DRIVING WILL INTO TISSAINT CASE

TWO BRITISH SHIPS ARRIVE WITH LIQUOR SEIZURE IS DELAYED

NEW YORK, June 22 (AP)—Two British steamships, the Baltic and Berengaria, docked today with liquor for the homeward voyage under seal in defiance of the treasury department dry ruling, but a high official at the custom house indicated that the seizure of wet goods ordered by Washington probably would not be made until tomorrow morning.

Up till 4:00 p. m., the liquor remained undisturbed, its vaults still bearing the British government seals.

Captains of both boats said they had not been approached by custom officials and expressed their ignorance of the intentions of the American authorities.

It was announced this morning that the Berengaria's manifest had been made for a permit for medicinal supplies, federal agents were notified and the vessel was ordered to anchor.

The Berengaria's manifest was a little after 11 o'clock and after a brief stop during which her sealed liquor remained unopened, she started for her pier where customs agents awaited her.

Passengers said they had had a pleasant trip and had seen the city at night, but when they rose this morning looking for an "eye opener" they found a city with pockets of flasks were in great demand.

NEW YORK, June 22 (AP)—White treasury department officials today were concentrating their attention on the Berengaria and Baltic, which are in quarantine with 6,132 bottles of liquor under British government seal for their next eastbound voyage.

Word from relatives at a distance was being awaited Friday afternoon before a definite announcement was made concerning funeral arrangements.

TEXAS FLOOD TURNS FLIVERS INTO GONDOLAS

After the deluge which swept Texas and Kansas for two weeks, Beaumont, Texas, looked like an American Venice. Flivers became gondolas.

OKLAHOMA BANKER SUSPECTED LEADER BIG BOND ROBBERY

TULSA, Okla., June 22 (AP)—Walter Whitwood, young Italian attorney of this city and Con Sullivan, described by federal authorities as a wealthy gambler of Tulsa and Fort Smith, Ark., are in the federal jail at Muskogee today following the recovery late yesterday of \$14,000 worth of government bonds which authorities say are part of a loot obtained about two months ago in a daylight robbery in New York.

The arrests were made yesterday by a private detective, both men were apprehended on busy streets and went without resistance to the federal building where they were questioned according to United States officers.

Federal authorities said that arrests of other members of the gang are expected soon. Charges were to be placed against Whitwood and Sullivan at Muskogee today.

Many Deaths As Result Heat In Eastern States

DETROIT, June 22 (AP)—The heat wave has claimed three victims in the state in the last 24 hours. There were numerous prostrations.

BALTIMORE, June 22 (AP)—The first death here as a result of the heat wave sweeping the east occurred yesterday when a 37-month-old girl succumbed.

COLUMBUS, Ohio, June 22 (AP)—Ohio today still was held in the grip of a heat wave which has taken a toll of 20 lives since Monday.

PRESIDENT AND HIS PARTY ARRIVE AT KANSAS CITY

WILL SPEND TWELVE HOURS AS GUESTS OF MISSOURI CITY. SPEAKS FRI DAY NIGHT ON TRANSPORTATION ISSUE

KANSAS CITY, June 22 (AP)—The strenuous program arranged for President Harding on his western trip combined with the weather of the summer for this week.

President Harding and his party arrived in Kansas City at 10 o'clock this morning for a 12-hour visit which will conclude tonight with a speech at the University of Missouri.

Arriving at the union station, Mr. Harding was escorted to the Blue Hills golf club. The rest of the program prior to the night address at convention hall included a presentation by the president of letters of commendation awarded by the National Court of Honor.

Simmons Must Not Use Secrets Or Klan Ritual

ATLANTA, Ga., June 22 (AP)—A temporary injunction restraining William Joseph Simmons, emperor of the Knights of the Ku Klux Klan, and others from giving away the secrets and ritual of the Klan to the newly organized Knights of Kamelia, was signed yesterday by Judge John H. Humphreys.

ICE WAGON DRIVERS AT ST. LOUIS GET INCREASE

ST. LOUIS, June 22 (AP)—Wages of ice wagon drivers here today were increased from \$22 to \$23 weekly and of their helpers from \$15.40 to \$16. About 1,000 men are employed in the city.

CONFIRM REPORT THAT AMUNDEN ABANDONS HIS FLIGHT OVER NORTH POLE

NOME, Alaska, June 22 (AP)—Admiral Byrd today from Washington confirmed the report that Harold Gatty, who had accompanied Amundsen on his flight over the North Pole, had abandoned his flight.

Grand Jury To Recess Until Monday Morning

Late Friday afternoon it was decided that the grand jury had disposed of all its witnesses summoned and inquiry brought to a statement that a recess would be taken until Monday morning.

DISTRICT ATTORNEY REFERS TO ALLEGED CONFESSION IN WHICH FATHER'S ESTATE IS MENTIONED

SPECIAL TO THE TIMES. ANSON, TEXAS, June 22.—District Attorney Bernard Martin of Wichita Falls, wrestled mentally for two and a half hours with Henry J. Toussaint, the defendant in a murder case Friday morning attempting to disprove the defense contention that the defendant is a paranoiac and to prove that there was a motive behind the killing of his father, O. H. Toussaint.

The defendant took the stand shortly before 4 o'clock Thursday afternoon and for over two hours he spoke to the jury. The statement was made without any interrogatories. In the statement the defendant detailed the history of his life bringing out the contention that his father greeted him as a newborn child as an unwelcome visitor in the home.

He told the jury that because of his birth that the elder Toussaint became ambittered to the mother and mistreated her and that in later years as he, the defendant grew up he was the object of many undue harsh punishments, blows, exhibited scars to the jury which he explained were placed there through the severe punishments inflicted by his father.

When court convened Friday morning the defendant again took the stand. He spoke of his father's estate and from a stare into the eyes of the district attorney while the latter propounded the questions of cross examination the defendant turned his eyes to the jury and made an appeal to the jury.

Two Witnesses Sent To Jail By Grand Jury

During the morning session of the grand jury two witnesses who had been called before that body were escorted from the grand jury room by a bailiff and lodged in the county jail.

Grand Jury To Recess Until Monday Morning

Late Friday afternoon it was decided that the grand jury had disposed of all its witnesses summoned and inquiry brought to a statement that a recess would be taken until Monday morning.

Three Cities In Texas to Build Textile Mills

DALLAS, June 22 (AP)—Delegates from Abilene, Live Oak and Dallas reported funds have been raised for building textile mills at a conference of the milling industry here today at which every phase of the cotton situation was discussed.

Father Reports Son Is Slayer

EL PASO, TEXAS, June 22 (AP)—The father of Simon Aragon, 26, told officers where they could find his son, who is accused of murdering Pedro Maya, 44, in Juarez, today. Maya was shot through the heart.

TRIBESMEN AGAIN ACTIVE IN MOROCCO

LONDON, June 22 (AP)—Spanish armies on the Tia-Morocco front are again gathering near the Spanish line, says a Madras dispatch to the Times. The Spaniards continue to reinforce their positions around Taflet.

Let's Swap! Madras. What you wish to play... Start to learn today! SWAP-ADS use. You can choose. Instruments that way.

MEXICO CITY AND TORONTO BID FOR ROTARY MEETING

ST. LOUIS, June 22.—Election of officers and selection of the next convention city was the principal business on the program of the forty-fourth annual convention of Rotary International.

Clay Gaudaker of Philadelphia, sole nominee for president, and the other officers have no opposition, and their election is a mere formality.

Installation of the newly elected officers concludes the convention late in the afternoon of a day spent in Toronto, Ontario, and Mexico City, Mexico, are waging the hottest contest for the 1934 convention.

The principal speaker at today's session was Arthur Meighan, former prime minister of Canada and now leader of the opposition party in that country.

No Attempt to Secure Release Of Three Jailed

HOUSTON, June 22.—No attempt will be made to obtain the release of J. L. Harper, W. E. Viles and W. S. Bradley, Goose Creek residents, sent to jail yesterday for contempt in refusing to answer grand jury questions concerning flagburning at the oil town. This statement was made today by the attorney for the three men.

The present grand jury expires today when he says the imprisonment will terminate automatically.

PRECAUTIONS TAKEN AT HOUSTON AGAINST MOB

HOUSTON, June 22.—Houston's day police force was kept on duty late last night, street lights in the business section were kept going full blast and the electric traffic signals in operation, as the result of the gathering of a crowd estimated at 1,500 persons around the county jail where three Goose Creek men had been incarcerated for refusing to answer questions propounded by a grand jury.

