texas Aggies, from such

teams as the Rice Owls and the

Texas Farmers will place on the

winner-pile this year.

**NEW WRESTLING SYSTEM DUE FOR SEVERE TEST**

CHICAGO, Feb. 14.—The severest

test yet given the new system

of wrestling by rounds, in the opinion

of those followers of the sport, will

take place here tonight when six

heavyweight men will engage

in the new rules.

Marin Plestina and John Freberg,

both aspirants to the heavyweight

crown worn now by Stanislaus

Zbysko, will be the main attraction

of the evening and it has been an-

nounced that in the case of a tie

in defeating Freberg he will be

given a championship match with

the title holder at an early date.

Both principals as well as the four

men in the preliminaries all weigh

about 200 pounds.

The chief objection raised to

the round system, as pointed out by critics

here, is that in the case of a tie

in moving heavyweights it will

be extremely difficult for them to

get into action before a round has

been completed.

The Plestina-Freberg match will

go 15 rounds.

**CHICAGO TEAMS START PREPPING THIS WEEK**

CHICAGO, Feb. 14.—This is get-

away week for Chicago's two major

baseball clubs.

The National first squad is sched-

uled to leave for training camp on the Pacific

coast Thursday, while the American

league battery men will depart for

Marlin Springs, Texas, Saturday night.

Rubens Throws Gardner

SPokane, Wash., Feb. 14.—

Connie Rubens of Chicago took two

blows from "Pink" Gardner, New

York middleweight wrestler, here

last night.

The spectators and the win-

ning and losing teams were satis-

fied and pleased with the game.

Both teams had been coached to

## MUSICAL PROGRAM FEATURES LUNCHEON UNIVERSITY CLUB

A most entertaining program was afforded members of the University club Tuesday noon in the Kemp hotel by Mrs. Beulah B. Fogelman, member of the chautauqua circuit. Mrs. Fogelman gave several readings which were enthusiastically received, among which was a reading pertaining to "University life," which especially appealed to all.

Violin solos by Mrs. T. B. Greenwood, accompanied by Miss Annette Walsh, and vocal solos by Mr. and Mrs. A. C. Moore made up the musical program.

President Norris Ewing announced that a testimonial concert to Prof. Frank F. Low would be given on March 14, and that the regular weekly luncheon on that date would be dispensed with. A program which will appeal to the masses has been promised.

### BAPTIST CHURCHES START CAMPAIGN FOR TITHING THROUGHOUT THE COUNTRY

The Baptist churches of Wichita county are in the midst of a tithe campaign this week, in connection with the campaign of this nature among all churches of the Southern Baptist conference. Members of the denomination are being urged to sign tithe pledges.

Services are to be held in every church in the country. On Tuesday night special services will be held at the First Baptist church, and Rev. J. C. Holt, pastor, Dr. O. L. Powers, pastor of the First Baptist church, and Rev. H. J. Bell, association missionary, will speak. W. E. Young will sing.

The meetings in this county will continue through Friday, February 22.

### FIVE ACCUSED OF OPERATING STILLS ARE UNDER ARREST

Five men of Young county were brought before U. S. Commissioner J. A. Lantz Tuesday afternoon and charged of operating stills. The arrests were made by U. S. Deputy Marshal C. M. Dodgen, assisted by peace officers of Young county.

W. R. Terrell and a brother, Otto Terrell, were arrested, it was stated, at a still near South Belton, and Capt. J. W. Owsley and J. Cotton, according to the officers, each had a still in a barn south of South Bend.

Bonds in each of the cases were set at \$500 with the exception of L. P. Conley, in that case Commissioner Lantz set the bond at \$750. All waived hearings on their cases.

### NEW OIL WELL APPLIANCE BEING EXHIBITED HERE

A new oil well appliance known as "The Kelly Flowing Device" and designed to remove crude oil from the well without the use of a pump was being exhibited at the Motor Hotel rooms Tuesday by H. M. Joseph, holder of the state rights on the invention.

