LANDON AND KNOX, REPUBLICAN NOMINEES, PREPARE FOR ACTIVE POLITICAL CAMPAIGN IN SUMMER

Both Nominees Declare Intention of Carrying The Battle Against New Deal Into The Enemy Territory, If There Is Any.

With Alf M. Landon, two times governor of Kansas, nominated for presidential candidate, and Col. Frank Knox, prominent Chicago newspaper editor, for vice-president by the National Republican convention held at Cleveland last week, plans, following adjournment, were promptly laid by party leaders for an aggressive campaign during coming months leading up to the November election.

Landon and Knox were both virtually elected by acclamation, only a very few yes being held out or cast otherwise. No other names were placed in nomination for these respective high offices, and everywhere throughout the Republican ranks of the nation universal satisfaction appears over the convention selections.

Landon and Knox were both virtually elected by acclamation, only a very few yes being held out or cast otherwise. No other names were placed in nomination for these respective high offices, and everywhere throughout the Republican ranks of the nation universal satisfaction appears over the convention selections.

MULESHOE WINS FROM ENOCHS

Sunday afternoon the Muleshoe baseball team played a match game with the Enoch team here on the local diamond north of the railroad tracks. At the end of the game the scores were six and four in favor of Muleshoe. This was a very interesting and entertaining game and some real skilled playing was done.

BONUS BONDS ARRIVE MONDAY BEING CASHED

Some Refused, Others Turned Over to Charities Leaders. Following a 17 year old struggle by veterans of the World War, bonus bonds began flowing into Muleshoe last Monday, Gilbert Wollard being first to receive his and W. B. McAdams being next.

The quota received in this county is a part of the total \$1,850,000,000 being paid ex-soldiers of the World War approximately 3,000,000 of them being beneficiaries, receiving a total of 38,000,000 bonds, all being of \$50 denomination.

Money received from the bonds will be used in various ways. Some are applying it on the purchase of new homes and others saving off post indebtedness, while still others are banking their converted bonds to hold for future needs.

It is stated several hundred ex-soldiers in various sections of the United States have refused to accept their bonds, declaring they don't need them or else don't want them, nearly 600 in New York state coming under this classification. Other ex-soldiers while accepting them, are turning them over to various charitable organizations for general use, many of them going to help wounded soldiers and war widows.

Singing Association Annual Convention At Lubbock, June 20

Lubbock, June 16—Saturday and Sunday June 20 and 21, the Panhandle Plains Singing Association will hold its annual convention, a Centennial session, in Lubbock, at the Sien Allen auditorium.

An anticipated attendance of between 10 and 15 thousand people will invade the city on Tuesday, June 19, for the opening sessions, with several leaders and singers in Texas and adjoining states.

V. O. Stamps, president of the Stamps-Baxter Music Co., of Dallas, in charge of the outstanding session, in Dallas, will conduct the program here.

A \$100 cash prize is in store for the best amateur quartet, Saturday afternoon.

S. B. Summers president, and Earl Raper, vice-president, together with the City of Lubbock, extend their cordial invitation to all singers and music company representatives to be here for the program which starts promptly at 2:00 o'clock Saturday afternoon in the auditorium.

VACATION SCHOOL HAS LARGE ATTENDANCE. The two week's Church Vacation school that began at the Methodist church Monday at 9:00 a. m. is being well attended by a large crowd of children from all over the community.

14,668 ACRES OF LAND LOCATED IN BAILEY-COCHRAN COUNTIES SOLD TO CITIZENS OF LUBBOCK

Consideration Of Sale Reported To Have Been \$163,691, With A Cash Payment of \$14,668 Being Made.

May 28—J. A. Nickels et ux to Guy Nickels, labor 2, C. & J. League 169, Iron county school and H. E. Nickels et ux to J. A. Nickels, lots 10, 11, 12, blk 4, Bula.

LIQUOR PERMIT IS CANCELED. The liquor selling permit granted the Enoch's Drug Co. at Enoch's, in this county, for the sale of liquor, has been cancelled, according to County Attorney Cecil H. Tate, who received such information from C. R. Miller, Administrator of the Texas Liquor Control board.

MORTON CELEBRATES JULY 4. Morton county, Bailey county, Cochrans county, has announced it will have a big rodeo and celebration July 3 and 4, a big barbecue being furnished by the business men of that place the last day.

1,000 ACRES BURNED. A large forest fire fought by more than 200 men devastated more than 1,000 acres of the Arizona national forest near Tucson, Ariz., last Saturday.

Mrs. W. G. Kennedy Heads Organization For Highway Beauty

Mrs. Wm. G. Kennedy was last Tuesday named chairman for Bailey County of the State Highway Department Landscape division which seeks to not only place beauty spots along state highways, but also to urge service stations to beautify their locations along these state travel arteries.

General appearance, cleanliness of rest rooms, neatness of premises, absence of unnecessary and unsightly signs, maintenance of buildings, planting of flowers, shrubs, etc., will all count in the award to be given in each county.

AIM of the plan is that of promoting greater comfort for travelers, adding to general beauty and cleanliness of the state, and inspiring service station owners to greater public courtesy which in turn invariably means more business for them. Any station which, along any state highway and not in a town exceeding 5,000 population is eligible to enter the contest.

