CISCO, EASTLAND COUNTY, FRIDAY, SEPTEMBER 12, 1919

NUMBER 19

IRA NEWFIELD SLASHES NECK WITH A KNIFE

Mind Becomes Deranged Over Ill Health and Financial Affairs; Relatives Carried Him to His Old Home in Austin.

Suffering from an ugly gash in his neck, I. I. Newfield was found in his room early Thursday morning, when members of the family with whom he was rooming went to look after his wants.

Mr. Newfield had been in bad health for some time, and only recently returned from Austin, where he had been a patient at a hospital, so he informed acquaintances here. One of his arms was partially paralyzed, and his general health was bad. For the past few days he has been confined to his room, unable to be out, and it is stated that his wretched health, coupled with financial difficulties, caused his mind to become unbalanced.

Immediately after being discovered a physician was summoned, who gave him surgical attention, and soon had his wounds dressed, and the flow of blood stopped.

The attending physician stated that the knife only severed minor blood vessels and none of the wounds were dangerous, though the unfortunate man had lost considerable blood. The wounds were made with a pocket knife, the most serious of which was the gash in the left side of his neck. His face and forehead showed to have been beaten and bruised, which Mr. Newfield told the physician he had made by jabbing himself with the jaws of the knife. He told the doctor "if his knife had been sharp he would have missed a job."

Mr. Newfield has been in Cisco for some time, and it was known that he was in financial straits, and those most intimate with him believed him to be slightly off mentally, though it was not thought that he was in such a sad condition. Some time ago he built the air dome, over which he had some financial trouble.

His relatives in Austin were notified of the tragedy, and one of his kinsmen came up Thursday and accompanied him back to Austin. This gentleman stated that the reputation of Mr. Newfield in Austin for keeping his financial obligations had always been the best, and he enjoyed the confidence of all with whom he had business dealings.

**EASTLAND CO.
VALUES TOTAL
\$23,924,925.00**

Present Value Double That of 1918, as Shown by Assessor's Records; Real Values Approximately Double Amount Shown Here.

Eastland, Sept. 9.—The tax rolls of Eastland county as compiled from the renditions of 1919, are approximately double that rendered for 1918. Yet, this represents perhaps one half or less of the real value of property in this county.

The former custom of accepting property valuations for an amount ridiculous below the actual value of the property, has become a habit in Texas. This is really to be deplored, for one can no longer estimate the real worth of a county by the valuations placed upon the tax rolls.

While the 1919 rendition is creditable, as it shows the valuations of Eastland county have doubled in the past year, yet hardly any one will contend that the figures as shown on the tax rolls are anything like full valuation.

The 1919 rendition shows the total valuations to be \$23,924,925, against \$11,969,870 for the year of 1918, which bears out the statement of the county commissioners, court as to the valuation of the county in the carrying of the road bond issue. Shown on the roll is the resident rendition of \$12,332,160; non-resi-

FALL SESSION CISCO SCHOOLS NEXT THURSDAY

Teachers Institute Will Begin Monday for Three Days Session; A. G. Walker Science Teacher; Liberty School Still Vacant.

The Teachers' Institute will begin Monday and continue three days. Those who are interested are cordially invited to attend any and all sessions.

School will open Thursday morning at 9:00 o'clock. All pupils belonging in the first, second, third and fourth grades, will report at the West Side Elementary school. Pupils in the fifth, sixth and seventh grades will report at the High school building. High school pupils will report as follows: Eighth grade pupils Thursday morning; ninth grade pupils Thursday afternoon; tenth and eleventh grade pupils Friday morning; all high school pupils Friday afternoon.

All pupils are specifically urged to bring their last year's report and promotion cards. This is especially necessary in the case of pupils who attended school in some other places last year. Please do not forget this for pupils who fail to bring their cards may be sent home for them.

Practically all the teachers will have arrived in town by Saturday. Some of these teachers have not yet obtained boarding places. Will you kindly call Superintendent Godbey, phone 281, in case you have accommodations for one or more.

The importance of having every school boy and girl in attendance the very first day, Thursday, Sept. 18th, cannot be over-emphasized. The work of enrollment classification and distribution of text-books is just as important as any other part of school work. Parents are urged to make an extra effort, if necessary, in order to have every child in attendance the first day. Lesson assignments will be made Friday and the regular schedule of classes will be followed the following Monday.

Mr. A. G. Walker has been elected to the position of science teacher in the high school to take the place of Mr. Cantrell who was forced to resign on account of sickness. Miss O. T. Simmons has been elected to a position in the intermediate grades. The position of teacher for the Liberty Hill school has not yet been filled.

Those desiring information concerning the schools will please call the Superintendent's Office, Phone 281. The superintendent and principals shall be glad to consult with parents concerning school matters at any time they may desire to call at the school buildings.—J. J. Godbey, Supt.

Up-Town Express Office—

The American Railway Express now maintains an up-town office, where its patrons can transact business with that company without going to their former location at the railroad station. The up-town office of the express company is now on the corner of Fifth street and Ave. D, in the building formerly occupied by Swift & Co.

dent roll, \$7,085,250; unrendered \$1,908,110; railroad, telephone and telegraph, \$2,178,760; banks, etc., \$430,645, which makes the grand total of \$23,924,925.

The county tax rate at present is 55c while the state rate is 75c. The amount received by the state for the above figures is \$180,278.23; the county \$132,109.33; special road tax \$20,660.18; special school tax \$27,246.30, making a total amount of taxes to be paid in the county \$370,403.21.

CISCO FIELD A MARVELOUS REVELATION

Prominent St. Louis Broker, With Large Clientelle, Visits Mid-Texas Oil Fields; Desdemona Superior to Goose Creek Field.

Cisco was visited this week by J. C. Godlove of St. Louis, who came here to look over the oil field. Mr. Godlove is a prominent broker of St. Louis, and has one of the largest and wealthiest clientelles in the country; perhaps the richest. He is on the lookout for the good things, as the men whom he represents rely upon his judgment for many of their best and most extensive investments.

That was his mission here—to see what Cisco and the Mid-Texas Oil field offered in the way of investments for those who have millions for development purposes, where attractive returns can be expected.

While here Mr. Godlove was seen by a reporter of the Round-Up, and he was found bubbling over with enthusiasm of the marvelous resources of this field.

Mr. Godlove stated after a drive over the oil fields of Eastland county, that although he had for many years been interested in the oil business, that "this field was a marvelous revelation to him." He stated of "course he had read of the Mid-Texas oil field and was sure that it was a great oil field for its age, but did not have the least idea of what had really been accomplished in this section. He stated that he had been reliably informed that Eastland county, Texas, field which was not yet two years old, was producing more oil per day than the whole State of Pennsylvania when in its height.

Mr. Godlove stated that he was largely interested in oil holdings in Oklahoma and South Texas, and that while here he did not let the opportunity pass without getting in. Mr. Godlove, like all other well informed men in the oil business, stated that in his opinion the ground had hardly been scratched. In other words, development in this section of Texas had just begun, and that in his opinion it would take 10 years to follow up the already proven area of the Mid-Texas field of which Ranger and Desdemona are now the recognized centers.

Mr. Godlove also stated that the Desdemona section of Eastland county, was more than a rival to Goose Creek because of the well, as well as the high grade of crude oil from same. He also stated that after visiting the field he could not quite understand why even more capital had not been coming in from States North and West than had. He stated that Texas, in all probability, within a very few years with her unlimited resources in oil production, would become the largest State in the Union in taxable values.

Mr. Godlove aside from the oil business is one of the recognized Insurance Brokers of St. Louis and stated that on his return he would look the opportunities the Mid-Texas oil fields offers to the investing public. Mr. Godlove said that it was impossible for any man to realize what had been done in the Texas oil fields unless they made a personal visit themselves.

Chief Hitson Cleans Up—

Chief Hitson has been cleaning up Cisco. Every fellow complained that laborers could not be procured to clean their property of weeds, but the chief found the labor, and those who failed, he has had the job done. But there will be a hollow at tax paying time, when he finds the expense assessed against his property.

Miss Suella Lacy will open her school of art on September 18. Lessons will be taught in Oil, Charcoal, Basketry, Water Colors, Leather, Woodcraft, Designing and China Painting. Phone 260. 19-1tpd

Mr. O. G. Roquemore departed Wednesday for an extended business trip in the Panhandle, and into New Mexico.

MOTZ LEADS AMATEURS IN SHOOT FEST

Don Downing is Champion Kid Shot Breaking 33 Out of a Possible Fifty; Some Good Shooting by the Beginners; Final Score.

The scores of the Labor Day shoot were not published in last week's issue for the reason that Mr. Fairless was called out of town before he had an opportunity of preparing the score. But it was a great shoot, and many of the beginners are showing good form, and coming to the front as marksmen. The prizes winners are published in another column.

New Attorneys Arrive—

Judge L. H. McCree and household goods arrived in Cisco Wednesday. Judge McCree is attorney for the Spencer Petroleum Company, and comes to Cisco to make his home as this is the home office of the Spencer Petroleum company. Mrs. McCree will join the judge here later, as she is now in Sherman, where she accompanied their daughter, Miss Lucile, who enters Kid-Key college. Judge and Mrs. McCree come from Roby, but are now real citizens of Cisco, as Judge McCree has already bought property near the new residence of Walter Ray, and has plans prepared for the erection of an elegant home in that popular residence district.

Another gentlemen, who is also connected with the Spencer Petroleum company, has arrived in Cisco, which he will make his home. This is Attorney Palmer Bradley, who comes from Roswell, N. M. Mr. Bradley will serve the company in the capacity of assistant to the general attorney. This week Mr. Bradley spent in Plainview, in the interest of the Spencer Petroleum.

Mrs. Vaughan Hostess to Ladies—

The Woman's Missionary Society of the Methodist church met in work session Tuesday afternoon, at the home of Mrs. S. J. Vaughan. A number of ladies were present and a good deal of work was finished. At the close of the meeting Mesdames T. J. Dean, M. D. Paschall, G. A. Tucker and G. Flak served delicious refreshments, assisted by Mrs. R. C. Fain.

