MULESHOE, County Seat of Bailey County, TEXAS, THURSDAY, OCTOBER 3, 1935

NUMBER 36

BIG CIRCUS, COUNTY FAIR, TRADES DAY HERE OCT. 7

G. H. Nelson, of Tahoka, Is Chosen As The Next State Senator

COUNTY WIDE FARM EXHIBITS TO FEATURE FAIR TO BE HELD HERE MONDAY; MUCH INTEREST SHOWN

Displays of Canned Fruits, Vegetables, Choice Farm Crops Of All Kinds, Quilts And Many Other Items.

Fervish haste and increasing interest is being manifested all over Bailey county as preparations are being rushed forward for the county fair to be held in Muleshoe next Monday, October 7.

This county-wide event is being sponsored by the local Kiwanis club, cooperating with J. B. Waide, Jr., county farm agent, and Miss Alma Stewart county home demonstration agent, also various community leaders throughout the county.

A beautiful silver plaque mounted on mahogany shield will be given for the best community exhibit, and ribbons, blue, red and white, representing first, second and third honors, will be accorded exhibitors.

Place Entries Early

All entries must be placed by 5:00 p. m. Saturday, Oct. 5. Canned products and quilts will be placed by Saturday noon and must remain until 4:30 p. m. the following Monday before being removed.

No class shall be judged where there are less than three entries.

The decision of the judge shall be final.

The community prize will be awarded on the following basis:

(1) For each prize won by an exhibitor residing in that community or crop grown in that community:

A \$32,000 LOAN-GRANT FOR A SEWER SYSTEM IS MADE CITY BY PWA

City of Muleshoe Gets \$17,600 Loan and \$14,400 Grant For Building Sewer System; Work May Start In Next 30 Days.

A telegram was received here Tuesday by Mayor Tom H. Davis stating final approval of Washington officials had been given the application to PWA for loan and grant of funds with which to build a sewer system in Muleshoe, the amount loaned being \$17,600 and the grant \$14,400. The telegram is as follows:

"Washington, D. C. Sept. 30, 1935. Tom Davis, Mayor, Muleshoe, Texas.

"PWA just released statement showing approval of Muleshoe application for sewer system loan of \$17,600 and grant of \$14,400.

Lloyd Crostin, Secretary."

Application for this much needed system was made July 5, details of application being prepared by Harry N. Roberts, former assistant state highway engineer, and shortly afterwards was passed by PWA office at Fort Worth.

The proposed sewer system will be modern in every respect, covering practically the entire townsite, including a disposal plant to be located in the sand hill range southeast of town where sewage will be dumped by a pumping plant on a 10 acre tract which may later be converted into a municipal farm tract and planted to agricultural products, such being irrigated by disposal sewage.

The next procedure will be issuance of bonds by an act signed by members of the City Commission, such bonds being handled by the Federal government. It is thought work of construction may begin within the next 30 days.

NELSON LEFT FIRST OF THIS WEEK FOR AUSTIN TO TAKE OFFICE OATH AND PERFORM WEST TEXAS DUTIES

Pink Parrish of Lubbock Ran Second; Jess Mitchell of Muleshoe, Third; Vote Over District Was Very Light.

As previously generally predicted by leaders throughout this area, citizens went to the polls last Saturday in indifferent manner to vote for the next member of the Texas Senate of this 30th Senatorial district to succeed the late Arthur P. Duggan. There were approximately 12,000 votes cast by the 24 counties comprising this Senatorial district, being about 8,000 less than were cast in the constitutional amendment election held August 24, and which latter vote represented only about one-half the number of poll taxes paid in this district.

G. H. Nelson, Tahoka, district attorney, was elected, Pink Parrish, Lubbock, former state senator from this district, ran second, Jess Mitchell, Muleshoe, editor, was third, B. Reagan Big Spring banker, fourth, and W. A. Evans, Lubbock attorney, fifth.

Nelson left early this week for Austin to take the oath of office and to be seated as senator from this district.

A review of the vote cast shows Mitchell, Bailey county candidate, carried three counties by large majorities—73 per cent of the votes cast in his home county, Cottle and Lamb counties also gave him good majorities over his opponents, the Cottle county vote for Mitchell being more than that received by all his opponents. Several individual boxes in various counties also gave Mitchell handsome majorities.

The following tabulation, representing about 85 per cent of the votes cast, with one county entirely absent and only six complete:

The vote cast in Bailey county was as follows:

	Mitchell	Parrish	Nelson	Evans	Reagan	Totals
Progress	10	15	1			1 26
Circleback	13	6	6	3		28
West Camp	24	4	2			30
Muleshoe	170	7	43	12		234
Goodland	17	1				18
Baileystown	21	1	1			23
Watson	26	5	1	1		33
Bailey	3	11	2			18
Fairview	3	3	1			23
Lonsview	29	1	3			24
Totals	327	43	66	19	2	459

For district tabulation of rates cast see page five.

CASH AWARDS, VAUD'VILLE, PLAYS CIRCUS, COUNTY FAIR FEATURE TRADES DAY HERE NEXT MONDAY

A Red Letter Day Promised The Thousands Of Visitors From Miles Around Who Will Throng City Next Monday.

Next Monday, Oct. 7 promises to be a real "Red Letter" day in the history of Muleshoe social and business life, for on that momentous occasion the Trades Day event will be supplemented by numerous other attractions designed to make it a colossal and stupendous event worth while in interest, education, profit and pleasure to the thousands attending from many miles around.

Three cash prizes will be awarded fortunate patrons of Muleshoe social concerns late that afternoon, and all customers are urged to be sure to make it a colossal and stupendous event worth while in interest, education, profit and pleasure to the thousands attending from many miles around.

Music will be furnished throughout the day by the "Four Aces" orchestra, and a vaudeville troop from Plainview will be there to give a program of music, dancing and entertainment stunts of different kinds.

The usual buying, selling and bartering will be in vogue, and surrounding citizens are asked to bring in any household goods, farm implements, livestock, etc., they wish to dispose of, free auctioneering services being accorded.

Various business concerns in Muleshoe are putting on special merchandise prices, the savings of which in patronizing them on this day will be well worth the visit to this county seat. Citizens receiving the Journal will do themselves a favor to scan carefully the bargain prices advertised in this issue.

The big 4-ring circus to be held here on that day will be an added attraction to both young and old, Muleshoe being fortunate to have such an exhibit of wild animals, gymnastics, terpsichorean actors and all the other wonders of the modern menagerie and show that go with it.

Still another feature of vital interest to citizens of this and surrounding counties will be the County fair to be held here that day, exhibits of an agricultural nature, livestock of different kinds, canned goods, ancient and modern quilts, and numerous other items being on display. There will also be addresses and demonstrations on various subjects worth while attending.

In all, next Monday promises to be a gala day in the history of this little city, and everyone for miles and miles around is invited to attend. Come early and enjoy the entire day!

Good Rains Bring Fine Pastures For Wintering The Stock

With approximately 16 inches of rainfall to date scattered through the crop growing season, livestock ranges of this section of the Panhandle are in the best condition for many years past.

August and September brought general rains causing grass to grow rapidly. In many places gramma grass is eight to 10 inches tall and now putting on seed, while the famous buffalo grass is relatively as long though more tightly curled close to the ground. Both are now beginning to enter the curing stage and will furnish excellent grazing for the coming winter.

Cattle, in many instances, wading through the heavy shroud of green stuff, are already in excellent condition to go through the winter, and several thousand head of stock have already been shipped in here from other sections to enjoy the benefit of local pastures.

Herds, however, are generally depleted, occasioned by the government buying and killing campaign of last year, depleted financial conditions causing owners to throw much of their foundation stock on the market, and the higher recent prices have also taken their toll from stable herds. The calf crop was much below normal, many instances only 40 to 50 per cent of the droppings being recorded.

Many buyers are now reported in this section.

DIRECTORS FOR POULTRY SHOW ARE ELECTED

Organization Will Be Completed Monday At Court House.

Plans looking toward holding a Poultry show in Muleshoe sometime in November, another step forward when a meeting was held with a group of directors were appointed as follows:

Mrs. J. F. Carter, Maple; J. R. Sherbiff, West Camp; W. A. Elmore, Cottleback; Sam Billingsley, Fairwell; S. J. Warner, Friona; Lloyd Quisenberry, Geo. Harris, Levi Churchill, Mrs. Henry Lavigne, Mrs. J. L. Whitrow, Albert H. Isaacs, J. B. Waide, Jr., Miss Alma Stewart, T. C. Young, W. B. Wagnon, Muleshoe.

Another meeting will be held here in the District court room, Monday, October 7, beginning at 2:00 p. m., to which all interested people are invited attendance, and at which time permanent officers of the association will be elected, a constitution and by-laws adopted and organization completed.

Previous poultry shows held here have given exhibition of some excellent birds and have been largely attended. Indications were that the coming show will be bigger and better than any previous exhibitions.

GRADING SHOW FOR TURKEYS AT PLAIN VIEW

Local Delegates Will Attend The Big Bird Meet Oct. 11-12.

PLAINVIEW, Sept. 30.—Texas' only official Turkey Grading school will be held in Plainview October 11 and 12, according to J. T. Hoggins, president of the Plains Turkey Inspection association in the Hilton hotel.

Thomas W. Heit, marketing specialist of the U. S. Department of Agriculture and R. P. McCarthy, poultry specialist of the Texas A. & M. college will have charge of the school and certificates for turkey graders will be issued those who pass the examination following the school.