Mrs. Kennedy expects to shortly begin a campaign of interest in this beautification project and will be glad to give details to all service station owners and operators interested.

Inch Rain Monday Night Stimulates Crops And Gardens

With 15 of an inch rain Thursday night of last week, followed by 25 of an inch Friday night, Muleshoe and surrounding territory was again visited last Monday night by another rain totaling one inch, greatly inspiring farmer citizens and stimulating recently planted crops.

The heavy rains of May totaling more than five inches for that month put an "excellent season" in the ground which farmers everywhere have been taking advantage of in rushing planting of various field crops as well as gardens.

GOLD STARS ASK PENSION. Gold Star mothers of soldiers who lost their lives during the World War in convention assembled last Friday at Detroit, Mich., voted to ask Congress to pay them \$50 per month, hospital and medical attention, also, during the rest of their lives.

STATE UNIVERSITY INCOME. Income of the University of Texas for the fiscal year 1933 is estimated at \$1,720,000, a decline of more than \$200,000 from the preceding year.

PLANE PILOT HEROES

Four airplane passengers dived through a burning plane alive from a mile high in the sky last Saturday, one of them being Jesse Jones, head of the R.F.C., when their plane caught fire. One of the pilots later died from burns received as the machine shot like a bullet from the air sidling to the ground on its belly.

GOLD STARS ASK PENSION. Gold Star mothers of soldiers who lost their lives during the World War in convention assembled last Friday at Detroit, Mich., voted to ask Congress to pay them \$50 per month, hospital and medical attention, also, during the rest of their lives.

STATE UNIVERSITY INCOME. Income of the University of Texas for the fiscal year 1933 is estimated at \$1,720,000, a decline of more than \$200,000 from the preceding year.

MISS COOK IS A M DELEGATE. In the contest held at the American Legion hall last Monday morning, Miss Margaret Ann Cook was chosen as representative of the Bailey County 4-H girls club to attend Short Course to be held at A. & M. college, July 20 to 24.

MISS COOK IS A M DELEGATE. In the contest held at the American Legion hall last Monday morning, Miss Margaret Ann Cook was chosen as representative of the Bailey County 4-H girls club to attend Short Course to be held at A. & M. college, July 20 to 24.

Motor Co.

PROVED BY THE PAST—IMPROVED FOR THE FUTURE

Do You Appreciate The Moon? How About Other Blessings of Life So Common Yet Enjoyed As Benefits By All Humanity?

It is a common experience that folks do not miss certain blessings until they are deprived of them. Eyesight is not fully appreciated until one becomes blind. Even the atmosphere breathed by everyone is seldom given a second thought, yet if momentarily withheld, the entire race would be cast into eternity.

lary wildwoods. I had a sense of being in another world. Suddenly I was aware that my humble comrades had paused behind me and were ejaculating softly among themselves. Turning, I saw them standing in a little group, each with hands clasped reverently and as they gazed toward the flower-tinted west, I heard each one say over and over, "God bless the new moon!" My humble friends had seen more than I. High above us hung the frail new moon. The Negroes, at sight of it, instinctively turned to bless God and to worship.

Arrangements Made For The Two Primary Elections In County

A meeting of the Bailey County Democratic Executive committee was held last Monday night at the county house here, as per legal requirements, at which time budget of expenses for the coming two primary elections was made. A candidate drew his respective place on the tickets, apportionment of expenses prorated among political aspirants, judges and associate judges for holding elections in the various voting precincts were also as follows:

- Muleshoe—W. M. Wildering and Levi Churchill. Fairview—T. C. Wiseman and Sam Russell. West Camp—H. W. Herrington and C. J. Catham. Progress—D. C. Stovall and W. E. Harlan. Longview—Frank Robinson and W. R. Young. Baileyboro—H. T. Davis and Roy Pugh. Circleback—V. E. Ganer and O. E. Duncan. Bula—A. H. Howell and W. A. Lasker. Watson—W. R. Sowder and Mr. Harless. Maple—Morris Touban and Mr. Weathers. Stegall—Tommy Galt and Elmer Hoyt. Goodland—T. G. Gaudy and W. T. Goodman. No judges were named for the Mays voting box.

