Buffs Meet Throckmorton Here Friday Night In First Home Game Of Grid Season

Mother and Daughter Injured When Auto Overtakes Near Here

Mrs. Wm. King and daughter, Ruby Nina, 3, received serious injuries Monday morning of this week, when the family car overturned on Highway 36, about three miles west of town, while they were enroute from Cross Plains to their home about five miles west of town. A son, Billy, 5, also a passenger in the car, escaped with only a scratch.

Mrs. King stated that the door on the driver's side of the vehicle swung open and in attempting to close it, she lost control of the car.

Little Ruby Nina was most seriously injured. She sustained a cracked pelvis and painful cuts and bruises. Mrs. King received serious cuts and bruises, it was said. They were carried to Hendrick Hospital in Abilene.

Mr. King is employed here by the McNutt Well Servicing firm.

Buffaloes Down Roscoe

The Buffaloes had an easy time last Friday night, in defeating the Roscoe Plowboys by a lopsided score of 40-0. Coach Alexander played every man he had on the bench during the game. Buffalo Halfback Gravel Scott gave the crowd some real thrills with an excellent display of running during the evening.

Cross Plains kicked off to open the game and recovered a fumble on the Plowboy 20 on the kickoff. Fullback Darvel Hutchins went 15 yards to score. Clark Baum kicked the extra point.

Roscoe fumbled on the first play after the kickoff and Cross Plains recovered on the seven. Halfback Pat Moore went five yards this time to paydirt and Baum added the point to give Cross Plains a 14-0 lead with only one minute and 20 seconds gone in the game.

Roscoe drove to the Cross Plains two in the second period but lost the ball on downs. Scott turned in a 98 yard dash from this point, but a penalty nullified the play.

In the second period quarterback David Jennings passed to Moore for a play covering 67 yards and Baum booted the point. Jennings found the range again in the second quarter this time tossing to end Harold Baker for a play covering 57 yards. Baum again kicked the point.

Scott hauled in a Roscoe pass and went 83 yards only to have the play called back because officials ruled the second quarter ended before the play began.

The speedy Buffalo halfback finally scored one that counted in the third period from the one yard line and added another in the fourth good for 86 yards. Both tries for the extra point were no good.

Score by quarters:
Cross Plains 14 14 6 6-40
Roscoe 0 0 0 0-0

Nimrod Progress Club Barbecue Attended By Over 600, Monday

Bill Pope, president of the Nimrod Progress Club has reported that over 600 persons turned out Monday night of this week for the annual barbecue of the club held at their new club house at Nimrod, making the event an outstanding success.

Pope expressed the club's appreciation for the large turnout. Proceeds from the barbecue went into the club's community fund.

Committee workers for the event included Mrs. John Leveridge, general chairman; Mr. and Mrs. Cecil Bostick, tickets; Mr. and Mrs. Herman Schaefer, Mrs. Buford Cozart, Mrs. J. S. Anderson and Mrs. B. C. Ingram, menu; Mr. and Mrs. Walter Tonne, properties; Mrs. Ed Townsend, heating food; Mr. and Mrs. Carl Stroebel, coffee; Mrs. Jack Smith, ice tea; Jack Cozart, entertainment; Mrs. Ernest Schaefer and Herman Harrelson, decorations.

Other residents of the community assisted with the barbecue, contributing items of food. The menu featured barbecue beef and goat with all the trimmings, including home made pies.

'57 License Plates Black and White

Austin-Texas, 1957 license plates will feature black numbers and letters on a white background—the first time the white-and-black color scheme has been used since 1923.

The Highway Department said Monday next year's tags also will have a "Lone Star" between the prefix letters and the numbers. The size remains the same, 6 by 12 inches.

License plates go on sale Feb. 1 through midnight April 1.

Farm Bureau Conducting Big Membership Drive

Callahan County Farm Bureau's official fall membership drive got under way Oct. 1 and will last through Oct. 31, according to Bill Lawrence, County Membership Chairman.

