

Trustees Name 29-Member Citizen Advisory Committee

A 29-member citizens advisory committee has been named by the Cross Plains Independent School District Board of Education.

Purpose of that committee is to aid and assist school trustees, officials, architects and financial advisors concerning pending action required by state agencies on the high school building.

It was pointed out by Randy Foster, school board president, and Dr. Scot H. Edington, school superintendent, that an effort was made to have every seg-

ment of the school district represented on the advisory panel. Just over 30 invitations were extended to citizens to be members of the committee, and 29 accepted.

Those who accepted were listed as follow: Vicki Walker, Dr. Carl J. Sohns, W. G. McCoy, Ray Purvis, Glennard (Skeet) Walker, James O. Koenig, Alvin Hutchins, Tommie Harris, Glen Payne, Lewis Fortune, Leota Maynor, Mrs. Bevo Webb, R. T. Watson, David Collier and Dr. Foby Irwin.

Also: Bill Reed, Mrs. Garland

Arnold, Doyle Clawson, Tom Ames, James Alexander, Nathan Foster, Roy Nell Tatom, Baylis Pope, Mrs. Dan Childress, Glenna Winfrey, Rolan Jones, James Switzer, James Chesshir and Brent Key.

It was opined by school authorities that first meeting of the committee would be held about the middle of January.

Trustees recently hired a financial advisor and an architect. The bondsman is Joe K. Smith of Abilene, representing the First Southwest Co. Architectural firm hired is Huckabee & Donham of Andrews. The architects are currently involved in a feasibility study weighing possibilities of renovation of the current structure, if found to be structurally sound by that company, and razing that building and erecting a new one. Cost comparisons are being made concerning both possibilities.

It has been pointed out that both the Texas Education Agency and State Fire Marshal's office has cautioned the school about conditions of the high school building. The fire marshal has condemned the upper story of the structure.

Since the beginning of school the Texas Education Agency has placed Cross Plains School on advised probationary status. Failure to heed TEA advisories and warnings could lead to withdrawal of accreditation and the loss of state funds for the school.

Whatever decision is reached by architects, citizens committee, school board and officials, a bond election will be required.

New Year's Is Holiday; Some Will Close 2 Days

Most downtown businesses and offices will observe New Year's Day as a holiday Tuesday. Several local concerns are

also going to have doors shut Monday, making a three-day mini-vacation for some employees.

Trustees Offer \$1,000 Reward In Burglary

Cross Plains Independent School District trustees have authorized the offering of a \$1,000 reward in connection with the burglary at the school the first week end in December.

Board of Education members stressed that the \$1,000 reward will be paid for information leading to the arrest and conviction of person or persons who committed the burglary.

First estimates of the loss and damage to the school were \$20,000 to \$25,000. Possibly the hardest hit was the Buffalo Band where more than 25 smaller instruments were taken, severely crippling that program.

Several other items were taken from three other buildings on the campus, high school, Browning Title I Building and the high school building.

Only a small typewriter, belonging to Miss Charlotte Taylor, band director, has been found. It was a few miles north of Cross Plains along Highway 206. It was damaged, possibly having fallen from a vehicle.

City of Cross Plains Police, Callahan County Sheriff's Department and the Texas Rangers are working on the case.

Among those who have announced plans to be closed both Monday, Dec. 31, and Tuesday, Jan. 1, are Cross Plains Frozen Food Locker, Higginbotham's, Flame Gas office, Bishop Chevrolet Co., and West Texas Utilities Co. Mayor O. B. Edmondson stated that the business office of the City of Cross Plains is likely to take both Monday and Tuesday as holidays. There probably will be others who did not announce intentions early.

Virtually all concerns will be closed on Tuesday, Jan. 1, in downtown Cross Plains with the exception of JRB Supermarket.

Some of the businesses located along highways leading into Cross Plains are also expected to be closed on New Year's Day. Most of those firms are expected to be open on Monday, however. Several shops along Main Street were undecided whether or not to close both Monday and Tuesday.

With the exception of Washington's Birthday and Memorial Day, both of which have been moved by the Monday Holiday Bill to Mondays, next major holiday will be July 4, Independence Day. That will fall on a Friday.

Mr. and Mrs. W. E. Gage of Coleman spent Tuesday of last week with his sister and husband, Mr. and Mrs. W. M. Smith, here.

