## MOVE TO END RAIL STRIKE

### SUBMIT PLATFORM TO CONVENTION OF TEXAS DEMOCRATS

**GOVERNOR DEFENDS ACTION IN INVOKING THE OPEN PORT LAW**

By Associated Press. SAN ANTONIO, Sept. 6.—An amendment to the report of the platform committee of the democratic state convention denouncing the Ku Klux Klan as "un-American" and "secretly bound by solemn obligations to carry out a crusade of religious persecution" was introduced on the convention floor by T. T. McCombs of Galveston when the committee report was taken up this afternoon. The committee report contained no mention of the Klan.

### DENIES MEMBERSHIP IN FACTIONAL ORGANIZATION

By Associated Press. SAN ANTONIO, Sept. 6.—Gov. Pat M. Neff defended his invoking of martial law and open port law in Texas today as a result of the railroad strike in accepting the democratic nomination for reelection before the democratic state convention today and declared he would continue to enforce the law through the channels of commerce.

"The communist and the communist capital and employer and employee, must alike bow in humble submission to the law," Neff stated.

"I have not felt that it was called upon to commend every laudable, undemanding or to condemn every worthless enterprise that might have followed in Texas," Governor Neff said.

### NATIONAL HYDRAULIC LABORATORY AMONG GOVERNMENT PLANS

#### TO STUDY VARIOUS PROBLEMS INCIDENT TO FLOOD CONTROL

### FAVORABLE REPORT IS EXPECTED IN SENATE

#### Doubtful If Bill Will Get Through Legislative Jam at Short Session

WASHINGTON, Sept. 6.—Congress is seriously considering the question of establishing a national hydraulic laboratory in connection with the bureau of standards for the U. S. geologic survey. The project of such a laboratory would be to study various problems incident to flood control, erosion of river banks and the correction of defects known to exist in many hydraulic formulae now in use.

Early this month the senate committee on commerce will hold a hearing on the several bills now before congress to create such a laboratory and a favorable report is expected. Some doubt is entertained as to whether a bill such as proposed, carrying an appropriation of about \$200,000, would be able to get through the legislative jam at the short session, but considerable progress will have been made. Should the bill fail it is certain to be re-introduced in the 68th congress with more than a fair chance of passing.

In stressing the need for such research as would be done in this laboratory it is pointed out that while American hydraulic engineers have established world-wide standards of excellence in the construction of municipal sewer and water supply systems, in laying out irrigation systems and so on, they have done so to a large extent by applying principles and formulas worked out by European engineers. There are a few small hydraulic laboratories in connection with some of the American universities but none of sufficient size to conduct experiments on a scale commensurate with the problems which engineers must meet in harnessing the rivers of the world.

Army engineers as well as those from civil life engaged in curbing the rivers or building big irrigation projects every now and then encounter conditions which do not yield to correction and appear to run contrary to principles of hydraulic engineering as now established. For instance a rivetment placed at a certain angle, should divert a current of given strength to a given angle and when it fails to do this there is waste of money and, possibly, the creation of new difficulties. Then, too, there is the actual knowledge of just what happens to a river bed during periods of high water. It is known that in some cases so-called "mud banks" appear in places where it is assumed there should be a great depth of water. These disappear and something reveals that they have been replaced by a deep bottom. Some engineers claim that in times of flood, such as occur in the big rivers of the world, the silt sand and gravel of the river bottom roll over and create dams beneath the crest of the stream which serve to retard the flow and increase the height of the flood.

Such a laboratory as proposed would work out all these problems in an experimental way and provide practical engineers with means of collecting exact data. New formulae would be worked out which would be of great value.

### FITTS ORDERS DANCE HALL NEAR BRIDGE CLOSED BY POLICE

The dance hall which has been in operation for some months near the lower river bridge was ordered closed Wednesday by Police Commissioner Fitts. This action was taken, the commissioner said, as a result of complaints of the character of some of the regular patrons of the resort.

The closing of the dance hall will put an end to the practice of getting a few young men and women, said to be from the better families of the city, of visiting it on dance nights and participating in the entertainment. The reputation of the place and the nature of its habits have been of such a nature that a visit to it has been looked upon as the source of quite a thrill for those who ordinarily would not think of going there.

### Valentino An Ace In 'Blood and Land' Olympic Monday

Rodolph Valentino in "Blood and Land," his first Paramount picture starring vehicle, which will be the feature at the Olympic theater next Monday for the first time in a Spanish "ace," a bull-fighter who has risen to the same popularity in his profession as that enjoyed by a Spanish bull-fighter, Jimmie Murphy and Charles Faldock in their.