Goal for the drive has been set for 75 members. The organization already has 50 new members and renewals signed up so far this year. Last year the membership figure stood at 13.

Membership acquisition efforts in this county are tied in with an intensive state-wide membership round-up.

During that week thousands of volunteer membership workers will contribute a day or more of their time to enrolling their neighbors in the Farm Bureau.

The state's goal has been set at 72,558 for 1956. Some 52,000 new members an renewals had been turned into the state headquarters at Waco early in September. The other 20,000 the Farm Bureau helps get will have to be signed up in October as the organization's fiscal year ends October 31.

The Farm Bureau is the largest general farm organization in the world with organizations in 48 states and in the commonwealth of Puerto Rico. Among the more important things the farm bureau does for its members... is to protect the farmer's and rancher's interest in the state and national capitols. Policies which guide the Farm Bureau are developed at the "Grass roots" level.

Robert Calhoun was a business visitor in Rising Star one day last week.

Callahan Rancher, Former Sheriff, Dies

Baird—Everett (Tiny) Hughes, 65, retired Humble Oil and Refinery Co. special agent, former Callahan County sheriff, rancher and "father" of the Callahan County Sheriff's Posse Rodeo, died at 2:45 p.m. Sunday at Hendrick Memorial Hospital in Abilene.

He had been in ill health for about one year and had been hospitalized for two weeks.

Funeral services were held Monday at 4 p.m. in the Wylie Funeral Home chapel in Baird. Officiating was the Rev. James Price, pastor of the Methodist Church, assisted by the Rev. Leonard Hartley, pastor of the Baptist Church. Burial was made in Ross Cemetery in Baird.

Mr. Hughes was honor guest on Aug. 24 at Cisco at a banquet on the occasion of his retirement (mandatory at age 65) after 22 years, seven months and 10 days with Humble. He was presented a wrist watch, certificate of service and retirement emblem courtesy car.

Born in Olney, Ill., on Aug. 20, 1891, Mr. Hughes moved to a ranch near Baird with his parents in 1909 and married Bessie West of Baird here on Dec. 21, 1913.

In 1924 he became a deputy sheriff in Callahan County. In 1926 he was elected sheriff. During his four years as sheriff he had two brushes with bank robbers, once at Cisco and another at Ovalo. In both instances the robbers were caught.

The Humble Co. credits Mr. Hughes with recovering and preventing the loss of several thousands of dollars of company property, but the special agent said at the time of his retirement, "Special agents just carry water for the sheriffs. We let them get the praise, when there is any, for they always get the hell when there is any of that."

Mr. Hughes was engaged in ranching and overseas operations of three ranching totaling 2,600 acres. He is credited with "fathering" the idea which resulted in the Callahan County Sheriff's Posse Rodeo in May, 1948.

Survivors include the wife, one brother, J. H. Hughes of Baird, one sister, Mrs. A. C. Wells of Houston.

Ferrell Newton Attends Science Teachers Meet

Ferrell Newton, high school principal and science instructor in the local high school, was in Austin, Thursday and Friday of last week where he attended a conference for the advancement of science teaching, held at Texas University.

He stated that the meeting was both educational and entertaining and he felt that ideas he received will be of real benefit to students in his science classes.

Mrs. P. C. Larkin of Rising Star visited last week with her daughter, Mrs. W. R. Erwin and family.

City Street Paving Project Is Completed

Lloyd McMillan, City Utilities Superintendent, announced Tuesday of this week that the residential street paving project, underway here the past 60 days, has been completed with a total of 36 blocks of street hard-surfaced.

Crews for W. H. McGee, paving contractor, moved their equipment to Gorman, Wednesday.

Area Oil News

Nortex Oil & Gas Corp. of Dallas has completed two wells in Brown County Regular Field three miles southeast of Cross Cut.

