WICHITA FALLS, TEXAS, SATURDAY, SEPTEMBER 15, 1934

NUMBER 124

OKLAHOMA SITUATION FINDS BOTH FACTIONS WAITING NEXT MOVE

ANIMALS, CLOWNS PRETTY LADIES IN EVERYTHING HERE

HAGENBECK-WALLACE CIRCUS ARRIVES SATURDAY MORNING

STREET PARADE MOST ELABORATE AFFAIR

Big Crowds Swarm into Grounds At Bell Park; Night Show At 8 o'clock

The circus, the delight of every boy and girl, including the grown-ups, arrived on schedule time Saturday morning and within a short time the little tent city at the Bell Park looked up against the horizon. Hagenbeck-Wallace Shows, one of the largest now touring the country, is larger than it was when it appeared here two years ago. The three sections arrived at one-hour intervals Saturday morning from Calaisville. The entire equipment used in steel and unloading began at the foot of Ninth and Seventh streets shortly before 7 o'clock. The street was present to watch the carrying out of system and efficiency personified.

The street parade was given as per schedule and the bright colored wagons, carrying hundreds of various kinds of wild animals; pretty ladies, trained horses and circus elephants, monkeys, camels and everything, were exhibited along the line of march. The street left the Bell Park and proceeded up Seventh street to Scott, south on Scott to Tenth, east on Tenth to Ohio, south on Ohio to Seventh and then back to the show grounds. The parade was a most elaborate one, a plan adopted by the show this year. The chief attraction of the parade was the animal show.

Among the leading acts which the circus is carrying with it this year are the Astorian Circus, The Riding Davenport; Captain Robert McPherson and his highland trained tigers; John Hirsch and his trained lions; Fred and his trained seals. The circus tent opened at 1 o'clock Saturday afternoon. The animals were taken to the show grounds and assembled in front of the Big Top and immediately after the doors opened the Big Top began to be decorated with streamers, bunting and flags. One of the main attractions of Hagenbeck-Wallace is the trained animal acts, but the show is complete in every respect. One thing which the managers have given special attention is the recruiting of over half a hundred of the best artists in traveling with the circus this year is said to be the best in the history of the organization.

LOCAL OFFICERS GO TO CORSICANA ON SAFE ROBBERY

A communication from Will S. Knight, chief of police of Corsicana, to City Detective Dave May Saturday morning advised him that the two Wichita Falls men arrested there for cracking the safe of the Coca-Cola Bottling Works in that city, were being held in the jail there and that some of the property similar to that described by the department here as being stolen from a safe in this city, had been found in their possession. The telegram came in an answer to a letter containing a description of guns and other property taken from here, which they were apt to have in their possession. The men here will go to Corsicana Sunday night to confer with officers there concerning the local robberies and the safe contents of the two men being held there.

WILL DO AWAY WITH LOT OF UNLAWFUL SUSPECTION CHICAGO, Sept. 15.—America's reputation as a law-abiding city is being shaken by a lot of needless suspicion and ill-will which has resulted from lack of human feelings in the dealings of the two people, according to Dr. E. A. Ward, associate secretary of board of foreign missions here. He said that the church in charge of the church in Japan, China and Korea, 1871, was the first since

OKLAHOMA CITY, Okla., Sept. 15.—The mailed list will descend upon whoever opposes Governor J. C. Walton in his war on flappers. Assuming all the powers of a military dictator the executive made it more plain today that martial law and state troops will be the answer to any opposition to his will. Members of the state legislature, if they attempt to convene themselves in extraordinary session to consider the governor's veto, will be ousted by a military force. State newspapers that raise their voices against the executive will be silenced by a censorship. Counties considered by the governor to be hostile to his course of action will be occupied by troops.

This is the plan of campaign outlined by Governor Walton and he promised today that he spoke no idle threats. Should members of the legislature come to Oklahoma City without his call and attempt to meet in special session, Walton declared he would consider the matter in the light of his efforts to return the government to the hands of the properly constituted authorities and to secure equal justice for all of our citizens.

