Sheriff Arthur Critically Injured By Gun Shot

Dickens County Sheriff Shot in Five Places. Under Treatment At Lubbock Sanitarium

Sheriff W. B. Arthur was shot by W. J. Yarbrough, a farmer living near McAadoo, Monday morning. It appears that a report was made to the Sheriff that Yarbrough was in possession of a pistol and Mr. Arthur took him to one side to talk the matter over with him confidentially. When Mr. Arthur suggested that Yarbrough give him the pistol it seems that instead of handing it over to the Sheriff, Yarbrough stepped back, pulled the pistol from his pocket and began shooting.

Five shots took effect, one in the right side, one in the left arm severing both bones of the forearm, one in the left leg and two shots in the right hip. Mr. Arthur was rushed to a hospital at Lubbock where an X-ray examination revealed that none of the wounds were considered dangerous. The wound in the right side passed close to the right lung, but the X-ray did not reveal that it penetrated the lung in any manner. At one o'clock Tuesday afternoon he was clear of fever and seemed to be resting fine.

Yarbrough was apprehended in a canyon near Whiteflat in Motley County Monday afternoon. He surrendered to officers without any resistance and was first incarcerated in the Floyd County jail. Later he was removed to Lubbock.

In a statement Sheriff Arthur said after he had told Yarbrough he had better turn the gun over to him, that he had no thought of any trouble. It seems that Yarbrough felt it was a good time to shoot, realizing that the Sheriff did not suspect him of doing so. When Sheriff Arthur pulled his gun Yarbrough started to run and the Sheriff shot at his legs just as Yarbrough tripped and fell to the ground. It was thought Yarbrough was hit. Too many people were around for the Sheriff to halt Yarbrough and he returned his gun to the holster.

Physicians say Mr. Arthur has a very good opportunity for recovery unless some complication should develop. It will require time.

Mr. Arthur is a candidate for reelection to the office of Sheriff in Dickens County. It appears that election week is a bad week for him. Two years ago on Monday before the Primary Mr. Arthur had to undergo an operation for appendicitis and was in the hospital all week of the election. Again, on Monday before the Primary he had to enter the sanitarium and it looks very much like he will remain there until after the Primary this time.

To The Voters And Citizens Of Dickens County

I have tried to see each of you personally in your homes, but I may have missed seeing some of you and I take this means to solicit your support. I have based my campaign solely on my own merits. If you believe that thirty one years of actual living and personal experience, together with four years of high school training and four years of college work, and a knowledge of the importance of the Clerk's Office, qualify a man for that position, I would deeply appreciate your VOTE and influence on next Saturday.

Sincerely submitted,
OSCAR KELLEY.

County Superintendent Is Complimented

During the last session of the Dickens County Educational Association, an organization composed of teachers, trustees and patrons from the entire county, went on record as approving the work of Mrs. Twaddell as County Superintendent. The meeting was reported by the secretary in the following manner:

"A motion was made and seconded and carried unanimously to endorse the work of Mrs. Twaddell as County School Superintendent. The endorsement carried with it the fact that not many County Superintendents have worked for teachers, pupils and communities as does Mrs. Twaddell. She works hard and impartially. For the last four years she has given her time, every thought, and her resources to the job. She has gone here and there, anywhere there was a possibility of helping the schools without consideration of cost to herself."

Signed: S. L. Bennefield, Secretary.

School people have recently prepared and presented Mrs. Twaddell with a signed endorsement declaring that they had had occasion to consult her school records and had found them neat, accurate and easily understood. The county auditor, Mr. Jno. Ogelsby, who each year audits the books has left on file a statement to the effect that books are accurate and well kept.—A Voter.

Election Reports To Be Tabulated Here

According to arrangements made by the County Executive Committee the election reports for Saturday's Primary will be received at the Committee headquarters in Spur and tabulations made. All election judges are requested to call the committee headquarters just as soon as possible after the polls are closed at seven o'clock and give what count they have made. Election judges are to call Spur phone No. 64 collect and give the Executive Committee their information. Persons who call the Committee Headquarters for information must do so at their own expense.

Bulletin boards will be posted at various places in Spur probably at other points where the people can get information about the returns. All persons except the regular clerks are requested to stay out of the Committee Headquarters office and save as much disturbance as possible. This will help the clerks to get the returns tabulated and out to the public quicker.

Mr. and Mrs. R. K. Johnson have returned from a visit in Marshall. Bobby Ruth and Nina May Johnson, who have been visiting there, returned home with them.

Geo. S. Link, manager of Bryant-Link Company, was transacting business in Childress Monday.

Judge Homer Pharr Speaks Here Tonight

Hon. Homer L. Pharr, Judge of the 72nd District Court at Lubbock, will make an address to the people of Dickens County in Spur tonight. Judge Pharr is a candidate for Congressman for the 19th Congressional District and is a good speaker. He will begin his address on the street about 8:30 o'clock where preparations will be made. He will tell the voters some things he proposes to do if he is elected to Congress.

Baptist Revival To Begin Sunday

The members of the local Baptist Church are rejoicing over the present condition of the church and the forthcoming revival that will begin Sunday morning. Sunday will conclude the first six months of the work of Pastor M. F. Ewton. During this period there has been 52 additions to the church with an average attendance in Sunday School of 250 and 100 in Prayer Meeting.

Dr. Ewton will do the preaching during the revival and M. D. Ivey will have charge of the music. Mrs. W. T. Andrews will play the piano that will furnish an accompaniment for two large choirs. The singing of great old gospel songs will be enjoyed each service and singers from other churches are welcomed to come and help with the music.

Services will be conducted in the building each morning at 10 a. m. and in the evening at 8:30 on the lot just east of the church. Everyone is urged to come and worship during this series of services that will continue for two weeks.

Dr. and Mrs. A. H. Horne will leave Sunday, July 29th, for a trip to Michigan and Canada, returning the latter part of August. They expect to visit the World's Fair, Niagara Falls and other points.

Mr. and Mrs. Pike Nichols of Lubbock, spent the week end in Spur with their father, Dr. P. C. Nichols.

To My Friends And Voters Of Dickens County

Finding that it will be impossible to see all of you before the Primary next Saturday, I am taking this means of asking each and every one of you for your support on the 28th. Due to lack of time and my office duties, I was unable to go to each of your homes, and ask you for your votes and your influence. All of you know me, and I feel that I have many, many friends all over the county.

Friends and voters, don't you, deep down in your heart sincerely believe that I am due a second term in the County Clerk's office? I have served you faithfully, given you, to the best of my ability, an honest and efficient administration. Every person with whom I have campaigned has told me that they were pleased with my work, and that there was no criticism in any way whatever as to my qualifications or ability to fulfill the duties of this office.

It seems that my marriage is being made an issue in this campaign, and I probably would not have had an opponent if I hadn't married but folks don't you think that is a pretty poor excuse to run against a person? It would be quite different if I were the only married woman that had ever worked, but they are in your public schools, in every office in the land, and working in all department stores, cannot see how my marriage affects my qualifications or efficiency in the office, for I certainly haven't neglected my work since I married. I would like to have the office for another term to try and realize something out of it, besides hard work and running for the office all time.

It takes two years to even learn the routine of the work in this office, and you must have a brief knowledge of the law to carry on the work of the different courts that must be handled through the County Clerk's office. It is one of the most important offices of the County, and a person with experience certainly makes fewer mistakes than a person with no experience. You will find that in any line of work, although we all make mistakes, but they usually are honest ones.

So, friends and voters, when you go to the polls next Saturday, won't you please stop and consider my qualifications and my experience? I firmly believe that the people of Dickens County will give me a second term, and I am trusting you to give me a vote to be proud of, for I like the work and love the people of Dickens County.

Sincerely,
NEAL FORTSON FOWLER.

THE CHURCH OF CHRIST

A splendid interest is being manifested in the open meeting being conducted by the Church of Christ. Attendance has increased from the first service, although there is much to interfere. Visitors were present Sunday from Amarillo, Lubbock, Girard, Dickens, Quanah, and possibly other places. The meeting will close Sunday night. We invite you to attend this series of Gospel meetings if you have not done so. No effort is being made to present anything except the simple story of the cross.

Albert Smith, Minister.

Mr. and Mrs. James McCormick have been visiting in Albany and their niece and nephew, Francis and Earle, returned home with them.

Political Rally In Spur Friday Night

The political campaign for the first Primary in Dickens County will close Friday night with a political speaking held in Spur at the Palace Theatre building. Candidates of District, County and Precinct offices will speak during the evening. The speaking will start at 8:00 o'clock.

