DECLINE TO PERMIT HELIUM WORKERS TO LAND IN JAPAN. VESSEL CARRIED 15 TONS COMMUNISTIC LITERATURE. Reported Russian Ship Quarantined by American Warcraft at Yokohama.

MOSCOW, Sept. 19.—A Yiddish newspaper to Investigator, official organ of the soviet government, says the steamship Lantia, the first Russian vessel sent to the aid of the soviet earth quake victims by the Japanese authorities, who also declined to permit any of the soviet relief workers to land. The Lantia, returning to Yiddishport, reported that she had been escorted to port by warships. The Russian ship was visited by American warcraft at Yokohama, but the Japanese withheld any such recognition, says the newspaper. Another Russian ship was forbidden to enter Kobe.

The correspondent declares the Japanese population is eagerly awaiting relief from Russia, while their attitude toward the American relief is "unfriendly." The Japanese consuls at Yiddishport has been informed that the Russian government while accepting Russian aid funds, is unable to permit the Russian aid commission to enter Japan. The Workers' Gazette is circulating the excitement of the Lantia from sources that the vessel carried 15 tons of communistic literature. The soviet government has appropriated 200,000 gold rubles to the aid fund.

HELP FOR GIRLS WHO WORK. Mrs. Larkin Tells How Lydia E. Pinkham's Vegetable Compound Helped Her. Tyron, Pa.—A friend told my husband that Lydia E. Pinkham's Vegetable Compound had helped his wife, so my husband bought me a bottle. I was so run-down, had a nervous weakness, no energy, and my body and pain in my left side so bad that I could hardly do my work. Recently I had to go to work in the factory, and had pains just the same when I had had none. I have done my household work, and I have not had a headache since. Will Continue Investigation of Mine Floggings

BIRMINGHAM, Ala., Sept. 19.—Solicitor James G. Davis will continue his investigation of conditions at Banner mine in spite of Governor William W. Bradford's letter of yesterday in which the executive said an inquiry would not be tolerated as such authority in governing activities rested finally with the governor of the state. Mr. Davis left Montgomery at 5 a. m. after consulting with the governor. He is in his office to prepare for the opening of the grand jury at 1 o'clock. The governor said in his letter that the punishment administered to the strikers who led the recent strike at Banner mine, resulting in the flogging of strikers, was not excessive and that the conditions were such that the strikers were not entitled to any special consideration.

ADOLPH MICHAHA IS SUED FOR DIVORCE HERE WEDNESDAY

Adolph Michaha, wealthy local land and oil royalty owner, was named defendant in a divorce petition filed Wednesday afternoon by Millie Bartosh Michaha, in which she alleged abandonment, failure to provide for her and their child, and cruel treatment.

She asks for a monthly allowance for the child and such other relief as the court may find her entitled to. She refers to a settlement had between her and her husband prior to their marriage in which she was granted a judgment of \$2,000, \$1,000 in cash and \$1,000 in notes as a lien against land which her husband owns.

She complains that she is unable to realize anything from the notes and calls this to the attention of the court in asking for relief.

Adolph Michaha was indicted on a charge of seduction and the bill returned into the 30th district court on February 21, 1922. On March 2, the case was called for trial, at which time the defendant in open court offered to marry Miss Bartosh. The wedding was set for March 1, 1922, at which time the couple was married by Justice of the Peace Gwinn.

The minutes of the 30th district court show that the criminal case was ordered continued from term to term upon the proposal of marriage, and that it would remain on the docket of the court for a period of two years, the limit set by statute, to ascertain whether the proposal of marriage was made in good faith.

BUSINESS COUNCIL TO HEAR REPORTS ON COLONIZATION

Judge A. E. Brittan, chairman of the colonization committee of the chamber of commerce, will speak to the members of the business council, which will hold its regular weekly luncheon at the Kemp Hotel Friday at 12 o'clock noon.

The colonization committee has spent much time and effort in securing the best plans that have been tried in other parts of the United States where the problem presented itself following the completion of an irrigation project.

With the Wichita Falls irrigation project rapidly nearing completion, this committee has a most important duty to perform and Judge Brittan will present to the members of the council one of the plans which will be adopted here.

It is believed that the council will be largely attended and an effort is being put forth to secure a 100 per cent attendance.

Expect a Thousand Children to Be Entered in "Kiddie Parade" At Fair Grounds Opening Day

GIRL SCOUTS RECEIVE MESSAGE, MRS. HARDING

The Girl Scouts of Troop No. One of this city, under the guidance of Mrs. J. M. McHenry, received a message Wednesday from Mrs. Florence Kling Harding, wife of the late president, expressing deep appreciation for their message of sympathy on the death of President Harding.

A thousand or more little folks under 10 years of age entered for the "Kiddie Parade" at the fair grounds opening day was the confident expectation of the committee in charge of the parade Thursday morning.

MISS ALMA LEE JOINER

The parade is to be the big feature of the opening morning, and will be staged at 10 o'clock, with twelve bands and a grandstand. A moving picture is to be made of them by the Fair Association.