Both are pumping and on the J. W. Newton lease in ETRR Survey 157.

No. 24 Newton had a daily potential of two barrels of 42.5 gravity oil. Production is from an open hole at 1,207-48, pay topped at 1,222 feet, and treated with 30 quarts of nitro.

Daily potential for No. 25 Newton was 21 barrels of 42.5 gravity oil. It is producing from an open hole at 1,208-48 feet, pay topped at 1,215 feet. The well was treated with 80 quarts of nitro.

Rev. E. M. Treadway In Dallas Hospital

Rev. E. M. Treadway, son-in-law of Mr. and Mrs. Perry Purvis, of this city, was admitted to Baylor Hospital in Dallas September 29, where he is undergoing treatment while he is undergoing treatment for a dislocated disc in his back. It is not known just how long Rev. Treadway will be in the hospital and is to soon to tell whether he will undergo surgery.

The Treadway family spent 5 years in Brazil as Baptist missionaries and returned to the states last year when Mrs. Treadway became ill. She spent several months in a Galveston Hospital undergoing treatment and has recovered satisfactorily from her illness. She, with the children, are making their home in Cross Plains while Rev. Treadway is in the hospital.

S. J. Clark Seriously Ill

S. J. Clark of Comanche, father of Mrs. Parker Baum of this city, remained in a serious condition Tuesday morning of this week, although it was believed that he was slowly improving.

Mr. Clark, who has been in failing health for sometime, suffered a stroke Thursday which left him partially paralyzed, however, Mrs. Baum stated Tuesday that he was much improved and was able to take nourishment.

The Clark children spent several days at their father's bedside.

Local School Ag Dept. Chosen Student Teaching Center

The Vocational Agriculture Department of Cross Plains High School has been selected by the Agricultural Education Department of Texas A. and M. College for use as a student teaching center during October 15-16, according to Paul L. Whitton, Superintendent of schools. Mr. Jesse Tackett and Mr. Weldon Whitehead will serve as student teachers in the vocational agriculture department during this period.

Mr. Tackett and Mr. Whitehead are students at Texas A. and M. College preparing to become teachers of vocational agriculture after they graduate. In preparation for this profession, they are spending two weeks of this semester doing student teaching. This student teaching, made possible by the cooperation of the local agriculture department and Texas A. and M., permits them to gain direct teaching experience under the supervision of an experienced teacher of vocational agriculture.

Mr. E. V. Walton, Head of the Agricultural Education Department at A. and M. College, said that the local vocational agriculture department, with Mr. W. M. Millican as teacher, was considered one of the outstanding departments in Texas. He also said that he felt confident the student teachers would gain some valuable experience while at Cross Plains High School.

Doc Tennison Has Bumper Okra Crop In Spite Of Drought

Doc Tennison was in the Review office last week to report on the bumper okra crop he has raised this year in spite of the drought, however, he readily admitted that he had watered the few stalks in his yard six miles west of Cross Plains.

The stalks according to Tennison, measure 7 feet 10 inches in height and he has left a pod on one stalk for seed which measures 11 inches. The okra has been producing since early in the spring, he stated.

Judging a man's future by his past is always a poor policy.

Philosopher Comes Out For The Right Of A Man To Stay Sitting If He Wants To

Editor's note: The Bayou Philosopher on his Johnson grass farm on the Bayou discusses sitting down as opposed to working this week, one subject on which he must be an authority.

Dear editor:

I made a special trip into town yesterday to get hold of a newspaper to find out how my economic index was for this week. As I understand it, the government in Washington now knows more about whether a man is well off than he does himself and about every two weeks issues a set of figures showing whether the prosperity index is two points up or down, holding its own, etc., and while I have never been able to get a bank to honor my checks on the strength of a jump upward in the economic index, still I like to get these reports.