Buffaloes Lose 1, Win 1 In First 2 10-A Outings

Cross Plains Buffalo basketball team lost its opening district 10-A contest in Buffalo Gymnasium Tuesday of last week, then traveled to San Saba Friday to earn a first victory.

A horrendous second quarter when Bisons tallied just 4 points while Eagles counted 25, spelled doom for the Herd in the conference lid lifter December 18, losing 59-55. After a 12-11 first quarter tally favoring the Eagles, the Mills County quintet blistered the nets for 25 points while Bisons were frigid and earned just 4 points. Trailing by 22 points, 37-15, at intermission, Buffaloes abruptly got hot pouring in 26 points to 10 for Goldthwaite in the third quarter. Buffs trailed by six, 47-41, but could make up only two points in final canto, out-scoring the visitors 14-12, for the final 59-55 count.

Duane Hutchins swished the nets for 24 points to pace the Herd. Runner-up was Danny Lewis with 19 markers. Other Bisons scoring were Gary Robinson 6, Richard Allen 4 and Tan Flippin 2. Saathoff counted

25 for Goldthwaite, and Steph-ens added 16.

Bisons rallied from six points behind, 14-8, in the second quarter to post a 27-23 edge on strength of a 19-point second period Friday at San Saba. Final score favored the Cross Plains quintet 57-44 in the league contest which was originally scheduled for January 5.

In the third canto Buffs eased to a 35-29 advantage before opening up a bit of breathing room with a 22-15 cushion in the last quarter.

Lewis was the Herd's top point maker with 22, and Flippin was runner-up with 10. Richard Allen scored 9 points, and 7 of those were from the 9 free shots that he took. Hutchins and Robinson each counted 8 points. Dete Hibler paced the Armadillos with 17 points.

Buffaloes evened their league mark at 1-1, and stand 8-6 on the season.

Next action for the Buffaloes is slated to be Tuesday, Jan. 3, at Bangs when all four local high school teams are to play beginning at 5:30 p.m.

Local Police Chief Resigns Last Week

Robert V. Roysden, Cross Plains Chief of Police, submitted his resignation to the Cross Plains City Council in regular session Tuesday night of last week.

Chief Roysden has held that position for the past 15 months. He came here from Merkel, and at the time of his moving here had been involved in security at the Abilene Airport.

Mayor O. B. Edmondson stated last week that although Chief Roysden's resignation had been accepted by the council, no successor has yet been named.

The mayor advises that the chief's resignation is effective December 29.

Chief Roysden stated that he and his family will continue to make their home in Cross Plains. He did not elaborate on his plans for the future other than the family continuing to stay here.

BROWNWOOD CONCERN IS NAMED SCHOOL AUDITOR

Trustees of Cross Plains Independent School District named Henry Colyer's firm in Brownwood as auditor for the current school year. That action was taken Wednesday of last week in regular session.

A representative of that company presented the audit of the 1978-79 audit report to the board.

Cost of the auditing service is \$1,800 for the ensuing year.

Mr. and Mrs. Bob Roady were in Dallas Thursday to meet their son, Joe from San Francisco, Calif., who will be spending some time here with them while on leave from the Navy. They also visited another son, George while in Dallas.

Review Copy Dates Earlier Next Week

Advertising and news contributors are being advised that copy deadlines for the Cross Plains Review for the first issue of 1980 will be moved up one day.

In order that the Review staff may have a holiday Tuesday, Jan. 1, the paper will be printed on Monday, Dec. 31. It will not, however, be distributed through the mails until Wednesday, Jan. 2. News stand copies will also be available on Wednesday.

Display advertisers are reminded that Sunday, 5 p.m., will be latest time a display ad will be accepted. Those larger than a quarter page must be in a day earlier.

Classified advertising deadline will be 10 a.m. on Monday, instead of the usual Tuesday. News deadline is also 10 a.m. Monday instead of Tuesday for this week.

SCHOOL WILL RESUME HERE ON JANUARY 2

Students and teachers are scheduled to return to classes at Cross Plains Schools Wednesday, Jan. 2, with a full day's work on tap.

An 11-day Christmas-New Year's break was begun Saturday, Dec. 22.

Trustees Replace 25 Horns Stolen From Buffalo Band

Cross Plains school trustees voted in regular session last week to purchase 25 new band instruments insuring continuation of the band program here.

Miss Charlotte Taylor, band director, met with the school board explaining that without the horn replacements, many of her students would be forced to withdraw from the band program because they had no instruments.

