

ARMOUR'S ROLE OF KLAN

HOLD WITNESS MUST ANSWER GRAND JURY QUESTIONS ON 'KLAN'

ILLINOIS MINERS TO JOIN IN THE STRIKE

No Hope for Postponement of Separate Contract, Says Frank Farrington

CHICAGO, March 29.—Illinois miners will join the nation-wide coal strike set for April 1 and no hope for postponement of a separate strike agreement could be found, Frank Farrington, president of the Illinois miners, told heads of state operators' association in a conference here today. Only an emergency could change the situation, he said. Farrington is negotiating a new wage contract. Mr. Farrington told the operators, he was learned.

CONTINUE EFFORTS TO SOLVE WAGE CONTROVERSY

NEW YORK, March 29.—Casting aside a "remote possibility" in time to avert the general strike set for three days hence, members of the sub-committee on wage contract negotiations today girded themselves for a long, hard struggle over the miners' 19 demands. "Nothing but a miracle—the immediate acceptance of each and every one of our demands—can avert the strike now," said Thomas Kennedy, district president of the United Mine Workers. "Under the present circumstances it is probable that the suspension will go into effect April 1, according to the miners' program," said J. W. Warringer, vice-president of the Lehigh Coal and Navigation company. "Philip Murray, secretary of the United Mine Workers of America, scouts the report that importation of British mined soft coal will lessen the danger of a bituminous coal shortage and thereby hurt the cause of the miners in the forthcoming strike. "We are afraid of the British coal," he said. "It has been imported before without seriously affecting the mining industry or the market in America."

COAL OPERATORS ATTEND MEETING IN WASHINGTON

CHICAGO, March 29.—Representatives of Illinois coal operators and Frank Farrington, president of the Illinois district of the United Mine Workers of America, planned to meet here today to discuss the miners' 19 demands which are merely "preliminary" and in no way will act to prevent a walk-out of the Illinois miners with their brethren in other fields on April 1. "The operators, although they have formulated a set of counter proposals to the demands of the miners, are not expected to make these public but will ask the miners head of a conference of the scale committee," said Mr. Farrington. "The scale committee has announced that the Illinois miners will follow the action of the policy committee of the union, which declares against separate state mine claims, a conference of the scale committee at the present time is not likely to be called."

BACK AT HEADQUARTERS AFTER THREE DAY REST

SPRINGFIELD, ILL., March 29.—Three days rest at his home here today left John Lewis, national president of the United Mine Workers of America, back to his headquarters at Indianapolis prepared to direct what many miners say will be the union's life struggle. Mr. Lewis left without any new comment upon the situation. Approximately 600,000 union miners will quit work leaving a few of the numbers in the mines to guard against serious damage, such as might result from the falling of orders.

ORDER THE EXPULSION OF LAURITO FROM MEXICO

MEXICO CITY, March 29.—An order for the expulsion under article 25 of the constitution of General Laurito from the state of Guanajuato was issued this afternoon, according to El Mundo newspaper. It said to be an Arzonian, who has identified himself with radical activities. He was arrested Sunday after a series of clashes at Guadalupe between radicals and various Catholic groups in which five persons were killed and 11 received serious injuries.

BASILICA OF ST. ANNE DE BEATRICE DESTROYED

QUEBEC, March 29.—Fire today destroyed the Basilica of St. Anne de Beaurive, famous for its shrine but the statue of St. Anne and the historical relics to which miraculous cures have been ascribed, were saved.

MOUNT ETNA AGAIN IN-VOLUNT Eruption SAYS LONDON REPORT

LONDON, March 29.—Mount Etna is in violent eruption, says a Central News dispatch from Rome quoting advice from Palermo. Streams of lava are flowing from all sides of the crater and the inhabitants of the villages on the mountainside have fled from their homes. Several earthquakes have occurred in the last few days.

PLAN FOR MILITARY DICTATORSHIP OVER IRELAND DISCUSSED

CONSIDERED BY ARMY CONVENTION BUT ACTION IS POSTPONED

WANT NO GOVERNMENT OPPOSED TO A REPUBLIC

Would Overthrow Dail Eireann, Provisional, British and Northern Governments

LONDON, March 29.—At the conclusion of this afternoon's session of the convention of the British army in Ireland, Arthur Griffith, president of the dail eireann, informed the press that the southern delegates would not accept a republic, but would accept a provisional government of Ireland, and his colleagues at 11 o'clock tomorrow morning.

DUBLIN, March 29.—The convention on Sunday of revolting members of the Irish republican army debated the question of declaring a military dictatorship, but deferred action thereon, says the correspondent here of the London Times in a dispatch to his paper. He gave as his authority a statement issued from the Beggar's Bush barracks here this morning which was reproduced before the convention was to overthrow all governments in Ireland opposed to a republic.

The delegates argued that the question of finance need not trouble them, as money could be had from the sale of their machinery or using the slogan. The Dublin delegate proposed withdrawing the republicans from the ranks would bring his rifle to the cause. In the ensuing discussion one said you will have more than a man and a rifle. The chief of staff and military council are to meet today to frame a constitution. Among those attending the convention were Cathal Brugha, minister of defense, and Harry J. Boland, secretary of Eamon de Valera.

SHOT WHILE CARRYING WATER FOR BREAKFAST

BELFAST, March 29.—William Fleming was shot and fatally wounded today on his farm in county Tyrone while carrying water for breakfast. He died in the Armagh infirmary. Fleming's brother is a member of the special constabulary and was attacked yesterday while in reprisal for the shooting of a man by the specials on St. Patrick's day. The police barracks at Belcoo, near the Fenagh-Cavan border, were raided last night by armed men who crossed the Cavan county border, which is only 100 yards distant. Of the raiders, seven were royal Irish constabulary and special constabulary men, only six escaped. The other 15 with all the post's arms and ammunition were carried into free state territory. A freight and mail train bound from Belfast to Dublin was derailed by a large party of armed men near Newry early today. Nine cars, including the mail car and their contents, were burned by the raiders. The postal staff escaped.

STOCKMEN PROTEST ORDER OF OKLAHOMA

Requires Cattle Shall Have a Health Certificate or Be Dipped

FORT WORTH, March 29.—Unless Oklahoma's board of agriculture rescinds a rule which is due to become effective on April 1 and which will prohibit the interstate movement of stock through Oklahoma on the way to market and pasture, the Texas livestock sanitary commission will institute legal proceedings. It was announced here today by J. E. Boog-Scott, chairman of the Texas board. The new Oklahoma rule, a copy of which was received here today, requires that cattle from 74 Texas counties either must have government health certificates or be dipped five days before passing through Oklahoma territory. This, says Boog-Scott, will bar Texas cattle from being transported across Oklahoma because the regulations, necessary to obtain the government permit or the dipping operation, would be too expensive. Accompanied by attorneys for the Texas Cattle Raisers, he will go to Oklahoma City at once to confer on the ruling.

VERDICT OF NOT GUILTY

TEX RICKARD

BUT ONE VOTE CAST AGAINST TREATY ON NAVAL LIMITATIONS

WASHINGTON, March 29.—The arms conference naval treaty limiting the navies of all the great sea powers was ratified today by the senate. The senate's approval of the pact was voted without reservations or amendments and with republican and democratic "regulars" and "irregulars" generally standing together in its support. The ratification vote was 74 to 24, with 48 republicans and 26 democrats.

UNANIMOUS VOTE WAS EXPECTED IN THE SENATE

WASHINGTON, March 29.—That the senate would ratify the naval limitation treaty today by a unanimous vote was viewed by administration leaders in view of the complete absence of opposition to the treaty when brought up yesterday for debate. The favorable sentiment revealed during the five hour discussion yesterday resulted in a sharp reduction of the ratification today at 3 p. m. Administration leaders also were hopeful that the submarine and poison gas treaty would be approved without an opposing vote before adjournment tonight.

THREE PERSONS INJURED AND TWO DWELLINGS ARE DESTROYED AT TENAHA

TIMPSON, TEXAS, March 29.—Two residences were destroyed and three persons slightly injured in a high wind that struck Tenaha, 10 miles east of Timpson, this morning. No loss of life was reported.

MORE THAN TWO INCHES OF RAIN FALL AT WACO

WACO, TEXAS, March 29.—The rainfall here this morning measured 2.6. It was still raining at 2 p. m.

MISSISSIPPI VALLEY RAILROADS JUSTIFIED IN RATE REDUCTIONS

WASHINGTON, March 29.—Mississippi valley railroads were found to be justified today by the interstate commerce commission in decreasing rates from Chicago territory on freight destined to the Pacific coast via Gulf ports to the Panama canal. The order of suspension of the rates was made by the commission in a decision which the railroads had requested. The decision, which prevented the lower charges from becoming effective February 1, was withdrawn and the railroads are allowed to continue the lower rates after April 1. Nearly all commodities usually shipped by freight were affected by the decision, which the Mississippi valley railroads proposed last January. The principle followed in making the reduction was that of establishing rates on freight consignments originating in Chicago territory and destined to the Pacific coast via the Gulf ports. The rates exceeded rates on similar products originating at similar points and assigned via New York and the ocean route to Pacific ports. In practically all cases the rates from Chicago to New York and adjacent Atlantic ports were lower than similar rates from Chicago to Gulf ports.

URGES RESTORATION PURCHASING POWER AMERICAN WORKERS

PLEA MADE BY JEWELL BEFORE THE RAILROAD LABOR BOARD

SUGGESTS THAT WAGES OF WORKERS INADEQUATE

Argues Deficit in Demand for Necessities Results to Injury of Business

CHICAGO, March 29.—Restoration of the purchasing power of the industrial population of the United States is of prime importance to both the farmer and the storekeeper, declared B. M. Jewell, president of the railway employees department of the American federation of labor, in a continuation of his plea for the federated shop craft workers before the railroad labor board. Mr. Jewell contended that American workers have never received adequate wages and suggested that as a result there is a deficit in the demand for necessities which works a great hardship on farmers and small merchants.

If the rates which the shopcrafts ask are granted, Mr. Jewell predicted, the present demand for necessities will be met. The demand for necessities will be met by the increase of more than 50,000,000 pounds and a similar increase in the demand for necessities will be met by the increase of more than 50,000,000 pounds. The demand for necessities will be met by the increase of more than 50,000,000 pounds.

FLYING SQUADRON OF DRY AGENTS GET BIG HAUL AT GALVESTON

GALVESTON, March 29.—A flying squadron of federal prohibition agents visited Galveston island last night and raided seven soft drink and beer parlors. A large quantity of whiskey was confiscated and 12 men and women spent the remainder of the night in county jail. Charges of violating the prohibition act were filed against three women and 11 men. All waited in the county jail until the morning. The following federal prohibition officers participated in the raids: Russell R. Miles, assistant prohibition director of Texas; M. T. Gougeon, agent in charge of the flying squadron; L. B. Mansel, federal district; Coley White, W. W. Edwards and W. H. Meyers. The arrests last night came as a result of an exhaustive investigation carried on by one of the prohibition agents since the prohibition act was passed. Absolute proof of sales of liquor have been obtained against each one of the persons arrested last night according to one of the federal officers.