Believe Governor Walton. Certain of the lawless acts were reported yesterday to be contemplating an attempt to hold such a session. No legislature in Oklahoma has ever met without a call from the governor, the constitution providing for this procedure. Those who attempt to do so without the governor's consent were understood to have taken the position that there was warrant for a military force to be sent to the legislature to prevent its meeting. On the other hand, even bitter political enemies of Governor Walton's position. This is evidenced by the fact that these avowed opponents of the governor's policy are submitting to a bill providing for the execution of the governor's threat to clamp down an iron hand on the legislature. The effort was being made to meet the demands of the ultimatum calling for the resignation of Governor Walton. It was estimated that the bill would be introduced in the legislature on Monday. The bill would be introduced in the legislature on Monday. The bill would be introduced in the legislature on Monday.

REARREST WOMAN IN CHILDRESS CASE GIVES \$10,000 BOND

CHILDRESS, Texas, Sept. 15.—Mrs. Pearl E. Whitehead of Hollis, Okla., who Thursday was charged with attempting to murder Mrs. A. Maxwell, was rearrested Friday night by Sheriff Jim Craun and a formal charge of murder was filed against her. Mrs. Whitehead, who immediately furnished bond in the sum of \$10,000, was held in a local hospital, Thursday night at 10:30 o'clock.

The shooting took place in the midst of a crowd of more than 1,000 people at the Childress State Fair. Five shots were fired from a .22 caliber automatic revolver and all reached their mark. The body of Mrs. Maxwell was forwarded to Bonham, Texas, for burial today. Albert Whitehead and Mrs. Maxwell's mother and brother accompanied the body.

NEW YORK, Sept. 15.—A marriage license has been issued to Mrs. B. A. Maxwell and Charles E. Innes, Boston attorney. They announced they would be married at the West Side Unitarian Church today.

CHILDRESS, Texas, Sept. 15.—High Albert Whitehead, Hollis, Okla., charged with the fatal shooting of Mrs. B. A. Maxwell at the fair grounds here Thursday returned to the home of her father-in-law near Childress after making \$10,000 bond here yesterday to await action of the grand jury. She waived a preliminary hearing.

COCHRAN AMONG LOW MEN IN FIRST PLAY OF AMATEUR TOURNEY CHICAGO, Ill., Sept. 15.—Bob Gardner of Chicago, twice holder of the amateur title, was low among the 200 players in the national amateur tournament being played over the Florence course here. Gardner scored a par 72 on Bobby Jones' national open championship hole-in-one stroke more than Gardner's score.

CHICAGO, Ill., Sept. 15.—Bob Gardner of Chicago, twice holder of the amateur title, was low among the 200 players in the national amateur tournament being played over the Florence course here. Gardner scored a par 72 on Bobby Jones' national open championship hole-in-one stroke more than Gardner's score.

NO DISTURBANCE IS REPORTED IN SPAIN; CENSORSHIP STRICT

LONDON, Sept. 15.—Messages from Spain received in London during the night contain no indication that any disturbances have occurred in connection with the military coup d'etat. However, it is recalled that a strict censorship prevails. According to an untimed Reuter dispatch from Madrid, the second day of the revolt passed as quietly as the first. At the time the telegram was sent groups of people were standing before the royal palace and in the Puerta del Sol, but they were there only out of curiosity.

Another agency report says that Rivera's action has been received with general sympathy as all Spain has become tired of the negative policy followed by the late ministry. The socialist party has issued a manifesto calling for the abandonment of civil administration.

MADRID, Sept. 15.—The military directorate announced after a meeting last night that the names of the new cabinet ministers would be submitted to General Primo de Rivera. All were said to be civilians with the exception of the ministers of war and marine.

NEW YORK, Sept. 15.—A marriage license has been issued to Mrs. B. A. Maxwell and Charles E. Innes, Boston attorney. They announced they would be married at the West Side Unitarian Church today.

