BERRY ON TRIAL AT SEYMOUR

GOVERNOR DAVIDSON TO MAKE PERSONAL INQUIRY OF KILLING

LEVIATHAN REACHES CHERBOURG FRANCE OFF FOR ENGLAND

COMING OF GIANT AMERICAN LINER CAUSES STIR AT SOUTHAMPTON

ARREST OF MANY OF CREW IS EXPECTED

Scotland Yard Detectives Leave London With About 200 Warrants

CHERBOURG, FRANCE, July 9.—The giant liner Leviathan arrived here today on her first transatlantic voyage as a passenger ship under the American flag. She landed 100 of her passengers here and continued on to Southampton.

LONDON, July 10.—The expected arrival of the Leviathan at Southampton late today is attracting interest far beyond shipping circles. The great liner's pre-war antecedents, her alleged claim to be the world's speediest, and her cargo of reputed millionaires on the present voyage have all been widely discussed in the newspapers.

Four Scotland Yard detectives left London for Southampton yesterday with about 200 warrants which presumably are to be used on any accused persons who may be arrested on the ship.

The arrival of the Aquitania without mail, which the American post-offices are said to have held for the Leviathan, is believed to be the first time that the latter would arrive first, leads the Daily Mail to point out that a delay of 14 hours has been caused by this arrangement.

The coming of the big ship is causing some stir in Southampton, which is the largest port in the south of England.

The owners of motor coaches are advertising rates in the surrounding districts for the summer season and doing a big business. It is said that more than 1,000 tickets have been sold for motor parties of children alone.

FARMER KILLS WIFE THEN ENDS OWN LIFE

WENNE, July 10.—Ed Dvorak, farmer, aged about 40 years, last night shot and killed his wife and then ended his own life at his farm between Oak Grove and Rice. He shot his wife in the forehead and then shot himself in the forehead. They are survived by five children.

JOE HALL CASE GOES TO JURY AT SHERMAN

SHERMAN, July 10.—The Joe Hall case went to the jury at noon today.

WELLS EXPELLED FROM CONSOLIDATED EXCHANGE

NEW YORK, July 10.—Harvey A. Wells, who has been expelled from the consolidated exchange, was expelled today from the consolidated exchange.

NATIONAL COMMANDER OWSELY OF THE AMERICAN LEGION TO VISIT THE RUHR ENGLAND, FRANCE, BELGIUM, IN AUGUST

Stanley Baldwin, premier of Great Britain, David Lloyd George, British war premier, Georges Clemenceau, "Tiger of France" and one of the "Big Four" at the Paris peace conference, Raymond Poincaré, premier of France, Alexandre Millerand, president of the French republic, and King Albert of the Belgians, are among those whose names are on the list of those who will be invited to visit the Ruhr.

WORTH DAKOTA IS "GRAND WHISKERING" OF THE SALESMEN

CHICAGO, July 10.—Hans W. Langseth, 76, Barney, North Dakota, arrived here today to be crowned "grand whiskering" of the International Association of Specialty Salesmen.

CHICAGO, July 10.—The toll of deaths caused by automobiles within the last 48 hours here today stood at 11 persons, seven of whom were children. Six motor fatalities occurred within 24 hours yesterday of which four were children.

LET'S SWAP!

"Little Freddy's very smart—Excuse me for my bragging—And got a cozier wagon—Read this SWAP-ADS all yourself—We think he's pretty clever."

BRIDEGROOM WHO LEFT BRIDE WAITING AT CHURCH TO TRY AGAIN

NEW ORLEANS, July 10.—James L. Keiffer, 18 years old, college athlete, and erstwhile promising bridegroom, mysteriously disappeared two weeks ago on his wedding day, leaving Miss Doris Vossie, his intended bride, at the altar and a crowd waiting in the church, which he had secondly tried at matrimony today.

LIQUOR APPEARS ON SHIPPING BOARD VESSELS AT SEA

WASHINGTON, July 10.—A new element of uncertainty in the ship liquor traffic has been brought about by the receipt here of reports of the appearance of intoxicants in the saloons of certain shipping board vessels during the course of their trips which lie outside the three mile limit.

UNFILLED STEEL ORDERS SHOW DECREASE

NEW YORK, July 10.—Unfilled orders of the United States steel corporation on hand June 30 made public today totaled 1,316,161 tons, a decrease of 458,990 tons under those at the end of May.

TIMES TO CALL BATTLE OF RING'S GIANTS THURSDAY

If you listened in on the Times fight party July 4 when Jack Dempsey successfully defended his heavyweight title at Shelby, Jimmie Maxwell again, will handle the megaphone, which is enough said. The Times will get the fight, blow by blow, on a direct leased wire from the ringside and the details of the fight will reach Wichita Falls only a few seconds after the actual happenings in the ring.

