13 MILLION DOLLAR BIG FIRE

REPORTED THAT ALL BUT ONE OF FOREIGN CAPTIVES ARE FREED

SENATE VOTES FOR SEPARATION OF TWO OF DEPARTMENTS

ALSO PASSES FINALLY BILL TO INCREASE SALARIES RAIL COMMISSION.

DEFEAT MEASURE TO PREVENT CANDIDACY

Amendment Proposed to Prohibit Commissioners Seeking Office During Term.

AUSTIN, TEXAS, May 10.—The Fairchild bill creating a state insurance department separate from the banking, was passed by the senate today by viva voce vote.

Amendment to the bill, which it sought to combine state insurance agencies under one head and to abolish the fire insurance commission and industrial accident board, was defeated.

Amendment to the railroad commission bill which would have prohibited commissioners from running for another public office while in office, was also defeated.

SENATE VOTES MAY ON INTOXICATED DRIVERS

AUSTIN, TEXAS, May 10.—The train house bill making it an offense to drive an automobile on public street or highway while intoxicated, was passed today.

DECREASE IN UNFILLED ORDERS FOR U. S. STEEL

NEW YORK, May 10.—Unfilled orders of the United States Steel Corporation on April 29, amounted to 2,581,500 tons, a decrease of 11,820 tons under those at the end of the preceding month.

FEDERATION PRESIDENT WILL NOT STAND FOR AN ENFORCEMENT OF COURT

ATLANTA, GA., May 10.—Declaring she would not stand for the federation endorsing President Harding's proposal for American participation in the world court of international justice, Mrs. Thomas G. Winter, president of the general federation of women's clubs, said today that the resolution on the subject agreed on by the resolutions committee probably would be modified so as to make clear that not any specific proposal was endorsed.

Fraud Order Issued Against Dr. Cook and Mail to Be Returned

WASHINGTON, May 10.—A fraud order designed to curtail the oil stock promotion activities of Dr. Frederick L. Cook was issued today by the postoffice department.

PLAN TO SECURE MILLION NAMES

NEW YORK, May 10.—Mrs. Luisa Reed Weismiller, deputy chairman of the New York housewives committee which is pushing the boycott against high priced sugar, announced today that a million signatures to a protest against the rising cost of sugar would be sought before the end of the next week.

HOUSE DECLINES TO ACCEPT CHANGES IN TWO LIQUOR BILLS

SENATE AMENDMENTS NOT ACCEPTABLE TO DRY LEADERS.

HAVE CALLED FOR FREE CONFERENCE COMMITTEES

Abney Measure Provides For Closing Places Permitting Violations.

AUSTIN, TEXAS, May 10.—The house today refused to concur in senate amendments to the Bell and Abney liquor bills and called for free conference committees.

APPROPRIATION BILL IS TAKEN UP IN HOUSE

AUSTIN, TEXAS, May 10.—The department appropriation bill, amounting to more than \$2,000,000 annually, was taken up by the house this morning.

WINNING STUDENTS COMPLIMENTED AT ROTARY LUNCHEON

High school students who won numerous honors for Wichita Falls at the Texas Intercollegiate contest at Austin last week were guests of honor at the Rotary luncheon Thursday, and their medals and cup trophies were exhibited to the members.

J. W. Jones, athletic director, presented the winners in the track and tennis contests, mentioning Leo Baldwin of this city as the outstanding all-round high school athlete of the state, being high-point man at the state meet in addition to winning his letter on four teams.

Miss Juanita Kinsey introduced the declamation and debating winners. Miss Henrietta Pyle made a report on the "music memory" contest, their working and purposes.

Miss Louise Scott, state girls' declamation champion, gave a declamation on America's entry into the world war.

Orville Bullington related some of his experiences on his recent trip to the Orient, telling particularly of his stay in Japan. English is required subject in Japanese high schools, Mr. Bullington said, and he attributes this requirement to the fact that Japanese manufactures are still largely conducted on the family or guild system such as formerly prevailed in Europe.

Announcement was made by Herbert Harrison of the plans for the coming campaign for the Y. W. C. A. building.

ALLEGED WRITER OF MANY CHECKS HOUSED IN JAIL

Chief Deputy Sheriff Jack Miller arrested a man at noon Thursday who, it is alleged, has passed a large number of worthless checks in the city during the past few days. He gave his name as Will Haskin, 28 years of age. He states he has been in the city 10 days.

G. A. Rowland, proprietor of a grocery store, notified Mr. Miller Thursday morning that a man had attempted to cash a check in his store early in the day. Mr. Miller had a number of worthless checks in his pocket which had been given him by other parties. The writing compared favorably.

Mr. Miller secured a description of the man and scoured the city all morning. Just before noon he found a man on Mississippi street and took him into custody. On his person the officer found a check made out to G. A. Rowland.

Thursday afternoon not less than 18 people came to the jail to ascertain whether the man arrested was the one who passed worthless checks on them. In nearly all instances the checks were signed by Will Haskin.

For New Styles and Pretty Arms

(Beauty Notes)
Women are fast learning the value of the use of delatone for removing hair or fuzz from face, neck or arms. A paste is made with some powdered delatone and water and spread on the hairy surface. In 2 or 3 minutes it is rubbed off, the skin washed and every bit of hair has disappeared. No failure will result if you are careful to buy genuine delatone and mix fresh as wanted.—adv.

Cuticura Soap, Cuticura Ointment, Cuticura Talcum, Cuticura Cream, Cuticura Lotion, Cuticura Shave Soap, Cuticura Toilet Soap, Cuticura Toilet Paper, Cuticura Toilet Tissue, Cuticura Toilet Paper, Cuticura Toilet Tissue, Cuticura Toilet Paper, Cuticura Toilet Tissue.

MRS. LULA AVERY

Nature's Way to Beauty

San Antonio, Texas.—I used Dr. Pierce's Favorite Prescription and it helped me very much in feminine trouble, and I am glad to tell others about it. When one can obtain this "Favorite Prescription" at the drug store there is no use suffering.

Mrs. Lula Avery, 2419 So. Flores St. If you are a woman suffering with chronic weakness peculiar to your sex you can be benefited by "Favorite Prescription."

Obtain this famous Prescription now in tablet or liquid, or write Dr. Pierce, President Invalids' Hotel in Buffalo, N. Y., for free medical advice.

TO START PETITIONS FOR ESTABLISHING COUNTY LIBRARY

Adoption of the plan for extending the Kemp library facilities to other communities in the county was effected Thursday morning at a meeting of the committee which have been in charge of the plans. Petitions will be started shortly, asking the county commissioners to put the plan into effect. These petitions must be signed by a majority of the voters in the county, requiring approximately 6,000 signatures.

The plan does not contemplate any change in the control of the library building or grounds, which will remain in the hands of the city government.

The chemical analysis of a faint star can now be made as quickly as an equal complex substance can be analyzed in the laboratory.

Human Liberty Placed Above Liberty Press

BRIMMINGHAM, Ala., May 10. (P)—At 2:30 o'clock this afternoon three members of the Birmingham Post editorial staff will be freed from the Jefferson county jail at which time they will have served a 24 hour sentence imposed for contempt of court by Judge H. P. Griffin in court yesterday. The men are E. T. Lohr, editor; Jack Bethas, managing editor and Lewey Robinson, reporter.