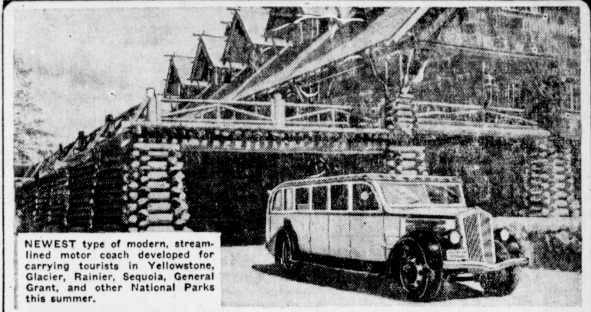

BRUCE BARTON

EVERYBODY HAS SOME VICE Everyone has some secret vice, and mine is buying newspapers. I take three in the morning and three at night, and if you ask how this leaves me time to do any work I will reveal my formula. I do not spend a great deal of time with the long articles at the top of the pages. These deal with the European situation, political speeches, and evanescent scandals, to all of which I have developed a certain old-age immunity. But I read with unflagging joy all the little items. Here one can observe the eternal pageant of human ingenuity, folly, frivolity and unexpectedness. I note, for instance, that a scientist has grafted the hind legs of a salamander onto the front part of his body and put its front legs where its hind legs were before. Another professor has succeeded in causing a rooster to develop the characteristics of a hen which he thinks is something to crow about; a third avant finds that he can compel tadpoles to become frogs much more rapidly than when they are left to their own inclinations. Here also, I make the acquaintance of a poet who is fined one cent for calling a county commissioner a sacred bull, the jury supplying the penny. At one fell swoop 17,000 Kentucky Colonials myself included, are shorn of their gaudy titles; a judge who fined his wife two dollars for violating parking regulations wakes up the next morning to discover himself two dollars shy and a poor citizen shoots himself because he is tired of trying to escape from an installment-purchase salesman. The late Mr. Talleyrand said that when he should come to the end of life he wanted to die with a newspaper in his hand. I echo his wish.

AWTRY BIRTHDAY PARTY

Mr. and Mrs. W. H. Awtry, residing northwest of Muleshoe, gave a birthday party last Saturday night, honoring their son, Dean, who celebrated his fourteenth anniversary. Refreshments of ice cream and cake were served to the following: Roy Margella and Marguerite Tharp, Catherine Hammons, Bobby and Dorothy Fay Hanes, Frankie Deppin, H. A. Douglas Jr., Bonnie Bert, Jean and Margaret Hurst, Pauline Bert, Jean and Bobby McGee, Mornell McGee, Mr. and Mrs. A. H. McGee, Mrs. Hurst, Mr. and Mrs. Claud McGee, and the hostess, Mr. and Mrs. Awtry. All appreciate appreciation.

NATIONAL PARKS PREPARE FOR BIGGEST SEASON IN HISTORY

NEWEST type of modern, streamlined motor coach developed for carrying tourists in Yellowstone, Glacier, Rainier, Sequoia, General Grant and other National Parks this summer. HUNTER CLARKSON'S streamlined Courier cars offer a sharp contrast to the prehistoric charm of the Indian Detour country.

UNCLE SAM'S "Wonderlands of the West"—the National Parks, where 8 millions of work-weary Americans get back to nature every year—are preparing for the greatest influx of tourists in their history this summer. Yellowstone, Glacier, Rainier, Sequoia, General Grant, and other National Parks already have augmented their transportation fleets with 48 ultra-modern, streamlined white coaches, especially built for national park scenic service. They are the last word in safety and comfort and their streamline styling makes them the most beautiful sightseeing coaches in the world. Stage Coaches Used Until 1917. It is a far cry from these luxurious vehicles, with every feature designed to promote the sightseer's relaxation of mind and body as he looks through these natural fairy lands, a far cry, indeed, from the primitive stage coaches which, as late as 1917, furnished transportation at Yellowstone. In that year, 175 White coaches replaced the horse drawn stages. Since then, these coaches have been the standard means of transportation not only at Yellowstone, Glacier, Rainier, Sequoia, and General Grant, but also at Rocky Mountain, Estes, Bryce Canyon, North Rim, Grand Canyon, Zion, Clarkson's Indian Detour and Crater.

Special "Roll Tops" The special streamlined coaches which will go into service at the beginning of the season at Yellowstone, Glacier, Rainier, Sequoia, and General Grant parks are equipped with unique "roll tops"—an ingenious means of providing the passengers with a full view of the parks' scenic grandeur. Special, full-width seats, the most luxurious type, have been installed.

Tourists visiting the parks never fail to marvel at the comfort of these White coach caravans and frequently comment on the contrast between this ultra-modern form of transportation and the aged scenic beauty of their surroundings. This contrast is particularly marked in the Indian Detour country around Santa Fe, New Mexico, where ultra-modern Courtcars, operated by Hunter Clarkson, Inc., one of the country's best known transportation experts, thread their way through the prehistoric charm of such places as Santa Fe, Frijoles, Puyes and Taos. The sight of a streamlined White Couriercar drawn up in front of prehistoric cliff dwellings offers one of the sharpest contrasts between the oldest in America and the newest, between the quiet beauty of a past age and the quiet beauty of a modern product of the machine age.

INVEST BOND MONEY IN SOMETHING FOR PROFIT. If ex-soldiers must cash their bonds, this concern counsels the expenditure of that money for something really worth while and permanent. A home is fundamental to all living, and the bonus payment will go a long way in that direction. Come in, let's talk it over. Perhaps we can finance the difference on easy terms. HIGGINBOTHAM-BARTLETT CO. W. P. LEE, Manager