GERMAN OFFICIAL VICTIM OF ASSAULT STREETS BRUSSELS

BRUSSELS, July 10.—The German charge d'affaires here was assaulted in the street last night. According to the Belgian authorities the official, who was accompanied by a fellow countryman, was talking rather loudly in German when a passerby shouted "noches." A crowd quickly gathered and the charge was struck a number of times before the police arrived. Two former Belgian soldiers were arrested and later released under bail.

MORE WATCHFUL WAITING ON THE MEXICAN SITUATION

DOCTOR COOK IS INDICTED WITH TWENTY-SIX OTHERS

CLEVELAND, July 10.—Twenty six Texas oil promoters including Dr. Frederick A. Cook, former Army surgeon, were indicted by the federal grand jury here today on charges of using the mails to defraud and conspiracy to make fraudulent use of mails.

Trials of the promoters both in Cleveland and Fort Worth was predicted by federal authorities in view of the fact that separate offenses are charged in the indictments returned in the two cities.

In Fort Worth Cook and his associated promoters were charged with mailing alleged fraudulent stock offers in the postoffice there. The new indictments involve delivery of the offers within the jurisdiction of the federal court of the northern district of Ohio.

Defendants named as associates and employees of Cook are: Thomas O. Turner, Leslie A. McKeeber, Fred K. Smith, Decker S. Heston, O. L. Ray, Arthur Ekman, P. Weir, R. L. Maxwell, George A. De Montford, Seymour R. J. Cox, W. L. Dredish, C. R. Mehuron, E. J. Bowen, Samuel L. Hess, C. W. West and Henry G. Stephens of Fort Worth; others are Henry W. Hixson, H. G. Cooper, Ambrose DeCambre, J. R. Rocks, George Harvey Currier, H. E. Robinson and J. E. Burmeister.

According to District Attorney Bernhardt, audit of the books of the Petroleum Producers' association by a government accountant showed that the company took in from stock sales nearly \$100,000 in a little more than six months. Payments of fraudulent dividends to the promoters were made in cash.

Joseph H. Kritek, former partner and railroad brakeman of East Liverpool, Ohio, and John T. Hones, former sheriff of Tarrant county, Texas, were indicted for the fraudulent sale of stock in the Otek Production Company and the Mid-American Oil and Refining Company to Ohio residents. According to federal investigators, persons living in and near East Liverpool were swindled out of approximately \$170,000.

He also wrote the Legion commander that in his opinion American business men in regard to the present situation on the continent, for his guidance in talking to political and economic leaders on the other side.

President's Party to Witness Spectacle Of Crashing Ice

ABOARD U. S. S. HENDERSON WITH President Harding, July 10.—A spectacle of crashing ice was planned to thrill President Harding and his party at the Henderson, Alaska, on the 10th of July. Five inch shells fired from a navy gun on the Henderson were to shatter the ice walls pushed out into Tokay Bay, 15 miles south of Juneau, by the Taku Glacier, sending glittering and crashing masses tumbling into the water.

The program of the president's tour of the nation's northernmost territory permitted 16 hours to Juneau, arriving at 10 o'clock this morning and departing tomorrow morning for Hoonah on a three-day voyage across the Gulf of Alaska at the north end of the Pacific ocean.

The day outlined for Juneau, the busiest since departure of the Henderson from Tacoma, Wash., Thursday, called for a speech by Mr. Harding at the governor's mansion followed by a visit to Mendenhall Glacier. The road to the glacier is an automobile highway along Gasquet channel with the water on one side and dairy and hay ranches on the other, scenes to make visitors forget that they are in Alaska.

Secretaries Work, Hoover and Wallace had before them conference with citizens of Juneau and the surrounding country and visits to mines.

FIRST STATE BANK OF SHELBY IS CLOSED AFTER PRIZE FIGHT

CHICAGO, July 10.—Mrs. Cabell Lanitt Crudelle became a frightened fighting creature a moment after being informed here today that the jury which had convicted her of the murder of her first husband had sentenced her to die for the crime.

It was not until shortly before noon that an interpreter was obtained and Mrs. Crudelle, who had been informed of the sentence, was taken to the prison quarters of the jail where she had been taken to hear the sentence interpreted.

The judge yesterday afternoon avoided the task of having her told in a woman's quarters, but "simply couldn't" and the jailers last night did it.

It is thought she knows she is convicted, inasmuch as her husband, Peter Crudelle, a score of years her junior, who was convicted with her, told her at the time the jury rendered its verdict.

Mrs. Crudelle is reported to have slept soundly last night. She was taken to work today scrubbing the floors in the jail. The motion for a new trial will be heard Saturday.

"There's no one on the jail staff that can talk Italian," said Warden Wesley Westbrook, "it seems to me that it's the duty of the state's attorney or of the court to announce the verdict to her."

