WHOLE NUMBER 349

SCHOOL TRUSTEES HOLD EDUCATIONAL RALLY AT DICKENS MONDAY MORNING

Under the supervision of Mrs. Madge D. Twaddell, County School Superintendent a very interesting educational meeting was held in Dickens Monday morning at 10 o'clock. Mrs. Twaddell opened the meeting by making some announcements relative to what had been done in behalf of the schools the past eight months. She stated that much time had been devoted to health clinics over the county but it would be necessary to abandon that part of the health work since the State could not furnish any more of the serums. However, other phases of the work would continue.

The meeting was made up of the five members of the County Board of Trustees, the trustees of the various school districts over the county, several citizens who are much interested in the educational work of the county, and the representatives of the State Health Department.

H. Y. Stone of the State Depart-

ment of Education, was present and made a talk explaining the features of the law relative to state aid for schools. He explained that there are about nine different state aids and one school that can qualify can obtain all of these aids. He stated that the last legislature made an appropriation of \$2,500,000 to be used for the school year closing August 1, 1932, and \$2,500,000 for the school year closing August 1, 1933, with \$400,000 each year for high schools.

He explained that aid would be governed on buildings that meet the requirements of light, heating, sanitation. He explained that sanitation was the requirement with which the department has the most trouble. That certain tests reveal that unless a child in school is normal physically that it cannot meet normal mental requirements.

Next week we will give more of the talk made by Mr. Stone and deal with the requirements of school aids. Watch for this.

Car Rolls Over Bluff; Man Killed

While driving over the country just north of Spur last Saturday afternoon, C. L. White, 50, drove his Buick coupe over the red bluff into the creek, costing him his life. Mr. White was a traveling salesman for the J. M. Radford Wholesale Grocer Company, and was working out of their Plainview store. Saturday, he and his wife came to Afton to visit a brother, Von White, arriving there about 1:30 p. m.

The brothers came to Spur later in the afternoon, and while Von White was attending to some business, C. L. stated he would drive around and see the town, it being his first trip to Spur. Sometime after this some parties near the pump station saw a car go over the red bluff into the creek, and knew there could be but one result to any one in that car. They rushed to the scene, saw the situation, and rushed to town for assistance. Several people went to aid in rescuing Mr. White and worked quite a while trying to revive him but were unsuccessful.

The body was brought to the morgue at Campbell & Campbell where it was prepared for burial. Von White did not know of his brother's death until after the body had been brought in. The body was taken over land to Plainview Sunday where funeral services were held Sunday afternoon and interment in Plainview cemetery followed.

Mr. White had been a traveling salesman for more than 20 years. He had been with Radford plain six years, coming to them at Plainview from Amarillo.

The deceased is mourned by his wife, Mrs. Grace (Clark) White; his father and mother, Mr. and Mrs. T. J. White of Baird; five sisters: Mrs. C. N. Hankins of Plainview, Mrs. R. H. Spikes of Lubbock, Mrs. E. L. Barnore of San Benito, Mrs. C. L. Pierce of Cameron, and Mrs. Dick Dailey of Wink and two brothers, Von White of Afton and T. J. White, Jr., of Fort Worth. All were present for the funeral. Mr. White was a member of the Baptist Church.

Buy Cattle Here

Henry Clark of Stephenville, was in our city the first of the week looking over the cattle market of this country. While here he purchased 55 head of yearlings from R. L. Westerman which he shipped back east.

Mr. Clark is engaged in the wholesale grain and feed business in Stephenville, and also, is the mayor of that city. He takes much interest in various industries and always enjoys attending the editorial conventions in different parts of the state.

METHODIST SUNDAY SCHOOL CLASS ENJOYS PICNIC

The Men's Sunday School class at the First Methodist Church enjoyed a very fine picnic and outing Tuesday night at the big tank on the Swenson Ranch. They started out late in the afternoon arriving in time to pitch camp before dark. Each took his bed roll and spent the night, enjoying supper and a sunrise breakfast. Those who participated in the camp were:

A. C. Hindman, G. L. Barber, A. M. Shepherd, Kit Carson, Rev. W. B. Vaughn, J. B. Richbourg, S. C. Rawlings, J. C. Payne, Ned Hogan, H. A. Stinnett, Chas. Applegate, Birl High, W. S. Campbell, D. B. Ince, George S. Link, M. A. Lea, G. H. Snider, Fred Hisey, S. H. Twaddell, Chas. Whitener, W. D. Blair, W. A. Watson, P. E. Hagins, D. H. Stockton, Uncle Bill Perry, Jack Keene, J. A. Bell and W. G. Johnson.

