RADICAL HEADQUARTERS OF A RADICAL LEADER GET MUCH EVIDENCE

SUICIDE FOLLOWS GIRL'S ANSWER TO YOUNG MAN SUNDAY

STANLEY TIDWELL FOUND WITH BULLET HOLE IN HIS HEAD.

VISIT TO YOUNG WOMAN PRECEDES FATAL SHOT

Testimony of Witnesses Points to Suicide—Girl Had Said "Was Through With Him."

Investigations Monday by the grand jury and by officers of circumstances surrounding the death late Sunday night of Stanley Tidwell tended to confirm the suicide theory which was first advanced. A verdict of suicide was rendered Monday by Justice R. V. Gwinn.

The case was investigated by the grand jury when it first reconvened, and there were some indications that officers believed the death to have been due to other causes than suicide. Complete inquiry, however, added nothing to sustain such a theory.

In company with W. R. Taylor, Tidwell drove up to the home of Miss Grace Phillips at 561 Scott, at 11:30 Sunday night. Miss Phillips came out to the car.

"I'm coming to tell me that you're through with me," she asked her, she told the police.

"Stanley, I've told you that I want to see you," Taylor said. According to the girl's story, Tidwell took the revolver, a .38 Smith and Wesson, out of his coat. She retreated toward the house, calling for help; she heard a shot as she reached the porch.

"W. R. Taylor, who was with Tidwell, told the grand jury that Tidwell was back of the car when the shot was fired. After the shooting, Taylor said, he called to Tidwell, and receiving no answer, looked around and saw the body in the street. The bullet had taken effect above the left ear, causing instant death.

"Reports of a dozen meetings addressed by Foster in cities of the middle west were received, the state's attorney said. Detectives battered down the door of the league's offices. Inside they seized letter files, card indexes, photographs and pictures of Lenin and Trotsky, soviet leaders of Russia. The evidence filled a truck. It included a complete list of meetings held by Foster, the raiders said.

"Adjutant General Hamrock of Colorado is on record with the statement he considers Foster one of the most dangerous radicals existing." State's Attorney Crews said. "We raided his office following an investigation of a premeditated murder of two union workmen on the Michigan Central railroad at Gary.

"These two workmen, an engineer and fireman, officials of the brotherhoods, were murdered. Yesterday two sticks of dynamite were found on the Pennsylvania tracks in Chicago by police. Twenty minutes later a fast passenger train flashed by on the same bit of track.

In a memorandum book labeled "credentials list" and seized in the raid were more than 100 names of persons to whom "credentials" of the league had been given.

There were listed among others those who were among the convicts convicted with William Brock Lloyd, wealthy leader of the communist party.

SAYS MANY W. W. W. FOUND AMONG THE RAILROAD STRIKERS

HAVE DEMONSTRATED THEIR OBJECTION TO TROOPS BY QUITTING JOBS.

STATEMENT IN REPLY TO CHARGES BY DAUGHERTY

Denies Organization Seeks Control of the Reins of Government.

CHICAGO, Aug. 21.—Many members of the Industrial Workers of the World are numbered among the railroad strikers and a number of them "have demonstrated their objection to military despotism by quitting their jobs," according to a statement of Martin Carlson, general secretary of the railroad workers industrial union, a part of the I. W. W. organization, says an announcement by the general defense committee today. Carlson's statement was called forth by recent statements of Attorney General Daugherty that he believed there was a relation between the railroad strikes and the I. W. W. and that there "were indications all over the country of the nation's taking over some responsibility of train transportation and even the government itself in the west."

"It is true that there are I. W. W. members among the railroad strikers in various centers who have demonstrated their objection to military despotism by quitting their jobs," Mr. Carlson was quoted by the defense committee. "There are I. W. W. members also among the men at work in other railroad departments, and they too would be on strike if the majority of the workers in those departments had not been under the domination of their grand lodge officers."

Mr. Carlson was quoted as saying also that the I. W. W. were "willing and eager" to take over all responsibility for railroad transportation and for the conduct of all other productive industries. He denied, however, that the organization sought control of the reins of government.

"We have no interest in directing any of the affairs which are now directed at the white house," Carlson was quoted as saying. "The industries of the country and the political parties are the nation's life blood. If the great army of productive workers in the basic industries were solidly organized and being treated apart as they are in the railroad craft and throughout the American Federation of Labor, they would become the supreme power."

Two charged with intimidation of federal officer.

Lake Wilson and Al Craig waived hearing before U. S. Commissioner A. Lantz Monday morning and their bonds were set at \$1,000 each on charges of intimidation of a United States deputy marshal.

The complaint alleges that the two defendants intimidated T. R. Wright, who was then an officer in the government service.

The alleged offense is said to have occurred at Childress on or about July 31.