INDICTED PROMOTER WOULD REFUND \$23,289 TO OIL INVESTORS

FORT WORTH, July 10.—Federal District Attorney Eweell Tuesday received a \$23,289 check in a letter which requested in its amount to be returned to a certain group of stockholders who purchased stock in the Oklahoma-Sandover Oil Company.

The letter, which was signed by J. R. Yett, under indictment in connection with reported illegal oil operations, was received in the district attorney's office Tuesday.

The letter, from Miller and Yett, said that the latter did not authorize this step being taken and therefore directed that the money be returned.

CONSTITUTIONALITY OF DEAN LAW ATTACKED

ASTORIA, July 10.—Attack upon constitutionality of the Dean prohibition district court today. Laguna was convicted of violating the act and sentenced to a year in the penitentiary. No arguments on unconstitutionality of the act are set forth in the petition. Attack upon the act is set forth in the petition. Laguna was convicted of violating the act and sentenced to a year in the penitentiary. No arguments on unconstitutionality of the act are set forth in the petition. Attack upon the act is set forth in the petition.

AGED MINISTER KILLED IN AUTO ACCIDENT

LONGVIEW, TEXAS, July 10.—Rev. O. T. Bickley, 71, of Savannah, Ga., superannuated minister of the Southern Methodist church was killed near here last night when an automobile in which he was riding overturned. He had just arrived here to visit his brother, J. E. Bickley, whom he had not seen for 48 years, and was riding with his brother and family, three members of which were injured.

BRIDEGROOM WHO LEFT BRIDE WAITING AT CHURCH TO TRY AGAIN

BERRY ON TRIAL AT SEYMOUR FOR KILLING OF BARTON

ELEVEN JURORS HAD BEEN CHOSEN AT TEN O'CLOCK TUESDAY A. M.

MORE THAN HUNDRED WITNESSES SUMMONED

Defendant Once Shot By Sneed Shot Later Last Week at Paducah.

Special to The Times. SEYMOUR, TEXAS, July 10.—Eleven jurors had been selected in the case of C. B. Berry, at 10:00 o'clock Tuesday morning and it was believed that the 11th one would be chosen before the noon recess.

Berry is on trial for the murder of Wood Barton, who was shot and killed at Paducah last November.

The case was transferred to this county on a change of venue from Cottle county, Judge J. F. Milam occupying the bench.

The court room has been crowded to overflowing since the selection of the jury. The court room was begun Monday and every person who enters the court room is being searched for weapons.

More than 100 witnesses from western counties are in attendance and it is believed probable that after the jury is selected it will require more than 30 days to submit the evidence. Six attorneys are engaged in the trial and a hard legal battle is anticipated.

A large number of witnesses and visitors arrived in Seymour Sunday to attend the trial. A number came from Cottle county and a trip across the country was made in automobiles. Many camped at the local park in the outskirts of the city, instead of obtaining rooms at the hotels or residences, hence there was no overcrowding of the hotels without him.

Wood Barton, the deceased, was the son-in-law of John Neal Sneed of Paducah, and John Neal Sneed was charged in connection with the shooting. Four months after the shooting, Sneed was shot and seriously wounded on the streets of Paducah and Berry was charged in connection with the shooting.

Sneed is still in the hospital at Paducah as a result of his wounds, but it is reported that he will recover, although one of the bullet which struck him is said to have penetrated his lung.

John Neal Sneed became widely known in 1912 as the slayer of Al Boyce and his aged father, Capt. A. G. Boyce. The elder Boyce was killed at Fort Worth, January 19, 1912, and Young Boyce was shot in front of the Methodist church on Polk street, in Amarillo, September 14, 1912.

The killing followed the elopement of Mrs. Sneed and Al Boyce to Canada, on November 3, 1911. After prolonged trials in both cases Sneed was acquitted.

C. B. Berry, the defendant, is a son of Mr. and Mrs. J. A. Berry, who reside one mile east of this city. Mrs. Berry and her children left for Seymour Sunday night and will remain at the trial throughout its course.

The case is attracting statewide attention due to the prominence of some of the persons involved in it. More interest was aroused because of the two shootings which followed the homicide on November 10, 1912.

Senators Will Speak. MCKINNEY, July 9.—Former U. S. Senator Joseph Weldon Bailey of Dallas, will be the principal speaker on the program of the old settlers' reunion of the Methodist church on July 24. The reunion will continue for three days.

WALL STREET HEARS RECOGNITION OF OREGON IS NEAR

NEW YORK, July 10.—Wall Street heard rumors today that different reports from the American and Mexican members of the American and Mexican committee had been settled, and that recognition of the Oregon government by the United States was imminent.

BRITISH CABINET HOLDS IMPORTANT MEETING MONDAY

CONSIDER PROBLEMS ARISING OUT OF OCCUPATION OF RUHR.

