

*Sincerely Yours*

By Rev. Albert Lindley

Have you ever had the feeling that things were not going to go just right?

I began to get an inkling just the other day when, in a period of a few hours (all before noon), I turned on some lights at different places and three bulbs burned out with a large flash just as I clicked the switch.

Now, the Apostle Paul or Samuel might well have called out, "Lord, are you trying to speak to me?", but I just decided the light bulbs were shot. (Maybe I should have tried the other...)

At any rate, we do have our days of concern—like maybe a friend passing without speaking and you wonder if they are upset with you or simply their eye retina didn't pick up your image—or to see someone in a tearful condition, wondering if something has happened or if some good ole' West Texas sand has been deposited there—it causes us to wonder about the conditions of things, some good and some not...

Tramping the hospital corridors recently in another village, I noted the cart which very obviously belonged to the maintenance crew. It was loaded with the necessary items and gimmicks necessary to keep a large building totally alive and breathing. One can imagine the tremendous load and responsibility they feel for trying to keep it all going... The spirit of their task was worded on the side of the cart, which read in large letters: "MISSION IMPOSSIBLE."

Only those who have been in such a responsible position in any building, can really appreciate that thought. (Men, those many little jobs around the house that you are constantly being reminded of by U-KNO-WHO, includes you in that selected group.)

The constant feeling that there are still some stages of life or goals yet unachieved, are with us.

You may have heard the radio disc-jockey the other day who revealed his financial affairs to all with the comment: "Broke? Man, I lack \$15.00 having 45¢!" Boy, I know his position.

I really suppose I am more of an optimist than a pessimist however, and even with my deep concerns, I like the attitude of a business that I don't even know what its purpose was, but it was called, "Total Temporary Service" and I couldn't help but think a good slogan for them should be something like, "Our Temporary Service Lasts Forever." Get it? (Incidentally the business had closed up...)

Well, this does bring me to my conclusion and a worthwhile thought that possibly you may have missed...

A POME by A. Frank

When life gets grey and cloudy and gloomy,

And all your world's a mess;

Stop and think of all you have,

And give your worse, your best.

O well, like the article said, you can't win them all...

## Friona Flashbacks

...from the files of the Friona Star

40 YEARS AGO--SEPTEMBER 2, 1932

One of the saddest accidents that has ever visited the Friona community was the loss of the lives of Mrs. C.S. Waddell and her two small daughters, which occurred one mile east of Bovina Sunday night as a result of the deluge of waters that visited this locality and that of Bovina on that date.

Mr. Waddell, his wife and three small daughters had been visiting in Eastern New Mexico over the weekend and were on their way home when they were overtaken by the rain storm which was perhaps the heaviest that has ever visited this locality (from 15 to 17 inches were reported by farmers west of Friona).

On reaching Bovina, Waddell found that the bridge crossing Running Water Draw was destroyed. He then thought to continue his journey homeward by taking the Ozark Trails Highway (Hwy. 86) east from Bovina, and arrive at Friona by way of Homeland (Hub). However, upon coming to the place where this highway crosses the same draw, the Waddell automobile was swept from the roadway. Waddell managed to escape with the youngest daughter, Billie May, but Mrs. Waddell and the two older children, Virginia, 6, and Vivian, 4, were swept downstream in the darkness.

Search parties organized on Monday failed to locate the three bodies. In fact, 20-year old Richard Caldwell of Bovina drowned while trying to help find them.

One of the bodies was found at the bridge which was built across the stream last winter due south of Friona, about 11 miles from where it was thrown into the water. The body of Mrs. Waddell was found two miles further east.

(The Star's four pages are filled with other accounts of near tragedy caused by what was possibly the biggest flood in the area's history, which turned our usually empty draws into rampaging rivers.)

30 YEARS AGO--AUGUST 28, 1942

Charley Baimun of Friona and his brother, Mack Baimun of Hereford; Ray Smith and Fat Fallwell spent last week at Hot Springs, N.M. They report an unusually good time and a good catch of fish, returning Saturday night well pleased with their outing.

20 YEARS AGO--AUGUST 28, 1952

School opens at Friona with registration of the seniors this Friday afternoon. Superintendent of Schools is Dalton Caffey. High School principal is Dillie Kelley. John Parish is principal of the grade school. In high school, J.T. Gee returns as head of the vocational agriculture department. Raymond Cook returns as head coach and mathematics instructor. Mr. Murry D. Ford, WT graduate, will be coach of girls basketball. Tom Jarboe will return as a sixth grade teacher.

Lazbuddie schools also open next Monday. J.G. Ward is superintendent. C.W. Dukes is high school principal and coach.

10 YEARS AGO--AUGUST 30, 1962

The first annual Friona pro-am golf tournament will be held this weekend, and quite a flock of area golfers is expected to participate. Tournament play will be held Friday and Saturday, according to club pro Joe Coronado.

Three watches were taken from the display window at Allen's Jewelry Monday night. It was the third break-in at the store within 20 months.

## Pause and Reflect

By Nelson Lewis

Since the day that Cain slew Abel man's inhumanity toward man has been the scourge of the species.

Fire and flood, disease and weather have come under partial control; only war remains to remind us how thin is the veneer of civilization.

Someday our morality will catch up with our technology; then we will eliminate warfare.

Until that time there seems to be no way, short of complete surrender, to avoid meeting force with force.

Whenever a nation finds itself embroiled, for whatever reason, in an undeclared foreign war, it should have built-in safeguards to protect it against traitors at home.

The other day Angela Davis landed in Russia. She told the welcoming committee that it felt good to set foot on Soviet soil and she felt sure the United States would in the near future become a communist country.

Her freedom to travel was obtained by a too-liberal jury and a too-lenient judge—and don't forget the trial cost us taxpayers millions of dollars.