WE DELIVER PHONE No. 2 MORE FOR YOUR EGGS. Jennings FOOD STORE Muleshoe

FLORIDA PROSPERS. ONE of the principal reasons why Florida prospers today is because you can buy in cans grapefruit juice and grapefruit which has sunned and ripened in leisurely fashion in well-cared-for Florida orchards. And whether you serve it plain as a breakfast course or in one of the many delicious luncheon or dinner dishes made with this fruit, you'll recognize at once that it is good old Florida grapefruit. That's fame. Try These Recipes: Cereals: Cut apricots from a No. 2 can in halves, and add the grapefruit from one No. 2 can, leaving it in large pieces. Divide into glasses. Mix the juice of one lemon with the grapefruit and apricot juices, and pour over. Chill very well. Sprinkle liberally with hinely-minced mint and serve. This serves eight persons. Cranberry and Grapefruit Jelly: Soften four teaspoons gelatin in four tablespoons cold water. Mash the cranberry sauce from a 1-pound lounce can, add two cups water and heat until melted. Add one-half cup sugar and boil for two or three minutes. Dissolve the gelatin in the hot liquid, cool, and add the contents of one No. 2 can of grapefruit juice. Freeze in refrigerator trays, stirring often. This serves eight persons. Cherry and Grapefruit Salad: Mash three packages of cream cheese with enough cream to make soft. Make a holy ring or circle of cheese in the center of each lettuce-arranged salad plate, and fill the center with sliced cherries and grapefruit. Drain one No. 2 can of grapefruit juice and arrange three or four sections around the outside of each cheese ring. Serve with French dressing. Serves eight.

Dental Discovery. THAT tooth-decay can be ward offed by vitamin D and phosphorus in the diet is a recent dental discovery of vital importance. The announcement of the discovery was first made by two medical missionaries, Dr. and Mrs. R. Gordon Agnew, of the West China Union University, whose findings came as a result of a scientific study of over ten years' experiment on 350 children. Now We Know According to Dr. E. V. McCollum of Johns Hopkins University, who accepts the discovery as a "milestone in scientific progress," the new knowledge eliminates confusion about the necessary diet for teeth. Vitamin D comes from sunshine and cod liver oil, or their substitutes, while the phosphorus foods in order of their richness are egg yolk, milk, meats, leafy vegetables, and the seeds, grains, roots and tubers. A specific diet, suggested by Dr. McCollum, in the light of this discovery, is a quart of milk a day, eggs several times a week, a leafy vegetable at least once a day, salad twice a day, and anything else one likes. With this new knowledge the woman in the home who plans the meals, becomes guardian of the dental well-being of her family. Through her daily marketing for fresh foods and her care to see that a supply of canned foods containing these nutrients, is kept always on hand, she can not only prevent tooth decay but arrest decay which has already begun. Because not many adults drink milk which retain their natural phosphorus, she should use milk plentifully in cooking, especially heating condensed and evaporated milk which retain their vitamin D. The phosphorus in canned fruits is also valuable for this new dental diet.

Daylight at the Equator The equator has fewer hours of daylight than the poles, and nearly double the number of hours of darkness. During the year the equator has 4,607 hours of daylight, 864 of twilight and 3,495 of darkness while the poles have 4,450 of daylight, 2,403 of twilight and 1,913 of darkness.—R. A. Bardwell, Gainesville, Fla., in Collier's Weekly

White Pine The foliage of the white pine is a tuft of five fine needles. No other pine bears its needles in fives. Fresh pale green new growth appears each June on the tips of the branches. These new needles are packed closely in little cylinders which stand upright on the tree and mark an especially beautiful tree. The needles grow slowly and remain on the tree for two or three years. When they finally drop the tree has a new crop of needles on the tips of its branches. The tree for so many years that it is formed soft and foot.

Temper and Friendship You cannot keep your friends unless you try to keep your temper. And if you wish others to enjoy your company you must see that you are a cheerful companion.

Translation of "Don Quixote" The first part of Cervantes' "Don Quixote" was translated into English in 1617, seven years after it was first published in Spain.

**Right Eye Usually Dominant**  
Most if not all persons have one dominant eye—right or left eye, that is. The right eye is dominant in about 80 per cent of the cases.

**DRINK WATER WITH MEALS GOOD FOR STOMACH**  
Water with meals helps stomach juices, aids digestion. If blasted with gas add a spoonful of Aderika. One dose cleans out poisons and washes BOTH upper and lower bowels. While they last SPECIAL 10c Trial Sizes on sale at Western Drug Co. Adv.

**Sore Bleeding Gums**  
Only one bottle Lelo's Fyorrhea Remedy is needed to convince anyone. No matter how bad your case, get a bottle, use as directed, and if you are not satisfied druggists will return your money. Western Drug Co. Adv.

**TEXAS UTILITIES COMPANY**

**Circleback News**  
The pie supper and ice cream sale at the political speaking June 12, yielded \$30.82. The Boy Scouts are proud of the funds for it will be used for their trip to Carlbad, N. M.

Mr. and Mrs. Woody Goforth and daughter and Mr. and Mrs. George Gilpin went to the Dallas Centennial Saturday, returning Wednesday.

Little Misses Betty June, Dixie and Georgia Anne Hammock of South Plains are visiting relatives here for the summer.

Mrs. A. G. Hammock has returned to her home here to be with her grandchildren.

Rev. Clint Malone, of Plainview held church services here both Sunday morning and evening.

The "community" ate dinner with Mr. and Mrs. E. J. McCollum Sunday—Reporter.

**Desert Iguana in Southwest**  
The desert iguana is found in the open country of our Southwest, especially among creosote bushes. It feeds on flowers and insects, says Nature Magazine. While it is not a small lizard, it does not compare in size to the large tropical members of this group.

**Progress News**

Rev. H. H. Copeland preached here Saturday night and Sunday. He was accompanied by his wife and mother, also, Mr. and Mrs. Orville Stone.

A good rain fell here Monday evening and the farmers are all wearing smiles.