The Woman's Missionary Society of the Methodist church had a market Saturday with Mrs. George Winston and Mrs. Hawkins in charge. A neat sum was realized.

CADDO HAS THE FIRST Y. M. C. A. IN OIL FIELDS

Nearly Thousand Oil Workers and Citizens Attend Opening Ceremony; State Y. Executive Secretary Personally Attends.

Caddo, Texas, Sept. 8.—With an attendance of nearly eight hundred people, all residents of the town of Caddo and the nearby oil camps, the new Y. M. C. A. building was opened and dedicated to the use of the members, here on Saturday afternoon August 30th.

The new building is one of the finest in the town of Caddo, being 40 by 84 feet in size, with two large athletic rooms, and a spacious and beautifully furnished reading room, where every evening one may meet the young people of the town; here games of checkers are played, both piano and graphophone music is to be heard, books and magazines are always at hand. It is predicted that this will be the most popular resort in the town of Caddo, and Mr. Lothien, the enterprising secretary of the local "Y" states that it is his intention to make it so. The building is located on the principle business street of the town, in Wright's addition, where the Y. M. C. A. have purchased three lots for the use of their athletic grounds. Already a volley ball court has been cleared and exciting games are held in the evening by locals teams.

Among the out-of-town visitors who attended the opening were Mr. L. A. Coulter, State Executive Secretary, and Mr. J. E. Finney, State Field Secretary of the Texas Y. M. C. A., under whose direction, the program of sports, speeches and music were held. Mr. Finney, in his welcoming address to the townspeople stated that after much deliberation by the State Executive Committee the town of Caddo has been selected to have the first "Y" established because all recent oil development had shown that Caddo was the connecting link between the various pools, and the Caddo district would therefore be within the next few months the center of the oil industry and development in Texas fields. The establishment of the "Y" here, which would grow with the town, would thus constitute a working basis from which to spread to the surrounding camps and towns, and finally cover the entire field.

Caddo Has Commercial Club.

While Caddo has not yet reached the dignity of a city, the progressive business men of the town, headed by H. R. Clark, who is also one of the committee of the local "Y," have organized a commercial club and these two organizations are determined to make Caddo one of the most progressive, up-to-date and modern cities of the oil fields, and one which will invite the attention of the home builders who are seeking a good location in the oil fields, where they may bring their families.

At the close of Mr. Finney's address the audience was invited to attend the program of sports, which was held on the "Y" athletic grounds chief among the games which aroused the enthusiasm of the crowd, was an intensely exciting game of base ball between the teams of Caddo and Breckenridge. Much rivalry existed between the teams, and crowd and players joined in rooting until their voices were hoarse. Following the games, refreshments were served consisting of old-fashioned barbecued beef, lemonade and ice cream, and the rapidly with which such refreshments disappeared demonstrated conclusively that the rivalry of the athletes had not been left on the field.

In, concluding the afternoon's entertainment, Mr. Coulter was called upon for an address, and in response he said in part that the benefits any community would derive from the establishment of a Y. M. C. A. were inestimable, that it meant a central gathering point for the young people of the community and was a means of educating them to realization of the better things of life; that it not only tended to further the progressive spirit of the town, but also enhanced and uplifted the

WHY LAVISH ON OUTSIDERS AND NEGLECT OURS?

The Poor Within Our Own Gates Claim Our First Attention; Sick and Destitute Family in Need of Succoring Now.

"The poor we have with us always," but that is no reason why we should "break our alabaster boxes" and smother the heads of those needing not our assistance, when human beings are suffering right in our midst.

Be it said to the shame of Cisco that there now exists in this community, a family sick and in actual need of the necessities of life. We use the term exists advisedly, for none can be said to be living when their body and mind is sick, and suffering for food and raiment.

Talk about sending succor to the Armenians—which is well, but provide for your own indigent at home, and then send to the uttermost parts of the earth your means to relieve suffering humanity.

The oil field is an especially inviting field for every class of financial drive—drive is another good word coined out of the war—and we are being besieged from every quarter to make good our quotas in this drive, but we have yet to hear of the organization, perhaps save and except the Salvation Army, that is making a drive for the raising of any stipulated quota for the relief of suffering within our own gates.

The indigent family referred to is that of Mr. William Green, who with his wife and children are existing in a tent near the city limits, in a most deplorable condition. This, too, in Cisco, where there is more money than was in the entire state one hundred years ago.

Mr. Green is suffering from paralysis, and his physician, Dr. Bettis, says "his mental condition is bad, and growing worse all the time. This week a charitable lady, living in the country, learning of his condition, went on the streets and raised by subscription, the sum of \$21, and Mr. John Hart raised \$23 for their relief, which will tide them over for a time.

The Round-Up is informed that a short appeal was prepared and given to some one in authority at the Norris meeting, with the request that an announcement be made from the rostrum, setting forth the facts of Mr. Green's condition, but our informant says the matter was evidently overlooked, as nothing more was heard of it. Perhaps the charitable Christian people decided to give the matter a personal investigation, and see that the needy are succored.

This is written, not in criticism, but to call the attention of the people to the sufferings of this family. They need food, clothing, medicine, and the attention of a physician.

God has done too much for the people of Cisco for them to allow one of His poor to suffer a day. There are many living in the confines of Cisco who would never have risen above the moderately well-to-do, who are now wealthy, but for the fact that their wealth was gained through the mysterious instrumentality of the Omnipotent God, and that with which He has entrusted to your stewardship should be administered to the glory of Him from whom all good gifts come.

Mr. Green can be found on next to the Katy railroad, at about Thirtieth street, and the wants of the family can be relieved by donations of food, clothing, and other necessities.

moral, mental and physical qualities of the citizens, and made each one a worker for those things which lead to the contentment and happiness of mankind.

Mr. Coulter read a letter received from Mr. Pew, vice president of the Sun Oil Company, expressing his regrets at not being able to be present at the installation of the Y. M. C. A. at Caddo, the first in the entire oil field. Mr. Pew's letter was highly laudatory of the Y. and its influence for good, and congratulated Caddo on its good fortune in securing this institution.

MERIDIAN COLLEGE

Meridian, Texas

IF YOU ARE GOING TO SCHOOL THIS FALL CONSIDER THE FOLLOWING ADVANTAGES OFFERED AT MERIDIAN COLLEGE

1. Meridian College is an A-Plus Junior college. Graduates enter the junior class of the State University.
2. Fine Arts Department very strong. Glee and Choral Club work given without tuition charge.
3. Commercial Department does standard work in bookkeeping, typewriting, shorthand and banking. Office work made a specialty. Graduates of this department assured positions.
4. A four year State Teachers' Certificate granted to students completing fifteen hours college work, three of which must be in the Department of Education.
5. Athletics both for young ladies and young men headed by the best physical trainers in the state.
6. Young ladies will live in Higgins Hall, a beautifully furnished building. Each room has single beds. This building will be in charge of an experienced matron and Mr. and Mrs. Boutwell.
7. Every faculty member will live on the campus or in one of the dormitories. This personal touch with the teachers means much to the students.
8. Young men will live in the Bosque Hall which is well equipped, hot and cold water showers, sewerage connections and electric lights. This building will be in charge of two professors and their wives. The first year away from home is a critical year in the life of a boy or girl. Meridian college looks after the students.
9. Most of our patronage comes from the non-affiliated schools. Our faculty makes special efforts to fit the students for college as soon as possible.
10. The place is healthful, has pure artesian water, is a cleaner town and our rates are low.

For further information write for catalogue. School opens September 20th.

CHAMPS IN THE CONTEST SHOOT OF LABOR DAY

Names of Those Carrying Off the Prizes Offered for Best Scores Made by Rod and Gun Club Shoot—Several Ties.

The following are those who captured prizes offered in the Cisco Rod and Gun Club shoot on Labor Day:

Event No. 1—15 Targets.
R. T. Gregg, first prize, box of cigars, Dean Drug Co. 14.
C. C. Holderness, second, necktie, Gude & Sons; 13.

Harry Gray, third, case of Coco Cola, Coco Cola Bottling Co.; 12.
H. C. Downing, fourth, dinner, Savoy Cafe; 11.

C. C. Curry, low score, box Rajah pecking, R. W. Mancill Motor Co.; 1.
Event No. 2—20 Targets.
Chas. Motz, 1st, \$5.00 cash, First Guaranty State Bank, 20.

Crier Paschal and R. W. Haynie, (tie) second, 24 lbs. flour, E. V. Graham; 18.

Lathey, third, necktie, G. B. Kelly; 17.
Gaines, Gatlin, Spears, and Powell (tie) fourth, cigarette case, J. A. Jensen; 16.

Gregg, fifth, porter house steak, Duncan & Ashbury; 15.

Rominger low score, shower bath, Mayhew shop; 6.

Event No. 3—15 Targets.
Sessions first, box candy, Red Front Drug Store; 14.

Spears, second, four theatre tickets, Judia Theatre; 13.

Webster, third, 3 lbs. Kook's Pride Coffee, Stokes & Winston; 12.
Suggert & Paschall (tie) fourth, 5 gallons Liberty gasoline, Cisco Bottling Co.; 11.

Scarborough, low score, purse, Everybody's Store; 2.

Professionals.
W. E. Fairless, first, 73 out of 75; Fred Baker, second 68 out of 75

Event No. 4—25 Targets.
Powell and Belfanz (tie) first, \$5 cash, Cisco Banking Co.; 18.

Roberts, second, necktie, John H. Garner; 17.

Rominger third, bottle toilet water by City Drug Store; 16.

Suggert, fourth, 3 lbs. Maxwell Club House Coffee, Kemper & Perry; 14.

Craddock, fifth, celaning suit, C.B. Powell; 12.

Gatlin sixth, flash light, J. C. Sherman; 11.

H. G. Sharp, seventh, \$4 on suit W. A. McCall; 10.

R. W. Mancill low score, rump roast, Kilborn market; 2.

High General Average—75 Targets
Lathey first, soup ladle, Hutchin-son & Co.; 62.

