

There may not have been any world records set in the Lions' exhibition baseball (7) game here Monday evening but a bunch of civic-minded guys had a good time seeing if they could remember how to throw, hit and catch. Oh, yes, and how to run. Most of them could do everything pretty well except for the running.

We caught a few quotes from the crowd, and from the players, and we thought some of them pretty well summed up the game.

First fan: "Look at the arm on that pitcher." Second fan: "Arm, nothing. Look at his stomach."

First player: "They must have us 48-0 by now." Second player: "That's all right. We haven't had our turn at bat yet."

We were wishing that we could get a slow-pitch softball league started locally. The two teams which turned out on Monday would be a pretty fair nucleus. As some of us discovered, it would be pretty good exercise—perhaps too much.

By Tuesday morning we had discovered some muscles which we hadn't thought about for 10 years. However, we draw some solace from the fact that we weren't alone in this category.

The Friona Noon Lions are to be commended for pushing the new park to completion. It is really a fine park in every respect, and will be a lasting monument to the Lions and their civic work for the community.

Meantime, the Lions still need some \$2,000 to pay off the new park, on which actual expenses ran around \$5500.00. Anyone wishing to contribute to the fund is urged to mail their check to the club, or leave it at Friona State Bank.

We hope that those people who appreciate the good work by the Lions will assist them in getting the park paid for.

Some people have asked why the special summer water rates, which the City of Friona used to adopt for the summer months, have been discontinued.

City Manager Jake Outland this week pointed out some of the reasons. The national economy, and inflation is as much to blame as anything, Outland says.

"With the value of the dollar constantly going down, the overall operation and costs of water production and distribution has slowly increased," Outland stated.

Last year the city added a new well, at a cost of \$14,000; and repaired another well this year—for another \$3,500. The annual electrical bill just for pumping water amounted to over \$13,000.

Outland pointed out that under the old special summer rates, probably 90 per cent of the residents never made it to the first discount, which was 15,000 gallons per month.

The city manager says that the current rate of 25 cents per thousand gallons is in line with the rates of neighboring cities. The current rate was established in 1969, and was the first adjustment in water rates since 1961.

A prim little old lady was telling her friend about the awful shock of finding two empty whiskey bottles in her garbage can.

"You can imagine my embarrassment," she said. "I got them out fast because I didn't want the garbage man to think I drink."

"What did you do with them?" asked her friend.

"Well, the minister lives next door," was the reply, "so I put them in his garbage can. Everybody knows he doesn't drink."

### Something Special

The Friona Star is presenting a special section this week, dedicated to the 1971 senior class at Friona High School.

Each senior is being presented with a copy of the edition to add to their graduation keepsake file.

Additional copies may be purchased at the Star office.

## Friona Little Dribblers To Houston

FRIDAY

### Team To Play In "Dome"

Friona's Little Dribblers all-star team has been invited and will participate in an exhibition game this Friday night at Houston's Astrodome.

The local team, which last month finished as runners-up in the national tournament at Levelland, will play a special game against the Meade, Kansas team as a sidelight to the National Basketball Assn.—American Basketball Assn. All-Star game which is being played that night at the Astrodome.

At press time, it was not known whether the exhibition game would be played as a preliminary, or as a halftime show for the big pro contest, the first of its kind for professional basketball.

The pro contest is to be nationally televised, probably on Channel 4, starting at 7:30 p.m. Friday. So, there was the outside chance that the local little dribblers might appear on national television.

Kenneth Neill, the all-star coach, was contacted and asked to bring the Friona team to Houston. Neill has been the driving force behind Friona's Little Dribblers program, which finished its second year locally.

Ten all-stars are to make the Houston trip. They are Edward Castillo, Randy Waggoner, Sammy Felder, Mike Blackburn, Jeff Whiteside, Cris Ingram, Jerry Martin, Keith Martin, Mark Neill and Leslie Broadhurst.

Several businesses and individuals in the area agreed this week to act as sponsors to help underwrite the cost of the trip. These include Friona State Bank, Pioneer Cattle Co., Friona Feed Yard, Black Grain, Parmer County Implement Co., Parmer County Pump Co., West Friona Grain, Hi-Plains Feed Yard, Hi-Pro Feeds, Kendrick Oil Co., Friona Wheat Croppers and Lone Star Hog Co.

### Local Agents Attend Mexico City Meeting

Mr. and Mrs. Wendell Gresham and Lois Norwood returned from a week's trip to Mexico City, where Greshams and Miss Norwood represented Ethridge-Spring Agency at the 73rd annual convention of the Texas Association of Insurance Agents.

The convention was held at the Camino Real Hotel, one of

### GRADUATION RITES

## Commencement Set Thursday, Friday

Commencement exercises are scheduled for Thursday and Friday night for the two Friona

graduating classes.

The eighth grade class will receive their diplomas on Thursday night, with the 1971 senior class to be honored on Friday evening. Both exercises will be held at the Grade School Auditorium, beginning at 8:30 p.m.

Dale Schueler will deliver the valedictory address at the senior exercise on Friday. Debra Wyly will give the salutatory address.

Sharing honors as co-historians for the class are Larry Johnston and Glenda Deaton. Richard Collard will present the diplomas.

Special music will be pre-

sented by four young ladies from the graduating class: Sharon and Karen Crofford, Esther Smith and Ginger Murphree.

At the eighth grade exercises on Thursday, Beverly Schueler will give the valedictory address. Hope Mays will give the salutatory speech.

Ann Hurst and Carol Reeve will play the traditional professional and recessional. Junior ushers are Carleen Schlenker, Melissa Pruett, Barbara Allmon, Richard Shirley, Bill Bailey and Dave Buske.

### -News Briefs-

Friona Volunteer Fire Dept. was called to the J.G. McFarland place Wednesday, where an explosion extensively damaged the bathroom and back bedroom in the farm house.

A spokesman for the fire department said clothing being washed in gasoline in the bathroom, in which there was a small stove burning, caused the explosion.

"We appreciated the public giving us right-of-way going to the fire," the news source said.

No injuries resulted in a near-collision at the Missouri Beef plant entrance Wednesday noon.

John Jupe of Amarillo and Marquita Beall of Clovis had to swerve their automobiles to avoid a collision. The Jupe auto was slightly damaged, and he and his wife were examined and released at Parmer County Community Hospital.

Plans are being made for the 30th Anniversary Banquet for the Friona Lions Club, which will be held in conjunction with Ladies Night for the city's two Lions Clubs. The function is slated for Thursday, June 10.

### REV. LINDLEY TO SPEAK

## Memorial Day Fete Is Monday Morning

Rev. Albert Lindley, pastor of Friona's First United Methodist Church, will bring the Memorial Day message at the city's annual Memorial Day program at City Park next Monday morning.

The program, sponsored annually by the Friona American Legion and the Legion Auxiliary, will begin at 8 a.m.

Mrs. Paul Fortenberry, whose son Richard lost his life the past year in Vietnam, will serve as the "Gold Star Mother" at this year's ceremony, and will place a wreath on the Memorial Marker.

Other local ministers who will participate include Bill Gipson of the Sixth Street Church of Christ and Rev. Charles Broadhurst of First Baptist Church.

Special music is to be provided by a men's quartet.

J.C. Claborn will read the roll of deceased veterans. The local Legion squad's color guard and firing post will take part in the ceremony.

### FINE ARTS

### Lewis To Direct Summer Drama

The Friona Fine Arts Council will sponsor a summer drama workshop for the second year, featuring former Friona resident Del Lewis once again, it was announced this week.

The announcement came at the annual meeting of the Fine Arts Council on Monday, May 24 at Friona State Bank's Community Room.

Lewis will conduct the workshop in the two-week period from July 23 to August 15. The Friona product is now in New York, where he is currently in the Broadway production "The Rothschilds," which has been running since last October.

Preliminary plans are for the workshop to include adults and teenagers 13 years of age and older. There will be auditions for a limited number of younger parts as the need may arise.

Lewis is the son of Mr. and Mrs. Henry Lewis of Friona.

At the annual meeting of the council, plans were also made for the Maize Days arts and crafts display again this year. Plans are to include flower displays, arrangements or centerpiece displays, using local natural resources such as malle and cotton. Coin and antique gun displays are also planned.

Officers re-elected for the coming year were Mrs. Steve Messenger, president; Richard Collard, vice-president; Mrs. H.K. Kendrick, secretary and Billy Jones, treasurer.

Further information on the above-named projects may be obtained by calling Mrs. Messenger.

### Several Merchants To Close Monday

Several Friona merchants have indicated that they will close next Monday, which will be the day Memorial Day is to be observed.

Among the offices which will be closed are the City Hall, Post Office, Chamber of Commerce, Pioneer Natural Gas, Southwestern Public Service, Production Credit Assn., Eth-

ridge-Spring Agency, Friona Consumers, Plains Hardware and the Soil Conservation Office.

Missouri Beef Packers will not kill on Monday, and all employees will take off.

However, businesses planning to open on Monday include Friona State Bank, Piggly Wiggly, Houser's and White's Super Market.

### New HD Agent Hired; Reports Aug. 1

Arriving in Farwell on August 1 to begin duties as Parmer County Home Demonstration Agent will be Miss Jana Pronger who was in Farwell Monday of this week to meet with the Commissioners Court concerning the position. Miss Pronger was accompanied by Farwell by Sue Farris, District Home Demonstration Agent from Amarillo.

The newly-hired agent is a native of Stratford, Texas and is the daughter of Mr. and Mrs. A.E. Pronger, Jr. She is a graduate of Stratford High School and Sam Houston State at Huntsville, having received her

degree there earlier this month.

