Local Methodists Get New Minister

Rev. Lloyd Coker of Grove has been assigned as pastor of the First Church in Cross Plains. Coker succeeds the Rev. Shaw who was transferred to the Mount Christ Methodist Church in Waco.

Coming minister will be the Burkett Methodist Church. Schedules will be set to avoid conflicting the two pulpits.

Mr. Coker, a 1960 graduate of Howard Payne College, Brownwood, has served for his ministry in the Texas Conference. He was in Brownwood as pastor of the Mount Christ Methodist Church. He went from there to Blanket where he served three and one-half years, then at Bethel, Mahachie, 18 months, and at the Methodist Church in Cross Plains for three years, and at Grove the past three years.

The new pastor and his wife and three children, two of whom are in college, will arrive in Cross Plains on Sunday, June 19. The youngest daughter is a junior at Tarleton State College next semester.

Rev. Lloyd Coker

The Rev. Mr. Shaw, who preached his last time as pastor for the local congregation Sunday, was to move to his new assignment Wednesday. He had been in Cross Plains only one year. The Rev. Mr. Shaw had also pastored the Cottonwood Methodist Church and his successor here will continue to serve that charge, arranging services there at scheduled dates.

FOOT IS FRACTURED BY LUCKILY HITTING TREE

Homer Turner of Cross Plains has a broken heel, and ankle, and yet, considers himself lucky.

Turner was riding his horse in a pasture near his home about two miles west of town one Sunday recently hunting a lost calf. A rabbit jumped up near the horse, and in its fright the mount unseated its rider. Turner caught his left foot in the reins as he fell which further frightened the animal causing him to bolt.

"He dragged me about 100 yards," Turner explained, before my right foot hit a tree which snapped the reins. The impact fractured Turner's right ankle and heel. He said, "The horse stopped when I fell free, and I rode him back home."

A local physician placed the injured foot in a cast which Turner will have to wear the next six or eight weeks.

C. W. Westbrooks, resident engineer of Abilene, has called a pre-construction conference concerning State Highway 279 today, Thursday, at the City Hall. The session will begin at 10 a.m., and all interested persons are invited to attend.

Westbrooks, who will be in active charge of the project, said that a discussion of construction procedures involved with the rebuilding of 279 from its junction with State Highway 36 within Cross Plains limits southward to the Brown County line will be discussed.

Contract for the 3.089 miles has been awarded to M. E. Ruby, Jr. Inc. of Austin. The bid submitted was for \$139,380.77 which includes grading, some of which will be widened adding flexible base and two course surface treatment.

Lee, a 1966 graduate of Cross Plains High School, will begin workouts at HPC around the first of August and spend most of the fall semester concentrating on cross-country conditioning.

Placing fourth in the mile run at the state Class A Relays last season, Lee jogged to first place this year at the Austin races and established a new record in the event. His time was 4:25.0.

He also ran the anchor leg of Cross Plains' mile relay team this season. The group placed third in District 10-A competition.

Lee earned three letters as a Buff cinderman and credits much of his success to workouts through the summer months and on week ends, in addition to his school-sponsored training.

"Cap" Shelton, who directs Howard Payne's track program, has tutored several cross-country groups to national recognition and the Yellowjacket distance specialists almost invariably garner the bulk of the blue ribbons on the Lone Star Conference tour.

Former Rowden Couple Killed By Crash Sunday

The couple returning from a visit to Rowden in an automobile accident Sunday afternoon at 6:30.

A. Kline, 59, and his wife, the former Mrs. Rowden, were killed instantly when

their car and another auto collided. Officers said both drivers apparently lost control of their vehicles after the cars sideswiped. The automobiles crashed into ditches on opposite sides of the road.

The Kline car hit a creekbed and jammed into a culvert.

Teresa Louise Summers, 11-month-old granddaughter of the Klines was rushed to W. I. Cook Children's Hospital in Fort Worth, said to be suffering with a fractured pelvis, broken leg and possible concussion. Her condition was described as critical. She was, however, taken off the critical list late Monday.

The Klines were en route home after having spent Sunday at Rowden with her mother, Mrs. Mattie Gibbs, and Mrs. Kline's brother, Raymond Gibbs. Occupants of the other car were treated at a Weatherford hospital and released. They were Mr. and Mrs. Darlee Hollins of Dallas, two children and Jasper Williams, whose address was not immediately learned.

Both cars were traveling east on the rain-slick highway.

Funeral services were to have been held Wednesday at 10 a.m. from Owen-Brumley Funeral Home in Fort Worth. Burial was to have been in a cemetery there.

'Phone Rate Hagggle Continues

Rising Star City Council has denied Kizer Telephone Co., Inc. a requested increase on telephone rental rates, according to Rising Star Mayor W. G. Reed.

"We definitely turned it down," he said Tuesday. Reed continued, "My council was tied 2-2, and I voted off the tie." The action was taken June 6 by the council in that city.

Cross Plains Mayor Doyle Burchfield said yesterday that the City Council here will prob-

ably take a vote on the Kizer proposal next Tuesday night.