The court gave the men the alternative of apologizing and promising not to repeat the alleged objectionable action, but they promptly chose going to jail. Citations were issued for appearance of the three men following publication of a news story which touched upon an alleged record of W. M. Yerby just before he was scheduled to go on trial on a charge of murder. The trial was postponed as a result of the publication and the court held that the news article was prejudicial to the defendant.

Newton D. Baker, of Cleveland, with local counsel, contended that nothing but court records were printed in connection with the Yerby story and that such records are

public matters and privileged. The court held that human liberty was more important than liberty of the press.

GIRL'S STATEMENT RESULTS IN ARREST OF MAN THURSDAY

Freddie Spayem, a barber, was arrested Thursday afternoon by the constable's department upon information given by a 14 year old girl to the county attorney. The arrest was made on a charge of aggravated assault, but shortly after the man was placed in the county jail a complaint charging assault with

intent to commit a statutory offense was filed in the justice court.

TO TRY NEGRO FOR THROWING ACID IN FACE OF HIS WIFE

Charles Lewis, a negro, will face trial Friday morning in the county court at law on a charge of aggravated assault. The prosecuting witness in the case is the defendant's wife.

It is alleged by the state that a week ago while the prosecutrix was asleep in bed that the defendant poured a bottleful of carbolic acid in her mouth and on her face. Only a portion of the acid, according to the state's contention, entered the mouth of the negro, while the major portion of it burned her face. The woman was in court Thursday, expecting the case to go to trial. Her face and neck were covered with a white substance which she said was placed there by her doctor in treating her for acid burns.

Two negroes arrested here for thefts at Quanah.

2 NEGROES ARRESTED HERE FOR THEFTS AT QUANAH

A negro man and woman who gave their home at Quanah were arrested by city officers here Wednesday night when they arrived on the night train. The negroes were arrested upon advice from

Quanah that they were wanted there in connection with the theft of jewelry and wearing apparel. A trunk of clothing and several small articles of jewelry were recovered. Officer sin Quanah were notified

Diary of Clara Phillips' Sister Tells of Escape From Prison

By MORRIS LAVINE,
Special Correspondent of Universal
Service.
Copyright, 1923.

TEGUCIGALPA, May 9.—Guards were doubled today around the adobe prison where Clara Phillips, hammer slayer, and her sister, Mrs. Etta Mae Jackson, are captives, following a report that the sound of an airplane was heard above the city last night.

Although Honduran officials are certain that no attempts will be made from the air to rescue the tiger woman, they are taking no chances. Aviators at the government aviation field here have been ordered to be held in readiness to take the air at the first appearance of a strange plane in this vicinity.

Such an occurrence, it was said, would almost certainly indicate that plans were afoot to help the prisoners.

It was recalled that, according to the best information in the hands of Los Angeles authorities, the first leg of Clara's journey after her escape from jail there was probably made in an airplane.

Tegucigalpa is still bubbling with suppressed excitement over Clara's second desperate attempt to escape Monday evening when she was positively identified by the Universal Service correspondent as the hunted fugitive. She and her sister were forcibly returned to their prison room by guards who found them in an outside corridor leading to an exit.

The only other means of exit over the roof, the edge of which is lined with broken beer bottles. Although that route of escape is thought to be practically impossible, Chief of Police Hipolito Retes, remembering Clara's daring getaway from the Los Angeles jail, is taking no chances and has stationed a guard on the roof.

Ropes were tied last night around the door knobs of the prisoners' sleeping rooms and arranged in such a manner that the opening of the doors would arouse the guards.

All foreigners reaching here are closely watched to prevent the arrival of possible friends of the tiger woman. Orders have been issued to imprison anyone who attempts to communicate with the captives without official permission.

She today maintained to Americans—the disdainful, sullen attitude which has characterized her since her arrest. She asked that no American newspaper man be admitted to see her, and blamed the loss of her freedom on the actions of Mrs. Jackson, according to the local newspaper, had specifically ad-

CLARA PHILLIPS

sulted that she is "Mrs. Jackson, of identity were needed. It was ob-

partly were opened by the police. In them were found two mirrors, on the back of which was Mrs. Jackson's name, and a picture of Ola Weaver, Clara's oldest sister. There was also a newspaper clipping containing an account of Clara's escape, and a diary kept by Mrs. Jackson.

This diary written by Etta Mae Jackson and which was found in her trunk by the authorities, is as follows. It describes many untold incidents of the flight:

March 15—Leave Los Angeles in haste. It is a long trip ahead of me. It seems an eternity, as the train races southward. It is crossing the desert as fast as any train but I feel as if I could run faster than it is going. It is all I could do to keep myself from getting off and dashing on afoot.

March 19—New Orleans at last. Oh, what a trip. But I am four days nearer my goal. I am off at once for Mexico. It is a long trip but I must go.

March 23—I reach Tampico (this is the home of her husband. Letters in the hands of the authorities show how he promised to send all the money he could to help his wife and Clara. Evidently Etta Mae stopped here to get money for the remainder of the trip and take counsel with her husband. Her stay was brief as the next notation indicates).

March 24—I am in Vera Cruz. The goal is drawing near. I find that I must wait here three days. Daiky at this time is almost beyond my endurance but I can do nothing else. Imagine spending three days in a city like Vera Cruz when every nerve in ones body is crying out for action.

March 27—The race is on again. I am off in the morning for the south. I am at Santa Lucia. Here I have to wait again. (This evidently is where she joined Clara and Vera Cruz both go through this place. When she reached the Central American-Quatemalan border two days later she was in company with Carson and her sister.)

March 28—The race is on again. I am off for Central America and whatever it holds for me. I reach San Germain and again I have to wait. Oh, if I could only start and keep going. It seems that my whole being is crying out for more speed.

March 29—We take up the snail's pace again but the end is near. Soon we shall be out of Mexico, then Guatemala. At last I am at Such-

me and Central America. There is some delay, but through my mind runs that old tune "Just One More River to Cross." Oh, this day. Will it never end? The customs people are finally satisfied and the river is crossed. Central America is reached. A long rest but it was worth it. (Cables telling of the flight of Clara have told of the violent quarrels between Carson and the two sisters.) One told how the two women threw drinking glasses at him. Evidently Carson resented the presence of Etta Mae and her usurpation of leadership.)

April 1—We must be going south again. A very good friend left Guatemala at 4 p. m. He has promised us every assistance. Another nice gentleman helped me with telegrams concerning passports and the like.

Here the diary ended. The trail got so hot that Clara's sister evidently had no more time to put down the story of the flight. It was at this time that they raced into San Salvador, where they were located by the Los Angeles Examiner. That they knew Carson's near was evidenced by the fact that Carson tried to arrange for transportation to New York City, evidently as a ruse to hide their trail. From Salvador they raced into Tegucigalpa, Honduras and captivity. Here Etta Mae Jackson today shares jail with her sister.

BRITISH WARSHIP WILL STOP SOVIET SEA INTERFERENCE

LONDON, May 10.—The British warship Harebell, has been ordered to the Murman coast to prevent further Soviet interference with British vessels outside the three-mile limit, and to use force if necessary in performing this mission, the house of commons was informed today by the under-secretary for foreign affairs, Ronald McNair.

The under-secretary said that the government understood that another English trawler, the Lord Astor, had been captured by a Russian gunboat, while fishing 10 miles off the Murman coast. The British agent in Moscow, he added, had been instructed to demand the release of the Lord Astor's crew.

The agent was also instructed to demand the immediate announcement of the release of the vessel and the repatriation of the crew. Mr. McNair's statement evoked loud cheers from the ministerial benches and cries from the laborites of "more war."