NAVY INVESTMENTS IN ALASKAN COAL LANDS GO TO INTERIOR DEPARTMENT

WASHINGTON, March 29.—The navy department's entire investment in Alaskan coal lands, principally the Chickaloon mine, will be transferred to the interior department effective next May 1. It was announced today by Secretary Fall.

BOMB EXPLOSION DOES EXTENSIVE DAMAGE AT PORT ARTHUR, ONTARIO

PORT ARTHUR, ONTARIO, March 29.—An explosion which killed five persons and injured 15 others and broke windows for a distance of three blocks, killed one man and seriously injured two early today. Police declared the explosion was caused by a bomb.

SELF DEFENSE PLEA IN TRIAL OF J. M. CAMP

FORT WORTH, March 29.—Developing further the self-defense plea, witnesses testified today that Earl Henesley, former Texas business man, had made threats against the life of J. M. Camp, who is on trial for killing Henesley. The two were business associates at one time. Henesley was slain March 5. The death penalty is being asked by the state.

WORLD CONDITIONS SPECIAL GRAND JURY TO ALSO LOOK INTO PUBLIC EXPENDITURES

Judge Declares Klan Oath Might Lead to Interference With Justice—Refers to Reported Finding of "Fast" Gas Meters—Various Religious Denominations Are Represented on Body Impanelled on Wednesday Morning.

The special grand jury empanelled in the 78th district court Wednesday morning was given instructions by Judge E. W. Napier to investigate rumors officials were members of the Ku Klux Klan, complaints of Wichita Falls police commissioner that gas meters in the city were set to run too fast, alleged inefficiency of county officials, rumors of misappropriation of city and county funds, the finding of the body of a child in the Club lake, rumors of other cases of infanticide and other matters. In his charge, Judge Napier went into a discussion of what is reported to be the oath of membership and the principles and purposes of the so-called Ku Klux Klan and showed how the taking of such an oath is reported to be taken by members could seriously interfere with the administration of justice.

L. J. Bullitt of Wichita Falls was appointed foreman of the grand jury which is made up of members from all of the commissioners' precincts of the county and a group of members of Protestant denominations, and of the Catholic, Jewish and Unitarian churches. The following make up the grand jury panel: A. Lohoefer, J. L. McMahon, G. W. Watson, Scott Harrison, R. H. Hund, R. B. Merriam, D. M. Perkins, Frank Keim, Sam Kruger, Tom Drinkard, L. J. Bullitt and George Hodgins.

ARMOUR IS WITNESS IN MISTLETOE AT PACKERS HEARING

KANSAS CITY, March 29.—J. O. Armour, head of Armour & Company, was the first witness today when the department of agriculture's hearing of charges of stockyard practices at the Mistletoe stock yards was resumed here today. Mr. Armour was subpoenaed by the plaintiffs, who include representatives of the Kansas City live stock exchange, together with a large number of Kansas and Missouri farm and livestock associations, to testify in this case.

Mr. Armour was asked to explain the organization of Armour and company, but an objection to the question was sustained. He testified that the Mistletoe stock yards are operated by the Mistletoe stock yards company, a subsidiary of the Armour & Company. Its stock is owned by Armour and company. Asked whether the Mistletoe stock yards were operated by the Mistletoe stock yards company, he said he "didn't know." In reply to a question as to whether the capitalization of the Mistletoe firm was, he said he "didn't know."

Answering another question as to whether he had read the complaint against Armour and company, he said he had not. He said he "didn't think he had," but that it had been "explained to him." Asked whether he had read the Armour response to the complaint, he replied, "I don't think I have read it personally."

John E. Boyd, an attorney for the plaintiffs, asked Mr. Armour to explain the reasons why the Mistletoe stock yards were operated by the Mistletoe stock yards company. Mr. Armour testified that he had not seen the Mistletoe stock yards company, but that he had seen the Armour & Company stockyard. He said he "didn't know whether they were single or double decked." Asked how prices paid producers at the Mistletoe stock yards were determined, he replied, "I understand we fix the price at the yards after the hogs are received."

Mr. Armour said he did not know from what state the Mistletoe stock yards received shipments. "Have you any personal knowledge of the Mistletoe stock yards?" he asked Mr. Gore at the suggestion of Judge Hainer. "I have not," Mr. Armour replied. "I haven't been in Kansas City for four or five years. I may not have been at the Mistletoe stock yards, but I have been in a place where I could naturally go."

HIGHEST RAIN AT TULSA SINCE CLOUDBURST, 1918

TULSA, OKLA., March 29.—More than an inch and a half of rain fell in 15 minutes here this morning, flooding many basements and stopping traffic in different parts of the city. The total precipitation was 1.07. The rain was the heaviest since the small cloudburst of June, 1918, weather bureau officials said. Waters were estimated at several thousand dollars.

TEN FOOT RISE SWEEPS DOWN SAN SABA RIVER

FORT WORTH, March 29.—Messengers reported that some of the city and broke windows for a distance of three blocks, killed one man and seriously injured two early today. Police declared the explosion was caused by a bomb.

HIGH WATER 'THREATENS' DAM AT BAILEY LAKE

TIMPSON, TEXAS, March 29.—A large force of workers are endeavoring to prevent a break in the dam at Bailey's lake, which was flooded this morning by the heaviest rain in years. Fifteen acres about the dam are flooded as are lowlands in this section. Little property damage has been reported.

MASS MEETING'S PLANNED AT DALLAS TO STOP FLOGGINGS

DALLAS, March 29.—A mass meeting of Dallas citizens will be held shortly to consider means for putting an end to the series of whippings of Dallas men by masked and unmasked bands.

This was announced following a meeting last night of 25 prominent citizens who informally discussed the situation. Petitions will be circulated among business and professional men of the city, returned to Dallas today to sign the call for the meeting. It is said it is not known just how soon the meeting will be held, this depends upon the rapidity with which signatures to the petition can be obtained.

PHILIP ROTHELM BACK IN DALLAS TO TESTIFY

DALLAS, TEXAS, March 29.—Philip Rothelm, one of the men flogged recently, accompanied by his wife, returned to Dallas today. They are scheduled to appear as witnesses tomorrow, when charges of assault and false imprisonment against Rothelm, J. J. Crawford and others are to be heard. Crawford has denied connection with the flogging cases, and numerous witnesses have been called to his behalf.

HEAVENLY OKLA., March 29.—

Doctor W. Z. McLain, local physician, reported that he had been taken to a drug store here last night and taken in an automobile into the country, was back here today none the wiser for his experience. He said he had not been harmed.

DOCTOR M'LAIN STATED TODAY HE WAS TAKEN A MILE AND HALF OUT OF THE CITY WHERE HIS ABDUCTORS ACCUSED HIM OF BEING "TOO AFFECTIONATE" WITH A WOMAN. HE STATED HE WAS TAKEN TO THE STREETS OF SHADOS MOUNTAIN AND SEVERELY FLOGGED.

The doctor declined to discuss details of the affair but added that he was not a member of the Ku Klux Klan and that he was not a member of any other organization. He said he was not a member of any other organization.

OKLAHOMA PHYSICIAN IS SEIZED BY MASKED PARTY

HEAVENLY OKLA., March 29.—Doctor W. Z. McLain, local physician, reported that he had been taken to a drug store here last night and taken in an automobile into the country, was back here today none the wiser for his experience. He said he had not been harmed.

DOCTOR M'LAIN STATED TODAY HE WAS TAKEN A MILE AND HALF OUT OF THE CITY WHERE HIS ABDUCTORS ACCUSED HIM OF BEING "TOO AFFECTIONATE" WITH A WOMAN. HE STATED HE WAS TAKEN TO THE STREETS OF SHADOS MOUNTAIN AND SEVERELY FLOGGED.

The doctor declined to discuss details of the affair but added that he was not a member of the Ku Klux Klan and that he was not a member of any other organization. He said he was not a member of any other organization.

SEVERELY FLOGGED BUT WILL NOT PROSECUTE

BIRMINGHAM, ALA., March 29.—R. Robinson, rooming house proprietor, was taken from his home shortly before midnight by four men, handcuffed, whisked to Shades Mountain and severely flogged. "The men who did it think they are doing something for the good of the land and I do not want them prosecuted," Robinson said, according to detectives.

OPPELOUSAS, LA., REQUIRES PERMIT FOR KLAN PARADE

OPPELOUSAS, LA., March 29.—Members of the Ku Klux Klan are prohibited from parading or making demonstrations in the streets of Opelousas without a permit from the mayor, under an ordinance adopted by the city council.

BROTHER OF ARMOUR'S GIRL IS SAVED FROM DISEASE

CHICAGO, March 29.—Medical science unable to save the life of six-year-old Gwendolyn Armour has brought her three-year-old brother, Philip B. Armour, IV, safely through an attack of the same disease that proved fatal to the little girl. The lad is a great-grandson of the founder of Armour & Company. A cure of five physicians and four nurses has been attending the boy.

ELECTRIC COMPANY CLEARS \$271,000 HERE DURING YEAR

CORPORATION'S ANNUAL REPORT SHOWS BIG MARGIN OVER EXPENSES
2,800,000 PAY FARES TO TRACTION COMPANY
Its Annual Report Shows Nominal Margin, But No Interest Paid to Investors

Earnings of the Wichita Falls Electric company in 1921 exceeded operating costs by \$271,000, according to the annual report of the company, filed recently with the city clerk, as required by the charter. Expenses totaled \$524,157.47; gross earnings were \$1,257,917.70, of which \$428,217.25 was from lights and \$829,700.45 from power.
The Wichita Falls Traction company's gross earnings were \$1,841,921.54, according to its annual report. The total operating cost was \$1,666,776.83, giving a margin of \$175,144.71; however, as in the electric company, it has never paid interest to either stockholders or bondholders and the margin could hardly be considered a profit.
The traction report shows receipts of \$1,725,518.76 from fares and tickets, indicating a total of about 2,800,000 individual fares during the year. The reports of the two corporations follow:

Electric Company	
Amount of loans or mortgages	\$915,000.00
All other indebtedness	\$2,228.42
Present value of lands	\$2,189.43

STANDARD CLUB MET AT LIBRARY TUESDAY
The Standard club met at Kemp library Tuesday afternoon with Mrs. Witherspoon leader of the lesson on "Washington Square Players—The Club." "Eugenically Speaking," "Overtones," and "Helena's Husband." In the program, Mrs. Fisher read Mrs. J. B. Shipley's paper, "The Work of the Washington Square Players"; Mrs. Conroy, "The Saline of Bernard Shaw" and "Eugenically Speaking"; Mrs. Price, "The Relation of the Social Stage Ghost to the 'Overtones' Characters in 'Overtones'"; Mrs. Downing, "The Effect of a Filippic Treatment of a Disaffected Classical Subject"; "Helena's Husband," and Mrs. McConnell, "The Worth of the Play in the 'Washington Square Plays'."
Those who were present included Mesdames C. E. Bailey, C. W. Staley, Chella Hendrix, E. E. Fisher, T. M. Conroy, A. D. Paffilo, F. E. McConnell, G. P. Martin, J. L. Downing, Anna Witherspoon and T. P. Keim. During the business session Mrs. Bailey was elected delegate to the district convention at Haskell, with Mrs. Conn alternate.

