SPUR, DICKENS COUNTY, TEXAS, THURSDAY, JULY 19, 1928

WHOLE NO. 189

## INSTALLATION OF NEW MACHINERY AT LAUNDRY

This week the Spur Laundry is completing the installation of a lot of new machinery. This is not replacing the old machinery but is just being added to it. The business at the Spur Laundry has so increased that for several weeks it has been unable to keep up with the work. New machinery had to be installed in order to take care of the business.

There is a new 110-inch flat work iron that has already been installed. This is a 3-roll machine capable of taking a garment single fold up to the size of a large bed linen. Then there is a new shirt press going in, a new two compartment washer, and there will be a new collar machine installed within the next ten or fifteen days.

With this new equipment the Spur Laundry will be able to take care of the laundry work of four families every 15 minutes. With the four washing machines all of the laundry of families will be done separately, and there will be no mixing up of the clothing of different ones.

Mrs. Minnie Lewis, who is the originator of the Spur Laundry, has built this business from a wash pot capacity until now it is a thriving business. It has been only a few years since Mrs. Lewis started the business by taking in family washing from just a few of her neighbors. Then the business grew until she had to enlarge her plant which she did as rapidly as circumstances would permit. Within a few years she had to purchase a building for the business and she secured the building in which the business is now housed. It was the first building in which the Spur National Bank started business. We all knew what that institution has accomplished in the line of success, and it seems that the Spur Laundry is nesting with as equally as great success in its line.

Recently J. M. Marcy purchased an interest in the Spur Laundry and it is through this partnership that the new machinery is being added. Mr. Marcy has had a great deal of experience in the laundry business, and this added to what has been accomplished by Mrs. Lewis in building up the good will and need of a laundry, there is no reason why Spur should not be greatly favored with this business partnership.

It has always been the desire and the dream of Mrs. Lewis to either install, or in some manner secure a first class laundry for this little city. She has often stated that the people of Spur have been exceedingly good to her and that it has been her one chief aim to serve them to the best of her ability. Her dream seems to be coming to a reality and soon she will have the pleasure and satisfaction of seeing Spur enjoy a great laundry through her efforts. Mr. Marcy is largely instrumental in helping this dream to come to pass.

### DUCK CREEK CITIZEN ILL

J. (Uncle Jonas) Carlisle, of Duck Creek, is reported on the sick list at this time. Mr. Carlisle has always been a strong healthful man and irrespective of his advanced years, moves about like a man many years his junior.

He is one of the early settlers of this county. He has often stated that he saw this country when antelope roamed over what is now the streets of Spur. He is one of the two surviving Ex-Confederate soldiers in our county and recently celebrated his 84th birthday.

It is thought that he is getting along fine during his illness and will be able to be up again within a few days. Considering his strong vitality he probably is able to overcome a disease much better than many people who are much younger than he.

Friends join in wishing him a speedy recovery.

### BRYANT-LINK PURCHASE A NEW TRUCK

This week Bryant-Link Company, Wholesale, purchased a new truck to assist in delivering groceries to their customers in different sections. It is an International Standard and is capable of transporting 8,000 pounds.

## CITY AUDITORIUM MUCH NEEDED

The meeting of the T. T. T. Convention to be held in our city next Monday was gladly received by Spur people, but the great question that confronted the committee was: "Where will they meet?" If ever a town needed a good city auditorium Spur is that town.

We have lost many fine meetings simply because we had no appropriate meeting place to accommodate them. At our school graduating exercises last spring nearly half of the people who attended the exercises either had to stand up or go home. The boys and girls of our community have to suffer the embarrassment of seeing their friends turned away from their graduating exercises.

Crosbyton, Lamesa, Snyder, Crowell, Paducah and many other towns of our class have been able to entertain the District meeting of the West Texas Chamber of Commerce simply because they had a place for them to meet. The only thing these towns had to furnish was a hall in which to meet. Everything the visitors spent added to the commercial value of the town.

If Spur is ever to be a commercial center of highest type we must have these central meetings. It will require an auditorium and that is all Spur will have to furnish. Whatever else is needed the people who attend the conventions will pay for. Why not get together on this and enjoy the auditorium while we live. Let's be able to pay some on this valuable building and not leave it all for the children to pay out after we have passed away. What say, Let's go.

## Camping Trophy Is Offered Boy Scouts

Mr. W. G. McMillian, chairman of the camping committee, of the Boy Scouts of the South Plains, is offering a Camping Trophy to be awarded to the Boy Scout troop of the South Plains making the best record at the summer camp at Post, July 30th, to August 8th. Leadership, attendance, advancement, and general participation in the camping program will be the basis for the awarding of the trophy. A point system, carrying into effect the above qualifications, will be used in rating the troops.

The Camping Trophy is in the form of a silver cup standing 28 inches high. The cover of the cup is surmounted by the figure of an Indian Chief, about 6 inches tall, in full relief. This cup is one of the best of its kind to be offered in the Southwest. The cup is to be competed for annually, becoming the permanent possession of the troop winning it three times.

