

### EXPECTS COTTON TO BE MAIN CROP UNDER IRRIGATION

#### BREEDING EXPERT TO LOCATE HERE—TO DEVELOP LONG STAPLE

### BELIEVES WEST TEXAS IS COMING COTTON BELT

#### Conditions More Favorable Than In Black Land Counties, He Says

Wichita Falls ought to become the center of a great cotton section, particularly a long staple cotton section, under irrigation, in the opinion of J. D. Greer of Nacogdoches, an experienced cotton breeder and planter.

Mr. Greer was here Saturday from Carlsbad, N. M., where he has been developing some new breeds of cotton, and he is making tentative plans for starting the cultivation of long staple cotton in this section.

"West Texas is the coming cotton country," Mr. Greer said. "In quite a few west Texas counties the average yield per acre is already far ahead of the average in Ellis, Williamson and the old cotton counties. Cotton can be raised with less labor, and it is more likely to escape insect pests than in the old cotton belt.

"If irrigation does what it ought to do for Wichita Falls, long staple cotton will be one of the big crops," Mr. Greer, while at Carlsbad, was paid \$1000 for a quarter acre of cotton, the demand for the seed bringing the exceptional price. Mr. Greer has been a county agricultural agent for a number of years, but is no longer in that line of work.

### NEARLY READY FOR DEMOLAY MINSTREL HERE ON MARCH 16

When the Palace theatre curtain goes up on the evening of March 16, the theatre-goers and lovers of the popular song in this city will see plenty of pep mixed with real ability and melody in the DeMolay minstrel. The ten-piece DeMolay orchestra, combined with the funny end men and well trained male chorus will keep the audience entertained for the duration of the show.

After having worked faithfully for over a month, the cast is prepared to give the best home talent minstrel ever staged in this city. The directors have called a rehearsal for Sunday afternoon at 2:00 o'clock, requesting that every one in the cast be present, and they have also scheduled the show that there will be a full dress rehearsal Monday night.

The souvenir program has been sold, and is now in the hands of the printer. The program in itself will be well worth keeping, having in it the pictures of all the officers of the chapter, the entire history of Hope chapter, order of DeMolay, and some of the important happenings that have taken place during the past year.

On March 15, preceding the opening night of the show, Hope chapter will hold a big coronation, and will be presented with the charter, signifying "the first year of existence. It is thought that several outside Masons will speak at the presentation.

### TWO ALLEGED SLAYERS GIVEN DEATH PENALTY

CHICAGO, March 2.—Two of the alleged slayers of "Handsome Joe" Latus were given the death penalty and a third was sentenced to life imprisonment by a jury in Judge John R. Claverly's court tonight.

The jury returned the verdict of guilty after deliberating for six hours and a half.

Latus was shot to death in his automobile saleroom during an attempted holdup by three men, according to the testimony of Julia Hartnett, confessed member of the bandit gang.

"Larry" Hefferman and William Kramer were given the death penalty. Otto Christenson was sentenced to life imprisonment.

### REPORT ON CONDITION OF CLEANSING HOUSE BANKS

NEW YORK, March 2.—The actual condition of clearing house banks and trust companies for the week shows a deficit in reserve of \$252,660. This is an increase of \$16,742,190.

### SERVICE

Perhaps there is no other word that means more and has been abused more than the word Service.

In the conduct of our business it is the only word that will completely express our aim in handling your business.

Modern machinery, systemized organization and constant alertness are devoted to your service.

### USE ICE THAT'S CONVENIENTLY CUT

The scoring machine which we use to divide the blocks of ice which we furnish you is a part of this service.

It insures accuracy and uniformity in weight and size and makes the handling of the ice in your refrigerator much more convenient and satisfactory.

### MAY BE CONTEST IN ELECTION FOR SCHOOL TRUSTEES

#### TERMS OF FOUR MEMBERS OF BOARD EXPIRE THIS YEAR

### SEVERAL OTHERS ARE MENTIONED FOR PLACE

#### Not Known Whether Retiring Members Will Seek Re-election April 2

Some members of the school board, whose terms expire this spring are to have opposition if they offer for re-election. It became known Saturday.

Terms of four present members of the board expire this year—A. H. Carrigan, W. R. Ferguson, W. M. Friday and Ed S. Goodner. While none of these has indicated whether he will permit his name to go on the ballot at the trustee election April 2, it is expected that all will be asked to stand for re-election.

The names of M. A. Bundy, W. H. Downing and Oral Jones were mentioned Saturday as possible trustees material. C. H. Clark, who has more than once before been asked to run, has again declined to be a candidate.

### TEXT BOOK BILL COMPROMISE TO FEATURE MONDAY

AUSTIN, March 2.—Members of the senate tonight were planning to call up for consideration the compromise plan on the text book bill seeking to nullify recent contracts of the text book commission. Members of both branches also were preparing a bill which will be introduced early next week, seeking to permit the filling of suits to test legality of the recent awards.

The compromise plan as agreed to by conference committees today and adopted by the house, provides for extension of contracts in force last December to August 31, 1925, and authorizes the text book commission to award new contracts, if, on investigation, the old contracts are found to be too high, obsolete, or "detrimental to the best interests of school children."

In connection with the text book controversy, members of the joint committee investigating activities of the state commission stated tonight a resolution will be introduced Monday or Tuesday to continue the investigation during the recess period between the regular and special sessions. This action was found necessary, it was said, because of the time required to collect information and make a thorough inquiry.

### PROPOSE NEW COUNTY FOR SOUTHERN TEXAS

HOUSTON, March 2.—A new county composed of parts of Harris, Liberty and Montgomery counties is being proposed by three citizens of Cleveland, Texas, W. P. Cruise, E. Love and E. B. Brantley, who were here tonight in the interest of the project.

A bill proposing the creation of the new county, which would be known as Cleveland county, with Cleveland as the county seat, will be presented in the lower house of the Texas legislature Monday by Representative Morgan, of Liberty county, the men said.

### PLANS FOR 2 TRADE TRIPS THIS SPRING ARE NOW COMPLETE

The first trade trip for 1923 will be staged April 10 and 11, and will cover Southwestern Oklahoma, according to plans announced Saturday following several meetings of the trade extension committee of the chamber of commerce, of which J. C. Mytinger is chairman.

Reservations for the first trip will be accepted, starting Monday. It is expected that from 150 to 140 will make the trip.

The second trip, scheduled for May 8 and 9, will go down the Wichita Valley to Stamford, thence to Spur, back to Sagerton, north on the Orient to Chillicothe, thence to Wichita Falls.

Acquaintance with the new territory made accessible to Wichita Falls by the construction of the road to Waurika will be developed on the first trip. The trippers will leave on the Valley early on April 10 and proceed to Waurika, changing there to the Rock Island, over that road they will proceed to Terrel, Ryan, Duncan and Comanche; thence back via Waurika to Lawton, where the supper stop will be made; leaving Lawton early on April 11, the train will proceed over the Frisco via Snyder to Altus, thence down the Northwestern to Wichita Falls.

Four standard Pullman cars and one observation car, with a total of 62 sections, and a baggage car will be used for the trip. The cost will be \$21 for lower berths, \$17.50 for upper and \$15 for drawing rooms, latter to have a minimum of three occupants.

The chamber of commerce at Lawton has already indicated that special entertainment will be provided for the Wichitians when they arrive there.

Efforts are being made to obtain special uniforms for the band in time for the first trip.

The itinerary for the first trip, as announced by Mr. Mytinger, follows:

April 10.  
Leave Wichita Falls 7 a. m.; ar-

rive Petrolia 7:55 a. m.; leave Petrolia 8:20 a. m.; arrive Byers 8:40 a. m.; leave Byers 9 a. m.; arrive Waurika 9:15 a. m.; leave Waurika 9:40 a. m.; arrive Terrel 10:35 a. m.; leave Terrel 10:50 a. m.; arrive Ryan 11:19 a. m.; leave Ryan 11:40 a. m.; arrive Duncan (lunch) 12:45 p. m.; leave Duncan 2:20 p. m.; arrive Comanche 2:50 p. m.; leave Comanche 3:10 p. m.; arrive Waurika 3:15 p. m.; leave Waurika 4:05 p. m.; arrive Temple 4:45 p. m.; leave Temple 5:05 p. m.; arrive Walters 5:25 p. m.; leave Walters 6 p. m.; arrive Lawton (dinner) 6:55 p. m.

April 11.  
Leave Lawton 5 a. m.; arrive Snyder (breakfast) 7 a. m.; leave Snyder 8:30 a. m.; arrive Altus 9:35 a. m.; leave Altus 10:15 a. m.; arrive Tipton 10:55 a. m.; leave Tipton 11:15 a. m.; arrive Frederick 1:15 p. m.; arrive Hollister 1:45 p. m.; leave Hollister 3 p. m.; arrive Grandfield 3:30 p. m.; leave Grandfield 3 p. m.; arrive Devoil 3:15 p. m.; leave Devoil 3:40 p. m.; arrive Burkburnett 4:05 p. m.; leave Burkburnett 4:15 p. m.; arrive home 6 p. m.

### LOCAL ARTILLERY UNIT GETS READY FOR INSPECTION

The local battery of field artillery stationed at Call Field has been called out for duty Sunday afternoon, at which time everything will be put in readiness for a government inspection which is scheduled for March 13.

Major Tolbert, of Fort Sill, Okla., will be here on that date and will be in charge of the inspection of battery property and equipment.

Orders have been given to the members of the local unit to turn in all the government property that had been issued to them. Other instructions will be posted on tab battery bulletin board at the Call Field armory.

Every member of the organization must report to headquarters Sunday afternoon unless excused by the captain in command.

### Old Document Shows How Land Now Worth Millions Once Sold For \$1 Per Acre

C. C. Cabness, vice-president of the Security National Bank, has a framed copy of the record of the first business transaction of J. G. Hardin in Wichita county. He obtained it while visiting Mr. Hardin at Burkburnett recently. Mr. Hardin in going through some papers ran across it and gave it to Mr. Cabness.

The record is in the form of a receipt for ten dollars given by G. W. Darby from whom S. P. Hawkins had bought 127 acres of land for Mr. Hardin who had not yet come to Texas from Tennessee. It is interesting to note that the land which later became worth many hundreds of thousands of dollars was bought for a dollar an acre. The receipt reads:

"Sec. of S. P. Hawkins, agent for J. G. Hardin, ten dollars (\$10.00) being part pay for a certain tract of land lying south of the Thomas Bodman containing one hundred and twenty-seven acres, more or less, the said \$10.00 is paid as a forfeit if the remainder, \$117, is not paid on or before the first of December next."

"This, the 16th day of August, 1872." Signed: "G. W. Darby."

Mr. Hardin later came on to Wichita county settling on the land referred to in the receipt and has resided thereon since that date. This ten dollars was the first of an investment, which managed with frugality and business sagacity has grown into a fortune of millions of dollars.

Stamps for sale at Times Office.

### LOCAL ARTILLERY UNIT GETS READY FOR INSPECTION

The local battery of field artillery stationed at Call Field has been called out for duty Sunday afternoon, at which time everything will be put in readiness for a government inspection which is scheduled for March 13.

Major Tolbert, of Fort Sill, Okla., will be here on that date and will be in charge of the inspection of battery property and equipment.

Orders have been given to the members of the local unit to turn in all the government property that had been issued to them. Other instructions will be posted on tab battery bulletin board at the Call Field armory.

### ELECTRA WILL BUY LAKE SITE AND ADD NEW PUMPING UNIT

WARRANTS TO AMOUNT OF \$25,000 ORDERED FOR THIS PURPOSE.

### ELECT MANAGER RETAIL MERCHANTS' ASSOCIATION

Headquarters Have Been Established in the Thompson Building.

ELECTRA, TEXAS, March 3.—Warrants to the amount of \$25,000 were ordered issued this week by the city commissioners. Funds derived therefrom will be used to purchase the 700 acres of land on which the lake is now situated, and for the purchase and installation of a new pumping unit at the city pumping plant. Negotiations have already been conducted for purchase of the land, which has heretofore been leased.

Commissioner H. H. Haynes and H. J. Fluech are invited to attend the meeting March 14 to consider the advisability of the city paying for part of the expense of raising the road north of the city lake. An increase in the height of the dam recently some five feet, water will stand 2 1/2 inches over the road as it is now, according to the engineer. A peddler's license ordinance was passed, to go into effect 10 days after its publication. By this measure peddlers are restricted outside of the fire limits and a fee system established. Persons on foot will pay \$3, while those having wagons must pay \$15 a year.

**Merchandise Organize**  
R. C. Davis is manager of the recently organized retail merchants association. He was chosen from a list of seven applicants presented to the directors Friday. Miss Elizabeth Harding is office secretary. Headquarters have been established in the Thompson building. The organization started with 84 members, and the number is now 21. Dues range from \$2 to \$10 a month. According to C. A. Penka, field manager of the Retail Merchants' Association of Texas, who has organized in six months. Dallas recently organized with 70 members.

**President Ladies' Auxiliary**  
Mrs. Wm. Huffman is president of the Women's Auxiliary of the First Presbyterian Church, which was organized Thursday, at the home of Mrs. J. C. Shaw. The latter is vice-president. Mrs. J. C. Bryan is secretary. Mrs. J. V. Harrison is treasurer, and Mrs. Alex Malloy is secretary of literature.

### Will Radium at Last Open the Door of The Great Unknown?

If you are sick and want to get well, keep your eyes open for the latest news in the world of medicine. This almost unknown and wonderful new element has been found to be many sufferers from Constipation, Rheumatism, Sciatica, Gout, Neuritis, Neuralgia, Migraine, Headache, High Blood Pressure and diseases of the Stomach, Heart, Lungs, Liver, Kidneys and other ailments. You wear DeGuen's Radio-Active Solar Pad day and night, receiving the Radio-Active Rays continuously into your system, causing a healthy circulation, overcoming sluggishness, throwing off impurities and restoring the tissues and nerves to normal condition and the next thing you know you are getting well.

Sold on test proposition. You are thoroughly satisfied it is helping you before the appliance is yours. Nothing to do but wear it. No trouble or expense, and the most wonderful fact about the appliance is that it is sold so reasonable that it is within the reach of all, both rich and poor.

No matter how bad your ailment, or how long standing, we will be pleased to have you try it by mail. For full information write today—not tomorrow. Radium Appliance Co., 1100 Broadway Bldg., Los Angeles, Calif.—adv.

### OFFICERS DESTROY LARGE STILL LATE SATURDAY EVENING

Members of the sheriff's department confiscated a large copper still Saturday evening in a raid on the northwest oil fields. One man, who it is said has been arrested once before when found in charge of a still, was placed under arrest and today in the county jail. Officers stated upon their return to the city that the still was one of the largest seen in many months. A large amount of sour mash was poured out and a quantity of finished product was brought in for evidence.

**PLAINVIEW PLANNING FOR PUBLIC PARK**  
PLAINVIEW, TEXAS, March 3.—A 44-acre tract has been purchased by the city council, at a cost of more than \$10,000, to make a permanent park for the city. A portion of the tract has been used for a tourists' camp, and for the present the camp will be maintained.

### Waurika Ready for Celebration of Road's Completion

DELEGATION OF 27 FROM THIS CITY TO ATTEND AFFAIR SATURDAY.

### CHECK FOR RAILROAD BONUS TO BE GIVEN

Waurika Business Men to Pay Mr. Kell; City to Be Visited On Trade Trip.

Waurika is completing preparations this week for the celebration, next Saturday, of the completion of the Wichita Valley extension to that place, from Waurika. A delegation of 27 Wichitans will make the trip from this city, reaching Waurika about noon, in time to attend the banquet which will be the chief feature of the celebration.

**PROGRAM IS STAGED BY HIGH SCHOOL FINE ARTS CLUB**  
The Fine Arts Club of the High School held their regular monthly program in the school auditorium Friday afternoon, when a large audience of club members and visitors enjoyed five excellent numbers. The business of the club was attended to the remainder of the program.

**TYLER BIRTH RATE IS DOUBLE DEATH TOLL**  
TYLER, TEXAS, March 3.—Health conditions are good and the birth rate here is more than twice the death rate in 1933, according to statistics made public by the city health department. The deaths numbered six to the 1,000, based on an estimate of a population of 14,000, and the births 16 per thousand inhabitants.

**OPTIMISTIC OUTLOOK FOR GENERAL BUSINESS 1934**  
FORT WORTH, March 3.—An optimistic outlook for business in general in 1934 was the keynote of the annual convention of the Seventh District, Texas Bankers' Association, which closed here today.

### RAIN SPILLWAY AT DIVERSION DAM IS NOW BEING BUILT

POURING CONCRETE STARTS ON STRUCTURE AT LOWER RESERVOIR.

### DREDGE SHUTS DOWN FOR MINOR REPAIRS

Storage Embankment Due to Be Entirely Finished Before First Of June.

Pouring of concrete for the diversion dam spillway and head-gates began on that part of the irrigation project last week, marking the start of another important phase of construction work. Building of these structures will require several weeks.