George Lansbury, labor member for Poplar, addressing the ministerialists shouted: "Why don't you send a fleet to New York? You are a lot of cowards—you are afraid of America!"

PROTEST BROADCASTING OF RELIGIOUS SERVICES DURING SUNDAY WORSHIP

MINNEAPOLIS, May 10.—Wireless broadcasting of religious services should be confined to week days so that Sunday worship, according to an address delivered here by Rev. Philip E. Osgood, rector of St. Mark's Protestant Episcopal Church.

"If we could guarantee that only shut-ins and the isolated should listen in Sunday, there would be no problem," said Mr. Osgood. "But the number of able bodied folk who use wireless as a pretext for absence from church is apparently much greater than the number of those who could not go to church if they would."

"I have seen the effect of broadcasting services in a country village. Notices posted on the postoffice bulletin board and at the 'fire house' announcing where 'loud speakers' would give forth the services from the city coupled with numerous private ads. have had the result of cutting by 30 per cent the usual attendance at a service so fortunate enough to coincide with the broadcasting hour."

WABASH RAILWAY PLACES SOLID STEEL IN SERVICE

An advanced step in passenger transportation is the inauguration by the Wabash Railway on May 1st, 1923, of all-steel passenger trains in its through service to and from Chicago, St. Louis, Detroit, Kansas City and Omaha. The purchase of twenty-five additional all-steel passenger cars, including chair cars, coaches, dining cars, and club cars, has made possible these through trains of a type that gives a solid steel construction from end to end. Some idea of what the new trains represent in traveling comfort and safety may be gained from the fact that each train will weigh over a million pounds. Sixty-five tons of steel are used in one of the chair cars, while the new dining cars represent a weight of slightly more. This immense weight prevents the jolts and awaying movements of the trains when in motion. The strong steel exterior make the cars almost indestructible.

Many changes have been made in the interior construction which add greatly to the comfort of the traveler. Improved lighting, heating and ventilating systems are a part of the equipment.

The new all-steel trains, combine all the latest and best ideas of construction, and are the greatest triumph of car builders," declared H. E. Watts, passenger traffic manager of the Wabash, speaking of the new service. "The three essentials in travel today are comfort, safety and convenience. The steel car, which of course is strongest car that can be made, also boasts of interior workmanship of the highest order. The builders are able to include features that are not practical in an ordinary car. The easy riding motions of a heavy car is apparent at once."

Academy Children Will Present "Rose Dream" Operetta at Wichita

The little folks of the Academy of Mary Immaculate are all a-titter with anticipation today. Friday evening they will present at the Wichita theater what is said to be one of the prettiest fairy plays ever given here.

There will be a fairy queen—who is shown in the picture somewhere on this page—who is Little Miss Elizabeth O'Connell. And a little mortal girl—Rosie—who visits fairyland and goes to sleep right against the throne, is Dora Nix, also shown in the picture, with a rosebud in her hand.

LEGION AUXILIARY PUTS ITS "O. K." ON CARNIVAL. The members of the Legion Auxiliary, who, in cooperation with the Legion members are sponsoring the Cotton Belt Exposition near the hall park, have put their "O. K." on the traveling entertainment.

Several of the Legion ladies are at the exposition each night, and they have expressed themselves severally as being very much pleased at the character of the entertainment. "Every show is clean and attractive, and Mr. and Mrs. Waynes, representing the management, are on the ground every night," one of the members, a chairman in the Auxiliary, stated Thursday morning.

Mrs. E. A. Wilcoxson and her committee on finance in the Auxiliary, including Mesdames W. P. Parker, J. T. Abbott, Ira Brown, and John Glash, have been especially interested in the entertainment and have been at the exposition each evening.

The funds realized from the "carnival" as it is generally called, will be added to the Legion and Auxiliary Permanent Home Fund. There will be a membership meeting for both the Legion and the Auxiliary on the grounds Thursday night, it was stated.

MRS. E. J. SENAS ENTERTAINS HONORING HER SISTER. Mrs. E. J. Senas entertained two tables of players at "42" Wednesday evening honoring her sister, Miss Clara Castleberry of San Antonio.

Several hours were very pleasantly spent at the game by Mesdames D. M. Elakton of Claude, Texas, Bill Mayer, Elbert Haney, M. J. Parker, Frank Ramsey and C. C. Blanton, the hostess and her coxswain, Miss Clara Castleberry. Music was also enjoyed during the evening and the hostess served a luncheon of sandwiches, cake, and coffee.

U. D. C. VETERANS PICNIC SATURDAY SCOTLAND PARK. The Daughters' annual picnic for the Confederate Veterans will be held on Saturday, May 12, according to announcement Thursday morning.

Every veteran and his wife and family is invited, as well as members and visiting members of the U. D. C. The crowd will meet at 11 o'clock at Mrs. First Presbyterian church and go from there to Scotland park.

Y. W. BOARD HEARS REPORTS THURSDAY. The hearing of reports and election of two members of the Y. W. staff for another year's service constituted the principal business of the Y. W. C. A. board Thursday morning, at the monthly meeting.

Mrs. Iva Austin, general secretary, and Miss Irma Dymond, girls work secretary, were elected for another year.

There were good reports from each department, those specially mentioned being the Travelers Aid and the Girl Relief societies given by Miss Jennie McCallister. Mrs. Patterson gave a good report of work among the Mexicans.

CHANGE OF LIFE LOSES TERRORS

For Women who Rely upon Lydia E. Pinkham's Vegetable Compound

Greenville, Pa. "I took your medicine through the Change of Life and it did wonders for me. I was down in bed when I started to take it and weighed 90 pounds. I had hot flashes and was so nervous and weak that everything would get black and I could not see. I would sit and cry and did not know what I was crying for. Since I have been taking Lydia E. Pinkham's Vegetable Compound I feel younger than I did ten years ago, and my friends all tell me I look younger, and I owe it all to the Vegetable Compound. I do all my housework for a family of seven now. I will be glad to answer any woman who writes me in regard to my case."—Mrs. JOHN MYERS, 55 Union St., Greenville, Pa.

FRECKLES

Don't Hide Them With a Veil! Remove Them With Othine—Double Strength.

This preparation for the treatment of freckles is usually so successful in removing freckles and giving a clear, beautiful complexion that it is said to give guarantees to refund the money if it fails.

Don't hide your freckles under a veil; get an ounce of Othine and remove them. For the first few applications should show a wonderful improvement, some of the lightest freckles vanishing entirely. Be sure to ask the druggist for the double strength Othine. It is the best and most money-back guarantee—adv.

PIPE LINE COMPANY IS BEING ORGANIZED IN AMARILLO FIELD

PLAN FOURTEEN INCH GAS MAIN 28 MILES NORTH OF CITY.

MONTGOMERY OIL CO. SELLS HALF INTEREST

Comprises Nine Thousand Acres in South Hutchinson County.

MCLAN, TEXAS, May 10.—The most interesting news of the past week has been the near-completion of the Mountain State Pipe Line Company which organization is to lay a 14 inch gas main from the gas fields 28 miles north of the city to Amarillo. This will be one of the biggest deals of its nature put over in the state in the past year and includes the merging of approximately one quarter of a million acres.

Report comes that the Montgomery Oil Company has sold one half undivided interest in their Johnson holdings in south Hutchinson county to the Coal Line Company. This deal covers approximately 8,000 acres of oil and gas leases and has been considered very favorable.