The questions had to do with alleged flagburning at Goose Creek, an oil town southeast of Houston. Successive grand juries have attempted to investigate the numerous whippings there but few indictments have been returned.

The crowd apparently was made up chiefly of friends and neighbors of the men who came to Houston by automobile. An absolute silence was maintained by all concerned, however.

Police were kept available to quell any possible outbreak.

The night demonstration followed one on a smaller scale at the court house in the afternoon when Judge C. W. Robinson threatened to send witnesses to jail terms and fined each \$100. K. A. Kubley, a fourth witness, escaped and was being sought to answer the questions propounded today.

The three men jailed and fined were J. E. Roberts, W. E. Viles and W. S. Bradley.

Judge Robinson announced that the men would stay in jail until they answered the questions or until the present term of court ends. He stated that they would be re-arrested and returned to jail under each succeeding term until they had answered the questions.

RAPID PROGRESS MADE IN TRIAL OF ROSS CASE

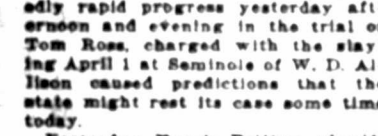

LUBBOCK, June 22.—Unexpectedly rapid progress yesterday afternoon and evening in the trial of Tom Ross, charged with the slaying April 1 at Seminole of W. D. Allison caused predictions that the state might rest its case some time today.

Yesterday Frank Britton, sheriff of Gaines county, eye witness to the shooting in which Allison and H. L. Robertson were slain, it is charged, by Ross and Mitt Good, described the killing in the lobby of a Seminole hotel. Other witnesses included Mrs. Robertson, widow of H. L. Robertson, she testified to hearing shots fired and said she hurried to the hotel lobby where she found her husband lying dead. She took a pistol from the body and fired two shots at two men she believed to be Ross and Good.

Seventy-five years ago the first commerce of New York and New Orleans was practically the same.

Stock Exchange Expels Firm of Brokers In N.Y.

NEW YORK, June 22.—The consolidated stock exchange today expelled P. G. Stamm of P. G. Stamm & Co.

Mr. Stamm was ordered to appear before the board of governors of the consolidated yesterday to explain reported fictitious trades and when he did not show up it was voted to expel him. The consolidated rules provide that a member may be expelled for failure to answer questions regarding his financial condition.

The exchange's auditing committee reported it had discovered that a large part of Stamm's transactions were executed elsewhere than on the floor. He wrote a letter offering to withdraw from membership but it was declined.

REFUSE TO INTERFERE; NOT BRITISH REGISTRY

LONDON, June 22.—According to the Daily Telegraph the British government refuses to interest itself in the seizure of the liquor ship Henry L. Marshall, on the ground that she is not of British registry. The schooner was seized nine miles off Atlantic City by an American revenue cutter on August 1, 1931.

KIRBY LUMBER COMPANY PLANS MORTGAGE BONDS

NEW YORK, June 22.—A special meeting of the stockholders of the Kirby Lumber Company has been called for July 5 in Houston, Texas, to authorize an issue of \$1,500,000 fifteen year six per cent mortgage bonds to retire outstanding preferred stock.

GOVERNMENT DETERMINED TO PREVENT INTERFERENCE WITH IMPORTS OF COAL

WASHINGTON, June 22.—An attempt of the United Mine Workers of America in combination with the unions of foreign countries to prevent shipment of coal from abroad into the United States during progress of coal strikes here will be prevented by the government of the United States promptly and forcefully, Attorney General Daugherty declared today in a letter to the federal coal commission. The attorney general declared his attention had been called to "what is claimed to be a contract" between officials of the miners union in the United States and "certain officials of a similar organization in foreign countries" providing for such a check to coal shipments during strikes. He asked the coal commission to give him any facts obtainable by it in the matter, "in order that such action may be taken as is justifiable."

HADLEY CHANCELLOR OF WASHINGTON UNIVERSITY

ST. LOUIS, June 22.—Frederic C. Hall has resigned as chancellor of Washington University, and Herbert R. Hadley, former governor of Missouri, has accepted the position. It was announced today. The announcement added Mr. Hall wished to be relieved of the chancellorship for three years.

WELL KNOWN COLUMBUS MERCHANT TAILOR DIES

COLUMBUS, OHIO, June 22.—James H. Burns, 66, well known Columbus merchant tailor and brother of William J. Burns, chief of the investigation of the United States department of justice died at his home early today of apoplexy.

WESTERN FREIGHT RATE REVISION RECOMMENDED

WASHINGTON, June 22.—Revision of western freight rates on coal from mines in New Mexico, Colorado, Wyoming and Montana, was recommended today by the Interstate Commerce Commission. No order was issued but the commission gave the railroads concerned 90 days within which to file new schedules.

DERICK UP FOR ROY I. WELLS

The derick is up and the machinery is being installed for the No. 1 well of Roy I. Carter, located 100 feet to the northeast of the discovery well in block 53, Wichita Valley lands. The No. 1 has been placed on the pump and is making in the neighborhood of 100 barrels a day.

ONE CENT GASOLINE TAX MEASURE IS SUBMITTED TO ATTORNEY GENERAL

AUSTIN, June 22.—The newly enacted one cent gasoline tax act will go before the attorney general's department for construction, it was announced at the comptroller's department today. The act will be submitted to the legal department as a precaution against double collections. Suit to test the act has been contemplated for some time. The legal department tomorrow is expected to direct the comptroller as to disposition of approximately \$100,000 which has been collected under the previous gasoline statute.

BOARD OF REGENTS OF UNIVERSITY TO MEET

AUSTIN, June 22.—Meeting of the board of regents of the University of Texas has been called by H. J. Litcher Stark, chairman, for July 16, university officials stated today. It is considered probable the board will select a permanent president to succeed Dr. R. E. Vinson, resigned. The board also will plan the budget for the coming two years under the lump sum appropriation plan adopted by the legislature. The board will have charge of allotting the funds to the various departments.

A triplane making 800 feet a second is said to be the fastest man-made thing.

America Should Have Tax-Free Rubber

Tires and economy in motor transportation are so intimately related that safeguarding the future of our rubber supply becomes a subject of vital national importance.

Forward-looking American tire manufacturers—the world's largest consumers of rubber—are already preparing to meet the situation, and in due time an ample supply of raw rubber will undoubtedly be available in districts free from burdensome taxes and restrictions.

Supplementing the commendable efforts now being put forth to provide the United States with tax-free rubber, the Pennsylvania Rubber Company of America, Inc., has already engaged a staff of experts for research in countries throughout the world where conditions may favor the growth of this indispensable commodity.

THREE GIRLS ARE INJURED THURSDAY IN AUTO ACCIDENT

ELMSTRA, TEXAS, June 21.—Miss Lola Autrey is suffering from a fractured clavicle, both of her shoulders are broken, and several ribs dislocated as the result of the kidnapping and overturning of an automobile in which she and six other girls were riding. Miss Neada Ratcliffe has a broken collar bone, and Delores Stone has a broken leg.

The young woman, with three others, were going to Skinner's Lake for a swim. When they started up a steep embankment near the lake, their car slipped and turned over a 30-foot embankment. It completed two summer seasons. Three of the girls jumped and were unhurt.

Young men bathing in the lake went to the aid of the injured girls and brought them to town for medical treatment.

Capture Big Snail
Chief of Police Jim Taylor and two of his coworkers picked up a 50-gallon still, about twice that amount of mash, and two men Tuesday afternoon. The snail was in Waggoner's pasture some four miles south of here. There was also a smaller still, which apparently had not been used.

Days Style Shop
Sam Yawita, local clothing merchant, will hereafter operate a special store for women. He has bought the Style Shop, located three doors north of his Manhattan Store on North Waggoner street. Yawita came to Wichita from Iowa Park about a year ago. He formerly owned a store in Vernon.

ACCUSES THOMPSON POSING AS WOMAN OF SLAYING TESMER

CHICAGO, June 21. (AP)—Fred G. Thompson, who all his life has posed alternately as a man and woman, was named as the slayer of Richard C. Tesmer, wealthy Chicago insurance man, in a statement made to police last night by Frank Carrick. Thompson has lived for 13 years as Mrs. Frances Carrick, the common law wife of Carrick. In the last two years he was the legal husband of Marie Clark. All three are held as suspects in the killing of Tesmer.

