BALLOTS DISCLOSE STRONG SENTIMENT IN FAVOR OF STRIKE

CANVASSING VOTE OF THE SHOPMEN, CLERKS AND MAINTENANCE.

PREDICT A WALKOUT BEGINNING JULY 15TH

"Important Announcement" Will Be Made Thursday, Says B. M. Jewell.

CHICAGO, June 27.—Railway union officials continued their conferences today on the threatened railroad strike.

Informal statements by union leaders indicated the strike referendum of shopmen, maintenance of way employees and clerks throughout the United States disclosed a strong sentiment in favor of a strike as a protest against wage reduction. J. C. Smock, assistant president of the maintenance of way men, predicted the walkout would be called July 15. Others said conferences with railroad officials would probably delay the call until August 1.

Word came out of the secret conferences that a meeting of union executives might soon include the "Big Five" railroad men who are unaffected by the wage cut.

E. M. Jewell, head of the railway employes department of the American Federation of Labor, said "an important announcement" would be made Thursday.

The executive council composed of the international presidents of the rail unions held a secret meeting last night while the general committee of the American Federation of Labor speeded the canvass of the vote.

Any proposals from the railroad to prevent the threatened strike will be heard, union officials said. The United States railroad labor board today resumed its hearing on contract cases.

LARGE MAJORITY FAVOR PROPOSED RAIL STRIKE

By Associated Press. DETROIT, June 26.—Tabulation of the strike vote was taken by the United Brotherhood of Maintenance of Way Employes and Railway Shop Laborers following a wage cut ordered effective July 1 by the United States railroad labor board, continued at the headquarters of the union at the head of the final vote would show a large majority favoring the walkout, provided other union workers whose wages also were cut, joined in.

The count started yesterday and 48,000 votes were checked. Today's tabulation expected to bring the total to about 100,000. The first count showed a heavy majority for a strike condition upon the support of other unions, it was said.

Indications were, it was said, that not more than 400,000 votes would be cast, this including that of non-union members of the maintenance of way crafts who are also participating.

It has been emphasized the maintenance way will not go out alone.

LOYD GEORGE AND CHURCHILL GIVEN VOTE OF APPROVAL

By Associated Press. LONDON, June 27.—Prime Minister Lloyd George and Colonial Secretary Churchill apparently have turned the opposition's thrust, based on the Irish policy.

A virtual vote of confidence was given by the commons last night when it defeated, 345 to 76, a motion for a reduction in the salary of the chief secretary for Ireland, in disapproval of the government's policy and the failure to properly protect Mr. Wilson.

The secretary for colonies made it clear in his statement that southern Ireland would not be allowed to coerce Ulster and the provisional government in Dublin must assert complete authority, the alternative being the imperial government would resume complete freedom of action.

The prime minister said the elections had shown the provisional government had the Irish people behind it and it now must prove whether it was fit to govern.

Mr. Churchill's warning has met with widespread approval, most of the newspapers declaring the coun-

PUCKETT-MOORE WEDDING SOLEMNIZED AT HOME OF BRIDE TUESDAY MORNING

The marriage of Ray Puckett and Miss Willie Lora Moore, daughter of Mr. and Mrs. W. M. Moore of 1707 Tenth street, was solemnized Tuesday afternoon at 1 o'clock at the bride's home in the presence of a hundred or more relatives and friends. Rev. J. Lem Keovil of the First Christian church administered the vows.

The nuptial ceremony was very beautifully celebrated, taking place in the reception room of the home. The flower decorations in the living and dining rooms found a lovely climax here, where an altar had been constructed of palms, evergreen and tall floor baskets of gladioli and sweet peas. The flowers carried out a color scheme of orchid and pink, and ribbon aisles marked the path of the bridal party.

In the music program, Miss Cecilia Adickes played "At Dawning" as a violin solo, with the piano accompaniment by Mrs. Vesta Hastings Bryant of New York City, who is visiting her mother here. J. Farrabee sang "Because" with the piano accompaniment by Mrs. Bryant, who presided at the piano. The wedding party consisted of the bride, Mrs. Puckett, who was escorted by her best man, Robert Ledbetter of Ardmore, Okla. Immediately after the ceremony the wedding guests were served an ice course, with the cream moulded in gladioli in the orchid and pink shades. In the house party for the reception of the bride and groom, the wedding entertainment, Mrs. W. M. Moore, assisted by the sister of the bride, Mrs. John H. Rhea of Graham, Texas, and the mother of the groom, Oklahoma City, greeted the guests at the door. Preceding the wedding fruit punch was served from a chalice by Mrs. Curt Raley, assisted by little Misses Jessie Lucile Raley and Janet Moore.