Members of the committee are making suggestions by hundreds of mothers already for the costumes of the little folks, as every child entered, except the babies in carriages, must represent some character.

The children must be entered for the parade at the Oriental Studio, 705 Tenth street, between 10 and 11 in the morning, from now until the day before the fair opens.

BRIEFS AND NOTICES

There is a call for a meeting of the First Circle, First M. E. Church, Seventh and Lamar, for Friday afternoon at 2:30 at the home of Mrs. O. J. Dorrance, 1647 Ellsworth. The "harvest offering" will be taken.

Miss Lois Fitzgerald, who was operating on Wednesday at the Wichita Hospital is reported to be doing very nicely. Thursday afternoon a baby son Sunday.

The Catholic Daughters of America will entertain at 8:00 at the church hall on Ninth Street Thursday evening, beginning at 7 o'clock, and a general invitation is extended.

The Campfire Girls is a body of thirty or more are going to Elvira Friday evening to entertain at the fair. All who have cars which they will drive or lend for the visit are asked to have them at the church at 8:30.

In Our Neighborhood

IRVING DAVIDSON, Phone 4341

In this space will be printed each Sunday, or oftener if necessary, and without charge, notes from people who are in need of something that it is possible some other person has, and would be glad to give, and notes from people who have things they know other people might make good use of, but do not know who these people might be.

The names and addresses of those who send these notes will not be published, only the requests and the offers. The addresses will be furnished the giver only, in each case, where there is a response to the request or the offer. Only the woman's page editor will know the names, and they will not in any case be made known to any other person except those concerned.

"I have two good coats for boys from 10 to 14, and would be glad for someone in your neighborhood to buy them."—Mrs. D. R.

"We have given your address to Mrs. F., who asked for clothing for her boys. Thank you very much. Has any other mother any school clothing for these boys, from 10 to 14?"

"My boy has a dog kennel he would be glad to give some other little boy who has a dog."—Mrs. J. B. P.

"Most little boys have dogs and not many of them have kennels, so we will probably have a name for you by morning."

"I have a good suit of clothes for a boy from 16 to 17."—Mrs. J. E. C.

"A mother I know who has six little children and works awfully hard to keep her family together and take care of them needs bed-clothing for the winter badly. If anybody answers I would be glad to get them for her."—Mrs. D. J. W.

"Somebody who wants any kind of bed-clothing good for winter, and some housekeeper will surely be able to spare a quilt or maybe a used blanket or comforter."

"My boys are eight and ten, and large for their age. I am trying to keep them in school, and I would be glad if somebody in your neighborhood would help me with some clothes for them."—Mrs. P.

"We hope to have an answer by morning for you."

"I would be so glad to get the clothes Mrs. W. H. E. spoke of for the little twelve year old girl."—Mrs. H.

"The clothes have been asked for, but some other mother will help you."

"WHITE ROSE" A BEAUTIFUL MOVIE DON'T MISS IT

The Women's Page editor seldom looks into the movie editor's province, but if we can slip in by the back gate, we want to recommend "The White Rose" showing at a local movie house, to every lover of a big story beautifully told on the screen.

There isn't any one to go into details. It's a big—really big—screen story as well photographed and beautifully set. What we want to say is that in our opinion "The White Rose" is a real story told in one of the best and most appealing scenarios we have ever seen.

**PROPOSED RATE
SCHEDULES HAVE
BEEN SUSPENDED**

WASHINGTON, Sept. 25. (AP)—The interstate commerce commission today announced the suspension until January 15 of proposed rate changes on various carload and less than carload commodity tariffs affecting practically every railroad south of the Potomac and Ohio rivers. An investigation of the schedules suggested and which seem to have become effective tomorrow were ordered by the commission.

The suspended schedules proposed to cancel various less than carload commodity rates and to cancel all carload commodity rates to points where the carriers stated there has been no movement. They provided also for a revision in carload commodity rates where there is known to be movement, such revisions resulting in both increases and reductions from points in the southeast and Carolina territories to points in the eastern Mississippi valley territory.

LARGE CROWD AT FAIR AT VERNON

(Continued from page one.)

style show will be held Thursday night at 8:15 o'clock, according to present plans. And then it will be believed that Thursday night will attract a larger crowd than had the event been put on Wednesday night.

The time limit on entries in all departments was extended by the appeals to Wednesday night. It was believed that many people who had entries would have been unable to reach the fair grounds by the original time for closing the activity books. Thus the judging in all departments was thrown a day later. However, in the livestock department the judging was started in the afternoon and it is expected that announcements of the winners in this division will be made some time Thursday afternoon.

Miss Eula Goodfellow, county home demonstration agent, who is in charge of the women's department, expects the program to be completed by Thursday night. F. D. Chaney, county farm agent, in charge of the judging in the other departments, also expects to have preliminary lists complete by closing time Thursday night.

It was late Wednesday afternoon before all the exhibits in the exposition building and the commercial booths had been completed. Especially attractive in this building are the booths of the communities in the county. Among these are Lock-ett, West Vernon, Odell, Elliott and Oklanon. It will take much thought on the part of the judges before any first choice can be made, as each of the communities has an attractive and well filled booth.

