Basketball Girls Are Entertained
Friday evening of last week, Miss Addie Bell Fort and W. C. Morgan entertained the basket ball girls and their partners with a Valentine party at the High school building.

Games of spoon and hearts were played by 24 young people. Delicious refreshments of angel food cake, strawberry in cream, punch and favors representing Valentine day were served.

Junior Class Selects Rings
Wednesday, Jan. 29, the Junior class chose their rings for 1937. The reason for the early order is that the rings will be in the first week of next school year. The rings are to be very different. This year the ring has a pearl set upon which the Muleshoe emblem rests.

The Juniors also picked their class play that is to be presented later in the season.

Lost and Found

- Lost—English III composition book, Tidwell and Allie.
- Found—My voice, Frank.
- Found—Something that has never before occurred in Muleshoe, a boy that keeps his history note book up every day, Joe Embry.
- Lost, My inferiority complex or something similar, Elmer Pruitt.
- Found—A new pupil and she is good looking by the Muleshoe School.
- Found—A brilliant student after all these years. Anyone wishing to see this eighth wonder, come to Mr. Morgan and he will gladly show the person to you.

SUDAN AND BOVINA EASTERN STARS ARE HONORED GUESTS AT A MEETING HERE; MANY OFFICIALS HONORED

The regular meeting of the Eastern Star organization was held Tuesday evening at the Masonic hall, and members of the Sudan and Bovina chapters were invited guests.

Two present worthy matrons, Mrs. Lillie Norton, of Bovina and Mrs. Clemmie Ladd of the Sudan chapter, were presented. Talks were made by various officers and the initiation work was given.

All past worthy matrons and patrons received honors by being presented and recognized by those attending. Mrs. Hattie Griffiths called upon each as follows: Rose Stidham, Dora McCarty, Bertie Bell Taylor, Nina Barfield and R. J. Klump, Muleshoe; Katherine Peachey and J. O. Progress News

The snow that fell last week was greatly appreciated, especially by the wheat growers. The wheat is looking good since the snows began in January.

W. B. Cowen made a business trip to Clovis, N. M. Thursday of last week. Miss Zella Armes, of Sudan, spent the weekend with Miss Faye Walker. Leonard Walker formerly employed on the Musson farm at Baileyboro is visiting his parents, Mr. and Mrs. L. N. Walker.

The Ward children formerly of Fairview entered school here Monday. Wm. G. Kennedy returned home Sunday. He had toured several counties speaking on the farm program. Clarence Lobstein and Earnest Grey made a business trip to Clovis, N. M.

MULESHOE H. D. CLUB MEET

The Muleshoe Home Demonstration club met Thursday of last week with Mrs. R. L. Hobbs. A demonstration of the foundation skirt pattern was given by Mrs. Simms.

The next meeting will be Thursday, February 12, at the home of Mrs. R. L. Jones. All members are urged to be present.

Discovery of Typhoid Bacillus

The typhoid bacillus was first discovered by Eberth in 1880, in the glands of the mesentery and in the spleen. It was not, however, until 1884 that Gaffky obtained the organism in pure culture.

Do You Ever Wonder
Whether the "Pain" Remedy You Use is SAFE?
Ask Your Doctor and Find Out

Don't Entrust Your Own or Your Family's Well-Being to Unknown Preparations

The person to ask whether the preparation you or your family are taking for the relief of headaches is SAFE to use regularly is your family doctor. Ask him particularly about Genuine BAYER ASPIRIN.

He will tell you that before the discovery of Bayer Aspirin most "pain" remedies were advised against by physicians as bad for the stomach and, often, for the heart. Which is food for thought if you seek quick, safe relief.

Scientists rate Bayer Aspirin among the safest methods yet discovered for the relief of headaches and the pains of rheumatism, neuritis and neuralgia. And the experience of millions of users has proved safe for the average person to use daily. In your own interest re-

about your winter gasoline

You can be your own "gasoline scientist" right now, and you won't have to believe anything but your own car. This is a month of weather when you can't mistake what's actually happening out under your hood. When Winter Blend Conoco Bronze gives you regular rapid starts that remind you of June, you just simply know it . . . you don't need any arguments. Nobody has to tell you that you are letting \$0 of your starter and choke much quicker with Conoco Bronze . . . you just know it. Nobody has to tell you that Conoco Bronze is helping to keep your battery vigorous . . . you just know it. And so that's how you know for yourself that your Conoco Bronze is faithfully blended just right for the weather in this vicinity today. Continental Oil Company, Established 1875

FINISHED A BIG BARN

John Starkey of the Baileyboro community, this week completed perhaps the largest barn to date built in Bailey county, it being 40x100 feet in size. It is practically fireproof, being made largely of sheet steel having a large hay mow in the second story, the roof being of the wagon bow self-supporting type.