FAILURE TO KEEP HIS SOLEMN PROMISE COSTS MAN \$25 FOR DRUNK

Both Judge Marr and City Prosecutor Gibson expressed open disappointment Monday morning when a young man was brought before them charged with intoxication.

It was the second offense, and after the first time the defendant had gone to both officials and solemnly declared himself a permanent passenger on the water wagon. He very emphatically reiterated his promise to abstain, Monday morning, but Judge Marr assessed a \$25 fine in order to help make the promise a binding one.

Says Request That He Quit S. S. Class Is 'Klan' Agitation

HOUSTON, Aug. 21.—George Peddy, chairman of the Ferguson campaign committee in southeastern Texas, announced Monday that he would not resign as head of the First Methodist men's Bible class until the class itself requested his resignation. Peddy's resignation was asked by Sunday School Superintendent L. Nelson in a letter that gave no reason. Later Nelson said that Peddy's resignation was requested because Peddy was speaking in behalf of a man not in accord with our views. Peddy asked for permission to go before the class and ask members whether they would resign if he were to do so.

"If the time has come when I must surrender my honest convictions in order to retain my connection with the church, then I will gladly resign my position in the church. I have never mixed politics with religion and have never been a member of my church but have followed my right to follow the dictates of my conscience in political affairs."

Peddy led the protest against Ferguson during the State University fight at Austin, but led his campaign here because of the Ku Klux Klan issue injected into the election. He is assistant district attorney of Harris county.

INTRODUCES BILL PROVIDING FOR A COAL COMMISSION DESIGNED TO CARRY INTO EFFECT PRESIDENT'S SUGGESTION.

THOROUGH INVESTIGATION PLANNED BY GOVERNMENT TO INQUIRE INTO OWNERSHIP OF MINES, PRICE OF COAL, WAGE CONTRACTS, ETC.

WASHINGTON, Aug. 21.—A bill to carry into effect President Harding's recommendations for a sweeping government investigation of the coal industry was introduced today by Chairman Wilson of the house commerce committee after a visit to the white house.

The measure would create a commission of five members to be known as the United States coal commission for the purpose of obtaining information regarding all questions and problems arising out of the coal industry. No members of congress or any person who has any interest in or is connected with the industry would be eligible to serve on the commission. The salary of commissioners would be at the rate of \$10,000 and the commission would cease to exist one year after the act took effect.

Specifically the bill would make it the duty of the commission to investigate and ascertain facts in relation to the ownership of mines, price of coal, wages, contracts, conditions of employment, distribution, waste of coal, profits realized by owners or operators and the public use of coal or corporations having to do with the production, distribution or sale of coal, and any other material facts in relation to the coal industry generally and the organizations and persons connected with it.

The commission would report to the president on or before January 1, 1923. Its findings of fact and make such recommendations as in its judgment would promote efficiency of production and efficiency in mining and distribution, and maintain uninterrupted movement of coal in interstate commerce and safeguard the interests of workers, operators and the public.

A half million dollars would be appropriated for expenses of the commission. Coincidentally with presentation of the bill in the house Chairman Doherty of the senate labor committee, issued a call for a meeting of his committee tomorrow to take up the president's recommendations for a coal fact finding committee. Senator Borah hopes to get action on his own bill, which the president has approved in the main, but which differs in some respects from the Winslow measure. The senator today said he would propose amendments to meet suggestions by the president. The principal one would be a commission of five members instead of three. Senator Borah also plans to eliminate, as suggested by the president, provisions of his original bill requiring one of the members to come from the coal industry and another from the ranks of the coal unions. The president it was said, did not desire to have his choice restricted.

A bill to create a federal coal corporation with a revolving fund with power to buy and sell coal and to transport it to market in the process of drafting at the department of commerce for transmission to the senate and house interstate commerce committees.

FREIGHT STEAMER IS REPORTED ON FIRE BUT BLAZE UNDER CONTROL

FRANCE MAY MAKE FURTHER DISORDERS IN CONNECTION WITH THE RAILWAY STRIKE

PARIS, Aug. 21.—The possibility of a direct and friendly understanding between Germany and France which would include close economic collaboration was being seriously considered for the first time today in commercial and unofficial circles. The idea was launched by newspaper discussions the suggestion that France seek justice in reparations through a rapprochement with Germany. The idea was taken up now in French business channels.

While it is unofficially stated that the French government has received no proposals from Germany for an accord, well informed circles say that such advances would eventually be made. The French officials might listen to them and even accept them on certain conditions. The talk of an understanding has been current on the Paris bourse recently and has been accentuated by the departure of the reparations mission for Berlin. The Journal says that a Franco-German agreement is quite possible the day Germany makes a serious effort to repair the ruin caused by her armies and give assurances of her desire to leave the republican form of government.

