WHOLE NUMBER 485

J. L. (Johnnie) Koonsman Elected Sheriff For Two Year Term

With only four voting boxes to report J. L. Koonsman has a substantial lead in Tuesday's election for the office of Sheriff. Tax Collector and Assessor for Dickens County the next two years. Koonsman's name, with other candidates, was written in the ballot in lieu of the name of W. B. Arthur, deceased, who was the Democratic nominee for the office.

The vote is: Koonsman 804; Sloan, 372; Arthur, 330; Barber, 170; Kimmel, 88; Mrs. Arthur, 16; and F. F. Henry 1. Mr. Henry was not a candidate for the office. This is unofficial returns from 13 of the 17 boxes in the county. Red Mud, Dumont, Duncan Flat and Prairie Chapel had not made reports on results in time for them to be included in this report.

Four of the eight proposed Constitutional Amendments were trailing by a small margin, while the other four seems to have carried in the county by small margins. The property classification amendment, for 320, against 255; the Commissioners' Court Supervision, for 266, against 279; the maximum tax amendment, for 184, against 345; abolishing the fee system, for 278, against 261; county creation amendment, for 229, against 288; home rule city charter amendment, for 242, against 247; home rule city officials, for 266, against 252; University land tax, for 360, against 193. Early returns from over the state indicate that all eight Amendments have been defeated.

FIRST FILM TO SHOW WAR AS IT REALLY IS

The greatest war film of all time comes again to the screen.

"All Quiet on the Western Front", Universal's picturization of the world-famous novel by Erich Maria Remarque, will be shown at the Palace Theatre on Sunday and Monday, Nov. 11-12.

Four years ago the picture was made at Universal City. That was in the spring of 1930. But today "All Quiet on the Western Front" is more timely than ever before. Its very timeliness, as explained by Carl Laemmle, president of Universal, is the reason for presenting it again. Mr. Laemmle says:

"This picture is brought back at a time when the whole world is again fearful of war. The story was written by one who hated war because he knew from experience that it is hell, not glory. The mothers of the world will welcome it. It is greater than mere entertainment, because it is a war against war itself. As a showman, I am intensely proud to offer it to the public again."

When "All Quiet on the Western Front" completed its initial runs throughout the world, Mr. Laemmle promised that should war again threaten the world, he would reissue the classic film. Now he keeps his promise. With Europe, Cuba, Asia and the Far East so many powder magazines ready to be ignited, he comes forth

LEGION AUXILIARY TO HOLD POPPY SALE

The auxiliary of the local American Legion Post will start their annual poppy sale here Saturday. The sale will continue over until Monday at which time it is hoped to be able to dispose of the supply on hand.

The receipts from poppy sales go to disabled ex-soldiers in the various hospitals in the country to help defray their expenses and to provide the various needs which the hospitals do not furnish. Every one buying a poppy each year helps greatly in this work.

The public will be given an opportunity to buy poppies Saturday and Monday.

Stalcup and Brown In Lubbock Jail

Virgil Stalcup and Clarence Brown, murderers of Sheriff W. B. Arthur, were incarcerated in Lubbock jail Monday afternoon. As the train rolled into Slaton at 2:10 Monday afternoon the prisoners were removed and taken by automobile to Lubbock. The crowd of people who waited the arrival of the train at Lubbock found that the prisoners were already in jail when the train arrived.

Brown was captured last Thursday near Houston while he and a negro were fishing. Two deputies who saw them go out into the bay in a boat, secured another boat and posed as fishermen until they were in good advantage and then with pistols aimed told Brown and the negro to surrender. There was no resistance on the part of either. Stalcup was captured the next afternoon in a garage apartment. As he entered the apartment two officers stuck pistols into his sides and asked him to surrender, which he did.

Stalcup and Brown will be investigated by the grand jury of Dickens County in the near future for the murder of Sheriff Arthur. Stalcup has 254 years on him and Brown has a 99-year and a 10-year sentence to serve. Brown stated that Stalcup shot Sheriff Arthur, but he did not see the shooting as he was looking in the opposite direction. Stalcup refused to talk about the incident and stated that he "would have nothing to say until I goes to trial."

Brown and Stalcup are in separate cells at Lubbock and are being carefully guarded.

NATIONAL BOOK WEEK

Next week, November 11-19, is National Book Week. The people of Spur are fortunate in that they have the opportunity of reading good books through the service rendered by the City Library which is located in the Spur Municipal Office.

Miss Faye Davis is the librarian. Subscription rates are \$1.50 per year, or 25c for two months. Several new books will be received during the next week.

Miss Gussie Noles, of Roby, spent the week end with Miss Leona Denton.

Join Red Cross Roll Call For 1934

Dickens County Chapter Roll Call Begins Nov. 19

Dickens County Chapter American Red Cross has announced roll call week beginning November 19th and ending November 24th.

A survey is being made with the view of determining the number of children in this county out of school for lack of shoes. It is the intention of the Chapter officials this year to set aside local Chapter portion of roll call proceeds for two purposes. Emergency medical aid and childrens school shoes. No money will be spent for other purposes.

An organization is now being worked out for all communities in the county in order that the roll call may be as large as possible. Announcement of this organization will be made in next week's papers.

Roll Call Chairman Webber Williams, Chapter Chairman D. L. Granberry and Mrs. Madge Twaddell, County Superintendent of Schools, are working out the details of this new and useful program. A definite statement of policy is being made in order that the people of our County may know to what purpose these funds will be used.

Armistice Program At Palace Theatre Sunday Night

The Boyd M. Williams Post of American Legion will conduct an Armistice Day program at the Palace Theatre auditorium Sunday night.

This program is open to the public and is not restricted to Legionnaires. The ex-service men are extending an invitation to everybody to be present for the program.

Officers of the local Post request that all ex-service men meet at the Legion hall at six o'clock Sunday afternoon. The program will start sharply at seven o'clock. Rev. R. C. Brown, of the First Christian Church, will bring the principal message of the evening. There will be others on the program, and probably the history of the local post will be given.