At the storage dam, the work of laying the service spillway and placing the rip-rap on the main embankment, continuing steadily all advantage being taken of favorable weather. The dredge closed down late in the week, in order to get in some new bearings and make other needed repairs. These repairs, dredging company officials believe, will be the last needed before the dam is completed.

Indications now are that the storage dam will be complete by June 1st of the year.

### CRIMINAL CASES SET FOR ENTIRE WEEK IN COUNTY

Criminal cases, in which misdemeanor charges are filed, have been set for each day of the week in the county court at large, beginning Monday morning. Judge Rogers and the county attorney's department are making a determined effort to try as many cases as possible during the week.

Among the cases set for the week is the one against J. C. Hampton, charged with negligent homicide. This charge grew out of the tragedy that occurred on the Iowa Park road on Halloween night of 1921, when an automobile crashed into a crowd of high school boys and girls, and one was killed and several injured.

### SUIT AGAINST LOCAL FAIR ASSOCIATION CONCLUDED

The case of J. D. Parnell against the Texas-Oklahoma Fair Association, which has been pending for several months in the 30th District Court, was concluded Saturday afternoon. The court held that the association was entitled, under the terms of the contract, to everything that was necessary in operating Call Field for a fair grounds and also ruled that there was no conversion. The plaintiff, it was held, was entitled to the various articles of property which he named in his petition.

### M. MORRIS GIVES NOTICE OF APPEAL

A. M. Morris, who was found guilty of the charge of possession of whiskey and a sentence of one year in the state penitentiary imposed, gave notice of appeal in his case before Judge H. R. Wilson Saturday afternoon after his motion for new trial was overruled. Judge Wilson set his bond at \$2,000.

## Young Girls Prove Apt Shoplifters But Clever Scheme Now Broken Up

Completely concealing the real source of a large number of valuable pieces of jewelry and clothing which they acquired from time to time, a number of girls, none of whom were over 13 years of age, succeeded in "shop lifting" over \$800 worth of property.

During the past week Juvenile Officer Bradley succeeded in recovering much of the stolen property and returning it to the owners. So smoothly had the plans worked that only one of seven local merchants were aware that any of their property had been taken. All of it was identified, however, when placed before them.

The property which had been taken included jewelry, purses, clothing, necklaces and the like.

After working on the case for several days, Mr. Bradley found the correct lead which led him to the recovery of more than \$800 worth of goods. None of the girls, when confronted by the officer, denied a thing, but readily gave the information which led to the restoration to the rightful owners.

All the names of the girls are being withheld as the parents in each instance have been notified and have taken the youngsters in hand. It is said that all the girls implicated in the matter are of good families.

None of the girls could really be considered juvenile delinquents, Mr. Bradley stated, as all of them attended school regularly and were considered proper young persons by all those who knew them.

Two of the little girls were the "brains" of the bunch, using the common term. Both of them explained in detail just how they worked their plans and how they succeeded in keeping the truth of the acquisition of the property from their respective parents.

It was their plan to decide on just what they desired to have. The scheme was hatched last November and has continued up until last week, deciding what they wanted they put their plan into operation.

If it was a piece of jewelry they would observe just what real "dressed up" ladies wore and then would decide to acquire similar equipment.

If it was a piece of jewelry they would go to a jewelry store. Both were bright appearing youngsters, and while one of them kept the attention of the clerk who was showing the goods the other would watch the opportune time and take just what was wanted.

Usually a day's escapade would include acquiring two pieces nearly alike.

Upon arriving at their home each would tell the same story. The fact that none of the parents knew the

others made it still more easy for the girls to tell stories that seemed plausible to their parents.

This was the usual discourse that occurred at both homes when a new piece of wearing apparel or jewelry was acquired.

"Look, mother, what my chum's father gave her. He is a rich man and gives her anything she wants. Isn't it nice? My chum gave it to me to wear as long as I take care of it and maybe she will give it to me altogether after a while because her father will buy her just anything she wants."

This explanation probably would be supplemented the following day when the chum would appear at the other's house and give the same explanation and would add, "Oh, I'd let her wear anything I have because we love one another."

Mr. Bradley stated Saturday that he did not permit the public to see him in company with any of the girls in the ring and did so purposely in order that the girls might all be given a good and square chance.

The parents of the children were made acquainted with the entire matter in all details and have taken the children under parental discipline.

### RECEIVERSHIP DENIED PETITIONERS BY COURT

Judge P. A. Martin denied the application for a receiver for the Pioneer Oil Corporation, filed by E. F. Tollett and others. The case was dismissed Saturday afternoon after the day had been utilized in hearing evidence upon the promise of the defendants to put the trust of the Highland Oil Corporation in trust for the benefit of the stockholders of the Pioneer Company.

### CLARKE STANDS PAT ON ORIGINAL STORY OF HOLDUP

TELLS OFFICIALS SATURDAY THAT HIS FIRST STORY IS CORRECT.

### WILLIAMS RELEASED ON HIS OWN RECOGNIZANCE

Clarke Remains in Jail Under Charge of Theft By Baillee As Probe Continues.

"Red" Clarke, one of the two men who is charged with the offense of theft by baillee in connection with the \$1,229 which he originally told was taken from him and Ben Williams, stands pat on the first story as told by him.

He was taken before officers late Saturday evening after Williams had made a statement by which the officers recovered every cent of the missing money. Clarke maintained that he and Williams were held up at the point of a gun by two highwaymen and relieved of the money. He said he could not explain how Williams knew where the money was.

Williams was released on his own recognizance Saturday while Clarke was returned to his cell in the county jail. Both men remain charged with theft by baillee. The charge against Clarke was not changed after Williams had made his statement in which he told that Clarke was the man who had taken the money and had threatened him with death should he tell a word about it. That the charge was not changed led to the conjecture that the investigation of the affair had not been completed.

According to officers who spoke to Clarke Saturday night, the prisoner had but little to say but stoutly maintained that his original story about having been held up by two highwaymen was the manner in which the money was taken from him and Williams. He refused to answer several questions which were asked as explanatory statements.

Friday night, Williams found himself between two fires. The railroad shipment which was the money in the day in and around the court, expecting at any minute to hear the word which would restore to them their broad money for the next two weeks.

By nightfall some of the men had worked themselves to a high pitch and this fact was made known to Williams. One of the men had asked permission to be locked up in the cell with Williams for half an hour, stating: "I know I'll find out where our money is. I'm bigger than he is."

It was only a short time afterward that Williams informed Chief Deputy Jack Miller that he had something to tell him. It was at this time that Williams related that Clarke had attacked a pistol in his side and ordered him to drive out on the Thornberry road. He said that Clarke took the money from him there and hid it in the tin can where it was later found.

### NO MORE PERMITS TO BE ISSUED FOR OVER SIZED TRUCK

Word was received Saturday from J. D. Fauntleroy, state highway engineer, that no more permits will be issued for trucks with a carrying capacity over four tons. Hereafter the plan has been for owners of certain trucks to secure permits from the state highway department through the county judge, allowing them to operate these trucks, but the word received Saturday by Judge B. D. Sartin was to the effect that this portion of the law has been held unconstitutional. The letter received explained further that due to this action the issuing of permits would be discontinued.

### "COYOTE" TO GO TO PRESS ON MARCH 15 HAS NEW FEATURES

The Coyote, annual senior publication of the high school, will go to press March 15, according to Manager Courtney Howell, who said that the 1923 book would surpass every previous edition in beauty and size. The book will contain one hundred pages, every student having individual pictures, and every club in the school represented.

All but a small part of the copy is now in the hands of the editor, Elton Felder. The Coyote will possess several new features this year, among them the senior baby pictures, clever characteristic sayings of the seniors, and a new department, "Dumbell Dope," by Bert Ripley. Besides pictures of a general nature, the Coyote will also have a picture of Joe Bashara, elected boy favorite among the students.

The Coyote staff have tried many novel money making schemes in order to raise sufficient funds to put the book out of which the musical comedy, "Oh, Oh, Cindy," the beauty contest and several programs in chapel have netted the greatest amount. Tuesday night at the Baptist church the annual Coyote box supper will be held. The staff requested that every girl in high school make a box for the entertainment, and every boy in school make a date and a bit of ready cash. The boxes will be auctioned off to the highest bidder, the minimum price being 50 cents, and the maximum, \$1.50.

A new and original scheme will be tried out Tuesday evening when the boxes are auctioned. The last box to go will be sold to the last bidder, no matter what amount of money he puts up. In this way it is thought that more than the usual revenue will be taken in on the one box.

The entire staff is at work to get the volume in the school on time, and when the remainder of the athletic pictures are made, everything will be in readiness.

**Reduce Stamp Stocks**  
WASHINGTON, March 3.—To check the prevalence of burglaries of the smaller and less protected postoffices, the postoffice department announced today it had decided to reduce the stocks of stamps in those offices to a minimum.

### FOUR BOYS TAKEN INTO CUSTODY BY JUVENILE OFFICER

HAD BEEN ON AN EXPEDITION PICKING UP OLD IRON AND BRASS.

### TWO DETAINED WHILE MADE TO TAKE A BATH

"More Delinquent Parents Than Delinquent Children," Says W. G. Bralley.

"There are more delinquent parents in this county than there are delinquent children," was the statement made Saturday evening by Juvenile Officer W. G. Bralley after he had received the story from four boys who were taken into custody earlier in the day.

The four boys had left home Friday evening in a borrowed automobile and gone to Burkburnett on an old iron and copper hunting expedition. They had been successful to the extent of \$1.27.

It was apparent, however, that the boys had come into the ownership of the scrap iron and copper honestly. They all four told the same story identically, that they had been given the iron and copper for cleaning up a back yard at Burkburnett.

Further questioning, however, revealed that one boy was not attending school at all; two were playing hookie regularly, while the fourth had been attending school without being absent for the past two weeks.

Two of the older ones, who appeared as though they had just served tours as a fireman shoveling soft coal, but being of a longer standing than one tour, were detained and sent to the third floor of the court house to take a bath under the direction of officers. The remaining two were sent home as emissaries to their own parents and that of the other two, informing them that a conference would be had with the juvenile officer at 7 o'clock.

All four of the boys admitted that they had been traveling the wrong route and were headed to nowhere if they kept on.

Mr. Bralley hesitated sending the boys to jail, but stated that it was his only method in bringing parents to realization of their duty to their children.

### M. & V. COMPANY IS ERECTING PLANT TO BUILD TANKS HERE

The M. & V. Tank Company which has maintained offices here for the past four years, has purchased a tract of four acres from the Fairhandle Refining Company, on the Iowa Park road, and have material on the ground for the erection of a plant for the manufacture of the M. & V. tanks.

A general line of welded tanks is the type out for crude oil, field storage, gasoline and all oil products. It is claimed that for the conservation of gravity this line will be superior to any other tank because it will be absolutely air tight, according to a statement made by P. Van Wormer, Saturday. He declared that this will be the only plant for the manufacture of a general line of welded tanks in this section. St. Louis, Kansas City and New Orleans being the nearest factories for this line.

Mr. Van Wormer stated that Wichita Falls was decided upon for the location of this plant because the company believed that this city in turn present it to the commission who will be re-elected Monday. The resignation will take effect as soon as a successor is appointed.

Mr. Holliday served as assistant under District Attorney Fletcher Jones and remained in that capacity during the term of Judge H. R. Wilson. When Judge Wilson resigned as district attorney, Mr. Holliday retained his place under the present district attorney, Walter F. Schenck.

While serving in the capacity of district attorney, Mr. Holliday has had the privilege of meeting with a large number of grand juries and has participated actively in a large number of criminal cases trials. In this manner he has gained a large acquaintance throughout the county.

Those officials who have had the pleasure of working with Mr. Holliday during his seat of office at the court house all express the opinion that Mr. Holliday was exceedingly efficient in all departments and especially in the details in arranging cases for trial.

Officials received the word of his resignation with regret, but all wished him success in his new undertaking. District Attorney Walter F. Schenck who is out of the city was notified by telephone by Mr. Holliday before the resignation was tendered. Mr. Schenck stated that he was exceedingly sorry to lose him as an assistant, but expressed the opinion that he did not care to stand in the way of advancement.

Mr. Holliday, as soon as his resignation takes effect, will become associated with Kay, Akin and Ken-

ley, one of the oldest and one of the leading law firms in the city.

**India's Cotton Crop**  
WASHINGTON, March 3.—India's 1922-23 cotton crop is placed at 4,423,000 bales of 475 pounds net, according to the final estimate of the Indian department of statistics received by the department of agriculture today. That is an increase of 118,000 bales more than last year's crop.

### SAM HOLLIDAY TO QUIT AS ASSISTANT DISTRICT ATTORNEY

TENDERS HIS RESIGNATION TO COUNTY JUDGE SARTIN SATURDAY.

### WILL ASSOCIATE WITH LOCAL FIRM OF ATTORNEYS

Has Been Assistant in District Attorney's Office For Past Three Years.

Sam Holliday, who has served as assistant district attorney in Wichita County for the past three years, Saturday tendered his resignation. Mr. Holliday stated that he expected to become associated with the law firm of Kay, Akin and Kenley of this city.

The resignation was a handed County Judge B. D. Sartin who will in turn present it to the commission who will be re-elected Monday. The resignation will take effect as soon as a successor is appointed.

Mr. Holliday served as assistant under District Attorney Fletcher Jones and remained in that capacity during the term of Judge H. R. Wilson. When Judge Wilson resigned as district attorney, Mr. Holliday retained his place under the present district attorney, Walter F. Schenck.

While serving in the capacity of district attorney, Mr. Holliday has had the privilege of meeting with a large number of grand juries and has participated actively in a large number of criminal cases trials. In this manner he has gained a large acquaintance throughout the county.

# CAMERAGRAMS

**PRIZE WINNERS.** The savage-looking "pup" at the top was adjudged champion bulldog at the Arverne (N. Y.) dog show. His name is "Get It—Drewstone Barrage. Center is Miss Gladys Leslie, owner of the pup dog shown below her, who led as an international champion.

**AFTER DEMPSEY.** Gust Leska, Czech "strong man," out after Dempsey's belt, has adopted cave-man methods in his New Jersey training quarters. Left, he's imitating our alleged simian ancestors. Center, in his cave, he's frying several steaks and five dozen eggs for lunch. Right, he takes daily snow bath.

**TRADED FOR FATHER'S LIFE.** Penniless and with a sick husband to care for, the mother of these San Francisco youngsters gave them out for adoption that she might use all her slender earnings to save their father's life. "They'll have an easier life in others' care," said the mother, whose name was not divulged.

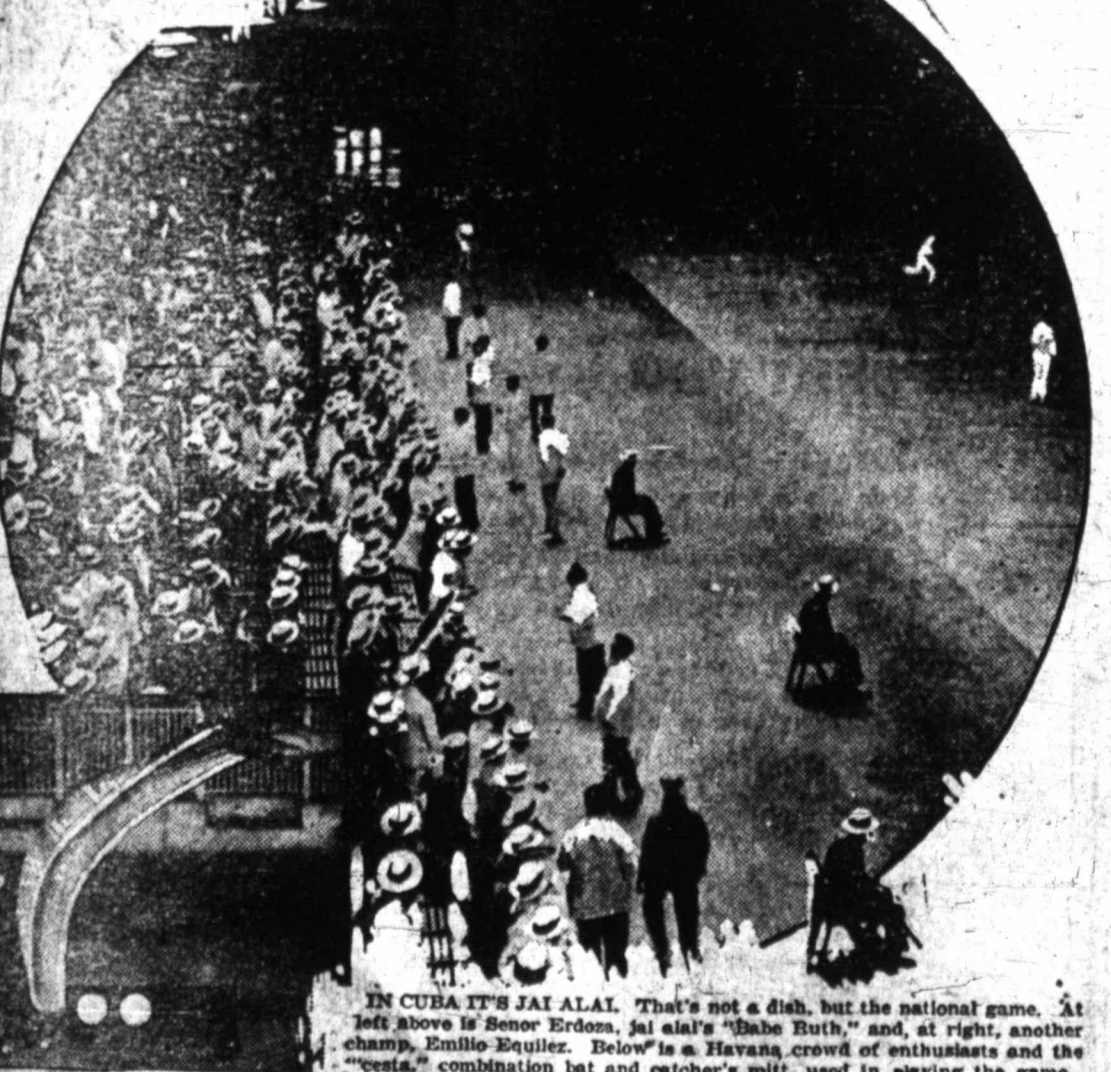

**BRITAIN DEFEATS FRANCE!** Not in war but in a friendly international hockey game between women of the two countries. The English team won by 23 goals to nothing. This picture was snapped at one of the most exciting moments of the game. Merton Surrey, England, was the scene of the encounter.

