Another general election is coming up next Tuesday, and once again it is imperative that everyone cast his or her vote. It is inconceivable that anyone who would go to the trouble of securing their voter's registration would fail to vote, but the record shows that a big percentage of registered voters always stay at home on election day.

Early estimates showed that the turnout, statewide, could be as low as 35 per cent of the registered voters. If this were true, then our state leaders could be elected by only 18 per cent of the voters; and this may be democracy, but it might not exactly be "majority rule."

Think about this, as you mull to yourself about how "insignificant" your single vote is.

While thinking along this line, we came across a column by Dick West, who is editorial director for the Dallas Morning News. We quote the majority of his column herewith:

"A NATIONAL survey predicts that only 55 per cent of those qualified—roughly a half—will go to the polls to determine who will govern their lives in the next Congress.

"In little Switzerland, the figure is 90 to 95. In Sweden, it is 80 to 85. In Italy, 75 to 85.

"Do only two out of every four of us want to protect the best political system on earth?"

"Are only two out of every four willing to take off 15 minutes the first Tuesday next month and exercise the most fundamental duty of citizenship?"

"The Soviet Union is watching—and laughing. Kossygin & Co. do not have to send their terms over here to destroy our foundations, if we ourselves let them rot.

"They know that if 60 million Americans do not have enough interest in their freedom to defend it with a vote, those 60 million will not defend it with their fists.

"YOU HEAR THIS, everywhere you go: 'Hell, my one vote doesn't count, anyway.' 'It doesn't?'

"Whig, Mugwump or Do Nothing, Populist or Socialist, Democrat or Republican, your one vote historically has been very, very crucial.

"Tom Jefferson was elected president by one vote in the electoral college.

"So were John Quincy Adams and Rutherford B. Hayes. "The Draft Act creating the manpower to defeat Hitler and Tojo passed the House of Representatives in Washington by one vote.

"In 1884 James G. Blaine lost New York State by only 1,000 votes—less than one per precinct—and because he lost New York he lost the presidency.

"Twenty-two years ago the complacent Tom Dewey thought he had it made against the old batter, Harry Truman.

"So did his own supporters—because if just one more in each precinct of 3,000 counties had taken the trouble to vote, he—not Truman—would have been elected.

"Ten years ago Dick Nixon would have defeated the late John F. Kennedy, if he had received just one more vote in each box—and two years ago, Hubert Humphrey would have defeated Mr. Nixon if—

"YOU REMEMBER, don't you, what one vote in Indiana meant to Texas in the 1840s, and some 70 years before that what one little vote meant in little Rhode Island?"

"In those days the legislatures of the states, not the people, elected senators to Washington.

"Ed Hannegan would be an unknown in history, had it not been for a grain miller in De Kalb, Ind., who decided at the last minute he would take off 10 minutes and vote. His vote sent Hannegan to the Indiana legislature.

"Hannegan then was sent to the United States Senate. When the vote came up to admit Texas to the Union, the result was a tie. Hannegan broke the tie. "But you might say that the grain miller, not Hannegan, put (Continued on page 5)

BEWITCHING TIME. . . Saturday night will be the night that ghosts and goblins will prowl Friona streets, although most will be of the younger variety, seeking treats from Friona homes. Here, a couple of young spooks look to see what makes the Jack-o-Lantern light up.

STATE'S NO. 2 TEAM

Potent Floydada Whirlwinds Are Chieftain Opponents On Friday

Some sort of history will be made Friday, as the state's number two football team will be in Friona to do battle with the Friona Chieftains. It'll be the loftiest team by state rankings to visit Friona in many moons.

The Floydada Whirlwinds, unbeaten at 6-0 and appearing unbeatable, attempt to take another step toward the district title. The Chiefs are 4-3 for

the season and 2-2 in district. Coach Bob Owen summed up the situation pretty well this week, when he said, "Our boys have a good attitude, but it will take considerably more than that against Floydada."

Owen indicated that it would take the team's best performance of the year, along with some out-and-out luck to even stay in the game with the Whirlwinds, who went unbeaten until

the regional finals last year against Iowa Park.

Floydada has basically the same team back that went 10-0 for the regular season last year. They're primarily a senior team, although their leading scorer, and the top scorer in class AA for the area, Walter Harris, is a junior.

While the Whirlwinds are basically a running team, they also can pass with the best of them. This is seen in the fact that their top receiver, Steve Puckett, an end, is in the top ten in district for scoring with 30 points. This total would lead the Friona team, although he ranks third for Floydada.

But, stranger things have happened, and the Friona Chieftains will be lining up for the kickoff on Friday with every intention of beating the Whirlwinds, and score one of the state's top upsets in the process.

After all, the Chiefs weren't pegged to have a 4-3 record going into the eighth game of the season, as the team was picked near the bottom in district, but now has his eyes on a much higher finish.

Floydada leads the all-time series, 4-2. They won here last year, 24-8, after Friona surprised by leading at halftime, 8-6.

Game time, at Chieftain Field, is 7:30 p.m.

YOUNGSTERS WIN

Schoolboys Show Way In Football Contest

Schoolboys pretty well showed the way in the seventh week of the Friona Star's Cotton Bowl Football Contest.

Two freshmen at Friona High School placed first and third in the weekly contest. Trip Horton took first place with his score of 13, edging out Houston Bartlett of Route 1, Bovina, on the tie-breaker score.

Bartlett also scored a 13, but young Horton's guess on the Friona-Abernathy game score was just six points off the actual score, and Bartlett missed by eight points. Horton received the weekly first prize of \$5.00 and Bartlett received \$3.00.

Benny Hamilton, also a freshman student at FHS, actually tied with Peggy Bryant for third place. The two were among the 11 contestants to score 12 correct games for the week, and their tie-breaker guesses were exactly the same, and beat the other nine contestants to the actual Friona-Abernathy score.

Other contestants to correctly pick 12 games included Mary Priest, Jan Fleming, Mrs. Pilo Castillo, Donn Tims, Eugene Bandy, Patsy Bandy, Mrs. Teddy White, Mrs. Fred Lorez and Benny Pryor.

Frank Truitt, last week's co-leader, picked up an 11 to take over undisputed lead in the contest with a score of 73. Pilo Castillo, who was tied with Truitt last week, is now tied for second with Jack Clark and Benny Pryor, with scores of 72.

Next comes John W. Frazier, Elaine Wardlaw and Holly Welch at 71; and then Mrs. Fred Flores, Mrs. B.C. Hartwick, Randy Mabry, Clarence Monroe, Elizabeth Peak, Ro-

nald Smiley and Wright Williams at 70.

Scores of all leading contestants, along with an all-new contest, can be found on an inside page.

Contestants are vying for grand prizes which include two tickets to the January 1 Cotton Bowl game along with expense money, or two tickets to the Sun Bowl Game and expense money. Third grand prize will be season tickets to the 1971 Friona Chieftain games.

The contest is sponsored along with the Star by 16 Friona area businesses.