According to this one, the country is now at its highest peak of prosperity in history, and while the try is now in its highest peak of me that the figures showing the me that the nation was at its healthiest peak in history would have to be a man in the hospital, still I've always contended there was an advantage in being busted during prosperity instead of a depression. Even if you aren't inside the stadium watching

the game, there's some satisfaction in hearing the cheers of the crowd and imagining what's going on.

But don't get the idea that I'm complaining. I know there are people in Washington who say I'd get up and go to work. I'd be better off, but that's because whoever said that doesn't know how much pleasure there is in sitting where you are. At the moment, I'm writing this sitting under a shade tree watching the month of October unfold, and if anybody in Washington thinks I'd be happier if I leaped on my tractor and started stirring up the dust, he either likes dust better than I do or he hasn't got a calendar. Furthermore, there are people who also say if a lot of government people would get up and work, they'd be better off, or at least the country would, but I want it understood I'm perfectly neutral in this.

Whether a man gets up or sits, is a matter for him to decide, doesn't make any difference whether he's sitting out here on my farm or in a swivel chair in Washington. And as far as the country is concerned, it's about as well off with some people sitting. There's nothing personal in this, but where were you when you read this?

Yours faithfully,
J. A.

Gulf No-Nox is the gasoline that's famous 'cause it burns so clean. Fill up at Gulf and you will see.

(Make your last word rhyme with "see.")

Clean-burning No-Nox gives you many more miles of new-car power!
HINTS TO HELP YOU WIN!

- No-Nox burns clean because Gulf refines out the "dirty-burning tail-end" found in ordinary gasoline.
- No-Nox combats formation of carbon deposits which "shrink" engine power.
- No-Nox protects your engine, keeps new-car power intact for thousands of extra miles.
- Gulf No-Nox is a high-octane gasoline—gives more miles per gallon in short-trip driving.

CARD OF THANKS
I will always be grateful to the many friends who were so thoughtful during my stay in the hospital and since my return home. The cards, letters, visits and gifts were appreciated more than words can express.
Mrs. Anne Barr.

CARD OF THANKS
I take this means of expressing my sincere appreciation to friends who remembered me with cards, flowers and other kindnesses during my stay in the Veterans Hospital. Your thoughtfulness to me will long be remembered by me and my wife.
B. C. McCowen.

CARD OF THANKS
I'd like to thank my many friends for the many kindnesses shown me during my illness and stay in the hospital, the beautiful flowers, cards and letters. Your thoughtfulness made my suffering easier to bear, but most of all for the many prayers offered in my behalf. May the good Lord give you just such friends when you need them most.
Mrs. W. P. Yarbrough.

Government's School Program Limited To 'Young Adults'
The Government's new school program for sons and daughters of deceased veterans is limited to "young adults" generally between 18 and 23, and not to younger children. Scott B. Harrington, manager of the Veterans Administration Regional Office in Dallas said today.
Some mothers of pre-teen-agers have been asking whether the program applies to them. It does not, under the law, Mr. Harrington said. The youngsters usually will have to wait until they are 18 before they can begin.
The War Orphans Education program is for sons and daughters of World War I, World War II and Korea veterans who died of service-connected injuries or deaths. Eligible young men and women may receive Government allowances of \$110 a month while in school or college.
It may be possible for a young person to start school before age 18, Mr. Harrington said. Conditions are that (1) he has quit or has been graduated from high school; (2) he is above the age of compulsory attendance, and (3) VA finds it would be in his best interest to start his training before turning 18.
It also may be possible to remain in school under the program after age 23. These are the conditions.
1. If the person passed his 18th birthday, but not his 23rd, when the law went into effect on June 29, 1956, he may attend school until June 29, 1961.
2. If he was eligible for schooling, but entered military service before age 23, will have five years from date of discharge in which to attend school.
3. If the veteran-parent dies after the son or daughter is 18 but not yet 23, the person has five years from date of death of the parent.
In no event, however, may a student attend school for more than 36 months, the maximum allowed by the law. Also, schooling under the War orphans program may not continue beyond the young man or woman's 31st birthday.