German workmen who were prevented from striking by the French military are shown here loading coal at Essen under the shadow of a bayonet.

Anna Case, famous opera star, is shown here smiling her pleasure over the first prize won by her Russian waltz, 'Nickolai of Vladivostok,' at the Westminster Kennel Club Show in New York.

**IN CUBA IT'S JAI ALAI.** That's not a dish, but the national game. At left above is Honor Erdos, jai alai's "Babe Ruth," and, at right, another champ, Emilio Equizer. Below is a Havana crowd of enthusiasts and the "vesta," combination bat and catcher's mitt, used in playing the game.

**SAVE THIS TILL SUMMER.** Then it'll cool you off. Vilhjalmur Stefansson, arctic explorer, says our northwest is colder than the north pole and these pictures of a recent Minnesota blizzard prove it. Above you see a locomotive pushing a snow plow into the big drifts; below (left), a tractor hauling a snow plow near Duluth, and (right) a rotary plow clearing a railway line and raising an eruption that would make Vesuvius hang his head.

**SOME COUNTRY!** The old U. S. A. has a climate to suit every taste. In Miami, Fla.—where it's summer now—you see Mrs. June Nelson Libbridge of New York (above) on the beach. And in Rainier National Park, Wash.—where it's winter—you see Thomas Rainier Keene (below), a champion at four.

## Old-Fashioned Women Thought It A "Glory" to Take Husband's Name Says Former U. S. Attorney-General

But We Should Worry; There's Plenty of Glory to Go Around Still, and the Players' Club and the Community Club are Going to Entertain Us This Month; also, Gall-Curci Is Coming Soon, and Plans Are Stirring for the State Music Federation Meet Here.

NEW YORK, March 3.—Women who cling to their maiden names after marriage are misguided, says George W. Wickersham, former attorney general of the United States, in a letter today to the Lucy Stone League, which advocates the practice he condemns. "I am firmly convinced that nothing more mistaken can be advocated," he wrote. "Fortunately, I was born in a generation whose women thought it a glory to take their husband's name when they were married."

Well, well, it's a pity and a shame that there's so much misgiving in the world, with the womenfolk that don't want to mix their careers and their homes with children and the other womenfolk that don't seem to recognize the shining and particular glory of their husband's patronymic. A pity and a shame.

But with so much else on our minds this month, we can't afford to devote too large a slice of worry to misguidedness seems to be a favorite pastime of the human race.

There's so many other things; first, the Community Players are going to play a three-act comedy, "Nothing But the Truth," sometime around the last of the month, and they say they are going to ask us to tell nothing-but-the-truth in the publicity, so it ought to step light on us! But, joking aside, the community is looking forward very much to the Players' next entertainment, following the real success they achieved with "Clarence" last month.

And then the Players Club of the Travel Club is going to entertain its members and associate members with two one-act little theater sketches on the 16th and 17th of the month—Zona Gale's "Neighbors" and Alice Gerstenberg's "Unseen," which announcement Friday tells us is a very attractive affair.

And then Gall-Curci is coming to town, she will be here to realize it. And since comparatively few of the music loving citizens of Wichita Falls have had opportunity to hear the noted prima donna, it will be a great occasion for hundreds of folk—those who have as well as those who do not.

### WEDNESDAY PARTY SURPRISES

J. Truman Stevens was the surprise of the evening at a birthday party given by Mrs. Stevens on Monday night, April 2, at the Palace Theatre. Gall-Curci will be presented under the management of Mrs. Louella K. Thompson, according to announcement Friday. The opportunity to hear the internationally famed singer in a local auditorium is one of the most, if not the most important events in the history of the city.

### WEDNESDAY PARTY SURPRISES

## "When April Eyes Are Smiling"

Photo by Nosselt.

When April skies are smiling  
And sunshine's slipp'ly thru,  
And joy is in the heart of Her—  
And Irish eyes are true—

That ain't the way it runs, but we've got to get April skies and Irish eyes and sunshine together some way to go with this picture. And if you think Barbara's blue eyes can't glimpse leprechaun and fennel and fairies, and if you think she doesn't know what a shillelagh is, or the Seventeenth of Ireland, you just ask her mother how far removed the little young lady is from the said soil.

Barbara is the daughter of Mr. and Mrs. E. E. Stewart, and is a pink butercup in The Times' Sunshine Garden.

### HENRY SIMPSON WEDS MISS GOLDIE MARICIE

The marriage of Henry Simpson of Whitesboro, N. Y., and Miss Goldie Maricie, daughter of Mr. O. P. Maricie and sister of Mr. and Mrs. Ralph Maricie, with whom she makes her home, was solemnized early Thursday afternoon at the home of Mr. and Mrs. Ralph Maricie. Mr. and Mrs. Simpson left immediately after the marriage for a two weeks' visit in San Antonio and other south Texas cities, after which they will be at home in Whitesboro.

### Personal Mention

Mrs. J. A. Duff, mother of Mrs. E. T. Duff, has been very ill from influenza the past few days.

### MRS. RODGERS HOSTESS THURSDAY BRIDGE CLUB

Mrs. C. E. Rodgers was hostess to the members of the Thursday Afternoon Bridge Club at her home Friday, 2509 Ninth street, when two tables of guests, with Mrs. Martin of San Antonio, were special guests.

### Card of Thanks

### BEAUTIFUL SHOWER FOR MRS. JOE JONES FRIDAY

Mrs. Joe Jones, formerly Miss Evelyn Coffield, was complimented with a beautifully planned party and miscellaneous shower Friday evening at the Y. W. C. A. by her friends in the Business Women's Club.

The party was also made the occasion of the presentation to Mrs. Jones, who was a charter member, of the club for several years, of a handsome set of six Haviland dinner plates from the club. Shower gifts from groups of her friends among the girls added the cups and saucers and several other handsome pieces of the set to the club's gift.

Members of the service committees were hostesses at the party, with Miss Kathryn Brothers and Mrs. Mildred Packer in charge, assisted by Misses Rhea Gardner, Elizabeth Miller and Judith Mann. The living room was attractively decorated in green and white, with green and white wedding bells pendant from the chandeliers and floor baskets of flowers at the double doors.

Refreshments of ice cream in white, pink and blue, and delicious cakes laid in green were served to about 40 members and guests of the club.

### CHAIRMAN, CITY BEAUTIFUL

Mrs. Bert Bean, chairman of the City Beautiful department of the Wichita Falls Civic League, is one of the busiest workers in that organization right now, and has enlisted the whole city in a campaign to make Wichita Falls the most beautiful little city in the state.

Mrs. Bean has the assistance of a splendid corps of sub-chairmen and prominent club women in her work, and the backing of the substantial business men of the city. The City Beautiful contests, involving not only civic pride but some hundreds of dollars worth of prizes as well, opened March 1st, and already most of the public buildings, school grounds and churches have been entered, with some hundreds of private homes as well.

### "PASTIME BRIDGE CLUB" IS ORGANIZED FRIDAY

The "Pastime Club" is the name of a new organization of bridge players among the young matrons of the city, which held its first meeting Friday afternoon at the home of Mrs. Roy C. Coffey, 1761 Taylor street.

Mrs. Roy C. Coffey was elected president of the new club, which chose Tuesday afternoon of each week for meeting date, with Mrs. H. A. Wright, secretary-treasurer, and Mrs. Clifford Deaton, press reporter.

A number of games were enjoyed Tuesday afternoon, after which the hostesses served a delicious salad plate to the following: Mesdames J. Truman Stevens, H. A. Wright, Fred Lane, Paul J. Pond, Clifford Deaton, John Swanner, W. E. Billingsley, Roscoe Davis, L. Stanley Marlow, and Grady Taylor, and Miss Mary Smith, Mrs. Billingsley invited the club to meet with her Tuesday of this week at the William-Mary Hotel.

### KEMP SUBS SCHOOL CLASS SOCIAL THURSDAY

The members of Mrs. J. A. Kemp's Sunday school class of the First Presbyterian church were very delightfully entertained at a banquet Thursday evening, when covers were laid for twenty-eight members and guests of the class.

### A TALENTED YOUNG READER

Miss Bernice Martin, daughter of Mr. and Mrs. Bernard Martin, is one of the talented young readers of Wichita Falls and has been very generous with her gift during the past months.

### HIGHLAND HEIGHTS CIVIC LEAGUE ELECTS OFFICERS

Mrs. O. L. Gibbs will head the Highland Heights Civic League the coming year, following the election of officers held Friday afternoon at the annual business meeting at the home of Mrs. T. B. Brunson.

### MRS. FERGUSON HOSTESS MERRY WIVES THURSDAY

Mrs. Ferguson was hostess at her home on Giddings street to the members of the Merry Wives Bridge Club Thursday afternoon.

### MISS MARTHA WASHINGTON

### MRS. FERGUSON HOSTESS CHRISTIAN MISSION BOARD

Mrs. W. R. Ferguson, entertained the members of the executive board of the Christian Missionary Society Friday afternoon at her home on 1201 First street for the coming year.

AMUSEMENT CALENDAR FOR WEEK AT LOCAL THEATERS

MAE MURRAY IN "JAZZMANIA" IS COMING TO OLYMPIC WEDNESDAY ONE OF BIG PICTURES OF SEASON

The Olympic theatre promises four days of the liveliest entertainment it has ever offered commencing Wednesday when Mae Murray's latest picture "Jazzmania" will open with Eddie Williams' Masqueraders, a six piece jazz band directed from the Winter Garden, Oklahoma City, playing the night show.

The following review of "Jazzmania" was clipped from The Exhibitors Trade Review, a magazine which gives unreserved criticism to the showman on all the film releases: "Being the 'Jazzmaniac' age, Mae Murray's newest Tiffany production for Metro is a brilliant and as safe a bet as the jewels purchased at the famous shop bearing the same name as the producing firm, 'Jazzmania' looks like a new star from the box office, for it offers so much in the form of honest entertainment and shows the star at her best.

She seemingly enjoys to a maximum degree everything she did and everybody who in any way contributed in the making of this special must have gone through their daily tasks happily and smilingly, for the finished product is one that will convince the exhibitor that, cinematographically, Christmas comes more than once a year. Santa Claus couldn't have slipped the exhibitors a better present.

"Here's a picture that breathes everything that is money-making; it's peppy and lively and romantically adventurous with a charming story running through it. You showmen, who have had a 'jazz week' sunk of your head, here's your opportunity to break out and break like this every week. It's that good as a box office attraction.

"Like all Mae Murray pictures, 'Jazzmania' is luxuriously staged, splendidly directed with the enterprisingly interesting story, a dancing every dancing specialty of the star, who stands out like a Tiffany diamond among Woolworth hardware. But make no mistake, there is no Woolworth here; this picture is a thing about 'Jazzmania'; it's a million.

Mrs. M. A. HEATH  
Dallas, Texas.—I had serious feminine trouble come on me during the critical time of life and I began to use Dr. Pierce's Favorite Prescription. After taking five bottles the trouble ceased and never troubled any more. I can with all honesty highly recommend the 'Favorite Prescription' to any woman at that time.—Mrs. M. A. Heath, 4213 Metropolitan Street.

Your health is most important to you. It's easily improved. If you suffer from heat, flushes, dizziness, or any of the symptoms common to women at the critical period in life, just ask your nearest druggist for this Prescription of Dr. Pierce. In tablet or liquid form. Send 10 cents to Dr. Pierce's Invalid Hotel, Buffalo, N. Y. If you wish a trial, please write for free, confidential medical service.

OLYMPIC STARTING WEDNESDAY

MAE MURRAY in a Scene from "JAZZMANIA"

Charlie Chaplin In 'The Pilgrim' At the Empress

When Charles Chaplin ambles across the screen in the garb of a minister, at the Empress next Wednesday, the crowd will settle back in the seats and grin happily in the darkness.

There are some persons who profess to be superior to Chaplin. They say they can't understand why a little man with ill-fitting clothes and a genius for getting in trouble and being chased should seem to be so scintillatingly funny. It seems a little ridiculous to them. It jars their sense of dignity, which is a queer sense in human beings.

But dignity does not thrive in darkness, for there is no one to see, no one to pose before. No spilage professors and laborers, high-brow persons and low-brow persons, children big and little, grin and chuckle and laugh heartily when Chaplin comes laughing into view.

They respond spontaneously to what is apparently spontaneous fun. But Chaplin's fun is not spontaneous. It is an art, deliberately created; and art of this kind must seem spontaneous, natural, no matter what props or how much thought and labor were required in its production.

Chaplin is a creative artist. He has created something that is definite, a brand of fun that has become a world institution. And this brand of fun will reach its pinnacle this week at the Empress.

It is a big feature production, bigger eyes in a comedy sense than "The Kid," which was in six reels as compared with "The Pilgrim's" four. But in those four reels subtle humor is combined with pantomimic action in a way that Charlie has not heretofore duplicated.

Imagine Charlie Chaplin as an escaped convict helping himself to a minister's clothes and as a result finding himself the unwilling occupant of a pulpit. Let your imagination run a bit and it will tell you that here's Charlie at his funniest. And here's imagination that will not lie!

What Film Folks Say Of Marion Davies' Tremendous Picture "When Knight-hood Was in Flower"

The exceptional cosmopolitan production for Paramount of "When Knight-hood Was in Flower," starring Marion Davies, was presented with brilliant results at Grauman's Elstree Theatre, Los Angeles, Calif., on September 18, 1922. In the delighted audience were many picture notables including executives, directors and popular screen stars. Some of these expressed themselves after the showing, as follows:

Joseph L. Lasky, first vice-president, Famous Players-Lasky Corporation—"As an executive of the corporation I want to express my sincere appreciation of the manner in which our long-cherished ideal of finer and better pictures has been carried to fruition. 'When Knight-hood Was in Flower' was a great book; it is a vastly greater photoplay."

Cecil B. DeMille, producer of Paramount pictures—"I have always been very fond of the book, 'When Knight-hood Was in Flower,' and am delighted to see it so excellently reproduced in motion picture form. 'When Knight-hood Was in Flower' is to be sincerely congratulated."

William De Mille, producer of Paramount pictures—"If there were more pictures like 'When Knight-hood Was in Flower,' the prejudice against costume productions would rapidly disappear."

George Fitzmaurice, Paramount director—"Cosmopolitan's consistent efforts to raise the artistic standard of motion picture production as evidenced by the acquisition of Joseph Urban and the work of Marion Davies have been recognized for several years. 'When Knight-hood Was in Flower' is a fitting climax to these successful efforts."

Sam Wood, Paramount director—"Congratulations to Miss Davies, Director Vignola and Cosmopolitan Productions. 'When Knight-hood Was in Flower' is beautiful, a splendid drama and fulfills the highest standards of Paramount pictures."

Gloria Swanson, Paramount star—"Paramount has every reason to be proud of 'When Knight-hood Was in Flower.' This new Cosmopolitan production is worthy of all the highest laurels and tributes it is certain to receive."

Antonio Moreno, leading man for Gloria Swanson, Paramount star—"The twelve reels of 'When Knight-hood Was in Flower' seemed more like six, so interesting, beautiful and supremely dramatic was this Cosmopolitan production for Paramount. It held my interest from the first scene to the last, without a let in which this story of early continental history has been placed upon the screen. It is a production of grace and beauty."

Bert Lytell, Paramount featured player—"When Knight-hood Was in Flower" tells a beautiful story magnificently. It is superbly staged. The cast could not be better. The action is sustained all the way through. There is not a dull moment."

Anna Q. Nilsson, featured player in Cecil B. De Mille Paramount picture—"I loved every bit of 'When Knight-hood Was in Flower.' It is colorful and splendidly acted."

GEM THEATER MONDAY

CONSTANCE TALMADGE in "Polly of the Follies"

LOSES MIDDLE FINGER

Saturday—Neal Hart in "The Heart of a Texan."