The 25 instruments bought will replace most of those which were stolen the week end of December 1-2 which have not been recovered. A few school-owned instruments taken in the break-in were not replaced because they were not currently being used.

Horns were purchased through Caldwell Music Co. at Abilene at cost, according to Miss Taylor. The 25 instruments cost \$5,300, but insurance is due to pay \$1,650 of that amount.

Yankee Befriended Locally Thanks Cross Plains Folk

The Cross Plains Review received a letter from a Mr. Jack Higgins of 215 Highway 33, Freehold, N. J. 07728, last week with a request which pleased this editor.

It seems the 22-year-old self-termed "Yankee" recently hitch-hiked or bused his way from Hermosa Beach, Calif., to Freehold, N. J. His request was that the Review please print a copy of the letter as his holiday greetings to everyone in Cross Plains who "turned a disaster into a very pleasurable trip."

His correspondence, addressed to "My Friends in Cross Plains," follows.

"On a recent trip from Los Angeles to New Jersey, I came upon a town that I never knew existed. I entered the Dairy Queen, in Cross Plains, early one Thursday morning. To my surprise there were many people having breakfast at such an 'un-Godly hour.'

"I was in search of a person who had taken off with some of my clothes and

Week End Showers Cover This Sector

Slow, soaking showers and spring-like thunder showers fell over the Cross Plains area Friday afternoon—evening and again Sunday.

Combined, the life-giving moisture measured 1.70 inches in Cross Plains. Most gauges in the sector have been "retired" for winter months with glass tubes being turned upside down or taken inside.

A slow, soaking rain fell over the Cross Plains area late Friday afternoon and extended into the evening. That rain, which may have been added to early Saturday morning, was measured at .40 of an inch.

Vivid lightning and sharp claps of thunder disturbed early morning slumber of most area residents Sunday. The spring-like thunder shower, which featured brief heavy rain and some wind, was also reported to have dropped some sleet in Cross Plains about 5 a.m. That had measured 1.30 inches to noon Sunday, as the rain had stopped with indications of clearing.

The 1.70 inches of rainfall combined with the 1.30 inches received here December 12-13 in the form of freezing rain, a total of three inches, considerably enhanced the agricultural outlook of this area. Some believed that grain which was dusted in last fall will now come up with a little warm weather, and that which was

suffering badly for moisture will be saved.

Most all persons engaged in agriculture agree that the rain was a tremendous Christmas gift.

Although crops and pastures are wet now, additional moisture could still be used to help fill earthen stock tanks. It is reported that some of the reservoirs are getting low.

4 More Artists Showing Works In Local Offices

Four more artists who are members of the Paint & Palette Club of Cross Plains are currently displaying their works in three locations in the township.

Possibly the most experienced artist of the group is Doddi Pearson, who has a huge wagon train scene hanging in the Citizens State Bank lobby. Mrs. Pearson, who has taught for 14 months, is exceptionally talented and has painted for some time. She has, however, never had a formal lesson. Her "Mexican Market" painting entry at the recent two-day art exhibit here won "Best of Show" award. She is reported to enjoy working in all mediums, and is good in all of them.

Dorothy Mitchell has a painting on display at the West Texas Utilities Co. here. She has been painting about a year, and has studied under two Cross Plains teachers, Mrs. Pearson and Ozella Huddleston. Mrs.

Mitchell prefers landscapes, and paints in oils.

Jewel Rogers has two of her works on display at the office of Dr. Carl J. Sohns. She had three lessons back in 1966, but did little work until recently when her interest in painting resumed. She has been studying with Mrs. Pearson for the past year. She won "The People's Choice" award at the recent art show here. She is reported to prefer landscapes, windmills and flowers.

Nelda Pancake, also a new artist, has two of her works hanging in the office of Dr. Sohns. She has been taking lessons for the past year, studying with both local teachers. It is reported that Nelda "can do anything."

A spokesman for the Paint & Palette Club stated that the six paintings currently being displayed will hang through this month and the first week in January.

Buffettes Claim Initial Loop Win Last Friday

Third time was a charm for the Cross Plains Buffettes last Friday as the varsity local high school girls basketball team claimed its first victory of the season in three starts.

Buffettes opened the 10-A campaign with a loss to Early, and Tuesday of last week dropped a 59-20 contest to visiting Goldthwaite. Friday, however, the visiting Buffettes got on top early and stayed there throughout the contest.