Gregg second, \$5 cash, Guaranty State Bank & Trust Co.; 60.

Webster and Spears (tie) third, 100 Peters shells, Webster & Sons; 56.

Holderness fourth, 1 year's subscription Cisco Morning News Publishing Co.; 55.

C. Paschall, fifth, necktie, Patton & Williams; 54.

Sharp second low score, 5 lbs honey, George Winston; 40.

Rominger low score, silk hose, by Nime Dry Goods Co.; 36.

Visitors' Averages—75 Targets
Motz first, pocket knife, Rominger and Son; 68.

Haynie second, gallon ice cream, Cisco Drug Co.; 58.

Hubby third, box candy, La Roque Confectionery; 56.

SOME SHOWING.

From the Cincinnati Enquirer:

The Order of Elks is entitled to a kind word for what it did to put the "dam" into Potsdam. Here is a bit of the war record of the B. P. O. E.

Purchased \$3,000,000 worth of Liberty Bonds.

Donated \$300,000 to the Red Cross.

Donated \$1,100,000 to other war funds.

Turned 300 Elk Club houses over to patriotic agencies.

Members signed 250,000 food conservation pledges.

More than 30,000 members wore the country's uniform. Among the Elks in uniform one is a general—John J. Pershing; two are major generals; six are brigadier generals; 80 are colonels; 85 are lieutenant colonels; 400 are majors; 1,600 are captains; 4,700 are lieutenants; 2,000 are sergeants; 500 are corporals.

In the navy the Elks have one rear admiral; 12 are captains; 4 are commanders; 20 are lieutenants com- manders; 100 are lieutenants; 150 the ranks.

New Attorney Locates Here—

A new attorney arrived in Cisco this week, Mr. J. W. Gormley, who comes from Dallas, and has secured an office in the Dean building, room 6. Mr. Gormley was formerly a member of the firm of Locke & Locke, one of the leading law firms of Dallas, and he had charge of much of the oil litigation of that firm, consequently, the practice, much of which is oil litigation in this county, will not be unfamiliar to him. He arrived Wednesday, and was fortunate in securing an office at once.

Dr. Graham Locates in Cisco—

The professional circles of Cisco was further augmented this week by the coming of Dr. E. L. Graham, who comes here to practice the profession of medicine and surgery. Dr. Graham has recently been discharged from the army, where he spent the past four years with the British, French and Armenian armies in France, working in the base hospitals, where he gained much valuable experience in surgery, especially. Dr. Graham has secured an office on the third floor of the Judia building.

Dr. Graham announces his arrival in Cisco where he has located for the practice of medicine and surgery Room 307 Judia Building. 19 1tc
Mr. J. M. Rockwell and son, J. M. Jr., of Houston, the latter having recently received his discharge from overseas duty, were guests of Mr. Rockwell's sister, Mrs. J. E. Rainer last week.

If you want a home, and prefer it in a PREFERRED location, then "ROSEWELL" is where you will live. Two more homes now completed and ready for your inspection, to see these homes in Rosewell is to want them.

The Price is the Only Cheap Thing About them

45th ANNIVERSARY WOMAN'S MISSIONS BOARD CELEBRATED

Most Appropriate Biblical Program
Rendered When Mrs. J. S. Stockard Was Hostess to Christian Missionary Society.

The Woman's Missionary Society, of the Christian church met with Mrs. J. S. Stockard Tuesday afternoon from 4 until six o'clock with Mrs. J. E. Elkins as leader. This marked the forty-fifth anniversary of the Christian Woman's Board of Missions and the following interesting and appropriate program was rendered: Mary Magdalene, Mrs. J. E. Elkins; Romance of the Woman's Christian Board of Missions, Mrs. C. Mangum; Our Missions & Fields We Have Entered, Mrs. E. B. Isaacks; Anniversary Poem, Miss Flora Mae Stockard; Piano Solo, Miss Vista Mahan.

The house was prettily decorated in the colors, purple and white, of the C. W. B. M. As the tiny candle representing these years flashed out, love gifts were collected and a very acceptable offering was realized. After the benediction, Mrs. Stockard, assisted by her daughter, Miss Flora Mae, Misses Minnie Eleanor Pettit, Myrtle Pass and Vista Mahan served a delicious ice course.

COURT CALENDAR FOR THIRD WEEK OF TERM

The September term of the 88th district court will enter its third week next Monday. As stated in last week's Round-Up the docket was called by Judge Hill, and all civil cases assigned. Following is the calendar for the third week, beginning next Monday.

4931 P. E. Whitesides vs. F. M. Johnson, et al.
4970 C. A. McClure vs. S. F. Perry.

5302 J. H. Stamper et al vs. Clark County National Bank.
3297 State of Texas vs. L. C. Richie.

5121 J. C. Maynard vs. C. R. Starnes.

Tuesday.
4977 P. A. Helm vs. Chas. Po-tet et al.
4621 W. L. Richmond et al vs. Hog Creek Oil Co.

Wednesday.
5353 T. J. Morris vs. W. C. McGough, et al.
5150 Arthur Morrowitz vs. R. E. Racine.

5327 John Maddox vs. Jas. A. Baker et al.
5330 Frank Harwood vs. J. A. Holmboe, et al.

4998 John M. Gholson vs. Theodore Papajohn.

Thursday.
5334 P. I. Long vs. Louis N. Taben.

5360 Thos. Oll Friday vs. Will Fuller, et al.

5052 J. H. Williams vs. John M. Gholson.

4758 Texas Employers Association vs. Mrs. Pearl Schuman et al.
4616 J. F. McWilliams vs. Guaranty Abstract & Title Co. et al.

Friday

5352 P. Thorp vs. T. E. Downtain

5314 J. H. Hanks vs. Ethel Thornton.

4907 Eva Morrow vs. Robert Morrow.

5001 The Bank of Ranger vs. A. D. Flynn.

5109 J. E. M. Hedley vs. Rio Bravo Oil Co.

Mrs. Lingle Entertains—

The Presbyterian Aid Society met with Mrs. G. C. Lingle Tuesday afternoon in a work and social session. Much work is being done at these meetings for the annual bazaar. The hostess served ice cream and cake to about thirty ladies.

Death of Frank Sitton—

Embalmer Wippers, of the Cisco Furniture company, reports the death of Frank Sitton, at the rooming house known as the old Olsen home. Deceased was about 29 years of age, and was employed as a mechanic for one of the transport companies of this city. Peritonitis was the cause of his death. The remains were embalmed and shipped to his former home in Pyote. Death occurred about 4:30 Thursday afternoon.

Do You Want
to Save
Some Money?

Re-insulating a battery is about the most expensive repair there is.

And there's only one kind of battery in general use that isn't practically certain to be re-insulated—or junked—within the next year or two.

That one exception is the Willard Battery with Threaded Rubber Insulation.

Come in and we'll tell you why.

OIL FIELD WORK needs "CATERPILLAR" TRACTORS

THE 5 and 10 Ton "Caterpillar" tractors, offered for oil field work are duplicates of the tractors we furnished to the United States and allied governments for the hauling of guns, equipment and supplies.

These tractors that completely changed artillery tactics by their speed, tractive power and dependability, might have been specially designed for oil field work, so well do they fit the conditions. Holt engineers developed special "Caterpillar" trailers, gun mounts and numerous other equipment for army use. The same men have designed a special winch attachment as dependable as every other part of the machine, to provide the quickest power for pulling rods and tubing. This winch has been developed in conjunction with expert oil field operators for the special needs of the industry. It is Holt quality throughout.

The power of the Holt engine and the positive traction of the "Caterpillar" tread take the HOLT TRACTOR and its load out on the new lease—over new fields, through swamps, deep sand, heavy muck and mire and over roads impassable even for horses and mules. Behind it goes a train of trailers, carrying heavy machinery, boilers, lumber and steel for derricks, massive tools for drilling, iron casings or any other supplies necessary to support old and new operations.

Rainy seasons and bad weather cannot hold up drilling or pumping operations when the "Caterpillar" is on the job.

Know all about the "Caterpillar" and what it will do for you. Learn how it reduces production costs by making constant, uninterrupted operation possible. Write today.

the HOLT Manufacturing Co., Inc.
There is but one "Caterpillar" HOLT builds it.

Methodist Inaugurate Work At University

Austin, Tex., Sept. 10.—The Methodist Episcopal Church, South, has entered the field of religious education at the State institutions. This fall the Wesley Bible Chair, founded and maintained by the church, will give courses in Biblical history and literature at the University of Texas. Under new regulations passed by the faculty and the board of regents, full credit is given for this work toward the B. A. degree. This is an important step in educational work for the church, and the adoption of these new regulations puts the University of Texas in line with the most advanced institutions in the country. Rev. Umphrey Lee has been chosen as Professor in charge. Announcement of the courses given by the various chair is now being printed, and may be obtained by writing for same.

CAMP BOWIE CLOSES FORMALLY SEPT. 15TH.

Fort Worth, Sept. 9.—The closing of Camp Bowie by September 15 was ordered here this afternoon on information from the war department.

Miss Madge Maroney of Oklahoma City, has arrived in Cisco, where she has accepted a position with the Nimo Dry Goods company. Miss Maroney will have charge of the ladies ready-to-wear department.

We'll trade you even an hour of our time to show you, for an hour of your time, to look. If you are not fully convinced deep down inside that the

Tailored Clothing

we have, offer you, more good looks, goods tailoring and good service per dollar than any other makes we'll call it square and be friends anyway.

Gulf Production Co's. No. 3 Roland is waiting on pumping equipment at 3355 feet.

Have you trimmed your bath room yet? John C. Sherman carries the supplies to put the finishing touches to make it complete. The prices are right. 1919c

U. S. SOLDIERS WOULD FIGHT EUROPE'S WARS

Under Provisions of League of Nations; Propaganda From Washington to Force Ratification; Consequences to be Expected.