The pastor's association of the town has agreed to call in all services at the various churches in order to give everybody an opportunity to attend the services at the theatre.

Next Monday the ex-service men will hold their annual barbecue at the Fair Park, and just before this there will be a parade down main street. The parade has not been decided on yet.

CONSTITUTIONAL LIMIT ON SOLONS UP SATURDAY

The 30-days period allowed by the State Constitution for a called session will be up at midnight Saturday, and thus far the legislature has disposed of only one of the four measures they were asked by the Governor to consider. At the opening of the session the Governor outlined the needs of the present called session in her message and then went on with the work in her office, leaving the legislators to reach results. Only one bill has been passed to date in this session. Three others remain on the calendar.

The House passed the tax relief measure which relinquishes all penalties and interest on taxes due August 1, 1934, provided they were paid before March 15, 1935. The bill provided that the relinquishment be made mandatory on cities and schools and the Senate rejected the bill on this ground.

The centennial appropriation bill has never been discussed through and it seems very doubtful that it will in either house. In addition there remains the Colorado River bill, and the bill authorizing the sale of the remaining \$3,500,000 Relief bonds. The only bill passed and which may receive the Governor's veto was the lower Brazos Valley Reclamation District bill.

A new legislature was elected Tuesday and it seems now that all these measures will have to wait until the next regular session which convenes in January. The present session seems to have accomplished but little, if anything at all.

NOTICE—I am sick in bed. Persons owing me can help by paying now. I can use wood, beans, meat, lard, butter, eggs, or anything to eat. But I need it now.—O. D. BLANTON.

"SPIT FIRE" PALACE Saturday Midnite

Clarence C. Smalley, of Afton, had a finger amputated at the Nichols Sanitarium Wednesday afternoon.

About three weeks ago Mr. Smalley was working with some fence on a Matador Ranch pasture and stuck a wire barb in second finger of the left hand. He had the finger treated at Matador but for some reason it became infected and very painful. He came to the sanitarium here and was advised that it would be best to remove the finger.

Miss Edith Ince was in Lubbock Tuesday.

TO THE PEOPLE OF DICKENS COUNTY

I take this means to extend my thanks and appreciation for the nice vote given me in the election Tuesday. To those who voted for others, I want to say that was your right and privilege, and I will do my best to be your sheriff, too. I cherish the cooperation of the people in executing the duties of the office, and I want to work with you for the success of our county.
J. L. (Johnnie) KOONSMAN.

P. T. A. Meeting Tuesday Night

The November meeting of the Parent-Teachers Association will be held at the East Ward school Tuesday, Nov. 13 at 7:30 o'clock. The program for this meeting will be a Pioneer program in keeping with Spur's twenty-fifth anniversary. The East Ward school furnishes the introduction to the program.

Pioneers in P. T. A. will be given by Mrs. Weaver, Pioneer Days in Texas schools will be given by Mrs. P. H. Miller and Mr. C. A. Jones will talk on Pioneer Days in Dickens County. The State P. T. A. song will be sung by Mrs. McKnight.

The membership drive resulted in 114 members with Mrs. Zachry's room at East Ward and Miss Langston at Junior High winners in the contest. Winner in high school will be announced this week. This number is 10 short of the total to be a standard P. T. A. Those who have not joined are urged to do so at once. Make your plans to be at East Ward next Tuesday evening and enjoy a good program.

Club Exhibit Is A Success

The home demonstration club exhibit held Saturday was a success in many respects. The exhibit was not as large as it should have been and the quality might have been much better but on the whole the products were good. The Exhibit Committee with Mrs. I. E. Abernathy as chairman, and the council chairman Mrs. F. B. Crockett, had entire charge of the exhibit and everything was well cared for with every phase of the exhibit efficiently planned and executed.

Miss Evelyn Jennings, home demonstration agent of Fisher County, and Miss Veralee Jones, home demonstration agent, Jones county, were the judges. The following is a list of the placings for which the council gave ribbons. Quart cured cucumber pickles, second place, Miss Elizabeth Williams, Twin Wells club; third place, Mrs. W. E. Ball, Espuela club. Pine cucumber relish, second place, Mrs. L. B. McMeans, Twin Wells club; third place, Mrs. W. E. Ball, Espuela club. Quart string beans, first place, Lizzie Lou Baxter, Afton; second place, Mrs. L. B. McMeans, Twin Wells club; Mrs. John Bachman, Soldier Mound club, third place.

Quart field peas, third place, Mrs. F. B. Crockett, Espuela club.

Quart other vegetables, third place, Mrs. R. C. Alexander, Prairie Chapel club.

Pint greens, second place, Mrs. L. B. McMeans; Mrs. W. M. Hunter, Steel Hill club.

Quart canned peaches, Mrs. F. B. Crockett, first; second Lizzie Lou Baxter; third, Mrs. W. H. Parks, Dickens club.

Quart pears, first, Mrs. J. L. Turpen Chandler; second Mrs. H. N. Wingo, Dickens; third, Miss Elizabeth Williams.

Quart other fruit, second Miss Minnie Mae McMeans, Twin Wells; Lizzie Lou Baxter, third.

Plain pillow slips, first, Mrs. R. C. Alexander; second, Mrs. Clark Forbis, Chandler; third, Mrs. J. L. Hagins.

Hooked rug, second place, Miss Ola Seals, Chandler.

FINGER AMPUTATED

Clarence C. Smalley, of Afton, had a finger amputated at the Nichols Sanitarium Wednesday afternoon.

About three weeks ago Mr. Smalley was working with some fence on a Matador Ranch pasture and stuck a wire barb in second finger of the left hand. He had the finger treated at Matador but for some reason it became infected and very painful. He came to the sanitarium here and was advised that it would be best to remove the finger.

AT THE BAPTIST CHURCH SUNDAY

Dr. M. F. Ewton, the pastor, will speak to the people at the First Baptist Church Sunday. His subject will be, "The Challenge of an Epochal Hour". Dr. Ewton is attending the Baptist State Convention at San Antonio this week. Sunday school will be at 9:45 a. m.