La Jours Industrielle, organ of the French industrialists, points out that an economic agreement between Germany and France might go a long way towards stabilizing continental Europe and assuring France a just reparations settlement. On the other hand a number of papers after discussing the idea reject it as being an accord of convenience which would eventually find itself under the economic domination of Germany and the latter's hope of revenge would then be complete.

PHILADELPHIA, Aug. 21.—Representatives of anthracite workers and operators met at a meeting today for another session of the negotiations to reconcile the differences between the coal miners and operators which have kept the hard coal trade since April 1. Today's meeting was scheduled for 4 p. m.

The same personnel of representatives of the coal miners and operators met at a conference here for today's session. John L. Lewis, president of the United Mine Workers, remained in the city over the weekend.

Both national and state government influences are being exerted. The mine workers were to sit in consultation this morning while the operators' leaders at 10 a. m. in the city of Philadelphia. Warriner, president of the Lehigh Coal and Navigation company and chairman of the operators' policy committee, is to convene in a separate meeting.

Aside from the personal interest in solving the problem, the negotiators are being urged to reach an agreement by Sunday in the country or at the seashore, facing pressure from constituents on both sides. For out in the coal fields and in the city offices of the operators there has been a growing conviction that the mines must be opened and the men kept to work to save both sides. With approximately 55,000 anthracite workers in idleness, millions of dollars in wages are being lost, while mine property worth other millions is being idled. Prospective buyers are clamoring to be supplied.

Both national and state government influences are being exerted to keep the men who operate the mines from making a concession possible. Railroad interests which have been losing the profitable haulage of coal have added their complaints. Enough orders have been reported to be on hand in the collieries to keep the mines producing more than the normal amount for months.

Significance was placed in the fact that mine union leaders and operators arrived at a point in Saturday's session where terms of a possible contract were discussed. This was disclosed in the brief statement issued after the joint conference had adjourned stating that the time of the meeting had been consumed in such discussion. This was taken as an indication that the issue which created the virtual deadlock during the first two joint conferences had been removed by some sort of agreement.

ST. LOUIS, Aug. 21.—Federal Judge Faris today stated on the bench that defendants in contempt cases in connection with federal injunctions granted railroads are entitled to trial by jury where the charge involves assault or any other offense that violates the regular criminal code. He held that the strikers, former employees of the Burlington at Hannibal, Missouri, charged with contempt, were entitled to trial by jury at Hannibal. Instead of being brought here, charged with 17 Hannibal men, charged with contempt will be docketed later.

Judge Faris' stand in this regard is, in certain respects, in contrast to the position taken by Federal Judge English in East St. Louis, Ill., that bench on contempt citations need not be before jury.

LOCAL MAN HELD AT HENRIETTA IN SHOOTING AFFAIR

A. L. SULLIN, MAGNOLIA EMPLOYEE, KILLS ONE, WOUNDS ANOTHER AT BELLEVUE.

CHICAGO, Aug. 21.—Disorder caused to flare in the rail strike during the early hours of its eighth week despite peace negotiations pending at New York and assurances by officers of the "big four" that no sympathetic strike of train service employees impends to bring complete paralysis to railroad transportation.

On the Atlanta side new disorders occurred at Columbia, S. C., where 11 men brought in to work in the shops of the Southern railway were attacked by strikers.

Hostilities broke out again in San Bernardino, Cal., where four men employed in the Alchison, Topeka & Santa Fe shops were attacked and beaten. Shops were exchanged by guards and an unknown man in the Rio Grande Western yards at Burnham, Colo., a suburb of Denver.

Sixteen hundred national guardsmen stood ready at Fort Riley to answer Governor Chiles' call. Mayor Barton promised city authorities would take every step possible to preserve order at Kansas City, Kan., and asked for 24 hours to accomplish his purpose.

Official complications arose at Corbin, Ky., where Chief of Police Manning, a policeman and two deputy sheriffs were arrested on federal warrants charging them with resisting and interfering with United States Marshal Williams and his deputies in the discharge of their duties. Chief Manning is said to have instigated the holdup of deputy U. S. marshal on the way to serve restraining orders on strikers at Livingston, Ky.

Troops were held in readiness to enter for the purpose of restoring order in the situation had been tense for several days. Following earlier outbreaks a section of water main supporting the Southern railway shop at Spencer was blown up.

Yardmen of the St. Louis-Louisville line of the Southern railway at Princeton, Tenn., had been on strike since Saturday morning, returned to work and freight and passenger traffic which had been tied up was restored.

Governor Hart of Washington took steps to protect fruit growers of his state by sending a representative to Washington to urge the federal action that will provide cars to move the big Washington fruit crop.