Miss Moore wore a handsome tailored suit of blue pique with white and pink trimmings, fuchsia corsage of sweet peas, fuchsia hat and gray fox fur. Miss Catherine Moore wore orchid canton crepe hemstitched in blue and white beads. Mrs. Puckett wore a blue and white gown with a pink Kiltarney. Mrs. Bryant wore orchid chiffon with a pink corsage and Miss Adickes wore blue and pink. The bridesmaids wore blue and white. The groom wore a dark suit and a white shirt with a pink tie.

ADVENTURES OF THE TWINS FIREFLY JOINS TWINS' QUEST

By OLIVE ROBERTS BARTON

Nancy and Nick came to Cob Coon's tree in Whispering Forest. Cob lived in the Old Oak across the way from Maple-Tree Flats.

"Tap, tap, tap" went Nick with Cob's knocker on the basement door.

But no answer.

"He's too sound asleep to hear us," said Nancy. "We'll have to go to his other door upstairs."

So they wished themselves up the old Oak Tree in their Green Shoes. Cob had his second-story door open for air and his bed close to the doorway. There he was, all cuddled up and snoring like everything.

"Ahem!" went Nick loudly. Cob woke right up.

"Who's there?" he called sharply.

"Just us," laughed Nancy. "Did we scare you?"

"Sort of," yawned Cob. "But what's wrong, folks?"

"We just came to see if you'd seen anything of Peabody, the Man-in-the-Moon. He's lost," said Nick.

"Has he, hee!" giggled Cob, clasping his hands joyfully. "That's just fine! Now I s'pose the nebbly old Moon will be stored away in camp-ho-ho and not bother me any more."

"Yes, look at it tonight. Bright as a sky rocket! And I'm most starved to death!"

"I can't go down to Ripple Creek to fish as on dark nights because Charles Chub and Snappy shine and Mark Minnow will see me coming and escape. And it's too early for corn 'n' things. My, I'm glad the Moon's in the sky!"

"Oh, shame on you, Cob Coon!" said Nancy crossly. "Mr. Peabody's as nice as he can be. He tries to please everybody. Goodness, he leaves it dark for a whole week each month. You shouldn't complain."

"Besides," said Nick, "if there's no Moon, there won't be any corn. The Moon helps the corn grow."

"Goodness!" gasped Cob. "Is that so? That would be dreadful! Just wait till I find my suspenders, and I'll help you hunt."

OUR FIRST YEAR

HOW EMPTY LIFE WOULD BE FOR ME WITHOUT JACK.

I knew nothing was left for me in any life apart from Jack. That was the chief penalty for getting married. Had I never lived with Jack I'd have had a thousand interests in life, all humanity for my friends, all the world to wander in. But just by having been married less than a year I had limited my happiness in one ancient elemental way to whatever Jack was happy, and my home to the place where he found his rest. I couldn't grasp the meaning of this change.

After I had an narrowed my horizon it was cruel that fate should make me choose between my own will and my husband's.

I counted the troubles he and I had, but I found that I had been in each case!

Never again would I be petty, if our home survived our present quarrel.

Jack and I were beautifully polite and considerate of each other over Sunday. We talked of Mary, and the new baby and of Mrs. Herrod's new car. And all the time we wanted to discuss our personal affairs.

At last the humor of the situation seemed to grip Jack. He said suddenly:

"Lady wife! We remind me of the Chinese advice for making marriages successful. That a husband and wife should be as guests in a house."

To which I made a practical reply:

"The best thing we can do is to get out of our house. I want to hike till I'm weary!"

I didn't want to at all. I wanted to stay at home and hear my husband make love to me. I wanted to kiss him, to run my fingers through his hair, to forget Barnick's money. I thought I would scream if I stayed in our suite—close to Jack without touching him.

I was tired about swagging about independence, hadn't been born independent, and I told myself that I didn't want to achieve independence.