The outclassed Buffettes fell 13 points behind in first quarter here Tuesday against the Mills County girls. By halftime local girls were 30 points in arrears, 35-5. Goldthwaite coasted to the final 59-20 verdict.

Bridgette Allen led local scoring with 7 points, and her sister, Paula, added 6. Leesa Higginbottom contributed 4, Kim

Hedrick 2 and Kathy Jones 1. Miss Hill had 11 for Goldthwaite and Miss Beavers and Miss Henry added 10 more each.

Buffettes claimed a 10-4 first quarter lead then doubled that, a 21-9 count, by outscoring the hosts 11-5 in second quarter. Locals counted 16 points to 9 for San Saba in the second half for the final 37-18 tally.

Bridgette Allen again was the top scorer, hitting 19 points for Cross Plains, and again Paula Allen was runner-up scoring 3 points. Miss Higginbottom added 6, Kathy Jones scored 2 and Jo Jo Koenig and Kim Jones 1 each.

Miss Holland and Miss Vaughn counted 4 each for the San Saba girls.

Buffettes are now 1-2 in conference competition, and stand 2-10 on the season.

Rural Mail Carriers Make Effort To Serve Patrons

Rural mail carriers expect to deal with more than their share of snow and sleet and freezing rain, but Postmaster Joe E. Hanke, Jr. today reminded customers in the Cross Plains area that his carriers will need some assistance during winter months.

Rural carriers will make every reasonable effort to serve as many customers as possible during severe winter weather, but Hanke said carriers are not expected to leave their vehicle and provide service on foot when roads, entire blocks, or other large portions of their routes are impassable.

"Rural carriers are expected to leave their vehicles to serve

temporarily blocked individual boxes where there is no risk of personal injury or unusual physical exertion," Hanke said, "but not when access to several mailboxes along a continuous segment of a route is blocked."

Hanke said his office keeps in close contact with traffic and weather advisories to determine if delivery should be suspended on a particular day, and with highway department officials to make sure public roads are passable and in good repair.

"We need everyone's cooperation in keeping approaches to boxes clear of snow and any other obstructions," Hanke said, "so we can avoid cutting anyone's mail delivery even temporarily."

Word was received here last week of the death of Mrs. Otho Keesee of California. Her husband is a cousin of Ressa Glover and Loma Atwood, both of Cross Plains.

No details were learned here, except that Lee and Joe Keesee

of Lubbock attended funeral services in California the week end of December 14 and 15, according to Mrs. Atwood.

Bison JV Cagers Win In Last 2 Outings

Junior Varsity Buffalo basketball team at Cross Plains High School has won its last two outings on the hardwood.

Tuesday of last week the interning Bisons defeated visiting Junior Varsity Eagles from Goldthwaite 45-32. Last Friday in a re-scheduled contest, Buffs nipped host San Saba 41-40. That score was carried 42-41 by the San Saba book, but a field goal was counted twice when a Bison fouled an Armadillo, and the scoreboard was not corrected.

Cross Plains rolled to a 25-10 halftime lead over the Eagles Tuesday of last week. Goldthwaite rallied in the second half, outscoring the Herd 14-11 in the third quarter, and Buffaloes gaining only a 9-8 edge in the final canto. It was the first victory of the season for the Buffs.

Randy Huffman led scoring with 16 points. Dennis Koenig hit 11 points, and Richard Clark added 9. Other locals scoring were Dorian Cain 4, Greg Hutchins and Eugene Ford 2 each and Kirby Stephens 1. Schriver paced Goldthwaite with 11.

A furious 22-point fourth quarter lifted the Bisons to victory in the game at San Saba Friday. Buffaloes trailed by eight points 19-27 after three quarters, falling behind 10-6 in first period and 8-4 in third stanza.

Koenig led scoring for the Herd, swishing the nets for 19 markers. Huffman tallied 17, and Cain and Wesley Hilburn counted 2 each. Eugene Ford added 1. Hard led the hosts with 22.

The contest with San Saba originally was set for Saturday, Jan. 5, but was moved up to Friday due to a conflict.

Rowden Writer Remembers Christmases 'Back When'

By Mrs. N. V. Gibbs

Christmas is here again—this special time of year.

The word, "Christmas" has different meaning to each of us. Some think of this day as a time for family reunions, sharing gifts, love and happiness.