As "Juan Gallardo," an idol of Spain, his first Paramount picture, "Espada," or "spade," that being the type of Spanish sword, particularly lucky in Andalusia.

The development of Juan Gallardo from a ragged urchin to a favorite of his country, his love for two women are the basis of an intensely interesting story written by Vicente Blasco Ibañez and adapted by June Mathis who wrote the scenario for "The Four Horsemen of the Apocalypse," "Blood and Land" is a Paramount production. Lidia Lee and Nita Naldi have the leading feminine roles.

DISTRICT MEETING OF THE ENDEAVOR HELD AT ELECTRA

HENRIETTA, TEXAS, Sept. 4.—The Wichita district union of Christian Endeavor held its semi-annual convention in Electra last Friday, Saturday and Sunday. There was a large number of delegates in attendance from all parts of the thirteen counties that comprise the district. Many noted speakers delivered addresses. The list of speakers included Dr. E. M. Walls, president of T. C. U.; Jack Humphrey, Texas field secretary of the Christian Endeavor; Byron Hester and Rev. Francis of Electra; Miss Emma McClann, office secretary of the United Society C. R.; Miss Catherine Taylor of McKinney; J. P. Holmes of Quannah; E. B. Dodder, E. E. Durrrett and E. B. Shepherd of Wichita Falls. The address of welcome was made by Mayor Calvert of Electra. District President Jack B. Durrrett presided over the convention. The convention was featured by the holding of three contests in song, recitation and oratory. Senior sessions were separate and the work of each division was thus better exemplified. This was the first time in the history of the district that separate sessions in a district convention. A number of noteworthy features was the original and unique separate intermediate district union which will work in co-operation with the senior officers. This is the second such organization in Texas. Officers for the coming year are: Miss Myrtle Shelton of Bowie, president; Jack B. Dale of Henrietta, first vice president; L. Albright of Seymour, second vice president; Miss Edith Berny of Wichita Falls, secretary; and Miss Trussie Johnson of Wichita Falls, treasurer. Mr. R. D. Quannah will supervise the intermediate organization.

STRICT ENFORCEMENT OF PROHIBITION LAW IS URGED BY COURT

ABILENE, Sept. 4.—Charging the grand jury that the prohibition enforcement in Taylor county should be stricter, Judge W. R. Ely opposed a seven weeks term of district court here Monday. Judge Ely stated that he was pleased that there were fewer cases of forgery coming before the court in Taylor county than in the past, but condemned the practice of stealing automobiles, which is becoming common throughout this section. He declared that he believed the automobile thief, "who will slip around and steal your automobile, in which you have placed your money, is the most contemptible kind of man." In speaking of the prohibition enforcement, Judge Ely said: "Some folks think it is respectable to be in the bootlegging business, and some people do not look on the prohibition laws with that degree of gravity and seriousness that they should. The people who are going to the police where they are going to enforce the prohibition laws." Judge Ely also condemned the governor for permitting conditions in the bootlegging business, adding that although it was not in his district, the effect could be felt on Taylor county. He stated that the governor had been informed of the condition, and had taken no action, and that it was necessary for the citizens of this judicial district to see that all bootlegging activities were cleaned up, that the effect may not be felt in this district. "Do I say tighten up your prohibition laws," Judge Ely concluded, "if you will send a few men to the penitentiary and dispense with a few suspended sentences, it will go far to clean up the situation." The docket for the present term of court is the heaviest in the history of Abilene, a number of murder cases having been transferred to Abilene for trial. A large number of criminal cases have also been transferred from the oil fields, which civil docket even more congested than the criminal docket.

ABILENE ENTERTAINS SHERIFF ASSOCIATION

ABILENE, Sept. 4.—Peace officers from various sections of the state began pouring into Abilene late Monday afternoon for the annual meeting of the sheriff's association of Texas which convened in Abilene Tuesday, Wednesday and Thursday. Some 200 officers were expected to be present during the convention. The peace officers were entertained with a big rodeo at the west Texas league park here on Tuesday night, with an exhibition baseball game Tuesday afternoon, between the Abilene Eagles and the winners of the City League race recently. Other forms of entertainment to be given the officers during their stay in Abilene were an automobile trip over Abilene and Taylor county and to the big Abilene lake, completed recently, an open air watermelon feast, and special programs for the visitors at all theatres, to which they will be admitted free of charge.