M. C. Golding and W. R. Lewis were guests of the class during the night.

All report a great time, and there is some talk of repeating the occasion again soon.

News From Nichols Sanitarium

Tommy McArthur of Red Mud, had to return to the sanitarium Tuesday evening as a result of a fall Tuesday afternoon. He had quite a lot of fever Tuesday night but was resting better Wednesday. He was recovering from an operation.

Buddy Williams, city, is getting along fine after an operation and is able to be up some now.

Earl Dozier of Dumont, continues to be able to be up some now.

Colys Witt of Calgary, underwent an operation for an infected limb last Thursday. He is getting along fine and there is hopes of him regaining his health.

Miss Stella Hill of Swenson, continues to improve after an operation three weeks ago.

BIRTHS

Dr. and Mrs. J. T. Wylie, city, are the proud parents of a fine girl baby born Sunday. Mother and child are doing nicely and the Doctor soon will be able to take care of his regular line of patients.

A fine boy baby was born to Mr. and Mrs. A. H. Green, Spur, Sunday night. Mother and son are doing fine.

Report comes of the birth of a girl baby to Mr. and Mrs. Doyle Hinson of Dry Lake, Sunday evening. Mother and daughter are getting along fine.

E. R. WHITE'S SCHEDULE TO VISIT SCHOOL GROUNDS

Espuela, August 18th, 9:00 a. m.
Dry Lake, Aug. 18, 10 a. m.
Highway, Aug. 18, 11:00 a. m.
Peaceful Hill, Aug. 18, 1:00 p. m.
Red Mud, Aug. 18, 2:00 p. m.
Spring Creek, Aug. 18, 3:00 p. m.
Twin Wells, Aug. 18, 4:00 p. m.
Steel Hill, Aug. 18, 5:00 p. m.
Duck Creek, Aug. 18, 6:00 p. m.
McAdoo, Aug. 19, 9:00 a. m.
Duncan Flat, Aug. 19, 10 a. m.
Afton, Aug. 19, 11:00 a. m.
Prairie Chapel, Aug. 19, 11:45.
Midway, Aug. 19, 2:00 p. m.
Wilson Draw, Aug. 20, 8:00 a. m.
Mr. White requests that school trustees meet him at the hours and dates mentioned above for a complete inspection of grounds, buildings, etc. This will be his only chance to do this work and if you desire to get your full part of state aid be there at the appointed hour as he will not wait.

Typewriter oil at the Times.

To Our Broom Corn Friends

I have had some little experience in the broom corn business relative to growing, harvesting, threshing etc., and will be glad to lend any assistance I can to any friends who feel they might need suggestions. It is impossible for me to get away from my office or to counsel with you on Monday, Tuesday or Wednesday of each week; but all other days my service will be at your command, and I shall take pleasure in helping you in any manner. I want to see you succeed in your farm work.

W. D. Starcher.

Exhibits Fine Samples Of Broom Corn

Dr. T. H. Blackwell, who owns a fine farm northeast of town, had no more knowledge of the paying qualities of broom corn than any other man in this country. However, he recognized the fact that it could not be any worse than raising cotton and is in the business. He exhibited some very fine samples of his broom corn crop Monday, a brush which will grade very high in any country. He stated that he has about 3 acres of this brush, and he feels hopeful that with a medium price it will be a paying proposition. The brush measured 28 to 30 inches and all of evenly sized straw.

There are a number of other farmers who are pleased with the prospects of their broom corn crops. Mr. Holloway has a very fine crop which soon will be ready to jerk. Mr. Goren just north of town, Mr. Watson near Dickens and many others in that community have some very promising fields.