The troop that is fortunate enough to win this cup will have a trophy that they will be proud to display to the home folks. The purpose of offering this trophy is to create a greater interest in the outdoor activities and the camping program of the Boy Scouts. According to Mr. McMillian, boys who entered competition for this trophy will come back from camp more thoroughly trained and better equipped to render service to their community. The physical, mental and spiritual development of a boy under the influence of a good camp cannot be estimated. It is expected that a large percent of the scouts of the South Plains will take advantage of the summer training camp program.

Judge Brummett, of Dickens, was over Tuesday discussing county affairs with our citizens. He stated that Highway No. 18 would follow its original route and remain about as it is now, going down Burlington Avenue of Spur.

C. P. Harris has been on the sick list this week.

Mr. McMeans, of Twin Wells community, was in town Tuesday looking after business matters.

## Spur C. of C. Employs Secretary

The Board of Directors of the Spur Chamber of Commerce held a meeting the last of the week for the purpose of employing a chamber of commerce secretary. There were many applications before the Board and all of them received due consideration.

W. S. Patrick, of Snyder, was selected as the proper man for the place and in this selection the Directors used excellent judgement. Mr. Patrick is a business man and knows a business proposition when placed before him. He has been in the Agricultural Department the past few years and is readily familiar with all farm problems. This qualification will enable him to cooperate with our County Agricultural Department in assisting our farmers with their work. Also, Mr. Patrick while engaged in his agricultural work was agricultural teacher. From this standpoint he will be able to cooperate with our school system.

Taking into consideration these things, he is in line with the most important interests of our community.

Mr. Patrick and his family arrived in Spur Monday afternoon, driving during the rain. They are located in the C. R. Edwards home in east part of town. He is on the job at his work and is busily engaged in lining up some very fine projects for our town. We have lost many golden opportunities by not having a full time secretary for our Chamber of Commerce. It is a real job within itself.

### ROTARY MEETING AT NOON TODAY

The Rotary Club of Spur will hold its regular meeting at the Spur Inn at 12:00 o'clock today. The fellows had a very nice meeting last week and a fine program was enjoyed.

Clay Smart and Dodge Starcher had been a little careless about attendance and were one day behind. They drove over to Ralls Friday to make good and to assist in keeping up the standard of the Spur Club.

Every member should try to be present today, and if there are any visiting Rotarians in town, we want you to come also. In fact, it is your duty to be there.

—Reporter

### DOES IT LOOK REASONABLE?

There are some candidates who are seeking office, going up and down our State telling of the inefficiency of Senator Earle B. Mayfield. Our Senator may not be so efficient, but he has been instrumental in getting more bills through the Senate for the people than any other one-term Senator from our state.

Two of his opponents, Congressman Tom Blanton, and Congressman Tom Connolly, have made it a point to tell the people how honestly and earnestly, and how devotedly they have served the people the last six or seven terms they have been in Congress. They have boasted that they have been on the job all the time and did not take the peoples' money and idle on the job.

Well, we are not so informed about the honest and earnest service of these two gentlemen. We are sure they have done well. But there is one thing we do know. That three weeks before the last session of Congress adjourned these two gentlemen were in Texas trying to get the people to elect them to the U. S. Senate, and during this time Senator Mayfield was still in Washington looking after the peoples' interests. We feel that the other two gentlemen should have been there, too, if they wanted to speak on a platform of earnest service.

Mr. and Mrs. G. W. Curtis, of Dallas are spending the week at the home of Mrs. Curtis' brother, G. H. Snyder.

F. C. Gipson, one of the progressive merchants at Dickens, was talking with friends and attending to business matters here Tuesday.

Mrs. S. Derr, of McAdoo, was doing some shopping in our city Saturday.

## Highway Meeting Here Monday

The annual business meeting of the Texas Transcontinental Trail will be held in Spur next Monday. There will be representatives from all towns between Fort Worth and Lubbock present, and it will be a great day for our city.

The T. T. T. at present extends from Fort Worth to Lubbock. It is the object of the association to get recognition from Fort Worth on to the Gulf Coast and in course of time extend this highway from Lubbock to the Pacific. At present they are interested in making it a paved highway throughout its length.

Every business house in Spur should make it a point to meet and greet the visitors in our city Monday. The opinion that people form of our town depends upon how cordially they are received. Let's make the T. T. T. visitors know they are welcome.

The meeting will be presided over by Mr. Thompson, of Breckenridge, who is president of the association. Other prominent men such as R. J. Murray, of Lubbock, and Col. R. L. Penick, of Stamford, will be present at the meeting.

### BRYANT-LINK COMPANY

Man is a strange creature, so many things he knows and yet acts as though he were ignorant of many of the outstanding facts of life. For example take the Ten Commandments. Any sane thinking person knows there is not one of them we can break and not be the worse off for so doing and yet men every day break these rules of life and suffer the penalties. This would be a happy world sure enough if folks lived up to the knowledge they have. The average man thinks he is an exception to the rule and that he can break God's law and get by but he is just kidding himself. It just can't be done.