Miss Pronger will be in training at Perryton in Ochiltree County for six weeks prior to her arrival in Farwell. A nine-year veteran of 4-H Clubs, Miss Pronger says she is anxious to move to Parmer County and to work with the 4-H Clubs and also is eager to get some home demonstration clubs started throughout the county.

When asked about her interests and hobbies, the new agent answered, "I like everything, I especially enjoy all types of arts and crafts and am looking forward to beginning my work here."

She is replacing Mrs. Janice Fant who resigned the position in May.

40 YEARS AGO--MAY 29, 1931

In a reply to the city's request for additional crossings, the Santa Fe Railway stated that it was their option that the city did not need the additional crossings, and that the state law forbids crossings where there were three lines of track. Santa Fe was written in an effort to relieve some of the congestion that develops at harvest time, with lines of trucks.

35 YEARS AGO--MAY 29, 1936

During the past nine days, beginning on Monday, May 18, it has rained at Friona and some part of the surrounding territory each day with the exception of Tuesday, when it rained sometime during the night. At this writing, an estimated ten and one half inches have fallen at Friona during this period, most of which has fallen in gentle showers, allowing practically all of it to be absorbed by the soil.

25 YEARS AGO--MAY 31, 1946

In connection with our proposed sewer system, the City Commission has approved a plan whereby we will be able to finance the cost of this system without having to raise the tax rate more than 30 cents on the \$100 valuation, Mayor Glenn E. Reeve said this week. A bond issue of \$82,000 will be voted on; this being the engineer's estimate of the cost of the system.

20 YEARS AGO--MAY 24, 1951

Is there any truth to the claims made by those who say they can increase rainfall, temper hail and electrical storms, and even withhold precipitation and still keep skies cloudy? The Amarillo Chamber of Commerce is sponsoring a talk by a representative of Water Resources Development Corporation on Saturday, to discuss the possibilities of controlling the weather. All farmers and ranchers are invited.

15 YEARS AGO--MAY 24, 1956

The Black Community of northeastern Parmer County, in its first attempt to win the annual community improvement contest sponsored by Farmer-Stockman Magazine in cooperation with the Extension Service, this week placed second in the state. McMahon, in Caldwell County, was named state winner. There were 185 rural communities in Texas which competed for the prizes given by the farm magazine.

10 YEARS AGO--MAY 24, 1961

A burglar broke into the office of Friona Consumers sometime during the night Saturday and made off with \$200 in cash. Entrance to the building was made by breaking the glass to a south door and unlocking the night latch.

5 YEARS AGO--MAY 19, 1966

Continuation of the service of the High Plains bookmobile was assured in recent weeks, when the four counties involved gave their official okay to the program. Commissioners and judges from Parmer, Bailey, Lamb and Cochran counties met at Muleshoe and agreed to underwrite the \$14,000 annual budget for the mobile library. The cost is to be pro-rated according to population of each county.

## Pause and Reflect

By Nelson Lewis

I had thought to write of things political but a soft spring afternoon is not to be sullied by mundane affairs. A couple of sparrows are chirping, angrily I think; she wants him to fly away with a tumbleweed branch and he has neither the wing span nor horsepower necessary for the task. Children in shorts cavort along the street; excited squeals and animated conversation punctuated by thumps of a basketball. The coffee pot mutters and complains in protest of working overtime. A light breeze bends the too tall grass we were supposed to mow yesterday afternoon. New leaves tremble and monarch butterflies pause on slender pear branches to reflect upon the remainder of their miraculous voyage. The glorious blue bowl of the Panhandle Sky stretches infinitely overhead while I sit day dreaming and decide to abandon, for a week, the "State of the Union."

Everyday sights and sounds are not to be ignored; for of them are memories made. A voice, a face, a scene, a sound are all woven into the fabric of life and as the years pass fact becomes indistinguishable from fancy until the dreams and ambitions of youth ripen into the nostalgia of age.

How perfectly fitting it is that "graduation" comes in the Springtime! Fall--with all its warmth and beauty--still faces Winter; but Spring is the marvelous annual manifestation of awareness and opportunity. Far too many people have come to consider graduation as the finish of education. Actually, no one ever "graduates"--living is learning and the process continues until the Fates confer the final diploma. All along the way we are influenced by seemingly unimportant sights and sounds that are automatically filed away in our subconscious memory banks. These apparently insignificant experiences may be ignored by Youth but when we begin to travel the Sunset Path their importance becomes all too evident. We find our thoughts racing backward, re-examining and appreciating half-forgotten incidents that today spell the difference between living or merely existing. For instance-- A gypsy violinist playing the world's finest music--while his infant son sleeps upon the wagon seat. The heart-rending sobs of a hillbilly father when it's your sad duty to tell him that his soldier son will not be coming home from Normandy. The wailing of an unseen baby--and not being able to determine its sex, nationality or color, from the sound of its crying. The whine of a puppy with eyes yet unopened. The unrestrained giggle of a little girl in Sunday School. The awful crashing, crunching, chewing sound of sea waves as they demolish a landing dock. The preacher's voice as he reads the 23rd Psalm at the funeral of a loved one. The soul lifting music of an Italian accordionist--playing in a junkyard! The beautiful softly spoken Spanish of the M.C. at the Santa Fe fiesta. The crack of a rifle and the hair raising ring of a bullet. A mockingbird heralding a new day. The utter stillness of Palo Duro Canyon at sunset. The rumble of the Santa Fe--trading Friona beef for Detroit cars. A coyote serenade with the after supper coffee. The splash of a jumping fish. Little voices in school singing "America The Beautiful." And the same little voices at home--"God is great, God is good." The snap and pop of Old Glory flying above the Post Office. The roar of a tractor plowing. The deadly murmur of the Mississippi lapping at the levees. A cow howling as she calves in a snowstorm. The sight, sound and smell of a "million dollar" rain.

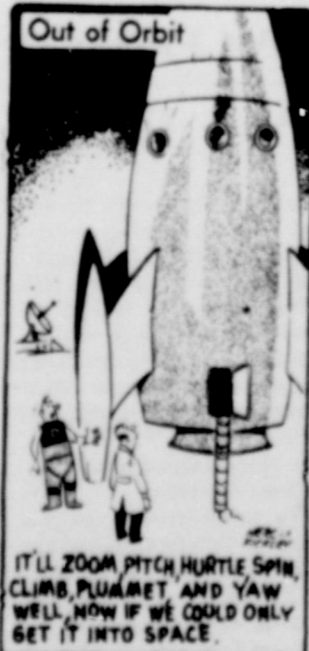

Congratulations to all of you who have passed another milestone on the long road of learning. Remember that--"Man does not live by bread alone."

## Hortons Attend Alumnae Dinner

Mr. and Mrs. H.H. Horton, Jr., and daughter Kathy, Box 1148, were among Stephens College alumnae, husbands and daughters from the Friona area attending the college's recent (April 30-May 2) annual reunion and Alumnae College on the campus here. More than 375 graduates of the four-year college for women, representing some 40 states, attended class reunion, a reception at the home of President and Mrs. Seymour A. Smith and sessions of Alumnae College, a three-day program of talks, discussions and activities focusing on "Arts Alive." The reunion and study program were sponsored by the 36,000-member Stephens Alumnae Association, largest such organization of any private women's college in the country.

Last year 248 American companies, representing 17 industries, spent \$256,000,000 for pollution control, an increase of 26 percent over the previous year. By 1972 the chemical industry alone will spend \$600,000,000 for pollution control. Since 1961 the steel industry has spent a total of \$1,223,800,000 in pollution control techniques and research and development in that area.

## Sincerely Yours

BY REV. ALBERT LINDLEY

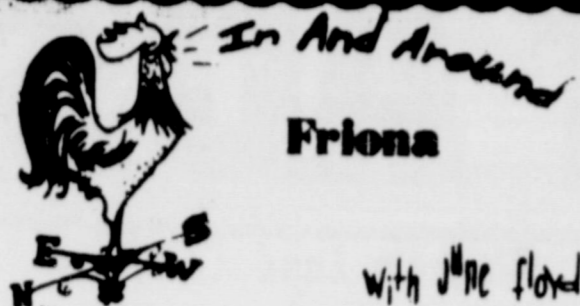

I'm sure you never are caught up in a problem such as this but the very writing of this article this time really has called to my mind a situation which often confronts me and causes no little concern. I suppose I could wash it out of my hair by simply saying, "well, these fast times do bring their complex problems," and go on without a second notice...but it just doesn't work that way for me and I would just like to share my problem with you, which you probably don't even have. . . . I'm talking about things which demand my time and causes me no small amount of apprehension because I end up with only time to do one "must" thing, and two or three things I "must" do. . . sound familiar? Here I am trying to get off to Conference and I have several things to do but I sure wouldn't want the Editor of this tabloid--ole what's his name--to have second thoughts about even putting out the paper this week without this article which is so "informative"--so you can see, one of the "must" things I have decided to do before I leave is write this article--or help it hatch--whatever terminology that would best characterize it all. . . . I'm sure you never have these problems but I do appreciate your time to listen to me. . . . I like to at least think of myself with enough time to do my essentials. . . not so much pushed as this but still concerned. Lecturer: "I calculate that the end of the world will come in 217,000,000 years." Hearer (in great agitation): "How many did you say?" Lecturer: "217,000,000 years." Hearer (sitting down with great relief): "You frightened me so: I thought you said 117,000,000." I'm really not that pushed for time--but how much are you bothered with it all? Of course, to ask the question is to realize it's problem. . . but then this is mine, not yours. . . . We all just have 24 hours a day--really! We don't act like it and we don't plan it out like that but that's it--just 24 hours. Now, my problem, and I know you are not bothered like this--but my problem is what I do with the 24 hours. You see, somewhere along the way--about every hour or so--I have to make a decision about which "must" thing I'm going to do and which "must" thing I've got to decide isn't so...follow me? Probably this kind of existence causes us (oh, excuse me, this is my confession--I'm sure you are not involved in this type of thing) at any rate, it often causes me to try to move alot faster in order to get more done--and none too well. . . . Like an itinerant preacher in a southern mountain area made use of a mule to get about his parish. "Does that mule ever kick you?" asked a mountaineer. "No--but it often kicks at where I recently was. . . ." We get to moving pretty fast, but then that too, often increases the problem. Fast action often decreases effectiveness. (Gee, I wish I had said that.) I should think that I would be better off with my problems of many "things to do in a short time" by taking some more time to really evaluate my activity and dispense with some things that are not really as important as I thought they were. This means that just are important to me. . . and get to things I "need" to do. . . .O well, it's my problem and not yours. . . . you surely don't have anything like that. Boy, I sure wish I had some help with this whole thing. . . . YOU DO MY SON: "Do not lay up for yourselves treasures on earth, but lay up treasures in heaven." "Seek first his kingdom and his righteousness and all these things shall be yours as well. . . ."