Mr. Frazier, west of town, has a very nice field which promises to be a paying proposition.

Broom corn is a very good two purpose crop. It is a good money crop and the fodder is an excellent feed. After the brush has been taken out, the fields make an excellent pasture. Also, the fodder can be cut and used later for feed if it is not left to stand in the field too long.

West Texas C of C Wants To Help

A letter from President Houston Harte to the various directors of the West Texas Chamber of Commerce gives a wide scope in which that organization may be helpful to the various towns and cities of West Texas. Most any problem that a community has can be taken up with the West Texas Chamber of Commerce through the local chamber of commerce, or through one of the regional directors. The regional director for the Spur Country is Mr. Clifford B. Jones of Spur, who is willing at any time to assist any town or community with any problem which needs attention.

If your town needs industrial opportunities; an industrial survey, publicity, have traffic problems, want a speaker for a particular occasion, want information about West Texas, wants to join other towns in solving regional problems; or if your town wants to organize a chamber of commerce, just take any of these matters up with your regional director, or write the West Texas Chamber of Commerce at its main office in Stamford, Texas.

The West Texas Chamber of Commerce does not attempt to dictate to any town or community. But it is in a position to give good sound advice and helpful suggestions. The fine little magazine called "West Texas Today" has been a wonderful help to many communities in calling attention to their summer resorts and beautiful scenery. The Davis Mountains are about as scenic as those of Colorado but have not been advertised. Neither have resorts been developed as in other states. The magazine has advertised Texas resorts until people from other states are actually visiting West Texas scenic places.

President Harte asks the people of West Texas to call on the West Texas Chamber of Commerce for any assistance the organization can render. Write Mr. D. A. Bandoen, the manager, at Stamford, or Clifford B. Jones at Spur, in regard to your needs and you will be properly advised.

Returns From Vacation

Mr. and Mrs. Wilbur Perry, who had been visiting relatives and friends in Dublin, Stephenville and other points, returned the last of the week. They report the country is looking fine where they have been and prosperity seems just a few weeks off. Mr. Perry came back limping, and upon being asked some questions, informed friends that he is not putting out anything.

County Home Demonstration Club News

CLARA PRATT, County Home Demonstration Agent

SHORT COURSE
Dickens County club women had only two representatives at the Farmers Short Course in A. & M. College last week. There is so much to be gained by attending the Short Course that every club should be represented. Each club should begin now to plan to send one or more members next year.

Besides the splendid programs planned by the Extension directors the coming in contact with people from all over the state gives one a broader view point and makes him realize that other people have their problems too. Be sure to hear those who went this year tell of the things to be gained in the Short Course.

VEGETABLE CANNING DEMONSTRATION

Thursday morning, beginning at 8:00 o'clock, the home demonstration agent will give a demonstration on canning corn and peas at the Home Economics laboratory of the Spur High School. This demonstration is primarily for the home makers in town who are interested in filling their pantry shelves with canned vegetables. Any one else may come if you care to.

COUNCIL MEETING

Members of the Home Demonstration Council will remember the meeting of the Council Saturday afternoon at 2:30. Plans for an extensive canning program, a Club exhibit for a judging demonstration, and reports from the Short Course, are among the things to be of interest to Council members. Let us have as large attendance as we had last month.

NAZARENE CHURCH TO SERVE CHICKEN DINNER

The membership of the Church of the Nazarene will serve a chicken dinner to the pupils next Saturday. The dinner will be in the Harkey Motor Company building located between the Sanders Pharmacy and the Hokus-Pokus Grocery. Dinner will be ready to serve at 11:30 a. m., and will continue until around 2:00 in the afternoon, or as long as people feel hungry and willing to be served.

Rev. J. P. Fisher, the pastor, states that people who eat dinner with them Saturday will get a good full meal including chicken, salad, and all other good things that go with fried chicken, together with coffee, iced tea, plenty of iced water, etc. The object of the dinner is to raise money to carry on the church work.

These good people will appreciate to you remembering them Saturday and enjoying a good dinner.

Amarillo Opens Big Underpass

Amarillo, July 31—The largest underpass in Texas and the southwest was dedicated here last night in the presence of 10,000 people. It extends under the Rick Island and the Burlington railroad systems, unites two main parts of the city and carries traffic of five federal and eight state highways.

