UNLIMITED TIME GRANTED ATTORNEYS IN MAYFIELD CASE

ACTION PREVENTS CERTIFICATION OF NAME AT THIS TIME

ORDINARY PROCEDURE IS TO LIMIT THE TIME

Questions of Law Involved in Case Being Argued by Both Sides.

DALLAS, Oct. 17.—Unlimited time was granted attorneys for argument in the appeal from the temporary restraining order in the district court at Corsicana, which prevented certification of the name of E. B. Mayfield as a democratic candidate when the appeal was taken up by the fifth court of civil appeals here today.

The appellants argued the court at Corsicana did not have jurisdiction; that the statute governing quo warranto proceedings had not been observed in the filing of the original suit; that the proceedings were delaying the entire election machinery in the state; that an individual cannot institute a quo warranto proceeding unless the state joins in the action and that if the present suit at Corsicana is to stand it would open the way to a multiplicity of suits.

The appellants, who were the defendants in the quo warranto proceedings, were represented by L. C. Sutton, an assistant attorney general, and David B. Trammell, a Fort Worth, who spoke this morning.

Their contentions included argument that the quo warranto proceedings were not in fact quo warranto proceedings, but were proceedings in bringing it. They also declared the temporary restraining order never should have been granted and asked the temporary order be dissolved or set aside.

Luther Nickels, for the appellees, who were the plaintiffs in the quo warranto proceedings, said that the special statutes under which the proceedings were originally filed authorized the district court to grant the order he sought.

Another contention he made was that the threatened acts of Secretary of State Davis exceeded the authority of his office, and that a suit against him as an individual could stand.

W. W. Nelms of counsel for the appellees, who spoke this afternoon, said the court room was filled to capacity for the morning session.

NOTION TO END THE INJUNCTION ORDER

CORSICANA, TEXAS, Oct. 17.—Although yesterday was devoted to the United States senatorial election, the affair here today was one of clearance and court is not in session today.

There was an abundance of argument yesterday. All by the attorneys. Judge Trammell, who presided, talked about dismissing the suit; about who had jurisdiction in the case; the appeal court or the district court; the quo warranto proceedings; the temporary restraining order; the fact that the quo warranto proceedings were filed in the district court; the fact that the quo warranto proceedings were filed in the district court; the fact that the quo warranto proceedings were filed in the district court.

SAMUEL GOMPERS IS SPEAKER AT LEGION ANNUAL CONVENTION

TELLS OF LABOR'S AIMS AND ASPIRATIONS AND VIEWS OF RIGHT.

WITH JUDGE LANDIS IS GIVEN NOISY WELCOME

Possible Fight on Beer and Wine and Klan Adds to the Interest.

NEW ORLEANS, Oct. 17.—San Francisco was awarded the 1923 convention of the American Legion by acclamation.

NEW ORLEANS, Oct. 17.—The American Legion in national convention here today heard Samuel Gompers, head of the American Federation of Labor, tell of labor's aims and aspirations and what it believes in right and wrong.

Mr. Gompers and Kenesaw Mountain Landis, supreme commissioner of baseball, received a noisy welcome from the "buddies" when they entered the convention hall.

The all-important resolutions committee will bring in a number of expected resolutions and is prepared to table a number of other issues. Among these, it is learned, is the beer and light wine issue and any reference to the Ku Klux Klan.

Friends of beer and light wine vigorously assert that an open fight will be made before the convention to get an expression on this issue.

Permanent rumors are that the Ku Klux Klan may be made an issue in open sessions.

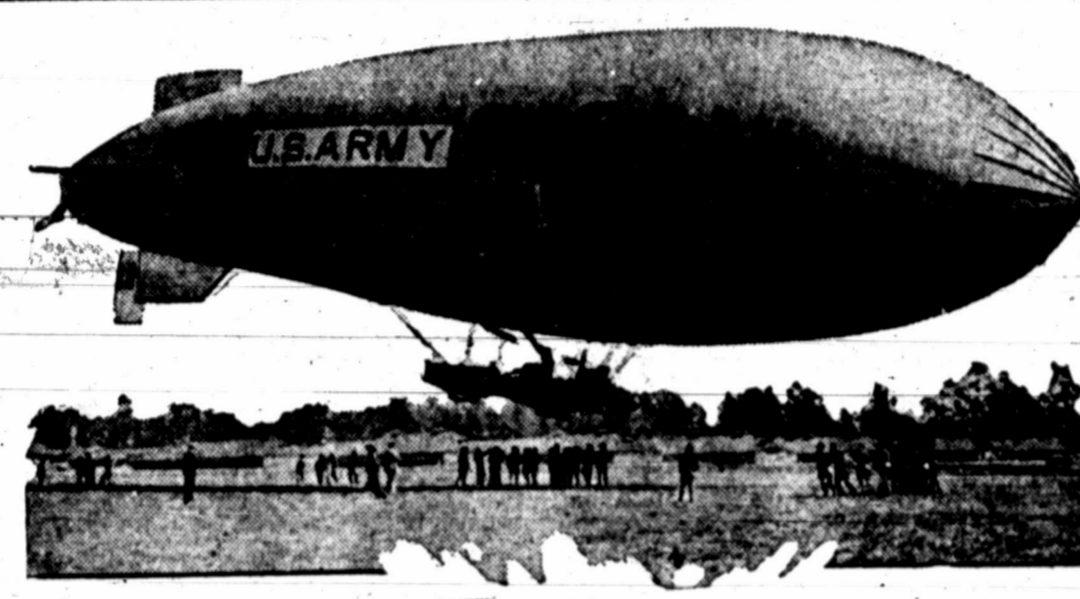

Hansford MacNider presented John Hutton Payne, national head of the American Red Cross, and declared that the Red Cross had done a great deal to carry out the legion's policy in the world.

Mr. Payne said the Red Cross was "not a cult, but the heart throbbing of the nation's conscience."

Commissioner John J. Tigart of the federal bureau of education, extended greetings to the legion. He endorsed the rehabilitation and honor program of the legion.

Mr. Gompers reiterated the attitude of the American Federation of Labor in regard to the war. He said that the federation's program was to bring about peace and to stand for the rights of the individual.

ARMY DIRIGIBLE IS DESTROYED BY FIRE

The C-2 burned at San Antonio was the first craft of the dirigible type to complete the transcontinental trip over the United States. Starting from Langley field, Newport News, Va., at 12:15 a. m. September 14, the ship made air history by flying to Ross field, Arcadia, Cal., with but six stops en route, reaching the Pacific coast field at 6:53 p. m. September 25.

PITCHED BATTLE ON 'DRY' ENFORCEMENT IN FEDERAL COURT

NEW YORK, Oct. 17.—Wet and dry forces face each other today before Federal Judge Learned Hand in a pitched battle between prohibition enforcement authorities and foreign and American ship lines over the validity of Attorney General Daugherty's liquor ruling.

The calendar of Judge Hand's court was cleared for the hearing of temporary injunction restraining enforcement authorities from putting into effect the ruling forbidding American and other ships leaving port after October 21.

But there remains an even greater field for effort and initiative, waged agreement on working conditions and the decisions of the labor board had restricted the initiative of the railroads, there still was opportunity to find new ways to make progress.

WASHINGTON, Oct. 17.—Negotiations between the British embassy and the state department looking to the release from custody of vessels of British registry seized by prohibition forces outside the three-mile limit were expected to take more definite form as a result of the hearing before the United States government to enter an agreement which would permit reciprocal authority to make seizures.

A suggestion from the United States that an agreement whereby the two governments could exercise special supervision over American and British shipping in coastal waters outside the internationally accepted limit of jurisdiction would be of mutual advantage to both countries was opposed by the British government in a note made public last night.

It was understood Great Britain has indicated her willingness to adhere to the doctrine laid down by the United States supreme court that the sending of small boats into the "jurisdictional area" served to bring the vessel to all intents and purposes under the jurisdiction of the United States.

LIQUOR IN SEA STORES

NEW YORK, Oct. 17.—Whether the mere presence of liquor in sea stores on foreign vessels within the scope of the eighteenth amendment and the prohibition act is the real issue in Attorney General Daugherty's ship ruling, said Attorney Van Vleet, federal counsel for the White Star line, in arguments today before Federal Judge Hand as to the validity of the ruling.

Mr. Veeder declared that foreign vessels had been allowed to carry liquor in their sea stores since prohibition became effective and this right was not questioned until October 6, when the Daugherty opinion was promulgated.

HINES POINTS OUT OPPORTUNITIES FOR RAILWAY OPERATION

BOSTON, Oct. 17.—Walker D. Hines, former director general of railroads, pointed out today new opportunities for ingenuity and initiative in railroad operation in an address at the annual meeting of the Associated Industries of Massachusetts.

The present difficulties in railroad service, he said, constitute only a temporary emergency condition.

But there remains an even greater field for effort and initiative, waged agreement on working conditions and the decisions of the labor board had restricted the initiative of the railroads, there still was opportunity to find new ways to make progress.

