Spuders In Hitting Orgy While Flaherty Subdues Sand Crabs

GALVESTON, TEXAS, Aug. 27.—The Spuders indulged in a bit of the slugging that has made them famous here yesterday and headed the Texas Crabs a 19 to 13 in a partial revenge for the defeat administered to them Saturday by Pat Newman's club. Every Spudder except Huddy Tanner collected at least one blow, a total of 16 being apportioned off Flaherty and Yeager. Six of these were doubles, one a triple and two circuit smashes. The latter were piled by Al White and Harry Fisher. Flaherty, on the other hand, limited the Crab knoxes to six and they were well knocked except in the sixth when the home run crew cleaned the only tally across the park. The Irishman, however, was recorded wonderful support in the outfield, especially by Yeager. Flaherty had more hit for their fast fielding the Crabs would have counted more often. The box score:

COBB AND SISLER STAGE MERRY RACE FOR BATING TITLE

By Associated Press. CHICAGO, Aug. 27.—Way Back when his home run total was expressed in only a single figure—and when suspensions, fines and blacked-out benches were a daily occurrence—than a four-bagger Babe Ruth sold the 1922 season would end with him the champion home run hitter of the major leagues. In those days, back in May, Babe and Sisler seemed to be about the only people in the United States confident of Ruth's comeback. Today Ruth's challenge to Ken Williams of St. Louis, who has been hitting at the start of the season was a sensation, and Tilly Walker of the Athletics has begun to sound like an average player. Ruth, with the close of the season a little more than a month away, has 22 homers to his credit, Williams 27 and Sisler 27. The Bambino smashed out four this week, while the best Williams could do was a pair. Walker, however, connected with three. Ruth, it is believed, his present pace will make good his prediction in the judgment of baseball critics. The race in American league for batting honors continues to be a merry one with the veterans battling to overcome George Sisler of St. Louis, who is showing the way with an average of .317. Ken Williams is next with .316. The remarkable slugging of Harry Heilmann of Detroit the past week had placed him among the first four with an average of .352. The average slugging of Williams is .347. Hauser, Connie Mack's first catcher, although he has played in only 75 games, made a wonderful showing during the past week. From his position down about twentieth in the list, Hauser boosted his average from .212 to .281 by making it his last night game. Sisler added three more bases to his string of thefts and continues to set the pace for the base stealers with 46, his closest rival being Williams, his teammate. Other leading batters participating in 99 or more games: T. Cobb, St. Louis, .304; Williams, St. Louis, .316; Schang, New York, .312; Kelly, Philadelphia, .310; Hays, Detroit, .308; Bauser, Detroit, .307. Sisler's lead in his last five games, Rogers Hornsby, the St. Louis star, succeeded in widening the gap to 19 points that separates him from his closest rival. The batting honors of the National league, as compared to 11 points a week ago, Hornsby, if he maintains his present pace, is in no apparent danger of being noosed out of the league batting championship, and he apparently has the home run honors already. Hornsby is batting .352, while Bigbee of Pittsburgh, his closest rival, is hitting .342. Grimes of Chicago is home run king with 23. Hornsby has bagged 29 homers, with Williams of Philadelphia as his closest competitor with 18. "Mack" Miller of Chicago, who has shown a liking for left hand pitching, batted his way into fifth place in the list of leaders by connecting with eight times in his last four games. Miller's performance, with the exception of Hornsby, was the outstanding of the week. The batting honors of the American league continues to be the class of the league in base stealing with a total of 38. Other leading batters for 99 or more games: Hays, Detroit, .312; Kelly, New York, .312; Daubert, Cincinnati, .311; Walker, Philadelphia, .310; Johnson, Brooklyn, .307; Bancroft, New York, .307. The reign of Jay Kirke, the Louisville slugger, as batting leader of the American association is ended temporarily at least. Wilbur Good of Kansas City, by driving out 11 hits in his last six games, displaced Kirke from the front rank. Good's batting average gave him an average of .365, while Kirke dropped into third place with .347. Myatt of Milwaukee is second with .347. The best Kirke could do in eight games was eight hits, while Myatt bagged eight in six starts. The figures include games of Wednesday. The positions in home run hitting and base stealing remain unchanged with "Bunny" Brier of Kansas City, settling the pace for the slugging with a total of 25. Becker, also of Kansas City, is second with 21. Lamar of Toledo is leading the base stealers with 21, while Mack of Milwaukee is second with 17. Matthews, Milwaukee, 15; Brown, Indianapolis, 15; Lamar, Toledo, 15; Becker, Kansas City, 14; Combs, Louisville, 14; Hays, New York, 14; Riggs, St. Paul, 13; Krueger, Indianapolis, 13. Western League. Eugene Elsh, the Chicago City outfielder, awarded to the Chicago White Sox by Commissioner Landis, is giving Carl East, the Wichita slugger, a desperate battle for the batting leadership of the Western league, with only seven points separating them. East is setting the pace with 15 hits in his last six games. The averages include games of Tuesday. Other leading batters for 99 or more games: Henry, New Orleans, .329; Connolly, Little Rock, .327; Sherman, Atlanta, .325; Gagner, Birmingham, .318; Camp, Memphis, .318; Huhn, Mobile, .317; Nishoff, Mobile, .309; Taylor, Birmingham, .309. Southern Association. Kenan of Birmingham is the new challenger for batting honors of the Southern association. In seven games he smashed out 11 hits.

SPORT SHOTS

AN ADVANCE AHEAD. One Fort Worth scribe claims that if the Cats want to win the second half they must necessarily come to Wichita Falls at the end of the season with a four game lead. He tells how hard it is for a visiting club to win at Athletic park and says that it will be even harder this time since the local fans are working up to an extremely high pitch owing to the "creosote" episode. He figures that they will ride the opposing club to death and will make it practically impossible for the Cats to win.

MURPHY MAJORITY CUT TO 23 VOTES IN REVISED COUNT

W. W. Murphy's majority over Fred Smith, in Saturday's runoff, was 23 votes, according to re-checked figures, the totals being:

In the Times tabulation Sunday morning, Murphy's vote in box 5 was given as 226, when the correct figure was 224. The error was made in making up the tabulation; but the correct figure, 224, had been added into the totals.

The discovery of this error Sunday led many to believe that the Murphy vote was 60 votes less than The Times total, which would have given the victory to Smith.

The vote for Murphy in box No. 12 was 44 instead of 54, this change affecting a 50-vote reduction in Murphy's majority, which was published.
