Whole No. 172

Home Beautification Contest Is Sponsored by P.-T. Association

Home improvement contest, which really means the lawns has started in Spur for the purpose of making our citizenship to make the front and back yards beautiful. This is the work of the Parent-Teachers Association at their meeting Tuesday afternoon, or at least they formulated the plan. All organized clubs, the Chamber of Commerce and the Rotary Club are included in the work.

A central committee consisting of a member from each organization has been appointed and organized. The president is Mrs. H. H. Brannen and the secretary-treasurer is Mrs. E. F. Lavery. There are a number of sub-committees appointed that will be announced later.

The first contest the central committee are staging is that of selecting a slogan for Spur to be used during the main contest. The central committee has offered a reward of five dollars in gold for the best slogan offered. The slogan must contain the word Spur and must represent civic pride. It shall contain not more than ten words. These slogans must be sent to Mrs. Frank Lavery not later than April 1st, and since that day falls on Sunday, it will be better to get the slogans in the day before. Who is going to get the gold? You can help by offering a slogan and you might be the winner.

Other reports and regulations will be published next week. Watch the papers and do not let anything get by you. "Make Spur's ditty, to be a Prettier City."

Spur's Wholesale Grocery Expands

Since the establishment of the wholesale grocery in Spur it has become necessary to devote more room to the business. Hence, the Bryant-Link Company are enlarging their wholesale department to include about twice the original floor space. This was done by removing one of the partitions and taking in the space that was included in the furniture warehouse.

There has been a nice office built for the manager and arrangements kept about the business. More and better light has been provided which is a great asset to the business. That the business is growing is evidenced by the fact that of the many train loads of goods that have been shipped the building has not been filled yet. It has taken approximately half of the stock to supply the demand that is being made on the business. There have been some three or four carloads of groceries unloaded this week, but with the large trade and the extra large space to be filled it is difficult to see that there has been much gained. This is not going to be a small business. Bryant-Link Company does not do things in a small way. It will be one of the largest wholesale groceries found in the West, and merchants will be able to be supplied in all lines right from Spur's big wholesale grocery.

Spur Mutual Is Expanding

Last week the Spur Mutual Life Insurance Association perfected a deal whereby that organization took over the Post Mutual. This was a very fine transaction especially for those who had policies in the Post Mutual. The membership in that mutual was small in numbers and by them coming into the Spur Mutual they were able to secure a policy that pays the full face value.

The Spur Mutual now has a full membership and the officers and directors are making arrangements to extend the field and make a still larger mutual of it. By entering the new field at Post City, it is thought that a new series of policies might be issued in a new section and start a new division within a few months. This would give the present policy holders an opportunity to take out more insurance in the Spur Mutual and secure more protection at a reasonable fee.

Fred C. Haile, assistant secretary and field manager for Spur Mutual is spending a great deal of time at Post City now in order to extend the work in that section. Under the Spur organization the people at Post City secure insurance to the amount of \$500.00 at practically the same price that the Post Mutual was charging them, and have about three times as much protection.

Tom Ruffield, of Twin Wells, was greeting friends on our streets Saturday.

REVIVAL STARTS AT THE FIRST CHRISTIAN CHURCH

C. M. ASHMORE
Evangelist
Austin, Texas

PAUL CAMPBELL
Singer
San Antonio, Texas

REV. A. B. ABBOTT
Pastor
First Christian Church

The First Christian Church opened their revival campaign at the morning services last Sunday. A large congregation were present for the first services and the church auditorium has been crowded with every service since. The people are greatly interested and are attending in great numbers.

Rev. A. G. Abbott has spent a great deal of time making people feel that they are not only welcome, but are needed at the services. Sunday evening practically all of the other churches in town dismissed their evening services and joined with the First Christian Church in their campaign.

C. M. Ashmore, Austin evangelist, is doing the preaching, and the phrase, "We Like Him," is expressed by everybody in general. Many have expressed their delight in hearing his able discourses and his logical manner of bringing gospel truths to his congregation. He speaks with force and meaning, and his rapid flow of language keeps his listeners busy to keep his thought.

The music is in charge of Paul Campbell, a singer-evangelist of San Antonio. Mr. Campbell is a chime artist, and illustrates many beautiful songs with pictures which he makes while the songs are being rendered. He has a very fine voice and is buoyant with music. His interest in the work is adding momentum to the services and every day the people receive something new.

The people are assured that they will not be embarrassed in regard to their church visits by attending these services. Dr. Ashmore just preaches the word as he sees it and does not become personal or denominational in his discourses. He is after lost souls in his way putting it and is not here to hurt any one's feelings.

The services will continue to April 1st, which will include next week, and the pastor and membership of the church extend a hearty welcome to everybody to be with them.

Presbyterians To Have Loyalty Day Program

Sunday morning the members of the Presbyterian Church will observe Loyalty Day by making their pledges for the coming church year. It is hoped that these pledges will amount to enough to meet the local expenses and the general benevolences. Every member of the church will be given an opportunity to show his loyalty by making a pledge to the support of the church.

Special Sermon for the Children
A sermon illustrated with chemicals will be given for the special benefit of the children, at the eleven o'clock service Sunday.

Or, account of the revival services at the First Christian Church we will have no night worship.

We welcome you to worship with us.

REV. E. P. BUIE, Pastor
E. J. Lasseter, of Esuela, was transacting business on our streets Monday.

