# BURRS ARE EASY-PICKINGS IN OPENER AT HOUSTON, 11-51

Eddie Dyer Returns to Home Town As Spudder to Wallop Team That Couldn't See Him Six Weeks Ago

HOUSTON, Texas, Sept. 1.—Eddie Dyer came back to Houston with the Spudiers and trusied the "home folks" to an if to 5 victory over the home crewd. The win was worth more than a mere game to the Cardinal farmhand, for he war toling before his home-town followers and against the citie that had decided he was not good anough to draw pay in the Texas League.

It was not altogether Eddie's fault that is was not altogether Eddie's fault that is was a victory, though for the Buffs popused him hard is spots, gunning, up 1, hits and fiveras. His double and his single were almost as potent factors in the win as his pitching. One of the runs off him was due to wildness in the opening round, the marker as his batuman, an inflied hit and another pass filled the bases. Two more were due to Bliss' homes over the left field fence with one on.

Lester Sell was the Buffs' starter, but he was routed early in the game and Berley finished it. While both the pitchers were bumped hard ranged play behind them contrithe pitchers were bumped hard, ragged play behind them contributed largely to their downfall. Buch mumber of the visiting lineup did his shars in making it miserable for the Buff huriers, Looker leading with a trio of bingles.

last half of the round.

The third saw the finish of Sell and three more Spudder runs.
Coombs opened with a pass and Weiss singled. Sell threw into esn-terfield in an effort to catch Coombe off the bag and the ball rolled through Bliss. Goombs scoring and through Biss. Coomes scoring and Weiss taking third. Cotter's long triple counted Weiss and brought in Berley. Berger singled to score Cotter. Dyer samed three Buffs in the Houston half, but a pass and a

brought Coombs around. A walk and three hits gave the Buffs one in the fourth Looker opened the fifth with a single but the hit did

in the fourth. Looker opened the fifth with a single but the hit did not materialize. Bliss' home run following Bell's single gave the Butts two in the fifth, bringing their total to four.

The spuddars failed to score in the sixth and the Butts fared the name in their half.

More wagged defensive work wan responsible for three Wichita Falls runs in the asventh Barrett walked and Berger was affs, when Griffith threw his hunt wild placehoff also drew a pass, filling the beass. When Dyer singled to right, Borben threw wild to third for Bischoff and all three runsers scored. Dyer ended the inning when he tried to accore from scoond on an infield out.

Three singles gave the Butts one in the seyenth.

COL. OWSLEY'S OBSERVATIONS.

In a statement to an Associated Press correspondent who is traveling with him Col, Alvin Owsley, commander of the American Legion, who is touring France and the occupied territory in Germany, expresses gratification at the pep, industry and confidence of the French people, declaring that they

It is rarely that we hear good news from Europe and this good news from France is doubly gratifying because it is about a people with whom w few years ago we were engaged in a common enterprise and with whom we still have many things in common.

People who have pep and industry and confidence

DO THE FIRST THING-NOT THE SECO You build from the actual things"that you have ne, not from those that have fallen like leaves in oken fragments, undone and incomplete. The reason why so few first things are done is

cause so many second things are started Do the first thing-not the second? The second job, task, or dreamed of plan, demand

the first thing as a stopping stone.

And if the big thing is attempted first, so much the better. We are able to gauge more accurately our ability to put over each succeeding task chieving of that which has already been done. The first thing is niways the nearest. And there are always more points in it favor for our success with it. Then why shouldn't it be taken up first? Then, too, the first thing always suggests the cond thing. By doing the second, or seemingly

nore attractive proposition first, you put the cart fore the borse and get nowhere. The second thing always takes care of itself after the first thing has been taken care of. We worry about the second thing because

have not learned to appreciate the first thing. Only an we melt our very desired into the thing at hand does it form into actuality and completeness, giving us something to be proud of as a forerunner of that which is to follow, o Our first impulses can be fairly accurately

trusted e Expedially when we have learned to act upon them at once. Clear up the first things. Then the second things

(Continued from Page One.) nen, to lend setive support

GREAT BRETAIN, MAY ACT ain will intervene actively in the Greco-Italian imbrogile only if Italy refuse to accept arbitration by the League of Nations, the council of which mosts at Geneva today to consider the whole critical sixua-

ment thus far has not instructed the British ambanador at Bome or the diplomatic representative at Athens to use their good offices toward settlement of the dispute, it

Meanwhile, however, the government is taking all prudest precautions and measures to prevent italy read to making her occupation of Corfu permanent, in volation of the axisting neutrality agreement. Narious units of the powerful British Medianous, quiet; prices firm, Good sideagits of the powerful British Mediserraneas fleet now released from service in the Dardanelles are within a position to block further moves by Italy if the Rome government refuse to listes to the league.