How many happy bootleggers do you know? Who are the happy people? You can look in the faces of two men, one leading a low life, another trying to live for God and the right and see the difference. Take the gambler; how many gamblers do you know whose name is good on a note at the bank and if you say to the banker, that fellow makes a lot of money gambling, that don't change the bankers opinion, for his confidence in that fellow is shaken forever. You cannot break the Ten Commandments and win.

Why are not men as sane about themselves as about their horses and cows. No man would give his stock dope to eat and drink that would make them crazy and yet we see men who seem to think it is smart to make, sell and drink stuff that is killing their characters, their bodies and their souls, and think they are getting by. God knows and you know for you are a very unhappy man.

Well, we are not pessimists. We are optimists; we believe it's a Good World and the majority of people are good and are trying to live according to the Golden Rule and they are the worthwhile happy folks. Many times we get a bit discouraged and think, "Oh, well, is it all worth while?" Some folks even take their own lives and yet they had God's law to tell them how to live and be happy.

Folks, we worry about the dry weather and then about the rain and yet looking back over life, we have never really suffered for the real needs of life. The sun is still shining, the rain is coming, the harvest will be sufficient for our needs. We were in the West when the antelope roamed these prairies. Folks said you couldn't live here. We have seen babies grow to man and woman-hood here and prosper and be happy. Some folks dream of going to some other country where they think they will find the honey pond and friter tree, but they are not found, they are made. There are happy folks in every climate and those who think the world all wrong. "We make the beds we sleep on. We build the houses we live in." We are the architects of our fortunes or misfortunes.

But, folks, we are selling goods at the old corner. Mrs. King has gone to market and new things will be coming now. Last week we had the semi-annual meeting of Bryant-Link Company store managers and de-

## HIGHWAY NO. 18 WILL PASS THROUGH SPUR

### A Bout For Spur In Near Future

We understand that the American Legion Boys are expecting to stage a boxing bout in our city in the near future. It is understood that this will be at the Spur Theatre and is to be put on by good clean boxers who believe in the game for the sport it creates and not for what money they can make.

There are many people in our town who believe in clean sports, and no other kind should be allowed to come to town. Watch for future announcements in the paper for this bout.

### COMMITTEES APPOINTED FOR T. T. T. CONVENTION

The Directors of the Chamber of Commerce held a meeting Monday afternoon and made arrangements for the Highway meeting here next Monday. Clifford B. Jones was appointed chairman of the program committee with authority to select any helpers that he may need. George S. Link was appointed assistant chairman.

There is to be a great many arrangements to be made in order to properly take care of this convention. The local Chamber of Commerce desires that the visitors to Spur next Monday be properly entertained. It is not known yet how many representatives of different towns will be here but there will no doubt be some two hundred to three hundred visitors in our city.

## Dickens Picnic Starts Today

The big three days picnic at Dickens is on today. The regular program will start this morning about ten o'clock, and it is a program full of entertainment.

There is to be a big baseball game each day between Dickens team and Southland and both of these are good teams. Then there is to be a polo game each day, and this is one of the novelties for West Texas. A big rodeo is staged with a team of the best out-law horses found in the west. Then there are to be a number of horse races and for this purpose the committee has lined up some very speedy animals.

There is to be public speaking by various candidates who wish to place their views before the people. There will be candidates for state offices, district offices and for county offices who will speak each day. It is thought that Senator Earle B. Mayfield will be there and many other prominent men of our state.

Arrangements are being made to serve the people with a barbecue Friday which is the second day of the picnic. The people of Dickens have spent a great deal of money in order to properly entertain the visitors the three days. They say there will be plenty of free ice water during the entire time, and there will be plenty of cold drinks and icecream, but this is not free.

There is plenty of shade at the picnic grounds and people can enjoy meeting and talking with their friends the whole time.

We didn't count them but can tell you how many chickens they ate at one lunch; just one hundred and there were no leavings. So you see they are a chicken eating lot. Well, they were all raised on the farm where the chickens grow and they are a fine lot of real human folk. Wish you could see them. We don't believe there is a cleaner bunch of men in any organization in the world and they are making real citizens in the towns in which they live.

Come on folks, we like for you to crowd into our store. Meet your friends and sweethearts here. Many a match has been made in this store. Come on with the crowds and bring the children.

BRYANT-LINK COMPANY

Knowing the citizenship of Spur to be keenly interested in having State Highway No. 18, now being constructed from Dickens to Spur, pass directly through Spur on the present location rather than skirt the edge of town as at first contemplated by passing through on Hill Street, I am happy to announce that the wishes of the Spur people have been recognized by the State Highway Department, and that the Highway will pass through Spur on Burlington Avenue as at present. The letter from the Highway Department fixing the location is as follows, to-wit:

Lubbock, Texas, July 12th, 1928

Judge H. A. C. Brummett, County Judge, Dickens, Texas.