When confronted with Carrick's charge, Thompson, still clad in the feminine apparel which he affected as Carrick's wife, nonchalantly powdered and rouged his whiskered face from a dainty vanity case and smiled. He denied any implication in the slaying.

The police said they placed little credence in Carrick's story because of his constant habit of changing his name and sex. One of two facts in it, they said, may prove significant, however.

Mrs. Tesmer identified Thompson as her husband's assailant before she knew he was a man.

'Bill' Dollar Asks People to Know Their Own City and Nashville 'Bill' Tells of the Schools in That Place

(Copyright, 1922, F. W. Mozart.)
"It is an example to Wichita Falls and not a problem," said a man today in the hearing of Wichita Falls "Bill" Dollar. He was engaged in conversation with another man and "Bill" was talking it all in. "What a place Wichita Falls would be if everyone were like you. You don't know what makes Wichita Falls great and you don't make any attempt to find out."

This conversation set "Bill" to thinking, and after a while he said, "I wonder how many people there are in Wichita Falls who can write down the names of 25 manufacturing plants in this city, and the place opposite their names the goods that they manufacture. I don't suppose there are 10 people in Wichita Falls who can do it."

"And yet," he continued, "there are many manufacturing establishments in this city engaged in furnishing employment to hundreds of people. Any person who will attempt to give the names of 10 plants will soon find out how little accurate, dependable knowledge they could impart to a stranger if they were called on to."

"Through inability to give this information," continued "Bill," a person becomes an unscrupulous knacker of Wichita Falls, for every opportunity which presents itself to boost, by giving detailed information about this wonderful city, is lost because they couldn't take advantage of it.

"Any person who travels has come in contact with people from other cities who seldom miss an opportunity to brag about their own city to any one who will listen. No matter how willing we may be to tell what we should know about our manufactured goods, we are handicapped at the start through a lack of real knowledge that is serviceable."

Education Urged.
"Something should be done to disseminate this information in such a way that it can be absorbed without any great mental effort. Some attempt has been made through printed circulars and other means, to get these facts into the hands of outsiders; but the whole fault lies principally with the insiders. Every person in Wichita Falls should have enough information about this city right on tap so that he or she could hold their own in a conversation when it comes to comparisons.

"As a matter of policy, civic duty and pride, let the people of Wichita Falls be educated to the full understanding of what we have, so that an appreciation and knowledge of our Wichita Falls should be a habit and not an effort."

Nashville "Bill" Esters.
Nashville "Bill" Dollar said at this time, "Let me tell you what the city I call home has been doing for a long time. Our school children have been led to discover their city by having them write one careful exercise in the English course each term on such subjects as 'What Nashville Manufacturers.' The value of the Cumberland River to Nashville. 'How Our City is Governed.'

business houses that they hear and see every day."

How About Adopting That?
"There is not much doubt, then," said Wichita Falls "Bill," that those young folks would be able to name the manufacturing plants of their city and their products, is there?" We are engaged now in educating a wonderful group of children in Wichita Falls and in a few years they will be taking their place in the business world. It is much more important for them to know what is going on around about them than it is to know when Theognis or Sappho was born.

"Like any good citizen, I want to see my family, the famous Dollar family, grow. I want dozens of brothers for each one that is now circulating in Wichita Falls. Manufacturing plants will be the medium through which these new dollars will be born. If our people are educated to the point of appreciation for what we have and the needs of the future, the day will not be long coming when the dreams of the boosters will come true.

"It is no one thing that Wichita Falls should have, without any further delay," concluded "Bill," "and that is a manufacturer's building. It will be open every day in the year and contain a full display of everything manufactured in Wichita Falls so that the public may see for themselves the variety of articles that Wichita Falls turns out."

It would be a permanent advertisement for Wichita Falls and would help stimulate the buying-spirit that is so necessary to cultivate. If a 100 per cent return is to be had from the investment in Wichita Falls."

LEWIS CHILDREN ABLE TO LEAVE HOSPITAL THURSDAY NIGHT
Ruby and Joe Lewis, the children of Mr. and Mrs. H. C. Lewis, who were struck by an automobile at Ninth and Indiana late Thursday afternoon, were able to leave General hospital Thursday night. An examination at the hospital where they were taken for treatment revealed only minor injuries.

The children, with their mother, Mrs. H. C. Lewis, were crossing the street, when a car driven by J. W. Whitman struck a furniture trunk and was thrown against the children. Mrs. Lewis escaped unhurt and the children suffered only minor bruises.

WILLIAMS PRESIDENT OF TRAVELING MEN
ST. PAUL, MINN., June 22. (AP)—J. Y. Williams, of Alexandria, Va., was elected president and Grand Rapids, Mich., voted the 1923 meeting place at today's session of the Travelers Protective Association's annual convention.

LIKE SQUEAKING OF RUSTY PULLEY
MILAN, June 21.—A spirited, realistic medium reports that Enrico Caruso's spirit has revealed that he is happier where he is now than he was on earth, and that his voice, when compared with the heavenly melodies, "is like the squeaking of a rusty pulley."

The medium's message is reported in the Magazine "Illustrations."

NO STRENGTH OR APPETITE

Louise Lady Says She Used to Suffer "From Morning Vertigo Night" and Was Weak and Nervous

CHICAGO, ILL.—Mrs. O. J. Pelegin, of this place, writes that she was very uneasy about her weakened condition six months before her baby was born.

"I began taking Cardui. After taking three bottles I was much improved. I gained in strength. I was able to eat and sleep. I took 10 bottles in all and grew strong and well. My baby is the very picture of health, and I am well and so glad I found the Cardui. It is a splendid tonic for womanly weakness."

The medicine which Mrs. Pelegin took is a perfectly harmless, vegetable extract of mild-acting medicinal herbs. Thousands of other women, who have taken Cardui, have reported recovery of strength and normal health by consistent use of this well-known remedy.

When buying, please look at the label. Don't take any medicine that may be offered. Get CARDUI, the Woman's Tonic. One of its principal ingredients has been recommended by the medical profession, for female trouble, for over 200 years. Its success in relieving these complaints in many thousands of cases, is proof of its genuine medicinal value.

Take CARDUI THE WOMAN'S TONIC

TWO TO-NIGHT for loss of appetite, indigestion, constipation, biliousness.

THE WOMAN'S PAGE

**Invitation For Girls to Join
Campfire Group Leaving Here
For Craterville Camp July 2nd**

All girls over eleven years of age are extended an invitation to become members of the big group of Campfire Girls who will leave here July 2 for an overland trip to Craterville, Okla., where they will spend two weeks at the Boy Scouts camp.

Miss Glenore Fisk will be guardian in charge of the camp, assisted by several chaperones and teachers, and the girls will have work in the way of the Campfire craft and study.

Last year thirty girls went to the camp on two big trucks; this year there will be room for 200, and a number of girls from nearby towns are planning to join the campers.

The Campfire Girls' ranks include girls of all denominations (or none) and all nationalities, and a cordial invitation is extended to all girls to join the group to make their plans to attend the camp this summer with the bunch. The cost of the white trip includes transportation, meals and cot will be \$19.

Personal Mention

Mr. and Mrs. F. C. Hyter and little daughter, Elmer, and Mr. and Mrs. C. H. Stump leave today for Lake Erie, where they have a cottage for the summer and will spend six weeks or two months. They go by way of Niagara.

Mrs. Robert Millwee and two children of Dallas, who are returning from Colorado, will be in Friday afternoon for a day or two with Mr. and Mrs. E. S. Goodner.

Rev. Mr. Carrero of Fort Worth, missionary to the Mexican people in the northwestern field of the Central Presbyterian Church, is expected here Saturday to preach Sunday in the local church. He will be with Mr. and Mrs. Goodner while here.

Mrs. E. L. Fulton, Miss Mary Colquhoun, Miss Lurline Turner and Miss Toppie Darr left Thursday for Chicago, each to do special work for about three weeks.

Miss Louise Bartell of 1613 Lucille left this week for a six weeks' or two months' visit in the east. Miss Bartell will be joined in Oklahoma City by a young girl cousin, and in St. Louis by another, and the three plan to have a wonderful trip together. They will go from St. Louis to Chicago, Buffalo, Niagara, Albany and down the Hudson to New York; from there to Norfolk, Va., and on to Washington City. Out of Washington about sixty miles in the mountains at Mt. Gretna they will spend the month of July with a married cousin.

