CANAL FACES SHOT MEN'S STRIKE

FIVE PEOPLE KILLED IN FRISCO COLLISION; SEVERAL ARE INJURED

HEAVY VOTE OVER STATE IS FORECAST; WEATHER FAVORS

LARGER NUMBER OF NAMES ON BALLOT THAN TWO YEARS AGO. SEVEN WOMEN IN RACE FOR THE LEGISLATURE

In Two Districts There Are No Candidates for House of Representatives.

DALLAS, July 22.—Generally fair with the weather man's prediction for today, although he admitted showers might fall in some sections of the Panhandle and northern Texas to retard the turnout of voters at the democratic state-wide primary. Politicians predicted a heavy vote would be cast when the polls opened at 8 o'clock this morning.

The race for United States senator probably held first place in public interest. There are six candidates for the office. In addition to Charles A. Culberson, Dallas, who is standing for re-election, there are James E. Ferguson, Temple; Robert L. Hight, Waco; Oscar B. McFarland, Austin; Clarence Ousley, Fort Worth; and Cullen F. Thomas, Dallas.

Governor Pat M. Neff is opposed for re-election by W. W. King, of Bronson; Fred S. Rogers, Bonham; and Harry T. Warner, Paris.

Chief interest in the congressional race probably is in the 17th district where Congressman Thomas I. Blanton of Abilene had opponent in J. D. Dibrell Jr. of Coleman; Oscar Calloway of Comanche; and W. J. Cunningham of Wichita Falls.

Seven women are contesting for seats in the state legislature. In two districts there are no candidates for the house.

The possible vote of the state aggregated 1,165,916 for 1922 as compared with 1,111,122 in 1920. In 1921, a total of 1,111,122 citizens registered as 1922 voters by payment of poll taxes and the possible vote is obtained by adding 19 per cent to cover exemptions.

HOUSTON, July 22.—Early indications today are that the biggest vote in a county primary in the history of Harris county will be cast today. When the polls opened at 8 o'clock, there were crowds at virtually every box in the city and many in the county.

EARLY RUSH TO POLLS REPORTED AT DALLAS. DALLAS, July 22.—Early rush to the polls here indicated a heavy vote. There were estimated to be 35,000 of whom are in the city at Dallas.

STATE RANGERS ON DUTY AT CORPUS CHRISTI. AUSTIN, July 22.—State rangers under command of Captain W. L. Wright were on duty at Corpus Christi today to maintain order during the election. This is the only place in the state where rangers are on duty for similar purposes, stated Assistant Adjutant General Charles M. Crawford. Just why rangers were needed at that place was not disclosed. It is presumed that trouble was expected during the election.

SPRINGFIELD, Mo., July 22.—Engineer C. H. Ring of Sapulpa, Okla., and four passengers, all members of one family, were killed and several passengers injured at 3:30 o'clock this morning when St. Louis-San Francisco railroad passenger train No. 2, Texas special, eastbound and No. 3, Meteor, westbound, met in a head-on collision two hundred yards east of Logan, Mo., where No. 2 was waiting on the main line.

The list of dead and injured: The dead: MR. AND MRS. ANDREW HAMMER, St. Louis; MR. AND MRS. HANNAH, small sisters of Mrs. HAMMER, named West. ENGINEER RING of Sapulpa. The injured: Henry West, brother of Mrs. Hammer, 12-year-old son of Mr. and Mrs. Hammer; Marjorie Hammer, six months old daughter of Mr. and Mrs. Hammer.

The flames of the two trains and the engine of No. 2 who saved their lives by jumping, were also injured, but not seriously. All the passengers were shaken up by the collision.

SPRINGFIELD, Mo., July 22.—Five persons were killed and several injured at 4 o'clock this morning when east bound Frisco passenger train No. 2, Texas Special, struck Frisco passenger train No. 3 west bound Meteor, in a head-on collision at Logan, Mo., about 25 miles west of Springfield.

The wrecking crew from Springfield on this morning the wrecker from Springfield had not succeeded in clearing the tracks and all traffic on the main Frisco lines between Springfield and Texas, was blocked.

A list of the dead and injured was not available at 8 o'clock and the cause of the wreck had not been ascertained.