United Fund Drive To Kick Off Here

The annual "one time giving" charitable contributions program, which helps our community is due to get underway Monday, November 2, 1970, when the United Fund Drive begins. The budget committee arrived at a goal of \$6,450 after considering the minimum needs of each organization as follows:

Organization	Amount
Boy Scouts	\$1460
Girl Scouts	\$1460
Red Cross	\$1200
Salvation Army	900
U.S.O.	125
Texas United Fund	50
Foreign Exchange Student	500
Emergency Fund	755
	\$6450

The drive is to get underway with a kick-off meeting in the Community Room of Friona State Bank at 9:00 a.m. Monday and it is hoped the goal will be attained by noon Thursday, November 5.

Glenn E. Reeve Jr. and Gary Brown are co-chairmen of this year's drive. They will be assisted by forty key workers, who have been named to assist in the drive.

"Let's all be prepared to contribute our fair share to the Friona Area United Fund Drive. We help our own when we contribute the United Fund Way," is the admonition of the co-chairmen.

Resumes of the functions of the various organizations which benefit from this drive will be found elsewhere in the Star.

GOVERNOR, SENATE

Elections Stirring Interest Locally

Friona and Parmer County voters go to the polls to vote in the general election next Tuesday, November 3.

Main races of interest include the governor's race, the race for the U.S. Senate seat, and a couple of the seven proposed constitutional amendments.

Some county officials also are to be elected, although all of those who are seeking reelection are unopposed. Voters are invited to scan the sample ballot, which is printed on page 8 of this issue, courtesy of the Friona State Bank and the Friona Star. It is presented exactly as the ballot will be that voters will mark next Tuesday.

Governor Preston Smith is challenged for the second time by Paul Eggers, the Republican standard-bearer. Since Eggers ran Smith the closest race for a Republican in modern history in the 1968 election, many speculate that it could be even closer this time.

Also adding impetus to the expected large voter turnout is the senate race which pits Democrat Lloyd Bentsen against Republican George Bush. Bentsen was a surprise winner over incumbent Ralph Yarborough in the Democratic primary, and this set the stage for a battle between two rather conservative candidates. Most political observers locally term this particular race a real "horse race," with few willing to pick a winner.

Making for additional interest on the ballot are at least two of the proposed amendments. Proposed amendment number two would repeal the prohibition against open saloons in the state, and make the sale of

any "mixed drinks" legal in Texas.

Opponents of the amendment including many law agencies and church groups, point to similar situations in other states, in which crime has shown a notable increase after open saloons were legalized. Also, the increase in traffic accidents and fatalities directly related to alcohol have been noted in these states.

Amendment number three would provide for a more uniform method of assessment of ranch and farm lands for taxation; based on such land's capability to produce, rather than its market value.

This amendment is especially important to those owning land which is on the outskirts of cities. Such land might be appraised as having a much higher value, commercially, than it could ever produce, even though such production is its only purpose.

Besides Congressman Bob Price, other candidates running unopposed include state representative Bill Clayton, state senator Jack Hightower, district judge Pat Boone, district clerk Dorothy Quickel, county judge Archie Tarter, county clerk Bonnie Warren and county treasurer Mabel Reynolds.

In Friona, Frances Euler is unopposed for Justice of the Peace, precinct 2.

37 Rattlers Killed By Drager In 2 Days

Sunday afternoon John P.A. Drager went on what has almost become an annual affair for him—a rattlesnake killing binge.

When the dust had cleared on Sunday, Drager had exterminated 20 of the pests. The next day, he went out and got 17 more, and said he still saw several that got away.

Until someone tops him, Drager is claiming the title of champion rattlesnake killer of Parmer County.

Unlike so many of the "fish" stories, though, Drager produced the carcasses of the 37 snakes he killed. The largest snake measured 41 inches, and the smallest was eight inches long. The largest snake had six rattlers, although bearing evidence that other rattlers had been lost.

Most of the smaller snakes were described by Drager as being "this year's crop," and they had just a button for a rattler.

This week's run of 37 snakes brought to 45 that Drager has killed this year on his place eleven miles west of town on the Frio Draw. It's the most in a short time that he has ever killed.

The Parmer County farmer estimates that he has killed "at least 300" rattlesnakes on his place since moving there in 1952.

While most of the snakes he has killed have been down at the draw, one of those killed this year was an 18-inch varmint, which was in the Drager basement. He had killed another fairly large snake in the basement a couple of years earlier.

Drager says the most snakes he remembers killing was 45 in 1963 or 1964. He remembers killing 27 of them in a three-week period.

This time of year is espec-

Section Gives Shelter Plan For City, County

The new Community Shelter Plan for Parmer County indicates that there is public shelter for most of our people, according to County Judge Archie Tarter. The plan provides official information that will tell the people what they need to know to have the best chances for survival in the event of a nuclear attack. The plan is outlined in a special eight-page tabloid section which is included in this week's issue of the Star.

It is hoped that every citizen will not only read and keep the official information but will develop its own family protection plan. This plan should include the "where to go and what to do" for each family member at home, at work, and at school.

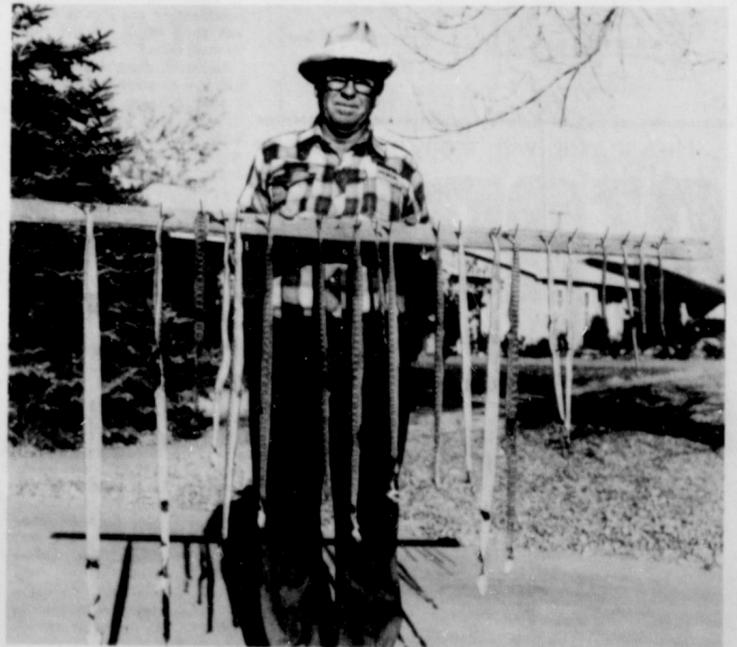

If there is not a public shelter available or if for some reason residents cannot go to

shelter they will have to seek the best protection they can find in their homes. The plan tells you that you can improve by use of basements, storm cellars and other means.

Fallout shelter can be included in the design of new buildings at little or no extra cost. Citizens are urged to take an interest in having a shelter designed into all new public buildings, particularly schools.

Residents are reminded that this is the Defense Department's as well as Parmer County's plan and that it is based on the latest and best scientific data available. We hope that you will talk to your friends and neighbors about this plan and help them to understand its value to them, to the community, and to the Nation.

Read the section. Keep it for future reference.

RATTLE KILLER. . . John P.A. Drager poses with 20 of the 37 rattlesnakes which he killed on his place west of Friona the first of this week. Drager has killed over 300 rattlers on the Frio Draw in an 18-year period.