Gem Theatre Has New Provision to Improve Picture

The Gem Theatre has recently installed a motor generator compressor, designed to materially improve the appearance of pictures on the screen, in bringing them out more clearly and distinctly. The improvement is regarded as one of the most valuable in connection with the industry and a great contribution to ward a more perfect showing of the film on the screen.

The Gem also announces an improvement in their programs, which will include some of the very best productions of the year, pictures that you would pay more to see at houses where shows in other cities. These will be noted in their program on the calendar from time to time, the first being that of Constance Talmadge in "Polly of the Follies" on Monday of this week.

QUIT TOBACCO

# JACKIE COOGAN IN 'OLIVER TWIST' AT STRAND WEDNESDAY

WONDERFUL BOY ACTOR WILL BE SEEN IN ONE OF THE SEASON'S MOST TALKED OF PRODUCTIONS

JACKIE COOGAN

When Will H. Hays was in Hollywood, he paid a tribute to the art and spirit of little Jackie Coogan that has gone around the world in the printed columns of the press—he paid the tribute of his tears.

Depth of emotional truth is one of the elements demanded by Mr. Hays and by all other well-wishers of the cinema art.

Another quality more and more demanded of picture makers is that they project some educational value on the screen—not tiresome instruction, but unobtrusive information, valuable to remember and pleasant to recall.

Still a third quality emphasized by Mr. Hays is essential in properly conceived and wrought picture plays. Was "wholesomeness."

It ought not to be the purpose of artists working in any medium to debauch the minds of the young or to encourage evil thinking by those unfortunately bent in that direction, insists Mr. Hays.

His emotional truth and vigor will stir the heart of the most blasé and weaken in the minds of the most frivolous, suggestions of life's dignity. When Mr. Hays, congratulating Jack Coogan, Sr., on the character of the stories in which he was depicting his son's artistic and financial welfare, he said, "That's the kind of picture the world needs." And that's the kind of picture "Oliver Twist" comes to the Strand Wednesday, has the distinction to be.

In wholesomeness nothing that in Coogan could possibly appear would harden the heart or debase the mind, so that in this quality as well as in depth of emotion, patrons of the Strand Theater may be entirely assured they will be amply paid for a visit.

Strand Has Nine Piece Orchestra; Regular Feature

As a regular added attraction and one that is sure to be appreciated by the theater going public of Wichita Falls, the management of the Strand has secured the services of L. V. Lawler, who, beginning Monday night, will conduct a nine piece orchestra, furnishing music for the evening shows from 7:00 to 10:30. Mr. Lawler will have full charge of the musical program at the Strand and his reputation as a musician and conductor is a guarantee that a treat is in store for those who attend this popular show house.

Mr. Lawler will be remembered as having conducted the music during the recent presentation of "Robin Hood," a feature that was much appreciated and which added much to the effectiveness of the picture. He is now working on the score for the presentation of Jackie Coogan in "Oliver Twist," beginning Wednesday for the remainder of the week. Introductory to each showing the orchestra will render a selection from some noted composer. Monday and Tuesday for "Shirley of the Circus," the number will be "Poet and Peasant" by Von Suppe; for "Oliver Twist" the selection will be from "Martha" by Flotow.

The orchestra which is to be a permanent feature at this theater, will be known as the "Strand Concert Orchestra." The Strand management is adding quite a little expense in order to give this city and the music lovers of Wichita Falls a feature such as is provided by other cities and in this connection it may be said that the Strand's musical program that will rank with the foremost of the larger cities.

Page Goes With Strand  
W. T. Page, for the past three and a half years connected with the Strand Theater, has associated himself with the Strand as assistant manager and will enter upon his new duties Monday. Mr. Page has been in the show business for the past 15 years and is recognized as one of the most active and efficient men connected with the industry, being especially noted for his ability in originating and arranging attractive lobby and other theater displays. Manager Day of the Strand states that he considers himself fortunate in securing the services of Mr. Page, whose ability to share in the responsibility of the house will enable the management to give more attention to details.

Mr. Page, in discussing his connection with the Strand, stated yesterday that he was very much pleased with the line of pictures that Mr. Day has secured for his patrons, which include many of the big productions of the movie industry, pictures that rank among the screen hits of the year. Starting with Jackie Coogan in "Oliver Twist," admitted to be one of the greatest pictures ever produced, the Strand includes the next release, "The Christian." Others booked by the Strand include the next release of both Douglas Fairbanks and Mary Pickford, House Peters in "Lost and Found," Harry B. Walthall in "Gimme," "The Little Church Around the Corner," Mack

Deputy Peace Officer Is Granted New Trial

STRAND MONDAY AND TUESDAY

SHIRLEY OF THE CIRCUS—WILLIAM FOX PRODUCTION

Special Showing Of "Oliver Twist" For the Children  
Manager F. W. Day of the Strand theater, who has taken a great interest in school activities, and especially in providing a way by which the children may see his feature pictures at a nominal price, will again swing his doors open for a children's matinee on next Saturday morning at 10 o'clock for a special performance by Jackie Coogan in "Oliver Twist." Mr. Day states that he would feel that he had neglected a duty, were he to fail to provide this opportunity, as he did in connection with the showing of "Robin Hood," and he expresses himself as taking great pleasure in making it possible for the little folks to see the little actor, who at the age of eight years, has earned a million and half dol-

Shirley Mason As Circus Queen Strand Monday

"Hey, kids; here comes the big show."  
"Elephants an' camels an' lions an' tigers an' rhinoceroses and acrobats an' clowns—everything! Oh! Jiminy, here's the beautiful lady bare-back rider in tights! Gosh! We gotta go!"  
The red-letter day in the life of every body, whether six or sixty, is when the circus comes to town. Following the "parade" for miles through the "towns," watching the circus put up the big tent, the small boy forgets home, school and household chores. Perched up high near the top of the tent with a bag of peanuts and a bottle of pop, with eyes glued on the antics of the clown, thrilling feats of aerial artists or the beautiful "Equestrienne Queen," young America is in his glory.

The side-show after the main event, where the aggregation of freaks are gathered—the Bearded Lady, the Human Skeleton, the Fat Woman, the Tattooed Man, and the whole conglomeration of human and inhuman freaks, is a wonder place to "Buddy."

You'll see all these in "Shirley of the Circus," the latest William Fox production starring chic Shirley Mason as a "Circus Queen," at the Strand Theater Monday and Tuesday.

Miss Mason appears in some advanced costumes, notably one of a girl in a "Circus Queen" costume, in which this charming artist performs a breath-catching sword dance, tripping gracefully and sinuously and ending her graceful way among a flock of wicked looking blades of Damascus steel.

This is a startling picture, revealing Miss Mason in some startling "costumes."

COTTON CONFERENCE CONCLUDES SESSIONS  
NEW ORLEANS, March 3.—Representatives of cotton industries who attended the meeting here of the national cotton conference concluded their sessions yesterday afternoon having declared in favor of holding another conference on the various interests in New York at a date to be announced later and leaving in the hands of a committee to be appointed by President E. S. Butler of the New Orleans Cotton Exchange, solution of a number of questions discussed at the two days' meeting.

The committee will conduct negotiations with New England and Carolina mills in regard to the revision of rules governing the purchase and handling of cotton and uniformity of regulations of the two organizations.

A resolution requesting further assistance from the government in the fight against the cotton boll weevil was adopted.

ANTI-SALOON LEAGUE DIRECTORS FOR SECRET

NEW YORK, March 3.—Secrecy as to specific sums paid out by the Anti-Saloon League in its furtherance of its aims is defended in a statement issued today by directors of the state organization in connection with the grand jury investigation into alleged activities of William H. Anderson, league superintendent, who expended \$24,709 for publicity purposes.

The board holds that the league's books are open only to the duly accredited representatives of the

churches it represented and that the details of the private business of this agency of thousands of churches are as much settled to the protection of confidence as the books and affairs of any individual church.

Stamps for sale at Times Office—adv.  
Stamps for sale at Times Office—adv.

No remedy can cure all ailments of the human body, but an immense number of people suffer from aches, pains and diseases—symptoms when their real trouble is lack of iron in the blood. It is the iron in your blood that enables you to get the nourishment out of your food. Without iron your food merely passes through you without doing you any good; you don't get the strength out of it. There is one universally known tonic that has helped thousands because it contains iron like the iron in fresh vegetables and like the iron in your blood.

**NUXATED IRON**  
is an eminent physician's best blood prescription, standardized. It is recommended for all anemic and run-down conditions. It has helped thousands of others. It should help you. Ask for it at any drug store.

Run-Down Women Face to Face With Old Age!

Blood-Power Builds Nerve-Power, Strength, Endurance, Energy, Girlish Charm! S. S. S. Is Remarkable in Building Blood-Power and Nerve-Power!

She is not 40 in years yet but she is run-down, exhausted and that is just what old age is. S. S. S. will build up your blood-power. This gives strength always!

Madam, this truth may give you the "creeps." Shudder as you will, this fact stares you in the face! You cannot deny it! In the face of the fact, you can add glorious strength to your weakened body. You can add greater years to your life, and bring back some of the glorious charm of your girlhood days! But if you refuse to believe it, then no power on earth can help you! When you are exhausted, when you feel like "drooping down" on every seat you come to, that very thing you feel is nothing but early old age. Exhaustion and old age are practically the same thing. Both mean a "wearing out." The number of years you have spent on earth has nothing to do with the way you feel! Remember this, the number of blood-cells you have controls your nerves, your vitality, your health and strength! It is all you have! The answer then is, build up your blood-power! S. S. S. has been used since 1830 as one of the greatest blood-cell builders known! It contains only vegetable medicinal ingredients. It is also a remarkable blood purifier. This is why it has proven such wonderful results in rheumatic conditions, in stopping pimples, eczema, skin eruptions, in clearing and beautifying the complexion, and in building up thin, worn out men and women, and in building great nerve power! You are only as strong as your blood! Stronger and more youthful nerves depend on blood-power! Stronger blood shows its power in your face. In the strength of every organ, S. S. S. will give you great energy, strength and more youthful appearance. Stop getting old before your time! S. S. S. is sold at all drug stores, in two sizes. The larger size bottle is the more economical.

**S. S. S. makes you feel like yourself again**

# SULLIVAN SIMS UP HISTORY OF HARDING ADMINISTRATION

## DURING RECESS OF CONGRESS PRESIDENTIAL NOMINATION TO FEATURE POLITICAL ACTIVITY

By MARK SULLIVAN  
(Copyright, 1923, New York Tribune, Inc.)

The dissolution of congress for a nine months interval, the early departure of President Harding for a vacation, the fact that these dates mark the ending of his first two years and the exact middle of his term, and the middle also of the period the Republican administration, including congress, has to make its impression on the country—all this and other features of the day make it an occasion for summing up. This is especially true because the Republican leaders, looking forward to a period of nine months' absence from Washington, during which their opportunities of consulting each other will be limited, have devoted a good deal of the last few weeks to appraising things as they stand, taking an inventory, so to speak, of assets and liabilities, and determining what is best to be done about the next Republican presidential nomination.

Everybody in Washington likes Harding. Even those who disapprove of many aspects of the administration's course, and even those Democrats who have the most determined intention and the most confident hope to bring about a change next year, begin their conversations about Harding with the friendly phrase, "He's a fine fellow."

Everybody in Washington likes Harding. Even those who disapprove of many aspects of the administration's course, and even those Democrats who have the most determined intention and the most confident hope to bring about a change next year, begin their conversations about Harding with the friendly phrase, "He's a fine fellow."

ness. His original conviction on this point was reinforced by his experience in the Senate when Wilson was President. Under the conditions of war there was an immense abdication of power and prestige by the Senate to the President. Harding as a Senator shared that abdication, and it was a war-time need for solidarity and speed of action.

# IF SICK, BILIOUS! START YOUR LIVER

Don't Take Calomel! "Dodson's Liver Tone" Acts Better and Doesn't Grip, Salivate or Make You Sick—Don't Lose a Day's Work—Read Guarantee!

Ugh! Calomel makes you sick. It's horrible! Take a dose of the dangerous drug tonight and tomorrow you may lose a day's work. Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel, when it comes into contact with sour bile crashes into it, breaking it up. This is when you feel that awful nausea and cramping. If you are sluggish and "all knocked out," if your liver is torpid and bowels constipated or you have headache, dizziness, coated tongue, if breath is bad

or stomach sour, just try a spoonful of harmless Dodson's Liver Tone tonight. Here's my guarantee—Go to any drug store and get a bottle of Dodson's Liver Tone for a few cents. Take a spoonful and if it doesn't straighten you right up and make you feel fine and vigorous I want you to go back to the store and get your money. Dodson's Liver Tone is destroying the sale of calomel because it is entirely vegetable, therefore it can not salivate or make you sick.

## Your Voice

Direct—Persuasive—Accurate

Your voice conducts your business. Directions that you give personally are quickly and accurately executed, because your associates cannot fail to understand you.

Each inflection has a meaning for them. You would not think for a moment of writing a letter to your assistant in the outer office. How about your representative in Kalamazoo or Sacramento? The telephone will bring him to your desk in a few minutes' time. It is not necessary to trust the cold written word—send him your voice—yourself—by Long Distance telephone.

Ask the Long Distance operator about Station to Station calls. If possible, take advantage of the low rates prevailing after 8:30 p. m.

SOUTHWESTERN BELL TELEPHONE CO.

Your Voice is You—Visit Them by Telephone

## Give them a chance in the garden

Let the youngsters learn to work by working. Let them learn that dependable results come only from labor directed by brains. Let the children help you make garden. Nothing will educate them better than working with you and with nature. Let them learn the importance of using sense as well as muscle. Plant Ferry's pure-bred Seeds and prove the value of forethought in attaining success.

Help the children to get the gardening habit. It makes for pleasure and profit when you use Ferry's pure-bred Seeds. They are bred to yield maximum results. Flowers a little finer, early vegetables a little earlier, flavor a little richer, yield heavier, size greater than ordinary.

10 cents per paper "at the store around the corner." Each variety selected for your locality.

Send for our free Seed Annual. It gives good garden advice and good receipts for cooking the fruits of your gardening.

# JACKIE COOGAN IN "OLIVER TWIST" AT STRAND WEDNESDAY

### WONDERFUL BOY ACTOR WILL BE SEEN IN ONE OF THE SEASON'S MOST TALKED OF PRODUCTIONS

JACKIE COOGAN

When Will H. Hays was in Hollywood, he paid a tribute to the art and spirit of little Jackie Coogan that has gone around the world in the printed columns of the press—paid the tribute of his tears.

Depth of emotional truth is one of the elements demanded by Mr. Hays and by all other well-wishers of the cinema art.

Another quality more and more demanded of picture makers is that they project some educational value on the screen—not tireless instruction, but unobtrusive information, valuable to remember and pleasant to recall.

Still a third quality, emphasized by Mr. Hays as essential in properly conceived and wrought picture plays, was "wholesomeness."

It ought not to be the purpose of artists working in any medium to shake the minds of the young or encourage evil thinking by those unfortunately bent in that direction, insists Mr. Hays.

His emotional truth and vigor will stir the heart of the most blasé and weaken in the minds of the most hardened, suggestions of life's finer things. When Mr. Hays, congratulating Jack Coogan, Sr., on the character of the stories in which he was promoting his son's artistic and financial welfare, he said, "That's the kind of picture the world needs." And that's the kind of picture "Oliver Twist" which comes to the Strand Wednesday has the distinction to be.

In wholesomeness nothing that Jackie Coogan could possibly appear would harden the heart or debase the mind, so that in this quality as well as in depth of emotion, patrons of the Strand Theatre may be fully assured they will be amply repaid by a visit.

### Run-Down Women Face to Face With Old Age!

Blood-Power Builds Nerve-Power, Strength, Endurance, Energy, Girlish Charm! S. S. S. is Remarkable in Building Blood-Power and Nerve-Power!

She is not 40 in years yet but she is run-down, exhausted and that is just what old age is. S. S. S. will build up your blood-power. This gives strength always!

Madam, this truth may give you the "creeps." Shudder as you will, this fact stares you in the face! You cannot deny it! If you face the fact, you can add glorious strength to your weakened body. You can add greater years to your life, and bring back some of the glorious charm of your girlhood days. But if you refuse to believe it, then no power on earth can help you! When you are exhausted, when you feel like "wiping down" on every next you come to, that very thing you feel is nothing but early old age. Exhaustion and old age are practically the same thing. Both mean a "wearing out." The number of years you have spent on earth has nothing to do with the way you feel! Remember this, the number of blood-cells you have controls your nerves, your vitality, your health and strength! It is all your own! The answer then is, build up your blood-power! S. S. S. has been used since 1876 as one of the greatest blood-cells builders known! It contains only vegetable medicinal ingredients. It is also a remarkable blood purifier. This is why it has proven such startling results in rheumatic conditions, in stopping pimples, eczema, skin eruptions, in clearing and beautifying the complexion, and in building up thin, worn out men and women, and in bringing great nerve power! You are only as strong as your blood! Stronger and more powerful nerves depend on blood-power! Stronger blood shows at once in your face, in the strength of every organ. S. S. S. will give you great energy, strength and more youthful appearance. Stop getting old before your time! S. S. S. is sold at all drug stores, in two sizes. The larger size bottle is the more economical.