Mr. Ramsey Clark is on the mourner's bench with other bleeding-hearts where our air action in Vietnam is concerned.

He said in part "the people of North Vietnam believe their cause is just—the lesson is the hope of the future of mankind—we must learn that a people who believe their cause is just, however poor or few, can never be conquered."

Mr. Clark (former attorney general) may be a well educated lawyer but he sure is a darn poor historian!

How did he ignore the American Civil War while in public school?

Miss Jane Fonda is another who like Davis and Clark does not object to biting the hand that fed, educated, protected and gave her the opportunity of becoming successful.

The war on crime should include gags and handcuffs for disloyal American citizens who are too stupid to know when they are well off.

## WELCOME TO FRIONA

Our newcomers this week are Mr. and Mrs. W.P. Hutson, who moved to Friona from Grand Prairie. Hutson, a retired barber who owned a chain of shops in Fort Worth, Arlington and Grand Prairie, is the father of Leland Hutson, White's Auto owner. The couple have another son, Billy, who is credit manager for Sears' Brazilian stores. They live at 1610 W. 10th, and attend the 10th Street Church of Christ.

## Introducing Our "Employee Of The Week"

IOLA NELSON

Iola Rucker Nelson, who has been an employee of Friona State Bank since early January in 1959, is now assistant cashier of the bank. She does a great deal of secretarial work and takes care of transactions with other banks.

She is a native Texan and is the daughter of Mrs. J.S. Rucker and the late J.S. Rucker, long time residents of the Quitaque area. Mrs. Nelson graduated from Quitaque High School and attended North Texas State College, Denton, one year before enrolling in a business school in Plainview.

When the Social Security Administration was first established in Baltimore, Maryland Mrs. Nelson assisted in setting up numbers and other related details then was transferred to the Amarillo office and later to the Los Angeles office.

After her marriage to Jack Nelson, who is a farmer, the couple moved to the southwest and farmed in New Mexico and Arkansas before moving to Friona.

Their two sons, Rex and Roger, are both graduates of Friona High School and Texas Tech University, Lubbock. Rex is a design engineer for Charles Machine Works at Perry, Oklahoma, and Roger is manager of a soybean farm near Portland, Arkansas.

Mrs. Nelson is a member of Friona United Methodist Church and serves as Memorial Chairman of the local American Cancer Society unit.

**Ladies Society Meets Recently**

Members of St. Teresa's Ladies Society met recently in the parish hall to make plans for their annual German sausage dinner, which will be held early in October.

Sylvia Roth will serve as chairman for the dinner. Plans were made to make the sauerkraut this week.

The September meeting will be held on the fourteenth to allow enough time for completion of plans for the dinner. Hostesses for the meeting were Ofelia Diaz and Loni Castillo.

**Shower Honors Mrs. Paul Bush**

A miscellaneous bridal shower in the home of Mrs. R.E. Snead from 2 to 4 p.m. Tuesday was a courtesy for Mrs. Paul Bush of Bovina.

Mrs. Bush greeted guests with her mother-in-law, Mrs. D.E. Bush, Friona.

The serving table was covered with a white linen cloth and centered with an arrangement of fall flowers. Refreshments of cookies, punch, nuts and mints were served by the hostesses, Mrs. Snead, Mrs. Clyde Woodard, Mrs. John Blackburn and Mrs. John Hays.

**Bovina Girl Wins Bake Contest**

Parmer County 4-H Better Bake Show was held Saturday, August 26 in Bovina. Five 4-H members competed. Each contestant entered whole wheat bread, refrigerator cookies and their 4-H foods records to be judged.

Cheryl Whitecotton of Bovina had the highest total score and won the Bake Show with two blue ribbons for her baked products. Others entered were: Evelyn Hart, Friona; Pamela Spring, Bovina; Cheryl Gohlke, Farwell; and Susan Mimms, Lazbuddie.

Miss Whitecotton is now eligible to compete in the District 1 4-H Better Bake Show which will be held September 16 in conjunction with the Tri-State Fair in Amarillo. Crowning of the District 1 Bake Show Queen will be during the televised Rural Youth Day Program on September 23.

Saute mushrooms a rich dark brown color by cooking them in butter over high heat and using a black iron skillet.

With the ringing of school bells Monday morning, things are beginning to get "back in the groove" for winter. As I drove down Euclid Street early Monday I counted at least six vehicles parked in the street directly in front of a "No Parking In This Street" sign.

Presumably, the drivers of these vehicles were mothers of elementary school children. I'm wondering how many of these mothers realized that they were teaching their children by example to disrespect law and authority.

Every child who could read probably realized that his mother thought some signs were to be ignored. We teach so much more by our example than by our words. Each of us should be very careful in our every day lives to set proper examples.

Mrs. J.T. Gee is referred to by most of the elementary age people as "Mr. Gee's mother." So, when Anne Spring was writing invitations for her annual Mother's Day tea, which she hosts the first day of school this year, she addressed her in this manner.

A meeting has been scheduled for Tuesday, September 5, at Girl Scout House for all persons interested in Girl Scouting in Friona. Volunteers are needed for troop leaders, assistant leaders and in other capacities.

Everyone interested is being invited to attend.

As most of you have probably noticed, Maize Days isn't far away. Several posters have been posted around to remind us, but being reminded and getting ready are two different things.

One group, who never seems to drag behind, is Home Arts Club. Plans are underway for a handcraft show similar to the one the club sponsored last year. Details have not been worked out, nor is the location definite yet, but there will be a show and everyone interested is being invited to participate.

If you have anything hand made that you would like to show, there will be some category for it whether it has been sewn, knitted, crocheted, quilted, tied, whittled, painted, sprayed or made in some other way.

