Cool treat for hot Texas weather.

### TEXAS PEACH LIME ICE CREAM

4 C. partially crushed peaches

Juice from 6 limes (about 3/4 C.)

1 T. grated lime peel

1 T. lemon juice

1 tsp. grated lemon peel

2 tsp. peach extract (optional)

2 1/2 C. sugar

1/2 scant tsp. salt

4 eggs

1 qt. half and half cream

1 pt. whipping cream

2 T. vanilla extract

Few drops green food coloring (optional)

Combine in a medium bowl peaches, lime juice, lime peel, lemon juice, lemon peel, and peach extract. Set aside. Combine sugar and salt; add eggs and beat until frothy. Add half and half. Cook over medium heat, stirring constantly, until mixture begins to thicken. Cool. Add whipping cream, vanilla, and food coloring to custard mixture; mix well. With a rubber spatula, add the peach mixture to the custard mixture. Pour combined mixture into freezer container. Freeze according to manufacturer's directions. Makes 1 gallon. Note: 4 cups of home frozen peaches may be used instead of fresh peaches. If 1 cup of sugar has been used to prepare peaches, use only 1 1/2 cups sugar in recipe.

Police Officer: "You can't park by the fireplug."

Driver: "Why not? The sign says FINE FOR PARKING."

A 1931 polio epidemic in New York City changed the course of history. Dr. Albert B. Sabin had just received his medical degree from New York University and was already engaged in biomedical research. The city's crisis prompted him to begin a lifelong battle against polio.

For 24 years, this battle took place in the laboratory where Sabin painstakingly bred the virulence out of polio viruses to develop a unique vaccine. His oral, live-virus vaccine could not only immunize those who received it but also spread the protection to others.

Sabin has said of himself: "I'm not like the scientist who quits when he gets the knowledge. I'm concerned with human welfare. I've got to go from the beginning to the end."

When distribution was

stalled in official channels, Sabin set out on a series of international missions to persuade health officials to use his vaccine in mass immunization programs.

Finally, in the 1960's, some 200 million people in Europe and the United States received the Sabin vaccine. Where it was used, polio was quickly controlled. In the past 25 years, some 2 billion people, primarily in developed countries, have received the vaccine. It has prevented an estimated 5 million cases of paralytic polio.

But the battle is not over. Some 75 million children born in developing countries every year never receive the polio vaccine. The World Health Organization estimates that polio cripples nearly half a million children every year.

This infuriates Sabin. "For every day that passes," he said, "we have another 1,000 cripples."

At age 79, Sabin is still fighting polio; still working to get his vaccine used around the world. He has a new ally: Rotary International. The worldwide service organization has pledged to help bring polio under control. The Rotary Foundation of Rotary International has already completed, launched, or approved projects to protect 62 million children in 25 countries.

Now, working with Sabin, Rotary has launched a new program, which includes providing immunization experts, where requested, to help organize mass immunization programs. Rotarians will raise \$120 million for polio vaccine.

In the midst of their mutual efforts, Rotary recently presented Sabin with its highest award: The Rotary Award for World Understanding.

The accompanying citation read, in part: "Through his persuasive example, untiring efforts, and devotion to improving the lives of others, Dr. Albert B. Sabin has advanced the cause of world understanding, goodwill and peace, and exemplified the Rotary ideal of service."

When he received the award, Sabin said, "I hope you will dedicate yourselves to work until the objective - which can be achieved - will be achieved."

Until it is achieved, until polio is conquered in all parts of the world, Dr. Albert B. Sabin will continue the battle he began more than 50 years ago.

## Annual Pioneer School Reunion Scheduled For Saturday, Expect 150

**PIONEER SCHOOL DAYS**—Pictured here are students at the Pioneer School in days gone by. The photo is furnished by Mrs. E.J. (Grace Eakin) Hierholzer, and most of the identifications were made by J.W. Fore, local businessman. It was believed that the photo was taken in 1927. Students are identified as, left to right, back row: unidentified girl, B.W. Huntington, Reo Clark, Howard Tyler, unidentified boy, Gail Underwood, Jiggs Eakin, teacher Mrs. McKinny, unidentified boy, Fred Brown, unidentified boy, unidentified boy and Oval Plumlee. Middle row: Lorain

Wood, Pauline Gober, unidentified girl, Raymond Jackson, unidentified boy, Garland Smith, Alvie Clark, Auline Plumlee, J.W. Fore, unidentified boy, unidentified boy, Guy Rollins and an unidentified girl. First row:

unidentified girl, Opal Graham, unidentified boy, unidentified boy, unidentified boy, Margret Neel, Ireta Corley, unidentified boy, unidentified boy, William McCoy, unidentified girl, Beatrice Morgan, Athle Tune.