TEXAS BIRTH RATE DECLINES

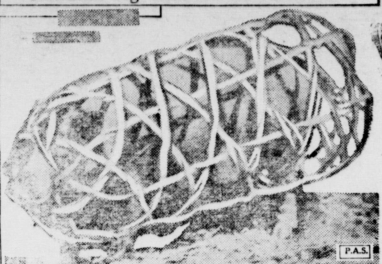

Notwithstanding the general population increase in Texas last year there was a decrease of 2,773 births in the state over the previous year, the total number of births in this state for 1934 being 121,435, while for 1935 the total was 118,660. Cities containing 18 per cent of the state's population had 43 per cent of the decline, according to Dr. W. A. Davis, vital statistician at Austin.

PULPIT COMMITTEE NAMED

Sunday morning's business meeting was held at the Muleshoe Baptist church and the following pulpit committee was elected: R. L. Jones, chairman; Mrs. Ray Griffiths, W. C. Cox, Mrs. Cecil Tate and Clay Buchanan. This committee will select and recommend to the congregation a pastor to succeed Rev. L. S. Jenkins who recently resigned.

No two persons alike. After making each, the pattern was thrown away.

This Little Pig Takes Himself to Market

NEW YORK — Down in Slam they make Mr. Pig furnish his own transportation on the way to market, as shown above. The American Meat Association thinks this the oldest job of commodity packaging yet discovered. The net-like crate is made of fibre-vines and provides hand holds for steering and anchorage purposes.

Some Like It Hot—Some Cold

... That it takes many likes to make a world is evidenced as pour in from winter resort-lands. . . . The styles are Miss Barrett wearing the season's newest bathing suit in Miss Charlie Mayo, a Texas beauty, who prefers the ski at Lake Placid.

Spring Salads

THE salads that bloom in the spring, trails, have a great deal to do with your health. This is the season when cots and horses in the fields nibble on the tender young shoots of grass. The cows in the pasture browse on the first greens of the season. Nature dictates that all living things partake of her first offering.

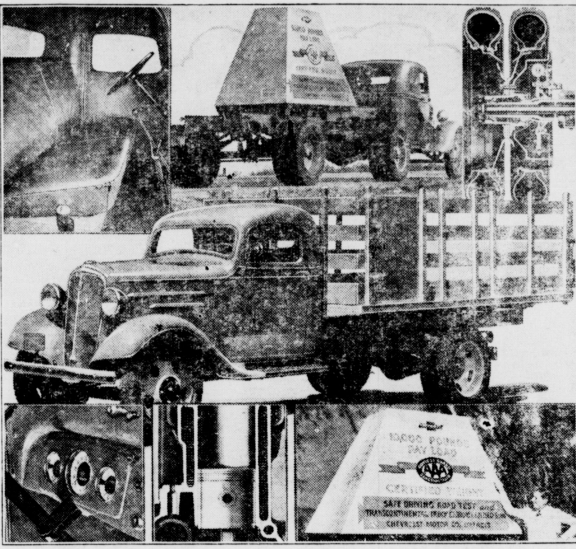

Make your table verdant, at this season, with delicious green salads—such all-green salads as a combination of watercress, chickory, romaine and endive with vinaigrette dressing, and other green vegetable salads such as asparagus, artichoke hearts, peas and mixed vegetables, such as those you find in canned vegetables for salad.

Fruits and Berries, Too

Certain fruits combine unusually well with the first salads of the season. Consider silvery sections of grapefruit, golden wedges of pineapple and flaming cherries as a final touch. Have you ever tried berry salads? Delicious berries come in cans at all seasons, so unless you live near enough to the country to pick your berries from bushes, rely on canned blackberries, raspberries, strawberries and the many other varieties. Drain them well, combine them with fruits, and mix a little of their syrup in your salad dressing to give it color and flavor.