Both city bodies had previously rejected the requested hike. However, that veto concerned a proposition made last year.

New Plan

Kizer officials offered a new plan recently. Although it still asked for about the same increase, the request offered two major changes.

Proposal offered this month calls for the hikes to be made in two separate steps of about equal amounts. If approved, the

initial raise would take effect July 1, and the second Jan. 1. Other major change proposed leaves extension phones at the present rate in both business and private homes. Formerly a 50 cent monthly advance was called for.

Under the present plan one party business phones would increase by \$3.25 monthly to \$12.50. Private residence lines would cost \$6.50 after Jan. 1, a hike of \$1.25. Rentals on other types of service would go up proportionately.

Minister Is Hurt In Wreck Here Sunday

A car-truck accident just east of the Cross Plains city limits destroyed a 1958 Chevrolet and blocked State Highway 36 for more than an hour.

James T. Luck, a Baptist pastor at Whitney, driver of the auto, escaped with apparently minor injuries although his car was estimated to be a total loss by Cross Plains Patrolman Bill Vineyard who investigated the accident.

Luck, who had been seriously injured in another mishap six months ago, struck the left rear of the trailer of a 1964 Mack truck which was making a "U" turn immediately west of the Glenn Merrill house. The truck, owned by Southwestern Transfer Co. Inc., of El Paso, and driven by Edwin Earl Crocker of Houston, sustained only minor damage. Vineyard said, "The truck had jammed dual tractor wheels under the trailer, which was loaded with construction steel, by turning too sharply. Luck's vehicle was traveling west en route to Odessa and he was treated and released by a local physician.

Deputy Sheriff Howard Cox and City Marshal Edgar Heard assisted Vineyard with investigation and routing of traffic around the accident.

Lawyers Begin Steps For Bids On Housing

Attorneys of the Fort Worth Public Housing Authority of Abilene have begun legal steps whereby bids may be asked for construction of a \$256,000 housing project in Cross Plains.

Mrs. Gene Rhodes, local executive secretary, said yesterday that Fort Worth officials, who control the local project, have agreed to take necessary action to permit building of the housing here which was postponed recently by title difficulties arising out of mineral rights on the construction sites. It was first thought that the local authority would have to secure non-disturbance agreements from oil companies who have held oil leases on the sites.

Mrs. Rhodes explained that no date has yet been set for asking for bids on the Cross Plains 20-unit project. However, she said as soon as the legal transactions are completed bids will be asked.

The local housing head was in Austin last week where she attended a meeting to insure Cross Plains housing project being included in the next bond issuance.

WTU NOTEBOOK—PATTERNS FOR PROGRESS

INDUSTRIAL PROSPECTS ... a must in Economic Development

Obtaining leads on industries that might locate in a community is one of the hardest parts of any sound economic development program. The lack of an industrial prospecting program that produces several leads may cause serious mistakes by a community in financing or other endeavors to attract unsound or unattractive industry. A community needs a well balanced program, combining all the techniques and utilizing all of the sources that will give it increased effectiveness and chances for real success.

LOCAL PEOPLE AS A SOURCE OF INDUSTRIAL PROSPECTS

- usually provide a sound reason or give the community a competitive advantage in attracting the industry.
- BUSINESSMEN—should ask the company representatives they buy from if the company needs additional manufacturing facilities to serve this market area, also, service stations, restaurants and motel people can ask their customers.
- CITIZENS—who know someone that works for an industry should inquire if that industry might be interested in locating a plant.
- EXISTING INDUSTRY—may need a companion industry to supply them with raw materials or services. Expansion of existing industry is sound economic development.
- LOCAL IDEAS—can provide leads for the local people to establish an industry of their own or attract a certain type industry.
- EX-CITIZENS—should be contacted, advising them and asking their help to obtain leads on any industry that could logically locate in the town.

CHAMBER OF COMMERCE ACTIVITY — should utilize such programs as direct mail, asking local citizens to call on industries when they are on a trip — watching all news media for possible leads or indications that a company might expand.

COOPERATION WITH OTHER AGENCIES — such as utilities, banks, railroads, regional and state development organizations can provide leads for new industry. Keep all of these organizations fully advised of the local programs, advantages, activities and community interest for attracting new industry for improved economy in your community.

ANY and ALL industrial leads should be handled through and by the local group that has been delegated this responsibility, usually the Chamber of Commerce.

Ask your WTU local manager for additional information and services available.

Cross Plains Rebels, taxed the De Leon Colts 12-6 Friday night, increasing their won-lost record to 2-1 for the season. The local junior teenage group banged out seven clean hits against De Leon, three of which were credited to Jimmy McCowan.

The Rebels mounted a first inning rally and led 4-3 after four frames. They added four big runs in the sixth and backed them with a final score in the last inning.

The Colts scored three men in the fifth but their offensive efforts in the last two innings were to no avail.

The Rebs were to have returned to De Leon Tuesday to meet the Eagles, also of that city.