GENERAL BARTON SUBMITS REPORT TO THE GOVERNOR

AUSTIN, Aug. 21.—Adjutant General Thomas D. Barton returned to Austin today from Denison and made an official report of the strike situation to Governor Nease. Barton said although the situation at Denison is quiet, there is little indication that state troops could be removed as requested by a Dallas labor union official without danger of violence.

ARMY OFFICERS CONFERENCE WITH GENERAL BARTON

AUSTIN, Aug. 21.—Thomas S. Starnes, chief of staff of the eighth corps area, and Colonel Paul A. Wolfe, officer in charge of national guard affairs in the eighth corps area, conferred with Adjutant General Barton here today. The mission of the army officers was not announced. The cavalry encampment was visited before the officers left this afternoon.

ONE MAN IS KILLED THREE ARE INJURED IN AUTO ACCIDENT

DENVER, Aug. 21.—One man was killed, another is believed to have lost his life and two others are perhaps injured, fatally as a result of an automobile accident two miles west of Denver early this morning when the car in which they were riding skidded and plunged down an embankment into a creek.

Thomas Kelly, 29, of Solomon, Kan., was killed and C. W. Weckle, 19, and Otto E. Fennander, 25, of the same town are believed to be injured fatally. T. Divan of Denver, driver of the car, has not been found.

VERNON SCHOOLS WILL HAVE EXHIBIT AT FAIR

VERNON, TEXAS, Aug. 21.—City schools of Vernon will submit an exhibit this year for the Wilbarger county fair, September 20 to 23, and the school children will be exhibiting their work in the manual training and domestic arts departments which will be featured. E. L. Dohoney, superintendent of schools, will have personal supervision of the display, and has promised examples of excellent skill on the part of the students.

CHICAGO, Aug. 21.—Hope for an agreement between Illinois operators and miners by tomorrow was expressed by a telegram to the threat of Chang Tso-Lin, governor, to withhold his protection of British lives and property in reprisal for what he calls British contempt of his authority. Chang declares the Manchurians committed a boycott of British business.

On August 12, it was said, Chang invited several American and British merchants to his headquarters in Mukden. There he attacked the British boycott.

He declared that in the war between himself and Wu Pei Fu, the northern military leader who defeated Chang, he received the threat of a republican parliament. Manchurian soldiers were killed with bombs hurled from British airplanes.

Chang also charged the British with contempt of his authority of the railroad extending from Shanhai Kuan to Mukden.

Chang declared he intended to address a telegram to the kind of England complaining of the methods of the British subjects in Manchuria.

In his speech he made no reference to the Americans. It is supposed that the Americans were invited merely to hear what Chang had to say.

HITCH DEVELOPS IN NEGOTIATIONS OVER MINE SETTLEMENT

CHICAGO, Aug. 21.—A hitch in the negotiations between Illinois operators and miners in their efforts toward settlement of the strike in this state developed this morning. The sub-committee, which was announced officially that the operators had to some extent conceded their position on arbitration.

SWAN PETROLEUM HITS PROMISING SAND IN WILDCAT

The Swan Petroleum company has struck a promising sand at 2146 feet in its wildcat test on the C. A. Peterson farm, three miles northwest of Iowa Park. Reports from the well Monday morning were to the effect that the core showed very promisingly and that the well would be drilled.

The nearest production of any consequence is five miles away, although some few shallow wells are located within three miles of the new test.

IDENTITY OF PARTY KIDNAPING WOMAN KNOWN TO OFFICERS

FORT WORTH, Aug. 21.—The identity of four women and two men, who kidnaped Miss Hallie Hinkle, garment worker, last Thursday, is known to officers. It is known and all will be arrested today, police announced this morning. All were connected with the strike of the garment workers. Local police, which the strikers have been picketing and where demonstrations and disorders have occurred, were closed today.

Complaints alleging aggravated assault and simple assault were filed this afternoon against Miss Vida Stewart, Mrs. Dora Moore, Miss Fay E. Turner and Mrs. E. M. Cole, alleging they whipped Miss Hinkle. Each gave bond in the sum of \$500 and was released.

BEGIN FINAL WEEK  
RUN OFF CAMPAIGN  
PRIMARY SATURDAY

DALLAS, Aug. 21.—The final week of the campaign for nomination for the United States senatorship now held by C. A. Cufferson, and other races to be decided at democratic run off primary Saturday opened today with Earle B. Mayfield, senatorial candidate, said to have the backing of the Ku Klux Klan, speaking at Beaumont. His opponent, James H. Ferguson, former governor, opponent of the Ku Klux Klan and light wine and beer advocate, will speak at Houston tonight. Both candidates are expected to reiterate during the remainder of their campaigns the statements and charges and counter charges already broadsided at each other. Mayfield expects to close his campaign at Austin Friday night. Ferguson plans to close at Fort Worth Friday.