"It is our hope that at least two or more representatives of the various counties in this territory will attend and be certified as turkey graders," Hoggins stated. "We feel that this section is very fortunate in securing the only official grading school to be held in Texas this year and we are very anxious for those interested to take advantage of it. However, even those who are not interested in securing certificates will receive considerable information that will be of value to them in producing turkeys for the market and for breeding purposes."

Bailey county citizens are much interested in turkey raising and it is probable a large delegation from this county will attend. Levi Churchill, local prominent turkey raiser, is a former president of the South Plains Turkey Growers association. At the last turkey show held in Plainview Churchill, Fred Warren and others were premium winners, Churchill and Warren carrying off the highest honors of the bird show.

4,328 Acres of Land Changed Hands In County In Sept'br.

There were 4,328 acres of land in Bailey county that changed hands through various transactions during the month of September, according to records at the county clerk's office, as follows:

Sept. 5—Matt Speck et ux to J. S. Speck, 50.2 acres of labor 21, league 197, Lubbock county school land.

Sept. 7—J. S. McFadin et ux to Evelyn Miller, 71.1 acres of labor 22, league 196, J. S. McFadin et ux to Fred Miller, E. 100 acres of labor 22, league 196.

Sept. 9—Wm. McHorse et ux and E. R. Wright et ux to Fairview Land & Cattle Co., SE 1/4 sec. 33, buock X, W. D. & F. W. Johnson's subdivision.

Sept. 25—L. A. Wells et ux to Bess L. Borex and Ada Berry, NW 1/4 of NE 1/4 sec. 81, block Y, W. D. & F. W. Johnson's subdivision, containing 40 acres Bess Borex having 2-6 interest and Ada Berry 1-6th interest.

Sept. 30—J. H. Paul to F. A. Paul, labors 8, 13, 18 and 23, league 199, Lubbock county school land. Also labors 1, 4, 8 and N 1/2, labor 6, league 196, Lubbock county school land.

F. A. Paul et ux to J. H. Paul, labors 6, 13, 18 and 23, league 199, labors 1, 4, 8 and N 1/2 of 6, league 196, Lubbock county school land.

COCHRAN GETS 5 OIL TESTS

The oil boom going on now in Cochran county is having its effect in stimulation of much building at Morton. Previous oil tests made in that area a few years ago gave strong indications of a flow at about 3,000 feet.

PWA plans for a \$67,500 court house at Clovis, N. M., has been approved by President Roosevelt.

Tim Ingram Back From Big Hunt In Wilds Of Alaska

Temple (Tim) Ingram, Lubbock, for some time assistant state highway engineer in Muleshoe, returned last Tuesday with W. G. McMillan from a big hunt in Alaska, bringing back with them three grizzlies, four mountain sheep and a caribou, killing much other game and singing the praises of Alaska as a hunter's paradise.

"It has a fascination all its own, and which artists cannot adequately portray," Ingram said. "The treacherous mountains, the aerial streams, the living glaciers moving along the placid valleys, are all vitally interesting," he declared.

The first snow storm they ran into while crossing Coely pass dropped the temperature to 12 degrees below zero. Their hunt took them within 70 miles of the Arctic circle.

Cotton Ginnings To Date Are Lower Than This Period In 1934

Cotton of this year's crop ginned prior to Sept. 16 has been reported by the census bureau to have totaled 2,318,995 running bales, in cluding 14,711 round bales, counted as half bales and 589 bales of American-Egyptian.

To date a year ago ginnings were 3,129,794 running bales, including 49,373 round bales and 1,635 bales of American-Egyptian.

Ginnings to Sept. 16 includes 94,346 bales of the crop of 1935 ginned prior to August 1, which was counted in the supply for the season of 1934-35, compared with 99,787 and 171,254 bales of the crops of 1934 and 1933.

Ginnings to Sept. 16 in Texas were 597,737 running bales.

BEGIN CHOIR PRACTICE

Beginning Wednesday night of this week at 8:00 o'clock a regular choir practice will be held every Wednesday night at the Methodist church, all singers and even those who can not sing have a special invitation to attend.

Miss Twila Farrell has been appointed director and Mrs. Pat R. Bobo the pianist.

WILSON CHANGES MANAGERS

Mark Waddell who has been manager of the Wilson Grocery store in Muleshoe for the past several weeks moved back to his former home at Tulla, Sunday.

Buck Woods, who was formerly employed with the Gunter Drug Co. in Dimit, moved here and took over the management of the grocery store the first part of this week.

Mr. Woods was well and favorably known in Dimit as a very successful business man. He is personally known by several people of Muleshoe and all here are wishing him much success in the grocery business.

MITCHELL PRODUCTS WIN

Black eye peas and cream peas, forming a part of the Bailey county agriculture exhibit at the Lubbock fair last week and grown on the Jess Mitchell farm four miles west of Muleshoe, won highest honors of their class, scoring just one point under perfection.

COTTON FREIGHT RATE SET

Rate of 56 cents per 100 pounds of cotton for the minimum car weight of 75,000 pounds, from the Panhandle points north of Justiceburg is announced for the 1935-36 shipping season. E. Kancher, division freight agent of the Santa Fe said this week.

The rate applies to Galveston, Houston and Texas City, all shipping points for steamship movement to New York and to eastern mill points. From Justiceburg south, the rate is 54 cents, under perfection.

WORLD SERIES BROADCAST !!

The Ford Motor Company has again purchased the Broadcast rights to the entire World Series. Do you remember last year—you could hear the crack of the bat when a hit was made—hear the crowds roar their approval—almost hear the pop bottles going thru the air when the boys had their big argument in Detroit! Also remember this is an entertainment feature and is not "cluttered" up with advertising announcements.

You are invited to join the crowd at our showroom for all games. Make arrangements now to come for every game and enjoy them with us.

Motor Co.

FIRST NORTHER HERE THURSDAY

The first blast of winter blew into the Plains area Thursday of last week, when a norther struck this area, accompanied by some rain that afternoon, in some quarters reported to be less than a half inch precipitation. Thursday and Friday were really wintry days, sending housewives scurrying about for more bedding, and all people discarding lighter summer wearing

apparel for the desired heavier kind. Saturday morning while opening crisp, yet gradually became much warmer during the day, first were allowed to die out in homes and business places and previous normalcy gradually returned.

Heavy winds were reported in northern and northwestern states, some places the wind producing deep drifts and the loss of several lives was reported by people who were caught unawares in the blizzard.

Muleshoe, Texas

"PANHANDLE" GASOLINE

IS NOT ORDINARY GASOLINE PRODUCED IN THE PANHANDLE

Some people have the idea that "Panhandle" Gasoline is any old gas produced by wells in the Panhandle area; but such is not the case.

"Panhandle" Noxless Gas comes from our own company wells at Wichita Falls. It is made by a special secret process by a skilled chemist, and is GUARANTEED to be of a strictly high and uniform grade.

"Panhandle" White Gas comes from wells located near Kings Mills in the Panhandle, and is refined and given a high flash test by our own skilled workmen.

You make no mistake when you call for

"PANHANDLE GASOLINE"

Accept no other—it's different from other gasolines!

Circleback News

The teachers were selected for the Sunday school classes last Sunday. Rev. John Moore accepted the charge of the Circleback church for as long as he feels called to this place.

The gun has been prepared for the gunning season and is now ready for work. Mr. and Mrs. John Cox have a new granddaughter, Miss Shirley Jo Tucker born September 20.

Grandma Garner is visiting her daughter, Mrs. Bridges. Grandpa Elmore visited his son, Clarence in Melrose, New Mexico, recently.

Mr. and Mrs. Ralph Burt have a new boy.

Mrs. McCollum received a telegram last week that her father had died suddenly.

Mrs. A. G. Hammock visited her son, J. W., recently.

Many of our school children visited the fair at Lubbock last Wednesday. George Dameron drove a school truck. Miss Slaughter and Mr. Cagle chaperoned the group.

The H. D. club met with Mrs. Lester Patton, Thursday, September 26 in a call session. After a regular business meeting, plans were made and discussed for the fair, October 7.

The community enjoyed the club social at Mrs. George Dameron's Friday night. Both Miss Stewart and Mr. Waide were present. Coffee and sandwiches were served to all.—Reporter.

GETTING "FRESH AIR"

The modern automobile may be called the universal convenience for outdoor travel. It is rare to find an American householder that does not possess some sort of a family car.

I rode in my sedan about thirty-five miles yesterday afternoon. It was sunny and warm—a perfect day; I wanted—needed—air and sunshine; I like multiplied thousands, had been hounded the week before. The question is, how much air and sunshine did I obtain?

In a very "sneaky" ride over the hills and through the country lanes, I was actually in the open for over an hour over ten minutes! Seated on the cushions, I did not get ten whole minutes of physical exercise—a solemn fact. I am forced to confess—the closed automobile is worth precious little as an instrument for gathering sunshine and exercise for the man who needs both. Three more benefits comes to the healthiest who is compelled to get out by the side of the highway and patch up a punctured tire or a "blow-out." He gets the sunshine and exercise. An auto trip over mountain roads, with camping out at nights, eating lunches broiled over a chunk-fire in the great out-doors—a trip lasting a week or two, is of immense benefit for recreation; but how very few are situated that they may go to that extent?

Let me word this exactly: I got more sunshine and exercise in my back yard one afternoon with my garden hose than I would get in an entire Sunday afternoon's auto touring, and, did it in twenty minutes. I mention this to show how easy, effective and cheap one can obtain such absolute essentials to life and health, as sunshine, air and good exercise. The humblest may reach forth and take without cost, while the idler merely "gets by" in his self-deception.