## From Around The Country

The Census Bureau reports the average income in 1968 of men 25 years or older with a college education was \$4,500 more than the average income of men with no more than a high school diploma. The mean income received by American men 25 and older in 1968 was \$7,900. For men with more than a high school diploma, the mean income was \$8,400. For those with four or more years of college it was \$12,000.

According to the Arizona Farm Bureau Federation, "Part of the reason farm exports to Japan have soared is changing food preferences of the Japanese. Per capita consumption of poultry, red meats, spaghetti, pizza, and other macaroni products has soared at the expense of sharply lower per capita consumption of rice and fish."

Very often you see or hear someone complain about living in a small town and near the top of the list of the complaints will be the statement, "Young people, who grow up in a small town, go away to college and don't want to return."

Friona young people must be the exception to the rule. Of course, I wouldn't want to leave the impression that all of our young people who go away to college return. However, a lot of them do.

Maybe you are thinking, "The trend is changing and in recent years some are returning." That is probably true, too. But, I still maintain that Friona has had young people coming back for a number of years and can think of a large number who have done so.

Frank Spring, who was the first baby born in Parmer County after it was organized, grew up here and after graduating from high school attended West Texas State, Canyon, one year. Then transferred to Texas Tech at Lubbock.

After graduating from Tech in 1930, he returned to Friona and went into business. For the past twenty five years or so he has been president of Friona State Bank. Frank and his wife, Ethel Ruth, were in Lubbock Saturday for the 40th reunion of the graduating class. In re-counting the day's activities, he remarked, "There surely were a lot of old people there."

He went on to explain that this year's reunion was for two classes, 1930 and 1931. Last year's reunion was postponed one year due to the devastating tornado which struck the Hub City about the middle of May.

Frank has two younger brothers, who went away to college, then on to medical school. Both of them, Dr. Paul and Dr. Lee, chose to return to Friona to make their homes and have been taking care of the sick and injured for more years than either of them likes to re-count.

One of Friona High School's home economics teachers, Mrs. Ernest Osborn, is also a graduate of Friona High School and Texas Tech. We could almost claim the other home economics teacher, Mrs. Dale Gober, since she grew up near Bovina. Dale is also a native of Parmer County. He and his wife, the former Tonya Ivy, are both graduates of Texas Tech.

Then we have Louis and Mamie Lou Wilson Welch. After their graduation from Friona High School, they attended Texas Tech and received degrees in the spring of 1949. That same summer they built a home west of town and have been busily engaged in farming and homemaking for the past 21 years.

Dr. Jon Mack Roden, one of our two doctors of dental science, is also a graduate of Friona High School. He and his wife, the former Nancy Outland, lived in Weatherford, Oklahoma and Houston until Dr. Jon was ready to go to work, then they returned home with their two sons, Ricky and Russ. Two other farm couples are Wesley and Doris Jane McFarland Barnett, who live in the Black Community, and Mickey and Shirley Phipps Wilson. These four returned and have been living here since.

Then, we have a few, who have returned with husband or wives from other places. Lunell McFarland Horton and her husband, Hollis, have lived here a number of years. Hollis owns and operates Parmer County Pump Company and they live just north of the city limits on State Highway 214.

Other local people who teach here are Cheryl Neill Weatherly, Myrna Bennett Gatlin, and Kay Neel. Cheryl is a Tech graduate and Myrna and her husband, Carroll, who is connected with John Bingham Land Company, and Kay are all three graduates of West Texas State.

Coach Dub Cleveland is also a local product. There are others, but space doesn't permit us to list all of them. From these listed we have a banker, two doctors, one dentist, several farmers and business men, several teachers and several homemakers.

All of these have contributed a great deal to the growth and progress of our town and we are grateful that we are able to say, "Many of our young people grow up here, go away to college, then return to live among us."

If you plan to plant radishes, beets, carrots, or turnips this month, you will need to plant them Saturday or Sunday. That is if you are following the advice of Amos Appleschultz, who hands out advice about planting according to the moon.

Above ground crops should be planted Thursday, Friday and Saturday-May 26, 27 and 28.

**Charlotte Nazworth Wins Seventh In State**

In the recent State Interscholastic League competition, in Austin, Charlotte Nazworth, who attends Tascosa High School in Amarillo, placed seventh in the typing contests.

Miss Nazworth, who is a junior student, had earlier won the right to represent her school in district competition, then won first in area competition. She is the daughter of Mr. and Mrs. Vern Nazworth, who are former residents of Friona.

Her mother, the former Sue Gibson, is a 1953 graduate of Friona High School. Her father attended Friona High School before enlisting in the United States Armed Forces and later completed his high school requirements and graduated from West Texas State University, Canyon.

CHARLOTTE NAZWORTH

Miss Nazworth is the granddaughter of Mrs. W.J. Nazworth and the late W.J. Nazworth and Mr. and Mrs. Tom Gibson, all of Friona.

**Local Study Club Wins State Awards**

New Horizons Junior Study Club was cited for achievement in five areas during a luncheon in the Sheraton Hotel in Fort Worth early this month. The noon meeting marked the closing of activities of the three day 74th annual convention of Texas Federation Women's Clubs.

The club won a first place plaque in Americanism; Mrs. Dale Houlette, who is the incoming president, won a first place citation for her conservation report; the club's outgoing president, Mrs. Walter Cunningham, placed second in the president's report judging and the club won seconds in club ethics and education.

**Hereford's Annual Pioneer Day Set**

The Mid Plains Pioneer Association's annual "Pioneer of the Year" will be named Saturday at the Bull Barn as the highlight of the association's annual gathering.

Radio Station KPAN will make the presentation to the man or woman pioneer who has contributed the most to the development of the Plains. The selection is to be made by a five-member panel comprised of three members of the Pioneer Association, a representative of the radio station, and a representative of the Chamber of Commerce.

Registration for the celebration will begin at 9:30 a.m. Saturday with the Pioneer Study Club in charge of the registration.

The business meeting will begin at 10:30 a.m. with Glen Witherspoon, president, presiding. The invocation will be given by Glenn Nelson and the welcome address by Wayne Phillips. The response will be by Roy Nunn.

Announcement of the "Pioneer of the Year" will be just prior to the noon basket lunch. Those attending the celebration are asked to bring a basket lunch to the Bull Barn.

Recognition also will be given

those people attending the meeting who have traveled the farthest to attend and the oldest and youngest attending.

The winner of the first "Pioneer of the Year" award was Ezra Norton, followed by S.H. Oberthier, Bess Werner and Edgar Ireland.

**FIGHT HIGH TAXES ON REAL ESTATE**  
—ESPECIALLY YOUR OWN!!!

To those whose taxes were RAISED in recent years by City, School or County TAX AGENCIES, an experienced organization offers advice and help.

**ASK YOURSELF THESE QUESTIONS:**

1. Is YOUR assessed value IN LINE with others?
2. Do you KNOW the simple steps needed to get FAIR VALUATIONS set?
3. Do you know HOW TO PRESENT the REAL facts about your property to the PROPER OFFICIALS?

If you answer YES to the above, we can only supply you with a list of items that affect value. But if your answer is NO our service may save you many times its cost each month or year. Your Board of Equalization WANTS to treat you fairly, but can't do so unless it has the FACTS. YOU know MORE about your own property than any ASSESSOR. NOW is the time to JOIN THE TAXPAYERS REVOLT!!!

**GREENBUG INFESTING SOME  
GRAIN IN COUNTY**

Light greenbug infestations have been detected in several fields of seedling grain sorghums in Parmer County. Most infestations are light and scattered but counts averaged almost one greenbug per plant in one field.

Since greenbugs are capable of reproducing rapidly, producers should keep a close check on seedling grain sorghum. Small grain sorghum up to about six inches in height is much more susceptible to greenbug injury than the larger plants.

Control on seedling grain sorghum should be taken if damage is visible or if greenbug colonies build up on the plants.

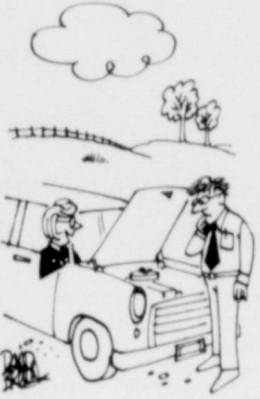

Greenbugs do not increase as rapidly during May and June as they do later in the summer. During the past few years, early infestations usually phased out without causing much damage.

Since early infestations are very spotted, plants should be inspected at several locations within the field. Producers should be sure that greenbugs are present in damaging numbers before starting a spray program.