Here is the recipe for a spring salad that actually "blooms": **Daily Tarden Flower Salad:** Arrange five nice cup-shaped hearts of lettuce on each plate. In the center lettuce cup put maxomate. In another cup place about four halves of canned apricots. In another cup place eight or nine pineapple tidbits. Stone ripe black cherries, put five or six cherries in another lettuce cup, and in the last cup place about six watermelon balls.

New Chevrolet Truck on Economy-Safety Run

Carrying a 10,000-lb. cement block from Los Angeles to New York, a 1 1/2-ton Chevrolet truck—one of the new 1936 models just introduced—demonstrated that safe driving means economy. Speed limits were observed in every community, with 35 m.p.h. the maximum on the open road. The 3511.4 miles were completed on two quarts of oil and 308.6 gallons of gasoline, at a cost of 01.6 cents per mile, or one-third of a cent per ton mile. The entire run was completed without any mechanical failure, repairs, or even a scratched fender. The illustrations show the test truck and features of the new 1936 models. Coupe type cabs with solid steel roof, full-floating rear axle, and full-length water jackets, are some of the improvements. In the lower right, Harry Hartz, who drove the cross-continent test, is seen beside the 10,000-lb. block. The test was officially observed by the American Automobile Association.

Tomatoes Rosy For Spring

MERRY as a day in May is the rosy tomato, and ready to meet Spring cheerily. Use tomatoes plentifully in your fair-weather dishes, even though you know tomatoes are not merely fair-weather friends. They have stood the test. They stuck by you all through the winter, when you were looking for color, flavor and health in the foods you served. You're going to like these two new ways of serving tomatoes.

Cheerful Suggestions

Tomato and Cauliflower Purée: Cook one medium head of cauliflower until it is tender, and press through a sieve. Press the contents of one No. 2 can of tomatoes through a sieve also and add with the contents of one can of consommé and one cup of water to the cauliflower. Bring to boiling. Sauté one tablespoon of minced onion in two tablespoons of fat for a few minutes. Add three tablespoons of flour, stir until smooth, and thin with a little of the hot soup. Then add to the soup and cook until creamy. Season to taste. This serves six persons.

Tomato Timbales: Bring two and one-half cups of canned tomatoes, one and one-fourth teaspoons salt and one-eighth teaspoon pepper to the boiling point. Mash well but do not strain. Add three-fourths cup of bread crumbs and four slightly beaten eggs. Pour into buttered custard cups or ramekins and set in a pan of hot water. Bake in a slow oven, 250 degrees, for thirty to forty minutes or until set. Turn out of molds and serve surrounded with creamed peas. Makes eight individual servings.

—unless your corn-field grows outside your back door, where you can pick the ears while they are fresh and juicy and cut the grains off the cobs and put them into fritters—is to use the new canned whole kernel corn, which is really the big, meaty kernels cut from fresh corn. Then slit together one cup of flour, three-fourths teaspoon salt and one teaspoon baking powder. Beat two eggs well, add one-fourth cup milk and combine with one dry sifted ingredients. Beat well and add one and one-half cups of the whole kernel corn and two teaspoons melted butter. Serve these fritters with fried chicken for Sunday dinner, with the St. Louis Blues on the radio, and some good Mark Twain anecdotes on hand.

TRUCK GROWERS ASSOCIATION NEEDED IN BLACKWATER VALLEY TO REGULATE PLANTING AND SELLING EMPHASIZED

That a co-operative truck-growers association is needed in the Blackwater valley, is the consensus of opinion expressed by many farmers and truck-growers of this valley. As proof of this statement they point to successes enjoyed by truck and fruit growers of South Texas and the Rio Grande valley, as well as to co-operative organizations of various kinds operating on an efficient basis and reasonable financial returns elsewhere in the United States.

Salient features of the co-operative organization is first the planting of certain kinds of crops for mass production, marketing them in an orderly manner to obviate price reductions and selling through their own agency which invariably assures highest possible returns to the growers. A co-operative organization, properly and legally organized, also furnishes some of its members, as needed, with the opportunity of borrowing money for seed, planting cultivating harvesting etc. Co-operative action in selling products also, frequently results in obtaining more favorable freight rates and selling of crops on a closer margin through their agents or commission-men.