Mr. and Mrs. Lewis Reed, of Grady, N. Mex., visited in the home of Mr. and Mrs. Dave Stovall Sunday afternoon.

Mr. and Mrs. Davis and Oran Geuss of Fairview, Mr. and Mrs. Steve Parks and children, of Snyder, visited in the home of W. M. Gaston, Sunday.

Mr. and Mrs. Dilard Chittwood attended church at Y. L. Sunday.

Rev. R. E. Walton will preach here Sunday morning and night.

Mr. Charles M. Baker and daughter, Miss Vera, Mrs. Vaughan Johnson and Mrs. Oscar Whitte were in Mulleshoe Friday.

Mr. and Mrs. W. B. Harlan and son,

W. G. were Lubbock visitors, Tuesday.

Among those attending singing at Fairview Sunday night were W. M. Gaston and family, Wilson Walker, F. B. Stovall, Misses Faye and Cleo Walker, Arnold Actkinson and Edward Gwyn.

**H. D. Club Meeting**  
The H. D. club met in the home of Mrs. W. B. Harlan Friday, June 12 at 2:30 p. m. Mrs. Harold Mardis was elected delegate to the Short Course. Miss Alma Stewart, then took charge of the program. Several games were played. She then discussed the styles most becoming to the different types of figures and stressed the importance of workmanship on garments and careful selection of clothing.

"Slout persons should avoid wide collars and yokes," said Miss Stewart, "and should not make dresses too tight or too loose."

Cake and punch were served to the 17 guests present.—Reporter.

Everybody can be somebody.

**Tugwell's Waste Goes On and On**

**Spends 278 Million; Houses Far Short of Program; Payroll Huge.**

Washington.—When the District of Columbia court of appeals held that the President's transfer of relief funds to Prof. Rexford Guy Tugwell's resettlement administration was unconstitutional, it did not save the hundreds of millions of dollars of the taxpayers' money which have been spent by what one congressman has called "the most extravagant, the most unjustified and the most useless" of the New Deal alphabetical bureaus. Neither did it put a stop to future spending by the RA, for the decision will be appealed to higher courts.

Between May 7 of 1935 and March 23 of this year, Tugwell has received \$278,347,171, of which \$113,000,000, or nearly one dollar in every nine, has gone for "administrative" expense. Other expenditures: submarginal land purchases, \$44,129,828; subsistence homesteads, \$15,275,733; rural rehabilitation and resettlement, \$124,279,046; direct relief, \$16,180,354; suburban development, \$31,000,000, and land development, \$15,000,000.

**Payroll Numbers 17,055.**

What started out as only a handful of executives in the RA has swelled to a payroll of 17,055. The payroll for administering the various units in 27 Washington buildings alone is \$25,002,883 a year, sixteen executives are paid \$7,000 to \$9,000 annually; 41 from \$9,000 to \$7,000, and 53 from \$5,000 to \$9,000.

Professor Tugwell determines the amount of land which the RA will purchase and the use to which it shall be put. In less than a year he has placed under option 10,020,630 acres of land and has purchased \$5,583,840.

**Houses Fail to Rise**  
Tugwell's bill of \$27,347,171, but few houses, comparatively, have ever been completed. In most cases the lands on which they are built are too poor to raise crops profitably and few families are attracted to move in. Still fewer industries are being moved to the projects. Where houses have been completed, water is often cracking and roofs leaking already. Tugwell's payroll for labor alone is \$30,000 a day—enough to build ten houses a day—but less than ten houses a month are being completed.

In the South, in Minnesota and in other locations the RA has given the job up as hopeless. It is attempting to peddle the projects to private corporations, at enormous loss to the public purse.

**Payrollers Write Book; Ickes Collects Royalties**

Washington.—"Back to Work," a book published about a year ago as the work of Harold L. Ickes, secretary of the Interior, and upon which Ickes collects the royalties, was really written by press agents for the PWA working on federal government time and paid with the taxpayers' money. It was revealed here in connection with a suit involving the constitutionality of PWA.

At the suggestion of Clark Foreman, Roosevelt foundation employee who planned the book, Ickes imported a young writer, Michael Ross, from England, to write the story of "recovery" in America. He went on the PWA payroll at \$6,000 a year. Ross' efforts were then re-written by Jonathan Latner, also on the federal payroll. Parts of the book were written by K. Sewell Wingfield, assistant director of the power division of PWA, and Michael Straus and David Wolfsohn of the PWA publicity staff.

**Robust Spring Zephyrs Reveal Federal Waste**

Chicago, Ill.—There was something in the wind in the neighborhood about the warehouses on North Water street here, and it wasn't blizz. Investigators discovered that the aroma, robust and overbearing, emanated from the Federal Surplus Commodities corporation's storage rooms where 38 carloads of onions were stored.

Twenty WPA workers were loading spoiled onions, which had sprouted and rotted while waiting for the ESCC to distribute them to families on relief. Workers said the stuff was being hauled away to be dumped, but John Thompson, the foreman, denied it, explaining that it was being distributed to "people with gardens" for planting. However, when a reporter started following one of the trucks Thompson called it back. Warehouse officials refused to let anyone into the building to find out how much of the supply was spoiled.

**Additional Federal Liabilities**

Washington.—Not included in the Treasury department's staggering estimates of the United States national debt, which place it at \$4 1/2 billions by June 20, are the bonds of various government corporations, which the government has guaranteed. These total another 4 1/2 billions.