The device works on the vacuum principle and is claimed to be a new and economical way of obtaining maximum production. A number of local oil men visited the Gaines rooms Tuesday.

### NOTED SALVATIONIST WILL HOLD REVIVAL SERVICES

Announcement is made by the Salvation Army of revival services at its hall, 310 Seventh, starting next Saturday evening, continuing through the following Sunday.

Col. S. L. Bringle, D. D., an author, traveler and preacher, will conduct the services, assisted by Lieut. Col. George Wood and Capt. Earl Lord of New York, a singer.

Area of Cuba is about equal to that of Pennsylvania.

## LABOR MEETING ON IRRIGATION WORK ENDS IN RUPTURE

LUTHER HOFFMAN  
BRINGS MESSAGE  
TO LODGE MEMBERS

ONE FACTION WITHDRAWS  
WHEN RESOLUTION MEETS  
OPPOSITION.

2 HOURS OF ORATORY  
MOSTLY DENUNCIATION

Protest Is Entered Against Hiring  
of Negro and Mexican  
Workers On Project.

At a stormy session in the labor temple Monday night, featured at the close by break in the ranks of the leaders, several hundred local men passed resolutions condemning the employment of negro and Mexican labor at the irrigation dam and demanding that white home labor be given work at reasonable prices.

Following a two-hour session of oratory in which the irrigation board, the state legislature, the national congress and the local press were assailed as being untrustworthy, the meeting passed a motion demanding that all members of the present irrigation board resign immediately and that an audit of their books be made, was entertained. This precipitated a violent argument and after a strong opposition had been raised, the motion was withdrawn by its promoters, who left the hall.

The meeting opened 45 minutes after schedule, due to difficulty in securing accommodations at the labor temple. J. C. Manley, one-time socialist leader here, was named chairman and talks by O. B. Kelly, Jack Barnes, G. W. Moore and others took up a two-hour period. Frequent applause and enthusiastic remarks were directed at Mr. Kelly, who, with "em big boy," greeted the denunciations of capital in general and the local irrigation board in particular.

Definite results attained at the meeting concerned the passing of a resolution which, in effect, says: "We protest the action of the irrigation contractors in hiring negro and Mexican labor at the dam sites."

It was usually "the damn sites" when verbal reference was made to the work.

Later, amendments to a drafted petition were passed which made the resolution include "all foreign labor, white and otherwise." Plans for a new irrigation system in sections throughout the water districts were started and a collection amounting to \$33.81 cents taken to help defray expenses.

If enough signatures can be obtained, according to the leaders of the unemployment movement here, it will be possible to force a complete cessation of work on the project.

Another mass meeting has been called for Wednesday night of this week and still another for next Monday night, both to be held in a hall north of the river.

**NEW MOTION PICTURE SHOWS  
HOW TO POISON BOLL WEEVIL**

"Dust 'em right or let 'em bite" is the sloganic title of a new motion picture of the agricultural department of agriculture, dealing with the boll weevil menace to the cotton planter. The new film is a one-reel sequel to "Good-Bye Boll Weevil," and treats intensively with the subject of poison.

The screen story is built about a lecture on boll weevil poisoning by a department of agriculture expert, and scenes visualize the practices which are recommended to him. Selections of cotton arsenicals for poisoning, dusting machinery, methods of application, schedules of poisoning and other matters of importance to the boll weevil victims are emphasized.

**DWELLING AT PETROLIA  
IS DESTROYED BY FIRE**

PETROLIA, TEXAS, Feb. 14.—A one-story, two-family dwelling on the east side of town, across Central street, was destroyed by fire Monday afternoon about 3 o'clock. The origin of the fire is not known. The loss is partially covered by insurance.

The building was owned by Wallace Carter of Petrolia and William Jefferson engineer at the Lone Star gas plant and was occupied by Mr. Lyons, an employee of the Texas company.

**YOUNG COUPLE MARRIES  
AT VERNON ON FRIDAY**

VERNON, TEXAS, Feb. 14.—Gilbert S. Carpenter and Miss Gertrude Thompson, both of this city, were married Friday afternoon in the office of the Justice of the peace. Mr. Carpenter is a son of Mrs. Mollie Carpenter of this city, and his bride is a daughter of Mr. and Mrs. Sam Thompson. The young couple will make their home here.