Little Miss Marian Taylor, daughter of Mr. and Mrs. C. L. Taylor of 2406 Ninth, is reported quite ill Friday.

Miss Ruby Pearson of Gainesville is visiting Miss Lucille Waggoner here.

Mr. and Mrs. F. B. Reagan of 1213 Fifth street announce the birth of a daughter Friday morning.

Mrs. Homer Crawford of Dallas is spending a week with her parents, Mr. and Mrs. B. H. Day of 1119 Alma. Mr. Crawford is expected up Saturday for the week-end.

The Tangle

Letter from Mrs. Mary Alden Prescott to John Prescott.

My Son: Dear Priscilla Bradford has written me from New York and I hasten to communicate with you. She tells me that she was at the Midnight Frolic the other night with a girl friend and saw Leslie, your wife, with that Karl Whitney. My boy, I do not know what that woman has done, nor what the trouble is between you, but I do know that I knew from the first that she was not our kind. Dear Priscilla sent me the letter in order that I might know what has already happened, and she is staying on a day or two longer than she expected so in order to find, if she can, at what hotel those who are registered.

She said that Leslie had on a very low cut evening dress, and that she was laughing and smiling up at Mr. Whitney throughout the evening. That she was rouged, and that during the evening at one time she took a lipstick from her purse and applied it quite publicly, turning her face up to him to ask him, evidently, if it were on as she wished to have it.

I know that you must have sent her away preparatory to getting a divorce, and I want you to come straight to your mother when you have arranged matters. I understand you perfectly my son; no human being can understand as does a mother the child to whom she has given birth, and has dutifully nurtured and cared for for years.

Dear Priscilla was very much shocked. She will be with me as soon as she makes her investigations in New York. I know that she will be a comfort to you in your trouble as she has been to me.

ALAMO MOTHERS' CHANT: BENEFIT AT DRUG STORE

The Alamo Mothers should sing: "They've purchased a Fountain, by Jig."

So go to McCumber—Drink drinks without pay for the thing. The Alamo Mothers' benefit this Saturday will be at the Owl Drug Store, presided over by Mr. McCumber. Some of the mothers and several girls will be at the store during the day, and half of all the profits from fountain drinks will go to the Alamo Council.

Keep Your Complexion of Rose-Petal Texture

Nadine Face Powder will keep the roses in your cheeks. It will make your skin soft, smooth and velvety. It will lend an irresistible charm, and the fragrance of the flower garden.

Nadine adheres and protects the skin from sun, wind and dust. Contains no ingredient that can harm the skin or the eyes. Money refunded if not pleased.

Min. 50c at your toilet counter. Write for full literature by mail 4c. NATIONAL TOILET CO. Paris, Tenn.

Dokey Chapter Is Organized By Local Pythians

A chapter of the Dramatic Order of Knights of Knorrsson, usually known as a Dokey, was organized by the local lodge of the Knights of Pythias Thursday night at the request of the lodge at the First Christian Church. About 30 members were present at the gathering.

P. Marrs presided over the banquet. A. R. Westfall spoke briefly on the organization of the club, and stated that Wichita Falls Dokeys had formerly been members of the Fort Worth temple, but had received a transfer. The local club is being organized for social functions of the Knights. Mr. Westfall announced that a charter for the club had been granted.

Dr. C. E. Bailey, nominated by Guy Raley, was elected the first president of the club by acclamation. Following response to his election, Mr. Bailey stated that his cabinet would be announced Tuesday night at the lodge meeting. The Dokeys are to meet regularly once each month for social entertainments and functions.

A talk by Hugh Simmons on the spirit of fraternalism, and resolutions of thanks to Ira D. Brown and John P. Marrs for their work in bringing about the organization, followed.

Entertainment was furnished by George Taylor and his mandolin. He was called back for encore after encore. His renditions of negro dialect songs and popular music were enjoyed by all present. Harry Ingram and J. G. Gentry also had talks on impromptu subjects assigned to them by Toastmaster Marrs.

Gordon Harris, pitcher for the Knights of Pythias baseball team, was introduced by Ira D. Brown, manager of the team. The Dokeys were asked to accompany the team to Archer City Sunday afternoon.

The local 1, 0, 0, K, K, is starting out with over 150 members enrolled. These were formerly members of the Fort Worth club, and will put the same low card in the rough, the hot sands. A huge Dokey hand is now under the process of organization and the next state convention will have a large Wichita Falls representation. It was declared.

Infantile paralysis is an infection of the nerve cells in the front part of the spinal cord which control muscle movement.

The Right Shortening Important

So much depends upon it. Whether your cake, your biscuits or muffins shall be light and tender, or whether they will turn out tough and soggy is often determined by the shortening you use. Mrs. Tucker's Shortening is a pure vegetable shortening. It is light and easily digested. It makes pastries and hot breads always tender and delicious.

Thousands of women are learning the satisfaction of always dependable shortening. Mrs. Tucker's never gives a lardy taste to food. In frying, it browns food crisply and delicately. It costs no more than ordinary shortening and can be used again and again.

Be sure to get the blue pall with Mrs. Tucker's picture on it. Mrs. Tucker's Shortening is made right here in the South.

Mrs. Tucker's Shortening

Made exclusively of choice Cotton Seed Oil. The south's own cooking.

BUSINESS COUNCIL FAVORS TIME LIMIT ON PARKING OF CARS

Endorsement of the proposed ordinance of an ordinance placing a time limit of either one or two hours upon the parking of automobiles in the congested downtown district was given by the business council of the Chamber of Commerce at its luncheon Friday at the Kemp hotel.

Mr. Anderson, a member of the committee, reported that he had called on several merchants to ascertain their attitude in regard to the time limit on parking and that everyone he had seen favored the restriction of parking for a reasonable time.

Other speakers on the motion included R. A. Day, Earl Dean, D. J. Carrisberg, Frank C. Kincaid, J. W. Everett Jones, John P. Marrs, E. F. Riley, Charles Watson, F. G. Swanson, G. T. Pully, C. H. Verschoyle and J. T. Gant.

Several speakers supported the contention first advanced by R. A. Day that the present ordinance permitting trucks to remain in alleys only five minutes at a time often worked a hardship upon business firms engaged in loading or unloading trucks at their places of business or those of their customers.

Chairman T. P. Duncan was instructed, upon motion made by Al Ellis and passed unanimously, to appoint a reception committee to meet the American Trade Delegation who will arrive here Tuesday morning and escort them to the Kemp hotel.

had made arrangements to take care of the party in the main dining room from 7 to 9:30 a. m. Tuesday.

Wheat thrashing in the vicinity of Wichita Falls has now progressed to a point where it is apparent that the crop will exceed former anticipations.

Judge Paul A. Donahue of the 5th judicial district, composed of Clay and Montague counties, was a caller in the city Friday afternoon.

Joe M. Beahar returned Friday from Waco, where he has been visiting his grandmother for several weeks.

California Bound on Foot Boy, 13, And Girl, 16, Apprehended Here And Father Takes Them Back Home

Having tired of the dull monotonous life on their father's farm, and finding chopping cotton not much of a pleasant task, Leo Boatright, aged 13 years, and his sister Rosa, aged 16, started for California on foot some time Wednesday night.

Thursday afternoon at 4 o'clock Leo and Rosa aroused the suspicion of two women of this city, who offered them a ride to this city, having overtaken them on the Henrietta road.

"Where are you children going?" was the inquiry.

"We are on our way to Vernon," was the girl's reply.

"But this takes you to Graham," one of the women in the automobile informed her.

Mother and Son In Lawsuit Over Car Ownership

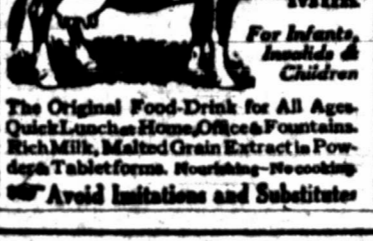

A suit is on trial before Judge H. R. Wilson in which a mother brought action against her son for ownership of an automobile.

She alleges in her petition that the defendant has had use of the car every day for the past two weeks, driving in over rough roads in the all fields.

On June 20, she complains, the son informed her that he had started to put out sequestration papers alleging that he had an equity in the car and that upon these representations he took the car and stored it in a local garage.

ations made by the defendant were false and asks that an injunction be granted restraining her son from further using the car.