Where Our Public Utility Capital Comes From

The above subject was discussed by Laurie Burrow, local manager of the West Texas Utilities Company, in an address before the Rotary Club of Spur last Thursday. In his talk Mr. Burrow brought out many interesting features about capital investment. "Corporation secures necessary funds from the sale of its stocks, which are offered to those who buy them in the hope that the enterprise will make a profit," Mr. Burrow said. He continued, "It offers bonds based on the value of its lands and its equipment. Again, by issuing secured notes they may obtain money from banks and trust companies. Now, one may properly ask, 'Who buys the stocks and bonds?' What is the source of money which the banks loan on notes?"

"As soon as any individual is able to earn a surplus for himself, that is, when he makes more than is necessary to supply the needs of himself and family, the probability is that he will get his life insured. If afterwards he still has a portion of the surplus remaining, he might deposit it in a bank, or in bonds or stock. There are many such insurance policy holders.

State Supervisor Reports Favorable To Spur Schools

Girl Scouts Raise Camp House Fund

The Girl Scouts, of Spur, last week raised a fund of more than \$700 to be used in building a camp house. This is one of the new organizations of our town but is growing very rapidly both in numbers and interest. It is under the direct management of Mrs. Turney Whigham who is taking a great interest in the work and is being a wonderful help to the girls in the organization. There are now 15 girls affiliated and who are studying to pass examinations for certain classifications.

There has been one great drawback to this work since it was organized. There has been no organization that has become sufficiently interested in the girls to foster the girl scout movement. The Rotary Club has been fostering the Boy Scout movement for more than a year and has been the means of making that work a success. Since this club had this work, the membership felt that some of the ladies clubs of the town should take over the girls' work and see that it was properly handled. But it must not have been brought to the attention of other clubs, at least there was no organization that became interested in the Girl Scout movement.

Mrs. Whigham and two girl scouts were invited to be guests of the Rotary club at its meeting last Thursday. The girls gave a very fine program which was concluded by a talk by Mrs. Whigham. She stated that the organization was progressing nicely without any assistance, but that they needed the encouragement of some organization. She stated surely there was somebody. Some organization that was interested in the welfare of Spur girls. She did not ask for membership of the club since she felt they were doing their share with the boys. But for some reason about half the amount needed had been subscribed and paid in when the members of the club left the luncheon. This gave the girls a starting point, and they went to other business men in town and soon closed the amount with a nice little margin. The Girl Scouts will have a nice camp house soon and will be comfortably and adequately equipped in a nice home, and there will be no one get more joy out of it than those men who so valiantly assisted these girls and Mrs. Whigham in the work.

FARMERS HOLD GIN MEETING
According to former announcements a meeting of the farmers was held in the basement of Bryant-Link Company's store Tuesday evening for the purpose of organizing a Farmers Gin Company. The meeting was called to order by J. B. Karr, temporary chairman.

Bill Bobbitt, of Paducah and W. W. Cole, of Chillicothe, addressed the meeting, there being about 80 farmers present. These gentlemen discussed the advantages and disadvantages of farmer gin organizations, stating that they had been a success in other places. Others present spoke about an organization.

A motion was made that they go into organization. W. L. Carlisle was elected president and Dan McMahan, secretary and treasurer.

A committee consisting of W. F. Shugart, J. L. Karr, W. H. Condon, and W. B. Lee were appointed to make arrangements and solicit members.

Wednesday at two o'clock with W. L. Carlisle presiding. They divided the county into district and appointed sub-committees to secure members for the organization.

It looks assured that the gin will be built. When the farmers get together, organize and hold confidence in each other, they can put over any program they desire.

METHODIST CHURCH
Sunday school at 10:00 a. m. G. S. Link, superintendent. Everybody come to Sunday school next Sunday. Make it a banner Sunday. The church needs you and you need the church.

Epworth Leagues at 3 and 7 p. m. All young people are urged to attend. Preaching at 11:00 a. m. by the pastor. Morning Subject: "The Three Crosses, and What They Mean To Us."

No preaching at night, on account of the revival at the Christian Church.

A. B. DAVIDSON, Pastor

DR. NICHOLS RETURNS
Dr. and Mrs. Nichols returned from Dallas Monday after having been gone ten days. Dr. Nichols went to Dallas for the purpose of studying X-ray work and was able to secure a very fine course. Prof. German, of Chicago, conducted the course. He is considered one of the best X-ray men in the world and is recognized in the great universities of Europe as well as in America.

NOTICE
The Epworth League at Jayton will Spur next Sunday. It is requested that all members of the Spur Epworth League meet at the church and be ready to leave for Jayton at four thirty o'clock Sunday afternoon. Also, it is requested that everybody who can furnish a car to do so.

Superintendent Cluck received a very favorable report from the State Department in regard to the work in Spur Schools. The work in our schools has been recognized as standard for some time and the work of the present term is very gratifying according to the report from the State Department which is a result of a visit made to Spur by M. B. Brown, State Supervisor.

There is one feature, the crowded conditions, that the State Department advises that we try to improve. In connection with the report several recommendations are placed before the people of Spur District for their consideration, and every one of them will improve our schools if we carry them out.