The Palace Theatre building has an excellent cooling system and those who go to hear the speaking will have a pleasant place to rest while the speaker is in progress. This will be the last speaking date in the county, and if you have not heard the candidates yet, you are invited to be present at the Palace Theatre Friday evening.

There will be no picture program at the Palace Friday night but one will be presented at the Ritz.

Misses Faye Jamison and Alice Wright are visiting Misses Ila and Maudie Mae Lissiter this week.

Dickens County Should Furnish Next District Attorney

From reports coming in from other sections of the 110th Judicial District it seems favorable that Dickens County will furnish the next District Attorney for this district. It seems fitting that this should be Dickens County's honor since we have one of the ablest lawyers in West Texas in the race.

If the people of Dickens County will stand firmly by their candidate, giving him their support to a voter, Judge Alton B. Chapman will carry the largest majority of any man ever elected to this office. He has spent his life in Dickens County, is a graduate of a Dickens County school, and the University of Texas law school by working his own way. He knows all about the school of "hard knocks", the training of hard work, and during his professional career he has been associated with many of the best lawyers in the State. Being a graduate of the University in Law, he acquired a wide range of legal knowl-

To The Voters And Citizens Of Pre. 1

I want to again express my thanks to you for your votes in the past and for your good cooperation while trying to serve you as your Commissioner and I also want to solicit your vote and influence in the election of July 28, in so doing I am ever mindful of the many duties required of one serving as Commissioner. I think it is one of the most responsible places to be elected to in our local government as your Commissioners' Court handles all of the county's finances, sets values by which property is rendered for taxation, sets tax rates to carry on the county's business and to retire outstanding obligations, feed, care for and bury paupers, invest your permanent school fund in revenue bearing securities and the general supervision and construction and maintaining of the public roads and bridges of the various precincts and many other duties too numerous to mention here.

I would like for you to consider the fact that during this time of depression that we have been in for the past few years with tax payments from 40% to 60% the business of Dickens County has been handled in such a way that there is a noticeable reduction in the county obligations and I am for and will work to further reduce our county obligations if elected to the office of Commissioner again.

In asking you for your vote I want you to know that I am perfectly free; I am not obligated to anyone—only obligated to you to give you the best service which I am able to render.

No doubt you have heard something about the \$5,000.00 road I have constructed this spring. Why this road was discussed so much I do not know and have no ill will toward anyone for same, but the facts are this: this road is approximately three miles in length and was built to serve some five or six families as a school truck road (most of the families have children in the school age). This road cost you according to the paid bill now in the County Clerk's files just about \$300.00 or approximately 6% of the above reported cost.

In casting your vote next Saturday I hope you will be serious and vote for the one that will serve your interest best. Again thanking you for your consideration.

Respectfully,
AUSTIN C. ROSE.

Emergency Cattle Reduction Program

Thirty five herds of cattle in Dickens County have been inspected and appraised. Total number of cattle in these herds inspected were 1776. Number of cattle retained to be shipped and used for food are 227. The number condemned and killed were 697, which represents 607% of the number inspected.

In order to more efficiently handle the cattle reduction program, it will be necessary to list cattle by communities. This should be handled through the community secretary, a list of which may be found in this issue of the paper.

Progress of this program has been retarded because of the supply of Appraiser's Record Sheet having been exhausted, but by the last of the week a sufficient number should be received to take care of the needs of every applicant.

Dickens County Man Completing Strenuous Campaign for Congress; District Voters Endorsing Constructive Platform

NOTICE TO VOTERS

It will be observed on the ballot for voting that the name of C. H. McCully appears as a candidate for Constable for Precinct No. 3. I want to state that this name should have been printed C. H. (Jack) McCully as there are so few people who know me by any name except "Jack". I don't want any one to get confused, and wish to say that C. H. McCully and Jack McCully are the same person. I am asking for a second term as constable and hope I merit your support.

Respectfully yours,
C. H. (Jack) McCULLY 2t

Folley Expresses Thanks To Voters

As the campaign for District Judge of the 110th Judicial District draws to a close I want to take this opportunity to thank my many friends and supporters everywhere for their support of my candidacy for this office. No man ever had finer, truer or more loyal friends. I appreciate your help from the depths of my heart and I never shall forget the many kind things you have been good enough to say about me.

It has been impossible to see all the voters of the four counties. It would be impossible to see everyone in less than twelve months. I have had only a short time in which to see you. To those whose contact I have not made please take this as a personal appeal from me for your support.

Having been your District Attorney for three terms or for six years, and having been actively engaged in the private practice of law for many years, I believe I am thoroughly qualified for this promotion. The District Judge's office is the next logical step in my career as a lawyer and public servant. If you will honor me with this responsible office the only promise I wish to make is that I shall try to discharge the duties of that office in such a manner that you will always be proud of the part you had in elevating me to this honor. It will be my desire to transact the business of the court in a business like manner and with the dignity and decorum that should attach to such an office.

Hoping with my many friends for a great victory on July 28th, I am,
Sincerely,
A. J. FOLLEY, Candidate for District Judge.

Election In The County Saturday

The first Democratic Primary for Texas will be held all over the State Saturday. The polls in Dickens County boxes will open at 8:00 o'clock in the morning and will remain open until 7:00 o'clock in the evening.

There are two classes of persons who will be allowed free votes in the election. All Democrats who were 60 years of age before the first day of January 1934 will be allowed to vote without a poll tax receipt. All persons who have passed their 21st birthday since January 1, 1933, will be privileged to vote because they were not old enough to be assessed for poll tax payment for last year. The State Constitution states that all persons 21 years of age or more are qualified voters, and then certain restrictions follow.

Voting places in Spur will be as follows: West side residents will vote at the Spur Security Bank. The East side will vote in the City National Bank Building.

Emergency Cattle Reduction Program

Thirty five herds of cattle in Dickens County have been inspected and appraised. Total number of cattle in these herds inspected were 1776. Number of cattle retained to be shipped and used for food are 227. The number condemned and killed were 697, which represents 607% of the number inspected.

In order to more efficiently handle the cattle reduction program, it will be necessary to list cattle by communities. This should be handled through the community secretary, a list of which may be found in this issue of the paper.

Progress of this program has been retarded because of the supply of Appraiser's Record Sheet having been exhausted, but by the last of the week a sufficient number should be received to take care of the needs of every applicant.

Fred C. Haile, who is finishing one of the most intensive campaigns ever conducted, is conceded a place in the second primary by those who seem to be keeping tab on the political situation. He is taking a rest today after making Floydada, Lockney, Plainview and Lamesa yesterday and will be on the job again tomorrow.

Saturday night Mr. Haile spoke here in Spur where he told his neighbors that he expected to stand true to the cause of the masses of the people when he goes to Washington as their representative in Congress. He stated that the Congress must stay true to the people and pull our government out of this serious situation.

Mr. Haile spoke to large crowds at Crosbyton, Ralls, Lorenzo and McAadoo Monday. Tuesday he addressed the people at Rule, Old Glory and Aspermont.

Friday he will be at Snyder, Post and Southland and then will swing back home to wait the returns and get results of the Primary Saturday.

Mr. Haile advocates the Universal Draft Act which is expected to mobilize the wealth and industries of the country as well as the man power, and thereby eliminate the graft and profit in war.

He advocates the adjustment of the present international banking system which will leave the small town bank free to serve the people of its community.

He says there should be more business ability in government and less government in business.

He advocates better international relationship, thereby creating a better foreign demand for American products including the farmer's cotton and the ranchman's cattle.

He says we must cut out the graft and speculation in cattle and farm products, and regulate the market on these commodities so the farmer and stockman may secure what is justly due them on the market.

BWARE—Of false or incriminating literature that is being circulated over the 19th District about the leading candidate for Congress. It is a trick that has already been exposed!

Dickens County Communities Organized

Fifteen communities in Dickens County are organized to form a branch of the County Agricultural Association. The officers elected in each community consisted of a chairman, vice-chairman and secretary, in the order—

Red Hill—Roy Arrington, L. A. Grantham, Floy Watson.
Highway—R. L. English, M. E. Tree, W. H. Webster.
Red Mud—W. G. Hinson, R. R. Smith, W. O. Garrison.
Epuela—J. L. Karr, J. Dan McMahon, M. A. Lea, Jr.
Duck Creek—Lofthorn Bennett, J. L. Hagins, L. S. Clower.
Spur—Pen Shugart, Floyd Johnson, Joe Watson.
Duncan Flat—Joe Rose, F. F. Henry, R. L. Glenn.
Midway—O. C. Henry, J. F. Noland, J. E. Noland.
Dickens—T. B. Watson, D. Y. Twaddell, Pat Murphy.