**S.S.S. makes you feel like yourself again**

### Strand Has Nine Piece Orchestra; Regular Feature

As a regular added attraction and one that is sure to be appreciated by the theater going public of Wichita Falls, the management of the Strand has secured the services of L. V. Lawler, who, beginning Monday night, will conduct a nine piece orchestra, furnishing music for the evening shows from 7:30 to 10:30. Mr. Lawler will have full charge of the musical program at the Strand and his reputation as a musician and conductor is a guarantee that a treat is in store for those who attend this popular show house.

The orchestra which is to be a permanent feature at this theater, will be known as the "Strand Concert Orchestra." The Strand management is adding quite a little expense in order to give this city and the music lovers of Wichita Falls a feature such as is provided by other cities and in this connection it may be said that they are furnishing a musical program that will rank with the foremost of the larger cities.

W. T. Page, for the past three and a half years connected with the Empress Theater, has associated himself with the Strand as assistant manager and will enter upon his new duties Monday. Mr. Page has been in the show business for the past 15 years and is recognized as one of the most active and efficient men connected with the industry.

Mr. Page, in discussing his connection with the Strand, stated Saturday that he was very much pleased with the line of pictures that Mr. Day has secured for the patrons, which include many of the big productions of the movie industry, pictures that rank among the screen hits of the year. Starting with Jackie Coogan in "Oliver Twist," admitted to be one of the greatest pictures ever produced, coming on Wednesday for the remainder of the week, will follow the much talked of production, "The Christian." Others booked by the Strand include the next release of both Douglas Fairbanks and Mary Pickford, "House of Peter," "Lost and Found," Harry B. Walthall, in "Gimme," "The Little Church Around the Corner," Mack

DEPUTY PEACE OFFICER IS GRANTED NEW TRIAL  
TEKARKANA, March 3.—George Lockett, a deputy peace officer in Bowie County, Texas, recently convicted on a charge of aiding a prisoner in attempting to escape, has been granted a new trial.

### STRAND MONDAY AND TUESDAY

SHIRLEY OF THE CIRCUS—WILLIAM FOX PRODUCTION.

Sennett's "The Shriek of Araby" with Ben Turpin. "Poor Men's Wives," sequel to "Rich Men's Wives," which made such a hit at the Strand recently and others to be announced later.

### Special Showing Of "Oliver Twist" For the Children

Manager F. W. Day of the Strand theater, who has taken a great interest in school activities, and especially in providing a way by which the children may see his feature pictures at a nominal price, will again swing his doors open for a children's matinee on next Saturday morning at 10 o'clock for a special performance by Jackie Coogan in "Oliver Twist." Mr. Day states that he would feel that he had neglected a duty, were he to fail to provide this opportunity, as he did in connection with the showing of "Robin Hood," and he expresses himself as taking great pleasure in making it possible for the little folks to see the little play, which has earned a half dollar, but who is still a regular boy, say his parents.

AUSTIN, March 3.—Dr. Carrie Weaver Smith, superintendent of the girls juvenile training school at Gainesville, appeared before the house committee investigating the school late yesterday, it became known today. Dr. Smith testified regarding conditions at the school in general and particularly regarding the system of paroling. The final hearing on the investigation will be held tonight following which the committee will begin preparation of its report to the lower branch.

DR. CARRIE WEAVER SMITH TESTIFIES AT HEARING

### Shirley Mason As Circus Queen Strand Monday

"Hey, kids; here comes the big show. 'Elephants an' camels an' lions an' tigers an' rhinoceroses and acrobats an' clowns—'everything!' Oh! Jimmy, here's the beautiful lady bare-back rider in tights! Gosh! We gotta go!"

The red-letter day in the life of every body, whether six or sixty, is when the circus comes to town. Following the "parade" for miles to the "grounds," watching the crew put up the big tent, the small boy forgets home, school and household chores. Perched up high near the top of the tent with a bag of peanuts and a bottle of pop, with eyes glued on the antics of the clown, thrilling feats of aerial artists or the beautiful "Equestrienne Queen," young America is in his glory.

The side-show after the main event, where the aggregation of freaks are gathered—the Bearded Lady, the Human Skeleton, the Fat Woman, the Tattooed Man, and the whole conglomeration of human and inhuman freaks, is a wonder place to "Buddy."

You'll see all these in "Shirley of the Circus," the latest William Fox production starring chic Shirley Mason as a "Circus Queen," at the Strand Theater Monday and Tuesday.

Miss Mason appears in some ravishing costumes, notably one of advanced and exotic Oriental design, in which this charming artist performs a breath-catching sword dance, tripping gracefully and sinuously and threading her graceful way among a flock of wicked looking blades of Damascus steel.

This is a startling picture, revealing Miss Mason in some startling "costumes."

### COTTON CONFERENCE CONCLUDES SESSIONS

NEW ORLEANS, March 3.—Representatives of cotton industries who attended the meeting here of the national cotton conference concluded their sessions yesterday afternoon having declared in favor of holding another conference on the various interests in New York at a date to be announced later, and leaving in the hands of a committee to be appointed by President E. S. Butler of the New Orleans Cotton Exchange, solution of a number of questions discussed at the two days' meeting.

The committee will conduct negotiations with New England and Carolina mills in regard to the revision of rules governing the purchase and handling of cotton and uniformity of regulations of the two organizations.

A resolution requesting further assistance from the government in the fight against the cotton boll weevil was adopted.

### ANTI-SALOON LEAGUE DIRECTORS FOR SECRETRY

NEW YORK, March 3.—Secrecy as to specific sums paid out by the Anti-Saloon League in the furtherance of its aims is defended in a statement issued today by directors of the state organization in connection with the grand jury investigation into alleged activities of William H. Anderson, league superintendent, who expended \$24,700 for publicity purposes.

The board holds that the league's books are open only to the duly accredited representatives of the churches it represented and that the details of the private business of this agency of thousands of churches are as much entitled to the protection of confidence as the books and affairs of any individual church.

### NO REMEDY CAN CURE ALL ILLS

ments of the human body, but an immense number of people suffer from aches, pains and dis-eases when their blood is full of iron. It is the iron in your blood that enables you to get the nourishment out of your food. Without iron your food merely passes through you without doing you any good; you don't get the strength out of it. There is one universally known tonic that has helped thousands because it contains iron like the iron in fresh vegetables and like the iron in your blood.

### NUXATED IRON

is an eminent physician's best blood prescription, standardized. It is recommended for all anemic and run-down conditions. It has helped thousands of others. It should help you. Ask for it at any drug store.

R. E. Smith, Mack Taylor, Palace Drug Store and Wilford Harrison.

Opening Wednesday, March 7th

### 10¢

### IF SICK, TAKE "CASCARETS"

Clean Your Bowels! End Headache, Biliousness, Colic, Dizziness, Sour, Gassy Stomach

To clean out your bowels without cramping or overacting, take Cascarets! You want to feel fine; to be quickly free from sick headache, dizziness, biliousness, colds, bad breath, a sour, acid, gassy stomach, constipation. One or two Cascarets, anytime.

will start the bowels acting, taken at night, the bowels wonderfully in morning. Cascarets never sicken or cause violence you next day like calomel, salts or oil. Children love Cascarets four-cent boxes, also 25 and 50 cent sizes. Any drug store.

PART TWO

SHRINE CLUB AT CHILLICOTHE TO HAVE FAIR SHOW

HIGH SCHOOL AND THE FIRE BOYS OF CITY ARE TO COOPERATE.

CARL BLOOMSHIELD IS MADE GENERAL MANAGER

Date of Entertainment and Program Have Not Been Announced.

CHILLICOTHE, TEXAS, March 3.—The local Shrine club is sponsoring a big community fair and show of a couple of days. They have invited the high school and local fire boys to take part in the two days' entertainment. The proceeds of which will be divided into three parts. Carl Bloomshield was made general manager. Punch Stucky was the first department and Ennis Grimes for the Shrine. It is understood the three organizations will furnish material and ideas for putting on the entertainment.

Nothing definite has yet been done in the way of a program which will be announced later. Chillicothe has set as her goal, a Sunday School attendance of 1,000 on Easter Sunday. The various Sunday schools of the city are making a special effort to reach this goal, which can be accomplished with just a little effort on the part of those who are interested in what the day really commemorates.

Undergoes Operation Bill Montgomery, the eight-year-old son of Mr. and Mrs. H. T. Montgomery, was taken to the St. Joseph Sanitarium in Fort Worth Wednesday to undergo an operation for appendicitis. His many friends in this city wish for him a speedy recovery.

Leave For Mother's Bedside Mr. and Mrs. P. F. Turner received a message Wednesday that Mrs. Turner's mother, who resides at Sayre, Okla., was very sick, also that Mrs. Turner's mother at Duke, Okla., was quite ill. They left immediately to be at their bedside.

Leaves For Marlin J. F. Graham, manager of the Dixon-Konnerly & Co., has gone to Marlin, Texas, where he will take treatment for rheumatism. Mr. Graham has been suffering for some time.

Class Gives Recital The recital Tuesday evening at the high school auditorium, given by Miss Campbell and the company, was enjoyed by a large crowd. Many were the scores received as difficult numbers were rendered by pupils of tender years. The entire program was very interesting and Miss Campbell is to be commended for the splendid talent that is being developed under her instruction.

Willing Workers Social The W. W. Class of the M. E. Church was delightfully entertained Wednesday evening, at the home of Miss Velma Thorp. The guests were met at the door by the hostess and were received into the dining-room which was beautifully decorated in patriotic colors in keeping with the 22. Several games were played after which all gathered about a bon-fire and joined in roasting marshmallows. The guests departed at 11 o'clock, declaring Miss Thorp a delightful and pleasant hostess.

To Take Religious Census The various religious denominations of the city have decided to unite in taking the religious census Sunday afternoon, March 4. The committee in charge requests that each person remain at home until they have been visited which will be some time between the hours of 2 and 4 o'clock, and be prepared to answer the following questions: Name, age, birthday, sex, married, church member, what denomination and where is church membership, church preferred, attend Sunday School and where.

This is asking only a very small part of the public in a work that is very necessary and the committee hopes to have this cooperation.

Personals Mrs. J. W. Roberts and little son, Chlo, returned to their home in Wichita Falls, Wednesday, after spending the week with her parents. Mr. and Mrs. L. B. Hindman. Miss Mary Smith, teacher in the Electra schools, spent Sunday the guest of Rev. and Mrs. W. M. Murrell.

Mr. and Mrs. A. H. Kennedy have returned from a visit with their daughter in Vernon. James T. Buck of Crofton was in the city the first of the week looking after his business interest. Mr. Buck was formerly a resident of this city, being editor of the Independent for a number of years. His many friends were glad to see him and to hear that he is prospering in his new home.

Arthur Evans of Quanah, Mr. Evans is connected with the string of stores of the Perkins-Watkins Company.

Mr. and Mrs. L. L. Lincoam and daughter spent Saturday in Vernon the guests of the former's mother.

Mr. and Mrs. W. M. Houston visited friends in Vernon Monday. Mrs. C. W. Foote and little son, Joe, of Paducah, visited at the home of Dr. A. S. Kerley and family this week.

Mr. and Mrs. F. L. Moffett have returned from a month's visit at San Antonio and Corpus Christi.

A. C. Kincaid of Pittsview, former manager of the Perkins-Watkins store in this city spent Saturday with friends en route home from Dallas market.

W. J. Ayers of El Paso spent Thursday with his sister, Mrs. E. G. Kennedy.

Heading up Voters EAST ST. LUTHER, Ill., March 3.—Election officials today announced approximately 2,000 persons, mostly new voters, registered here in the last several days for the municipal election April 2. Politicians assert it is a consequence of alleged Ku Klux Klan activities in last Tuesday's primary, which three alleged Klan candidates were nominated for city commissionerships. Anti-klanmen are said to have rounded up persons, mostly women, who never before have voted, telling them their votes were needed to defeat the alleged Klan candidates. A large number of negroes also are said to be among the new registrants.

BURKBURNETT HAS PURCHASED SEWER SYSTEM OF CITY

WILL ISSUE WARRANTS TO MAKE THE NECESSARY EXTENSIONS.

PLAN TO EXTEND TO ALL PARTS OF CITY

Agents Are Busy Adjusting Insurance Rates to Meet Recent Reduction.

BURKBURNETT, TEXAS, March 3.—At a meeting of the city council held Thursday night a resolution was passed whereby the city purchases the sewer system which is at present owned by private individuals. The consideration was \$10,000 to be paid by an issue of warrants. It is proposed by the city council to issue warrants in a sum necessary to make extensions to present system to parts of the city not at this time having sewer connections. The Burk Plumbing Shop was awarded contract to make meter taps on competitive bids, the price bid being \$2 plus 10 cents per foot for each foot excavation, the city to furnish all material. The low price bid on meter taps had the effect of reducing the bill to water consumers from \$29 to \$12.50.

An ordinance was passed and ordered published prohibiting the driving of an automobile or other vehicle over any fire hose within the city limits of the city and assessing a penalty of \$25 for the first offense.

Building Dwellings T. G. Mansfield has recently erected and moved into a nice bungalow situated on Third street west of the Burk Burnett hospital. A. J. Doyle, superintendent of the Textile Company in the Burk Burnett district is erecting several new houses on West Third street. A. R. Thomas Lumber Company is building a house on Avenue O to be occupied by W. R. Hoque.

Adjust Insurance Rates Fire insurance agents in this city are busy adjusting fire insurance rates which became effective on February 22, by order of the state fire insurance board. The reduction in rates to be applied in some instances gives a reduction of more than 50 per cent under the old rates in many almost prohibitive and in consequence much valuable property was

Tempers Campaign LONDON, March 3.—A national united temperance campaign of church has been launched in Great Britain, the tentative program of which is: No sale of intoxicating liquor to persons under 18 years of age; local option for England and Wales; no sale or supply of intoxicating liquor on Sunday; subjection of the supply of intoxicating liquor in clubs to the grant of an annual license by the local justices.

VERNON SCHOOLS IN SPLENDID CONDITION NEED NEW BUILDING

INCREASED ENROLLMENT IS INCENTIVE FOR MOVE TO BUILT.

PRESBYTERIANS PLAN NEW CHURCH EDIFICE

Progress Being Made in Paving Highway Both Directions From Vernon.

VERNON, TEXAS, March 3.—Vernon has 1765 pupils enrolled in the schools of the city. This is 250 more than were enrolled last March. The schools have made great strides this year and this enrollment reflects the growth of Vernon.

Presbyterians plan to erect a large new church in Vernon on the lot where the present building stands. Dr. E. L. Doherty, pastor of the church, announced the building program this week. The building committee composed of T. H. Shive, chairman, J. A. Birdson, C. D. Ashmore, T. J. Zimmerman, L. B. Sewell, W. W. Bennett, Dr. J. L. Tull and Eunice Wilson has been raising the necessary funds among the members of the church.

District Court Adjourns District Judge James V. Leak dismissed from the docket of the district court a case against Sheriff Frank Edmonson, filed by C. L. Moore, for lack of prosecution. Mr. Moore's suit alleged the unlawful seizure of an automobile and he asked for \$10,000. Neither Mr. Moore nor his attorney was in court at the time although the case had been set for several days when dismissed by Judge Leak.

District court adjourned today

commissioners whose term of office expires are E. M. Rogers and Wm. Blackwood. It is understood that both of these commissioners favor a new school building and they have both announced for reelection. This is the last day in which candidates may announce.

The city schools under the direction of Prof. E. L. Doherty have made considerable progress during the year. Buildings have been improved and no friction has arisen to hinder progress. Vernon has one of the best school systems in this part of Texas.

Freighters to Build The Presbyterians will erect a large new church in Vernon on the lot where the present building stands. Dr. E. L. Doherty, pastor of the church, announced the building program this week.

The Vernon Electric and Ice Company is spending \$100,000 on the plant in Vernon, putting in new machinery, new lines and poles and making extensions. A flat rate of 25 cents per month has been made for porch lights.

Jimmie Roseman, their manager, has inaugurated a number of changes since taking over the plant formerly owned by the Texas Public Service Company. He has lately placed two large lights on top of the court house without charge.

Street Brick Building J. J. Manly and sons are erecting a garage building opposite the Vernon postoffice. The building is about half completed and will cost about \$3,900. The building is of brick.

W. H. Evans has just completed a \$10,000 brick building on West Wilbarger street. The building is being occupied by W. C. Hawkins Furniture Company. Mr. Evans has also started another brick building facing west in the same block. This

after a four weeks term in which a number of important cases have been disposed of. The court ordered a special term to convene on Monday, April 9, for one week.

Head Being Paved The road west of Vernon is being paved for several miles. The contractor in charge of the work has almost completed the paving to the Hill Crest Country Club, two miles west of Vernon. The county has available funds to extend the paving about nine miles west and about the same distance east of Vernon. This is all on the Colorado to Gulf highway and will be of considerable importance to tourists coming from down state and going to Denver and points west.

