MCQUIN-NEWTON VOWS SOLEMNIZED AT FIRST BAPTIST CHURCH SATURDAY

The First Baptist Church was the scene Saturday evening of the wedding of Cynthia Lu McCuin and Weldon Harrison Newton of Bryan.

Parents of the couple are Mr. and Mrs. Alvin J. McCuin of Cross Plains and Mr. and Mrs. Lewis E. Newton of Cross Cut.

The Rev. V. D. Walters, pastor, officiated for the double ring rites. Mrs. Roy Flournoy, organist, and Billie Helen McMillan, soloist, gave the music.

Mrs. Robert Jacobs, cousin of the bride of Lyford, was matron of honor. Bridesmaids were Glendene Philley of Big Spring, Mary Scott of Cross Plains and Martha Mackey of Paris.

Mr. Newton attended his son as best man. Groomsmen, who also served as ushers, were Carl McCord, Wayne Clements of Navasota and Milton Anthony of Mesquite. Candles were lighted by Jay McCuin, brother of the bride, and Mary Newton, the bridegroom's niece.

Given in marriage by her father,

the bride wore a princess style gown of peau de soie and chantilly lace fashioned with a chapel length train. Seed pearls and sequins trimmed the lace bodice which featured a sabrina neckline. Her fingertip veil of imported illusion was fastened to a tiara of seed pearls. An orchid centered her bouquet of white sweetheart roses.

Bridal attendants were dressed alike in gowns of pomegranate faulle styled with sheath front, back fullness and draped neckline. They wore matching headbands and carried muffs of matching material to which were fastened their bouquets of white sweetheart roses.

The reception was given in the Fellowship Hall of the church. Members of the houseparty included Mrs. Myron Pumphrey of Abilene, aunt of the bride, Mrs. R. P. Haun of Eastland and Mrs. Joe Lane of Colorado City, sisters of the bridegroom, Mrs. Fonia Worthy, Mrs. Peyton Smith, Mrs. Norrell Long and Mrs. Tom Cox.

Others were Pat McClellan, Marsha Fields, Sandra Clark, Norma

Moore, Millie Paul, Carelya Waldrop, Marianne Young and Kay Richardson, all of Hardin-Simmons University.

When the couple left for a short wedding trip the bride was wearing a beige rayon cashmere sheath with a plaid cashmere jacket. She wore a brown suede hat and carried brown sued accessories. She wore the orchid from her bridal bouquet.

The bride is a graduate of Cross Plains High School and attended Hardin-Simmons University. Her husband, also a graduate of Cross Plains High School, is a graduate of Texas A&M College.

Mr. and Mrs. Newton are now at home at Bryan where he is a research technician at the Texas A&M College Experiment Station.

The bridegroom's parents were hosts for the rehearsal dinner Friday evening at Odom's Restaurant. The bride and her mother, Mrs.

Thursday, October

McCuin, were hostesses to the bridesmaids' luncheon, held at noon Saturday at Odom's Restaurant.

Attending were the matron of honor, the bridesmaids, and also Mrs. Lewis Newton of Cross Cut, Mrs. R. P. Haun, Eastland; Mrs. Joe Lane, Colorado City; Mrs. Myron Pumphrey, Abilene, and Miss Billie Helen McMillan, and Mrs. Jack Scott of Cross Plains.

COLEMAN COUPLE PARENTS OF SON BORN OCTOBER 9

Stacy Lee is the name of the new son of Mr. and Mrs. James R. Moore, of Coleman, born Thursday, October 9 in the Overall Memorial Hospital in Coleman. He weighed 7 pounds.

Grandparents are Mr. and Mrs. Bruno Jermelka of San Angelo and Mrs. J. A. Moore of Cross Plains.

CARD OF THANKS

I am very grateful to all the friends and neighbors for gifts, cards, visits and words of comfort during my stay in the hospital and after I returned home. Prayer is that you will continue for your kindness.