TWO SPEAKERS ARE HEARD AT THE WEEKLY LUNCHEON WICHITA CLUB WEDNESDAY
A talk by Miss Bruce Dickson on the plans of the Studio Players, and a lecture by Dr. S. M. Martin, a pianist, who is conducting services at the First Christian church, were features of the weekly luncheon of the Wichita club at noon Wednesday. W. B. Byron, vice-president, occupied the chair in the absence of G. C. Wood, president. Miss Dickson explained the work of the Studio Players and then gave a much appreciated reading. Dr. Martin, in his talk, discussed the growing discontent among laboring men, and declared that the future was not bright for peace between capital and labor.

NEW S. E. CLASS OF YOUNG MARRIED WOMEN ORGANIZED
A new class of young married women, with thirty-one in its limit, has been organized in the process of organization at the First Baptist Sunday school since the recent reorganization of the school. Mrs. J. E. Ward has been elected teacher, and at a called meeting Friday afternoon at the home of Mrs. J. C. Walker, 1597 Teat, officers will be elected and further plans for the class made.
All who have been to the class meetings the past two Saturdays, or who expect to attend, are invited to the Friday meeting, which will begin at 2 o'clock and will be conducted by charter members of the class.
Furloughs to be divided into 12 sects and sub-sects.

GHOST MACHINE AND PSYCHIC INVESTIGATORS

By HERVEARD CARRINGTON, Ph. D., Director American Institute and Laboratory; Author of "True Ghost Stories," "The Problems of Physical Research," "The Physical Phenomena of Spiritualism," "Psychical Phenomena and the War," etc.
NEW YORK, March 29.—A ghost-hunting machine has been invented. The ghost detector, the only scientific mechanism of its kind in the world, is the autometer—or "psychic howler."
This machine, being perfected at the American Psychic Institute and Laboratory, will solve such problems as the ghost, mysterious in Antigonish, Nova Scotia and Alva, Okla.
Haunted houses will give up their secrets only by the scientific use of the autometer, camera, phonograph records and sound amplifiers. "Do 'ghosts' exist? Yes—certain types. Though 70 per cent of reported cases have been shown to be explained. And the 30 per cent of apparently genuine cases remain unexplained."
Science is quite sure most ghosts are hallucinations. But "I myself have seen genuine ones more than once—not forms, but hands, arms and heads."
"Have ghosts a mind and body? Do not know about the mind, but science says a genuine ghost has a body, an intangible thing lighter than air."
I would measure these phantom things—photograph them—record the sounds they make."
The autometer is an intensely sensitive coil of 3000 finely turned copper wires which may be set up in a room believed to be haunted and connected by wires with a receiving apparatus in another room, where the observer listens through telephone receivers.
Reveals Any Presence
The autometer reveals the presence of an energy, living or disembodied—human being or ghost—that comes within six feet of the coil.
"Does a ghost breathe? Does it have a heart that beats? Nobody knows. But just as the delicately adjusted autometer records the electric energy radiated by a living person's heart and lungs, it would be a variation in the electric current passing through the coil record any form of energy possessed by a spirit or astral body."
And the camera may catch whatever emanation or materialized substance exists before the phantom form dissolves.
Causes of Fires
What the "psychic howler" would detect in such cases as the 25 mysterious fires in the Macdonald house at Antigonish and the seven fires that burst out in one night in Mrs. One Smith's house in Alva, Okla., is a matter of conjecture. (Copyright, 1922, by NEA Service)

Sure Relief
BELLANS FOR INDIGESTION
6 BELLANS Hot water Sure Relief
Help That Aching Back
"Is your back giving out? Are you tired, miserable, all run down, tormented with nagging, backache, lameness and aches, stabbing pains? If so, look to your kidneys. Overwork, hurry and worry tend to weaken the kidneys. Backache and all worn-out feeling is often the first warning. Get back your health while you can. Use Doan's Kidney Pills, the kidney cure that has been recommended. Ask your neighbor! Here's a Wichita Falls case:
"A Ludolphus, plumber, 1604 Travis street, says: 'My back was lame and sore and I could hardly do my work. When I stooped, such sharp pains seized me I could hardly straighten again. My kidneys were irregular in action and bothered me at night. Doan's Kidney Pills bought at the Rexall Drug Store cured me up in five days.'"
KEEP LOOKING YOUNG
It's Easy—If You Know Dr. Edwards' Olive Tablets
The secret of keeping young is to feed young—to do this you must watch your liver and bowels—there's no need of having a yellow complexion, dark rings under your eyes—pimples—billows look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.
Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.
Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that natural buoyancy which all should enjoy by toning up the liver and clearing the system of impurities.
Dr. Edwards' Olive Tablets are known by their olive color. 15c and 30c.

Gordon Motor Crib
Takes Care of the Baby for You
To get the greatest pleasure out of your automobile all should be comfortable. Holding the baby on your lap is neither enjoyment for you nor comfort for either. The Gordon Motor Crib takes care of the baby in a satisfactory, easy, natural way. Thousands of families for the past four years have been keenly enjoying their drives while their babies sleep peacefully in a Gordon Motor Crib.
Price \$11.50 Attached in Car
Babies Sleep Better
Why leave the baby at home when he would sleep better and you would be more free from worry if you had him with you? The motion is so gentle that babies may travel long distances over any road without shocks or jars. In no case has a baby ever fallen out or been subjected to any harmful influences. Many of our purchasers have been doctors; in fact, one of our strongest recommendations is from one of Chicago's leading baby specialists.
Simple to Attach or Detach
Two straps are provided which can be buckled to the robe rail or to the two strap loops that screw to the back of the front seat. On most cars it is better to use the loops as they can be attached in exactly the desired position; but the robe rail is not in the way. A short strap provided with ring attached should be screwed to the floor, foot rail or under back seat cushion in center of car. The spring snaps in this ring and you are ready for the baby.
Notice the Folded Position
By loosening two thumb screws the crib folds down flat against the back of seat; or can be taken out and used on the porch and put back in a few seconds.
It's the Spring
The ingenious spring and suspending arrangements counteracts the jolting of the machine. As the spring is adjustable, the baby rides as smoothly as in a Pullman car. The hood when raised protects him from wind and sun and yet gives all the healthful advantages of fresh air. Many users tell us that the Motor Crib is worth more than a baby carriage at one-third the cost.
Smart Looking in Your Car
Remember you are not buying a cumbersome large cradle or basket to put in your car, but a compact, good looking crib that neighbors notice and admire.

LIONS TO PRESENT SILVER LOVING CUP AS SCHOOL TROPHY

A program hour taken up with the usual impromptu speeches by various members of the club and, at the close, a brief memorial service for the late Lucian W. Parrish took up the weekly Lions club period at the Kemp hotel Wednesday noon.
Announcements of the city interscholastic meet to be held by the local public schools next Friday and Saturday was made by C. E. Danheim, athletic director of the high school, together with a request that as many men as could find time be present at the various events. Mr. Danheim also announced that a silver loving cup to be presented by the Lions club to the school winning the greatest number of points in the meet had been ordered and would be here shortly.
Brief remarks on the value of schools in general were made by Rev. J. Lem Keovil at the close of the announcements.
Mrs. J. W. King, vocalist, Miss Annette Walsh, pianist, and Miss Vaughn Buchanan, reader, provided entertainment of the day for the Lions and all were exceptionally well received.

POLITICAL MEETINGS TO BE HELD IN SEVERAL SCHOOLS
A series of political meetings at which all city candidates will be given an opportunity to expound their views will be held at various school buildings in the city during the next 10 days. Announcements to this effect were made Wednesday by O. B. Kelly, candidate for mayor.
Wednesday night's meeting will be held at the Barlow school and an urgent invitation is extended all voters to be present at the session. Further announcements of the meetings will be made from day to day.

Comfort Your Skin With Cuticura Soap and Fragrant Talcum
S. S. S. WHI Mid. You of the Crusting Pimples-Calamity!
Pimples and skin eruptions have a price—pay for every pustule, black-head and pimple on your face. Pimples produce redness and prevent beauty. Your heart may be gold, but who wants to kiss eruptions? Pimples men don't look like the owners of anything. Pimples women, too, are despised, with no prospects and no power. Young men and women, here's the positive way out. Physics and purgatives will fail. What you need is a scientific blood-cleanser. S. S. S. is one of the most powerful destroyers of blood impurities. You can prove this in a short time. S. S. S. has been named on by a jury of millions of people just like yourself. It is considered one of the most powerful vegetable blood-purifiers and flesh-builders in existence. That's why you hear of so many underweight people putting on lost flesh in a hurry, why you hear of so many rheumatic being freed from their scourge, with S. S. S. Start today with S. S. S. and see your face clear and your skin get redder, your flesh firmer. It will give you a boost in your career. S. S. S. is sold at all drug stores, in two sizes. The larger size is the more economical.

WICHITAN OBTAINS BIG OIL LEASE IN MEXICAN REPUBLIC

C. E. Menzie has returned from a three weeks' trip to various points in Old Mexico, where he and his associates have purchased in fee 89,900 acres of agricultural and mineral land on the Isthmus of Tehuantepec. Arrangements are being made to put down a deep test on their property just north of the well of the Cia De Petrola El Aguilu which came in recently with a 25,000 barrel production.
Mr. Menzie leaves Wednesday night for Kansas City to finish up some minor details in connection with the above, and will then return to the southern republic.

CZARIST OFFICERS ARRESTED FOR THE MURDER IN BERLIN

ONE MAN KILLED AND ATTEMPT MADE ON LIFE OF ANOTHER

BELIEVE PLOT WORK OF FORMER MONARCHISTS

Disturbance Raised in Connection with Address at Russian Meeting

By Associated Press. BERLIN, March 29.—Two czarist officers have been arrested charged with killing Vladimir Nabokoff and attempting to assassinate Prof. Paul N. Milukoff. The men are Peter Schabalski-Brook and Jaribos Tzobvitzki. M. Nabokoff was killed during an attack on M. Milukoff while the latter was addressing a Russian meeting here last night.

Both of the men held have been identified by people who were on the stage when the shots were fired. The authorities believe other Russian monarchists who were present and escaped in the uproar were also implicated in the plot to assassinate M. Milukoff.