In furtherance of my conversation with you this afternoon relative to the plans of this Department under way covering the reconstruction of State Highway No. 18 in Dickens County. I am glad to advise that our present plan is to use the existing location of Highway No. 18 within the city limits of Spur. That is, to enter the extreme north city limits of Spur on Hill Street and turn south on Burlington Avenue.

With regard to the future possibility of State Highway No. 18 missing the city of Spur by passing on the east side of Duck Creek, I will say that it is my opinion that the State Highway Department wants to benefit wherever possible and when ever possible the important towns along the routing of Highways. Personally I do not believe that the Department will sponsor such a change as re-routing State Highway No. 18, east of Duck Creek and thereby entirely missing the town of Spur. Personally my recommendation would be that Spur remain indefinitely on the routing of State Highway No. 18, and so far as I know there is absolutely no plan under way to re-route State Highway No. 18 on a route that would not serve Spur.

I would like to use this opportunity to express my appreciation of the cooperation you and the citizens of Dickens County have extended to this Department and I hope that our relations in the future will be as pleasant as they have been in the past.

Signed,  
Geo. A. Field, Division Engineer.

It is the policy of the State Highway Department to avoid narrow and congested streets through all towns, and merely pass near the towns. And the exception made in this policy with reference to Spur, is quite a distinct favor indeed.

H. A. C. BRUMMETT, County Judge

## West Texas Utilities Has New Office

The West Texas Utilities Company moved into their new office building last week and have everything in proper order. They have arrangements made whereby they can demonstrate the new Frigidaires, the electric washing machines and everything else electrical that they sell.

The Singer Sewing Machine Company has moved into the office formerly occupied by the West Texas Utilities Company. Mr. Davis, the manager for the Singer people has a very fine line of machines on display now. He is stocked up in fine shape with a big line of sewing machine accessories, oils, etc., and is now ready to do a big business.

We understand the Maytag Company will occupy part of the office with the Singer Sewing Machine Company and will have their washing machines on exhibition there.

### AMERICAN LEGION MEETING TONIGHT

The Boyd M. Williams Post, American Legion will hold their regular meeting at the K. of P. hall at 8:00 o'clock this evening. It is requested that all members be present to discuss about setting a time for the boxing match. There will be other important business to be attended to.

7th ANNUAL TRAVELING MEN'S JUBILEE AUGUST 25

LUBBOCK, Texas, July 17.—Saturday, August 25, has been set as the date for the 7th annual Traveling Men's Jubilee here at Lubbock and the word is going out over the Southwest that Lubbock is again getting her house in order to entertain the "Knights of the Grip".

Seven years ago a few civic leaders of Lubbock joined the little hand full of peddlers, who were calling Lubbock home at the time and staged the first peddlers' jubilee ever held in West Texas.

The annual stag parties have grown in popularity with the years, with Lubbock and with the increase in the number of salesmen making Lubbock headquarters and making this place on their routes.

Along with the first party, sprang up a mystic organization of peddlers under the name of R. O. R. E. This fraternity has lived down through the seven years and is gaining new members each year. All new members are initiated into the society each year and this year, those in charge of affairs have announced that some new tricks will be worked out for the present membership and that all new peddlers will be given fun aplenty.

As the Lubbock Peddlers' parties have increased in size and popularity other wholesale and jobbing centers of West Texas have copied the idea and are staging annual events in honor of the trade evangelists. It has been talked this year that a city to the north of Lubbock has her eyes upon the annual frolic and plans to round up all her salesmen together with a few officials of the Chamber of Commerce to come to look the jubilee over from the visitors' standpoint, then go back home and try to duplicate it.

Hotels and wholesale concerns over the Southwest are co-operating with the Lubbock Chamber of Commerce in advertising the Jubilee and the invitation is out to all those who sell, take orders, represent or mis-represent any kind of a wholesale firm as a salesman or peddler, Big Bill Lyle, one of Lubbock's peddlers says. Hotel managers, newspaper men and others will also be special guests here August 25.

TWIN WELLS CLUB NEWS

The Ladies Home Demonstration Club met with Mrs. Yeakley on July 12, 1928.

The subject was: Rules for Club Dress. There was a good attendance and there was one visitor from Steel Hill Club.

Miss Osborne gave a demonstration on materials for house dresses and also on dress trimmings and finishing bound button holes and set in pockets.

We are delighted with our new demonstrator.

Our next meeting will be with Mrs. J. E. Boman on July 26.

Subject: "A Tray for the Sick". Everyone who is interested in this work is cordially invited to meet with us. —Club Reporter.

STEEL HILL CLUB NEWS

The Women's Home Demonstration Club met with Mrs. D. D. Steward July 10. An interesting lesson, on "Women of the Bible", was held.

There was a good attendance. Mrs. H. L. Underwood was elected as representative to the Short Course at A. & M. July 30 to August 4th.

The next meeting will be with Mrs. Booth. Subject: Millinery.—Reporter

A. M. Allison, of Afton, was transacting business in our city Saturday. He stated that everything was looking good in Afton country but a good rain would make people feel more hopeful.