Approximately 150 former students, teachers and residents of Pioneer, Sabanno, Liberty and six other schools are expected to gather in annual reunion at the Pioneer Tabernacle Saturday.

The August 3, reunion will begin with registration in the

morning and there will be a memorial service for ex-students and former teachers and residents of the various communities who

have expired since last year's reunion. Mrs. Cowan (Laverne) Hutton, president of the Pioneer Ex-Students Association, stated that Mrs.

Pete (Jean) Fore customarily was in charge of the service, and that Mrs. John (Kate) Watson normally provided the names of those

who had expired during the past year. There is no planned program, according to Mrs. Hutton, but usually there is brief spontaneous

talks by ex-students, and music and songs by groups and individuals. Informal visiting will be the primary pastime of the day.

All former teachers and residents of the communities as well as ex-students of the schools of Pioneer, Sabanno, Liberty, Cook, Curtis, Gunn,

Peak, Hickham and Crocker are invited and urged to be present. In case of inclement weather, the gathering will be held at the community center and other such gathering places as is necessary to accommodate the crowd.

A lunch at the noon will be

catered by the Colony Restaurant of Cisco, at a cost of \$3.50 per plate. Wanda Cloud, secretary and treasurer of the association, stated. Mrs. Cloud and Mrs. Hutton both issued a plea for all exes of any of the schools to attend, noting that a goal of at least 150 is hoped for this year.

# Burkett Items News

By Freda Burkett

The weather has been a little better. This area got some rain last Friday and Saturday.

Peggy Bradford of Comanche visited her mother, Virgie Adams Monday.

Cathy Farrell of Austin came last Thursday to get her aunt Grace Green and they returned to Austin Friday. Grace spent the week end with Cathy. They visited Grace's sister Cleo Gill at San Marcos. Cathy brought Grace home last Monday.

Velma and Dan returned home Sunday eve after visiting relatives in Abilene, Merkel and Robert Lee for two weeks.

Dr. B. Bludworth, Grace Green, Dalton and Lucille Gould attended the Strickland reunion at Oplin Sunday. There were about 40 present.

Bobby and Marion Armstead and Sadie of San Angelo visited Monday with Grace Green. Sadie is spending a few days with her great grandmother Grace.

Mr. and Mrs. Grady Harris of Aransas Pass are visiting his mother, Lullian Harris this week. They came for the Baker reunion that was held at Brownwood July 27 and 28.

The weather has changed and some rain has fallen over our area, however, it was spotted and less than an inch in most areas, but with the cloudy weather that lingered, it was wonderful.

Mrs. J.C. Slack is recovering very satisfactorily from recent eye surgery.

Mrs. Roy Clark and daughter, Terry Bushnell, and children left Sunday for California to visit family members and other relatives.

Jack and Zora DeBusk visited Mrs. Veda DeBusk of Cross Plains during the weekend. Veda's grandson, Phil Ray Cowan, of California was there spending a few days. He is a great nephew of Jack and Zora.

Mr. and Mrs. Eddie Joe McAnally and son, Ryan, of Snyder spent the weekend with his parents, Ed and Frances McAnally.

We are sorry to hear that Jack Watson, son of Mr. and Mrs. R.T. Watson was seriously injured in an oil field accident recently. He has been dismissed from the hospital and is recuperating at his home in Abilene. His wife, Jo, has also been on the sick list and hospitalized so his sister, Betty Ruth Wilson, of San Antonio is with them and helping out.

R.T. and Nane's daughter, Mrs. Bobby Collett of Abilene is also hospitalized with pneumonia. We send 'Get Well' wishes to each of them.