Prairie Chapel—Paul Braddock, Harry Bennett, R. F. Varnell.
Afton—D. W. Sims, R. L. Edgar, L. J. Fullingim.
Croton—O. E. Minix, Geo. Pierce, Roy Cunningham.
Soldier Mound—J. Frank Smith, Vance Hughes, S. D. Dennis.
Steel Hill—C. F. Watters, E. H. Bailey, Jim Yeakley.

These officers will be recognized in all matters of a community wide interest. They will have charge of any meetings called in their communities for the purpose of furthering Extension Service Work, or any phase of the Agricultural Adjustment Program. They will be given information from time to time, which will enable them to fully explain any of the Agricultural Activities which are being carried on in the county.

WANTED NAME AND ADDRESS

Two boys that rode out near Dickens with W. B. Arthur on June 16 that witnessed wreck of three cars near Spur, Texas. One of the boys named Tommy, ages about 14-16 years old, stopped about one and one half miles south Dickens to stay all night with Aunt.

Boys stated that they lived in or near Lockney, Texas. Liberal reward paid for the above information. Notify—The Dickens County Times.

TOM CONNALLY TO CLOSE CAMPAIGN AT AUSTIN

DALLAS, July 23—United States Senator Tom Connally announced today that he would wind up his campaign for renomination to the Senate with speeches at a number of points in north Texas and close with a rally in Austin Friday on the eve of the Democratic primary.

Addresses in both Dallas and Fort Worth will be delivered by the Senator during the week.

Preparations for the final rally at Austin have been going forward for some days. General W. A. Keeling, in charge of arrangements, said that it would probably be the greatest political gathering held there in years. Delegations from a score of other cities will be present. The Senator's speech will be broadcast.

Last week the Senator swung through East Texas and back again into South Texas. Large crowds attended each of his meetings, and he announced himself as well pleased with the results of the tour.

"The most gratifying thing I have observed in my campaign, which, though necessarily brief, has taken me into most sections of Texas," said Senator Connally, "is the universal support of President Franklin D. Roosevelt and his administration. The people in all parts of Texas are grateful for the emergency agricultural relief which was extended last year. The Home Owners Loan Corporation, the guarantee of bank deposits, the Civilian Conservation Corps, and the Jones-Connally Cattle Act have all been of material value to the people of Texas."

"It appears to me that the farm relief program last year saved the farmers of Texas from economic ruin. The 'plow-up' measure, by its very nature, was an emergency and a temporary proposition. It redeemed the Democratic party's pledge to the farmer."

"I am proud to have had an opportunity to have assisted in the enactment of these relief and remedial laws."

"We still have a great distance to travel before we regain prosperity, but decided steps on the path to economic recovery have been taken by this

nation under the direction of President Roosevelt."

CONNALLY LEAD IN FORT WORTH PRESS STRAW VOTE

DALLAS, July 23—Senator Tom Connally polled a tremendous majority over both his opponents in the straw vote taken recently by the Fort Worth Press. Ballots were sent to Press subscribers in Fort Worth and its suburbs.

Final returns were as follows:
Tom Connally 1011
Joseph W. Bailey, Jr. 628
Guy B. Fisher 145

Mrs. Cecil Addie left Friday for East Texas where she will spend some time visiting relatives and friends.

Mr. and Mrs. C. Evans, who have been visiting relatives and friends at Fort Worth and Weatherford the past month, returned Monday and are at home with their friends at Duck Creek.

Bud Smiley, of Duncan Flat, was transacting business in our city Monday.

F. H. McGaha, of Lost Lake community, was attending to business

matters in our city Monday. H. L. Underwood, of Lost Lake, was greeting friends and looking after business matters here Monday. P. F. Henry, of Duncan Flat, was looking after business affairs in our city Monday.

FOR COUNTY CLERK HARVEY HINES

Offers you a business education with experience. Honesty and a welcome at the office for every man, woman and child in the county.

I SURELY WILL APPRECIATE YOUR VOTES

SATURDAY, JULY 28

How Should West Texas Vote?

FELLOW CITIZENS of West Texas: Let us sit down and reason together. Having four West Texans in the governor's race, what should guide us in choosing one of them? What do we want in a governor, anyway? What justifies the individual citizen's vote for one man as a-

gainst another? Is it not the expectation and belief that one man will serve his fellow citizens better than would another? That one man will conduct the public affairs committed to his keeping better than another?

Then, how are we to pass judgment as between the qualifications of two men, or as among the qualifications of four men?

It is a wise saying that what a man there is nothing to show that he has been. It is another wise saying, of similar tenor, that what a man has been he generally will always be.

West Texans must make choice between four candidates for governor who appear on the ballots as citizens of West Texas.

One of the candidates is Tom Hunter of Wichita Falls. Mr. Hunter ran for governor two years ago, and this is the extent of his public record. There is nothing to show that he has been, and accordingly nothing to indicate what he will be. His platform proposes extensive alterations of our plan of government, alterations which no one man could effect unless he possessed the powers of a dictator. Mr. Hunter is asking for a job which he has never shown qualifications to

hold on the basis of promises that he can not possibly perform. Mr. Hunter has never done anything that would entitle him to be preferred by West Texas voters.

Another candidate is C. C. McDonald, also of Wichita Falls. Mr. McDonald is the lieutenant of James E. Ferguson, an allegiance which his record suggests would take precedence over every other consideration in guiding his official conduct. Mr. McDonald has never displayed any special consideration toward West Texas, except as a place in which to make a living. His sponsor in this campaign, Mr. Ferguson, has never done anything for West Texas. There is no reason why West Texas votes should go to Mr. McDonald.

A third candidate is James V. Allred, also of Wichita Falls. Mr. Allred, as Attorney General, has done his best to cause West Texas tremendous losses. He sought to have declared invalid the Small river bed bill, which required the State to live up to the bargain it made with citizens who purchased land from the State. Mr. Allred, who was the State's lawyer hired and paid by the people of Texas to defend the rights of the people, sought to take away the land of West Texans and turn these lands over to others who had never spent a day nor a cent in developing these lands. There is every reason why West Texas votes should NOT go to Mr. Allred.

The fourth West Texan is Clint Small of Amarillo. Mr. Small's public record has so identified him as a leader of all endeavors for the benefit of this region that at the state capital, where he has served for years as a member of the Legislature, he is commonly referred to as "the Senator from West Texas."

It was Senator Small who led the long fight for validation of West Texas land titles. It was Senator Small who drove through state compensation for West Texas cotton sacrificed in the State's quarantine against the pink boll worm. It was Senator Small who led the fight for justice to those West Texas counties in which are located large areas of University lands which before had paid no taxes and therefore formed a burden upon the counties in which they were located.

It has been Senator Small who has been found ever at the front when West Texas' interests have been at stake.

Gratitude for past services rendered may not be a compelling consideration in Politics. Let us admit that what we want is not something that has to do with the past but something that deals altogether with the future.

Still, with this admission, the only means we have of telling what a man will do in the future is the record of what he has done in the past.

Senator Small is the only one of the West Texas candidates that we have a favorable line on. We don't know much about two of the candidates, Mr. Hunter and Mr. McDonald. We know enough about another, Mr. Allred, to know that he hasn't earned West Texas votes. What we know about Senator Small is that he has been "for" West Texas in a long public life, when the fighting was tough, and that this is the best assurance that he will be "for" West Texas in the future.

West Texas is going to name the next Governor of Texas this year. Does West Texas want the man to be one it can trust, one who has been proved in the test of past performance?

The logical man for West Texas is Clint Small. The other West Texans in the race have made a living off West Texas, but West Texas has never gotten anything out of them. Senator Small has made a living also, but he has helped other West Texans to make a living and his efforts have helped to make West Texas a better and safer place to live and earn.

Let's get down to the ham-and-eggs of it. A vote for Hunter or McDonald or Allred is a vote for Hunter or McDonald or Allred, and no more. A vote for Clint Small is also a vote for West Texas. (Political Advertisement).

FOR

County Attorney of Dickens County

YOUNG IN YEARS—OLD IN EXPERIENCE

Four and one-half years hard experience in the actual trial of both civil and criminal cases in your courts. A clear record for honesty and sincerity in the handling of his cases.

YOUR VOTE FOR HIM WILL BE DEEPLY APPRECIATED

Spur, Texas, July 24, 1934.

To The Voters of Dickens County:

All that I am asking is that you give me a fair chance in the coming election, July 28th.

I have not made a house to house canvass in the county due to the following reason. It is necessary that I work when it is possible for me to secure employment, as the salary I receive is necessary for the subsistence of my self and family, as most of you know I have a mother and sister who are dependent on me; but I do not wish to make that an issue in this campaign and offer it merely as an explanation in order that you may understand my situation. I just ask that you consider my qualifications as a candidate for the office of County Treasurer.