(Philadelphia Record.) The purpose of the League of Nations is to prevent a recurrence of the great war by providing an organization ready to act instantly in restraining one nation from attacking another. Does any one wish to see the great war repeated? Can any one contemplate calmly another outbreak of slaughter with 7,000,000 deaths and 20,000,000 or 30,000,000 casualties of every sort, and with a war area devastated like Belgium and a considerable part of France and all of Serbia and Poland? Is it not worth making some concessions, or risking some remote, but not absolutely impossible losses, to receive such an assurance of continued peace as a score or two of nations bound together in the league could give?

(Kansas City Star) "Offered to the American people. A sure preventive of war. If you favor perpetuating war with all its horrors you will not be interested. If you detest war you will instruct your senator to vote for our patent remedy, the League of Nations."

The foregoing is the advertisement put out from Washington. It is circulated by all the advocates of the league in a hundred different forms. A motion picture show presents a series of scenes depicting the horrors and misery of the battle field. Then comes the moral flashed on the screen: "The only way to prevent further wars is to ratify the League of Nations." So it goes. The advertisements are most alluring. What rational human being would not abolish war if he could do so by simply getting his government to sign a treaty?

The question is whether the goods come up to the advertising. People will be in a position to form an intelligent judgment on this point only after a careful investigation. That is why the joint debate throughout the country between the president and Senator Johnson will be of the utmost value. It will arouse the Nation to consider the momentous consequences involved in the ratification of the league covenant.

The Star believes the fuller the understanding of the covenant the less likely will the country be to accept it.

When the covenant is considered people will ask: "How will this prevent war?"

"Why," will be the league reply, "all the nations agree to arbitrate their differences."

"But suppose a nation should get mad and refuse to accept the findings and should attack its neighbor. Suppose, for instance, Jugo-Slavia should attack Italy, or China should try to retake Shantung by force. What then?"

"Oh, then, the other nations would make war on the attacking nation."

"Would the United States be bound to send soldiers to fight Jugo-Slavia or China?"

"Morally bound."

"Would we have to send our men to the Balkans or anywhere else that there was fighting?"

"We might. But you see the other nations would be afraid of us and wouldn't fight."

"But aren't several of them fighting now and asked what we are going to do about it?"

"Yes, but—"

"Not for us. War is a serious thing. We aren't going to make any blanket pledges that might involve us in it whether we felt we ought to be in it or not."

Some such course of reasoning this newspaper foresees as the outcome of the discussion. It will focus public attention on the treaty and will arouse the Nation to the dangers of the new course it is invited to pursue.

TEXANA BULLETIN

TO OUR STOCKHOLDERS

Reed No. 1 is now drilling at approximately 1,500 feet. The only trouble encountered so far has been a shortage of fuel gas, with this remedied, the drillers assure us they will have the well completed within 10 days from date this goes to press.

Striking a flow of water in the well he was finishing up delayed the driller in getting on our Shellenberger well last week. However, he expects to be ready to spud in within the next few days.

Those wishing to increase their subscription for stock at \$1.25 per share will be privileged to do so during the next week, provided, that any subscriptions received after the allotment has been sold will be returned

Congested Condition Hobby Makes
Popular Appointment.

Judge Ed A. Hill, who now wears
the ermin of the 88th district court,
having been appointed by Governor
Hobby to fill out the unexpired term
of Judge Burkett, was a visitor to
Cisco last Saturday, and a pleasant
caller at the Round-Up office. Judge
Hill has a host of friends in this
city, who were glad to see him and
extend congratulations on his un-
sought honor. That he will make
an able judge all admit, as none
questions his legal ability as a ju-
rist, and the bar is practically unani-
mous in its approval of Governor

Hobby's selection.
Judge Hill is one of the old
guard, having been district at-
torney and county judge, in each
position his record is an enviable
one. His tenure of office promises
general satisfaction to all litigants.
Judge Hill stated that he found the
docket in a very congested condi-
tion, and predicts that it will con-
sume much time to dispose of the
cases docketed.

Litigation, like population and in-
creased values, has grown by leaps
and bounds since the discovery of
oil in this county, and according to
the statement of Judge Hill the next
legislature will have to create an-
other judicial district, if this liti-
gation is taken care of.

DESDEMONA

The
Wonder Field of Texas

CONTRACT PLACED for our No. 1 well on
Desdemona tract will commence as soon as we
can get rig on ground.

Our Holdings Over 1,000 Acres

20 ACRES DESDEMONA, practically surrounded by producers, about three-fourths
of a mile from Mary Elizabeth, producing 1200 barrels daily, and Comanche Home, 900
barrels. Situated right in line of production.

Remember in this WONDER FIELD, where gushers are being reported nearly ev-
ery day, fortunes are being made daily in this remarkable oil field. Production is increas-
ing by leaps and bounds.

NOTE THIS ALSO!

Five acres in the famous BURKBURNETT NORTHWEST FIELD, in the center of
production, and only a short distance from the M. & P. Burk, Texas Chief and Parker, all
noted producers. This is the site for our second well.

10 acres, WILBARGER COUNTY, on Waggoner tract. The Texas Oil Ledger of
this week says that there are sixty-five wells now drilling in this county and our acreage is
right in the midst of this activity. Since we secured this lease it has increased threefold
in value.

20 acres, WISE COUNTY, situated near drilling tests. Some claim this is going to
be the biggest producing county on the globe.

10 acres, SHACKELFORD, lying about midway between the Empire No. 1 and the
Sinclair No. 1, now producing. This is exceptionally good acreage and practically pro-
ven territory.

100 acres, REEVES COUNTY, in the midst of deep well tests, great activity here.
Eminent geologists claim this to be the greatest structure in the country.

80 acres, PECOS COUNTY, near deep well tests and in a section where oil is said
by geologists to be both shallow and deep.

**Here Is Your Opportunity
Grasp It!**

We have the PROVEN ACREAGE. We have the men experienced in the oil bus-
iness who know it by practical experience. They have gained this knowledge by their op-
erations in many different oil fields in this country. They are going to use their best ef-
forts to make this one big company, to operate as economically as possible and develop
our holdings to secure as great a profit as possible to our shareholders.

JAPAN'S NAVAL PROGRAM CALL FOR MANY SHIPS

While President Wilson Wages Propaganda for League Ratification, Japan Builds Ships; England Controls 5 of the 9 Members.

The following dispatch is significant at this particular time, when President Wilson is on a junketing expedition over the country to wage his propaganda for the ratification of the League of Nations by the senate, Japan, the ally of England, is arranging for a naval program of considerable magnitude. This in the face of the fact that we are told that the world is preparing of a limitation of armament by the several countries.

"Tokyo, Aug 15.—(By Mail)—In accordance with Japan's naval building program already decided upon, which is to be completed by the end of the financial year 1923, the construction of two battleships, three light cruisers, five destroyers of the large type, five destroyers of medium size and a certain number of submarines is to be commenced this year. Most of these war craft are to be built at private shipyards. Of these, the construction of two battleships was to have begun in the financial year 1918, but has been postponed.

"In addition, two cruisers are to be built to take the place of the Kongo and Hiei. They will be built at the Yokosuka and Kure naval dockyards. At present the battleship Mutsu is building at the Yokosuka dockyard and the battleship Nagato at the Kure dockyard. When these battleships are completed the construction of the two cruisers will be undertaken."

Why this building activity on the part of Japan to make more effective her navy, when we are to have no more wars? But it may be that only the United States will be called upon to limit her armament. Hardly England, and as Japan is England's ally, those affiliated with the British empire may act in accordance, for the provisions of the covenants of the league of nations provide that the country with the largest colonial possessions will be privileged to maintain the largest navy.

But this is not the only point in England's favor that may be revealed by an examination of the league covenants. England has the largest colonial possession of any country on the globe, but the league covenants also gives the British Empire a majority of the membership of the league. Besides Japan, Great Britain will have five of the nine members of the league, and with the vote of Japan she will have six. However, we are told that the provisions say that all matters must

SPENCER PETROLEUM BRINGS IN GUSHER

The Spencer Petroleum company of this city, brought in their eleventh producing well Wednesday, when the Baird No. 1, being drilled by Victor Martin was brought in. The home office in Cisco received a telegram Wednesday which stated that their Baird well had come in as a 1,000 barrel producer when the drill penetrated the sand at an approximate depth of 2600 feet. The Baird No. 1 is located in the Desdemona field, and the pay was struck in the usual Desdemona sand. The company expects the Baird to be one of the big producers, and will be showing good as soon as it is drilled the required depth and properly cleaned out.

EASTLAND MAY HAVE SECOND BIG HOTEL

While plans are not sufficiently matured to be given for publication yet, a movement is on foot and bids fair to materialize for the erection of the second big hotel in this city. Should the building be built that is now being considered, it will be a larger and more expensive structure than the Connellee which is now going up and which will contain more than 300 rooms and will be seven stories high with a basement and costing in the neighborhood of \$400,000.00.

Besides this there are a number of other big things coming this way, but it is too early yet to announce plans and name the enterprises.—Eastland Chronicle.

Wood finishing, any style, elegantly done at Owen Planing Mill. 191ef

be decided by a majority vote, but in parliamentary practices many things are changed, and with a two third vote of the league there is no reason why this cannot be changed on all matters except possibly the supreme question of declaring war.

It seems that the deliberations of the council of five has been decided to the advantage of Great Britain, but the league is president Wilson's pet, and the United States must ratify, because Mr. Wilson says so.

The covenants of the league of nations are not generally known, hence the large support the president is receiving on his tour of spreading his propaganda. The Round-Up firmly believes if the whole provisions were familiar to the American people there would be a unanimous movement, all over the country, demanding that the senate reject the league in toto.

But "the king can do no wrong," and President Wilson decrees that the senate must ratify his pet measure, and those who fawn at the feet of the administration are clamoring for the league's ratification.

President Wilson has two objects in view in his junketing trip of propaganda. One is to mould public sentiment in favor of the ratification forcing the senate to do his bidding, by arousing the people to act, and demand that their senators vote for ratification, for he is wise enough to know that little men are usurping the seats of statesmen, and the present day politicians are political cowards. The second object of Mr. Wilson's junket is to defeat those "wilful men" who dare to defy his decrees.

