FRENCH CABINET UNANIMOUSLY REJECTS GERMAN PROPOSAL SEVEN PEOPLE KILLED AND 30 INJURED IN A TRAIN WRECK NEW CUT OF TWENTY-FIVE CENTS IN PENNSYLVANIA CRUDE

GERMAN PROPOSAL IS REJECTED BY FRANCE; WILL NOTIFY ALLIES

PARIS, May 3.—The German offer is the sage of battle. We accept it. The exploitation by France of the Ruhr commences forthwith. A high French authority thus declared himself to Universal Service last night. Diplomatic circles here pay tribute to the ingenuity of Germany in making an offer which is certain to agree with the moderate views of England and America. At the Quai d'Orsay tonight there was no discernible uneasiness regarding possible intervention by Britain. "Neither England nor all the other allies, morally or physically, can halt France on her road to self-payment on German soil." With this cry of triumph France hoists a huge placard on the Rhine. "Hands off; no trespassing." Only a political cataclysm which would engulf the Poincare ministry and substitute a socialist regime, which is widely improbable, could now change French policy. The Ruhr will remain in the hands of France until Germany either pays or is made to pay reparations totalling for France at least 23,000,000,000 gold marks.

APPEALS TO SENATE TO EXPEDITE WORK; TIME NOW SHORT

AUSTIN, May 3.—An appeal to members of the senate to expedite the special session will not be necessary. It was made by Lieutenant Governor Davidson, who urged the senate to meet at 11 o'clock today. Davidson called attention to the fact that but a few days remain of the session, and urged members to consider pending measures out of legislative hours as a means of clearing the calendar. The quo warranto bill was before the senate a short time this morning on the question of re-setting the measure as a special order of business. It was scheduled as a special order today but because of failure to complete the appropriation bill, the measure will be delayed until tomorrow. If a vote of 13 to 10, the senate refused to set the bill for next Tuesday as an special order of business. Senator Rogers of Collin county, stated today he intends to offer an amendment to the bill which would make membership in certain secret bodies, grounds for removal from office. The Clark bill reorganizing the state board of health and placing appointment of health officers under the board, was reported favorably today.

BILLS INTRODUCED IN SENATE ON THURSDAY

AUSTIN, TEXAS, May 3.—Bills introduced include: Raugh, permitting the republican party to nominate candidates for United States senator convention; Ridgeway, tax assessor's compensation; Thomas, authorizing the board of directors of the following senate representative were appointed to confer on the House and Senate re: the judiciary appropriation bill; Bailey, Bledsoe, Burkett, Woods and Ridgeway.

PIERCE CORPORATION ASKS MODIFICATION RESTRAINING ORDER

RICHMOND, VA., May 3.—A petition seeking modification of the restraining order granted last December against the board of directors of the Pierce Oil Corporation to permit a meeting of directors for taking action on bond for \$2,000,000, according to the petition. The restraining order granted by the court in December enjoined the directors, elected by the common stockholders of the corporation at a meeting on October 2, 1922, from performing any of the functions as directors. Judge Monroe held that the board was not legally chosen because of the alleged default of four quarterly dividends prior to the election and that the preferred stockholders were entitled to control of the corporation. This case is now pending in the Virginia supreme court of appeals. The Texas case in which the corporation seeks to make bond for an appeal involves a judgment of \$2,000,000, according to the petition.

TWENTY THOUSAND MAINTENANCE WAY MEN GET INCREASE

CHICAGO, May 3.—Twenty thousand maintenance of way and railroad shop employees of the Atchafalaya, Topokan and Santa Fe railway have been granted increased wages effective May 1 through an agreement just negotiated. A. F. Stout, vice president of the United Brotherhood of Maintenance of Way Employees and Railroad Shop Laborers, announced today. The increase will range from one to three and one-half cents an hour, Stout said.

LEGISLATOR IS DEAD

LEE J. ROUNTREE

TRIBUTE PAID TO LEE J. ROUNTREE; BURIAL AT BRYAN

AUSTIN, May 3.—Tribute to the memory of Lee J. Rountree, representative from Brown, Texas, who died yesterday, was paid this morning before the bar where he had served his district. A large gathering attended the brief, but impressive ceremonies in the house, under the half-masted flag on the capital. Many weeping the remains lying in state. Occasionally a Confederate veteran, one of the old soldiers who contacted Mr. Rountree as their friend, would pass the casket, now and then, bringing a floral offering. On the desk before the casket was a simple bouquet of white roses. Behind the casket, over which draped the Texas state flag, was a banner of a profession of flowers. All most hidden among the larger tributes remaining on the floor of the house, was the "flowers for the living" from Hood's Texas Brigade, a Confederate organization, the gift of which Mr. Rountree acknowledged in an address just before he was stricken.

Lady Complains Manuel Herrick Is Too Familiar

WASHINGTON, May 3.—The name of "Manuel Herrick, occupation private detective," appeared today on the overnight headquarters' police blotter with a charge of disorderly conduct entered opposite. The former representative and erstwhile "aerial dare devil" of congress was picked up by a traffic policeman who said he intervened after a young lady had complained that Herrick was annoying her. The policeman reported the prisoner had been brought in only after a tussle. He was released on \$5 collateral. When his case was called in police court, the district attorney's office announced that a number of women had asked for permission to testify against the prisoner. Herrick appeared to conduct his own defense, but after a consultation the hearing was postponed until tomorrow.

DISCHARGE DEFENDANTS IN BANKRUPTCY CASES

ABILENE, TEXAS, May 3.—Judge James C. Wilson in federal court here this morning sustained motions to dismiss by attorneys for the defense in the case of Art Kolbrenner charged with perjury, and in the case against Art Kolbrenner, M. Kolbrenner and J. C. Kolbrenner, officers and directors of Kolbrenner Brothers, Inc., charged with conspiracy to conceal assets belonging to the bankrupt estate of Kolbrenner Brothers, Inc. Operative and shoe stores at Abilene, Cisco and Eastland. The charges grew out of the bankruptcy proceedings of the concern in 1922. The defendants were ordered discharged.

AWARD CONTRACT FOR THE ELECTRIFICATION OF VIRGINIA RAILROAD

ST. LOUIS, May 3.—A \$15,000,000 contract for the electrification of the Virginia railroad—between Roanoke, Va., and Mullens, W. Va., said to be the largest such contract ever awarded in the United States, has been signed by the East Pittsburgh branch of the Westinghouse Electric Company. It was announced here today. The distance is 212 miles.

Refused Loan Man Suicides

ST. LOUIS, May 3.—Falling in his efforts to borrow a nickel, George Bunte, 45 years old member of the reputed wealthy family, killed himself in a soft drink parlor here last night. According to witnesses, Thomas Maxwell, a patron, refused Bunte's request and jokingly offered him a loaded revolver to "stick it" if Bunte accepted the challenge and Maxwell was arrested.