Engineer Ring, residence not ascertained, on Frisco passenger train No. 2, was killed in the wreck according to the first official report of the accident reaching here this morning. The report stated that the wreck was caused by number 3 failing to take the side track at Logan. Passenger train No. 2 had arrived at Logan at 3:30 o'clock and was waiting for the Meteor to pass.

The bodies have not been recovered on the wreckage as yet, according to an official report but several can be seen buried beneath the debris. A wrecking crew from Springfield is working on the wreckage. Relief parties are also being sent out from adjoining towns to aid the injured passengers.

A special train carrying T. A. Johnson, vice-president of the Frisco, and H. L. Workman, superintendent of motive power, left Logan soon after the report of the collision. The train was carrying a large number of telegraph operators and long distance-telephone exchange at Logan and news of the accident is being broadcasted with great dispatch.

Information has been received at the Frisco general offices here that the injured will arrive here about 10 o'clock this morning. They will be brought to the Frisco hospital for treatment.

WHAT'S THE HURRY? WE'VE TWO YEARS YET!

FREEMAN WELL IS PUT ON PUMP AND MAKES OVER 250

The Freeman well of the W. F. Ferguson tract near Maahkin, in Archer county, was put on the pump for the first time Friday afternoon, and made 250 barrels in four and a half hours.

This performance on a flash production well is an excellent record for the well, indicating that it will produce over 250 barrels a day.

Two locations have been made in the vicinity, one by Freeman et al. and another by the Ferguson well, and 150 feet from their east line, and one by J. I. Staley et al. still further eastward, on the Kemp & Kemper lands.

SENATE NOW FACES THE MAJOR BATTLE THE WOOL SCHEDULE

WASHINGTON, July 22.—The senate today came to the major battle-ground in the administration tariff bill—the wool schedule. While this schedule officially designated No. 11 was not expected to bring the storm of opposition in the senate that centered around the famous schedule K of the Payne-Aldrich bill, it was to be the subject of a sharp attack from both sides of the chamber.

Senator Lenroot, republican, Wisconsin, who led a successful onslaught upon the cotton schedule, was prepared for an even more vigorous fight on the wool rates. The democrats had marshaled their forces and were prepared for a fresh encounter. They expected to show that the duties proposed on manufactured products were as high, if not higher, than those in schedule K and to lay particular emphasis on what they claimed would be a necessarily large increase in the nation's clothing bill.

Senator Smoot of Utah, who has charge of the schedule for the committee majority, has contended that the level of the duties was below that of the Payne-Aldrich law. Leaders on both sides of the chamber hope that after the wool fight is over it will be possible to agree to limit debate at least on the less important items remaining to be considered and to get an agreement before long for a final vote. Besides wool the big controversy remaining are hides and sugar and the flexible tariff provisions.

FREE SHOWS TO BE CENTRAL FEATURE OF FAIR, BOARD VOTES

Committees and departments in charge of various details of Texas-Oklahoma fair plans have started their respective labors in splendid style, and with an excellent spirit, reports received at Friday night's meeting of the directors indicated. The meeting acted on a number of matters in connection with the fair plans. It was definitely decided not to attempt to have a racing program this year, that proposed feature being respectfully abandoned in view of the impossibility of getting the grandstand and track ready in time.

The central feature of the fair will be in the building to be used for collecting exhibits. The collection will be afforded. An appropriation of \$5,000 for such attractions was made Friday night, and it was voted to send representatives to Chicago next week to select the shows to be given here.

Work on the necessary remodeling and building repairs was started August 12. The grounds committee reported. This committee is also arranging for repairing the paved road to the grounds. An appropriation of \$650 for prizes and premiums was authorized. The directors approved the contract with the W. B. B. Co. which will have 26 attractions, the A. White hand, and an unusual fireworks display known as "Mythic China." The assortment of shows is considered one of the best available.

The directors took steps for early completion of the building. They will also announce shortly the rentals to be charged for mercantile exhibits. Appointment of B. A. Stanton as chief of the industrial department was announced.