ONE IN TEN

Neglecting a little wound, cut or abrasion of the flesh may in nine cases out of ten cause no great suffering or inconvenience, but it is the one case in ten that causes blood poisoning, lockjaw or a chronic festering sore. The cheapest, safest and best course is to disinfect the wound with liquid Borozone and apply the Borozone Powder to complete the healing process. Price (liquid) 30c, 60c and \$1.20. Powder 30c and 60c. Sold by ALL DRUGGISTS

LARGE CROWD HEARD REV. ABBOTT AT UNION SERVICE

Union service was held last Sunday evening at the M. E. Church, South. Rev. A. G. Abbott, pastor of the First Christian Church, delivered the message to a large and attentive audience. He used for his subject: "The Soul Life of a Nation," and changed Mark 8:36 to read "What Shall It Profit America Though She Gain the Whole World and Lose Her Own Soul?" "What Shall America Give In Exchange For Her Soul?"

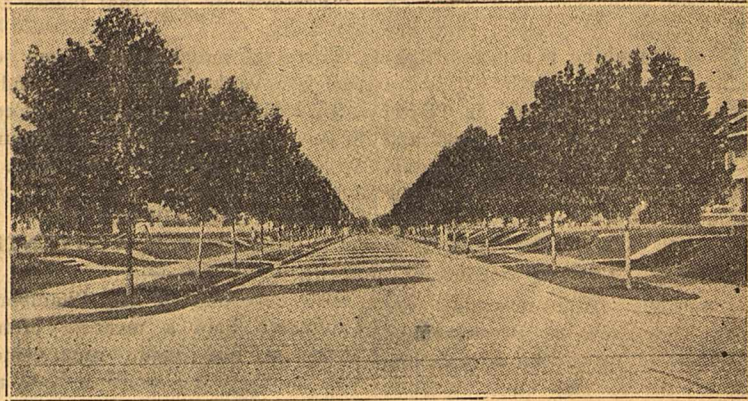

Rev. Abbott pleaded for the people to pay more attention to the Soul Life of the Country. For America's great need today is "Soul Emphasis". He said, "It is not the material development that will make America great. We hear a great hue and cry, 'What is it we need? Higher Wages? Better Homes? A Plan for People to Own Their Homes.' Some say if we

have these things we will be alright. It is not true. We may have all these things and yet be wrong. Everybody in this city might own his own home and yet go to hell any way. Home! Ownership, Higher Wages, Good Roads, Better Homes are all good in their places but America needs something deeper. She needs emphasis on the Soul Life. Less emphasis on the material and more on the spiritual."

Next Sunday evening the Union service will be held at the First Christian Church. Rev. Buie will bring the message. Show by your presence you are interested in the Spiritual Welfare of this community by attending these services.

**DEMOCRATS PLEDGE A CONSTRUCTIVE PROGRAM TO NATION**

The following are a few of the pledges that were made at the Democratic National Convention at Houston. In its main the platform adopted offers the nation a very constructive program, and should the party get in power and this platform carried out there would be a marked improvement in our government. Here is the platform in a condensed form.

1. Law Enforcement. Honest effort at enforcement of the 18th amendment and all provisions of constitution, and all laws.
2. Agriculture. Economic equality by loans to and development of co-operatives, creation of farm board to assist marketing of surpluses, but avoiding government subsidy and tariff benefits accorded other industries.
3. Republican Corruption. Rescue of government from those who have betrayed their trust by disgracing it.
4. Rights of States. Revival of spirit of local self government.
4. Foreign Policy. Outlawry of war, protection of American lives and rights, non-interference with elections and other internal political affairs of foreign nations, especially Mexico, Nicaragua and other Latin-American nations.

6. Flood Control. Endorsement of the Flood control act of last May recognizing Mississippi situation a national problem.

7. Economy and Reorganization. Efficiency and economy in administration of public affairs.

8. Finance and taxation. Further reduction of internal taxes.

9. Tariff. Equitable distribution of benefits and burdens among all.

10. Civil Service. Maintenance of merit system.

11. Mining. Removal of restrictions that hinder its program.

12. Waterpower, Waterways and Flood Control. Deep waterways from Great Lakes to gulf and to Atlantic Ocean, improvement of inland waterways, flood control and lowering of flood levels, expeditious construction of relief work on Mississippi and Colorado rivers, development of such reclamation and irrigation projects upon Colorado river as may be found feasible, strict enforcement of water power act.

13. Conservation and Reclamation. Conservation of natural resources and equitable adjustments with reclamation farmers for mistakes government has made.

14. Transportation. Equal opportunity for land, water and rail carriers, improved roads.

15. Labor. Collective bargaining, legislation designed to wipe out evils with respect to injunctions in labor disputes.

16. Unemployment. Adoption of scientific plan making available during unemployment periods of appropriations for construction of necessary public works.

17. Accident compensation to government employees. Legislation making fair and liberal compensation to government employees injured in accident or by occupational diseases and to dependents of dead.

18. Federal employees. A living wage based upon American standards of living.

19. Veterans. General appropriations, honest management, removal of complications in administration, sympathetic assistance for veterans of all wars.