Can Your Garden Stuff Today

SOUP MIXTURE

Soup mixture is one of the handiest and most practical ways of handling the soup question in the winter, and provides a much more delicious vegetable seasoning for the meat stock than the necessary resort to two or three different cans of vegetables. Waste is eliminated, also, as the soup mixture can be put up in pint jars, sufficient for a full family, where the opening of a full-sized can means part to half of a can wasted or left over.

For a tried blend of the mixture Miss Peck has worked out the following, sufficient for four pint or two quart jars:

One pint of tomatoes, one cup blanched corn or lima beans, one cup yuca cut in slices, one slice onion two inches thick, half a teaspoon salt and half a teaspoon sugar. Cook until okra and corn are almost done in a pan (about 10 minutes); pack in jars, fill with a light brine of one tablespoon of salt to one quart of water, cook three hours continuously or 45 minutes in the steam pressure cooker at 10 pounds pressure. Then clamp tops on.

Any desired combination of vegetables may be concentrated and kept in this way. Always cook tomatoes, pepper and onion down before adding to corn, beans, okra, etc., to reduce the water, and then cook all continuously in a kettle for 10 minutes before packing in jars. This concentrates the mixture. Then pack and boil three hours, or 50 minutes in the pressure cooker, with 10 pounds pressure.

DAY NURSERY BABIES DON'T MIND CAMERA

Kiddies at the Day Nursery Monday afternoon "posed" (or rather, didn't pose) for the first picture to be made for the Times News Pictorial.

The youngsters weren't bothered at all, and faced the camera quite interestedly. Several close-ups were made, with a general view of the playground and the children, and a sketch or two of the baby members of the household. The children were in a very happy humor and the movie man thought the pictorial would be one of the most attractive of the week's portfolio.

"You weren't hurt, Phoebe, child?"

"Oh, no," she replied stanchly but without conviction.

"Tomorrow—I may not come to the bank, Mr. Benning."

"Is that why you're going—to the station? Are you leaving Midvale?"

Whom Shall Molly Marry?

Headed by Miss Grayson, First Wheeler, Now Barton, Force Mollie, Late Don's Gals by Their Jealous Objections.

(Continued from Monday.)

Billy's arms had clasped Molly from the smother.

"What happened?" she gasped, struggling to her feet.

Unlike his usual self, Barton braved her eyes. His face was pale but his voice betrayed emotion rather than fright.

"Molly" was all the explanation he offered. "Some one will give you a lift back to the Boat Club. We'll just sit here till some car shows up."

Molly's mind leaped whole gape in reasoning.

"Why back to the club?" she asked with quick suspicion. "I've got to meet Don at the station."

"Molly, you're not yourself tonight," he said slowly. "Or you wouldn't for one moment consider any such unworthy—"

Molly broke in fiercely. Was everybody going to attack Manning?

"And you're undertaken to make up my mind for me?" she cried furiously. "Oh, you stupid, stupid men, you and Ben Wheeler!"

"I wish I could see you suddenly rolled up."

"Want a hand?"

It was Benning, president of the Midvale Savings Bank, Molly's employer.

"Why, hello, Miss Wayne, what's happened?"

Molly hurried over.

"I was in a hurry to get to the station, and Mr. Barton, wanting to help me, was a bit too zealous, that's all."

"Well, come in, come in," Benning offered cordially. "And do you want a tow, Mr. Barton?"

Barton shook his head dejectedly.

"Matters if Miss Wayne is still in a hurry."

"I am," Molly's voice was small but determined.

Greenville, Del.—"I was under the impression that my oldest daughter had some inter-trouble as ever since the first time her sickness appeared she had to go to bed and even had to quit school on a for a week. I always take Lydia E. Pinkham's Vegetable Compound myself so I gave it to her and she has received great benefit from it. You can use this letter for a testimonial if you wish, as I cannot say too much about what your medicine has done for me and for my daughter. I have learned the value of Lydia E. Pinkham's Vegetable Compound. So they recommend the medicine to others. The best test of any medicine is what it has done for others. For nearly fifty years we have published letters from mothers, daughters, and women, young and old, recommending the Vegetable Compound. They know what it did for them and are glad to tell others. In your own neighborhood are women who know of its great value.