FEDERAL SERVICES FOR MRS. PITTS ON FRIDAY. VERNON, TEXAS, July 22.—Funeral services for Mrs. J. Altman Pitts, 24, who died Thursday afternoon at the home of Mrs. M. B. Altman in Vernon, were conducted Friday morning at the residence. Rev. W. N. Reed of Oklahoma, assisted by Rev. C. A. Waterfield, pastor of the Vernon Methodist church, officiated. The assortment of shows is considered one of the best available.

WILDCAT SHALLOW WELL BROUGHT IN ON PARKER TRACT. An important shallow sand wildcat development was recorded Friday afternoon when the well of Bickelmeuth, Orth & Patterson on the Barbara Parker land, block 4, No. 300 survey, a short distance north of the Archer county line, was drilled to a depth of 200 feet. The well is showing for a 20 to 40 barrel pump from a sand encountered at around 75 feet.

If a well and half northwest of the old Parker shallow pool, and is expected to lead to considerable new development in that general section.

M'CORMICK DENIES HE IS IN EUROPE TO MARRY. PARIS, July 22.—Harold F. McCormick on his arrival here today from New York told the Associated Press here that he had no intention of seeing Mrs. Alexander Smith Cochran (Mrs. Gen. G. W. Smith), whose engagement to the American harvester magnate has been persistently reported and denied. Mr. McCormick said he had received no news of Mrs. Walska and that he did not know whether he would go to Switzerland while in Europe. Reports were published recently that Mr. McCormick and the singer expected to meet at Carlsbad in August.

W.M. ALLEN WHITE STILL REFUSES TO REMOVE PLACARD

EMISSARIES OF THE TWO PRINCIPALS CONFER FRIDAY NIGHT. MEETING ENDS WITH NO AGREEMENT REACHED

Editor Instructs Representative to Say That He Will Not Back Down.

By Associated Press. TOPEKA, Kan., July 22.—The arrest of William Allen White, Emporia editor, for displaying a placard sympathizing with the striking railroad shoopmen, probably will be made today, it was announced by Governor Henry J. Allen this morning.

EMPHORIA, Kan., July 22.—Governor Henry J. Allen had failed early today to persuade his long-time friend, Editor William Allen White, to remove from the window of the Emporia Gazette's office a yellow placard expressing sympathy with the striking railroad shoopmen, and a final conference at Topeka today was to decide who should swear to the information on which it was expected Mr. White would be arrested.

Mr. White's colors were flying from the window of the office of his newspaper the yellow placard which announces "We are for the striking railroad men 81 per cent." The governor's representative, who was expected Mr. White would be arrested.

When promised, however, to be the last conference before decisive action was to be held today at Topeka, the governor indicated last night to state officials were to decide who would swear to the information on which it was expected Mr. White would be arrested.

This conference follows one held here last night between emissaries of the two principals. The governor's representative, who was expected Mr. White would be arrested.

Mr. White instructed his representative, Attorney Henry Ganss, to say that he would not back down. The meeting ended in a deadlock at a late hour.

DEPUTY SHERIFF AT OIL CITY SHOT. ARREST IS MADE. GRAHAM, TEXAS, July 22.—Clarence Brecken, druggist of Oil City, 10 miles south of Graham, is in jail this morning charged with shooting Ed Edwards, deputy sheriff, three times. The shots are all thought at this time to be fatal.

The sheriff's department has no information as to the whereabouts of the cabinet now at Oil City last night.

BURKBURNETT MAN DIES AT CALL FIELD RESULT OF INJURIES. BURKBURNETT, TEXAS, July 22.—News of the death of Sam Morris, 42, died last night at the Call Field hospital in Wichita Falls, Texas, at 11:00 a. m., was a shock to relatives and friends residing in this town. Morris was injured last Sunday night in an automobile accident which occurred on the Wichita road while returning in a car with a friend from Wichita Falls. It was stated by the deceased that the driver of an approaching car, while attempting to adjust his carburetor, suddenly steered directly in front of them and caused the accident which proved fatal.

The remains were shipped to New Orleans, La., for interment, accompanied by Mr. and Mrs. Dan Morris, parents of the deceased.

BOXER DIES FROM BULLET WOUNDS. NASHVILLE, TENN., July 22.—W. L. Allen, local bantamweight pugilist, known in boxing circles as "Kid Wolfe," died at 3:30 o'clock this morning from bullet wounds said by police to have been inflicted by Jim Allen, son of a local magistrate.