Prof. Milukoff was formerly minister of foreign affairs in the Russian provisional government and M. Nabokoff was secretary of state in the Russian parliamentary cabinet under Prince Lvoff.

M. Milukoff's presence of mind enabled him to escape and he made a quick forward and downward movement when the first shots were fired. His assailants mounted the stage to renew the attack at short range, but one of the officers was shot by M. Nabokoff and was taken to the floor. His companion came to the rescue and fired the shots into Nabokoff from

Milukoff meanwhile had succeeded in reaching an ante-room off the stage, while the assailants were seized by the infuriated spectators, who threatened to lynch them. The police are inclined to believe that the plot to assassinate M. Milukoff was connected by the former monarchists who are now holding a congress in Berlin. M. Milukoff arrived from Paris yesterday and an announcement of his lecture had attracted a large audience.

THREATENED BREACH IN BRITISH CABINET HAS BEEN AVERTED

By Associated Press. LONDON, March 29.—The threatened breach in the cabinet of the Prime Minister Lloyd-George's program for the Genoa conference has been averted, in the opinion of the political correspondents of today's newspapers. Everything has been smoothed out in preparation for the premier's appeal to the house of commons on Monday.

It is understood that the compromise was arranged on the basis of the resolutions adopted by the supreme council at Cannes regarding the conditions under which Russia would be allowed to participate at Genoa. Reports differ as to whether Mr. Lloyd George or Secretary of Colonies Churchill and his supporters yielded. Most of the writers, however, say that the premier found the opposition so strong that he was obliged to drop a part of his program.

It is stated in some quarters that the conservative opposition both to the premier and to the Genoa meeting has been strengthened considerably in the last few days and that this will be apparent in Monday's vote in the commons.

SINGERS ON VAUDEVILLE CIRCUITS ARE PROHIBITED FROM SINGING FOR RADIO

CHICAGO, March 29.—Singers on vaudeville circuits are prohibited from singing for radio telephones by clauses which are now being inserted in their contracts. The Western Vaudeville Managers' association, which first began making such contracts, declares that the best efforts of the singers are needed for the stage.

POST LOCKOUT NOTICES AGAINST 47 UNIONS

By Associated Press. LONDON, March 29.—The Engineering Employers' federation today posted notices locking out the members of 47 unions in addition to the amalgamated engineers' union. The lockout is to take effect in one week and will affect 600,000 additional men.

BREAK CHEST COLDS WITH RED PEPPER

Ease your tight, aching chest, stop the pain, break up the congestion. Feel a hot chill loosen up in just a short time. "Red Pepper Rub" is the cold remedy that brings quickest relief. It cannot hurt you and it certainly seems to end the tightness and drive the congestion and soreness right out. Nothing has such concentrated, penetrating heat as red peppers, and when heat penetrates right down into cold, congestion, aching muscles and sore, stiff joints relief comes once. The moment you apply Red Pepper Rub you feel the tingling heat. In three minutes the congested spot is warmed through and through. When you are suffering from a cold, rheumatism, backache, stiff neck or sore muscles, just get a jar of Rowley's Red Pepper Rub, made from red peppers, at any drug store. You will have the quickest relief known. Always say "Rowley's."—(Adv.)

TO STOP BELFAST CIVIL WAR

PHILIPPINE HERALD PRINTS AN APOLOGY FOR WOOD CARTOON

MANILA, P. I., March 29.—The Philippine Herald today printed an apology for a cartoon in last Sunday's edition, which represented Governor General Leonard Wood thrusting a dagger through the heart of a Filipino woman personifying Philippine autonomy. The Herald is an English language newspaper, owned and conducted by Filipinos. In its apology the Herald says:

"The Herald desires to make a sincere avowal of the mistake made in printing the cartoon of last Sunday. Articles and editorials published in these articles and editorials. It believes its position on the veto power is unassailable and it certainly deprecates the use of the cartoon which was evidently unjust to the governor general. The principle involved is too precious to be marred by a cartoon, the author of which carried the initial idea too far by giving it a gory appearance. The impropriety of running the cartoon is admitted."

MANY FOREIGNERS SEEK PERMISSION TO PURCHASE PROPERTIES IN MEXICO

MEXICO CITY, March 28.—More than 300 foreigners, 150 Americans, among the number, have requested permission to purchase Mexican properties under the terms laid down yesterday by the foreign office, says an announcement issued today. The order of the foreign office is designed to facilitate property transfer by providing that application be made direct to the foreign office, thus eliminating much red tape.

BOMB THROWN INTO MIDST OF CROWD TO HEAR PRO REFORMER

GREEN BAY, WIS., March 29.—Panic reigned in the Union Congregational church here last night when a bomb was thrown into the midst of an audience of 500 persons gathered to hear William E. (Pussyfoot) Johnson, world famed prohibition reformer, deliver his address on "The New India."

One woman fainted and a general break was made for the nearest exits with those on the platform doing their utmost to quell what promised to be a dangerous stampede. R. C. Walker walked down the aisle and grasped the smoking tubular bomb and started back when it exploded in his hands. Investigation proved that it was an amateurish model, a small tin can filled with black powder which, however, might have caused serious damage had it exploded as evidently intended.

It was evident from the action of the bomb that the handling had shaken its contents causing it to explode in much the same manner as fire crackers will occasionally fissile on the Fourth of July. Mr. Walker was slightly wounded. Pussyfoot Johnson was at the time giving his address at another church, and Lewis L. Holton, prohibition worker, had the floor when the bomb was thrown into the church. Police were called and the remains of the bomb turned over to them for evidence.

VICE PRESIDENT OF THE MIAMI NATIONAL BANK TENDERS RESIGNATION

MIAMI, FLA., March 29.—C. M. Clayton, vice president of the Miami National bank, has resigned and his resignation has been accepted. No explanations were offered. Clayton last week was discharged after a three day hearing in which he was accused of being a party to a conspiracy to violate the Volstead act. Federal prohibition agents testified that they deposited \$4,000 in escrow with him and that he wrote an agreement for the purchase by them of 100 cases of liquor which the agreement specified were "commodities."

GUARD THE YARDS OF MARYLAND RAILROAD

Action Follows Clash Between Men on Duty and the Striking Shop men

HAGERSTOWN, MD., March 29.—City police and an augmented force of railway guards patrolled the yards of the Western Maryland railroads here last night following a clash between guards and striking shop and maintenance of way employees of the road in which Vernon Schildebrecht, one of the latter, was shot in the leg.

The disturbance occurred when the railway guards attempted to run an engine which had been broken down on the mainline track within the yards and which the train crew had left there, refusing to do the repair work in place of the shop men who went on strike last Saturday after the shops and maintenance of way work of the road had been taken over by the Dickson Repair and Construction company of Youngstown, Ohio.

SECRETARY DE LA HUERTA POSTPONES NEW YORK TRIP

By Associated Press. MEXICO CITY, March 29.—Secretary of the Treasury de la Huerta told the editor of the Correo de la Huerta of Hermosillo that he would not go to New York until the end of May or at least until representatives of Mexico's European banker creditors had arrived in New York, says a dispatch today from Hermosillo. The secretary said his proposed trip did not consider recognition of the Mexican government by the United States. Secretary de la Huerta said the banking negotiations were progressing satisfactorily.

CREST OF MISSISSIPPI FLOOD IS NEAR MEMPHIS

MEMPHIS, TENN., March 29.—The crest of the Mississippi flood today was between New Madrid, Mo., and Memphis, and was expected to reach this point sometime Friday, according to weather bureau officials. The gauge here registered 42.1 early today, a rise of only three-tenths of a foot in 24 hours. A fall of 0.4 was recorded at Cairo and of 0.1 at New Madrid last night. No serious trouble at any point in the levees between Cairo and Memphis had been reported.

THE WOMAN'S PAGE

KNICKERS NEXT LOGICAL STEP

Daniel Edward Ryan, his daughter in one of the favorite knicker costumes, and some of the knicker styles.

By RUTH ABELING
NEW YORK, March 28.—Knicker! They're coming!
They're coming for everyday use for women! Next logical step is from short skirts to knickers!
Just as surely as the hoop skirt became the bustle skirt, just as surely as the bustle skirt became the full skirt, just as surely as the full skirt became the hobble skirt, just as surely as the hobble skirt became the short skirt, just so will the short skirt become the knicker!

So says Daniel Edward Ryan, old time designer.
Ryan is the best known designer of women's wear. He is 52 years old, the oldest designer in New York, and so has watched the passing of the years and the passing of fashions.
"Now when I say knickers," says Ryan, "I do not mean bloomers—bloomers are sloppy and crude. I refer to neat, well-cut knicker with a smart jacket and a vest, if a woman wants to wear one."
"Hooped skirts? Atrocious!" "Bustled skirts? Ridiculous!" "Long, sweeping skirts? Unsanitary!" "Hobble skirts? Dangerous!" "Short skirts? Sensible!" "Knicker? Ah—they're the thing! Sensible! Beautiful!"
Thus says Ryan—and further:
"Women of the ordinary walks of life watched stage women display their legs and win admiration with their beauty. And they reasoned: 'Each one—why not try it herself?'"
"So, under the influence of the theatre, skirts began to get shorter and shorter until they pretty nearly reached the knees. That is one of the best movements for freedom women have ever made."
"Short skirts leave a woman leg free—and so, safe on her feet. And why should she cover her legs?"
"I'll tell you," Mr. Ryan wagged his head, "the young women of today have splendidly developed underlinings."
"Never in all of my years as a designer have I seen such beautifully developed legs. It is astonishing! There are no knock-knees, no spindly legs, no low legs!"
"Then why should they be hidden?"
"In designing short skirts and knickers, designers are simply catering to the desires of women."

ENTERTAINS AT TEA
HONORING HER GUEST

"Get-Acquainted" Prayer Service

There will be a "Get-Acquainted" prayer service tonight at the Floral Heights Methodist church, according to an announcement Wednesday morning, and every member of the church, including those who united with the church through profession or letter during the recent revival, is urged to be present and assist or take part in the hospitality.
The purpose of the meeting is to bring together as many of the new members and the old as possible, so that they may get acquainted with each other. The pastor and Mrs. Grosselone and the members of the board of stewards, with their wives, will constitute the reception committee.
"It is not to be a formal reception, but merely an old-fashioned Methodist hand-shaking," Mrs. Grosselone stated Wednesday morning. "In which the spirit of good fellowship will be prominent."