COAST GUARD SHIP USES 4-INCH GUN; RUM FLEET SAILS

NEW YORK, May 3.—The flight of the Jersey rum fleet during the night was believed to be due to the action of the coast guard cutter Seneca in sailing a four-inch gun across the bows of a small smuggling craft to bring her to a halt. The Seneca opened fire yesterday afternoon, it was announced at coast guard headquarters, after two small runners scuttling along between the fleet and shore, had defied a signal to halt. The Seneca, ordered by Washington to join in the constant patrol of the fleet, carries heavier than the small cutters and the boom of a four-inch was believed to have struck fear in the hearts of the fleet. Both runners halted after the shot had been fired. Coast guard officers explained that the regular procedure when a boat was to be stopped was to signal with the whistle for her to stop. If the command was not obeyed then to shoot across her bow. Several of the smaller cutters in the past have followed this course, but the old soldiers who contacted Mr. Rountree as their friend, would pass the casket, now and then, bringing a floral offering. On the desk before the casket was a simple bouquet of white roses. Behind the casket, over which draped the Texas state flag, was a banner of a profession of flowers. All most hidden among the larger tributes remaining on the floor of the house, was the "flowers for the living" from Hood's Texas Brigade, a Confederate organization, the gift of which Mr. Rountree acknowledged in an address just before he was stricken.

ANOTHER BREAK IN N. Y. STOCK MARKET JUST BEFORE CLOSE

NEW YORK, May 3.—Prices in today's stock market broke once to nearly eight points in response to concerted attacks by professional operators for the decline. BAD TON FOR WORSE IN CONDITION OF GOULD, AMERICAN FINANCIER

By Associated Press. MENTONE, FRANCE, May 3.—A bad ton for the worse occurred today in the case of George J. Gould, the American financier, who is ill at the Cap Martin villa here. After showing marked improvement for some time, Mr. Gould had a relapse last night, and his physicians were recalled. The forty-second division took a prominent part in the conflict on July 15, 1918.

PILOTS COVER THE OP OF TRIP HARDEST PART

KANSAS CITY, MO., May 3.—The Kansas City T-2 in which Lieutenants Oakley G. Kelly and John A. Macready are attempting a non-stop transcontinental flight, early today presumably to over New Mexico or Arizona and facing the hardest part of the battle from Hempstead, N. Y., to San Diego, Cal. The huge plane flew over Kansas City at midnight last night, approximately 1,100 miles in an air line from its point of taking off. Authentic trace of it was lost through the hours of darkness. That part of the voyage had been made in something less than 11 hours, a speed of approximately 100 miles an hour. It is estimated that the two daring aviators have covered more than one-half the approximately 2,400 miles of their journey. From Kansas City to San Diego is roughly 1,250 miles.

Three passengers and two train men were killed. The train was carrying 11 passenger cars and 10 freight cars. Three passengers and two train men were killed.

EXPLAINS ATTITUDE UNITED STATES ON CHESTER OIL GRANT

By Associated Press. LAUSANNE, May 3.—Joseph G. Grew, head of the American delegation at the Lausanne conference, has expressed to General Heile, leader of the French delegation, the opinion that when all facts about the Chester concession become known the difficulties arising from the grant will be found to have solved themselves. Minister Grew explained that all the details of the Chester contract between the United States and American government and that therefore, no opinion was possible at this time. He emphasized, however, that the United States, in maintaining its traditional policy of the open door, that policy applies to other nations as well as to herself. Conference circles interpreted Mr. Grew's assertions as a re-affirmation of America's intention not to support any part of the Chester oil grant which may be found to conflict with a prior and legitimately obtained French concession for the construction of a railroad in Anatolia.

YEARLINGS AND HEIFERS REACH 10 CENT MARK

FORT WORTH, May 3.—Yearlings and heifers went to 10 cents per pound on the Fort Worth market today. This was the first time since September, 1920. Two carloads of heifers from Artesia, New Mexico, and 44 yearlings from Kansas brought the record price.

PRICE OF REFINED SUGAR IS REDUCED ONE-HALF OF CENT

NEW YORK, May 3.—Reduction of the price of refined sugar from 10 to 9 1/2 cents was announced by one large refiner today after Cuban raw had dropped 1/2 to 64 cents, and freight, equal to 7 1/2 for centrifugal, in trading on the New York Coffee and Sugar Exchange. The low price was made on a sale of 15,000 bags of Porto Rico sugar to a local refiner. The figure was about 1/2 cent below the recent high level. Raw sugar futures broke about 25 points during the afternoon trading under renewed liquidation. One large refiner admitted withdrawal of refined sugar on previous contracts were on the increase and that volume of new orders was not satisfactory. It was declared too early to say whether the housewives' sugar boycott was responsible for the condition, although some sugar men expressed the belief that it was at least a partial cause.

Memphis Aids Piggly Wiggly

MEMPHIS, TENN., May 3.—Organized under the slogan "Memphis with the cash of her own" solicitors of leading business men of this city today began an executive campaign of personal solicitation for the sale of the Piggly Wiggly Stores, Inc., to whose president, Clarence S. Anderson, a center of the recent highly publicized sensation in the New York Stock Exchange, they enthusiastically pledged their support at a dinner attended by friends of Saunders' last night.

PITTSBURGH MARKET POSTS REDUCTION IN PENNSYLVANIA OIL

PITTSBURGH, PA., May 3.—A cut of 25 cents a barrel was announced in the principal grades of Pennsylvania crude oil at the opening of the market today. The new prices were: Pennsylvania grade and New York Transit Line, \$2.25; Bradford district and National Transit Line, \$2.15; Southwest Penn and Hurka Pipe Line and Buckeye Pipe Line, \$2.10; Cabell, \$2.10; Somerset, \$1.95; Somerset Light, \$2.20. Bagland was unchanged.

PROPOSE SUIT TO ANNUL CONTRACT FOR STATE BOOKS

AUSTIN, May 3.—Recommendation that the attorney general institute proceedings to annul awards of the state text book commission contracts, will be introduced by the joint legislative committee investigating the awards, committee members stated today. Agreement on the majority report was reached Saturday night and is being drafted today. The report probably will be submitted to both branches tomorrow. Details of the report were not made known, although it was stated an extensive summary of the findings will be made including testimony on activities of book concerns before the contracts were let and the commission's procedure in letting. It was said the attempt to break the contract will be based on failure of the commission to approve bond of the contracting companies and to formally execute the contract. A majority report will be filed. It was stated.

APPEAL DEATH SENTENCE FROM COLORADO COUNTY

AUSTIN, May 3.—Appeal was filed in the court of criminal appeals today in the case of Ed Kirby, Colorado county, convicted of murder and sentenced to death in connection with the slaying of Louis Kirby on January 5, 1922. CONFERENCE ADOPTS RESOLUTION URGING BOYCOTT ON SUGAR

PROFITEERS ARE BITTERLY DENOUNCED AT WASHINGTON MEETING.

