Governor's Special Officers Are Routed from Tulsa Court House by Sheriff and 200 Armed Deputies

TULSA, Okla., Oct. 1. (AP)—Distribution of election supplies in Tulsa county began this afternoon under guard of more than 200 armed special deputies pressed into duty by Sheriff H. D. Sanford after twelve "armed citizen volunteers" placed on guard at election headquarters by order of Governor J. C. Walton had been ordered out of the county court building.

Several of the citizen volunteers were in great haste to get to the polls. A deputy sheriff declared there were 200 armed assistants in the building, pledged to support the election.

OKLAHOMA BULLETINS

BALLHAW, Okla., Oct. 1.—Advising Governor Walton to "keep your hands off our city government unless you assume full responsibility by occupying the city under martial law," C. B. Johnson, mayor, defied the executive. "You are assuming authority in dictating to our police that is not vested in you. I am mayor of this city and will continue so unless recalled by the people who elected me," the mayor's message said.

CHICKASHA—City and county officials here stated that they had been officially notified by Governor Walton to stop all voting in the special election and they would comply with his orders.

Ballots Are Ready. BLACKWELL—Ballots for the election Tuesday have been printed and are being distributed to the various precincts today under orders of Secretary Ed Shinn of the Kay county election board.

Ballots Being Distributed. PONCA CITY—The distribution of ballots for Tuesday's election began here this morning. Election officials have been appointed and are making preparations for the election.

Going Ahead With Plans. MURKOGEE—Muskogee county election officials were going ahead with plans for tomorrow. Ballots were distributed.

Ballots Being Distributed. BARTLESVILLE—A local printing company, after receiving instructions from the county election officials, is rushing the printing of ballots for tomorrow's election.

Ballots Will Be Shipped. SAPULPA, Okla., Oct. 1.—County Attorney Tom Wallace declared "the special election will be held in Creek county."

Ballots Will Be Shipped. POTEAU, Okla.—LeFlore county officials will ignore the governor's order to prevent the election Tuesday, officials said. Ballots were distributed today.

May Be Held Election. FRODO—Governor Walton's order to prevent the election Tuesday will not be followed in Mayes county, it was announced by county officials.

Ballots Will Be Shipped. MIAMI—The election will be held here tomorrow, according to county officials. "The governor will get no help from my office," said Sheriff Gram.

No Interference Expected. McLESTER—The election will be held in Pittsburg county without an interference, according to County Attorney O. H. White. He said nine other county attorneys in this section, known as the Tennessee belt, have telephoned him and the same action is expected to be taken in every county east here to the Arkansas county line.

Distribution Stopped. McLESTER—The election will be held in Pittsburg county without an interference, according to County Attorney O. H. White. He said nine other county attorneys in this section, known as the Tennessee belt, have telephoned him and the same action is expected to be taken in every county east here to the Arkansas county line.

RUFUS REDDING FOUND DEAD IN AUTOMOBILE ON THE DECATUR ROAD

FORT WORTH, Oct. 1. (AP)—Rufus Redding, 19, was found dead in an automobile on the Decatur road, about four miles from the town of Decatur, on what is known as "Lover's Lane" and about six miles north of the city.

CIT detectives who investigated said that the youth's mouth had been burned with acid and that a bottle was found in the car beside the body.

Tuesday Holiday, Says Boy Mayor

City of Wichita Falls, Office of the mayor.

Whereas, the citizens of Wichita Falls have through general civic energy and enterprise, established a great exposition of the industries and products of the state, known as the Texas-Oklahoma Fair; and

Whereas, tomorrow, October 2, has been officially designated as Wichita Falls Day and said Fair is a day especially set aside for the citizens of Wichita Falls to see the fruits of their efforts and to partake of the entertainment afforded;

Therefore, now I, Herman Stanton acting mayor of the city of Wichita Falls, do hereby proclaim Tuesday, October 2, to be a public holiday in Wichita Falls, and do call upon the citizens to refrain from their usual business, activities and amusements, and attend said Fair.