WASHINGTON, Oct. 17.—The disturbance over the northwestern British shipping in coastal waters outside the internationally accepted limit of jurisdiction would be of mutual advantage to both countries was opposed by the British government in a note made public last night.

It was understood Great Britain has indicated her willingness to adhere to the doctrine laid down by the United States supreme court that the sending of small boats into the "jurisdictional area" served to bring the vessel to all intents and purposes under the jurisdiction of the United States.

LIQUOR IN SEA STORES

NEW YORK, Oct. 17.—Whether the mere presence of liquor in sea stores on foreign vessels within the scope of the eighteenth amendment and the prohibition act is the real issue in Attorney General Daugherty's ship ruling, said Attorney Van Vleet, federal counsel for the White Star line, in arguments today before Federal Judge Hand as to the validity of the ruling.

Mr. Veeder declared that foreign vessels had been allowed to carry liquor in their sea stores since prohibition became effective and this right was not questioned until October 6, when the Daugherty opinion was promulgated.

LIQUOR IN SEA STORES

FIRST NORTHER OF SEASON HITS HERE MONDAY EVENING

THERMOMETER DROPS TO 49 DEGREE POINT AND HALF INCH OF RAIN FALLS.

STORM IS TAIL END OF BLIZZARD IN KANSAS

Storm Cuts Swath Direct From North Between Decatur and Frederick.

The first real norther of the season struck here at 9:45 o'clock Monday night and within a minute the thermometer had registered a drop of five degrees. It kept recording until the 49 degree point was reached early Tuesday, the minimum for the night.

The brisk cold north wind brought with it a general clearing that produced a half inch of rain up to 9:00 o'clock Tuesday morning.

The storm and wind moved in directly from the north and cut a swath in north Texas bounded by the towns of Decatur and Frederick, Okla. North and west of Frederick there was no rain and agents east of Decatur reported no rain.

The north wind and storm that arrived here Monday evening were the tail end of the storm that struck Kansas and other northern points Monday afternoon.

NEW BRUNSWICK, N. J., Oct. 17.—Having obtained postponement of the projected handling over of the body to the state coroner, the Rev. Edward Wheeler Hall, rector of the Episcopal church of St. John, the Evangelist, and his choir leader, Mrs. Eleanor Reinhardt Mills, to state authorities, county officials were prepared this morning for a busy day's work.

They were to question during the day Henry Stinson, brother of Mrs. Frances Mills, widow of the slain rector, and a maid in the Hall home. Persons close to the proceedings of both Somerset and Middlesex counties, who have been charged of the investigation, predicted that a man and a woman might be arrested on charges of first degree murder before the day closes.

EIGHT ADDITIONAL ROADS TO AGREE TO SHOP SETTLEMENT

CHICAGO, Oct. 17.—Approaching cold weather has caused the management of eight additional roads to agree to a settlement of the shop craft strike, a business news item from the organization's members from the headquarters here announced.

The new roads are according to the union, the Chicago and North Western, Great Northern, Northern Pacific, St. Louis, Brownsville and Mexico, St. Louis and Belleville Electric railway and the St. Louis and O'Fallon.

VENIZOS DECLINES TO DISCUSS REPORT RE PUBLIC PLANNED

LONDON, Oct. 17.—Former Premier Venizelos of Greece declined today to discuss the report from Athens that a republican movement is on foot in Greece, with the object of making Venizelos president, but he declared he was irrevocably determined to retire to private life as soon as the Turkish peace treaty was signed.

GAS IGNITES WHEN HOLE IS TORN IN BAG AS SHIP LEAVES HANGAR; SEVERAL ARE HURT IN ACCIDENT

THIRTY THOUSAND GREEKS AND ARMENIANS PASS ADRIANOPLE ON MARCH TO UNKNOWN POINTS

SAN ANTONIO, Oct. 17.—A Texas "norther" which whistled down from the north this morning was primarily the cause of the destruction of the dirigible which left the hangar at Brooks field, resulting in the death of five occupants at 9:15 o'clock when a sudden gust of wind from the big envelope of the rope guide tore out.

The dirigible was being maneuvered from the hangar built for the ill-fated craft. Releasing the dirigible, the command was given by the "norther" made further advance hazardous, Major H. F. Cross, the commander, ordered the dirigible back into the hangar.

It was about one-half clear of the big doors when the dirigible was struck by a sudden gust of wind which was attached to one of the rope guides.

The dirigible was being maneuvered from the hangar built for the ill-fated craft. Releasing the dirigible, the command was given by the "norther" made further advance hazardous, Major H. F. Cross, the commander, ordered the dirigible back into the hangar.

ADDED SWITCHING CHARGE ALLOWED TWO LOCAL LINES

AUSTIN, Oct. 17.—A re-arrangement of \$2,250 per annum and additional switching charge for the Fort Worth and Denver railroad, and Trinity and Brazos Valley railway was authorized by the state railroad commission today.

The order is effective in 29 days.

TWELVE HUNDRED OF FRENCH TROOPS GO TO ADRIANOPLE

CONSTANTINOPLE, Oct. 17.—Twelve hundred French troops left Constantinople today for Adrianople, where a serious situation reported occasioned by the evacuation of the Greek army.

The movement of French troops to Adrianople may result in a protest from the Greeks.

PROPOSED NEW RATES

WASHINGTON, Oct. 17.—The proposed new rates for the railroads were proposed to put into effect today. The rates have been suspended until investigation. It was announced at the I. C. C. today.

AVIATOR IS KILLED AT SAN ANTONIO

SAN ANTONIO, Oct. 17.—First Lieutenant Walter H. Ball, 37, was crushed to death at 3:10 o'clock this morning.

He was born in Missouri, but entered the army while a resident of Oklahoma.

THIRTY THOUSAND GREEKS AND ARMENIANS PASS ADRIANOPLE ON MARCH TO UNKNOWN POINTS

ADRIANOPLE, Oct. 17.—Thirty thousand Greeks and Armenians have passed from this city to the west since Saturday and the road between here and the Maritza river is an unbroken line of men, women and children with ox carts, cattle and camels.

GREAT IMPORTANCE ATTACHED TO PLANS BRITISH UNIONISTS

MEETING CALLED FOR THURSDAY EXPECTED TO BRING CRISIS TO HEAD.

ATTITUDE OF PREMIER WILL BE CONSIDERED

Speculation is busy as to what may follow decision of meeting.

LONDON, Oct. 17.—The meeting of unionists called for Thursday at the Carlton club will be of great importance, as it is almost certain to bring the political crisis to a head.

Mr. Chamberlain is not expected to develop materially in any direction. The attendance is expected to be confined to the unionist members of the house of commons and the unionist peers who are members of the government.

Mr. Chamberlain is not expected to develop materially in any direction. The attendance is expected to be confined to the unionist members of the house of commons and the unionist peers who are members of the government.

"Turkey's George Washington" Confers With Aids

Mustafa Kemal Pasha, biggest figure in the Turkish conflict, surrounded by his advisers. Left to right: Ibrahim Akyol Bey, minister from Azerbaijan; Sultan Ahmed, minister from Afghanistan; a military attaché; Mustafa Kemal Pasha; Refet Pasha, late minister of national defense.

chequer. Such a result, it is assumed, would lead to a break up of the cabinet.

Whatever happens, accentuation of the existing cleavage in the unionist party is foreseen, leading, perhaps, to the formation of a new party consisting of the supporters of the coalition in both of the present parties.

A straw polling to the direction of the political wind was the sharp rise in the London insurance market yesterday to cover the risk of a general election before the end of the year. Last week the odds were 2 to 1 against this contingency.

Alternative Views. The alternative view, as first, that Mr. Chamberlain's defense of the coalition and his admission, thereto, backed as it will be by Lord Birkenhead and Sir Robert Horne and perhaps other ministers, will bring him a vote of confidence by a large majority.

A second view is that the meeting will declare against adherence to the coalition, which would be equivalent to a vote of no confidence in Mr. Chamberlain as unionist leader in the commons. Those holding to the latter expectation support it by contending that practically half the constituencies represented by unionists have declared against continuation of the coalition and will look to their representatives to stand by them.

It is a fact, however, that many of the unionist members do not intend to seek reelection to parliament and may prefer to adhere to the coalition tickets on which they were elected, notwithstanding changed opinions of their constituents.

Speculation is busy as to what may follow the meeting's decision, whichever way it takes. Some observers supposed that if Mr. Chamberlain gets his vote of confidence, Mr. Lloyd George will take advantage of this encouragement to dissolve parliament and arrange an immediate election.

On the other hand, if the unionist leader is expected to resign by the meeting he is expected to be accompanied in this step by some of the coalition unionist cabinet members, notably Lord Chancellor Birkenhead and Sir Robert Horne as chancellor of the exchequer.

On the other hand, if the unionist leader is expected to resign by the meeting he is expected to be accompanied in this step by some of the coalition unionist cabinet members, notably Lord Chancellor Birkenhead and Sir Robert Horne as chancellor of the exchequer.

