EXPECT SENATE TO PASS AND HARDING TO VETO THE BONUS

WASHINGTON REFUSES TO BELIEVE REPUBLICANS WILL OVERRIDE VETO.

EXPECT AN EXTENDED DEBATE ON MEASURE

Most of the Talking Will Be Done By Those Who Are Opposed to Bonus.

By MARK SULLIVAN National Political Correspondent of the New York Evening Post and Wichita Daily Times.

WASHINGTON, Aug. 23.—Next we shall have with us again the bonus. The debate in the senate will be longer than in the house.

With the bulk at least of the vociferous, it is less a matter of strong conviction than of expediency. When you talk with an advocate of the bonus you find he usually says that either his own personal political situation or else his view of the party politics involved calls for doing something for ex-soldiers.

Nevertheless, the bill will be passed by the senate. There can be no doubt about that. Therefore there will be a conference between the senate and the house which has already passed the bill.

After Harding's veto the real test will come. The house will undoubtedly pass the bill over Harding's veto.

Whether the president will pass the bill over the president's veto by the necessary two-thirds vote is a different question. Most of the "dopes" just now in the senate are sufficient bonus strength in the senate to override the president's veto.

Incidentally, one reason that has been advanced in a half-hearted way to prove that the bonus is impracticable, even in the present depleted state of the treasury, seems destined to fail.

Moreover, orthodox republican leaders, like Lodge and Watson, who are expected to oppose the bonus in the first instance, may hesitate to defy a presidential veto.

EUROPE WILL HAVE TO IMPORT LARGE AMOUNT OF WHEAT

WASHINGTON, Aug. 23.—Europe will have to import 532,000,000 bushels of wheat this year, or 27,000,000 bushels more than last year, because of the decline in this year's production, the commerce department was advised today by Alfred P. Dennis, its special representative in Berlin.

Exclusive of Russia this year's regular wheat crop is estimated, Mr. Dennis said, at 1,037,000,000 bushels. The total requirements of the world are 1,569,000,000 bushels as compared with last year's yield.

The falling off in yield was accounted for by Mr. Dennis by a reduction of 1,500,000 acres in the area sown by Europe, by unfavorable growing conditions in the winter and early spring and, in the case of Germany and Austria, by the lack of fertilizers.

Proponents of the "cuisine française" point out the elegance of the term, while those favoring plain English insist that chicken croquettes should be known as only chicken hash or some other name that will assure the American that he is not taking any chances in making his selection from a list of French. FERGUSON ISSUES APPEAL TO VOTERS; KLAN DENOUNCED

CRITICISM BASED IN PART ON DISTURBANCE AT HOUSTON MEETING

FORECASTS DEFEAT FOR ORGANIZATION IN TEXAS

Declares Personality of Candidates Secondary to the Principle Involved

SAN ANTONIO, Aug. 22.—Following Monday night's meeting at Houston in which a mob of several hundred Ku Klux sympathizers attempted to hound him down and to break up his meeting James E. Ferguson issued a statement here last night in which he called upon the people of Texas to rebuke this assault upon the right of free speech.

His statement to the people of Texas: "The issue has now been joined in a fashion that brooks no argument. For twenty-five minutes in the City Auditorium of Houston last night I was confronted by a howling mob of sympathizers and members of the Ku Klux Klan of Texas. This mob endeavored to the best of its ability to prevent me from addressing the voters of Harris county in behalf of the candidacy for the United States senate.

"I am past the meridian of my life and my hair is already turning gray. I come for the last time to speak my political convictions and to appeal for the right of free men to pursue happiness according to the dictates of their own conscience, and yet I am denied the right to speak my cause and the cause of the people."

"May Have Been Doubt." "Before last night there may have been some doubt in the minds of the good people of Texas as to whether the fight I am making on the Klan is the paramount issue of the senatorial race. The demonstration in Houston last night should put an end to this doubt forever.

"There is but one issue now. There can be but one issue henceforth until the end of this campaign. That issue is this: Shall we be ruled by mob law or shall we bow only to the dictates of constitutional government?"

"Not as Jim Ferguson, but as a citizen of Texas, I call upon all law-abiding citizens to come to the polls on the twenty-sixth of this month to exercise their rights as free men. The economic and political future of our great state hangs in the balance.