Witness my hand and seal, this thirteenth day of October, 1934. Herman Stanton, Mayor.

Ten Cents Is the New Price of The Ladies' Home Journal

The reduced price takes effect with the biggest October issue ever published.

Following the established policy of The Curtis Publishing Company to give the greatest possible value for the least possible money, it has for years been the aim of THE LADIES' HOME JOURNAL, as it has been the achievement of THE SATURDAY EVENING POST, to provide the homes of America with the best magazine in its class, at the lowest price.

THE LADIES' HOME JOURNAL circulation is now at the highest point in its history. Our fall issues are the largest and finest ever made.

Booth Tarkington, Otis Skinner, Senator Borah, Corra Harris, Harry Emerson Fosdick and a score of others, together with the latest fashions and with household features from the Journal's testing kitchen, are in October. Edith Wharton, Zane Grey, Joseph C. Lincoln and many others are coming.

S. LAMBERTY AIR SERVICE SAYS NEW

IN A CRUELLY PARADOXICAL POSITION WITH REGARD TO AIR CRAFT

CITIZENSHIP DOES NOT CARE TO THINK OF WAR

Postmaster General Urges Importance of Developing Commercial Service

ST. LOUIS, Oct. 1. (AP)—The United States is in a peculiarly paradoxical position with regard to aircraft, Postmaster General New asserted in a paper prepared for the second annual air institute of the Aeronautical Chamber of Commerce of America, meeting here in connection with the international air races.

While the United States leads the world in aviation records, "in equipment we are immediately and almost pathetically deficient as contrasted with most of the other first class powers," he declared.

"It is apparent to all," he continued, "that the American people are characterized by a military spirit. They do not care to think of the possibility of it even insurance against it, or to pay the slightest attention to the requirements for protection until war is actually upon them. They placidly regard the country's economic resources as sufficient to protect them."

"This may be untrue, and I think it is, but it is a fact. Applied to aviation this means that our aircraft industry born of the war, as a military adjunct, can not hope to survive if compelled to look solely to the military."

"The air forces of the army and navy must be placed upon a sound and effective basis, both as to existing equipment and personnel. But back of the demand for aeronautical development for both army and navy lies the need for commercial aviation, which shall be a constructive and profitable economic force and at the same time a means to serve for the nation's defense in production facilities and primary trained personnel."

Mr. New asserted that the practicability of trans-continental air mail service had been demonstrated and urged the "creation of a sufficient demand for it to justify its permanent installation and continuance."

INVALIDATION SERVICE FOR DEPARTMENT OF INTERIOR

ST. LOUIS, Oct. 1. (AP)—Airmen are desired to perform invaluable service for the department of interior, Secretary Work declared in a paper prepared for the second annual air institute of the Aeronautical Chamber of Commerce of America, meeting here in connection with the international air races.

"In aviation," he said, "the saving apparatus to the scope of disaster, in mapping from the air the immense reservoirs and great developments of reclamation projects, in photographing inaccessible areas to complete topographical features of the land for the geological survey and in the transportation of passengers to the national parks are some of the most important developments of the future," the secretary said.

"The speed and mobility of the airplane and its independence of railway schedules and road are valuable factors in the consideration of its adaptability to mine and rescue purposes," he added.

GREAT THROUGS AT OPENING T-O FAIR

(Continued from page one.)

Motor and rider had not been announced.

The bicycle parade and races was one of the features Monday morning. A large number of decorated wheels were entered in the contest which followed the children's parade. Hundreds of people crowded into the grandstand to see the bicycle races.

Running races Monday afternoon are expected to attract thousands of people. The Bob Waggoner cup race will be run Monday.

Merchants Monday morning were busy installing exhibits and carnival people were at work unloading their property. According to last reports, the carnival will open sometime Monday afternoon. Several of the exhibit buildings, now set up, will also be thrown open late Monday.