Wilson News Items

Rev. G. R. Fort filled his regular appointment at the Methodist church Sunday morning. At the evening service Rev. F. R. Pickens from Y. L. brought the message, after which the sacrament was given.

Mr. and Mrs. D. P. Reed visited his parents at Goodland, Sunday.

Mr. and Mrs. John Tyson are the proud parents of a son, "Lloyd Cayborn" September 26, weight 9 lbs.

Mr. and Mrs. Neal Woodfin are also proud of their firstborn, a son, born September 26, weight 9 lbs.

Mrs. George Tyson won third prize which was \$100 in an old time fiddler's contest held at Morton last week.

Rev. and Mrs. P. R. Pickens and son were guests of Mr. and Mrs. M. W. Holloway Sunday night.

Millard Weed and Fred Kelly were Littlefield visitors Thursday.

Mrs. Charlie Locke, Mrs. Lois Beatty, Mrs. H. W. Garvin, Mrs. Geo. Tyson and Mrs. E. B. Fleming visited with Mrs. Pearl Kelly and Mrs. Pauline Weed Thursday afternoon.

Mrs. George Tyson and daughters are visiting her mother at Muleshoe, Mrs. G. R. Fort.

"Luck knows not where I live, I guess, but trouble has my home address."

BRUCE BARTON

Writes of "THE BOOK" the first line of which reads, "The Holy Bible," and which contains the great treasures.

TEN FAMOUS WOMEN

The same letter which invited ten thousand preachers to name the ten greatest men in the Bible asked also for a list of ten famous women. Seventy-four names received votes, and the following ten are selected from among the highest, and are arranged not in the order of their popularity but in their chronological sequence.

- 1 - Eve, "the mother of all living."
- 2 - Ruth who had the highest vote next to Mary, the mother of Jesus.
- 3 - Hannah, the devoted mother.
- 4 - The woman whom the Bible calls Jezebel.
- 5 - Esther, the beautiful queen.
- 6 - Mary, the mother of Jesus (for whom practically every vote was cast).
- 7 - The mother of Scalegia.
- 8 - The Bethany Sisters.
- 9 - The woman of Samaria.
- 10 - The widow who gave the mite.

Eve: Every ancient people has its own legend of the creation of the first man and woman, and in almost every story the woman gets the worst of it. It is only fair to Eve to remember this. Some man (Moses or another) is her biographer.

When the woman saw that the tree was good for food, and that it was pleasant to the eyes, and a tree to be desired to make one wise, she took of the fruit thereof, and did eat, and gave also to her husband.

So much for the Eve whom everybody knows, the Eve of the Garden and the transgression. We shall not linger with her. It is with Eve the girl with an unhappy memory and the swift disillusionment going forth with the young man she loved and making a home "east of Eden," whom we should like to know better.

There in the backwoods is heard the lullaby of this primitive Madonna, singing the song that all mothers have sung:

"I have gotten a man From the Lord;" She knows very well that the child is Adam's son, this child, this miracle of little pink toes and tiny hands that have such terrible clutch at one's hair and heartstring.

That is the theme of all cradle songs. Eve set the mothers of the world singing. She did wrong, in that apple affair. But as a result of it she and Adam were no longer in Eden; they were working to pay off the mortgage, and weren't they happier, isn't the whole race happier, in this bustling and chaotic world than if they had stayed in Eden?

I sometimes wonder how much Eve really regretted!

Baileyboro News

Mr. and Mrs. Jim Clements, and son, Jimmy Myrie, of Baileyboro have returned home from Glenn, where they spent several days visiting his mother, who has been ill for the past week.

Mrs. Garrett Mays and friends from Oklahoma City, visited in Carlsbad, N. M., last weekend.

Several from Baileyboro attended the Lubbock fair the past weekend.

Mr. and Mrs. Tim Daugherty visited in Plainview and Olton this weekend.

John Starkey with the report that his daughter, Ula Bell, would be able to be removed from the Plainview sanitarium the last of this week. We all rejoice at her improvement.

Mr. and Mrs. Doyle Lane of Muleshoe spent Saturday night in Baileyboro with Mr. and Mrs. D. T. Ligon.

Several ladies met with Mrs. Clyde Gallagher, Wednesday afternoon of last week, gave her a stork shower and canned several kinds of vegetables for her. Those present were: Mesdames Cecil Hudson, Pauline Peel, Mattie Woods, Francis Thomas, Madeline Galagher, Minnie Fears, Dana Arnold, L. B. Hobbs, Virgil Lane, W. O. McCrary, J. W. Malone, Mac Bell, J. E. Johnson, Ernest Hammock, Mrs. Parrish, Miss Marie Gallagher.

The B. B. B.'s met Tuesday afternoon with Miss Janie Lou Garth. A demonstration on canning okra was given and plans for the fair were talked over. Several women are entering some article for the exhibit.—Reporter.

Goodland News

Our Sunday school is growing. We welcome you to attend Sunday school here every Sunday.

Mrs. Louis Ponder, Mrs. Ruby Everett, Miss Geneva Tarleton, and Mrs. Emmitt Branbren attended to business in Muleshoe, Saturday.

Miss Ruth Smith visited home folks over the weekend.

The Wilson basket ball teams played Bula on the Goodland court Friday night. The score was: girls, Bula 40; Wilson, 30. The boys score was not heard.

Mrs. Therman of Temple, is visiting in the O. C. Kirk home this week.

There were a large number from Goodland and Maple that went to Lubbock on Charlie Beatty's bus Wednesday to the fair.—Reporter.

Honeymoons must last longer if she looked the same after washing her face.

BROWN-CANTRELL

A marriage license was issued in Muleshoe Saturday afternoon of last week at the court house by Deputy County Clerk, Miss Elizabeth Harden, to Miss Mildred Brown and Robert Cantrell of the Bula community.

The couple was married the same afternoon here by Rev. F. R. Pickens, pastor of the church at YL.

A brother to the groom accompanied them here and witnessed the marriage ceremony.

How Calotabs Help Nature To Throw Off a Bad Cold

Millions have found in Calotabs a most valuable aid in the treatment of colds. They take one or two tablets the first night and repeat the third or fifth night if needed.

Second, Calotabs are diuretic to the kidneys, promoting the elimination of cold poisons from the system. Thus Calotabs serve the double purpose of a purgative and diuretic, both of which are needed in the treatment of colds.

How do Calotabs help Nature throw off a cold? First, Calotabs are one of the most thorough and dependable of all intestinal eliminants, thus cleaning the intestinal tract of the germ-laden mucus and toxins.

TRADES DAY

Muleshoe

Monday, Oct. 7th

The Greatest Day In The History of Muleshoe!

YOU CAN'T AFFORD TO MISS IT!

This will be a great Three-in-One occasion, for aside from the regular Trades Day event, there will be a big 4-ring Circus and the Bailey County Fair to attend and enjoy.

VAUDEVILLE STUNTS AND PLAYS

A bunch of artists from Plainview will be present to give entertainment during the day, Music, Dancing and Stunts of various kinds featuring their program. There will also be music furnished throughout the day by the "Four Aces" orchestra.

SEE ELEPHANTS, OTHER ANIMALS

Schell Bros. 4-ring circus will be here Monday with a big menagerie of wild animals, some of them very rare, also, aerial artists, clowns, trained beasts, and attractions too numerous to name. It's one of the biggest shows now on the road. Don't miss it!

BAILEY COUNTY FAIR THAT DAY

Agricultural, Canned Goods, Livestock, Home Demonstration Products, and a big array of other items of interest and education will be on display—all products of Bailey County.

BUYING, SELLING, AUCTIONEERING

People having household goods of any kind, farm machinery, livestock, etc., are urged to bring it Monday for sale or barter. Free auctioneering service will be accorded.

Forget All Home Duties and Family Affairs and Let's Make This A Gala Day For Everyone!

The sacks of wheat show how higher wheat prices are giving farmers more purchasing power, even without counting the adjustment payments. They show that when wheat was at a fair exchange value before the war, 15 bushels would buy a plow. In the depth of the depression in 1932 it took 55 bushels to buy the same plow, but in 1935 a farmer could buy the same plow with the money from 27 bushels of wheat. The sacks of wheat in the other squares show the purchasing power of wheat in terms of a suit of clothes, paint, and barbed wire.

FIRST GUN OF 1936 CAMPAIGN IS FIRED SATURDAY BY PRESIDENT IN NEBRASKA; UPHOLDS AAA PROGRAM

President Roosevelt last Saturday at Fremont, Neb., hoisted the New Deal agricultural program to challengers in apparently unfolding his first issue in the 1936 re-election campaign. In the heart of the nation's farm lands before farmers of the important northwest states, Mr. Roosevelt asserted a \$5,300,000,000 increase in agriculture income over the 1932 level, and emphasized the Agricultural Adjustment Act as a prime aid.

the unifying element that the farmers themselves, in their past efforts, found so essential to success in democracy in the good American sense of the word.

He attributed the agricultural readjustment to "the farmers. Our drought was another. Increased demand for products caused by the economic revival was another, and the operations of our Agricultural Adjustment Administration was still another."

Speaking from the rear platform of his special train, Mr. Roosevelt looked into the faces of a huge throng extending over the station grounds and beyond to the town streets.

"Is it surprising," he asked, "in the light of this improved income, that the farm implement factories in Illinois and New York and the automobile factories of Michigan, and the steel mills of Pennsylvania are springing into activity?"