BOMARTON MAN DIES FOLLOWING OPERATION

BOMARTON, TEXAS, Sept. 4.—J. M. Watson, who was operated on for appendicitis Monday afternoon died Tuesday morning at 6 o'clock. He leaves a wife and seven children. He will be buried in the Bomarton cemetery. J. M. Chamblis, an old time resident of this place, but who now lives at Tulsa, Texas, a visiting friend here. He says the boys are poor in his county and also poor across the entire country he came through. Bomarton and surrounding country had very light rain Monday afternoon. The farmers regret to see the new crop of cotton, which is practically all open. Bomarton has sinned 200 bales and will get about 1,000 more in an ordinary crop. Year about 7,000 bales are sinned.

Miss Anna Belle Farquhar will open a kindergarten and primary school Monday, September 10, at Floral Heights Baptist church. Phone 5129.—Adv.

VICKERS GUEST OF ELECTRA CHAMBER TUESDAY LUNCHEON

ELECTRA, TEXAS, Sept. 4.—Wichita county was highly commended Tuesday by E. C. Vickers, assistant secretary of the Texas Highway Association, for one of the most complete systems of highways in the entire state. Mr. Vickers was a guest of the directors of the chamber of commerce and agriculture at their regular weekly luncheon. He came to Electra to explain the purpose of the association. "The paramount object of the Texas Highway Association," Mr. Vickers said, "is to further the construction and maintenance of a connected and comprehensive system of highways throughout Texas. An effort will be made to correlate and connect existing highways."

The speaker pointed out that unless the plan of having the county commissioners the unit which directs road building, Texas will find herself outside of a complete system of national highways; because the new federal aid law, which provides \$5,000,000 in 1923, \$5,000,000 in 1924, and \$75,000,000 dollars in 1925 provides that money is available only where it is matched by an equal amount of state money. Texas has been given until this to change its present system. Mr. Vickers went from Electra to Parkburnett.

DISTRICT COURT FOR YOUNG COUNTY CONVENES TUESDAY

GRAHAM, TEXAS, Sept. 4.—The fall term of district court for Young county convened Tuesday morning at 10 o'clock, with Judge E. R. Wilson presiding, and W. F. Schenck, district attorney; John B. Rhea, county attorney; and Willis Riggs, district clerk, in attendance. Judge Wilson empaneled the grand jury and gave them a very able and forceful charge covering a very phase of law infractions. Judge Graham has a four weeks' term of court at this time, two weeks of which will be devoted to civil and two weeks to criminal cases. Judge Wilson is disqualified in a great many cases by reason of his having been district attorney prior to the time he went on the bench, and it is understood that he will exchange places with Judge F. A. Martin for one week to enable the docket to be cleared of these cases.

PASTOR AND FAMILY AT ELECTRA TAKE VACATION. ELECTRA, TEXAS, Sept. 4.—Rev. and Mrs. R. D. Curry and two children left Tuesday by automobile for a two weeks' vacation trip on the Llano river near Junction. Mrs. Curry's father owns a large ranch at that place. Reginald and George, their two sons, left Monday afternoon to spend the time with their grandfather at Mansfield. Mr. Curry is pastor of the Electra Methodist church. Arrangements have been made to conduct church services regularly during Mr. Curry's absence.

UNCLE BENNY SIMMONS DIES AT FORT WORTH

VERNON, TEXAS, Sept. 4.—Uncle Benny Simmons of Wilbarger county is dead. On the funeral notice can be found the mention that B. F. Simmons died in Fort Worth September 3 at the age of 77 years, but the county at large is only aware that "Uncle Benny" is gone. Enfeebled, nearly blind, but in remarkable retention of his faculties until the very last, the early settler passed away after a game battle for his life.

In 1823, nearly 40 years ago, B. F. Simmons filed upon a section of Wilbarger county land. Facing off the requisite distance, he ran a furrow around a section of land and established himself and his family in a dugout on the river bank. There he was when the county surveyor put his revised lines over Wilbarger, griddle wise, and the newcomer discovered that he had filed on an odd section to which title was not clear. He quickly stepped off another section, and has been living upon it ever since. Thousands of cattle passed by the little house located on the Dodge City trail in the early days. Indians there were, too, who were more or less bellicose until the Little Big Horn put an end to red skin domination forever.

A sorrowful cortege formed at Oklahoma Wednesday morning when final rites were read over the body of the old settler called to pay their last respects at the house set afar back in the fields, and the procession, as it slowly wended its way to the cemetery at East View, carried to the grave the earthly remains of one whose indomitable spirit inspired his brave heirs who opened a new field of endeavor for the Lone Star state in west Texas.

## General Secretary of Y. W. Here New Girls' Work Secretaries Elected At Special Bod Meet

Mrs. Iva E. Austin of Laurel, Miss, new general secretary of the Y. W. C. A., began the duties of her office at the board meeting of the Young Women's Christian association this week and will be in charge of the association's work during the year ending at the close of the year.