Sunday dinner guests at the Thompson home were Mrs. James Brandon, Mrs. L. W. Coppinger, Mr. and Mrs. Scott and Mr. and Mrs. E. J. Tonn.

Mrs. Hope Wyman and disson of Quanah are visiting with Mrs. Wyman's mother, S. C. Sipes, and husband. Mrs. Sipes, who has been confined the past four weeks, is believed to be improving.

Han-ko-ta-wi Troop News

By Judy Fortune, Reporter
Mary Newton called the meeting to order when the Camp Fire Girls met and the minutes were read by Peggy Lane.

We decided on our Indian Troop name which is Han-ko-ta-wi.

Mrs. Goble and Mrs. Belyeu served refreshments.

Present were Sandra Apple, Mary Newton, Beth Hutchins, Fran Swindie, Mary Ruth Coggin, Peggy Lane, Connie Goble, Judy Fortune, Miss Strong and Mrs. Goble and Mrs. Belyeu.

Camp Fire News

The Campfire Girls met October 10 in the homemaking building. Sandra Barr called the meeting to order and Linda Whitton read the minutes. Jackie Holt then took the dues.

Some of the girls who had paid for Campfire Handbooks received them.

We decided to make our designs for our headbands and bring them to our next meeting.

We also discussed the earning of our Trailseeker Rank.

Refreshments were served by Mickey Freeman. We afterwards played games.

Those attending the meeting were: Kathleen Cowan, Sandra Barr, Linda Whitton, Cynthia Hickman, Jackie Holt, Linda Bodine, Elaine Parker, Julia Morgan, Jackie Cantrell, Becky Baird, Evelyn Potter, Velma Pittman, Elgene Walters, Mickey Freeman, Mrs. Whitton, leader, Mrs. Claborn, assistant leader.

Intermediate Methodist Youth Fellowship Meets

Mickey Freeman, Reporter
The Intermediate Methodist Youth Fellowship met October 12 in the basement of the First Methodist Church at 6:30 p.m.

Mrs. H. C. Freeman presented us with a Bible quiz.

After the Bible quiz and our lesson we had refreshments served by Jack Webb Baum. We then played games.

Mrs. Chambers To Give Piano Recital Sunday

Mrs. J. A. Moore Honored On Her 83rd Birthday

The children of Mrs. J. A. Moore honored her Sunday, Oct. 12, with a dinner at her home on her 83rd birthday.

The youngest grandchild present was the four-day-old son of Mr. and Mrs. James Moore.

Those present to enjoy the occasion with Mrs. Moore were: Mr. and Mrs. J. L. Moore and Mr. and Mrs. Jess Moore, Abilene; Mr. and Mrs. James Moore and four sons, Coleman; Mr. and Mrs. B. A. Moore, Mr. and Mrs. W. D. Smith and Gwynn and Edde Elliott, all of this city; Mr. and Mrs. David Chappell, Brownwood; Mr. and Mrs. Earl Hart and Mr. and Mrs. Eddie Hart and son, Sinton; Mr. and Mrs. Bob Cearley and two children, Austin, and Truman Moore of the home.

Mr. and Mrs. Fritz Barnett were here from Abilene for a week end visit with her parents, the Lloyd Bryans.

Roger George of Midland visited Friday night and Saturday with Benny Glover.

Mr. and Mrs. C. F. McMillan of Coleman visited in the home of their son, Exal McMillan, Saturday evening.

Margaret McCarty of Fort Worth visited here Saturday night and Sunday with her parents, Mr. and Mrs. Dan McCarty.

In 1922, the first balloon tires were introduced on U. S. cars.

Dennis-Mosley Wedding Vows Exchanged Oct. 1

Wedding vows were exchanged Wednesday evening, Oct. 1, by Kay Dennis and Mark E. Mosley in the First Baptist Church at Baird. The Rev. Davis Harrell, pastor of the church, officiated at the double ring candlelight ceremony.

The bride is the daughter of Mr. and Mrs. J. E. Dennis of Baird and a granddaughter of Jack Meador of Cross Plains.