Cotton Pooling Closes Saturday

Saturday, the 10th of November is final date for pooling cotton exemption certificates. Everyone is urged to attend to this important matter before Saturday. All the certificates will not be sold. Those not sold will be returned to producer putting them in the pool. Distribution of funds obtained from the sale of certificates will be prorated on a percentage basis, and will, very likely, require some time for checking and distribution; therefore, producers should not expect early settlement for their exemption certificates. Information will be given out through the papers from time to time.

POST LADY DIES HERE

Miss Mammie M. Matsler, 36, of Post, died at a local sanitarium Wednesday morning. Miss Matsler underwent an operation October 27 for an enlarged tumor. She stood the operation fine and seemed to be practically recovered from it. However, this week she developed locked intestines which proved fatal.

Campbell Undertaking Parlor prepared the body for burial. Funeral services will be held at Post today and interment will be in Sunset cemetery that city.

Mr. and Mrs. W. C. Havens, of Kalgary, were in our city Tuesday and stated they had been at the home of Mr. and Mrs. W. H. Havens, five miles north of Dickens, attending the 50th wedding anniversary.

DR. AND MRS. J. N. HANEY OBSERVE GOLDEN WEDDING ANNIVERSARY

Dr. and Mrs. J. N. Haney observed their 50th Wedding Anniversary at their home in Afton Sunday. Three of their children and their families and a number of friends were present and the occasion was very enjoyable. Old time music was rendered by skilled musicians and old time amusements were enjoyed.

At the noon hour a very delicious dinner was served. There was turkey and everything needed to make a dinner complete. Dr. Haney served as master of ceremonies and with his good wife by his side led the way to the dining room and ordered the guests to be seated and enjoy themselves. At the close of the repast there were many toasts and expressions of appreciation spoken in behalf of Dr. and Mrs. Haney and what their lives have meant to the community.

Relatives present were three sons and their wives: Dr. and Mrs. Edward L. Haney of Dallas, Mr. and Mrs. B. Haney of Sudan, and Mr. and Mrs. Burnett Haney of Afton; two sisters, Mrs. Ella Bivens of Pawhuska, Okla., and Mrs. C. S. Miller and her husband of Forrest, New Mexico; a niece, Mrs. Herman Hudson and her two children, Wanda Lee and Vinona, of Melrose, New Mexico; a nephew, R. E. Bivens, and Mrs. Bivens and their two daughters, Sue Anne and Dorie Lee, of Pawhuska, Okla.; Mr. and Mrs. Harold Miller of Pawhuska, Okla., Mr. Miller is a grand nephew to Dr. Haney. Grand children present were: Jim Tom Haney, Mary Helen Haney and Charles Edward Haney all of Afton; Mr. and Mrs. C. I. Miller and baby of Forrest, New Mexico, a nephew.

The guest list consisted of Mr. and Mrs. E. W. Winkles of Hamlin, Mr. and Mrs. C. C. Haile of Afton, Mr. and Mrs. M. C. Golding of Spur, Dr. and Mrs. T. H. Blackwell and son, Ned of Spur, Dr. and Mrs. P. C. Nichols of Spur, Mr. and Mrs. J. E. Rudell of Cone, Texas, Elisha and Frank Winfield of Afton Mr. and Mrs. Tom Jackson of Afton, W. J. Collier of Afton, Mrs. H. V. Johnson of Afton, Mr. and Mrs. W. N. Norris of Glenn, and Mr. and Mrs. W. D. Starcher of Spur.

Dr. Haney is a native of the State of Georgia and was born in Dickens County, that state, September 12, 1864. His father, Newton Edward Haney, was a native of South Carolina, and his mother, Elizabeth (Cantrell) Haney, was a Georgian. Dr. Haney moved with his parents to Arkansas in 1871, and on to Indian Territory in 1882. His father died at Pawhuska, Okla., December 15, 1915, and his mother passed away in 1923. Dr. Haney is the eldest of nine children.

Mrs. Haney was born in Mississippi. Her maiden name was Mattie Reagan and was related to the late Senator John H. Reagan. Early in her life the

The people of the United States voiced their approval of the New Deal in the general election Tuesday by giving the Roosevelt administration candidates an overwhelming majority throughout. Republican Senators in some states were turned out, and on face of early returns it seemed others were going out.

Guffey, Democrat of Pennsylvania, was leading his Republican opponent by a small majority. Chaves of New Mexico was carrying the Democrats through for the Senate in early returns. LaFollette, of Wisconsin and Holt of West Virginia seem to have won. Holt is a Democrat and LaFollette is a Progressive with administration support.

Just how the election of members in the House is not known, but on early returns it looked like the Democrats will make substantial gains.

Merriam, R, was leading Upton Sinclair, Socialist turned Democrat, in the race for Governor of California. Merriam had the endorsement of the administration. It looks as if the Democrats were victorious in gubernatorial races in Massachusetts, electing James H. Curley; Ritchie in Maryland, Davey in Ohio, Futrell in Arkansas, Marland in Oklahoma, Green in Rhode Island, Tingley in New Mexico, Dill in New Jersey, McAlister in Tennessee, Johnson of Colorado, Cross of Connecticut, with Democratic candidates leading in Arizona and South Dakota. Alf M. Landon was elected Governor of Kansas, and in Pennsylvania the race was close with William A. Schnader, R, leading George H. Earle, D, by a small majority.