Mr. and Mrs. John Watson were visiting in Dallas over the week end and attended the State Fair.

Mr. and Mrs. M. A. Martin of Brownwood were visiting Mr. and Mrs. L. W. Placke Sunday afternoon.

Mr. and Mrs. E. M. Pancake of Phillips visited her mother, Mrs. A. C. Billingsley, and other relatives here, over the week end.

Ike Can't Make It Rain, But He's Still Best Man
The other day I asked a farmer if it was dry out his way. He said it sure was. "Looks like we just can't get any rain," he said. "Why, when Noah had his 40-day flood, we didn't get over half an inch."
There's no mistake about it, Texas is having itself a real drought. Some of the farmers and ranchers in our county are in such bad shape that they may vote for Stevenson.
Old Man Jones, from across the river, said he wasn't going to go to any such extreme. He said he needed rain as bad as anybody else. He claimed water was so scarce in his community that the preacher was baptizing new members with a wet handkerchief. But he was holding out awhile longer, anyway.
"I may be stubborn," said Old Man Jones, "but I just ain't been convinced that President Eisenhower is keeping it from raining."
He said he knew that Stevenson and Kefauver acted like they thought so, and they had a right to their opinion. Lyndon Johnson, he figured, knew better, but he was sticking with Adlai and going for the sake of unity. He said he didn't figure Mr. Stevenson was raining or not for the last 25 years.
"I hate not to go along with such a widely known crowd of weather observers," Old Man Jones said. "If there's anybody who keeps up with which way the wind is blowing, generally speaking, it's Stevenson, Kefauver and Johnson."
Then he went on to say that he realized the national farm program hadn't pleased everybody—including him. If he was in the White House, he would do things different, at least in our county. He allowed that the \$61,000,000 spent by the Eisenhower administration for drought relief in Texas could have been doubled and still not made all the farmers happy and prosperous.
"But," said Old Man Jones, "I keep remembering that the main reason for our troubles, besides the drought, is the fact that we are not at war. Now, if Adlai and Estes really want to jump on President Eisenhower, there is a real issue. They've sure got the goods on Ike in that respect. If he hadn't stopped that Korean War, farm prices would be higher, no doubt. I wonder why they never mention that."
Old Man Jones was kidding a little, of course, in his usual way, but I think he had something there. We have got to adjust to peace-time, which is taking awhile but President Eisenhower is working at it. And meanwhile our boys aren't fighting and dying on foreign soil. It's worth thinking about.
Yours truly,
Jex

Former Cross Plains Lady Wants To Hear From Friends

Mrs. Helen Freeman of this city received a card the past week from Mrs. Grover (Ethel) Henderson of California, a former resident of Cross Plains, and in the card Mrs. Henderson stated that she has been in Letterman Army Hospital since August 23rd, recovering from injuries suffered in a fall.

Mrs. Henderson, as friends will remember, is a deaf mute, and the days in the hospital have been lonely one for her. She was so anxious to hear from the fine people of Cross Plains and for that reason her address follows so that friends may remember her with a letter or card. The address is Mrs. Ethel Henderson, c/o Ward K-2, Letterman Army Hospital, Presidio of S. F., San Francisco 15, Calif.

BEFORE YOU PURCHASE VITAMINS

FROM A MAIL ORDER HOUSE OR A DOOR-TO-DOOR SALESMAN

ASK YOURSELF

HOW EFFECTIVE IS HIS PRODUCT?

HOW RELIABLE IS THE MANUFACTURER?

DOES THE SALESMAN HIMSELF ACTUALLY KNOW THE REAL ACTION OF HIS PRODUCT?