An interesting event Monday were crowded with visitors and hotels are crowded to capacity.

Secretary Work said, "The success of the local Booth Society in America was for the fourth consecutive time the annual contest of the 25 points of their nearest competitor, Troop No. 2. The winning troop came out first in almost every event of the contest, setting several standard records in signaling and the relay race.

Among those coming in for individual honors in the most stand Edgar Ellis, who won the best typing contest for Troop 1, with a time of 15 seconds; George Nichols, who spelled out Texas-Oklahoma Fair, with a time of 15 seconds; and George Ellis, who won the relay race with a time of 15 seconds.

Other contests of the most were: Best typing contest, won by Troop 1 in 15 seconds; Best spelling contest, won by Troop 1 in 15 seconds; Best handwriting contest, won by Troop 1 in 15 seconds; Best penmanship contest, won by Troop 1 in 15 seconds; Best penmanship contest, won by Troop 1 in 15 seconds.

SEVERE STORMS SWEEP OKLAHOMA AND PANHANDLE

RAILROADS SUFFER NUMBER OF WASHOUTS AND TRAINS ARE DELAYED

HEAVY RAINS AT FOGAN ON MONDAY MORNING

Hail Falls For An Hour in Oklahoma Towns Sunday Night

Severe storms swept across western Oklahoma and the Panhandle region Sunday afternoon and night and exacted a toll of property. Railroads suffered the most and a number of washouts were reported to local train dispatchers Monday morning by agents of both the M&K and the Fort Worth and Denver.

Rain began falling at Fogan, Oklahoma, early Sunday morning and intermittent showers throughout the day sent all streams to flood stage. A river bridge near Carter, Oklahoma, was completely washed away and a half dozen other smaller washouts were reported between Elk City and Fogan. The latter was hit the hardest by the storm.

On the Fort Worth and Denver City railroad lines, rain fell from Eliza to Texline and in several places agents reported as much as two and one-half inches of rainfall. A small washout at Clarendon caused a delay in traffic Sunday morning, but this damage was repaired and it was reported Monday morning that the main line was clear and trains would run on schedule Monday.

The Canadian over bridge, which was washed out on September 13, when 12 hours of the bridge were destroyed, was repaired Sunday and trains passed over it, but the water was rising Monday morning in the stream.

Between Elk City and Fogan rail (S) Sunday afternoon for an hour and some damage was caused.

At 9 o'clock Monday morning it was still raining heavily at Fogan with the wind direction north. It was stated by agents along the line that the storm was headed the way and if it arrives at all should be here "some time about midnight Monday."

A north wind which is sending the thermometer down slightly is moving the storm slowly.

The weather locally Sunday was ideal and very few people realized that it was raining at Eliza, only 25 miles away. The sun shone all day long and the temperature reached the 85-degree mark.

Monday morning the sun slipped through a cloud in the eastern horizon and as far as Wichita Falls was concerned the skies were clear. At 10 o'clock, however, a heavy fog was perceptible to the north, probably a forerunner of the storm which was brewing in northwestern Oklahoma.

Congressed air tools of all kinds, especially for outdoor work, are gaining in popularity.

In ancient Carthage children used to be sacrificed to the God Godos.

Puffed Rice

Airy, flavory morsels—a supreme delight

Quaker Puffed Rice is the finest breakfast dainty people have ever known. The grains are steam exploded—puffed to 8 times normal size, so each grain becomes a confection—flaky, flavory puff.

The food cells are exploded, so they easily digest. That is the reason for puffing. Thus Puffed Grains are the best-cooked cereals in existence.

Whole grains made enticing

Quaker Puffed Wheat is whole wheat puffed. Over 125 million steam explosions are caused in every kernel. Thus these airy, toasted grains become delicious tidbits.