**Spending in Lucid Terms**

Washington.—The \$11,001,083,884 spent by the Roosevelt administration up to the middle of May for industrial "pump-priming" and relief is nearly twice the amount of all the money in circulation in the United States,

**West Camp News**

Mrs. E. L. Smith and daughter, Miss Naomi, visited Miss Wilma Smith in Lubbock last Thursday.

Mr. and Mrs. Melvin Snider and daughter, Wilma Louise, Mr. and Mrs. J. S. Williams and children, Jo Ann and Bert, Mrs. C. E. Dolson and daughter, Margaret and Nora Lee attended the amateur radio hour given by the 4-H club girls at Mulleshoe Friday night of last week. Little Jo Ann Williams won second prize in the contest.

Rev. W. B. Wages will preach his farewell sermon as pastor of West Camp Baptist church next Sunday morning at 11:00 o'clock. There will be conference Saturday night. After said conference this church for four years, Rev. Wages has accepted the pastorate of Morton church. He and his wife are moving there this week.

Virginia Ruth Robertson is at home from Teah club, spending the summer with her parents, Mr. and Mrs. H. C. Robertson.

Mr. and Mrs. Hallie Yarbrough and daughter Oma Gene visited friends in Portales, N. M., Sunday.

**Pollyanna Club Meet**

The Pollyanna club met in the home of Mrs. Jodie Bright, Wednesday, June 10. The afternoon was spent discussing color and styles of clothes. Miss Nora Lee Dolson gave a reading that was enjoyed by all.

Visitors for the afternoon were Mrs. Sims, Miss Bright, Nora Lee Dolson and Miss Alma Stewart.

Refreshments of cake and ice cream were served at the afternoon. The next meeting will be at the school house, June 24 and will be a social meeting.—Reporter.

Russia now proposes to establish a democratic type of government in which its citizens will have voices expressed in both election of officials and method of national management, the system declared to be more democratic than that of the United States.

**NOTICE OF SHERIFF'S SALE**

THE STATE OF TEXAS, COUNTY OF BAILEY.

WHEREAS, by virtue of an order of sale rendered by the Honorable District Court of Bailey County, Texas, on a judgment rendered in said court on the 12th day of May, A. D. 1936, in favor of VALLEY MOTOR COMPANY, a private corporation, and against Scott Morris, D. O. Smith, G. L. Kirvin, Pierce Petroleum Corporation, a private corporation of the State of Missouri, Firestone Tire & Rubber Company, a private corporation of the State of Ohio, Vacuum Oil Company, a private corporation of the State of New York, the Stockholders and the legal representatives of the unknown stockholders and the legal representatives of Petroleum Refractionating Corporation, a defunct corporation, whose names are unknown, in Cause No. 911 on the docket said Court;

I did on the 6th day of June, A. D. 1936, at 4:30 P. M. levy upon the following described property situated in Bailey County, Texas, to wit:

All of Lots Numbers Eight, 9, and Nine (9) in Block 2 of the Original Town of Mulleshoe, in Bailey County, Texas.

And on the 7th day of July, A. D. 1936, being the First Tuesday of said month, between the hours of 10 o'clock A. M. and 4 o'clock P. M., on said day, the Courtroom doors of said County, I will offer for sale and sell at public auction, for cash, all the right title and interest in the said Scott Morris, D. O. Smith, G. L. Kirvin, Pierce Petroleum Corporation, Firestone Tire & Rubber Company, Vacuum Oil Company, the Stockholders and the legal representatives of the unknown stockholders and the legal representatives of the unknown stockholders and the legal representatives of Petroleum Refractionating Corporation, a defunct corporation, whose names are unknown, in and to said property.

Dated at Mulleshoe, Texas, this 8th day of June, A. D. 1936.

JIM COOK, Sheriff of Bailey County Texas.

Publ. June 11, 18, 25, 1936.

**IS THE STORK KNOCKING AT YOUR DOOR?**

Arrange to have an automatic gas water heater installed in your home. Instant hot water day and night is right a necessity when there's a baby in the home—and gas rates are so low now you can't afford NOT to enjoy this convenience.

The low gas rate fixed by the Railroad Commission of Texas, and put in effect by the company is lower than the rate in 601 other Texas cities and towns having gas service. Minimum bill also reduced.

**West Texas Gas Co.**  
Good Gas With Dependable Service

**GET GULFLUBE—**  
It's "Stripped for action"!

Poorly refined motor oils, like a swimmer with all his clothes on, can't do too much excess baggage—waste that should be "stripped off" by refining.

Most 25c oils, like a swimmer stripped of part of his clothes, but not are rid of some waste—but not enough for best performance. No refiner of 25c oils could afford to go further, before Gulf's Multi-sol process was perfected.

GULFLUBE MOTOR OIL, like a swimmer stripped for action, is rid of every bit of excess waste. It's the only Multi-sol-made 25c oil—the finest, purest oil a quarter ever bought. Gulflube gives you better lubrication, lower bills and a cleaner motor. Prove it—at the Sign of the Orange Disc.