CHILDRESS, Texas, Sept. 15.—High Albert Whitehead, Hollis, Okla., charged with the fatal shooting of Mrs. B. A. Maxwell at the fair grounds here Thursday returned to the home of her father-in-law near Childress after making \$10,000 bond here yesterday to await action of the grand jury. She waived a preliminary hearing.

CHICAGO, Ill., Sept. 15.—Bob Gardner of Chicago, twice holder of the amateur title, was low among the 200 players in the national amateur tournament being played over the Florence course here. Gardner scored a par 72 on Bobby Jones' national open championship hole-in-one stroke more than Gardner's score.

TOKIO DEAD 77,823; YOKOHAMA 3,767; 120,070 MISSING

OSAKA, Sept. 15.—Final figures tabulated by the prefecture of Tokio on the earthquake casualties place the dead in Tokio at 77,823 and in Yokohama at 3,767. In addition 120,070 persons are missing in Tokio. It is estimated that more than a million refugees have left the capital for the surrounding country. While the material loss through the earthquake, tidal wave and fire was tremendous, the country was not so badly hit as at first appeared. The damage caused in the neighborhood of Osaka, Kobe and other ports, however, is estimated to be more than one-quarter of Japan's production of iron and steel. The industrial activity is situated elsewhere.

GEORGIA FLOGGING CASE GOES TO JURY ROOM IS CROWDED

Macon, Ga., Sept. 15.—The case of Dr. C. A. Tarborough, charged with rioting in connection with the flogging of R. F. Mills, was given to the jury at 12:15 o'clock at the conclusion of Judge Gunn's charge. Solicitor Moore concluded his argument at 12 o'clock, Judge Gunn immediately began reading his charge to the jury. The court room at today's session was crowded to capacity. Scores of women were in the crowd.

JURY IS STILL OUT IN TOM ROSS CASE HEARD AT ABILENE

ABILENE, Texas, Sept. 15.—At noon today the jury was still deliberating the case of Tom Ross, cattleman, tried here this week for murder in connection with the fatal shooting of H. L. Robertson at Seminole. The case was given to the jury at 10 o'clock last night after Dayton Moore, general counsel for the Texas and Southwestern Cattle Raisers' Association, had made the closing argument for the state.

BURKURNETT REPORTS SLOW STEADY RAINFALL BURKURNETT, Texas, Sept. 15.—Slow steady rain began falling here this morning, coming from the southeast and being discharged from lowering, threatening clouds which have obscured the sky for the past 24 hours. Indications point to a good season which will benefit wheat now being planted by farmers in this community.

ANNOUNCE AWARDS SWINE DEPARTMENT OF CHILDRESS FAIR

CHILDRESS AND ARLINGTON OWNERS TAKE DUROC JERSEY PRIZES

POLAND CHINA AWARD TO WILBERGER COUNTY

Rain Friday Afternoon Delays Races, That Were Run On Muddy Track

CHILDRESS, Texas, Sept. 15.—Races in this city Friday night and today have greatly interfered with plans of the Childress State Fair. Automobile races scheduled for this afternoon will probably be postponed until a later date, probably Saturday, September 22, according to officials of the fair association. All of the automobile drivers for the races have arrived in the city, and in a conference last night the association determined on the postponement of the races in event of more rains. The fair is at a standstill this morning due to the mud and muddy grounds and few people have entered the gates except officials.

CHILDRESS, Texas, Sept. 15.—Awards in the swine department of the Childress State Fair, which branch is probably attracting more interest than any other single department because of its national importance, were announced this afternoon. Competition was keen in this department and as a large number of swine were entered, the judges required more than two days to complete the task. The grand champion Duroc Jersey boar was owned by Alexander Michie and Jones of Childress, while the grand champion sow was owned by Lillard and Sons of Arlington, Texas.

In the Poland China division the grand champion boar and sow were owned by Bonland and Shure of Vernon. Large delegations from Wichita Falls and Abilene attended the fair Friday and were well pleased with the exhibits and entertainment. Both delegations returned home Friday night.