WHEN THE WEST WAS IN FLOWER IN DAYS AGONE

Landmark's Demolition Brings to Memory Scenes of Other Days; "China Dot" Was Murdered There by Lover Who Committed Suicide.

Clifton, Arizona Copper Era: Work of removal of the old frame buildings on Conglomerate avenue, abutting along the river, was commenced this week, and before the middle of September these old landscape eye sores will have been removed greatly to the improved appearance of that section of town.

If these old frames could talk, a wild and woolly story of early pioneer days would be unfolded. The long one story frame structure, now painted green, which is being torn down today, was known as the "Tip Top" saloon and was moved from North Clifton to its present location thirty years ago. It was one of the most prominent places in town in those days and was the biggest gambling, saloon and dance halls in this part of the southwest. Several murders were committed in this place. "China Dot" known from Oklahoma to the Mexican border, as the queen of the class of women who frequented the western dance halls, was murdered in the back room of this building by one of her ardent admirers who committed suicide in the same room. The bodies were not discovered until the following morning and in the meantime the murdered woman and the suicide had been robbed of diamonds to the amount of thousands of dollars. Fortunes were won and lost nightly in this resort, and three men died without the ceremony of removing their boots in the Tip Top.

Other notorious resorts along Conglomerate avenue in the early days were "The Blue Goose," "El Moro," "Richelieu," Morenci Kid Restaurant and the "Lone Star." Chinatown in those days extended north on the avenue to the old bridge. Opium smoking was unmolested and many of these old buildings are connected with un-

ground tunnels then used by the Chinese for smoking dens and hiding their countrymen who had made their way into this country in violation of our immigration laws. "Ah Him" and "Tom Tai" were the kings of the Chinese colony, but have long ago departed. Conglomerate Avenue was the "big white way" in those days, gone long since, never to return. These famous resorts are being leveled to the ground to make room for a Town park and a new Town Hall. The sound of the saloon siren is hushed; the rough and ready "barkeep" is extinct. Bevo and Coca Cola reign where once old Hermitage and Budweiser were kings. Gone are the western pioneer days but not forgotten by the few old timers.

To Confer Scottish Rite—

The membership committee of the Scottish Rite Masons of Dallas will confer the Master's degree at the Masonic Temple in Cisco on Friday September 26th at 8 p. m. This is expected to be one of, if not, the biggest spectacles ever held in Cisco. The main feature of the evening will be the conferring of the Master's Degree by these worthy gentlemen, and in addition to this, refreshments will be served.

The fact that the Masons of this section have never seen any such elaborate performances in conferring of the degrees in Free Masonry, there is expected the biggest crowd ever witnessed in this lodge. All out of town Master Masons are welcome and invited to attend this massive gathering of Masons.

Christian Church—

The new pastor, Rev. Eugene H. Holmes will be here and will occupy the pulpit morning and evening, next Lord's day. Services at 11 a. m. and 8:15 p. m.

In order to get acquainted, and to get his pastoral work started off in good shape, he will hold a short revival, beginning Sunday, and extending through the week; preaching every evening at 8:15. All the members especially, are urged to attend, and visitors are cordially invited.

The church feels itself fortunate indeed in securing such a man as Mr. Holmes for its pastor, he being considered one of the leading ministers in the state, among the Christian churches.

Mrs. Gardenhire Dies At Ripe Old Age Monday

At the ripe old age of 92 years, Mrs. G. W. Gardenhire died at the home of her daughter, Mrs. J. W. Hartman, last Monday morning at 8:30 o'clock. The remains were placed in charge of Embalmer Whippert, funeral director of the Cisco Furniture company, who prepared the body for burial.

After funeral services conducted at the residence of Mr. and Mrs. J. W. Hartman the remains were shipped to Fort Worth, for interment in the family burial lot, where lie the remains of the late husband of deceased, who preceded her in death about ten years ago, and where the two daughters are buried.

Mrs. Gardenhire came here about three weeks ago to visit her children. Mrs. J. W. Hartman and Mr. Walter Gardenhire. Though she has been in feeble health for several years, it was anticipated that she had yet many years to live, despite the fact that she was closely approaching the centenary mark. Her fatal illness was only of a few days generation, and her going was the laying down to sleep after a long and useful life.

Mrs. Gardenhire came from her native state of Tennessee to Texas in 1847, and came to Cisco about the time of the coming of the railroad, near the year of 1880, from

Caddo, but later moved to Fort Worth. During recent years deceased has made her home with her children.

Her children who survive her are Mrs. J. W. Hartman, Mr. G. W. Gardenhire, Cisco; A. B. and A. L.

Gardenhire, Rockwall; Jud and John Gardenhire, Fort Worth; and Lee Gardenshire of Olden.

On the day of his mother's death an invitation to Mr. and Mrs. J. W. Hartman came from her son, A. B. Gardenhire, to attend his fif-

tieth birthday anniversary, at which time he had not been apprised of the death of his parent.

Mrs. Dan Bailey, of Topeka, Kan., is a guest in the home of H. L. Winchell.

AN ORDINANCE.

BE IT ORDAINED by the City Commission of the City of Cisco:

Section I. That rank weeds growing and decaying on lots and premises within the corporate limits of the City of Cisco, being a menace to the health and welfare of the inhabitants of the City of Cisco, are hereby declared to be a public nuisance.

Section II. That the owner, agent, person who controls, or occupants of any lot, or lots, within the corporate limits of the City of Cisco, within three days after being given notice to do so by the City Marshal or any officer of the City, cut and remove from the lot, or lots, so owned, controlled or occupied by him all weeds thereon.

Section III. That any person violating the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction therefor, shall be fined any sum not less than \$5.00 nor more than \$25.00. And each day that the provisions of this ordinance shall be violated, shall constitute a separate offense.

Section IV. In case the owner, agent, person in control, or occupant of any lot, or lots, within the corporate limits of the City of Cisco, shall, after being given notice to do so, as provided in Section II hereof, neglect, fail or refuse to cut and remove from the premises owned, or occupied by him, the city council may order and direct the marshal, or other police officer, to have the weeds cut and removed from said lot, or lots, and the cost and expense of cutting and removing such weeds shall be a personal liability against such owner, agent, or occupant thereof and the city shall have, and there is hereby created, a lien against the lot, or lots, on which the weeds are on shall be cut and removed at the expense of the city, to secure in repayment of all sums by it expended in cutting and removing the weeds therefrom. Provided, however, that the city shall have no such lien unless the notice provided for in section II of this ordinance shall be given to the owner, agent, or person in control of such lot or lots.

Section V. WHEREAS, the rank growth of weeds on many lots in the city of Cisco is a menace to the

therefor be fined in any sum not less than \$5.00 nor more than \$25.00.

Section IV. Whereas, the practice of the act prohibited by this ordinance creates a menace to the health, safety and welfare of the inhabitants of the City of Cisco, makes it an imperative necessity that this ordinance take effect at once.

IT IS THEREFORE ORDAINED that this ordinance do take effect from and after its passage and publication.

Passed May 2, 1919.
Approved May 2, 1919.
J. M. Williamson, Mayor.
W. B. Statham, Secretary.

Off for Arizona on Business—

J. C. Gaines, of the Cisco Round-Up and also business manager of the Clifton, Arizona Copper Era, will leave Saturday evening for points in Arizona, where Mr. Gaines has business interests. He will remain in the Baby State for some time arranging his affairs there preparatory to making his permanent home in Cisco.

AN ORDINANCE.

BE IT ORDAINED by the City Council of the City of Cisco:

Section I. That it shall be unlawful for any person to sweep, throw, deposit or leave upon any street, alley, vacant lot, unoccupied area or public place within the corporate limits of the city of Cisco, any paper, trash, floor sweepings, scrap iron, tin, parts of old vehicles, implements and machinery, junk, weeds or rubbish of any kind.

Section II. That it shall be unlawful for any person to place, throw deposit or leave upon the premises of another person any paper, printed circulars, advertising or printed matter, junk, rubbish, scrap iron, tin, parts of old vehicles, or machinery or implements, weeds, grass or trash of any kind, without the consent of the owner, agent or occupant of said premises.

Section III. Any person violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and of conviction

Buy Refinery Stock— The Safest Investment

The "Union National Oil & Refining Company" of Cisco, Texas, is a home enterprise. Its officers are citizens of Cisco, and are identified with every forward movement for the advancement of this City.

This Company will not drill wild cat wells but will build a substantial refining plant which will be the largest in this territory when built to full capacity. Our site is one of the best in the North Central Texas Oil Fields, and the Cisco Oil Fields are rapidly developing to be the greatest in the country. Cisco is the hub of all the proven fields. The older and larger oil companies are recognizing this fact and establishing their distribution plants here.

You can afford to invest heavily in this industry as it is as safe an investment as good farm land and will yield a much better annual dividend. Why not invest at home where the success of your investment is visible?

Bride of The Week Lavishly Showered

Misses McCarty, Velma St John Virgie Owen, Alma Jones and Mrs. C. Scarborough entertained with a miscellaneous shower Friday evening from six to eight o'clock, honoring Miss Grace Lee Rominger, who married the following afternoon.

Upon arrival the guests were greeted by Mrs. J. T. McCarty and asked to register in the Bride's book, prettily decorated in orange blossoms and in one corner an oil derrick, typifying the profession of the groom. Mrs. C. Scarborough presiding over this, the receiving line was composed of the following charming young ladies and matron, Misses Mary McCarty, Velma St. John, Virgie Owen, Alma Jones, Grace Lee Rominger, the bride to be and Mrs. C. V. Rominger. After hearty congratulations were exchanged Mrs. J. T. Berry conducted the ladies into dining room where delicious ice cream and cake was served by Miss Ada Lee and Juanita St. John. Miss Grace Lee Rominger was gowned in a handsome suit of black satin, and was at the point awaiting the arrival of little James Weathersby of Dallas, with a small wagon upon which a small derrick, decorated with vines and flowers, and filled with lovely gifts, came in in. and the bride and her little sister, Bettie Mae, opened many nice presents.