WOMEN PLEDGED TO ACT AS MISSIONARIES

Will Preach Gospel of War Against Profiteers in Their Communities.

WASHINGTON, May 2.—Women gathered from all parts of the United States and many foreign countries in conference here have adopted the slogan of a boycott on sugar. The resolution was taken through a resolution adopted by the Women's Universal Alliance, now holding its first annual convention.

Sugar profiteers were denounced in the discussion preceding adoption of the resolution. It was asserted that through the greed of profiteers and the manipulations of members, the women of America are required to pay a tribute of hundreds of millions of dollars annually, which would go far toward paying all the expenses of the United States government.

The resolution follows: "Resolved, that the Women's Universal Alliance endorses the stand taken by President Harding and Secretary of Commerce Hoover in taking steps to bring the price of sugar down to a more normal level, and that its members join in the boycott, and refrain as far as possible from the use of sugar until its price is brought down to a rate that is not the result of profiteering."

Mrs. Clarence C. Gifford Calhoun, president of the organization declared that the price of sugar had risen until it had become oppressive.

to millions of poor people in the United States. The alliance, who asserted its constructive and not destructive, and its aim is to build up rather than tear down.

"Just the same," she said, "I am not in favor of building up the price of sugar for the benefit of greedy profiteers, but believe we can and should tear it down to a level which will afford a fair and reasonable profit to all concerned. It should not be a fraction of a cent higher than that level."

Individual complaint among delegates indicates that not only do they hold themselves pledged to use the very smallest amount of sugar possible until the boycott is called off, but they intend constituting themselves as missionaries to preach among the women of their respective communities the gospel of war against sugar profiteers.

Great Britain Will Not Permit Search In Three Mile Limit

By JOHN T. BURKE
Universal Service Staff Correspondent

LONDON, May 2.—Great Britain will under no consideration permit the search of British ships within the three mile limit, according to one of the most important officials of the British foreign office. However, the government will take no action on the "3 1/2 mile" ruling of the United States supreme court until it receives the full text of the decision.

Whitehall officials believe that the British government expressed willingness, in the interest of international good feeling, to join the United States in preventing the smuggling of liquor into America by way of the British West Indies and Canada. Will help Washington find a way to ameliorate the effects of the decision.

The foreign office declares it will go the limit to prevent trouble over the liquor issue, which may lead to grave international misunderstandings.

All the British and Continental steamship lines have decided to act as a unit in fighting the ruling of the supreme court. The seriousness of the situation is aggravated by the reported determination of the distillers and brewers of England and the wine growers of France, Italy, Spain and Portugal to join hands in resistance to the decision which would end their exploitation of the most profitable market in the world.

That the situation is really grave was evidenced when the houses of commons discussed whether steps are being taken to prevent armed conflict in view of the American government's reported intention to issue orders to the American fleet to prevent the landing of cargoes of liquor.

Chancellor of the Exchequer Baldwin, looking worried, informed Duncan Miller, Commander Ketchikan, Sir A. Shirley Bona, and other members of parliament, that he hesitated to believe that a friendly power such as America would attack British vessels on the high seas over the liquor issue. He insisted, however, the British ships must not break United States laws within territorial limits, and declared that if they did they would render themselves liable to any measure of control America might impose.

At the ministry, it was suggested that French law requiring meat coming within French territory to be inspected by veterinarians might be applied to meat aboard all American ships entering French waters. Another law which it was said could be brought in force was that dealing with the method of construction of vessels. The enforcement of this would compel American vessels to obey the same laws as French vessels. It was pointed out that if some dozens of other such laws were applied, no American ships could possibly touch at French ports.

ENFORCEMENT OF SHIP LIQUOR BAN JUNE '26

WASHINGTON, May 2.—Definite decision has been reached by administration officials charged with prohibition enforcement to put the ship liquor ban into effect on June 10.

Secretary Hughes has been requested to notify maritime nations that foreign ships entering American territorial waters on and after that date will be held to strict compliance with the laws as interpreted by the supreme court.

The situation growing out of Monday's sweeping court decision, which declared that American and foreign ships must be "bona fide" inside the three mile limit, was discussed yesterday at a conference of treasury officials. Afterward an announcement was made that the treasury was determined to enforce the law in its new application impartially and vigorously.

It is admitted in administration circles that some government-likely to protest against the court's interpretation of the law as an infringement of their rights. Among diplomats it is regarded as a risk that lengthy negotiations will ensue between some of the governments affected and the United States on certain phases of the question.

Aware of the delicacy of the situation, the treasury is expected to exercise unusual vigilance in drafting the regulations which carry the court's decision into effect. The statement issued after yesterday's conference said that consideration must be given the rights of foreign governments under international laws and treaties as well as the rights of our own citizens.

'Ku Klux Klan of Texas' Is New 'Insurgent Movement' and Applies For Charter In State of Kansas

TOPEKA, KANS., May 2.—The Ku Klux Klan of Texas, "charter application for which is now pending before the state charter board, represents an 'insurgent movement' against the Knights of the Ku Klux Klan, a Georgia corporation, sponsors of the new organization said today.

The new Klan, according to the application, proposes to maintain national headquarters in Kansas, probably at Kansas City, Kansas, and intends to issue charters to Klans in other states.

Application for the charter was presented yesterday by J. C. Hopkins of Kansas City, Kansas. Hopkins was accompanied by D. S. Harvey, former assistant United States district attorney, who recently testified at the state Klan court hearing in Kansas City that he withdrew his membership because he was disappointed of its plans. Although Harvey denied he represented the new organization in any official capacity, he was questioned at length by Charles B. Griffith, attorney general and other members of the charter board. Action on the charter application was deferred until the next regular meeting of the board, May 16.

The new organization plans to eliminate all the objectionable features of the old Klan, Harvey declared. "The trouble with the At-

lantia organization seems to be that the members do not thoroughly understand its motives and workings. The new Klan will recognize no boycott, no class hatred and will not wear masks or hooded uniforms."

Questioned further as to membership, Harvey said it would be restricted to "Protestant Gentiles." He said the system of titles of the original Klan would not be used, but army titles instead. Hopkins represented himself as "commander in chief, emperor pro tem."

FRENCH SEARCHING FOR LEGAL BASIS FOR REPRISAL

By Associated Press.

PARIS, May 2.—The merchant marine ministry is devising "into old laws which might form the basis of a reprisal against American shipping, in reply to the supreme court's decision, in regard to liquor being illegal on all vessels within the territorial waters of the United States."

At the ministry, it was suggested that French law requiring meat coming within French territory to be inspected by veterinarians might be applied to meat aboard all American ships entering French waters. Another law which it was said could be brought in force was that dealing with the method of construction of vessels. The enforcement of this would compel American vessels to obey the same laws as French vessels. It was pointed out that if some dozens of other such laws were applied, no American ships could possibly touch at French ports.