20. Women and Children. Equality of women with men in government, protection of children against exploitation.

21. Immigration. Preservation of limited immigration, opposition to separating husbands from their wives and parents from infant children.

allowing capital and labor fair share of prosperity with adequate protection to public.

24. Congressional election reform. Elimination of "lame duck" congresses.

25. Campaign expenditures. Condemnation of improper use of money in elections, promises to record and give publicity to contributions.

26. Merchant Marine. Gradual transfer of government ships to appropriate hands and remodeling and replacement pending such transfer.

27. Canal Zone. Employment of American citizens in operation and management of canal.

28. Alaska-Hawaii. Development of these through self government.

29. Philippines. Granting of immediate independence.

30. Porto Rico. Such territorial form of government as would meet present economic conditions.

31. Public Health. Appropriations necessary to keep disease to minimum and enlargement of bureau of public health.

Considering provisions of the anti-trust law and certain promises made to foreign nations, these are the chief planks in the Democratic platform. It would be well for every voter to get a copy of these provisions and keep them, and observe whether the party carries them out in case of election.

**DEMOCRACY IN SPORT**

Attendance away from overemphasis of one branch of athletics at the expense of another is indicated by the recent action of Dartmouth College and the University of Pennsylvania in dropping the existing distinctions between "major" and "minor" tend to emphasize unduly the present so-called major sports and minimize the value of the minor sports.

By removing these distinctions, which have been in vogue for the past fifty years, it is hoped to remove the stigma of inferiority from sports labeled "minor" and to encourage young men to go out for all sports.

The time, energy and ability demanded by the minor sports often equal or exceed those of the major sports. In many cases it has been harder for a minor-sports athlete to obtain his insignia than for the boy who sports the big block letter emblematic of membership on a major team. At Pennsylvania a player on a minor sports team was required to win an intercollegiate championship before recognition by the Council on Athletics. Under the new order of things boxing, wrestling, swimming, water polo, gymnastics, fencing, tennis, lacrosse and golf will be governed by the same system of awarding insignia that applies to football, baseball, track, crew and basketball.

At Dartmouth a summary of student opinion was obtained before the radical step was taken. The supervisor of athletics was surprised to learn that forty-three per cent of those voting were in favor of abolishing all major and minor distinctions. Of those voting against it, many of them, upon thinking the question over carefully, came around to the idea that major and minor distinctions were of no benefit. Only five per cent were satisfied with the previous classification or were not interested.

That other colleges will probably fall in line with the movement is shown by the fact that Cornell, New Hampshire, the University of Illinois, the University of Iowa, Wesleyan, and Williams have already revised or are contemplating the revision of their whole system of awarding insignia to

participants in sports. Such a democratization of intercollegiate athletics is a healthy symptom and is a long-deferred recognition of the many who sweat and strain for their alma maters in lowly capacities far from the glare of the band and the spotlight of fame.

**THIS MAIL-ORDER FAN HAS BEEN CURED**

Down in a certain town a man went into a lumber yard to buy some nails and asked the price. It was \$3.20, the dealer said.

"Good gracious," said the man. "I can get the same thing from a mail order house for \$2.92."

"That's a low price," said the dealer, "but I'll sell it on the same terms as the mail order house just the same."

"All right," said the customer. "You can send it along and charge it to my account."

"Not on your life," replied the dealer. "No charge accounts. You can't do business with the mail order house that way. Fork over the cash. The customer handed over the cash.

"Now two cents for postage and

five cents for the money order."

The customer, inwardly raving, kept to his agreement and paid the seven cents.

"Now thirty-five cents expressage." "Well, I'll be—," the customer said, but paid it, adding: "Now hand me it and I'll take it home for myself and be rid of this foolery."

"Hand it to you? Where do you think you are? You'll have to wait a week."

Whereupon he placed the nails behind his counter. "That makes \$3.26," he said. "It has cost you six cents more and taken you a week longer to get it than if you had paid my price in the first place."—The Knot-Hole

**A FAMILY QUARREL**

Wife—John, do you know that Mr. and Mrs. B— had a wonderful misunderstanding. I never suspected it, did you?

Husband—No, Mary, what was the difficulty? Wife—Well, it was this way. I told Mrs. B— I had quit churning and working butter because I could buy butter, cheaper and better. I guess I caused the fuss.

Husband—How was that, Mary? Wife—Mrs. B— went home told her husband about it, and said she was going to quit churning too. Mr. B— was amazed and they had a misunderstanding.

Husband—Mary, do you mean to say you don't churn any more?

Wife—I do not, John. I find it is cheaper and better to buy butter and sell the cream, and it is so much easier on me.

Husband—Do you mean to say it is cheaper and easier to sell our cream and buy butter?

Wife—Yes, John. We get better, firmer butter than I can make. You see a pound of cream pays for a pound of butter in exchange. Then I do not have to churn and work the butter out. It takes about an hour to do this and still it is not as firm as the "Espuela Brand" butter that we get from the local creamery. I can use that hour mending your clothes which is easier on me. You like the butter we use, don't you, John?