"Now, with export surpluses no longer pressing down on the farmer's welfare, and with fairer prices, farmers really have a chance for the first time in this generation to profit from improved methods."

Constitutional Phase
Turning to the constitutional argument over AAA impending in the courts and on the political stage, Mr. Roosevelt described his conception of the constitution embodying this effort as:

"To promote the general welfare not by interfering unduly with individual liberties, but by bringing to the aid of the individual those powers of government which are essential to assure the continuance of the inalienable rights which the constitution is intended to guarantee.

"I like to think," he said, "that agricultural adjustment is an expression, in concrete form, of the human rights those farmer patriots sought to win when they stood at the bridge at Concord, when they proclaimed the Declaration of Independence, and when they perpetuated these ideals by the adoption of the constitution.

"Methods and machinery change, but principles go on, and I have faith that, no matter what attempts may be made to tear down, the principle of farm equality expressed by agricultural adjustment will not die."

NATL YOUTH ADMINISTRATION

AUSTIN, Sept. 30.—Lyndon B. Johnson, state director of the National Youth Administration of Texas, today evening issued a warning to county superintendents of schools to allocate high school aid jobs to high school principals at once in order to prevent the possibility of their allotments being lost to them and transferred to other counties.

The National Youth Administration on September 14 mailed to 262 county superintendents of the 264 counties in Texas, allotments of the students eligible in each county to participate in the \$6 per month high school aid program.

The National Youth Administration has made preparations to give this assistance to 8,847 high school students in Texas. County superintendents of schools and principals of individual schools, working in cooperation with caseworkers of the Texas Relief Commission, make the final selection and assignments. However, if a county does not avail itself of the opportunity and place the full number of students in part-time jobs the allotment will be transferred to another county where the demand exceeds the supply.

"It is unfortunate that there are more applications than jobs available under the federal allotment of funds for Texas," Johnson said. "But we are eager to see that the allotment is used one hundred percent. Inasmuch as it is incumbent upon the school officials to initiate the movement and to see that it is put through, the need for immediate action is urgent. School has started already in many places and will start in others in the very near future. In order that there may be no waste whenever a county fails to avail of its funds, they will be transferred and given to other counties."

"It is doubtful that a county which fails to act this week and distribute its quota of funds to high school principals will have the opportunity to do so next week."

LEAGUE ELECTS ITS OFFICIALS

Sunday evening at the Methodist church, during the regular Epworth league hour, members of the Excelsior department, elected new officers for another year.

They are as follows: Miss Wanda Farrell, president; Miriam Bayless, vice-president; Norma Elrod, secretary; Florence Stone, assistant secretary; Grace Churchill, chairman of program committee; Carl Elrod and Zoe McReynolds, assistants; Evelyn Jennings, chairman of entertainment committee; Lucille Bartley and one other league member is her helper; Holly Ann Bucy, chairman of the membership committee, and her helpers are Willis Farrell, Mabel Rogers, Horace Edwards and Rev. Hayes. New members and visitors have special invitations to attend all meetings.

Used for Coloring Butter
The substance used for coloring butter is annatto. This is a yellowish red dye obtained from the pulp surrounding the seeds of a tropical American tree of the same name.

General News Over Texas And Adjoining States For The Week

Fred Snyder, prominent Cochran county stockman, will feed 5,000 steers at Whiteface and Levland.

Col. E. O. Thompson, chairman Texas Railroad Commission, has announced his intention of running for reelection in 1936.

A pipe organ valued at \$25,000 has been made a part of the instruction facilities of State university, Austin.

For the first time in its history, State University, Austin, is giving courses in Bible study this year.

There were 650,000 pounds of fall clip wool sold at San Angelo last Friday bringing 26 cents per pound, being nine cents per pound above the average price paid last year.

Regents of the State university, Austin, last Saturday approved and accepted a loan of \$178,000 and grant of \$72,000 for erection of a second woman's dormitory there.

L. O. Allen, 71, former dean of West Texas Teachers college, Canyon, a member of the faculty 23 years ago, last week returned to that college as a student.

SNAP SHOTS

It used to be two chickens in every pot; but now it's two government employees to every taxpayer.

Most political platforms are something politicians stand on when running for office, but sit down on after elected.

One scientist declares that the universe was born in a fog. Well, it's a comfort to know we are holding our own.

If calling names will help the country on the road to recovery, considerable progress has been made during the last month.

The reason we have so many laws in this country is because nearly all of them were made for the other fellow.

A southern editor, reflecting on the world and its inhabitants, is moved to say that while you can't fool all the people all the time somebody is trying to do it all the time.

Any smart child can worry father to death with questions about lessons, and it doesn't take long.

Heart Disease Ranks First As Killer Says State Health Officer

Austin, Texas, Sept. 24.—"Heart disease ranks first in the list of killers today. During the past thirty years it has been steadily increasing. Few people ever associate impairment of this vital organ with diseased mouth conditions. Yet in a very real manner the health of the heart and its consequent ability to do its work properly can be definitely affected by an unhealthy mouth," states Dr. John W. Brown, State Health Officer.

"While, of course, there are many other causes for heart impairments than diseased teeth, gums, or tonsils, there certainly is every good reason to establish and maintain daily and perpetual prophylactic measures so far as the mouth and teeth are concerned. Not to do so is merely adding another menace to the heart already beset with disease potentialities that seem to be a part of present-day life.

"If the individual will assume his responsibility by consuming a nourishing diet, keeping his mouth clean through daily brushing and having a regular inspection by his dentist and physician, undoubtedly a fair proportion of heart disease, not to mention many minor ailments, could be eliminated that have their origin in diseased mouth conditions.

"Unlike public health control measures, dental supervision is a highly personal matter. There is no legislation covering the situation, nor is there any enforcement officer to keep one in line. Therefore, common sense and reasonable concern for one's health should prompt interest in teeth, mouth, and throat.

"As an authority tersely puts it, 'Keep your heart out of your mouth and your mouth out of your heart.'"

MRS. RAY GRIFFITHS TO ATTEND GRAND CHAPTER OF THE O. E. S.

The regular meeting of the Eastern Star organization was held last Tuesday evening at the Masonic hall with 21 members present.

The business session was held, and Mrs. Ray Griffiths, worthy matron, elected to attend Grand Chapter at San Antonio, Oct. 21, 22 and 23. She will leave Muleshoe, Sunday, October 20.

A called meeting of the organization will be held, Monday, October 14, to confer the O. E. S. degree on a new candidate, Mrs. Ruth Malone. All members are requested to be present. A miscellaneous shower was given in honor of the two youngest O. E. S. members, Misses Melzine Rockey and

HOME DEMONSTRATION NEWS

By MISS ALMA STEWART Home Demonstration Agent Bailey County

Eating Cabbage All Summer
"I planted Early Jersey Wakefield cabbage and they have certainly made good. We have been eating cabbage since June 1. I have sold a lot and have given some away," said Mrs. G. J. Garth, cooperator of the Bailey-bono Home Demonstration club.

This is Mrs. Garth's first year to plant "Marglobe" and "Break O' Day" tomatoes, and she likes them both very much. She has already canned 74 quarts of tomatoes and has a lot more on the vines.

To Can Tomato Juice
In canning tomato juice heat it to 180 degrees F. but do not let it boil was the instruction given by Miss Stewart to the Muleshoe club women that met in the home of Mrs. A. C. Guede for a canning demonstration September 12.

There were beans, peas, and okra prepared and canned by the women. Miss Stewart gave a talk on preparing canned and cured food for the fair. Afterward, the president called for reports and unfinished business, and it was voted to meet with Mrs. C. C. Mardis Monday to label the cans and gather up all loose ends of the club work pertaining to their air exhibits.

Eva Harper, who are attending colleges. They received many lovely and useful gifts.

Those attending were as follows: Mesdames Hattie Griffiths, Cleo Goins, Zula Carlyle, Ruth McCarty, Stella Eason, Dora McCarty, Emma Doe Copley, Virginia Jeyes, Jackie Tate, Naomi St. Clair, Mary Hart, Grace Osborn, Mary De Shazo, Elizabeth Gardner, Inez Bobo, Lema Cook, Misses Elizabeth Hardin, Lola Lipscomb, Helen Jones, and R. J. Klump and Ray Griffiths.

"Superstitious Mountain"

The Indians in the region of "Superstitious Mountain" in Arizona believed that if they touched this mountain they would die. Once there was a bloody massacre there by the Apaches, so frightful that it made the mountain taboo. Indian maidens of great beauty were thought to inhabit the mountain top. Other superstitions are coupled with it.

SPECIAL Food SAVINGS SATURDAY AND TRADES DAY

The Buick automobile slogan is "When Better Cars Are Made Buick Will Make Them." In the same manner we say, "When Lower Grocery Prices Are Made We Will Make Them." ● C. O. Hall, special agent for the Casualty Insurance Co., of El Paso, attended to business in Muleshoe Tuesday.

● Hendon Johns, special agent for the United Fire insurance company, of El Paso, transacted business and visited friends in Muleshoe, Tuesday.

TODAY AND TOMORROW

By FRANK PARKER STOCKBRIDGE

DISTRIBUTION . . . weak spot
I read in a California paper the other day that several tons of lemons had been dumped into the Pacific Ocean in order to keep the price of lemons up.