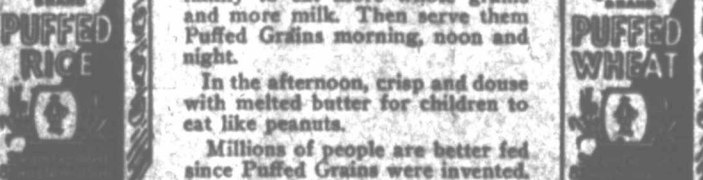

No night dish is more welcome than Quaker Puffed Wheat in milk. And none is more important.

Whole wheat supplies 12 minerals which growing children must have. It supplies the needed huan. And milk is rich in vitamins.

Every housewife wants her family to eat more whole grains and more milk. Then serve them Puffed Grains morning, noon and night.

In the afternoon, crisp and douse with melted butter for children to eat like peanuts.

Millions of people are better fed since Puffed Grains were invented. Let your folks eat them to their hearts' content.

Quaker Puffed Rice Quaker Puffed Wheat

Other contests of the most were: Best typing contest, won by Troop 1 in 15 seconds; Best spelling contest, won by Troop 1 in 15 seconds; Best handwriting contest, won by Troop 1 in 15 seconds; Best penmanship contest, won by Troop 1 in 15 seconds.

News Summary

REYNOLDS HARBOR, Mich.—State police and deputy sheriffs invaded the headquarters of the House of Representatives in a vain hunt for Republican "Farnell," ministerial leader of the cult, sought on a warrant charging a statutory offense.

ST. LOUIS—The international air races scheduled to begin Tuesday were postponed until Thursday because of inclement weather.

MURKIN—It was officially announced that the Berlin government's laws for the protection of the republic were no longer in force.

CARPER, Wyo.—Rising waters of Cole Creek at the scene of the Burlington wreck in which from 25 to 40 were drowned continued to hamper work of recovering bodies.

DEVELOP—A severe earthquake was recorded on the seismograph at Fort Rucker, Okla., Sunday night and exacted a toll of property. Railroads suffered the most and a number of washouts were reported to local train dispatchers Monday morning by agents of both the M&K and the Fort Worth and Denver.

DISSEMINATION—A score of persons are known to be dead and the wounded are believed to number several hundred as a result of a riot growing out of the separatist demonstration here. French occupation authorities approved all members of the security police charged with being implicated in the disorder and are maintaining order.

MARSHVILLE—The French dirigible Windeed broke all records for distance and endurance by completing a flight of 4500 miles, and remaining in the air continuously for 112 hours 41 minutes.

SURVEY PINE, N. C.—Twenty ships were fired by unidentified persons into this little city. Recently it was the scene of great excitement growing out of an attack by a woman on a signed white woman and the consequent ordering out of town of all negroes.

PLAN TO ORGANIZE MEN IN THE STEEL INDUSTRY

PORTLAND, Ore., Oct. 1. (AP)—Plans for carrying out an active campaign, organizing the 35,000 workers in the steel industry, were announced by William Hanson, secretary of the executive council of the National and International Unions of the Steel Industry, who is here to attend the sessions of the American Federation of Labor.

According to Hanson's announcement, at least \$1,000,000 will be available for the campaign which is to be carried on for an indefinite period and which is to be supported by all labor unions affiliated with the federation.

"The object of the campaign," Hanson said, "is to bring about the universal eight-hour day in the steel industry and the 100 per cent unionization of the workers."

FIELD SOGGY AND INTERNATIONAL AIR RACES ARE DELAYED

ST. LOUIS, Oct. 1. (AP)—With the beginning of the international air races, postponed from today until Thursday on account of a soggy field caused by heavy rains yesterday, the annual meetings of the National Aeronautical Congress and the Air Institute of the Aeronautical Chamber of Commerce, which are held concurrently with the races, began as scheduled today.

Howard E. Corbin of Detroit, president of the National Aeronautical Congress, declared that the proposal of the American Legion for the calling of a world conference to limit aircraft armaments was ill-advised. He urged increased building of airships in the United States to keep the country on an equal basis in aerial strength with foreign nations which, he said, have appropriated huge sums for aircraft building programs.