On a cross motion the defendant alleges that she sold a Ford automobile and made the initial payment on the new car and that he has an equity in the automobile.

The Original Food-Drink for All Ages. Quick Lunches, Home Offices, Pountains, Rich Milk, Malted Grain Extracts, Powders, Tablets, Formulas, Mouthwashes, etc.

amounting to \$216. He asks that the court order the car sold so that he may recover the money he has invested.

In an answer to his cross motion the defendant alleges that the car of which the defendant speaks was her own and separate property and

Don't Lose Your Teeth! Thousands of people are wearing false teeth today because of the ravages of PYORRHEA.

that the defendant at no time had any title to it.

PRESIDENT URGES WORLD COURT IN ST. LOUIS SPEECH

OFFERS SUGGESTIONS FOR OVERCOMING PLEA OF OPONENTS.

EMPHASIZES OPPOSITION TO LEAGUE OF NATIONS

Thousands Greet Chief Executive of Nation on His Arrival in City.

By JAMES R. NOURSE

Universal Service Staff Correspondent.

ST. LOUIS, MO., June 22.—President Harding, in his speech here last night advocating American membership in the world court, threw a large sized bomb into the already muddled political stream.

making certain a further split in the Republican ranks.

The speech, the most important the president has chosen to make on his tour was delivered in the coliseum where a few weeks ago Senator Borah addressed a large audience in opposition to the world court plan.

The hall estimated to hold 15,000 persons, was crowded, despite the terrific heat.

The president was given an enthusiastic greeting when he entered, accompanied by Mrs. Harding and other members of his party.

Seated on the platform beside Mr. Harding was Governor Arthur M. Hyde, who sent the famous telegram to Senator Borah saying that 500,000 Missouri Republicans are opposed to the world court.

Governor Hyde, introduced as the first speaker, welcomed the president, but carefully refrained from entering any word regarding the court proposal.

When the president arose to speak he gave another ovation which lasted several minutes.

His first mention of the world court brought applause from about one-third of the audience.

His statement that it should be a world court and not a league court was more generally applauded.

Will Not Please.

The speech will be of large consequence in the future ambitions of

the president and his chances of securing a renomination. It will not please those who are for the court nor those who are against it. If the Republicans hereafter have been split three ways on the world court issue, they now will be split four ways.

For this speech the president makes a new split with Secretary Hughes, Elihu Root, Herbert Hoover and all the other Republicans who desire closer communion of the United States with politically and morally bankrupt Europe.

At the same time he cuts loose from the Wilson Democrats who have entertained hopes that acceptance of the court proposal would lead the United States eventually into the League of Nations.

The president declared for drastic modifications in the court proposal as drafted by Hughes and submitted to the senate. He declared he was ready to accept the compromise necessary to compose the differences among Republican senators and to bring the United States into the making of a league court.

He declared he was ready to accept the compromise necessary to compose the differences among Republican senators and to bring the United States into the making of a league court.

had already a profound effect here. Unquestionably it has complicated the situation for the Republicans far in excess of anything the president might have contemplated. Not only has it driven a cleavage between the president and the Root-Hughes group, but it also has made it harder for Republican senators to vote for the court plan, which requires 54 votes for ratification.

Borah and Lodge. What, for instance, will Borah and other irreconcilables say to the president's suggestion to have the court self-perpetuating? How will Lodge, leader of the senate Republicans, look upon the proposal to take the election of judges out of the hands of the league and reposit it permanently in the court in the make-up of which the United States had no voice?

Far greater in consequence, however, is the effect it will have upon the Wilson Democrats who have taken up the court proposal as an entering wedge into the league. The president has spoiled this hope utterly. How many of the Wilson Democrats will be willing to vote for the court proposal? The president tells the country that not only is the league issue dead, but it would strip the Wilson Democrats of their authority or control over the court.

The problem has its basis in the demands of citizens for appropriation of a portion of the rich ranch of William R. Hearst, American publisher, which lies 200 miles southwest of El Paso.

If the rumors are true the Chihuahua officials have no desire to incur the enmity of Mr. Hearst and his newspapers which have recently been publishing pro-Mexico dispatches and are indirectly advocating recognition for the southern republic. For this reason they have asked Mr. Hearst whether he will sell a portion of his ranch to satisfy the demands of nearby residents for farms, and if so what price he will accept. It is said, in the meantime, the clamor for Hearst land is increasing.

OUTLINE PLAN FOR FARM CONTROL OF ARMOUR GRAIN CO.

NEW YORK, June 22.—A plan whereby the United States Grain Growers Inc., an organization of farmers engaged in cooperative marketing, can obtain control and ultimate possession of the Armour Grain Company, with its entire organization and present executive personnel, has been suggested by Bernard M. Baruch and is being considered by Ogden Armour, head of the company, and its president, George M. Marcy.

Premature publication of his idea led Mr. Baruch last night to issue a statement making it clear that his program has only been suggested by him as a private individual without authority and is still in that stage. He made public a letter he wrote to an "agricultural senator" outlining his views.

Regarding his plan for financing the deal, Mr. Baruch wrote: "Enough farmers would be asked to subscribe an amount sufficient to make a large payment, the balance to be paid out of the cost of the handling of the grain."

"The farmers would receive a certificate of interest for their original subscriptions and for the profits made out of their grain until the profits had paid for the purchase."

"Mr. Marcy would direct the organization for five years and by that time executives could be trained to go on with the work."

Ray of Hope In Volcanic Region No Loss of Life

CATANIA, ITALY, June 22. (AP)—For the first time since Mount Etna became violent, a ray of hope came this morning for the much feared inhabitants of the volcanic region. The danger is not yet ended for the crater of the mountain is still belching streams of lava and great columns of smoke, but the complete destruction of nearby communities, but undoubtedly the violence of the eruption is decreasing. Relatively small number of fresh craters—about 20 in number—opened during the night, indicating that the pressure within the mountain is less.

Volcanologists say it is impossible to prophesy how long Etna will continue active, but they expect a return to more normal conditions within a short time. Meanwhile, although the volcanic activity has become enormous, the present eruption has claimed no human victims. Even physical injuries have been extremely few.

Latest estimates placed the damage at more than 100,000,000 lire, exclusive of the injury to crops caused by the showers of ashes and cinders. This destruction extends over a vast area. The lava stream that has been threatening Linguaglossa has been turned aside by a spur to the south of the town and has reached the sea at Taormina, Linguaglossa and Randazzo. The molten mass is proceeding slowly along this highway, which follows a gentle slope and although the stream was 100 yards from Randazzo this morning, the situation is not considered serious because the lava is cooling and the eruption decreasing in intensity.

ARMOUR THAT PROPOSAL IS SUBMITTED TO ARMOUR

CHICAGO, June 22. (AP)—Denial that a plan under which the United States Grain Growers, Inc., might obtain control of the Armour Grain Company had been suggested to officers of the grain firm and that such a proposal made elsewhere was receiving the serious attention of Armour officials, was made today by George E. Marcy, president of the Armour Grain Company.

Commenting on reports from New York regarding a plan shaped by Bernard M. Baruch, widely known financial director, whereby the grain growers might gain control of extensive marketing machinery

BOBS CALOMEL OF NAUSEA AND DANGER

Medicinal Virtues Retained and Improved—Dangerous and Sickening Qualities Removed. Perfected Tablet Called "Calotabs."

The latest triumph of modern science is a "de-nauseated" calomel known to the drug trade as "Calotabs." Calotabs are a daily useful of all medicines thus remove a wide field of popularly-used, but refined from objectionable qualities which are heretofore limited to use in biliousness, constipation, headache and indigestion, and in a variety of liver, stomach and kidney troubles. Calotabs are the most successful remedy, but its use is often neglected on account of its sickening qualities. Now it is the safest and most pleasant medicine to take. One Calotab at bedtime with a glass of water—no taste, no griping, no nausea, no pain, no bad night's sleep and the next morning you are bright and cheerful. Calotabs are sold only in original packages, and are available in large, family packages, and in small, trial size packages. Calotabs are sold at the price of a guarantee that they will be therapeutically effective. Calotabs—(adv.)

for the 1923 grain crop. Mr. Marcy said emphatically that no specific proposal along these lines had been put before Armour representatives. "There is nothing for us to be considering," he said.