NEW ORLEANS, Sept. 15.—Persons charged with criminal offenses in connection with activities of hooded bands in Morehouse parish last year will not face prosecution at the fall term of district court opening in Bastrop October 1. Attorney General A. V. Cocco and his staff determined at a conference here yesterday. Only misdemeanor cases will be tried at that time. Mr. Cocco announced.

Persons of masked men in Morehouse parish, which Governor John Parker and Mr. Cocco attributed to the Ku Klux Klan, were the pinnacles of the Klan in Louisiana since the kidnapping of W. D. Daniel and T. P. Richard of Mer Rouge on a highway a short distance from Bastrop. Two mutilated bodies discovered in Lake LaPoudre on December 17, 1924, were identified as those of Richard and Daniel.

An open hearing at Bastrop in January at which scores of persons testified concerning the Klan activities, was followed by a grand jury investigation in March. The jury reported it had found no evidence to warrant indictments and the attorney general filed bills of information against eighteen citizens of the parish, including Captain J. E. Skipwith, exalted cyclops of the Morehouse Ku Klux Klan, and Dr. B. M. McKoin, former mayor of Mer Rouge.

BELGRADE, Sept. 15.—All reports circulated in the past few days alleging that tension existed between Yugoslavia and Italy because of the work of the Plims conference committee, is unfounded. A statement issued by the foreign office, it adds that "the desire of both countries for an agreement is undiminished." The statement was called forth by a report in a Belgrade newspaper that Premier Pachtich and Mussolini would meet at an early date to seek a solution of the question.

It was learned last night that Foreign Minister Nincichich has been instructed by the cabinet to file the Rapallo treaty with the league of nations as a basis for future negotiations in which the league might help, but the prevailing impression now is that the problem will be settled directly between the two premiers.

LONDON, Sept. 15.—Italy's note to the Jugo-Slavs with respect to acceptance of a settlement of the Plims problem, some times referred to as an "ultimatum," which was due to expire today, has been extended. It is stated that diplomatic negotiations regarding Plims between the two governments immediately adjacent to Plims, will continue on the basis of some new Italian proposals, the nature of which is not yet known.

All danger of hostilities between Italy and Jugo-Slavia has been removed, British officials believe.

All Garrisons Except One Are Supporting the New Movement; Triumph for Spanish Fascists

By Universal Service. BARCELONA, Sept. 15.—The military revolution in Spain is a complete success, all garrisons except Cordova supporting the new order. King Alfonso, in turning down Premier Albucaas and supporting General Rivera authorized the latter to organize a military directorate preliminary to forming a cabinet. General Rivera is flying to Madrid to comply with the request of the king. Meanwhile parliament has been suspended and martial law proclaimed. General Rivera's program declares that the revolution will be a complete success, all garrisons except Cordova supporting the new order. The movement is called a "triumph for the Spanish fascists."

General Rivera's program declares that the revolution will be a complete success, all garrisons except Cordova supporting the new order. The movement is called a "triumph for the Spanish fascists."

DAIRYMEN TO COOPERATE WITH COUNTY AND CITY OFFICIALS AT T-O FAIR

Plans looking toward a closer and more complete cooperation between dairy operators and officials of city and county are being discussed by dairymen who will have a meeting in a booth leased from the Texas-Ohio Fair and Exposition October 1 to 7, inclusive, during the fair week, according to word received from the Meadowbrook Dairy farm, Oklahoma. Terms of disease such as diphtheria and typhoid fever are often found in milk of unsanitary nature. The conference during fair week will take up the various problems with which the dairymen are confronted. The dairymen will start a movement for a more rigid supervision and inspection of dispensers of dairy products. Dairymen are heartily in favor of doing all possible to prevent the spread of disease through the community. They are according to the Oklahoma City dairy farm.