In Oklahoma Congressman E. W. Marland was leading ex-Senator W. B. Pine, R, 80,990 to 42,206 in early returns. In Texas Alfred Democrat, received nearly all the vote, the Republican nominee getting only a scattering vote.

and Slim Hood and family before returning home. The Kennons and Hods formerly lived here but are now living at Cotton Center, Texas, near Hale Center.
 Mr. and Mrs. Tom Verner, formerly of Spur, are living here now. Mr. Verner has charge of the Magnolia Service Station.
 Mr. and Mrs. Henry Stiles spent last week end in Breckenridge and South Bend, visiting friends and relatives.
 Tom Cooper and family are residing in the house vacated by Glenn Skinner recently. Glenn and Mrs. Skinner have moved to Jayton in order to be near Mrs. Skinner's work. She is employed in the relief office.
 Mr. Simmons has moved to Girard from his farm in the Lost Lake community. Miss Dottie is teaching in the Antelope school this winter.
 Girard has two school buses in operation now. Clark Peek drives one of them and John Smith, teacher in Girard school, drives the other.
 Girard now has a ten teacher school. They are working to affiliate and hope to have a larger school building some time in the near future.
 Mr. and Mrs. Allison Burton, who moved to Floydada about three months ago, were here recently.
 Mrs. Paul Rogers mother came in last week to be with her daughter and new grandson, Lon Edmon.
 Mrs. Carlos Dickerson was ill last week but is much better at this time. Leonard Long, who was called home to attend the funeral of his father, returned to New Mexico last week where he is employed in a C. C. C. Camp.
 The Hull children were all here last week to attend a family reunion.
 Mrs. A. P. Garnett's sisters, Mrs. Johnson of Fort Worth, and Mrs. Roy Blair, of Lubbock, have been here on a visit.

An Armistice Day Tribute

Much has happened since then—since that fateful day of November 11, 1918, when military peace, at least, came to a torn and troubled world.

Sixteen years have passed, bringing with them undreamed of peaks and depths of human emotions and experiences—so much so that it is only natural to overlook and forget at times the very heroes who made that first peace possible.

It is to bring them their just due and honor once more again that we dedicate to them—living and dead—this Armistice day tribute. It is in the wake of their glory—in the reflection of their brave deeds—that we offer these few sincere words of praise and thankfulness.

With heads and hearts bared, let us picture again that valiant march for right and liberty—let the echoes of Belleau Woods, Chateau Thierry—resound today in a message of cheer and gratitude to every ex-soldier, sailor and Marine in this community—and to the families who urged them on-ward.

As representative merchants and citizens, our only answer to the service which they rendered us—must be the pledge to serve to the best of our capacities.

This page is contributed by the following merchants and citizens with the hope that they can in this small way show the gratitude which they feel on this memorable anniversary.

CLUB GIRLS START CLOTHING PROBLEM

Learning to cut and fit patterns took up the time of the Patton Springs 4-H club girls in their regular meeting Friday morning. Each girl is to make a collar as part of her sewing work this year. The club was happy this morning for their president received a ribbon and a check from the State Fair of Texas as a prize on her jar of peaches. Club members present were Edith Baxter, Lizzie Lou Baxter, Hazel Benham, Merle Bennett, Leta Floyd,

Ruth Goodwin, Evelyn and Lillie B. Hamm, Clarice Hughes, Willie Galoway, Paula Mae Johnson, Vera Livingston, Eva Lee Nance, Iva Lee Robertson, Opal Sharp, Nell Williams and Lois Willmon. **1925 BRIDGE CLUB**

Mrs. James B. Reed entertained the 1925 Bridge Club at her home on Carroll Street last Wednesday afternoon. Mrs. Hill Perry won high score at the games of bridge, and was presented with a silver salad fork. A love-

ly salad course was served to the following members: Mrs. C. L. Love, Mrs. M. C. Golding, Mrs. Hill Perry, Mrs. F. W. Jennings, Mrs. Roy Harkey, Mrs. M. L. Jones and Mrs. Nellie Davis.

SO SUM CLUB

The So Sum Club met this week at the home of Mrs. G. J. Lane, where the roll call was answered by many interesting current events. The evening was an enjoyable one for all present, the features of the entertainment being sewing and exchanging ideas.

The hostess served a delicious plate. The members present were: Mesdames Foster, Stovall, Reed, Haile, Weaver, Hale and Love. The club guests were: Mesdames Nichols, Smart, Ernest, Lee, Rector, and Miss Clara Pratt.

CONSTRUCTION STARTS ON PATTON SPRINGS SCHOOL BUILDING

Work started Monday morning, October 29, on the new school building at Patton Springs. At present the contracting firm, C. S. Oates & Son of Abilene, are working 20 or more men on the job daily excavating for the foundation and basement of the new building.

The contract calls for completion within 135 working days from the date of the contract, October 19, for the sum of \$35,982.98 for the general contract. The heating and plumbing contract was let separately and went to Roche Newton & Co., Lubbock, for the amount of \$8,750.00. The electrical and lighting contract, which was also let separately went to A. P. Kasch of Big Spring for the amount of \$1,640. The total of the three contracts for the building completed amounts to \$46,372.90.

Mr. Oates states that barring excessively bad weather he expects to be able to turn the building over to the school authorities March 1, 1935. Completion at that date would permit a third of the current term of school to be held in the new building.

No changes in the size of the building or in the quality of construction was necessary to get within the money. When completed the building will be as planned by the architect and the school board before letting the contract. It will contain one of the finest gymnasiums in this section of the state, in addition to the usual school rooms and study halls, etc.

CLUB MEMBERS CUT COLLARS

"A new collar makes a new dress," Miss Pratt told the Espuela 4-H club girls in their regular meeting at the home of their sponsor Mrs. F. B. Crockett Thursday morning. Each girl cut her collar or a pattern for it. Collars are to be finished by the next meeting.

PATTON SPRINGS PLAYS FIRST FOOTBALL GAME FRIDAY

The Patton Springs football team faces its first opponent Friday, November 9, when the Rangers, as the Patton Springs team has been christened, meet the Roaring Springs team on the home field at Afton. The game will start at 2:30. No admission charge will be made. The entire community and anyone else who cares to come is cordially invited to attend the premiere of the newest and latest football team of the county.

Coach T. L. Arthur of the Rangers feels that his boys will not be too badly outclassed despite the fact that most of them have never participated in a football game before. The team has been practicing faithfully and has the active support of the entire student body.

Patton Springs expects to put out a team next season that will be no set-up for any opponent. The new school has a wealth of excellent material that with further training and seasoning should be able to win its share of the games.