LAMAR BAPTIST CHURCH PLANS ALL-DAY MEET

Members of Circle One of the Lamar Avenue Baptist church have arranged an all-day meeting for Monday of the church and the first Monday in July—which is next Monday—and are extending a cordial invitation to all members of the church to attend. The morning will be spent sewing for Buckner's orphanage and with an executive committee meeting of the whole mission auxiliary, and the afternoon with a business meeting and program from the text book, "Royal Service." Members of the church planned the meeting at their Monday afternoon meeting at the church, when ten members were present.

ALKALAI IN SHAMPOOS BAD FOR WASHING HAIR

Most soaps and prepared shampoos contain too much alkali, which is very injurious to the scalp and makes the hair brittle.

The best thing to use is Mulsified coconut oil shampoo, for this is pure and entirely greaseless. It's very cheap and beats anything else all to pieces. You can get Mulsified at any drug store, and a few ounces will last the whole family for months.

Two or three teaspoonfuls of Mulsified in a cup or glass with a little warm water is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff. Be sure your druggist gives you Mulsified.

2 CRIPPLES DROP CRUTCHES AND WALK AT RITCHIE REVIVAL

DRAMATIC AND IMPRESSIVE RESULTS ATTEND EVANGELIST'S PRAYERS.

TELLS HOW OWN LIFE WAS SAVED BY FAITH

Had Been Given Up As Hopelessly Tubercular, He Tells Hearers Monday Night.

Dramatic and awe-inspiring scenes were enacted Monday night at the Wichita theater at the "healing revival" being conducted by Raymond T. Ritchie, and the apparent benefits attained by several afflicted persons made a profound impression upon a crowd that packed the building to the limits of its capacity.

A pitifully crippled youth who pointed the steps to the stage bearing all his weight on his crutches was able, shortly after, to walk without the supports. A young woman also laid her crutches down and was able to walk without them, although haltingly.

Two elderly women, after being anointed with oil and prayed for most earnestly by the evangelist, shouted for joy on the stage. There were other incidents that were profoundly impressive. In his sermon, Mr. Ritchie told of his own experience with prayer, saying that he was in a hospital in California, considered certain to die of tuberculosis in a short time when he determined to be cured by the word of God. His earnest prayers were answered, he said, and physicians who had examined him said that no trace of the dread disease remained. Ritchie emphasized again and again that he obtained no merit or ability for himself in healing. Others had healed through prayer, he said, and too often had let money rather than their desire to rob them their power.

Wallace Reid is Scoring a Big "Hit" With His "Flivver"

Cheer after cheer greeted Wallace Reid's spectacular "flivver" race at the Olympic theatre Monday night. The production of "Across the Continent" Men, women and children thrilled the excitement incident to the thrilling scenes until at times the theatre was in an uproar. The reception accorded the production was perhaps the most enthusiastic that has been witnessed in this city, and incidentally the management announces that the attendance on Monday was the largest they have had in any one day for months. "Across the Continent" will be shown again tonight and during tomorrow and it is expected that capacity crowds will attend to witness this unusual production.

Miss Nannie Mildred Damern of Elora, Tenn., and Miss Rena Reed of Huntington, Tenn., are visiting their uncle, Dr. J. Fleetwood Reed. Their visit and his improving health are making his summer very pleasant.

W. J. TOWNSEND IS CHOSEN PRESIDENT OF UNIVERSITY CLUB

OFFICERS ARE ELECTED AT WEEKLY LUNCHEON HELD TUESDAY NOON.

ADJOURNMENT TAKEN UNTIL SEPTEMBER

Incorporation of Club is Announced—Rev. T. S. Pittenger Addresses Members.

Judge W. J. Townsend was elected president of the University club at the weekly luncheon held Tuesday noon at the University club. The club was organized Tuesday night at the Y. W. C. A. club rooms. C. A. Rogers was elected vice-president, J. P. Marrs, secretary, C. W. Reid, treasurer, and Harwood Stacy, B. D. Sartin and A. C. Scurluck, directors. Two tickets were placed in nomination, the other being headed by Joseph H. Hatchitt, but the latter withdrew in favor of Mr. Townsend, and the remainder of the ticket headed by him was then elected by acclamation.