Goes to Amarillo—
Engineer A. T. Dickey, of the Henry Exall Elrod Engineering Co., who has been in charge of the paving on Avenue D, has severed his connection with the Elrod people, and left Thursday to go with an engineering company at Amarillo.

Scores Of Pretty Girls
In Sells-Floto Circus

That great open air sport of feeding peanuts to the elephant will never die, and that's why the big Sells-Floto Circus will come to Cisco Friday, September 10th.

In order that many beautiful spectacles may be presented under the big top this season, there is a ballet of fifty girls with the show, who represent the allied nations in parade and ride blooded horses in the prettiest costumes ever seen anywhere, most positively anywhere, as the advance men will tell you. They call the Sells-Floto Circus The Circus Beautiful on the billing and the men ahead of the long red, white and blue trains will tell you that the girls among the big troupes of performers and those in the ballet have any Broadway chorus beaten both ways from the deuce, whatever that is. They say the two-mile parade contains the prettiest cages, tableau cars and novelty, patriotic sections that "human brains" can conceive and skads of money can make possible. The big show opens with a spectacle, "The Birth of the Rainbow," which employs 600 people and 300 horses. In the rings, on the stages and in the air, to say nothing of the hippodrome track, over one hundred famous American and allied troupes and families offer scores upon scores of thrilling, astounding and amusing acts. Also, there are forty clowns to make you laugh and laugh and laugh.

Miss Elizabeth Strother, of Dallas, has accepted a position with the Nime Dry Goods company, and has arrived in Cisco to take up her duties.

Schnurr-Rominger
Nuptials Saturday

Mr. C. Schnurr and Miss Grace Lee Rominger were quietly married Saturday afternoon at one o'clock at the home of the bride, in the presence of relatives and a few friends. Miss Cora Harris played the wedding march and the ceremony was performed by Rev. Lewis Stuckey, of the Methodist church.

Mr. Schnurr is with the Cosden Oil company, while Miss Grace Lee is one of Cisco's charming young ladies, and several years has been organist in the Methodist church. Cisco will indeed miss her in many ways as she was a talented musician and willingly assisted wherever her talent was needed. Their many friends offer congratulations and wish them a prosperous and happy life.

The couple left immediately for Abilene, thence to Brownwood where they will reside for the present.

Embargo Not Delay Circus—

The Sells-Floto circus will exhibit in Cisco October 10th. On account of the congested condition of the railroads leading into Cisco, and the heavy traffic prevailing, the Katy road, which had contracted to transport this circus, endeavored to be released from their contract. The matter was taken up by the Chamber of Commerce, and satisfactorily adjusted, so that the dates will not be interfered with. Cisco will be the only town in the oil district in which this circus will show, and we will entertain our neighbors when they bring the kiddies to see the animals.

LIBERTY LOAN
IS \$2,469,688.81

In Eleventh District on Third Loan Alone; Reinvestment in War Saving Securities Urged; Will be Distributed to 719,110.

Almost two million and a half dollars \$2,469,688.81 to be exact, will be distributed to citizens of the Eleventh Federal District on September 15. This vast sum will be distributed by the United States Government. It is a semi-annual interest payment on the Third Liberty Loan.

The Treasury Department is urging that a large portion of this Liberty Loan interest be reinvested in War Savings Stamps or Registered Treasury Savings Certificates. The money will thus be kept working—the interest will make more interest.

There were 719,110 individual subscribers to the Third Liberty Loan in the Eleventh District. Each one of these is urged by the Treasury Department to put this interest, and as much more as can be spared, into War Savings Stamps and Registered Treasury Savings Certificates. By so doing, they are continuing to help the Government and are investing dollars of low earning capacity so that they will work unto the day when they are worth more.

Liberty Loan interest coupons may be exchanged for War Savings Stamps at postoffices or banks. It is not necessary to cash them first. The Eleventh District is far behind on its War Savings Stamp quota for the year. Here is an easy opportunity to overcome a portion of the deficit.

Buy War Stamps and Registered Treasury Savings Certificates.

Ten Days' Meeting
Closed At Atwell

Atwell, Texas, Sept. 10—Rev. B. G. Richburg, of Abilene, closed a ten days' protracted meeting here Sunday night. The meeting was conducted at the Missionary Baptist church, and resulted in seven conversions and eight additions to the church by baptism. Rev. Richburg departed for Putnam Sunday afternoon, where he began a protracted meeting last Sunday night.

Cutting maize heads and baling hay is occupying the time of our farmers now. Maize and all feed crops are splendid, and west Texas will have more than it can consume this year.

E. F. Maddox returned last Thursday from a two weeks visit to relatives in Fort Worth and Oklahoma.

Mr. and Mrs. C. R. L. Jones and children of Bryan, returned home Tuesday after several days visit to their brother, J. R. Jones and family. He expressed himself as amazed at the splendid feed crops of Callahan county.

Mesdames Sadie Maddox and Willie Brashear of Cisco, were the guests of their parents, Mr. and Mrs. Ezzel and Mr. and Mrs. Robertson, from Wednesday until Sunday. They were joined by their husbands last Saturday, and all returned home Sunday.

Ernest Haley returned home Saturday from Knox City, where he has been working in a garage for several weeks.

Mrs. Harvey Gilbert and children of Cisco, were the week end guests of her parents, Mr. and Mrs. Gear.

Mrs. Dr. Leach and children, of Moran, visited the R. L. Gattis home Sunday last. They are moving to south Texas.

Mr. and Mrs. Lusk and children of Sabanno, were the guests of her sister, Mrs. Rutherford, last week.

Charnel Hightower and family of Cisco, visited relatives and friends here the past week.

LAMPS, Westinghouse Lamps—

Westinghouse Lamps are lamps with no mean record. If you haven't the best its your own fault for we carry a good supply and it has the highest record of sale of any lamp on the market. Here is the honest opinion we have to attribute to it's giving entire satisfaction. Let us supply you what is needed to fill the empty sockets and an extra two for emergency. We sell for less if you buy by the box. John C. Sherman's is the place. 19 ttc

FORMER EDITOR BIDS FAREWELL TO HIS READERS

Had planned launching of Daily, But Gives Way for Publishing Company That Cisco May Be the Beneficiary; Appearative.

In retiring from the newspaper work in Cisco I desire to say some things to the people of this town and community, and as for that matter to the people of Eastland county. I have been in Eastland county, since 1906. I came to Cisco in July, 1911. At that time I purchased a controlling interest in the Round-Up and later bought the entire plant. Since the year I came to Cisco there has come dull times. In fact, year after year the short crops made business very dull. I continued the work of the Round-Up, although the business was small, under adverse conditions, and with these conditions came many pleasures. The friendships formed have been worth more than the accumulation of money.

business men and the entire citizen-ship, in fact it may be that I have received more than I deserved in the way of confidence and patronage. I have no complaints to make, only thanks to give. I have labored along with the faithful business men of Cisco through many droughts and deservings to keep Cisco on the map. While I did this for seven or eight years, other business men have been doing this many more years. We have labored together until finally there is no doubt about that, future, there is no great city in the future, but a great city is ahead of us. I have retired from the printing business and do not expect to engage in which I will engage in the future, and I hope that the business take me away from Cisco.

Since June the first I have not been connected with the Round-Up. C. Gaines, of Clifton, Arizona has had the plant under lease and option since June 1st. For some few months prior to June 1st I had run to plan for the publication of a daily newspaper, thinking that Cisco needed the enterprise. Soon after this contemplation J. C. Gaines and W. B. Kelly of Clifton, Arizona conceived the idea that the organization of a company of business men into individual to launch the enterprise, and thinking that this might be better for more than three months for this organization to be perfected, and the trade for the new company to take the Round-Up plant was finally closed last Saturday. As I understand it the new company will at some future date, within two or three months, begin the publication of a daily newspaper, however, this announcement will be made through the Round-Up in due time.

In this farewell notice the undersigned would like to name the people one by one and thank them for the kind manner in which he has been treated—for the many courtesies and responsibilities lifted from my shoulders, however, the pleasant relations which have existed far surpass the business perplexities. It is my hope that Cisco is soon to have a high class daily newspaper, and it is my honest opinion that there is no one enterprise now in the city or in prospect for the city that will contribute more to the future of Cisco than a good daily newspaper.

In conclusion let me again thank the business men for their patronage, and may every reader of the Round-Up accept greetings and words of appreciation for the past. I hope to remain a friend to every one of you.

Sincerely yours,
G. FISK.

THE TRUTH ECONOMY NOWADAYS IS TO BUY YOUR CLOTHES OF THE BEST QUALITY. Though you pay more for them in the beginning, they cost you less in the end.

VICTOR GARMENTS are always reliable and their best recommendation is the fact that year after year, women of determination come back to us, knowing that they will always get just what they order, greater values than can be had elsewhere and garments that can be worn for several seasons and always be in good style.

CISCO, Friday, OCT. 10th MEXICO AS AN OASIS TO THE THIRSTY FADES

By the refusal of the Border Commission to issue passports of Americans to the Southern Republics, popularity as a resort not alluring.

Laredo, Texas, Sept. 5.—Travelers into Mexico were confronted with a new difficulty tonight.

Mexican Consul Garcia, at Laredo, today refused to issue American passports of oil men headed for the Tampico field, unless the American signed an affidavit relinquishing all claims against the Mexican government, for themselves and heirs, in case of an attack while in Mexico.

Garcia said he was acting upon instructions from Mexico City.

The Americans intimated they will protest to the state department in Washington.

The Mexican consul's action was taken here to mean Mexico is adopting a new attitude toward Americans who wish to visit the Tampico field—virtually declaring that the travelers are taking their safety in their own hands and that Mexico is not willing to vouch for their protection.

The consul's office here said it interpreted the order to apply only to travelers bound for the Tampico district. Several American recent-ly have been killed in this region. Carranza soldiers are reported to have been arrested in connection with some of the murders.