"A vote for Earle Mayfield is against law and order; it is a vote for fanaticism; a vote for the boycott; a vote for political ruin. No personal considerations must enter into this campaign from now on until its close. The personnel of the candidates, after all, is nothing. The principles for which each stands are everything.

"I call upon my friends to rally to the cause for which I am fighting the battle of my life. I call also upon those who formerly were my political enemies, but who reverse and stand for constitutional government, to do as much.

"Issue Is Mob or Law." "A crucial moment has descended upon us. We have come to a milestone in the history of our state. There can be no compromise. The issue is: The mob or the law. My heart is in this fight as it has never before been in any fight. Of my own personal fortunes, political and social, I say nothing. Personalities are no longer paramount. The worth of man, even one who has shed his best and his very life's blood to the service of the people, is a side issue.

"The big thing is whether we shall bow our heads in submission to the imperial wizard at Atlanta or whether we shall rise, phoenix-like, from the ashes, and proclaim to a nation, suffused with the flush of anxious expectancy, that we have scolded the devil from our hearts and wish once more to be accepted as a faithful sister in the glorious luminary of the commonwealth of the American union.

"The man or woman who does not come to the ballot box on Saturday is casting half a vote for Earle Mayfield and all the powers of darkness and hatred that cling about his name and his candidacy.

"To those thousands of justice-loving people in Texas who did not vote in the first primary, I address this appeal. I beg of you to come to the polls five days hence and cast your vote in favor of law and order. I beg of you to crush and annihilate forever this reign of tar bucket justice that has cast a blot on the fair escutcheon of the state of Texas.

"Elect Earle Mayfield to the senate and all over the nation the word will go forth that the solid south, led by that great rock-ribbed democratic state of Texas, has delivered itself over, body and soul, to the Ku Klux Klan, and what will be the result? The reasoning men and the God-fearing men and women of the states to the north and east will forthwith desert us. They will mark us off their books. They will prescribe us in their fight transactions, economic and political.

"No False Alarm." "In the great banking circles of the east, where all of our big merchants must go for credit, that terrible word 'boycott' will be written in ink that can not be erased. Our merchants will plead for assistance in vain. Great establishments that helped to build Texas will go down to ruin. Our business will suffer as it has never suffered even in the most perilous times when panics and bankruptcies impended and threatened. Before the next ten years shall have rolled past, the state of Texas will have been injured to the extent of millions of dollars.

"I raise no false alarm. I speak to you the plain and naked truth. Economic leaders today watch the outcome of this race in Texas with more keen interest than they would the fluctuations of the stock market. Sentiment has taken a back seat. Economics now takes the center of the stage. Personalities are subsidiary—issues are predominant.

"At Houston last night I was denied the constitutional right of free speech.

"The mob was in control. The officers of the law, the sheriff and the chief of police, could not or would not enforce the law. Anarchy stalked up its ugly head and spat venom in all directions. Bolshevism, epitomizing and leading to the absolute destruction of representative government stands for 'men' and its slimy way into the body politic and struck with poison tipped fangs at the foundation of the institutions

I know an easy way to clear your skin. "My skin was even worse than yours, and I, too, had tried so many remedies I was discouraged. But Resinol Ointment and Resinol Soap relieved the greenness almost immediately, and I was amazed when the blotches began to disappear and the pores to clear. In a short time my skin was perfectly healthy. Give the Resinol treatment a trial."—All drug stores.

ADVENTURES OF THE TWINS Flap-Doodle Now in Twins' Hands

BY OLIVE ROBERTS BARTON

Flap-Doodle had turned all his dinner plates into pancakes.

Everywhere the Twins went they asked the same question: "Do you know where Flap-Doodle is?" Flap-Doodle stole the twins' wand and we're hunting for it. But they always got the same answer from the queer Tinky-Winklers. The Tinky-Winklers were orange-colored-fairies on the Tinky-Winkle Star. "No, we're hunting for him ourselves," they said. Each one had a complaint to make, for since Flap-Doodle had got hold of the magic wand, he was doing awful things with it. One Tinky-Winkler said Flap-Doodle, with one single stroke of his wand, had turned all his dinner plates into pancakes. Another Tinky-Winkler said he had turned his nice spotted cow into a crocodile. Another told the Twins Flap-Doodle had turned his chickens into egg plants.