It was voted to adjourn the regular weekly meetings until the first Tuesday of next September on account of the hot weather. In the meantime a picnic for the members, their wives and families will be held at a time and place to be announced later. The following committee was chosen to make arrangements: Joseph B. Hatchitt, Norris Ewing, C. W. Reid, Albert Kille and F. G. Swanson. Changes in the constitution and by-laws were adopted and Secretary J. P. Marrs announced that a charter for the club was being secured and the club was now a corporation. Among the changes adopted was that 25 per cent of all revenue will be devoted to the Student Loan Fund, the fund to be under the supervision of the board of governors.

Rev. T. S. Pittenger spoke briefly on the various philosophies of life, stating that the greatest success would be attained through unselfish service of fellow men. He touched lightly upon the problems of the day and laid special emphasis on the fact that two which would always remain unsolved were the social and tariff problems. Charlie Kleinman was called upon by Luther Hoffman to discuss the tariff, but he left the members in the dark as to the stand he took in the matter.

New Bill Pleases A Large Crowd at Majestic Theatre

The Roy E. Fox Stock company, now playing an indefinite engagement at the Majestic theatre of the city, has a new production, a good orchestra, opened up their second week's engagement to a large and well pleased crowd on Monday night by presenting "The Call of the North".

The play is another of Cal Herman's stories, but this time the action is set in the north. The story is true to life and might happen in any family. The mother is blind, has two sons, one ignorant and the other better educated. The mother is made to think by the better educated brother, who turns out to be the real villain, that the less educated brother is really the black sheep of the family. First of all, the educated brother steals money from his mother's cash box—something that she has obtained by trapping rights. He then is able to cast all suspicions on his less educated brother to the extent that the mother forces him to leave his home and sweetheart, in fact everything that is dear to him. Later on he comes back home just in time to see his brother try to murder Hilda, the little French-Canadian girl. Of course the less educated brother is accused, but by an accident, a runaway, the little Canadian girl's mind is restored and by so doing she is able to accuse the right party.

Leon G. M. Boatwick does credit to the part of the ignorant brother. Hazel Fox in the other leading role plays the part of the sweetheart. Gordon Boatwick, the educated brother, who turns out to be the real villain; Mae Fisher in the part of the blind mother; Eugene Phelps in the trapper; and Margaret Evans as Hilda, his daughter. H. A. (Honey) Wilkinson and Toby McIntosh were seen in the comedy parts of the story and kept the audience in a happy mood.

This same story will be presented again Tuesday and Wednesday nights, with a bargain matinee Wednesday afternoon.

SCHOOL BOARD PREPARES \$200,000 BOND TRANSCRIPT

At a school board meeting held Monday afternoon the transcript on the \$200,000 bond issue was accepted and the printing of the bonds was ordered. The building committee is now working on the plans for the new high school. The tax rate on the bond issue will be divided as follows: Thirty-five per cent will go into a sinking fund, and 65 per cent will be used for local maintenance. Following the acceptance of the bond transcript the teachers' committee met but had no report to submit.

BURK BURNETT HAD CONSPICUOUS PART IN COUNTY HISTORY

ACQUIRED RANCH HOLDINGS AT SAME TIME THAT CITY WAS BORN.

MOVED FARTHER WEST AS SETTLERS APPEARED

His Ranch Headquarters Came Near Being Chosen As County Seat.

S. B. Burnett, who died at Fort Worth early Tuesday, had a conspicuous part in the history of this county and Wichita Falls, although he was never a resident of this city.

The acquisition by Mr. Burnett of his former large holdings in this county took place about the same time that Wichita Falls came into being as a small settlement. He had moved westward from his ranch in Wise and Denton counties as the range disappeared from that section and cotton and wheat farmers began to take the place of cowboys. In due time he again moved westward, disposing of much of his property in this county and locating his ranches in King and Carson counties.

The little settlement that sprang up at the Burnett ranch headquarters was a rival of Wichita Falls for county seat honors. Wichita Falls was chosen to be the county seat, and all but defeated this community, a single vote being all that was lacking. Later, after Wichita Falls' residents had gained the right to vote, this city was chosen.