Of course, successful co-operative marketing depends upon competent leadership on the part of its members, officials and business executives. The sensible, harmonious action of each and all these factors is embodied in ultimate success of the organization. Many of the truck-growers of the Blackwater valley already realize these important factors, some having previously been members of such organizations, and their experience would be

Give Apron Social

Last Tuesday night at the school house the Ladies Home Demonstration club gave an apron social. Aprons were mailed out together with invitations. Each man paid a penny an inch for his and his partner's waist measure. The club made \$12.50. The evening was spent playing games. Everyone reported a nice time. Mr. and Mrs. Albert Ellis won first place in the chair race. The price was a nice basket full of useful articles presented by Little Evelyn and Lenora Miller, as tokens from the community, together with best wishes for a long and happy married life.

QUESTION BOX
By ED WYNN...
The Perfect Fool

Dear Mr. Wynn:
I am a cool, at a well known college, and am crazy about a boy my own age who goes to the same college. He gave me a lovely cigarette holder for my birthday and his birthday is next Saturday. I saw a whisky flask, in a shop window, which was made to look like the server of snakes. Don't you think that is a cute present to buy him?

Sincerely,
LILY KUPPS.

Answer: The present is all right, but he's liable to leave it on a table in some fraternity house, and some other fellow will come along with the eight of spades and take it.

Dear Mr. Wynn:
I have been engaged to a young man for nearly six months and we were to be married in June, but last night he confessed to me that he had a woman leg. What shall I do?

Yours truly,
DORA KNOR.

Answer: Break it off.

Dear Mr. Wynn:
My wife and I had an argument last night about an army. My wife says, in order for a man to be buried with "Military honors" he must be a captain, while I say he must be a general. Which if us is right?

Yours truly,
LEW TENANT.

Answer: You are both wrong. In order for a man in the army to be buried with full military honors he must be dead.

Dear Mr. Wynn:
Every month, a club I belong to, holds a meeting at which all the members have to tell a story on a subject which is told us a week before the meeting. The subject, for our next meeting, is: "The Stingiest Man I Know." Will you tell me the stingiest man you ever met?

Truly yours,
O. COOM TELLMER.

Answer: The stingiest man I ever heard of was a man who fell overboard and as he was swimming ashore a policeman believed to him that it was \$50 fine for swimming in that river and when the man heard that he just threw up his hands and snuk.

Dear Mr. Wynn:
I bought a new suit, the other day, and the first time I put it on, the coat split up the back. How do you account for that?

Yours truly,
I. PICTET.

Answer: The buttons were sewed on too tight!

Musicians Considered Flunkies
When Mozart, the great composer, grew up, he found that musicians were considered mere flunkies. He was forced to eat with the servants, was expected to compose music for any occasion, and was never suitably paid. Then, when he was thirty-five, a mysterious stranger came to him and asked him to compose a requiem. Superstitious Mozart believed that this was a warning that he would soon die. The stranger called again, and when he called a third time the musician was dead of typhoid fever. The requiem he composed is now one of his most famous works.

BAILEY COTTON GINS 100 PER CENT PURE COTTON FINISHED 1934

More than three times as many bales of cotton had been ginned in 19 South Plains counties than were ginned up to the corresponding date last year, according to the government report for January 16.

The ginnings to that date were 342,271, compared with 83,961 of that date the previous year, being an increase of 258,310 bales or nearly 30 per cent.

In Bailey county the ginnings totaled 12,661 bales against 5,065 the previous year at that date.

Makes Baby Bed With Little Cost
"My husband made a baby bed of lumber. He used 2x4 pieces for the legs and 12 inch boxing planks for the bed. The total cost of the lumber was 52 cents, and 15 cents was spent for paint, making a total of 67 cents for the bed," said Mrs. George Tyson, cooper of the Maple home demonstration club.

Has Used Foundation Pattern
"I have used my foundation pattern and like it fine. It surely does fit good," said Mrs. Theo McWethly, cooper of the Joyland home demonstration club. The Joyland club has made patterns for eight of its members.

Makes Sink for Kitchen
"My sink, which is a homemade one, has been worn more than most anything on the place. It has saved me thousands of dollars," said Mrs. George Tyson, cooper of the Maple home demonstration club. The top of the sink is made of the back end of a Model T Ford, a neighbor gave them the pipe, while the lumber, paint and solder cost 40 cents.