But what made everybody angrier than anything was what he did to the Tinky-Winkle Star itself. You know it was flat like a coffee saucer, with the edges turned up. Flap-Doodle took the magic wand and turned the edges down so the dears and folks had a dreadful time to keep from sliding off. Nancy and Nick, even with their Great Shoes, kept slipping and slipping, and several times they almost tumbled down to earth again. After while they came to a house and knocked on the front door. "Come in!" said a voice. The Twins nearly fell over with surprise when they entered. For there sat Flap-Doodle himself in a rocking chair, looking himself calmly with a frying pan.

Late in the morning, a splendid course was served to Mesdames Lillian Fain, Little Dickson of Paris, Texas, Leona Maricle, Edna Key, Luciline Furner, Mesdames Brevard Long, Paul Pearson, Fay Hardestad, C. R. Redd and W. C. Stubbs.

WOMAN'S COMPLEX LIFE
Woman's complex life with its multitudes of "ifs" is given as the reason for many a nervous breakdown. Some work, social obligations, dressmaking and the care of children keep the 20th century woman in a whirlwind of activity until headaches develop, backache, nervousness and oftentimes more serious ailments which are peculiar to her sex alone. Such women should not despair, but be guided by the letters so often published in this paper from women who have been in just such conditions, but who have been restored to health by Lydia E. Pinkham's Vegetable Compound. This is a root and branch medicine that contains no drugs and can be taken in safety by any woman.—adv.

TIMES DAILY MARKETS

COTTON MARKETS

New York Cotton. NEW YORK, Aug. 22.—A good part of yesterday's late reaction was recovered in the cotton market at the opening today. First prices were firm at an advance of 25 to 28 points and active months showed net gains of 30 to 32 points after the call; with December selling at 23.18, on covering and fresh buying stimulated by strong Liverpool cables, unfavorable weather reports and rumors of British and month condition figures. The advance, however, met further realising by old longs, while buying seemed to be restricted by the uncertainties of the labor outlook and prices reached several points during the early trading. There were some very bullish crop advices from west Texas and west Oklahoma. The market stiffened up during the middle of the morning on a private crop report making the condition 50 and the indicated yield 11,000,000 bales with December advancing to 23.50 or 32 points net higher.

STOCKS AND FINANCIAL

NEW YORK, Aug. 22.—Failure of the anthracite coal strike negotiations, combined with pessimistic reports concerning the outcome of today's rail strike negotiations, imparted a decidedly reactionary trend to opening prices today on the New York stock exchange. Selling pressure was directed chiefly against active rails, shippings and steels. Losses of a point were sustained by St. Paul, Lehigh Valley and Union Pacific slightly, though the latter was making gains in St. Paul preferred. New Haven, New York Central, Reading, Illinois Central and Southern railway preferred. The 20 per cent wage increase announced yesterday for the International Brotherhood of Teamsters and a few independents had an unsettling influence. Republic dropping a point during the early trading. General preferred sold off 3/8 points to its opening price of 25.00. A number of new spots included Mexican Petroleum up 3/8, Western Union, United States Steel, Standard Oil of N. Y., Standard Oil of Ind., and Standard Milling. 21. Liquidation and bear pressure on the market was suspended after midday, the list creeping up gradually under the influence of a good speculative demand for various low priced stocks. Western Maryland common and preferred. American Railway preferred. Missouri Pacific preferred. Texas and Pacific preferred. Devon Chemical, the leaders. Canadian and California Petroleum were lifted 1/2 to 3/4 points. Mexican Petroleum continued to soar under urgent buying, touching 1.87 1/2, a jump of 7/8 points. Atlantic Coast Line, Gulf States Steel and North American also ruled materially higher. The closing was irregular. Sales approximated \$25,000 shares.

New Orleans Cotton. NEW ORLEANS, Aug. 22.—A much higher Liverpool market than the local market caused heavy buying of cotton here today on the opening and prices bulged 24 to 30 points in a few minutes of trading. October rising to 22.50. Heavy realising came from the long side and at the end of the first hour of the session the trading positions showed a gain of 15 to 18 points. October fell back to 22.21. Following the weekly crop reports from the government the market bulged again and values also were aided by a private condition report of sixty per cent of normal, indicating a crop of 11,000,000 bales. October was sent to 22.50 where the list showed net gains of 15 to 18 points. Realizing by longs met the improvement and there was a fall to 22.15 for October and to levels unchanged to six points up, compared with yesterday's close. At 11 o'clock October stood at 22.15. Liquidation became very heavy during the noon hour, some of it apparently being caused by uncertainty over the outcome of negotiations to end the rail strike. In the trading up to 12:30 o'clock October fell to 22.02 and the list showed net losses of 1 to 12 points. Cotton closed steady at net advance of 5 to 10 points.