Other booths in the exposition building that are attracting much attention are those of the fine arts department, Mrs. R. H. Coffey, superintendent; Vernon high school department, R. L. Dobson, superintendent; girls' club department, Miss Eula Goodfellow, superintendent; culinary and sewing department, Mrs. Paul Geets, superintendent; textile department, Mrs. O. A. Brunson, superintendent; boys' agricultural club department, E. D. Chaney, superintendent.

The auto show tent, entirely empty when the fair grounds opened

because the ground did not like to bring the cars out in the bad weather, was well filled with the new models by dusk. Several dealers have provided individual displays of farm machinery at various points close to the auto show and the exposition building.

Poultry and Livestock.

The poultry and livestock exhibits are housed in the same building and make creditable showings. G. W. Richardson's superintendent of the livestock department, while F. C. Frost, Adam Doughton and J. M. Colburn are in charge of the poultry show. An especially fine showing is that of the swine department, in which various popular strains and varieties are featured. Marvin Sharp is in charge.

With fair weather in sight for the remainder of the fair, officials are holding over, providing for a record attendance. Leo Byars, president of the fair association, declared he was highly satisfied with the entries after the first day and was of the opinion that the remaining days of the exposition will be record breakers. R. M. Coffey, the manager, has been busy attending to the various details to render any statements after the first day and was of the opinion that the remaining days of the exposition will be record breakers.

Father Charges Detroit Police Mistreat Girl

DETROIT, Sept. 25. (AP)—While three physicians appointed by Coroner James Burgen today examined the body of Gladys Lora Lorenz, 12 year old Polish girl, who her father alleges, died Saturday, as a result of mistreatment by police while under arrest on a charge of grand larceny, police are on guard in the vicinity of the girl's home to prevent any demonstration.

Two riot calls were sent to police headquarters last night and early today as a result of alleged demonstrations. John Lorenz, father of the girl, says his daughter told him just before she died that police had abused her and forced her to take two baths in an attempt to make her confess to the robbery of \$100 from Joseph P. Anderson, who lived in the same building. He says there were bruises on the girl's body when it was brought from the hospital.

According to the report of James Spott, assistant superintendent of police, the girl was arrested on September 11, 1922, at once to the juvenile detention home. The following day she was removed to a hospital and died Saturday as the result of acute pleurisy. The report says the girl was delirious when she talked to her father and the marks on her body were the result of hypodermic injections and of an autopsy performed with the father's permission.

Cold Epidemic Follows Light Early Norther

An epidemic of colds is sweeping through Wichita Falls and vicinity, following the light norther experienced several days ago. A large number of people are suffering with a cold of the lungs and head, although no serious cases have been reported.

The norther was not a severe one, but was the first of the season and struck at a time when people were unaware of its approach. It landed here in the wee small hours of the morning and lack of covering probably is the cause.

HOPE CHAPTER DE MOLAY MEETS THURSDAY EVENING

It was announced Wednesday by Captain Joyce Williams of the Hope chapter patrol, that a re-organization of the patrol would be held at the Masonic temple at 7:30 o'clock Thursday night, for the winter session.

The patrol, one of the foremost organizations of the order of De Molay, Masonic organization for boys, has been active ever since Hope chapter was installed, two years ago.

Three Boys Not As Much Lost As Thought at First

The three young boys, aged 10, 12 and 13 years, who it was reported had left the homes of their parents on a trip of adventure Tuesday evening, and had not been heard of since, were not as much lost as was at first thought.

An investigation revealed that the boys had all reached home Tuesday night a short time after police headquarters had been notified and in their joy of the return of the prodigals the parents forgot them to advise the officers of the return.

LEAGUE OF NATIONS FAILS TO TAKE ACTION ON ITALY'S DEFIANCE

GENEVA, Sept. 23.—The annual session of the League of Nations failed to take definite action today on the question of Italy's repudiation of the league's competency to intervene in the Italo-Greek situation.

It was learned that the council had decided to discuss the interpretation of the league's covenant with the assistance of experienced jurists. The meeting was held closed doors.

DEPARTMENT'S WORK TO BE GRAPHICALLY SHOWN AT TEXAS-OKLAHOMA FAIR

The Texas-Oklahoma Fair and Exposition this year will have as a feature a graphic showing of the health department's work.

The state has several complete shows, each a duplicate of the other. The shows are to be given exhibiting spaces in one of the hangars. A six-reel moving picture, "The Organized Good Samaritan," or another feature equally good, will tell an interesting story of animal and dairy husbandry, health promotion and disease prevention, road building and in fact almost every branch of the state's vast and varied activities.

The second allotted space will contain many exhibits. Many divisions of the state and federal government will be represented here, according to a fair official.

The health department will conduct free physical examinations, make use of communicable diseases and the like. Specimens will illustrate each important point. Lecturers will be there as in all other departments and divisions where exhibits covering state activities are shown.

Head maps, types of pavement, bridge construction and models in many other exhibits will be on display.