They are as follows:

1. That Spur be congratulated on the very fine high school building that it has, which, however, is inadequate (too small) to the present needs. If Spur is not to lose step in the march of educational progress more room must be provided for her high school. There is very little more than half enough room for her 275 pupils without taking away any thought for the morrow.
2. That Spur give serious consideration at once to a program of consolidation. The rural boy is well developing as is his urban cousin, and inasmuch as Spur is carrying this load for those from the country it appears that consolidation would be of benefit to both parties.
3. That serious consideration be given to introducing, for the coming year, some vocational work for both boys and girls.
4. That serious consideration be given to all papers in application for credit when they are received.
5. That commendation be given the following items of educational progress within the past year:
 - a. A careful reorganization of the requirements for graduation, including asking the grade for passing to 75 per cent, and requiring high school pupils to take four courses.
 - b. Addition of three teachers and equipping rooms for them.
 - c. Addition of \$550 worth of books to the high school library.
 - d. Purchase of \$300 worth of equipment for laboratory.
 - e. Purchase of \$350 worth of shades for the windows.
 - f. Addition to grammar school library of \$200 worth of books.
 - g. That a teacher be added to the high school faculty at once if it be humanly possible to do it under present financial conditions. If it cannot be done it should be arranged for next September.
6. The supervisor was in two classes that are so badly crowded as to render good work impossible, and he was informed that there are three others nearly as congested. Let the Chief Supervisor be apprised by March 20 of the action taken on that item.
7. The numerous courtesies received at the hand of Superintendent Cluck are appreciated.

The above gives our people some idea of the needs of our schools as seen by a school expert who makes it his business to visit schools over the State. These are his honest confessions as to what we lack.

COUNTY AGRICULTURAL AGENT NEEDED HERE
That Dickens County needs a County Agricultural Agent is evidenced by the fact that the office of the County Demonstration Agent is continually being rained with questions that should be answered by the County agent. It is not fair to the ladies of our county for the men to take up the time of their helper for their problems. It is thoroughly understood that the County Demonstrator has a great many questions brought to her that she is not able to deal with, and neither does she have the authority to do so.

It was thought at one time that the county had been supplied with an agricultural agent, but this movement meant that the people in Montague County were losing the best friend the farmers ever had. It meant that the farmers got busy with the higher ups and stopped all plans for moving their County Agent. But the farmers need a good county agent to assist them with their farm problems. We are paying taxes to support county agents in other counties, so let's get busy and have one in Dickens County, too.

WHAT'S DOING IN WEST TEXAS

West Texas and the West Texas Chamber of Commerce, through work of Exhibit Manager B. M. Whitaker and co-operation of the entire section, won both first and second places on agricultural exhibits at the Fort Worth Fat Stock Show and Southwestern Exposition.

Carlton H. Amcaker has been elec-

ted manager of the Mertz Chamber of Commerce.

A strictly agricultural program will feature the WTCC Oil Belt District convention at Dublin March 28. Loralie is soon to have a first class sewer system.

George (Scotty) Samson, an outstanding West Texas exhibitor at the Dallas Fair, contributed considerable Garza county quality products for the WTCC All-West Texas exhibit.

A chamber of commerce committee has been appointed to make suggestions as to names for the city election to be held in Roscoe in April.

Hardeman County produce was prominently displayed in the Panhandle-Plains WTCC exhibit which won first place at the Fort Worth Fat Stock Show.

Works Potter has been elected secretary of the Jacksboro Chamber of Commerce.

Contract has been let for erection of a \$100,000 courthouse at Perryton. Work is progressing rapidly on Hutchinson county's new courthouse at Stinnett.

The Mineral Wells Clinic, to be operated in connection with the New Clinic Sanitarium, will open April 15. A Home and Civic Improvement Club has been organized in Tatum, N.

A banquet was held at Ropesville, Mexico, recently to raise funds for beautification of the school grounds there.

The Rochester section reports that prospects are good for this season's crop.

Increased telephone facilities are to be enjoyed by Barstow through installation of new equipment, now under way.

The Big Lake Chamber of Commerce is re-organizing in order to put over some worthy projects for the town.

Nara Visa, N. Mexico, is one of the newest towns to affiliate with the West Texas Chamber of Commerce.

H. G. Bell, secretary of the Archer City chamber of commerce is conducting an information column in the Archer County Times to tell about work of his organization.

The town of Iran has joined forces with the West Texas Chamber of Commerce.

A \$150,000 addition to the Big Springs ice plant is nearing completion.

35,000,000 Cars To Be On Highway By 1935

By 1935 the United States will have in its streets and highways from 30,000,000 to 35,000,000 registered motor vehicles. How can we accommodate that great army of passenger cars, trucks and buses?

more of the rail traffic will be underground. In some cities the surface car will give way to the bus. In others the street car will be taken off the streets and put in underground tunnels. Elevateds for overhead trains will be torn down. Subways will be substituted. Streets will be widened where it can be done without inconvenience by making sidewalks narrower. More boulevard systems will be laid out. Arterial highways will be constructed.

step. Note how motor cars from Park avenue get around the Grand Central Station in New York City. An overhead motorway extends from Park avenue and 40th street to Park Avenue and 45th. Imagine the congestion at Pershing Square without such grade separation.

Detroit has a similar grade separation at East Grand Boulevard and East Jefferson avenue. San Francisco has an over-pass at the foot of Market Street and the Embarcadero. Cincinnati has over-passes where on street is carried by a bridge, or a viaduct, over another.

Police officers are going into the schools in many cities to instruct children how to cross streets and when. In those same cities policemen are assigned to street corners children use frequently in going to and from school. Usually these police, in escorting children across streets, wait for signals before crossing. At least they should.

This type of education means that the years to come will bring us a generation of men and women schooled in the ways of careful walking.

America today has a most ambitious road building program. There is every reason to believe that this program will be expanded until this country will have a great system of transcontinental highways and roads, extending from Canada to Mexico. Of course, as soon as we finish a two-way highway traffic on it frequently increases to a point where a four-way highway is needed. This is bound to be true for eight or ten more years.

The United States will never complete its road building program. New highways will be needed constantly. Old highways must be kept in repair and many must be widened.

The elimination of grade crossings is a tremendous job. This work should continue until every dangerous crossing is eliminated, with an over pass or under-pass in its stead. There is also the job of eliminating curves from highways. Engineers today agree that highways must possess what might be called built-in safety. Signs can't be relied on to make highways safe.