I have known of similar incidents on the Atlantic Coast—whole cargoes of bananas and carloads of other foods dumped into the bay.
It seems to me that the greatest weakness in our social-economic structure is our system of distribution. There is no such thing as overproduction so long as anybody's wants remain unsatisfied. I would like to see statesmen and economists giving more thought to the problem of getting the things people want into the hands of those who want them, than to making artificial attempts to increase the profits of producers.

ENGLAND . . . not so slow
I was greatly struck by the statement published recently by Harry Selfridge, the former Chicago merchant who moved to London and now operates the largest store in the world. Mr. Selfridge said that the improvement in the system of distribution of commodities in England has resulted in adding to the payrolls of British retailers more people than had been thrown out by the industrial depression.

We are inclined to think that we are a good bit smarter in all business affairs than the English. While it is true that it took a Yankee merchant to show them the way, the quickness with which the British merchants seized upon the basic idea of low prices and quick turnover through stimulative advertising suggests that John Bull isn't as slow on the uptake as many of us in America have imagined.
Mr. Selfridge's theory that the time to advertise most is not when business is good but when it is bad seems to me an entirely sound one.

STORIES . . . from wheelchair
I know a lady who has been a cripple from childhood, unable to move about except in a wheelchair. She has never traveled more than a few miles from her home in a small Southern town. Years ago I heard her bemoaning her inability to get around and see the world. If she could only do that, she thought, she could write stories.

A friend suggested to her that people were people and very much alike in their emotions and reactions anywhere in the world. Why didn't she try writing about the people and scenes with which she was familiar?
My friend adopted the suggestion and began to write simple little fiction stories based upon incidents in the daily life of the people she knew. It took her a long time to master the technique of writing, but now at sixty past she is still earning \$10,000 a year with her pen.
She found gold in her own backyard.

WAGES . . . then and now
Among some old papers which one of my New England neighbors found recently in an old trunk in the barn lot were some interesting records showing the wages paid a hundred and eleven years ago to rural workers on the highways. Here are the figures:
For a man per day to the last day of July, 83 cents; from the last day of July to the last day of September, 67 cents; from the last day of September to the close of the year, 50 cents; for a team and four cattle and a cart to the last day of July, 74 cents; from the last day of July to the last day of September, 78 cents; from the last day of September to the close of the year, 56 cents; for a plough, 25 cents per day through the year.
These rates per day were pretty close to the rates now paid per hour. Of course, they don't mean much unless they could be compared with the cost of commodities at the same time, but they are interesting as indicating how the scale of the ordinary man's earnings has gone up since 1824.

Progress News
The cotton is beginning to open in our community.
Mr. and Mrs. Tom Rodney went to the fair at Portales, N. M., Friday of last week.
Mrs. Jess Elrod, of San Angelo, spent the weekend with her parents, Mr. and Mrs. H. C. Kennedy and her brother, W. G. Kennedy.
We regret very much to lose Mr. and Mrs. Leon Murrah who have moved to Canyon.
Mrs. Amos Williams and Mrs. Walter Gaston went to council meeting of the H. D. club in Muleshoe, Saturday afternoon.
Elder Montgomery, of Clovis, N. Mex. preached here Sunday morning and night. There were about 100 at Sunday school and more came to church services.
The Triple T. club met in the home of Mrs. W. B. Harlan Tuesday, plans for the fair were discussed.
Leo Baker went to Canyon Wednesday of last week where he will enter West Texas State Teachers college.
Mr. and Mrs. Jess Pruitt of Oklahoma Lane attended church here Sunday.—Reporter.

CLASS TO GIVE PLAY
Friday night, October 11, members of the Piffels Sunday school class of the Methodist church, with Pat R. Bobo, as teacher, will present a play, entitled "He Was A Gay Senor".
Everybody has a special invitation to attend, and more definite details involving characters will appear in next week's paper.
Tie a dog to a cat, and they fight; so with wedding ties.

Women, like chickens, have less on Grandpa, too, had only an 8-hour Thought stirs the emotions and needs Every parent that gets angry needs when dressed job, but it came twice a day. a bride as much as the tongue. the whipping more than the child.

STUNT NIGHT

Friday, October 4, at 8:15 p. m., in the Muleshoe High school auditorium more cases of gloom will be cured than at 10 medicine shows.

Every live wire organization in Muleshoe is competing for the \$250 prize offered by the Pep squad. The prize goes to the best, most original and funniest stunt.

Think of the excitement when you get those Lucky Legionnaires (including Curtis Taylor) gunning after the

Fancy Fire Boys, Pumbling Yellowjackets, Epworth League, P.-T. A., Home Ec. club Legion Auxiliary, Boy Scouts, Pep Squad Girl Scouts, and Kiwanis.

The Pep Squad girls are going to fill the town with indignation in the form of peanuts, popcorn and candy! This is to show their appreciation for the patronage and to secure new pep squad suits.

ATTENTION FOOTBALL FANS

Did you know—
That the first conference football game to be held this season in Muleshoe takes place Friday October 4, at Cobb park, north of the depot.

The game has the prospects of being the best of the season since the Morton team is a smooth and powerful eleven.

Those who saw the game with Morton here last year got more than their money's worth. It was crum full of excitement and action, as was shown by the tight score 13-12.

The Muleshoe High school is asking all the Yellowjackets' supporters to be out 100 per cent to help them begin a tradition of never being defeated on Cobb park.

P.-T. A. MEMBERSHIP

The P.-T. A., under leadership of Mrs. Jess Osborn is having a membership drive. The patrons of Plainview, Y. L. Fairview, Progress, and Longview are specially invited to attend our meetings on the fourth Monday of each month.

The P.-T. A. is doing a particularly useful piece of work in its goal for the new year in procuring new playground equipment for the Grade school.

MULESHOE-ANTON GAME

Muleshoe bit the dust for the second time this season at Anton, Friday, September 27. The game was characterized by fumbling and bonehead playing, resulting in a score of 19-6.

The team seems to be suffering from a Max Baer complex. We are satisfied with the clowning, let's see some results.

As an observer, it seems as though several of the squad realize you cannot play football and be a "jelly," at the same time. The regular men do not break training (no smoking, proper food and regular hours) show good material—but it takes 11 men to make a team.

This column does not go in for scooping, but several members of the Muleshoe squad know that it knows whereof it speaks!

WHA! NOTS

All of Longview, Progress and half of Muleshoe journeyed to Lubbock.

Canoes in Hurdle Races

Canoe hurdle races are held in New Zealand, the canoes having to slide over poles placed about a foot above the water.

Indicates Complete County Returns

Wednesday, September 25, to see the fair.

Billie Black and LaVoy Plunket were sleeping beauties in their classes the next day. Why is it that the others took it so much better?

Betty Ruth Moeller said she was disappointed in the fair, "she didn't see no telephani!"

Mrs. McAdams, Mrs. Goins and Mrs. Jones are home mothers for the Freshman class.

Citizens who have dusty classics taking up shelf space in their libraries are requested to become philanthropic and help out a very needy student in the High School library.

Jack Aldridge said that this reporting business made Editor Jess Mitchell look like Goliath, David, Sampson and Job all rolled into one.

Forty new desks have been placed in the study hall to take care of the 90 Freshmen.

Crystal Kennedy is looking for a man under a canopy. It cost her two bits to find out where to look.

The diagnostic tests given in English September 24, found several students in a deplorable condition but Ruth (Martha) to us Gilbreath, Polly Jackson and Evelyn Jennings showed their grammatical machinery functioning above par.

Why doesn't someone put Don Moore and Henry Carpenter wise to their selves so they will buckle down and be the real students they can be.

Miss Fort is sure getting "hot under the collar" because of the grades made by a certain English class. The grades ran from 20 to 75. It is no wonder!

JUNIOR TREASURE HUNT

The sound of loud voices in the school house Monday night, September 30, attracted the attention of Houston Hart, Woodrow Lambert and Ralph Borden. On investigating the cause, they found a Junior class party in the making. Believing that their help was needed in furnishing fun they set out to help furnish it.

Their method of procedure was to capture Charles Alford, vice-president, and Odin Rollins, reporter. A box car was converted into a prison and the two junior class officials were thrown into it. They made their escape after the party ended so the reporter knows little about the party.

A nice selection of games were played under the direction of Mr. Powers, class sponsor and Mrs. Ray Griffiths, class mother.

Refreshments were served after the entertainments, after which everyone reported a good time and journeyed home.

BULLETIN

Muleshoe and Progress this week received grants of \$10,000 each for additional school building purposes, according to reports received here last Tuesday.

The Muleshoe school district proposes to build a new auditorium and gymnasium, converting the present auditorium and gymnasium into needed class rooms, while the Progress school district will erect a new auditorium and do some class room improvement.

The Word "Bachelor"

The word "bachelor" is from old French bachelor, which is from a late Latin word baccularis. This may be merely a translation of the French word or it may be allied to baccularis, a late Latin adjective applied to farm laborers, the history of which is very doubtful.

The Painted Desert

The Painted Desert received its name as early as 1858 because of the great variety of colors, red, pink, chocolate, purple, lavender, pale green and gray, presented by the sandstone, shale and clay and emphasized to some extent by the brilliant sunshine.

Paris Blouses Fur

NEW YORK . . . A fur bloused-jacket completes many of the smart town suits shown by Paris designers as pictured above. Brown beaver and black wool velours are favorite combinations. A black velvet "flower-pot" hat is graced with upstanding black coque plumes.

Canoes in Hurdle Races

Canoe hurdle races are held in New Zealand, the canoes having to slide over poles placed about a foot above the water.