The whole trend of opinion to England, however, seems to be strongly set against Security in the security is a security in the se

Signor, Malandra, but had acted with no intention of making war on Greece unless Greece the issue. He said that public opinion in Italy demanded the measures which were adopted and that Premier Musselini would not he a lasted over night unless he had acted vigorously.

aver night unless be had acted vigorously.

REPORT STALLAR SHELLS

RELL SEVENAL SEPTGESES

LONDON, Sept. 1. 07—The Orecting store this mering:

The Greek legation has received news that the Indian fleet bombarded Corfs which by treaty is neutral territory under international guarantee, and that itsian shells him or who were lodged in the school of police.

This school is situated in the secaled Fortress of Corfs which however, by viring of the treaty is unammed, the hand only some old barneks existing there.

The Greek government after the Dupont, Kayser, Abstin, Nichole and Control of the States of Corfs which the second in the second of the store market acting these the second of the store and only some old barneks existing these.

rejection of its note in which it offered Raly full satisfaction, including indemnity to the families of
the victims of the crime committed
on Grack soil, made an urgent appeal to the League of Nations for
intervention on the basis of the express terms of the league pact.

The Greeks can not but consider
the neutral island of Corfu as a
flagrant violation not only of the
rovenant of the League of Nations,
of which both Graces and Italy gre-

of which both Greece and Italy are signatories, but also of the Ionian islands treaty of 1863 and as an act LONDON, Sept. 1, Wi-Greet Brit- without any warning committed by 'n will intervene actively in the one member of the League of Nations against another of its mem-

Now Go on With the Story Almost trumbling in his eager ion's reply. The latter took out a ignred lighted it, and gased meditatively through the smoke. Witty thousand!" he whispered "And I suppose I could greadity. "And I suppose I could attend the hardship." Then he looked up, faintly smil-ing, "li go, it Lenore will let me," he pronounced at last.

The exact moment that her name ras on Ned's lips, Lenore Harden-morth herself, in her spartment for region of fashionshie spartments light blocks from the Cornet home. was also wondering at the perverse ways of parents. It was strange how their selfish interests could disrrange one's happiest plans. All in ore was in a wretched mood, angry at the world in and her mother in parwas the way of the old. Lenore

rted, to give too much of their tht and interest to their own, ed ills. Not even a daughter's Hant career could stand between d who would have guessed that "nervousness" her mother had splained of so long, pandered to by a fashionable quack and nursed like a buby by the woman herself, should ever lead to such disquisting The doctor had mded a sea voyage to the woman, fi the old fool had taken him at

his word.

If was not that Lebore felt she could not spare for home months, her mother's guiding influence. It was merely that sen voyages cost money, and money, at that particuiar time, was scarce and growing scarcer shout the Mardenworth spartment. Seemingly the only course that remained was to move forward the date of her marriage to d, at present set for the following

ck. Lenore Hardenworth was in probability the most beautiful ill probability the most positivitie in her own stylish set and one if the most handsome women in her sative city, file was really well trawn, remembered long and in nany places, for her hair. It was imply ahimmering gold, and it ramed a face of floweritie beauty—an emen featured, oval faces not an enan-featured, oval face, soft-ly tinted and daintily piquant.
Ned came in abberty, kissed the girl's inviting lips, then set beside her on the big divan. Studying his grave face, she walted for him to

all.

2 md nowg," he said at tast.

What he til" She spoke almost
giblensly, and he turned toward

with wakened interpat.

Nothing very important," he cold
casually, "I'm armid I startled ner casualty, "I'm arraid I started you with my luguistious tones, I've got to go away for three months." "Ned! Tos can't! After all our plans. I won't hear of it—".

Walt, dearest?' the man pleaded. "Of course I may not—"
"But it's a real opportunity—to make forty or fifty thousand. Wait till I sell you about it, anyway."
He told her simply: the exact plan that his father had proposed. Her interest quickened as he tulked.
The idea of trading obsolete gowie for beautiful fure was pay-ticplarly attractive to her. "I've got some old things I could spare," she told him eagerly. "Why couldn't you take those with you and trade them to some old aguaw for fure?"

them to some old agunw for fure?"
"I could! I don't see why I shouldn't bring you back some beauties." Her eyes were suddenly lustful. I'd like some allver fox — and nough sable for a great wrap. Oh, led—do you think you could get hom for ma."

hem for me?"

His face seemed rather drawn and sixthless as he returned her stars, t had been foo complete a victory, t can be said for the man that he ad come with the idea of persund-

had come with the idea of persunding Lanors to let him go, to let him leave her arms for the sake of the advantages to be accused from the advantages to be accused from the appendix on the sake of the advantages to be accused from the appendix on the least he wanted her to show some regret.