Bielaski Tells of  
Mexico Experience  
Filled With Thrills

HOUSTON, Aug. 21.—"Peace is raging in Mexico." Thus does Mrs. A. Bruce Bielaski, wife of A. Bruce Bielaski, former chief of the bureau of investigation of the department of justice, describe the situation in Mexico, which she found from personal experience to be infested with bandit kidnappers. Mr. and Mrs. Bielaski arrived in Houston from Mexico Sunday and departed for Washington by way of New Orleans.

"And so you were arrested for getting kidnapped in Mexico, were you?" Mr. Bielaski was asked. "The newspapers had me arrested," he said, "but as a matter of fact, I was only held under surveillance. All sorts of charges were preferred against me but none of them held. I was charged with operating a gambling house in Lower California, and I have never been in Lower California."

"To illustrate," he said, "I was accustomed to visiting certain buildings in Mexico City, and I had made a practice of coming out the front door upon leaving the place. One day I had been followed up the street as usual by four detectives, too lazy to walk, and riding in a motorcycle with a side car. At the building three of them stationed themselves at the front door. I came out this time at a side entrance. There sat the fourth detective asleep. I tapped him on the shoulder and asked the whereabouts of his comrades. He pointed to the other side of the building. I told him to take me back to the American consular office and of his own accord he followed me. He did so and then went back to the building for the three officers still waiting at the front door."

"Several times," he said, "I thought I would be shot by the bandits who held me prisoner but I was sure the end had come when I slid out of a cave at midnight and thought I saw a bandit aiming his rifle at me and ready to pull the trigger. It turned out to be a piece of cactus."

He said, "were literally scared to death, as were the soldiers pursuing them. One of the party of bandits had been sent out to get money which was being sent to obtain my release but a lot of soldiers were sent and they took me further back into the mountains. Part of the time we spent in the open and part of the time in a cave at Cocahuacela. At the time Bielaski was captured he and Mrs. Bielaski with a Mexican lawyer, Jesus Barcos and his wife, were on a trip to a huge cave near Cocahuacela, which tourists are advised to see. Bielaski was taken away after Mrs. Bielaski was told that he would be killed if the ransom was not paid by a certain date.

Robbed at Wasey. Mrs. Bielaski and the rest of the party were taken off on the side of the road and robbed of all their money. Mrs. Bielaski attributed the bandits by concealing her diamond rings in her mouth. She said she showed them her wedding ring and asked to keep it.

"Oh, no," she said the bandits told her, "we would not think of taking it." They also spared a Delta Tau Delta fraternity pin of her husband, which she wore.

Bielaski was unflinching in his praise of George Sumnerlin, American charge d'affaires at Mexico City, and his assistant, Claude Dawson. "They are diplomats of the highest order," he said, "and are doing Americans a great service in Mexico."

SCHOONER RESCUE  
DISCLOSES PITIABLE  
TALE OF THE SEA

SAN FRANCISCO, Aug. 21.—A tale of the sea, starving crew and a mother with a new born babe, to preserve whose life every one else sacrificed rations, was told on arrival today of the motor ship Annie Johnson with news of the safety of the schooner William H. Smith. The schooner was becalmed in the Pacific for 43 days and was discovered on August 14 when Captain Murray of the Johnson responded to her signals of distress and provided her with supplies.

A pitiable condition was found aboard the schooner. The crew of seven men had been 31 days without food except the coops with which the schooner was loaded. They were physically unable to hoist the emergency supply of rations over the ship's side.

In the cabin Mrs. Nell F. Jensen, wife of the master, was attempting to nurse her baby whose cries rapidly were growing weaker. The crew of the becalmed vessel, it was said, was beginning to show signs of approaching temporary insanity when the motor ship came to the rescue.

For 114 days no word had been received from the unfortunate vessel and she had been given up for lost. With favorable winds it is expected to be in port before the end of the week.

BALLOT BOXES FOR  
HOSPITAL ELECTION  
DISTRIBUTED MONDAY

The sheriff's office was busily engaged all day Monday in distributing the ballot boxes, ballots and supplies to the 22 voting precincts in the county preparatory to the election to be held Tuesday. The county inspectors will decide Tuesday whether \$150,000 worth of bonds shall be issued for the purpose of erecting branch hospitals in Iowa Park, Burk Burnett and Electric. Each one of the new precinct boxes will open at 7 o'clock Tuesday morning and will close at 7 Tuesday night.

Very little interest has been shown in the election and it is believed that a very light vote will be polled. The delay in preparing the ballot boxes for delivery was occasioned by reason of the fact that the ballots were not delivered by the printer until 10 o'clock Monday morning.