The parking problem will probably be with us always. But it will be met in part by erecting tall ramp garages in areas where rents aren't so high. In our most congested centers

The B. Y. P. U. was well represented at the picnic held at Dickens Springs on Friday, March 9th. A very enjoyable time was had by the 30 or more who were present.

Horace Nickels, of McAdoo, was transacting business in our city Monday.

J. W. Clark, of McAdoo, was in our city Monday looking after business affairs.

H. J. Parks of Highway, was shaking hands with the voters in our city Monday.

Mrs. D. H. Gidden, of Dumont, was shopping in our city Saturday and while here made a pleasant call at the Times office.

—Blue Profit Sharing Stamps—

R. G. Thannisch, of Dickens, was looking after business interests in our city Saturday.

W. A. Stearns, of White Deer, was transacting business here Saturday.

C. S. Pence, of McAdoo, was attending to business matters in our city Saturday.

C. C. White, of Afton, was looking after business interests in our city Saturday. We have a very reliable report that Mr. White will start a dairy in Dickens in the near future.

J. L. Karr, of Espuela, was greeting friends in our city Saturday.

—Blue Profit Sharing Stamps—

MOTHERS

Watch for symptoms of worms in your children. These parasites are the great destroyers of child life. If you have reason to think your child has worms, act quickly. Give the little one a dose or two of White's Cream Vermifuge. Worms cannot exist where this time-tried and successful remedy is used. It drives out the worms and restores the rosy hue of health to baby cheeks. Price 35c. Sold by SPUR DRUG COMPANY

Automobiles Railroads Best Customers

Detroit, Michigan, March 20.—That the automobile is one of the railroad's best customers was revealed here today with the announcement, that the freight bill of the Chevrolet Motor Company for 1927, representing in bound and outbound shipments to the fourteen domestic Chevrolet plants, was \$34,805,556.86.

In releasing this figure, C. R. Scharff, general traffic director of the Chevrolet Motor Company, stated that it covered the movement of 289,575 carloads of freight totaling 5,950,233,608 pounds, as well as 208,152,247 pounds of less-than-carload freight.

"Our freight bill was considerably higher last year than in any previous year in our history," Mr. Scharff said, "yet the proportionate cost per automobile was lower because our record volume of more than a million units built last year, coupled with the efficiency of present transportation agencies, effected large economies in transportation as well as in manufacturing."

"Of our total freight movement, 153,496 carloads represented inbound shipments—materials and parts for building cars which were received from sources of supply only. This figure does not include the enormous amount of freight cars required to move this tonnage, in its raw state, into the various points where it was manufactured before being shipped to the Chevrolet Motor Company.

"Outbound shipments—finished automobiles and 237,990,146 pounds of export traffic—totalled 136,079 carloads weighing 1,972,962,117 pounds. These figures also are exclusive of 262,551 drive-ways which would have approximated 65,688 additional carloads, and of outbound shipments from parts and service depots.

"This tremendous freight movement was accomplished through the splendid service and co-operation extended by the railroads. While no figures are available yet to show the carload movement of the entire automobile industry for 1927, it is estimated to be approximately 900,000 carloads of automobiles and parts; while the total number of carloads shipped last year which can be directly credited to the automobile industry is estimated at 3,125,000. Considering this huge volume it is obvious that the automobile is one of the railroad's chief benefactors.

NO TITLES NEEDED FOR EXPLETIVES IN FOX WAR FILM

It is being freely predicted that printed sub-titles will all but be eliminated from moving pictures before the present theatrical season ends, due to an innovation which Director Raoul Walsh has injected into the film version of "What Price Glory", which comes to Lyric Theatre for a two-day's engagement Monday.

Captain Flagg and Sergeant Quirt, "dressing each other down" with strong language on the screen where the film is being shown, not only fail to shock the audiences, but set a new style for conveying their remarks to their "hearers".

By a very clever use of the camera to catch the movement of the lips, the strong language which was such an important feature of the stage play has been kept in its entirety without resort to the printed word. The result, according to those who have been studying the innovation, gives the audience a new enjoyment—the satisfaction of being able to make out what the actors are saying at the time they say it. In the case of "What Price Glory" they get added enjoyment out of placing "naughty words" in the actors' mouths. Those who are ignorant of the expressive words in English can find nothing shocking in the pantomime.

The printed sub-title, which has always been a problem for motion picture producers, is now apparently doomed. The German producers have got around the problem of "Came the Dawn", "That Night" and other trite phrases by cutting out the sub-titles entirely and relying on elaborate action to get ideas over to the audience.

W. M. Mullins, of Afton, was transacting business in our city Saturday.

E. A. Cochran, north of town, was in Saturday attending to business interests.

G. C. Byrd, of Dickens, was greeting friends on our streets Saturday.

Ed Lisenby, of Croton, was in our city Saturday buying supplies for his big farm.

Mr. and Mrs. Sam Koonsman, of Croton community, were doing some trading in our city Saturday.

B. F. Simmons, north of town, was in Saturday doing some trading.

Lee Watson, of McAdoo, was attending to business affairs in our city Saturday.

H. E. Ragsdale, of Midway community, was doing some trading in our city Saturday.

Mr. and Mrs. J. Vernon Powell, of Highway, were attending to business affairs in our city Saturday.

I. J. Hurley, of Croton, was doing some trading with our merchants Saturday.

Mr. and Mrs. B. J. Howell, of Espuela, were attending to business affairs in our city Saturday. Mr. Howell was just returning from the Fat Stock Show in Fort Worth and the Pro Meeting in Dallas.