CHAIRMAN RAIL LABOR BOARD HAS CONFERENCE WITH HARDING OVER THE NEW ISSUES INVOLVED

WASHINGTON, July 22.—Chairman Ben W. Hooper of the railroad labor board arriving here today in response to a summons from the White House to attend a conference with President Harding prepared to give the executive complete survey of the railroad strike situation and the recent negotiations conducted with a view to bringing about a settlement.

Almost coincident with Mr. Hooper's arrival the American Federation of Labor made public statements sent by the labor legislative representatives of the national and international unions located in Washington to the White House, and the railroad shoopmen, and John L. Lewis, president of the United Mine Workers, pledging sympathy and cooperation in the strike.

After the conference of the board with President Harding, the board will be in progress nearly an hour. Chairman Cummings of the interstate commerce committee, who with other committee members conferred with eastern railroad executives on the strike situation Thursday night, was called to the White House.

Senator Watson of Indiana and Kellogg of Minnesota, the other members of the interstate commerce committee, who conferred with the railroad executives, also were summoned to the White House.

NEGOTIATIONS FOR PEACE HAVE TAKEN A NEW TURN. CHICAGO, July 22.—As the railroad strike today entered its fourth week negotiations for peace took a new turn and expectant eyes were turned to Washington, where Chairman Hooper of the railroad labor board was called for a conference with President Harding and to the efforts of six leading railroads to make several peace overtures to the striking shoopmen. A conference between W. L. McMenimen of the railway labor board and Secretary of War D. H. Hoover, also was regarded as a possible producer of a peaceful gesture.

Reports from half a dozen cities that approximately 15,000 clerks and other railway employees had voted to walk out and new indications that Canada was facing a shoopmen strike, which Chairman Hooper of the railroad labor board was called for a conference with President Harding and to the efforts of six leading railroads to make several peace overtures to the striking shoopmen.

A new note was made evident by the statement of Samuel Gompers, president of the American Federation of Labor, in a letter to the government to urge striking coal miners and shoopmen and their respective employers to begin direct negotiations, and to the action of representatives of the "big four" railroad brotherhoods in urging congress to facilitate a return to the direct negotiations.

Meanwhile eight railroads issued cancellation orders for branch line trains, swelling the number of unemployed by about 100,000. Troops continued on guard in eight states, while additional guards were placed in various cities. The most notable instance was in Fremont, Neb., where more than a hundred of the city's business and professional men were deputized as peace officers and as their first official act accented back into service eleven non-union employees of the Chicago and Northwestern railway said to have been driven out of town.

Court action was limited to the issuance of injunctions to the Missouri Pacific and St. Louis-San Francisco roads at Kansas City, filing of petitions for injunctions at Atlanta by the Seaboard Air Line and Western and Atlantic railroads, and filing of a suit by six labor leaders at Kansas City, Kan., questioning the right of the Kansas state of industrial relations to assume jurisdiction over the shoopmen's strike.

At Oklahoma City, 100 posthouse workers walked out yesterday. While officials of the maintenance of way men's union at Detroit discussed the question of punishing the union which had struck without sanction, maintenance men of the Pennsylvania between Portage and Altoona, Pa., walked out in protest against a wage cut.

All Wabash trains into Hannibal, Mo., were cancelled. At St. Louis the Missouri, Kansas and Texas reported continued improvement of service. Governor Stephens of California said that farmers and fruit growers were anxiously fearful of the ability of the railroads to move fruit and other crops and declared the roads had reported to him they could handle more fruit than was offered.

Sheridan, Wyo., reported that its first attempt to strike without sanction broke through the guards upon arrival of a passenger train. They were dispersed with water from a hose.

DEMAND FOR SHIPS TO CONVEY COAL TO AMERICA INCREASES

LONDON, July 22.—The demand for ships to convey coal to America is increasing daily. Many steamers have been loaded in the United Kingdom this week for sailings to various American ports, the freight rate being from eight to 19 shillings a ton.

Lloyd's shipping list today says some owners are endeavoring to force a fixed rate of nine shillings six pence per ton, but as American shipping board steamers are willing to come over and load at seven shillings six pence there is little prospect of the higher rates being maintained.