Husband—You bet I do, Mary. You are right. Trade the cream for butter and save the work. I want you to look young a long time, and this is one way to do it.

Wife—Thank you, John. I knew you would agree with me.

People, John and Mary are correct. Bring us your cream and we will prepare the butter. Tell your friends about our butter and we will take care of the family needs and eradicate the family difficulties.

**THE SPUR CREAMERY**

Home of "Espuela Brand" Butter

**A SURPRISE**

On Tuesday, June 26th., I came home from Dickens very tired and found that the good people of Spur had given us the greatest pounding we had ever received. We take great pleasure in expressing our thanks to all who had any part in this. We cannot express in words the love we have for you. One good man sent a check for \$5.00. The Lord will reward you a hundredfold. We are doing our best on this charge to build up the kingdom of God, and to lead lost souls to Christ. We have driven between five and six thousand miles on this charge since we came here in November. We have dressed up our church at Dickens. I have donated 23 days work on it myself. We have some very fine people on this charge. We are in a revival at Duck Creek at this time, the interest is not what it should be. We will begin our revival at Foreman's Chapel the fourth Sunday, the 22nd., and we extend an invitation to all. We were told at the Conference last November that there was a great opportunity here. I have begun to realize the truth. We have five appointments and have received \$519.45. That does not look as though we were out for the money altogether. Some people seem to think that the greatest need of the Church is education. Education is great as far as it goes but it don't go far enough. The greatest need of the church is to know God and to be a soul finning church.

REV. J. B. HIBBERT

**GIRARD NEWS**

Dr. Cooper and family have moved to the house vacated by I. J. Hartman which he purchased recently from G. P. Rucker.

Jim Wilson was in town Monday and said that his mother's condition seems unchanged.

Mr. and Mrs. Roy Nance drove down from Albany Sunday on an outing. They got into some rain and mud.

Miss Vera Rucker returned home after an extended vacation.

Miss Minnie Lee McMurry, of Slaton, is visiting her aunt, Mrs. F. S. Woody.

Mrs. Houston Carr and Imogene Goodall are on the sick list this week. Elton Nance and several of his friends were here from Justiceberg Monday.

John Boland, F. S. Woody, Marvin Carlisle, B. F. Spradling and John Langford went to Clairemont Monday in the interest of better roads and bridge repair work for this part of the county.

Earl Tate, of Snyder, formerly of Girard, was here Friday selling produce.

Clyde Darden, who has been attending cotton grading school at Abilene for the past six weeks was here Friday enroute to his home near Idalou.

Mr. and Mrs. Carl Williams spent the week in town. Carl worked in the Wright Grocery Store while Mr. Wrih was gone to Abilene.

Mrs. L. F. Cooper and son, Sanford,

who recently had their tonsils removed, are doing nicely.

The Girard Masonic Lodge was honored by a visit from Messrs. Keith and Dunn, of Dallas, representatives of The Grand Lodge, and also representatives from the lodges of Jayton, Spur, Dickens and Aspermont.

Barnum Pershing, of the Texas Ranger force, was in town several days this week. Mr. Pershing is an old timer and has many friends in this country.

Henry Stiles and Glenn Huls went

to South Bend Sunday on business and to visit Jim Lindsey. We expect that they will transact their business on the banks of some creek or fishing hole.

Mr. and Mrs. J. F. Bond were in town Saturday.

There is a good meeting in progress at the tabernacle and record crowds are attending. Come.

Mr. and Mrs. Ramon Turner have returned from an extended trip to

Oklahoma and points in Central Texas. Miss Artie Turner, of Eastland, sister of Ramon, returned home with them for a visit.

Mrs. C. Ray Williams has returned home from a visit to her mother in Colorado City.

Mmes. Stiles, Stanley, Nance, Williams and Huls were shopping in Spur.

Miss Evelyn Dial, who has been visiting her sister in Abernathy, has returned home.

*While You Wait  
and you don't wait long*

LONG-DISTANCE telephone service is now about twice as fast as it was a year ago.

Now, when you place your call, in most cases the operator asks you to "Hold the line, please." Three times out of four she will complete the connection while you wait.

The average interval between the time when you place your call and the time the connection is completed or a report given is a little more than two minutes. A year ago it was about five minutes.

Your service will be even faster if you give the number of the distant telephone. Try it!

**BUILDINGS — IMPROVEMENTS**

V. L. Patterson, of Bryant-Link Company, is just completing an addition to his residence in Highway addition. It consists of an extra room, bath and front gallery. Also, he has a new garage. Tri County Lumber Company is furnishing the material and Latham and Martin have charge of the work.

G. W. Moore, our plumber, is building a sleeping gallery to his residence east part, and is also remodeling the front of the building. Tri County Lumber Company is furnishing the material and Jesse Mallory is doing the work.

Morris & Self are completing a big store building at Watson in which will be placed a fine stock of goods soon. Tri County Lumber Company is furnishing the material.