Parents of the bridegroom are S. E. Mosley and Mrs. Marie Mosley of Fort Worth.

Wedding music was presented by Miss Glenda Dennis, Mrs. W. L. Lineman and Mrs. Robert Corn.

Given in marriage by her father, the bride wore a street length dress of blue lace over satin, with matching accessories. A short veil fell from a velvet head bow. She wore a single stand of pearls with matching ear screws, and carried a garland surrounded by pink rosebuds atop a white Bible.

Ann Dennis, sister of the bride, was maid of honor.

Johnny Mosley of Fort Worth served as his brother's best man.

Candle lighters were Donnie and Vickie Dennis and ushers were Jimmy Gattis and Larry Mosley.

A reception was held in the church fellowship hall.

The couple are at home at 1412 Hickory in Abilene, where the bridegroom is employed by Thornton's Department Store.

Attending the wedding from Cross Plains were Jack Meador, Mrs. Carl Champion, Mrs. Pat Shirley and Mrs. Opal Gattis and Jimmy Lee.

Mr. and Mrs. G. V. Cunningham of Snyder visited here and at Cisco the past week end.

Mr. and Mrs. W. R. Thompson were in Fort Worth Saturday, where they visited in the home of their daughter, Mrs. Bob Baker, and family.

Mr. and Mrs. M. C. Green and daughter of Houston spent Monday night here visiting his father, S. M. Green.

News is the plural of the word "new." The Greeks' word for it was "neos" and it became in Anglo-Saxon "neowe" and later in middle English "news." It is akin to the French "nouvelles."

Despite increased competition for people's time, newspaper circulation in the U. S. has reached a new all-time high of 58 million newspapers purchased daily. With Canada added, the figure is over 61 million newspapers purchased daily.

Passenger car advertisers invested over 13 per cent more in newspaper advertising in 1957 than in the previous year.

STATE HEALTH NOTES

You may not know it, but the State Health Department is a first class entertainer as far as motion pictures are concerned.

The films are not intended solely for entertainment of course. They are all on educational health subjects slanted to every age group from kindergarten to oldsters.

During the last two years, over 15,000 bookings have been made of health department films, and displayed to more than one-and-a-half millions of Texans.

Film library secretaries claim that some of the more popular films, such as "The High Wall" - a mental health film dealing with human prejudices - are booked weeks in advance. It is for this reason that a second, third and fourth choice is requested when making application for film loans.

Careful records are kept of each film containing the number of showings and total audience. Unfortunately about half of the loanees do not fill out the requested information on the card enclosed with each film. As a result the totals actually fall short of the whole number of showings and audience covered with each film.

Some films are very popular. "Preface to Life," a film about parent-child relationships for showing to adult audiences, had 26 viewings before 900 people during September.

One of the headaches of the film library is that loanees insist on re-winding films after use. Film librarians would rather rewind the films themselves in order to check for damage and to clean the film at the same time.

Often costly film is damaged during the rewinding process when done by unskilled operators. Also, prompt return of a film is important because often films are booked continuously and three to four days must be allowed for delivery.

Even though some titles may have as many as 10 copies, there is still a waiting list in the peak seasons. Parent-Teacher groups are high on the list of viewers outside school children.

Any responsible person or group may borrow a Health Department film for nonprofit showings. The only cost is the return postage.

A catalog, listing and explaining the nature of each film is available from the Film Library, State Health Department, Austin 1, Texas.

There are over 1,400 films to choose from and all of them will help you to live a healthier life.

Passenger car advertisers invested over 13 per cent more in newspaper advertising in 1957 than in the previous year.

Cross Plains Review - 4

More people travel by automobile than by all other means of transportation combined.

More automotive advertising dollars are invested in newspapers than in any other medium.

Automobiles were offered to customers "completely equipped" for the first time, in 1910.

In 1957, makers of automotive parts and accessories increased their advertising in newspapers by 141 per cent over the previous year.

In 1922, several makes of cars introduced gasoline gauges on their instrument panels.