'Ku Klux Klan of Texas' Is New 'Insurgent Movement' and Applies For Charter In State of Kansas

TOPEKA, KANS., May 2.—The Ku Klux Klan of Texas, "charter application for which is now pending before the state charter board, represents an 'insurgent movement' against the Knights of the Ku Klux Klan, a Georgia corporation, sponsors of the new organization said today.

The new Klan, according to the application, proposes to maintain national headquarters in Kansas, probably at Kansas City, Kansas, and intends to issue charters to Klans in other states.

Application for the charter was presented yesterday by J. C. Hopkins of Kansas City, Kansas. Hopkins was accompanied by D. S. Harvey, former assistant United States district attorney, who recently testified at the state Klan court hearing in Kansas City that he withdrew his membership because he was disappointed of its plans. Although Harvey denied he represented the new organization in any official capacity, he was questioned at length by Charles B. Griffith, attorney general and other members of the charter board. Action on the charter application was deferred until the next regular meeting of the board, May 16.

The new organization plans to eliminate all the objectionable features of the old Klan, Harvey declared. "The trouble with the At-

lantia organization seems to be that the members do not thoroughly understand its motives and workings. The new Klan will recognize no boycott, no class hatred and will not wear masks or hooded uniforms."

Questioned further as to membership, Harvey said it would be restricted to "Protestant Gentiles." He said the system of titles of the original Klan would not be used, but army titles instead. Hopkins represented himself as "commander in chief, emperor pro tem."

Only a Good Machine Produces Good Results

If someone proved to your husband, or to his "boss" perhaps, that in his business a machine would pay for itself in the saving it would make, they would throw out the machine they were using would they not? What about your gas range?

Just how much of your monthly gas bill must be charged to the range, as compared with what the range should do? Because of patented improvements, we say to you very thoughtfully, we are certain we can save you one-third of your gas bill every week, every month, every year. Listen to the story.

See It Demonstrated

Step into the store any morning this week, preferably tomorrow and from the range itself, see how the Round Oak oven heats by circulation, and radiating the heat to all four sides.

Observe how the oven begins to heat the minute the burner is lighted. Discover why the temperature can be raised in less time with a one-third saving in gas. Examine the extra large working top, the seamless powerful burners, the oversize broilers all found on the

ROUND OAK

Gas Ranges

Use the yardstick and measure the roomy chamber below the broiler. The direct heat from the stove above the broiler, front, all valves and feed pipes concealed, test the self-lighter, ask about the oven regulator, count the adjustments in the oven and broiler, examine closely and see how the extra heavy body is bolted to the rigid front.

Then measure the gas top extension, ask for the large catalog. And when you have fully satisfied yourself that this desired saving may be yours continuously (if you put a Round Oak Range in your home, command us. There is a style and trim for every desire and need.

NEW YORK, May 3.—John D. Rockefeller Jr.'s income of more than a million dollars a month, stories of which were broadcasted recently, brought him an unwelcome visitor today in the person of a Syrian milk weaver, George Murad, 33, who staged a fierce fight with detectives after trying to speak to the oil king in front of his home. Two detectives, aided by two special guards, the superintendent of Rockefeller's home and a chauffeur finally subdued the man and he was taken to the psychiatric ward at Bellevue Hospital for observation. In Murad's pocket were found several weavers' tools with long keen blades in wooden handles, and a clasp knife with a four inch blade. The man made no attempt to use any of these. "I am not out my country and you made us slaves," Murad cried to Rockefeller, according to detectives. "The Syrian was no stranger to Rockefeller, as the man had been lurking in the vicinity of the residence for several weeks. Last Sunday he stopped Rockefeller on Fifth Avenue near the Rockefeller house later in the week. During the aggravia in front of the Rockefeller home, which is just off Fifth Avenue, on West Fifty-Fourth street, a number of women gathered and several protested against the beating administered to Murad by the five protectors of the oil king. At Bellevue Hospital Murad is reported to have said: "I am not an anarchist or a communist. I did not try to kill Mr. Rockefeller, but he robbed my countrymen of everything they had. He has all the money in the world and I thought he could give me a job."

MAJOR GENERAL ALLEN TELLS OF FRENCH PLAN

CLEVELAND, Ohio, May 3.—French military authorities had a plan for the separation of the west bank of the Rhine from the rest of Germany soon after the armistice, Major General Henry T. Allen, who was in command of the last American soldiers to leave Germany, stated last night in an address here. The destiny of the United States requires her participation in the affairs of the world, General Allen said. Watson painting and paper hanging is good or made good. 207 Indiana.

"PEP" IS REQUIRED TO SELL AMERICAN GOODS IN EUROPE

DIFFICULTY TO OBTAIN BUSINESS DECLARES EDWARD HURLEY.

HAVE NOT RECOVERED FROM EFFECTS OF WAR

Hard Task Keeping Manufacturers Sufficiently Interested to Fill Orders.

NEW ORLEANS, May 3.—Selling American goods in the markets of the world requires some of the old American clipper ship fighting spirit to overcome obstacles, Edward N. Hurley, former chairman of the United States shipping board, declared in an address prepared for delivery today before the second general session of the tenth national foreign trade convention here. Exporters and their salesmen who are blazing the trail should be on the country's roll of honor, Mr. Hurley said, particularly when they not only have difficulty in obtaining

business for export, but in addition have the hard task of keeping American manufacturers sufficiently interested to fill export orders. The war and profits retarded the progress and natural development of the country, Mr. Hurley said, from the effect of which the nation has not yet recovered. He said most business men are ignoring the necessity of reducing the cost of manufacturing and selling their wares. "The American housewife bought and hoarded sugar in 1919," the speaker said, "resulting in a great scarcity and causing abnormally high prices. Manufacturers and merchants did the same in 1920 in hoarding materials, thus creating a shortage and causing untold losses of millions to themselves and to the country. This lesson must not be forgotten, and the fact that prices are higher should not encourage us to borrow money to again selfishly hoard surplus materials. In the readjustment that must come, Mr. Hurley said both labor and management should be brought more efficient and both must be readjusted to meet new conditions.

MEXICO CITY REPORTS WOMAN NOT KIDNAPED

DALLAS, May 3.—Report that Mrs. Esther Black Parmalee, mother of four year old Charles R. Parmalee Jr., alleged to have been kidnaped from a children's home in Mexico City by his father last Friday, had been kidnaped also, were discounted late Wednesday, W. R. Black, grandfather of the child, re-

BELIEVE KIDNAPED CHILD IS REMOVED TO CANADA

SCHENECTADY, N. Y., May 3.—The abductors of six-year-old Vernon Anderson are believed to be in Canada with the boy, the police said today. Detectives obtained their first definite clue as to the whereabouts of the boy, who disappeared from his home Monday afternoon, when they learned that an automobile resembling the one in which he was spirited away had been stored in a garage at Oudenburg, near the Canadian border. Meanwhile appeals for assistance in the search have been made by radio from broadcasting stations throughout the east.