PARLIAMENT WILL BE ADVISED OF CONCLUSIONS

General Opinion Is That Rupture Of Entente Is Now Imminent.

By JOHN T. BURKE
Universal Service Staff Correspondent.

LONDON, July 10.—The British cabinet Monday held the most important meeting since the fateful gathering in 1914 which led to the declaration of war with Germany.

As a result of the meeting today Premier Baldwin announced in the house of commons this evening that he would lay before parliament, probably on Thursday, all the facts in the long drawn out, fruitless negotiations which Lord Curzon and he have conducted with Premier Poincare for a settlement of the problems arising out of the occupation of the Ruhr and Rhineland and the reparations question.

The foreign office insists that the prime minister statements be couched in conciliatory terms which will not tend to widen the existing breach between London and Paris, thus giving France an eleventh hour chance to save her face by agreeing to a compromise.

The general opinion, however, including the press, is that a rupture of the entente, which has been held together by a slender thread for more than a year, is imminent.

Moreover, as an overwhelming majority in the house of commons and a decisive majority in the house of lords are at a white heat over the repeated rebuffs by Premier Poincare of Britain's efforts toward a settlement, the indications are that both houses favor the dealing directly with Germany.

The temper of the house of commons was revealed this evening when Premier Baldwin was bombarded with questions as to the status of the negotiations and was forced to promise to take the country into his confidence.

It is admitted now that Reginald McKenna, who is coming into the cabinet as chancellor of the exchequer, assisted by a group of the ablest financiers and industrialists of the country, has been engaged for weeks in formulating an alternative plan of settlement which, when it is presented to Poincare,

will be coupled with the official pledge of Britain in that if it is accepted, all the resources of the empire will be pooled. France is guaranteeing her safety from invasion if payment of the reparations is agreed upon.

All the members of the cabinet attended the session this morning. They entered Number 10 Downing Street looking grim—and they left the meeting looking grimmer.

It is learned late tonight that it is now decided that Lord Curzon will also make a Ruhr statement to parliament this week and that possibly the government will send out a note to the allies at the same time.

The statements to be made by Premier Baldwin and Lord Curzon will both be of a comprehensive character, covering the whole situation.

The German ambassador had a long talk with Lord Curzon this afternoon. He was advised that Germany should be more active in discouraging sabotage in the Ruhr.

MEMPHIS MAN IS SHOT FIVE TIMES 22 RIFLE IS USED

MEMPHIS, TEXAS, July 10.—John Woods, driver of an ice wagon for the Memphis Electric and Ice Company, was shot five times, once in the hip and four times in the legs.

The shots were fired from a .22 caliber rifle. All wounds are flesh wounds and not necessarily serious in nature. J. W. Turnpenny gave up to the officers and gave bond.

A good rain, from one to two inches, fell here and over a considerable area of Hall county Sunday evening. The territory covered included Lodge, Lakeview and Deeplake communities. Early feed was beginning to suffer for moisture and the rain will do a great deal of good to crops generally.

The Hall county commissioners' court convened in regular monthly session this morning. Only routine work was taken up by the court today.

Borah Comes To Harding's Defense For World Court

BOISE, IDAHO, July 10.—United States Senator William E. Borah, Republican, of Idaho, came last night to the defense of President Harding in a reply to United States Senator William E. King, Democrat, of Utah, who last Saturday in a speech at Salt Lake City had called the nation's chief executive "insincere" and declared that his advocacy of the world court the president "had deceived the people."

In a statement Senator Borah asserted Senator King's "deep and abiding affection" for the League of Nations may have "unconsciously colored his judgment" and declared: "I feel that the president has pointed the way for the creation of an effective international judicial tribunal instead of weakening the court. His purpose, if realized, will strengthen the tribunal and make it far more effective and useful in the cause of peace."

SPLENDID SHOWING BY STATE BANK AT ELECTRA

ELECTRA, TEXAS, July 10.—With deposits amounting to more than \$1,125,000, the First State Bank of Electra takes front rank among financial institutions in north-west Texas. Loans and discounts amount to only \$260,000. Total deposits in the three local banks is nearly \$2,200,000, and represents a steady increase for more than two years, amounting to nearly three-quarters of a million dollars. The increase in view of the practical shut down of oil operations is taken as a remarkable showing of business conditions.

Sixty people joined the church during the first week of the revival being conducted by Rev. J. W. Dawson of Waco at the First Baptist Church in the new \$60,000 structure of that denomination. Rev. B. M. Francis is pastor. Rev. Dawson is conducting morning services. There were thirty-five professions of faith and additions to the church Sunday.

The local Lions Club is making a public park out of the land adjacent to the city lake. Trees had grown too thick on the tract to permit convenient passage. These are being cleared out and the ground will be planted in grass and flowers. It is also the purpose of the organization to work in connection with the municipality and the Denver railroad in parking the company's reservation in the business district.