ARMY DIRIGIBLE C-2 IS BURNED

(Continued from Page One.)

accident in which he had been thrown to the concrete floor. "We were being towed out of the hangar for the flight," Baines said. "Major Strass was standing in front and the rest of us were seated in the car. At the nose of the ship came outside of the hangar I noticed it swaying a little with the wind. As the ship was brought further out, it creased to one side. Some of us rose in our seats. However, as the ship was a little more than half way out, the wind caught it with full force and carried it over the west side of the entrance of the hangar. It then swayed back. People under us were running to get clear of the ship.

"As the wind let the big bag go it dropped to the bottom of the car scraping the floor. Then a puff of wind caught us and seeing the car swinging menacingly toward the west door, I decided to jump. I don't know if any of the others jumped, but I think they did.

Wild Scramble for Safety. "I lighted on my feet but the force of the fall was too great and I fell to the floor. I turned and saw the big ship rent and heard the hissing of gas. Others were jumping and those on the floor made a wild scramble for safety.

"In the midst of this excitement there must have been another rent in the bag for the force of the escaping gas threw me violently to the floor. I rose to run but had taken no more than three steps when I was again hurled to the floor. Then came the explosion. It was knocked down by some one running from the scene. The big bag was a mass of flames. We ran out in front of the hangar. All of the officers were hurrying away from the bag before the explosion came although they may have been hurt by the explosion.

"Pandemonium reigned among the hundreds of spectators who were at the field but army officers and enlisted men quickly rushed the more seriously injured to the emergency dressing station at the field.

"Did I catch the moon edition?" he asked as his fellow reporter clasped to him.

"Sure did," he was told.

"Well, everything is all right

PORTH SPECTACULAR LOSS OF BIG AIRSHIP

NEW YORK, Oct. 17.—Destruction by fire of the dirigible C-2 at Hampton Roads today marks the fourth spectacular loss of a big airship within less than two years.

On February 21 the Roma blew up over Hampton Roads; on August 24, 1921, the ZR-2, built in England for the United States, burst into flames over Hull, Eng., with a death toll of 42; on January 1, 1921, the R-34, which made two transatlantic voyages in 1918, was wrecked in a gale at Howden, Eng.

HELIUM WOULD HAVE MINIMIZED THE DANGER. FORT WORTH, Oct. 17.—The C-2 probably would not have burned at San Antonio, at least the danger would have been minimized, had helium been used, according to Dr. R. B. Moore, chief chemist of the interior department, who directed the building of the helium plant here and who is now here from Washington on an inspection trip.

MAY RENEW AGITATION FOR DEVELOPING HELIUM. WASHINGTON, Oct. 17.—Loss by fire of the army dirigible C-2 at San Antonio today, following on the destruction at Hampton Roads several months ago of the giant airship Roma, is expected by air service officials here to renew the agitation for development of non-combustible helium gas for use in all government lighter than air ships.

No official report of the accident had been received, but officers said it was evident that destruction of the C-2 was due to the use of hydrogen gas as was the case with the Roma. The C-2 was built at a cost of approximately \$75,000.

NEW TERMINAL CHARGES FOR LIVESTOCK TOO HIGH. WASHINGTON, Oct. 17.—Present charges by terminal and railroad companies on the movement of livestock from East St. Louis, Ill., to St. Louis, Mo., were held unreasonable today by the interstate commerce commission. The Missouri Pacific was ordered to reduce its switching charges on the traffic from \$1.50 per car to \$1.15, while the terminal company was ordered to reduce its charge from \$12 per car to \$8.20.

LIEUT. MAUGHAN FLIES AT RATE OF 248.5 MILES HOUR

SPEED MADE OVER ONE KILOMETER IN FLIGHT ON MONDAY.

"FLIGHT WITHOUT WINGS" WAS SURPRISING SUCCESS

Part of Government's Test of Score of New Type Planes Built For Air Races.

MOUNT CLEMENS, MICH., Oct. 17.—Aeronautical engineers and navy and army experts at Selfridge field were speculating today as to what might be the next unheard of aerial feat. They came here a week ago prepared for surprises but none had expected to see a human being plunged through space at nearly 400 feet a second, nor had they expected to see an aeroplane flown virtually without the aid of wings.

This was the performance yesterday of Lieut. R. I. Maughan of the army, who on Saturday won the Pulitzer aero classic flying the Curtiss Army biplane with which he was victorious Saturday. Lieut. Maughan yesterday traveled one kilometer at the rate of 248.5 miles an hour, surpassing by more than 33 miles the previous official record and making the distance 25 miles an hour faster than any unrecogized mark previously recorded. The record breaking flight was

part of the government tests of a score of new type planes built for the national air races. Lieutenant Maughan's feat, it was said, would virtually decide the type of plane the army would select to develop as the standard for the pursuit group.

The pilot's great speed was even surpassed in the opinion of some of the engineers by his "flight without wings." During the Pulitzer race Lieut. Maughan's pilot work started many of the pilots of the field. At more than 200 miles an hour he would tilt his machine on one side for a considerable distance then complete the 120 degree turn, upside down. This aroused speculation as to the distance a machine might be flown on its side, a position in which the planes had little or nothing to do with keeping it in the air.

Lieut. Maughan believed this art might be developed and demonstrated by a flight across Selfridge field, a distance of about a mile, that under certain conditions a plane might be flown in that position for a much greater distance than usually is required in making turns.

It appeared that the speed of the powerful motor was sufficient to pull the machine through the air and at the same time hold aloft. The feat probably will have an important bearing on future wing design, it was said.

MAN REPORTED DEAD WAS ONLY "DEAD DRUNK" HERRON CITY, Oct. 17.—Quite a lot of excitement was caused here and in Graham Monday when a man was reported dead by the roadside between the two towns. The sheriff's department and other officers from Graham went to investigate the matter and found that the man was not dead but "dead drunk."

Try Sloan's

Sloan's draws new fresh blood to the aching part—scatters congestion and thus relieves the pain. Stop suffering, apply Sloan's!

GERMAN FINANCIER IS PROMOTING FUND TO AID "BROKE" NEWSPAPERMEN

BERLIN, Oct. 17.—"Down and out" newspapermen who lately have been walking the streets of Berlin and other cities in Germany in large numbers in search of jobs, will be beneficiaries of an aid fund of 250,000 marks which Hugo Stinnes, the financier, is promoting.

The fund which Herr Stinnes, owner of the magazine Zeitsung, is raising in conjunction with other well known industrialists, will be devoted not only to unemployed newspapermen but to needy journalists as well. Herr Stinnes is said to be actuated primarily through appreciation of the importance of news writers as creative forces which are urgently needed in Germany rejuvenation.

JOINT STOCK LAND BANK AT MUSKOGEE, OKLAHOMA

MUSKOGEE, OKLA., Oct. 17.—The establishment in Muskogee of a joint stock land bank—the first to be organized in Oklahoma—was announced today by E. L. Graves, local attorney and firm loan dealer who returned yesterday from Washington where he completed final negotiations for the founding of the new institution. The bank will have an initial capitalization of \$250,000.

Officials expect to have the institution in operation in sixty days. Under the provisions of the charter the bank may operate in the states of Oklahoma and Arkansas.

SOCIETY OF AMERICAN INDIANS HAS MEETING

KANSAS CITY, Oct. 17.—The Society of American Indians, meeting here today, was to take up the question of enfranchisement of members of their race. Members of nearly all the existing tribes in the United States, many in their native regalia, were in attendance.

BYERS IS READY FOR CROWDS WEDNESDAY AT RAIL CELEBRATION

Prizes are awarded for essays submitted on "Fire Prevention". ELECTRA, TEXAS, Oct. 17.—Miss Rubye Curry, 14-year-old daughter of Mr. and Mrs. A. B. Aldridge, won first place in the essay contest on "Fire Prevention" for which a prize of \$5 was offered to pupils in the public schools. Second award went to Lena Awry, daughter of Mrs. L. L. Awry, and Maggie Robertson, daughter of Mr. and Mrs. A. J. Robertson, won third. Second prize was \$2.50, third prize was \$1. The best paper on "Sanitation" was submitted by Ruena Ray, daughter of Mr. and Mrs. O. E. Ray. Second prize was awarded to Evelyn Morris, a pupil in the low fourth grade. Johnnie Jobe, daughter of Mrs. Susie Jobe, and an English II student, won third prize. In the poster contest, James White got first. He is a pupil in the eighth grade. Iva Tate, a high sixth grade pupil, won second, and Larine Harvey won third. The essay contest on "Fire Prevention" limited pupil in the fourth grade or under, was won by Edna Irene Bobb, with second and third prizes going to Ila Ray and Frances Orr, respectively.