## COUNCIL GRANTS 2 WEEKS DELAY ON TELEPHONE HEARING

Attorney Luther Hoffman, following a dispensation of the business of the special called meeting of the Path Lodge No. 115, A. F. & A. M., brought a message to the members of the lodge on the principles of Masonry. The meeting was held in the main lodge room of the Masonic temple at 7:00 o'clock Monday morning.

Mr. Hoffman touched upon the principles and teachings of the fraternity and of the relations of one member to another and that of the members to the outside world.

Faith Lodge has adopted the principle of having one of its members ready at each gathering and on the program at the next meeting night.

In answer to the appeal for financial help for the Masonic orphans' home, those members of the lodge who were in attendance contributed \$100.00, which was deposited on an average of \$7.50 each. Those members who were not present will be waited upon by a committee of three within the next few days.

## HUMIDITY OF AIR INDICATIVE THAT STORM IS PENDING

Reports of the weather elements, including the humidity of the air from all points in this section Tuesday morning seemed indicative of a probable snow or rain storm.

Agents north and west stated that they were expecting snow at any time.

Temperatures in the local area Tuesday morning ranged from 22 to 32 at Texline to 41 at Abilene. Locally, the minimum point reached, as shown by Artie Rogers, was 28 degrees.

Vernon and Woodward reported minimum temperatures of 24 with a cold north wind and heavily clouded skies.

The low point at Childress for the night was 31, while at Amarillo it was 30.

The agent at Elk City reported a cold north wind and overcast skies. He stated that at 5 o'clock it was freezing on the outside.

Average length of life in 1850 was 11 years shorter than that in 1910.

**A Salad Dressing  
Made With  
SHORTENING!**

We knew that we made a fine shortening, but didn't know just how good until a contributor sent us a recipe which shows a delightful salad dressing made with Mrs. Tucker's Shortening! Here it is:

Break a whole egg in a bowl, beat until very thin. Add 1/2 cup Mrs. Tucker's Shortening, beat until thick; then add the following ingredients: One half Teaspoonful of salt, one fourth Teaspoon salt; one Teaspoon lemon juice or vinegar. A pinch of Cayenne pepper and pepper to taste. Beat until smooth and to chill. This will insure the proper consistency if not obtained after mixing.

We do not know of any other shortening that has ever met this test.

A new use indeed!

## OFFICERS ELECTED FOR VERNON RED CROSS

VERNON, TEXAS, Feb. 14.—At a meeting of the executive committee of the Wilbarger county Red Cross T. H. Shive was elected president of the organization for the coming year. Mrs. S. E. Lloyd was elected vice-president; Miss Bonnie Works, treasurer; Mrs. N. B. Heath, chairman of the nursing committee; Dr. M. J. Moore, chairman of the first aid department; Miss Esther Svart, chairman of the home service section; Mrs. A. S. Ross, chairman of the personal service section; and Mrs. Clay Britt of Oklahoma, chairman of the auxiliary service.

## FORMER RESIDENT OF WILBARGER IS DEAD

VERNON, TEXAS, Feb. 14.—Word has been received to the effect that C. C. Hart, a resident of Wilbarger county, died January 8 at Mangum, Okla. Mr. Hart lived in the southern part of this county, and at the time of his death owned considerable local property.

## PREPARED PLANS FOR NEW SCHOOL BUILDING

CLARENDON, TEXAS, Feb. 14.—Plans for the new \$75,000 school building are being prepared by Guy A. Collander, architect of Amarillo. This building will have 10 rooms and a gymnasium and basement. It will be steam heated with modern improvements and will be one of the best in this part of the state.

## Investments of the Better Sort

The word investment implies two things—security for the amount invested, and a reasonable return for the use of your money. These things mark the line between investing and speculating.

If you have funds which are not employed, get in touch with our investment department. It offers both security and certainty of return.