"Red, what kind of a trip will this bet," she asked him.

He was more held by the undertone of excitement is her voice than by the question itself. What is it?" he saked. What do you mean—?"

"I mean—will it be a hard tripone of danger and discomfort?"

"I don't think so. I'm going to get a comfortable yacht—it will be a lanch, of course, but a bis, comment exactly needed: adventurous, when a saked had the temperature of needlectraft? Her will-modeled, athietic, though stender form could endure such hardships as the work involved; and she had the temperature will be a lanch, of course, but a bis, com-"I don't think so. I'm going to get a comfortable yacht—it will be a launch, of course, but a big. comfortable one—bays a good cook and ment a comfortable yacht—it will be a lannch, of course, but a big, comfortable one—have a good cook and pleasant surroundings. It's all may hands—hiring craw, schooner, if instance, and everything. Of course, father sold a wild story about cold and hardship and danger, but I don't alther. It makes me laugh, those wild and woolly stories about the North! This hardship they talk about is all poppycock, and you though the others of this charge, too. To hear your father talk, and some of the others of this they had been through the internal regions! They didn't have the sporting instincts that've seen developed in the last generation.

tion. The paused, and he stared at her blankly. He knew perfectly well that some brilliant idea had observed to her; he was simply waiting for her to tell it. She moved nearer and slipped her hand between his.

months. You say the hiring of the hunch, itinerary and everything is in your hands. Why not take mother to and me with you?

"My dear—"

"Why dear—"

"Why not? I'sll me that! The doctor has just resommended her a see trip. Where could she get a better one? Of course you'd have to get a big, comfortable launch—

"Take you—L should say I will take you—L should say I will be a you had you he will administe to the beart of the Bull say you have the should say you Cone superintendent Frenching at the party of the pastor. It s. m. and t.p. m. by the pastor. ber Subject in the morning: "Pressing Toward the Mark." Evening: The Tragedy of Bindness or the Value of Bight. Embours meet at a p. m. B. Y. P. Us. at I. p. m. Prayed of meeting ason Wednesday at a p. m.—A. J. HODE, Pastor. when he had finished breakfast and our people have returned dustrions for the excursion. His first work, of course, was to see about hiring a launch.

Ten minutes' ride took him to the varied and interesting the results of the resu

varied and interesting pro The abolt is reorganized for a work and will effer fine mu held at 7:45 instead of 8 o'clock newcomers and visitors in our lave a cordial welcome at

Yale Avenue Evapgelical. (Corner Yale avenue and Two second street.) Remember that hour for Sunday school is 9:45 we are depending on you to be your place and expect you to bri some one with you. The morn sermon will follow the Sund school and we would insist that ye start the new conference year remaining for the church service and that we will do our part regardless of what others may do and if things are not as we will them to be in our church and com munity, let us see to it that our part is done as the Lord would have us do it and then we will not be condemmned by the word of the Lord. We were appointed to this field, not according to our own will as you are aware, for that would have been that the board should have sent us to other fields, for the good of the work, but the will of the Lord was that we should be reoffice of his friend, fiex hard, who is the work, but the will of president of a great marine-outlitting establishment, and five minutes conversation with this gentle-turned and we are willing to submit utes conversation with this gentle-turned and we are willing to submit to it and are here to do all we can man told him all hap-wanted to know. Yes, as it sappened, Nard haw of a corking craft that was at that moment in need of a charterer, the Juniors will meet at 2:39 and possibly just the thing that Cornet with the Seniors at 7:20, followed by the wanter of the Seniors at 7:20, followed by the wanter of the Seniors at 7:20, followed by the evening sermon. Prayer service and Bible study at 8 p. m. Wednesday evening. The subject for our next Bible study will be "Torment or Hell as Taught by the Bible." Come and bring your Bible and let me be what the Lord tells us of this important ambiest no there is no mach by one of the great museums," Nard bible study will be "Torment explained. attend some service of the Lord some of the churches of the city. W. D. COOK, Paster. "I don't think—I know. I was talking to her owner yeaterday moon. Tou can get her for so days for \$5.00 - 75 per for a shorter time. That includes the services of four men, Hoansed pilot, first and second engineer, and a nigger cook; and gas and oil for the motor."

Ned stood up, his black eyes, sparkling with elation, and put on his hat. "Where do I find her?"

"Hunt up Ole Knutsen, at this address." Nard wrote an instant on a strip of paper. The name of the uratt is the Charon."

Ned drove to the designated address, found the owner of the craft, and executed a charter siter 19 minutes of conversation. Knutsen was a big, good-natured man, with a goodly share of Norse blood that had paled his eyes and hair. Together they drew up the list of supplies.