TWO BURKBURNETT  
MINISTERS DISCUSS  
CANDIDATES SUNDAY

BURKBURNETT, TEXAS, Aug. 21.—Rev. Montgomery, pastor of the Methodist church, and Rev. Robinson, pastor of the First Baptist church, each criticized Candidate Ferguson yesterday while preaching their respective sermons. In the course of their remarks the congregations present were urged on next Saturday to cast their ballots for Mayfield for United States senator. The two pastors also endorsed Pat Murphy for sheriff.

KLANSMEN VISIT CHURCH  
AND MAKE CONTRIBUTION  
BURKBURNETT, TEXAS, Aug. 21.—Arriving in cars last night just after Rev. Robinson began services at the First Baptist church, approximately 20 klansmen alighted and proceeded down the aisles of the church and presented the pastor with a note and \$25 in cash. The note was signed Burk Burnett Ku Klux Klan No. 207. The members of the congregation clapped their hands upon the appearance of the klansmen, and this was repeated when the pastor finished reading the note tendering the contribution.

CURRY GOES ON  
OLD JOB AGAIN

"I couldn't hit a lick of work on account of bad health, but Taniac fixed me up so I feel fine and am going back to work now," said F. R. Curry, 404 Greenville avenue, Staunton, Va., an employee of the American Railway Express Co. "I suffered from many ailments, was always tired, had no appetite and hardly enough strength to get about. I was thin as a saw, could scarcely sleep and had indigestion so bad I could eat very little. Then the 'flu' swept me off my feet and after that I was very nervous and had so much gas on my stomach at times it affected my heart so I would actually faint."

"I've gained several pounds and just feel good all the time since taking Taniac. A medicine that will do what Taniac has done for me certainly is worth a trial."

RECORDS TALK  
FRED K. SMITH vs. W. W. (PAT) MURPHY

FRED K. SMITH says that the voucher stubs of City of Burk Burnett shows:  
Voucher No. 1832, issued April 16, 1920, was issued to W. W. Murphy for audit of city books, amounting to \$331.02.  
Voucher No. 3626, issued April 29, 1922, was issued to W. W. Murphy, amounting to \$165.00.  
Voucher No. 2735, issued April 5, 1921, was issued to W. W. Murphy for audit of city books, amounting to \$300.00.  
Further, W. W. (Pat) Murphy represented to the county judge and commissioners' court that owing to the amount of work connected with his office he needed an assistant. This assistant was in the employ of the county at the time a part at least of this work was done for the city of Burk Burnett.  
Murphy was drawing his regular salary from the county at this time.

Murphy and his friends dragged into the campaign question of church membership, stating that Fred K. Smith is a member of the Catholic church.  
They reported in the Mt. Carmel vicinity that Fred K. Smith was a member of the clan.  
They reported that Fred K. Smith or his supporters promoted and published the reported K. K. ticket.  
It is reported that Murphy states to his friends that first ad was untrue and that he only received a little more than \$150.00 from the City of Burk Burnett for audit.  
Fred K. Smith says these statements are untrue.

Other than serving two masters and drawing pay for full time from both the county and the City of Burk Burnett

## OVER 60 ATTEND DISTRICT CONFERENCE OF LEAGUE

Over sixty young people representing the Floral Heights and the First South Methodist churches of this city attended the first district conference of the Epworth League, meeting in Iowa Park Sunday afternoon, August 20, the trip being made in cars. Special features of the program were the three department demonstrations staged by the Floral Heights Intermediate League, musical numbers by Iowa Park members and addresses by Miss Florence Dial, secretary of Wesley college, Greenville, Texas, and Miss Opal Bailey, life service superintendent of the district.

The demonstration presented by the Floral Heights intermediates took the form of a one act playlet entitled "The Joy Makers," and was a representative meeting of the third or social department committee called to plan a social.

Miss Joy Miller, who presided at the committee met, was represented by Miss Lillian Con and her mother, Mrs. Phyllis, by Miss Jewel Thomas; Miss Katherine Cox, by Miss Phyllis; Miss Lotta Pepp; Miss Marie Beatty of E. Z. Conscience; Alice Marian Finch, of Miss Irma Gloom; Leonard Volk, by Billy Weaver, leader of the Epworth League; Morell Trevathan, of Rev. Mark Himwell.

The musical program consisted of vocal solos by Mrs. C. R. Ralston, Miss Ralston, the Iowa Park orchestra and ukulele quintet. The quintet sang Hawaiian songs and several other songs in which the names of prominent leaguers throughout the district appeared.