FIGHT FUND NOT CONNECTED WITH CLOSING OF BANK

GREAT FALLS, MONT., July 10.—George H. Stanton, president of the State Trust and Savings Bank of this city, which failed to open for business yesterday, made emphatic denial late last night that there was any connection between closing the institution and financing of the Dempsey-Gilbane championship fight at Shelby, Mont., July 4.

L. G. Shultz, state superintendent of banks, is here today to investigate the bank's affairs.

Stanton was one of the prominent Great Falls men who assisted in raising the \$100,000 that was paid Dempsey on his guarantee of \$500,000 to meet obligations for the title.

The bank's financial status at this time, Mr. Stanton said, was the conditions prevailing following the world war together with a lack of confidence on the part of depositors after the failure of two other banks here. He insisted, he asserted, in solvent, entered into liquidation voluntarily and decided to close his doors because of inability to meet obligations at the local clearing house. Every depositor will receive his money, he said. The bank had a capital of \$250,000 and deposits of \$400,000.

KLAN NATURALIZATION NEAR PANHANDLE, TEX.

PANHANDLE, TEXAS, July 10.—One thousand automobiles loaded with visitors from all sections of the panhandle witnessed a public naturalization of 247 candidates in the Ku Klux Klan three miles east of Panhandle Monday night. Newspaper men mounted on horses announced the program to spectators while the naturalization ceremony was under way. Following the initiation of candidates speakers prominent in the Klan organization addressed the audience seated in automobiles surrounding a fifty-acre pasture. A huge fiery cross above which flared the national colors completed a setting never before witnessed in Panhandle. Three thousand members of the Klan from all sections of the panhandle attended the ceremony.

WHI Bells Hotel.

EASTLAND, July 10.—Plans are under way here for erection of a new \$200,000 hotel. Tentative proposals call for a four-story building with 75 rooms. A chamber of commerce committee is in charge of preliminary.

I have just witnessed a thorough demonstration of Fly-Fix by Mr. Anthony in various places of business in this city. Mosches were routed from cracks and crevices in restaurant kitchens by the thousands and flies in countless demonstrations were made.

I have never seen any kind of insect powder or destroyer which approaches Fly-Fix in merit and it most heartily endorses its use about every premise infested with any kind of insect life.

Respectfully,
(Signed) A. H. DOUGLASS
Director of Health Dept.—Advs.

Oh, goody!

~it's Post Toasties!

Never a happier mealtime discovery than that! That's why everybody who has tasted these famously-gold flakes of toasted corn keeps on wanting Post Toasties again and won't be satisfied with a substitute.

They're so crisp, so flavory and so splendidly satisfying! And an excellent source of energy, too. Ready in a moment, soon as you can fill the bowl and add cream or milk.

Get the Post Toasties joy for your breakfast or lunch today. Specify the name, Post Toasties, in ordering, and be sure to get the yellow and red wax-wrapped package.

Eczema On Hands For 5 or 6 Years Cuticura Healed

"Eczema broke out on my hand following a severe burn. Every time I washed my hands, the itching and burning would do I suffered terribly. I could not rest at night. It broke out in blisters which ran down my arms. After a time the blisters would dry up and peel off and a new blister would form.

I had the terrible itching for six years before I began using Cuticura Soap and Ointment, and after using them about three months I was completely healed." (Signed) Mrs. M. J. Miller, 1723 Mechanic St., Galveston, Texas.

SELF DEFENSE AND BRIBERY FIGURE IN HOLCOMB CASE

Elements of self defense and alleged bribery on the part of the complaining witness were introduced into the trial of Carl Holcomb, in progress in the 30th district court, Tuesday morning. Holcomb faces a charge of assault with intent to murder in connection with the injury to John Skaggs, which occurred in a fight three weeks ago at a Sunday night within the shadow of the county court house.

The defendant took the stand at 11:00 o'clock Tuesday morning, and recited the details of the fight which ended in the serious injury to Skaggs. He told the jury that he had no intention of killing the prosecuting witness at the time of the fight and that he used the knife merely as a matter of self-defense. He stated that he was sitting at the corner of Seventh and Third streets and told him that he was going to whip him for having had an altercation with a smaller boy on that Sunday morning.

The defendant said, "I showed him my left hand where I had the little finger broken and he said, 'You couldn't fight him. Skaggs then said, 'Well I am going to whip you now. He struck me at me. I had had that knife in my hand for some time prior to that and when he struck at me I looked and threw up the hand with the knife in it."

"One of the fellows with me grabbed me and held me for a second. Skaggs kept coming at me and finally I wrestled loose from the man who was holding me. When Skaggs struck at me he hit his arm on the knife. We fought all the way to the automobile that stood some distance from the corner. I did not intend to cut his neck. I struck over his head and when my hand came down he ducked and the knife cut him on the neck."