THIS LITTLE BABY GIRL

Was Benefited by the Good Her Mother Got from Lydia E. Pinkham's Vegetable Compound

Pittsburgh, Pa.—"I took Lydia E. Pinkham's Vegetable Compound before my little girl was born, and the effect it had was wonderful. This will be the first child I have nursed as I had to bring my two boys up on the bottle. I was very nervous and worried, tired all the time, and after I read about the Vegetable Compound I tried it and kept on with it. I still continue its use and recommend it to my friends. You may publish these facts as a testimonial for your medicine."—Mrs. Wm. Klinge, 109 Plymouth St., Pittsburgh, Pa.

It is remarkable how many cases have been reported similar to this one. Many mothers are left in a weakened and run-down condition after the birth of the child, and for such mothers the care of the baby is well-nigh impossible. Not only is it hard for the mother, but the child itself will indirectly suffer. Lydia E. Pinkham's Vegetable Compound is an excellent tonic for the mother at this time. It is prepared from medicinal roots and herbs, and does not contain any harmful drugs.

IF SICK, BILIOUS! START YOUR LIVER

Don't Take Calomel! "Dodson's Liver Tone" Acts Better and Doesn't Grip, Salivate or Make You Sick—Don't Lose a Day's Work—Read Guarantee

Ugh! Calomel makes you sick. It's horrible! Take a dose of the dangerous drug tonight and tomorrow you may lose a day's work. Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel, when it comes into contact with your bile, crabs into it, breaking it up. This is when you feel that awful nausea and cramping. If you are sluggish and "all crooked out" if your liver is torpid and bowels constipated or you have headache, dizziness, coated tongue, if breath is bad or stomach sour, just try a spoonful of harmless Dodson's Liver Tone tonight. Here's my guarantee—Go to any drug store and get a bottle of Dodson's Liver Tone for a few cents. Take a spoonful and if it doesn't straighten you right up and make you feel fine and vigorous I want you to go back to the store and get your money. Dodson's Liver Tone is destroying the use of calomel; entirely vegetable, therefore it can not salivate or make you sick.—adv

N. Y. Girl Holds Marathon Dish Washing Record

PUNXSUTAWANEY, Pa., May 3.—The marathon dish washing record of the world was claimed today by Miss Susie Hietlock of the village of Cowde, near here. Susie, 25, got a job in the kitchen of the Pantano hotel several months ago. Some of her friends were discussing marathon dancing last Monday and the conversation eventually centered on the subject of cleaning the family plate. Miss Hietlock, who had just started on her record-making dish washing exhibition. Using the old-time methods, a dish cloth, pan, hot water and soap, Miss Hietlock continued her operations for 31 hours without a stop. She won the wager and the hotel manager rewarded her by ordering a two-day vacation. Wall canvas and wallpaper. Decorators.—adv.

INDIVIDUAL CLUBS MAKE REPORTS AT MUSIC CONVENTION

NEED OF AID FOR BLIND MUSICAL STUDENTS IS DISCUSSED.

DALLAS WOMAN IS AWARDED SCHOLARSHIP

Plans For Sending Big Delegation to Asheville Meeting Are Considered.

Reports from individual clubs, plans for the Asheville biennial in June and the Witherspoon scholarship contest featured the Thursday morning session of the Texas Federation of Music Clubs.

Invocation by Dr. N. F. Grafon of the First Presbyterian Church, reading of the minutes and reports of the credentials committee immediately followed the calling to order of the meeting by Mrs. Hampton, state president.

A plea for assistance in connection with the loan fund for blind students of the state school was made by Mrs. Copers of Dallas, representative of Mr. Steyer, chairman of the campaign. The present fund was established by ex-students, but is entirely inadequate, Mrs. Copers stated.

The Asheville biennial was presented by Mrs. John P. Lyons, national president, and delegates were assured of a week of inspiration and information. Several measures that will be presented at this meet-

ing were briefly touched upon. Instructions in regard to the fares and plans for the railroad trip were offered by railroad representatives. A special train will be used. If the number of delegates are sufficient it was stated.

Reports were heard from two Amarillo clubs, the Amarillo Harmony, represented by Mrs. Houser and the Phillipsbrook, with Mrs. Fish as representative. The seventh district with Mrs. I. D. Cois of Amarillo as chairman has the distinction of being the banner district of the state, which is especially noteworthy since this is the newest district to be organized.

Mrs. Jella Owens of Navasota, representing the Anderson-McDowell Music Study Club of Anderson, reported that organization. Mrs. Owens is the composer of the beautiful bluebonnet song which was offered as an encore by the Cliff Glee Club of the High School Wednesday morning.

Spiciend reports were heard from the Central and Corsicana clubs by Miss Hazel Horned and Mrs. Robinson, respectively. Other club reports will be heard Thursday afternoon.

The contest for the Witherspoon scholarship was in charge of Mrs. Malouin of Dallas. Mrs. Malouin, Mrs. Laure Nelson of Dallas, soloist member of the Schubert Choral Club, Dallas, was the fortunate winner of the scholarship which entitles her to a summer course at the Witherspoon studio in New York City. Other contestants were Misses Adella of Brownwood, Hazel Deane of Wichita Falls, and Mrs. Pyle of Denton.

The auditorium was filled with local people for the Wednesday evening meeting, at which time Mrs. John P. Lyons of Fort Worth, national president, was the speaker.

Mrs. Lyons founded the Texas Federation of Music Clubs eight years ago, which was the first state federation in the United States. Later she was very influential in the organization of the national federation. She declared that the object of all clubs is to cure music illiteracy and to make of America a musical nation. Less than 25 per cent of the children have musical training, she stated, and an effort is being made to remedy this by making music a part of the public schools, the organization of junior music clubs and putting music in the reach of the industrial classes.

Selections by the local Women's Choral Club and the Ensemble Players of the Music Club were greatly appreciated.

VERDICT GUILTY IN RUTHENBERG TRIAL NOTICE OF APPEAL

CONVICTED IN CONNECTION WITH COMMUNIST ACTIVITY IN MICHIGAN.

HUNG JURY RECENTLY IN TRIAL OF FOSTER

Ross Pastor Stokes and Others App to Be Tried On Similar Charges.

By Universal Service.
ST. JOSEPH, MICH., May 2.—"Guilty," that was the verdict of the jury tonight that tried Charles E. Ruthenberg on a charge of violating the Michigan syndicalism law. The verdict was returned at 4:15. The case went to the jury at 3:55 this afternoon.

An appeal will be taken to the supreme court, it was stated by attorneys for the defense. Motion for a new trial may be made in the meantime.

Ruthenberg remained at liberty tonight on the bond he has enjoyed since his indictment. The bond will hold until he is formally arraigned, probably tomorrow.

Ruthenberg was a communist party leader, according to the state charges and attended a communist convention in Berrien county woods in August of last year.

Ross Pastor Stokes and other noted liberals who attended the convention were also indicted. The Stokes trial will be called at a later date.