Shooting Scrape Sequel to Vernon Negro Crap Game

VERNON, TEXAS, Oct. 17.—A shooting scrape on Saturday night at a farm some eight miles east of Vernon, alarmed the dusky crap shooters and caused some torn clothes as well as some scared cotton pickers. All went well for some time, as some 15 crap shooters gathered around a blanket on which the African gait cubes were rolling to the tune of seven and 11. One big darkey seemed to be having fine luck. His pile of money showed to be some in excess of \$25, when he walked a boy called familiarly by his colored friends as "Curley." "Curley's" voice rang clear when he told the lucky one: "Nigger I is de nigger you shot some craps wid in Electra. Now if you hat yo eyes I'll shoot you all over that wall and I'll leave you there." The other admitted to the Wilbarger county sheriff that he never latted his eyes and he stated further: "Mr. sheriff, I kept on rolling dem bones but I lost all dat money before dat nigger washed-out de money by de help of a couple of other darkeys who consisted to de door." When Earle went out on the small gallery, and met his would be antagonist, and before "Curley" could pull his gun, Earle put two bullets in his right leg. "Curley" called: "Don't shoot no more, Ise done dead." He then fell to the ground. His shots proved to be only flesh wounds and seemed not to be serious. Williams is in the Vernon jail. He employed attorneys to represent him and his examining trial was waived, and his bond placed at \$1,000. Williams stated his wife lived at Burkburnett and that he had formerly lived at Greckenridge, Texas.

ATTENDS SOUTHWESTERN BUSINESS MEN'S MEETING

ELECTRA, TEXAS, Oct. 17.—Secretary Byron T. Johnson of the local chamber of commerce and agriculture, returned today from Dallas, where he went to attend the meeting of the Southwestern Business Men's conference. A great deal of attention was given to community advertising, which Electra Adv.

OLD SOCIAL DEMOCRATS AND 'MOSCOWTEERS' HAVE STORMY SECOND CONGRESS

PARIS, Oct. 17.—The battle between the "Moscowteers" and the old social democrats which is continuing the French communist party, continued all day yesterday and is likely to occupy all of today's session of the party's second congress. The social democrats accuse the "Moscowteers" of wishing to militarize the party under the supreme command of Moscow and demand the right to oppose this alleged scheme. Two of the vice-presidents, Ad. Jall and Guon, in addresses yesterday advocated propaganda among the natives in the French colonial possessions. "You cannot bring about revolution without them," said Ad. Jall. "Sixty million natives who are Frenchmen by force," said Guon, "are looking to the French communists to do something for the oppressed." Dill pickles at Doak's Market, 708 Indiana avenue.—Adv. STOP THAT DRUDGERY!
Clean Your Rugs with a **HOOVER ELECTRIC Suction Sweeper**

The first essential of the preservation of rugs is thorough cleanliness. Unless all dirt is removed from them at frequent intervals, their nap will be rapidly worn away. This wear is caused by sharp gritty dirt which embeds itself in the depths of rugs and which actually cuts the soft nap forced down against it by walking or rocking. Only a heating can dislodge this buried grit and only the Hoover lifts rugs from the floor and gently beats out all destructive grit and so preserves the rugs from wear. In addition, this efficient cleaner electrically sweeps up stubbornest litter, freshens colors and straightens the nap that should not be allowed to remain crushed. Also it cleans by powerful air suction. Not only does the Hoover bear your guarantee to preserve the life and beauty of all floor coverings. Also it is endorsed by leading authorities on rugs and carpets as well as by nearly a million users because it cleans thoroughly in such a way as to make rugs wear longer.

Wichita Falls Helps Birmingham Celebrate Golden Anniversary of Its Southern Methodist Church

The ties of sisterhood in the church were very beautifully revealed among the first Methodist women members Monday afternoon...

The first Southern Methodist church was organized in Birmingham just fifty years ago this week—in 1872, a year after the founding of the city itself...

The local circles all enjoyed exceptionally interesting studies of Birmingham and the mission and social service work accomplished by the women of the church...

Circle One, First Church. The members of Circle One of the First church, with thirty members present, met in the Wesley Dills room of the church with Mesdames Kennedy, J. J. Perkins, and J. Pat Pope hostesses...

Circle Two. Members of Circle Two met at the home of Mrs. J. M. McFall, with an opening song, devotion led by Mrs. Hightower, and a prayer led by Mother Harwood...

Circle Three. No report was given of Circle Three, but Circle Four met with Mrs. G. C. G. at her home on Eleventh street...

Circle Four. A report was given of Circle Four, but Circle Five met with Mrs. G. C. G. at her home on Eleventh street...

Circle Five. A report was given of Circle Five, but Circle Six met with Mrs. G. C. G. at her home on Eleventh street...

Circle Six. A report was given of Circle Six, but Circle Seven met with Mrs. G. C. G. at her home on Eleventh street...

Circle Seven. A report was given of Circle Seven, but Circle Eight met with Mrs. G. C. G. at her home on Eleventh street...

Circle Eight. A report was given of Circle Eight, but Circle Nine met with Mrs. G. C. G. at her home on Eleventh street...

Circle Nine. A report was given of Circle Nine, but Circle Ten met with Mrs. G. C. G. at her home on Eleventh street...

Circle Ten. A report was given of Circle Ten, but Circle Eleven met with Mrs. G. C. G. at her home on Eleventh street...

Circle Eleven. A report was given of Circle Eleven, but Circle Twelve met with Mrs. G. C. G. at her home on Eleventh street...

Circle Twelve. A report was given of Circle Twelve, but Circle Thirteen met with Mrs. G. C. G. at her home on Eleventh street...

Circle Thirteen. A report was given of Circle Thirteen, but Circle Fourteen met with Mrs. G. C. G. at her home on Eleventh street...

Circle Fourteen. A report was given of Circle Fourteen, but Circle Fifteen met with Mrs. G. C. G. at her home on Eleventh street...

Circle Fifteen. A report was given of Circle Fifteen, but Circle Sixteen met with Mrs. G. C. G. at her home on Eleventh street...

Circle Sixteen. A report was given of Circle Sixteen, but Circle Seventeen met with Mrs. G. C. G. at her home on Eleventh street...

Circle Seventeen. A report was given of Circle Seventeen, but Circle Eighteen met with Mrs. G. C. G. at her home on Eleventh street...

Circle Eighteen. A report was given of Circle Eighteen, but Circle Nineteen met with Mrs. G. C. G. at her home on Eleventh street...

Circle Nineteen. A report was given of Circle Nineteen, but Circle Twentieth met with Mrs. G. C. G. at her home on Eleventh street...

Circle Twentieth. A report was given of Circle Twentieth, but Circle Twenty-first met with Mrs. G. C. G. at her home on Eleventh street...

Circle Twenty-first. A report was given of Circle Twenty-first, but Circle Twenty-second met with Mrs. G. C. G. at her home on Eleventh street...

Circle Twenty-third. A report was given of Circle Twenty-third, but Circle Twenty-fourth met with Mrs. G. C. G. at her home on Eleventh street...

If Your "Bent" Is to Write a Play, Just Straighten Yourself Out, Says Nationally Noted Woman Play-broker

Some of the old-fashioned songs that are to be sung at the Thursday evening concert at the First Baptist church have the most beautiful bits of romance and history connected with them...

Stephen Foster's songs, she says, have been mislabeled. While the claim is not properly founded, according to the nature and structure of Foster's beautiful songs, he has indeed a special appeal that has touched the emotions of every American...

"Never before in history have so many people, old and young, literate and illiterate, felt such a responsibility to write the great American play," says Rosalie Stewart, playbroker, vaudeville booker and now Broadway producer.

"On every man's manuscripts come in, and not one out of 500 has any merit, and not one out of 1,000 betrays any knowledge of the technique of the stage."

"Here she said, 'in an ambitious person who has had his plays privately printed at great expense. He has one play here of six pages—that would last about two minutes. Can you imagine any person producing a two-minute play?'"

"Here's another where nothing happens for the first 15 minutes. He has one play here of six pages—that would last about two minutes. Can you imagine any person producing a two-minute play?'"

"Here's another where nothing happens for the first 15 minutes. He has one play here of six pages—that would last about two minutes. Can you imagine any person producing a two-minute play?'"

Do not neglect it. Obtain Dr. Pierce's Favorite Prescription now, in liquid or tablet form, at drug stores. Write Dr. Pierce, President Invalids' Hotel in Buffalo, N. Y., for free medical advice or send 10c for trial pkg. of tablets.

NOT ONE MANUSCRIPT OUT OF 500 WAS ANYTHING BUT A "BENEER".

HAR-RAISING PLAYS ARE THE VOGUE THIS YEAR.

KNOW SOMETHING OF THE BACK OF THE STAGE.

BY MARIAN HALE. "Good morning, have you finished your play?"

"This may become the accepted formula of social greeting if the dramatic urge continues to dominate the nation."

"Never before in history have so many people, old and young, literate and illiterate, felt such a responsibility to write the great American play," says Rosalie Stewart, playbroker, vaudeville booker and now Broadway producer.

"On every man's manuscripts come in, and not one out of 500 has any merit, and not one out of 1,000 betrays any knowledge of the technique of the stage."