Light Plant Improved The Vernon Electric and Ice Company is spending \$100,000 on the plant in Vernon, putting in new machinery, new lines and poles and making extensions. A flat rate of 25 cents per month has been made for porch lights.

Jimmie Roseman, their manager, has inaugurated a number of changes since taking over the plant formerly owned by the Texas Public Service Company. He has lately placed two large lights on top of the court house without charge.

W. H. Evans has just completed a \$10,000 brick building on West Wilbarger street. The building is being occupied by W. C. Hawkins Furniture Company. Mr. Evans has also started another brick building facing west in the same block. This

building is to cost \$5,000. Both of the Evans buildings have been under the supervision of Robert E. Jones.

Crop Conditions Promising The crop conditions in this immediate section are the most promising for several years, the principal crop being wheat and cotton. The wheat that was planted in the fall is doing fine since the recent rains. A big snow during the month of February helped the wheat and unless something unfavorable happens a later time during the season a large crop will be harvested. Many of the farmers have all of their land ready for planting cotton, but will not plant from four to six weeks yet.

Secret Recruiting Bureau ESSEX, March 3.—A secret recruiting bureau for the German reichswahr has been opened here, just beyond the Ruhr, according to French intelligence files. The nationalist agitator has been of an extremely active character, the intelligence service declared.

### ANY FAMILIAR FACES WILL BE MISSING FROM CONGRESS AFTER PRESENT TERM IS OVER

WASHINGTON, March 2.—Many familiar and distinguished figures of the 66th congress will be missing from the halls of the capitol, marking the end of the sixty-seventh congress. Many of the members of the present congress are stalwarts in both the major political parties.

From the senate will disappear such names as John Sharp Williams of Mississippi, a democrat, and the late Senator Charles McNary of Oregon, who served for twenty years in congress; Gilbert N. Hitchcock, of Nebraska, and Atlas Pomeroy, of Colorado, democratic administration members in the memorable senate fight over the treaty of Versailles. From the House will be missing the names of the late Senator Charles McNary of Oregon, who served for twenty years in congress; Gilbert N. Hitchcock, of Nebraska, and Atlas Pomeroy, of Colorado, democratic administration members in the memorable senate fight over the treaty of Versailles.

From the House will be missing the names of the late Senator Charles McNary of Oregon, who served for twenty years in congress; Gilbert N. Hitchcock, of Nebraska, and Atlas Pomeroy, of Colorado, democratic administration members in the memorable senate fight over the treaty of Versailles.

### 33 STOCKHOLDERS OF PRODUCERS CREAMERY CO. ATTEND MEETING HERE

Thirty-three stockholders, out of a total of fifty, of the Producer's Creamery Company attended a stockholders' meeting and luncheon at the Wichita Club last Tuesday. Reports of officers were heard and business of the company fully discussed. A report of the season has been furnished the Times as follows:

"This company is enjoying prosperity, and is an example of the cooperative marketing system. When our great irrigation project has been completed, there will no doubt be formed other cooperative marketing systems in this city and county; and it is the purpose of the members of this company not only to make a success, but to demonstrate the practicability and feasibility of such systems.

"The members of the company are farmers and dairymen of the Wichita district, a part of three counties. They have an efficient management and a capable board of directors, including Henry Ford, president, (who possesses the sagacity of his namesake known throughout the world) Roy Friebe, general manager, E. R. Ruddy, Frank Jenne, Frank Fennon, G. W. Hund, Clarence Burke, R. A. M. James, director, and C. R. Faldes, general attorney. Mr. Ford has been here for 29 years, while the general manager, Roy Friebe, has lived here nearly as long. All the directors are substantial land owners and successful business men.

### 8 MILES OF ADDITIONAL WATER MAIN LAID BY CITY DURING THE PAST YEAR, EXTENDING SERVICE

BURTON STATTON, Public Utilities Commissioner. F. N. LAWTON, Manager City Water Department.

Over 37,000 feet more than eight miles of water mains have been authorized in this city during the past year, according to a statement from F. N. Lawton, manager of the city water department. These extensions and fire plugs, installed at an expenditure of approximately \$44,525, it is estimated, will serve 194 families.

The 37,332 feet of mains that have been laid vary in size from two to six inches. Most of the work has been done in Sibley Taylor addition and the stockyard district where water service has been badly needed for some time. In Sibley Taylor 5,178 feet of mains were added to the system. In the stockyard district 4,550 feet of pipe was laid and three fire plugs installed. In addition to the large number of individuals which this extension serves, it will supply water for and furnish fire protection for the Bowls' school.

Extensions other than these two have for the most part been laid in the outskirts of the city where water service, was most needed.

A large part of the work that has been authorized by the council has been finished. The department has just finished the mains on Houston street. Mr. Lawton said last week that he hoped to have all of the work finished by June 1, 1923. At present there is some delay in the delivery of cast iron and galvanized pipe. Mr. Lawton said. All pipe is being bought on a 90 day delivery basis.

In addition to the regular water service that is furnished by these extensions, fire protection will be provided by the 13 fire plugs that have been authorized on the various extensions. Fire plugs have been installed or authorized at Fort Worth and Virginia, Avenue E and Duchanman, Pearl and Marshall, Pearl and Bridewell, Houston and Lincoln, Third and Lake, Houston and Hayes, Avenue K and Grant, Seventh and Polk, Holly Drive and Terrill (Sibley Taylor), Bowls' school, Bass and Love, Bass and Henrietta road (stockyard addition).

## The Great Vitamine Crime

Vitamines are absolutely necessary to the health of the human body—their total absence means death—their partial deficiency means disease and weakness. Competent authorities endorse these facts. Dr. F. Gowland Hopkins, Professor of Biological Chemistry in the University of Cambridge, England, says: "The absence of the essential vitamins from the food means disease."

But hundreds of thousands of persons have been fooled into taking worthless yeast tablets that did not contain sufficient vitamins to produce appreciable effects. Such methods should be punishable as a crime, for the effect has been to discredit the whole Vitamine method of building health and strength.

You need to know the real truth about vitamins and how you can be sure of getting a sufficient amount to enable you to build the health and strength you need. Vitamines will not fail you. Find out how to tell the genuine—how to be sure to get the proper amount.

### Scientists Say

Leading chemists and medical journals have united in endorsing these essential health—VITAMINES—so conspicuously embodied in Ironized Yeast.

American Medical Association Journal: "Must be considered one of the great contributions to medical science."

E. V. McCollum, Ph. D., and Miss Silliman, M. A., of Johns Hopkins University, say: "There is no discovery in the field of physiology and medicine which rests on a firmer experimental basis."

Dr. Atherton Seidell, of the Hygienic Laboratory of the U. S. Public Health Service, formerly President of the Chemical Society of Washington, says in a paper published by the Journal of Industrial and Engineering Chemistry: "... brewer's yeast... used to greatest extent as a source of vitamins."

Dr. Casimir Funk, formerly of London Cancer Hospital Research Institute, associate in Biological Chemistry, College of Physicians and Surgeons of New York, speaking of yeast, this world renowned chemist who first suspected the existence of vitamins and gave them their name, says: "Of all natural products, it seems to be the one most rich in vitamins B and therefore is worthy of special consideration."

### Authority Recommends Brewer's Yeast

Since experiment has shown that common yeast cakes intended for baking purposes often lack the necessary vitamine content to build strength and health quickly and permanently, scientific authorities recommend brewer's yeast. Dr. F. B. Osborne of the Connecticut State Experimental Station says, "Dried Brewer's Yeast is richer in water soluble vitamins than any other natural product yet tested."

In England, at the famous Bass' Ale Brewery the best brewer's yeast was found. The quality of this brewer's yeast is quickly recognized when you remember that for many years leading physicians all over the world have prescribed Bass' Ale for men, women and children in anemic and run-down conditions. This yeast is then concentrated under the process of Dr. A. Seidell of the Hygienic Laboratory of the U. S. Public Health Service, and is used in compounding Ironized Yeast. The concentration is such that the daily adult dose of Ironized Yeast is equivalent in Vitamine B strength to nine average yeast cakes a day. Ironized Yeast also contains vitamins A and C in union with Iron and other valuable tonic properties.

### Watch For Effects of Vitamine Starvation

You can't escape the effects of lack of vitamins in your system. No matter how well you feel you need more vitamins than you are getting in your daily food. You can pick out in your own circle of friends those who suffer from lack of these life-giving elements.

Thousands of sick, pale, run-down people who don't know what their trouble is, are suffering from Vitamine starvation. You must have plenty of vitamins to bring you back to normal weight. Women particularly need more vitamins, to put natural color in their cheeks, and to put on firm, solid flesh where it is most needed.

To ward off disease and to enable you to fight colds, flu, pneumonia and other death-dealing afflictions, plenty of vitamins as supplied in Ironized Yeast will give you strength and power of resistance. These troubles will pass by if you are well and filled with the wonderful strength that the use of Ironized Yeast gives.

See to it that growing children have plenty of vitamins. The difference between a sickly, backward child and the strong, robust healthy boy or girl, is usually simply a matter of Vitamins. Children will pick up quickly and maintain plenty youthful health if you will be sure about getting plenty of vitamins into their systems.

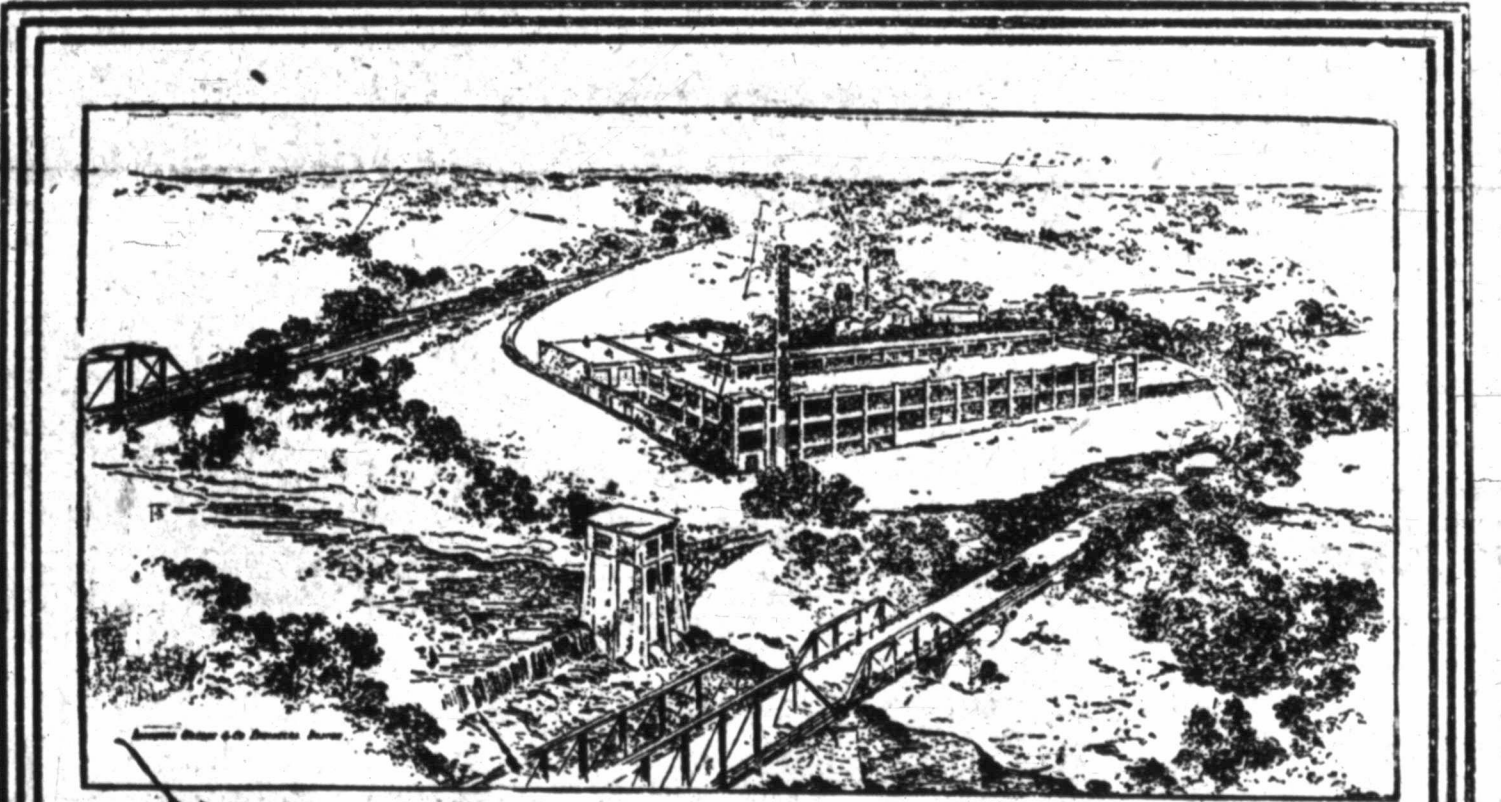

Get Ironized Yeast from your druggist today. A ten-day treatment costs only \$1.00. It is guaranteed to give satisfying results or your money will be cheerfully refunded. The Ironized Yeast Co., Atlanta, Ga.

### Certified Vitamine Strength

Personally analyzed before me J. G. Dodson, President of the Ironized Yeast Company, who on oath says that each Ironized Yeast tablet which bears the letters "I. Y." as distinguished mark, is compounded of yeast imported from Bass' Ale Brewery, Burton on Trent, England, and is concentrated by the process recommended by Dr. A. Seidell of the Hygienic Laboratory of the U. S. Public Health Service and former President of the Chemical Society of Washington, and when taken according to directions for the adult, you get the equivalent in vitamine strength of nine average yeast cakes a day.

WE RECOMMEND AND GUARANTEE IRONIZED YEAST—PALACE DRUG STORE.

Here's where Texas Cotton will soon be milled for the Texas Market

CONSTRUCTION OF THE PLANTERS' AND MERCHANTS' MILL NO. 1 at New Braunfels is rapidly going forward to completion, under the direction of Lockwood Greene & Company, leading textile engineering firm in the United States. Water power from the Guadalupe River will be utilized to drive the mill, effecting an actual saving of more than \$24,000.00 per year.

Organization of the PLANTERS' AND MERCHANTS' MILLS is a direct outgrowth of Texas urgent need for more adequate cotton milling facilities. Texas people are being given the opportunity to derive the profits from this Texas plant which will mill Texas cotton for the Texas market.

While producing more than 1/3 of the nation's cotton, Texas has overlooked its tremendous natural resources for manufacturing, and this state is actually milling less than 1/3 of 1 percent of its cotton. Yet the manufacturing states are the wealthy states.

Let us send you our free booklet, telling the intensely interesting story of this great enterprise, and the opportunity it offers to you as a small or large investor.

The earnings of this mill are going to be paid to somebody. Why not to you?

The coupon below will bring you all details, and a photograph of the mill in its present state of construction.

Mail it—now!

S. M. RANSOPHER, Care of Planters and Merchants Mills, Inc., 604 Brady Building, San Antonio. Please send me complete details.

TEXAS PRODUCES MORE THAN 1/3 THE NATION'S COTTON—Let's Mill It Ourselves!

## Partners in a Big Enterprise

Three factors are dominant in making the best of your natural gas supply.

First, the Lone Star is a producing company. It does not retail gas. Its mission is to produce and transport the gas to your local company.

Second, your distributing company is charged with delivering the gas to your homes, measuring it and collecting the pay for it.

Third, you yourself are responsible for the best use of natural gas after you get it.

### For Best Results

When these three factors work together as parts of a triune partnership, we get the best results possible.

Because it is much to the interest of the companies to give the best service, we can assume that they are doing their best for you.

Many of you, through the use of improved appliances and due care, are getting good results yourself. Others have not yet appreciated the saving of money to themselves and of gas for the community.

A hundred percent service requires that all use gas carefully, wasting none, yet getting the full comfort and utility of this wonderful fuel.

Let's all be partners and work out our best ideas for reasonable conservation and good service.

## HOW TO CONSTRUCT A BUILT-IN GARAGE IN ORDER TO AVOID ANY UNDUE RISK FROM FIRE

WASHINGTON, D. C., March 4.—Motorists who keep their cars in built-in garages, or garages attached directly to the side of their dwellings do not run an undue fire risk if they follow certain elementary precautions, states Mr. Ira H. Woolson, chairman of the building code committee of the Department of Commerce, and consulting engineer of the national board of fire underwriters, in an interview just given out. "We covered the subject of built-in garages for one and two-family houses quite thoroughly in the recommended minimum requirements for small dwelling construction that have just been published by the department," states Mr. Woolson. "If a built-in garage is not properly constructed, it is a menace to life and property. Our investigations showed that if a fire does start in a single or two car garage, it is not likely to be more severe than would be withstood by the construction classed as affording one hour fire resistance by the bureau of standards of the commerce department, the fire underwriters laboratories, and other authorities. It follows that with an incombustible floor, and the garage separated from the rest of the building by unplastered partitions and ceilings that will meet the one hour fire test, there is no unreasonable fire hazard. Of course, the outside walls must be fire resistant too, and so must outside windows and the garage doors, in order to prevent flames from breaking out and spreading fire through windows, or to enter the garage from the outside."