Mrs. Austin has been general secretary of the Y. W. C. A. in Laurel, Miss., for the past year and has been in the national Y. W. C. A. training school this summer, having completed a very happy course for the Y. W. C. A. board and friends of the local association, which has been without a general secretary since the resignation of Miss Margaret Du Bois to be married at Christmas.

The election of Miss Emma Carter, of this city, to the position of secretary, and Mrs. E. W. Carter of this city, to the position of recreational secretary, to take the place of Miss Helen Hood, resigned, were also announced. Miss Carter is another change in the Y. W. C. A. headquarters, and the work of Miss Carter's election will be received with great interest by her friends. She begins her duties immediately with the organization.

Miss Carter had some experience as an officer of the students' association at the C. I. A. in Denton for several years, and president of the association there during her senior year in 1919-20. As president she was leader of all of the girls' work activities. During the past year she has been teaching at Throckmorton, Texas, where she also did Y. W. C. A. work.

By OLIVE ROBERTS BARTON

"Did you see a little boy and girl with golden hair and blue eyes anywhere about?" he asked old Mr. Mud Turtle.

"No," said Mr. Mud Turtle. "Haven't seen any strangers around these parts today but two white rabbits."

Mr. Tingling asked Tittle Toad next.

"No, sir," replied Tittle. "The only new folk I saw around here were two white rabbits. Must be relations of Cutsie Cottontail."

And everybody Mr. Tingling asked about the same thing.

"Well, I don't," remarked Tingling, finally, frowning himself with his hat. "These must be important rabbits. If they come strangers perhaps they have come a distance and have seen the Twins. I'll just drop up and ask them."

### FARMERS HAVE A SHARE IN BRINGING ABOUT PROSPERITY

SEASIDE, MINN., Sept. 6.—The farmer has not failed to have a share in the general advance in prosperity, declared Vice President Coolidge in an address at the Minnesota state fair here today.

"During the development of agriculture in the United States down to the present day, Mr. Coolidge said it has involved 'the courage and character of 10,000,000 American citizens' and is an 'integral part of American life.'"

"It affects and is affected by all markets, all industry, all business, all prosperity and all adversity, the world over," he continued. "The ultimate prosperity of the farmer is the prosperity of the customer."

"The successful tillage of the nation's soil . . . requires the precision of a skilled trade, the science of learned professions and the ability of experienced management. It calls for the investment of a tremendous amount of capital. . . ."

"It is in accordance with this theory that the government is undertaking to restore and maintain the agricultural prosperity of the nation. What the government can do for agriculture or any other enterprise has very real limitations. The prime purpose of other government is to provide order and liberty and the administration of justice."

"The government," Mr. Coolidge said, "is emerging slowly but surely from a period marked by economic difficulties and depression."

### MAN KILLED AT WACO IDENTIFIED AS CLYDE TAYLOR

WACO, TEXAS, Sept. 6.—The young man who was shot Monday night in a hotel here and died Tuesday afternoon was identified this morning by M. W. (Buck) Taylor of Belton as his son, Clyde Taylor, 29 years old and unmarried. A brother of the dead man, Yantis H. Taylor of Mexico, is also here and identified his brother. The latter is a detective at Mexico and is working with other officers here in an effort to solve the mystery of the young man's death. The suicide theory has been abandoned and detectives are working on the assumption that it was murder. One man is in jail as a suspect and the country is being scoured for another person, said to be a woman.

Young Taylor left his parents' home in Belton Monday morning in company with Harry Taylor, his brother, both coming to Waco. Harry returned home that afternoon. Clyde was said to have been in a bad state of mind and there was no cause for self-destruction. The body was shipped to Belton for burial.

### FEDERAL PRISONER IS ALLOWED TO VISIT SON REPORTED VERY SICK

PHILADELPHIA, Sept. 6.—Edward F. Doore, prisoner at Leavenworth, Kan., who is here for the second time in a year by the grace of the government, visiting his five-year-old son "Bucky," whose life hangs in the balance, has virtually despaired of receiving a pardon at an early date. For a time his friends believed that it would not be necessary for him to return to the federal penitentiary, where he has served three years of a 10-year sentence for violation of the espionage act.

Instead of a pardon there came a notice last night while he was telling stories to his invalid son that his leave of absence had been extended five days.

Meanwhile "Bucky" is said to be improving. For a time it was feared that his father would not see him alive. The boy is suffering with a heart disease.