The American demand for coal has caused a scarcity of tonnage in some sections. In Cardiff, New South Wales and Middleborough the heavy bookings for all kinds of coal for July shipment to the United States have caused an advance of from six pence to a shilling a ton. Cardiff export firms alone are said to have booked 200,000 tons and Newcastle firms 150,000 tons.

The coal supply on the east coast was somewhat scarce for July shipment and American orders are being executed for August shipment at the dealers rates.

SEVERAL CARGOES OF COAL ENROUTE FROM MEMPHIS. PHILADELPHIA, July 22.—Several cargoes of coal purchased by local public utility corporations in Great Britain will arrive here within a fortnight, it became known today. Approximately 25,000 tons was purchased a week ago in Wales and another 25,000 tons in England by the Philadelphia Electric company, while other public utilities placed large orders at the same time. In addition it was stated about 50,000 tons of steam coal is consigned to ship brokers and local chartering agents.

DURANT COMPANY JOINS LOCOMOBILE REORGANIZATION. NEW YORK, July 22.—Reports that the Durant Motors, Inc., was to become interested in the reorganization of the Locomobile company of America, are confirmed by the announcement that William C. Durant has assumed the presidency of the Locomobile company.

DEPUTY SHERIFF KILLED IN REVOLVER FIGHT. GRANITE CITY, ILL., July 22.—Deputy Sheriff Patrick Nalty, 28 years old, was shot and killed and Ross Jensen, 43, a patrolman, was seriously wounded in a revolver fight with two men in front of a local hotel early this morning. The two men escaped in a motor car after the shooting.

According to witnesses the shooting occurred when Nalty and Jensen, noticing the automobile standing in front of the hotel, went to investigate.

IRISH IRREGULAR TROOPS REPORTED TO BE RETREATING. DUBLIN, July 22.—With both flanks of the republican insurgent army broken through yesterday's capture of Waterford and Limerick, the irregular troops were reported to be retreating toward Cork. They are believed to number some thousands of soldiers, sufficiently equipped with all arms except artillery and they are expected to give the national army forces considerable trouble in guerrilla tactics.

Telegraph lines from Cork were partially restored yesterday and messages reaching Dublin indicated that the city was comparatively quiet. There was considerable anxiety among the inhabitants, who feared that the city might soon become the scene of fighting. Troops arriving from Cork said most of the people were strongly in sympathy with the provisional government.

The national forces are said to be in complete control of Limerick except for a few insurgent snipers. The state channels charge the republicans with having looted the Limerick stores of practically everything of value and have amounted to several thousand pounds.

Eamon de Valera is alleged to have been under fire for some time but left when the attack began, going to republican headquarters at Clonmel. Word reached here early today that the national forces captured Castle Rea, county Roscommon, yesterday after shelling the local headquarters of the irregulars who surrendered.

Times to Flash Election News

As has been its custom for many years The Times will display bulletins of election returns Saturday night. Both state and county returns will be shown. The bulletins will be displayed from the Seventh street side of the Times building and the public is invited to come out and see them. The Times was one of the organizers of the Texas Election Bureau, together with other leading newspapers of the state, for the purpose of cooperating in the collection and distribution of election returns. In addition to the reports of this bureau received over used wires, The Times will receive reports from its own correspondents in this section insuring a report that will not be excelled by any newspaper in Texas.

WOMEN AT ABILENE ARE MUCH EVIDENCE. ABILENE, July 22.—In response to the early voting plea, voters at the polls early today. The women very much in evidence.

USUALLY HEAVY VOTE EXPECTED AT AMARILLO. AMARILLO, July 22.—An unusually heavy vote is expected to be polled here today in the democratic primary. The weather is favorable, slightly cloudy and some cooler. There are more than 4,000 qualified voters in Potter county, 95 per cent of whom live in Amarillo.

Keene and Weiss Star As Spudders Win Longest Contest of the Season

DALLAS, July 21.—Victor Keene, the latest acquisition to Walter Spud's hurling corps, outpitched and outgeneraled the veteran Snipe Conley here yesterday in the longest and best pitching duel of the year. The Spudders and Giants battled for 14 long innings before the visitors were able to push over the counter which decided the contest in their favor by the count of 2 to 1. A base, a single on the hit and run play, and an infield out were responsible for the winning tally in this frame. Both pitchers had a world of stuff and were practically invincible in the pinches. Only one tally was knocked in by a base hit and that was by the count of 2 to 1. A base, a single on the hit and run play, and an infield out were responsible for the winning tally in this frame.

