#### PATTERNS FOR PROGRESS IN COMMUNITY DEVELOPMENT

Mr. and Mrs. Wayne Graves

### Industrial development . . . successful achievement

Not long ago WTU published an ad about the

\$1,300,000 improvement program in the West

Texas community of Stamford. As we stated

then, it was done for the purpose of "improv-

ing the chances of continued economic growth

and attraction of new industry." And . . .

industry responded! Today a well - known

maker of women's and girls' apparel and sportswear is thriving in Stamford, with an

annual payroll approaching \$300,000. Selling

its products all over the Nation, Stamford's

new industry has almost tripled its employ-