AUTOMOBILE CLUBS ARE REQUESTED TO JOIN IN GASOLINE CONFERENCE

WASHINGTON, Sept. 15.—All automobile clubs in the United States were invited today by the National Motorists' Association to attend a conference in Cleveland, Ohio, September 20, 21 and 22 to plan action for a complete survey of the gasoline situation in an effort to bring about a uniformity of charges from 12 to 15 cents a gallon for gasoline in one state and from 22 to 25 cents a gallon in another. "What is needed," said Fred H. Caley, executive secretary of the association, "is a complete survey of the gasoline situation with the thought in mind at all times to consider fairly the problems of the producer as well as the consumer. We believe the best method is a complete investigation by the legislature of the industry through their organized national body." Mr. Caley suggested that the facts gathered be placed before the legislature and that some remedial action where necessary.

WORLD PEACE SLOGAN SOUNDED BY PREMIER

SAN FRANCISCO, Sept. 15.—A slogan for world peace with the United States and the British empire assuming the leadership was sounded today by Premier W. M. Massey of New Zealand. He is here en route to London for the imperial conference of premiers and will stop in Washington on the way. "Let the two great English speaking peoples of the world—the United States and the British empire—come together for the benefit and welfare of humanity," said the premier. "You do not want to come out of our government and we do not want to come under yours. Still, if the time ever comes when we are forced to fight, let us fight as brothers and not as enemies. Let us fight for peace, for peace, for peace."

WOMAN IS ACQUITTED BY JURY IN OLD BAILEY

LONDON, Sept. 15.—Marie Marguerite Fahmy, tried on charges of having murdered her husband, Ali Kamel Fahmy Bey, wealthy Egyptian, was acquitted by a jury in Old Bailey today. Madame Fahmy, sometimes erroneously alluded to as "Princess," was arrested after her husband had been shot and killed in a apartment house hotel here in July. She testified that she had treated her husband, that she had attempted to frighten him with a pistol which she believed was unloaded and which was discharged while he held her by the throat crying that he would kill her. The jury deliberated one hour and 12 minutes. As the jurymen filed in Madame Fahmy stood with her face to her hands, deathly white. When the foreman announced the verdict of not guilty the women present cried out their congratulations and there was a great outburst of applause, the judge thereupon ordering the court room cleared. When the acquitted woman was made to understand through an interpreter that she was free she removed her hands from her face and smiled her thanks. She was next collapsed as attendants assisted her from the chamber.

SAYS COMMISSION ALLOWS RAILROADS TO ROB FARMERS

HELENA, Mont., Sept. 15.—Charges that the interstate commerce commission is permitting the railroads literally to rob the farmers through the imposition of unreasonable freight rates based on fictitious investment values were made at a grain rate hearing before Examiner Mackley yesterday by Attorney General W. D. Rankin. W. E. Stockton, vice president of the Montana farm bureau, charged that United States crop reporting statistics showing surplus of wheat does great harm to the farmer and are of value to gamblers on grain exchanges. He alleged a monopoly of the term "surplus" is more or less misleading, for that disputes the fact that the surplus reported from here to year, for all the wheat is eventually consumed.

Internal Revenue Collector to Aid Texas Cattlemen

WASHINGTON, Sept. 15.—G. L. Bass, collector of internal revenue for south and west Texas is in Washington this afternoon with officials of the Internal Revenue Service. "Merely routine business," said Bass. "I want to see if we cannot obtain a modification of the provisions of departmental rulings under which we call 'compliance' with the tax laws. Some of those men have been hit mighty hard and if we press them to the limit might be compelled to go under. I don't feel that the government wants to drive these men into bankruptcy and if we can get some relief from here, they will be able to get back on their feet again."

Flight Surgeon McCook Field Is Instantly Killed

DAYTON, Ohio, Sept. 15.—Major E. L. Napier, flight surgeon at McCook Field, was instantly killed this morning when the Fokker plane he was piloting crashed here. The fatal fall was witnessed by a number of persons at the field, who saw the plane crash into a field. After the wing broke the ship, a side seat on which he was seated, attempted to use his parachute, but the fast turning of the ship prevented this. He fell at McCook Field 900 yards from the main office, outside the fence. The plane was opened, but tangled up with the plane.