Mr. Burnett foresaw that the Indian land in the "Big Pasture" that he had leased as part of his ranch could not be retained by him indefinitely, and this prompted him to move further west. The opening of the Big Pasture to settlement caused J. A. Kemp, Frank Kell and others to determine to link it to Wichita Falls by rail, and that decision prompted them to acquire from Mr. Burnett a 12,000 acre tract on which the town of Burk Burnett now stands. It is said that Mr. Burnett did not know that a railroad was planned when he sold the tract. Mr. Burnett retained, at the time of his death, large holdings in this county, including tracts southeast of Elmer, near Fort Worth. His other holdings were in the Big Pasture, the town that was named for him, and in the vicinity of the Big Pasture, where he had a large tract of land. Few men had a better understanding of the cattle business than Mr. Burnett, in the opinion of cattlemen who knew him, and his wealth steadily increased from year to year. The leasing of the Big Pasture tract was considered a master stroke, enabling him to run many additional thousands of cattle.

Mr. Burnett was a personal friend of the late Theodore Roosevelt and one of the high lights of the ranchman's career was his hunt with the Big Pasture, a few miles east of Frederick, when the former president was his guest. Dr. Phil Taylor, John Taylor, J. B. Abner and others of this city were on that hunt. When a witness at the Red river boundary hearing in this city last spring, Mr. Burnett told in some of the expert hunt with Colonel Roosevelt whose friendship he treasured most highly.

Tom L. Burnett of this county, a son of Burk Burnett, still resides in the house which was headquarters for one of the ranches in this city. Mrs. T. W. Roberts of this city is a niece of Burk Burnett, and her husband was for many years foreman on the Burnett ranch. Mr. and Mrs. Roberts went to Fort Worth last week to be at the bedside of Mr. Burnett.

Mr. Burnett and W. T. Waggoner were the conspicuous figures in the early days of the county. Both were among the first settlers, both had extensive lease holdings in the Big Pasture and both saw their one-time neighbors punctured by innumerable drill bits and made immensely valuable.

A. N. Lawson of Dallas, representative of the A. P. Cury dental and medical supply house, was in the city Tuesday.

SHIRINERS ARE PLEASED WITH GENEROUS CO-OPERATION CIRCUS PLANS ARE RECEIVING

The plans that the Shrine circus formulated for the wonderful parade to be held in Wichita Falls from July 1 to July 3 are being realized, this being mostly due to the fact that the merchants and people here have been so enthusiastic and have agreed to co-operate with the Shrine circus, says an announcement, which adds:

"When they see the streets gaily decorated, the wonderful parade, the happy faces of many thousands of people that we are sure will be here for the circus, we know they will be paid a hundred fold for all their aid."

The big top is erected, and all the seats are up and waiting for the show to begin. This tent is large enough to hold the big crowds of people that will be there without the usual seating and crowdings that are found at circuses. The side shows are up and ready for the people to move in, and the big parade floats and automobiles are ready to be occupied.

At the meeting at the circus grounds this morning the spaces for the various exhibits and the automobile that will be shown at the circus next week. The decorations and the tent will be beautifully decorated. This tent will be full of interest and it will be well worth your while to look it over.

The peanut, popcorn and soda vendors are on their toes and ready to go. They are getting their wares in trim and the vendors will all be so busy that they can start at this Saturday in full force.

The big circus will arrive some time Friday and everybody wants to be ready to see it. The Shrine circus is the old-time circus called and a noise made by the little boys blowing on their toy balloons. Tomorrow the decorating of the streets begins, and in a short time Wichita Falls will be a scene of unusual interest and color.

The parade committee wishes those who expect to compete for prizes for the best decorated vehicle to enter their names at once to George Alexander, Jr., address, 1010 North Broadway, at the National bank building—by Thursday noon. The Prits Motor company will have no decorated vehicles in this parade and the Shrine circus will have a store here arranged for one or two automobiles to be in the parade.

The marriage of Burt Smith and Miss Ritchie, which is to take place Wednesday night at 8:30 in the big top at the circus grounds, is still being arranged for and is creating a great deal of interest for

Mokan and Bowman Laced as Exporters Win First of Series

BEAUMONT, TEXAS, June 27.—Walter Salin's aggregation received another batch of pitiful Exporters here yesterday after getting away on a six run lead and the Exporters swamped the invaders in the first of the series 13 to 7. A total of 23 hits was collected by the home aggregation, six of which were made by "Queeso" Demaggio, but of as many trips to the plate Demaggio not only broke the season's record for base hits in one game but he belted out a brace of triples in one inning.