It is true that I do have a position at present. I like my work here in the County Agent's Office, and while we are very busy right now and have been for several weeks working on the Emergency Program. It is not permanent employment.

I deeply regret being unable to see each of you personally, but won't you be kind enough to consider this as a personal solicitation for your vote and influence?

Thanking you for any consideration shown me,

I am

Sincerely,

ONA LEE SHOCKLEY

Gable-Colbert Teamed For First Time in Film At Palace

Claudette Colbert and Clark Gable, two of Hollywood's most popular stars, are teamed together for the first time in the Columbia production "It Happened One Night," which is coming to the Palace Theatre Sunday.

Gable sky-rocketed to fame a couple of years ago following his appearance with Norma Shearer in "A Free Soul," and over-night became the most popular male star on the screen. Thousands upon thousands of fan letters poured into the studios, and, as a result, he was given roles with many of the most famous female stars on the screen.

He appeared with Shearer again in "Strange Interlude," and with Joan Crawford in "Dance, Fools, Dance," "Possessed," and most recently in "Dancing Lady". He was recently co-starred with Jean Harlow in "Red Dust," and in "Hold Your Man," with Helen Hayes in "White Sister" and with Greta Garbo in "Susan Lenox."

Miss Colbert's stardom and popularity is based upon her marvelous work in such productions as "Sign of the Cross," "The Torch Singer," "Three Corned Moon," "I Cover the Waterfront," and "The Smiling Lieutenant," and is now equal to that of the top-notch feminine stars of the Cinema capital.

Together, with Gable furnishing the appeal for the feminine moviegoers, and with Miss Colbert's well known popularity with the male sex, they should form one of the most popular star combinations of years. The picture, "It Happened One

"MICKY" AND HIS GANG

"Night," was directed by Frank Capra, whose recent production, "Lady For A Day" has been cited as one of the best pictures of the current year.

WTUCO Cooking Demonstration Today

The local office of the West Texas Utilities Company has secured the services of Mrs. Tyree B. Allen who will conduct a cooking demonstration at 4:00 o'clock this afternoon. Refreshments will be served and a very enjoyable and instructive time is promised the ladies of our city and community.

ALLRED CONTINUES CAMPAIGN FOR GOVERNOR OF TEXAS

Schulenburg, Tex., July 25—(Spl) Attorney General James V. Allred placed his constructive program of advancement in Texas government before citizens of Schulenburg here Wednesday night.

He flayed special interests and big corporations for standing in the way of progress in state government. "The people of Texas could want no better endorsement of my candidacy than the statement recently made by Brig. Gen. Jacob Wolters that he is against that young whippersnapper," Allred said.

He exhibited a newspaper clipping in which General Wolters announced he would resign as commander of the Texas National Guard if Allred is elected. Wolters was quoted as saying: "I have served under many governors I disliked, but I cannot countenance saluting that young whippersnapper, Jimmie Allred. I will resign instead."

"Do you know who General Wolters is?" Allred demanded. "He's the chief lobbyist for the Texas Oil Company. That ought to explain it. You may remember that General Wolters made a study of the sales tax, and then announced it would be a fine

thing for the people of Texas." Oh yes, he meant it would be a fine thing for the company he lobbies for and for all of the rest of the big corporations," Allred said.

"I promise you this. When I am governor, General Wolters is either going to keep his promise and resign or I am going to call a court marshal and have him reduced to a buck private in the rear two weeks I have been made the target of the most bitter attacks ever aimed at a candidate for governor. I have supplied documentary evidence and other proof to smash every charge that has been brought against me.

"I am not in this race to vilify my opponents or attempt to discredit any man. My purpose is to tell the people about a program I have drawn which I believe will materially advance our government and bring needed relief to the public," Attorney General Allred declared.

CHEVROLET GOES OVER HALF MILLION MARK

World production of Chevrolet cars during the month of June totaled 98,147 units, making the company's production for the first six months of this year 525,093 units or nearly 50 per cent greater than the first half of 1933, according to an announcement made by the officials of the Chevrolet Motor Company.

Despite this obviously high production for the first half of 1934, there is still a shortage of Chevrolet cars in the field, officials stated. During the month of June more than a dozen solid trainload shipments were moved into as many key cities in various parts of the country in an effort to catch up on unfilled orders. Plans call for duplicating these shipments in additional cities during July.

Chevrolet's production maintained a steady pace during the early part of July. Figures released by company officials today showed that domestic and export production for the week ending July 11 totaled 23,089 units, a better daily average than was achieved in June.

Chevrolet's record-breaking sales continued their advance in June, shattering all monthly records since May 1931, and achieving the highest June total since 1929, officials of the Chevrolet Motor Company announced. Retail sales for the month, as compiled from dealers' reports, were the basis of the announcement.

State And Federal Aid For Schools

The Texas Legislature has appropriated three and one half millions of dollars for helping Texas schools next year and the Federal government has appropriated seventy five millions of dollars for the purpose of lengthening school terms and carrying them on in a more efficient manner. This money has been set aside and will be given out to the schools that need it if they put out the effort required to secure it. Some whole counties that need aid badly do not get it because they do not try hard enough for it. Many West Texas counties received no aid at all this year. However the same amount of aid was spent whether or not they got their pro rata part.

All of Dickens County Schools are aid schools. Some of them no doubt could get along very meagerly without any aid but the children would, if we did not receive this aid, have to do without modern equipment—without a chance at modern education.

Getting aid supplements the tax payer and keeps him from going deeper down in his pocket for every penny the schools need.

Dickens County schools have received during the last term of office one hundred thousand dollars of special aids. This money by the practice of strict economy, and a business-like expenditure of funds brought about through a budgeting system, has brought our schools through a great depression in what will be an excellent financial condition when the

funds are all in.

Leland Campbell, who is connected with the Federal Land Bank in Houston, is at home this week visiting his wife and baby. He said that all the sections he had passed over were in much more distressing condition than Dickens County.

T. S. Lambert, merchant at Wichita, was in our city Monday attending to business matters.

R. L. Wade, northwest of town, was Monday transacting business.

SUNDAY DINNER SUGGESTIONS

By ANN PAGE

LOCAL produce is beginning to form a large part of the fruits and vegetables in market. Native carrots and beets, cabbage, kohlrabi, squash, corn and tomatoes are either already available or promised for the near future at low prices. Berries, cherries, red currants, peaches and new green apples make the fruit counters colorful. Bartlett pears are inexpensive. Watermelons and honeydews are of excellent quality but more expensive than most other fruits.

Meats and eggs are higher, but a large selection of low-priced fish is available. The Quaker Maid suggests the following menus:

- Low Cost Dinner**
Pork Chops Boiled Potatoes
Cabbage
Bread and Butter
Stewed Plums Cup Cakes
Tea or Coffee Milk
- Medium Cost Dinner**
Veal Cutlet Squash Fritters
Creamed Onions

J. E. Patton Passed Away Thursday

J. E. Patton, 86, died at the home of his daughter, Mrs. Ned Hogan on North Burlington Avenue about four o'clock Thursday morning. He had been in failing health for about a year, and Wednesday afternoon began complaining of pains in his side. A physician was called at once who stated that Mr. Patton was bordering

on pneumonia but thought it would require time for complete development. About 12:00 that night he began wheezing and getting short breaths and grew weaker until he passed away about 4:30 o'clock Thursday morning.

Campbell Undertaking Parlor prepared the body for burial. A short funeral service was conducted at the Hogan home at 2:15 o'clock Thursday afternoon. Albert Smith, minister of the local Church of Christ, reading the funeral rites. The body was taken by ambulance to Roaring Springs where it went by train to Ethel in Grayson County. Mr. Patton's former home. T. H. Dickey accompanied the body on the train. Mr. and Mrs. Ned Hogan and Mr. and Mrs. Carl Patton went through in cars to Ethel. Funeral services were held at Ethel at two o'clock Friday afternoon, the pastor of the Church of Christ at Sherman being in charge of the services. Interment followed in Ethel cemetery.

Mr. Patton was a native of Arkansas and was born November 8, 1848. He would have been 86 years of age next November. He came to Texas in an early day, and in January 1877 was married to Mrs. Molly E. Dye who lived at Ethel. Mr. Patton was engaged in the mercantile and gin business many years at Ethel where he had a great host of friends. In 1923 his wife passed away and he settled up his business and came to Spur where he made his home with his daughter, Mrs. Ned Hogan, since.

After coming to Spur he made many friends who loved him for the great citizen that he was. Mr. Patton was somewhat reserved in his manner but held a feeling for his friends. He exhibited right principles in every community question. He was a Christian gentleman and had lived a devoted member in the Church of Christ more than 45 years.