GOVERNMENT READY TO SEIZE LIQUOR

(Continued from page one.)

ports that all foreign liners on their way now to the United States were carrying supplies for the homeward voyage, indicating concerted action to test America's dry laws on the seas. The French liner Paris is expected tomorrow.

The United American liner Itance, flying the Panama flag, which also arrived from abroad today, came in home dry. She dumped what liquor her passengers could not drink before crossing the three-mile line.

Customs officials visited the Baltic manifest and belief became stronger that no action in her case would be taken until the manifest was presented at the customs house.

The Baltic reached her pier shortly after 11 o'clock and Captain Roberts prepared to sign her manifest, after which he planned to visit the customs house.

It was learned that while the customs authorities intended to seize her sealed liquor they did not plan to act until after Captain Roberts had applied to the United States public health service for a permit to enter with liquor for medicinal purposes. After this permit had been issued the customs agents were under orders to seize all liquor in excess of medicinal requirements, whether in or out of seal.

This program also would be followed with the incoming Berengaria and other ships carrying liquor under seal for the return trip. It was indicated.

INSTRUCTED TO SEIZE ALL LIQUOR IN STORE

WASHINGTON, June 22. (AP)—Treasury officials arriving at their desks this morning to find that the British steamer Baltic had arrived unexpectedly at New York with a cargo of liquor under seal. It was declared that the New York customs officials had instructions to seize all such stores and that there should be no question of their authority to proceed at once against the Baltic.

One of the main elements in the situation on which Treasury officials are doing little talking is the question of whether ships which bring in liquor under seal shall themselves be confiscated under the clause of the Volstead act authorizing seizure of contraband carriers.

It was said by one Treasury spokesman today that only an extreme construction of the law would permit confiscation of a regular liner because of the presence of intoxicants aboard. Other legal authorities insist, however, that the Treasury makes such construction mandatory in the case of a liner, just as in the case of an ordinary rum runner.

GREAT BRITAIN IS NOT CHALLENGING AUTHORITY

LONDON, June 22. (AP)—In connection with the arrival of the liner Berengaria at New York, it is declared in well informed quarters here that the British government in no way challenges the authority of the American officials to break the liquor. It being recognized that the jurisdiction of the British government in the case of liquor or any other goods sealed at a British port ceases at once the three-mile limit is passed.

In hibernating animals the power of generating heat with their bodies is very slight.

CHICAGO, June 22. (AP)—Approximately three states experienced unseasonable cold yesterday while the rest of the United States sweltered. Some relief is in sight for many sections, but in others there will be no break in the heat wave, forecasters say.

Scores of deaths and numerous prostrations resulted from the hot weather. High temperature records were made in many cities.

The most notable contrast was furnished by New Mexico, where a severe frost made it necessary to break ice in watering troughs in some sections so livestock could drink; the mercury dropped to 28 degrees above zero on the Arizona desert. Citizens of Superior, Wis., hurriedly dragged out winter clothing when the temperature there descended to 45. Duluth, Minn., had a minimum temperature of 22 and generally cooler weather was experienced in North Dakota.

In the eastern states, more than 40 deaths were recorded. Factories and schools generally were closed. Baltimore and Washington saw the hottest weather in the history of the two cities when the mercury climbed to 100 degrees. Washington and Harrisburg, Pa., registered 98, while 94 was the maximum in New York City, 95 in Providence, and 90 in Atlantic City. Much suffering was caused in New York's Queensboro section when the water supply failed because of alleged illegal use of garden sprays.

Chicago and vicinity and virtually all sections in the southwest, east central and north states sized. Four died and 30 were overcast in Chicago, bringing the total fatalities for the week to 21. The maximum temperature was 92 and comparatively cool weather was general over the Pacific coast states, except at Needles, California, where the temperature was 94. Los Angeles and San Diego were the hottest points on the coast with 88 degrees.

HOT DAYS INCREASE DANGER OF HIGH BLOOD PRESSURE

On hot days the atmosphere takes moisture rapidly from the skin; the skin supplies the loss by abstracting more from the blood, and in consequence the blood becomes less fluid and therefore flows with greater difficulty. With thicker blood there is a constant tendency toward the blocking of the circulation. With the increased pressure one of two things is likely to happen, both extremely dangerous.

Either one of the smaller and weaker blood vessels will rupture (apoplexy), or the more watery portions of the blood will be forced into the tissues bringing on Bright's disease or dropsy.

High Blood Pressure is a symptom in itself that the body is absorbing toxic poisons created in the intestines by wastes that lie there too long.

It is well known that the bile is Nature's own regulator and antiseptic. With faulty digestion and imprudent diet, causing liver disturbance, the bile becomes thick, rosy and stagnant. In this condition it cannot do the work Nature intended and auto-intoxication (self-poisoning) results.

A well known physician has succeeded in producing a tablet form under the name Bi-a-lin, the active medicinal properties of the human bile combined with pleasant, mild, but effective eliminants. These tablets cleanse the system within a few days of the accumulated poisons that cause high blood pressure. If you suffer from headache, dizziness, sour stomach, have ringing in the ears, shortness of breath, are constipated, you have the danger signals of high blood pressure. Bi-a-lin reduces high blood pressure rapidly by reaching its cause. You can get Bi-a-lin at most good drug stores with a guarantee to return your money if you do not get powerful relief from the very first bottle. Smith Drug Store, Store No. 1, 729 Ohio Avenue, Store No. 2, Kemp Hotel building—adv.

On Sale at a Reduction of ONE-FOURTH

Entire stock of spring and summer suits, consisting of fine worsteds, cassimeres, novelty fabrics, Dixie weaves, Tropical worsted and mohairs. This sale includes everything but SEERSUCKERS AND SPANISH LINENS.

GROCERY-MARKET DEPARTMENT

AMERICAN EGGS ARE NOW EATEN IN ALL SECTIONS OF EARTH

The flocks of the American hen proliferate throughout the entire world and with constantly increasing intensity.

The total number of eggs sent out of the United States in the fiscal year which ends with June 30, 1923, will approximate 500,000,000, with a value of approximately \$12,000,000, according to figures compiled for the trade record of the National City Bank of New York.

The present high record is a result of the growth in the exportation of this food supply. It is thought that the eggs of the United States are now eaten in all sections of the earth.

Where do they go? To every continent and all of the islands and colonies of the world. The distribution of countries are not available for the current fiscal year but for 1922, the former high record year, show eggs sent in the fiscal year to 26 countries, while those in the dried, frozen or canned state went in 1922 to no less than 100 countries, colonies and islands, representing all of the grand divisions of the world.

It is in the class being exported in the dried, frozen or canned state that the widest distribution and the most rapid growth occurs. They went in 1922 to 16 European countries, all the colonies and islands of the Caribbean sea, nine south American countries, a dozen Asian and Oceanian, and a limited number in Africa.

This new development in the export of what was considered a few years ago a "negligible factor" in the export trade illustrates, says the trade record, the constant increase in the variety and value of food materials which the United States is placing upon the world market and the aid which these minor industries of the country are rendering in supplying the "wherewithal" required for the purchase of the tropical foods and manufacturing materials which we must always bring from other parts of the world.

The art of distributing eggs in condition in which they can make long voyages in all climates developed rapidly during the war and especially among the Orientals. The value of eggs officially described as "dried, frozen, etc." entering the United States advanced from \$1,000,000 in the year preceding the war to over \$8,000,000 in 1922, but dropped to about \$2,000,000 in 1923 and was almost exclusively of Oriental production, a very large proportion coming from China, with limited quantities from Japan, Australia and New Zealand.

Household Suggestions

Butter the Cups.
Butter your custard cups before filling them. They will not be so hard to wash.

Lemon Drops Are Good.
Lemon candy drops served with tea are preferred by some to plain sugar and lemon.

Use Strong Brine.
You can clean willow furniture by giving it a thorough bath in a strong brine. Salt and vinegar will clean brass.

Heat the Milk.
The undercoat to your custard pie will always be crisp if you heat the milk to the boiling point before mixing it with the eggs.

Salt and Vinegar.
Vinegar will not curdle your salad dressing if you add a good pinch of salt to it.

Keeps Cheese Fresh.
Cheese will not get stale or hard if you wrap it in a cloth wrung out of vinegar.

Salt Sets Color.
In washing gray, black or dark blue material, put salt enough to make a strong solution. This will set the color.

Sift Soda First.
Sift your soda before you put it into your cake unless you dissolve it in hot water.

Relief for Burns.
Put a little damp soda on your burn and it will relieve the pain.