For the sake of motorists and builders who desire complete information, Mr. Woolson has prepared a statement, giving the six rules from the code, together with the directions for carrying them out, as given in the appendix with a few changes to simplify the wording, which was a little more technical in the original in order to make the rules more practical to enforce. The rules are arranged by Mr. Woolson "from the ground up" starting with floor construction, walls and windows, and dealing finally with the permissible case of a door directly between the garage and the dwelling.

**Rule 1.**—Garage floors shall be of concrete or equally fire resistive and impervious material.

For convenience in cleaning and to prevent dangerous accumulations of water, oil or grease, all parts of the floor should drain naturally.

**Rule 2.**—Walls and partitions shall be built to meet the requirements of the standard one hour fire test (mentioned above).

Many materials are acceptable under this rule, such as brick, hollow tile, concrete block, or gypsum block four inches thick, or reinforced concrete three inches thick. As a minimum requirement, walls may also be constructed of wooden studs spaced 16 inches center to center, with gyp-lath attached outside and inside. The outer lath is to be plastered and back-plastered with Portland cement stucco, and the inner lath plastered with 3-4 inch Portland cement or gypsum plaster. For interior partitions separating the garage from the rest of the dwelling, 3-4 inch Portland cement or gypsum plaster on metal lath, on both sides of studs spaced 16 inches apart, is satisfactory. The specifications for metal lath and plaster to be used are given fully in the code committee's report.

**Rule 3.**—The combined floor and ceiling construction directly above the garage shall be unplastered, and shall have a fire resistance of one hour. The same rule applies to the roof when the garage is attached to the side of the dwelling.

Ceilings or roofs of reinforced concrete, or some other type of incombustible construction that meets the fire test, are best and most reliable. In the case of true built-in garages, a good, inexpensive overhead construction is as follows:

Ordinary 2 inch or thicker floor joists may be used, spaced not more than 18 inches center to center, and properly bridged. The ceiling should be of heavy metal lath weighing not less than 2 pounds per square yard, and Portland cement or gypsum plaster not less than 3-4 inch thick. The metal lath is to be attached to the joists by strapping when the garage is attached to the side of the house and the heads turned over against the lath, and is to be bent down 6 inches, along the walls on all sides and securely attached to them. The flooring above the ceiling is to be double, of 7-8 inch rough and finished floor boards, with a layer of asbestos or other high grade floor felt between them.

Where the garage is attached to the side of a dwelling, an equivalent construction for the roof can easily be devised.

**Rule 4.**—When a garage is located beneath a dwelling, all outside doors and windows with their frames and sash shall be of standard fireproof construction, and glazed with wired glass.

Only products approved by competent authorities should be used. A large variety of fire doors and windows have been tested and approved by the underwriters laboratories, and are a standard commodity in the building material market. It is important that such devices should be installed in metal frames, and that the same hardware be used as that with which they were equipped when tested. If not, they may fail during a fire. Fire doors are made in both swinging and sliding types, and many of the former are as effective as wooden doors. Wire glass glazing is required in all outside windows and doors to prevent flames from a fire in the garage from breaking through and endangering the structure of windows above.

**Rule 5.**—Openings from a dwelling into a garage shall be restricted to a single doorway. This opening shall be protected by a standard swinging, self-closing fire door, with approved fire resistive frame and hardware. No glass shall be permitted in such a door.

A self-closing fire door is one that normally swings shut by a mechanical device. A swinging door is required because it fits closely into its frame, and thereby prevents passage of heat and smoke when attacked by fire. Wired glass is not allowed in this door because it is liable to soften and sag from its fastenings at a temperature of about 1000 degrees Fahrenheit, which is a heat easily produced by burning gasoline or oil. But, as stated above, it is better to have no opening in any of the partitions.

**Rule 6.**—When a doorway connects directly with a basement on the same or lower level in which there is any heating device or gas fixture, the door shall be raised at least one foot above the garage floor level, or the doorway shall lead into a vestibule which connects with the cellar or basement by a second door.

This is to prevent fumes from gasoline which may leak or be spilled upon the floor from reaching a furnace fire or gas light that might be located in any lower portion of the building. It is well known that gasoline vapors are heavier than air, and will accumulate on a floor like water, and flow to any lower level, and if they come in contact with fire of any kind—even a spark—will ignite and flash back to the starting point, and cause an explosion. Hence the high door sill.

## AUTO BUSINESS IS FIRST IN COUNTRY IN OUTPUT'S VALUE

B. F. Lockhart, of the Lockhart Chevrolet Company, in speaking of the growth of the automobile industry last week, referred to an article in a recent addition of the "Chevrolet Review," in part as follows: "Value of output considered, the automobile industry established itself in 1922 as America's greatest manufacturing business. "Petroleum products ranked second in importance, with the slaughtering and meat packing industry a close third. Foundry and machine shop products, lumber and timber products, iron and steel and clothing, followed in the order named. "Value Over Billion. "Conservative estimates place the value of the 1922 output of automobiles at a billion, three hundred and fifty million dollars. Tires, replacement parts and accessories bring this total up to two and three-quarter billion dollars. "The value of petroleum products manufactured during the year, estimated with equal conservatism, is two billion and fifty million dollars. The automobile industry is thus shown to lead by approximately \$700,000,000. "Statistics, as a rule, are not interesting. Yet here in this array of figures is revealed the advance of an industry which has eclipsed all existing records of growth, prosperity and influence upon national life. "The automobile is today the leading passenger transportation agency in the United States. Automobiles now in use have a seating capacity over twenty times as great as that of all railroad passenger coaches. During the year of 1922 automobiles will have totaled nearly two and one-half times the passenger mileage of rail facilities. "Why? The great improvement in local communication facilities, brought about by the use in farming communities of 2,545,000 passenger cars registered as farmers' owned, has brought hundreds of thousands of farms nearer, in point of time, to trading centers. Marked improvement of highways resulted from the constantly increasing use of the motor car. Land values rose accordingly. "Another fact supporting the strength of this line of reasoning is found in a comparison of the gain in land values from 1919 to 1920, with the gain made during the previous decade when the automobile was being developed toward the goal of general usefulness. "From 1919 to 1920 farm land values increased approximately fifteen and one-half billion dollars. From 1919 to 1920 the increase was approximately twenty-two and one-half billion dollars. These facts speak for themselves. "A defective resistance unit will permit an excessive discharge of a current from the battery when the timing contacts are closed and the ignition switch on while the engine is idle."

## M'FALL EMPLOYEES FROM 3 POINTS IN CONFERENCE HERE

The employees of the McFall Brothers Motor Company of Ellettsville, Vernon and Wichita Falls met last Tuesday evening at the local place of business on Ohio avenue. These meetings of the entire force, including salesmen, mechanics, and clerical employees were inaugurated about four months ago for the purpose of discussing better service, more courteous treatment of customers and better business in general. The meetings are held twice a month with a new chairman for each meeting. A suggestion box is kept and the suggestions are read, discussed and very often adopted. In discussing the matter last week Mr. McFall stated that the results have been very noticeable, not only in promoting better citizenship among the employees and creating a greater interest in the business on the part of those connected with the company but that several very valuable suggestions had resulted from the discussions. Among these are plans for getting to the customer and promoting his order in a quicker and more efficient manner and the installation of a lubricating service, including new oil in the crank case, grease in the differential and transmission, the steering gear, the universal joints and all grease cups, for a flat rate of \$2.50.

## J. E. JOYCE WILL SPEAK AT MEET TECHNICAL CLUB

J. E. Joyce, chemist of the Texoma Oil and Refining Company will be the speaker at the regular meeting of the Technical Club which meets Tuesday night at the Wichita Club. Mr. Joyce will speak on "Plant and Methods of Refining Crude Oil" and promises to tell the members and guests of the club of a new process which he says he has discovered. A simple puller for removing bushings can be made from scrap parts found lying around the garage. It consists of a piece of iron pipe to be used as a spacer, two washers and a rod of steel slightly smaller than the bore of the bushing, threaded on both ends to receive a nut. This small washer is placed against the end of the bushing and the steel rod inserted. The spacer of larger washer are placed on the opposite end and located to clear the end of the bushing. Drawing the nut home against this washer will force the bushing out.

## FRANK KEIM, OF THE KEIM MOTOR COMPANY MADE TWO TRIPS TO ELECTRA ON BUSINESS FOR THE COMPANY LAST WEEK

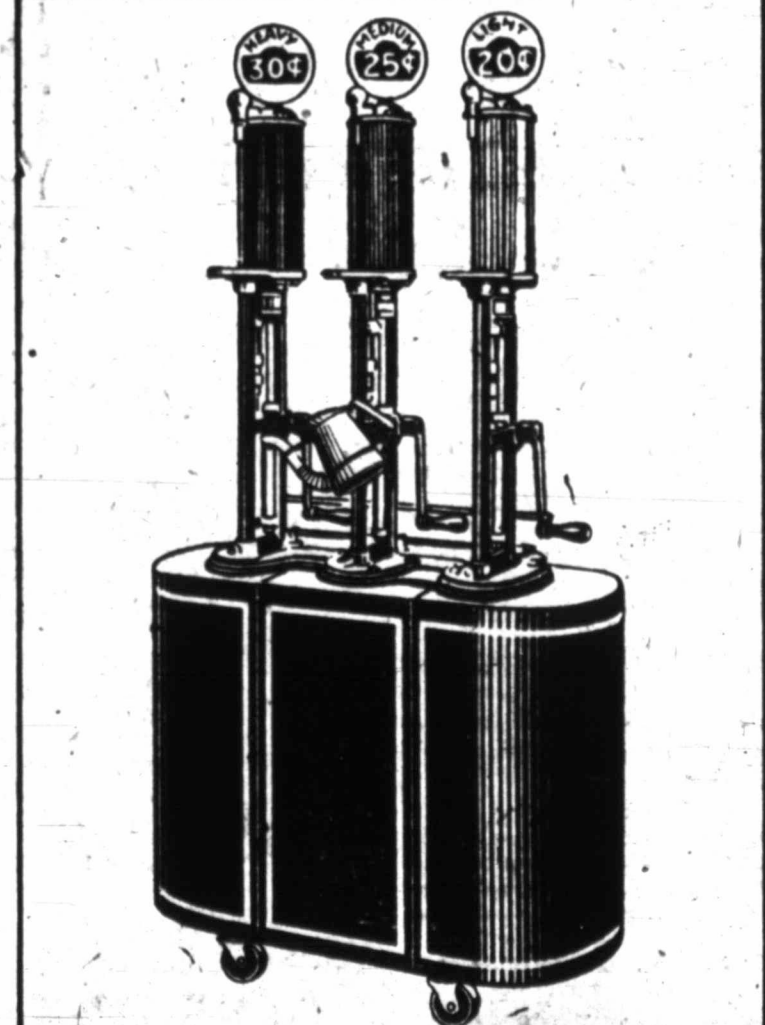

The Dixie Tire Company report the addition of two new Ford service wagons to their equipment. J. M. McFall of McFall Brothers was confined to his bed with the grippe last week, but is much improved. Bob Stinson, foreman for the King Weaver Automobile Company spent last week visiting his old home near Fort Worth. Herbert Kerr, of Lloyd Weaver Automobile company was in Dallas last Sunday for reasons which he refused to state. Incidentally he brought back a Essex coach for delivery in this city. The Dixie Tire Company reports the filling of an unusually large order of supplies to Marcus Brothers for their new combination ice and automobile accessory station in Ellettsville. R. F. Taylor, service salesman for McFall Brothers has been in Vernon for the past two weeks. Hugh Weaver, of King & Weaver was in Burk on business last week. Mr. Weaver reports splendid business all over the territory. Charlie Morgan of the Cut Rate Tire Company covered the immediate Wichita Falls territory last week and reports business conditions splendid. L. O. Brown of the Victory Motors was in Vernon last week on business for the company. E. M. Rosebury, of the Overland Motors, reports that Overland business is splendid and substantiates his statement by stating that the local company sold 44 cars during the month of February, 1923, against a sale of 32 in the month of February, 1922. If you burn out a fuse and lack another, take the old fuse and wrap it up in tinfoil, replacing it in the fuse block. You should do this only when you are positive that the circuit is clear and free from short circuits which are likely to drain the battery or do other serious damage.

## MOTOR DUST

Of Personal Interest to the Motoring Public and Dealers. R. A. Fisher and Paul Backus of the King Weaver Automobile Company "tried" the "Motor Dust" last week. Mr. Fisher said that they concluded that "Motor Dust" is very much better than Oklahoma Grease, which he offers as a "pointer" to other local dealers. A. C. Price is not so down to earth yet, according to reports from other employees of the Lloyd Weaver Automobile Company. Mr. Price is the proud possessor of a new daughter and incidentally sells Hudson and Essex automobiles. Frank Keim, of the Keim Motor Company made two trips to Ellettsville on business for the company last week. The Dixie Tire Company report the addition of two new Ford service wagons to their equipment. J. M. McFall of McFall Brothers was confined to his bed with the grippe last week, but is much improved. Bob Stinson, foreman for the King Weaver Automobile Company spent last week visiting his old home near Fort Worth. Herbert Kerr, of Lloyd Weaver Automobile company was in Dallas last Sunday for reasons which he refused to state. Incidentally he brought back a Essex coach for delivery in this city. The Dixie Tire Company reports the filling of an unusually large order of supplies to Marcus Brothers for their new combination ice and automobile accessory station in Ellettsville. R. F. Taylor, service salesman for McFall Brothers has been in Vernon for the past two weeks. Hugh Weaver, of King & Weaver was in Burk on business last week. Mr. Weaver reports splendid business all over the territory. Charlie Morgan of the Cut Rate Tire Company covered the immediate Wichita Falls territory last week and reports business conditions splendid. L. O. Brown of the Victory Motors was in Vernon last week on business for the company. E. M. Rosebury, of the Overland Motors, reports that Overland business is splendid and substantiates his statement by stating that the local company sold 44 cars during the month of February, 1923, against a sale of 32 in the month of February, 1922. If you burn out a fuse and lack another, take the old fuse and wrap it up in tinfoil, replacing it in the fuse block. You should do this only when you are positive that the circuit is clear and free from short circuits which are likely to drain the battery or do other serious damage.

## ENCLOSED CARS ARE HERE TO STAY, LOCAL HUDSON DEALER BELIEVES

Enclosed cars are here to stay; they are utilities now, not luxuries, according to Lloyd Weaver of the Lloyd Weaver Automobile Company, who pointed out last week in his connection that the great majority of the motor buyers prefer an enclosed model because of its comfort, protection and every day usefulness. Mr. Weaver declared that there is no doubt but that the open car will not last for admirers, especially here in the south, but he says that the fact is apparent that the motorist who can have but one make of car, and who wishes to use that car in all seasons for both business and recreation, will seek the medium priced enclosed car which will render a definite, comfortable service. "In the Hudson and Essex coaches," Mr. Weaver stated, "a public want is being supplied—a car which has been designed for the great average of the public's requirements. It is provided with a motor car which has excellent performance, low upkeep and a body which makes it useful as an all-year car. And because the public responds in large numbers, it is obtaining a more favorable price than ever before for such all-around usefulness."

That wide-spread desire eventually to own a Packard is a tribute not alone to the Packard quality of performance, but likewise to the distinction the Packard has always borne.

With the ideal car, the universally desired car, appearance goes hand in hand with performance.

There can be neither freaks of design nor frills of encumbering equipment. There must be originality characterized by good taste, so that a stencilled, stereotyped suggestion is avoided. Only genuine beauty endures.

In its familiar Packard lines, its characteristic details, its rich finish, the Single-Six bears the hall mark of its makers. It immediately identifies itself and vindicates the good taste and good judgment of its owner.

### THE MOTORISTS' PROBLEMS

By WILLIAM H. STEWART, JR.

**Motor Department**—Would you please publish the following: Why is that an automobile engine with properly timed spark will knock when on a hard pull, while the same engine with the spark level in the cylinder will not knock? I realize that the spark level is a pull, but why does the spark level drop when the engine is under a hard pull, while the same engine with the spark level in the cylinder will not knock? I realize that the spark level is a pull, but why does the spark level drop when the engine is under a hard pull, while the same engine with the spark level in the cylinder will not knock?

**Motor Department**—I have a 1922 car. While charging the storage battery I took off a wire which the car was running and the engine stopped. It cannot be started again. The starter runs and cranks the engine, and the gasoline flows freely into the carburetor. Please help me as soon as possible. What do you think is the trouble? K. F.

**Motor Department**—Please let me know how I can stop my brake from breaking. Sometimes they stop the threads and at other times they break over the surface. The wheel base lengths as the springs flatten and the rod breaks since it cannot stretch. Never set the brake tight, but allow freedom of motion in passing over the bad spots in the road.

**Motor Department**—I had my engine overhauled last season and all the bearings were tightened at that time. Since then my engine knocks when idle, but when running the knock is eliminated. Please let me know what might cause this? C. K.