Assistant Attorney General Smith, in his argument to the jury that heard the evidence against Ruthenberg, charged the convention was held with the express intention of plotting the overthrow of the United States government by armed revolution.

It was largely on Ruthenberg's testimony that Foster was acquitted. He testified at the Foster trial that Mr. Foster was not a member of the communist party, although he admitted in his testimony that he, Ruthenberg, was a member.

In charging the jury today Judge White, who heard the case in circuit court, swept aside superficial elements and told the jury that the decision should be based on the question of whether the communist convention advocated the doctrine of open revolt or merely professed the present system was leading to an armed insurrection.

The first, he said, implied Ruthenberg's guilt, the other his innocence.

Ruthenberg lives in Cleveland and for years has been identified with so-called liberal movements. He served a short sentence in Ohio for obstructing the draft during the war.

SECOND TRIAL FOSTER
ARRIVED HERE
ST. JOSEPH, MICH., May 2.—Charles E. Ruthenberg of Cleveland, Ohio is the first person who has been found guilty of violating Michigan's syndicalism law. He was convicted by a jury last night after four hours and fifty minutes and on the third ballot. Ruthenberg was the second of the 26 alleged communists to face trial as a result of the raid on the communist party convention at Brimman, Mich., last August.

William E. Foster of Chicago, the first of the defendants brought to trial, was not convicted, the jury being dismissed after more than 25 hours of deliberation. It had a 19 ballots and stood six to six for conviction, the acquittal verdict being led by the lone woman juror, when the jury was dismissed.

Ruthenberg, who faces a sentence of 10 years in prison, a fine of \$5,000 or both, faced the jury stoically when it filed into the court room with the verdict. No change in his countenance was noted as the foreman indicated he had been found guilty of criminal syndicalism advocating government reform by subversion, force and violence.

Sentence will be pronounced on June 4. Judge Charles White announced, giving Ruthenberg and his attorneys time in the interim to prepare an appeal. Ruthenberg's conviction, attorneys said, virtually assures a retrial for Foster.

Mrs. Tiller Says She Owes Life to Tanlac

Was Flat On Back in Bed and Had Lost Hope of Ever Getting Well. Gains 20 Pounds.

"I firmly believe Tanlac saved my life and wouldn't be without a bottle in the house," is the grateful statement of Mrs. F. M. Tiller, route 2, box 411, Dallas, Texas.

"About seven years ago, I lost all hope of ever being well again. Everything I ate made my stomach seem like it was on fire, and as heavy as a thousand needles were piercing my chest. I lost twenty pounds in weight, was nervous and dizzy, couldn't sleep, and finally got down flat on my back in bed. My husband had me try the Tanlac treatment, and within ten days I was up getting around. In three months I regained my lost weight, was relieved of my suffering, and felt years younger. A little Tanlac occasionally has kept me feeling fine ever since. I am now sixty-six years of age and do all my own work on our dairy farm. I can never praise Tanlac enough."

Tanlac is for sale by all good druggists. Accept no substitute. Over 27 million bottles sold.

FORMER PATRIARCH OF ALL RUSSIA UNFROCKED

By Associated Press.
MOSCOW, May 2.—The all-Russian convales today adopted a resolution unfrocking the most Rev. Dr. Tikhon, former patriarch of all Russia.

The convales deprived Dr. Tikhon of his sacerdotal rank and declared him to be henceforth an ordinary citizen under his lay name of Basil Ivanovich Balabanov. The resolution was virtually unopposed.

DEMY PERSECUTIONS OF RELIGIOUS THOUGHT

MOSCOW, May 2.—While the outside world is ringing with charges that Christianity is being persecuted by the bolshevik regime in Russia, speakers at the all-Russian church convales yesterday laid a halo of praise upon the "evangelical" aims of the soviet government.

Premier Lenin was declared to be dear to the church and prayers were asked for his recovery. It was solemnly asserted that there is no persecution of religious thought in Russia.

Among the speakers was Bishop Edgar Blake of Chicago, bishop of the American Methodist Episcopal Church of southern Europe. He said in general that the church cannot stand aside, but must follow revolutionary upheavals and accept every movement looking toward greater brotherhood.

COOKED MEALS DURING FLIGHT AIRSHIP AC-1

BELLEVILLE, ILL., May 2.—The AC-1 with a crew of six which left Langley Field, Va., at 3:26 p. m. yesterday, arrived at Scott Field, Ill., at 10:15 a. m. The government's lighter-than-air station near here at 7:15 o'clock this morning. The non-stop flight was said to have been uneventful. The dirigible will be permanently stationed at the local field, it was said.

The crew cooked meals, played cards, slept and shaved enroute, it was said. The distance covered was 140 miles. The crew's supper last evening consisted of sandwiches and hot coffee and today's breakfast was composed of boiled eggs and coffee. The heat of the motor exhaust was used for cooking.

Musicians Are Guests Of Women's Clubs, Kemp Luncheon Wednesday, Golf Club Luncheon for Thursday

The visiting musicians were guests of the women's clubs of the city at Kemp for luncheon Wednesday, and the entertainment was one of the most beautifully planned and entertaining ever given at the hotel.

May Day gave Mrs. C. R. Harlock, chairman of the luncheon, the inspiration for the banquet table appointments and decorations, and these were exceptionally lovely. Miniature Maypoles around which tiny little dolls, dressed in fluffly tinted frocks, danced, alternated with wreath baskets filled with spring flowers, and rustic baskets of bridal wreath, snowball and sprays.

The banquet tables were arranged to form a rectangle, the honor guests being seated at smaller tables in the center. The place favors were miniature Maypoles filled with the same kinds of flowers held by the centerpiece baskets, tied with pink and green tulle.

The guests were received at the doors by the presidents of the local clubs. Mrs. P. P. Langford presided as toastmistress and introduced first Mrs. Jewella B. Thompson, who sang "The Year's As the Spring," by Mrs. H. H. A. Beach; Mrs. O. A. Hamlin, who extended greetings from the women's clubs; Mrs. Hambrick, an interesting musician; Mrs. Lyons, the national president and Mrs. Lois Parker, who sang Huntington Woodman's "Secret," by request. The Wichita Falls Spring Quartette, Mesdames T. Bruce Greenwood, S. M. Goss and Alfred Miller, and Mr. M. A. Ellis, with Mrs. Lucille B. Huff, chairman, furnished delightful numbers, and Mrs. J. W. Akin and Miss Annette Walsh contributed to the artistic accompaniment of the program with their own compositions.

Mrs. Hambrick paid a very gracious and sincere tribute to Wichita Falls in her brief talk, and Mrs. Lyons brought an interesting message from her national music federation work, speaking of the great encouragement given her own efforts by the support of the Texas music clubwomen.

Among the 200 guests at the table there were about 60 visiting delegates and guests, the others being local clubwomen.

LAS AMIGAS MEMBERS WITH MRS. TITTLE

Mrs. Clyde Tittle was hostess to the Las Amigas Bridge Club at her home Wednesday afternoon, when three tables of players enjoyed the game in the attractively decorated rooms.