The testimony continued that Holcomb testified that Skaggs had been seriously wounded. He ran around to the side of the house at the corner of Seventh and Third streets and fell on the porch unconscious.

Just before the noon hour Tuesday, the defendant introduced the brother-in-law of the defendant, who told that Skaggs had shown him out and asked him to go with him to the defendant's father and see if he could get him fixed up somehow. The witness testified that this occurred last Saturday.

"At the house of the father of the defendant, the witness said, there was some talk on the part of the defendant with reference to money to reimburse him for the damage inflicted by the defendant."

Should Joint Conference Fail to Reach Agreement on Mine Wages Coal Commission Will Intervene

By COLS MORGAN
Universal Service Staff
Correspondent

WASHINGTON, July 16.—If the anthracite coal operators and the union mine workers' joint wage conference fails to reach an agreement by August 1, the United States Coal Commission will intervene and bring pressure to bear to force an immediate settlement.

This plan of action was revealed today to Universal Service by an authorized spokesman for the commission.

The commission does not intend to sit by idly and permit the operators and miners to drag along with the negotiation right up to the expiration of the present wage agreement, August 1. Meanwhile keeping the consuming public in a state of anxiety and uncertainty with hints of a disagreement and probable strike in the air.

Before the Atlantic City negotiations opened, President Joe L. Lewis of the United Mine Workers and representatives of the anthracite operators were called before the commission to discuss the situation. It was made clear that the commission would not be expected to reach an agreement without undue delay and waste of time. It was made clear that the commission would not be expected to reach an agreement without undue delay and waste of time.

Both the commission and department of labor are following the progress of the negotiations. They are keeping their headquarters in Washington informed on every step that is being taken.

Specialists furnished in advance of the joint conference the cost commission furnished both operators and miners with advance copies of statistical reports gathered by its experts in their study of anthracite wages for a period 20 years back. These reports, taken from actual payroll records, show exactly what every class of mine labor has been receiving for a day's labor, the total working time and the total annual earnings of each class.

The commission also has supplied both sides with copies of its complete report made public today, giving a complete analysis of anthracite production, transportation, distribution, costs, profits, miners' living conditions, etc. It is declared that never before has a wage conference sat down with such complete information to guide its deliberations and facilitate negotiations and agreements on wages.

The commission takes the position that with this information at hand there can be no excuse for unwarranted delay in coming to terms. Three weeks of deliberation is regarded as ample to solve any problems before them.

Immediately following the completion of the commission's report Saturday, Chairman John Mayne Raymond left for his summer home at Gloucester, Mass. This week he will be joined there by Commissioner Marshall, Howell and Smith, where they will put in a fortnight working on the final report of their

CARTER WELL CAUSE OF ONE-HALF MILE EXTENSION TO WEST

Extending the pay west over one-half mile to the west the Carter well is being drilled by the rate of 100 barrels a day.

The top of the pay was encountered at 1825 feet and drilled into three feet, when it made a number of good flows.

This well, which is one-half mile west of the Birdwell-Haydock road and two locations north of New Park producing and refining company's well, will open up another slice of virgin land in the section.

To the east on their lease in the Geraldine townsite, Birdwell & Haydock are preparing to start an oil well. The lease is owned by the Carter-Haydock and associates are building a derrick on the Carter land to offset the new well to the south, and the same parties are preparing to offset the Gwynn well, which is producing from the 1,200-foot pay to the north.

One of Two Men Who Broke City Jail Recaptured

One of the two men who escaped from the city jail Sunday night was captured by city officers shortly before noon Tuesday in a house at the corner of Kansas, where he had roomed. A man believed to have been a party in the alleged theft, a brother of the man who is still at large, was arrested at the same time. The two are being held at the city jail for investigation in connection with several petty thefts.

Officers suspected that the third man in the case who escaped Sunday night would be recaptured Tuesday afternoon; it is known that he is still in the city.

BANK AT BERNICE OKLA. ROBBED BY BANDITS TUESDAY

MIAMI, Okla., July 16.—Two armed and unmasked men entered the First State Bank of Bernice, Oklahoma, 10 miles south of here, this morning, looted Cashier E. C. Ferguson and his wife in a vault and escaped with all the money in sight. The amount missing has not been determined. A third member of the bandit gang waited in an automobile while the robbery took place. A hastily formed posse is reported to have the robbers surrounded near Afton, Oklahoma.

TEXAS FLOODED BY SESSION AS WAGO

Ross and Good Trials Vened to Taylor County

ABILENE, July 16.—The cases of Tom Ross and Bill Good for the killing of H. L. Baberson, cattle inspector, at Seminole last April 1, were today transferred to Taylor county for trial at Abilene by District Judge Clark M. Sullivan of Lubbock. The trial will probably be called here July 26, it is thought.