He is survived by his two children: Mrs. Ned Hogan of Spur, and Carl Patton of Lubbock. Also, a step-son, B. D. Dye, of Amarillo.

COMMITTEE MAKES SIX MONTHS REPORT

A committee of the council gave a six months progress report in the Dickens County home demonstration Council Saturday, making the same report the committee gave to the Commissioners' Court last week. Mrs. John Bachman, Soldier Mound, gave the report on the farm food supply demonstration, stating that 906 feet of concrete hollow tile has been made and laid this year.

Hunter Reported Leading 81 Counties

WICHITA FALLS, July 23—Tom Hunter, of Wichita Falls, candidate for governor, will poll approximately 35 per cent of the entire vote cast in the first primary and will be high man with James V. Allred, attorney general, in second place, according to an analysis of reports received from a group of counties which contain nearly 85 per cent of the state's voting strength.

"Checking the reports we find that Hunter is running in first place in 81 counties and second in sixteen, while Allred seems to be leading in 21 counties and second in 15 counties. McDonald is leading in 15 counties and running second in 30 counties, while the other candidates do not seem to be very far up in the race," a statement issued by the Hunter campaign headquarters office says. Hunter has already received more than a dozen invitation for speaking engagement during the runoff primary and several of these have been accepted by him.

In the first primary race two years ago when Hunter polled more than 220,000 votes to surprise the political wiseacres although comparatively unknown in most sections of the state, the Wichita Falls man led in 31 counties, ran second in 78 counties, and was third man in the balance. He is conceded to be much stronger in all sections now than he was two years ago and is certain to poll a larger vote, his supporters declare.

"There is no doubt about it this time, Hunter is in the runoff, high man at that, and being in the runoff he is certain to be our next governor as he is the one sure bet to defeat any of the other candidates in this race," the summary of the statewide

survey reports compiled at the Wichita Falls headquarters says.

BIG LITTLE SISTER CLASS

Members of the Big Little Sister Class of the Methodist Church enjoyed a hike to the hill and golf links Monday evening.

Those present were: Miss Edith Foote, Billie Burke Hisey, Isabelle

Campbell, Helen Payne, Venita Bri-ley, Kathryn Kilgore, Frances Gib-son, Lorelle Twaddell, Ruth Taylor, Mary Jo Collier and Joyce Koon.— Reporter.

Ray Ward, a prominent farmer of McAdoo, was in our city Thursday. Mrs. Henry Alexander left Thursday for Dallas and Mineral Wells to rest and recuperate and to look after

some business interests at the same time.

Mr. and Mrs. Sagers Taylor of Lubbock, were week end guests of their cousin, Dave Taylor of this city. T. J. Sanders of Albany, who has been visiting his son, Ray Sanders, returned home last week.

GEORGE MAHON
Mitchell County
CANDIDATE FOR
Congress

We do not need to tell you anything about George Mahon if you have met him. Those who know him have found him to be a plain hard-working West Texan who has shown himself worthy of public trust. He is capable of ably representing us in Congress. Age 33, 26 years in the District. Serving 4th term as District Attorney. Let's elect him to Congress—
FRIENDS OF GEORGE MAHON

TO THE VOTERS OF DICKENS COUNTY—

I have made an earnest effort to see every voter in Dickens County. I am sorry if I have failed to see everyone, and I wish you to take this as a personal solicitation for your vote.

If I am elected your County Superintendent, I promise efficient and impartial service to all, and I will devote my entire time to the duties of this office.

I will strive always for the betterment of Dickens County Schools.

This office will afford me an excellent opportunity for advancement and at the same time I will be able to render the citizens of this county efficient and reliable service.

Your vote and influence will be highly appreciated in Saturday's Primary.

CITATION BY PUBLICATION

THE STATE OF TEXAS, To the Sheriff or any Constable of Dickens County, Greeting:
You are hereby commanded to summon Louvine Watson by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, to appear at the next regular term of the District Court of Dickens County, Texas, to be held at the courthouse thereof, in Dickens, Texas, on the 3rd Monday in August, A. D. 1934, the same being the 20th day of August, A. D. 1934, then and there to answer the petition filed in said court on the 5th day of July, A. D. 1934, in a suit Numbered on the Docket of said Court No. 1334 wherein G. H. Watson is plaintiff, and Louvine Watson is defendant, and said petition alleging that plaintiff and defendant were married on or about the 26th day of May, A. D. 1901, and lived together until the 1st day of January, A. D. 1933, when, by reason of cruel treatment by the defendant, plaintiff separated from the defendant.
Wherefore plaintiff prays for divorce on the grounds of cruel treatment.

Herein fail not, and have you before said court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.
Given under my hand and the seal of said court, at office in Dickens, Texas, this the 5th day of July, A. D. 1934.

McADOO

Mrs. A. M. Lay entertained her Sunday School Class with an all day picnic at Roaring Springs Tuesday. A great time was reported by those present.

Mr. and Mrs. T. L. Dozier and girls spent the past week visiting relatives in Hill and Bosque Counties. Rev. Hood took the Boy Scouts on a hike Thursday afternoon. They hiked to Blanco Canyon and spent the night there. McAdoo certainly has a lively bunch of Boy Scouts and we should all feel proud of these boys.

Willie Clark, Lewis Pullen, Mayo Boucher, Lewis Hickman and Cornelius attended the Stamford Annual Cowboy Reunion at Stamford, July 4th.

Ivy Brown, T. L. Dozier, John Powers and Mr. Clark went to the candidate speaking at Foreman's Chapel Friday night.

Rearl Wade of Spur, spent the past week visiting Maude Dozier. Austin C. Rose and Horace D. Nickles, candidates for Commissioner, attended the candidate speaking at Foreman's Chapel Friday night.

Robert Nickles was looking after business affairs in Spur Saturday. The Adult and Senior Sunday School Class went on an all day picnic at Blanco Canyon Wednesday.

A contest in attendance was started some time ago between the adult and senior class, and the class that lost was to entertain the other. At

the close of the contest the adult class were the losers and the all day picnic with basket lunch was in honor of the senior class or the young married folks.

Judging from the amount of lunch that was spread at this picnic anyone would not think there was a drought on the plains.

Mr. Phifer was presented a cake with fourteen candles in honor of being superintendent of the Sunday School for the past fourteen years. There have been only a few Sundays that Mr. Phifer failed to be present during these fourteen years. This is a worthy record and we venture to say that there are very few, if any, that can compare with this record. We believe that every one enjoyed the picnic, even though some did go home blistered and tired.

Mr. and Mrs. J. Jones were business visitors in Spur Saturday. Harvey Hines, candidate for County Clerk, attended the candidate speaking at Foreman's Chapel Friday night.

Mr. and Mrs. Watson of Fort Worth are here visiting Mrs. Watson's parents, Mr. and Mrs. Will Harvey.

Jim Robertson bought a new V-8 Ford the past week.

John Powers was a business visitor in Spur Friday afternoon.

Ivy Brown was transacting business matters in Crosbyton Saturday.

Mr. and Mrs. Pete Allen entertained the young folks Friday night with a birthday party in honor of Mrs. Allen's sister, Lucile Ward.

The plains country certainly is in need of rain, however, the crops seem to be holding up extra well, considering the dry weather and hot winds.

Mr. and Mrs. W. W. Barrington and family of Afton spent Sunday with Mr. and Mrs. J. I. Parker and family.

Marshall McDonald, son of Mr. and Mrs. A. W. McDonald, is building a model Napoleonic coach for entry in the 1934 Fisher Body Craftsman's Guild competition.

We certainly do hope that Marshall may win first place on the coach. He has the opportunity of winning a complete college education.

The Junior League met at the church house Wednesday night for "play night." A good sized group of boys and girls were present and much enjoyment was had by them.

The 4-H Club girls were awarded prizes recently on their pillow slips, as part of their work in bedroom improvement. Nell Van Leer placed first in second year group and received a bud vase. Marcelle Miller placed third and received a picture.

Mr. and Mrs. J. O. Morris and daughter, Lucille, were business visitors in Spur Saturday.

Mr. and Mrs. J. T. Parker and family were transacting business in Crosbyton, Saturday.

Mrs. C. Gallishar has her sister visiting her.

We had a very large crowd out for Sunday School, Sunday. Rev. Hood

is holding a revival meeting at Wake and there was no preaching Sunday. The Women's Missionary Society will serve ice cream and cake at the candidate speaking Monday night, July 23.

Juanita Garvin is at Mineral Wells for an extended visit with relatives and friends.

Aline Allen and Marjorie Van Meter, Tech students, were at home with their parents for the week-end.