Mrs. C. F. Greene was fortunate at cards, and Mrs. A. L. Proctor won both hands being retransferred with dainty handsmaid Helen Kerehela. Late in the afternoon the hostess served sandwiches and a delicious cake to the following: Mesdames W. E. Carlton, Jimmie Collins, Tom Martin, Noel Hays, E. G. Schreck, C. F. Greene, W. G. Simpson, John Dobbs, J. C. Russell, Billie Durr, and A. L. Proctor.

MEXICAN MOTHERS AND ELDERLY HEALTH MEET

The local Red Cross held a health hour at the Mexican school one afternoon this week, with a most interesting result.

"Bring your mothers with you, the children were instructed.

The result was that there were 34 mothers, one grandfather, substituting for a mother, one uncle, also substituting for a mother, and one equal older brother and sister. One mother came with a 14 year old infant.

Most of them were eagerly interested in what Miss Dorpat told them, and one widowed mother offered the Red Cross representative to produce her to her mother, "I thought it was such a fine thing."

The interpreter necessary was a bright 11-year-old girl, whose scant three years ago she had already graduated from the high school class. She speaks both languages beautifully.

Miss Andrews and Mrs. Shackelford, two teachers in the school, teach in one room, where there is no partition, and it was in this room that the health meeting was held. The mothers were all very interested in the health suggestions, and asked questions.

MRS. FERGUSON HOSTESS TO LINGER LONGER CLUB

Mrs. James Ferguson was hostess to the members of the Linger Longer Club at the home of Mrs. W. M. Winelwood Wednesday afternoon.

In the games, Mrs. Patrick won high score and was presented a pretty box of stationery.

The afternoon the hostess served a plate luncheon of salad, angel cake, strawberry punch to the following: Mesdames E. B. Clifford, L. B. Hull, Charles Seelamith, W. M. Winelwood, W. J. Shuler, C. R. Byrnes, R. H. Ramsey, and Patrick.

Texas Composers Program Features Wednesday Session of Musicians

The Texas composers program was a feature of Wednesday afternoon's meeting of the Texas Music Clubwomen and was enjoyed by a most appreciative audience at the First Baptist Church.

The first group of songs was given by Mrs. J. J. Crume of Amarillo, who is state chairman of scholarships. Mrs. Crume sang "Jail Lockett's (Amarillo)" and "A Garden of Roses" and "Mammy Song" with Miss Frances Earnest of Wichita Falls, at the piano.

The next number was also a group of songs, the compositions of Miss Anna George of Baylor-Benton, Mrs. Allie Coleman Pierce of Baylor-College sang the group, which included "My Night," "Twilight," "Witchery," "Cycle An April Day," "The Storm," and "Invocation," and it was especially appreciated that the composer herself was at the piano.

Mrs. J. L. Price played the third number, a group of three organ selections including one of her own, "Fantasia," "Interlude" by Frank Renard of Sherman, and "Postlude—alla Gavotta" by the same composer.

Mrs. Robert Parks Bennett of Dallas sang two beautiful numbers by Oscar Fox of San Antonio "Night Wind" and "Entrance," and two by David Quinn of Dallas "Misty" and "Greatest Miracle of All," with Mrs. Price at the piano.

Miss Anne Douglas Evans of Bonham sang a group of Mother Goose Rhymes written by Louise Versel and dedicated to the Music Federation.

The fourth voice group was given by Miss Ethel Bader of Sherman, instead of Mrs. Pyle of Deussen, comprising three Versel numbers, "Six verses of the night," "It is Midnight," and "Since We Parted." Miss Clara Phillips of Kidd Key was at the piano.

LETTER FROM LESLIE PRESCOTT TO HER FRIEND VERA STOKLEY

MY DEAR VERA:

You make me rather envious, even if I am not, because you are doing in London. Probably it will be a long time before Jack and I will be able to make a trip abroad. At last Jack and I are back at home and I have been fitting up our apartment. Jack informed me that getting the apartment and putting it into shape was my business. Truly I have had a very lovely time doing it. Vera, it is within four squares of your home. Jack has not seen it yet as I am going to surprise him.

I have been so busy that I have not seen very many of your friends or mine, although many of the girls have called upon me but unfortunately I have almost always been out. I had a bad accident to my hand which also kept me from going to public places.

However, last night Mabel Locke, Arthur Dresser and Jack and I went to the "Carlton" for dinner. It was quite as gorgeous as ever and one of the prettiest girls there was a Miss Perier. I became very much interested in her. She was so fascinating and foreign looking and so beautiful.

Vera, I think Mabel Locke is something of a cat, for when I pointed out Miss Perier and asked who she was, she quickly said, "Why, Jack will tell you. I think he knows her better than anyone in town."

Jack was furious, but I mollified him by saying, "Jack, I feel greatly complimented at being chosen by you when you, as Mabel intimates, had as pretty a girl as that on your list."

Afterward, when we were dancing I said to him, "Why is it that I did not meet Miss Perier when I was here visiting?"

THE TANGLE

He answered, "Paula Perier, you know, is a French girl and she has never gone in 'Albania' society as it is called because she has to earn her own living. She is very nice, however, and some time I will introduce you to her because you know you are not a snob, my dear."

"Why don't you invite her and her escort over to our table and introduce her to me tonight," I asked innocently.

"I wouldn't subject Paula to the venomous remarks of Mabel Locke for anything in the world and besides I do not know her escort, Paula you know, is a model. Because she is about the prettiest girl in town all the society girls are jealous of her. Their brothers have 'no such scruples.' I'll tell the world."

"She poses for all the commercial firms about town. I met her when I wanted someone to illustrate that new dental cream that we put on the market. Notice her when she smiles. Her teeth are like pearls."

When we got back to the table Arthur asked me to dance and said, "Don't pay any attention to anything that Mabel may say. She is a nice enough girl but she cannot help being gossip and a little jealous."

Then when Mabel got me alone she said, "That Perier girl has had every man in town at her feet and your Jack up until the very moment you were married. I wonder to be the one most favored. I seemed to be the one most neglected. I would like to know if you had not heard of her before."

"You see, Vera dear, that all these casually expressed opinions form a tangle which makes me rather curious to know about this girl."

You age really the only person I know whom I may ask and who will tell me the truth. Was Jack in love with her?

Tomorrow—Leslie Prescott to her mother—life needs something else besides love.

GIRLS! LEMONS BEAUTIFY AND WHITEN SKIN

Mix the juice of two lemons with three ounces of Orchard White, which any druggist will supply for a few cents, shake well in a bottle, and you have a beauty cream of the most wonderful skin softener and complexion beautifier. Massage this sweetly fragrant lemon cream into the face, neck, arms and hands, then shortly note the youthful beauty, softness and whiteness of your skin.