"Here she said, 'in an ambitious person who has had his plays privately printed at great expense. He has one play here of six pages—that would last about two minutes. Can you imagine any person producing a two-minute play?'"

"Here's another where nothing happens for the first 15 minutes. He has one play here of six pages—that would last about two minutes. Can you imagine any person producing a two-minute play?'"

"Here's another where nothing happens for the first 15 minutes. He has one play here of six pages—that would last about two minutes. Can you imagine any person producing a two-minute play?'"

Says League of Nations Proves Worth

EIGHTH ARTICLE—WHAT THE LEAGUE IS DOING
BY JAMES M. COX, EX-GOVERNOR OF OHIO

When a traveler reaches Geneva after visiting the larger European centers, he feels as though he has entered quite another world. You see no monuments to war. It has been for generations a common practice for European countries to mold into heroic shafts the cannon captured in conflict.

The old Romans doubtless made the start in holding the trophies of war as a means of keeping alive the military ambitions of the people. At other Europe monuments can be found with the inscription that they were built from cannon taken in slated wars. You go through the old "Austrian palace" in the suburbs of Vienna and find endless lines of paintings, all carrying the brilliant colors of soldiers' uniforms, the pomp and pageantry of the march—everything is war, war.

You find nothing dedicated to the arts, to the development of agriculture, to the cause of peace. True, enough, these are of the days gone by, but it required the most awful slaughter of humanity the world had ever known to turn human imagination into a new course.

Switzerland has been singularly free from war. Her people are peace-loving and the progress which they have made in this mountainous country has won for them the moral support of the world. The preachment of peace has gone on for generations for the seat of the league of nations.

In its early days, the United States of America gave cooperation. A flood of emotions runs through the mind of an American. He wonders whether the idealism of our country has subsided or whether it might not be that it still lives, but has been overwhelmed for the time in the maelstrom of partisan politics.

The Rockefeller foundation endorsed the health work of the league and offered the sum of \$10,000 a year for five years to help in collection and distribution of epidemiological intelligence.

Those who believe that the international scheme is feasible and will be adopted, ultimately by all nations, find the base of their faith in the sustained progress now going on in Geneva, reaching out as they do into so many fields of human endeavor and interest.

He saw many nationalities there—Japanese, Brazilians, Argentines, Canadians, Finns, Australians, English, French, English and many others. He was surprised to find that they were either attached to the league, or were visitors, whose interest in the work had brought them to the seat of peace. No military uniform was to be seen anywhere.

At the international club, during the luncheon hour, intellectuals from many countries, including college presidents and professors in America, were discussing what holds the imagination at Geneva—a peace that will encircle the world—not the affair of a day, but a justice that will claim the sustained purpose of a civilization that must live hereafter as a permanent and unchangeable order is perpetuated.

GOVERNOR COX SAYS—

Switzerland has been singularly free from war. Her people are peace-loving and the progress which they have made in this mountainous country has won for them the moral support of the world.

The Rockefeller foundation endorsed the health work of the league and offered the sum of \$10,000 a year for five years to help in collection and distribution of epidemiological intelligence.

Those who believe that the international scheme is feasible and will be adopted, ultimately by all nations, find the base of their faith in the sustained progress now going on in Geneva, reaching out as they do into so many fields of human endeavor and interest.

He saw many nationalities there—Japanese, Brazilians, Argentines, Canadians, Finns, Australians, English, French, English and many others. He was surprised to find that they were either attached to the league, or were visitors, whose interest in the work had brought them to the seat of peace.

At the international club, during the luncheon hour, intellectuals from many countries, including college presidents and professors in America, were discussing what holds the imagination at Geneva—a peace that will encircle the world—not the affair of a day, but a justice that will claim the sustained purpose of a civilization that must live hereafter as a permanent and unchangeable order is perpetuated.

He saw many nationalities there—Japanese, Brazilians, Argentines, Canadians, Finns, Australians, English, French, English and many others. He was surprised to find that they were either attached to the league, or were visitors, whose interest in the work had brought them to the seat of peace.

At the international club, during the luncheon hour, intellectuals from many countries, including college presidents and professors in America, were discussing what holds the imagination at Geneva—a peace that will encircle the world—not the affair of a day, but a justice that will claim the sustained purpose of a civilization that must live hereafter as a permanent and unchangeable order is perpetuated.

for the development of a system whereby the officials of the various public services of the world might be given general instruction in world health matters. At the same time, the American Red Cross donated \$25,000 to assist the league in its anti-typhus work in Poland.

The council finally disposed of the A and B mandates by which the future government of Palestine, Syria and large part of central Africa was definitely written into international law. This has been a very delicate question because Palestine and Syria are among the world's most tender nerve centers.

We found two boundary matters not finally disposed of at the peace conference receiving the attention of two commissions which adjusted differences between Austria and Hungary and Italy and Austria. In the health sections, reports were coming from many parts of Russia on the condition of food and the prevalence of disease.

Disputes Settled Without Armies. No organization in the world except this one is receiving information from official sources with respect to the prevalence of cholera and typhus and relapsing fever. Upon the advice in hand, the estimate was made that there were two million cases.

Through the political section, where disputes between nations clear, one is amazed at the volume of work that is going on. In many instances, these involve affairs of relative unimportance, but wars in Europe have grown from small beginnings. Observation was made in the room of the director that conditions were tranquil in the Aaland Islands, in Upper Silesia, Lithuania and Albania, where disquieting controversies had been settled.

He said, "A year or two ago, critics of the league in the United States senate were insisting that not less than twenty wars were going on. They will now complain probably, if the single conflict is not disposed of in brief season.

He said, "A year or two ago, critics of the league in the United States senate were insisting that not less than twenty wars were going on. They will now complain probably, if the single conflict is not disposed of in brief season.

He said, "A year or two ago, critics of the league in the United States senate were insisting that not less than twenty wars were going on. They will now complain probably, if the single conflict is not disposed of in brief season.

There will be cause for considerable anxiety in southeastern Europe, but I hazard the guess that fires will be put out before conflagration involves many frontiers. There are so many agencies for peace quietly operating in Europe that any warlike aspirations will not get very far. When the Turkish matter is adjusted, it will be upon basic guarantees and the trustees, mark the prediction, will be the league of nations.

This calls attention to a very interesting development involving the economic and financial affairs of newly created nations and demonstrates the absolute necessity of a permanent going concern where international matters must center. The large loan made not long ago to Czechoslovakia had attracted to it certain conditions of continuing force. These agreements were assigned to the league.

A necessary part of the rehabilitation of European economies will be the establishment of credits. In Austria, for instance, no one would think of making a loan except upon the most expressed if not arbitrary terms. With the readjustment of reparations, both Germany and France will doubtless get extensive Here also will be found certain fixed stipulations. Inevitably, there will be a prolonged checking up period and the various nations will fit into an organization having functions both economic and political. Reference has already been made to the distinguished Frenchman, M. Albert Thomas, who is in charge of the international labor organization.

In a word, the method of approaching this task has been the assembling of representatives of both capital and labor from all sections of the world with the ultimate view of having a created public opinion translated into law. No legislation has been recommended until after agreement has been reached in the conferences between employee and the business. Those who have followed the operations of the labor branch are familiar with the beneficent laws that have been passed in many sections.

Human genius has devised and found quite indispensable organizations—such as the international chamber of commerce, the international postal union and other agencies. If these contacts are essential to the business of the world, then it is fair to assume that under the compelling forces of enterprise and progress the affairs of government will automatically adjust themselves to modern methods.

The effect of the peace treaty provisions on European countries is ex-Governor Cox's subject in tomorrow's article.

CALLING ATTENTION TO OUR POOR ELECTION LAWS.

An Associated Press dispatch from Corsicana reports that practically all of the attorneys on both sides of the case in which an injunction is sought to prevent the name of Earle B. Mayfield from appearing on the official ballot because of alleged expenditures beyond the legal limit are agreed that a number of its provisions our election laws are unconstitutional.

TODAY'S TALK

ON CONDITIONING YOURSELF.
James Allen, in his most elevating little book, "As a Man Thinketh," says this: "A man is not rightly conditioned until he is a happy, healthy, and prosperous being; and happiness, health and prosperity are the result of a harmonious adjustment of the inner with the outer, of the man with his surroundings."

ABOUT POLITICAL FRIENDS.

When a man enters politics he delivers himself in large measure into the hands of his friends. His wise, true and unselfish friends are his reliance and his help. His self-seeking and damp-fool friends are his grief and undoing.

JUST FOLKS

APPLES RIPE FOR EATING.
Apples ripe for eating, and the grate fire blazing high.
And outside the moon of autumn fairly swimming in the sky;

SMILE A WHILE

Windmills are being used again on farms. These are real windmills, not congressmen at home.
The nice thing about a bad start is it gives you more to brag about after you get ahead.