Legislation regulating civilian flying so that the public may become confident that commercial aviation is not as dangerous as pictured as the result of reckless and stunt flying was urged by Glenn L. Harbo of Cleveland, vice president of the National Aeronautical Congress, and an airplane manufacturer. He declared that commercial aviation in this country has been backward because the public lacked confidence in the safety of planes.

Prominent officials of the government, army and navy and distinguished military and naval attaches and visitors from foreign countries are attending the meetings.

AMERICAN WAR MOTHERS MEET IN KANSAS CITY IN 4TH ANNUAL CONVENTION

KANSAS CITY, Oct. 1. (AP)—Delegates from all parts of the United States were here today for the fourth annual convention of the American War Mothers. The convention got formally under way this morning, but board meetings and preliminary began Saturday.

Yesterday, about 100 delegates heard a sermon preached by the Rev. Martin Nelson Waldrip, a local pastor.

"You are the unsung queens of America," Mr. Waldrip said. "You are not to be ended or pre-empted by world courts or by the diplomacy of national councils, but by the mothers of the world."

JACK DAW'S ADVENTURES

UNDER THE GROUND

Story by Hal Cockran Drawings by Lee Wright

"Well," said Mother Earth, "you have often wished for gold and silver and jewels. If you will stay down here I will give them all to you. But if you return to earth you must return with only what you came down here after. Which would you rather do, stay or go?"

"Oh, I'd much rather go back to earth," replied Jack. "But what did I come down here for?" "For your handkerchief which rolled into a hole in the ground," replied Mother Earth. "Then she saw the hole in Jack's coat and told him to crawl through it before she closed it."

Jack thought the kindly old lady dead, cutting to Philip started to crawl through the hole. Soon he was out on a sidewalk and in the open air again. And the hole in the ground closed up. His eye in Under the Ground was over. Jack's next adventure is in the Old Home Town.

ANTHERS NEED BUT ONE WIN TO CLINCH DIXIE SERIES

Pate Comes Back and Holds Pels While Mates Pound Rube Robinson From Mound and Win by 10-1 Score

NEW ORLEANS, Oct. 1.—With the count in the Dixie championship series 3 to 1 against them, the New Orleans representatives of the Southern Association faced the task of winning three straight games from Fort Worth, Texas League pennant winners, if they are to claim the title of southern champions. Should the Pelicans take Monday's game the team will leave Monday night for Fort Worth to play the sixth game there Thursday.

Although Manager Jake Alb had definitely decided he would not pitch Monday's game, it was thought that he had turned the Pelicans back to Fort Worth during the series, because of the assignment.

Larry Gilbert, manager of the Pelicans, announced he probably would pitch Monday's game, the series will start at 10 o'clock.

Running up the highest score thus far in the series the Panthers Sunday afternoon won 10 to 1 before a crowd of 12,466. Of the 14 hits made off three Pelican pitchers, seven of them were for runs because of a home run by Hoffman.

"Rube" Robinson, who shut the Panthers out in the second game at Fort Worth, was sent to the mound in the fifth inning after he had allowed two runs in the second and three in the third.

Relieved the Arkansas southpaw, faced but little better, four runs being tallied against him in the two innings he pitched. The Texas League scored their tenth run off Thomas in the ninth.

Joe Pate, who was defeated 1 to 0 in Fort Worth, pitched excellent ball.

Play is scheduled to start at 10:30 p. m. Monday.

CY WILLIAMS GOES AHEAD OF BAMBINO WITH TWO HOMERS

CHICAGO, Oct. 1.—Cy Williams clouted the ball for a pair of home runs Sunday in Brooklyn, taking a lead of two over Babe Ruth in the home run race and winning for the Philadelphia National League pitcher the Philadelphia National League home run race.

The Phillies tied the score in the seventh inning with a pair of home runs by Williams. Cy now has 40 circuits to his credit for the season. The Phillies tied the score in the seventh inning with a pair of home runs by Williams. Cy now has 40 circuits to his credit for the season.