The dedication was by Mayor Ernest O. Thompson. Wilbur Hawk president of the Tri-State Fair Association responded on behalf of the people. The Rock Island railroad was represented by Hal S. Ray of Chicago and the Burlington by General John A. Hulin, L. M. Hogsett and F. M. Daggett of Fort Worth.

The starting of work was hastened in February for unemployment relief. It has given 9,600 days' work to unskilled labor, and 3,000 to skilled labor, making a payroll of \$75,000. Minimum wages were 50 cents an hour, with prevailing union wages to craftsmen.

Construction is of steel and concrete, which consumed 300 carloads. The underpass is 770 feet long. The building permit was for a quarter million dollars. The structure is architecturally ornamented and d lighted. It is crossed by four vehicle bridges in addition to the two trunkline railroads.

ENJOYING HOUSE PARTY THIS WEEK

Mr. and Mrs. J. B. Morrison of Red Mud community, are having a house party at their home this week. Their children and a number of friends are with them and enjoying their hospitality.

Children present for the occasion are, Mrs. J. M. Anderson of Fort Worth, Mrs. Lawson Morgan of Tulsa and Miss Addie Joe Adlington of Amarillo.

All size envelopes for sale at the Times Office, Phone 80.

Ag Boys To Meet Saturday Afternoon

All vocational agriculture boys are asked to meet Saturday afternoon at 3:00 o'clock in their regular class room at the Spur High School. Any boy expecting to join the class will be a welcome guest, so come on with some boy that you know.

We are going to plan a camping trip for the near future, also make plans for getting the calves you expect to feed this fall and winter.

C. B. Middleton.

Some Results Of Ag Boys Projects

Five Poland China sows belonging to local vocational agriculture boys have farrowed 45 pigs since July 4th. The boys have twenty more sows that will help supply the shortage here on hogs. Each boy having a live stock project has from six to 15 acres maize and other feed crops with which they expect to fatten this fall and winter. The ration as planned to feed the hogs is 87 lbs. wheat or 6.5 lbs tankage. Skim milk and a maize, 6.5 lbs cotton seed meal and good pasture in some cases will be available to cut the feed costs to less than 77 cents per 100 pounds feed consumed. Several of the boys are going to use self feeders so that the feeding will involve very little labor.

C. B. Middleton.

Celebrate 50th Wedding Anniversary

Mr. and Mrs. J. J. Lilly left last week for Throckmorton to enjoy a visit with their children. They were accompanied by Mr. and Mrs. Ollie Hindman. While away the children gave Mr. and Mrs. Lilly a grand surprise at Clear Fork Thursday and Thursday night, the occasion being the celebration of their 50th wedding anniversary.

All of their children were present for the occasion and it was quite a family reunion celebration, too. Mr. and Mrs. Lilly have four sons and one daughter, all of whom are married and have homes of their own. The sons are: Bert, Emmett, Bud and Dee, all living or near Throckmorton. The daughter, Mrs. Ollie Hindman, lives just north of Spur. One grand daughter, Mrs. Thelma Barksdale, of Denton, was present and a great grand daughter also honored the occasion. A niece, Mrs. Allen Keeter and two children of Throckmorton, an da great number of early day friends made up the guest list. There were four generations of the family represented.

Mr. Lilly was born in Nacogdoches, Texas, February 16, 1857. He celebrated his 74th birthday anniversary last February. Mrs. Lilly was born near Tyler, December 16, 1863, and will pass her 68th birthday anniversary next December. They were married July 30, 1881. During their lives they have spent much of their time on the frontier of Texas, moving westward with the approach of civilization. In speaking of the occasion of their 50th wedding anniversary Mrs. Lilly stated that it had not seemed very long to them; that they enjoyed many happy days despite some hardships which every one seems to have to endure in life. Both of them are very strong considering their ages, and friends are wishing them many more wedding anniversaries before they are called away.