George B. Mahen, of the 24-Ranch, was in our city Saturday doing some trading.

Don Merriman, of Twin Wells, was on our streets Saturday chatting with the boys.

Secretary National Retail Credit Assn. Speaks To Merchants

LUBBOCK, March 20.—"Eighty-seven per cent of all business is done upon credit and it, therefore, evident that retail merchants should do some clear thinging about credit control in order to keep the accounts on their books in a healthy condition if the prosperity of this country is to continue as it is now," Guy H. Hulse, secretary and educational director of the National Retail Credit Association of St. Louis, Missouri stated at a meeting at Lubbock last Friday night at which merchants from all over the South Plains gathered.

"Retail merchants associations are organized for protection and promotion," Hulse stated. He pointed to the protection the association offers members in giving out credit information and in keeping unworthy advertising and promotion schemes out of the town.

"There are three kinds of advertising, local newspaper, billboard and direct by mail, the local newspaper being the best medium," Hulse stated. He urged merchants to live up to their agreement with the association in referring all out of town advertising and specialty advertising, as well as various promotion schemes, to the advertising committee of the local association.

The two best friends of the retailer are the local newspaper and light, the speaker said. In speaking of light, Hulse referred to the lighting effects in window display and in store lighting and arrangement.

Women do 85 per cent of the buying and they desire clean and attractive stores in which to trade," he said.

The National Association representative congratulated several West Texas associations on their "Pay Your Bills Promptly" advertising campaigns that have been run in local newspapers, but urged merchants to check up on their prospective customers before selling, stating that an account properly opened and extended after the customer has been found to be a good credit risk will be paid and that if this is done, no pay-up campaign will be necessary. Credit application cards or blanks should be used by merchants to get full information about the customer before extending credit, the speaker said.

Every merchant should give the association a rating on each customer and every customer who has a good paying record has a right to demand that the merchant see that this record is filed at the association office, Hulse said.

"There are the four C's of credit bureau management. A 'Constructive Community Credit Consciousness'. A consciousness on the part of the retail merchant and credit grantor of the necessity for a complete spirit of co-operation under all circumstances and conditions; a realization on the part of the consumer of the necessity for safe-guarding his credit standing—his integrity, if you please in the community," Hulse said. "From a moral standpoint I know of no other single thing, save the church, which has so splendid a moral influence in the community as does a properly organized and properly operated credit bureau."

Hulse told of the work being done by the National Association that was organized in 1912 and has over 900 affiliated associations with over 50,000,000 ratings in their files.

BUT HE NEVER CAME HOME AGAIN

While strolling down a pathway in the month of May,
A maid turned to her lover and bravely she did say:
You have heard your country's call and go in freedom's name
But I'll be waiting—yes, dear, waiting—
When you come home again.

Well, his sweetheart cried that morning
When he left on an eastbound train
She said good-bye and waited
But he never came home again.

For while the big guns thundered
Close by the river Marne
They stormed the German trenches
In the cold gray of the dawn.

He fell amid the battle—mid the crush of bursting shell.
Called a comrade to him and
This story he did tell.
I have a girl in the U. S. A.
Far across the seas
She is waiting—vainly waiting
In that fair land for me.

I know that I am dying
But I love her just the same.
Tell her not to wait for me
For I'll never come home again.

Tell her not to weep for me
That lay dying here so lone,
Though I be among the missing
When the boys come marching home.

For there is a place called Heaven,
Where the loving part no more
Just tell her I will meet her there
Upon that golden shore.

He was buried late that evening
At twilight's softened glow
In a shell torn valley
Where flowers once did grow.

At his head a small white cross
With his rank and name
And his sweetheart pined and waited
But he never came home again.

Copyrighted 1923 by Otis Holsby
ZELLMAR BROS. TRAINED
WILD ANIMAL SHOW

Trained Animals and Other Big Acts
Feature the Show

This show is advertised as different
is so not only in name, but in

fact. Everything is new, clean and good to look at from the people, horses, wagons to the costuming of the acts in the arena. Even Prof. Mathews' big brass band is not a continuous roar of discords, with amateurs trying to play music, but a band of real artists made up of bands in the country.

Zellmar Bros. Trained Wild Animal Show this year, its nineteenth annual tour, is better, larger, stronger and more magnificent in every department than ever before.

The performance in the main tent, from the opening tournament to the last sensational thriller, moves along with speed, one act after another, until the two-hour performance, slips away without a hitch or halt.

Zellmar Bros. Trained Wild Animal Shows is an old institution that has pleased millions of people for many years. This year it comes to us, bigger, grander than ever. Bringing with it a galaxy of beautiful male and

female performers, wild and domestic animals of all species, gathered from all parts of the world. Clowns, those merry fun makers we enjoyed so immensely when we were "Kids", yes, Zellmar Bros. have twenty of them headed by the premier of them all, Ole Larson.

Aerial bar, ground and novelty animal features that can be seen only with Zellmar Bros. Trained Wild Animal Shows.

Zellmar Bros. Original and Only Trained Wild Animal Shows will positively exhibit at Spur on Wednesday, March 28, giving two performances, rain or shine, at 2 and 8 p. m. tents all positively waterproof. 172 1 t

Thell Browning, south of town, was in our city Tuesday attending to business matters.