YOU AND

BY ALBERT APPLE

YOU?
If you think you are overworked, consider the activities of Joseph Simon, a Syrian, 49 years old, in Chicago. He tells the judge that, in addition to being head of the Purist White religion, he is writing a new Bible of 2,000 pages, inventing a new clock and a revised calendar, also working out a 13-letter alphabet and a simplified system of spelling and writing.

TEXAS VIEWPOINTS

A Tradition Shattered.
Denison Herald: It is with reluctance mingled with emotions of regret that we oftentimes are forced to publish the news of the death of the deep of the past age-worn traditions that, since the memory of man runneth not to the contrary, we have found clasped in our bosoms as pearls without price and treasures of immeasurable value. It is like parting with a good friend whose kindly face we never expect to again behold and whose genial handclasp will never again bring warmth to our hearts.

RECORD.

Albert M. Parmeter, described as "the oldest street" in Chicago, is buried at Burlington, Iowa. He was a railroad engineer, walked out during a strike and never returned to the job. He had been "on strike" 34 years when death, the final arbitrator, settled his case.

BRAIN TESTERS.

Fill these places with only three different letters, so arranged as to spell a common English word of five letters in 12 different directions.

THE FLAMING JEWEL

by ROBERT W. CHAMBERS

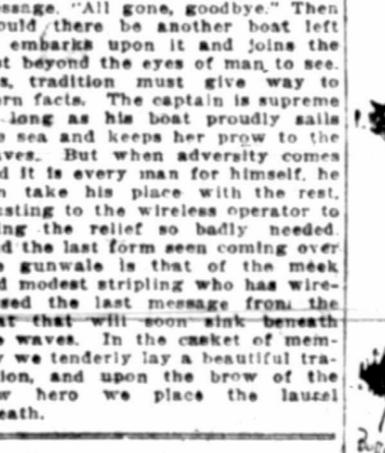

maulander deep into his trousers pocket, gotta travel a piece, yet.
"Aw, shut your head," grumbled Kloon disdainfully. "You ain't got no use for no billion million dollar bills, likely."

OUT OUR WAY

YOU HATE TO STUDY, AND YOU HATE WORK, AND YOU DONT LIKE TO GO TO BED EARLY! YOUR FATHER WOULDN'T STUDY WHEN HE WAS A BOY, AND NOW HE HAS TO WORK SO HARD THAT HE FALLS ASLEEP RIGHT AFTER SUPPER EVERY NIGHT!

vapor floted and disappeared through a rosy bar of sunshine, searching about him as though sniffing.
In a few minutes he discovered what he was looking for—took his bearings, carefully picked his way back over a leafy crust that trembled under his cautious tread.

He placed it inside His Own Flannel Shirt.
And still Leverett dared not budge, dared not search the dead and take from it that for which the dead had died.

THERE IS ONE THING YOUR UNCLE IS REAL GOOD AT

then crept slowly out among the pitcher-plants, searching about him as though sniffing.
In a few minutes he discovered what he was looking for—took his bearings, carefully picked his way back over a leafy crust that trembled under his cautious tread.

He placed it inside His Own Flannel Shirt.
And still Leverett dared not budge, dared not search the dead and take from it that for which the dead had died.

LITTLE BENNY'S NOTE BOOK

By LEE PAPE
Supple was ready last night and pop hadn't come home yet and mamma was yawning around nervously looking at all the clocks, saying, I don't know what can be keeping that man, why didn't he telephone if he knew he was going to be so late. O dear look at the time, he's never this late, O dear.

By WILLIAMS

BANQUET CLOSES CONFERENCE YEAR AT FLORAL CHURCH

REPORTS SHOW 307 MEMBERS ADDED; TOTAL OF \$35,000 RAISED.
RESOLUTION REQUESTS DR. GROSECLOSE'S RETURN
Representatives Go to Conference With No Deficits Reported on Any of Items.

The close of the Methodist conference year was celebrated with a banquet for the church officers and their wives at the Floral Heights Methodist church Monday night on the occasion of the fourth quarterly conference. A three course banquet was served to 180 people. Dr. Groseclose was master of ceremonies and presided at the banquet. He was assisted by Rev. M. Black, presiding elder, who is in charge of the business meeting. The banquet of the church was beautifully decorated in honor of the occasion. The menu consisted of a special course, "Methodist" chicken pie, candied yams, celery, cranberry jelly, apple pie with whipped cream and cheese, and coffee.

THE BICKER FAMILY

ilarity with the conditions of the church as well as its needs and prospects, he is the one man who is peculiarly equipped for the carrying forward of the great work he has projected and has at the same time the cooperation and affection of the whole congregation.

FORD ANNOUNCES \$50 CUT IN ALL STYLES OF CARS

Despite the fact that winter is coming on and in the face of an apparent coal shortage, Henry Ford Tuesday announced a cut in the price of all styles of his make of cars. The cut, which goes into effect at once, amounts to \$50 all the way around.

HIGH SCHOOL JUNIORS CHOOSE CLASS HONORS AND NAME COMMITTEES

At a meeting of the junior class of the high school Monday afternoon, the class colors, purple and white, were chosen. It was found necessary to have a sergeant at arms for the class, and Marvin Polard was elected to fill that office.

VETERAN RAILROAD BUILDER IS TO BE BYERS' HONOR GUEST

COL. MORGAN JONES, OF ABILENE, WILL ATTEND RAILROAD CELEBRATION.
CONSTRUCTED DENVER AND WICHITA VALLEY LINES
Has Built More Miles of Railroad Than Any Other Man Now Living, It Is Said.

The guest of honor at the celebration of Byers on Wednesday will be Morgan Jones of Abilene, pioneer railroad builder of northwest Texas. The Fort Worth & Denver, and both branches of the Wichita Valley were Mr. Jones' contribution to railroad construction in this immediate section, though these lines constitute but a small part of the railroad building in which he has participated.

SANTA FE OFFICIAL IS VISITOR IN CITY FIRST TIME MONDAY

Wichita Falls has every right to expect growth, because she has equipped herself to grow, according to J. R. Hershey, general freight agent of the Gulf Colorado & Santa Fe, who was a visitor in the city Monday and Tuesday.

NOW SHOWING
NERO
World's most famous, and spectacular photo drama.

And whereas, Dr. Groseclose has been at all times and everywhere a true pastor and shepherd of this flock with all that that term implies, teaching and preaching the unsearchable riches of the gospel, dividing the word of truth, and his success during this his first year in this charge, gives promise of a more fruitful ministry in the coming year if he should be returned to us.

TWENTY ALLEGED COMMUNISTS ARE TO BE ARRAIGNED

By Associated Press.
ST. JOSEPH, MICH., Oct. 17.—Twenty alleged communists charged with plotting to overthrow the government of the United States by force, will be arraigned today in this city.

YOUTH SENTENCED TO DEATH ESCAPES FROM ALPINE JAIL

EL PASO, Oct. 17.—Harry L. Hughes, 20, sentenced to pay the death penalty for killing F. H. Rogers, who had killed Hughes when he was hungry, escaped from the jail at Alpine last night, according to word received at the sheriff's office in El Paso.

Catarrh Quickly Ended by a Pleasant Germ-Killing Antiseptic

The little Hyomel Inhaler is made of hard rubber and can easily be carried in pocket or purse. It will last a lifetime.

There was now one house on the present site of Wichita Falls when Mr. Jones was here first, and that was considerably less than half a century ago.

Mr. Jones' last railroad undertaking was the Abilene & Southern, from Abilene to Ballinger, which he still owns and operates. He is credited with having built more miles of railroad than any man now living, attaining that distinction when General Dodge, his former associate, died.

"Gets-It" Guaranteed Corn Remover

Your Money Back If It Fails
Nothing is so utterly needless as the suffering from aching painful corns. It is as easy to peel off a corn as to skin a banana.

GOOD IMPRESSION MADE BY AGRICULTURAL EXHIBIT
VEGA, Oct. 14.—Dr. G. H. Loyd, who carried the west Texas chamber of commerce agricultural exhibit to the International wheat show at Wichita, Kansas, has returned home, satisfied with the excellent impression made on thousands of attendants.

At his trial Hughes pleaded self-defense. Evidence at the trial showed that Hughes and Rogers, on their way to California, got off a freight train at Alpine. Hughes asked Rogers to buy him something to eat. The men went to a restaurant together and Rogers paid for the meal, getting charged for a \$20 bill. When a train pulled out of Alpine a few hours later Rogers was shot in the back as he went to board it. Robbery was said to have been the motive.

Multiplies Itself in Lather 250 Times
We asked 1,000 men what they most wanted in a shaving cream. Then we worked 18 months, making and testing 130 formulas, to completely meet their desires.

WENNETTA JUDGE LUNCHEON SPEAKER AT UNIVERSITY CLUB

Modestly accepting his introduction as a "feature" at the University club luncheon at the Y. W. C. A. yesterday, Judge Dickey of Henrietta proved himself a feature indeed. Humorous stories, anecdotes, personal insinuations toward certain of the members present and finally commending the spirit of such an occasion, Judge Dickey established himself both an entertainer and student of humanity.