Pause and Reflect

Don't expect too much of Halloween this year. There will be the usual gangs of costumed kiddoes threatening tricks unless treated, and some of the teenagers will roam about on mischief bent, but the real professional ghosts will not be with us this year.

How do I know? Because I am a "ghost-writer," that's how! A few nights ago I got out the ouija board, Gypsy fortune telling cards, crystal ball, and a few other articles of paranoiac paraphernalia that had been gathering dust these many years, and held a seance.

After much burning of incense and reciting weird incantations a voice was heard drifting in from outer space. "This is a recording. The number you are calling has been temporarily disconnected."

And the voice was stilled. A frantic check of the equipment revealed that one important feature had been overlooked—there was no black cat in the room!

Now I happen to have a lady friend who keeps a large black Tom Cat which she will rent out for occasions such as Halloween or baby sitting mice.

I quickly obtained this ebony feline, placed him in a conspicuous place near the table, and again attempted to contact the Spirit World.

Just as the old Grandfather clock in the hall banged out the 12th note I recognized the eerie tones of a familiar voice.

After the usual banalities of greeting I got right to the point, "I called to remind you to send us a good act for Halloween night."

"Not a chance, not even a ghost of a chance," said the voice, "they are all out on a strike."

"A strike!" I yelled, "You're spoofing me Spook."

"Careful with the humor, Buster, I ain't kidding you an ounce. Some of the boys and girls made a few practice runs this summer and returned scared to death; if I may use an Earth term."

"Where did they visit?" I asked.

"Oh different places, Vietnam, Suez, Washington D.C., Kent, Ohio, Detroit, California and Florida."

One group got tangled up in a rock music festival and they came back a bunch of nervous wrecks. They are almost totally deaf and have lost all sense of proper dress.

As it stands now they refuse to return to Earth even for the traditional Halloween Shing Ding.

Maybe we can negotiate out of this mess but it won't be in time for this year's celebration.

Galaxy Local 23 is holding out for armed guards, they are afraid of being hijacked.

Well folks all I could do was say goodbye and return the cat. Sorry about that.

Don't let anything kill your chance to vote—the ghost of lost opportunity will haunt you for years to come (and they won't be in a fairy story!)

MORRIS, MINN., TRIBUNE: "Speaking of vacations, a former pack-and-a-half a day... smoker is taking his wife and two daughters on a five-week tour of West Europe on money he saved since he quit smoking 17 years ago. When he quit smoking in 1953, he started depositing 20 cents a day, the price of a pack then, in a fruit jar. It grew to \$2,445, including \$457 in interest, by this year. Smith Deserves Second Term

Gov. Preston Smith deserves a second term. Few governors in recent history have worked harder at the job. He has gained valuable experience during his first term. He will need that experience as he approaches the key issues of taxing and spending with the 62nd Legislature beginning in January.

He is not someone who can be taken for granted, as the 61st Legislature learned. Assuming that he would go along, the leadership of the House and Senate in 1969 tried to delay the need for substantial tax increases to finance the state's needs. House and Senate leaders, ignoring Smith's wishes, proposed a one-year budget instead of the constitutional two-year budget. Smith cut the ground from under them and forced the Legislature to agree on a two-year budget.

During the next session, neither the House nor the Senate will be under any illusions. Members will appreciate the necessity of cooperating with the governor's office on major issues. This is precisely what we fear would not happen if Paul Eggers were elected.

The office of governor of Texas is constitutionally weak at best. Only strong politicians can make it effective. If a Republican were elected, he could hardly assert real control over legislation. The results of a Republican governor attempting to lead an overwhelmingly Democratic legislature would be, at best, a stand-off and, at worst, chaos.

The people of Texas cannot afford either a stand-off or chaos. We therefore urge the re-election of Preston Smith.

LETTERS TO EDITOR

Dear Sir:

You have just taken your seat on a 747 and the intercom projects. "Ladies and Gentlemen, we have two pilots for this flight. One is a flashy individual who has no experience in flying airplanes, but he has read many aviation magazines and has several friends who are pilots. He says he believes he can pilot the 747 right through the skies. We also have here a veteran pilot with over 20 years experience, flying all types of planes and is presently flying the 747. He too is confident he can give us a safe and sure flight. Which pilot do you prefer?"

Granted: most beginners would like to start at the top, but I doubt if Texas can afford any Governor who does not understand the complicated legislative procedures, and you don't learn it unless you've been there.

To borrow the Darrell Royal phrase, Preston Smith didn't arrive at the statehouse on a load of wood.

Mr. Bill Ellis:

Concerning the article called "Advice for Teenagers" in Letters to the Editor this week. If this is a defense for the fact that Friona has little or no entertainment for its young people, it's a very poor one.

We, as a community and as parents, do owe our young people entertainment. As adults it is our responsibility to guide them in all facets of life including leisure.

The article also states that they should act like men and women. Why should we expect

teens to act as men and women when they are still children. We parents took on the job of molding them into men and women when we decided to conceive them. Even when they leave home for college or work at the age of 18, they are not men and women. With proper guidance at home they can grow the rest of the way on their own. Let's not evade our responsibility by just telling them to "grow up"; let's teach them how.

Sincerely,
Sheila Dreckman

Why Preston Smith?

Preston Smith believes in working hard. For you. And that's why he's doing such a good job as Governor of Texas.

When Preston Smith entered public service, he didn't start by asking Texans to elect him Governor. That would have been foolish, because being Governor carries great responsibilities. And it demands the clear, steady judgement that comes only from experience.

Preston Smith had the good common sense to work his way up—gaining insight into how our state government functions.

He served six years each—as State Representative... as State Senator... and as Lieutenant Governor. Only then, when he felt fully qualified, did he seek the Office of Governor.

Now, after two years he has expanded the duties of the Governor's Office to better serve all the people of our State.

Yes, Preston Smith believes in hard work. For 20 years, he's been working for Texas—doing a good job. You can help keep him as Governor. Vote. Vote for Preston Smith on Tuesday, Nov. 3.

Preston Smith

is doing a good job. Let's keep him working for Texas.

(POL. ADV.—Paid for by the Committee for the Re-Election of Preston Smith, Mickey Smith, Chairman.)

There have been so many "Happiness Is..." things around during the past few years that most of us have become more conscious of the definition of the word. One thing most of us seem to agree upon that it is different things to different people.

I like Barbara Burrow's definition better than any I've read recently.

It goes like this: "What is Happiness?" Happiness is to have enough for each day's needs and something left to share with those who have not. It is to possess the love of friends and to bring them joy. It is to love and to be loved.

Happiness is to have some worthwhile task to do, however small, and the courage with which to meet life's challenges. It is to cherish the gift of laughter and to see truth and beauty in all things.

Happiness is to be content with one's fortunes and to live in peace with all mankind.

Someone, who prefers to remain anonymous, came up with the following idea.

"There are only three steps leading to the place where perfect harmony lives. Yet, they are hard to climb. The first is to think kindly of one's neighbor. The second is to speak kindly to him. The third is to act kindly toward him.

The reason they are hard to climb is that we are too busily engaged in thinking well of ourselves, speaking well of ourselves, and acting in a manner which we think will do ourselves the most good."

Too many of us spend too much time criticizing and not enough commending. Right now I'm thinking of the service we receive from the post office department. Of course, I feel sure most of us are not really complaining about local post office service when it takes longer than we expect to reach its destination.