Famous stage beauties use this harmless lemon cream to bring that velvety, clear, rosy-white complexion, also as a freckle, sunburn and tan bleach because it doesn't irritate.—adv.

HAIR OFTEN RUINED BY CARELESS WASHING

Soap should be used very carefully. If you want to keep your hair looking its best, most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and the scalp soft, and the hair falls out. Use the best thing for steady use is Multifid coconut oil shampoo (which is pure and greaseless), and it better than anything else you can use.

Two or three teaspoons of Multifid in a cup of glass with a little warm water is sufficient to cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excess oil. The scalp dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage.

You can get Multifid coconut oil shampoo at any pharmacy, it's very cheap, and a few ounces will be truly every member of the family for months. Be sure your druggist gives you Multifid.—adv.

McDowell and Miss Ulrich.

Are You "Boycotting" Sugar In Your Family? Women Organizing To Step on the Wall Street Gang

Are you starting the sugar boycott in your home? If you are, you are beginning even with the national women's organizations that are stepping on the necks of the Wall Street "gang."

Sugar has gone up two cents in the past few days, and the commodity is predicted to climb to 25 cents a pound. It is not the result of any shortage; neither are there any boys in France to sacrifice our ration for. It is simply the result of an outrageous manipulation by Wall Street.

The president of the National Sugar Refinery, which supplies about one-fourth of the world's consumption of sugar, shed several crocodile tears in an interview with Mrs. Louise Reed Wasmiller, deputy markets commissioner of New York City and declared that "housewives ought to be able to buy sugar at around 11 cents per pound" in New York.

"They ought to be able to, but they aren't. Mr. Babst didn't explain why."

If the women organize to boycott, they will throw a monkey wrench into the works. Mr. Babst declared, or words to that end.

They will—and they want to!

The Washington City and New York City women, who are stirring up a national organization to boycott will endeavor to cut the five-pound-a-week ration per person down to half a pound, just to show the bears where to get off.

Wichita Falls housewives are already beginning their boycott, according to one grocer, and several individual reports. "We've been wasting sugar ever since the war clubwoman said Thursday morning, 'I don't want my family a bit to cut down our ration. In fact, my husband, who was harder hit than any of us during the war shortage, was the first member of the family to come to my support. He says he will live on half a pound a week if I will.'

Start your boycott. There isn't the slightest excuse in the world for the soaring price of the commodity, and American women need not "bend their necks" to the speculator's yoke.

SPUDDERS GET SIXTH STRAIGHT WIN BY NINTH INNING RALLY

Salms Take Lead In Texas League Pennant Race by Capturing 11-10 Game From Steers; Cats Here Next

"Ain't it grand and glorious feeling!" The Spudders are leading the Texas League today—if never again. And the manner in which our noble athletes stepped forth and took charge of the Texas League pennant race by winning the second game of the series from Dallas, 11 to 10, is a long, long story. It was a cruel blow that our hopefuls dealt the ambitious Steers Wednesday afternoon.

The Steers were spotted seven runs in the first inning and it was not until the ninth inning that the Spudders got over the hill, scoring three runs before the Steers retired a man. Though the Spudders were late in bringing home the victory, it was their game, for no team is due to win when it makes eight errors. That was the number compiled by the Steers, and to offset these they had but eight hits. The Spuds erred all too freely, with three, and hit safely fourteen times.

Pinch Hitters Delivered If ever Spudder fans were treated to a thriller, that was it Wednesday. The Spudders had given away a seven-run lead in the first round and they had gradually chipped away bits of this lead until but two runs were needed to tie it up in the ninth. Skipper Walter Salms looked over his stock of pinch hitters and yanked a couple of pitchers off the bench by the names of their necks. "Get in there and hit that apple," he said to the pitcher who came to bat. "You're the first and he started the ninth by hitting for Cotter. Hook being put in for Salms. Slim Love, a left-hander, was working for Dallas. Babe delivered a single through short, Joe Berger was next and Kitchens. Kitch's best effort was a high one to center, but that was sufficient, as Shields muffed it and the bases were loaded. Patrick O'Flaherty, the Bostonese Irishman, Pat took Denver Grigsby's toss at the plate. The big boy whizzed into one and it was a double over third base, scoring Ruth and Berger. Robert Beschler was next in line and Bob hit a hit over the short, sending Kitchens home with the winning run. That ninth inning finish meant the sixth straight win for the Spudders and, the league leadership. Dallas drops into third place, with Galveston moving up to second, just a half game behind the Spudders.

Heads Afloat The game a weird bit of entertainment all the way through. The Spudder pilot, who was judged to have proved as good in the matter of selecting pinch swappers, used 16 of his hired hands in the course of the game. Whether and why Salms used the only ones not called upon to contribute, Hippo Hodges started in the box and errors got the Steers into so much trouble that he failed to weather the opening round. Wes Willis Fincher was next in line and he went out for a pinch batter. Lefty Felger, after having spent numerous hours in the bullpen since his chance and he made good of it. Lefty turned in six mighty fine innings, to make room for still another pinch hitter. He gave up two runs in the six innings and only three hits, all of them coming in one inning.

Bryan Hit Hard Bryan, the youngster who has been a way to the left since he started for the Steers by winning four straight games, was hit hard by the Spudders until he was relieved by Lefty Felger in the eighth. Bryan sounded angry, but neither pitcher was so much at fault in the Dallas loss as was the ragged fielding of the Steers.

The Spudder cause looked decidedly blue when the Steers mixed three hits in the first inning, with three errors for extra runs. Hodges walked Hamilton as a starter and when Wano grounded to the box, he threw to second, with little chance to get Hamilton, both runners being safe. The bases were full when White kicked Donohue's roller. Vache's single to left sent the bases over the hill. Mathes struck out, but Segrist was safe when Berger threw his ball wide to first. Allen walked, filling the bases and Fincher was called into action. Fincher whiffed Adams, but he was safe. The bases were full when Hamilton followed it with a hit that brought in two more. Fincher allowed another out in the second and went out in the Spudders' half for a pinch hitter. Felger then traveled six innings, allowing two runs in the fourth and fifth and pitched the ninth. Darrough gets credit for the victory.

Cats Here Friday The Spudders got a run in the first on Beschler's double and Elliott's single and the fourth produced four more. Three hits, two bases on balls and error did the work. One run each in the fourth, seventh and eighth brought the Salms to within two runs of a tie and in the ninth it was called away.

The champion Fort Worth Cats move into Athletic Park for a three-day stand starting Friday. This series is the last of the home stay before the Spudders depart for the first South Texas jaunt.

EVERETT SCOTT DESERVES TITLE OF IRON MAN AS HE PLAYS THOUSANDTH CONTEST

He hired automobiles and a taxi and paid \$60 to rush to Chicago in time to get in part of the game. This spring in Springfield, Mo., he badly wrenched an ankle sliding. It was feared his ambition to reach the 1,000 mark was gone. But when Uncle Billy Evans bawled "batter up!" for the opening game, Scotty was "in there" as usual.