If you were watching TV on Channel 32 on Saturday, July 13, you would have seen Jo Jo Koenig competing in the break-away roping at the College National Finals Rodeo. The rodeo was held in Bozeman, Montana, in early June. Jo Jo had to win her region in the break away roping in order to compete at the finals. The Southwest region consists of 13 colleges and universities including Tarleton State University where she goes to school. After arriving in Bozeman, Jo Jo roped two calves and had an average time of 2, faster than any of the other 69 girls she was competing against. Competitors were from all over the United States. Roping the first two in a fast enabled her to rope a third calf. Although she did not have a qualifying time on her third calf, she still did quite well, as she ended up 7th in the National standings.

Jo Jo is the daughter of Dick and Sharon Koenig of this community. While she was being shown on TV, her brother Sam Koenig was competing in the PRCA rodeo in Coleman. Sam won a second place in the steer wrestling event in Coleman.

Zack and Zora DeBusk have much reason to be proud of their son, Pat, and his wife, Suanna, and their children, Andrew and Amy Kate, in their sports achievements.

Pat and Andrew won the Father and Son golf tournament at Clyde Saturday and Sunday a week ago, and Amy Kate, is an avid softball player. Her team has won the Regional championship at Houston. They will be in Waco this weekend and a few days next week where they will compete in the state playoff.

We are proud of Pat and his family's achievements, and know Jack and Zora are doubly so!

Jo Davee and her sister, Lois Garrett, attended the Cross Cut community reunion at the Multi-Purpose Center in Cross Plains Sunday. They enjoyed visiting with a number of close relatives and many friends.

Anna Golsen visited Mr. and Mrs. Bill Strickland at their home in Burkett Monday. Bill and Joyce recently moved to their home here, formerly owned by E.W. 'Dub' Brown. We are happy to have them as our neighbors.

Birdie Helms and Gill visited O.W. Helms at Cross Country Care Center in Brownwood last week. They report his condition much improved, and he is pleased to be a patient there.

The following items were written Friday, July 26.

Rains later this week have not been so much in our locality, but the heavy rains at the head of Pecan Bayou has brought down about three feet of water. This is the source of our water supply and so good for our community.

Donations during the month of July to the Burkett-Adams Cemetery Fund are: Boyd B. Young in memory of his parents, Mr. and Mrs. Andy Young and brother, Tom Young, \$50.

Thelma Butler (Younglove) gave \$25.

John and Edna Earl

(Gray) McCleve donated \$10.  
Mr. and Mrs. James E. Williamson sent \$15, and there was the anonymous gift of \$10.

These gifts are appreciated for the upkeep of our cemeteries.

Lovera Strickland spent a few days with her sister and husband, Jody and Eureka Whitley of San Saba. Jody was very ill with a heart condition. He was taken to a specialist in Austin and underwent five bypasses on Thursday, the 26th. Lovera reports his condition was as well as could be expected when she left for home that evening.

**WEEKLY HEALTH TIP**  
**HAY FEVER**

Hay fever sufferers sometimes report 'miraculous' cures due to eating honey. Unstrained honey contains pollen particles (that cause hayfever). Some are taken into the bloodstream unchanged by digestion. This tiny irritant triggers the system to build up resistance to the foreign substance. So by eating honey produced locally, the body just may build immunity to the runny noses and sneezes of hay fever.

**Social Security Provides Old And Young Benefits**

It's true that Social Security provides monthly benefits and Medicare protection for most older Americans. But it also has much to offer younger people. Since 1985 is the International Year of Youth, it is particularly appropriate to take a closer look at the program.

Social Security pays benefits to about 3.4 million sons and daughters of insured workers. Payments are made when a parent dies or received disability or retirement checks after having worked long enough under Social Security. The worker's unmarried children under 18 (19 if in high school full time) or who have been severely disabled since before age 22 are eligible for benefits.

When young people start working, they earn work credits so that some day benefits can be paid on their Social Security record. Since most jobs are covered by Social Security today, any and all credits earned count toward future benefits. In

the case of a younger worker, as little as 1 1/2 years of work credits are required to be insured.

Benefits are payable when a worker becomes disabled and cannot do any substantial gainful work for at least a year. A worker's dependents can get benefits when the worker dies or receives disability checks. Social Security only partially replaces earnings that are lost or reduced due to death, disability, or retirement. Therefore, workers should begin early to build additional protection through savings, insurance, pensions, IRA's, or other methods.