FARMERS APPLY FOR FARM CREDIT LOANS

Foresighted farmers in all parts of Texas are anticipating their credit needs for the coming growing season and already are making arrangements with their local production credit associations for loans in 1935, according to reports received by Tully C. Garner, president of the Production Credit Corporation of Houston. The practice of making credit arrangements before the money actually is needed has many advantages, to recommend it, and the associations would like as many farmers as possible to make their applications prior to the crop production season.

Before making application to a production credit association, the prospective borrower should analyze his 1935 plans carefully: how many acres are to be planted to cotton, how many to feed and other crops, how much labor will be necessary and how much money will be needed for tractor costs or feed for workstock. After he has done this, he should be able to estimate accurately just how much money will be required and when he will need each of the installments of his loan.

By following this procedure, the applicant has no worry about where operating expenses are coming from or when he will get them. When he is ready to begin operations, his loan has been arranged and all details attended to and all he has to do is ask for his check. By budgeting his loan, the borrower affects his loan, that are sometimes surprising to those who have not v

before. Interest, which now is five percent, is paid on each installment only for the time the borrower has use of the money, making a whole season's financing available at very low cost.

WEEKLY COTTON GRADE AND STAPLE REPORT FOR LAST WEEK

The report released last Saturday by the Division of Cotton Marketing at Austin, Texas, giving the quality of cotton produced in Texas indicates slightly lower grades than were reported the week before. About one-third of the cotton classed is Extra White, one-fifth is Spotted, and the remainder is classed as White cotton. The Strict Middling Extra White is running around one-fifth of the cotton classed and White Strict Middling is estimated at nearly one-fourth.

Middling grades in the White and Extra White Standards are slightly less than one-fifth of the cotton classed last week.

Short staple lengths reported continue to be in the majority, for nearly one-third of the cotton classed last week is shorter than 7-8 inch and over one-half was 7-8 inch. Cotton having a staple length of 15-16 inch is reported as ten per cent.

The total tenderable cotton last week was 66.8 per cent, and the total

cotton classed to date indicates that 85.6 per cent is tenderable.

DRAINED TO THE BOTTOM

In considering the diversion of any state gas tax revenue, it is well to bear in mind the reduction in state highway revenue already effected in the last few years. It has been most drastic.

In the fiscal year 1930 when the total gasoline tax yielded slightly more than \$28,000,000 the highway got three-fourths of it, or about \$21,000,000 (the other fourth going to the schools), and further received \$10,000,000 in county aid and \$6,000,000 in federal aid, making a grand total of \$37,000,000.

WAKE UP YOUR LIVER BILE— WITHOUT CALOMEL

And You'll Jump Out of Bed in the Morning Rin' to Go

If you feel sour and sick and the world looks pink, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

It takes those good, old CARTER'S LIVER PILLS to get those two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

Don't ask for liver pills. Ask for Carter's Liver Pills on the red label. Present a...

highway department getting about \$22,000,000 from the gasoline tax, \$11,000,000 from the counties, and \$12,000,000 from the federal government, making a total of \$45,000,000.

But with the fiscal year of 1933, the drastic cutting began. With the total gas tax receipts at \$29,000,000, one-fourth was diverted to service county road bonds, in addition to the one-fourth going to the schools, leaving the highway department but \$14,500,000, less the costs of collection.

No county aid of any kind was received, but extraordinary sums came from the federal government, amounting to \$16,000,000, making a total of something over \$30,000,000.

In the fiscal year 1934, with tax revenue up, due to the elimination of bootleggers, to a total of \$32,000,000, the highway department again received half, or \$16,000,000 plus an emergency amount of \$24,000,000 from the federal government, making \$40,000,000.

For the future, however, we are already put on notice that there will be but \$12,000,000 in federal aid for the fiscal year 1935, and that this, for the next two years, will be cut to \$7,500,000 annually.

Furthermore, the highway department now receives about \$4,000,000 in auto license fees, above those returned to the individual counties, and this revenue is under constant attack, likely to be cut at any time.

A further inroad is threatened also in the plea of smaller towns for rebates from the gas tax, to help pay for the use of their streets by outside cars and trucks.

Obviously the future of the highway revenue is indeed precarious, and any further plans to draw from it are well nigh out of the question.

In addition there is a danger involved which apparently is unknown to some of our legislators, that the federal government will cut off aid to those states which reduce their own expenditures on their highways.

A section of the Hayden-Cartwright federal aid highway act reads: "Federal aid for highway construction shall be extended only to those states that use at least the amount now provided by law for such purposes in each state from state motor vehicle registration fees, licenses, gasoline taxes and other special taxes on motor vehicles, owners and operators, for all kinds of construction, maintenance and improvement of highways and administrative expense in connection therewith."

The law then goes on to provide that any state reducing its own expenditures on highways shall forfeit one-third of the federal allotments which would mean in Texas in the next two years a total of \$5,000,000.

A review of these figures and facts should convince anyone interested in the future welfare of Texas that we should have more rather than less state support for highway construction, and that this need should be cared for, along with any program adopted in connection with other matters.

THREE TEXAS TOWNS NAMED FOR SWEET WATER

Texas has three towns named for their pure sweet water: Agua Dulce, Mobeetie and Sweetwater. Agua Dulce is the Spanish word meaning sweet water, and Mobeetie is an Indian word significant of the same. Mobeetie and Sweetwater both were called "Sweetwater" in early days, and applied for this designation of their post offices about the same time.

Mobeetie was a little behind with its application and so took the original Indian appellation, but the creek on which the town borders still is known as Sweetwater Creek.

On the same day that Texas Independence was declared at Washington

on the Brazos, March 2, 1836, a day that will be commemorated by the Centennial in 1936 by the entire State with celebrations at San Antonio, Houston, Goliad, Brenham, Nacogdoches, Huntsville, Gonzales, Galveston, Dallas and other cities, Agua Dulce was the scene of a tragic incident of the Revolution. Near there Dr. James Grant and a force of about twenty Texans were surprised by the army of General Urrea advancing from Matamorros and all but one were killed.

