July 5th set For Opening Canning Instruction Center

Recognizing the continued necessity for placing emphasis on food preservation, Spur public school officials have completed arrangements for setting up a canning instruction center with sufficient facilities to process the major portion of the garden products of those citizens who do not have adequate equipment or knowledge to do the job correctly.

C. F. Cook, school superintendent, has announced that Walter Labay, vocational agriculture teacher, will have general supervision of the project, and that the school board will provide instructors with training and experience in canning to assist local Victory gardeners lay out a supply of home grown food.

Each individual using the canning facilities will furnish his own cans, jars, seasoning and produce. The equipment, heat, water, and electricity will be furnished free to patrons of the canning instruction center, Mr. Cook said. No toll or charges will be made for the use of the equipment.

Funds for this service are made available through the State Board for Vocational Education, Austin. It is hoped by local officials that this opportunity for conserving food for Victory will not be passed up, and that pantry shelves in our community will sag with the weight of canned food put up under the supervision of capable instructors, following intelligent canning budget plans.

"Opening of the high school canning instruction center has been definitely set for July 5 in the Junior high school building in the old lunch room. Operating hours will be from 8 o'clock a. m. until 3 p. m. Tuesday through Friday, until plans are definitely set. Early opening hours can be arranged through appointment. Because of the heat it would be best to keep the 3 o'clock checking in time. In the peak of the canning season the center may be used much longer," announced Mr. Labay.

Each patron of the canning center may save time and food value by gathering his produce early and preparing it before time for his appointment at the center. Each patron may bring his produce to the center to prepare and each one who needs instructions in the preparation should do this.

Foods should not be harvested a day before canning, but "an hour from the garden to the can" is the best slogan. Speed in preparation and processing makes a better canned product. A patron gets just what he puts into his can. If the product was first grade when it was canned, it will be first grade when it is served next winter.

In order to serve the greatest number of people in the best manner, each patron is urged to make appointment ahead of time for the use of the center. Appointment must be made with Mrs. Joe Jeffers, supervisor of canning instructions, on Tuesdays, Wednesdays, Thursdays and Fridays at the center, from 9 to 12 o'clock, or other hours when the center is operating.

It will be possible to can from 800 to 1200 cans per day in the center with the equipment set up as it is. An electric automatic sealer that will seal a can a minute, two retorts and two pressure cookers that will process under steam pressure 150 pints at a time, and a steam bath and water bath that can be used to process 60 pints of fruit and vegetables at a time.

Patrons may can whatever they like so long as they provide all the materials, all their containers, either glass or tin, which must be clean when they come, and a willingness to cooperate and do their own work.

"Can what your family likes and will eat first," Mrs. Jeffers advises. "Then can other foods not eaten so often, after provisions have been made to can. Adequate supplies of tomatoes, snap beans and corn. Other vegetables such as beets, greens, peas, carrots, etc., should be included in the canning plan," she added.

Miss Marie Whitwell, University of Texas student, came in Sunday for a two months visit here with relatives, Dr. and Mrs. O. R. Cloude, and friends.

Spur's Pretty Cowgirl Sponsor

MISS MURL BACOT, above, is the pretty young lady who has been selected by the Spur Chamber of Commerce to represent Spur in the Stamford Cowboy Reunion on July 3 and 4. Miss Bacot is the daughter of W. H. Bacot, foreman of the Swenson ranch. She is 18 years old and a graduate of the class of '44 of Spur high school, where she attended school her senior year, before which she lived at Dumont. Murl is very well fitted to represent Spur in the Stamford Reunion as she has, in her own words, been riding "off and on all her life (No pun intended, Murl!), and she has ridden a great deal in the last couple of years. Murl says she loves to ride her horse, "Pal," very much and that she was intensely thrilled at the prospect of riding for Spur at the Reunion.

Henry Gruben Given Trip to Mountain Camp By Parents

By MARIE WHITWELL

Henry Gruben Jr. left Sunday, June 4, for a trip to Ridgecrest, the Baptist young people's camp in the mountains near Asheville, N. C. The trip was a graduation present from his parents, Mr. and Mrs. Henry Gruben Sr.

Henry went first to Abilene where he joined a group of about 35 Hardin-Simmons students, who were congenial company for the train trip to Dallas, the meeting place for all the Texas students. From Dallas they went to Memphis and on to Ridgecrest.

The cabins of the encampment at Ridgecrest are situated on a mountainside and Henry stayed in a cabin with 18 boys from Baylor and Hardin-Simmons. There are two tennis courts, two baseball diamonds, and a big lake with a well place to swim. Henry described the place as being very cool and very beautiful. In other words, it is the perfect place to have a wonderful time.