I'm thinking they do an excellent job of delivering mail which is received.

One day last week my attention was called to a letter, which had been mailed several thousand miles away. About the only two things on it which were real readable were the person's name and the zip code. Friona was not legible, the name of the street was misspelled and there was a box number which was wrong.

Congratulations folks! I think you did a fine job.

Early this week the Star had a visitor from Rotan. He asked for the "Complaint Department." There's a standing joke in the office that whoever happens to receive any kind of complaint automatically becomes the head of the department, so I assumed the role with no idea of who the man was or what his complaint might be.

He said, "Sometimes I get my Friona Star on Friday, sometimes on Saturday and sometimes on Monday."

Then went on to say, "Fridays are good: Saturdays aren't too bad: but Mondays... I don't like."

We're always flattered that our readers are anxious to get each week's edition and regret that each paper doesn't reach its destination on the same day each week.

Friday evening of this week none of us need cook. We can all just go to the high school cafeteria and eat chili with members of the Junior Class. You don't even have to go to the football game if you don't want to.

The food will be well prepared, attractively and efficiently served and you can visit with neighbors and friends while you eat. Who can better that kind of arrangement?

Gary Brown and Glenn E. Reeve Jr., who are co-chairmen of the United Fund drive in Friona this year have endeavored to secure information pertaining to all organizations who benefit from the drive and we're publishing it for you to read, so don't overlook that part of the paper.

The prettiest bush I've seen this week is in the yard of the Gowens' residence, which is at the corner of 13th and Pierce. Think it is called a flame bush. That is the color it is and there's not a more colorful bush anywhere. Go by and see it.

CARDS OF THANKS
 Dearest Friends:
 There is no way we can express in words how grateful and appreciative we are of all the things that were done for and in honor of our beloved Teresa. We feel, in the words Teresa's Mother, Mrs. Socorro Ojeda, that the actions of our friends in Friona and the surrounding town, have been so momentous and overwhelming, they are a great tribute to Teresa.
 Again we want to thank all of you for your cards and expressions of sympathy, the flowers, and contributions given in memory of Teresa Mauer. Gaylord Mauer and Family Socorro Ojeda and Family Carl and Luella Mauer The Rev. and Mrs. Robert Cleveland Mr. and Mrs. Henry Donnelly 5-tfc

WINTER WINDOW GARDEN
Take cuttings from geraniums before the first frost, grow them indoors during the winter, and you'll have new plants for the spring. With a sharp blade, make a 3-inch cutting, slicing through the stem just beneath a node where the leaf stem joins the main stem. Let cut dry for an hour or two, then place in vermiculite or perlite, keeping moist until roots form—two to three weeks. Plant in clay pot in a mixture of three parts of sterilized potting soil to one part perlite. Place in a cool, sunny window, pinch back once in awhile, and feed monthly.

Red Cross Is Aided By Local United Fund

The primary project of the American National Red Cross in Farmer County is giving aid and information to our service men and their families. The local Red Cross representative, Mrs. R.B. McKee, sends messages all over the world, and if an emergency arises that a serviceman needs to be contacted, it is usually accomplished within a matter of hours. The local Red Cross Chapter keeps a file on service men and notifies their families to contact them in event any problem arises. The local chapter also sponsored a ditty bag project to make, fill, and send them wherever needed. In addition to working with service men and their families, the local chapter of the Red Cross has bought medicine for needy children in our school system and filled numerous orders for groceries for needy families in the community. The local chapter also helps deserving transients with food and gasoline and has made special contributions to the victims of hurricanes on the coast.

Texas in the Union.
"A farmer who belonged to the Federalist party, on the contrary, arrived at the polls too late to vote in Rhode Island. His candidate to the legislature lost by one vote. The man who won later went to the Senate and cast the deciding vote which started the Revolutionary War against England."
"The Rhode Island farmer intended to vote—he was late because he stopped 20 minutes to free a pig whose head was caught in a fence."
"AT LEAST the farmer's heart was in the right place, he was on his way to the polls. The tragedy today is that negative mood of indifference, cynicism and defiance."
"The right to assemble to worship, to acquire and keep, to talk without fear, to live without chains and to die with dignity depends in great part on 435 representatives and 100 senators who care."
"If you don't care enough on election day about who they are and what they should do, will they care?"
"If you play golf or go to the beer joint on Nov. 3, don't complain the next two years that America is going to the devil."
"We don't go to the devil, if enough people care enough to cancel the trip and route us the other way."
"WHAT DO YOU THINK of the father who prays every night his son won't succumb to dope—but doesn't seem to care, politically, whether his country goes to pot? Or the mother, scared to walk the streets, but doesn't even know who's running for sheriff?"
"The penalty good men pay for indifference to public affairs is to be ruled by evil men."
"Actually, you'll be voting—even if you don't go to the polls. That's what Plato meant in the quotation above."
"If you don't care on election day about protecting your little piece of America, then the firm of Kosygin & Co. will declare another dividend."

HOST ANTON

Longhorns Seek 7th Win Friday

The Lazbuddie Longhorns, who successfully opened defense of their District 3-B title by sailing past Nazareth, 56-0 last Friday, will host Anton this week in their second district game. Coach Pat Casey says the Bulldogs are new to District 3-B this year, but return nine of 11 starters, and will be a good test to the Longhorns. Anton has speed to burn, he says. The Longhorns, 6-0 for the year and averaging 53 points per game, had little trouble last week, spilling Nazareth's ho-

mecoming, but good. Mark Barnes ran 10 yards in the second period for a 6-0 Longhorn advantage. Still in the second, Arthur Graves scooted 20 yards, with quarterback Charles Lee adding two points for a 14-0 edge. Before the halftime gun, Lazbuddie had tallied again, with Mike Casey going 20 yards. He added two points running, and the Longhorns had a 22-0 halftime edge. The 'Horns added 22 more points in the third quarter. Barnes dashed 42 yards, Casey 45 and 20 yards for the TDs.

Casey added two points after his first touchdown, and a Graves to Casey pass netted two more points after the latter, and Lazbuddie entered the last quarter on top, 44-0. Just for insurance, Lee passed 10 yards to Arthur Graves to stretch the margin to 50-0, and before the game ended, Lee ran 15 yards for the final margin. Lee went into the game as the top scorer for the area in Class B. In fact, four Longhorns are still in the list of top ten scorers for their division.

Texas needs a Democratic Senator who is free to work for Texans.

Texas needs Lloyd Bentsen, a Democrat who will be free to support Administration policies when he thinks they're right but who can oppose those he thinks are wrong. We need two Republican Senators from Texas like we

need more inflation, higher unemployment, higher interest rates, tighter money and higher cost of living. Had enough Republican prosperity? Then join us in working for — voting for — Lloyd Bentsen, a Democrat who will speak for Texans.

Halloween Twister

For an original touch to the Halloween festivities — why not make your own pretzels? Here's an easy and creative recipe — and fun too!

Mix the following together in a large mixing bowl:

- 1 1/2 cups of warm water
- 1 cake of compressed yeast (or package dry powdered yeast)
- 1/2 teaspoon of sugar

Let stand for one hour. Then mix in 4 1/2 cups of flour. Knead mixture for about 10 minutes. Pre-heat oven for 5 minutes to warm it, then turn OFF the heat. Place mixture in a greased bowl, cover it, and place in the warmed oven for about an hour until mixture doubles.