Mayonnaise Dressing.
In making mayonnaise dressing stir the beaten eggs into the cold vinegar and when the mixture is boiled the dressing will not curdle.

White Silk Stockings.
Wash your white silk stockings and gloves in water in which ammonia has been added—about a tablespoon to two quarts of water. This will prevent them from becoming yellow.

Ready Cooking Aid.
This will help you out in the kitchen: Typewrite a table of weights and measures and tack it on the wall over the kitchen table.

Mildew Stains.
Mildew stains can be removed by soaking the material in buttermilk.

Wholesome Ways To Prepare Eggs During Dog Days

The following egg recipes offer wholesome and easily prepared dishes for summer days:

Eggs for Supper.
Allow one hard-boiled egg for each person to be served, and two or three extra ones. In boiling the eggs place them in cold water, bring water to a boil, and cook gently for 20 minutes. Pour off the boiling water and cover the eggs with cold water until ready to use.

Remove the shells. Cut in halves, remove yolks. Mash yolks and add melted butter, salt, pepper and any finely chopped bits of cold meat left over. Fill the egg whites with this mixture and press the two halves together. Have ready as many slices of tomato as there are eggs, and two or three leaves of lettuce for each serving.

On the lettuce, place the tomato slices, and on each slice of tomato place an egg. Pour over this a spoonful of mayonnaise, to which has been added chili sauce or tomato ketchup, allowing two table-spoons of the chili sauce or ketchup to each cup of mayonnaise.

Serve with these green olives and hot biscuits, or bread and butter sandwiches.

Omelet of Bacon and Potatoes.
Cut one cupful of diced potatoes from cold boiled potatoes, and cut up four slices of bacon into small pieces. In a frying pan place two

COTTON MARKET

New York Cotton.
NEW YORK, June 22.—The cotton market opened steady at an advance of five to 15 points in response to steady Liverpool cables and bullish private crop reports. Two of these reports were issued, one of them making the condition of the increase in action market, and the indicated yield 10,450,000 bales, while the other estimated the crop at 10,400,000 bales. The increase in the indicated yield is 10,450,000 bales, or 450,000 bales more than the indicated yield of 10,000,000 bales. July contracts sold up to 27.43 after the call of 19 points net higher, and the new crop months showed net advances of about 10 to 15 points with October selling at 24.32. There was trade and commission house buying on the advance but the market met considerable resistance and light southern selling and early fluctuations were noted. Reactions of 10 to 15 points were followed by a steady mid-afternoon market with July rallying to 27.43 and October 23.90 at 2:00 o'clock or about 12 to 20 points net higher. Local authority estimated the acreage at 26,923,000 or an increase of 5.7 per cent. The early reaction was absorbed on comparatively moderate setbacks and the market was very steady later on a scattering demand which appeared to be inspired by similar near month's early, bullish private crop figures and an idea that rapidly diminishing stocks would mean an export demand for early new crop shipments. July contracts sold up to 27.43 and October 23.90 at 2:00 o'clock or about 12 to 20 points net higher and the market was within 4 to 5 points of the best around mid-day. Cotton futures: High Close July 27.43 27.21 27.43-27.21 October 23.90 23.68 23.90-23.68 December 24.71 24.37 24.71-24.37 January 24.40 23.94 24.40-23.94 March 24.20 23.85 24.20-23.85

GRAIN AND PRODUCE

CHICAGO, June 21.—Revival of export demand together with less favorable reports from Europe had a bullish influence on the wheat market today during the early dealings. The fact that prices have undergone 21 cents decline here of late tended also to bring about upturns. Buying was more aggressive than had recently been the rule and there was less resistance to sell. Opening prices which ranged from 1.20 to 1.25, advanced to 1.25 to 1.30, and December 1.27 to 1.32, were followed by material gains all around. Subsequently buying orders failed to follow the bulge in price and market receded as a result. Toward the last dry weather complaints from North Dakota and stretches of red dirt from the southwest railed the market again. The close was firm 1/2 to 1/4 higher, September 1.28 and December 1.31 1/2 @ 1.32.

NEW ORLEANS, June 22.—Spot cotton steady, 100 points higher. Sales on the spot at 11 to 12. Low middling 14.25, middling 15.00, good middling 15.75, low middling 14.25, good ordinary 15.00, receipts 625, stock 74,312.

TEXAS SPINNING COTTON.
DALLAS, June 22.—Cotton steady, 21 1/2. Galveston, 23.90. Houston, 24.32.

STOCKS AND FINANCIAL

NEW YORK, June 22.—With public confidence steadily restored by the evidence of powerful banking support extended to yesterday's market, leading orders were numerous at the opening of today's stock market, leading prices in some instances being one to two points above the final quotations yesterday. The market was carried by the best gainers, especially the high grade railroads, and the market was belated covering by short interests and an increased demand from commission houses carried the list substantially higher in the early trading. New York Air Brake, Cuba Cane Sugar preferred, and Tube and Steel preferred, improved two to 1/2 higher and Union Pacific, New York Central, Canadian Pacific, Norfolk and Western, Baldwin, Corn Products, Pan American, Pressed Steel Car, Central Leather, American Ice and May Department Stores 1 to 1 1/2. Foreign exchanges were stronger at 4 1/2. French francs advanced 1/2 to 1 1/4 cents and German marks were unchanged at 90 1/2 cents.

WOOL MARKET PASSES ANOTHER FULL WEEK.
BOSTON, June 22.—The Commercial Bulletin with any tomorrow. The wool market has passed through another full week with prices ruling irregular and a shade lower than last week. The market is disturbed and resentful over government wool experts' unofficial predictions of lower prices here and at London. Further exports are being made. In the west the market has slowed up but some consignments as well as sales at the lower level are reported. The foreign markets are generally steady, Sydney being practically firm on the basis of Brisbane sales. The goods market is steady. Mohair is still slow but firm. The average suburban lawn gives ten barrels of water to the air every summer day.

NEWS BRIEVITIES

J. R. Morgan left Friday for an extended visit with friends and relatives in Virginia and Kentucky. He expects to be gone for two or three months.

James O'Donohoe of Duncan, Okla., was among the visitors from that side of the river Thursday.

E. A. Dale and John Browne, oil operators, are among the Electra visitors.

W. B. Hamilton of the Teshoma Company has returned from a three-day business trip to Dallas.

The unlimited supply of iron in the United States at the beginning of 1921 was estimated at 9,855,000,000 metric tons.

DARCOVA VALVE CUP

The Same Old Bait

IT TAKES a pretty poor fish to believe that a substitute is "just as good" as the genuine Darcova Valve Cup with fifteen years of experience and proven value behind it.

The Darcova Valve Cup is made from marine shell and is durable. Any oil man can tell you that Darcova Valve Cups last everything for wear and service.

When you re-cup, be sure to use Darcova, and set your valve cup wires at just the right time to come. Look for the Darcova label and accept no substitute.

DE MOLOY CLASS OF 31 CANDIDATES IS INITIATED HERE

By FRANK S. REID.
 "I have never seen better De Moloy work anywhere and I have seen a lot of it. I do not intend this as flattery, but I am sincere in what I say, and I want to congratulate the members of Hope Chapter of De Moloy upon the splendid manner in which they have conferred the degree," declared J. C. Jones, personal representative of Sam P. Cochran, head of the De Moloy organization in Texas. Mr. Jones presided at the initiation held by Hope Chapter Thursday evening at Masonic hall. The following young men were given the degrees of the order: Paul Morton, Henry R. Garrett, George B. Foster, Leland Miller, Duell Z. Houser, Sam W. Gibbs, Matthew W. Quailine, John Gustave Leuechnee Jr., Ray Krause, Howard Fletcher, Ernest Stinson, Lewis H. Edmondson, Harry E. Logan, John E. Kerner, Kenneth A. Rice, Duncan Y. Quailine, Mercer Crockett, Robert Bruce Palmer, William G. Crockett, Leo Haney, Bascom Nelson, Elmer Monte, Floyd A. Harrison, Harold Edgar Rosenthal.

Hope Chapter has grown by leaps and bounds since its installation in this city, sponsored by Wichita Falls Commandery No. 53, Knights Templar. It is composed of some of the best young material of our city. All the stations are filled by the young men, and their rendition of the work is worthy of a good deal of commendation. De Moloy has devoted much of his time to assisting the boys, and has won the esteem of all who know what his efforts have been.