Young children expect this to be the time when all their wishes are granted without question. This is the special time to ask Santa for a gift they wouldn't get any other time.

Christmas "back when," some of us were very young can be remembered in many ways. The tree was always cedar from the pasture with trimmings of strings of popped corn which even the kids helped do.

Sometimes candles were placed on the tree and peppermint candy sticks and other decorations that could be made from whatever was around the house. There was also red and green paper bells and ropes to adorn the tree.

"Back then," toys were simple, but a doll was a must for a little girl and maybe a doll buggy. Boys wanted a little red wagon or train.

You know by now that this writer has lived all her life in the country where a small farm did supply the necessary things for living. Your life revolved around the home and not too far past the community.

"Back then," there was not always a Christmas tree in the home. Santa could leave gifts by the fireplace or anywhere in the house. One year some little girls wondered how Santa knew where Mama's dishes were when candy was found in them one Christmas morning.

Also, "back then," a trip to Grandma and Grandpa's house

on Christmas day had so many uncles were there that you expectations. Cousins, aunts and hadn't seen for a while. Then too, Grandpa always bought crackers in a large wooden box and they were extra good on Christmas Day. Most times, there was a tree with gifts to open.

Other Christmases can be remembered when the other side of the family met for Christmas. There was always a huge tree and a real dressed up Santa Claus. This was really exciting.

Is Christmas different, "here and now?" Yes! We are older now, and realize that the real meaning of Christmas is to show love, and understand who has given us so much. He seeks to give us peace of mind as we live in a world of struggle and strife.

And, "right now," our little children still see Christmas as a time to expect gifts, and as adults, we anticipate the joy of seeing their eyes light up when those gifts are opened.

"Back when," more country people ordered things from the Sears & Roebuck or Montgomery Ward catalogs. Gifts were ordered in the quiet of the home in time for them to arrive before the holidays.

"Now, we all rush to the big city where there's so much to choose from that it's easy to become a befuddled shopper."

"Now," is a wonderful time to be alive, have families to enjoy and then remember how it was in the long ago. My wish for each of you this Christmas season is that there will be love and much happiness wherever you are. It is a time to remember our people who are cap-

Cottonwood News

By Alice Champion

Hi folks. Looks like we will all get a wonderful Christmas present if this shower keeps up. At the time of this writing, Friday evening at 6:45, it is just a slow, soaking kind of rain. Just what we need.

Because of my having an upset stomach, I did not get to attend the Cottonwood musical last Friday. I hope they had a good crowd, and know it was an enjoyable time. It always is.

Tuesday night of last week, we Woodys again had our annual Christmas party and exchange of gifts. All seemed to enjoy it. As we get older, we enjoy each other more and more.

There are only eight of us now, but we are so thankful that the eight of 11 of us are left. With ages running from 66 to 89, only five got together this year.

Attending the gathering were Margaret Proctor, Alice Champion and Jessie Kelly, all of Cross Plains, Anderson Woody and wife, Bobbie, of Coleman and Chuck (C. E.) Woody and his wife, Dottie, of Abilene. Others present were Nelda Wilcoxon of Cottonwood, and the following from Cross Plains: Dick and Mickey Dillard, Bessie McMillan and Sub and Thelma Peavy.

Mrs. Dona Neeb is expecting the following to be with her over the holidays and week end: Eddie and Charisey Darnell of Waco, Joe Darnell of Temple and Paul Neeb and sons, Joe, John and Jack, of Cross Plains. It will be a wonderful time for her.

I am expecting Claude, Joe, Rocky and Hayley Champion of Abilene and Vi Summers, also of Abilene, to come down and be with Mr. and Mrs. Glenn Champion and family and myself over the week end.

Mrs. Ethel Anderson received a call from her brother, Mr. Conger, of Cisco telling of his daughter's accident as she was leaving her teaching job. She was found unconscious beside her car. Her father stated that she was unconscious a day or two, but is okay now.

Mrs. Reba Green and Mildred Lashbrook were visiting this week with the Joe Hazzards in Pecos. Jake Green kept busy running his traps.

It has been called to my attention that a fair-sized crowd attended the Cottonwood musical Friday night. There was lots of good music, it was reported.

Most folks in the Cottonwood area report they are expecting their family home for Christmas.

Eric and Mark Tyler accompanied their mother, Mrs. Jerry Tyler, to Brownwood Saturday morning where they attended a Christmas party for children of employees of Superior Cable, where the bys' father is employed.