Marjorie and Aline were among the Tech students to go to Carlsbad Caverns, New Mexico, recently. They reported this quite an interesting trip.

Mr. and Mrs. Lee Parker were business visitors in Crosbyton, Saturday afternoon.

A number from here attended the singing at Pansy, Sunday afternoon.

IT IS TIME FOR DICKENS TO FURNISH A DISTRICT ATTORNEY. WE CANNOT SELECT A BETTER MAN, OR ONE BETTER QUALIFIED FOR THE PLACE THAN ALTON B. CHAPMAN.

EVERY LAWYER WHO HAS WORKED WITH HIM SAYS HE IS THE BEST QUALIFIED. EVERY COUNTY OFFICIAL IN DICKENS COUNTY HAS ENDORSED HIS ABILITY.

HIS HONESTY AND INTEGRITY IS BEYOND QUESTION.

HE HAS SPENT THIRTY YEARS IN WEST TEXAS AND SIXTEEN YEARS IN WHAT NOW CONSTITUTES OUR JUDICIAL DISTRICT.

HE AND HIS FAMILY ARE OUR NEIGHBORS, AND ALL OF THEM HAVE LIVED LIVES AMONG US THAT HAVE BEEN CLEAN AND HONEST.

IT HAS BEEN 25 YEARS SINCE THIS COUNTY ELECTED ONE OF ITS CITIZENS TO THE OFFICE OF DISTRICT ATTORNEY.

HE IS WORTHY AND HE IS QUALIFIED—SO GIVE HIM AS NEAR A HUNDRED PER CENT VOTE AS IS POSSIBLE AND YOU WILL NEVER REGRET HAVING DONE SO.

PUNDT SEEKS VOTES FROM HOSPITAL BED

This is a strange form of campaigning for a healthy, vigorous man, but John Pundt, Railroad Commission candidate finds it more comfortable until his broken ribs mend. He will finish his speaking engagements by radio. Pundt was injured near Victoria a week ago when his car overturned as the result of a blowout. His publicity director, Preston Sneed of Dallas, was killed in the crash, and Eugene Smith, his campaign manager was cut severely on the head.

SEVEN CLUBS MAKE BEDROOM TOUR

One of the best tours of the county was conducted last week when representatives from seven of the home demonstration clubs visited the winning bedrooms of the county. The first visit was to the home of Miss Clara Rich of McAdoo 4-H club who won first place in the county in her bedroom improvement work. Clara told the visitors how she had improved her room. She showed them a neatly arranged clothes closet that disclosed shelves for folded wear, a shoe rack and hat racks besides the

rod for hangers. Her room contains the five essential units for a bedroom, namely, rest unit or comfortable bed with mattress and spring covers; dressing unit, in Clara's room, a dressing table made by her dad; a storage unit, a bathing unit, and a reading or study unit, a reading table built by her father. "I am so proud of my room; it is so easy to keep it in order," she said.

The next stop was in Twin Wells at the home of Miss Elizabeth Williams, first place winner in the contest for the bedroom demonstrators of the women's clubs. Miss Williams' room represents more work than any two of the others rooms, improved this year. She told the visitors how she ceiled the room which was stripped, with cardboard boxes then canvassed and papered. "Of course mother helped me," she added. She built her clothes closet to the ceiling and added shelves to it; she built a bookcase in the chimney; built a dressing table, wash stand, and a magazine end table from fruit boxes. She is justly proud of her room. "It is worth all the work it took," she thinks.

The last stop was in the room that won second place in the women's work, that of Mrs. W. O. Garrison, of Red Top. Mrs. Garrison improved her sons' room. "The boys never have to be told to hang up their clothes or to straighten the room. They are happy

to have a place where they may entertain their friends."

Those making the tour visiting from one to three rooms were: Mrs. J. L. Hagins, Mrs. C. R. Bennett, Mrs. L. E. Bennett, Miss Nellie Sue Durham, Duck Creek; Mrs. F. B. Crockett, Misses Ruth and Beatrice Spivey, Espuela; Miss Elizabeth Williams; Mrs. J. H. Hooper, Mrs. Tom Gilmore, Mrs. L. B. McMeans, Miss Minnie Fae McMeans, Mrs. Katie Conatser, Twin Wells; Mrs. W. F. Shugart and Mrs. Roy Arrington, Red Hill; Mrs. I. E. Abernathy, Soldier Mound; Mrs. Robbie Allen, McAdoo; Mrs. W. O. Garrison, Mrs. R. F. Harrell and Mrs. Ray Rankin, Red Top.

CLUB NEWS

Espuela Club Makes Good Record
 "At present we have 15 club members. They are 100% in good fitting patterns and each has made a dress and will exhibit it at the county contest. (They did exhibit their dresses and slips 100%). Twelve of this number have provided adequate storage space and five have kept records of their clothing expenditures. We had our achievement program in June; at that we had a review of style and color suitable for the individual type and the social needs of our members. Slips and dresses were exhibited. Our county goals for the cooperators are for each to make and exhibit at the county contest slips and dresses made by their foundation patterns. I am glad we have reached these goals," reported Mrs. F. B. Crockett, wardrobe demonstrator for the Espuela club and winner of first place in the contest in the county for the Class I demonstrators.
 "This has been a very helpful year to me. We have had few clothes but by planning them as we are taught in our home demonstration club work I have felt that my clothes were suitable for any place I might go. As time goes on I will improve them more as I have learned to keep account of my expenditures, to plan my clothes according to my needs, to buy with some knowledge of fabric, line and color suitable to my own personality, and to give my clothes more systematic care. I find it helps to budget my clothing money and shall do that for each member of my family next year. I have learned to use my foundation pattern and can make my own clothing so that I can have more with the money I have to spend," she added.

BEEF MAY BE CORNED

"We had some pickled or corned beef for dinner today, Monday, and it was fine," said J. B. Springer of the Steel Hill community. He was given a recipe for corning beef Thursday and reported the success of his work. "The meat was much more tender than when we put it in the brine."
 "I cut the meat in fairly small pieces and allowed it to cool thoroughly. Then each piece was rubbed with salt, packed in an oak barrel or stone jar, and weighted down with a board and stone. Then the meat was covered with a brine made of 1 1/2 lb. (3 cups) salt, 1-4 lb. (1-2 cup) sugar, 1 oz. saltpeter, and 1 gal. water. Be sure all the meat is under the brine."
 "The meat we had today was good. The directions from the Extension Service suggest that the meat will be ready for use in about two weeks. It should be kept in the brine until used or it may be canned after two weeks. If left in the brine over 30 days it will have to be parboiled. I must have told two dozen people Saturday how to make the brine for corning beef," Mr. Springer added.

consumption. Every precaution should be taken to properly prepare the meat. Three things are extremely important in meat canning any time and are even more important when canning it in hot weather. They are: 1. Thoroughly cool the meat before canning; 2. Be sure that meat is properly pre-heated before sealing, and; 3. Thorough cooling, immediately after removing from the canner.
 Miss Zetha McInnis, Miss Lola Blair, and Roy W. Snider of the Extension Service say that if canned in the summer meat should be thoroughly cooled in a cold storage plant. As a maximum, the carcass should remain in cold storage two or three days for ripening. In cases where this is not possible, the following minimums should be had for 500 lb. animals (live weight): 34-38 degrees in storage 18 hours; 42-45 degrees, 24 hours. If the temperature is below freezing the meat should not remain longer than 12 hours or it will begin to freeze. When ready to can the meat should be removed a quarter at a time and canned as quickly as possible.

To make sure that the meat is properly pre-heated, at least 150 degrees in the center of the can, after searing meat, pack in can and put in pressure cooker without lid on. Clamp lid on cooker and bring pressure to 15 lbs. and hold it 20 to 25 minutes for No. 2 and No. 3 cans. Allow pressure to go to zero before opening, then seal cans and process at 15 lbs. for 65 minutes for No. 3 cans.
 Cans should be thoroughly cooled immediately after removing from the canner either in running water or in

tubs changing the water several times and adding ice to the last water if possible. Store in a cool, dry place. Temperature of from 50 to 70 degrees is considered best for storage.

KGKO TO DOUBLE POWER

Wichita Falls, July 23—Kate Smith Guy Lombardo, Bing Crosby and a host of other nationally known entertainers will be brought closer to radio listeners of this area when radio station KGKO at Wichita Falls becomes a member of the Columbia Broadcasting System on July 29.

The Federal Radio Commission recently granted this station a permit to double its power, making it possible to get the Columbia contract. According to D. A. Kahn, Manager, the station will operate sixteen hours daily. Twelve hours each day will be devoted to the national programs and events of special interest to audiences in West Texas and South ern Oklahoma.