PHILATHETA CLASS ENTERTAINS MONDAY
The Philatheta class of the First Methodist church, Seventh and Lamar streets, held a delightful social meeting Monday evening at the home of their teacher, Mrs. T. S. Fittinger, 611 Lamar street, with Misses Clara and Maggie Corbell as hostesses.
The evening was spent in needlework, also, a very interesting and enthusiastic business meeting was enjoyed by the following members: Misses Birdie Simmons, Mary Foster, Mary Byman, Clara Corbell, Maggie Corbell, Bertha Jackson, Sarah Watson, Lara Lyle, Eva King, Edna Myers, Ruth Mead, Mattie Watson, Eva Mead, Gladys Wisdom, Muriel Scofield, Mabel Watson, Mildred Corbell, Ethel Andrea, Mary Underwood, Anna Byman, Eula Fultz, Irene Swain and Beth Schofield and Mmes. Ingalls, Wyatt, Ward and Pittinger. The visitors included Miss Allen, Mrs. Schroeder and Rev. T. S. Fittinger.
The next social meeting of the class will be held on Monday night, April 3rd, at the home of Miss Mary Foster, 1108 Travis street. All members are urged to be present.

FIRST SUNDAY GARDEN BABY HAS A BIRTHDAY
Little Miss Marguerite McGregor, daughter of Mr. and Mrs. Stanley McGregor, and first Sunday Garden baby of the Times, celebrated her "twelfth" anniversary Monday afternoon with an Easter birthday party at her home on Polk street.
About a dozen little folks in Marguerite's friendship circle helped make the afternoon pass happily for her, the children playing games and being utterly delighted with the beautiful Easter table. The decorations were all suggestive of Easter and consisted of colorful eggs and dainty little Easter baskets, the birthday cake with its pink candies. Ice cream, cake and candy were served for refreshment. Mrs. McGregor being assisted in entertaining the little folks by her mother, Mrs. Crowl. The children present included: Joan Fox, Maurine Boardman, Helen D. Nantel, Martha Morrison, Anne Clymer, Wilma Thomas, Dorothy Somerville, Wilma Jane Burt, Norman Somerville, Crawford Stearns, J. W. Thomas Jr., Porter Oakes Jr. and little Miss Mary Charlotte McGregor.

MISS SARAH BETH BOGGESS HAS A PRETTY SURPRISE
Miss Sarah Beth Boggess was very happily surprised Sunday with a birthday dinner at her home, Charlotte Kemp Hall. The young lady was thirteen years old but was as thoroughly delighted as any mere child when four of her closest young lady friends appeared and were invited, with herself, into the living room and seated at a beautifully decorated dinner table with covers laid for five. A birthday cake with thirteen pink candles centered the table, with pretty Easter decorations, and a sumptuous repast was served to Misses Frances Willis, Ilena Ray, Josephine Cooke and Sophie Spitz, with the honoree, Sarah Beth.

ADVENTURES OF THE TWINS TWELVE TOES' TRICK

By OLIVE ROBERTS BARTON

"It's very queer," said Nancy, getting down on her knees to look.
Although Nancy and Nick tramped over the entire side of the Electric Mountain, hunting for the invisible brook, not a sign of it could they see. At last they grew very tired.
"Oh, let's give it up and go back to the path," said Nancy. "I'd like to find the Elderdown Mountain and lie down and take a sleep."
Suddenly who should appear beside them but Kip, their little Brownie friend, who had found their goldfish for them.
"Oh, Kippie, I'm so glad to see you," said the little girl. "I'm so tired and I think we're lost or something. And we've had a lot of trouble."
"I suspected as much," nodded Kip. "And that's why I'm here. By this time, if all had gone well, you'd have been over Elderdown Mountain and half way over Chocolate Mountain. Hey! Watch out there! Don't sit down. If you do you'll touch the electric wires and get shocked. Then you never will get to the end of your journey. That's the idea. To tire you both out so you'll sit down and stay down."
"Whose idea is it?" asked Nick. "Whose idea is anything? Who has been trying everything in his power to keep you from taking the record to the Princess Thera? Why Twelve Toes, the Sorcerer, of course."
"But we heard a brook," Nancy started to tell him. "and we—" "Yes, I know you heard a brook," Kip interrupted. "And

there isn't any brook on this mountain any more than there's a cow in the moon. That's why I'm here. "When I got your goldfish from the Sorcerer's cave I lost a suspender button and went back to get it. "And what do you think that old Sorcerer was doing? Pouring water from one kettle into another and back again, right in front of his telephone. And the electric wires on this mountain caught the sound—there's a telephone up in every tree that you can't see—and it sounded exactly like a mountain brook to you. Old Twelve Toes is probably listening to what I'm telling you this very minute. Won't he be mad?"

Says Men Should Wear Corsets and Promote Trimness

PHILADELPHIA, March 29.—Men as well as women should wear corsets, in the opinion of Amelia Bingham, actress, who addressed the New Century club yesterday. "Trimness," she said, "is desirable not only in women, but in men as well. All women should avoid stoutness by wearing corsets. Why shouldn't men wear them for the same reason?"

DEATH STILL LURKS AT HOSPITAL WHERE TWINS JOINED TOGETHER ARE ILL

CHICAGO, March 29.—Death still lurked today in the shadows of the hospital room where the Josefs and Rosa Blazek, the twins who were joined at birth and have been called the "Siamese twins." They continued in virtually an unconscious state, Josefa entirely oblivious of her surroundings and Rosa in a comatose condition.

The long talk of operation to separate them is entirely contingent on the death of one which, physicians have said, would mean the death of the other. Should Josefa die of the yellow jaundice which has stricken both, Rosa might possibly live two or three days, but that would be certain without an operation. Dr. Benjamin Breakstone said. The success of an operation separating the twins is problematical, physicians declared. Rosa's 12 year old son, Frank, and the mother's brother, Frank, remain constantly at the bedside.

SECURITIES BELONGING TO AGED MAN WHO SUICIDES PROVE TO BE VALUELESS

NEW YORK, March 29.—Examination of securities thought to be worth \$225,000, and found in a valise which George E. Reiners, elderly messenger, had left in the office of the Editor and Publisher in the Pulitzer building several hours before he was found Sunday morning on the main floor from an 11 story fall, proved them to be valueless.

The packages of railroad, mining and coal stock evidently were of companies dating back to civil war times and had been cherished by the old man.

SEVERE ELECTRICAL STORM REPORTED FROM LOCKHART

LOCKHART, TEXAS, March 29.—A severe electrical storm accompanied three and one-half inches of rain which fell here last night. One barn was struck by lightning and destroyed with its contents and some crop damage reported. Electric lights are out of commission. The rain continued this morning.

(Continued From Tuesday)

Sabre had been promised full partnership by Mr. Fortune. He desired it very greatly. The apportionment of duties in the establishment was that Sabre managed the publishing department, Twining supervised the factory and workshop wherein the ecclesiastical and scholastic furniture was produced, and Fortune supervised his two principals and every last employe and smallest detail of all the business.

In 1912 Sabre felt that he had now brought the publishing into line with the established departments. He had emphasized the firm's reputation in this activity by the considerable success that attended two textbooks bearing (one in collaboration) his own name, "Sabre and Owen's Elementary Mathematics" and "Sabre's Modern History."

The tributes with which this slim history primer of one hundred and fifty pages for eighteen pence had been that attended Sabre towards a much bolder work, on which the early summer of 1912 saw him beginning and into which he found himself able to pour in surprising volume thoughts and feelings which he had scarcely known to be his until the pen and the paper began to attract them. The title he had conceived alone stirred them in his mind and he drew them from it as a magnet stirs and draws from filings. "England!" Just "England!"

Mabel called Sabre's school textbooks "those lesson books."

After she had thus referred to them two or three times he gave up trying to interest her in them. The expression hurt him, but when he thought upon it he reasoned with himself that he had no cause to be hurt.

Later he never mentioned "England" to her. But he most desperately wanted to talk about it to someone. He was not actively aware of it, but what, in those years, he came to crave for as a starved child craves food was sympathy of mind. He found it, in Penny Green, with what Mabel called "the most extraordinary people." What you can find in that Mr. Fergus and that young

care, would sigh restfully and sleep again. He gave Sabre extraordinary sensations. If he had been asked to name his particular friends, these were the friends he would have named. He saw them constantly. Infrequently he saw another. Quite suddenly she came back into his life.

Perch and his everlasting mother, she used to say, "I simply cannot imagine."

Mr. Fergus, who lived next door down the Green, was a gray little man with gray whiskers and always in a gray suit. He had a large and very red wife and six thin and rather yellowish daughters.

And there were the Perches—Young Perch and that everlasting old mother of his," as Mabel called them.

Sabre always spoke of them as "Young Rod, Pole or Perch" and "Old Mrs. Rob, Pole or Perch." This was out of what Mabel called his childish and incomprehensible habit of giving nicknames—High Jinks and Low Jinks the outstanding and never-forgotten example of it.

TEX RICKARD FOUND NOT GUILTY BY JURY IN NEW YORK COURT

ACQUITTED OF CHARGES OF ASSAULT AND ABDUCTION

MAY HAVE TO ANSWER IN THREE OTHER CASES

Promoter is Accorded a Big Demonstration When the Verdict is Announced

NEW YORK, March 29.—George L. Tex Rickard, sports promoter, who was acquitted of charges of assault and abduction in supreme court here today, will probably be called on to answer to three similar indictments that have been found against him by the grand jury. This was indicated by Assistant District Attorney Ferdinand Pecora, who conducted the trial of Rickard on accusations made by Sarah Schoenfeld, aged 15.

After the jury had reported its finding to the court Mr. Pecora said:

"I want to look over the proof of the other cases before I come to any definite decision. I haven't had time to consider them yet as I have concentrated on this one case. Out of the four indictments the one tried out today and the one charging abduction of Nellie Gasko are predicated on virtually the same set of allegations. I think it is fair to state that in view of the jury's decision I would not consider it worthy while to submit these same facts to another jury on the abduction indictment."

His statement followed a declaration by Max D. Stear, attorney for Rickard who said the assistant district attorney had regarded the case ended and had promised not to try Rickard on the other indictments if the Schoenfeld case failed.

Seldom has there been such a demonstration in the courtroom as that staged when the jury brought in its verdict freeing Rickard. Hundreds had lingered about the big building, thinking the jury would not deliberate long before reaching an agreement. When the first word fell from the lips of the jury foreman the word was shouted through the corridors and based along the throng waiting in the street outside. Rickard was almost overwhelmed by his friends, but made his way through the crowd to telephone where he called his apartment.

Indigestion, Nervousness and Headaches Gone and I Gained 10 Pounds on TANLAC

says Mrs. Loreta Turley, 2028 S. Lawrence St., Wichita, Kansas. Many women endure these complaints for years without knowing just where to turn for relief. Tantalac has restored thousands to the enjoyment of perfect health just as it did Mrs. Turley. Get a bottle today at any good druggist.

For Raw Sore Throat

At the first sign of a raw, sore throat rub on a little Musterole with your fingers.

It goes right to the spot with a gentle single, loosens congestion, draws out mucus and pain, cleans, white ointment made with oil of mustard. It has all the strength of the old-fashioned mustard plaster without the blister.

Nothing like Musterole for croupy children. Keep it handy for instant use. 35 and 65 cents in jars and tubes hospital size.

BETTER THAN A MUSTARD PLASTER

MOTHER!