WRECKING OF BUILDING ON 8TH NEARING END

The salvage operation of the old building across 8th Street north of the Review is nearing completion.

Gary Driggers is tearing the building down, sharing salvageable materials with the owner, who lives in Abilene. The building, which has housed several businesses over the years, is being torn down to make way for the proposed new post office which is to be built on land along 8th for half block westward from Avenue D.

Visitors in the home of Mr. and Mrs. M. F. Dill here during the past week included their sons, Mr. and Mrs. Fred Dill and son, Tim, of Irving, and Mr. and Mrs. Marvin Dill of Kingsland; Mrs. Dill's niece and husband, Mr. and Mrs. W. E. Gardner of Rising Star; Ollie Harrison of Lampasas; Jim Eakin of Oklahoma; Eunice Starr, Gayle Baize and Skeet and Randy Walker of the community.

CHRISTMAS GREETINGS

The words in the Bible that say "Glory to God in the Highest, and on earth peace among men" seems to have a hollow ring this year. For the events of the past year — conflict economic crisis, and especially the 50 hostages being held in Iran do little to invoke the joy of the proclamation. It tends to remind us of our human frailties, and the uncertainties of each day. The uncertainty of the day is the very reason that we should give praise for the sustaining presence of God's grace, which gives continuity and purpose to life.

Christmas is the evidence of the new birth of all humanity. When Christ was born, a hope was born that mankind would use the freedom to bring God's will on earth. A faith was born that would help a person to understand that he was more than a bit of protoplasm that lived for a while and then was gone. At Christmas a love was born that enabled a person to love God, and to love one's neighbor enough to help them find their place in God's plan. The words of the Bible in regards to Christmas remind us that today and every day is an opportunity to be the person God intended us to be.

From our family to your family may this Christmas be one that brings us closer to one another and to God who has given us the hope of peace on earth.

Cross Plains Volunteer Fire Department received four donations totaling \$120 during the past week, according to an announcement from Alton E. Hornsby, company chief, and J. R. (Dick) Wagner, secretary-treasurer.

The four contributions were listed as follows: Vendell Key \$20, Mr. and Mrs. James Lawrence \$25, Mr. and Mrs. Roger Watson \$25 and Mr. and Mrs. Roger Klingberg \$50.

Hornsby and Wagner both expressed their and the company's appreciation for the four recent generous gifts and those all during the year. It was explained that donations are the primary source of income for the fire department and the only source of funds for the rural division of the local company.

Clyde, Cross Plains Sales Tax Funds Up

According to the latest figures from State Comptroller Bob Bullock two of the four incorporated cities in Callahan County collecting the one per cent local option sales tax, Cross Plains and Clyde collections are up while funds apportioned to Baird and Putnam are down slightly.

In the December report Cross Plains showed the most dramatic increase. Collections were running 35 per cent ahead of last year to same date. Although the net payment this month to Cross Plains was down more than \$2,000 from same period last year, the \$6,553.68, total payments to date totaled \$43,621.14 compared with \$32,181.73 in 1978.

Clyde's December check of \$6,752.32, almost \$200 more than payment for same period last year, raised the 1979 payment total to \$39,203.62, up 19 per cent over the \$32,864.21 at this time last year. It was an overall increase of 19 per cent.

Baird showed a slight decline six per cent. The check received for this month, \$3,235.22, was about \$700 less than the payment in 1978, and the aggregate was \$21,285.95 for this year as compared to \$22,856.47 for 1978.

Putnam, Callahan's smallest incorporated city, suffered a 21 per cent decline in total funds received. In 1978 payment to this date had totaled \$10,895.99 as compared to \$8,542.76 this year. Collections were up this pay period, however, \$2,384.17 this year compared with \$1,637.16 a year ago.

Mrs. Randy Foster and Blake were in Abilene Friday where Blake had a checkup with his doctor.

SABANNO
 By Mrs. Jack Rector

Mr. and Mrs. Jack Rector spent the holidays at Amarillo with members of their family, and therefore there is no Sabanno News column this week. Robbie explained, however, that they expect to be back by middle of the week, and she will be happy to take calls about Christmas visitors and visiting from Sabanno sector folks. Please call her at 725-7255.

Sabanno people are reminded that the Review will be published a day early next week, the deadline for calling in news will be Sunday morning, Dec. 30, instead of the usual Monday morning cutoff.