On Monday of last week the Plains Oil Company No. 1 Weatherly section 17, block Y in Hutchinson county, at a depth of 2,700 feet encountered gas estimated at 4,000,000 cubic feet. The gas was to have been taken under control and drilling to have been resumed.

In Gray county the Texas No. 1 Saunders near Letonia, the county seat, has the bit hung at 1000 feet. This was due to a cave in which mashed the twelve inch casing together and bound the bit. Materials and tools have been sent for. Rapid progress is being made in this well.

The Tipton Stone McDonald, section 20, block 8, Carson county, is now drilling at 2750 feet in a lime shale formation. This well encountered 27 million cubic feet of gas at 2400 feet and has been watched as a probable producer.

The C. C. Campbell No. 1, located on section 27, block 22, in Collingsworth county, is now drilling around 1400 feet and making rapid hole. This is one of the few rotary rigs in the panhandle.

PRESIDENT IS UNABLE TO ADDRESS VOLUNTEERS

WASHINGTON, May 10.—President Harding today notified those in charge of arrangements for the testimonial meeting tonight at New York for General and Mrs. Bunting Booth of the Volunteers of America, that he would be unable to accept their invitation to address the gathering.

If all the people on earth could stand side by side they would form a line which would encircle the earth about fifteen times.

United States High Commission Arrives In Mexico for Conference Designed to Promote Recognition

By WILLIAM F. FLYTHE
Universal Service Staff
Correspondent.

LAREDO, TEXAS, May 9.—The United States high commission to work out terms of recognition with Mexico crossed the border here today.

They are prepared to and vested with authority to break down long standing barriers to the establishment of cordial relations when they meet with the Mexican commission in Mexico City on Monday. As they go in, it is learned for the first time that the United States is satisfied of the stability of the Obregon administration. Time and conditions have brought convincing evidence of this.

The bugbear of "safety of American life" and "restoration of order" can no longer stand in the way of friendly relations. With this obstacle definitely passed and behind, the United States will seek to reach some acceptable agreement for the protection of interests required by Americans prior to 1917. This deals principally with oil and large landed estates. One thing is out of the way an effort will be made to set up a mixed claims commission to deal with compensation of the revolutionary period from 1918 to 1920. Any agreement should be binding by law and treaty. It is held so as to be lasting and not dependent on the whims and accepted good will of the present administration.

As Charles R. Warren, until recently ambassador to Japan, and Judge John Barton Payne, head of the Red Cross and holder of many important government posts, who compose the American mission, were greeted by high Mexican officials here, there was very indication that the two governments will find a common ground for agreement.

Have Open Minds.
It is the opinion of the American mission is going into the conference with an open mind and friendly attitude, at all times hopeful of success. The desire to estimate the period of their stay in Mexico because this is not to be taken in consideration of view. All larger questions at stake and the desire to reach acceptable terms.

Matthew Hanne, chief of the Latin-American section of the state department, is accompanying the mission as an expert on Mexican affairs and the progress of negotiations to date.

The United States will contend that oil properties acquired by Americans prior to the enactment of the Cárdenas constitution in 1917 may not be confiscated. It is held that this property was secured under Mexican laws first enacted in 1854, expanded in 1914 and enlarged in 1917. This law gave them the right to take out oil, a right which is claimed ought not to be abrogated by the legislation of 1917, which claims for the Mexican government ownership of all products beneath the surface of the earth.

Concede Right to Tax Oil.
The right of the Mexican government to place a tax on oil produced and exported is conceded. The agrarian land act, by which Mexico claims the right to break up vast estates into smaller holdings will be questioned only to the extent of the method of compensation for such property taken. It is to be held that property so condemned should be paid for under the provisions of the Mexican constitution of 1917. This is contained terms similar to those in the United States constitution that private property may not be taken without due compensation, in advance, paid in cash.

The existing system is the fixing of an assessment without due legal procedure with 15 per cent added to be paid in bonds of the state in which the property is located. This is not a fair method, it is held. The commission will not question the right of the Mexican government to enact such laws as it sees fit having future application. It will, however, seek to agree upon interpretations of existing law that will protect interests of Americans

GERMANY PROTESTS TO POWERS HAVING NO TROOPS IN RUHR

BERLIN, May 10.—The German government has sent a note to the powers having no part in the Ruhr occupation protesting against the Wroten court martial which resulted in the conviction of Dr. Krupp von Bohlen and other Krupp officials.

The note accuses the French of making the blowing of the sirens the basis of "a senseless charge that a secret plot was being engineered against the French troops," with the object of shifting responsibility for the deaths of 14 workers to the Germans.

The note adds that the French had never objected to the sounding of alarms and says that "instead of an atonement for the crime against the workers there has been a fresh crime in the falsification of the facts."

WAGE INCREASE IS DEMANDED ON THREE OF BIG RAILROADS

NEW YORK, May 10.—Wage increase demands by union shopmen aggregating about \$16,000,000 annually have been presented to three big roads through railway employees department of the American Federation of Labor, preparatory, it was understood, to taking the case before the United States railroad labor board, the New York Herald said today.

The roads affected are the Pittsburgh and Lake Erie, Baltimore and Ohio, and New York Central, which recognize the shopmen's unions. It was supposed in financial circles, where the report was circulated, that either big roads might be on the list.

The employees have asked for an increase of twenty cents an hour from 70 to 90 cents "for all machinists, blacksmiths, electricians, sheet metal workers and car men."

AMERICAN LOCOMOTIVE CO. HAS QUARTERLY DIVIDEND

NEW YORK, May 10.—Directors of the American Locomotive Company today declared a quarterly dividend of \$2.50 a share on common stock, an increase of one per cent over the dividend paid last year.

The stock on a no-par basis and is selling two shares for every \$100 share now outstanding.

THREATEN SUSPENSION OF SEATTLE TRADES COUNCIL

SEATTLE, WASH., May 10.—An ultimatum from the American Federation of Labor to the central labor council of Seattle threatening it with suspension from the federation, reported in news dispatches from Washington last night, following an investigation made here by C. O. Young, it was learned here today.

Young, an organizer for the federation, reported direct to Samuel Gompers, president. It was said.

STOP LAXATIVES

Which Only Aggravate Constipation

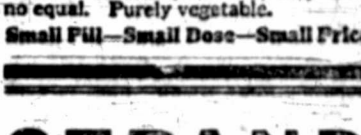

Nujol is a lubricant—not a medicine or laxative—so cannot grip. When you are constipated, not enough of Nature's lubricating liquid is produced in the bowel to keep the food waste soft and moving. Doctors prescribe Nujol because it acts like this natural lubricant and thus secures regular bowel movements by Nature's own method—lubrication. Try it today.

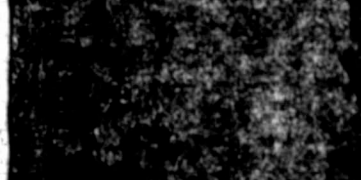

Nujol
A LUBRICANT—NOT A LAXATIVE

No More Constipation or Blotchy Skin

Want a clear, healthy complexion, regular bowels, and a perfect working liver? All easy to obtain if you take CARTER'S LITTLE LIVER PILLS, the sure, safe and easy acting remedy. For headache, dizziness, upset stomach and drowsiness, they have no equal. Purely vegetable.

SEVERAL TESTS IN LANGFORD DISTRICT SHOW PRODUCTION

Scott-Bower No. 1, located on the Ferguson tract in the new Langford district, has picked up the pay at 1615 feet and is setting casing to drill in.