### MINISTER FROM FRANCE VOICES THAT NATION'S TRUE LOVE FOR AMERICA

WEST POINT, N. Y., Sept. 6.—Count de Chambrun, minister plenipotentiary and chargé d'affaires of France, who is a great grandson of the Marquis LaFayette, voiced his nation's "true love of America" in an address here today at the celebration of LaFayette's birthday conducted by the Sons of the Revolution.

Count de Chambrun pointed out that the attitudes "of the two nations were not based solely upon the ordinary considerations and forms" but were "of higher order and conception—it is enshrined in the hearts of our people." He cited France's aid to the colonies in the American revolution, the influence shortly afterward of the declaration of independence in the French revolution and the aid of the United States in the world war, as proving "the enduring power of those ties woven in liberty for humanity's good."

### WILMOT MAY DECLINE THE G. O. P. NOMINATION

### GUARD AT MINGUS FATALLY WOUNDED EARLY WEDNESDAY

FORT WORTH, Sept. 6.—M. V. Torres guard at a Texas and Pacific water tank at Mingus, 75 miles west of Fort Worth, was shot and probably fatally wounded as he walked his beat at 1:30 p. m. today. The wounded man was brought to an infirmary in Fort Worth. It was reported at the hospital that his wound appears to be fatal. The bullet penetrated his abdomen.

Torres, who is a brother of deputy United States Marshal Torres of Fort Worth, had been on guard duty at Mingus since July 1. He made a statement to federal authorities soon after arriving here and a search has been instituted for a suspect.

Deputy United States Marshal J. A. Riley, Special Agent C. C. Carr of the Texas and Pacific and Texas Ranger Sergeant John Gilliam are working on the case locally. Officers who took a statement from Torres declined to say what prompted the shooting. Torres came to Fort Worth, then went to Mingus from San Antonio July 1.

### Reconciliation Is Brought About by Love and Children

CHICAGO, Sept. 6.—Love for each other and their children which has survived the test of three years separation, of suits for separate maintenance and divorce, has brought about a reconciliation of Edgar Lee Masters, poet, and Mrs. Helen Jenkins Masters, according to friends of the couple.

Clashing of temperaments caused the separation, friends said.

Mrs. Masters filed suit for separate maintenance in 1919. In March 1922, she obtained a decree for separate maintenance. Her pending suit for divorce on the grounds of desertion will probably be dismissed soon, friends said.

The poet and author of Spoon River Anthology is a practicing attorney in Chicago.

# CITY RESTRAINED FROM ENFORCING ZONING ORDINANCE

## SHOULD WELL IN SOUTH ELECTRA IS MAKING 275 DAILY

The city of Wichita Falls and its officials were enjoined temporarily by an order from Judge E. W. Napier of the 18th district court Wednesday morning from enforcing the new zoning ordinance passed by the city council on August 30, 1922.

The case is on trial in the district court before a jury.

It is the contention of the stockholders that they are not liable inasmuch as all the stockholders had agreed on it that the stockholders were not liable. They also contend that the stock was purchased with this understanding further alleged that the debt made by the company was contracted with the plaintiffs with that understanding.

The case is now operating the company's plant.

One of the best completions in the South Electric field for the past week and considered the best so far in from the 1,400 foot sand has been brought in by Sam Kruger and associates of this city.

The well is located in section 13 Waggoner lands and is reported swabbing and flowing at the rate of 275 barrels daily. The top of the sand was encountered at 1,450 feet, which was barely penetrated.

It is the intention of the owners to start an extensive drilling program at once. Location for their second test has been made and drilling will begin at once.

An address by E. D. Jennings, dean of Southern Methodist university at Dallas, was the chief feature of Wednesday morning's session of the Northwest Texas Teachers' institute.

In a semi-humorous yet impressive talk, Professor Jennings spoke on the theme, "The Teacher's Chief Responsibility," telling his hearers that the building of character was the teacher's foremost task.

The devotional service was led by Dr. H. D. Knickerbocker, pastor of the Methodist church at Dallas.

Following the morning session, a luncheon was served at the hotel, and an afternoon session, Wednesday evening the teachers will be guests at a swimming party at Haven park.

## JUDGE MARTIN OF 89TH DISMISSES 69 CRIMINAL CASES

Judge P. A. Martin of the 89th district court Wednesday dismissed a total of 69 cases from the criminal docket upon motion of the district attorney's office.

Practically all of the cases dismissed were those in which indictments were returned by the grand jury of the December term of the 30th district court. This grand jury was held invalid by the court of criminal appeals and for this reason these cases were ordered dismissed.

It is understood that the grand jury of the June term reindicted approximately 11 of the defendants named in the cases dismissed.