LOCAL SHIPPERS TO BE REPRESENTED AT MEETING ON RATES

Local shippers will be represented at Austin Friday, at the meeting called by the railroad commission to consider the rates to be paid for the effort to abolish common point rates in Texas.

DEALERS HEAR OF GRAHAM BROTHERS TRUCK AT LUNCHEON

Dealers in the Wichita Falls district, Tuesday noon were given the opportunity of hearing all about the Graham Brothers truck at a luncheon given at the Elks club.

Discover Kerosene As New Ingredient Of Moonshine Here

Kerosene is a new ingredient being used in the manufacture of corn whiskey. This discovery, which no doubt will revolutionize the industry and raise a marked increase in the sales was made in the office of the city health department.

PLAINTIFF PARTS CASE IN BROTHERSHIP SUIT

The plaintiff in the case of E. S. Casey and others against T. T. Reese, suit for an accounting of an alleged partnership, stated his case at noon Tuesday.

FARMERS ARE SULLEN AND GROW MORE SO EVERY DAY AS RESULT CONDITION SAYS MARK SULLIVAN

By MARK SULLIVAN National Political Correspondent of the New York Evening Post and Wichita Daily Times. (Copyright, 1922, by the New York Evening Post.)

The most conspicuous condition that stands out in a survey of political conditions in the United States throughout the country, is expressed in a phrase, almost as familiar as the words "American politics," namely, "discontent among the farmers." The farmers are sullen and grow more so every day.

There are necessary lessons of life we each must learn," Judge Dickey declared, "and though often pay a tremendous price or find the penalty severe, the circumstance is not to be denied."

SEVENTEEN BEEVES ROASTING AT BYERS; INVITE ROTARIANS

Seventeen fat beefs were roasting on the coals of the barbecue fire at Byers ranch Tuesday, in preparation for today's party and a luncheon for the Rotary club.

ALL THE NEWS OF ALL THE SPORTS ALL THE TIME

Electra Game Holds Interest of Hi Squad As Day Approaches

With but a single thought, Coaches Jones and Zandt are sending the Red and Black warriors through the stiffest training program of the season this week. With the Electra game but four days off, the local aggregation is getting the finishing touches for what promises to be the stellar card of the high school football program of the year.

In previous contests Coach Jones has sent his clubs through nothing but the simplest play possible. At no time have the Coyotes opened up their formations for their play has been scouted at every game thus far. Straight football has won four games already, clearly none may instruct him except to try nothing else Saturday even as a last resort.

Secret practice of late has done much to improve the line play. The backfield has taken a new lease on life it seems. In the Vernon game last Friday there was charging of the kind that tells. Through and around the line the Coyotes showed bits of championship play. Their offensive was much stronger and the forwards steadily charged through and swept the secondary defenses at will.

Backfield Improvement. The backfield looks better as the schedule goes on. Chawling has found his position. He needs a bit of training in the new role. His strong, non-stopable charge had a telling effect in the Vernon contest.

McKeechey is showing promise as a quarterback. Although he lacks experience, there is much judgment in the manner in which he handles the team play. Not only is he becoming a general, but he is also able to advance the ball himself, both through and around the line.

Terrell fighting despite the great handicap, weight, has gained recognition and is due for lots of work. Jones is clearly recognizing the lightest member of the squad, and Saturday may see him in a new role.

Stringer and Kenley can plunge. There is little doubt of that fact. The repeated advances through the Vernon line Friday clearly demonstrated their ability to hit a line.

Shaw, at end, is another who has shown the effect of Jones' tutelage and he is becoming one of the most finished players of the squad.

Line is strengthened. But the line shows far more improvement than did the backs. Henrietta found little to fear from the Coyote forwards. The line defense for repeated gains. But it is far different now. The plunging Electra backs are due to see an impressive wall before them, and will be forced to rely on an open game. If recent improvement can be taken as a barometer, "Captain Walker" is a tower of strength himself, and flanked on either side by determined warriors, will stem many a charge from the neighboring metropolis when Saturday's game takes form.

Movements are made under way which will call for a large crowd of rosters as the city's contribution toward the all-important game. Not for the past several years has the Coyote triumphed, but hope are revived in the 1922 squad.

Electra has declared a holiday for the Saturday game, which is in keeping with the spirit of the town which is known as one of the most local grid towns of the state.

COLLIER AND LONDON QUANT STARTS WORK

Tanner Lines Up String College and Army Stars With Prospect of Entering League.

With a prospect of getting into the basketball league, the Collier and London aggregation will begin practice this afternoon on the American legion floor.

Manager Archie Tanner has secured one of the most promising squads as announced, with an array of former college and army talent which should afford a quintette of players hard to stop.

Nothing definite has been learned regarding their entry into the league, but assurance has been given that they will play before the meeting is held. The game is not scheduled for several days yet, the men are anxious to begin conditioning and conditioning work.

With four of Coach Hayes' 1920 John Tarleton quintet as a nucleus and other players of known ability, the prospect for a winner is bright.

Hudspeth, Tate, Montgomery, Hall, Hill, Cooper, Jones and Tanner form the squad thus far.

HENRIETTA LAD SETS MARK FOR DROP-KICK WITH 46-YARD BOOT

Local grid followers who witnessed the Wichita-Henrietta game here two weeks ago saw a youngster who may now stand in a class by himself.

Louis Frank, 19 year old back, probably established a high school record Saturday when he scored a perfect drop kick from the 46-yard mark in a game against Noonan which saw the Clay county lads easily winners.

No official record has been kept in interscholastic circles, but the boot of Frank probably will be recognized as a mark for future kickers.

FIVE SCHOOLS LEFT IN NEW CONFERENCE

Allen Wins First Victory When Westminister Smothered Under 118-0 Count.

WACO, TEXAS, Oct. 17.—The Texas School for the Deaf has withdrawn from Baylor university's Texas Athletic conference, because of a lack of finances. The teams remaining, however, Terrell Prep, Dallas University academy, Powell, Allen and San Marcos Baptist academy are still working enthusiastically toward the championship goal.

The powerful Allen academy team gave a real demonstration of its offense against Westminister college at Bryan Friday, when the team coached by Hudson and Moore swept through to an overwhelming 118 to 0 victory. While the Allen team which defeated Westminister is no doubt superior to any in the new conference competition, as several of the Allen lights will be ineligible for those contests.

The Terrell Training school of Dallas met Terrell high in a game which was postponed from last week, and won by a 13 to 0 score. Coach Caverton's team was not in the best of condition, several of his players having just recovered from dengue attacks. Terrell plays its first conference game of the year this week when it meets the Dallas University academy in what promises to be a real struggle.

The Baylor club, by far the best first-year team in the history of the Waco institution, defeated Coach Reid's San Marcos Baptist academy team last week by a score of 23 to 7. The San Marcos team put up a brilliant fight in the first half, each team scoring a touchdown, but the gridiron defeat (which was crushed by the powerful Ford attacks.

The Baptists, however, showed a dazzling aerial attack in this game and still have high hopes of landing the conference title. They meet Bryan high this week in Bryan. The game will be played Thursday and the Brazos county school is apt to meet the first gridiron defeat (which is known since 1920. Coach Hein Weir of the Little Aggies has a fight but speedy squad that knows football, and will not submit without a fight.

Line is strengthened. But the line shows far more improvement than did the backs. Henrietta found little to fear from the Coyote forwards. The line defense for repeated gains. But it is far different now. The plunging Electra backs are due to see an impressive wall before them, and will be forced to rely on an open game. If recent improvement can be taken as a barometer, "Captain Walker" is a tower of strength himself, and flanked on either side by determined warriors, will stem many a charge from the neighboring metropolis when Saturday's game takes form.

SEATS FOR PRINCETON CHICAGO CONTEST SOLD

CHICAGO, Oct. 17.—Alonzo A. Stage, 41 year old coach of the University of Chicago, has two football problems on his mind today. One is to defeat Princeton, which plays here October 23, and the other is to crowd about 100,000 persons into seats of the stadium which holds 21,000. The football committee announced tonight that every seat for the Princeton game was sold, that there would be no public seat sale, and that thousands of requests for reservations were being returned.

COACH IS FIRST AID TO INJURED MEN OF CALIFORNIA ELEVEN

A lot of major league magnates will be saying unkind things about the world series umpires during the winter.

One decision by the arbitrators burnt up \$125,000 that would have gone to the major league club owners.

The calling of the second game of the series on account of darkness with the score a tie at 3 to 3 turned out to be the costliest ruling in baseball.

When Snodgrass muffed a fly ball in the 1912 series between Boston and New York he deprived the Giants of the series and the New York players of about \$2,000. That was the difference between the winning and losing end of the receipts.

That error on the part of Snodgrass was a knockout to the athletes, but it in no way compared to the jolt handed the magnates by the darkness decision reached by Umpires Hildebrand and Klem.

The actions of the crowd in the near-mobbing of Judge Tildin, caused the high commissioner and the magnates to become panic-stricken. Some of the ever-suspicious fans said the umpires called the game at the request of the judge, that there was collusion between the magnates and the umpires.