In the same field the No. 2 well of W. S. Langford was placed on the pump and is good for 300 barrels from the pay at 1514 feet.

Offsetting the Langford No. 1 to the north the well of Kimmel & Dillard was put on a jack Wednesday and made 230 barrels the first 14 hours.

New K. M. A. Test.
The Wimping Oil Company has added in on their No. 1 rotary test on the Logan land in the K. M. A. district, adding another test to that section.

Well No. 13, Bradley.
Bailing the sand about 288 feet was started by the Bradley Oil Company in No. 13 well on the Hirsch tract in block 324 and the test is showing considerable oil. Casing has been set and the well will be completed the latter part of the week. The well is located as offset to the south of the same company's No. 13 which was brought in five weeks ago and is still flowing at the rate of 700 barrels daily.

To Offset Klesden Well.
Clint Albrechtson and associates have a derrick up and are moving a rig to their 20 acre tract in the Kemp-Kemper land in the Langford district and will begin once the drilling of a diagonal offset to the southeast of the Mark Klesden producer.

The Gulf Production Company Wednesday drilled into the sand at 1730 feet in their No. 2 well on lease 47. John and Jeff Waggoner, and will complete at once. At present 1400 feet of fluid is in the hole and has all indications of being a small producer. The well is located one-quarter of a mile northwest of the No. 1 Gulf.

Showing in Montague Well.
The Texas Company, No. 1, B lease on the Gist farm about 10 miles northwest of Nocena in Montague county is reported to have encountered a good showing of gas in a sand at 640 feet and is the cause of some excitement in that section of the county.

Two New Producers.
Thursday the Texas Company completed two good producers on leases in the Waggoner lands south and west of Klesden, with a total output of 275 barrels daily. No. 272, located between the Waggoner ranch house and the refinery, was finished in the 200 foot sand and is flowing by heads at the rate of 115 barrels. No. 269 Waggoner in section 25, south of center, is good for 100 barrels from the 1300 foot pay. No. 268 Waggoner is setting casing to test out the 1400 foot pay, showing lots of oil.

BURKBURNETT TO NAME COMMISSION SATURDAY, MAY 19

BURKBURNETT, May 10.—At a meeting of the city council Wednesday night a special election was called to be held on Saturday, May 19, for the purpose of electing five commissioners to serve under the provisions of the special charter recently approved by the people.

Julius Englemann, city secretary is in attendance at a convention of the Texas Municipal League now in session at Bryan, Texas.

NEWS BRIEVITIES.

Miss Winnie Helms, formerly employed in the county clerk's office arrived in this city Thursday afternoon from her home in Snyder, Texas, to accept a position offered her by County Auditor E. P. Walsh.

Mr. and Mrs. L. B. Rogers, who have been visiting with her son, Judge Guy Rogers and family, left Thursday morning to visit relatives at Grapevine.

Mr. and Mrs. B. E. Beaver of Wichita, Kan., are visiting Mrs. Beaver's aunt, Mrs. W. R. Gregg, at 1417 Collins.

MADAME CLEO, JIU-JITSU PERFORMER, JOINS LEGION EXPOSITION WEDNESDAY

An unusual attraction at the Cotton Belt Exposition shows in the addition of Madame Cleo of Philadelphia to the athletic show. Madame Cleo has joined Jack Sutherland and will give an exhibition of Jiu-Jitsu at each performance. She illustrates all the hard holds and locks in this Japanese art of defense. Her performance Wednesday night met with the approval of all the patrons and she will remain with Sutherland on his tour through the states, which he is making on a wager for the Sporting Life, a London magazine devoted to sports.

J. B. Jennings of Henrietta, who has gained some recognition finally as a boxer and base ball player, has also signed up with Sutherland and will make the circuit with him.

EDDIE'S TRUMPETERS BROADCAST PROGRAM AT WKAF WEDNESDAY

Eddie's Trumpeters, under the direction of Eddie Whitley, broadcasted from station WKAF Wednesday night to the delight of many radio fans who listened in on the program. The concert was a program of jazz dance music and was up to the high standard set by the orchestra during their stay here.

The orchestra will be engaged at the lake for the summer season, and arrangements have been made for them to broadcast the W. S. station at regular intervals during the season.

STAINED BROKEN LEG WHILE HELPING DIG WELL

B. A. Crawford, who is employed by Dr. Chas. W. Wallace, was brought to General Hospital Thursday morning suffering from a broken leg. Mr. Crawford was working with some other men in digging a water well near the city. He was in the well and filling the bucket

which was being used to remove the dirt from the well. When the bucket had been pulled almost to the surface the pulley broke and caused the bucket in falling to strike Crawford on the right limb just above the ankle. He will be confined in the hospital for some time.

F. M. HULL INJURED WHEN STRUCK BY AUTOMOBILE WEDNESDAY AFTERNOON

F. M. Hull of 1404 Travis was run down and slightly injured Wednesday afternoon at 7 o'clock by an automobile driven by Frank Wellow who is employed by Chas. Sills at 210 Mississippi. Mr. Hull was crossing Scott street, at South, going from McClurg's to North Texas Furniture Company when the accident occurred.

An ambulance was called and the injured man was rushed to General Hospital for medical attention. The examination failed to reveal any broken bones or serious injury. Mr. Hull was moved to his home at 1404 Travis Wednesday night. Reports from his physician Thursday morning stated that he was suffering from painful scalp wounds but that unless complications set up, he would only be confined to his room for a few days.

10,000 INVESTMENT IN BASIS OF CASE ON TRIAL

The case of Mr. Roy Brundage against W. T. Nabor was on trial in the 7th district court before Judge E. W. Napier, Thursday afternoon. The plaintiff seeks to recover \$1,000 which she contends was given to the defendant to invest in oil properties, but which was lost.

The jury in the case of A. P. Feck against E. H. Pigg has the case and was considering its verdict late in the afternoon. This case was also tried in the 7th district court.

FROST THREATENS DAMAGE VICINITY OF NEW YORK

NEW YORK, May 10. (AP)—Warning of a frost tonight which he said might do considerable damage to early crops of truck farmers and gardeners in the vicinity of New York, was issued today by Fore-

caster Scarro of the local weather bureau. Only high winds, he said, could prevent the frost.

Fair weather, with rising temperatures, was predicted for tomorrow. Snow fell last night and early today in many upstate districts at Niagara Falls the temperature dropped to 27 degrees and shrewberry near the falls was covered with frozen spray.

IF SICK TODAY! TAKE NO CALOMEL

"Dodson's Liver Tone" Straightens You Up Better Than Salivating, Dangerous Calomel and Doesn't Upset You—Don't Lose a Day's Work—Read Guarantee

I discovered a vegetable compound that does the work of dangerous salivating calomel and I want every reader of this paper to buy a bottle for a few cents and if it doesn't straighten you up better and quicker than salivating calomel just go back to the store and get your money back.

I guarantee that one spoonful of Dodson's Liver Tone will put your sluggish liver to work and clean your thirty feet of bowels of the sour bile and constipation poison which is clogging your system and making you feel miserable.

I guarantee that one spoonful of this harmless liquid liver medicine will relieve the headache, biliousness, coated tongue, ague, malaria, sour stomach or any other distress caused by a torpid liver as quickly as a dose of vile, nauseating calomel. Besides it will not make you sick or keep you from a day's work.