PRUETT HAS INDIAN SIGN ON THE KING OF SWAT

PRUETT (LEFT) IS THE ONLY PITCHER WHO CONSISTENTLY MAKES BABE RUTH (RIGHT) TIE HIMSELF UP INTO HITLESS KNOTS.

Babe Ruth is the greatest slugger of all times. No one questions the right of Ruth to that title. His home-run record of 59 circuit drives for the season of 1922 will live for years.

In his day Dan Brouthers was one of the game's greatest batmen. He was one of the sluggers of the old school. Dan is now employed at the Polo Grounds. Recently after Ruth had hit one a mile I remarked to him: "Could any of the old boys outlast Ruth?"

"Some of us could hit 'em pretty hard," said Dan, "but Ruth has got any slugger I have ever seen. That bird isn't human."

But the Babe is human after all. A rookie pitcher has proved it. He is Herbert "Shucks" Pruet of the St. Louis Browns.

Pruett is a left hander. Two years ago he was pitching college ball at the University of Missouri. Today he is one of the most valuable members of the Browns' pitching staff.

Every pitcher like to strike out Babe Ruth. The fans like to see him strike out or make a home run. Either supplies the big thrill.

Pruett certainly has been poison to Ruth. The Babe has struck him three times during the present season. Gary a hit and the home-run king made off the youngster. His hitting against Pruet has been confined to a couple of weak fouls.

In nine trips to the plate against Pruet the Babe has reached first base only once, then by grace of a base on balls.

What has Ruth been doing the rest of the time? Striking out. Of the nine times that Ruth has faced Pruet he has struck out eight times. In most cases here have been few called strikes. Babe has taken a healthy cut and missed.

In a recent game at New York Pruet worked only five innings, but in that time Ruth was up three times and whiffed on each occasion. Pruet is the type of pitcher that worries Ruth. First, he is a left hander who doesn't use much speed. That is always a troublesome combination for the big fellow.

Secondly, Pruet has a most remarkable fadeaway ball, rivaling that of Matty when "Big Sis" was in the eighth inning gave the Cardinals a 2 to 1 victory over Boston here today. It moved St. Louis to within .004 of the league leading Giants, who lost to Cincinnati.

Score by innings: R. H. E. Philadelphia . . . 000 000 0-1 1 0 St. Louis . . . 000 000 0-2 0 0 Batteries: Watson and Gibson; North, Doak, Barfoot and Clemens.

Cardinals 6, Braves 1. ST. LOUIS, July 21.—Jack Fourrier's home run with the bases full in the eighth inning gave the Cardinals a 6 to 1 victory over Boston here today. It moved St. Louis to within .004 of the league leading Giants, who lost to Cincinnati.

NEW GOLF CHAMP TO SEEK MORE HONORS IN EUROPE

GENE SARAZEN AND THE CUP HE WON AT THE SPOKKE COURSE NEAR CHICAGO WHEN HE WON THE AMERICAN OPEN GOLF CHAMPIONSHIP.

Gene Sarazen is still dizzy from his sudden ascension from no place in particular to the glorious heights of fame gained through winning the American open golf championship on the Skokie links at Chicago.

Having topped his silver cup to Mt. Vernon, N. Y., to show it to his "pop" and "mom," the 21-year-old ex-caddy is planning an exhibition tour of the United States and two trips to Europe, one this fall to learn the course and the other next summer to compete in the British open championship.

Letters are being received by him from admirers in all parts of the country. Some of them contain checks from wealthy golf enthusiasts who have read the Italian boy's story in the newspapers.

"This is all too much for me," exclaimed Gene as 'crowds' flocked around him in a hotel in New York where he went after winning the trophy. "I wasn't excited during the play, but the worst hour of my life was after I finished and waited for the rest to complete their games. Then when I began to get excited and I've been in a daze ever since."

Pratt, Dugan Best With Boston

There isn't much to get enthusiastic over at Boston. About the only nomination the Red Sox could offer in a most valuable player contest would be Derrill Pratt and Joe Dugan.