GIRARD HAPPENINGS
 Tried to know this morning but finally decided it was to much trouble and tonight (Mc day) the stars are shining and tomorrow promises to be a lovely day.
 The wedding bells have been ringing the past week.
 Last Wednesday Miss Lucille Pearson and Mr. Wayne Beedle, son of Mr. and Mrs. Bud Beedle, were married both having many friends to wish them every happiness.
 Saturday Miss Lillie Cox surprised

her friends by going to Claremont married Mr. Melvin Chestine, of Millersville, Texas. Mrs. Chestine is one of our most popular young ladies. She met Mr. Chestine while visiting friends at Millersville and just neglected to mention the fact to her Girard friends so her wedding came as a complete surprise to all. We all wish her much joy and happiness. They left for their home at Millersville Sunday morning.
 Brother Young held a very fine meeting at the Church of Christ last week closing Sunday night.
 The B Y P U, of Spur, came over Sunday night and gave us a fine program which we certainly enjoyed and here is a hearty invitation for them to come again.

Mr. and Mrs. Woody returned from Childress, Texas Sunday where they had been called by the illness of their daughter-in-law. They report her condition as improving after her operation. We hope to hear soon of her complete recovery.
 Miss Lois Ginn, of Red Top, is spending a few days with her cousin, Mrs. Beulah Morrison.
 Charley Taylor spent Sunday as the guest of Morly Ginn, of Red Top. The party at Mr. Taylors last Saturday night was enjoyed by a large crowd of young folks, who report "the time of their lives."
 The W. M. U. met with Mrs. Wilkerson Monday evening.

GIRARD HAPPENINGS
 (Left Out Last Week)
 The wind blows and the sand-storms come and still no rain.
 Bros. T. S. Young, of Cross Plains, is holding a meeting at the Church

TO THE CITIZENS OF SPUR:

The State Fire Insurance Commission has given Spur the maximum credit of fifteen per cent rate reduction for low fire record. This will prove a material savings to insurers in Spur, and we should do our best to maintain this credit. It applies to all fire policies written between March 1, 1928 and the same date next year. Whether we shall have a credit or penalty next year depends upon our fire record this year. Under our rating schedules we may secure any credit from three to fifteen per cent; and also we are subject to a bad fire record charge in the same percentage. Having secured the best rate reduction obtainable for this year, let us co-operate to secure the same maximum credit for the coming year. All business houses should provide metal containers for burning trash as required by our city ordinance. Flues in dwellings should be thoroughly cleaned once each year. In fact all things possible should be done to prevent fires; it pays.

Very Respectfully,
 E. J. COWAN, City Secretary

Dodge—the Fastest Four in America!

The regular singing will be held in the Baptist church Sunday, March 25. Everyone is invited to be present.

of Christ and doing some fine preaching.

Mrs. Woody, our post mistress, is visiting her son at Childress, Texas. Miss Lois Bailey has charge of the post office this week.

Mr. and Mrs. J. W. Wilson and two grandchildren and Mr. Gilmore spent the week-end in Lubbock as the guests of Mr. Gilmore's son and family. Mrs. Gilmore is the youngest daughter of Mr. and Mrs. Wilson. They report no rain around Lubbock.

In the baset ball and tennis games at the track meet at Jayton Friday and Saturday Girard showed what she could do we are especially proud of our Junior girls' basket ball and their coach.

Mr. J. W. Wilson is having his house painted inside and out and it is looking mighty fine.

Quite a few new oil ranges coming in from Sear's Roebuck lately. Everyone seems pleased with their stoves. Of course, we believe in spending our money at our home town, but it is a temptation to save half on the purchase of a stove if it doesn't rain soon we will need the extra dollars.

Miss Ruby Haze is visiting relatives at Claremont.

Mr. Ingraham is having a new cistern dug. He hasn't given up hopes of a rain yet it seems.

Mr. J. W. Wilson lost a good horse last week. It ate a hearty breakfast but died before night.

A big crowd attended the Worker's meeting at the Baptist church last week. A fine program was rendered and we had lots of good dinner.

A big crowd at Singing Sunday evening at the school house. Girard folks like to sing. Come over and join us.

Quite a few Lost Lake folks attended church at Girard Sunday night and we are always glad to have visitors. So come again.

Mr. Altmore and family, of Red Top, visited relatives at Girard Sunday.

D. A. Senn, of Spur, was in our city one day this week.

Quite a lot of our folks attended the dollar sale at Swartz' store in Spur Saturday and Monday and came back bragging about the bargains they found. One man said he couldn't go to any more dollar sales until he raised some cotton, but from the looks of the bundles he carried he won't need to.

Mrs. Mooney is working in the Dry Goods department of Jones store.

We have added a Standard Line of Plumbing Fixtures including bath tubs, commodes, lavatories, sinks, etc., in order to better serve the people of Spur Trade Territory

We have Mr. Burns, of San Angelo, to take charge of this work. He is a licensed plumber and has had years of experience in the business. There is nothing that can cause more grief than a bad job of plumbing. That dripping hydrant is a source of annoyance, and the leak at the sink and other places. Plumbing done right will give pleasure to the owner.

We shall be glad to talk with you on your plumbing work. See Mr. Barrett or Mr. Burns and get their assistance in helping you to figure out your plumbing expenses. Then ask them to supply your plumbing needs.

If Mr. and Mrs. Henry Gruben will call at this Department they will receive tickets to the picture, "Honey Moon Hate" at the Lyric Theatre next Wednesday and Thursday

—MRS. JACK RECTOR—CALL 78-M—

PEACH BLOSSOM PARTY
Mrs. Frank Laverty entertained the XXV Bridge Club and a number of other guests on Wednesday afternoon, at her home.

The rooms were attractively decorated with fragrant sprays of peach blossoms. The pink flowers held green pencils to the score sheets, giving the effect of a spray. The tally cards carried out the same motif.