TAPIOCA ICE CREAM

NOW that the mechanical refrigerator has become such an everyday affair, we are learning new ways of economy in foods as well as energy. The use of quick-cooking tapioca has become common in the preparation of soups, omelets, berry pies and meat loaves, but now comes the thrilling discovery of what this versatile ingredient can do for ice cream. With the use of tapioca, a velvety smooth cream can be made without the bother of cranking the freezer. Yet no more cream is required than for the mixture which must be stirred.

Simply prepare the mixture, set the control for freezing, insert the thermometer and let stand for four or five hours.

Formerly recipes of the moussé type, with a large proportion of cream have had to be used in order to get satisfactory results in the texture, without stirring. All cream desserts are too rich as well as costly to serve for the average housewife, also are too rich for the children and adults after a heavy dinner.

Chocolate Ice Cream.
Take two squares of unsweetened chocolate cut into pieces, add to two cupsful of milk in a double boiler and heat. When the chocolate is melted beat with a rotary beater until well blended, add three tablespoonsful of quick-cooking tapioca, one-fourth teaspoonful of salt and cook until clear and thickened, stirring frequently. Add one-half cupful of sugar and four tablespoonsful of light corn syrup; cook until all are well blended, then cool. Strain the mixture by stirring, not rubbing through a fine sieve. Chill. Add two tablespoonsful of sugar to two beaten egg whites and fold into the mixture. Add one cupful of cream whipped and two teaspoonfuls of vanilla. Turn into the freezing tray and freeze as rapidly as possible. Three to four hours are required. Lacking the refrigerator, pack in ice and salt for several hours.

ELEPHANT BONES ARE FOUND

Last Saturday, while removing sand from a pit on his place about a mile east of Baileyboro, W. R. Hairgrove found the leg bone of a prehistoric elephant which one time roamed the South Plains country, also several teeth of the same animal, all in fair state of preservation. The leg bone was about five feet long. It is now on

display at the Higginbotham-Bartlett lumber yard here.

Dr. Holden, archeologist at Tech college, has been notified and will here the latter part of this week to make a full scientific investigation of the discovery.

What's Happening In Washington And Other Cities Of Importance

The widow of the late Huey P. Long has named U. S. Senator from Louisiana to succeed her husband recently killed.

Prof. Albert Einstein forced out of Germany by Hitler, and now making his home in this country, has taken out his first citizenship papers.

For the first time in history the Niagra Falls on the American side is dry, being blocked with ice that throws all the water over the Canadian falls.

Morgans Inc., one of the largest sheep ranches in Wyoming, has sold three carloads of wool, totaling approximately 100,000 pounds to a Boston firm. They still have 400,000 to sell.

Millions of dancing feet celebrated the birthday anniversary of President Roosevelt last Friday night, from small hamlets to big cities, the proceeds going to fight infantile paralysis at Warm Springs, Georgia.

A new light ray has been discovered by medical men at Urbana, Ill., which it is said by detecting white corpuscles will cure victims of leukemia certain cancer cells and Hodgkin's disease.

FARMERS MEET AT WACO FOR AN AAA AMENDMENT

(Continued on page one)

presided. They said the AAA was the first attempt to put agriculture on an equal basis with industry, and "give the farmer the same privileges as the manufacturer."

"The AAA brought the farmer out of the depression," he declared, "raising cotton from five cents a pound to more than 12 cents."

"Through the AAA the farmer was looking forward with hope, although he was not yet sitting on top of the world. It enabled him to pay taxes, to pay debts and to get a reasonable return for his labor."

The delegates attending from Bailey county were: C. E. Dotson, Henry Hanover, E. L. Smith, George Dameron, U. J. King, Wes Garner, Neal Rocky, V. C. Weaver, E. N. McCall, Carl Tidwell, Guy Nichols, and John Alford. For the trip were furnished by K. K. Smith and Neil Rocky, the courtesy being greatly appreciated by the farmer delegates attending.

Error In Criminal Code Of Texas May Free Many Criminals

Austin.—The recent discovery of the omission of the 1925 codification of the penal code has caused a good deal of confusion in Texas law offices. Those articles, through the omission, may be invalid and if this is true prisoners now serving terms of confinement of these offenses would be entitled to freedom, authorities say.