Most of the cotton in the county is up to a stand. Several producers have stated that they have had less trouble this year in getting a good stand than in past years. However, many producers seem to be having a problem with poor grain sorghum stands.

Dr. Robert Metzger, area agronomist, Lubbock, states that the slow, erratic germination of grain sorghum may be due to the extremely low seed moisture content at harvest last fall. Although these seed showed a high germination percent in laboratory tests, studies have shown that seed moisture reduced to unusually low levels of six to eight percent may result in dormancy. Poor stands have been most prevalent in cool soil with limited planting moisture. The same seed planted in a warm moist seedbed gave good, healthy stands. Metzger stated that increasing the moisture content of these dormant seed to 12 to 13 percent prior to planting will help reduce this germination problem.

"As I recall, you once said you wanted to start a jogging program."

Mr. and Mrs. Haywood Vaughn visited Mr. and Mrs. Larry Kennedy and son while in Lubbock last week. In Plainview, the Vaughns visited with Mr. and Mrs. Ted Lamora, Sgt. and Mrs. J.M. Luckie and son and Mr. and Mrs. Calvin Ulen.

PRESENTS PROGRAM. . . A.P. Burk, right, district sales manager for Santa Fe Railroad, presented the program at the Friona Lions Club meeting last Thursday. Dale Smith, Boss Lion, is on the left.

**Mrs. Vaughn Attends  
Special DPS School**

Mr. and Mrs. Haywood Vaughn returned last Thursday from Lubbock, where Mrs. Vaughn attended a two-day school entitled "An Evaluation and Identification of Medical Limitations to Driving."

Mrs. Vaughn will return as the driver's license clerk for the Friona office beginning June 1. She was the office's original clerk, but has been on a year's leave of absence. The office will remain open on a two and one-half day per week basis. Purpose of the school was to insure through the training of personnel, that more drivers with medical limitations receive the benefit of professional medical consideration by the Texas Medical Advisory Board.

The TMA board aids the Department of Public Safety in determining if a driver should be licensed, or prohibited from driving.

Conducted by the health department's division of civil defense and traffic safety, under the direction of Charles E. King of Austin, the schools educate licensing personnel in better screening techniques to identify medically limited drivers.

Sponsors of the school included the Lubbock-Crosby-Garza counties Medical Society, Texas State Department of Health and DPS.

**Old Pictures  
Viewed At  
Club Meet**

Highlight of the Monday evening meeting of Friona Antique Club was viewing old pictures, which had been brought by club members. Hosts were Mr. and Mrs. Howard Ford and Mrs. Chloe Ferguson, in whose home the club met.

Mrs. Ford presented an informative talk on photography. Refreshments of salads, chips, dips, cake, coffee and tea were served by the hosts.

Those present were Mr. and Mrs. Dick Habbings, Mr. and Mrs. Raymond Adams, Mr. and Mrs. Rudolph Renner Sr., Mr. and Mrs. Leo Bails, Mr. and Mrs. Jerry Zachary and children, Joe and Patty and Mrs. Kenny Ford and daughter, Stephanie.

The next meeting of this organization will be in the Dick Habbings home the third Monday evening in June.

**Women's  
Fellowship Elects  
New Officers**

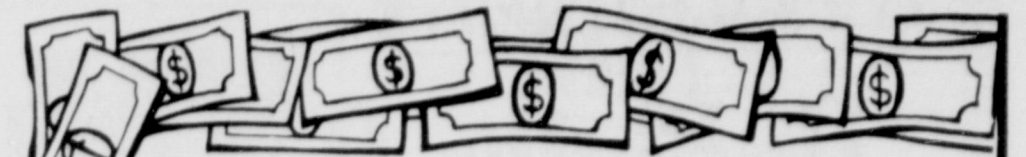

During the business session of the Wednesday afternoon meeting of Women's Fellowship of Union Congregational Church Mrs. Viola Treider was elected to serve as president.

Other officers elected to serve with her were Mrs. Paul Lee, vice-president; Mrs. R.B. McKee, secretary; Mrs. Carl Maurer, treasurer and Mrs. Lillie Taylor, reporter.

Mrs. Treider presented a program, "Love Is Helpful." She was assisted by Mrs. Bert Shackelford.

The hostess, Mrs. Paul Lee, in whose home the meeting was held, served refreshments to Rev. Lee, Mrs. Lillie Taylor, Mrs. R.B. McKee, Mrs. Carl Maurer, Mrs. Scott Weir, Mrs. Malinda Schlenker, Mrs. Walter Loveless, Mrs. Robert Alexander and Mrs. Bert Shackelford.

A GAS outdoor grill gives food a tangy outdoor flavor without the time and bother of charcoal fire. Char-broiled flavor comes from the smoke of meat juices dripping on hot briquets. Charcoal itself provides no flavor.

Permanent ceramic briquets in the gas grill reach cooking heat in a few minutes, and there is no long wait to start cooking. The heat is regulated manually so there is no need to move a grill up or down.

# Hi-Plains Downs Farwell Team, Ties For First Place

Hi-Plains Feed Yard scored a pair of wins during the second week of the Senior Little League season, to pull into a three-way tie for first place in league standings.

In their most impressive game to date, the Feeders edged the previously unbeaten Farwell Bankers, 4-3, in a game here last Thursday, to create the tie.

Earlier in the week, Hi-Plains had taken the measure of Bovina's Charles Oil, 15-4, for their second win of the season.

The game with Farwell's Bankers was a classic, with Hi-Plains having to score a pair of runs in each of their last two times at bat, and then thwart a Farwell threat in the seventh for the 4-3 win.

It was a tight pitcher's duel all the way, with Randall Snyder going the distance for Friona. Each team had only three hits.

Hi-Plains scored its first two runs in the bottom of the second, when the team got two of its three hits. David Clark led off with a single, and Jesse Felder walked.

Snyder plated the two runs with a double, but the inning closed on a wierd note with Dale Cleveland being called out going to second after a balk had been called on the Farwell pitcher.

However, the Feeders picked up where they left off in the sixth. Davy Carthel reached first on an error, as did Gene Strickland. Clark then scored the runners with a double, giving Hi-Plains the lead at 4-3.

Farwell's shortstop, Dale, tagged a double with two out in the seventh, and represented the tying run. However, Carthel slipped in behind him and Snyder picked Dale off second base to end the game and preserve the win.

In the game with Charles Oil, Hi-Plains sent 11 men to the plate in the secondinning, grabbing a 9-0 lead. Most of the second-inning scoring came after two were out. Snyder had hits in both innings, including a double his first time up.

Carthel was the winning pitcher, and gave up no hits in the five-inning contest. The game was called after four and one-half innings with Hi-Plains holding a 15-4 lead. Felder had a double and Clark a triple as Hi-Plains banged out 12 hits.

While she was there, Mrs. Treider took several boat trips: including one to Nassau and visited the Cypress Gardens and the Singing Tower.

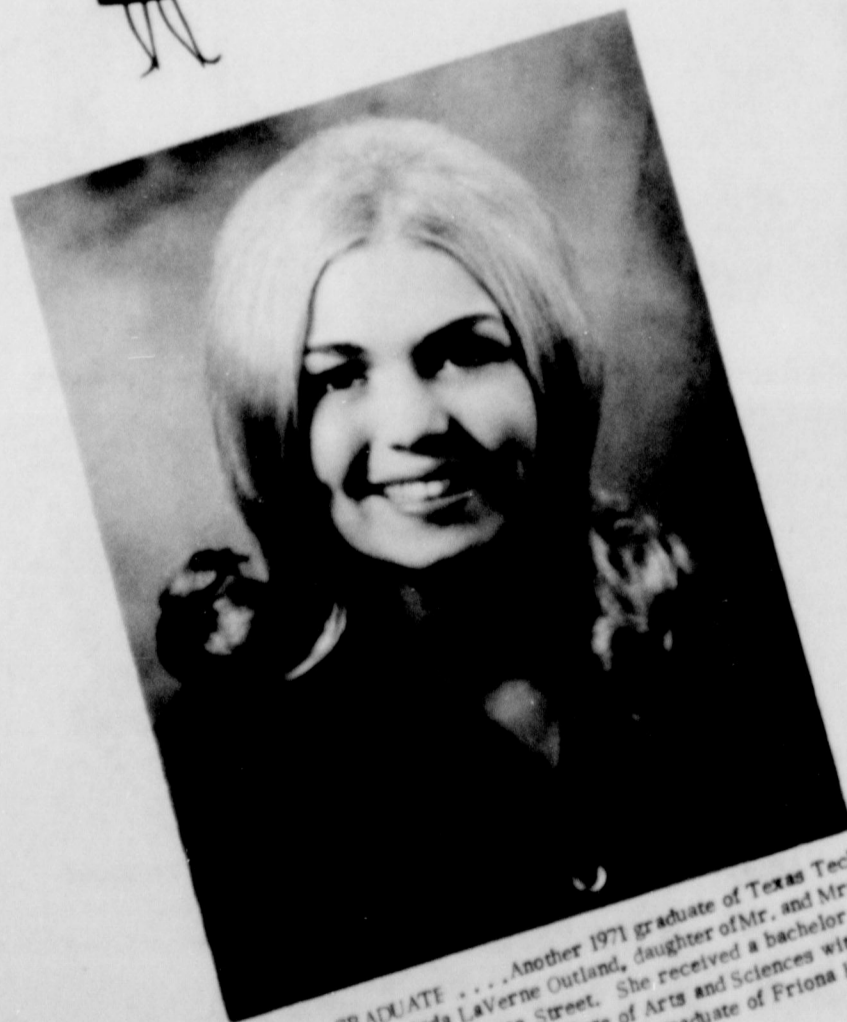

### Terri Lynn Wilson Graduates From Eastern

Terri Lynn Wilson, daughter of Mr. and Mrs. Elroy Wilson and a 1967 graduate of Friona High School will receive a bachelor of arts from Eastern New Mexico University, Portales, at 8 p.m. Thursday, June 3 in the Physical Education Complex. Miss Wilson, who was salutatorian of her high school graduating class, will graduate cum laude with an English major and minors in American

History and sociology. At Eastern she has been a member of Baptist Student Union and has held offices in the organization: a senior honor certificate member of Alpha Lambda Delta; Student Education Association; Epsilon Mu Beta, senior woman's honorary and Spurs, sophomore women's honorary. She is presently enrolled in graduate school in English at Eastern.