G. H. NELSON
Elected senator from the 30th Senatorial district last Saturday.

Schell Bros. Big 4 Ring Circus Coming To Muleshoe Monday

The Schell Bros. Circus will show in Muleshoe, Monday, October 7th, under the auspices of the Muleshoe Kiwanis club, giving two shows, one in the afternoon and one at night.

There are hundreds of animals including herds of trained elephants, horses and other animals with Schell's four-ring wild animal circus, and troupes of acrobats and other first class performers found in this show. They have many new and novel acts on the program this season.

Miss Vates Lolo, Hollywood's Sweetheart and movie star will appear twice daily in the main show performance. A beautiful pageant is presented, whereby every member of the circus takes part. The riding Hogan family, the Aerial Henry's, and the Conner Troupe are a few of the outstanding features of the circus.

The Schell Bros. come to Muleshoe highly recommended from other towns and cities as having a very clean and pleasing performance. There are four rings going all the time so that all may see, and there will be plenty seats for the big crowds.

When you visited the circus and watched the performers, has it ever occurred to you that the wire walkers, the tumblers, animal trainers who are smiling, cutting capers, cavorting about the savdust with feet that seemed to be fitted with wings, laughing, to see an unbroken flow down the smiling clowns that can only laugh are daredevils that have no care? Then, have you ever walked behind the scenes, and wondered why the tears run in an unbroken flow down the clowns' cheeks? He has just received a wire, his Mother or Dad were seriously ill or maybe God had called his wife or babe away into the Grand Entry—that clown daubed a little white paint or powder on his swollen eye lids and cheeks that were streaked with tears, walked into the circus tent and made you laugh while he carried a heart of lead. Or maybe, it is the daredevil away up the top of the tent who has a broken heart because of someone gone. And he in his next cast, may slip because a tear that he brushed away had wet his grasp, and down, down through space he goes, smashing to the ground with a thud, his body carried away and still through it all the Show Must Go On. Forget our sorrows, forget our injuries, and brighten up the life of someone else, the show must go on.

Since the day of the Romans where the circus first originated the age-old maxim has carried on. Forgotten are the sorrows of the performers in their desire to make you laugh and forget your sorrows. Schell Bros. Circus must go on.

ZONE MEETING AT EARTH

Wednesday of last week an all day zone meeting was held at the Methodist church at Earth, with a large crowd of representatives from several churches of the district being present.

A business meeting and several special programs were held during the morning. The women from Muleshoe presented a playlet. At 11:00 o'clock Rev. Allen, pastor of the Earth church preached.

A delicious dinner was served in the basement of the church at the noon hour.

Those from Muleshoe who attended were Mesdames Finley Pierson, L. P. Gills, A. W. Copley, Horace Edwards, Mills Barfield, J. F. Wallace, H. C. Holt, Horace Holt, C. R. Farrell, Miss Opal Haney and Rev. and Mrs. J. Frank Luker.

The next zone meeting will be held at Sudan, and the date will be announced later.

METHODISTS ELECT TEACHERS

Sunday afternoon at the Methodist church a Christian Board of Education meeting was held with a large crowd of representatives from several churches.

A number of business matters concerning the church were discussed and the board finished electing new teachers of different departments for the following year.

A special talk was made by the church superintendent, A. W. Copley, and by the pastor, Rev. J. Frank Luker. Shortly after the Education meeting a conference of the new teachers was held.

Advertising makes money circulate

Language Spoken in Belgium

In 1932 the chamber of deputies and the senate adopted the government's bill which divides Belgium into three sections for administrative purposes: In the first, Wallonia, only French is used officially; in Flanders, French is used officially; in Flanders, French; while the Brussels district remain bilingual. The law does not apply to Eupen and Malmédy, German-speaking annexed districts.

Find Out

From Your Doctor if the "Pain" Remedy You Take Is Safe.

Don't Entrust Your Own or Your Family's Well-Being to Unknown Preparations

BEFORE you take any preparation you don't know all about, for the relief of headaches, or the pains of rheumatism, neuritis or neuralgia, ask your doctor what he thinks about it—in comparison with Genuine Bayer Aspirin.

We say this because, before the discovery of Bayer Aspirin, most so-called "pain" remedies were advised against by physicians as being bad for the stomach; or, often, for the heart. And the discovery of Bayer Aspirin largely changed medical practice.

Countless thousands of people who have taken Bayer Aspirin year in and out without ill effect, have proved that the medical findings about its safety were correct.

Remember this: Genuine Bayer Aspirin is rated among the fastest methods yet discovered for the relief of headaches and all common pains . . . and safe for the average person to take regularly.

You can get real Bayer Aspirin at any drug store—simply by never asking for it by the name "aspirin" alone, but always saying BAYER ASPIRIN when you buy.

Bayer Aspirin

THE PLAINVIEW SANITARIUM and CLINIC

Thoroughly equipped for the examination and treatment of medical and surgical patients. Departments include X-ray, Pediatrics, Obstetrics, Dental and Eye-Ear-Nose and Throat.

THE MULESHOE JOURNAL

Entered as second-class matter at the Muleshoe Postoffice under the Act of Congress, March 3, 1879.

JESS MITCHELL, Editor. L. F. MITCHELL, Bus. Mgr.

SUBSCRIPTION RATES

In Bailey County, one year, \$1.50; Outside of County one year, \$2.00.

Published every Thursday at Muleshoe, Texas. Advertising rates given upon application. Telephone No. 54.

Subscribers who change their addresses, or fail to get their paper, should immediately notify this office, giving both new and old addresses. Communications of local interest are solicited. They should be briefly written, on only one side of the paper, and must reach this office no later than Wednesday morning of each week. The right of rejection is reserved by the publisher.

Advertising that does not show in its text or typography that it is paid for must be marked as an advertisement. All local advertisements remain in this paper for the time specified or until ordered out. All notices, it matters not by whom nor for what purpose, if the object to raise money by admission fee or otherwise, is an advertisement and when sent in for publication must be paid for at the regular advertising rate per line for each issue printed.

Obituaries, cards of thanks, and resolutions of respect will also be charged for at the same rate.

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of the Muleshoe Journal will be gladly corrected upon its being brought to the attention of the publisher.

In case of errors or omissions in local or other advertisements, the publisher does not hold himself liable for damage further than the amount received by him for such advertisement.

A THOUGHT FOR THE WEEK

But Jesus said, Suffer little children, and forbid them not, to come unto me; for of such is the kingdom of heaven. St. Matthew 19:14.

DOING GOOD WORK

By this time scores of Muleshoe citizens have had an opportunity to see some of the work being done by the Civilian Conservation Corps, or the CCC as it is best known. The plan is now in its second year of operation, and results are sufficient to be noticeable.

Of all the various plans looking toward recovery it appears that the CCC has the most general endorsement of the public. While many still look upon a number of the projects as an unnecessary waste of money, it must be admitted that, taken as a whole, this organization has done much for the betterment of the entire country. The money spent in CCC camps will prove a wise investment in the years to come, the benefits derived already through sturdy young Americans off the street and engaged in healthful and useful work in the open are too apparent to need comment. The work of building new roads; of removing hazards from roads already built; the installation of telephone lines into remote parts of

the country, and especially the protection rendered against forest fires is sufficient to justify the belief that the CCC should be made a permanent institution in this country.

There are a few who will dispute this belief, but there never was a proposition on which everybody was agreed. In this case, however, it stands as one recovery project in which the majority of American taxpayers are in favor of maintaining for all time to come.

IT'S STILL HERE

The prediction freely made a few years ago that the "poor house," or "county home" would soon be a thing of the past in America is still, to all appearances, a long way from coming true. States and even the federal government are considering laws to provide pensions for the aged; some states have already passed such laws. But hopes must not be too great on this score, for welfare workers now realize that old-age pensions are not going to mean the end of such institutions.

No sensible Muleshoe citizen of maturing years will allow himself to cease his old-time habits of thrift in the belief that either the state or the government is ready to provide him with a substantial old-age pension. It

will come some day, no doubt about that, but until it does self-help will continue as the wisest policy and thrift and economy must not be lost sight of until that day arrives.

YOUTH AT THE WHEEL

An insurance journal points out that an astonishing percentage of auto accidents in this country are caused by cars operated by boys and girls. Most Muleshoe parents will readily agree that the average 12 or 13-year-old is incapable of safely and prudently operating a car, and if they permit them

to do so they are in a way encouraging a practice that is dangerous.

Young drivers not only cause more accidents than their elders, but they cause the worst ones. They usually drive at extreme speeds. The hazard of passing on curves, or driving on the wrong side of the road, or weaving in and out of traffic mean little or nothing to them. Taking chances is a game to them—a game at which innocent persons are often the losers.

Every parent should make it his business to see that his children are not permitted to drive until they have reached the legal age and, even then, that they are carefully supervised and forced to be careful.

CHECK THE CHIMNEYS

Heavy fire damage is caused annually in this country through failure of householders to check up on their flues and chimneys before starting up their heating systems. Such fires are avoidable, and every homeowner in Muleshoe and surrounding community should keep that fact in mind.

Every chimney should be carefully examined before fire is started in stove or furnace. Every flue should be looked after and placed in perfect condition. Piping should be examined, as rust may have made holes in it, and new pipe should be installed where the safety of the old is doubtful. Bricks and mortar may have become loosened, since few chimneys have special lining for gases from the smoke and fire will cause mortar to disintegrate. It goes without saying that the draft is better in the smoothest and cleanest chimneys. Openings in the chimney, as well as the chimney itself, should be thoroughly cleaned of dust and soot. This prevents chimney fires, which often spread to the roof and quickly are beyond control.