In some quarters it was believed tonight the order may mean that sections trouble is impending in this area, where several rebel and hand bands are known to be operating. Others looked upon the order as a method of retaliation for the reported employment by oil companies of the bandit Pelaez to protect their property. Pelaez has been killed several skirmishes.

The best lines are those which will run the most miles. We sell the best, Turner The and Vulcanizing Co., Rear Masonic Building, 12-14-

1914-1919

Five Generations Crowded into Five Years

In change of conditions the gap that divides 1914 from 1919 is as great as the gap that divides the Twentieth Century from the Eighteenth.

The man who looks to a return of the conditions of 1914 in adjusting business or social relations is sadly out of joint as if he looked to a return of the conditions of 1800.

Think of the things these five short years have witnessed:

Machines loaded with men and cargoes fly through the air for long distances at the rate of a hundred miles an hour. Ships travel under the seas at speeds that rival the fastest sailing vessels of a hundred years ago. Men on the surface of the earth talk through wireless telephones to men flying a mile in air.

Great tonnage of freight is moved by trucks over open roads for greater distances and at higher speeds than were achieved by our early railroads.

Ships that required years for construction are built in a month. Time of production for all commodities has been cut and cut again. Processes of manufacturing have been revolutionized.

America has passed from a debtor nation, owing billions to a creditor nation, lending billions. Thousands

of security holders in America have expanded into millions.

The impossible of sixty months ago have become common occurrences.

Financially, commercially, socially, the world has been turned upside down.

We are building new churches, and church buildings unthought of a few years ago.

We are building cities where only a few years ago the thought did not enter the mind of man.

We are in a new world. The past and its conditions have gone never to return. We are living in a new era. It's time we realized it.

If you have something to sell—go ahead and sell it. If you need anything—go ahead and buy it. You will not be able to either buy or sell at the price level of five years ago. Stop thinking about it. Get busy. Build a small or large cottage, put a little note on a stick, "For Rent," and see how fast your money works in Cisco, where two years ago famine, drouth and war prevailed. It is today the richest, most prosperous city in the Southwest. It offers opportunities unlimited to the poor and the rich. Cisco is adapting herself to the new conditions, business institutions are growing and branching out. **Cisco is growing and along with it**

**Owning a Home Is an Easy Matter
If You Learn to Save Small Sums**

Don't wait until you have ALL the cash you need. A home was never bought for cash by a man in moderate circumstances.

LET UNCLE SAM HELP YOU

Start saving small sums and buy War Savings Stamps. You can get them at banks and postoffices and from authorized sales agents. They earn interest while you save.

Better still, get Registered Treasury Saving Cert. They come in two sizes, \$100 and \$1,000. You can exchange War Savings Stamps for them or buy them outright. They also earn interest for you.

After you get the HOME FUND started come around and figure with us. The sooner you can quit paying rent, the sooner you'll be spending your own money instead of letting the landlord do it.

**DO YOU OWN YOUR HOME; IF NOT WHY NOT?
GET BUSY SAVING!**

DENMAN & ASBURY
A GOOD MEAT SHOP

SPENCER PETROLEUM OF CISCO IS FORMED

With headquarters at Cisco, where the company will soon begin the erection of a handsome home office building, and where headquarters are maintained, the Spencer Petroleum company has been formed with a capitalization of \$5,000,000 and with acreage in 13 west Texas counties. J. E. Spencer, of Carbon, Texas, is president and W. E. Spencer is vice president of the new organization.

The Spencers have been taking leases in productive and prospective territory in north and west Texas since the development of that section began, and have acquired some valuable leases in Eastland, Stephens, Comanche, Wichita and nine other north and west Texas counties which they put into the company. They have eight producing wells in the Iowa Park section in North Texas, and have leases in the north-west Ranger field, which they plan to develop at an early date.

J. L. Kelly, formerly of the Texas Company at Wichita Falls, and

recently with the same company at Cisco, is assistant manager of the company.

Practically all the stock of the company is taken by the owners, and it is not likely that any of it will be put on the market.—Oil Weekly.

MARRIAGE LICENSE ISSUED

Eastland, Texas, Sept. 9.—The following marriage licenses have been issued by the county clerk of Eastland county during the past week:

C. A. Jones and Miss Tony B. Phillips.

H. S. Taylor and Miss Willie Phillips.

Joe Davis and Mrs. Lucetta Cecy.

C. D. Carter and Ethel Perkins.

L. R. Nebors and Mrs. Minnie De Moss.

G. E. Martin and Bessie Custer.

Matthew Laughlin and Mrs. Johnnie Belle Smith.

W. H. Bohanan and Minnie Moore.

E. O. Kelly and Mrs. Minnie B. Shea.

N. W. Clark and Miss Ina Young.

FIRST METHODIST CHURCH

(Worshipping in City Hall)
Rev. L. N. Stuckey, Pastor.

Sunday school at 9:45 a. m., G. Fisk, Supt. We had the best attendance last Sunday that we have had since the church has been worshipping in the city hall. Let us have even a larger one this coming Sunday.

Morning Services at 11 a. m. Sermon by the pastor, and reception of new members. At this hour also we will administer infant baptism. Let those that wish to join the church or wish to have their babies baptized be present at this service.

Evening service at 8:45 p. m., sermon by the pastor, and reception of new members. Sunday is the beginning of our drive for new members, and we want all our people to take part in the drive. We extend a cordial welcome to all Methodists in the town to unite with us. Your letter may be elsewhere, but come on, give us your name, and we will write for it. Everybody welcome to our services.

Returns from Tennessee—

W. V. Green, living three miles out on route 3, returned last Sunday from a two weeks visit spent at his old home in Tennessee. Mr. Green stated that he found everything in that country prosperous, and the people generally happy. He stated that he was given a most cordial welcome, and never enjoyed a visit more in his life. On his return he was accompanied by his nephew, Mr. E. L. Green of Friendship, Tenn., who will visit here for a few weeks. That is, it is his intention to visit, but the chances are he will become anchored while here, and conclude that he has really struck God's own country, and decide to remain indefinitely.

Mrs. J. F. Davenport and Miss Ulla, visited in Eastland this week.

LUAHERAN MEETING

COMMENCES OCT. 5

On the first Sunday, October 5th, the Lutheran pastor of Albany, will try to conduct a Gospel Service at the City Hall Auditorium at 3 p. m. All Lutherans are heartily invited to attend, and if there are others who have no church of their own, or are without God, their Savior, they especially are welcome to attend.

By permission of the Honorable Mayor of your city, I, Rev. Riess, have been able to obtain the City Hall for these Gospel services, which if possible, will take place every Sunday in the month.

The Reverend herewith wishes to thank the honorable mayor of your city for having granted such permission, and wishes him, and your entire city, the blessings of God for time and eternity, through Jesus Christ, the Savior of mankind.

19 3tc

Card of Thanks—

We wish to extend our most sincere thanks to our many friends who spoke words of comfort and made the beautiful floral offerings during our recent bereavement. We shall ever remember you, and pray God that when a like bereavement shall be your portion that He will give you strength to support and sustain you.

John J. Collins,
James J. Collins,
and family

First Presbyterian Church—

Services at 11 a. m. and 8:30 p. m. New members will be received at both services. Every member is urged to be present. A cordial welcome to all visitors and strangers. Sunday school at 9:45 a. m. J. D. Leslie, D. D., pastor.

Come Take a Ride

A Five Passenger Closed Model
of the Car Men are Praising.

In the Essex Sedan

Now comes the Essex sedan to express our conception of closed car luxury.

The advantages of comfort and simplicity of the touring models are retained.

The identical chassis with all its performance qualities is used. The body has the same bewitching square lines as the touring model.

By its performance and appeal through its qualities the Sedan is winning the same real praise from motorists as distinguishes the Essex you know.

As Well Done and as Good a Performer

Close to a thousand Essex Sedans are already in service.

Their owners are advertising it, just as the touring model was made the most talked of car of the season.

The Essex has made its record on every highway. Its owners know the thrill that comes with the ability to dominate every acceleration and driving situation.

Moderate in first cost and up keep, safety and comfort in driving, and a way all its own in retaining its performance qualities and rigidity, even after the hardest service, accounts for the copinions you most frequently hear for the Essex.

The Sedan offers the same advantages in moderate cost of purchase and operation. It is a small de luxe

car that is easy to drive, comfortable to ride in and capable of meeting any operation requirement. And yet it neither appears, rides, nor operates like a small car. It has the big, costly car feeling of power and solidarity that gives it the combined advantages of both styles.

**For All Seasons
For City or Touring**

You have heard what people say about the Essex. Now note their remarks about the Sedan.

There is nothing cheap or small in its appearance. It is as dainty as a jewel box.

Exclusive and compact in outward design though it is, owners are pleasingly surprised with the roomy space inside those wide opening doors. The luxury of it finds truth in their comparisons with car qualities in the high priced field.

Reputation of the Essex touring model brings confidence with first interest in this closed model. It gratifies every taste and wins affection by performance and endurance.

It is as well received as the 10,000 Essex touring models now in service.

We would like you to take a ride in the Essex Sedan. Then if you should decide for it you should allow some time for delivery. The demand greatly exceeds production.

When Guests Are in Your Own Home, Do You Feel that Your Home Needs Excusing?

A House is Not A Home Without Music.

If you think so, you are out of joint with nature.

Ours is the house of music, any instrument your particular taste calls for.

If it is musical or music and, if it is new we have it. September records now here. Call and hear them at—

Comanche, Texas

W. F. Elliott came in Tuesday from Kansas City and joined his family here who have been visiting in the homes of J. E. Elkins and Wm. Reagan. They left Wednesday afternoon for their home in San Antonio.

Frank Turner, who has been in Sely, a Cliff., for the past two months returned home Wednesday to enter the fall term of the public schools. Mr. Otto Kean has returned from a month's visit in Marlin and Mineral Wells.