Our apologies this week go to all of our classified customers whose ads we "goofed up" last week. Seems like there are times when we cannot get anything to come out right. Maybe we will do better this week.

I'm firmly convinced that no one should ever miss reading the classifieds. There's just no way of telling what you will find in them. This is true of other papers as well as the Friona Star.

The following recently appeared in the Classified Ad section of the Burnley Star, Burnley, England.

"Redundant Author Offers DETACHED DORMER BUNGALOW Composed of: One turquoise room, for table tennis; One lilac room for jaded lovers; One tangerine room for sculpture; One 3-piece white bathroom suite; One kitchen suitable for dining; One mini room suitable for kinky couple or storing skeletons; and front entrance hall containing open tread staircase to the blue and orange room suitable for electric train sets; The grey room suitable for juggling accounts; and the "dofers" room suitable for watching TV; Outside 250 ornamental shrubs, roses and trees, ideal for playing hide and seek, 2,500 weeds, large vegetable patch (subject to being beaten); Small stream ideal for dam builders or fresh water shrimp collectors; Lavishly equipped garage and big hammer; Wendy house suitable for lodging mother-in-law or large dog; Patio suitable for barbecues, mini pop festivals or parking a traction engine.

All this and new Motor Mower (you'll need it) to the first person with imagination and 7,514 pounds. 10 Alpine Grove, Whellmar Estate, Livesey Branch Road, Blackburn.

Our English friend, Anne Spring, tells us 7,514 pounds is equivalent to about 20,000.

## Rev. William Young New Pentecostal Pastor Here

Rev. William C. Young is the new pastor of Friona's United Pentecostal Church.

Rev. Young comes to Friona from Jacinto City, Texas, a Houston suburb. A native of Louisiana, Rev. Young has pastored churches in Canada and Maine. He has done missionary work in Texas, Louisiana, Georgia and Alaska.

The Youngs have four sons and three daughters. All four sons are in the ministry. They are Rev. Simeon Young, Terre Haute, Ind., Rev. William C. Young, Jr., Lubbock, Rev. N.L. Young, Sparks, Nev., and Rev. F.L. Young, Lubbock.

The daughters are Dorothy Brooks, LaGrange; Martha Harper, Alexandria, La., and Genevieve Briggs, Old Town, Maine.

Rev. Young has served pastorates in Texas, including one at Bovina in the 1940s.

A special prayer and fasting conference is scheduled at the local church this Wednesday, Thursday and Friday. District Superintendent, Rev. T.H. Chapman of Amarillo, will be the speaker at 7:30 each evening.

REV. WILLIAM C. YOUNG

Ministers from throughout the district, as far away as El Paso, are expected.

## AT PARMERTON

# Ceremony To Mark Completion Of Soil Map

Everyone has been invited by the Parmer County Soil and Water Conservation District to attend the Final Acre Celebration at Parmerton at 2:00 p.m. on September 5. Mr. Edward E. Thomas, State Conservationist of the Soil Conservation Service will address the group on this occasion. Earl Blakley, Field Specialist-Soils and Herbert Bruns, local Soil Scientist will map the last acre at this time. Parmerton is located between Friona and Bovina on U.S. Highway 60.

Tuesday, September 5 will see the completion of a four-year project that will have dollar-and-cents value to every resident of land in the county. The Parmer County Soil Survey will be complete, and it will

yield maps of valuable soil information on every acre of land in the county.

The survey was a joint project of the U.S. Soil Conservation Service, Parmer County Soil and Water Conservation District and Texas A&M Extension Service. Herbert Bruns, SCS soil scientist from Hereford, was in charge of the survey.

The completion of the project means there are now maps available to tell you what kind of soil you'll find on every acre of land in Parmer County.

Primarily, the survey will enable the Soil Conservation Service here to work with farm operators and land owners on a farm-by-farm basis in planning conservation programs. But, the information contained in the survey also is important to fertilizer companies, banks, real estate agents, developers, farm renters, land buyers, tax evaluators, highway planners, private contractors, school districts, and many others.

The maps showing the county's variation lines superimposed on aerial photos will be kept at the Soil Conservation Office, where they will be available to the public. They yield information on the soil's texture, permeability, slope, severe erosion areas, depth of soil, amounts of sand, silt and clay in each layer, water holding capacity, and other data. The survey maps cover both city land and rural acreage. "In the city, of course, we can't map the soil with the intensity that contractors sometimes need," Bruns said. "But our maps do give a builder an indication of how much the city soil is likely to expand or contract during weather changes or other valuable data about the soil."

When published, the book will give 50 to 60 pages of text on the county's soil descriptions, soil percentages by types, soil use and management, best conservation practices for the types of soil found here, range management, engineering applications, classification of soils, and the general nature of the area.

The main part of the book will be fold-out maps with soil "type lines" superimposed on aerial photos and soil areas classified by symbols. These are available now, but require a trip to the Soil Conservation Office. When published, the 1,500 or more soil survey books will be made available to the Parmer County Soil and Water Conservation District through the office of our congressman, Bruns said.

Soil survey reports eventually will be available on every acre of the nation, Bruns added. But the projects nationally are only 40 to 50 percent complete, whereas the soil surveys of Texas Panhandle counties are already 80 to 90 percent finished because of the importance of the soil to the area's economy.

Next step is for the U.S. Government Printing Office to produce 1,500 or more copies of the Parmer County Survey book, complete with maps. But Bruns said the printing is still about three years away. "The criticism we hear most often concerns the length of time between the completion of the survey and the publication of the report book," Bruns said. "This is a matter of budgeting; we don't have too much money to work with, and it takes several years to get the funds for the printing."

## Six Starters Back For Lazbuddie 'II'

The Lazbuddie Longhorns have six starters back from their 1971 football team which was nosed out for the district championship by Matador and finished 8-2 for the season.