Open Child's Bowels with "California Fig Syrup"

Hurry Mother! A glassful of "California Fig Syrup" now will thoroughly clean the little bowels and in a few hours you have a well-behaved child again. Even a cross, feverish, constipated child loves its "fruit" taste, and mothers can rest easy because it never fails to work all the sour bile and poisons right out of the stomach and bowels without griping or upsetting the child.

Tell your druggist you want only the genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottles. Mother, you must say "California." Refuse any imitation.—adv.

ment and informed Mrs. Rickard of his acquittal.

Charges Come as Surprise. Charges that Tex Rickard had improperly conducted himself with several little New York school girls unexpectedly on January 21 from the Society for the Prevention of Cruelty to Children. Officers in that organization appeared in magistrate's court with Alice Burke, 13-year-old daughter of an East Side widow who works as a domestic, and complained that the promoter of sporting events had criminally assaulted her on several occasions.

Two of Alice's companions, Anna Hess, 11, and Renzie 12, went along with her to court. They are the daughters of poor East Side workers. Anna told that Rickard tried to assault her and Elvira Subsequent to the trial, the promoter of the following week Nellie Gasko, 12 years old, was reported missing. In a few days detectives found her in a farm near Wappingers Falls, N. Y., with a private detective, Nathan Podd, who was brought to New York and charged with kidnapping and abduction in a pending criminal action.

Meanwhile, Alice Ruck and Anna Hess had testified before a magistrate that Rickard had attempted to assault them while they were in their bathing suits at his public swimming pool in Madison Square Garden last summer. Rickard had threatened them while they were in their bathing suits at his public swimming pool in Madison Square Garden last summer. Rickard had threatened them while they were in their bathing suits at his public swimming pool in Madison Square Garden last summer. Rickard had threatened them while they were in their bathing suits at his public swimming pool in Madison Square Garden last summer.

I am told that some of our most prominent citizens are members of this organization. This may or may not be true, but that circumstance does not in any sense give it a higher standing in the eyes of the law. No one does it purge it of its unlawful character, nor should these circumstances deter you in the performance of your duty.

This court appreciates the fact that you are going to meet with much difficulty during the course of your investigations, but the matter thoroughly, and if, in your opinion, there is sufficient evidence to remove any officer for any of the reasons herein stated, this court will, upon your recommendation, entertain proceedings for that purpose.

Field of inquiry of course is not confined to the matters set forth in this charge; you should examine into all matters of violations of the law, whether suggested to you by the court or not.

JAPANESE STEAMER IS AGROUND NEAR GALVESTON RESULT OF A COLLISION

GALVESTON, March 29.—The Japanese steamer Baltimore Maru is aground here today following a collision off the bar last night in a fog with the Italian steamer Anna. The Japanese steamer was outboard for the Orient with cotton and lightening probably will be necessary to refloat her. The Anna was inbound for Houston. Both vessels were slightly damaged in the collision.

ARREST NEGRO PORTER WHO ATTACKED GIRL

PRATT, KAN., March 29.—Lucas Smith, a negro bank porter, alleged to have attempted to molest Miss Mattie Ringley, stenographer here yesterday, is in custody in a nearby town. Sheriff Joe McCool declared today.

The sheriff denied reports of an attempt to lynch Lucas and said no crowds formed in front of the jail. Lucas was taken from Pratt merely as a precaution, he said.

Miss Ringley told officers she had gone into the bank to work when the negro, also employed by the firm attempted to attack her. In the struggle the girl's clothing was torn and one of her teeth was knocked out.

SEVEN MILLION PEOPLE GIVE SERVICES WITHOUT PAY

It costs more to dirty than to keep clean. Consider the toll of dirt, disease, fire and depreciation, through filth, disorder and neglect. Dust and grime are said to be responsible for more than 50 per cent of the wear and tear on clothing and house furnishings.

It is not surprising, then, that the people of America have been thoroughly aroused to the necessity for community cleanliness. When the national clean up and paint up bureau first sounded the call to arms on May 1, 1932, there was an almost instant response.

Today more than 7,000 cities and towns with a probable average of 1,000 volunteer workers, or a total of 7,000,000 men, women and children, are working together for a common cause—to make this com-

munally as clean as its cleanest home.

This is but the power of an idea multiplied by the multitude. It is the mass idea extended and lengthened. It is co-operation in its highest development, and its visible results represent the finest and most practical kind of altruism.

It was not difficult to convince these 7,000,000 co-operators that their united efforts would enable all of them to enjoy greater economies in living. Every housewife realized that dirty streets and yards in her community were a real burden on her time and purse. The dust from the streets was blown into her home. It found lodgment in the curtains, draperies and carpets. It made her housekeeping an endless burden.

No home owner would attempt to clean up the entire community, but when a large number work together in a concerted effort to clean up, the result is apparent to all of them.

Neither was it difficult to convince the city government and the business interests that a consistent effort to clean up and keep clean would be a good thing for everybody. It has made the city more sanitary, eliminated fire risks, reduced insurance premiums, increased the pride and self-respect of all citizens, and made the city a more desirable place in which to live.

"The Cleanest Spot on Earth"

Fifteen years ago a well known Englishman who toured the United States was a close observer of conditions in the large cities which he visited. His parting words to the newspaper men just before his ship sailed for home were: "The city of Washington is the cleanest spot on earth."

All patriotic Americans are proud of our national capital. We grow enthusiastic over its beautiful build-

ing, its monuments, homes, and the general cleanliness which prevails all the time in almost every section of that city.

But today there are thousands of cities and towns in America which are just as clean and sanitary as the city of Washington. They have been made so by the aggressive clean up and paint up campaigns which have become a regular annual feature of their civic life, as they are in Washington.

The discriminating man or woman who visits a dirty city for the first time is sure to see its disorderliness. There is nothing about unkempt streets, faded and run-down houses, or dirty alleys to attract any stranger. Therefore these visitors to a dirty city are most likely to refer to it as "The dirtiest place I ever saw."

What do you think of your city? Is it dirty or clean? You can help make it one of "The cleanest spots on earth" and your co-operation in the clean up and paint up campaign is the best means to this end.

PREACHER-COP TELLS HOW HE'LL CLEAN CHICAGO

REV. J. H. WILLIAMSON

By ROY GIBBONS

CHICAGO—Rev. John H. Williamson, Methodist preacher who has been named law enforcement commissioner with instructions from Mayor Thompson to make Chicago a "clean town," isn't going to replace the policeman's billy with a Bible.

This was his answer to a round robin letter addressed to the minister-op by a number of citizens of the underworld who wanted to know what method of eradicating them Rev. Williamson was going to pursue.

Rev. Williamson does say, however, that twentieth century Christianity will be the guiding light in his program to rid the second largest city of its crooks and undesirables.

Specifically the new law enforcer plans to clean up Chicago by instilling "a moral consciousness in the community." By that he means every man his own detective, detecting himself when it is necessary, as well as detecting others.

"We shall have a democracy at work," he says, "it will be the conquering by the greatest good of the greatest number."

Under Rev. Williamson's regime, Chicago is to be dotted with volunteer vigilante citizens' committees. Civic organizations, women's clubs, and neighborhood groups are to be enlisted in the campaign against crime and vice.

This is the way Rev. Williamson, looking into the future, sees his plans materializing.

Each man his brother's keeper. Volunteer watchers over "lovers' lanes."

Vigilante members doing bathing beach patrol.

A "citizen detective" at the door of every crime waiting to nab the offender.

In the minister-op's eyes, the most important item in this league for law observance is the plea to the individual to accept more responsibility for the conduct of his neighbor.

"Each man is his neighbor's keeper," he says. "When that is recognized, there will be less crime because the individual influence for good will radiate a wholesome community atmosphere."

JOINT REVIVAL MEETING TO BE HELD AT VERNON

VERNON, TEXAS, March 29.—Arrangements are fast being perfected for the joint revival meeting to be conducted in Vernon April 3 to 14 inclusive by the local Methodist and Presbyterian churches. Meetings, which will be held daily in the Methodist auditorium, will be conducted by ministers of both churches. The two congregations here have for some time been holding joint prayer meeting services, first in the Presbyterian church and then in the Methodist.

Nearest distance Mars comes to the earth is 35,000,000 miles.

Density of Mars is three-fourths that of the earth.

Radio Sparks

Chronometers on ships are no longer necessary. Radio time signals are replacing these instruments. By these signals, just as by the chronometers, the ships' officers can tell the longitude of their vessel. Now, if the chronometers go wrong, the ship can depend on the regular radio time signals from the powerful stations at Arlington and Mare Island, Cal.

Keeping up with events by radio is just as easy in the far north as anywhere else. Professor Bibby of Toronto Observatory, has a radio set while conducting his investigations at Fort Norman, in the Canadian far north. He gets time signals daily, as to have correct basis for his observations.

A twelve-tube receiving set at Paris, with a one-meter loop antenna, has been used in recent radio experiments. Experts have found that, with this instrument, they could detect low power transmissions up to 5,000 miles away, under ordinary conditions. Besides detecting and amplifying, the tubes have succeeded in filtering out a great deal of static and other disturbances.

REPORT REDUCTION IN COTTON ACREAGE

For West Texas the Average is Only About Twenty Per Cent

STAMFORD, TEXAS, March 29.—The department of commerce's final figures for cotton production in Texas for the year 1921 show a total for the whole state of 2,123,166 bales as against 4,142,559 bales for 1920. Production reductions thus for the state as a whole are approximately 50 per cent. The counties of the state, however, show wide variations. Some counties show reductions of upwards of 40 per cent, while on the other hand there are counties showing increases.

For west Texas, average reductions are only about 20 per cent, notwithstanding that acreage reductions in west Texas about equaled those in the remainder of Texas.

For Texas as a whole some counties showing abnormally great reductions are:

- Anderson, east Texas, 45 per cent.
- Angelina, east Texas, 43 per cent.
- Austin, east Texas, 55 per cent.
- Bell, central Texas, 72 per cent.
- Brewster, south Texas, 81 per cent.
- Calahan, west Texas, 56 per cent.
- Brown, west Texas, 49 per cent.
- Some of the counties showing increases are:
- Childress, west Texas, 7 per cent.
- Collingsworth, west Texas, 21 per cent.
- Cottle, west Texas, 24 per cent.
- Dawson, west Texas, 14 per cent.
- Dickens, west Texas, 116 per cent.
- Hall, west Texas, 24 per cent.
- Kent, west Texas, 4 per cent.
- Kleberg, south Texas, 10 per cent.

Several other west Texas counties showed increases. Kleberg is the only county outside of west Texas showing an increased production, and the figures are estimated for the county. The figures were assembled by the West Texas chamber of commerce.

 3:30. Round Table.
 7:15. "The Problem of Religious Education"—Rev. H. D. Knickerbocker and Rev. J. H. Grosselock.