No matter how much money you have, nor how much insurance you may carry, you can't afford to have your home destroyed by fire. That is why it is the height of wisdom to check

up on chimneys and flues before you start your heating system on its fall and winter job.

SMALL ORDERS

Dignity and importance are being restored to small transactions by the depression. There was a time in the booming years when business men scoffed at small deals or small customers. Today most concerns would rather have 100 orders for \$100 each than one order for \$10,000. They realize that a lot of small, regular profits make far more lasting prosperity than an occasional big profit, although the latter is not to be declined.

According to the magazine "Steel" a generous proportion of that industry's improvement in recent months has come from steel sold through jobbers' warehouses. That means that there have been many small orders from many different customers, which taken separately could not have been efficiently handled by the big mills. Something like 13 buyers go to the jobbers' warehouse for their needs to one who purchases directly from the steel mill. If this tendency is found in other lines—and it seems to be—it is a good sign of returning business and industrial sanity.

Jaunty Journalettes

The utmost Muleshoe swellhead is to feel superior to the one who provides the money to feed you.

Some Muleshoe folks are never satisfied until they find out something to make them dissatisfied.

It's no disgrace for Muleshoe folks to be on relief; the disgrace comes in being satisfied to remain there.

The average Muleshoe girl likes to have some one flatter her even though she knows she is lying.

One thing that makes some Muleshoe folks radical is a car that is worthless junk and they don't care if it does get bumped.

Coxey, Sans Army, Again

CHICAGO - General Coxy (above), of Massillon, O., leader of "Coxey's Army" march on Washington in 1894, still has his hat in the ring and is campaigning by truck for the Farmer-Labor presidential nomination in 1936.

Nature has tried to protect us from poisons by making them bitter, biting or otherwise noxious to all normal palates.

MEAT PACKERS CONDEMN THE AAA PROGRAM AT MEETING HELD AT WASHINGTON, D. C. LAST WEEK

Proving again that what is good for one man is not good for another, meat packers met last Saturday in Washington, D. C., and demanded a continuance of the corn-hog adjustment program, taking issue with farmers and farm bureau officials who supported the program Saturday. They appeared at an AAA hearing called to determine whether production control and hog processing taxes shall be continued next year.

William Whitfield Woods of Chicago president of the Institute of American Meat Packers, charged that prices received by corn-hog farmers are far above the level intended by Congress in the adjustment act.

Blaming both the drought and production control for the high prices, Woods said estimates by the Agriculture Department indicate a smaller supply of hogs for market next year. "Under all these circumstances," Woods said, "to attempt any limitation of production, and to continuation of the processing tax, would seem to be indefensible from the standpoint of good judgment, the interest of the consumer, the interest of the swine grower and from the standpoint of fidelity to the spirit and intent enacted into the Agriculture Adjustment Act."

The fundamental theory that American farmers after the immediate post-war period kept unneeded acres in cultivation and continued to produce excessively, notwithstanding the fact that they had lost an export demand which these surplus acres and this surplus production had been needed to fill, has no applicability to hogs.

Woods presented extensive charts showing decreases in hog supplies, increased imports and decreasing consumption. He declined on examination to discuss the AAA's pig slaughtering campaign in 1933, saying that it had no application to the question under discussion.

Many small packers, Woods said, are free of the trend of culture because of scanty supplies. He said while the 1,155,300 corn-hog contract signers produced about three-fourths of the nation's crop, 3,244,700 hog producers did not sign contracts.

Two farmers, James McNabb of Jackson County, Minn., and F. L. Robinson of Kearney, Neb., defended the program briefer and urged continuation.

Committee Named To Assist Home Owners In Distress

A committee composed of Ray Griffiths, E. R. Hart and T. H. Davis has been appointed by Gov. Allred to act as arbitrators or conciliators in behalf of distressed farm owners in Bailey county where such owners are in danger of losing their farms or homes.

The objective of the procedure is to stop wholesale foreclosure of farm homes and to help worthy debt-distressed farmers. Many hundreds of cases have been settled by the procuring of extension of time and composition agreements, and many worthy farmers now in need of this service do not know how to obtain it or do not know that such service is available.

The Resettlement Administration has set up a divisional office in Lubbock, to which distressed farmers may appeal, if in doubt what to do and this Divisional office is in charge of what is known as a Regional F. D. A. specialist, who will maintain an advisory board to give information to both distressed-debtors and attorneys concerning what is commonly known as the Frazier-Lemke act and the procedure in Conciliation Commissioners' courts.

Letters addressed to the Divisional Office, Lubbock, will have immediate attention and the case will be referred to the proper parties for settlement.

There is also provided two district supervisors in the Lubbock division, same being Mr. Hugh F. Weaver, of Lubbock, who has under his supervision A & M Extension Districts Nos. 2 and 3, and J. S. Fischer of Amarillo, who has under his supervision A & M Extension Districts Nos. 1 and 10.

If in debt trouble, of any kind land owners should either contact their local conciliator, rural supervisor, or local county agent, who will advise them, or address a letter direct to the district supervisor, or to Guion Greig, Regional F. D. A. specialist, divisional office, Lubbock.

Farm Values Drop 31 Per Cent Says Washington Report

Despite the fact that the number and size of farms have been on the increase, statistics released from Washington last Saturday indicate they have dropped 31 per cent in value since 1930.

These figures cover the nation generally, but do not set out relative farm values which have shown an increase or at least a steady maintenance during that period, many sections of this southwest area holding values up quite well, and in a few instances showing increases.

The report also indicates a preference being shown for land buying along creeks, where springs are located or in irrigation sections, further indicating the new farmers' desires to be more sure of water supplies in case of future droughts.

The sales of figures gathered in count of farm already had shown that there were half a million more farms than in 1930 and 68,400,000 more acres in cultivation.

The statistics revealed, however, that the value of the smaller farm acreage in 1930 was \$14,995,495,980 greater in 1930 than the increased amount was in 1935. Census figures gave the value for 1930 as \$47,679,838,358 and for 1935 as \$132,884,342,378.

Cheese-Making Supplanted Cropping
The Monroe (Wis.) area, which now produces more than half of all the Swiss and Limburger cheese made in the United States, was settled by a little band of Glarner Swiss in 1845. They had planned to produce wheat, not cheese, and the cheese industry was not started until 22 years later, when crops began to fail.

Who best serves the devil doesn't believe in one.

Hale County Judge Heads Association For Coming Year

At a meeting of West Texas County Judges and Commissioners association held at Amarillo last Friday, Judge H. M. LaFont, county judge of Hale county, was chosen the new president.

Wilson Cowan, Dallam county judge, was named vice-president and Alvin R. Allison, Hockley county judge, elected secretary-treasurer.

The association went on record as favoring a merger of the relief and WPA programs so that direct relief would not be discontinued before WPA projects could be started. Other resolutions asked better support of county libraries, urged that county school trustees be paid out of school funds instead of county funds, and urged removal of unnecessary expenditures from counties' general funds.

The meeting was attended by W. E. Renfrow, John Allford and John Williams, Bailey county commissioners.

Used Paper Car Wheels
At one time railroad passenger car wheels were made with the core or body of the wheels made of compressed rye straw paper. This was subjected to 500 tons hydraulic pressure and the advantage claimed was that it desiccated the sound of moving cars, also that the paper would expand and contract with the change of temperature. Such wheels were in use from 1870 until two late 09's when they were discontinued with the advent of improved steel and iron car wheels and heavier equipment.

AUSTIN NEEDS MORE OFFICES COUNTY WIDE FARM EXHIBITS WILL FEATURE FAIR TO BE HELD HERE MONDAY, MUCH INTEREST

(Continued from page one)

as follows:
Beginning at 10:00 a. m., Monday morning, Roy Sheriff, of the West Camp community will tell of the construction and benefits to be derived from the trend of culture, speaking on the vacant lot opposite the City hall. C. W. Williams and Mrs. R. R. Klutz, of Stegal community will give a demonstration of making and laying garden tile.

At 11:00 a. m., Mrs. Cecil Robinson, at the Legion hall will talk on judging poultry and canned products.

At 1:00 p. m. L. B. Churchill, from north Muleshoe, will give information regarding dressing of farm raised turkeys, and Everett L. Smith, of West Camp community will tell how to tan different kinds of leather.

At 10:00 a. m., in the Legion hall, Roy Davis, of Plainview, will speak on judging quality eggs, being followed by Mr. C. C. Mardis and Mrs. Arnold Morris, Muleshoe, who will utter the secrets of making delicious tomato juice.

Directors of the fair for this year: W. M. Foster, chairman, Mrs. H. W. Foster, secretary, Mrs. Clara Gilbert, Mrs. W. M. Holloway, Mrs. W. G. Kennedy, Mrs. David St. Clair, Mrs. Dudy Buzard, Levi Churchill, E. L. Smith, Geo. Henning, W. R. Carter, Geo. Damron, R. L. Brown, Vic. Walden and E. C. Smith.

The various committees are as follows:
Exhibit: Mrs. Roy Pugh, Baileyboro; Mrs. E. D. Stephens, Maple; Mrs. H. W. Foster, West Camp; Mrs. Homer Green, Enochs.
Placing and Planning: Mrs. B. O. Beverly and Mrs. C. C. Mardis, Muleshoe; Mrs. W. G. Kennedy, Progress.