First-year coach Alan Harmon is optimistic of the Longhorn chances in District 3-B this fall.

Lazbuddie will go to Ropesville on Friday for a scrimmage game, and will open its season the following Friday against Hart, at Hart.

Returning to the fold this year are all four backfield starters who had a banner year in 1971. They are senior quarterback Rick Seaton; senior tailback Arthur Graves; senior fullback Mark Barnes and senior wingback Jerry Barber. Two other starters back are senior end Mike Fred and senior tackle Doyle Weir.

"Our interior line lacks experience, but I feel we should field a good team," Harmon said this week.

Classics are back in a big way.

Seemingly as American as apple pie, styles are comfortable and neat, yet spiced with a softness to give just the right touch of femininity dear to the wardrobes of always-active women.

Don't think for a minute that a grab into mom's attic moth-balled clothes will create the classic look.

Classics revive this fall rich in mantling--a variety of vests, elongated jackets and sweaters, pointed lapels and collars, wrap-arounds and tie belts, sweater sets with crew necks and straight stitch.

Shades of mid-century emerge in dolman sleeves and swinging, pleated or gored skirts.

Treatments of the classics make the difference and mark the fashions for today.

For one thing, designs are executed mostly in washable, no-iron fabrics and yarns--every bit as good looking but with the built-in economy and time-saving qualities of easy care. Because of the array of synthetics and blends, sav-hangtags with laundering instructions and post in the laundry room for quick reference.

Although the framework is there, significant changes make today's classics a really new scene.

Softness comes with fluffy, brushed, nappy materials--plus tucks, ruffles and trim trims. Cap sleeves, as well as traditional cuts, mark jumpers that can "go it alone." Others feature deep-cup armholes to accommodate the dolman sleeved underlayer.

Skirt lengths, too, have settled to a practical length somewhere around the knee. Exceptions occur in some mid-classics and particularly for the youth market--a showing of six-inchish above-the-knee dresses.

Blazers and shirttail jackets are go-everywhere items, topping pants and long skirts and everything in between.

The newest in pants is wide and cuffed--often with front pleats and high-fitted, belted waistline. Jeans go on and on in popularity, now seen with turned-up cuffs of contrasting printed lining or two-tone treatments.

A new phrase, body build-up, is fashion talk for the layered look--well established last season and still popular this fall. Major styling here also is along classic lines but breaks out into feminizing ruffles and neckline detailing.

Basic to the build-up is the body shirt, blouse or sweater. These all-in-ones originated with the body stocking and become a full-fledged fashion. They come in a seemingly endless variety of styles, patterns and fabrics--and in several different departments of most stores. Bodysuits are designed to go under other layers, go alone, or come coordinated with their own build-ups.

For underlaying, pantyhose create a total fashion statement. In monotone coordinates or hues to pick up print or plaid accent colors, a wardrobe of pantyhose links together the mixing and matching of many separate pieces.

Don't forget Parmer, Deaf Smith and Castro counties are sponsoring a Sew Fair at the Bull Barn in Hereford from 9:30 a.m. to 5:00 p.m., Tuesday, September 12. Special demonstrations by representatives from Nationally known home sewing companies.

The greatest art on earth is performed by two marriage partners who keep the spark alive and rear a normal family over the years.

CO-OP DIRECTORS. . . Shown during a special session following the annual meeting Monday are the Co-op Gin directors and special guests. Standing are Curtis Murphree, A.W. Anthony, Jr., C.W. Tannahill and Tom Byars. Seated are John Herzer and Wayne Martin, Plains Co-op Oil Mill, L.W. Loanman, Charles Bass, Harry Hamilton and D.L. Carmichael.

**BOARD VOTES**

**Co-op Gin To Receive  
Local Soybean Crop**

Friona Farmers Co-op Gin will act as a receiving station for soybeans this fall, for Plains Cooperative Oil Mill, it was decided at the annual meeting of the cooperative's membership and directors on Monday.

In recent years, Friona Wheat Growers had accepted the beans, but that company had indicated earlier that it would not take the soybean crop this fall, hence the decision on the part of the gin owners to act as a receiver.

Two members were elected to the cooperative's board of directors during the meeting. Harry Hamilton was elected to replace Grady Nelson, whose term had expired, and L.W. Loanman was re-elected to the board.

A.W. Anthony, Jr. was re-elected as president of the board of directors, with C.W. Tannahill as vice president and Char-

les Bass as secretary. Holdover directors, in addition to the three officers, are Curtis Murphree and D.L. Carmichael.

The directors and members hear an audit of the cooperative's books by Creston Faver, accountant. Tom Byars, new manager of the gin, gave a report on the general condition of the gin.

Door prizes were awarded to Ernest Anthony (first), Estis Bass (second) and Joe Menefee.

Guests at the meeting included John Herzer, Plains Co-op Oil Mill; Tom Brown, Farmers Co-op Compress; Wayne Martin, Plains Co-op Oil Mill; Billy Raybon, Growers Seed Assn. and Jimmy Nails, Plains Cotton Cooperative Assn.

Some 52 members of the cooperative, their wives, and guests, enjoyed a barbecue supper prior to the business session.

SEPTEMBER 5-8  
Monday--Holiday  
Tuesday--pizza, buttered corn, crackers, tossed salad, peach cobbler and milk.  
Wednesday--hot dogs, French fries, chocolate milk, pork and beans, catsup and cookies.