In order to allay the suspicions of fandom in general the two New York clubs donated the entire receipts of the second game to charity.

For years world series umpires have been trying to get a slight

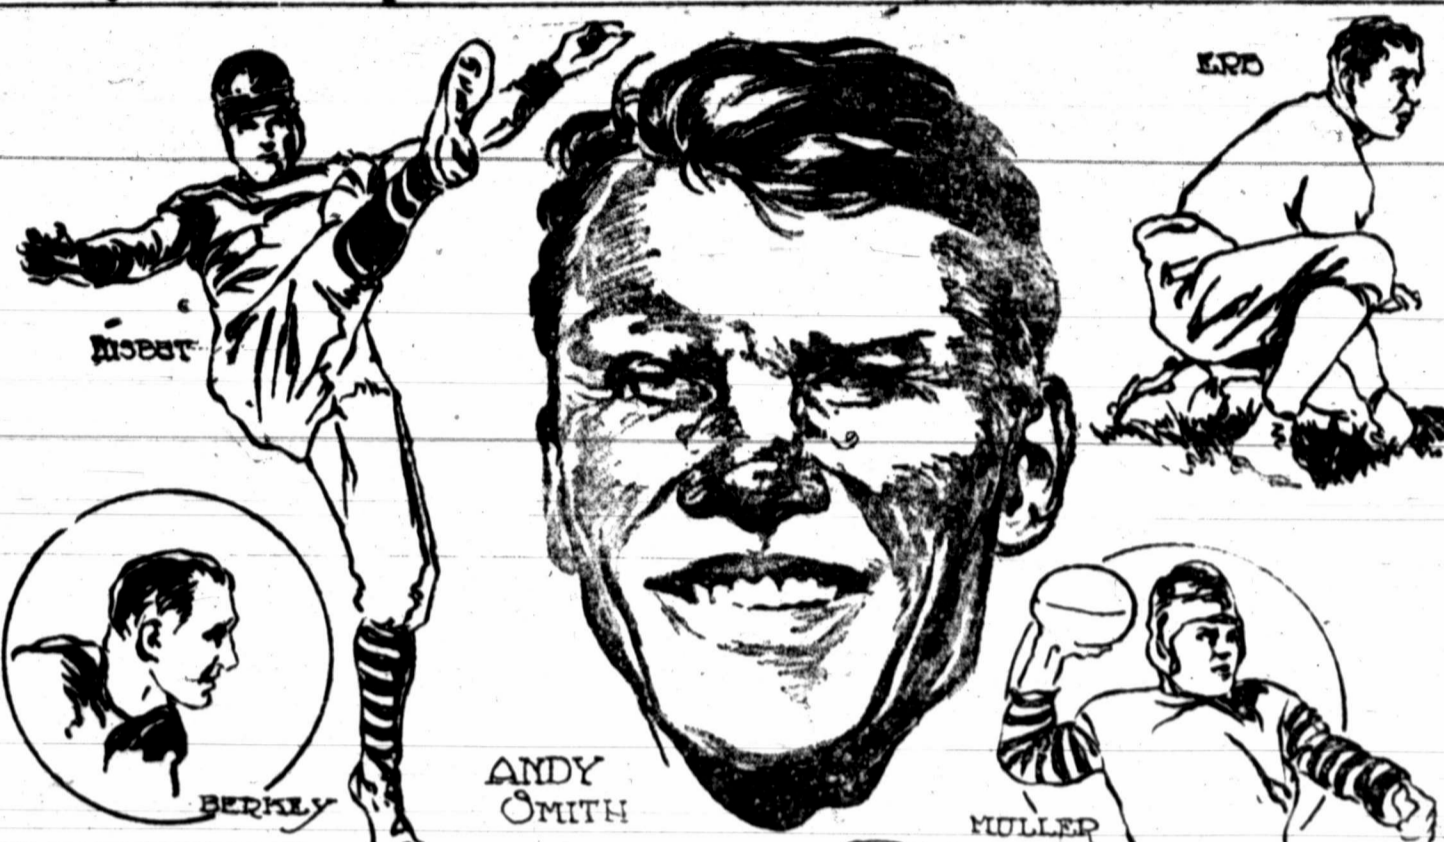

increase in salary with only fair success. One decision now costs the magnates over \$100,000.

Charles G. Spencer of St. Louis is the Ty Cobb of trap shooting.

Spencer has been shooting continuously since 1893, when, as a boy, he entered a tournament in St. Louis and tied for first place with his father.

He has a score of years he has been in the front rank of trap shooters and is generally considered the greatest trap shot of all time.

Andy Smith Expects California To Repeat Great '21 Record

University of Southern California is not saying a great deal, although it has high hopes for a most successful season. The material is good.

Stanford is an uncertain factor. The eleven will largely be made up of green material. A trial of last year stars remain, Wilson, Ludeke and Captain DeGroot.

California will again present a wonderful back field. The line is rather uncertain. It may develop into one of the best California has ever had. Several of the forwards have a great promise but have yet to prove their worth under fire.

Navy Coach Pins Faith On Backfield Two Stars Who Will Defend West Point Laurels

Bob Folwell, coach of the Naval academy eleven and manufacturer of crack backfield, is building to again continue the signal honor of many seasons over the Army team.

Charging through the 1921 season with but a single defeat, the 11-7 wallowing from Penn State, the Navy squad finished their schedule in a blaze of glory with their victory over the Army.

"Bill" Hamilton, star of last year, is expected to flash even greater this season than he did in the '21 grid firmament.

Capt. Vincent Conroy, the triple-threat quarterback, is the 1922 wheel group, which Folwell has built the 1922 eleven.

It was through the effort of Conroy chiefly that the Navy ran up top heavy scores against all save three clubs last year. His form for the '22 season thus far justifies the prediction that he will again excel.

Folwell will depend on Conroy's ability and judgment from the outset, and the field general will direct all play.

Will Umpires Get Raise After Pulling Costliest Decision of All History

A lot of major league magnates will be saying unkind things about the world series umpires during the winter.

One decision by the arbitrators burnt up \$125,000 that would have gone to the major league club owners.

The calling of the second game of the series on account of darkness with the score a tie at 3 to 3 turned out to be the costliest ruling in baseball.

The actions of the crowd in the near-mobbing of Judge Tildin, caused the high commissioner and the magnates to become panic-stricken. Some of the ever-suspicious fans said the umpires called the game at the request of the judge, that there was collusion between the magnates and the umpires.

In order to allay the suspicions of fandom in general the two New York clubs donated the entire receipts of the second game to charity.

For years world series umpires have been trying to get a slight

increase in salary with only fair success. One decision now costs the magnates over \$100,000.

Spudder Prexy Returns From League Meet With High Hopes for '23 Club

R. O. Harvey, president of the Spudder club, returned from Dallas yesterday where he attended the first fall meeting of the magnates of the Texas league.

Mr. Harvey is more than optimistic over the 1923 prospects. Rulings and regulations passed and approved at the meeting, others discussed and which now seem a possibility as well as probability will be taken up at the January meeting, and a letter from Skipper Walter Balm who has spent the past three weeks scouting the Pacific Coast league, all these brighten the 1923 aspect.

Walter Balm helps. The adoption of the waiver rule is one of the strengthening moves of the league. It was lack of this rule which permitted one of the most characteristic moves last season that has characterized the Texas league's existence. When Tomagallo and leader were transferred to the Dallas club, it was merely a matter of personal agreement between the two players for a \$1,500 figure, that the waiver price adopted.

Such a move also means that the property of any club that might be playing in the T-42 or West Texas league must be passed by all seven clubs of the Texas league before any disposition can be made.

The two clubs, Dallas and Fort Worth, which the waiver price adopted, it was the general opinion that opening and closing dates for the 1923 schedule will be governed by the January meeting and likely to that effect.

Such a move also means that the property of any club that might be playing in the T-42 or West Texas league must be passed by all seven clubs of the Texas league before any disposition can be made.

Tilden Leads Ten Net Champs Again At Season's End

Now that tennis is a thing of the past except for the southern climes, ranking the first 19 players is the popular custom.

Winning a berth in the first 10 is the same to the tennis player as being selected for the all-American by the gridiron athlete.

It is easy to pick the champion of them all, Bill Tilden. There is no doubt as to his right to rank first in the tennis world.

For a score of years he has been in the front rank of trap shooters and is generally considered the greatest trap shot of all time.

Over a period of 12 years, from 1909 to 1920, Spencer shot at more than 10,000 targets each year. He had an average of 95, the best ever compiled by a trap shooter over a span of years.

During the 12 years in which he entered practically every big event he never fell below the 95 per cent mark of perfection.

Last year, owing to illness, Spencer did but little shooting. The records show that he shot at only 1,313 targets merely as tryouts and his average was 97.

This year to date he has averaged about 97 per cent perfection and bids fair to again take his ranking position at the head of the list of trap shooters.
