30-POUND BOBCAT CAUGHT AT ATWELL

A 30-pound bobcat was caught in a trap by B. F. Hutchins of Atwell Saturday night.

The giant feline was believed to have been killing grown goats. He was believed to be preying on an area of about 15 square miles in the area north of Cross Plains.

The animal was one of the few seen here with wattles along the lower portions of his jaws.

Hutchins has caught eight other bobcats this year, however, none was as large or of the type as that snared last week.