The missing portions include those laws concerned with: failure of public officers to perform official duties; miscellaneous crimes; and all articles dealing with moral, decency and chastity.

Former Gov. Miriam A. Ferguson signed the printed act which became the law. Because many copies of the act had been printed and circulated, there was little occasion to study the one in the secretary of state's office.

The mistake is believed to have been made by the binder.

No course of action has been determined as yet in the cases, which have been tried and convicted. The possibility is that the laws in effect before 1925 would again become operative until further legislation was advanced.

At any rate, speedy action on the part of the governor and the legislature may solve the problem before too much damage is done.

TURKEY ASSOCIATION WILL HAVE PLAINVIEW HATCHERY

A 7,500-egg capacity turkey hatchery will go into operation at Plainview the last of next month, Roy B. Davis, manager of the Plains Cooperative, Inc., has announced.

Blood tested turkey hens will supply the eggs for the hatchery. A total of 465 hens have already been certified and the number is expected to reach 500, Davis said.

The hatchery was first discussed at the Southwestern Dressed Turkey show held in Plainview early in December and was sponsored by the Hi-Plains Turkey Improvement Association.

Hatching facilities will be available only to members but poult will be offered for sale to the public. An electric incubator specially equipped for turkey hatching will be used.

GROUNDHOG MAY BE RIGHT

In keeping with an old time custom, said to date back to the time of Adam and Eve, Mr. Groundhog came out from his hibernation and slumbers of the past winter last Sunday morning, and, seeing his shadow very clearly silhouetted on the ground, promptly ran back into his den, indicative of at least six more weeks of real winter weather.

After all, he may be right. Monday afternoon the thermometer began tumbling in the glass tube, nor did it stop until it stood two degrees above zero.

General News Over Texas And Adjoining States For The Week

A 3-year old Duroc Jersey sow owned by S. H. Chisum, Pringle, now has an offspring of pigs totaling 81.

The Brady Turkey co-operative is planning selling \$20,000 worth of turkey eggs this year.

A. B. Tarwater, state representative from this district, has announced his candidacy for reelection.

March 30 to April 1 is the date set for the Quality Meat show to be held at Lubbock.

A paper mill costing \$500,000 and having a capacity of 165 tons per day is to be built on the ship canal banks at Houston.

Bids for a new Supreme court building at Santa Fe, N. M., were called for last Saturday and will be opened Feb. 21.

The 1,400,000 acre King ranch estate in the southern part of Texas is now being divided among the heirs in accordance with provision of the will to the effect division could not be made for 10 years after King's death.

Interstate shipments of eggs in Texas during the month of December were 19 per cent below the shipment of the same month in 1934. Livestock shipments showed an increase of 7 per cent.

More than \$650,000 has already been paid to ranchers for lambs yet to be born and wool yet to be cut, thus contracting ahead for next season's crop. Many wool growers around San Angelo are now refusing 31 cents per pound for the coming clip.

We are all so grateful for the splendid moisture we have been receiving this past month, which will surely enable us to enjoy early planting.

The BBB club met Tuesday, Jan. 28, with Miss Alma Stewart attending. Our skirt foundation patterns were checked and discussed by her.

Our year book was issued and Miss Stewart gave such an interesting outline for the coming year, also explaining the Dairy show which is to be one of the outstanding club goals.

We had a splendid meeting and again urge all our women to come and meet with us on Friday at 2:00 o'clock at the club rooms.

Please bring any news reports you wish to have printed to your local reporter at the V. B. Mays store. It will help make news for our community, all so help the reporter.—Reporter.

RENFROW RESIGNS, COMMISSIONER

W. E. Renfrow, county commissioner in precinct 3, last week tendered his resignation to the Commissioners' court of Bailey county, and D. Warner, of that precinct, was duly appointed by County Judge J. E. Adams to fill the vacancy.

It is understood Mr. Renfrow has accepted a position as deputy under Sheriff Jim Cook and will begin duty this week.

PREACHING AT BAPTIST CHURCH

Announcement is made that the regular preaching services will be held at the Mulleshoe Baptist church next Sunday both morning and evening.

Just who will preach is not yet known, but the pulpit committee is in communication with several ministers, and that the pulpit will be filled is assured.