94 PER CENT OF KATY TRAINS ON TIME IN JUNE

According to a bulletin issued by the K. M. & N. P. railroad Monday, 94 per cent of the passenger trains running over the Katy lines during June made schedule time or better.

The bulletin, which is published by W. M. Whittenton, vice president, states that out of the 2712 trains run during the month, only 172 passenger trains lost time in running. Also, according to this statement, 82 per cent of the trains over the Northwestern division were on schedule time.

The record for the month is an improvement of the train service over that of the past few months, the bulletin states.

CASING SET ON TEXHOMA WILDCAT NEAR FOWLKES

Casing was set and balling has been commenced by the Texhoma company on a sand picked up at 1245 feet, which showed considerable oil and gas. The water in the well, located on the northeast land, about four miles south of Fowlkess townsite.

TEXHOMA SECURES WATER RIGHTS ON FORE LAND

To assure its refinery of a good supply of water for all needs, the Texhoma company has secured the water rights of 15 acres of the Fore land in the J. Campbell survey, on which several wells will be started at once. The water will then be pumped to the plant, a distance of three-quarters of a mile southwest.

RAILROAD PREPARES TO HANDLE GRAIN CROP

Wheat and grain will be well taken care of in the way of shipping, according to an information bulletin sent out by the department of public relations, Missouri, Kansas and Texas lines. This year the Katy has set a program for the handling of new crops, and the grain supply is 25 per cent better than a year ago.

The railroad has been storing all the surplus grain since April 1. The bulletin also states that before the grain really begins to move freely, a great many more cars will be ready for use. Since June 1, 1935, approximately 1,500 cars for grain have been stored.

20 CHINESE BANDITS KILLED IN ATTACK ON CANTON TRAIN

HONO KONG, July 16. (AP)—About 20 of the bandits who held up a train on the Canton-Kowloon railway near Canton Saturday, were killed today in a battle with Chinese troops. The main body of the bandits was shot to the hills with the fifty well-to-do Chinese who were taken prisoners when the train was raided.

SEVERE EARTHQUAKE IN BOSQUE COUNTRY

BARRIETZ, FRANCE, July 15. (AP)—An earthquake of some severity lasting about 15 seconds was felt today throughout the Bosque country, notably at Barroque and Amateche. No loss of life was reported and the damage was not extensive.

MR. GRASSHOPPER COMES TO CITY TO THRIVE ON BUSHES

Attracted by the great white wax and the life of leisure within the corporate limits of a city, Mr. Grasshopper and thousands of his brothers and sisters have migrated to Wichita Falls, much to the displeasure of property owners. Complainants have reached the county agent that the grasshopper is exacting a great toll of vegetation in the city, mainly rose bushes and vines. In many instances large clinging vines and bushes have been totally destroyed by this pest. County Agent Guy Jones recommends the following treatment for Mr. Grasshopper: One teaspoonful of Paris green, three ounces of slack lime in three gallons of water. Mix it thoroughly and spray the vines and bushes where Mr. Grasshopper is living. Tetranychus Bimaculatus has also come. All this is the technical name for the red mite. The trees of the court house lawn are covered with this minute insect, which requires the use of a powerful microscope to find him. One tree in the court house lawn is losing all its leaves, after they have turned yellow. In other spots in the city the same insect is killing the grass. A pound of sulphur in 10 gallons of water is a sure remedy for this pest, Mr. Jones says.

MONDAY NIGHT IN WICHITA ONE OF YEAR'S HOTTEST

Monday may not have been as warm as anticipated by many, but the night was unusually hot. During the day the mercury barely touched the 100 mark on the thermometer. The temperature for the evening, however, proved to be higher than that of any night this year, and the mercury remained around the 80 degree mark for several hours, dropping to 55 early Tuesday morning. While a few black clouds were the only indications of wet weather here Monday, Jupiter Pluvius pulled a job at several points along the Wichita Valley. Rain measuring a half inch fell at Haskell, Spess, and Jayton, about 4 p. m. While a very light shower was reported as having fallen near Teasock. North and east of the city, however, the conditions were about the same, calm with very little wind movement. The temperature for the entire section of the state has remained around 85 degrees. Dr. DuVal, eye, ear, nose, throat, disease fitted, 215 Scott-ave.-Adv.