Chicago's second baseman, Cy Williams, was the hero of the game. He hit two home runs and drove in three runs. He also had a single and a double. The Phillies' pitcher, Cy Williams, pitched a complete game, allowing only one run and striking out seven batters.

KIDS ALL ENVY HIM

Little Roy Kelly is the hero of his "club" and he wouldn't let a regular big league team—his own—take him away. He is a regular big league pitcher for the New York Yankees.

Diminutive Yank Pilot Is Given Credit for Winning 1923 Pennant Galaxy of Stars Played as Team

NEW YORK, Oct. 1.—Miller Huggins, diminutive manager of the New York Yankees, will lead his team this season in their third successive attempt to win the world's baseball championship.

Though his personality has been overshadowed by the aggressive Yankee stars, regarded as one of the greatest in diamond history, Huggins has earned a large share of the credit attached to the achievement of capturing three straight American League pennants.

In 1921 and again in 1922, when his club was pennant hot but lost in the world's series to the New York Giants, Huggins made the target of criticism by many baseball experts. They said Huggins was not strict enough with his men, that he could not take them as they did as they pleased.

Cleveland gave the Yanks a hard fight for the pennant in 1921. The St. Louis Browns, a close race of it last year, but this season the Yankees have won by a margin that leaves no doubt of their superiority.

Huggins' men have worked together in winning their third pennant. They played as a team, not as a collection of individual stars, they were as a 11-year-old school boy for two years, has been investigated by a committee of the St. Paul American Association team.

REDS BUY HIM

Tom Sheehan, pitching ace of the St. Paul American Association team, has just donned the uniform of the Cincinnati Reds. Red Moran figures Tom will be a great help to him when the Giants and the Reds meet.

LAST YEAR'S BIG SERIES PROVIDED UPSET OF 'DOPE'

NEW YORK, Oct. 1.—The world's series of 1923 provided one of the great "dope upsets" of championship history, the New York Giants defeating the New York Yankees in five games. The Giants won four and one game was tied.

Refer greater and more powerful than the Giants because of their pitching staff, the American League pennant winners were made favorites despite the fact that they had been defeated by the Giants in 1921.

In the first game with Art Nehf of the Giants and "Bullet Joe" Bush of the Yankees, being opposing pitcher, the Yankees scored all their runs in the eighth inning. The second game, which went on into the night, ended in a 5-3 tie. Bob Shawkey pitched for the Yankees and was opposed by Jess Darnes.

The Nationals then won three straight games and the series. John Seaver, in a remarkable pitching exhibition, shut out the Yankees, whose pitcher was Walter Hoyt, 3 to 0 in the third game of the series. Hugh McCullin was the fourth game for the Giants, 6 to 1, outpitching Carl Mays. Next again defeated Bush in the deciding game, 5 to 2.

The Giants, as a team, batted .300 in the five games and the Yankees team average at bat was only .282.

Houston — Houston business men, numbering nearly 100, who will make the Mexican goods will excursion next month, will have an opportunity to meet President Obregon of Mexico personally, according to information just received here. The Mexican president signified his intention of receiving the party, which will leave October 6.

Baseballs Cost Big League Clubs \$80,000 Each Season

NEW YORK, Sept. 23.—Expense for baseballs has suddenly become a big worry for major league managers. They will amount close to \$80,000, merely to supply baseballs for the season of 1923 in both major leagues.

The fact that in a recent game at St. Louis 25 balls were used in a game pitched by Dave Danforth against the New York club, was a startling bit of news as to the number of balls often needed to complete a ball game.

No doubt the fact that Danforth's pitching was under suspicion was the cause of so many new balls being used. Danforth is said to have requested that 15 balls be put out of play because of some defect.

Every major league game is started with three dozen new balls. According to the umpires they are seldom used to finish a game without that number. Which means that 36 or more new balls are used in every big league contest.