MYSTERY SURROUNDS DEATH OF WOMAN OF LEBANON, TENNESSEE

NASHVILLE, Tenn., Sept. 15.—Two small children slept in the Tennessee industrial school here last night while officials of the institution stood over the body of a woman in a local morgue and identified her as the mother of the two—the victim of a tragedy which was found lying near a railroad crossing just outside this city limits. R. F. Moore, arrested Thursday and charged with manslaughter on the ground that his truck had killed the woman, denied an alleged statement made after the body was found that he had accidentally killed the woman. A coroner's inquest today failed to find evidence of death through an automobile crash and orders were given for a chemical analysis of vital organs seeking evidence of poison. The City detectives who "found" the body in the morgue declared they will seek to prove that the woman was thrown from a passing automobile after having been murdered.

TYPHOON BREAKS OVER MAINLAND OF COAST OF JAPAN

OSAKA, Japan, Sept. 15.—A typhoon broke over the main land today, blowing over the coast. The town of Osaka, northwest of Kobe, is reported to have been inundated.

Some people are so generous they throw pennies around as if they were five dollar bills.

90 Days and \$110 For J. A. Odell In Three Cases

J. A. Odell, who was arrested Thursday evening upon complaint of a young lady who stated that she had picked her up in an automobile and then thrown her out while the car was in motion, entered pleas of guilty in all three cases Saturday morning before Judge Guy Rogers.

His total penalty amounted to a fine of \$110 and 90 days in the county jail.

On the charge of being drunk he was fined \$10 on the aggravated assault charge, 30 days in the county jail and on the charge of operating a car while being intoxicated, \$100 and 60 days in jail.

EVANGELIST TAKES TEXT FROM GENESIS AT FLORAL HEIGHTS BAPTIST CHURCH

At the evangelistic services being conducted by the Rev. J. B. Hanson, at Floral Heights Baptist Church, the speaker took his text from the 4th chapter of Genesis, the Flood, using the ark as a type, the completion of the atonement wrought by Jesus Christ through His sacrificial death.

All who entered the ark were safely landed; so all who trust in Christ will be completely delivered from sin, and brought safely home to Heaven, he declared.

"No one is compelled by outward force to accept Christ," he said. "It is entirely voluntary and each one for himself. Noah invited those into the ark who should be with him; they were not compelled to enter."

"God took care of the ark, directing its course and determining its voyage and its landing. Noah did not wholly understand; he was simply taking God at His word, and obeying His voice, for we do not walk by faith and not by sight. After the door of the ark was closed it was too late for any one else to enter, and those who were there waited too late to find escape from hell."

COOL WAVE HAS MOVED TO EAST; WARM IN SOUTH

WASHINGTON, Sept. 15.—A temperature of 77 degrees in the city of Washington today, a high pressure area during the night, but the low pressure area which is following it, brought warmer weather into the upper Mississippi valley, the northern plain states and the northern Rocky Mountain region.

The area of high pressure centered today over the upper lake region, according to weather bureau reports, and cool weather continued generally east of the Mississippi river.

Frost appeared this morning in the vicinity of the Great Lakes and the upper Ohio valley, and was forecast for tonight in the lower lake region, the upper Ohio valley, the northern plain states and the northern Rocky Mountain region.

At the evangelistic services being conducted by the Rev. J. B. Hanson, at Floral Heights Baptist Church, the speaker took his text from the 4th chapter of Genesis, the Flood, using the ark as a type, the completion of the atonement wrought by Jesus Christ through His sacrificial death.

All who entered the ark were safely landed; so all who trust in Christ will be completely delivered from sin, and brought safely home to Heaven, he declared.

"No one is compelled by outward force to accept Christ," he said. "It is entirely voluntary and each one for himself. Noah invited those into the ark who should be with him; they were not compelled to enter."