Calomel is poison—it's mercury—it attacks the bones often causing rheumatism. Calomel is dangerous if sickness—while my Dodson's Liver Tone is safe, pleasant and harmless. Eat anything afterwards, because it can not salivate. Give it to the children because it doesn't upset the stomach or sicken the liver. Take a spoonful tonight and wake up feeling fine and ready for a full day's work.—A.C.

A THOUGHT FOR TODAY

There is no remembrance of former things; neither shall there be any remembrance of things that are to come with those that shall come after.—Eccles. 1:11.

HOT SUMMER?

This summer will be a hot one, despite the late spring which has been caused by the sun giving off four per cent less heat than normally.

The reduced heat of the sun was to be expected, says Dr. Brooks, as a customary part of the "11-year sun spot period" which reached its greatest development in 1917 and recedes to its lowest point in 1923.

Brooks points out that the sun every 11 years normally goes through a period of excessive activity and then a recession from it.

One scientific explanation is that when the sun has a mild chill, as at present, its ultra-violet rays have greater opportunity to escape from the sun's atmosphere.

So, says Dr. Brooks, there probably is at present a reduced loss of the earth's heat through space; despite a reduction of the amount of heat we're receiving from the sun.

"The net result," Dr. Brooks concludes, referring to the coming summer, "should be a higher temperature, considering the world as a whole, than at the time a year or two ago when the heat received was greater."

Even the facetious who say, "Ain't natcher wonderful" will have to marvel at nature's marvelous system of checks and balances.

INTERESTING DEVELOPMENTS LIKELY IN CHINA.

Unless negotiations are quickly completed by the Chinese government for the release of the prisoners now held by the bandits who attacked a passenger train in Shantung province a few days ago capturing a number of foreigners including a number of Americans, we may expect to see joint action in China by other governments.

This is the more likely to come if the bandits kill their prisoners, whom they are holding for ransom, as they are threatening to do.

A puncture is a little hole found in auto tires at long distances from phones or garages.

The average man has a better average than the average man thinks.

You never see a bootlegger having a run-around sale on old stuff.

TODAY'S TALK

By GEORGE MATTHEW ADAMS

YOU LOSE TO GAIN! From Papini's intensely inspiring "Life of Christ," this sentence has fastened itself upon me: "Love is a fire which goes out if it does not kindle others."

The miser grows poorer the more he gains, because he gives nothing away. I have noted that this big world prospers most when nations are exchanging most and happily between themselves.

You must seemingly lose to gain! I have noted that those who complain most about a "loveless life" seem to have the least love to give.

It is the same in every phase of life. Take it in business. He who gives most to the one for whom he works, he it is who gets most in return.

The picture comes to me of Marshall Field, the man who built the greatest retail store in the world, sweeping out his own store and carrying bundles in the stock room during the early days in Chicago.

Romance in business? Why not? It's life. And life without romance might as well be done up and put away.

They say that there is no royal road to success or to happiness. Yes, there is. The road by which you keep giving—losing—to gain!

JUST FOLKS

By EDGAR A. GUEST

By the blue that bends above us. By the smiling friends who love us.

By the laughter of a baby. And the babbling of a brook.

By the glad June with their roses. And each happy day which closes.

With the prayers of little children. Everywhere God turns to look.

We are blessed in countless ways. Through the number of our days.

By the hope which glids tomorrow. By the faith which sweetens sorrow.

By the beauty all around us. When the dawn of day is fair;

By the health which God hath lent us. For the tasks for which he sent us.

We are richly compensated. For the burdens we must bear;

And though tears of grief may fall. God has blessed us, one and all.

By the glad smile of a neighbor. By the joy of honest labor.

By the singing of the kettle. And the home where we may rest;

By the true friend standing by us. Through the hours when burdens try us.

By uncounted little pleasures. All our lives are richly blessed;

Never year nor day nor minute. But holds something lovely in it.

Copyright, 1932, by Edgar A. Guest.

SMILE A WHILE

WITH TOM SIMS

Perhaps wild flowers are wild because everybody's after them.

Some men living a dog's life have no license to do it.

Blowing your own horn a little is necessary. Do not, however, blow it to beat the band.

A garden plot is a plot to prove a seed catalog a liar.

Chuckle and the world chuckles with you; weep and somebody will steal your handkerchief.

A clock watcher is usually a man who is marking time.

Porch swings, auto seats and park benches indicate the June bride crop will be large.

A steady beau is any beau sister can make feel shaky.

Screens are fine mesh wire which flies think are put up to keep them from getting out.

About the only easy way to hold a job these days is to marry some of the boss' kinfolk.

THIRTEEN KNOWN DEAD IN OIL FIRE

(Continued from Page One.)

Meeks, scout for the Humble Oil Company with others did heroic rescue work. Quinlan, who was decorated by the British government with the Victoria Cross and by the French with the Medaille Militaire during the war, inhaled so much smoke while aiding in the rescue work that he could not speak and a whisper today. He was gassed overseas.

Onlookers, previous to the explosion being kept at a distance prevented the loss of life from being more. About 500 persons, watching the work of the drilling crew, gave incoherent accounts of the flare-up hurried to the ground.

Some of the workmen were hurled flat on the ground, others seemed to creep safely away from the merciless spread of the fire although they were actually slipping rapidly through the oil drenched vicinity as fast as legs could go.

L. C. Cook, head driller of one of the crews was seen to dash away and jump into some water nearby. He died on the way to the hospital.

Six of the bodies are being held by an undertaking company here. Three skeletons, unidentified, are smoldering in a lake of oil surrounding the well which caught fire from the gas flame coming from the well and woods for 200 yards around are burned to stumps.

J. K. Hughes Development Company, said he was not able to obtain definite information of the disaster.

When the gusher caught fire, Hughes was informed over the telephone in his office at Mexia, that the well had come in Tuesday night. Some of the crew which caught fire the day crew at the well had just come from Mexia a few hours before. It is impossible to tell just how many are dead, missing, and unaccounted for, Mr. Hughes said.

Steam of No. 10

Steam will be used today to extinguish the flames, company officials announced. Boilers and fire fighting apparatus are being rushed to the scene.

The burning well is the third completed in the new field from a sand between 2,500 feet and 2,000 feet.

Oil field workers this morning frequently worked their way near the fire in hopes of recovering the bodies of some comrades but gusts of flames and the intense heat drove them off. Once they were within 15 feet of the skeletons but a spurt of flame sent them scurrying over the smoking stumps.

The groups venturing near the pool of yellowish liquid fire are not with a few women, drawn close, with sticks and faces, peering wide eyed, only to retreat with covered faces and exclamations of horror.

J. K. Hughes Development Company, an eye witness to the blast, was on the derrick floor and miraculously escaped by running.

Adjusting Control

He said the men were engaged in taking off the control head and putting on a gate valve when gas blew

REPORTED BRIGANDS RELEASE ALL BUT ONE

(Continued from Page 1.)

spy was held to have internal political significance.

It was pointed out that the Szechwan bandits seemed to have the semblance of an organization. They were said, too, to be dominated by an element which was displeased with the recent successes of the Chihli military party in the Yangtze valley. The Chihli party is sponsor for the present government in Peking. Thus was the effect of the abductions—to embarrass the government in its foreign relations—was noted especially in considering a motive aside from robbery.

Relief parties, with supplies and medical aid, were rushed from foreign agencies in various cities to the locality dominated by the bandits. Fear for the condition of the captives was stirred by a message from Linching yesterday that they were almost dead from lack of food and clothing and from exposure.