At bridge Mrs. E. C. Edmonds and Mrs. Dan Zachry held high score with Mrs. W. D. Wilson making low score. The prizes were most attractive in their wrappings of pale pink and green.

A delicious salad course was served followed by green ices. A candy spray of pink blossoms further emphasized the pretty flower scheme.

The guests were: Meses. Elmo Townshend, Joe Kellam, Nellie Davis, E. C. Edmonds, W. D. Wilson, Hill Perry, Willis King, Floyd Barnett, Dan H. Zachry, Oran McClure, E. A. Russell, W. S. Gibbs, Jr., Thurman Harris, W. E. Flint, James B. Reed, Roy L. Harkey, M. C. Golding, Jack Rector, Robbins, and F. W. Jennings.

ENTERTAINS HUSBANDS
On last Thursday evening members of the P. M. W. club entertained at the home of Mr. and Mrs. Lee Davis, honoring their husbands.

St. Patrick's colors of green and white were dominate in the shamrock tallies and decorations.

The guests included Messrs. and Meses. Herbert Wilkes, Foy Vernon, Patterson, Homer Hindman, Harvey Stack, Bill Brown, Ira Sullivan, Donohou, Pontis McGlathery, S. B. Scott, Jr., Tom Teague, Lee Davis, Charlie Ensey, Eric Ousley, Meses Laurie Burrow, Lloyd Wolfe and Wilbur Perry.

—Blue Profit Sharing Stamps—

JOI DE VOI
Mrs. Homer Schrimpher was a charming hostess on Thursday afternoon to members of the Joi de Voi bridge club and other guests.

The unique fan shaped tally cards advised the players to "keep cool." The refreshment plate was attractive with favors of pastel tinted garters.

Guests for the afternoon were: Meses. Dan H. Zachry, Weldon McClure, Floyd Barnett, Thurman Harris, Charlie Powell, Robert Lee, W. S. Gibbs, Jr., Joe Kellam, E. C. Edmonds, W. D. Wilson, Jane B. Reed, W. E. Flint, Jim Edd Hall, Nellie Davis and Jack Rector.

ENTRE NOUS CLUB
Mr. and Mrs. E. F. Laverty and Mr. and Mrs. John L. King entertained on Thursday evening at the King home with Entre Nous club members and husbands as their guests.

Dainty daffodils in vases decorated the rooms where the tables were arranged for games of "42". The tallies and napkins also carried sprays of the yellow flower.

A salad course was carried to the following guests: Messrs. and Meses. W. D. Wilson, F. W. Jennings, Hill Perry, Roy L. Harkey, E. C. Edmonds, M. C. Golding, Dr. and Mrs. B. F. Hale, Meses. Pauline Clemmons, Kate Senning, and Bill Putman.

ENTERTAIN
On Tuesday evening a number of guests were delightfully entertained at the home of Mr. and Mrs. Hill Perry.

After a few games of bridge, dancing was enjoyed. At a later hour a delicious buffet supper was served to the guests.

Those present were: Messrs. and Meses. Thurman Harris, W. L. Gibbs, Jr., A. C. Hull, Roy L. Harkey, Bill Putman, Frank Laverty, M. C. Golding, E. C. Edmonds and Mrs. Kate Senning.

Drive the new Dodge!

Music Teachers' Contest To Be Held At Lubbock

Slaton, March 20.—Much interest is being manifested by music students and teachers over the South Plains in the Fifth Annual Music Festival and Contest of the South Plains Music Teachers' Association that will be held at the Lubbock High School Auditorium March 29, 30, and 31. Miss Jeanette Ramsey of Slaton is president of the teachers association and is in charge of the festival and contest.

Several new features are being added to the contest this year, including a cross word puzzle contest in which over 170 entries have been received. Paul Van Katwijk and Viola Beck Van Katwijk will appear in piano recital Thursday evening. Mr. Van Katwijk is one of the favorites in Texas and has many friends in the South Plains as he appeared in a recital in Lubbock several years ago. He is dean of the school of music at S. M. U., Dallas and his wife is also a charming musician.

Preliminary contests in piano will be held at the Lubbock High School Saturday, March 24, due to the fact that over 244 entries have been received in this contest.

March 29 contests will be held in theory with 15 contestants, piano solos of 16, 17, and 18 years training, and bands. The Lubbock Junior and Lubbock Senior High School bands and the Slaton High School band will be contestants. Choral clubs including the boys club and the girls club of the Slaton school, the girls club of the Lubbock school and the Junior Methodist choir of Lubbock will compete in a choral club contest also.

Friday, March 30, will be devoted to the piano contest winners who were successful March 24th. Saturday, March 31 will be featured by the cross word puzzle contest and an orchestra contest with the Spur and Post orchestras competing.

Metals, prizes and other awards are being offered the winners of the various contests.

Big crowds of South Plains people are expected from over the South Plains.

The majority of contestants come from Slaton, Lubbock, Post, Spur, O'Donnell, Plainview, Lockney, Crosbyton, Ralls, Tahoka, and Wilson, according to Miss Ramsey.

Garnet Reeves, Pub Mgr. Lubbock. Miss Lena Belle Scudder, teacher of piano and cornet in the grammar school, has been assisting those contestants from Spur. Last year through the efforts of Miss Scudder Spur contestants made a very fine showing and people began to discuss the possibilities of entries from Spur schools this year. Miss Scudder has a fine class in both piano and cornet and has developed some wonderful musical talent in the Spur students. She has been willing to co-operate in every manner to help the entries from our schools to be winners in the above contest.

Next Saturday, March 24th, she will be in Lubbock to assist with the preliminary contest and to see that those who enter from our town will be ready according to schedule. The names of those entering this contest from here were printed last week.