CLAIM A SOLUTION OF PROBLEM OF SECRECY HANDLING WIRELESS FOUND IN AUTOMATIC MACHINES

CHICAGO, March 29.—Secrecy in wireless communication, absence of which has been one of the drawbacks to this form of telegraphy, may be attained by the adoption of the automatic printing machines used by the Associated Press and commercial telegraph circuits in many parts of the country, according to Sterling Morton, president of the Morum company, one of the pioneers in the manufacture of automatic telegraph equipment.

Experiments have been under way for months in sending and receiving wireless messages with the automatic printers, Mr. Morton says, and the system has proven successful.

Sending from a typewriter keyboard, a typist can average 100 words a minute, while the attendant at the receiving end need only watch the automatic printer work. The printing machines use a tape in which a punching mechanism operated by the keys of the typewriter keyboard, punches holes in various combinations of five positions. Electrical contacts made through the holes in the tape dispatch the impulses which are received and translated back into letters by the automatic typewriter at the other end of the circuit.

The advantage of the machines in wireless lies in an almost infinite variety of adjustments by which no

"listen in" on machine sent wireless, according to Mr. Morton, the operator would have to find the wave length of the motor speed and then the particular keyboard code employed.

At the receiving end the operator can go away without leaving the apparatus running. An endless screw shuts off the operation motor if no letters have been received for one minute. When the sending station starts again the first electrical impulse trips a spring and the motor starts again, continuing in operation until another minute has passed without a signal.

VERNON YOUNG LADY WIVES YOUNG MAN OF ALTUS

VERNON, TEXAS, March 29.—A pretty though quiet wedding occurred in Vernon Tuesday afternoon at 2 o'clock when Miss Alice Lane of this city became the bride of Jasper Pendleton of Altus, Okla., at the home of her parents, Mr. and Mrs. W. R. Lane. The impressive ceremony was read by Rev. C. A. Waterfield of the Methodist church in the presence of only relatives and close friends of the two families. The house was beautifully decorated for the occasion. The bride is well known here, having lived in Vernon the greater part of her life. She was graduated from the local high school in 1915, is a member of the Baptist church, and an active religious worker. Mr. Pendleton is the oldest son of Mr. and Mrs. G. D. Pendleton of Altus, Okla. He attended the schools at that place and finished his education at the University of Oklahoma and Baylor University. The young couple left immediately after the ceremony for Oklahoma City where they will make their home.

ELEVEN PER CENT OF FOREIGN POPULATION CAN'T SPEAK ENGLISH

WASHINGTON, March 29.—Eleven per cent of the foreign population in the United States 10 years of age and older, according to the 1920 census, was unable to speak English, the census bureau announced today. The number was 1,488,948 out of a total foreign born population more than ten years of age of 13,497,896. These figures compared with 2,953,911 non-English speaking foreign born residents, or 22.8 per

cent of the total enumerated in the 1910 census.

In Texas, Arizona and New Mexico, where more than two-thirds of the foreign white inhabitants were born in Mexico, the percentages unable to speak English were respectively 31.7 per cent, 51.9 per cent and 49.4 per cent.

HOUSE ON EIGHTH STREET HAS \$2500 DAMAGE FROM FIRE EARLY TUESDAY P.M.

Another fire listed as "origin unknown" took a heavy property toll Tuesday night at the home of Mrs.

A. Hatcher, 1006 Eighth street. Damage by flames and smoke will amount to about \$2,500 according to estimates.

The fire was discovered about 9 o'clock and had gained considerable headway before an alarm was turned in. The roof was badly burned and several rear rooms damaged, while interior furnishings suffered heavily from smoke.

Estimates on the furniture loss, said to be total, placed the figures at \$1,100. Insurance to the amount of \$1,500 was carried on the furniture. Loss to the house itself will run about \$1,400.

The building was owned by H. E. Huff.

GREG BELIEVES HE CAN OUTBOX CHAMP

Gibbons' Conqueror Perfectly Willing to Enter Ring With Dempsey

By HARRY GREB

Conqueror of Tommy Gibbons

What about a go with Jack Dempsey?

That is a question a lot of fight fans and experts have fired at me since my victory over Gibbons.

The way some of them put the question to me, I know they expect me to answer that I have no desire to meet champion.

If the public is enough interested to attend, and some reliable promoter will handle the match, a Dempsey bout is perfectly suitable to me.

As a matter of fact, a bout with Dempsey is the ambition of my life.

That is why I jumped at the chance to take Gibbons. Some of my friends didn't approve of such a match. They figured Gibbons' punching power was too great.

Down in my heart I didn't think I could knock Gibbons out, although I intended to try for such a feat.

In one round I am sure I had Gibbons in bad shape. I really felt that if I could have sent him down he would have taken me.

However, I was unable to reach a vital spot.

Never in my life did I train for a bout as I did for the meeting with Gibbons. The fact that I was as fast on my feet at the close as at the start proved that.

Realizing that Gibbons was generally regarded as the logical contender I wanted to eliminate him and thereby win the position he occupied in the fight game.

I feel that my victory has entitled me to such consideration. I regard myself as the logical contender for the title, despite my size.

What is more, I have better than an even chance to win the title.

I have no thought that I could knock Dempsey out. That wouldn't be my plan of battle. I would fight him much the same as I did Gibbons. Gibbons has a punch, but it was no use to him.

I am honest when I say that I feel that I can outbox Dempsey in a bout of 12 to 15 rounds.

There would always be the chance of a knockout by Dempsey of course. That would be his best bet.

There was always that chance in my bout with Gibbons.

I am honest when I say I think I can outbox Dempsey. Of one thing I am positive, I would make a better fight than did Carpenter.

Sport Shots

By PAUL W. LARKIN

Light Workout

Lieutenant Tanner let his charges off easy Tuesday afternoon, cutting the drill to a scant two hours. There was plenty of work on the short program, however, and every infielder was given an opportunity to do service at his favorite position while a rather lengthy hitting exercise preceded the others.

Looking For News

The Skipper was expected back Wednesday morning in time to take charge of the day's activities and the fans are hoping that he brings back a message of some sort to them. Since his departure the air has been filled with all kinds of rumors.

Sidewalk Dope

It is definitely known that he had somehow Jim Clancy in mind when he left to see Jack Hendricks, but what he will give in return is causing the fans to speculate more than a little bit. Some say he was prepared to offer cash only, while others are of the opinion that players and money may be involved. Also he may come back with more than one player. Then again, he may come back without any. These "mysterious trips" give the fans food for thought, if nothing else.

May Use Ruth In Deal

Putting two and two together, some of the boys have doped it out that Babe Ruth is to be offered to Hendricks as an inducement to part with what Sam wants. The Indianapolis pilot is known to have made a most tempting offer for Babe while he was in Marlin, and he may talk business if Ruth is involved.

Is It Krehmeyer?

The infielder whom President Harvey is said to have bid for in Hot Springs is Krehmeyer, according to the most popular rumor. Some of the dopsters have even gone so far as to predict Traynor, but "Pie" will never get out of the National league this year. He's making too good a bid for the second base berth. Krehmeyer would look mighty sweet on the local club.

Doping the Harriers

As to who the new pitchers will be, everyone on the Pirate squad has been mentioned as coming here except Cooper and Babe Adams. Those who are in a position to know, however, are saying a word. But the majority seem to feel sure that Hollingsworth is one. Hope so!

Wright to Denver

Eddie Wright says he's going to Denver this year—not Decatur in the Three-I league. Eddie has a telegram from Jack Holland telling him to report to Denver and he's very much satisfied.

Twilight League

The University club, American Legion, Wichita Mill and Elevator, Pond Laundry, Baptists, North Methodists, First Christian and Shriners will comprise the Twilight League this year. The Knights of Pythias and Liedolds sought admission also, but were eliminated by ballot. The executive committee appointed by President Landon includes Claude Woods, Joe Pate and E. G. Hill.

Trapshooting

It won't be long before the local shooters will flip a coin to see which evening they will attend at the traps every week. The "practice" shoot is beginning to be as popular as the regular weekly event and some of the best shots in the city attend both. Since the club has decided to hold registered shoots every month the boys are trying to get in as much practice as possible. Friday's shoot this week will probably be held at the usual hour in the afternoon since there is no ball game schedule. Shots to accommodate over seven squads will be brought.

BRAVES' PILOT THINKS CLUB WILL BE STRONG FACTOR

Left to Right, Miller, Manager Mitchell, Marquard, Inset, Rudolph

By NEA Service. ST. PETERSBURG, Fla., March 28.—Manager Fred Mitchell of the Boston Braves is convinced that his club is going to be a strong factor in the National league race.

The Braves, as they take the field for the 1922 campaign loom up as a club without a single weak spot. The Braves stand ready and look able to give the Giants, Cardinals and Pirates the fight of their young lives.

Last season many a ball game was lost around shortstop. The deal that brought Larry Kopf to the Braves from Cincinnati has plugged that hole.

Offensively, the Braves of 1921 ranked next to the St. Louis Cardinals. The club retains its batting strength and in addition has been much improved defensively.

Ford is rated as one of the best second basemen the National league has produced in years. Working with the veteran Kopf it is believed that his game will be improved 25 per cent.

Manager Mitchell is convinced that the stories coming out of Cincinnati relative to Kopf's poor condition are bunk. His legs are sound and his arm as good as ever.

Kopf says any ailment he had while at Cincinnati was mental rather than physical. He is thoroughly satisfied with his surroundings and prospects and likes to play for Manager Mitchell. He expects to have a big season.

The club is well equipped for substitutes. Mitchell's secondary defense is in keeping with his regulars.

Another thing that greatly favors the Braves, if you will take Manager Mitchell's word for it, is the schedule.

This season the Braves will have the advantage of playing away from Boston during most of April and May, thereby escaping the keen knife of the Boston east wind, so hard on ball players' condition.

The bulk of the home games in Boston are scheduled for June and September, when, if ever, some perdition falls to the codfish country.

It took direct action by Pittsburgh and New York to put the Braves out of the running last season. Against all other clubs they did as well as the Pirates and Giants.

Not until late in the race did the Braves surrender, and then it was due to double-headers that caused disaster.

Last season the Braves were without a seasoned southpaw. This year Mitchell has Rubie Marquard and Lefty Tyler. Either of these two would have saved a dozen games for Mitchell last season.

The Boston Braves are ready and rarin' to go. The team, like Manager Mitchell, believes it has a great chance to upset the dope in the National league. Here is the way the Boston leader sums up his chances: "I have a young team. It is fast. No stub has a more reliable corps of catchers. The pitching staff is above the average. My infield will compare favorably with any other combination in the league. Best of all, there is harmony and a desire to win."

It took direct action by Pittsburgh and New York to put the Braves out of the running last season. Against

STRINGING THE ROOKIES

Cardinal Brings Mascot Back From Trip to the Orient

Herbert Hunter, who will play in the outfield with the St. Louis Cardinals when they appear here on Saturday and Sunday, has recently returned from a trip to the Orient following the close of the 1921 season.