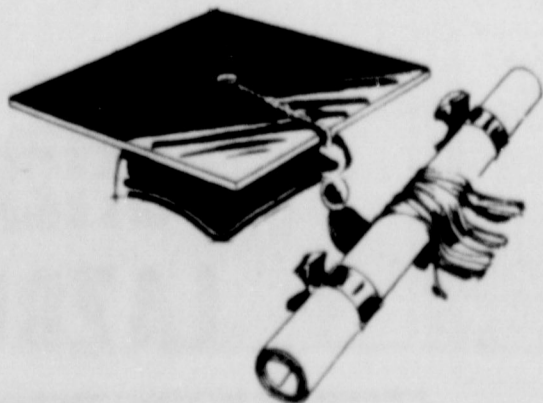

ARTISTS AT WORK. . . Mrs. John Terry, Mrs. Ellis Tatum and Mrs. T.J. Presley are busy in art class as Dr. Dean Merritt, instructor, looks on with words of encouragement. These three ladies are among 13 local people who will be exhibiting art work in Dr. Merritt's annual show in Clovis this Sunday.

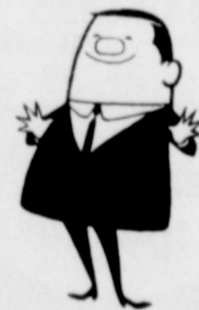

TECH GRADUATE. . . . Another 1971 graduate of Texas Tech University is Linda LaVerne Outland, daughter of Mr. and Mrs. A.L. Outland, 1310 Pierce Street. She received a bachelor of fine arts degree from the College of Arts and Sciences with a major in studio art. She is a 1966 graduate of Friona High School and is employed in Lubbock.

LINDA DAVIS HARDING RECEIVES COLLEGE DEGREE. . . Linda Harding from Friona, Texas is shown receiving her college degree from Dr. Freeman McKee, President of Panhandle State College. Linda received a BS degree with a major in Health and Physical Education. In the recent graduation exercises at Panhandle State College, Lt. Gov. George Nigh was the featured speaker. She is the daughter of Mrs. Frances Davis and is a 1965 graduate of Friona High School.

NEW LEADERS. . . The officers for next year for the Friona P.T.O. are pictured here. Left to right, are Mrs. James Ball, president; Mrs. Sam Mears, vice-president; Mrs. Melvin Lloyd, secretary; Mrs. Leroy Nuttall, treasurer, and Mrs. Von Edelman, reporter.

## Lydia Ann Buske Weds Troy Daniell Williams

In a double ring ceremony at First Baptist Church Saturday evening, Lydia Ann Buske, daughter of Mr. and Mrs. W.D. Buske, became the bride of Troy Daniell Williams of Lubbock, son of Mrs. Roy Williams.

Wedding vows were read by Rev. Charles Broadhurst, pastor, before an arrangement of dark purple irises, blue irises, lilac miniature mums and pale blue candelabra. Streamers of purple, lilac and pale blue satin ribbon complemented the setting.

Traditional wedding selections were by Cindy Ingram, pianist, who also accompanied Mrs. Dale Smith, aunt of the bride, soloist, who sang "If Ever I Would Leave You," and Denise Buske, sister of the bride, and Susan Patrick, vocalists, as they sang, "Wedding Prayer."

Rosemary Monaco, San Antonio, was the maid of honor. Bridesmaids were Denise Buske, sister of the bride, Susan Patrick, Farwell, Martha Martin and Betty Kim Williams, sister of the groom, Lubbock. Mrs. Mike Wooley, Dallas, was the bridesmatron.

Miss Monaco wore a floor length formal gown of pale blue crepe designed with a fitted empire waistline accented with a fitted midriff. The back closing was enhanced with self covered buttons and loops. She carried a bouquet of irises centered with a pale blue tapered candle.

Other feminine attendants wore identical gowns and carried identical bouquets.

Larry Williams, Arlington, Texas, was his cousin's best man. Groomsmen were Rick Talbot, Houston, Steve Whitfield, Lubbock, Dan Webster, Napa, California; Terry McIlDowney, Dallas, and Dave Buske, Friona, brother of the bride.

Ushers were Jerry Teel, Friona, Arch Hunter, Midland, and Brooks Michael, Tyrone, North Carolina.

As she was escorted to the altar and presented in marriage by her father, she wore a formal gown of silk organza over peau d' sote designed with a fitted empire waist, loose fitting Victorian neckline and short puff Juliette sleeves.

Alencon lace traced a pattern over the bodice and down the sleeves and skirt. Her soft organza skirt swept fullness to form a sheer full chapel train. Miniature buttons and coops completed the back closing.

She wore a matching chapel length veil applied in lace tracing a pattern over the veil of silk illusion, which was held in place by a lace covered coil. She carried a nosegay of spring flowers and wore a pearl drop necklace, which was a gift from the groom.

A reception in Fellowship

Hall of the church followed the ceremony. The serving table was covered with white satin and draped with white net tied with blue satin bows. Wedding cake, punch, nuts and mints were served by Mrs. Dale Smith and Mrs. Rick Talbot.

Entertainment at the reception was Arch Hunter of Midland, who played wedding music on his guitar.

Blue rice in blue net bags tied with lilac ribbon were carried in a white basket with lilac mums by Amber Smith.

For a wedding trip to Ruidoso, New Mexico and Phoenix, Arizona, Mrs. Williams wore a white dacron dress with pink and lilac floral decorations and a corsage of miniature pink rosebuds.

Guests were registered by Mrs. Dan Webster.

Out of town guests signing the register were Mr. and Mrs. Neff Turner of Abernathy, maternal grandparents of the bride; Mr. and Mrs. J.R. Robinson; Mr. and Mrs. J.D. Addison, Mr. and Mrs. J.A. Bruce, Mrs. Charles Evans, Peggy and Brian; Mr. and Mrs. J.F. Buske and daughters, Terri and Debbie, Mr. and Mrs. Bob Riley, Mr. and Mrs. Virgil Phillips, all of Abernathy; Mrs. Mark Nichols, Happy; Mr. and Mrs. Bill Hughes, Randal, Ross and Steve, Kay Talbot, Mr. and Mrs. David Smith, Mr. and Mrs. Phil Bohanon, Rebecca Shaw, and Mr. and Mrs. Herb Denton, Lubbock.

Also Randall Conner, Winters; Mr. and Mrs. J.W. Patrick and Roger Patrick, Farwell; Mr. and Mrs. Charles Buske, Amarillo; Mrs. Dean Bingham, Dalhart and Mrs. Don Vars and daughters, Misty and Mayle of Canyon; Cheryl Allen, Dallas and Arch Hunter, Midland.

After June 2 Mr. and Mrs. Williams will be at home at 4310 A Twenty-Third Street, Lubbock.

Mrs. Williams is a 1967 graduate of Friona High School and a spring graduate of Texas Tech University. She is employed in the geoscience department of Texas Tech.

Williams is also a graduate of Texas Tech University and is a candidate for a degree in economics in December.

### Mrs. Johnson Visits Son

Mrs. Joe Johnson returned on Monday from San Diego, where she spent a week visiting with her son, Nolen, a former Friona resident.

Nolen has a management position with the San Diego Glass and Paint Company. Mrs. Johnson flew to San Diego and back from Amarillo, and reported a good trip on both flights.

Section Two--24 Pages

Dear Seniors:

This Friday night marks an important milestone in your lives, and we are happy to be able to share this milestone with you.

True, this is the end of 12 long years of school, but in reality, Friday is only the beginning for you.

After all, have you ever considered the word "commencement"?

This week you commence. You begin to be adults. You begin to plan and to work toward the goals for your lives.

It is our fondest hope that each of you will have the opportunity of pursuing your life's ambition--and of achieving it.

As we told you in our message in the "Chieftain" yearbook, we hope that when you have finished your further education that you will consider your hometown as a place to live and work.