Last year, gasoline and oil advertisers invested over \$30,000,000 in newspaper advertising.

The tire and tube industry in 1957 increased its investment in newspaper advertising by 39 per cent over the previous year.

Passenger cars in the U. S. travel an average of 9,359 miles per year.

Thursday, October

Practically every sale product manufactured in million people who read it on an average day.

For decades, newspaper circulation has kept pace with the number of U. S. people. Since 1920, the number of households has more than doubled.

Typewriter Ribbons. The Review

NEWEST IN '59 CHEVY MODELS

In 1959, Chevrolet offers a complete Impala series in its array of 14 passenger cars. The top-flight member of this new series is the smartly styled sport sedan. Additional models in this line include the convertible, sport coupe and a four-door sedan. This luxury model is more spacious with an exciting new wrap-around rear window, a sleek flat top and de luxe interior appointments. New paint retains brilliance up to three years. Mechanical advancements of improved brakes, new suspension and easier handling point to a luxury liner that is marked for top popularity.

NEW CHEVROLETS ON DISPLAY--

(Continued From Page 1)

27 per cent more lining area pro-
 vide surer stops, longer life. Tires
 improved for durability and reduced
 in rolling resistance through
 newly developed cords, which run
 cooler, offer a softer ride and last
 longer.

A Turboglide transmission of ad-
 vanced design. One of two auto-
 matic transmissions in the 1959 line,
 the quality of Turboglide has been
 raised to a new peak.

Easier steering and the inclusion
 of a second, shock-resistant univer-
 sal joint. A radiator increased in
 cooling area. A simplified, more
 productive electrical system.

In addition to a bold, fresh de-
 sign, Chevrolet bodies for 1959 excel
 in comfort and structural unity. An

impressive increase in passenger
 space is exemplified by almost five
 inches more width in the five and
 one-half foot front seat. With 20
 per cent greater capacity, the trunk
 has been increased up to 32 cubic
 feet. Still another example of gen-
 eral commodiousness can be found
 in station wagons. The cargo space
 has been lengthened to almost eight
 feet.

Sedans have been reduced in
 height one inch; sport models two
 inches. Through lower body mount-
 ings and a new roof configuration,
 the advantage has been accomplish-
 ed without sacrifice, and in some
 cases an actual gain, in headroom.
 Station wagons are now no higher
 than the four-foot, eight-inch se-
 dans. Front tread of the car has

been broadened 1.5 inches; the rear
 tread 5 inch. Wheelbase is 119
 inches and the overall length 210.9
 inches.

Worthy of particular attention in
 the new bodies is the introduction
 of a new acrylic lacquer, a nine-
 step metal finishing process that
 adds depth to color and remarkable
 longevity. Under experiment for
 several years, the new acrylic body
 surfaces will not require polishing
 for as much as three years in nor-
 mal climates.

Extraordinary visibility character-
 izes the entire line. Glass now ex-
 tends higher into roofs and curves
 farther inward at corners of the
 body super-structure. Narrow pil-
 lars, as well, encourage the feeling
 of airiness. Typical of increased vi-
 sion safety is the four-door sedan.
 The windshield alone gets 604.7
 square inches of glass more than its

last year's counterpart and total
 glass area is 1189.5 square inches
 more than in 1958 sedan models.
 The overall visibility area has been
 increased up to 50 per cent.

Among other outstanding styling
 features of the 1959 models:
 Twin headlamps have been low-
 ered seven inches and are located
 at the extremities of the grille.

Air intakes, which are coupled
 with parking and turn lamps inside
 an anodized aluminum border, are
 above the headlamps.
 The bumper is higher and the ex-
 tension of rounded sheet metal be-

low it provides a finished, tailored
 look.

Tail-lights, located under the wing
 spread of the rear quarter panels
 are of an elongated tear-drop de-
 sign.

The concealed fuel filler cap is
 now centered below the "V" of the
 wings, behind the license plate.