We Second The Motion

Inasmuch as the United States spent and loaned nearly 23-billion dollars in the war against Germany and then failed to place that country under depression, we are going to second the motion made by the Jayton Chronicle last week; viz, that as Germany is soon to elect a new President, that we loan them "Herbie" Hoover to be the next term. This is to include "Andy" Mellon, too, for the one with out the other would be a failure. But we believe that such a far seeing President as Herbie and such a financier as Andy a streamer who can set up a system that has practically bankrupt the richest nation in the world in three years, would soon so dissolve Germany that all chances of future wars with that country would be entirely out of the question. The Chronicle now may put the question to a vote and see if the nation to second to the deal, with the understanding that we are to pay Germany nothing in cash, can cel no war reparations, or in any manner be responsible for the outcome.

Ag Boys To Meet Saturday Afternoon

Mrs. J. M. Robertson, southwest of town, is reported ill at this time.

W. G. Billingsley of Jayton, was in our city Wednesday attending to business matters.

W. B. LEE RECEIVES CONGRATULATIONS ON "LIVE AT HOME" PROGRAMS AT SHORT COURSE

Dickens County people might consider themselves complimented over the fact that the basis of the slogan formulated by the Agricultural Committee of the Texas Bankers' Association was started in Dickens County. Many farmers have been advancing the idea that farmers in Dickens County should quit trying to make money and start in to make a living. The chairman of the Agricultural Committee of the Texas Bankers' Association, who is a Dickens County citizen, carried this idea to the Farmers Short Course at College Station last week, and in a very impressive manner outlined the thought that is being advanced by farmers in this country—"that farmers should live at home."

W. B. Lee, President of the Spur National Bank, who has cooperated and advised with the farmers in this country, who advanced the idea of a diversified farm program some years ago, today is chairman of the greatest agricultural committee in the world. Years ago he caught a vision of what a farm home and a farm program should be, he advocated to the farmers of this county irrespective of standing and condition, for as he often said, "if it is good for the big farmers it is bound to be better for the smaller ones".

Another reason that Dickens County people should be proud of this movement is manifested in part of a letter written by the President of the Farmers National Bank at Brenham which we produce below:

"Dear Mr. Lee, I suppose you are busy receiving congratulations on your wonderful meetings at A. & M. College. I just want to tell you they were just fine in every way. Everybody is shouting your praise, and much good will result for the "Live at Home" program. You somehow inoculated the crowd, especially the bankers, and I believe all left the College determined to aid you in your work."

The inspiration of Dickens County people in a "Live at Home" farm program is causing a Dickens County citizen to be hailed as a Moses to lead agriculture of Texas out of darkness and chaos into organized light and prosperity. Mr. Lee certainly has put over the program in a great way, and the little idea started in Dickens County a year or two ago may bring back prosperity to the millions in Texas.

Can we say "Whoopie"! Let's do it by canning the surplus calf, the surplus beans, peas, pickles, watermelon rind, the surplus chick ens; feed old Jersey and have milk at home, raise a few good Poland Chinas and have meat in the barrel, get a good flour mill built in Spur, raise our wheat and produce our own flour, raise more chickens and eat lots of fryers, pay up our debts with the money we get from cotton, get the bank account sared an dmake i larger every year, and then yell "Whoopie" like

The following is a telegram from Congressman J. P. Buchanan, who was to have been at the agricultural meeting:

MRS. M. C. GOLDING ENTERTAINS

Mrs. M. C. Golding was the charming hostess to a number of friends on Wednesday and Thursday mornings. Her home was beautifully decorated with cut flowers. On Wednesday morning bridge was the means of entertainment with Mrs. V. A. Hardin receiving high; Mrs. Hill Perry low and Mrs. E. A. Russell, guest. A delicious 2-course luncheon was served to the following guests:

Mesdames V. V. Parr, W. D. Wilson, F. W. Jennings, C. L. Love, R. R. Wooten, Hill Perry, Frank Laverty, Roy Harkey, R. C. Carter, V. A. Hardin, Roy Stovall, E. A. Russell, Nellie Davis, Pat Watson, J. D. Burke, and Miss Jane Douglas Wilson.