Perhaps no player on the club offers more promise than Dugan, or packs a greater punch. Dugan is probably the best fielding third baseman in the American League. He has a fine pair of hands, is certain on a ground ball and has nominations the Red Sox could offer in a most valuable player contest would be Derrill Pratt and Joe Dugan.

Pratt is a veteran, still plays a steady game in the field and is known as one of the hardest hitters in the game.

M. K. & T. LINES

That our former employees, who now entering our service, our own officials and the general public may thoroughly understand our position, the undersigned makes the following announcement: Chairman Ben W. Hooper of the United States Railroad Labor Board July 1, 1922, issued the following statement: "Regardless of any question of the right of the men to strike, the men who take the strikers' places are merely accepting the wages and working conditions prescribed by a government tribunal and are performing a public service. They are not accepting the wages and working conditions which an employer is trying to impose. For this reason public sentiment and full government power will protect the men who remain in their positions and new men who may come in."

Since that time the labor board has declared the rules and working conditions the mechanical forces were working under before the strike are in full force and effect now. These rules and conditions cannot be changed except by an agreement between our employees and the M. K. & T. management, or in event of disagreement either party or both may refer the disagreement to the United States Railroad Labor Board for decision. As our former employees quit our service of their own accord they ceased to be employees of this company. The public and those remaining loyally in our service, and those who are daily entering our employ, may rest assured that the management of these lines will use all processes at its command to keep faith with them and unqualifiedly pledge itself to make no settlement of the strike which in any manner will deprive them of their rights or jobs which they have gained in accordance with our shop crafts agreement and the declaration of the labor board.

The only way any of our former employees may enter our service is as a new employee and the opportunity to even thus enter the service is growing less day by day, owing to the fact that our forces are rapidly increasing. The public will bear in mind the strike is against a decision of the United States Labor Board, an agency of the government, and not against the railroad company. The strike, therefore, is question of obedience to law and order. There is but one answer to such a question. "We are a law-abiding people, the orderly process of law shall prevail." The management of this system has religiously kept faith with its employees in its spoken and written word, and it always shall do so.

REV. J. D. PINKSTON TO PREACH SUNDAY AT FIRST M. E. CHURCH, SOUTH

"During the summer months we have arranged to make our congregation as comfortable as possible by securing the use of the lawn tent at the church at the corner of Tenth and Lamar streets. This lawn tent has been comfortably seated and lighted and the night services will be held out in the open during the rest of the summer months. An announcement from the First M. E. church, south.

"Especially interesting programs are being planned for the Sunday night. As a prelude to the regular services and beginning at 8:15 next Sunday night, the Campfire girls of the church will put on a presentation of the summer months' work. About 30 of the choicest young girls of our church, with their guardians, recently spent 30 days at the Boy Scout camp at Camp Okla. Some of the scenes of the camp life will be put on in a very realistic manner. A typical camp evening, including setting-up exercises, etc., will form the first part of their program. The second part of the program will be some of the ceremonial robes and carry out the Campfire girl has a name of her own in the Indian language. Each name is symbolic and each girl has a ceremonial robe decorated after her own fancy to express the symbolism of her life and name. The girls will appear in these ceremonial robes and carry out the lighting ceremony, which is a very beautiful service. In camp the girls carried out this service with the beauty of each girl's own forest trees for the background and the faces of the spectators were wet with tears they were so moved by the beauty of the ceremony. The third part of the program will be a sing-song by the girls. Many of the Campfire girls are accomplished musicians and will play the organ and this part of the program will be a real treat.

"Rev. J. D. Pinkston, the assistant pastor, will preach at 9:30 a. m. on 'The Supreme Gift to Jesus,' and at the night on 'Behold the Christ.' Mr. Pinkston is one of the brightest young preachers in the conference, having stood at the head of the class for the last three years in the regular course offered by the conference. He has been a member of the board of stewards to vote Mr. Pinkston fill the pulpit during the whole of the summer months. His presence, and he will go so much acceptably. "Don't forget that the great, live Sunday school meets at 9:30 a. m. and that an interesting class is waiting for every member of the family."