If you wish more information about the program, need a Social Security card, or feel you are eligible for benefits, contact the nearest Social Security office. The people there will be glad to help you. The Abilene office is located at 142 S. Pioneer. The telephone number is (915) 698-1360.

# Eddie Heard Is Killed In Auto-Truck Mishap

Edgar Houston (Eddie) Heard, 51, of Cross Plains was killed instantly in an automobile-truck crash on Interstate 20 east of Elmdale Friday evening.

Heard, former local City Marshal and Precinct 6 (Cross Plains) Justice of the Peace, apparently died instantly about 6:40 p.m. Friday when his vehicle reportedly came across the median and collided with a large tractor-trailer rig, according to the Department of Public Safety.

Graveside services for Heard were held at 10 a.m. Monday at Burkett Cemetery, under direction of Higginbotham Funeral Home. Burle W. Taylor,

pastor of the First Baptist Church in Cross Plains, officiated at the graveside services.

Born August 19, 1933, in Miller County Georgia, he was a former city policeman and deputy sheriff in Coleman. He had also been a professional wrestler, using the name "Heard the Hermit". He had most recently worked in the oil fields.

Survivors include a brother, Brisco, of Donalsonville, Ga.; and a sister of Georgia.

The DPS reported that the driver of the truck, Jim Webster of Akron, Ohio, was not injured in the mishap, suffering only a few minor cuts and scratches.

# Refunds, Some Lower Rates Loom For WTU Customers

West Texas Utilities Co. customers may receive refunds as well as slightly lower fuel rates as early as next month.

A tentative agreement was reached this past week in meetings with the Public Utility Commission staff in Austin, and the matter was expected to go before the Commission July 26 for a final order hearing. That would be just in time for the refunds to go on the August bills for all of WTU's retail customers.

The full amount to be refunded now stands at \$17.6 million. This is an increase of \$3.9 million over the amount in WTU's original request, which included only fuel costs savings achieved from August 1984 through May 1985.

The new figure includes savings made in June and an additional \$2.3 million representing a lump refund

of fuel costs savings balance, plus interest, realized before last August. Refund of those total savings had begun in mid-November and were scheduled to be completed in November 1985.

WTU estimates that the total refund now will result in a \$41 credit to the average residential customer's bill. The refund is made possible by WTU being able to spend less for power plant boiler fuel than was anticipated when fuel cost factors were set by the PUC last fall.

Former customers will not receive refunds. The reasoning is that if the former customers had been undercharged for fuel, they could not be billed in the future to make up the difference.

Any refunds will vary with the amount of electricity a customer used during the period from August 1984 through June 1985. Interest will be included.

# Some WWII Veterans May Qualify For Bronze Medal

According to Charles (Putt) Brandon, Veterans Service Office for Callahan County, some Army veterans may be entitled to receive a Bronze Star Medal for service during World War II.

Army veterans whose service was during the period from December 7, 1941, through September 2, 1945, may be eligible for the Bronze Star Medal if they meet one of the following criteria:

fantryman Badge or Combat Medical Badge

(b) Cited in orders for heroism

(c) Awarded a certificate of exemplary conduct in ground combat against enemy forces

(d) Given awards for meritorious achievement issued after December 6, 1941, and before July 1, 1947, for actions between December 7, 1941 and September 2, 1945.

The period for accepting family histories has ended. We want to say "thanks" to all of you who have responded.

Over 600 family histories have been received, and they will be the foundation of what we hope will be a great book. Hicks Turner, our

editor, is getting all of the material ready to send to the publisher. Unfortunately, no more family histories can be accepted, but book orders and special pages are still available.

Remember that these "special" pages can be used a tribute or memorial to an

individual, business or organization. The cost of these special pages is as follows: full page \$200, one-half page \$125; one-fourth page \$75. For more information on the special page section of our book, call Hicks Turner at 529-3579 or Jud Gilliland at 854-1565.

Mr. and Mrs. R.N. Tatom have returned to their home in the Atwell community after a recent trip to Norfolk, Va., to visit their daughter and family, Mr. and Mrs. Charlie Ross and James.

Chesapeake Bay Bridge - Tunnell and toured portions of Maryland and Delaware. They also visited The Waterside, a festive marketplace on the Norfolk waterfront, and the historic areas of Jamestown and Colonial Williamsburg.

The Tatoms flew back Tuesday of last week and reported an enjoyable time.