## PLATFORM TO DECLARE FOR RELIGIOUS TOLERANCE

SAN ANTONIO, Sept. 6.—The final session of the state democratic convention is expected to get underway at 10 o'clock this morning when nominations of state officials will be made and the report of the platform committee returned. The morning's session will continue, leaders announced, until the platform is agreed upon and final adjournment can be taken.

Final touches are being put on the resolutions committee, which is understood to be practically agreed upon major issues. The subcommittee preparing the platform late last night agreed to report to the entire committee a "platform" declaring for religious tolerance and to discard the resolutions denouncing the Ku Klux Klan.

The anti-klan minority, led by H. D. Lindsey of Dallas, this morning is planning to carry the anti-klan provision to the floor of the convention. Minority leaders, however, are said to be planning to table the minority report as soon as made. Convention leaders would not predict the outcome of such action.

Preliminary draft of the platform is understood to include a provision against amending the national prohibition act and calling for legislation to prevent smuggling of liquor into this country. A statement directed against permitting negroes to now involved the courage and lions also is expected.

One of the features of today's proceedings will be the organization of state democratic women's association.

## KANSAS CITY MAN KILLS HIS FATHER THEN SURRENDERS

KANSAS CITY, Sept. 6.—R. P. Garvey, today, as the latter sat at his desk in an insurance office operated by the two in a down town building here. After firing the shot Garvey walked from the building to police headquarters and surrendered.

"My father and I were in business together," Garvey told the police. "I went there this morning and we had some words. My father suddenly pulled open the drawer of his desk and said, 'Here is something I am going to make you eat.'"

"I thought he was going to pull a weapon and I leaped to my feet and started toward the door, pulling my own revolver from my pocket. I believed he was going to fire and I did so first. He fell to the floor and I dashed out of the office and came here."

## NEW DANGER THREATENS CITY OF CONSTANTINOPELE

CONSTANTINOPELE, Aug. 31.—(Delayed) With the accident on the Greek track to invade Constantinople barely subsided, a new menace against the capital has arisen. The danger no longer comes from the Greek side but from inland, where the Turkish nationalists under Mustafa Kemal have concentrated an army of more than 15,000 men in anticipation of an offensive by the Kemalists. The British are withdrawing all their troops from the Chatalia lines where they recently were sent to keep back the Greeks and their places will be taken by the French. The British troops will be used to reconstitute any forward move by the Kemalists on the capital.

# REPEAL RAILROAD LAW IS CANDIDATE'S DEMAND

By NEA Service, DES MOINES, IOWA, Sept. 6.—Repeal of the transportation act, which he declares opened up untold avenues for waste, is the principal issue upon which Colonel E. W. Cummings, republican candidate for United States senator from Iowa, is making his campaign for election. Senator Cummings, senior senator from the state, is the co-author of the act which Brookhart denounces.

Colonel Brookhart's nomination was hailed by progressives as a singular victory.

"The railroad law should never have been enacted and it should be immediately repealed," said Cummings.

"It legalized the capitalization of about seven billion dollars of water, and provided a legislative guaranty of 55 per cent on this fictitious capital."

"The very time that the interstate-commerce commission was fixing the aggregate value of the railroads at approximately 15 billion dollars, all the railroads stocks and bonds of the country could have been bought for about 13 billion dollars. About 19 billion dollars of this bonded capital was procured by the railroads at approximately 41 per cent, making a bonus of more than 150 million dollars a year forcing the cost of transportation over a billion dollars a year."

"Wages have been reduced more than 400 million dollars a year, not counting the cut involved in the present strike, but there has been no corresponding reduction in rates. One result is that some roads have failed to meet the guarantee and others have paid extortionate dividends."

"The evils of this law will live long after it is repealed, but it ought to be repealed at once, and a law passed which will prevent the foisting of such an unjustifiably high valuation upon the people, at which they must pay dividends in the form of excessive freight rates. For example, we should not permit the railroads to capitalize the unearned increment to the extent of hundreds of millions of dollars a year, but we should permit the people to share in the increase of the more we gave them to system with, the more we owe them now."

Replying to a recent statement by Senator Cummings, that "if Colonel Brookhart's power were commensurate with that apparent desire, this government would not last a fortnight," Colonel Brookhart said: "Either Senator Cummings is right and I am wrong or vice versa. The voters of Iowa will decide the question in November. If I am defeated I am out. If I am elected, Senator Cummings should quit, as it will then be apparent that he is not in line with the views of the people of this state. Senator Cummings should be willing to risk two senatorial positions in this election. Therefore I propose that he submit his resignation to the governor of Iowa, to take effect the day I am elected United States senator, and permit the governor to appoint someone in his place more in harmony with the views of Iowa voters."