MACK HEALD  
County Agent

A two night short course for owners of stocker cattle in the Southwest Panhandle is being sponsored by the Texas Agricultural Extension Service on the night of September 7 and 12, 1972 in the Friona High School Cafeteria. Starting time will be 8:00 p.m. each of the two nights. On the night of September 7, Dr. Gene Cope, Area Extension Veterinarian, will discuss the health aspects of incoming cattle. Dr. Cope will deal with different types of vaccines, serums, implants and treatment of diseases common to stocker cattle being brought into this area. Also, on the program with Dr. Cope on September 7, will be Dr. Carl Parrott, Area Beef Cattle Specialist. Dr. Parrott will discuss facilities and management for stocker cattle.

On Tuesday, September 12, the second meeting will be held at the Friona High School Cafeteria at 8:00 p.m. Dr. Ray Henders, Nutritionist for Producers Grain Corporation, will discuss proper nutrition of stocker cattle upon arrival and while grazing. Dr. Bill Clymer, Area Entomologist, will discuss cattle insects common to this area and

their control. Dr. Clymer will bring everyone up to date on the scabies situation.

The last speaker on the program will be Mike Riethmayer, Area Economist Management Specialist. He will discuss profit and losses with stocker cattle under various management schemes.

These two programs should be very informative and keep the cattle producers up-to-date on new changes in nutrition, herd health and management.

Again, these meetings will be September 7 and 12 at 8:00 p.m. in the Friona High School Cafeteria.

The weekend rain proved beneficial to most farmers in this area, although it did slow down harvest of corn ensilage and vegetable crops--potatoes, cantaloupes, cucumbers and peppers.

Harvest should be back into full swing by the middle of the week. The harvest was at its height last week when the rains began.

A big part of the Parmer County wheat crop has been sown. Other crops, castor and soybeans and sugar beets are looking good at this time.

**The  
good old summertime  
discount.**

**FINAL TUNE-UP**

**Chiefs To Scrimmage Canyon Here Friday**

The Friona Chieftains will scrimmage the Canyon Eagles in their second game-condition workout on Friday at 7 p.m. Unless the high school field dried considerably, there was the chance the scrimmage would be at the Junior High Stadium, at 7 p.m.

Coach Bob Owen said that he and the team were disappointed that they didn't score more in the team's opening scrimmage last Thursday at Boys Ranch.

Friona scored on its last offensive play, its only time to cross the goal-line all evening. However, the Chieftain's defense held Boys Ranch to practically nil for the entire scrimmage. The Ranchers never seriously threatened to score.

Meanwhile, the Chiefs moved the ball well, but Friona stopped themselves with three fumbles. On two previous drives, the Chiefs had opportunities to score, but fumbles stopped the threats. James Bartlett got the Friona TD with a 15-yard scamper on the team's last series with the ball.

Boys Ranch was held to only one first down that they actually earned. "The rushing and pass defense looked real good,"

Coach Owen said.

He complimented Friona's running game, and singled out tackle Kevin Wiseman, center Willie Bailey, for good offensive and defensive games, and Mario Petre and Mark Walters for standing out on defense.

Halfback Louis Lee was still not cleared for contact work early in the week, but was just able to run in light clothing.

Owen said he was hopeful for a release on Lee in time for the Friday scrimmage.

The Friona coach pointed out that the team had worked out only six times in pads prior to the Boys Ranch scrimmage.

He said that depth continued to be the team's biggest problem. "So far, our second team is just our first team re-shuffled," Owen says.

Canyon is said to have a big, tough team. The Eagles scrimmaged Roswell here last Friday. Those watching this scrimmage said that Canyon looks to be a good team in District I-AAA.

It will be the first varsity football encounter with the Eagles since they were members of Friona's district in 1960 and 1961.

EIGHTH GRADE LEADERS. . . Coach Jackie Morgan is shown with the captains of the eighth grade Braves, elected this week. They are Leslie Broadhurst and Lester Aven. A total of 52 players are out for the eighth grade team, which kicks off its season next Thursday.

**DISTRICT CHAMPS**

**1952 Chieftain Eleven One Of Friona's Best**

Twenty years ago this fall the Friona Chieftains compiled one of their most successful seasons in history.

Coach Raymond Cook returned a big group of lettermen from his 1951 team which had finished with a 7-2 record, narrowly missing the district championship.

The 1952 team claimed the elusive district crown, which has been won only three times in the 19 seasons since then, including the co-championship by the 1964 team which had an 8-2 record.

The Chiefs of 1952 rolled through four district opponents with perhaps the greatest ease any FHS team has ever done. On October 10 of that year the Chiefs opened District 3-B play with a 32-6 win over Petersburg on the Buffaloes' home field.

A week later, Bovina fell 53-6—the worst beating ever suffered to Friona. After a break from district play, in which neighboring Hereford

stalled the win streak, 19-7, the Chiefs hosted Farwell in their third district game, and went off with a 38-7 victory.

The team ended its district schedule by hosting Anton, and breezed to a 61-33 win.

Friona had great momentum, but playoff scheduling ruined their head of steam. The team played its last district game on November 7, and did not play in bi-district until Thanksgiving Day—three weeks later, on November 27.

The Chieftains fell to Idalou, 19-0 in the bi-district game, on a bitterly cold day at Plainview. "The long break really hurt us, although that could be considered as an excuse," Cook said this week in reflecting back. But some of his players felt the same way.

"We had to hold some of our workouts in the gym, because of the bad weather we had leading up to the game," recalls Jimmy Norwood, who played end on the '52 team.

In the playoff game, Friona, which had averaged 43 points per game in district play, went scoreless, and managed just 93 yards rushing.

Leading the team to a regular-season record of 7-2 was quarterback Darrell Robbins, who was an all-around athlete at FHS. Others in Friona's Wing-T backfield were fullback D.O. Robason, Wayne Cribbs, Glenn E. Reeve, Jr. and Wayne Houlette.

Linemen included the Fangman brothers—Teddy at center and Arnold at tackle, Ben Wayne Jordan and Norwood at the end slots; and guards Virgil Phipps and Doy Hammett.