You can bank on it that the product comes from the World's finest laboratories. . . That it is effective and safe as modern science can make it. Our training and experience as your druggist gives us the factual knowledge to advise you as to what kinds of vitamins you might need. . . Usually our prices are much lower than mail order houses or door-to-door peddlers. . . and in most cases the potency of the standard vitamin products which we sell is much higher than these products. Before you buy any kind of vitamins always consult us as to exactly what you need and above all compare our prices with all the others. . . Mexican Cattlemen May Buy Southwest Heifers

It was learned at Fort Worth this week that "big news" might come momentarily from Mexico with regard to the proposal of the Sonora, Mexico, Cattlemen's Association that they buy from 50,000 to 100,000 high quality cattle. Efforts to get money through the Export-Import Bank for the purchase have been underway for some months.

Secretary of Agriculture Benson announced a combined mission of the USDA and the Export-Import Bank would leave Washington Oct. 2 for meetings in Mexico in an effort to push the plan through.

It was hoped at Fort Worth that the loan could be arranged in time for the Mexican buyers to attend the special Hereford stocker and feeder sale at the Fort Worth Stockyards October 19. Heifer calves and yearlings have been slow sale this season due to the dry conditions in the Southwest and it was felt that this outlet would enable the Mexican stockmen to buy some of the better commercial heifers and heifer calves at prices that would be favorable to both they and the drought ridden cattlemen of this section.

Officials of the Texas Hereford Association initiated the move when it became known that the Sonora ranchers wanted these stocker heifers. Since that time the effort has been joined by cattlemen and cattle associations all over the west.

While it was not considered likely that the loan could come through in time to enable the Mexicans to attend the October 19 sale at Fort Worth, it was announced by the Fort Worth Livestock Market Institute that if and when the financial arrangements are completed the market interests here would be glad to stage special events to enable the small and large cattlemen to show their stocker heifers to the buyers from South of the border.

Cattle About Steady In Opening Session

Most classes of cattle and calves were about steady at Fort Worth Monday, compared with the low close of the previous week. Fat cattle were scarce, and again the run comprised large numbers of aged cows. There was more activity on the good and choice quality stockers and feeders, and some sales indicated a little strength in that department.

One load of choice stocker calves from Love County, Okla., sold with 260-pound steers at \$20, and 332-pound heifer calves at \$16.

Comparative prices: Good and choice slaughter steers and yearlings \$16.50 - 22.00; common and medium grades \$10.00 - 16.00. Fat cows \$8.50 - 11.50 and canners and cutters \$5.00 - 8.50. Bulls \$8.00 - 12.00. Good and choice slaughter calves \$14.00 - 17.00, some heavy fancy baby heaves to \$18 and above sparingly. Cull, common and medium kinds \$7.00 - 13.50. Stocker steer calves \$20.00 down; steer yearlings \$17.50 down; stocker cows \$7.00 - 10.50.

Feeder Lambs Tumble \$1.00 - 2.00 Monday Northern outlets narrowed sharply

at Fort Worth for lightweight Southwestern stocker and feeder lambs Monday as competition from Western feeders from the Western Plains and Eastern Slope of the Rockies became critical. Prices on stocker and feeder lambs dropped \$1 to \$2 per hundred, the lighter weights of the most.

Slaughter kinds of sheep and lambs sold about steady. Good and choice slaughter lambs cashed at \$17 to \$19, while cull to medium sorts drew \$10 to \$16.50. Stocker and feeder lambs sold mostly from \$12 to \$15, some lightweights down to \$10. Slaughter ewes sold mostly from \$4 to \$5.50, with some slip-wooled and fresh shorn canners down to the \$3 to \$4 bracket. Old bucks sold around \$3.50 to \$4.50. Old wethers were quoted from \$8 to 12.50. Yearling muttons were listed at \$9 to \$16.

Hogs Open Strong To 15 Cents Higher, Top \$16.50

Choice meat hogs at Fort Worth topped at \$16.25 to \$16.50, and the less desirable weights and kinds sold from \$13 to \$16. Sows sold from \$13