COL. E. W. BROOKHART.

## MINE DELEGATES MEET TO CONSIDER PEACE PROPOSAL

WILKESBARRE, PA., Sept. 6.—Delegates representing the Pennsylvania anthracite coal miners gathered here today to decide whether the peace pact agreed upon by operators and miners' leaders at Philadelphia last Saturday would be ratified. More than 1,000 delegates from three anthracite districts were expected.

Union chiefs, including John L. Lewis, international president of the United Mine Workers and Philip Murray, vice president of the organization, were present when the convention was called to order. They were prepared, Mr. Lewis announced, to back their decision against opposition.

The compromise principally called for an extension of the wage scale existing prior to the walkout until March 31, 1923, the appointment of a commission by congress to investigate the anthracite situation and that all wage and working conditions thereafter should be governed by the findings of the commission.

Darkness Breaks Up Weird Battle Between Spudders and Giants

DALLAS, Sept. 6.—The Spudders had four separate leads over the Giants here yesterday in a 19-inning contest which was broken up eventually by darkness but were unable to hold any one of them, and when the arbiters decided that the players couldn't continue the game was knotted at seven all. It was a record no-decision contest for the Texas league this season. Twice after the game had passed the regulation distance the Spudders forged ahead only to have the home team come back in their portion of the innings and tie it up.

AMERICAN LEAGUE

NEW YORK, Sept. 6.—The New York Yankees sustained a severe setback today, losing both games of a doubleheader to the Boston team by scores of 4 to 3 and 5 to 1 and losing first place to the St. Louis Browns. Boston won the first of 18 games with the Yankees this season.

First game—Boston 4, New York 3. Second game—Boston 5, New York 1. Batteries: Pennock and Chaplin; Hoyt, Jones and Schanz.

Browns 10, Indians 9. ST. LOUIS, Sept. 6.—Louis regained first place in the American league today by defeating Cleveland 10 to 9 while New York was losing a doubleheader to Boston. The Browns now are one-half game ahead of the Yankees.

Kenneth Williams made his thirty-fourth home run of the season, taking the league lead in circuit clouts and tying Rogers Hornsby of the Cardinals, leading National league home run hitter. Williams' drive came in the fourth inning off Boone and was good for four runs, Kolp, Tobin and Sizer scoring ahead of him.

Score by innings—Cleveland 9, 0, 0, 0, 0, 0, 0, 0, 0, 10. St. Louis 1, 0, 0, 0, 0, 0, 0, 0, 0, 10. Batteries: Lindsey, Williams, White, Edwards, Morton and Sewell O'Neill; Kolp, Pruett, Shocker, Wright and Seaver.

Tigers 9-5, White Sox 5-15. CHICAGO, Sept. 6.—Chicago and Detroit divided a doubleheader, the visitors winning the first game 9 to 5 and losing the second 5 to 15.

First game—Chicago 9, Detroit 5. Second game—Detroit 15, Chicago 5. Batteries: Elmke and Woodall; Basler; Leverette, Mack, Hodge and Schalk.

Chicago 12, 10, 9, 15, 16, 1. Detroit 5, 0, 0, 0, 0, 1. Batteries: Johnson, Olson, Cole and Woodall; Blankenship, Duff and Targan.

The local team opens the season at Sweetwater, September 25, in compliance with the schedule made out by the interscholastic league. They also play Big Spring October 5 and 12, Coleman October 25, and Battling October 27. Should they win these games they will then meet the winners of various other districts in this section, having defeated Electro two years for the northwest Texas championship.

Thirty-five men reported for the opening practice, eight of whom were letter men of the last year's team. The remainder were either entirely new material. Only five of the last year's letter men will not be back.

A BRECKENRIDGE ROOFER. The following is clipped from the Fort Worth Star-Bulletin: Breckenridge, Sept. 6.—Dear Billy: I want to ask you a few questions if you don't mind. Not very many years ago Walter Salm was one of the best first basemen in the league, playing in a Panther uniform. Why thought he could hit any big league pitcher that ever walked on a baseball diamond. Now that he is manager of Wichita Falls and is making Fort Worth fight for a pennant, you think he is one of the worst bums and crooks that ever was; and say, Billy, my nick for an all star team is as follows: Pitches—Washburn, 25-5-5, 25-1-2-1. Mitchell, Mookan and Bill Bailey; the rest of the team is Wichita Falls. Yours truly, FRANK L. FRENDEL. Forever for Wichita Falls.

More Hard Luck. Thirteen innings of wasted effort. Four Behind.