Concrete Stands. Of this number perhaps one-third are confiscated by the fans, when a foul ball is batted in to the stands.

The cost of supplying baseballs for major league games has reached a staggering figure. It is estimated that the major league clubs own of the National League. Twenty years ago they paid \$100,000 for the same amount of balls. Last season they paid \$150,000 for the same amount of balls. This year it looks as if it might reach \$200,000.

The baseball bill of expense for 1923 will run close to \$40,000 in each major league. I venture to say that 25 years ago it was about one-sixth of that amount in the National League.

FINANCIAL AFFAIRS OF GOVERNOR OF INDIANA WILL BE INVESTIGATED

INDIANAPOLIS, Ind., Oct. 1.—(AP)—Circumstances surrounding the financial transactions of Governor McCray, which have brought on his present embarrassment, causing him to place his property which he values at more than \$5,000,000 in the hands of a creditor's committee will be investigated today by the Indiana State grand jury and the Republican state committee.

The grand jury will investigate specifically the governor's transaction with the Union Ind. National Bank, to which he is said to have given notes totaling \$2,000,000, while the state committee will consider Chairman Clyde A. Wall's said, "The state committee will consider the Republican party with reference to the governor's financial affairs."

Young Declared to Be One of Game's Great Outfielders

NEW YORK, Sept. 23.—While one doesn't hear a great deal about outfielder Roy Young, of the New York Giants, the Chicago White Sox manager considers him one of the great outfielders in the game.

For the past two years the White Sox and Giants have played a spring exhibition tour of about 15 games. According to the Sox, Young played phenomenal ball against them.

The outfielder, who is a fan favorite, was called by the Chicago Sox "The Great Outfielder."

Young is more than a mere outfielder, he tries to get into every play. In a game that he played at Johnson City, Tenn., this spring, he hit a home run, a double, a single, and a sacrifice fly. He also had a field goal and a touchdown.

Said Eddie Collins: "My idea of a great outfielder is a player who cannot only field and hit well but always throws the ball to the right place. Young never seems to err in making the proper throw, and on a ground ball he bounces himself like an infielder."

TOM BURNETT TO SERVE AS FAIR RACE OFFICIAL

Tom Burnett has been named as judge of the running race to be held five days during the Texas-Oklahoma Fair here, it was announced Sunday. Burnett, a prominent eastern club owner of the National League. Twenty years ago he paid \$100,000 for the same amount of balls. Last season they paid \$150,000 for the same amount of balls. This year it looks as if it might reach \$200,000.

The baseball bill of expense for 1923 will run close to \$40,000 in each major league. I venture to say that 25 years ago it was about one-sixth of that amount in the National League.

OKLAHOMA CITY WINS WESTERN LEAGUE FLAG

OKLAHOMA CITY, Oct. 1.—(AP)—For the first time since the capital city has been a member of the Western League a pennant has been won by Oklahoma City.

Rain kept the Indians from playing their last game, but they were able to win the pennant by two games. Tulsa finishing second, Wichita third, and Omaha fourth.

The pennant race has been the most bitterly fought in the history of the league.

There is talk of a post season series with the winner of the Western League to be played in St. Paul, Minn. but no definite arrangements have been made. The club management announced. A purse of \$25,000 is being raised by a committee of citizens to be presented to the flag winners.

place. It is Mitchell, Claude Baker, hapless member of board, retained his position, but was understood to have assumed the executive he would support him in the board's conduct of the election plans.

The removal order was dated April 15, 1933, and for this reason R. A. Shedd, secretary of state, refused to accept it until he had obtained an official opinion as to its validity from George F. Short, state attorney general.

The new board, however, did not wait for the opinion before failing off the election.

ORDER ISSUED TO HAIL THOSE WHO INTERFERE

OKLAHOMA CITY, Oct. 1. (AP)—Instructions to jail every person attempting to interfere with the special election tomorrow was sent today to all county election officials by the state election board.