Dr. Grant together with Col. J. W. Fannin and Col. Francis W. Johnson had headed an ill-advised expedition against Matamorros, authorized by the provisional council, although the move was opposed by Governor Henry Smith and Sam Houston. At the time of his death, Dr. Grant was rounding up horses on the Nueces for the Texans' cavalry, while the main body of the expedition remained at Goliad.

A few days previous, on Feb. 27, a detachment of about fifty, under Johnson, had been surprised by Urrea at San Patricio and all but Johnson and two companions slain.

The failure of these forces to re-join Fannin, according to plan, forecast the tragedy of Goliad, where Fannin and the majority of his men met death.

HOW ABOUT YOUR COLD?

"While the common cold is no respecter of seasons, increased prevalence is decidedly marked in the winter months. Unfortunately, familiarity with this condition has bred contempt for it. This is plainly indicated by the usual rejoinder, 'Oh! I've just got a cold'; the inference, of course, being that while a cold is an annoying matter, after all it is an insignificant affliction. This attitude undoubtedly has been the cause of many needless deaths, to say nothing of prolonged and expensive illness," states Dr. John W. Brown, State Health Department.

"One's resistance to many diseases, including colds, can be raised by increasing one's vitality by observing the fundamental living rules, namely: plenty of fresh air, good wholesome food, neither too much nor too little, sufficient rest, an dthe avoidance of habitual over-indulgence of vitalizing stimulants, including tea, coffee, tobacco and alcohol.

If, however, in spite of ordinary precautions, a cold is contracted, it will pay to consider it seriously. Every cold should be viewed as the possible beginning of a serious illness.

That means promptly seeking a physician's advice and explicitly following his directions. If he orders bed, then bed it should be. Incidentally, complete rest is one of the finest ways to overcome a cold in short order," says Dr. Brown.

Bulldogs Defeat Paducah 12 to 6 In Big Sand Storm Here Friday Afternoon

The Spur Bulldogs again fought their way to victory, this time over the Paducah Dragons, 12 to 6, at Fair Park Friday afternoon. Although the Bulldogs out played them in every department, except passing, the Dragons really gave them something to bark about at times.

Statistics on the game show that Spur was a much better team than Paducah and far outplayed them. Spur kicked off twice, averaging 40 yards, while Paducah kicked off three times and averaged 23 yards. Spur returned two kick offs for 7 yards and Paducah one for 24 yards. Spur punted one time for 68 yards and Paducah five times for an average of 24 yards. Spur returned two punts for 40 yards and Paducah none. Spur passed six times, completing one for 20 yards. Paducah passed ten times, completing five for 77 yards. Spur intercepted one pass. Spur made 273 yards from scrimmage while Paducah made 59 yards. Spur made 13 first downs to five for Paducah. Spur was penalized 75 yards to 15 for Paducah. Spur lost 13 yards to 8 for Paducah. Spur fumbled 3 times and Paducah twice, Spur recovering four of the fumbles.

Spur made their first touchdown in the first quarter when Jim McArthur made a left end run of eight yards for a touchdown. Then in the second quarter Jim made a five yard right end run for another touchdown. Both touchdowns followed marches down the field, the Bulldogs making form three to fifteen yards on each play. Paducah made their touchdown when Clary passed across the goal line to Combust. Clary, captain and tackle for Paducah, was one of these big boys and was one of the best high school players to play here this year. Combust, signal caller for Paducah, was clever and did some good ball carrying, as well as receiving the pass that scored the touchdown. Hindman, Paducah half back was another outstanding player for the visitors.

Starting line up:

Spur	POS.	Paducah
Bostic	LE	Blythe
Perkins	LT	Clary
Bell	LG	Durham
Bingham	C	Wilkins
Hefner	RG	Bone
Foster	RT	Pickett
Jones	RE	Payne
Martin H.	LH	Marcum
Scoggins	RH	Hindman

Substitutions by Spur, E. Martin, Suits, Willhoit, Lewis, Butler, B. Martin, Spivey, McCombs, Gilbert.

Superstitions Among Football Players

FRED MALONE
Superstitions have always played an important part in all forms of athletics. The greater the athlete, the more celebrated his particular superstition becomes.

Looking around, we found some rather interesting ones that were in use in Spur High School.

Coach Wadzeck always carries the ball that is to be used in the game around with him, rubbing it on the left ear of all he meets. He also always wears the same pair of blue rodeo pants.

Jim McArthur, Lanier Gilbert, W. P. Foster, and Buck Willhoit always put the right football shoe on first. Buck goes a little farther than that, he insists it is also necessary to get up on the right side of the bed. Everett Martin agrees with Buck, but also refuses to go to school on Friday morning.

Raymond Butler and Luther Jones say, "Always get up on the left side of the bed; it brings good luck."

Henry Scoggins stands alone in his belief that he will have good luck if he eats a big bowl of spinach before the game.

Harry Martin knows that bad luck would follow him if he took any piece but the middle piece out of a package of chewing gum.

Herman Bostic agrees with Coach Wadzeck in the importance of what you wear on the day of the game. You can always see Herman on football days with the same pair of dirty overalls on. He also refuses to come out of any door but the front door of the school house.

W. A. McCombs says, "Don't ever open a book on Thursday night; it's sure to bring bad luck if you do."

Ivan Perkins wouldn't touch a bite of meat the day before a game.

Charles Suits always puts on his football shoes before he does his football pants.

Francie Bingham puts both of his feet in his pants at the same time. Garland Chapman always gets up and shaves the day of the game.

R. J. Bell wouldn't think of having a date the week before a game.

Kit Carson Hefner agrees with Everett Martin that it brings bad luck to go to school Friday morning.

Sylvan Golding always walks to school the same way. He wouldn't change even if a black cat should cross his path—well, maybe!

A FEW FACTS ABOUT THE FRESHMEN

BILL GRUBEN, President
This year's class of Freshmen had fond hopes of refuting that time honored tradition about the dumbness of the fish.

The general opinion, however, is that we are neither better nor worse than the average freshman class; though the sophomores claim that we are much dumber than last year's freshmen.

The teachers seem stricter on the freshmen than they are on the other students. Perhaps they realize their mistake in allowing the other students to be so slack, it being too late to change it in the other students. They are starting out by trying to make a better behaved class out of this new herd.