The draw was much more acceptable than the defeat, but it hurt nevertheless. The Spudders skipper was praying for pleasant weather until the end of the season so he would be able to give his crippled, hurting staff something that resembled a rest. A tie game was the last thing to enter his mind. The tie cost the Spudders a half game but they have an opportunity to pick it up together with another half in the final twin bill in Dallas. They are now trailing by four full games.

Shreveport Series. The Spudders have no postponed games to be played off in Shreveport. The Gassers and Spudders lost out on a game here, however, and Manager Vann of the Louisiana team has inferred that if Salm demands the game to be played in Shreveport, he will consent. If Walter is successful in leading Larry Jacobus the game may be played. Otherwise he will try to save his pitchers for the last series here—provided the Spudders still have a chance next Monday. It was tough break for the Spudders when that game was postponed here. They were going at their best at that time while the Gassers were skidding. It was only one of the tough ones the Spudders have received.

Will They? If the Dallasites show as much fight against Fort Worth as they have against the Spudders, the Wichitans will have a fix within their grasp when they come home Monday.

It is admitted by practically all baseball followers that the Texas league is the fastest Class A league in the country and that the first division clubs could make a creditable showing in some of the AA circuits. Wichita Falls has showed their heels to six of the clubs in the Texas league and may yet show them to the seventh. Does that

NOT CURED YET.

LOS ANGELES, Sept. 6.—Norman Selby, known to ring patrons as Sid McCoy, took the count of nine from Cupid yesterday when he appeared at the marriage license bureau with Mrs. Jacqueline Arthur McDowell of Baltimore, and they procured a license to wed. The application recited that Selby had been married eight times previously. Mr. Selby said he expected this marriage to be a success.

Speak Well. No deliberation is needed for an answer.

The Unsuspected Again. Wonder what the Gotham fans thought Tuesday night. Both the Giants and Yankees, league leaders, were defeated twice in the same day by the Braves and Red Sox, league tail-enders. The double jolt cost the Yankees first place. Yes, baseball is a great game.

Connelly Going West. Joe Connelly, 1921 San Antonio outfielder and with Little Rock until recently, is going like a house afire with the Indians. Joe was a wonderful outfielder when in the Texas league and Wichita Falls fans never will forget the day he robbed Danny Clark of a wallop by sparring a drive over his head with his bare hand while running full tilt toward the center field fence that caught hands out as "the most wonderful ever made at Athletic park and was only one of many turned in by Connelly. He was also one of the best long distance hitters in the league and gave the boys in the southern loop a few tips this year on the art of poling the apple. It would not be surprising to see Summa and Connelly alternate in the Indian pasture when Summa goes up. Speaker has always wanted two outfielders—one to face southpaws and one to oppose the normal flingers. Connelly swings from the right side of the plate and Summa from the left.

Marshall Selected for Baptist Encampment. MARSHALL, Sept. 6.—Selection of the permanent location for the East Texas Baptist encampment has been deferred until October 14. Dates for the encampment for next year are fixed as June 13 to 23. June was selected in preference to August due to the greater beauty and comfort of the Belle lake and its surroundings at that time.

FIELD AND TRACK CHAMPIONS PITTED IN BIG A. A. U. MEET

Upper left, F. K. Foss, Cornell's star pole vaulter; lower left, A. G. Beach, 440-yard hurdle title holder; center, Larry Faddock, University of California sprinter; upper right, R. W. Langan, high jumper of Yale; lower right, A. Patonall, Haskell jumper.

The meet with a strong team, the outstanding member of which will be Charley Faddock, the champion 100-yard runner.

Pat McDonald, the giant poleman athlete of the New York A. C., will endeavor to regain his spot title from Clarence Houser of Los Angeles, who defeated him last year.

The meet will be held at Newark, N. J., Sept. 8, 9 and 11. It is expected several new world records will be established.

The fact that the Montreal A. A. C. will enter a team will lend an international flavor.

Another interesting feature will be the competition of several full-blooded Indians, both Haskell institute and the Phoenix Indian school having made entries.

A. Patonall of Haskell and Mase Polinsoloma of Phoenix, both veterans of the track, will be seen in action.

Freeless a Thrill. The quarter mile event promises to be a thriller, with such stars as Larry Brown of the University of Pennsylvania; Allan Woodring, the Olympic champion; Bill Stevenson of Princeton; Jack Driscoll of Boston; George Schuller of Los Angeles; Harold Kay, the Metropolitan champion, and many others of lesser fame.

California will be represented in the meet with a strong team, the outstanding member of which will be Charley Faddock, the champion 100-yard runner.