When it has doubled in size, make the twists as shown below. Place the twists on a greased cookie sheet—not too close together for they spread.

Then—to make it perfect: Dilute one egg white or two milk. Coat the liquid with a thin coat of oil. Sprinkle with salt.

Bake in a pre-heat oven until the tops are brown. Yields 1 dozen. Eat them hot or the way the special bakers do.

HOW TO: Step One: Roll the dough into a ball. Role into a piece of wax. The dough does not spread. Step Two: M carefully pickin

HOW TO TWIST
ep One: Take a chunk of
gh about the size of a golf
"role into a "rope" about
long. Be sure to work on
ice of wax paper so that
dough doesn't stick.
ep Two: Make a loop by
fully picking up the ends.

Your pretzel is beginning to
take shape.

Step Three: Bring the left
end of the loop over to the
right—and the right end un-
der the left. A twist will be
formed in the center.

Step Four: For the tradition-
al three hole shape, bring the
ends over and down. Press
them against the sides of the
loop. Now you have a perfect
twist pretzel.

YUMMY HALLOWEEN DIPS
A special treat to go along
with your freshly baked pret-
zels is a delicious Halloween
dip. Here are two that will de-
light your family or enhance
any Halloween party.

Witch's Brew Dip
½ cup each, finely chopped
onion and green pepper. Drop
into heavy saucepan in which
2 tablespoons butter is bub-
bling and saute a minute or
two. Don't brown. Add salt

and pepper lightly.
Now add ½ pound grated
cheddar cheese and let it melt
over **VERY LOW** heat. Stir in
one small can minced pimpe-
tos with their juice and mix
well. Add 1 tablespoon frozen
chives, 2 teaspoons good
chili powder, 1 teaspoon dry
mustard and a dash of garlic
salt. Serve hot with your hot
pretzels. If it get too thick
add hee,ed beer! S o u n d s
queer? No argument, but, it's
delicious and will disappear
like magic.

Green Goblin Dip Delight
Buy 4 very ripe avocados.
Cut in halves, peel and place
in small deep bowl. Cover
with lemon juice, about 1
tablespoon. Using silver fork,
mash and whip until smooth.
Stir in ½ clove garlic finely
minced, ¼ teaspoon salt, ½
teaspoon tabasco with a table-
spoon more lemon juice. Now
add 2 teaspoons mayonnaise
and ¼ cup tomato juice, heat-
ing well. Top with a blurp of
sour cream.

WHOSE SHOT KILLED THE ELK? . . . This question prob-
ably never will be answered. Jerry Loflin, left, and Phillip
Weatherly, right, were hunting together in the mountains near
Creed, Colorado, when this 12 point elk made his appearance.
Both men shot, the elk fell and when the hunters reached him,
there were two bullet holes in him. The two were accompanied
on their big game hunt by Bud Weatherly of Fort Worth. Brent
Loflin, center, is apparently very well pleased with the kill his
father and uncle made.

IT'S ALL OURS... Karen Young and Sami Rector pose here with the American flag, which was given to Girl Scout Troop 166 by Hop Lewis, field representative of the Woodmen of the World Insurance Company at their Monday afternoon meeting. In the future the troop will have its own flag for troop meetings and other meetings where it is needed.

Mrs. Larry Golden Feted With Shower

A lullaby shower from 7:30 to 9:30 p.m. Thursday in the home of Mrs. W.O. Brown, 1003 Summitt, was a courtesy for Mrs. Larry Golden. The serving table, which was covered with a white cloth of imported linen, was centered with a floral arrangement in a musical vase, which was presented to the honoree.

Mrs. Golden was presented a corsage centered with baby socks and corsages of white carnations were presented to her mother, Mrs. Leonard Atsler, Floydada, and mother-in-law, Mrs. Oscar Golden, Floydada, who were special guests.

Punch and cookies were served by the hostesses, Mrs. Brown, Mrs. James Petty, Mrs. Wayne Wallace, Mrs. Yale Canfield, Mrs. Raymond Hughes, Mrs. Glenn Floyd, Mrs. R.E. Snead, Mrs. Dewayne Procter,

Mrs. W.V. Elmore and Mrs. John Hays.

Others present were Mrs. Nelson Welch, Mrs. Matt Brown, Mrs. Eugene Boggess, Mrs. Harold Lillard, Mrs. Leslie Watson, Mrs. Hattie Snead, Mrs. Lucy Welch, Mrs. Robbia Hughes, Mrs. Bill Gipson, Mrs. Keith Lynn Blackburn, Mrs. David Grimsley, Mrs. Bill Carthel and Menielle Petty.

Frionans Supply Tires

The Thursday afternoon meeting of Elack Study Club began with a report by a committee composed of Mrs. T.J. Presley, Mrs. Emma Elmore and Mrs. Ellis Tatum, who solicited help from five Friona merchants to provide tires for the Girlstown supply truck and have them mounted.

Merchants cooperating with the club women were Kendrick Oil Company, Friona Consumers, Parmer County Implement and Roy's Tire Service.

Mrs. Presley, in whose home the club met, presented a candy making demonstration.

Club members present were Mrs. Johnny Mars, Mrs. Gene Welch, Mrs. Bill Carthel, Mrs. Glynn Hamilton, Mrs. Emma Elmore, Mrs. Ethel Bengier,

Wrecks On Increase

Seven rural accidents investigated by Highway Patrolmen stationed in Friona did property damage estimated at near \$20,000 according to Patrolman Jack Walker.

The biggest wreck in terms of damage happened October 21 a half mile east of Farwell at a farm road intersection when a 1970 Chevrolet truck driven by Delmer Davis of Clovis, N.M., collided with an International tractor driven by Richard Haseloff, of Rt. 1, Farwell.

Neither drivers of the vehicles were injured, but property damage ran to an estimated \$8,400 for both the truck and tractor. The truck was the most damaged.

Last Tuesday, at the intersection of Highway 60 and the Santa Fe Railroad at Missouri Beef Packers, a 1960 model Buick driven by R.M. Walker of Friona went out of control and came to rest astraddle of the railroad.

Walker sustained a broken collarbone, as well as cuts and abrasions. Passengers in his vehicle were Johnny Rando, Larry Polk and Junior Gonzales. Walker was headed north on the dirt road when his car went out of control.

Mrs. Dick Rockey, Mrs. Cliff Allmon and Mrs. Tommy Tatum and daughters.

Refreshments were served by the hostess.

FIRE CALL... Members of the Friona Volunteer Fire Department are shown as they worked to extinguish a small fire which developed in the "boot pit" at West Friona Grain last Sunday afternoon. The firemen had the fire out in short order, and it did no appreciable damage, being "mostly smoke." Firemen visible include Ruben Taylor, Glenn E. Reeve, Jr., Joe Reeve and Ray Campbell.

St. Anne's To Hold Annual Dinner

St. Ann's Society has announced that they will hold their annual turkey dinner in the Parish Hall in Bovina, Sunday, November 1. Serving time will

be from 11:00 a.m. to 2:00. The cost of the dinner will be \$1.50 per plate and they invite everyone to attend this annual turkey dinner.