"God took care of the ark, directing its course and determining its voyage and its landing. Noah did not wholly understand; he was simply taking God at His word, and obeying His voice, for we do not walk by faith and not by sight. After the door of the ark was closed it was too late for any one else to enter, and those who were there waited too late to find escape from hell."

JEWELRY WORTH \$20,000 IS STOLEN AT CLEVELAND BY TWO ARMED BANDITS

CLEVELAND, Ohio, Sept. 15.—Jewelry worth \$20,000 and \$500 in cash was stolen by two armed bandits in a holdup at the city's stock market yesterday.

The bandits, who were dressed in civilian clothes, entered the stock market at 10:30 a. m. and held up the cashier, who was alone in the building.

The bandits, who were dressed in civilian clothes, entered the stock market at 10:30 a. m. and held up the cashier, who was alone in the building.

JACK DAW'S ADVENTURES

UNDER THE GROUND

Story by Hal Cockburn Drawings by Lee Wright

Jack stood in front of the gate waiting for it to open and let him pass. But it didn't move. Mother North smiled and explained that the lock would not open unless Jack left all the silver presents behind him. 'If you want to keep those presents you will have to stay here,' she told him.

Jack decided that he did not want to stay in Silver Cavern the rest of his life so he put the silver things down on the ground. And almost immediately the great dark gate swung open, and with a dash into a great ray of light. 'Walk right through, and into Golden Gorge,' said Mother North.

When Jack reached the other side of the doorway, there was a bright light that hurt his eyes. 'Hurry, hurry!' said a new little voice, 'you are late! hurry! hurry! hurry!' and Jack saw the light of Golden Gorge. And a great little girl with the glasses on her nose.

Better Service in Coal Industry Or Public Ownership May Result Is Warning of U. S. Commission

Better Service.—Under the public ownership better service from the coal industry, public ownership of that industry may become necessary.

The United States Coal Commission's report on the coal industry, which was made public today, contains 21 recommendations and suggestions. These conclusions are presented in the report as being significant in the hope that they may help to point the way to better relations and to better service to the public that report to public ownership may be unnecessary.

Some of the important recommendations of the commission follow:

That both sides place some check upon "provocative and imprudent" publicity.

That both sides study means of meeting the fundamental unemployment problem of the coal industry.

That joint commissions be established to make thorough studies of the coal industry, looking to revision of the rate structure as indicated by so many inequalities.

That the government collect and publish rates and rate changes in the coal industry.

That check weights be employed by the men in non-union fields as a means of securing confidence in weights.

That the form of wage payment known as "sub-contracting" and that leading to contract labor or operators be discontinued.

That both sides make a serious study of the problem of mine limitation of output and of the causes which lead to it.

That each agreement in the union fields provide for the prompt discharge of settled employees through conciliation or arbitration, and that non-union operators place their workers under the exclusive of the right to discharge.

That "volence, hunger and gun war" be discontinued, whether provoked by the union to enforce complete unionization, or by the operators to prevent it.

That individual contracts which are not free-will contracts be abolished.

That the right of union and non-union workers to advance their cause by peaceful and honest persuasion be recognized.

That a system of national negotiation, with district agreements be worked out to avoid standard-outside-wide strikes on the coal industry.

That a continuing umpire be appointed in each district.

That more attention be given to the training of superintendents and foremen in the coal industry, especially in dealing with labor under a union agreement.

The report advocates the fullest publicity to all phases of the industry, and stresses the need of closer contact between district union officers and non-union operators.

Hearing to the commission, the commission "recognized that labor effects upon the union," but expressed the hope that "the unsettling effects of coming out this year might more than outweigh the gains." It might be well to discontinue the practice of the collection of fines and special assessments, the commission believes, but the question is one which is not vital enough to justify suspension of operations.

