Sixth grade Boy Scouts presented a program at the chapel period at the Elementary School Wednesday morning.

Dannie Friess won a fire-by-flint and-steel contest, getting a blaze in one minute, twenty seconds. O. L. Richardson was second and J. H. Cartwright third.

Dannie Friess proved adept in handling the ball as the "Famous Pitcher," throwing drops, zigzags, circles and slow balls, to surprise the batters—J. H. Cartwright, O. L. Richardson and Leon Muckleroy. R. W. Johnson, Herbert Andrews and J. L. Barnes were assistants.

Two teams, Hollis Bricker—Dannie Friess and O. L. Richardson—J. L. Barnes, entered the marshmallow-eating contest. Marshmallows that had previously been blacked were fed the boys while they were blindfolded. Hollis Bricker and Dannie Friess won.

Surrender of Santa Anna at San Jacinto

On the day following the Battle of San Jacinto, which was waged April 21, 1836, and achieved the goal of Texas liberty, Santa Anna was captured and brought t before General Houston. The reproduction above of the painting hanging in the State Capitol shows the wounded Houston lying beneath the oak while Texans hurriedly gather to witness the final chapter in the struggle for freedom.

"Savior of Texas"

General Sam Houston, one of the most dynamic leaders in American history, is the object of wide veneration in this Centennial year. Central character of the Battle of San Jacinto, one hundred years ago Tuesday, many Texans honored his memory in a Houston celebration which ended Tuesday.

Benefit Football Game Here May 15

Three Sonora Boys in Abilene For Athletic Meet Tomorrow

A spring football game, planned as a benefit for a depleted athletic fund, is being arranged by O. P. Adams, coach, for the afternoon of Friday, May 15.

Candidates for the Broncho gridiron machine next fall will battle with former players for Sonora high school. Nearly all of the ex-students who will play have played under the tutelage of Mr. Adams.

This afternoon Mr. Adams, Marion Elliott, L. M. Roueche and Kenneth Babcock will leave for Abilene where the students will run tomorrow in the 880-yard run at the regional meet of the Texas Interscholastic League.

Sixteen boys, four from each district of the region, will be entered in the Abilene contest. The four winners Saturday will compete in Austin Saturday, May 2.

It is believed that the race in Abilene will be of unusual interest inasmuch as all of the boys who are to compete run the distance in about two minutes, eight seconds. Babcock's time when he won in San Angelo recently was 4:08.4.

Babcock will also compete in the typing contest as a result of his recent winning in San Angelo.

No Profit On Taxes

Grand Rapids, Mich., April 22.—The Supreme Court has frowned upon Roger Skutt's ingenious plan for reducing his mortgage. When the city authorized taxpayers to work out delinquent taxes by manual labor at \$18.50 per week, Roger hired a crew of laborers at \$9 per week each, and started to work off taxes owed by the State Savings Association, owner of his mortgage. For each \$9 paid by Mr. Skutt, his mortgage was reduced by \$18.50 and the association's taxes were reduced by the same amount. Court ruled he was "appropriating public money" to his own benefit.

FAMOUS MAN TELLS OF QUALIFICATIONS OF EDUCATED PERSON

In view of much recent discussion of the attributes of an educated man, the points laid down by Albert Edward Wiggam, the author and lecturer, are interesting. They are as follows:

He keeps his mind open on every question until the evidence is all in.

He always listens to the man who knows.

He never laughs at new ideas.

He cross-examines his day-dreams.

He knows his strong point and plays it.

He knows the value of good habits and how to form them.

He knows when not to think and when to call in an expert to think for him.

You can't sell him magic.

He lives a forward-looking, outward-looking life.

He cultivates love of the beautiful.—Kerrville Mountain Sun.

lization today are fully as sinister as those facing the fathers of the early American republic. You can't sit on the sidelines and let others do the task. You must give the best of leadership that is in you."

Fred Gilbert, another visitor, sang "Anita" and "A Dream" and with George D. Fisher sang "When I'm Gone You'll Soon Forget" and "Home On the Range." Mr. Fisher sang a solo—"Can't You Hear Me Calling?" He pleased many with his dramatic portrayal of an old man as he sang "Lonesome Road."