Many Master Masons were present to witness the work, and also a number of out-of-town members who expressed their appreciation of the work, many never having seen the work put on before.

The chapter opened at 8 p. m. with Master Councilor George Rose in the chair, Wallace Bright, senior councilor and Edgar Smith as junior councilor. The initiatory degree was conferred, the candidates all obligated in a body, then one of the members of the class, Jack St. Fletcher, was given the balance of the initiatory work, with the other members of the class as witnesses.

Jaques De Moloy's sufferings, his tortures and the memory of his wonderful life which has formed the basis of the De Moloy organization, were beautifully portrayed in the drama of the second section, with Robert McAbee as Jacques De Moloy, George Ross as Inquisitors and Bill McClure, as Jacques De Moloy, the martyr. The work left a lasting impression upon the members, many of whom spoke feelingly of the impressions it made upon them.

In a stirring address at the close of the meeting Brother J. C. Jones spoke feelingly of one of the great lessons taught in the De Moloy work, reverence for mother and father, also of the many other lessons that speak for character in rounding out a boy's character. The close of the address, presented to Robert McAbee, past Master Councilor, the jewel of his office, in behalf of the chapter. He responded feelingly, expressing appreciation of the honor that had been conferred upon him and the part he took in the organization of the chapter.

The meeting was one of the most impressive and beautiful ever held by the De Moloy boys. It has certainly made an impression upon all who have seen the work which the boys are doing. The organization is growing rapidly and is going to make the organization a powerful one in the Federal life of the city, to say nothing of the wonderful influence it is exerting among the young manhood of our city.

PLANS FOR ADDITION TO FIRST PRESBYTERIAN ARE PRESENTED; VOTE LATER

Plans for a \$25,000 addition to the church edifice which will fill the needs of the congregation for the next 10 years, were submitted to the membership of the First Presbyterian Church Thursday night by C. W. Bulger, original architect of the building of Dallas.

The plans submitted by Mr. Bulger at the meeting Thursday night call for an additional width of 14 feet, accommodating 15 Sunday school rooms and increasing the seating capacity of the church auditorium by 100. The architect pointed out that the proposed addition would not detract from the present architectural beauty of the building.

Although the majority of the congregation are heartily in favor of the adoption of the plans submitted Thursday night, an action was taken to accept or refuse the plans. Dr. Grafon, pastor of the church, said Friday morning that he has no doubt that the plans would be carried out as outlined and that the church would be called on to vote on the matter at an early date.

A date for bringing the matter before the church for a vote will be set, a conference of the men of the church to be held Saturday afternoon.

Members of the city council are expected to attend the meeting of the League of Texas Municipalities to be held in Dallas Saturday to effect a permanent organization of the Texas cities that will oppose the proposed increase in gas rates. The decision to attend the meeting was reached after E. M. Mann, city attorney, at a special meeting of the council Thursday night, gave a report on the activities of the various cities concerned in fighting the proposed "ready-to-serve" charge of 50 cents per month on each meter.

Mr. Mann said Thursday night that the proposed increase in rates would mean an added charge of \$4,000 annually for the people of Wichita Falls in his opinion. He urged the council to attend the meeting in a body if possible, since the meeting in Dallas Saturday is considered one of the most important steps in the fight against the increase in rates. Representatives of 21 cities are expected to attend the meeting Saturday.

AUTO CARAVAN TO ANNUAL MEET WILL ARRIVE TUESDAY

The automobile caravan to the annual convention of the Colorado-Gulf Highway Association, which will be held at Alvarado, June 27 and 28, will pass through Wichita Falls Tuesday morning about 10:30 o'clock.

John C. Wells, field director of the association, with offices at Dalhart, passed through the city Thursday. He stated that only 20 cars would be in three processions upon arrival here and that three or four cars would join them in this city.

The party will spend Monday night at Vernon and will have lunch at Henrietta.

Property owners in the neighborhood of Lake and Gaston streets submitted a petition requesting the installation of an arc light at the corner of the streets mentioned. The petition was referred to Street Commissioner Clifford for investigation and action.

The council voted to allow a vacation of two weeks for F. N. Lawton, manager of the city water department.

APPOINTMENT OFFICERS OF FAITH LODGE ARE FILLED

At a meeting of the newly elected officers of Faith Lodge, A. F. & A. M., the appointive officers of the lodge were named as follows: Joe D. Dickson was named senior deacon; G. E. Davis, junior deacon; Rev. T. E. Danson, chaplain; E. E. Hardesty, senior steward; A. R. Salmon, junior steward; E. D. Cline, R. E. Shepherd and R. R. Plisk, entertainment committee; F. J. Card, Al Elliot and D. D. Meninger, finance committee; and Dr. E. R. Collard, C. G. Pogenpohl and C. O. Simmons, charity committee.

WELL RETURNS FROM NATIONAL WHEAT CONFERENCE

Frank Well returned Thursday afternoon from Chicago, where he spent several days in attendance upon the sessions of the National Wheat Conference.

The principal speakers were

BOY INJURED IN ACCIDENT THURSDAY IS REPORTED BETTER FRIDAY MORNING

Reports from General hospital Friday morning were to the effect that Leslie Boley, the 8-year-old son of Mr. and Mrs. F. R. Boley, who was struck by an automobile and badly bruised Thursday afternoon when he attempted to cross the street at Eleventh and Burnett, was somewhat improved. An examination revealed that the child was not seriously hurt, but was suffering from painful scalp wounds; he will be able to leave the hospital in several days.

The child was crossing Eleventh street at Bluff when the accident occurred. Lawrence Townley, driver of the car that struck the child, was driving at a very slow rate of speed, according to witnesses of the accident, when the child darted in front of the machine.

AGOGA CLASS BANQUET IS ATTENDED BY FORTY MEMBERS THURSDAY NIGHT

Forty members of the Agoga Men's Bible Class of the First Baptist Church were guests of their teacher, E. E. Fuller, at a banquet Thursday evening at the Wichita Club.

The principal speakers were

PHYSICIANS WISH NO TRIFLING WITH THEIR PRESCRIPTIONS

The physician expects his patients to get exactly what he prescribes. Substitution is wrong if it consists only in putting into a prescription a drug made by some other maker than the one specified.

ASK YOUR PHYSICIAN ABOUT OUR PRESCRIPTION SERVICE

There is never the slightest temptation for us to substitute, for we always have a complete line of prescription drugs.

Prescriptions called for at your home or physician's office and the finished medicine delivered at the earliest possible moment.

LET US FILL YOUR NEXT PRESCRIPTION

ELECTED VICE-PRESIDENT OF COUNTY CLERK'S BODY

Mrs. Alma Y. Miller was selected vice-president of the county clerk's association of the state at the convention just closed at Galveston. Mrs. Miller returned from the meeting Thursday evening.

DR. GUY RALEY APPEARS ON PROGRAM AT CONVENTION

Guy Raley, county tax collector, will attend the annual convention of the county tax collectors of the state to be held at the Jefferson Hotel, Dallas, on June 28, 29 and 30. Mr. Raley appears on the program at the opening session and at this time he will urge that Wichita Falls be selected as next year's convention city.

Make Yours An Unworried Vacation

A vacation that doesn't bring relaxation and rest is no vacation at all. A. B. A. Travelers' Cheques eliminate the money worries that militate against relaxation and rest; they add to the convenience and comfort that a vacation ought to include.

The taste down here in Texas

Wouldn't this puzzle you, too? **EXCEPT IN TEXAS—**

Kellogg's Corn Flakes overwhelmingly outsell any other so-called cereal. The national daily demand for Kellogg's Corn Flakes exceeds one million packages! Think of it!

That's because Kellogg's Corn Flakes are irresistibly delicious in flavor and crispness and substantial flake! They're wonderful!

If Kellogg's Corn Flakes are the choice of New Yorkers and Californians and Marylanders—why shouldn't Kellogg's Corn Flakes also lead in Texas?

To get Kellogg's Corn Flakes you must say "KELLOGG'S CORN FLAKES"! No other way than actually saying "Kellogg's Corn Flakes" will get you KELLOGG'S Corn Flakes!

To-day—buy Kellogg's Corn Flakes in the RED and GREEN package. If they're not the best ever—your grocer will return your money!!!

We are also makers of Kellogg's Bran, cooked and branmed, and Kellogg's Wheat-wheat Bran flakes!

Look for the RED and GREEN Package