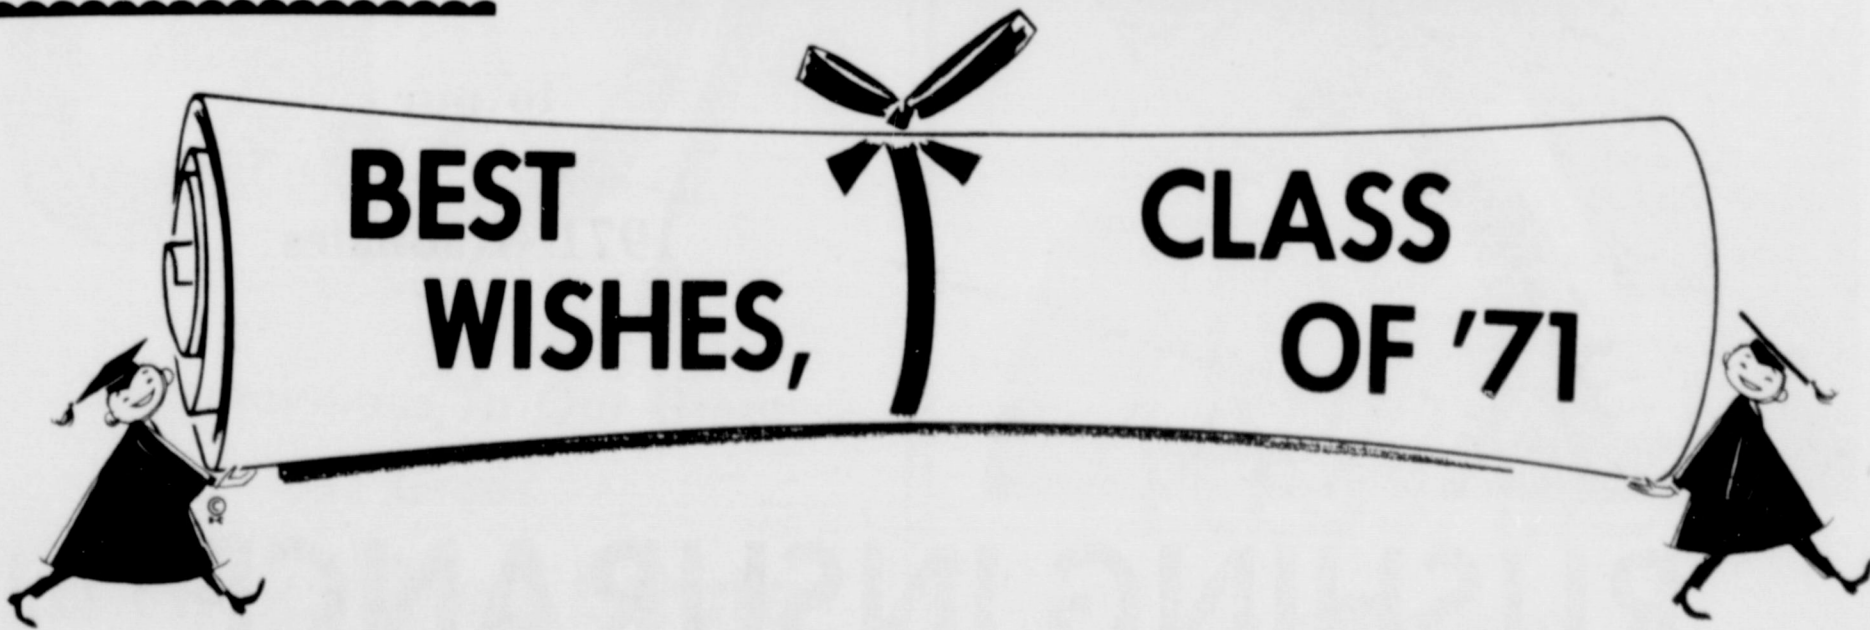

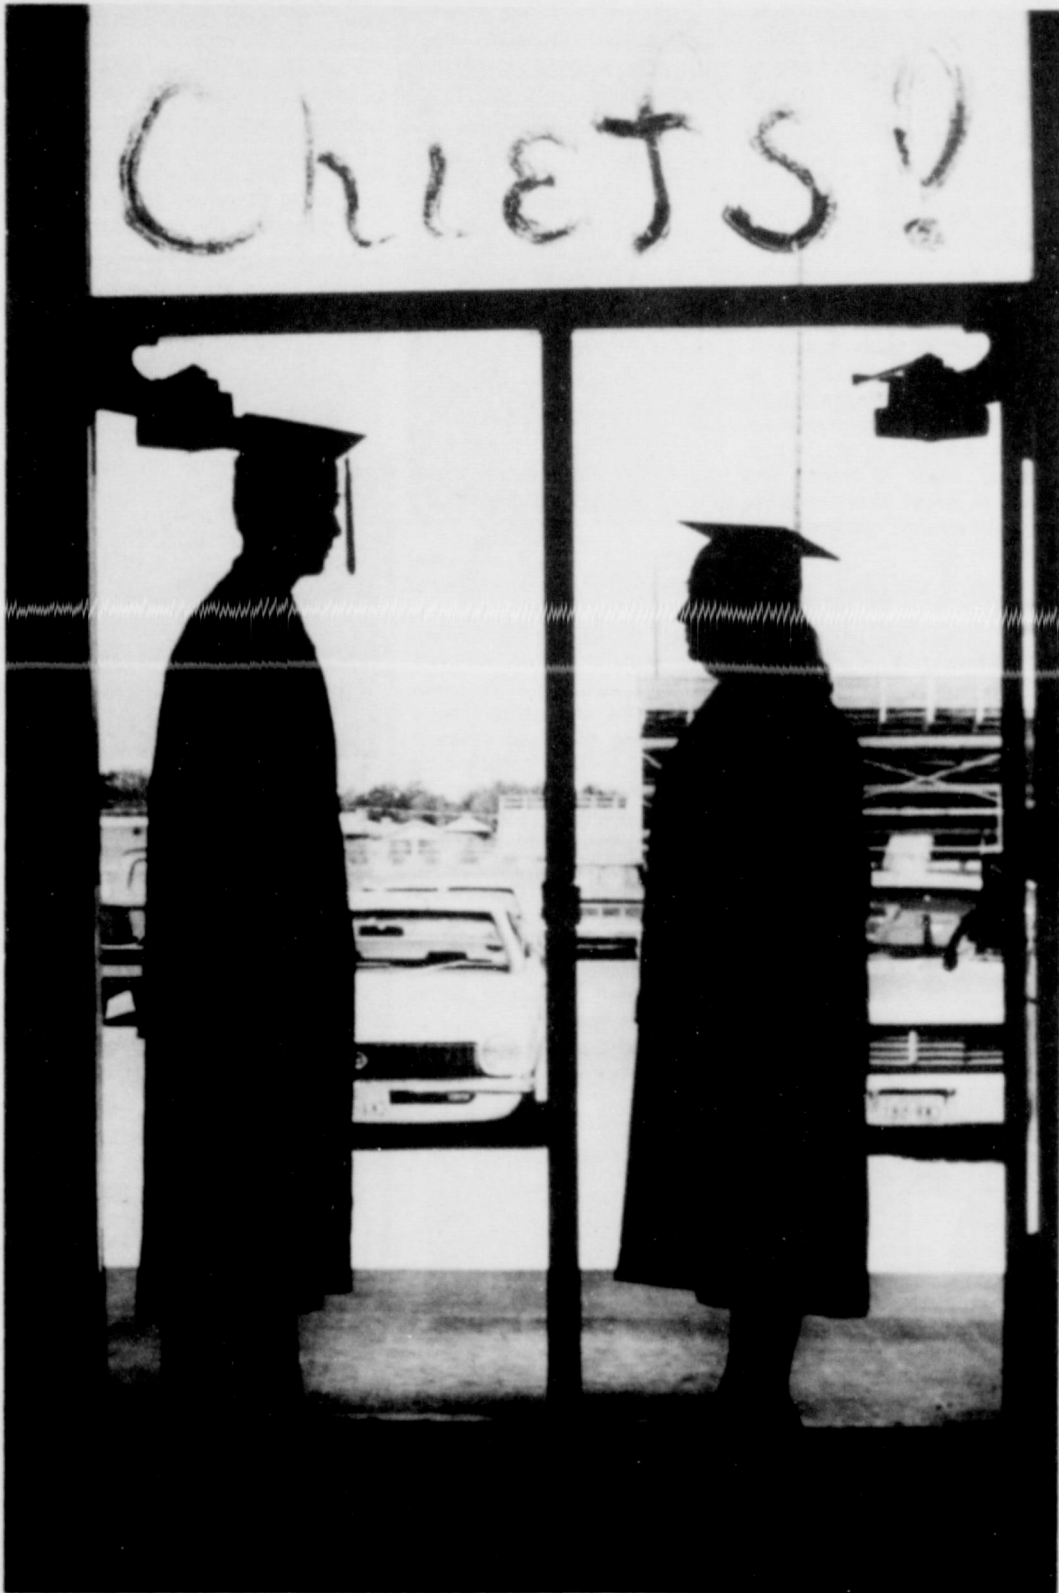

As we mentioned there, we are gaining more and more opportunities each year for new businesses, expansions, or positions with the many new agri-industries which have located here.

Other sections of the country are not as fortunate as we have been here in Friona, and we ask that you consider this in making your plans for the future.

Meanwhile, good luck, and God bless each of you, in whatever you may attempt. We have enjoyed working with you.

*Bill Ellis*

## Current Senior Class

### Will Graduate In Red Robes

For a number of years Friona's school colors have been red and white. As long as this year's class has been in school, the school colors have been showing up in basketball suits, football suits, cheerleader uniforms and other wearing apparel.

The current senior class decided to carry on the tradition of "wearing of the red" all the way and will be graduating in red caps and gowns.

The tradition of the cap and gown started in ancient Greece, in a time when only the wealthy or determined attended school. One wise old teacher was ap-

proached by a nobleman, who said, "Now that our sons have completed their schooling, you are instructed to present them at a great banquet to be held in their honor. Be sure they are appropriately dressed in their finest robes and jewels."

On the day of the banquet, however, much to the surprise and indignation of the nobleman, the teacher presented his students, not in fine robes, but in simple sackcloth garments such as those of a common workman and each student carried a mortar board.

"What is the meaning of this?" cried the nobleman.

"Our sons were to be dressed in their finest garments!"

The wise teacher replied, "But they are! They are dressed in the golden robe of Knowledge, jeweled with the gems of Thought, and from their eyes shines the light of Understanding!"

Someone asked why they carried mortar boards.

He replied, "These young men are the masons of the future. Whether they build empires, or cities, or fountains of Wisdom, they will be building on the firm foundation of Knowledge."