The other classes seem to us to waste valuable time in useless class meetings. The freshmen have had two class meetings since school started. In one of them, we organized and in the other one did absolutely nothing, which is probably what happens in all class meetings, if these uppity undergraduates would only admit it. We freshmen had rather spend our time in some other, if as useless, at least more interesting way; but of course, we wouldn't understand, everybody knows that freshmen are dumb.

Miss McNeill: Which student was so rude as to laugh out loud?
Minyard Ensey: I laughed up my sleeve, but there's a hole in the elbow.

IN A NUTSHELL

Would you wish to live in a nation without schools? Would you expect such a nation to be secure and happy? Do you think we have paid too great a price for our schools?

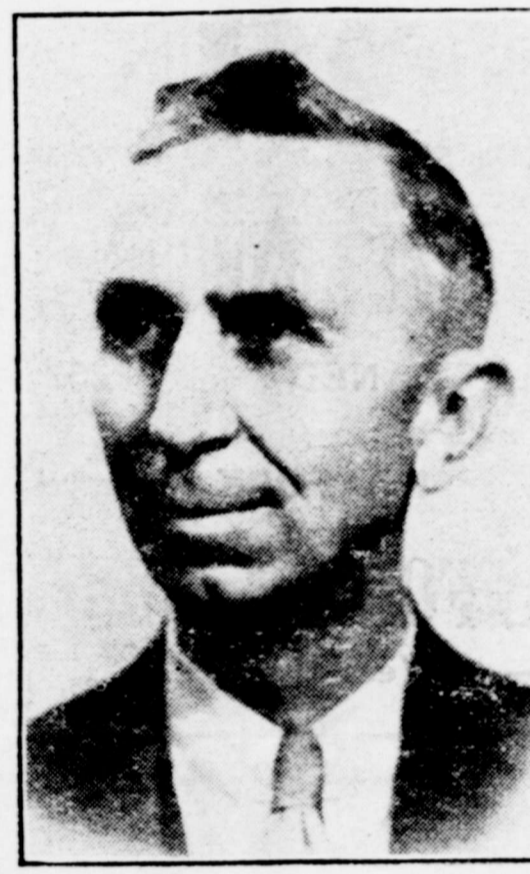

The free common school is America's way of expressing its faith in its own future. The phrase "common school" once meant the elementary school. Today it includes the high school and even the college.

Nearly 2,000 rural schools in 24 states failed to open last autumn because of lack of funds. In many communities free public schools became, of necessity, tuition schools, admitting only children whose parents could pay the rate asked.

In every home and family; in every church and sanctuary; in every school and college; and in the heart of every citizen there is one question today which should receive serious and constant consideration: What kind of a country do we desire America to become in the years ahead?

The future of America and the future of the common schools are one and inseparable. The purpose, the faith, and the skill which we build into the lives of youth today will tomorrow glorify the Republic. Let us look well to our schools.

The modern public education and modern health movement has developed further in the U. S. than in any other country. It is "based on the democratic education of a free and intelligent people." It makes little headway among an ignorant people.

WALTER B. LEE

There have been few people in our community who have had greater interest in our schools and in the education of the boys and girls of our community than that manifested by W. B. Lee, President of the Spur Security Bank. He has offered every inducement toward education that he could both as a banker and as a citizen.

He spent his boyhood days on a farm, and there acquired some practical information which has enabled him to be of great help to the farmers during his career as a banker. One time he stated that his first job was that of chopping cotton and he received 75 cents per day for his work. He stated he believed the greatest thrill he ever experienced was during that time when he received his pay of \$4.50 on Saturday night for the week's work. He knew he was making money.

When a young man he completed a commercial course in order to prepare himself for business life. Then he was made head of the Penmanship Department of Hill's Business College at Waco, serving in that position for two years. In addition to penmanship he taught banking and mathematics in the college, resigning the position to accept a position of assistant cashier of the First National Bank of Knox City. He began his work in the bank in June 1906. However, he was not to remain in this position long because his efficiency called him to greater fields.

In September 1906 he was asked to go to Rochester and opened a new private bank. The institution later was named the First State Bank and Mr. Lee served as cashier and then vice president. He stated that he got some real banking experience there as he did all the work in the bank for nearly two years.

The Spur National Bank needed a man to take charge in 1920. The Board of Directors offered the position of active vice president to Mr. Lee and he entered upon his duties in June of that year. He proved his ability and became President of the bank July 30, 1930.

During his management Mr. Lee induced the bank to assist the farmers of the country in buying registered stock for their farms. The result was the organization of the bull circles in the county in which were included 23 fine registered sires. Four farmers purchased a sire and used him for two years and then would exchange with another circle for the next two years. The bank financed the farmers in the purchase of these fine sires.

The next move was to assist the farmers in securing some fine registered Jersey heifers. A great number were purchased from the

JUNIOR HIGH NEWS

REV. BROWN TALKS TO JUNIOR HIGH PUPILS

Tuesday, October 30, Rev. Brown, Pastor of the First Christian Church, made a most interesting talk to the pupils of Junior High at the chapel period.

The talk was about who he thought to be the meanest man in the world, The Traitor.

In this talk he mentioned several facts about starting out little by little and becoming a traitor like some of our outlaws.

We enjoyed the talk and sincerely invite him to come back.

NEWS OF 7A DOROTHY DON FLYNN

Our class has enjoyed having Mr. Hall as our arithmetic class several times this week, and we hope he will come back soon.

Our class has had debates the last part of this week in history. The subject was resolved, "That the north suffered more because of lack of supplies than the south from the Civil War." The judges decided in favor of the affirmative. Our last debate was resolved: That the north suffered more during the Civil War than during the reconstruction period. The negative won.

Our Civics class had a test Friday on political parties and the making of laws. The grades were fairly good as usual.

LINDBERGH CIRCLE

The Lindbergh Circle of the Knighthood of Youth Club, met Friday, Nov. 2, 1934. The president presided. There were no reports from the committees. The president then turned the program over to the program chairman.