On Thursday morning 42 was enjoyed by the guests. An ice cream course was served to the following:

Mesdames W. D. Wilson, F. W. Jennings, Kate Senning, R. R. Wooten, J. P. Carson, C. R. Elkins, Ray Sanders, S. H. Twaddell, J. M. Foster, W. D. Starcher, W. S. Campbell, Nellie Davis, M. A. Lea, H. P. Gibson, L. E. Lee, C. L. Martin, Geo. M. Williams, T. H. Dickey and G. L. Barber.

HIGH SCHOOL JOURNALISM

Austin—Announcement has been drainage case and will require time Education will publish in bulletin form an outline of study for high school journalism classes, written by Miss Edith Fox of Flatonia as part of the requirements for the master of journalism degree at The University of Texas. Miss Fox received her degree in June. Her thesis, entitled, "A High School Course of Study in Journalism in Texas," presents a complete out-

lines here prevent me from attending and speaking to the bankers and farmers meeting at College Station on the problems confronting the agricultural sections of our country. During this period nothing is more important than to live at home on home grown food, fatten and finish live stock on home grown feed, the prevention of soil erosion and conservation of rainfall. The proper economical utilization of land by diverting the marginal cotton lands into feed crops and pastures, improvement of spinable qualities of cotton. Maintenance and encouragement of the extension service by rational and state governments in every legitimate way. The greater education in agriculture imparted to our boys and girls through this extension service is the real hope for the future well being of our nation."

Signed, J. P. Buchanan, M. C. Congressman Buchanan is the ranking member on the Appropriations Committee, and should the Democrats gain a majority in the House of Representatives, he will be made the chairman of that committee. Yet, he is greatly interested in the farmers of our state carrying on a "live at home" program.

Another reason that Dickens County people should be proud of this movement is manifested in part of a letter written by the President of the Farmers National Bank at Brenham which we produce below:

"Dear Mr. Lee, I suppose you are busy receiving congratulations on your wonderful meetings at A. & M. College. I just want to tell you they were just fine in every way. Dry Land Fishing Lands Big Snake

Some people fish for catfish and some for trout. Again, we bait our hooks for crappie, bass, suckers, or whales. But Aunt Carrie Chambers, aged 84 years, fishes for none of these. She is a successful fisherman, nevertheless, she's a dry land fisherman.

Last week Aunt Carrie had been missing eggs. She broke a small hole in an egg and inserted a fish hook, tying the end of the line securely so her "fish" couldn't get away when once it was caught. Her catch was just what she expected—a "monster chicken snake." R. C. Denby, a neighbor, killed the snake for her.

Mrs. Chambers assured the Free Press that this was by no means the first snake she had caught in this manner. She has used the method often, and saved eggs by it, too.

—De Leon Free Press.

NOTE—Mrs. Chambers is the mother of Mrs. P. H. Miller of our city, and is well known to many people in this country.

"Lousy Cat in the Lemonade"

The Pastor, at the Sunday School picnic, asked George, "How much is your lemonade?" "Five cents a glass", answered George. The preacher then asked Harry, who had a nearby stand how much his lemonade was. Harry answered, "Two cents for a brim full glass". The pastor took one glass of Harry's lemonade and drank it, then smacking his lips called for another drink of it. Then he asked Harry, "How in the world can you sell such delicious lemonade for two cents when George asks five cents for his?" "Well, you see," said Harry, "We made our lemonade together but after we divided it the old lousy cat fell in mine."

Folks, be careful when you find what may appear to be better values than we give in merchandise. There has been a lousy cat in the lemonade somewhere down the line.

Mrs. King now is in market selecting the newest in Ladies-Ready-to-Wear. There is going to be some radical changes in styles, so what appears to be bargains to-day offered from old accumulated stocks may make you look worse when you wear them than the Pastor felt after drinking the lemonade. Watch for the new things. Hats will be higher, dresses will be lower. We mean in style and prices will be better than for years. Mrs. King's stock is very low now. She has bought cautiously, realizing Ladies would demand the new styles, so by the time you read this, new merchandise will be coming for our Ladies Ready-to-Wear Department.

Special values in Furniture, Rugs, Linoleum, etc.