MY WANDERING BOY

By Gordon Russell Wellborn
Henderson High School 9th Grade
Where is my wandering boy tonight?
That left me so long ago,
And went to live in strife
With the toils of this life.
His grades were excellent in school.
His mind was always true.
I am sure my boy will make good
As he did in the toils of school.
While off in a little village.
All by myself alone.
I dreamed I saw a death angel
Carrying my boy home.
While I lay on my pillow that morning
A voice came to my ear.
And told me that my boy's voice
I could never again hear.
It was about eleven in the morning
When the messenger came my way.
And walked up to my chamber door.
And rang the bell at my chamber door.
He gave me the message from Cal.
And then he left me alone.
I read the message from Cal.
Which was from my boy's death city.
I hurried him an attorney
And sent him to his aid.
They told me he was the best of
attorneys.
That I could have sent to his aid.
They tried him for insanity.
And found him to be sane.
This meant my boy was a murderer
Instead of an insane.
They found him guilty of murder,
And guilty in first degree.
And sentenced my boy to hang,
For murder in first degree.
For \$1500 dirty dollars,
He murdered a small girl.
And for the murder of this girl
Was sentenced to hang on God's
death tree.
Now he must die like a dog.
Upon God's death tree.
For 1500 dirty dollars.
And the murder in first degree.
Although my boy is guilty
And guilty in first degree.
I wish that he could live with me
Instead of dying on God's death
tree.
Will God have mercy on my boy?
This is his mother's prayer.
And the answer comes to her.
That no murder can God bear.
His father has forsaken him,
His God he never knew.
His friends all forsaken him, but
His mother still bears with him.
The judge that sentenced my boy,
And sentenced my boy to hang.
Must surely have known his duty.
When he sentenced him to hang.
His name is William Edward Hick-
man.
His nickname is "Fox".
His mother is Mrs. Hickman,
But she is not "Mrs. Fox".
God have mercy on the murder.

The murderer is my boy.
For, I, Mrs. Hickman
The mother of the boy.
This is my prayer, my only hope.
To save my boy from Hell's fire.
That the Almighty might see fit
And save my boy from Hell's fire.

WHERE OUR PUBLIC UTILITY CAPITAL COMES FROM

(Continued from Page 1)

a boon to industry that those companies who foster the idea in its beginning, are still retaining it. The employee who owns stock in his company has savings invested in something he can watch constantly. Besides teaching the employee to be thrifty in investing his surplus money, ownership of stock in his own company instills in him a greater degree of loyalty to the concern and the determination to work for the best interests of his company at all times. Hence, employee ownership benefits the individual, the corporation and the public served.

"The growth of 'Customer Ownership' of electric light and power securities is illustrated in figures published by the Pennsylvania Service Information Committee. In the decade, 1914 to 1923, the number of stockholders increased from 4,004 for 93,310 shares to 652,900 stockholders for 5,047,407 shares.

"Estimates indicate that one-third of needed capital is now being provided annually by the sale of securities directly by the respective companies have become popularly owned is further shown by the fact that the banks of the country have nearly \$2,000,000,000.00 similarly invested.

"It is quite true, therefore, that practically every one is affected by the well being of our industries. If they are prosperous, then we as a people are more prosperous, and our invested money is more secure. If they are not prosperous then we may be thrown out of work, some of our banks may fail, and we are the losers. Because there are some wealthy men spend wisely we must not get the idea that all capital is in the hands of such men. Much of the capital for operating industry comes from the common people, whether we realize it or not, and our own welfare is at stake.

"Taking it altogether we are a nation of capitalists and yet many affect to despise that thing which we call capital. When we come to see it as a thing which is owned by the very wealthy only to a limited extent compared to the total use, when we see it as our bank savings, insurance investments, and money that the little buyers have put into stocks and bonds, then we realize that all capital is not a thing to be loathed. If we could drive against the few unscrupulous capitalists without affecting the others it might be a very desirable thing, but often this is quite impossible. If we were to oppress those who have invested money in our industries, thinking of them as a few instead of as millions,

and put such hardships on them as to make their securities worthless, it would probably result in wrecking our banks, credit and income would fail, and our insurance companies, our colleges which live on endowments, charity institutions, trust funds, and the like, would be practically wiped out and it would strike home to every man, woman and child.

"Capital, then, represents the cumulative savings of the great mass of people, and to answer the question as to 'where our money comes

from', we are forced to say that it comes from the same mass of people. great outstanding fact in the economic life of America is that the wealth of the nation is owned by the people of the nation. The stockholders of the great corporations run into the hundreds of thousands, the small tradesman, the thrifty stockholders, the tillers of the soil, the depositors in savings banks, and the new owners of government bonds, make a number that includes nearly our entire people."

Not What We Say.... But Others

Traveling men tell us that we have the biggest, the best line and the greatest variety of cosmetics and toilet goods that is found anywhere.—The city stores not excepted. We have always thought we had the best line and we knew we had a big line, but we did not know what others thought of our line. We want the people of Spur Trade territory to know we have the biggest and best line and a great variety for their accommodation

Reve d'Omar
Woodworth
Fiance
Karees
Dorothy Perkins

Richard Hudnut
Three Flowers
Coty's
Krank

Princess Pat
and many others

These are recognized by beauty artists as among the highest in standard that is found in the world. The best is the most economical and that is why we sell these lines. Also, this selection is large enough to supply the most exacting needs

We are trying to make this a "Real Good Drug Store" and our lines of cosmetics and toilet articles must compare with our other lines of merchandise. We invite you to come to us for your most exacting needs and receive the service of a drug store that believes in carrying a big line in order that you may get what you want.