Mine Power

The power required at International Nickel's new Creighton No. 9 mine shaft—the deepest continuous mine shaft in the Western Hemisphere—and supporting facilities, would provide light for a city of 30,000 people.

Girl Scouts

Report

Hop Lewis, field representative of the Woodmen of the World Insurance Company, presented a United States Flag to Girl Scout Troop 166 at its fifth troop birthday party at Girl Scout House Monday afternoon. The flag was accepted by Karen Young, president, and Sami Rector, vice-president.

Mrs. D.C. McClellan, Mrs. Leon Bradley and Mrs. Charles Rector served cake and punch to 21 girls. The table was covered with an ecru linen cloth and centered with an arrangement of fall flowers and candles.

Membership cards, stars and badges were presented by the leaders.

A sing-song and game session concluded the party.

Girl Scout Troop 266 met Thursday afternoon at Girl Scout House. Those performing the flag ceremony were Cindy Braliff, Debbie Wilson, Gay Deaton and Patricia Miller.

Shannon Parr led the Pledge of Allegiance to the American flag. A song was directed by Renee Brock and Sharla Duggins read a poem.

After members of the troop made buddy burners, refreshments were served by Sharla Duggins, Patrice Sanders, Kathy Middleton and Becky McClellan.

Thirty-seven Girl Scouts and four leaders, Mrs. Tom Mason, Mrs. Lee Britting, Mrs. Johnny Miller and Mrs. Ira Parr, were present.

Girl Scout Troop 311 went to Lubbock Saturday, October 17, to attend a glamour workshop sponsored by the Caprock Council. Miss New Mexico spoke to the girls about her experiences in the Miss America contest.

Home economics majors from Texas Tech University advised the girls on posture, nutrition, make-up and skin and hair care.

The ten troop members who made the trip were Lisa Edelman, Terri Patterson, Earlene Graham, Cindy Lundy, Peggy Martinez, Genie Nelson, Pam Lindley, Rhonda Webster, Leesa Mercer and Denise Shipp.

They were accompanied by the two troop leaders, Mrs. Marty Martinez and Mrs. Grady Nelson.

Sincerely Yours

BY REV. ALBERT LINDLEY

Have you heard this one? The guy has so little personality that when he enters a room it feels like someone just left. . . .

Or better yet! The little boy came home with a black eye and his mother asked, "Who gave you that?" To which he replied, "Mom, they don't give these away. You have to fight for them."

And I suppose it all contains some truth. That is, that we have to be conscious of our personality and our character and literally deal with it in a significant way if we are to be our "best" in this one life we have to live.

You know, if we really believed in reincarnation then we could correct some of our mistakes on the second time around--or if we thought we might come back in the form of some animal which would best be the characterization of our past life, I should think there would be an over population of donkeys around--but then, that might not be so true about every one.

Who was the guy who said, "The more I see of people, the more I love my dog."

Well now, he could have a point there. We really do have some responsible living to do with our lives.

But, to tie in the black eye, we also need to stand for some things. I mean by this, we shouldn't simply be a passive on-looker. There are things about which we too, need to be busy and it relates to our Father's work, just like Jesus felt.

I'm really not as concerned about the guy who will realistically and honestly, review a situation and make his decision as to what he thinks the outcome should be in the affair. I give him this right even if he makes a mistake in his decision or should happen to disagree (heaven forbid) with me.

I am concerned about the uninformed person who acts and reacts to surrounding situations with little thought and a great deal of ignorance. This is the source of so much of our problem today.

Parents have a concern here. A child who is little wanted by his parents may later come to be wanted in 28 different states. . . . get it? It isn't funny!

There are things we need to be willing to risk a black eye over and I'm not talking about switching a brand of fag. . . .

The simple thing is to be uninvolved and this can work for some time to come. But the almost true fact about this type of non-involvement, it can easily backfire and one's noninvolvement may cause unhappy and unhealthy consequences.

Don't think I'm trying to get you to all go out and get a black eye in a fight. . . . I'm simply thinking out loud--we need to be of such character and of such a personality that we could conceive that it just might even be possible for God to one day say to us-- "Well done, thou good and faithful servant. . . ."

You might wonder now just what it is I'm talking about--well I'm talking about life--daily life and daily concerns--I'm talking about you and me and what we are and why--I'm talking about ways in which we can stand and be counted. . . . Gee, I'm thinking about many things--voting polls, community enrichment and involvement--family life, --church--personality and character building--I think about the kind of guy-doll that you are turning out to become. . . . I'm thinking about God and you/me. . . . I'm thinking about the whole bit. . . . you name it. . . . it's your bag to fill. . . . and may God bless you,

Warm, Fresh Air

... direct from the manufacturer

Natural gas is the healthiest, most economical way to heat your house this winter. Gas is economical because it's the direct way to produce heat -- you don't pay to convert heat to another energy source and then back to heat. And with gas you can afford to bring clean outside air into your home this winter instead of having to re-heat the same old stale air time after time.

So, if you're building or remodeling, be sure to specify gas heating. Gas is the "natural" fuel. It's like buying direct from the manufacturer. Call your heating contractor, plumber, or Pioneer Natural Gas.

PRESTON SMITH

Deserves A Second Term!

Governor Preston Smith's performance during his first term as governor of Texas has earned him another term. Under his quiet but forceful leadership, Texas government has continued to increase its responsiveness to the needs of all the state's citizens.

If we are to continue to have an efficient and economical state government, one which does serve all the people of our state, it is important that Texas have a governor who can work with the state legislature and state agencies. Democrat Preston Smith is such a governor.—(Editorial Page—Houston Chronicle, Thursday, October 15, 1970)

Preston Smith is also the first Panhandle resident ever to be elected Governor of this great state. In it's 134 years of existence, this is the first time the Panhandle citizens have had a fair share of representation in Austin and it behooves us all to go to the polls Tuesday, November 3rd and give Preston Smith a big vote of confidence. Let's show him we appreciate the work he has done in Austin as Governor of Texas.

Freshmen Whack Olton, 14-0, Claim Third Season Win

Friona's freshman Chieftains shut out Olton's freshmen, 14-0 last Thursday at Olton, for their third win of the season.

The freshmen scored single touchdowns in the first and second quarters, and in addition had one 72-yard scoring play called back.

Friona drove with the opening kickoff and went 70 yards in nine plays. A 16-yard scamper by James Perea to the Olton 34 set the stage for Danny Waggoner's 34-yard scoring run. Weldon Peace ran the points, and it was Friona 8, Olton 0 with 6:38 remaining in the period.

Before the quarter ended, Waggoner and Peace hooked up on a pass play that covered 72 yards for an apparent score, but the TD was called back for a motion penalty.

However, before the half-ended Leonard Wassom ran 50 yards to again light up the scoreboard. An offside penalty wiped out the point try, but it was still Friona, 14-0.

In the third quarter, the frosh Chieftains drove 69 yards, from their own seven to the Olton 24

before losing the ball on downs. Waggoner, Perea and Wassom each picked up good yardage during the drive.

Olton's deepest penetration was to the Friona 19 in the first quarter, when the Chiefs

B-Team Suffers First Loss Of Season, 20-8

The Friona Chieftain B-team suffered its first loss of the season at Tullia last Thursday, 20-8.