Groceries—Most everybody knows where to find real quality, value, and service when in need of groceries. If you are not one of our customers now give us a fair trial and we feel sure you will become a regular customer.

Make our store your store, your meeting place, your loafing place, and your trading place.

R. G. Smith, wife and babies and mother came across the sand and spent Wednesday night with W. H. Smiths. They all went to prayer meeting.

Frank Lucas went to town Monday and brought his grandsons home with him for a visit.

hope. "In a scholastic way the University has been recognized among the highest ranking schools of the nation, first in acknowledgment of training offered and second in the attainments of faculty members. Two of the ten men elected to the National Academy of Sciences this spring were University teachers; the annual conventions of practically all learned societies heard Texas men and women, Mr. J. Frank Dobie writing a best seller did much to offset the popular theory that English professors are comma counters in the main.

"In the field of publications a sane production has been achieved. The political science and historical quarterlies have been excellent, and the geology bulletins, though unintelligible to a layman, have, by report, kept a firm standing among geologists. The work of the Bureau of Reasearch in the Social Sciences, aided by Laura Spellman Rockefeller funds, is completing the first four years of its work with a good record. The McDonald observatory, due to the caution necessary in beginning actual operation, is still in the future, but Dr. H. Y. Benedict has been gathering data on the work of other observatories in preparation for planning the work to be done with McDonald lenses.

"It has we repeat, been an extraordinary year to which the President, the Regents, the staff and all ex-students can point with pride in achievement."

Mrs. Meador of Steel Hill is reported on the sick list this week.

Advertisement for West Texas Utilities Company. Title: 'To Make Things and to Move Them'. Text: 'This is the day of the small and medium-sized community. In transportation and power — the foundations of industrial development — the equipment of the small and medium-sized community matches that of the big city. Power to make things and transportation to move them. Widespread systems of interconnected electric power lines have helped to work this change in the destiny of the small and medium-sized town. An ample, reliable power supply is a solid basis for sound growth. The West Texas Utilities Company, with three major generating stations, 19 auxiliary plants, and more than 2,500 miles of transmission line, is providing dependable and inexpensive electric power to 124 prosperous cities and towns in West Texas, the "Land of Opportunity".' Logo: WEST TEXAS UTILITIES CO.

Those present were: Mr. and Mrs. Gladish and daughters, Mr. and Mrs. Fred Crabtree and Mr. and Mrs. Fred Reynolds.

Red Top-Catfish A new visitor has come to the Fourbes home on the John Luce place in the Red Top community. A tiny baby weighing two and a half pounds. Mrs. Faubres has been in ill health for several years and we hope she improves now so she will be able to care for the new resident.

Red Mud, had been bitten by a spider. Mrs. Bob Williams has been pretty sick the past week.

Monday in a social with the La-
dies Missionary Society. All mem-
bers are requested to be present.
—Reporter.

MEETING AT FOREMAN CHAPEL

The Methodist Church at Fore-
man Chapel will begin a meeting
next Friday evening, August 7, Rev
W. B. Vaughn, pastor of the first
Methodist Church at Spur will do
the preaching. Rev. A. J. Brown
the pastor will be in charge of the
arrangements for the meeting. The
services will continue about 10 days

and the church and pastor extend
a very cordial invitation to people
to be with them during these ser-
vices.

Dr. Finney To Preach Here Sunday

Rev. F. C. Rodgers, pastor of the
Baptist church, announces that
Dr. L. E. Finney of Waco, will fill
the pulpit in that church next Sun-
day morning and evening. Dr. Fin-
ney comes highly recommended as
a wonderful preacher, and Rev.
Rodgers states that the church
membership may expect a great
message Sunday. The church ex-
tends a cordial invitation to every
body to hear Dr. Finney.

METHODIST CHURCH

The Daily Vacation Bible School
is drawing a good attendance of
the young folks and will continue
through the ten day period. The
school started last Monday. Vis-
itors and members of other Sun-
day Schools are invited to attend.
The pastor will preach at the
morning hour Sunday but will be
in a meeting at Foreman Chapel
at the evening hour. Announce-
ments relative to the evening ser-
vice will be made in the morning.
All other services at the regular
hours. —Reporter.