The Columbia network offers through KGKO program of varied nature including the world's greatest musicians, dramatists and comedians, Mr. Kahn declared.

TWIN WELLS HOME DEMONSTRATION CLUB

The Twin Wells Home Demonstration Club had their regular meeting at the home of Mrs. L. B. McMeans.

Plans were made for the Twin Wells club to entertain the Croton club with a picnic at 2:30 p. m. on August 10. "Be sure to bring some sandwiches containing carrots as they are especially healthful because of their mineral and vitamin content," the farm food supply demonstrator told the club.

The farm food supply demonstrator discussed the curing of pickles. There was one new member added to the club making a total of seven

members present.—Reporter.

Sen. Clint Small

As a Candidate for

Governor of Texas

Appeals To You For Your Vote On The Basis of Accomplishment and Past Services Rendered His Constituency Rather Than Promises To Do The Impossible!

Clint Small has never betrayed the trust given him. He has worked hard as a true, faithful, and loyal public servant trying to obtain for the people of West Texas the things they needed and deserved.

Clint Small is more than a sectional candidate. He is the recognized leader in the Senate. He has the ability, experience and courage necessary to make Texas a real governor.

It Was Clint Small

WHO secured passage of the river bed bill to protect the rights of farmers and ranchmen against vacancy land grabbers.

WHO led the fight in the Senate for the gasoline tax refund which saves the farmers of Texas more than \$2,000,000 annually

WHO wrote and fought for the passage of the road bond assumption law setting aside part of the gasoline tax to pay principal and interest on county road bonds and thereby reduce the tax burden on real estate and personal property approximately \$8,000,000 annually.

WHO prevented the expenditure of \$15,000,000 to centralize the prison system near Austin by writing and passing a bill to rehabilitate the present system which has been done.

WHO led the fight to keep the state relief funds out of politics and helped write the law which provides for their expenditure on a constructive basis.

WHO worked day and night in writing a moratorium law that would be fair and equitable to all parties and which would stand up in the courts.

WHO has been the loyal and faithful public servant of the people for six years in the Senate, who has ability, courage and integrity and an intimate knowledge of state and local government gained from 18 years of public service which qualifies him for the high office of governor.

Clint Small Proposes

—RETRENCHMENT in the expenditure of Tax money for the special boards and bureaus operated at public expense for private industry and that expense of such governmental agencies be borne by those industries directly benefited by the service from such boards and bureaus.

—FOR EDUCATIONAL welfare to Texas school children, a per capita apportionment of not less than \$16 per annum based on actual attendance in the public schools of our state.

—THE CREATION of a public utilities commission to secure a fair and equitable consideration for both consumer and producer

—A REORGANIZATION of The Texas Rangers and State Highway Patrolmen under a unified system for law enforcement to cope with the crime situation.

—THE ESTABLISHMENT of a Board of Pardons, taking the power of granting pardons from the hands of the governor and at the same time taking the pardoning power out of politics.

—THAT THE STATE at all times pay labor a fair wage and one that is equal to the prevailing wage scale in any given community on any state project.

—A Business Administration on a sound, sane and conservative basis.

As a true citizen of Texas, interested in the welfare of all Texas; seeking to further the better interests of our state government on a sound policy, sanely conducted, free from political alliances, you are urged to cast your vote for—

SPUR REPRESENTED AT C. M. T. CAMP

Dickens County is represented at the Citizens' Military Training Camp now under way at Fort Sill, Okla., by one young man, all ready for a month of military instruction, coupled with an athletic program emphasized by the officers as being on a par

with military subjects in importance. Rows of tents house the 500 young men from all parts of Oklahoma and northern Texas, who will work and play vigorously from now until August 4, under supervision of officers of the 380th Infantry reserve regiment, assisted by regular army officers in administrative positions. For the trainee who like particu-

lar sports there will be baseball, volleyball, basketball, track, swimming, boxing and wrestling. Every youth will have a chance to try out for his company or battalion teams.

Lieutenant Colonel A. Noble Ladd, in charge of the training program at the camp, said four weeks of the outdoor life such as is scheduled here will develop the trainees physically and mentally, and improve their understanding of good citizenship.

CHEVROLET ESTABLISHES CONDITIONING PLANTS

Car conditioning plants, a new branch of motor car manufacture have proved their usefulness to the factory, the dealer, and the car buyer, in their first six months' operation at the nine Chevrolet car assembly plants, according to a report issued by Chevrolet.

This new factory activity, used exclusively by Chevrolet, is the final preparation of new cars for delivery to purchasers, combining an elaborate tightening up, engine tuning, road test, and final inspection.

This innovation was adopted primarily for the benefit of the purchaser, in order that every Chevrolet might begin its active service under the most advantageous conditions.

An important incidental benefit to the factory has been the improvements effected in the original assembly of cars through the operation of the conditioning plants, which provide an immediate check on assembly line operations. Such improvements, in turn, have had the effect of reducing the work to be performed in the conditioning plant itself.

Buildings designed for car conditioning at all nine car assembly plants follow the same general plan. All are one-story skylighted buildings, with the floor at the level of the entrance and exit driveways, only five feet above the concrete floor of the shallow basement. Parallel wells in the floor, running across the building, form pits over which the cars stand while the conditioning work is performed.

Connally An All Texas Senator

Senator Connally's West Texas speaking tour, in the interest of his campaign for re-election, this week, is in the nature of a report to the citizens of this region upon his special services on their behalf rendered in his first term. Among Senator Connally's activities were several having a direct and special bearing upon West Texas needs and problems.

The Senator's services to this part of the State became notable so long ago as 1929, when he accepted the duty of leading the Texas representation at Washington on behalf of crop loans for all of the drought territory of that year. The people of this region will remember that it was not an easy task which confronted community leaders, headed by the West Texas Chamber of Commerce, when they went to Washington to present to a Republican administration West Texas' plight and ask for federal aid in providing credit which would enable individual farmers to continue in business. Senator Connally's popularity and prestige at the national capital turned the day, and West Texas received consideration which in a later, and Democratic administration, and gain with the benefit of Senator Connally's unremitting efforts, became a settled policy of federal aid.

Another measure of great aid to West Texas, resulting from Senator Connally's efforts, is the Jones-Connally cattle relief act, placing cattle as a basic commodity under the provisions of the agricultural adjustment act. West Texas is now receiving the benefits of this act, and will continue to receive them in increased measure during the continuance of depressed conditions in the livestock industry.

These are services of Senator Connally in which West Texas has the chief interest and has been the chief beneficiary. With other sections of the State, West Texas shares the benefits of the Connally amendment to the 1930 tariff act increasing the duty on cattle and thereby protecting livestock producers against the competition of cheaply-produced foreign cattle. The same is true of the Connally amendment to the 1934 revenue act levying an excise tax upon foreign animal and vegetable oils and fats, protecting both livestock producers and growers of cotton seed, peanuts and other materials from which vegetable oils are produced.

Senator Connally's work for the guarantee of principal and interest of Home Owners' Loan Corporation bonds, the import tax on foreign petroleum, and of the amendment requiring federal land banks to consider pleas for extension on their merits have benefitted the whole State. West Texas especially has benefited from the Connally amendment to the Public Works Law apportioning federal highway aid on mileage basis. This amendment resulted in \$1,500,000 additional federal funds for highway construction, and a large part of this has come to West Texas.

West Texans who have occasion to deal with the Federal Government attest the fact that Senator Connally's powerful assistance has ever been at their command. He is a Texas Senator who does not forget that the State extends far west of the one hundredth meridian. —Fort Worth Star Telegram, July 11, 1934.

Chevrolet Continues Record Breaking Sales

Chevrolet's record breaking sales continued their advance in June, shattering all monthly records since May, 1931, and achieving the highest June total since 1929, officials of the Chevrolet Motor Co. announced today. Retail sales for the months as compiled from dealers reports, were the basis of the announcement.

The showing is considered especially notable in light of experts prediction that automotive volume in general would fall off some 12 per cent during June, instead of receding, Chevrolet sales show a gain of more than 12 per

cent. Dealers credit Chevrolets new low prices, which took effect June 2, with upsetting the prediction so far as Chevrolet is concerned, and paving the way for this substantial increase.

Hunter Stresses Free Education

BEAUMONT, July 23—"Provision of a free public school education and opportunity to use training so acquired in a field of open competition where individual enterprise may be exercised with promise of greater reward than the post of a hired hand are basic obligations of the state to its youth," Tom Hunter, candidate for governor, told his audience here Thursday night.