Mr. and Mrs. Bill Putman's new home in Highway Addition is progressing nicely. It is a 6-room residence, with built-in features, bath and all modern conveniences. Brazelton Lumber Company is furnishing the material and C. F. Applegate has charge of the work.

Lester Ericson is building a sleeping gallery to his residence on Harris street. Also, is remodeling the room and building a chimney to the home. Brazelton Lumber Company is furnishing the material. H. P. Berry is doing the brick work and D. L. Booth has charge of the carpenter work. Mr. Ericson is moving here from Central Texas and will be with the Spot Cash Grocery.

Chas. Windom is remodeling his home on Hill Street. It is being furnished with hardwood floors, a new roof and the rooms are being refinished. Brazelton Lumber Company is furnishing the material and Seale & Tharpe are doing the work.

Hamp Collett, of the City Market, is building a new barn on his place in north part of town.

The Farmers Cooperative Gin Association are building a nice 4-room residence at Dickens for their gin manager. Brazelton Lumber Company is furnishing the material and J. A. Brown, of Elton, has charge of the work.

Mr. and Mrs. M. D. Ivey were guests of friends in Lubbock Sunday.

**SPECIAL TO THE PRESS**

Some time ago I received a telegram from Dr. A. Reilly Copeland, pastor of Tabernacle Baptist Church, Waco, Texas, inviting me for a revival meeting and I accepted. It was announced in the papers that I was going and I received letters from certain brethren advising me not to go. Without Dr. Copeland's knowledge I am preparing this statement because I feel that one of the tenderest hearted men, most faithful pastors and clear cut Gospel preachers deserves to be put in the right light before the world. I knew that the Associated Press reports gave it out that he was indicted for libel and was fined on one case.

Some Things I Did Not Know (1) That Dr. Copeland's lawyers in that case were never allowed to put on a single witness for testimony. (2) That the Supreme Court reversed that case on the ground of false indictment and rebuked the trial judge. (3) That in Dr. Copeland's second trial some testimony was allowed to be put on and the jury returned a verdict of NOT GUILTY within 15 minutes. (4) That there are 16 other false indictments against Dr. Copeland but the County Attorney's department refuses to bring them to trial in order to try to intimidate the preacher by holding these framed and faked indictments over his head. (5) I heard Dr. Copeland tell an officer that if they did not bring him to trial they were the biggest set of crooks on God's earth unless they dismissed these cases which were conceived in hate and propagated in bitter persecution.

Dr. Copeland was never accused of being disloyal to the denomination, until Dr. J. Frank Norris spoke in Tabernacle Baptist Church. This church makes regular monthly contributions to the Foreign Mission Board, Buckner Orphans' Home, Waco Association and the Waco Baptist Mexican Mission. This Church also uses the Southern Baptist Sunday school literature under church control according to required standards and has 800 in Sunday School and all departments including officers and teachers stay for church services.

The church has 10 B. Y. P. U.'s and all stay for preaching Sunday night. This church baptised as many as the three largest Waco Baptist Churches in 1927 and has had nearly 300 additions since January 1, 1928. Tabernacle Baptist Church has had a week night Bible training school with a large attendance since 1924. This church is solidly behind the pastor with their prayers, presence and pocket-book. Dr. Copeland is most highly respected and honored by every business man and officer in Waco with whom I have talked, and I have been here one month. The Associated Press did not give this to the papers. I will greatly appreciate your publishing these facts.

Yours Truly,  
**A. D. MUSE**, Evangelist,  
Shaw, Mississippi

**BIG TENNIS TOURNAMENT TO BE HELD AT LUBBOCK**

LUBBOCK, Texas, July 17.—The fifth annual West Texas Tennis Tournament will be held at Lubbock Friday and Saturday, July 20 and 21, according to Frazier McCrummen, director of the tournament.

A loving cup, tennis racket and other trophies will be awarded winners in singles and doubles contest.

Over forty contestants entered the tournament last year, coming from Brownwood, Abilene, Amarillo, Leveland, Wichita Falls and intermediate points.

This year, more than sixty are expected, McCrummen says.

McDonald and McKirihon, winners of the doubles cup last year have announced that they will be back to defend their title to the cup, while Frazier McCrummen, one of the doubles team that won the cup in 1926 and lost it last year has a new partner and will enter the contest this year with the hopes of capturing the prize again.

Among a number of outstanding tennis players who will come here for the meet this year, is DeBerry, Simmons University star who is a 1928 champion in the Texas conference. He defeated McKirihon this year in a school meet, with McKirihon carrying the Texas Tech colors and so the contest between these two will be a rival contest this year if the two meet in the tournament.

Roscoe Etter, of Lubbock, and formerly of Carlsbad, New Mexico, is the new partner of McCrummen. Etter held the title for the state of New Mexico for three years before coming here.

The meet will be held at the Texas Technological College tennis courts where modern facilities are available. A tennis racket will be given as a trophy to the winner of the singles contest.

McCrummen is anxious that entries be sent in immediately, however, they