**THE PREMIUM-QUALITY MOTOR OIL FOR 25¢**

**SOLD AT SERVICE STATIONS IN SEALED CANS ONLY ... NOT SOLD IN BULK**

ARNOLD MORRIS      BUFORD BUTTS

Maple News Items

Quarterly Conference was held at the Methodist church Sunday, June 14. Presiding Elder W. L. Tittle, of Plainview, preached at the morning service. A basket lunch was served at the noon hour. Visitors were present from Enchoes and Julia.

Mrs. Roy Taylor with 10 members present. We studied different ways of making belts and seams and looked at hats and dress pictures so as to have better ideas how to make our contest dresses to be shown in Muleshoe, June 27 at the school auditorium. We adjourned to meet again with Mrs. LaVern Self, June 18, it being a night meeting.—Reporter.

Stegall News

Sluicing was well attended Sunday night and we were all proud of our new piano, purchased last week. Mrs. Orval Fowler is seriously ill at her home near here. Mr. and Mrs. Earl Knowlton are the proud parents of a 10 pound baby girl born Sunday morning. Her name is Elsie Beatrice. D. L. Lane had the good luck to draw a new Public radio at the drawing at Dammron's drug store Wednesday of last week. We are glad to have two new comers in our community. Mr. and Mrs. Youngblood from Sudan. Mi-sery is Mi-sery.

Davis Shows Up New Farm Plan

Tries to Retract Views on Markets for U. S. Farm Products in Europe.

Newark, N. J.—Chester C. Davis, agricultural adjustment administrator of the New Deal, almost succeeded in covering up a statement by him which laid wide open the fallacy of the new soil erosion measure conjured up to take the place of the unconstitutional AAA. Almost—but not quite.

Davis' statement, which was issued from Berlin while he was on his six-weeks' agricultural survey of 11 European nations, claimed that there was little hope for a revived European market for American farm products. It was understood that administration forces attempted to recall it from newspapers to which it had been issued, but one, a daily in Newark, printed it and let the cat out of the bag.

For the Davis statement, it developed, was identical to the reciprocal treaty policies of President Roosevelt and to the new erosion control program, in which much stress is placed upon the necessity of developing foreign markets for American farm products.

"All over Europe," read the suppressed statement, "there is but now for the American farmer and exporter who hopes to regain the great market he enjoyed in this part of the world a decade ago."

"Under the rising surge of nationalism and the continued threat of war, with the possibility of food supplies choked off by blockade, the leading countries in western Europe are striving to become self-sufficient and, as far as possible, to produce their own food-stuffs."

"I am concerned with what those changes mean to the American farmer. We plowed up 50,000,000 acres to grow wheat and meat for Europe from 1914 to 1919. They will not be needed to the same extent for that purpose again."

"I see no sense wasting our soil resources and great national heritage of productive and fertile soil to produce for a market which we cannot have because of circumstances far beyond our control. Nearly every country we have visited has supplemented its tariffs by import quotas on some commodities. Some nations have put in effect rigid exchange-control systems which put the government in charge of every item of foreign trade. Germany is a notable example. Some countries have invoked outright embargoes."

**A Real Installment Plan**  
Washington.—Paying at the rate of a million dollars a day, it would take more than 37 years to reduce the United States national debt as much as the Roosevelt administration has increased it—that is, if no interest had to be paid.

**THE CRACKER BARREL**  
It took *Time* back to bring the last letter of the alphabet into the circus ring of political clowning.

Of Roosevelt it may truly be said that, all in the name of recovery, he gave this nation "the bird" and now is giving it "the works."

One of the troubles with Roosevelt is that he has gone too Farley!  
Political anthropologists (bone-hunters to you) are now ranking the "Crack" down there nearly extinct, along with the famous Pittdown man in social significance.

**"MY DAY"—BY MICKY MOUSE**  
Washington, "Humanization of the rodents of the field seems to have been the pleasant task of some of the administration's boondoggling scientists. This is from Uncle Sam's Diary," a magazine for federal employees:  
"Work habits of field mice have been checked by federal scientists: 8 a. m., reveille; breakfast hunting until 7:30 a. m.; rest period until 11 a. m.; lunch, 1 p. m.; general noising about until 2 p. m.; dinner, 4:30 p. m.; half hour for napping, and then to bed at 8 p. m."

**Farmers Fear Taxation After Federal Spending**  
Chicago, Ill.—Fears of thousands of farmers that excessive spending of the Roosevelt administration will tax them out of private ownership of property were described in a statement of Dr. E. V. Wilcox of Washington, secretary of the Farmer's Independent Council. The statement was issued from Council headquarters here.

"We are assured that the rich will pay for this spending jamboree," the statement read. "Yet official statistics show that the total income of those whose incomes are over \$5,000 would keep the wheels of government going about 50 days at the present break-neck speed. In we, the less prosperous rank and file, must serve the beasts of burden for the other 315 days of the year."

Whether the administration in its present frame of mind intends to tax all farm property out of private ownership and make farmers mere wards of the government, as in Russia, can only be surmised. But this terrifying thought is causing genuine concern through the farm belts."

**Taxpayer's Cash Goes to Dogs in Memphis**

Washington.—"Homeless Hector" has found a home—thanks to the New Deal, whose PWA built it with \$25,000 of the taxpayer's money in Memphis, Tenn. The dog shelter, object of nationwide censure as the all-time high in Roosevelt boondoggling, occupies a conspicuous place in "The Roosevelt Record," tabloid publication of the Democratic national committee, glorifying the New Deal.