Others who saw action that year were ends M.C. Osborn and Kenneth McLellan, and tackles Jerry Zachary, David Patterson and Keith Battey. Other squad members were Jimmy Robason, Danny Baimum, Donald Petty, George Price, Roy Haney, Gaylon Rhodes, Vernon Petty and Gene Watson.

Cook said he particularly remembered the Bovina game that year. Bovina boasted a pair of brother duos, the Sudderts and Ishams in its interior line, and averaged somewhere around 240 pounds in its interior line.

"We had worked all week on end sweeps, because we knew we wouldn't get anything through Bovina's line," Cook recalled. "However, when the game started, Darrell kept hitting the line, and I kept yelling for him to stick to the game plan. Finally I called him out, we ran an end sweep for a touchdown, and it helped to break the game open (Friona eventually won, 53-6)," Cook added.

"They were a fine bunch of kids, and didn't mind a little work," the former Friona coach concluded.

The 1952-53 school year turned out to be a good one all the way around for Friona athletics. The girls basketball team won the district title, and the boys, although nosed out for district, won several tournament trophies.

In track, the Chieftains again excelled. Robbins, the all-around athlete, won the gold medal in the 440-yard dash event in Austin's state meet, and the mile relay foursome of Robbins, Ben Jordan, M.C. Osborn and D.O. Robason also captured first place in state.

These were the only state meet titles for Friona until the 1964 Squaws under Coach Baker Duggins finally broke the jinx, with a 33-game winning streak ending with the state championship.

**1952 Game Results**

Friona 32, Vega 6; Friona 7, Morton 0; Springlake 19, Friona 13; Friona 37, Clovis "B" 6; \*Friona 32, Petersburg 6; \*Friona 53, Bovina 6; Hereford 19, Friona 7; \*Friona 38, Farwell 7; \*Friona 61, Anton 33; Idalou 19, Friona 0 (bi-district). Friona scored 219 points, opponents scored 88 points.

Coaches: Raymond Cook and Lee Burnett. Captains: Darrell Robbins and Arnold Fangman.

Who knows? Perhaps the 20-year cycle will repeat this year at F.H.S.

**WHY SEND FLOWERS?**

Flowers have long had an important role to perform at the traditional funeral. As living things, flowers serve their purpose in a special way which cannot be duplicated. Although they are perishable, as is life itself, they convey the love and affection of friends and neighbors. Through the memory picture they create, messages of love and affection are carried down through the years to ease the loneliness that follows death.

Flowers have a spiritual significance. They are symbolic not only of love and sympathy, but also of eternity and immortality. They help minister to the bereaved by giving testimony of the love and understanding of fellow human beings, and by speaking of the power and the glory of God. The life of flowers is fleeting and they attest to the transitory life of man. There is profound religious symbolism in the very fact that flowers do not last forever.

Flowers provide a communication between the community and the bereaved so that the bereaved will recognize that the sender of the flowers is sharing their grief with them. It is true that the dead cannot see or appreciate flowers sent to the funeral. But flowers are actually sent to the living to provide emotional support and spiritual solace while serving as a token of respect for the deceased.

**FLOWERS SERVE A PURPOSE**

The role of the florist in the traditional funeral is one of service. People come to the florist to have their expressions of grief translated into floral arrangements which represent the sympathy they extend to the bereaved.

Funeral flowers often have the charge leveled against them that "the money for flowers could be better used for other kinds of remembrances, such as memorial funds, or donations to charities." You will recall a Biblical story which seems quite appropriate at this point.

In the twelfth chapter of John, we are told that Jesus had supper with Lazarus and friends in Bethany. Mary, who sat at Jesus' feet, took this opportunity to substantiate her devotion by pouring a precious pound of ointment on the feet of her Master and then wiping his feet with her hair. Judas, disapproving of this seeming waste, asked why the ointment was not sold for three hundred pence and given to the poor. Jesus, however, saw this act in a different light. His judgment came in terms of Mary's motive in terms of the reasons why she had selected this means of expressing her feelings. His answer was, "Let her alone; against the day of my burying hath she kept this. For the poor always ye have with you; but me ye have not always."

**SENTIMENT**

The sentiment associated with funerals is a complex organization of ideas, feelings, and instincts built up in the course of human experience. Many of our funeral traditions developed out of mankind's need for sentiment. There is a great deal of insight in a remark made by Gladstone, the famous English statesman, who said:

"Show me the manner in which a nation or community cares for its dead and I will measure with mathematical exactness the tender sympathies of its people, their respect for the law of the land, and their loyalty to high ideals."

## Ruthie Stokes Is Assigned To Lowry

Airman Helen Ruthie Stokes, daughter of Mr. and Mrs. Arthur L. Stokes of 1006 Pierce, Friona, Texas, has been assigned to Lowry AFB, Colo., after completing Air Force basic training.

During her six weeks at the Air Training Command's Lackland AFB, Texas, she studied the Air Force mission, organization and customs and received special instruction in human relations.

The airman has been assigned to the Technical Training Center at Lowry for specialized training in the supply field. Airman Stokes is a 1971 graduate of Friona High School.

HELEN STOKES

## Ronnie Altmans Honored Tuesday

YN/3 and Mrs. Ronnie Altman were guests of honor at a party in the home of Mr. and Mrs. Ira Parr Tuesday evening. Altman, who is serving in the United States Navy and assigned to the Tripoli, returned to San Diego early this week. He was accompanied by his wife, the former Sandy Reznik. Following a session of games, ice cream and cake were served to the guests of honor and their parents, Mr. and Mrs. Hop Lewis and Mr. and Mrs. A. L. Reznik, Mr. and Mrs. Mike Reznik of Houston and Mr. and Mrs. James Petty of Littlefield. Also Mr. and Mrs. Travis Stone and family, Mr. and Mrs.