The Rev. G. Robert Forrester, First Christian Church minister in Del Rio, spoke on "Men and Masons," pointing out the principles of Masonry and the honor that is done today to famous men in history who were Masons. In concluding his address he said:

"Masons are great in their simplicity. They meet on the same level, they meet as men because of what they are within. They have in them the principles on which Masonry has been built.

"He who recognizes the Great Architect has no place in his being for atheism or communism. Masonry is not a dead issue; it has not been found wanting. Through the centuries Masonry has been built with the fundamental virtues as a guide and by its members' support of right ideals."

Boys and Girls To Give Two Operettas

Music Pupils in Grades Will Entertain May 1

Two operettas—one by elementary school boys and the other by girls of the same school—are to be presented in the high school auditorium Friday night, May 1.

An announcement was made about the operettas Wednesday by Preston C. Lightfoot, principal.

Miss Rena McQuary, in charge of music in the school, is directing the productions.

The boys chose to present "Home On the Range," featuring ranch life and the Texas Centennial year. Ted Wright, Rex Merriman, Dannie Friess, Billy Shurley, Robert Hamer, O. L. Richardson and Jack Lindsey have the principal parts. Fourteen others are in the boys' entertainment feature.

"Prince Sunshine's Party," is the fanciful name for the interesting presentation of girls of the school. Leading parts are taken by Doris Meckel, Patsy Gilmore, Betty Grace Vehle, Peggy Gilmore, Willie Nell Hale, Mary Gwendolyn Wyatt, Mabel Davis and Billy Cstwright. Forty other girls are included.

Three scenes of "Home On the Range" and five of "Prince Sunshine's Party" are to be presented at the Elementary School assembly Wednesday morning and before the high school students Friday morning. Alyce Clare Shelton and Tina Ann Taylor will present one of the scenes which are pre-views of the production Friday night.

Falls of Romantic Indian Love Tale in Park in Minneapolis, Minnesota

What do you think of when you hear "Minneapolis" mentioned? Flour, probably. Yet, Minneapolis is the setting of one of the most glamorous love stories related in our literature, the one which Henry Wedsworth Longfellow has enshrined in "The Song of Hiawatha." That is excuse enough for combining Sioux and Greek to form the city's distinctive name, instead of simply calling it "Wattertown" in standardized Anglo-Saxon.

Historical Basis Questionable
The historic value of "The Song of Hiawatha" is not as impeccable as lovers of the poem might desire, but it makes a good story anyhow. The name of Hiawatha is the Anglicized form of the Iroquois name, which is spelled Taoungwatha and Hayenwatha.

J. V. H. Clark, in his "History of Onondaga," spelled the name Taoungawatha" and confused the political reformer with the Iroquois "Master of Life," Dehaenhia Wagi, the names being slightly similar in pronunciation.

Schoolcraft, in gathering material for his "Notes on the Iroquois," used much of Clark's version; but transferred Hiawatha to the Great Lakes region and identified him with "Nanabozho" or "Manibozo" folk god or cultural hero of the Ojibway or Chippewa Indians, son of the West Wind, companion of Paupukeewis, Iagoo and Kwasind. Longfellow took up Hiawatha at this point and added a few additional touches.

Wethersfield, Conn., April 22.—First murderer to be hanged in six years of Governor Cross's term, John Siemborski was also the last. Hereafter the electric chair replaces the gallows in the Nutmeg State. The change-over gave the condemned man's lawyers opportunity for several delays; one because he shouldn't be hanged when electrocution became the law; another because he couldn't be electrocuted when sentenced to be hanged.

Miss Marie Watkins
Sings in Ft. Worth

Oscar Fox's Composition One of Those in Friday Program

Concluding event of the annual convention of the Texas Federation of Music Clubs in Fort Worth was the Texas composers' program Friday night when Miss Marie Watkins of Sonora sang one number.