A similar program of activity was followed each day. After rising at 6:30 a. m., the students gathered for the outdoor morning watch at 7:00. After breakfast at 7:30, there was a program of Bible classes and a service which was called the Worship Workshop, followed by a morning forum, in which present-day needs of churches were discussed. Lunch was at 1:00 p. m. Then until 5:00 everybody swam or played, or just loafed. At 5:00 the students assembled for evening forum to discuss problems of young people and particularly the problem of juvenile delinquency. Supper was at 6:00 and evening worship at 8:30.

Over 1600 students from all over the nation attended the encampment. Henry said that he met a lot of interesting people and made many new friends, and also that he learned a great deal.

On his way home Henry spent from Friday until Monday, June 17-19, in Henderson, Texas, with his relatives, Mr. and Mrs. Dan Holleman.

He returned home June 20, after having enjoyed a useful and entertaining vacation.

McGinty and Callan Take Over Today As New Rotary Officials

Conceded not only by the 127th district but by Rotary International itself as one of the most unique Rotary clubs in the world, having gained this distinction by its popular "Sack Lunch," the Spur Rotary club closes one of its most successful years with today's (Thursday) luncheon with the installation of new officers for the coming year.

Oscar McGinty, well known livestock raiser, will be installed as the new president, and Weldon Callan, local dentist, will take over as the new secretary. Bob Weaver, manager of West Texas Utilities Co., club treasurer for the past year, will carry on in that capacity for another 12 months.

Board of directors for the new year are: Jack Christian, James B. Reed, W. T. Andrews, Raul English, J. D. McCain and Bob George.

To Jack Christian, retiring president of the club, goes much of the credit for the fine progress the club has made during the past year. Through his efforts the club has raised its membership from 45 to 59 during the year, an increase of 14. Among other accomplishments of the year was the sponsoring of and raising a fund of \$2,000 through its members to gain recognition for and put the Municipal Airport in operation as a recognized landing field and training center, and the reorganization of Troop 35, Boy Scouts of America. Also, with the beginning of his administration was born the idea of the "Friendship Book," which has proven to be a popular adjunct to the club. The Friendship Book is placed each week with some member of the club with the idea of other club members calling in and signing it as a gesture of friendship and good will. Interesting programs have been the rule rather than the exception throughout the year, and a nice increase in attendance has been registered.

One of the club's most ardent members, Oscar McGinty, the incoming president, has planned a determined campaign for closer Rural-Urban relations as one of the principal objectives of the club for the new year, and also to emphasize the need of curbing juvenile delinquency. Weldon Callan, new club secretary, is assuming the duties of that office with much enthusiasm, and it is the opinion of his fellow Rotarians that that office will be well filled during the new year.

The popular "sack lunch" will be omitted at today's luncheon according to cards sent out by President Jack Christian who promises the members a good meal prepared and served by the Home Demonstration club for six-bits. He urges 100 per cent attendance be present for the installation of the new officers.

"Something new, also working in harmony with another club," the card further states. Come, get an earful of it.

Bob, entered the service, the hospital was closed. It has recently been purchased by Dr. and Mrs. P. C. Nichols.

Dr. and Mrs. Alexander leave many friends in Spur who will miss them greatly, but they will feel quite at home in their new residence recently built there, as Jayton was their former home.

Tire Situation In County Still Tight Board Chairman Says

The tire situation still remains tight in Dickens county despite reports of prospects for more passenger and tractor tires this year, Chairman Lawis Lee of the local War Price and Rationing board reported this week.

"Our unfilled applications are mounting each month and even though the tire inspector may have certified need for new tires, that does not necessarily mean that a motorist will be able to secure a certificate from the board," Lee advised.

"Our board, like the others, simply does not have a sufficient quota to supply the needs of all applicants, and therefore must issue certificates in accordance with the quota and essentially of work in relation to the war effort," he declared. "It is absolutely essential that every motorist repair and recap his present tires to secure the maximum mileage. We still have a big gap to fill in the tire situation, and failure to repair and recap tires may mean that some motorist will have to put their cars away for a while."

Mr. Lee said that the Lubbock district office had informed him that recapping of tires has slowed down considerably in the past 60 days.

War Vehicles to Be Feature of Texas Cowboy Reunion

STAMFORD, June 27.—A gigantic display of the modern equipment of a powerful nation at war will mingle with memories of early frontier days of the West in the huge War Bond parade which will open Stamford's two-day Texas Cowboy reunion celebration July 3 and 4.

Some 35 vehicles, including medium tanks, light tanks, armored cars, and many other vehicles of the 12th Armored division, Camp Berkeley, commanded by Major General Carlos Brewer, will highlight the parade Monday morning, July 3, at 11 o'clock. Thousands of reunion visitors will be given an opportunity to see what their War Bonds buy and to realize to some degree what the enemies of such divisions as the 12th Armored will face in actual combat.