Word that the Chinese troops would stop firing upon the bandits was received with a degree of gratification by officials here who realized that encounters between military and bandit forces were likely to result in injuries to prisoners.

The previous reports have indicated that the bandits did not hesitate to shield themselves by placing the prisoners in the direct face of fire.

GOVERNMENT POLICY WILL SAVE OF RUIN LUMBER INDUSTRY

(Continued from Page One.)

CHICAGO, May 10.—Upon the legislation policy expected to be formed within the next two years by the federal government will depend the future of the lumber industry in America. C. H. Sherrill, president, declared here today in opening the first annual meeting of the hardwood manufacturers institute.

Two of the most important things to which the government must give its attention in forming this policy, Sherrill said, are reforestation and tax revision.

The slaughtering of the forests by felling timber too small to develop merchantable lumber with waste exceeding a certain percentage determined by scientific study, he asked in appealing for education of owners of timber in forestry work.

The surest, quickest and cheapest plan for reforestation, he said, was the cutting of six and eight inch diameter logs could be stopped and he left to grow for future generations.

"Whose business is it to carry burdens for the generations yet unborn? It is to be hoped that we have no hurried legislation but that the brains of the nation be kept actively on this subject until a safe and sane policy be found.

The lumberman is taxed on his stumpage; he is taxed on his land; he is even taxed for the privilege of engaging in business; he is taxed on his income and if he makes no profit he is made to show a profit anyway by improper valuations of his wasting assets for depletion. The country is taxation mad."

ORDER CHINESE TROOPS TO STOP THEIR ATTACK

(Continued from Page One.)

WASHINGTON, May 10.—The attack by Chinese troops on the bandits who captured Americans and other foreigners and wrecked the Shanghai-Peking express train in Shantung has been ordered stopped by the Peking government.

State department advices today from the American legation at Peking said the Peking authorities had ordered the Chinese troops to "desist from measures against bandits" and adopt "pacifist means" which would insure the liberation of the prisoners without injury.

The Chinese ministry of communications was said to have sent supplies of food and clothing and its agents were attempting to "distribute them among the captives."

An official report also was received confirming that Mrs. Eaton and Miss Auld, American tourists who had been reported on the train wrecked by the bandits were safe at Peking.

Word that the Chinese troops would stop firing upon the bandits was received with a degree of gratification by officials here who realized that encounters between military and bandit forces were likely to result in injuries to prisoners.

The previous reports have indicated that the bandits did not hesitate to shield themselves by placing the prisoners in the direct face of fire.

Pay Less!
Quality Goods Always!

Buying in very large quantities for our hundreds of stores, it is but natural that our New York Buying Staff should be given not only the lowest possible prices which such large orders earn, but also should be tendered the very choicest of merchandise. Thus, Your Buying Here Is Attended by Important Advantages —you get more in quality and you pay less in money! The remarkable growth of this Nation-Wide Institution from one small store to 371 Busy Department Stores in the short period of twenty years, is indisputable proof of the high character of the service we are giving. Are you enjoying it?

Corsets—Variety of Styles
Prices—98c to \$4.98

Only standard materials are used in the manufacture of the Corsets on sale in the J. C. Penney Company stores. One of the important features is the black boning which gives a wear-resistance not found in the old-fashioned paper-covered boning; also a pleasure in wearing that is appreciated. They conform gracefully to the figure, giving the much-desired uncorsetted effect with all the comfort of the ideal corset.

"Lady Lyke" Corsets
Back Lace—Black Boning 98c to \$4.98

Large variety of models and in all sizes. Made of coutil body cloth. Long hose supporters. Dainty trimmings.

Also Front Lace Corsets—Black Boning
\$1.49 to \$4.98

A number of models and in all sizes. Well made, daintily trimmed, plain coutil and brocades.

Every Corset is sold with our assurance of the utmost satisfaction. Each is hand-laundered and inspected three times before it leaves the factory. They are made exclusively for us and under an arrangement that enables us to sell them at prices that make them the greatest values known to the trade.

Before You Buy Your Next Corset Let Us Demonstrate to You

CHAMBERLAIN'S TABLETS
FOR CONSTITUTION
Amazingly Prompt and Dependable

They people who have no time for diet and exercise, and who are usually people who find their health, keep it and free from constipation, indigestion, biliousness, bad breath and other ailments, by using Chamberlain's Tablets for Stomach, Liver and Bowels.

Dr. E. H. Young New Hope, Minn. says they are the best thing he has ever used for constipation. They do not make her sick or feel weak after taking, and are so thorough in action, she never has a small stool—only 25c. Sold everywhere.

If Hair Is Dull Use Shampoo of Olive Oil

Dull, lustreless hair detracts from beauty. But hair that gleams and is soft gives beauty to the plainest of features. To get that lovely luster and lustre for your hair use the olive oil shampoo that is giving beautiful hair to thousands of women. Hair specialists charge big prices for it. You can have it at home for a few cents. Just get a bottle of PALM-OLIVE SHAMPOO at any drug or department store. It cleanses hair gently. Leaves it gleaming and pliant and lovely. One shampooing will show you what beauty there really is, in your hair.

To Make Rich Red Blood
Revitalize your worn-out exhausted nerves and increase your strength and endurance

Take Organic Iron, not metallic iron which people usually take, but pure organic iron—Nuxated Iron—which is like the iron in spinach, lentils and apples. One dose of Nuxated Iron is estimated to be approximately equivalent (in organic iron content) to eating one-half quart of spinach, one quart of green vegetables or half a dozen apples. It is like taking a pound of meat instead of eating a pound of meat. Nuxated Iron is partially predigested and ready for absorption into the blood, while metallic iron is iron just as it comes from the action of iron on small pieces of iron filings.

Over 4,000,000 people annually are using Nuxated Iron. It will not injure the teeth nor disturb the stomach. A few doses will give you a new sense to enrich your blood. Your money will be refunded by the manufacturers if you do not obtain satisfactory results.

Beware of substitutes. Always insist on having genuine organic iron—Nuxated Iron. Look for the letters N. I. on every tablet. Sold by all druggists.

ONE BIG INNING WINS SECOND STRAIGHT FROM SPUDDERS

Bears Hop On Southpaw Offerings Of Zip Dumovich for Eight Runs In Second and Sew Up Ball Game

SAN ANTONIO, TEXAS, May 10.—The Bears made it two in a row over the Spudders Wednesday when they won the second game of the series by a score of 10 to 0.

White and Spudder hit. Three of the Spudders' five runs were due to home runs, one by Al White with one on base and the other by Denver Grigby with one on base.

White's home run over the left field wall followed Becher's single in the fourth and gave the Spudders their first two runs in the fourth.

White's home run over the left field wall followed Becher's single in the fourth and gave the Spudders their first two runs in the fourth.

WESTERN LEAGUE. Clubs—Standing W. L. Pct. St. Louis 19 12 6.125 Cleveland 18 13 5.818

The Lookout

Wednesday's game, lightened up the Texas League race still further, and the way it now stands, the club in seventh place is only a short step from the lead.

Fort Worth is the only north Texas club holding its own in the invasion of south Texas. The Panthers have won two straight from the Spudders, while the Spudders, Stenders and Gassers all were losing two in a row to their opponents.

The Spudders Gassers are topping the Texas League in one department, if in no other. The Gassers are proving a redoubtable set of distance hitters and are showing the way in home runs, due mainly to the efforts of Riley, Simmons and Standaert.