The B-Chiefs had an "off night," according to Coach Larry Dyess, who said it was the team's worst performance of the season.

Tullia drove about 40 yards early in the game, to take a 6-0 lead. Later, the B-Hornets blocked a Friona punt and covered it in the end zone for a 12-0 advantage.

Friona finally got on the scoreboard in the third quarter, when James Bartlett climaxed a 60-yard drive by running 15 yards to paydirt. Bartlett also ran for two points, and Friona

dug in and took over on downs. The frosh Mustangs were held to only one first down during the last half, never getting past midfield. During the last half, Friona controlled the ball, having it 30 plays to 20 for Olton.

The lead had come on a beautiful 35-yard field goal by Bobby Drake, giving Friona the lead and the momentum. But Abernathy got one last break, and it cost Friona the ball game.

The Chiefs found themselves defending their own goal most of the first half. On their first series of plays, a fumbled pitchout gave Abernathy excellent field position at the Friona 26. However, four plays gained just a yard for the Antelopes, as the Chieftain defense dug in.

Later in the period the Antelopes were back in Friona territory, helped by a personal foul penalty against the Chiefs. Abernathy had a first and goal at the nine, but Friona again dug in on defense. This time, though, Antelope quarterback Dave Davenport split the up-rights with a 25-yard field goal to give the home team a 3-0 lead.

That should have been all of the scoring in the first half, except for a defensive lapse by the Chieftains with 11 seconds left in the half.

The Chiefs were on a drive, with time ticking off in the half, when Abernathy intercepted a Don Fortenberry pass at their 36.

Thinking that would be about it, the Chieftain defense was caught napping as halfback Mike Kerr sprinted down the sidelines and broke for the middle, where Davenport's "bomb" was an easy catch. He sprinted on into the end zone untouched for a 64-yard touchdown play with only 11 seconds left on the clock.

The 'Lopes got a bad snap on the PAT try, but had increased their lead at halftime to 9-0.

Friona came out fired up for the second half, and lost no time in getting back in the ball game. Holding the home team's first series the Chiefs took over on their own 14, and set sail on an 86-yard scoring drive, one of their longest sustained drives of the season.

Wesley Clark, Fortenberry and Bill Bailey sparked the drive with key third-down gains to keep the drive going. It was Bailey's 15-yard sprint to the Antelope five on a third-and-six situation that set up the TD.

After being penalized back to the ten, Clark got the touchdown on a pitchout around right end, Fortenberry lobbing the ball to him on good timing. Drake's kick made it Abernathy 9, Friona 7, with 4:22 left in the quarter.

Two plays following the kickoff, Friona was back in business, recovering a fumble at the Abernathy 22.

Three cracks at the line found the team facing fourth and six at the Antelope 18, so with the wind in their favor the Chiefs elected to give Drake a shot at it. The ball was teed up at the 25, making a pretty hefty kick of 35 yards, but Drake's kick was equal to the occasion.

It was the kicker's first field goal of the season after two earlier misses, and Friona was treated to a 10-9 lead with 2:17 left in the quarter. What's more, the momentum seemed to have swung to the Chieftains.

Abernathy drove to the Friona 14 as the final quarter opened, but on fourth down Davenport was smothered by Mike Royal for an eight-yard loss and Friona took over.

Four plays later the 'Lopes got the break that led to their winning TD. Facing fourth and one at the 35, Royal bobbled the pass from center while attempting to punt, and had to run with the ball. Abernathy took over on the Chieftain 28.

COTTON HARVEST GAINS MOMENTUM

South Plains cotton harvest operations were increasing daily last week until interrupted by the adverse weather, according to W.K. Palmer, in charge of the Lubbock Cotton Classing Office of the USDA. The USDA Cotton Classing Office at Lubbock was receiving samples from approximately 1500 bales daily before the rains halted all harvest operations.

Editor's note: cotton harvest in Parmer County was just getting underway good this week when a new cold front threatened to force a delay on Tuesday. However, harvest activities are now increasing daily and samples from 500 bales were received at the Lubbock Office on Friday. Samples from 11,800 bales has been classed at the Lubbock office through Friday, compared to 9,400 bales at this date last year.

Most of the cotton has been harvested in Lynn, Dawson, and Garza counties but first bales have been harvested over the entire area. Most of this cotton was from early defoliated, dryland fields.

Palmer stated that the seasonal classing offices at Lamesa, Brownfield and Levelland will begin receiving samples for classification on Monday, October 26th.

For the week ending Friday, October 23rd, the Lubbock office classed 69 percent in the White grades and 31 percent in the Light Spotted and Spotted grades. In the White grades, Middling made up 19 percent of the total classed and Strict Low Middling made up 40 percent. Middling Light Spotted was the predominant grade in the Light Spotted category with 14 percent and Strict Low Middling Light Spotted made up 10 percent.

Staple length averaged between 31/32 and 1-inch. During the week the Lubbock office classed 69 percent 31/32 and longer.

Micronaire readings were

very good. Ninety-five percent miked in the premium category of 3.5 to 4.9, and the remaining five percent miked 5.0 and better.

Price quotations on the Lubbock market for cotton with micronaire of 3.5 to 4.9 range from \$7.50 per bale over the loan for high grade, short staple cotton to \$22.50 per bale over the loan for lower grades.

Prices quoted by the Lubbock Cotton Exchange for the most predominant qualities were: Middling 15/16-21.25, Middling 31/32-21.95, Strict Low Middling, 15/16-20.75, Strict Low Middling 31/32-21.25, Middling Light Spotted 15/16-21.00 and Strict Low Middling Light Spotted 15/16-20.55.

Price paid farmers for cottonseed averaged \$55.00 per ton.

Eighth Graders Score Win Over Stanton

The Friona eighth grade Braves stunned Stanton of Hereford for a 21-0 victory here last Tuesday. The win was the fourth of the season for the Braves, and their second straight shutout win.

A fumble led to Friona's first touchdown. Eddie Waggoner covered the ball at Stanton's 24. On second down, Clay Bandy had picked up about 14 yards on an end sweep when the ball suddenly bounced out in front of him. Luckily, Friona recovered it at the one, where it was first and goal.

Bandy went over on a keeper, for the TD, and then kicked the extra point for a 7-0 lead.

Friona had moved the ball to the Stanton 14 earlier after a fumble recovery, where a field goal attempt by Bandy fell a little short.

In the second quarter, Friona took over following a Stanton punt and proceeded to drive 51 yards for a score. Ruede Rule,

Waggoner, Kevin Welch and Bandy took turns lugging the ball. On a fourth down and nine situation from the 21, Bandy went all the way for the TD. The kick attempt failed, but it was Friona leading 13-0 at the half.

The third quarter ended without either team scoring, but early in the final quarter Bandy passed to David Hutson on a 56-yard play that went for a touchdown. The team lined up in kick formation, but Bandy again tossed to Hutson for two more points and the score was 21-0.

Later in the period, Friona again drove to the 11, and on fourth down from the 13, tried another field goal, but it missed.

Stanton's most serious threat was late in the game, as they drove to the Friona 22 as time ran out.

The win left the eighth grade with a fine 4-1 record for the year.