Leading the armored array will be the 12th's own 60-piece band, one of the best bands in the Army.

Five famous General Sherman

tanks, the M-4 Mediums, weighing 33 tons each, mounted with 75 millimeter cannon, machine guns, and anti-aircraft gun, will be part of the display. These tanks, which carry a crew of five, have earned the reputation on the battlefield of being the best tanks in the world.

Other equipment will include five M-5 light tanks, a track laying vehicle; five M-7 105 millimeter self propelled cannon; armored cars, and infantry platoon traveling on halftracks, a large surgical truck, two 2-ton wreckers, and a tank transport which is one of the largest vehicles of an armored division.

The impressive display continues with a machine shop truck, fuel and lubrication truck, maintenance truck, three MP Jeeps, and a compression truck.

The usual reunion features of the opening parade also will be of great interest. Cowgirl sponsors, ranch chuck wagons, and hundreds of mounted cowboys will take part in the big affair.

Cash prizes will be awarded winners in the following divisions of the parade: Commercial entries, first prize \$25, second prize \$15; Juvenile entry, \$5; and individual entry \$10.

The most typical ranching entry will draw a \$25 prize, and the best out of town entry also wins \$25.

Entrants in prize winning divisions must file an entry blank before parade time. These blanks are available at the Stamford chamber of commerce office.

MRS. HARRY W. YATES, above, will be hostess to the cowgirl sponsors from various West Texas towns and cities during the Texas Cowboy reunion to be held in Stamford July 3 and 4. Mrs. Yates, daughter of Mr. and Mrs. R. W. Cole, pioneer residents of Rule, is prominent in society circles and civic affairs of Stamford, and has resided in Stamford for the past 17 years.

MRS. RAY GEORGE HOSTESS TO HIGHWAY H D CLUB

Mrs. Ray George was hostess June 22, to the Highway Home Demonstration club in the second meeting of the month, with Mrs. Agnes M. Marrs, county home demonstration agent, giving a lesson on cleaning a sewing machine, using naphtha as a cleaning agent, and plenty of high grade machine oil as the parts are replaced.

Roll call was answered by showing new and remade garments and hats, which was very interesting and quite profitable for those demonstrating their ability. Plans were made for the August annual picnic. Mrs. Harry Martin drew the game prize for the afternoon.

Those answering roll call and enjoying the afternoon were: Mmes. L. L. Teague, Cecil Estep, Lela Morgan, D. L. Pace, Earl Thomason, Harry Martin, Kelsey Putman, M. E. Tree, Jno. Holloway, Willie Smith, Forest Martin Sr., Agnes M. Marrs, the hostess, Mrs. George.

Belles and Beaux Get Timely Advice

"HE WHO hurries the fastest sometimes misses the boat" is the advice Holly Miller gives 'teenage boy and girl readers of her column in nationally circulated Capper's Farmer.

"Time may be a-wastin', belles and beaux," she writes, "but don't let the thought get you in such a dither that you forget your rearing."

Here are one or two instances of the value of avoiding haste cited by this Capper's Farmer authority:

"Wait for the car to stop and for your swain of the evening to come around and open the door for you. House doors, theater doors and the swinging opening to the drugstore come into this consideration. Give him a chance to be polite.

"Take your time when making introductions. Repeat names plainly and, incidentally, say the name of the most respected first. Spend a little time getting folks acquainted before you leave them cold. Just add a little to your smoothie air.

"You won't starve if you don't get your meal into your stomach in 2 minutes flat. It's not a very pretty show for your family, and some day you might forget when you're away from home. Take time to be polite to your kinfolks. It pays off in the end, since practice gives poise."

Problems concerning etiquette, manners and the means of acquiring smoothness are dealt with by Miss Miller in issues of the magazine. She is always ready to answer questions that puzzle youthful readers and to suggest methods of meeting various situations.

MR. AND MRS. BLAKELEY ENTERTAIN SERVICE MEN

In honor and appreciation of their friends, Pvt. Clarence Ward, home on furlough, and brother, Robert, who left Sunday to enter the Navy, Mr. and Mrs. G. W. Blakeley served a delicious fried chicken dinner on Wednesday evening, June 14, with creamed potatoes, combination salad, fresh English peas, fresh tomatoes, radishes, pickles, spiced cake and iced tea.

Doubly Safe

Mrs. Casey—Me sister writes me that every bottle we sent her in that box was broken. Are you sure you printed "This side up with care" on it?

Casey—O! am. An' lest they wouldn't see it on the top, O! printed it on the bottom as well.

Getting Her Goat

Mr. Sass—But, darling, you've been talking for half an hour, and I haven't said a word.

Mrs. Sass—No, you haven't said anything—but you've been listening in a most aggravating manner, and I'm not going to stand it.