The Spudders and Cats are tied for second place, with nine each. Here's how the clubs stack up or somers through Tuesday's game.

MILLERS DEFEAT NAZIGER ENTRY BY 6 TO 5 COUNT

The Wichita Mill & Elevator Company earned a close decision over the Nafziger Baking Company outfit in Wednesday's game of the Twilight League.

The Millers won 6 to 5 by bunching their five safeties with a quartet of Nafziger errors. The Mill crowd got three runs in the final two innings and the Nafziger's last inning rally fell one short of a tied score.

Willard Outwardly Is In Best Of Shape, But so Was Jeffries When He Lost to Jack Johnson

By THOMAS L. CUMMISKEY. Universal Service Sports Editor. NEW YORK, May 10.—"He looked like the old Jeff, but he wasn't."

Willard is in the best of shape, but so was Jeffries when he lost to Jack Johnson. The fight was a classic, and both men were in top form.

TIMES DAILY MARKETS

COTTON MARKET

New York Cotton. NEW YORK, May 10.—The cotton market showed renewed firmness at the opening this morning owing to relatively firm cables, reiterated reports of an improving demand both for spot cotton and cotton goods, and complaints that considerable cotton would have to be replanted in some parts of the south as a result of low temperatures. Shorts, Wall Street, Liverpool and the local trade interests were buyers at the initial auction of 12 to 15 points which carried July contracts up to 23.75 and October to 23.50 or 7 to 10 points above the low levels touched in the decline at Towhee by the market.

September 1.16 1.17 were followed by numerous small changes and then by a set back to about the same as yesterday's finish. Corn and oats paralleled the action of wheat. After opening a 1/2 to 1/4 higher, July 29 to 30 1/4 corn under a moderate gain. Wheat, however, after opening 1/4 to 1/2 higher, July 29 to 30 1/4, and later showed a slight downturn. Provisions lacked support. WHEAT. COLD DISPLACED BY WARM SUN AND BREEZE FROM SOUTH

The cold spell which hailed from northern directions was displaced Thursday morning by a soft breeze from the south and a warm sun which had no obstacles whatsoever to overcome and was able to radiate its warmth from sunrise on.

During the afternoon Wednesday the mercury was sent to the 73 degree mark for the maximum and during the night it was caused to fall to 41 degrees.

Railroad agents reported clear skies Thursday with very little wind movement. There was some evidence towards the south that the wind would take on a little more force during the day.

Another dew was perceptible Thursday morning. A heavy deposit of dew has been noted for the past week partially caused by the cool nights.

BOY PICKED UP IN FORT WORTH HAD WORKED HERE

Willie Hiedon, the 16-year-old boy who was picked up at Fort Worth and there told reporters that he had been with the circus and that he had been forced to eat horse meat and told various other kinds of wild stories left this city only a few days ago. He had worked here for Major Ted Powell, proprietor of the Pot Shop on Ohio street. The black sombrero had a wide red band and a few other of the things the boy was wearing at the time he appeared in the city hall in Fort Worth are the property of Mr. Powell, according to the latter's statement.

JUDGE MARTIN RETURNS FROM NASHVILLE, TENN.

Judge F. A. Martin, who went to Nashville, Tenn. last Saturday night to attend the meeting of the court of appeals of the M. E. church south, returned home Wednesday night. The session of the court was very short there, being but one case on appeal and this was dismissed.

Telephones for use in coal mines are to be tested at Pittsburgh in the most explosive mine of natural gas and air to prove that they can not cause explosions.

Production Crude Oil Increases From 126,000,000 Barrels Total In 1907 to 680,000,000 Barrels 1922

NEW YORK, May 10.—Production of crude oil has increased in 16 years from approximately 126,000,000 barrels, valued at less than \$100,000,000 with imports negligible to a domestic production of 680,000,000 barrels in 1922 with imports of about 125,000,000 barrels, or a total of 805,000,000, valued at more than \$1,000,000,000, according to figures compiled by the American Petroleum Institute. The capital employed in the industry as a whole has increased from about \$700,000,000 to more than \$4,000,000,000.

The daily average gross oil production of the United States increased 41,800 barrels for the week ended May 5, totaling 1,330,200 barrels, compared with 1,288,400 for the preceding week, according to the institute. The daily average production east of the Rocky Mountains was 1,378,300 barrels, compared with 1,351,600, an increase of 26,700. California production was 715,000, compared with 695,000, an increase of 20,000 barrels.

Mid-continent crude was reduced 10 cents a barrel, now being quoted at \$1.20 to \$1.25, according to the gravity of the oil. Pennsylvania districts were reduced 25 cents a barrel. Bradford district, Pa., now being quoted at \$1.75, all other Pennsylvania grades \$1.50 a barrel. Imports for the week ending May 5 totaled 1,355,000 barrels, a daily average of 376,714, compared with 1,411,000, a daily average of 352,750 barrels for the week ended April 25. Receipts at Atlantic and Gulf coast ports for the week ended May 5 totaled 806,800 barrels, daily average of 121,143, against 1,024,000 barrels, a daily average of 146,285 for the week ended April 25.

WAGGONER PLANS TO LEASE TRACTS AT TWO BIG LAKES

Sites for summer camps, bungalows and the like, on the shores of the two irrigation lakes, will be placed on the market in the near future, according to information received here. W. T. Waggoner, who owns land on the banks of both is understood to have arranged for leasing tracts of varied sizes to those who wish to establish camp sites.

Mr. Waggoner had stated earlier that his lands would be closed to campers, hunters and fishermen. He is now understood to have decided to lease out portions of his land abutting on the two lakes.

ORGAN PIPES MAKE UP INTERESTING DISPLAY FOR OLYMPIC THEATER

Through the courtesy of the Perkins-Timberlake Company, the management of the Olympic theater has on display in the corner show window an interesting and unusual exhibit made up of the various sizes and kinds of pipe being used in the enlargement and installation of the Wurliitzer organ at the Olympic theater.

The bass and treble sections are being placed on either side of the screen instead of together as has formerly been the case, and when completed the organ will be very similar to the one used in the Palace theater in Dallas and will have more than 400 pipes, according to Robert Sparks of the theater management.

The largest wood pipe is a 16 foot Bourdon, taking 48 pounds in pressure to blow it. The smallest wood pipe has a tone as sweet as the trill of a canary, it is stated.

The largest metal pipe is zinc and lead and has a 16 foot base; the smallest metal pipes are as carefully and perfectly built as a watch.

The vox-humana, which almost perfectly imitates the human voice in song, is being included as well as cathedral chimes, xylophones, orchestra bells, bird whistles, Chinese cymbal, wood block, triangle, small bass and "kettle" drums; in fact, everything that any orchestra could ever use, Mr. Sparks declares.

The organ will be ready to use Monday, May 14, it was stated.

CONSTABLES DEPARTMENT ARREST NINE DURING NIGHT

Members of the constable's department effected nine arrests during the night Wednesday. All of them were white men and women. Charges of drunkenness and vagrancy were piled against them to which all pleaded guilty in the justice court Thursday morning.

Students Loan Fund.

CUELO.—The Cuero Rotary Club has established a students loan fund, proceeds of which are to be used to loan to students without funds who desire to go to high school. More than \$1,000 already has been raised among members of the club.

Barbecue for Newborns.

ORANGE.—A barbecue for all newborns in Orange was held here recently, sponsored by scout and newspaper officials. The affair was to give the "newbies" an outing and organize a boys' club.