The next meeting will be in Wichita Falls late in November. Those attending from the First church were Misses Elvia Allman, Stella Winters, Bonnie Rhoads, Myrtle Newman, Vivienne Harris, Ruby Delaney, Ella and Audra Faye Darby, Gussie and Ruth Downing, Ida Haggert, Lucile Campbell, Pauline Tekell, Margaret Cook, Quiana, and Bernita Humphries; Messrs. ## COLONEL BYERS TO BE HOST AT RAILROAD CELEBRATION AT RANCH HOME, OCTOBER 18

Colonel George W. Byers of Byers will give a public entertainment at his ranch home near Byers Wednesday, October 18, in celebration of the building of the Byers-Waurika extension of the Wichita Valley railway. Plans for the celebration were discussed at a conference at the chamber of commerce rooms in Wichita, Friday, Monday morning. Among those present at the conference were Colonel Byers, Sumner Bacon of Waurika, Okla., resident engineer for the new railroad, and Captain H. F. McFarland, chief engineer, Wichita Falls, Byers, Waurika and all the communities that will be served by the new railroad. It is expected that more than 3,000 persons will be present at the celebration. The special train will be run from Wichita Falls to accommodate those who do not wish to travel by automobile. The feast that follows consummation of the proposed extension, has promised to attend and to make a talk. It is expected also that Colonel Byers will speak and also announce the ceremony of the dedication of the road.

**MARRIAGE A LA MODE.**  
Ceremony plays no part in the marriage of Byers-Waurika bride and groom.

The father buys his daughter a new frock, packs up as much as he can make of the java root as he feels he can afford and the two start for the home of the groom.

The feast that follows consummation of the wedding ceremony.

## JOSEPH W. FOLK IS REPORTED RECOVERING FROM CRITICAL ILLNESS

WASHINGTON, Aug. 21.—Joseph W. Folk, former governor of Missouri and at one time widely supported for the democratic nomination for president, was said by his physicians today to be recovering rapidly from a critical illness due to a nervous breakdown.

Since he retired as chief counsel for the I. C. C. in 1914, Mr. Folk has been engaged in the practice of law here and now is retaining his office for the Peruvian government, which he represented during the recent Chilean-Peruvian conference here on Tacoma-Arica. His collapse is attributed to over work.

## BIDS ASKED FOR ON NINE MILES OF COUNTY ROAD

The county commissioners in a short session Monday morning ordered the auditor to advertise for bids on nine miles of road in the county. The roads, however, will be graded and not surfaced with concrete.

Bids for the construction of six miles of gravel road, east out of Iowa Park will be received and opened on September 4.

The county engineer asked for a longer time to prepare specifications for the three additional miles on the Charley road. This portion of the road when completed will connect up with the Improving roads in Clay county. These bids will be opened on October 2.

## Mrs. Ferguson Will Take No Public Part In Race of Husband

The following article, published in the Fort Worth Star-Telegram Sunday, was written by William Evans, staff correspondent of that publication:

TEMPLE, Aug. 18.—Mrs. James E. Ferguson will take no public part in the present senatorial campaign in which her husband, the former governor of Texas, is contending. She has declined to make any public appearances when he visited her at her home here Thursday. The staff correspondents of five Texas newspapers were in Temple to report the speech of Earl B. Mayfield, her husband's opponent. They told her that Mrs. Mayfield had been traveling with Mayfield, that she had appeared on the platform with him during his Dallas speech and that she would occupy a seat on the platform while her husband spoke at Temple.

"I do not think that Jim would want me to be there," she said. "When he spoke here I went down and listened to him speak. He would rather have me here at home, than to be seen in public with him." Mrs. Ferguson is going to vote, she said, in response to a question. "I think it is the duty of every woman to exercise by franchise privilege as a citizen," she said.

**Confident of Victory.**  
Miss Helen Ferguson, the 18-year-old daughter of the former governor, with her mother, is watching the race with interest. The daughter is a pupil at the Baylor college at Belton, wants to study journalism. She is working now in her father's headquarters here helping him in his fight.

Both of them are confident of Ferguson's victory.

"Jim always has had foresight," Mrs. Ferguson said. "I feel that 'Daddy' has a sort of an intuition." Dorrae declared, after recalling that her father said in November of last year that he believed he would win this election.

Mrs. Ferguson sat on the front porch of her old-fashioned home in Temple and in a mild voice that could hardly be heard above the noise of passing traffic, feelingly and earnestly advised the newspaper correspondents who were gathered there. She is like her husband in disavowing any bitterness, and she said she would not be in any way thing in a philosophical stoicism. The woman who was once the "first lady of the land" spoke of Mrs. Mayfield, who she said was a very kind and good friend. "I think she is so sweet," she said.

**Trials Recalled.**  
The dreadful days when her husband was on trial for his official life were recalled by the newspaper correspondents. The apparent certainty of his impeachment, even before the trial, was recalled by the movement, was remarked upon.