MRS. ALEXANDER RETURNS HOME COUNCIL MEET

Pleasant Trip and Enjoyable Visit to Her Native City; Witnesses the Chicago Race Riots, and Blames Social Equality.

Mrs. J. D. Alexander returned home Monday night from a two months' visit with her aged mother in Farmington, Maine. It has been twenty-six years since Mrs. Alexander had visited her native State, the changes had been many, but many old and familiar scenes greeted her eyes, and many old time friends came from other States and adjoining towns to meet her again.

Mrs. Alexander left Cisco on the 14th day of July as a delegate to the meeting of the Supreme Woodmen Circle, that convened in the Sherman Hotel in Chicago the 17th of July. Two cars of delegates left Fort Worth in a through train for Chicago with happy people to make new laws governing this great order. Every convenience had been arranged for their pleasure on the road, good meals were served, and no change was made from Ft Worth to Chicago, over the M. K. & T. railroad to St. Louis, and on to Chicago over the C. & A.

The meeting was held in the Rose parlor of the Sherman Hotel that will accommodate fifteen hundred guests. For ten days this busy set of delegates were legislating for the benefit of the members.

Everything went well until the morning of the street car strike, and the big negro riot commenced that put the whole city under fear of a more general outbreak than they had ever known before. Negroes were seen running in every direction fearing their life might be taken any moment, and many gave their lives in this dreadful riot. The Chicago people can in many ways blame themselves for the trouble as they had tried to equalize the black with the whites, and advantage had been taken of their generosity to make them as one of their family, and many good negro servants lost their life when if they had kept their own place no trouble would have occurred. In one instance while a trip was being enjoyed to Milwaukee on the big vessel "The Black Whale," negro families were in the same dining room as the white people. Many southern people, especially many from Texas were on the boat and took offense

at it and said at once that trouble would come over the mixture, and it came very serious.

The Sherman hotel being non-union and employed negro help, was raided while the meeting of the Circle was in session. Women fainted and started to run from the hotel, but were met by police and assured they would not be hurt, as Mr. Evans, the proprietor had told the angry mob that no violence should come to the ladies, but they could have the help, two negroes were taken out and shot near the hotel. Police guarded every entrance, and no one could leave the hotel, only underground passages could be used. Having my ticket purchased to leave there I told them I must leave. A young soldier from Oklahoma told me to follow him and I would be safe. He led me through a passage for a block to an exit where a cab was secured and the depot was reached safely.

The Sherman Hotel is one of the best hotels in the city. We met many who made inquiries about the oil excitement in this section of the country, and do you know they really know now that Cisco is a live town and on the map of the United States, and holds a conspicuous place on the blue print map of Eastland county. Many came to ask about the oil fields and if all they had heard was true. We told them it could not be told, and they would have to come and see. Many will be in this county from the East during the fall months.

Visits Old Home.

Leaving Chicago we arrived in my old home town, Farmington, the following Friday where I met my aged mother, and my two widowed sisters. All knew me, although the years that had passed made some changes that I was not prepared for. Since my last visit there my father, and four brothers have died, two brother-in-laws, leaving three widows in the family. My mother and four of her daughters live. Four sisters attended church together, where we went when we were girls, the preacher opened the Bible and read our names that had been written there many years ago. My mother was not able to be with us that day.

While there we celebrated my mother's 97th birthday. Had many of our old friends, and seven school mates, all are widows.

Friends came from many places to ask about the oil production, and as an evidence of what is really being done here as stated in the Cisco Round-Up, that my husband had sent me several copies of, I gave them to many and all complimented the home paper.

Many asked how long this paper had been in existence and I told them as long as Cisco had been a town. Like many people they asked if the many circulars that had been sent out about the oil production in this county were true. It was my pleasure to tell them that half had never been told; and to read the Round-Up for the solid truth.

During my stay in Maine, I visited the State capitol at Augusta. Governor Wellman being a nephew of my mother, our visit was made pleasant. Many other places of interest was visited, Rangely Lakes, Moose Head Lake, the picturesque town of Weld, where one of the most beautiful lakes of that country is, there we met many from Texas, Houston, Galveston and San Antonio. One day we saw two Texas autos, and one from California. Truly the old State of Maine has become noted for its beautiful scenery, and pleasure resorts. Every morning while there a big fire was built to warm the room for the day. The crops are fine, and plenty of good fruit, and berries were enjoyed. The old fashioned red raspberry grows in abundance there. Blue berries in abundance are marketed. It would take pages to tell all about my trip, fearing that others will not be as interested in it as I am, I will make my story short by telling you that we celebrated the 97th birthday of my mother, Mrs. Abbie Knowlton, while there, the flower decorations of the home was the "Golden-Glow," a beautiful flower that grows in abundance there. After the joyous occasion with my mother and three sisters we visited my father's grave also of three brothers, and great grand father, who has been buried one hundred years. He was a hero of the Revolutionary war.

Leaving Maine last Wednesday a week ago I arrived home safely on Monday night to find a lonely husband and son to meet me. The dear old town looks just as good to me as it ever has, and really we can say "There is no place like home." I am glad to be with you again and hear about the many changes made while my two months stay in the north.

The "Soul" of Music

Without "soul" music would be void of all its beauty and life.

"Soul" is found only in original music—music that flows direct from the lips of the singer or springs direct from the strings of the master's violin. Music, as RE-CREATED by

The NEW EDISON

"The Phonograph with a Soul"

is original music—over two thousand representative music critics say so. They say in the columns of their own papers that the voice of the singer and its RE-CREATION are one and that the New Edison does literally RE-CREATE vocal and instrumental music without the slightest deviation from the original.

The New Edison makes it possible for you to have in your home the voices of great singers and the performances of great instrumentalists as real as life itself.

1ST CHRISTIAN CHURCH CALLS A NEW PASTOR

Preached Here Last Sunday, and Church Voted to Call Rev Eugene H. Holmes of Gainesville to This Pastorate; Strong Man.

The first Christian church of this city called a new pastor to fill the pulpit of that church last Sunday. Rev. E. B. Isaacs, the former pastor, having resigned several weeks ago, to take effect upon the arrival of the new pastor, to engage in school work, he having been elected principal of the high school.

The congregation listened to two very able sermons last Sunday, morning and evening, when Rev. Eugene H. Holmes, of Gainesville, filled the pulpit. After the night service the congregation decided to call Mr. Holmes to the pastorate of this church, and his acceptance was received by wire Wednesday.

Mr. Holmes and family will arrive today or tomorrow, and take up their residence in the Christian parsonage, Rev. and Mrs. Isaacs having vacated to the same, and moved to their new home on Twelfth street which they recently purchased.

Rev. Eugene Holmes comes to Cisco with the strongest testimonials of ability and Christian fervor.

He has just finished a four years pastorate of the Christian church at Gainesville, and in the past has held the pastorate of the churches at Plano, Van Alstyne and other prominent cities of Texas, and is recognized as one of the strong ministers of the state.

The new Christian pastor is a graduate of the Transylvania University, and is looked upon as one of the successful ministers of Texas. His sermons last Sunday were particularly pleasing to those who heard him, and the congregation was not long in making the call. Rev. Holmes will commence his pastorate here next Sunday, and will fill the pulpit both morning and evening. He will begin a short revival next week, preaching every evening at 8.15. Every one is cordially invited to hear him.

TWO BIG COMPANIES DRILLING AT DOTHAN

And Good Showings Are Being Made for Oil; Farmers Making Big Harvest of Grain; Will Finish Threshing by December.

Dothan, Sept. 8. —It is possible that the farmers of the Dothan community will get through threshing grain (wheat and oats) by December. It is too much wheat and oats; too much maize; too much cane—well, too much of everything this year makes us work too much to take care of what we

have made. There has been so much rain that grain has been quite troublesome to thresh.

C. A. Hayes lost a fine cow Monday night. It was killed by a train just east of here. He says she was worth \$125, but will consider the matter closed if the railroad will pay him \$100, and not wait always about it. He has been selling quite a lot of cattle the past few weeks—not at forced sale either, as he merely wants to count the money. G. L. Hurst relieved him of a nice little her, about \$2500 worth, this week.

They have found a little more oil at Putnam, again, and the Lord knows how much gas. Wait till the Dothan wells are brought in, and we will show you the genuine liquid gold. They are putting down two wells now at Dothan—not at Putnam. The Qualls No. 1 is being put down by the Humble Oil & Refining Co., which is making fine progress with good showings. The Sapulpa Refining company's well is being put down right in the suburbs of Dothan. The drillers say they are record breakers when it comes to putting down and completing a well and they always find oil if they are paid a little on the side.

You folk talk about not voting for good roads! Why, the work done on one hill between Dothan and Cisco alone is worth a million dollars to travelers, since they have taken those big rocks out of the way. If I had time I would be willing to love those fellows to death for fixing that place. This is but a hint of

what will be done if the bonds are voted, and Eastland county issues two million bonds to build roads. It strikes me that some of the farmers better get to work talking road bonds, as we have pulled through the sand and over the rocks long enough. Lets get roads and buy us a tin lizzie, and carry our produce to market in automobiles and trucks instead of fooling with the slow process of teams, pulling over impassable makeshifts for roads.

Batteries! Batteries!

Plenty of fresh batteries now in stock. We keep the freshest supply and test every battery before it leaves the store. We handle the best and want you to get your money's worth, for what you buy from us.

—JOHN C. SHERMAN, Phone 155 1919c

The Merry Wives Club will meet with Mrs. S. A. Newcomb Friday afternoon, Sept. 19th.

The bridge club met with Mrs. Huey Wednesday afternoon, only the members were present. The hostess served a two course luncheon which was greatly enjoyed.

Miss Gladys Reagan returned Saturday from a two weeks visit in Ranger. Miss Priscilla Rider accompanied her home for a short visit.

Mrs. H. L. Mobley has gone to Los Angeles, Cal., on a visit.

Misses Amy and Ethel Atwood, of Big Springs, who have been visiting their sister, Mrs. T. J. Dean, left Monday for Fort Worth where they will teach in the public schools.