SCHOOL GYMNASIUM GETS NEW PAINT, PLUMBING

Work on Buffalo Gymnasium is scheduled to be completed during the Christmas holidays. A new coat of paint, outside and inside, has given the structure a more attractive appearance. That work was being done by William (Bill) Walker of Burkett, and his workmen.

Some plumbing in the gym is also being replaced. That concerns showers in the dressing rooms, and toilet facilities in the public rest rooms. That work is also scheduled to be done during the Christmas break by school employees.

Funds were budgeted for the maintenance during this school year.

Telephone Excise Tax Continues Decline

Thrifty consumers have a special reason to be cheerful this holiday season. They will save an estimated \$429 million because the federal excise tax on telephone bills declines on January 1, Continental Telephone has announced.

In an annual process set in motion by Congress several years ago, the tax has been declining by one per cent each January. This time it drops from three per cent of the phone bill to two per cent. The levy will be eliminated on Jan. 1, 1982.

The estimated difference between what telephone customers would have paid at the new two per cent level, makes up the tax savings for consumers.

Some \$69 million of the total \$429 million will be saved by customers of the nation's 1,500 independent telephone companies, according to estimates by the U.S. Independent Telephone Association. The remainder of the savings—some \$360 million—will go to Bell System customers. The independent companies serve more than 33 million telephones—one of every five in the country.

Congress first imposed the excise tax during World War I as a "temporary" measure. It was repealed briefly after the war, but was reinstated during the depression. It has continued ever since. Rates have ranged as high as 15 per cent on local service and 25 per cent on long distance calls. The tax stood at 10 per cent from 1954 to 1972.

Buffette JV Squad Bows To San Saba

Cross Plains Buffette Junior Varsity Basketball team stayed close for three quarters before finally bowing 30-20 to host San Saba last Friday night.

Local girls dropped five points behind during the first three quarters, being outscored 4-2, 7-6 and 7-5. The hosts pulled away in final canto posting a 12-7 output for the final 30-20 count.

Janet Reynolds shared scoring honors for the night with San Saba's Gilchrist, each bucketing 13 points. Others tallying for Cross Plains were Janice Newman 3, Sherri Anderson 2 and Vernetta Rhodes and Janna Higginbottom 1 each.

Next scheduled out for the Buffette JV is Tuesday, Jan. 8, at Bangs.

Social Security Tax Rate To Stay Same

The social security tax rate will stay at 6.13 per cent for 1980 but there will be an increase in the earnings base, Glyn Hammons, district manager in Abilene said recently.

The earnings base is the maximum amount of annual earnings subject to the social security tax, Hammons said. The base will be \$25,900 in 1980, compared to \$22,900 for 1979.

Workers who earn less than \$22,900 will pay no more tax in 1980 than they did in 1979. Those who have earnings of \$25,900 or more in 1980 will pay an additional \$183.90 in social security taxes.

The maximum 1980 social security tax will be \$1,587.67 for workers with annual earnings of \$25,900 or more. The maximum tax for 1979 is \$1,403.77.

Tax rate for self-employed people will stay at 8.10 per cent for 1980, Hammons said, but the higher earnings base will mean a bigger tax bill for those with earnings of more than \$22,900.

Workers should check their 1979 W-2 forms carefully when they receive them. A copy of this form is used to enter a person's covered earnings in social security records. Any difference between the worker's own records and the information on the W-2 form should be reconciled.

For further information contact the Social Security office at 142 S. Pioneer in Abilene or call 698-1360.

Cash Flow.

In 1803, America found herself up the river. The Mississippi, that is, valuable goods were being produced in the Midwest, and the mighty Mississippi was our only link to the sea. But the outlet in New Orleans belonged to France.

So President Jefferson sent agents to Paris to negotiate for the addition of New Orleans. Surprisingly, Napoleon offered to sell the entire Louisiana Territory for only \$15,000,000.

And that included what is today Arkansas, Missouri, Iowa, North and South Dakota, Nebraska, Louisiana, Oklahoma, most of Minnesota, and parts of Wyoming and Colorado.

Thanks to Americans taking stock in their new country by buying over \$11,000,000 in government securities,

we made the purchase. And doubled our size overnight. Today, Americans still take stock in their country by buying U.S. Savings Bonds through the Payroll Savings Plan. They know there's no safer way to save for an education, vacation or retirement. And they know that while they're helping themselves, they're helping America, too. So buy U.S. Savings Bonds. And help your cash flow into savings.