AGRIAN AND PRODUCE. CHICAGO, Aug. 22.—Trading in wheat was not large at the start today, but local traders being inclined to await leadership on either side. The market ran into selling orders soon after the opening and the early session was supported from commission houses on minor breaks. Receipts were estimated at 80,000 bushels. The opening which was at unchanged figures to be higher with September 1.02 1/2 to 1.03 and December 1.02 1/2 to 1.03 was followed by a slight sag all around. Short covering was responsible

RECORDS TALK

FRED K. SMITH vs. W. W. (PAT) MURPHY. 38 Years a Citizen of Wichita County. Fred K. Smith has endured the hardships for 38 years in the making of Wichita county, making Wichita county his home for these many years as his home of choice, lending his every effort for the betterment of his county and the citizenship of his county, and no substantiated charge has ever been made against him within those years. Smith seeking to better the condition of the office which he now holds, sought the appointment of a matron at the hands of the commissioner's court of our county to better the condition of the woman and girl prisoners. Smith has added in the department through the offices of his good wife, referred to in the court house circles as the "infantile department" a home is provided at the county jail with the Smith family where waifs and motherless and fatherless babes and babes for whom no home can be had are taken in infancy, nursed, labored with as no one except a mother can understand—14 of such babes during the short term of Smith in office have been so cared for until each were placed in a Christian home. For these labors and duties no fees of office or remuneration was provided and none is asked. While Pat was auditor of the county, giving his full time (?) for the salary he agreed to work for, he not only audited the city books of Burkburnett and drew compensation on the county's time, but while provided with an assistant to take care of the heavy duties, he audited the books of the Petrolia Machine and Tool company and made their income tax report, for hire.

3 Years in Wichita County. Three years ago Pat Murphy was holding a political job in Dallas. On account of the great demand for men in other fields of activity in the boom days, Wichita county being without an auditor sought one and employed Murphy, bringing him here for a particular job. Murphy has been only 3 years in the county and has drawn warrants from the county for each and every month since he has been here. Mr. Murphy, failing to see the great need of this betterment, through his authority as auditor to draw the county warrants refused to pay for such a matron, but now admits the need of such assistance and says if elected he will appoint a matron for such duties. During the tenure of office of Smith's predecessor and while Pat was auditor bills were allowed and paid for automobile repairs, gasoline and other expenses incurred in the discharge of the duties of the office, but since taking the oath of office by Smith, Murphy through his authority as officer and the drawer of warrants has refused to pay these items, though he had theretofore, making it more difficult for Smith to discharge his duties of office in the serving of papers, the arrest of criminals, in the caring of the infantile department, all of these expenses incurred being deducted from the \$3500 allowed him per annum as his maximum fees of office.

BOND ISSUE WINS OVER OPPOSITION OF WICHITA FALLS

OTHER PRECINCTS VOTE OVERCOMES MAJORITY IN CITY LIGHT VOTE CAST EXCEPT AT ELECTRA

Supporters There Carry Issue. Nearly All Wichita Falls Boxes Vote Against

Wichita county reversed the usual order of things Tuesday when the up-county precincts carried a bond issue over the opposition of the Wichita Falls precincts.

It was the first time in Wichita Falls' history. It is believed that the city returned an adverse vote on a bond issue. Objection to further increase in taxes and doubts in some quarters as to the feasibility of maintaining so many hospitals resulted in a decisive vote against the bonds.

Electra, Burk Burnett and Iowa Falls voters rallied to the support of the bonds and rolled up enough favorable votes to carry them.

Only a majority was required for the bonds, the two-thirds vote needed for road bonds not being necessary for hospital bonds. The vote follows:

Box No. 1—city hall—No election. Box No. 2—marble works—No election. Box No. 3—Barwise school—One for, 21 against.

Box No. 4—court house—Sixteen for, 79 against. Box No. 5—high school—Seven for, 43 against.

Box No. 6—Sibley-Taylor—Five for, 13 against. Box No. 7—Wilson's store—Three for, nine against.