Cats Are Top Candidates For Little League Laurels

With just three weeks of play remaining in the Little League season, local grandstand sportscasters are looking to the Cats as prime candidates for the Cross Plains championship.

The Cats have won the league the past two years and presently list a won-lost record of 11-1. Nearest contender for the elite slot is the Buffs, far back in second place with a 5-7 card.

Kilowatts and Scouts are each waging a concerted campaign for second place. They are now sharing third with 4-8 records for the season.

Scouts took a 10-4 decision from the Kilowatts in Thursday's opener scoring five runs in the first inning. Two more scores were added in the second period and three in the third before the offensive attack ceased.

Kilowatts tallied one in the third inning and scored three more in the top of the fourth, but couldn't match the Scouts' blistering offensive pace.

Junior Rector was named winning pitcher, giving up four runs in three and one-half innings on the mound. He was replaced by Rodney Renfro who finished out the game on the mound and allowed only one hit while holding the Kilos scoreless.

Loss was charged to Lynn Koenig, assisted by Eddie Koenig and Bowen Clark.

Thursday's 8 o'clock event matched the Cats and Buffs in a one-sided battle for first place. Although the Bison drew first blood in the initial inning and led the field again in the third frame, the feline aggregation proved its merit when it launched an offensive campaign that gave the ex-champs a two-run victory, 11-9.

Buffs took a one run lead in the bottom of the first but the Cats countered in the top of the second with two scores. They stretched their lead to 5-1 in the top of the third with three more runs, holding the Buffs scoreless in the second period.

A big five-run third inning reinstated the Bison with a one-run margin, 6-5. Cats counted four scores in the top of the fourth and punctuated the rally with one each in the fifth and sixth innings. Buffs rallied in the fourth for two runs, cutting the deficit to one score, but they failed to produce in the fifth. Only one more run was recorded on the Buff ledger after the all-important bottom of the sixth, leaving the second place bunch two tallies shy of the necessary amount.

Winning pitcher was Wayne Bishop and the loss was charged to Tommy Brown.

Tuesday's curtain raiser added another win to the Cat record as they stomped the Kilowatt team 10-6.

Cats scored all their runs in the first three innings, 1-6-3. The Kilos produced four scores during the same three periods and added two more in the fifth.

Donald Pope was the winning pitcher, going the route. The loss was charged to Eddie Koenig, who went one and one-third innings before being replaced by Bowen Clark. He gave up his past to Roy Merrill in the third inning and Merrill finished the game, giving up on-

ly two hits.

Second game on Tuesday proved to be the "game of the week." Struggling to maintain solitary possession of second place the Bison clipped the Scouts 4-3.

The first inning was score-

less.

Each team drove in one run

the second period.

The third frame was score-

less.

And each squad tallied a single

score during the fourth.

But there the repitition end-

ed. Buffs broke the string with

a pair of runs in the fifth inning

on a triple by lead-off man Ed-

die Wyatt. James Wilson sin-

gled, driving him home, and

Wilson then stole from third.

Scouts had an opportunity to nullify the Buff effort but couldn't shake their old ways and produced only one score.

Neither team scored in the sixth, although the Scouts loaded the bases with no outs, giving Buff fans some anxious moments. Two Scout batters were tagged short of home place and another flunked out in the batter's box.

Carroll Falkner was acclaimed winning hurler, relieving Tommy Brown after two innings. Eddie Wyatt made the last inning save pitching his team out of the bases-loaded hot spot.

Standings are:

Mrs. Anna Myrl McGowen of Monahans, Mrs. Fred Heysler of Baird and Ray Scott of San Angelo visited kinsmen in the Cross Plains area Sunday.

Chiefs Downed 13-7 At Comanche Friday

Comanche's senior teenage Chiefs overran Cross Plains 13-7 Friday night, but the home town Chiefs remained tied for second, one game behind Bangs, the present league kingpins.

Joe Pope stayed five innings on the hill for Cross Plains, allowing 10 runs before he was relieved by Mike Ratliff, who was tapped for three scores.

At the end of five innings Comanche led 10-4, and the locals ran in three more scores in the sixth but couldn't overcome the deficit.

Junior Drillers Blank Comanche 2-0 Here

Cross Plains junior teenage drillers remained undefeated Saturday night as the locals shut out visiting Comanche High-bothams 2-0.

A scoreless tie existed until the fourth inning when the home standing Drillers cracked the Comanche defense for the two runs. Mike Lusk got on base via a fielding error and David Merryman was hit with a pitch. Delbet Turner singled and Lusk and Merryman came home. Cross Plains had base runners in the first, third and fifth frames but could not score. Comanche had players as far as third base in the second, fifth and sixth innings.

Richard Pope was credited with the win in going the distance on the mound. He struck out 10 batters, allowed three hits, all singles, and walked two, but Driller fielders committed three errors.

The win pushed the Drillers' record to a 3-0. De Leon Eagles will invade the Drillers' "dog house" Saturday night at 7:30.