Report Shows Texas Textile Mills Consumed 103,831 Bales Cotton Last Year; Increase 11% Over Last Year

DALLAS, TEXAS, Sept. 14.—Consumption of cotton by the twenty cotton textile mills in the state of Texas during the year ending July 31, 1932, amounted to a total of 103,831 bales, being an increase of 11 per cent over the 93,500 bales consumed in a statement made today by Burt C. Blanton, industrial engineer and manager of the Industrial Department of the Industrial Commission, who is making a state-wide survey of manufacturing industries.

The increase in consumption of raw cotton by textile mills in Texas amounts to slightly in excess of 100,000 bales over the 93,500 bales consumed in the year ending July 31, 1931. Mr. Blanton said. "The total number of textile spindles in Texas is 1,100,000 and 100,000 are in operation."

"The total value of raw cotton consumed by the mills in Texas for the year ending July 31, 1932, was approximately \$2,000,000, while the value of the finished products of Texas mills amounted to about \$26,000,000," Mr. Blanton said.

"Based upon the 1932 cotton crop of Texas, which had a value of approximately \$28,575,000, the value of the cotton consumed by Texas cotton mills for the year 1932 was less than three (3) per cent. And assuming that the value of raw cotton manufactured into finished products about double in value, and utilizing this as a hypothetical case based on Texas cotton crop, if all of the cotton grown in Texas were manufactured into finished products about double in value, and utilizing this as a hypothetical case based on Texas cotton crop, the value of the finished products of Texas cotton mills for the year 1932 was approximately three (3) per cent of the total cotton crop of Texas for the same year would be if the entire quantity had been manufactured into finished products."

"Texas is destined to lead the Southern States in the fabrication of cotton within the fabrication year; and ultimately, Texas as the center of the world," Mr. Blanton declared.

POSTER COTTON MILLS MAY EXHIBIT HERE AT TEXAS-OKLAHOMA FAIR

The Foster Mills, Post, Texas, probably the largest textile mill in the state, have written for information concerning the Texas-Oklahoma Fair and Exposition to be held here, October 1 to 7, inclusive, according to a fair official.

Should the textile mill have a display here of their products it will be of interest to a majority of women. The products of the mill are pre-shrunk before being put on the market. The mill has a complete department of washing and ironing units in the south.

THOSE WHO KNOW W. Leighton Thompson of Chicago say his recent appointment as assistant chief of the newly organized Division of Domestic Commerce is a good thing for the economic growth of the country. He is thoroughly familiar with internal conditions in the United States, they say.

MORE THAN 1,340,000 copies of this photo of Phyllis Haver taken when she was a Mack Seaman bathing girl have been sent to all parts of the world. It is said to be the most widely distributed picture in the world. Phyllis now is a star in Fox films.

SUNDAY FINDS THE COOLIDGEs on their way to church in the capital. The president and his wife always attract attention when arriving at the First Congregational Church or when leaving it to return to the White House. Even when he goes to worship a president must be protected by Secret Service.

YOUR CHANCE to get a brand new Lincoln car far below list. Fully equipped with all accessories. Write or phone at once for particulars. At White Garage, Vernon, Texas, Box 821. Phone 877.

THE ISLE OF RETRIBUTION

ERSON MARSHALL
ILLUSTRATED BY
RAM BATTISTELLI
© 1924, EDWARD S. GARDNER & COMPANY, INC.

BEHOLD HERE TODAY.
They called it the Isle of Retribution. It was a small, rocky island in the middle of the sea, and it was the scene of a strange and terrible tragedy. The story is told in the chapters that follow.

SUNDAY HOME COMING DAY
FIRST CHRISTIAN CHURCH
Sunday will be Home Coming Day at the First Christian Church. The largest attendance for several months is expected. A host of people have been away during the summer months and have returned with the beginning of school. It is desired that every member of the Christian Church attend the Sunday service. Special music will be rendered. Mr. Hancock will speak on the subject, "What is a Christian Church?"

LEARNING IT WHILE YOU ARE EARNING
Every man learns, sooner or later, of the value of the saving habit. Trouble is, some learn the lesson too late to help them.
The time to learn and apply that lesson is while you are earning; when you quit earning, it will be too late.