Thermometer Gets Good Start With 90 at 9 O'Clock... The thermometer got a good start Saturday morning and during the day equal the high records made during the past two days.

Reports from the north and west Saturday morning showed that the clouds were beginning to gather in the sky. High temperatures, however, were reported by all agents.

(Continued From Friday) "When—?" Scottie began. "Wednesday night, here in the house. No one knows but me and I'll tell you about it later."

"Ora Hawkins has returned from her trip to California." For a moment there was silence while Andrew ate unconcernedly on. Roger was almost furiously regarding his brother.

"How do you do, Andrew? Am I the last of your old friends?" "Not—there!" The woman's lips barely formed the words and a muttered oath came from Andrew's mouth.

"I mean to get my bit out of whatever the game is, no fear!" "There's no game, but I promised you a settlement, didn't I? If you would only be a little patient!"

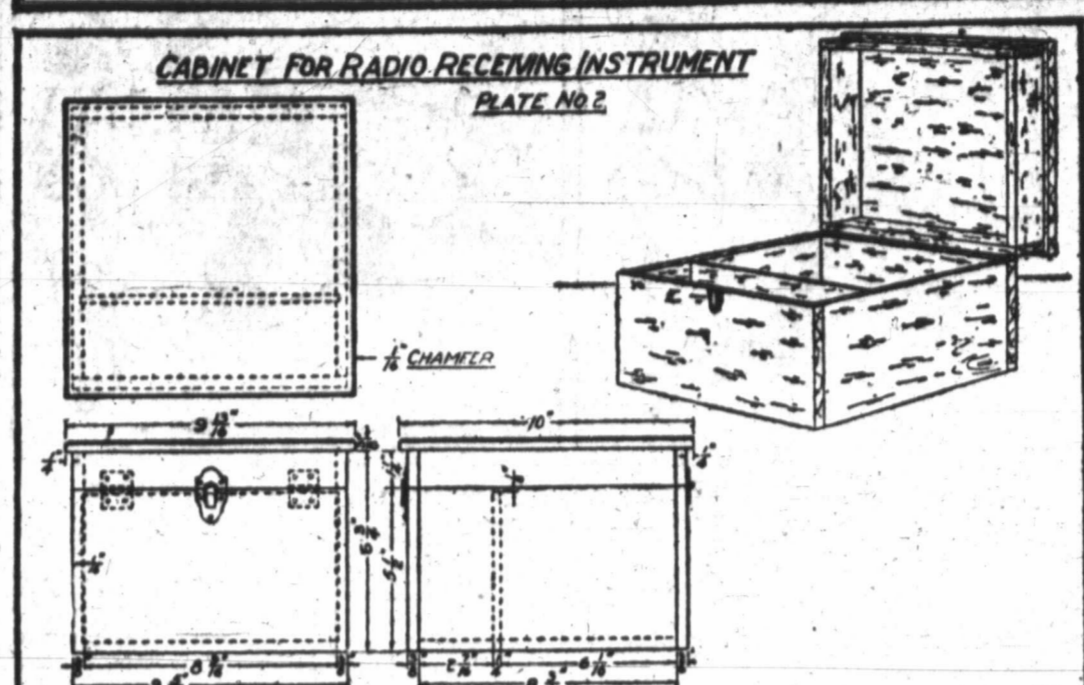

CHAPTER IX... It was Hobart Drake's unbroken custom of years to return home immediately after the market closed at noon on Saturdays.

"Two women, eh? My friend Andrew had an unlucky day. I think I can guess who this one was just now, the lady you met yesterday."

They crept around the house and were skirting the hedge when a sudden movement behind a tree brought them to a halt.

"I didn't see anything." "But I saw a light winked twice down here by the gate." They crept around the house and were skirting the hedge when a sudden movement behind a tree brought them to a halt.

MASS MEETING AT VERNON DISCUSSES THE LEE HIGHWAY

VERNON, TEXAS, July 22.—Vernon's chances to be designated on the great Lee highway stretching across the continent, formed the theme Friday night at a mass meeting held in the chamber of commerce rooms by local citizens.

Following a strenuous two day session in Lawton, Okla., Thursday and Friday, the Vernon delegates succeeded in their ambition to induce Dr. Johnson to visit this city, and from here to make an inspection of the route.