Many Annual Contracts Let Monday By City Council; Decision on Gas Question Reserved For the Present

Following a rather lengthy discussion in executive session, the city council adjourned Monday night without making any public statement as to the decision on the disposition of the gas question. It is probable that a special session will be held later in the week to take further steps for the solution of the problem. Bids on the contract for paving of Lamar from Seventh to Eighth, Denver from Ninth to Eighth, Van Buren from Eighth to Ninth, Elmer from Denver to Van Buren, and Eighth from Van Buren to Fillmore, were opened and calculations submitted by the city engineer. Bids on concrete and brick pavement were submitted by the E. W. Whitman company, J. P. Foy and the Plains Paving Company. A public hearing of property owners concerned to decide on the kind of pavement to be laid will be held at the next regular meeting, Monday, July 24. The contracts for the several projects will be awarded at that time. A number of routine paving matters, including the passage of their second reading of ordinances providing for pavement on Polk, Bluff, and Pearl streets and signing of a contract for the paving of Ninth street from Baylor to Brook, were given attention. Ordinance number 411, providing for a change in the route of the extension of the street car line to the new Junior College, was passed to its second reading without protest. A public hearing of property owners was called for Monday night and no objections were offered to the change. A bid of 4.93 per cent on daily balances, submitted by the Security National Bank, was accepted and this bank chosen as the depository for city funds. The Times Publishing Company was awarded the contract for the publication of the city's legal notices for the coming year. Partridge company was given the contract for supplying the linoleum for the offices of the city hall. A bid of \$2.14 per square yard for one-quarter inch battleship linoleum was submitted. Linoleum will be furnished for the offices of the city clerk, tax collector, city engineer, chief of police and for the court room. Ordinance number 411, providing for the regulation of traffic in the city limits, was held over until the next regular meeting on account of the absence of Chief of Police Hodgins from the city. George Penn was granted a permit to install a city gasoline filling station at 206 Ohio under the usual provisions, the city reserving the right to demand removal at any time it should become necessary. Upon the recommendation of Burton Stuyton, commissioner of public utilities, the council authorized the installation of a fire plug at Ninth and North Broadway at an expense of \$125. Discussion on the removal of street sign suspended from the awnings was brought up but no decision reached. Several merchants have filed protests with the council against the rating prohibiting such signs.

DR. CLARK AND SHERIFF MURPHY SUED FOR \$20,000

Dr. Joe Frank Clark, county health officer, Sheriff W. W. Murphy and the Fidelity & Deposit Company, of Maryland, a bonding company, have been named as defendants in a \$20,000 libel suit filed Tuesday in the 13th district court by Mrs. Ethel Crain, joined by her husband, John Crain. The petition recites that in July, 1921, Dr. Clark, who was then acting in the capacity of county health officer, "falsely, wilfully and maliciously did utter, publish and circulate slanderous and defamatory statements and injurious to the reputation, chastity and character of the plaintiff and in the presence of other persons 'such as in the petition is set forth' in the presence of the plaintiff. She further complains that Sheriff Murphy reiterated the same remarks in the presence of other persons. As damages she asks \$15,000 actual and \$5,000 exemplary.

GOOD ATTENDANCE AT WALNUT STREET REVIVAL

Large crowds are attending the revival services being conducted by the Walnut Street Baptist church. W. L. Nelson, pastor of the church, is in charge of the services. Special song services Thursday and Friday nights will be led by George Taylor. The public is invited to attend these open air services. HEAT IN NEBRASKA RESULTS IN DEATHS OMAHA, NEB., July 18.—Excessive heat in Nebraska is held indirectly responsible for the death of at least five persons since Sunday. Three youths were drowned, two at Norfolk and one at Lincoln, while two children were killed in an automobile accident near Bloomfield. The temperature here yesterday reached 91.

BOIL CAUSES DEATH OF WELL KNOWN SEYMOUR RESIDENT

SEYMOUR, July 18.—M. W. Coy, age 53, died at his home here yesterday at 5 o'clock following a brief illness. The cause of his death was brought about by blood poisoning. A small boil on his face became infected, causing his death. Deceased was a resident of Seymour for more than thirty years. He was a contractor and builder and during his life time supervised the construction of a great many of important buildings such as churches and schools in this and adjoining counties. He leaves his wife, Mrs. M. W. Coy; a daughter, Mrs. J. G. K. Burnett, of Paducah, and two sons, M. L. Coy of Seymour, and Frank L. Coy of Wichita Falls. Funeral services were conducted at 10 o'clock this morning by Rev. P. A. Gilliam, pastor of the First Christian church of this city.

California Hero Works Fast in Peace and War

By Universal Service. LOS ANGELES, May 14.—Jack Votien, boy hero of the late world conflict, incident to which he was decorated by three nations, works fast both in war and love. This was revealed here today when the secret marriage of the youth to Lucia Jean Castfield, daughter of Charles O. Castfield, noted California oil magnate, was announced. However, in the face of petroleum millions, Jack, an "actor" in the movies, and the classic audacity to court Miss Castfield to Santa Ana, June 12, and at Los Angeles Orestes Green the knot was tied after a courtship of five days. By the marriage the boy hero becomes a relative of Antonio Moreno, film star, who not so long ago married Mrs. Daley Castfield Danziger, aunt of Mrs. Votien.