For the roll call, every member of the club said, "The Arrow and the Song", written by Henry Wadsworth Longfellow. J. C. Bingham read and explained, "The Village Blacksmith", written by Longfellow. Billy Joe Appleger read "The Wreck of the Hesperus", which was also written by Longfellow. —Reporter.

6-2B ENGLISH CLUB

The Better English Club of room 6-2B met Friday, October 2, 1934. Raymond Ince, our president, called the room to order. Joyce Collier was ill and could not read the minutes. Bonnie Campbell read them in Joyce's place. Then Fike Godfrey took charge. We had our program. It was very good. The numbers on program were: Continuation of Hawthorne's works. A round table discussion "Little Daffydowndilly," by Hawthorne; "Little Annie's Ramble" told by Charles Christensen; "The Threefold Destiny" told by Fike Godfrey. —Reporter.

PICTURE MEMORY

STARTED IN JUNIOR HIGH

The Picture Memory Interscholastic League contest has been begun in our school.

The contest is a fifth grade contest and at present that class has studied six pictures. Each child in the contest should know these things about each picture:

1. The name of the picture.
 2. The artist.
 3. His nationality.
 4. When it is: Painting, Statuary, Architectural.
 5. Whether it is a: Portrait, Landscape, Seascape, Animal, Genre (everyday life).
 6. Whether it is: Realistic (actual), Impressionistic (effect of light and color), Decorative.
- There are about fifty different studies of the world's best pictures. There are three unfamiliar pictures sent out at the time of the contest in the spring, and the contestants must be able to recognize the above points about them. Especially know their "Central Theme."

Julian Boothe: I've added those figures ten times, sir.
Mr. Neilson: Good boy!
Julian: And here are the ten different answers.

The Floydada "Whirlwinds" furnish the next opposition for the Spur Bulldogs at Floydada, Friday, November 16. A large delegation of fans and students are planning now to accompany the local team to Floydada for the crucial game of the season. Floydada lost to Matador 7 to 6 last Friday at Matador, leaving Matador and Spur still in a tie for the lead in the south half of District 4. A loss by Spur to Floydada will put the locals out of the running for the district title, unless an upset should occur and Paducah beat Matador. Spur by defeating, not tying, Floydada, will play Matador for the south half championship.

The Whirlwind has been scouted and the scouts report that they have plenty of stuff and will be as hard to beat as Matador. Floydada has one of the fastest and best all around back field men in the district. They have a powerful line and have hopes of upsetting Spur.

The two teams have been opponents in a number of games, although not having played each other the last two or three years. Keen rivalry has always existed which hasn't died down.

The Spur team is going through some hard practice sessions this week. Coach Wadzeck is determined that the Bulldog shall win if it is at all possible. A defense effective against Floydada is being worked on along with some new offensive plays. The Spur passing game, which has been a woeful failure the last two games, is receiving a lot of attention with putting coming in for its share.

Make your plans now to see the Bulldog take the Whirlwind into camp with a decisive victory.

INTERSCHOLASTIC LEAGUE DEBATE

JAMES COWAN

The Interscholastic League Debate teams have been organized in the Spur High School and although they have not received their literature and material for the debate at present, are turning the question over in their minds and studying it pro and con. The debate teams are Kelley Marsh and James Cowan for the boys, and Tennie Glascock and Bertha Cahillie for the girls.

The question for debate this year is, Resolved: That the United States Should Have Complete Control Of All Public Utilities. We have a phase of this question to come directly home to us in the case of the Spur Municipal Light and Power Plant and the West Texas Utilities Company, represents the two opposite sides in this particular question. We know that we should be able to get plenty of added material from either side.

By starting early in this debate we hope to win in the county and go up in the district. The new Patton Springs school is threatening in regard to winning the county meet and it will be necessary for Spur High School to start upon all different branches in their meet in order to win.

CHAPEL PROGRAM

JAMES COWAN

Enthusiasm has been growing by leaps and bounds since the Matador game. Although Spur Bulldogs were not given the game as agreed upon, they are determined to capture it the next time. The yelling at chapel Friday was the loudest ever to be heard in Spur for many a day. As Thursday, Nov. 1, was the Silver Anniversary of Spur, Mrs. P. H. Miller was invited to address the student body. She based her talk on the educational progress made in the Spur schools. She told us the early history and the manner and places in which the students were taught. The majority of the student body was unaware of this. She added some very fine advice to the boys and girls in conclusion of her talk. All this constituted one of the most delightful chapel programs of the year.

HALLOWEEN CELEBRATIONS

The Seniors and Juniors of Spur High School celebrated Halloween with a big hay ride. Two wagons were secured, and, although there was no hay, the ride was enjoyed by all who attended. Sandwiches and soda pop were served when the creek was reached.

After the hay ride the Seniors, Juniors, and all school children celebrated as they saw fit, many attending the midnight show.

NEW LABORATORY EQUIPMENT ARRIVES

BILL STARCHER

The new laboratory equipment arrived last week. With the equipment we had and the new equipment we now have a very nice laboratory sufficient to carry on the physics and general science classes. It was hard going for awhile and we were behind in experiments but Mr. Murley had instructed us so that the experimental work will be up with the text book work in a few days. Mr. Murley is an experienced teacher of physics and is making it an interesting course.

Our Customer Obligation

.. is to always supply a constant and dependable source of Electric Power in advance of immediate needs.

To do this, we have invested much capital in facilities and always kept a highly trained personnel to efficiently operate the properties. We have helped our customers obtain appliances of the highest quality in order that they may enjoy the greatest benefit from their electric service.

We have made rate reductions amounting to more than sixty per cent during recent years. We are supplying much more service to the average customer than in former times, and with the average customer bill much below that of former years.

We are doing away with the room count rate in the 160 towns we serve in keeping with our policy of low electric rates. We urge our customers to take advantage of these low incentive rates for a greater use and enjoyment of service.

Electric service is cheap! It is one of the most valuable commodities of the household, yet takes only one per cent of the workman's total household expenditures. You should use much more of it!