"The safety of any self-governed people depends upon its educational facilities, upon well grounded planning of the trained mind, and availability of opportunity in independent competition. A proper educational program not only provides facilities for training but for understanding of the principle of political economy which governs the contentment of ambitious youth. Hope that they may by their individual efforts scale the heights in professional or business careers must be maintained for our boys and girls. This cannot be done unless we realize the evil trend of our monopolistic system under which the public utilities, the oil trust and chain business of all types are steadily closing avenues of individual endeavor. Who is content to view the prospect of no higher star to hitch one's wagon to than that of being servant to some master, a condition certain to be brought about unless corporate interests are checked in their march toward monopoly control of all fields of endeavor?"

"A safely organized school system will recognize the task of providing proper education and proper opportunity as a state and not a community problem. A proper recovery program will put a free public school with recognized credits within reach of every boy and girl. It will protect against under pay for classes of teachers now being denied a fair wage and it will lend state aid for higher education."

Chevrolet Owners Purchase Radios

Chevrolet dealers have sold 35,000 automobile radios to purchasers of new Chevrolet cars in the last 90 days, M. D. Douglas, parts and service manager of the Chevrolet Motor Co., announced recently. The report

covers only the sets installed in new 1934 Chevrolets. It does not include the additional thousands purchased from Chevrolet dealers by owners of other cars or of earlier Chevrolets.

While the accomplishment is important in itself, as setting an all-time record for radio sales by Chevrolet dealers, Chevrolet officials are especially interested in it as an index of the public's increased buying power. It signifies that many automobile buyers instead of contenting themselves with the car itself, have enough money over and above its purchase price to indulge their desire for additional comfort, luxury and enjoyment. The situation, it is pointed out, did not exist a year ago, and the fact

that it does exist today is a proof of returning good times.

WAKE UP YOUR LIVER BILE— WITHOUT CALOMEL

And You'll Jump Out of Bed in the Morning Karin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good, old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

But don't take liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Resist a substitute. Get at drug stores. © 1931 C. M. Co.

Appeals For Curb In 1935 Costs

By C. A. JAY
of Industrial, Commercial and Agricultural Conference of Texas

"Local government in Texas, as a rule, has been extravagant government. Cities, counties and school districts have wasted money because expenditures have not been wisely planned well in advance. Responsible public officials of the various 8,466 local units of government which we have in Texas are, in many cases, using the cost of relief work as a reason to justify the tremendous burden incident to local taxes in this state.

The facts are, however, that extravagant, poorly planned expenditures, unnecessary offices and unwise use of credit had placed most units of government in this state in perilous financial condition before the depression ever began. The depression has only served to bring it to our attention.

Budget-Making Month

The month of July is budget-making time in every county in Texas because during the month of July the law requires every county judge in Texas to prepare a budget to cover all expenditures for their respective counties. Local units of government in Texas collected taxes to the amount of approximately 130 millions of dollars during the past fiscal year. The most pronounced opportunity for economy in the expenditure of tax funds lies within local units of government. When the taxpayer fixes his eyes on Washington or on Austin and forgets the 8,466 local units of government which his tax dollar is supporting, he makes a serious mistake.

The Texas uniform budget law has been frequently referred to by students of government as one of the most comprehensive and effective laws ever enacted by any state to deal with the problem of controlling public expenditures.

One thing is certain: local government, including counties, cities and school districts, must find ways to meet necessary public expenditures and at the same time reduce the total cost. It can be done, and it should be done. The budget is the most effective agency to accomplish this purpose. Taxpayers had as well begin to look at the problem of public expenditures as it is, rather than as they would like to have it. You cannot continue to remit interest and penalties on taxes and grant tax moratoriums, if local government is to avoid bankruptcy. Tax moratoriums will not meet obligations incident to public expenditures. You cannot, over a long period of time, continue to collect less and spend more. If local taxes are to be reduced, it will be accomplished through the medium of well-planned budgets, rigidly enforced. The public official who in one breath advocates a moratorium on tax collections, and in the next breath extravagantly public expenditures, is not serving the taxpayers interest.

Right at this time, when all counties are preparing their budgets for the coming fiscal year, when many cities are preparing their budgets, as well as all school districts, the provisions of this law—that it requires of public officials and the protection it offers the taxpayers is a matter of current interest. Briefly summarized, these are the provisions of the Texas uniform budget law as it applies to counties, and of course the same general procedure is likewise applicable to other taxing units, including school districts, cities, etc.

Judge Initiates Program

The county judge is the responsible budget officer; the Commissioners' Court must hold a public hearing on the budget; taxpayers may examine the proposed budget by calling at the county clerk's office, and also may offer suggestions and protest proposed levies at the public hearing; taxes cannot be legally levied until a budget is adopted by the Commissioners' court; expenditures can legally be authorized only in accordance with the adopted budget; tax rates cannot legally be set higher than is necessary to raise the amount set up in the budget; additions to the budget can legally be made only in case of 'grave public necessity'; failure to prepare and adopt a budget is punishable by fine and imprisonment.

This law also has very specific requirements, and failure to meet those requirements by public officials renders the officials liable to severe penalties. The only time for preparing the budget for the county is the

month of July. This is the time set by law, regardless of whether the particular county in question has a fiscal year beginning in October, January or any other month. Section 10 of the uniform budget law fixes July as the time for preparing the budget, and makes the provisions applicable to all counties.

The law requires more than a lump sum appropriation. It states: 'Such budget shall be carefully itemized . . . and must also be so prepared as to show as definitely as possible each of the various projects for which appropriations are set up in the budget.' It shall also contain a complete financial statement of the county . . . the funds received from all sources during the previous year, the funds available from all sources during the ensuing year, the estimated revenues . . . and the estimated tax rate which will be required.'

Palace Buys Ritz Theatre

Lea & Everts, owners and operators of the Palace Theatre, announced the last of the week that they had purchased the Ritz Theatre and had taken possession. Mr. Everts stated Tuesday that a picture program would be given at the Ritz Friday and Saturday of this week, after that it would be closed indefinitely.

Due to the drought, the Palace management stated that only the Palace would be operated through the balance of the summer.

July 29 to August 12 is the time of the BAPTIST REVIVAL

John K. Johnson and Mrs. T. A. Johnson were married last Wednesday night at the home of Rev. M. F. Ewton. The ceremony took place about 9:30, and the couple left immediately for a short trip in East Texas and Louisiana. The Times and friends wish them much happiness.

Fish stories are in order! Mr. and Mrs. Edgar C. McGee and Mr. and Mrs. Acie Bailey have returned home from a fishing trip to Elephant Butte Dam. Each has a fish story that will be hard to best.

The Girl Scouts are attending an encampment at Cloudercroft, New Mexico, and several girls from Spur are with them. From all the reports we have received from them, they are getting a real thrill out of the trip.

Marshall Formby of McAdoo, an admirer of the Dickens County Times, has taken over the Aspermont Star. We wish him a great success in his new work.

Mrs. O. C. Arthur stuck a splinter in her foot one day last week. She was taken to the sanitarium Friday where it was learned that a very serious infection had set in, however, she was able to return home Tuesday.

Miss Leona Denson, who has been attending Texas Tech the past several weeks, has returned home.

Miss Tona Slaton returned this week from a visit in Louisiana.

A. C. Hull, who has been in Fort Worth, came home Tuesday. Crate Snider visited friends in Lubbock last week.

Miss Lillie McArthur has returned home from Lubbock where she has been in school at Texas Tech. Lee Mimms, County Commissioner for Precinct 4, was attending to business affairs in our city Monday.

Millions NOW WANT THE NEW Firestone CENTURY PROGRESS TIRE
THAT TEN MILLION PEOPLE HELPED TO BUILD

EQUAL OR SUPERIOR TO ANY FIRST QUALITY TIRE BUILT
REGARDLESS OF NAME, BRAND, BY WHOM MANUFACTURED OR AT WHAT PRICE OFFERED FOR SALE

THE immediate and enthusiastic acceptance of the new Firestone Century Progress Tire started a tremendous wave of buying that is keeping the Firestone factories running twenty-four hours a day to meet this huge demand.

We knew that car owners would replace their thin-worn, dangerous tires if they could get what they wanted in a tire at the price they wanted to pay. We found the answer through ten million visitors to the Firestone Factory at the World's Fair last year. We asked them—"What do you value most in a tire?"—and their answer was—"Give us Blowout Protection, Non-Skid Safety, and Long Wear, at a moderate price."

Drive in to the Firestone Service Dealer or Service Store today! Equip your car with these new Firestone Century Progress Tires, with the massive flat tread, deep-cut, non-skid, broad husky shoulders, and Gum-Dipped cords. Tire prices probably never again will be as low as they are today. At these unusually low prices for first grade tires, we make it easy for you to buy not only one tire, but a complete set.

And Remember — with every tire you are protected by the new Firestone Triple Guarantee