STOMACH MISERY. GAS, INDIGESTION

"Pape's Diapepsin" Corrects Sour, Upset Stomachs at Once

with you in the conduct of this election, have him thrown in jail at once," the telegrams ordered.

The election board, composed of the state attorney general, George F. Short, and two members of the board, was being deluged with inquiries as to the legality of the election.

Sheriff Tom Vassar of Oklahoma county announced he was "ready to deposit anywhere in the county" to prevent disturbances at the polls.

The opinion said: "Answering your letter in which you ask if you can commission certain men for public duty in regard to property of parties in this state, you are advised that under the law you have no right to issue commissions to such men."

Mr. Short also made public an opinion issued by his office to J. R. A. Robertson, former governor, holding that the chief executive has no authority to commission special state police officers.

OKLAHOMA CITY, Oct. 1. (AP)—Instructions to jail every person attempting to interfere with the special election tomorrow was sent today to all county election officials by the state election board.

OKLAHOMA CITY, Oct. 1. (AP)—Oklahoma, which for more than two weeks has been a wilderness of contention revolving about the prerogatives of Governor J. C. Walton, was preparing for a major crisis today.

Tomorrow when the hour arrives at 7 o'clock for the opening of the polls for a special election, at which a measure would be voted on paving the way for the legislature to consider impeachment charges against the executive the "hottest" of the conflict is expected to be reached.

quoted a happy campaign to insure a general effort by the citizens of the state to cast their ballots.

Their actions met the support of Attorney General George F. Short. "The election is valid," Mr. Short declared, "and I have no instructions to any county attorney who has inquired my opinion. Every qualified voter should vote quickly and peacefully on to the polls and cast his vote as he sees fit."

Today the state was in a lull of excitement as yet unquenched since the (preliminary) day's fighting of incidents which have led to the eve of an election unparalleled in the history of the nation.

The day will bring the answer to the question of whether the governor, who on last Wednesday, dispersed a group of 40 legislators who camped in the state capitol, can by the repeated use of arms frustrate the efforts of men and women in every precinct of the state who seek to cast a ballot.

At that time will be determined the question of whether officers acting upon orders of the governor can prevent the electorate of the state from going to the polls.

OKLAHOMA CITY, Oct. 1. (AP)—The county attorney of Oklahoma county, holding in his hand a telegram from the governor instructing him to prevent the election, said: "I can not obey this under my oath."

CHARGES RADICALS ARE ATTEMPTING TO FORCE GOVERNMENT CONTROL

ST. LOUIS, Oct. 1. (AP)—The so-called radical element in and out of congress evidently is seeking to force our railroads back to government control in spite of the fact that private control has proved far more efficient, declared George O. Boardman, secretary of the Western Railways committee of public relations in an address before the St. Louis traffic club today.

Missington is international and has national weight, whatever George Short is a member of the Ku Klux Klan and that it is to be expected from any member of the Klan.

Attorney General Short in a statement made after the governor's attack on his decision: "I cannot believe that any man will flagrantly, knowingly, deliberately violate the law of this land, trample the constitutional rights of the citizens of this state or deprive a qualified voter of the opportunity to cast his vote at Tuesday's election. I cannot believe that there will be any blood shed in Oklahoma."

Police Not to Intervene

O. A. Carlin, mayor of Oklahoma City, announced that "the people of Oklahoma City may be assured that the police department will not be used to interfere with the citizens in the free exercise of their rights of suffrage on Tuesday."

The county attorney declared that he would prosecute any one interfering with the election. Blank information was being prepared in his office to be held in readiness for filing immediately if election officials or voters are hampered in any way, he said.

Corridors of the county court house were filled with special deputy sheriffs. The entire regular force of the sheriff's office was concentrated about the doors of the county election board.

Not one special state officer representing Governor Walton had appeared in the building at noon.

Boardman, who asked that the roads be given "fair treatment," asserted that the railroads have no serious problems confronting them today except such as are presented by the radical and restrictive policies of their enemies.