Miss Watkins, referred to by a Fort Worth newspaper as "warm-voiced contralto of Sonora," sang an "Ave Maria" arrangement by John Steinfeldt, San Antonio composer. Piano accompaniment for Miss Watkins was played by W. J. Marsh, chairman of the Texas Composers' Guild.

Compositions selected as best in contests by the guild and by the Manuscript Society were sung during the Friday night program. M. Flora Todd of Harlingen and Miss Adelaide Bunn of Laredo were the winners.

A San Antonio mezzo soprano singer, Monette Shaw, sang a composition by Oscar J. Fox of that city. The work was described as a "new setting of the archaic, "Will You Come To the Bower?" said to have been played by the band at the Battle of San Antonio. Mr. Fox is to be presented, with Mrs. Betty Longaker Wilson, in Sonora May 6.

Miss Watkins accompanied Mrs. E. D. Shurley and Mrs. R. A. Halbert to Fort Worth. Mrs. Halbert was a guest of her daughter, Mrs. Clifford Wilson McBride, in Dallas for several days. They returned to Sonora Sunday.

Celery — Contributor To Good Health—May Be Used in Host of Appetizing Dishes

Denton, April 22.—Celery is a good stand-by for giving flavor to any menu. It may be used on the hors d'oeuvre plate, in salads or soups, or as a vegetable. Consequently an entire stalk may be used economically from the coarse stalk to the crisp hearts.

Celery is a very good source of calcium, phosphorus and iron, so its use contributes greatly to strong bones, sound teeth and good red blood.

Dividing the celery stalk: Usually the tender inner stalks are the only ones really suitable to be served raw. The moderately coarse stems may then be creamed or scalloped and the greenish outside portion may be used in purees or very finely ground. The leaves make a nice garnish for meat dishes or may be used for making nests for salads.

Celery may be kept for some time if it is cleaned and separated and wrapped in a damp cloth and placed in the refrigerator.

Fruit Salad

Half a cup of finely chopped celery, 1 cup chopped pineapple, ½ cup finely cut dates. Combine ingredients with whipped cream dressing and serve on lettuce.

Ham Salad

Two cups finely cut cooked ham, ½ cup chopped celery, ½ cup chopped celery, ½ cup cooked peas.

Combine with mayonnaise and serve for luncheons.

Celery Soup

Two cups coarse stalks of celery, 2 cups milk, 2 tablespoons butter, 2 tablespoons flour. Wash and cut up celery. Cook in enough water to cover until tender. Drain off water and save for the celery forced through the puree's sieve. The celery and liquid are then combined in the upper part of the double boiler. There should be two cupfuls. Add an equal part of hot milk. Then add blended butter and flour and salt and pepper to taste. Cook five minutes or more and serve hot.

Braised Celery

Two large stalks celery, 4 tablespoons shortening, 1 carrot, 2 cubes bouillon, cup hot water, parsley. Wash, scrape and cut celery in two-inch lengths. Parboil in salted water five minutes. Drain. Heat shortening, add carrot and bouillon cubes dissolved in hot water. When blended, add the celery and simmer turning often, until its is golden. Remove carrot and sprinkle the celery with very finely minced parsley.

Creamed Celery

Parboil celery in salted water until tender. Serve in well seasoned medium thick white sauce as you have served diced celery.—Bulletin, Texas State College for Women.

OUR CHILD

MUSIC

Last week I suggested that music contributes to healthful living. It does, and in more ways than I can relate in this short statement. If you agree with me, you may want to go further and say "it is healthful living." Certainly, it carries one a long way toward that ideal.

Music gives us a lift. It can be a tonic, refreshing and stimulating. And it can be soothing. In proper tempo it prepares one to meet danger. Another tempo may stir deeply the subtle emotions.

Most of us like music of one kind or another. It brings pleasure, which is kin to health. It makes for sociability, bringing people together for enjoyment of a common interest.

Of all the recreative activities none is so promising as music. It has the power to erase the cares and problems of the work life.

All this is preparatory to stating my belief that the school with a sound and comprehensive music course is contributing something we cannot measure to the morale, mortality, health and happiness of its pupils. I know it is true. And I am certain that the returns in terms of a better citizenry makes the cost insignificant.