Box No. 8—Buchanan street station—Four for, 24 against. Box No. 9—Alamo school—No election.

Box No. 10—Ellis drug store—Fourteen for, 48 against. Box No. 11—court house—Thirty-nine for, four against.

Box No. 12—North Side—Six for, 23 against. Box No. 13—Burk Burnett—Thirty-four for, 24 against.

Box No. 14—Burk Burnett—Sixteen for, six against. Box No. 15—Lowa Park—Thirty-seven for, 13 against.

Box No. 16—Electra—Two hundred twenty-six for, 51 against.

HIGH TEMPERATURE CONTINUES AS 106 RECORDED TUESDAY

The high temperatures of the past week continue as Tuesday the mercury mounted to the 106 degree point but receded during the night to a minimum of 83 degrees.

Clear skies were reported from all points on railroads Wednesday morning and indications were given early in the day that the thermometer would rise to practically the same heights as the day before.

There was a light breeze in evidence from the southeast Wednesday morning but its cooling effects were far outbalanced by the hot sun.

15 YEAR OLD BOY IS ARRESTED FOR SELLING WHISKEY

The older man is a barber by trade. The two were turned over to federal authorities.

\$10,000 DAMAGES INCURRED IN FIRE AT MANGUM, OKLA.

The Wichita Falls and Northwestern suffered a loss of \$10,000 in a fire that destroyed the depot at Mangum, Okla., Tuesday evening. The building and its entire contents were consumed by the flames.

Officials of the railroad in this city after receiving a detailed report of the fire Wednesday morning expressed the belief that the flames were of incendiary origin.

TEN PEOPLE AND CHOCTAW BEER IN OFFICER'S HANDS

Seven men and three women and a quantity of choctaw beer fell into the hands of officers Tuesday night following a raid on the oil fields southwest of Electra. Deputies Lay, Bryan, Bradford, Daves and Kinsler of the sheriff's department composed the raiding squad.

The party, according to the officers, was in progress when they approached and when they walked into the room there was no confusion. In fact the officers were invited to join.

When the officers declined and the people were told to get ready for a trip to Wichita Falls it was all taken as a matter of course. Wednesday morning all ten awaited their turn to enter the grand jury room.

INCEN AND HALF RAIN AT BENJAMIN SUNDAY

BENJAMIN, TEXAS, AUG. 23.—A heavy rain of about one and one-half inches fell here Sunday and was general in the surrounding territory. This is the first rain in about six weeks and it will help the cotton to a great extent. The first bale of cotton was ginned here last week.

CITY INCINERATOR OVERDOES ITSELF, INCINERATES ROOF

The city incinerator east of town incinerated its own roof last Tuesday evening.

The damage is estimated at \$400. The fire is believed to have been due to overheating the burner while consuming the daily ration of garbage.

It was the second time that the incinerator was damaged by fire. The first fire occurred soon after the plant was completed.

MAN, 60 YEARS OF AGE ASKS \$7,500 IN DAMAGE SUIT

M. H. Edwards, who states that he is 60 years of age, instituted suit Wednesday in the 7th district court against the Fort Worth and Denver City railroad company asking for damages in the amount of \$7,500 for injuries alleged to have been suffered while in the employ of the defendant company.

The petition recites that on or about February 10, 1922, while engaged at work with a section gang at a point west of Iowa Park he was thrown from a motor car, which was derailed by some unknown cause. He alleges that he suffered a broken arm and other bruises and injuries to his person.

He contends that his earning capacity has been damaged and asks judgment for \$7,500 for actual damages.

The Old Carriage Maker Had an Important Truth

"To make each part as strong as the rest," was his way of "building a wonderful, one-horse chaise that wouldn't wear out till judgment day."

This illustrates a fact that is keeping many doctors busy these days—human bodies, like chaises, break down because some part isn't as strong as the others.

Very often it's because of ill-balanced food, lacking in some important element of nutrition. This is especially true of ills developed in childhood, and carried on through life.

Grape-Nuts, that world-famous, ready-to-eat cereal, brings the plan of building each part as strong as the rest—to serve human need. Grape-Nuts contains all the nutriment of those best of the field grains, wheat and barley, including the vital mineral elements, and it is a wonderful food for building and sustaining health and strength.

The delicious flavor and crispness of Grape-Nuts make it a welcome dish whenever you're hungry.