John C. Miller and family, Mr. and Mrs. W.O. Brown, Mr. and Mrs. Sterling Graham and family and Rasty Lewis.

The Lonely Heart

## The Library Corner

BY MRS. BILL ELLIS

Okay, all you football fans young and old, and/or wives of football fans... has the Library got books for you! With the approach of the fall football season, we thought you might enjoy reading up on the subject. This might give you wives of the avid TV-football-watchers a chance to converse with the old-boy on the same level when there's not a game on the tube. And we've got lots of good football fiction stories for you junior readers.

Not all of these are new books and you may have already read some of them, but here they are. In the Junior Fiction we have "Bertie Comes Through" by Felsen; "Catch That Pass," Christopher; "Crazylegs Merrill," Carol; "The Receiver," Maule; "Lone Star Fullback," McKone; "Cadet Quarterback," Offit; "All American" by Tunis; and "The Big Game" by Bishop.

We also have a few non-fiction books on football that you young readers might like. They are "The Linebacker," Maule; "Touchdown Due," Carol; "Backup Quarterback," Heuman; and "Great Running Backs of the NFL," Hand.

Most of our books on this subject in the adult section are non-fiction. A few of these are "Dallas Cowboys and the NFL," Chipman; "Football: The Greatest Moments In The South-

west Conference," Grimsley; "Paper Lion," Plimpton; "Instant Replay," Kramer; "I Can't Wait Until Tomorrow," by Namath; "Pro-Football's Hall of Fame," Daley; "Weight Training For Football," George; and "Countdown To Super-Bowl," Anderson.

JOEL OSBORN

## Osborn Graduates Magna Cum Laude

Joel Osborn, son of Mr. and Mrs. Ernest Osborn and a 1969 graduate of Friona High School, graduated magna cum laude with a bachelor of arts degree in biology from North Texas State University, Denton, August 19. He will attend University of Texas Medical Branch at Galveston beginning August 30.

Freeze leftover meats, fish, vegetables—even a few spoonfuls of a delectable sauce. It's surprising how quickly they stockpile to furnish fascinating fillings for cocktail puffs or omelets.

Help keep cauliflower white while it cooks. Add a little milk to the water in which the cauliflower is cooked.

Prevent cooked rice from becoming gummy by boiling the rice in a generous amount of water—roughly two quarts of water to one cup of raw rice.

MR. AND MRS. PAUL BUSH

## Vinson-Bush Vows Exchanged In Bovina

In a single ring ceremony at Pentecostal Holiness Church in Bovina at 7:30 p.m. Friday, August 18, Brenda Vinson became the bride of Paul Alan Bush.

The vows were read by Benjamin Parker, pastor of the church, before an archway of greenery centered with white wedding bells and tied with orchid satin bows. Bouquets of orchid glads and pom pom mums at either side of the archway completed the setting.

Parents of the couple are Mr. and Mrs. Rufus Vinson of Bovina and Mr. and Mrs. D.E. Bush, Friona.

Vicki Gilliam was the maid of honor. She wore an orchid taffeta formal designed with an empire waistline and carried a lavender mum nosegay tied with

purple satin ribbon. Donna Bentley, niece of the bride, was the train bearer. Ricky Stanberry was the best man.

As the bride was escorted to the altar and presented in marriage by her brother-in-law, Don Bentley, she wore a formal wedding gown of white satin designed on Princess lines with a round neckline and fitted sleeves, which were cuffed with bands of Alencon lace. Alencon lace appliques marked the front panel of her gown and banded the neckline.

She carried a colonial bouquet of white carnations, purple asters and babies breath tied with purple satin ribbon bows and streamers.

The serving table for the reception was covered with a white linen cloth and centered with an arrangement of lavender and white asters. Wedding cake was served with punch, nuts and mints.

Mr. and Mrs. Bush are at home in Bovina. He is employed at Lariat.

## Michael S. Proctor Completes Training

Airman Michael S. Proctor, son of Mr. and Mrs. Billie R. Proctor Sr. of 4631 Ric, Midland, Texas, has been assigned to Lowry AFB, Colo., after completing Air Force basic training.

During his six weeks at the Air Training Command's Lackland AFB, Texas, he studied the Air Force mission, organization and customs and received special instructions in human relations.

The airman has been assigned to the Technical Training Center at Lowry for specialized training in the munitions and weapons maintenance field.

Airman Proctor is a 1969 graduate of Midland High School and received his B.S. degree in 1972 from West Texas State University.

His wife, Cynthia, is the dau-

MICHAEL S. PROCTOR

ghter of Mr. and Mrs. Buddy Wiseman of 905 W. Sixth St., Friona, Texas.

## Cookout Hosted By Lewellens

Highlight of a get acquainted party for the Distributive Education and Industrial Cooperative Training students of Friona High School in the home of Mr. and Mrs. Delton Lewellen Monday evening was an outdoor hamburger supper.

Mr. and Mrs. Cecil Maddox and daughter, Mikka, were special guests. He is the coordinator of the two programs and sponsor of the Deca and Vica Clubs.

About 40 persons, besides the hosts, were present.

## Everyday Living Should Express Christian Love

Read Colossians 3:12-17

Whatever you are doing, whether you speak or act, do everything in the name of the Lord Jesus, giving thanks to God the Father through him. (Colossians 3:17, NEB)

In the sixth century, St. Columba established a beachhead for the Christian faith on the island of Iona off the west coast of Scotland.

Today Iona is more than a place steeped in history and tradition. It is a retreat; a working center as well as a shrine of worship.

As we pilgrims clambered ashore, we took the winding path up through the Abbey environs and past the Celtic cross. All the surroundings helped prepare us for the impact of the Abbey itself. As we crossed the threshold, we found ourselves enveloped in an atmosphere of reverence.