And to this day all graduates wear a cap and gown proudly, symbolizing the value of education, and the fact that they are builders of their future, and the future of all mankind.

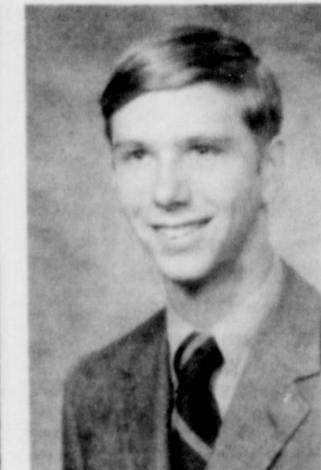

This year's graduates of Friona High School wear their school colors proudly.

JODEAN HARRELSON is the son of Mr. and Mrs. Glen Harrelson. He plans to attend a vocational school. He played football one year and has been in ICT the past two years. He was the recipient of the underclassman award in ICT.

BRUCE FITE is the son of Mr. and Mrs. Marion Fite and plans to attend Tarrant County Junior College in Fort Worth. He was in basketball, football and track one year; in FFA two years and in FFA three years. He received his greenhand and chapter degrees in FFA and was on the Arrow staff one year.

DON FORTENBERRY

DON FORTENBERRY plans to attend South Plains Junior College, Levelland. He is the son of Mr. and Mrs. Paul Fortenberry and has played basketball and football and been in FFA all four years. He has been a football captain, a basketball captain and class vice-president and class president several years. He has also participated in track three years and played golf four years. He was basketball king one year, Mr. Personality one year and class favorite during his senior year. He was also in the senior play and a member of the Student-Faculty Congress.

**FESTIVAL IN VENICE**

In 1982, Bryan Elliott tried to completely reform the U.S. with his unquestioned critical criteria proposal and was exiled from the country. Two years later he established his own empire in Venice, Italy. To celebrate the final realization of his dream he is throwing a wine festival for his graduation classmates, the Seniors of '71. While mingling with his guests, he finds that Dennis Anthony, surprisingly enough, has remained a bachelor throughout these years. He is still trying to make up his mind between #1, #2, #3, etc.

Dwayne Bauer, alias Bill Ellis, has been promoted to assistant editor of the Friona Star under Editor VIRGINIA Cleveland. They've had quite a lot of controversy over whether or not to change the title of the Friona Star to the Friona Agri-Star. Charles Bentley is refraining from sampling the wines because he's training for the 1984 Olympics. His event is the two mile skip.

Kathy Schueler has now made it to the "big time." Her latest movie "Rinderella," starring Thacky Luesher, has now made its premiere.

Jerry Box was unable to attend because he is engaged in activities concerning his position as Speaker of the House. He is in the Texas House of Representatives.

Gloria Brown, still all smiles, is now teaching twirling lessons at the Hub University, which has an enrollment of 30.

Mike Buchanan has invented a pair of gold-plated collapsible crutches. They have a life-time guarantee to go anywhere, fit anyplace, and do anything.

David Carlton has returned to F.H.S. to fulfill his life-long dream of being Tommy Harralson's #1 assistant teacher. He realizes that he is rather old, but he believes that one can't learn too much from an old pro.

Reverend Jackie Caswell is unable to attend because he's in the process of organizing a crusade against wine festivals.

Moving on, Bryan finds John Bingham, his old debate partner, has finally won the thirteen year debate over whether to replace the door on the boys' restroom of old F.H.S.

Wesley Clark is taking it easy due to head injuries received while breaking the world record in pole-vaulting. He collided with an airplane piloted by the notorious "Red Baron

of the Sky," Rick Jennings.

Sharon and Karen Crofford now have a lifetime contract with Mill's Doublemint Gum and are hopeful of a future job with Fortenberry's New Twin Certs.

Luci Rodriguez has completed her apprenticeship and has taken over Mama Seale's Snackbar.

Glenda Deaton and Debra Wyly seem to have followed through with their acting careers in old Friona High. Debra now operates a small coffee house just off the Hub University campus. Glenda has recently opened a clinic next door to accommodate Debra's victims.

There will be no chance of a riot or robbery while here in Venice. Policewoman Ellen Denney, upon arrival at the scene of crime, immediately blows her frenchhorn to summon Bryan's all-purpose army led by General Timothy Elmore and Captain Clyde Schilling.

Samuel Drager, after wrecking his own car, is now using his parents' Old's to keep Drager's Slaughter House in business.

Professors of Physics Gary Fallwell, along with his wife, Boni, are now telling Bryan of their unforgettable marriage ceremony, which required three trips to the altar before Gary remembered to get off work.

Jonnye Cudd has really come up in life. She is now known as "the girl with the magic voice." The Civil Defense Warning System has employed her as their official "beeper."

J.V. Finley still remains at F.H.S. so that he can have six office periods a day to flirt with Mrs. Greeson.

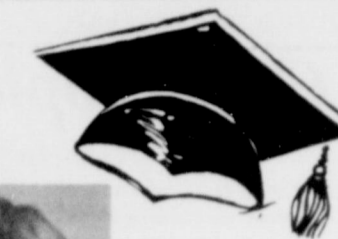

Susan Floyd and Susie Spring inform Bryan of their ambition to replace the Crofford twins on the Doublemint commercial. Susie says, "It's really a 'hilarious' situation, and Susan says, "What's the 'dip' if we don't get it?"

The series, "Superman," has been replaced by "BIG BIRD" starring Don Fortenberry. The theme music is played by the "Baha Marimba Band."

Everyone appears to be having a good time. The talk is free and easy, all due to Connesieur Joe Dean Harrelson.

Nancy Scales is now associated with O.J.'s Beauty Lotion. She is a special freckle remover consultant.

JERRY ODEN

JERRY ODEN played football and basketball and took part in track events during his freshman year. He also played golf three years and was active in the Industrial Cooperative Training program during his senior year. He is the son of Mr. and Mrs. H.A. Oden and plans to attend Tarrant County Junior College, Fort Worth.

## Class Prophecy

(Continued From Page 11)

Virginia Murphree is now actively engaged in a coaching career. Contrary to custom, she sits on the opposite end of the bench because she just wouldn't feel at home anywhere else.

Stopping to speak to Amy Renner and Donna Garner, Bryan finds that time has treated them well. They've made quite a success in business. Whose? We are not quite sure.

Faye Jackson has made it in the big-time. Every evening you can hear her singing the "Top Ten" on the KORN radio station. The diskjockey is Jimmy Paul Harvey.

Esther Smith, the great New York fashion designer, seems to have made her fortune in the revival of the '71 fashion the moo-moo.

The new officer of F.H.S. is Glenn Schumann. He is very successful due to the fact that he knows exactly where to look.

Melborne, Australia, has acquired a new zoo keeper-Lans Banana Renner. Her favorite species seem to be monkeys and walruses.

Speaking of Australia, Jan Wallis has just returned from a protest march in Sydney. Her purpose??? To change the national animal from such a common-place creature as the Koala Bear to the charming and lovable mosquito.

There's been quite a disturbance over in the southeast corner of the garden. Bruce Fite has just been rushed to the hospital. It seems that he was tipping the keg to get the last drop and received head injuries after finding out you can only tip the keg so far.

Mike Taylor has now opened his own "SPUDmit Shop." His specialty is "Shelley-rolls."

Debbie Wasson and Shelley Vaughn are now head supervisors at Friona Wheat Growers where they enjoy keeping an eye on everything.

Jerry Oden has returned to Friona as golf-pro at the Friona Country Club. Among his many duties, he provides freshly-mown grass for his old-time friend Coach Owen to chew. His purpose is to make life a little bit easier for the coach.

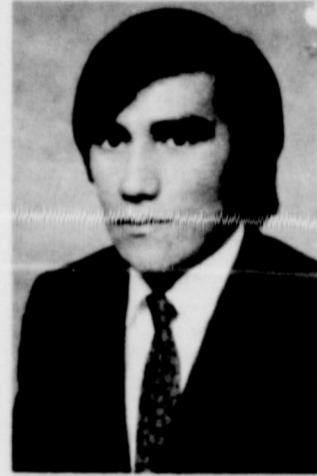

It seems that Air Force Captain Jamie DeLeon, after ending the war in Vietnam, is Bryan's right-hand man for putting down uprisings.

Manager of the Green Bay Packers, Jessie Morales, is trying to get up a small football team with all the old gang on Bryan's lawn. However, "Messy" Morales isn't being too successful.

**Class Prophecy**

(Continued From Page 12)

Gay Welch is the patrolwoman in a park with the unusual capacity of acquainting newcomers with the official park rules. Her specialty is the sneak approach.

Mike Mills is now the national Personnel Manager of the Dodge Motor Company. He hires only the guys who wear white hats because he believes that only "Good guys wear white hats."

Pedro Rando and Jackie Deathridge tell Bryan that he is not the only '71 Senior located in Europe. Pete and Skeeter have established in the Alps, Pete & Skeet's Ski Supply.

We find that James Weatherly has radically changed his religious beliefs since we've last seen him. He has joined the Mormon faith because Cindy wouldn't get married without Sarah.

Ruthie Stokes, the famous play director, has recently released her play, "The Purple Passion," on Broadway. Her hair has been dyed to match the title.

Danny Vera has merged with Fruit of the Loom. His specialty is "yellow panties."

Donnie Lewellen has started his own Trans-World Airline. His first plane was known as the "LuLu" instead of having in-flight movies, they have a twirling routine.

The Toni Home Permanent Company is very proud of its new president, Gary Pope. He has received his position because of his "natural look."

Dale Schueler has significantly changed his ways since the old high school days. Instead of spreading himself too thin, he is now specializing in "dog obsterics."