Hunter sailed for Tokio, where he served as coach for the Kaigi and Waseda university baseball teams for the second successive season.

Hunter brought back a new mascot for the Cardinals in the form of a real Chinese chow dog, having received the pup as a gift from a friend in Hong Kong. He considers himself fortunate in having been able to get the dog into this country as they rarely live long after leaving China. The dog exists on fish and rice.

Hunter is one of the best known players in America, having played with the Giants, Cubs and Cardinals in the National league and in the International and Pacific Coast leagues. He is fast, a sure coach of a fly ball and a good hitter.

BRAVES REGARD LANSING AS FIND OF SEASON

By NEA Service. ST. PETERSBURG, Fla., March 29.—The find of the training camp season from the Boston Braves' standpoint is Pitcher Ernest Lansing.

Manager Mitchell has been so impressed by the showing of the youngster that he has already nominated him as one of his regulars.

Lansing is a six-footer, weighs 185 pounds and has a fast ball that fairly hops. He hails from Rensselaer, N. Y.

Lansing was secured by the Boston club from the South Atlantic league. While his record was not an impressive one, winning 15 and losing 19 games, it in no way gives a correct impression of his value to his club.

He was one of the hardest working pitchers in the league and was used a great deal as a relief pitcher.

In the minors he had a tendency to be wild, giving 154 bases on balls, but Manager Mitchell is certain that he will soon overcome any lack of control.

Since joining the Braves his pitching style has been slightly corrected and Mitchell feels certain it will tend to better his control.

Lansing already has a demonstrated that he is smart. In addition he has the ability. Mitchell already has labeled him a regular.

San Francisco, March 29.—Ad Santel, light heavyweight wrestling champion of the world, won the decision over Toots Mondt, wrestling instructor at Colorado Agricultural college, in a two hour limit match last night. Mondt was the aggressor in the first hour but in the last half weakened and Santel had him in jeopardy several times, though he could not pin his shoulders down.

Martin Karpovs Townsend. READING, Pa., March 29.—Bob Martin, A. E. F. heavyweight champion, last night knocked out Sallo Townsend, champion of the Pacific fleet and winner of the Admiral Rodman medal, in the second round of a scheduled eight round bout.

Diameter of the planet Jupiter is 11 times that of Earth.

ROBINSON TELLS WHY HE'S SO OPTIMISTIC

Offers Five Reasons Why Dodgers Are Stronger This Season

By NEA Service. JACKSONVILLE, Fla., March 29.—Manager Wilbur Robinson is confident his Brooklyn team will make a much better showing this season than in 1921.

Here are five reasons that Robbie offers for being so optimistic: Walter (Dutch) Ruesher came to Brooklyn dissatisfied last spring, but Boss Ebbets on his mental blacklist and broke training before the season even started.

He has married since, received a voluntary salary increase and now votes Ebbets a prince. He promises to work his head off for the cause.

Zack Wheat and Hy Myers did not report until the squad broke the training camp at New Orleans last spring and were never right all season. This year they both reported early and are getting into the pink.

Caddy Cadore pitched his head off trying to beat Babe Ruth and the rest of the Yankees on the 1921 exhibition tour and complained that these efforts lost him a lot of games in the championship campaign.

Robbie has decided to let Cadore and the rest of his aces work only about two games each in the 14

CHAMPION HAS EDGE ON HOPPE IN SECOND BLOCK OF MATCH

CHICAGO, March 29.—Breaks of the game admittedly will play a big part in deciding tonight the world's 182 balk line billiard championship, for which after two night's play, Jake Schaefer, champion, leads Willie Hoppe, former champion, 1,000 to 852, in a 1,500 spread for resumption of his seventeenth inning run of 55 which which he closed the second block last night.

Lewis vs. London. ST. LOUIS, Mo., March 29.—Ed "Strangler" Lewis is scheduled to defend his world's heavyweight wrestling championship here tonight in a match with Jim London, Greek champion. The winner will be decided by two out of three falls.

"Sut Says" Hav-A-Tampa Clear Havana Clean Will bring you back to— SUTS SMOKE SHOP 618 Eighth St. Phone 4254

By NEA Service. AUGUSTA, March 29.—Johnny Mohardt is practically sure to be with the Tigers.

This famous gridiron star from Notre Dame is showing marked talent on the ball field. He is being used in the Detroit outfield and physically has everything desirable in a ball player.

More than that Mohardt is anxious to learn, constantly asks for advice and tries to improve himself. Few ball players ever ask for advice. To have one do as Mohardt does sets him apart.

Mohardt's best work is in base running. He knows how to run bases; he can slide. Cobb has been giving him special instructions in this line and Mohardt is quickly responsive. He learns rapidly.

Mohardt is a natural athlete and his football career at Notre Dame established him as a man who can think. Mohardt will be a member of the Detroit team when the season starts.

REAL BATTLE OVER BONUS BILL TO BE STAGED IN SENATE

SMOOT EXPECTED TO MAKE DETERMINED FIGHT FOR SALES TAX

COMING ELECTION PLAYS AN IMPORTANT PART

Thirty-Two Senators Whose Terms Expire Are Deeply Concerned Over Measure

By MARK SULLIVAN National Political Correspondent of the New York Evening Post and Wichita Daily Times.

WASHINGTON, March 29.—One prediction about the soldiers bonus freely made in the past, namely, that it would be put to sleep in the Senate now seems unlikely to come true.

So far as the members of the lower house are concerned, they are on record and will not care much what the next development may be. Most of the members of the house have been chiefly concerned about their personal campaigns in the primaries which began in South Dakota today and will be coming up in the various states from time to time until September.

Three hundred and thirty out of 415 members of the lower house have answered a roll call with votes favorable to the bonus, and their records are thus taken care of. Most of them would not worry much if the senate should put the bill to sleep.

But 22 senators are also coming up for re-election in these same primaries, and as to most of them the bonus is a matter of concern.

Of these 22 only a negligibly small number are opposed to the bonus on principle. In the senate the bill is in the hands of the finance committee and the chairman of that committee, McComber of North Dakota, has a record to justify as an energetic bonus advocate.

There is evidence that this outcome was unacceptable to Mr. McComber. Of the remaining members of the finance committee a considerable majority favor the bonus or at least would be unwilling to take a position designed to smother it.

One member of the finance committee, Smoot of Utah, is an ardent believer in the sales tax and it may be expected that his conference in the course of the bonus through the senate a determined effort will be made in good faith to attach the sales tax to the bonus.

There are thoughtful men in Washington who predict that the sales tax will come into being within the next year or so. They say it will come, because the country must have it. Their argument is that we have underestimated the demands that are going to be made on the treasury, and over-estimated the country's income.

They say that we have underestimated the demands that are going to be made on the treasury, and over-estimated the country's income. They say that we have underestimated the demands that are going to be made on the treasury, and over-estimated the country's income.

They say that we have underestimated the demands that are going to be made on the treasury, and over-estimated the country's income. They say that we have underestimated the demands that are going to be made on the treasury, and over-estimated the country's income.

DALLAS WRITER RECALLS STIRRING MEMORIES OF DAYS OF PARRISH THE ATHLETE

One of the prettiest of the many tributes paid the memory of Lucian Parrish appeared in the Dallas News of Wednesday.

Written by W. B. Ruggles, sports editor of that paper. It deals with the athletic prowess of the man who died Monday night. It follows:

Softly the bugle summons the immortal. Spiked feet come tramping from the chalk-rippled loam—Valhalla opens wide the golden portals—Hall and salute! Another son comes home!

Another comes to join them in their dreaming Of loved ones and dear friends Where up the valley of the past comes streaming The ghostly echoes of the bleachers' praise!

To taste with them against the gridiron's glory On some celestial field of asphalt, And hear again, beloved of song and story, The stirring thunder of the Longhorn yell!

Not always are the honors of the collegiate athletic field carried into after life. Not always are those elements that make the commanding figure of the gridiron or the meet so mixed that they resolve into individual greatness.

Seldom perhaps is the man upon whom the applause of the grandstand and bleachers is centered the type destined to lead in whatever he may attempt.

But when to the athletic field are brought the high principles of courage and integrity, the personality to command, the will to endure, the individuality to lead, no handicap of poverty—can long impede the progress in any walk of life.

'DUMMY COPS' TO BE SOON REPLACED BY SOME NEW DEVICES

Removal of the cumbersome 'dummy cops' that have graced street intersections in this city for the past months will be effected within a short time, according to Police Commissioner J. B. Pitts.

Who is now testing out a new model traffic guide post. The heavy traffic sentinels have been the object of considerable criticism since their installation and a recent accident in which a fireman was hurt and a fire truck wrecked, due in no small measure to the immobility of one of the posts, brought on a committee investigation which recommended the posts be removed.

The new devices now being tested by the police department are inverted metal bowls designed to be fastened securely in the middle of an intersection. They are low in case the driver elects to use them for a pavement.

From all reports these new guides will be put down in place of the larger ones, at least in the business section of town.

Settings of criminal cases in county court at law for week beginning April 3rd, 1922 are as follows: Monday, April 3rd, 9 A. M. 6549—State vs. Son Waggoner, gaming. 6551—State vs. S. M. Gilbert, gaming. 6552—State vs. Andrew Tyler, drunk. 6553—State vs. Geo. Kindred, drunk. 6554—State vs. Joe Mason, disturbing peace. 6555—State vs. A. R. Barker, plaintiff. 6556—State vs. H. A. Dean, pistol. 6557—State vs. M. A. Pitts, swindling. Tuesday, April 4th, 9 A. M. 6558—State vs. Geo. Johnson, theft. 6559—State vs. Geo. Dimock, plumbing violation. 6560—State vs. Earl Day, gaming. 6561—State vs. Bill Billings, tampering with auto. R. J. Houchins, 6562—State vs. R. J. Houchins, gaming. 6563—State vs. Alvin Davis, theft. 6564—State vs. Jack McCoy, swindling. Wednesday, April 5th, 9 A. M. 6565—State vs. Kearns and Origen, plumbing violation. 6566—State vs. Bonnie Bearce, vag. 6567—State vs. Ruth Rollins, vag.

What every mother should know—

THE one subject nearest a mother's heart is the welfare of her children. It is during childhood that their health is most important.

Weak, under-nourished children seldom develop into vigorous, healthy men and women. Malnutrition produces anemic constitutions, liable to many diseases. Food is the most important factor in the development of children.

An interesting fact to every mother in America is this: Grape-Nuts, served with milk or cream, is a complete food.

Grape-Nuts is the wholesome, delicious cereal made of whole wheat flour and malted barley. It is rich in nutritive mineral salts that supply strength and nourishment to the growing body tissues.

Your grocer sells Grape-Nuts, the same delicious Grape-Nuts that is served in the leading hotels and restaurants of America.

The cost of Grape-Nuts is little—because of the large number of dishes you can serve from one package.