The stairway between the living quarters and the Abbey itself reminds all who enter of the connecting bond between worship and work.

Here some of us found new inspiration to reach out to others, to let Christian love express itself through our lives and our labors.

**PRAYER:** Father, thank You for the inspiration of persons of the past whose lives and dedication serve to challenge us. Use our minds, our hearts and our hands in Your service. In the spirit of Jesus, in whose name we pray. Amen.

**THOUGHT FOR THE DAY:** Christ's love prompts us to service in His spirit.

--Betty F. Day, Glasgow, Scotland

## Mrs. Larry Moyer Selected For Honors

Mrs. Larry Moyer has been selected Outstanding Young Women of America for 1972, the director of the national awards program has announced.

Each woman selected is now being considered for further state and national awards. This fall, fifty of the young women nominated for the Outstanding Young Women of America Program—one from each state—will be named as their state's Outstanding Young Woman of the Year. From the fifty state winners, the national Ten Outstanding Young Women of America for 1972 will be selected.

Now in its eighth year, the program was conceived—and is today guided—by leaders of the nation's major women's organizations. The program's Board of Advisors, composed of the national presidents of women's clubs, is headed by Mrs. Dexter Otis Arnold, honorary president of the General Federation of Women's Clubs.

The purpose of the Outstand-

ing Young Women of America program is to recognize young women between the ages of 21 and 35 for their exceptional contributions to the betterment of their communities, professions and country. Nominations for this national awards program are made by women's organizations, churches, alumni associations and universities.

A complete biographical sketch of each nominee is included in the annual awards volume "Outstanding Young Women of America," which is distributed nationally as a reference publication. The 1972 edition, to be published in November, will contain special introductory messages by U.S. Rep. Martha Griffiths (D-Mich.) and Amy Vanderbilt, the nation's leading etiquette authority.

Announcement of this year's Outstanding Young Women was made on behalf of the Board of Advisors by Miss Anita Capp, program director.

## Local Women Invited To Attend Sew Fair

Tailoring tricks. Recycled wardrobes. Designer hints. Pant suits that fit.

The parade of home sewing tips marches to Hereford September 12.

"Sew Fair, a panorama of exhibits and presentations, will be sponsored by the Texas Agricultural Extension Service in cooperation with home sewing industries," Roxanne Schnorr, Extension Service clothing specialist, announced.

Located at Hereford Bull Barn, Sew Fair will feature representatives from six major home sewing industries.

"These representatives will demonstrate a host of sewing topics, from installing a zipper to the latest pressing techniques," the Texas A&M University specialist said. "They will present continuous 30-minute talks from 9:30 a.m. to 12:30 p.m. and 2 to 5 p.m., open to all and free of charge."

Representatives will also be available to answer individual consumers' questions.

Miss Schnorr added that Extension clothing specialists and

Deaf Smith County home demonstration agents will assist at the fair to register interested consumers and assist participants.

Miss Schnorr named American Thread Co., Belding Corticelli, Butterick Fashion Marketing Co., Coats and Clark, Inc., General Electric and Pelton Corporation as companies cooperating to present Sew Fair.

"The traveling fair is visiting four other cities during September," the specialist noted. Cities include Pampa, Lubbock, Midland and El Paso.

### Mason Enrolls At NMMI

Darrel Mason, son of Mrs. Amy Mason, has enrolled at New Mexico Military Institute, Roswell.

He is a freshman in the high school division of the institute, and is playing football.

KELLY BARBER... Mr. and Mrs. Flake Barber of Hereford are announcing the engagement and approaching marriage of their daughter, Kelly, to Sam Curtsinger, son of Mr. and Mrs. O.C. Curtsinger, also of Hereford. The couple is planning a November wedding in First United Methodist Church, Hereford. The Barbers are former residents of Friona.

### Former Friona Resident Receives DVM From A&M

Larry Hollis of Amarillo, formerly a student in Friona schools and the son of Mr. and Mrs. Buddy Squyres, also of Amarillo, received his Doctor of Veterinary Medicine degree, with honors, from Texas A&M University August 4.

Hollis, who is a graduate of Tascosa High School, attended Abilene Christian College and Texas Tech University, Lubbock, from which he received a bachelor of science degree, before entering A&M.

For the next year he will be at Stillwater, Oklahoma, where he will serve an internship at the School of Veterinary Medicine at Oklahoma State University.

DR. LARRY HOLLIS

MRS. ELIZABETH PEAK

### Local Woman Receives Degree

Mrs. Elizabeth Peak recently received a bachelor of science degree from West Texas State University.

Mrs. Peak, whose husband is a teacher in the local school system, was a biology education major.

### Organizational Meeting Slated

An organizational meeting has been slated for all persons interested in the Girl Scout program in Friona.

The meeting will begin at 10:00 a.m. Tuesday, September 5, in Girl Scout House.

Mrs. Meryle Massie, spokesman for the group, encourages all persons interested in working with Girl Scouts in any way to attend the meeting.

PRESENTS PROGRAM... Mrs. Glenn E. Reeve, Sr., presented her program, entitled "Brides of the White House" last Thursday for the Friona Lions Club. Mrs. Reeve has dressed a doll and prepared a history through research of every bride that has been married in the White House.

### Hospital Staff Fetes Employees

A salad supper in the home of Dr. and Mrs. Robert Alexander Thursday evening was a courtesy for employees who are going away.

Those honored were Dr. Ken Byers, Mrs. Ron Yarnell, Mikie Pavalus, Sheryl Patterson, Jenisu Fallwell and Pat Nichols. About sixty hospital employees and family members attended.

Hosts were members of Parmer County Community Hospital staff.