**Motor Department**—I have a new Ford which has never had an oil change. They say that after the upper half of the transmission cover is removed it is nearly impossible to get it back on. I have a cover which remains in oil leaks. Will you advise the work of brake bands which are hanging and have a device on which allows the bands to go in without taking off the whole cover? Will they work as well and give as good service with the same oil? Can the case now in the car be taken out without taking off the cover? If they are an good all right, would it be best to get a vacuum system on a Ford for a cross country trip? A. P.

**Motor Department**—On my Overland 30-B I have two wires running to the headlights on right side, one to left light to switch, one also to frame of car. Right side light will keep lit with one wire off, is that wire ground to frame? No sign shows up on ammeter. How could I test to find trouble? J. W.

**Motor Department**—There are several steam and hot water devices on the market for use in automobiles. Please let know if they do all they claim for them. Please tell me which one is the best, as I am considering one. I have heard of the one which is made by the "Wichita Falls" company. I would like to see the trouble. K. M.

**Motor Department**—Can you tell me the best way to prevent a spark plug from sticking so that it can be removed without burning it? I have been told to use a wire brush, but I am not sure. Please reply in your next issue. OWNERS.

**Motor Department**—I have a 1922 car. While charging the storage battery I took off a wire which the car was running and the engine stopped. It cannot be started again. The starter runs and cranks the engine, and the gasoline flows freely into the carburetor. Please help me as soon as possible. What do you think is the trouble? K. F.

### INCREASING USE OF AUTOS SHOWN TO PROMOTE HEALTH

An important effect of the growing use of automobiles is the improvement of roads that has resulted. Much has been written on this subject, but little has been said as to its health value.

Improved roads necessarily mean better drainage of the country through which they pass. This, in turn, means fewer stagnant pools and therefore fewer mosquitoes. Better roads mean better, easier and faster transportation, which means better communication and greater sociability. The farmer and his family are no longer cut off from the world. They can visit and be visited by their friends and neighbors. They can go to town, to dances, to church, to the movies.

### YANKEES BATTING LEADER HAS ACQUIRED A BUICK LOCAL AGENCY REPORTS

Walter Pipp, who led the New York Yankees in batting last season, has the same eye for automobiles that he has in baseball, according to Charlie Nolan, of the Dixon Motor Company, who says that Walter has just purchased a new Buick, his second, and that three other American League champions have bought Buicks in the past week.

### QUALITY OF GASOLINE IMPROVING STEADILY GREATER UNIFORMITY

WASHINGTON, March 3.—The life of automobile owners is becoming more complex and irritating every morning since the quality of gasoline marketed in the United States is improving steadily and the tendency is toward greater uniformity. The bureau of mines announced today in making public its seventh semi-annual survey of conditions in New York, Washington, Pittsburgh, Chicago, New Orleans, St. Louis, Denver, Salt Lake City, San Francisco and Bartlesville, Okla.

### DODGE BROTHERS TOURING CAR

As Spring days approach, the demand for Dodge Brothers Touring Car mounts swiftly.

Dodge Brothers one problem, at present, is not how many Touring Cars they can sell, but how many they can build.

Never was public approval of Dodge Brothers product more obvious, and never was it more richly deserved.

Improvements, rarely spoken of but constantly being made, have brought the car to a state of perfection which can only be described as remarkable, even for Dodge Brothers.

Every part which takes a major strain is built of chrome vanadium steel. Many more pieces of alloy steel are used in vital parts than normal wear requires.

The price is \$1000.00 delivered

# William Jennings Bryan's Weekly Bible Talk CHRIST IN GETHSEMANE

By WILLIAM JENNINGS BRYAN

One of the most fascinating and impressive pictures of Jesus in Matthew's painting, "Christ in Gethsemane," is the scene in Luke's account of Christ's life we now come. Kneeling by the side of a stone, the Messiah lifts his hands in prayer to the Father as He draws near to the great sacrifice for which He came and the approach of which He had revealed to His disciples. Next to the scene upon the cross, nothing grips the Christian so strongly as the agony through which the Saviour passed in the Garden of Gethsemane.

**CHRIST IN GETHSEMANE—TEXT OF TODAY'S BIBLE TALK BY MR. BRYAN**  
(Luke 22:39-46, 54)  
And he came out, and went, as he was wont, to the mount of Olives; and his disciples also followed him.  
And when he was at the place, he said unto them, Pray that ye enter not into temptation.  
And he was withdrawn from them about a stone's cast, and kneeled down and prayed,  
Saying, Father, if thou be willing, remove this cup from me; nevertheless not my will, but thine, be done.  
And there appeared an angel unto him from heaven, strengthening him.  
And being in an agony he prayed more earnestly; and his sweat was as it were great drops of blood falling down to the ground.  
And when he rose up from prayer, and was come to his disciples, he found them sleeping for sorrow,  
And said unto them, Why sleep ye? rise and pray, lest ye enter into temptation.  
The Father had yet spoken, behold a multitude, and he that was called Judas, of the twelve, went before them, and drew near unto Jesus to kiss him.  
Then they took him, and led him, and brought him into the high priest's house. And Peter followed afar off.

But the Master felt another need of prayer, a need of strength to pass through the ordeal toward which He had been journeying, and for which He waited. It was not fear of the Father's judgment, but the knowledge that He was about to die, and that He would be alone in the world, and that He would be alone in the world, and that He would be alone in the world.

As was His custom, He went into the mount of Olives, and His disciples followed Him. He enjoined them to pray that they enter not into temptation, and then He went apart from them and bowed forth His heart in petition to God.

Here we have the highest testimonial ever given to prayer. The second part of the Trinity—who was Himself one with God—gave solemn endorsement to communion with the Heavenly Father through prayer.

To His disciples He gave one reason for prayer, while for another reason He Himself engaged in prayer. "Father, if thou be willing, remove this cup from me; nevertheless not my will, but thine, be done."

Who, considering the experience of that sorrowful night, will say that there is no need for prayer? Who He Himself fully fortified against the tempter? It is just as certain as death that He invited Satan to try his power on man.

Christ taught His followers to be aware of the beginnings of evil. His philosophy of life is the only one that has, therefore, endured and will endure. Just as no human strength is sufficient to take a human life either out of revenge or from any other motive.

One who cherished the thought of killing in his heart a murderer even though he was the lawbreaker, restrain him from striking the fatal blow. The desire to kill must be strangled at its inception.

Christ has pointed the way in the teaching of love and forgiveness. We are to love our enemies—this is the surest revenge. We are to forgive—this is the restorer of friendships and makes neighborliness possible.

The temptation to steal is the temptation to steal—not merely the common forms of theft such as larceny, burglary and highway robbery—the punishment for these is quite certain—but the more refined forms of stealing, such as embezzlement and exploitation.

As Elisha drew back the curtain that his frightened servant might behold the even less understood prayer of Christ that added, "nevertheless not my will, but thine, be done."

When Christ arose, He was ready for the final chapter. He was ready to be brought into subjection to the spirit and He who might have called legions to His defense, meekly gave Himself into the hands of His executioners.

Judas comes for a moment into the limelight, gives the betraying kiss, and then takes up his journey to the potter's field, which he enters through the suicide gate.

As Peter uttered the experience recorded in this chapter, he continued to follow Christ and his pace quickened with the years. When he was by the fire in the high priest's house, where they had taken Jesus, he had the potter's field, which he had ended a little later when he thrice denied the Saviour.

But Peter uttered the experience recorded in this chapter, he continued to follow Christ and his pace quickened with the years. When he was by the fire in the high priest's house, where they had taken Jesus, he had the potter's field, which he had ended a little later when he thrice denied the Saviour.

First, even Christ—Dearly Shining Christ—humanity—needed prayer to strengthen Him when He entered upon the greatest of His struggles—how much more we!

Second, man needs constant and intimate communion with the Heavenly Father as a protection against the temptations that beset him in his earthly journey.

Third, Peter, by his triumph over his weakness, shows us how frail human beings may be made strong by faith.

Christ is the Alchemist who can transform base human clay into the refined gold of a righteous life. He can lift man from the mire of sin to a place among those whose robes have been washed in the blood of the Lamb.

# REAL RUBBER

LOOKS LIKE IT—FEELS LIKE IT—REALLY IS  
You have no right to buy rubber unless you know it is REAL in quality. We guarantee the quality of our rubber. Your own eyes guarantee its beauty and attractiveness. Your own fingers suggest its softness and durability. Our quality guarantees service and wear, and economy of purchase. Think it over and buy now.

# PALACE DRUG STORE

Day by day, in every way, our service gets better and better  
The Rexall Store Phone 3126-7 612 Eighth Street

League meets at 3:30. Seniors at 7:00, followed by preaching by Rev. J. A. Anderson at 7:30. Praying that the Lord may richly bless us in each service of the day. Cordially yours.—W. D. COOK, Pastor.

Church of the Good Shepherd. (Episcopal.) Holy communion at 8 a. m.; church school, 9:30 a. m. We urge everybody to be on time. The amount of work to be done requires full time in the class session. Let us make a record this Sunday. Morning prayer, 11:00. The pastor's sermon subject will be, "Recovering the Lost Christ." For the offertory the choir will sing, "Christ, the Morn Breaks Sweetly," by Shelley. Evening service, 7:30. At this hour, Dr. Carrie Weaver Smith of the Girl's Training School at Gainesville, will make the address. Dr. Smith has a message for every citizen in Wichita Falls. You will not miss this opportunity to hear her. Special musical numbers including a violin solo by Mrs. Bruce Greenwood. Everybody invited and every body welcome.—FRED T. DATSON, Rector.

First Presbyterian Church. A musical program of unusual interest has been arranged by the director, Mrs. Louis Parker, for the Sunday morning service. This will include a violin duet played by Mrs. Greenwood and Mrs. Miller. They will render the Bach-Gounod "Ave Maria," a number which is ever filled with richness and new beauties for those who listen. Two selections from "The Messiah" will also be given: "He Shall Feed His Flock," sung by Mrs. Lyle, and "Come Unto Him" by Mrs. Gamble. The subject of the pastor's sermon for the morning hour is "To Lose is to Gain." At the evening service beginning at 7:30 a mixed quartet will sing "Consider and Hear Me" and Mrs. Parker will sing a solo "Something for Jesus." The pastor will preach the first of a series of sermons on "The Other Life." The subject of this sermon being "Is Hell in a Future Life?"

First Baptist Church. Dr. O. L. Fowers, pastor First Baptist Church, has been selected as the subject of his Sunday morning sermon. This message will be strictly of an evangelistic nature. The service the church will observe the Lord's Supper following the evangelistic evening service when the pastor will use the subject, "Why Men Go Away from Christ," the ordinance of baptism will be administered. The male quartet will sing in the evening service, by special request.

Floral Heights M. E. Church, South. Sunday School begins at 9:30; communion service at 11 a. m.; a short talk by the pastor on "Church Unity"; evening service at 7:30. Dr. Jarman taking for his subject, "A Fixed Purpose." Anthem: "Come Unto Me." Epworth League meets at 6:15. Senior number two meets at 6:15; circles two and four of the Missionary Society will serve a chicken dinner on Wednesday in the building north of Anderson's store. The Junior board will entertain all old and new members of the church on Wednesday evening. Paul Scott, president of the board, together with his committee promise a very interesting program as well as something good to eat. All members are urged to be present and especially the new ones. This is a wide-awake organization and those present at prayer meeting on last Wednesday evening well know that when they attempt to do anything, they do it. They had full charge of the attendance on last week and it was the largest of the year.

Evangelical Church. Sunday School at 9:45 a. m. followed by preaching by the Rev. J. P. Antoni; Junior E. L. C. E. meets at 2 p. m.; Senior E. L. C. E. meets at 7 p. m., followed by preaching service; prayer meeting Wednesday

night, 7:30 p. m.; E. L. C. E. business meeting after prayer meeting; teachers' meeting, Friday night, 7:30.—GEO. L. TRABANT, pastor.

Lamar Avenue Baptist Church. Lamar and 9th—Sunday school at 9:45 a. m.; Fred. Cone, superintendent. Preaching at 11:00 a. m. and at 7:30 p. m. by the pastor. Subject in the morning, "The Listening Soul"; evening, "Under the Holy Horn." There will be a baptismal service Sunday evening. Sunbeams meet at 3:00 p. m. The S. V. P. S.'s meet at 6:30. We are pleased to have visitors worship with us.—A. J. HOLT, Pastor.

Floral Heights Epworth League. The Epworth League of the Floral Heights M. E. Church, South, Tenth and Polk, has been reorganized, and is one of the liveliest young people's societies in the city. An especially good program has been arranged for Sunday, and everyone is invited to be present. The service starts at 6:15 Sunday evening. Be on time.

South Side Baptist Church. Sunday School, 9:45 a. m.; preaching 11 a. m. and 3 p. m.; Sunbeams meet at 2:30; Intermediate E. V. P. U. meet at 4:00 p. m.; Senior E. V. P. U. meet at 6:00 p. m.; good fellowship for all.—W. W. MOZELL, pastor.

Lutheran M. Fours Church. (No Synod.) Eleventh and Holliday streets.—Sunday school at 9:30 a. m. Morning Lenten services with Holy Communion at 10:30 a. m. Preaching services at the same hour. Herein Bible class Bible study meeting at 7:30 p. m. Lesson: Romans 15. Immediately after the study meeting a special business meeting of the voting members of the class will be held. The Ladies' Aid will have its monthly business and social meeting Wednesday afternoon at the home of Mrs. H. R. Hamming 2711 Ninth street. The L. S. C. will meet Thursday night at 7:30. Plans bring March "Blossoms" and "Witnesses" No. 5. Miss Marie Hattie will lead in discussions. A cordial invitation to worship with us and attend our Bible class and study circle is extended to everyone.—C. M. BEYLER, Pastor.

Central Southern Presbyteries. Church both morning and evening will be favored with another special musical program. Miss Vivian Bailey will render number violin solo. Miss Katherine Cook and Mrs. E. S. Goodner, whom everybody enjoys so much will sing, as also the male quartet and the Rev. F. C. Laletta speak on two great themes at both services: Morning, "In the Beginning God"—or the most astounding statement of all literature.

also "God's Program for Humanity." At the evening service he will speak on "The Most Wonderful Sentence Ever Written," "The Oldest Love Story." If you enjoy gospel preaching and singing come with your children, for the Rev. C. L. LITTLE, Minister, 3610 Tenth street, Phone 3926.

Christian Science Society. Church edifice, corner Tenth and Van Buren streets.—Sunday school, 9:30 a. m. Lesson sermon, 11 a. m. Subject, "Christ Jesus." Testimonial meeting, 8 o'clock Wednesday evening. Reading room located in room 11, Ward building, 601 Eighth street, is open from 10 a. m. daily, except Sundays and holidays. The public is cordially invited to attend the services and use the reading room.

International Bible Students Assn. Labor Temple, room 6, 703 Tenth. Sunday morning at 10, will have a Bible study on the "Explanation of the chart representing the Divine plan of the Ages." At 11 will have a study on the two baptisms, John's baptism for the Jews—and Christ's, which is for all that will do His will. In the evening at 7:30 there will be a Bible study on "Our Lord's return to receive His bride." You are cordially invited to study with us. Please bring your Bible.

First Methodist Episcopal Church. (Seventh and Lamar.) 9:45 a. m. Sunday school, 11 a. m. public worship and holy communion, 6:15 to 8:30 p. m. the Epworth League and Intermediate League serve lunch, 6:30 p. m. League devotional meetings, 7:30 p. m. preaching service, subject "Peter Warned of His Return." Tuesday and Wednesday district conference at Anadarko, Okla. There will be no mid-week prayer meeting at the church, but instead there will be cottage prayer meeting. Time and place to be announced from pulpits. Revival meetings to begin March 11. Co-operation of every Christian worker earnestly solicited.—IRA L. CRABTREE, Pastor.

# Today At The Churches

First Christian Church. Sunday is Bible School Daily Day in the First Christian Church. This will be the fourth great day of the series of eight special Sundays. A great rally is expected in the Bible School. The Junior department will form a Sunshine Chorus and will sing in the evening. Mr. Hancock will speak at both morning and evening services. Great Easter contact is being prepared by the choir of the church and will be rendered Easter Sunday night. The Bible School lesson for Sunday will be the ninth chapter of Luke. Everyone is invited to be present and to bring their Bibles with them.

Yale Avenue Evangelical Church. Corner of Yale avenue and Twenty-second street.—Are you

willing to face the judgment and answer to God with the excuses the most of us offer for neglecting to attend church and Sunday School? Answer this question in your own hearts and then I am sure if you do not attend church anywhere that you will try to find your way to the house of God on the Sabbath day. Come and help us in the great field of work which we have. We need you and you owe it to yourself, your family and to God to make a special effort to attend the house of worship at some of the church of the city if you are at home on that day and if you attend some church wherever you may be. Sunday school begins at 9:45 a. m. followed by preaching and we will have an illustrated lesson on next Sunday. Come and hear it. Junior

# ADVICE

Part of our service to you, as a depositor in this bank is consultation on your different, difficult business problems.

It is a real pleasure to have you come to us. We may not always be able to assist, but, by your problems large or small, it will always have the same careful consideration.

Our interests are mutual, and our policy is to be of practical help to our depositor.