"Of course, we might put in some

piles.

"Of course, we might put in some of dis stuff at nordern ports." Knutsien told him in the unmistakable accept of the Nore. "You'ds save money, though, by getting it here."

"All except one item—last but not least." Ned assured him. "I've got to stop at Vancouver."

"Canadian recritory, eh..."

"Canadian recritory, eh..." east, new transcriver."

"Canadian territory, eh—?"

"Canadian whiskey, Six cases of imperial quarts. We'll be gone a long time, and a sallor needs his grow."

"It had been a sallor needs his grow."

"Things Floral Heights' Needs."

Baptism of children, reception of members, and the Sacrament of the members, and the Sacrament of the grog.

There was really very little else for Ned to do. The silk gowns and wrape that were to be his principal article of trade would not be received for a few days at least; and seemingly he had arranged for averything. He started leisurely back toward his father's office.

But yes, there was one thing more.

Fire on the tank farm of the Drient Petroleum Company, on the lown Park road, which started Fri-

Although outside the city limits, the alarm was answered by chamical and hase equipment from the city. The nature of the biase made any actoris by the fire department useless. Workmen started at once building a treach around the blasting tank. Holes were bored in the bettem of the burning tank to prevent the oil from boiling over and spreading the flames. Similer tanks filled with gasoline, near the tank where the lightning struck, were and and all danger of axplosion Print Pumbyterian Church. Sabbath school at 9:30 a. m There will be no preaching service this Sunday, but all the regula services of the church will be re sumed next Sabbath morning. Federal Reserve Bank Reports Large Increase in Loans to Member Banks But Fall Business Outlook Bright

DALLAS, Spt. a—rhe outstanding development in the regrisultural and ausiness eltuation in the eleventh federal reserve district in the mention of each sharp deterioration of the growing vector crop, the review of business conditions is asset by the Dallas Federal Reserve Bank unid today.

The deterioration was due to dry weather, excessive temperatures and bot winds.

"While a menth age prospects pointed soward a crop equivalent to the large production ligure of 1929, the present outlook is indicative of a greatly reduced yield. The report read. "Considerable shedding has been reported in all sections of the country are not only selling the district, and the premature opening of colion is reflected in the early ginnings, which are heavier than usual. The rawges of insects, which gave evidence of much destruction unfiler in the measure, have been checked by the weather conditions and present indications are that the damage from this source will not the public in 1923 by gas companies alone, exclusive of sales made by dealers who do not report to the association. This means that for the 9,200,000 meters

has served to restore the confidence beaters and other appliances.

To take care of unprecedented service demands, the association says

of the producers in the outcome of the present crop."

Seasonal factions were reflected in the general financial reports, the review stated. The Federal Reserve Bank's loans to member banks showed an expansion of approximately \$12,600,000 between June 1 and August 15, as a result of increased demands for bank' credit to finance business and agricultural operations.

There was attisfactory distribution of wholesale trade in July, and all lines reported substantially larger distribution than in July, 1921. Trade leaders are generally

1922. Trade leaders are generally optimizate over the outlook for fall business, the review continued. Building Operations Less, Building operations, exceptionally ctive this year, were reduced

Building operations, exceptionally active this year, were reduced greatly in July, the valuation of permits issued in eleven cities of the district showing a decline of \$1.5 per cent under July, 1322. Lumber orders at pine mills rose 14 points during July, however, and the production was the largest reported since Jaquary.

"While the actual yield of the wheat crop proved to be approximately 1,500,000 bushels less than the estimated production a month ago, a good yield was obtained, the astimate being placed at 16,370,000 bushels harvested list year," the resport said. The yield per acro on this year's epop exercised 10.5 bushels last year, as ompared to \$202,000 bushels harvested list year, the resport said. The yield per acro on this year's epop exercised 10.5 bushels, as ompared to \$202,000 bushels harvested list year," the resport said. The yield per acro on this year's epop exercised 10.5 bushels, as ompared to \$202,000 bushels harvested list year, the weeks of the district range to greatly beneficial to the July was generally beneficial to the Scarlet fever is perhams the worst.

July was generally beneficial to the ranges. In some places there con of these drad visitors, not only in these a search of stock water itself, but also in the terrible and

Insolvency statistics for July re-flected a sharp decline in the num-ber of metaulting firms, but an increase in the arount of indebted-ness involved. The grade oil outst reached the

highest point in the year in July stage, and not the period of peeling.
The production was 13.386,185 barrels "catching." Early isolation of the fields, including 295 producers with an initial flow of 236,832 barrels.

A court case in Paris reveals that a Frenchman cannot be personally sued for breach of promise unless he is \$5 years old. Up to that age, the legal action has to be directed at his parents.