Seventh Graders Take Second Straight Win

The seventh grade Braves scored their second straight win last Tuesday, winning over visiting Stanton of Hereford, 6-0.

The win brought the team's record for the season to 2-2-1. After a scoreless first half, the Braves drove 68 yards after taking the second half kickoff, scoring the game's only touchdown after a drive that took only eight plays.

Davy Carthel sparked the drive. He got it started by running 38 yards to the Stanton 30. Then on third down, Carthel went all the way to the one before being stopped. On second down, Carthel went over for the TD, but the play was called back for a backfield in motion penalty.

It appeared that the drive might stall but on fourth down quarterback Kent Miller went in on a keeper play. The try for points failed, but Friona had a 6-0 lead it was not to give up.

The Braves had another good chance to score, after blocking a Stanton punt at their 15. However, four plays found the team all the way back to the 40, where Stanton took over.

Stanton's most serious drive fizzled at Friona's 30 late in the game, where the Braves took over on downs.

Julian Zamora was another offensive star for the Braves, who have only scored eight total points in their last two games, but have won both of them.

Answers to Turkey Questions
by Martha Logan

Q. How large a turkey should you buy?

A. First of all, count noses. Then allow for each person 1½ pounds of the ready-to-stuff turkey and 1½ to 2 pounds of the already-stuffed turkey. This guide to buying gives you generous servings and there will be enough left for good snacks and a meal or two later.

Q. When roasting a turkey, how can you tell when it is done?

A. A roast meat thermometer is used to determine the doneness. Insert the thermometer into the largest part of the thigh next to the body cavity. The internal temperature of the thigh should be between 180-185° F. Some older thermometers show 190° F. for poultry but it is not necessary to bring the deep-basted Butterball Swift's Premium Turkey to such a high temperature.

Q. What are the advantages of the deep-basted turkey?

A. A special self basting mixture bastes the turkey inside as it cooks and stays inside to make the turkey extra juicy.

IT'S TRUE BUT--Only 110 confirmed screwworm cases were reported in the United States during the first 8 months of 1970--the lowest since the Eradication Program began in 1962. But, program officials warn that the weather over wide areas has been favorable for fly development and urge livestock producers to continue their close checking and submit samples to the Mission Laboratory whenever worms are found in animal wounds.

THURSDAY

Waste Problem To Highlight Seminar

Reports on feedlot waste management and beef breeding for profit by visiting speakers will highlight the 1970 Beef Cattle Conference to be held at the Texas Tech University Center Thursday, October 29.

Dr. Lavon Sumption, consulting geneticist for the Prairie Animal Breeding Enterprises, Ltd., Edmonton, Alberta, will use as his topic "Beef Breeding for Profit--a Merry Mix-up."

Feedlot waste management in Texas will be discussed by Hugh C. Yantis Jr., of the Texas Water Quality Board, Austin, and a report on feedlot waste management in Kansas will be discussed by Melville P. Gray of the Kansas State Health Department, Topeka.

Marion R. Sealf, of the treatment and control research program of the U.S. Department of the Interior, Federal Water Pollution Control Administration, Ada, Okla., will speak on water pollution control in cattle feedlots.

The annual one-day program is sponsored by the Department of Animal Science at Texas Tech in cooperation with the Lubbock and West Texas chambers of commerce, the Texas Agricultural Experiment Station and the Block and Bridle Club at Tech.

Several members of the Tech Animal Science Department are scheduled to address the some 250 persons expected to attend.

They are, with topics, Dr. W.H. "Bill" Wohler, "Infections Reproductive Diseases in Cows;" Dr. Boyd Ramsey, "Fat and Muscle Deposition Pa-

terns in Cattle;" Dr. Coleman A. O'Brien, "Estrus Synchronization of Cattle in Multiple Birth Studies;" Dr. R. Hollis Klett, "Soybeans in Ruminant Rations;" Dr. Lloyd Sherrod, "Triticale in Livestock Rations;" and Dr. Robert Albin, "Feedlot Waste Management Systems."

Registration for the conference begins at 9:15 a.m. in the Ballroom of the University Center and Interim Dean Sam Curl of the College of Agricultural Sciences will welcome visitors.

A panel discussion at 3:40 p.m. will end the meeting.

Drinking drivers will kill over 1700 people in Texas this year. Liquor-by-the-drink means more drinking drivers.

GEORGE BUSH DOESN'T BELIEVE IN HIDING BEHIND A PARTY LABEL. HE BELIEVES IN TELLING YOU EXACTLY WHERE HE STANDS ON THE ISSUES.

HERE'S WHERE HE STANDS ON AGRICULTURE AND RURAL DEVELOPMENT.

"History has proven that no country is strong unless its farm economy is healthy. During the voting on the 1970 Farm bill, I voted against the proposed \$20,000 limitation on farm subsidies. Without a drastic revision of our Agricultural legislation, I believe such limitations will cause more problems than they will solve. We also need to develop attractive opportunities for young people in rural areas. This is why, for the past two years, I have fought for passage of the Rural Job Development Act. It provides tax incentives for industries locating in rural areas.

I do not pretend to know all the answers to the problem of building a sound rural economy. But, I do know this—economic stability for rural America is vital to this nation."

UNITED PENTECOSTAL CHURCH

The Library Corner

The library's new reference room policy has met with a great deal of success. For any of you who have missed the earlier announcements concerning the new policy, it is being re-stated.

All reference books may be checked out for a two day period with a 25¢ per day over due fine. Local students have found this to be a very big help in completing assignments. For adult readers we have

two new books, which should be of special interest. They are "The Kennedy Conspiracy," and "Bucher: My Story," by Commander Lloyd M. Bucher, U.S.N., Captain of the USS Pueblo.

For junior readers we have "Living Free," the story of Elsa and her cubs. In cooperation with National Book Week, the Friona Public Library is sponsoring a book review contest in the junior high and high school (for students in the seventh through 12th grades.)

Mrs. Steve Struve is coordinating this project in cooperation with the English and

reading teachers. The following details have been announced:

(1) Junior high students will be reviewing biographies and senior high students will be reviewing novels.

(2) The reviews will be due November 30 and the winners will be announced about one week later.

(3) Prizes are being offered in each group. (4) First prize in each group will be \$15; second prize will be \$10 and third prize will be \$5.

Members of the library board hope that all students in the grades eligible for competition

THE ARCTIC FOX HAS THICK HAIR ON THE BOTTOM OF ITS FEET!

will enter. Purpose of the project is to encourage the reading of many books, both old and new, which are available in the Friona Public Library.

LOVINGTON, N.M., LEADER: "The hate-American element has had its hey-day in recent years, and is now on the verge of being repulsed by aroused citizens who are recognizing the abuse of freedom of speech for what it has become: license to bring about the destruction of the nation. We sense a new mood in the air. Frustration and dismay is giving way to anger and determination. There are going to be some changes made. . . . but not exactly to the type that the hate preachers expect. . . . We feel that the vast majority of American people have about had it. . . . with insults and all types of defamation against their country. Admiring and defending it in no way is covering up for its inadequacies and errors; and tearing it down in no way solves the problems alluded by its unreasonable critics."

POSEYVILLE, IND., NEWS: "The constitution guarantees us the right to pursue happiness. It doesn't say it will hold still so we can catch it."