"Oh! That was a terrible ordeal," she said. "Jim seemed really to be in a state of mind, but he was so much of a man that he was able to keep his head. From day to day as I prayed and hoped that his enemies would not be able to bring him down. 'Mama, the senate is made up of my enemies.'"

Dorrae recalled that one day she came home from school and her father told her about it. She was then a child only 12 years old.

"I was so happy to see him," she said, "just like he has been all through it. I hardly realized what it was all about. I cried and daddy said to me, 'Don't cry, you are the people believed in him, and he said that he and mama and all of us could stand it, because he knew he was doing it for the love of the thousands of Texas people, and the farmers, for whose children he had tried to get education and schools.'"

"Since this humiliation and disgrace has been placed on our home and the future of our girls darkened, I have thought of the past and the accumulations of a lifetime," Mrs. Ferguson said. "We are left in humble financial circumstances. I do not complain of these financial losses, because Jim and all of us are happy in the love of one another, but I do feel that it doesn't matter what our home should be, because it is the legislature's unjust action. I sometimes have thought of the love of the mothers and the wives of Texas. Somehow I think Jim is right when he says that it doesn't matter what the politicians do, because they never did like him."

"So far as this disgrace affects me personally, I can bear it with fortitude, as I am now approaching the years when one can be content to sit by and watch the setting of the sun. My anxiety is for my girls, who have their lives yet to live. Jim's election to the United States senate will remove the stain upon our good name and let our girls rest under a cloud no longer."

**Signs as She Talks.**  
She sighs as she talks again of the political career of her husband.

"Jim may have made mistakes while serving as governor," she said. "He would not have been a man had he not done so. I would say to the people of Texas, if you would judge him harshly for his mistakes, won't you remember how grievously we have suffered on account of them? God alone knows how these five years have borne down. People pass us on the street and say, 'There go the Fergusons.' Children who have been reared with mine have cast stony upon them. May God in His infinite mercy spare the mothers of Texas from such waves of sorrow as have rolled over our home. I have borne these burdens with patience because I have all along been soothed and comforted with the hope that somehow and at some good time the fair-minded, justice-loving people of Texas would remove this stain from our family name, and now,

## Step-Mother Cause Of Runaway Girl's Leaving, She Says

"Too much step-mother" was the reason assigned by a 15-year-old girl who, after disappearing from home Sunday, was located at a rooming house Monday. She was persuaded to return to the parental roof.

It was at first thought that a young man was involved in the girl's departure from home, but officers found no evidence to support that belief.

Be Careful What You Wash Your Child's Hair With

If you want to keep your child's hair in good condition, be careful what you wash it with. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Mulsified coconut oil shampoo (which is pure and entirely greaseless), is much better than anything else you can use for shampooing, as this can't possibly injure the hair.

Simply put two or three teaspoonfuls of Mulsified in a cup or glass with a little warm water, then mix ten the hair with water and rub it in. It will make an abundance of rich, creamy foam that cleanses the hair, rinses out easily, and removes every particle of dirt. Mulsified is very cheap and a few ounces is enough to last everyone in the family for months. Be sure your druggist gives you Mulsified.—adv.

Advertising is the Sunlight of Business

To all that is healthy and vital in business, it means increased strength and growth; but advertising is a fierce heat which withers and consumes that which is unsound...

A business which is not a good business should not be advertised. A business which would not benefit from widespread appreciation of its ideals had better acquire a new set of ideals.

"PEAK of the LOAD"

It comes at the breakfast, luncheon and dinner hour. The demand is sudden, tremendous.

"Peak of the load," says the gas engineer. "What a convenience," comments the housewife. And both refer to the biggest service problem in the public utility business.

To get gas service when, where and how you want it without warning, without telephoning for it, means that we must have "peak of the load" equipment to meet "peak of the load" demands.

This equipment is costly. It takes a lot of money to keep it in good condition, ready at all times to serve you. And the maximum number of men must be employed to operate it whether the call comes or not.

Vital things, these. And they must be paid for if you are to get the gas service you demand, in the way you demand it.

Think it over.

Hotpoint

The most celebrated iron in the world

MANY a woman can still remember the thrill that came over her when she first handled a Hotpoint Electric Iron.

Not that she had never seen or heard of electric irons before. There were already several irons on the market.

But here was an electric iron made for ironing. Not a device or novelty to be bought and laid aside—but a housekeeping tool to use.

The first electric iron with a point even hotter than the rest of the iron.

Three More Notable Features of the Hotpoint Iron

The Hinged Plug Cord Protector Does away with most of the jostling and breaking of the cord.

The strength-saving Cast-Iron Handle Lessens the strain, and makes handling easier than you ever thought it could be.

The Attached Stand One simply lifts the iron back on its feet, instead of lifting it to and from the old-fashioned iron stand—a saving of many hundreds of pounds of lifting in a day's ironing.