Larry Johnston could not come to Bryan's festival due to his 49th appearance on the "Dating Game." Good luck, Larry. We hope you win---this time.

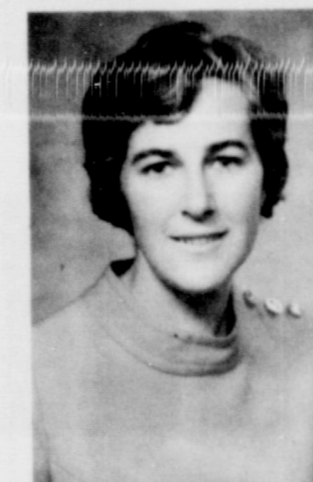

Jayn Massie, the famed author, recently published a four-volume series entitled "The Quickest and Easiest Way to Give a Hickey." Many years of research have gone into obtaining information for this series.

RUTHIE STOKES is the daughter of Mr. and Mrs. Arthur Stokes. She plans to attend Amarillo Junior College next fall. She started to school in Friona in the first grade. She received the award for Best Thespians this year. She has been active in band, choir, Thespians and the junior and senior play.

SUSIE SPRING is the daughter of Dr. and Mrs. Paul L. Spring. She plans to attend Texas Tech University in Lubbock next fall. She started to school in Friona in the first grade. She was a Chieftain Cheerleader for three years and head cheerleader this year. She was a candidate for football queen and vice-president of SFC. She was selected by her classmates as "Most Likely to Succeed." Her other activities included FTA, Thespians and annual staff.

JAN WALLIS is the American Field Service student for Friona High School this year. Her Friona parents are Mr. and Mrs. Carl Schlenker. Jan hails from Australia where she plans to attend a teaching college next year. During her year in Friona she was a member of FTA and the Thespians and was selected by her classmates as Miss Personality.

DANNY VERA is the son of Mrs. Consuelo Vera. He has been in football four years and was a team captain one year. He was in basketball two years and track three. He has attended Friona schools twelve years and plans to attend the University of Texas in El Paso.

MIKE TAYLOR is the son of Mr. and Mrs. Ralph Taylor. He has attended Friona schools twelve years. He has been in football four years, basketball two years and track one year. He was also in FFA three years, FTA one year and was on the chapter conducting team and dairy products team his freshman and sophomore year. During his senior year he was on the annual staff, Arrow staff and in Fellowship of Christian Athletes. He plans to attend Texas Tech University, Lubbock.

DEBBIE WASSOM plans to attend West Texas State University, Canyon, next year. She is the daughter of Mr. and Mrs. Jack Wassom and started to school here as a sophomore. She was FFA Sweetheart, Homecoming Queen and Friendliest during her senior year. She also had parts in the junior and senior plays and was in FTA her junior and senior years.

**Only Half Of 1971 Grads  
Went 12 Years At Friona**

About one half of the graduating seniors started to school here in the first grade and have gone all the way through together.

In the fall of 1959 Dennis Anthony, Mike Buchanan, Gary Fallwell, Nancy Scales and Mike Taylor were in Mrs. Beniger's class. Charles Bentley, David Carlton, Bryan Elliott, Connie Fallwell, Rick Jennings, Esther Smith, Susie Spring and Donald Wenner were in Mrs. Stark's first grade.

Dwayne Bauer, Kenny Bails, Kirk Cummings, Regina Duke, Bruce Fite, Jayn Massie, Kathy Schueler and James Wetherly were in Mrs. Woodward's first grade. Those in Mrs. Beene's class were Glenda Deaton, Samuel Drager, Jodean Harrelson, Gary Pope, Amy Sue Renner and Ruthie Stokes.

Susan Floyd, Don Fortenberry, Faye Jackson, Donnie Lewellen, Dale Schueler, Glenn Schumann and Gay Welch were in Mrs. Bavousett's class.

All of these except Amy Sue Renner, Bryan Elliott and Glenn Schumann have attended Friona schools each year. These three moved away and then returned.

Giving an idea as to the percentage of students who go all the way through school, there were 119 students who started in the first grade with the current graduating class.

Ninety-eight members of the class graduated from the eighth grade, and some 70 will be receiving their high school diplomas on Friday.

JOHN R. COOK has been Friona High School principal for the past sixteen years and was football coach six years before becoming principal. He's very active in local church and civic work.

KENNETH PEARSON, a senior class sponsor, has been industrial arts teacher in Friona High School for a number of years, but has resigned and plans to move to Farnsworth early next month.

HARLEY MERRITT, who has been one of the senior class sponsors this year, taught science in junior high before becoming a high school science teacher two years ago.

JAMES WEATHERLY plans to attend Texas Tech University. He is the son of Mrs. Lois Weatherly and the late Clyde Weatherly. He has been in SFC, FFA, football, basketball and track all four years and was a football captain two years. He was named to the All District team during his senior year. He was chosen most handsome during his sophomore and senior years and was class favorite during his junior year. He was an honor guard at last year's graduation and was chosen Friendliest the last two years.

GAY WELCH, who is the daughter of Mr. and Mrs. Louis Welch, plans to attend Stephen F. Austin College in Nacogdoches. She has been in FHA four years, was historian one year, third vice-president one year. She also received her state degree during her senior year. During her senior year she was named Best Dressed, Miss FTA and had a part in the senior play. She also worked on the annual, served at the Junior-senior banquet and was president of the Foreign Language Club. She played basketball three years.

DEBRA WYLY is the daughter of Mr. and Mrs. James A. Wylly. She plans to enroll at West Texas State University in Canyon next fall. Debra started school in Friona during the last six weeks of the first grade. She was Salutatorian of her eighth grade class and again this year has taken that honor in her graduating class. This year she was selected as "Most Courteous" at FHS and served as the Chieftain Editor. She also served as president of Thespians and National Honor Society this year. In her junior year she received her state degree in FHA and was honored with the Underclassman Business Award.

## Members Of Junior Class Will Graduate Early

FRAN DODD started to school here and is graduating at the end of her junior year. She plans to enroll at Eastern New Mexico University, Portales, June 11. During high school she was a member of FHA and served one year as third vice-president; was on the annual staff and a member of FTA. She was also in the band three years and received a Division I award each year. She was chosen Most Beautiful this school year and was in the all-region band last year. She is the daughter of Mr. and Mrs. Grady H. Dodd.

DENISE FRAZIER is the daughter of Mr. and Mrs. John W. Frazier. She is a junior graduating early and plans to attend Texas Tech in Lubbock next fall. She was active in National Honor Society, the Foreign Language Club and Thespians. She served as treasurer of the Forensics Club this year and has been drum major for the band two years. She was "Most Beautiful" nominee last year.

RUSTY LINDEMAN is the son of Mr. and Mrs. Homer Lindeman. He is a junior graduating early and plans to attend West Texas State in Canyon next fall. While in school he was active in FFA work.

An important--and controversial--page in the county's history will be recalled on Sunday, when an official Texas Historical Marker is dedicated at Parmerton.

Parmerton in 1971 brings forth no great amount of feeling, one way or the other. However, during the period from 1907 to 1916, when the location of the county seat and court house were the big issues, Parmerton was the center of controversy.

Parmerton had been chosen as county seat in the original election May 10, 1907, getting 21 votes. Bovina had 19, Farwell either 17 or 11, and Friona had six.

Legend says that one night, the records were "stolen" from the Parmerton court house and taken to Farwell. However, there was an election held, duly recorded in county records, with Farwell running away with the vote.

A third election was called in 1913, by those who wanted to move the county seat again. The vote was very close, this time between Farwell and Bovina. Farwell narrowly won out, and the results set off a series of hearings that were not finished until 1916.

Meanwhile, Parmerton has all but vanished. Only a small grain elevator and a railroad switch mark the townsite.

However, the historical marker will be a permanent reminder of the site's place in county history, long after the pioneers who lived through the era are gone.

We'd like to commend Hugh Moseley, County Tax Assessor-Collector, who is also chairman of the county's Historical Survey Committee, for his part in seeing that the Parmerton story is preserved.

Moseley, in addition to spearheading the move to secure the Historical Marker, has done considerable research on Parmerton, and the majority of his findings are being presented in this issue.

It has been almost 64 years since an official county meeting was held at Parmerton. This Sunday will change all that. Let's all attend the service, as Parmerton has its "day."

It had been some time since we had visited the West Texas Museum at Canyon, and we were much impressed during our visit on Sunday to find how much has been added, and of an interesting nature.

In the museum's basement floor has been reconstructed a "Pioneer Village," showing homes and a model town just as it might have appeared in the Panhandle of Texas around 1900.

We were impressed by the many authentic pieces of furniture, machines, and run-of-the-mill objects from the bygone era which have been located and put on display in this section of the museum.

Included is a log cabin, which was used as a line camp by Col. Charles Goodnight, which has been moved intact into the museum. The building is said to be the second oldest in the Panhandle, being constructed around 1881.

We thoroughly enjoyed this addition to the museum, and hope you will schedule a visit in the near future.

Yes, Virginia, "Dialing for Dollars" does call Friona.

However, the Channel 4 promotion failed to add to the Ellis fortune when our home's number was called on a recent Friday. Laura, our ten-year-old, was minding the house for a moment when the call came.

She didn't happen to be watching the program (sorry to say that brother Stanley was watching a program on a competing station), and so, she missed out on the prize.

However, Laura was just as excited as if she had won the grand prize.

Several who watch the daily "Dialing for Dollars" movie have told us they heard the call. At least it proves that the station has Friona telephone numbers in its jackpot list.

"I don't want to scare you," the 7-year-old informed his teacher, "But my daddy says if I don't get better grades, somebody's going to get a spanking."