Mr. and Mrs. Bailey Wilson
 visited at May Sunday with Mr. and
 Mrs. Sid Monsey.
 Mr. and Mrs. Clint Brashear of
 Cisco were Cross Plains visitors
 Tuesday.

Now... all America sees the one that's truly new!

Like all '59 Chevis, the Impala Sport Sedan has Safety Plate Glass all around.

what America wants, America gets in a Chevy!

'59 CHEVROLET

It's shaped to the new American taste with a lean, clean silhouette, crisp new contours, beautifully restrained accents. It brings you more spaciousness and comfort with a new Body by Fisher. It has a bright new sheen—a new kind of finish that keeps its luster without waxing for up to three years. New bigger brakes. Vast new areas of visibility. New Hi-Thrift 6. New handling ease and road steadiness. It's new right down to the tires!

Never before has an automobile manufacturer made such sweeping changes two years in a row. And never before has any car been new like this one.

The 1959 Chevrolet is more than a re-styled car—more, even, than a completely new car. It's your kind of car. Shaped to reward your new taste in style with a fresh Slimline design that brings entirely new poise and proportion to automobile styling. Inside the new and room-

ier Body by Fisher you'll find truly taste-
 ful elegance. And you'll have clear seeing
 from every seat. The new Vista-Pano-
 ramic windshield curves overhead—and
 there are new bigger windows, too.

When you take the wheel, you find Chevy's
 newness goes down deep. A new steering
 ratio makes handling easier. New sus-
 pension engineering gives you a more
 stable ride. There's a sweet new edition
 of Turboglide*. A new Hi-Thrift 6 that

goes and goes on a gallon. Vim-packed
 VS's. New and bigger brakes. Even
 tougher, safer Tyrex cord tires.

There's still more! A new finish that
 keeps its shine without waxing or polish-
 ing for up to three years. New Impala
 models. New wagons—including one with
 a rear-facing rear seat. And, with all
 that's new, you'll find those fine Chevro-
 let virtues of economy and practicality.
 Stop in now and see the '59 Chevrolet.

PETROLEUM—basic to the needs of our time

Oil and natural gas have powered most of the great technological advances of modern times; petroleum hydrocarbons have transformed the dreams of inventors into the realities of engineers . . . Today, in the United States, oil and natural gas provide about 75% of the country's energy requirements; and large quantities of oil, available for production beyond immediate need, are necessary to the national security.

An obvious example is the gasoline that powers our automobiles; another is the diesel fuel burned by post-war railway engines. But do not overlook electric power plants, the airplane, whether jet or propeller driven, factory power plants, farm mechanization, and the revolution since World War II in home heating devices. Oil provides the energy that moves the trucks, airplanes, ships and tanks of our Armed Forces.

But petroleum as a source of energy is only part of the story. In the past two decades, the petrochemicals have supplied the country with a vigorous new industry: already most of our rubber is made from petrochemicals . . . the ubiquitous plastics derive from petroleum products . . . paraxylene, a petrochemical, is the raw material for one of the most useful of the new fabrics. In this area, wonders never cease; the petrochemicals contribute more each year to the efficiency, comfort, and convenience of modern living.

Thus, oil's progress has made other progress possible all along the front of American industry . . . Petroleum is the American resource that is

basic to the needs of our time . . . that is essential to our national security.

The Humble Company, established in 1917, has developed with the industry.

Humble's exploration activities extend from Florida around the rim of the country to California, Oregon and Washington, and beyond to the new State of Alaska . . . The Company is a leader in the production of oil and gas in the United States . . . Humble Pipe Line Company is a public carrier transporting not only Humble's oil but that of many other companies and independent producers to Gulf Coast terminals . . . Baytown refinery is one of the nation's great manufacturing plants . . . And Humble is a marketer in the Southwest, supplying the needs of motorists in modern service stations.

The Humble Company believes strongly in research, maintains two outstanding research facilities, and annually budgets considerable sums for this activity . . . Humble research has made substantial contributions to the discovery, production, and utilization of petroleum.