Caring for exhibits: Mrs. W. B. Harlan, Progress; Mrs. L. C. Gurley, West Camp; Mrs. Emmett Brumlow, Goodland; Mrs. G. W. Davis, New Bula. All exhibits will be guarded by watchman Saturday and Sunday nights.

Assisting Judges: Mrs. David St. Clair, Watson; Miss Eloise McCrary, a Baileyboro; Mrs. A. W. Elmore, Circleback; Mrs. Clara Gilbert, Bula.
Educational: Mrs. H. W. Foster, West Camp; Mrs. Homer Green, Enoch; Mrs. J. F. Carter, Maple.

Checking: Mrs. L. L. Daniels, Joyland; Mrs. Winifred Young, Longview; Mrs. E. N. McCall, Enochs.
Mrs. Dudley Buzard is chairman of the women's division. Mrs. Johnny Williams, of West Camp, will be secretary to the judge, and Mrs. T. G. Miller, of Watson, will place ribbons on exhibits as they are judged.

The judging of quilts and canned goods of various kinds will be done Saturday afternoon, beginning at 1:00 p. m. The event will be known as open judging, seats being provided for those who wish to hear the decisions. Judging of fresh vegetables and farm crops will be done Monday morning October 7.

The canned products and farm crops will be on display at the Muleshoe Motor Co. building, other products being displayed at the American Legion hall.

Nine of the Home Demonstration clubs of Bailey have requested space for educational exhibits at the fair, according to report, and there will be available space for other clubs desiring such. These exhibits are to be judged from an educational standpoint, as well as for their originality, attractiveness, quality, flavor, etc. First place winner will be given 15 points toward the all round championship, 10 points being allowed for second place and five points for third place. Clubs having already requested display space: Mrs. Watson, Barberboro, Joyland, Goodland, Muleshoe, Circleback, Progress, West Camp and Bula.

The Lakes Killarney
The lakes of Killarney—there are three—owe their charm to a blending of mountain, stream and wood scenery. A swift-flowing stream conducts the three. The whole region is one of lush growth.

- Mr. and Mrs. E. E. Dyer and son, Roy, of Lockney, visited in Muleshoe Sunday evening with their daughter and son-in-law, Mr. and Mrs. Howard Cox.

POLYMERIZATION

A Supreme Achievement in Gasoline Chemistry An Amazing Stride Forward in Gasoline Quality

THIS is the story of a new . . . decidedly different . . . decisively superior gasoline.

A gasoline made by a process utterly novel in the petroleum industry.

A process developed, proved, and perfected in the Phillips laboratories and refineries. A process which not only gives you a vastly improved motor fuel, but also plays an important part in conserving our country's valuable petroleum reserves.

Pioneered by Phillips, this miracle of modern chemistry rearranges the atoms of high-explosive vapors and transforms them into stable, high-octane, outstandingly active gasoline.

This is the superlative product which will now enrich and fortify every gallon of Phillips 66.

The result is a gasoline more obedient to your wishes than ever before . . . a gasoline which actually steps up pick-up and peeps up power still further . . . a gasoline which yields more mileage because it gives up more of its energy to each piston stroke . . . a gasoline so lively that it sets new records for fast starting.

Note well the name of the process: Polymerization—or POLY, for short. Mark the word well in your memory,

because it is acclaimed as today's greatest advance in gasoline manufacture. Never before in the history of refining has any invention excited so much attention and interest. Again, Phillips has blazed a new trail! Again, Phillips leads in lifting the quality of motor fuel to higher levels of performance and value!

Remember, Phillips 66 is everything it has always been, PLUS! That "plus" is POLY. Hence, when you *Phill-up with Phillips 66 POLY*merized, at no increase in cost, you can confidently expect that this greater gasoline will set new standards of service and value for your money.

Inevitably, this sensational gasoline will be the talk of motordom. It is now obtainable at all Phillips 66 Stations. Why not be among the first to try a tankful, and benefit from its unrivaled excellence and economy?

PHILLIPS 77 AVIATION POLYmerized
2¢ extra per gallon
Today's Biggest Value in Premium Gasoline

AN INVITATION FROM THE PRESIDENT

Assure you that Phillips Gasoline Polymerization is a scientific revolution in the making of gasoline. This newly invented process produces a premium quality motor fuel, not by physical separation of the crude petroleum as heretofore, but by chemical reconstruction of the lighter gases. Based on my 31 years' experience in the oil business, I can assure you that Phillips Gasoline plus POLYmerization is the finest motor fuel that can be produced by the most modern refinery methods. I invite you to try a tankful of this unprecedented gasoline. After you do so, I will be glad to have you write me any comments you care to make.

John D. Phillips
PRESIDENT, PHILLIPS PETROLEUM COMPANY, BARLESVILLE, OKLA.

Autos Take Larger Toll Than All The Other Ills Of Man

Austin, September 30.—Comparatively few people seriously realize the automobile's deadly power, but, according to Dr. John W. Brown, state health officer, over 1500 Texans are killed each year by autos. Very logically considered as a major recreational and useful mechanism, its ability prematurely to maim and kill makes little impression upon most of us. In fact, the daily list of casualties in the papers indicated indifference to the situation. Nevertheless, as a menace to life and limb the automobile unfortunately represents a real hazard.

In addition to its pleasure and utility factors, the motor-car has its devastating side also. Decidedly this fact should not be overlooked. And in this connection, education alone can be relied upon to bring results. There is no serum, no drug, no quarantine procedure, nor any effective mass control against the automobile's damaging power. Automobile accidents caused more deaths in Texas last year than the combined deaths from typhoid fever, smallpox, measles, diphtheria, scarlet fever, whooping cough and infantile paralysis.

Whether human nature can be sufficiently bridled by public opinion as to result in more careful driving, and more cautious walking remains to be proved. But the fact is that a major health and life problem is involved in the present circumstance.

Safe water, clean milk, disease control, slum clearance, sanatoria, and indeed modern medicine and surgery are all of small avail to the speed-maniac who kills himself and others. Medical science also is equally powerless to save pedestrians who are knocked down by the careless driver, or who carelessly connect with careful drivers. Citizens generally could well seriously consider this ever increasing challenge to life and health. Upon them rests much of the obligation definitely to reduce the ever increasing casualties.

BAPTIST YOUNG PEOPLE ARE ENTERTAINED BY TEACHER

Thursday evening of last week members of the Young Peoples Sunday school class of the Baptist church were entertained with a supper, given by the teacher, Mrs. Ray Griffiths, at the Educational building of the church.

A number of indoor games were played, after which a delicious meal was served. The menu was as follows: sandwiches, vegetable salads, tomatoes, pickles, coffee, cake and fruit salad with whipped cream.

The building was beautifully decorated with lovely flowers.

Some business matters were discussed and the class was divided into two groups. All of the boys will be in one class and the girls in the other class. Miss Lucille Beaty was recommended to be the girl's teacher.

Those attending the entertainment were Misses Anna Bell Rundell, Eunice Griffiths, Lorena Spence, Lucille Beaty, and L. S. Barron, Lamar White, Terrell Johnson, Charles Alan, Arthur Holt, and the teacher, Mrs. Ray Griffiths.

Murder and Manslaughter

In most states a death resulting from a felonious act is considered murder, even when it is not the natural or probable consequence of the crime. But not in Ohio. A man set fire to his shop to collect insurance and several occupants of the apartments over the store were burned to death. The conviction was first-degree murder, but on appeal it was modified to manslaughter because there was no "specific intent to kill"—Collier's Weekly.

The Story of the Constitution
by CALEB JOHNSON

HOW THE CONSTITUTION GREW

The Constitution was not intended to be a rigid body of law, but a broad statement of democratic principles and a set of rules for the application of those principles. For as long as the Legislative, Executive, and Judicial branches of the Federal Government adhered to those principles and were guided by those rules, they were given almost a free hand to do anything that changing circumstances and conditions might require to be done. If at any time it seemed desirable to change the rules, the Constitution itself provided a method of amendment.

The growth of the Constitution, to keep pace with the growth of the Nation and the changing times, has, however, been accomplished not as much by changing the rules as by successive interpretations of the rules by the Supreme Court. There have been only eleven amendments to the Constitution in the 144 years since the adoption of the first ten, which constituted the Bill of Rights. But through the decisions of the Supreme Court, the principles which were stated only in broad general terms by the framers of the Constitution have been clarified and applied, almost from the beginning, in new ways to meet new situations. The great body of constitutional law comprised in the decisions of the Supreme Court has become as much a part of the Constitution as the original document itself. It has been developed into something living, flexible, adaptable to something living, flexible, adaptable to new social and economic change in human affairs; yet not once, either by amendment or by interpretation, have the fundamental principles laid down in the Constitution been abandoned.

The growth of the Constitution began with the advent of John Marshall as Chief Justice of the Supreme Court, in 1801. In the 34 years throughout which Marshall presided over the judicial branch of the Federal Government, hardly a phase of the Constitution did not come before the Court for interpretation. John Marshall's decisions pointed the way to keep the

D. A. ADAM LEAVES LAMB COUNTY

D. W. Adam, for more than seven years farm agent of Lamb county, has resigned that place to take similar position in Young county with headquarters at Graham.

Mr. Adam was the first and only farm agent Lamb county has had to date and has made an enviable record of his work in that county, citizens all over that political subdivision regretting his transfer.

A. W. Bateman, of Farmer county, and W. V. Rice, of Knox county, are spoken of as his probable successor, though no definite information has yet been made public.

Naming Paris and London

Paris is said to have been named for an ancient Celtic tribe, the Parisii. London is from the Latin Londinium, the meaning of which is not known.