The Spudders hit well enough to win ordinarily, but Mokan and Bowman had absolutely nothing with which to help the Exporters. Exporter hit safely at least six. McDonald led the Spudders with a triple, double and single.

Blischoff was taken out of the outfield and put behind the bat by Salm while Babe Ruth was moved into the right garden. The move didn't prove successful as he dropped an easy fly which put the Exporters in a position to stage their big rally in the fifth and also contributed to wild play which didn't do his mates any good. BRITTON'S FIGHT THOUGH FOULED

Welter King Had Better of Argument Until Struck When On Knee.
 NEW YORK, June 27.—Benny Leonard, the second lightweight champion in 27 years to attempt the lifting of the welterweight title, failed last night when after being outpointed 12 rounds he fouled Jack Britton, the 27 year old champion, and was disqualified.

Two minutes and 40 seconds of the 12th round had passed when Leonard struck Britton while the latter was on one knee, taking a count. Britton had gone to his knees winning as if in pain and motionless for a second to claim a foul. At this juncture Leonard walked around Referee Patsy Haley and struck Britton in the body with a left.

Haley said he had not seen a low blow struck when Britton went to his knee, but disqualified Leonard for violation of the rule prohibiting the striking of an opponent while he is kneeling.

Kid Lavigne, one of the great lightweight of years gone by, tried to take the welterweight championship, but was knocked out by Mysterious Billy, Smith, the champion.

Britton had all the better of the contest last night and it was evident that he would have won the judges' decision had the contest gone the 15 rounds. The fighting was interesting at all times with both champions in a display of their best known tactics.

Britton worked short arm left swings and hooks and right swings to the head effectively and to the body. Leonard, with all to gain and nothing to lose—his own title was not at stake—look a great deal of punishment in an effort to get inside the Britton defense to take a pouncing punch. He sent Britton reeling at times with straight rights to the jaw and left to face and body, but the welter

Those who have visited the hangar in which Mr. Henson has his kennels claim that the location is ideal. The interior of the hangar is always cool and little difficulty is encountered in keeping the dogs clean. The broad prairie which extends from the hangar in the direction of the lake could not be better for training purposes, and Joe can be seen every morning between the hours of four and eight, handling four dogs at a time, training the younger ones and keeping the older in condition.

There are a few more quail on the prairie now, but Mr. Henson has ordered 12 more pairs with which he intends to stock his "training" site.

Going Down! The Spudder goal is apparently third place now.

Hope It's Freeman. It is to be hoped that the rumor that Alex Freeman is the new "uncle" hurler to be signed by Frexy Harvey has a foundation in fact. There is a hurler of known ability, he, at least, isn't a "square" and he will come highly recommended for the Cubs.

Was All Wrong. The person who said that "youth will be served" didn't know Henry Leonard and Jack Britton who scheduled to fight June 24.

Something Wrong. That Britton would win on a foul, however, was never considered. Leonard is supposed to be one of the cleanest fighters in the ring and it's hard to believe that he would deliberately strike his opponent when he has done so long and experienced a scrapper to become so excited that he didn't know what he was doing. He can't claim, however, that he lost the fight solely on a foul. He was licked from start to finish and had the bout gone the full distance Britton would have received the decision.

Want to See Smith. Many Wichita Falls fight fans are planning to go to Northbrook tonight to get a glimpse of Curley Smith in action. Smith is one of the finest boys in this section of the country and it is planned to have Mike Gibbons meet him. Burk if his showing tonight warrants it.

Most Beautiful French Girl Sues Theatre Manager

PARIS, June 27.—Because he dashed her hopes of becoming a stage star, France's "most beautiful girl" is suing a theatrical manager for breach of contract.

Selected by popular vote, France's "queen of queens for 1922" and acclaimed the most adorable out of 6,000,000 of adorable blondes and brunettes, Mlle. Germaine Bucuet expected to fulfill her childhood dream of appearing before the footlights. She turned down many offers of marriage, she alleges, to sign a contract for appearance in the operetta "Helen Returns," but the role went to a rival beauty.