The pound, with its impressive entrance and columned portico, and looking not unlike the press wing of the White House, is a haven of food and indolent luxury for the Memphis mongrels. Its construction is defensible by "The Roosevelt Record" on the grounds that the dogs of the southern city are poor dogs, not like "the dogs of the rich—thoroughbreds, well-petted, well-fed, clean, gentle, playful, affectionate, homebroken."

The fee-baited, lop-eared mutts, it is said, heartily approve this new redistribution of dogdom wealth, as they loiter under cool shower baths, administered by attendants.

**U. S. Imports Exceed Exports for First Time**

Washington.—Since January, America has been buying more goods and products from abroad than it has sold in foreign countries, according to estimates of experts in the United States department of commerce.

Imports, encouraged by the free trade treaties of the administration, have increased each year since 1933, until they now exceed the nation's exports. Imports for the first four months of 1935 totaled \$751,000,000, greater by \$12,414,000 than exports.

**Uncle Sam's Big Payroll**  
Washington.—Thirty-eight cents out of every dollar collected in taxes now goes to pay government officials, the National Civil Service Reform League estimates. Wages of more than 200,000 employees have been added to the taxpayers' load by New Deal bureaus.

**THE CONSPIRACY**  
There was formed the greatest conspiracy against the resurrection of Jesus Christ the world has ever known. They bribed the people who were at the tomb and manufactured a ridiculous lie in order that they might create doubt concerning the resurrection of Jesus. The resurrection of Jesus Christ was a fact and therefore the conspirators had to explain the fact away, or in some manner destroy belief in its supernaturalness. Therefore, they held a conference and outlined a program of deception which has been carried down through the ages, and the rationalistic, unregenerated forces of today are still propagating the lie, and are members of that conspiracy.

The original program involved bribery, the use of power and money. They rehearsed their story, memorized it and instructed the people how to repeat it. That same policy is being followed today.

The original program of bribery, conspiracy, lying and attack upon the tomb of Jesus Christ is being carried on today, not only against the tomb, but against the Church and her fundamental doctrines. The purpose, of course, is to deceive the very elect. The agencies of the Church are being used, educational institutions are being invaded, the power of money is being employed, and the great evangelical, fundamental truths are being attacked by members of the most damnable conspiracy the world ever saw. The battle is being waged around the empty tomb.

There is no historical fact more perfectly established than the resurrection of Jesus Christ, and yet infamous, perjuring, rationalistic, unregenerate preachers and teachers are denying supernatural, bodily resurrection of Jesus Christ. They are members of this infamous conspiracy.

Real Christians should awake to the fact, be aroused to the crime and expose the conspirators and their conspiracy.

**The Passion Vine**  
The term "passion" is applied to any flower or plant of the genus Passiflora—so named from a fancied resemblance of parts of the flower to the instruments of Christ's crucifixion. The corona represents the crown of thorns, the stamens and pistil the nails of the cross, and the five sepals and five petals the ten faithful apostles.

Etiquette  
What & When to do it  
By A. Leda

DEAR A. LEDA:  
Is it necessary for a man to put his chair under the table at the conclusion of a meal?  
R. M.

No. Unless dining at home or at a friend's house where this is the custom, do not do so.

A. LEDA:  
Will you kindly state what is the correct thing for a man to say to the bride at the wedding reception? Also what might a woman say if she is not an intimate friend of the bride?  
R. L.

At a wedding reception a man usually compliments the bride on her appearance or he may say "pray accept my sincerest wishes." The woman could say to the bride "let me wish you every happiness in your married life," and to the groom words to this effect, "I congratulate you most heartily on the good fortune you meet this yours today."

DEAR A. LEDA:  
If one has friends in the audience during a play is it all right to get over and sit with them during an intermission? 2. If two men and two women are at a play together is it permissible for the men to leave the women to go and smoke during an intermission? 3. Supposing there is just a man and a woman alone, does the same rule hold?  
AN INTERESTED READER.

Yes. On one condition—which is, that your friends have aisle seats, otherwise you should go out in the lobby to visit. 2. Yes. 3. No. A man should not leave a woman seated alone in the audience.

HELPFUL HEALTH TIPS

**Shampoo.**—A nice shampoo can be made by dissolving a cake of pure castile soap in water. To have it in a jelly consistency use one pint of water to a cake of soap. If hair is very oily, wash once a week or every two days. Otherwise wash every three weeks is enough. In either case be sure to rinse thoroughly afterward.

Continental Islands

The West Indies are what are known as continental islands. The floor of the seas about them is a sort of shelf, much higher than the bottom of the adjacent Atlantic ocean. But a continent is a large, continuous mass of land, of certain special characteristics, and the West Indies are not in any continent.

Four years of enforced economy under the national depression have caused citizens to hold fast to such money they have, spending it only when absolutely necessary and where greatest value may be obtained. Money is still scarce, yet merchandise needs continue. The recent rains have brought insurance of good crops to this section and citizens, looking with confidence toward the future are ready to buy numerous needed articles for personal and family use. Realizing this fact, M. D. Jones is putting on this **BIG ECONOMY SALE**, furnishing immense savings to patrons, and at the same time raising needed money for the firm to invest in future operations for community benefit.