Take stock in America.

U.S. Bonds pay 6% interest when held to maturity of 5 years (4 1/2% the first year). Interest is not subject to state or local income taxes, and federal tax may be deferred until redemption.

Clark's Big C Ranch In Simmental Group

Clark's Big C Ranch, owned by W. D. and Billie Clark, located near Cottonwood, Texas, has recently become a lifetime member of the American Simmental Association.

ASA is unique among beef breed associations in that it offers only a one-time, one-payment life membership. Once a person joins the association, there are no future dues or membership payments.

"We want to extend a sincere welcome," said ASA Executive Secretary, Earl B. Peterson, from the association's headquarters in Bozeman, Mont.

Founded in 1968, the American Simmental Association now numbers more than 12,000 life members and the ASA herd book has exceeded the 525,000 figure in number of animals processed for registration.

Simmental cattle originated in the Simme Valley of Switzerland, and have been in North America only since 1967. In that time, the Simmental breed has grown enormously in numbers and in popularity. The breed currently ranks fourth among U. S. beef breed organizations in the number of animals registered annually.

"The Simmental Producer benefits greatly from his relationship with the ASA," Peterson said. "Recognition of genetic trait leaders, the publishing of the National Simmental Sire Summary coupled with corresponding data on growth and maternal traits provide valuable tools to the cattleman."

An awards program to honor outstanding females in the breed is also maintained. "This program helps the producer identify the superior cows in his herd," Peterson added. "We feel that the cow makes the difference."

The Clarks are enthusiastic in their discussion of Simmental cattle, listing the breed's great-

er size, top carcass value, greater calving ease, gentle dispositions and good looks among their greatest advantages.

School Assessment Ratio Raised To 100%

Taxpayers in the Cross Plains Independent School District are again being advised that the assessment ratio has been changed to 100 per cent. It has been on 50 per cent of assessed value for the past two tax years.

Peggy Dickson, school tax assessor-collector, explains that the increased assessment ratio does not mean that taxes are going up. It simply means that taxes will be derived from the full assessed value of property instead of one-half of the assessed worth.

All school districts are reportedly being forced to go to the full 100 per cent ratio by 1980. Cross Plains trustees voted on September 19 to move to 100 per cent. The change was approved by a 5-2 vote.

School Tax Assessment Practices Board lawyers have advised that school districts which raised the ratio to 100 per cent before Jan. 1, 1980, will not have to notify taxpayers individually. Those taking such action after first of the year will be required to notify each person in the district who renders property.

YANKEE BEFRIENDED

(Continued from Page 1)

"I plan to visit Cross Plains very soon and possibly relocate there if I can find work, and if the citizens of Cross Plains are willing to have a Yankee as a new member of their community. God bless Cross Plains, Texas, and its people."

Merry Christmas, Jack Higgins

GRADY CLARK BACK IN BIG SPRING HOSPITAL

Grady Clark of Cross Plains was taken to the VA Hospital at Big Spring one day last week after falling at a nursing home in Abilene where he has resided for the past few months.

Clark spent an extended period in the veterans hospital at Big Spring after suffering a stroke about a year ago.

It was first thought that he had suffered a broken hip in the fall, but it was learned here last week end that it was a severe bruise. He is reported improving.

Dr. and Mrs. Toby Irwin, Greg and Joni were Abilene visitors last Tuesday.

A Boulder APPROACH: OR how Hoover Gave a DAM.

In the early 1900's, a concrete solution was needed to prevent flooding along the Colorado River. The Hoover administration provided it. 4,400,000 cubic yards worth. Enough concrete to pave a two-lane highway between New York and San Francisco. It was the Hoover Dam at Boulder City, Nevada. And it not only controlled flooding and irrigation, but today it generates power for Southern California, Arizona and Nevada.

The cost: \$385 million. And one of the ways money was generated was by Americans buying government securities and taking stock in America.

Today, you can take stock in America by buying United States Savings Bonds. It's easy when you join the Payroll Savings Plan.

That way, a little is automatically set aside from each paycheck to buy Bonds. Before you know it, you'll build up a nice reservoir of savings.

So buy Bonds. It's one savings plan that holds water.

Series B Bonds pay 6% interest when held to maturity of 5 years (4.5% the first year). Interest is not subject to state or local income taxes, and federal tax may be deferred until redemption.

Take stock in America.
